

Storm's high winds mangle Tony's Seed & Feed's elevators, buildings

Janie Hartman photo

High velocity winds from a thunderstorm hit Muenster around 12:30 a.m. on Oct. 13, damaging buildings, elevators and grain storage tanks. Places most affected were on the south end of Muenster and south of Hwy. 82. Many quickly volunteered time and equipment on Monday to get things cleaned up. See more photos of the storm damages on page 6.

Broyles named KC Good Neighbor

Janet Felderhoff
News Editor

In observance of Columbus Day, the Muenster Knights of Columbus select a Good Neighbor recipient and host their Awards Breakfast. Steve Broyles was announced as the 2014 Good Neighbor Award recipient after the 8 a.m. Mass on Sunday, Oct. 12. Grand Knight Kenneth Braziel announced the recipient and invited everyone to attend the Awards Breakfast at the KC Hall.

The KCs honor someone of another faith in the ecumenical spirit of encouraging greater harmony among creeds. The award is presented to someone whose pursuit of excellence is exemplified by his or her love of God and love of his or her fellow men, whose generous contributions and extensive services to the community are performed in a gentle, quiet manner, shunning all publicity.

During the program at the KC Hall, Grand Knight Braziel welcomed guests. Fr. Ken Robinson gave the invocation and Lecturer Bill Bayer led the Pledge of Allegiance.

Bob Bauer introduced Broyles. Born in Ohio, Broyles graduated from South Hadley High in Massachusetts. He earned a Bachelor of Arts degree in Music from Ohio State University. Steve then embarked on a career as an Education Training Officer in the United States Air Force. He served in Michigan, Illinois, Texas, South Carolina, Alabama, Washington D.C., and in the countries of Germany, Italy, Korea, and Taiwan. While in the Air Force, Stephen earned a Masters of Arts degree in Human Relations and International Relations from Webster College and earned his Doctorate of Public Administration degree from the University of North Carolina. Oktoberfest is coming to Muenster Oct. 18 and 19

Muenster Oktoberfest will bring out the German in everyone as visitors celebrate this traditional Oktoberfest with live polka, country, rock, and nostalgic bands on stage all weekend long with Alpine Village, The Royal Kolbasneck's, Brave Combo, The Mullet Boyz, and more. Over 50 arts and crafts vendors will be set up inside for browsing and shopping. There will be plenty of fun for the kids in the children's area with games, rides, and activities.

You can expect to find the very best German food at this Oktoberfest with Muenster restaurants, meat markets, and bakeries serving up mouthwatering delights - and of course great German beer. There will be a VW Classic Car Show taking place and many other fun contests and prize giveaways.

There will also be Wiener Dog Races on Sunday at 2 p.m. Traditional German dancers will be on hand to perform exhibition dances and entertainment. Admission is \$5. Children 12 and under are free. Doors open at 10 a.m. with the official tapping of the Oktoberfest Keg on Saturday at noon. German attire is welcome, but no matter how you dress, be ready to have a great time.

For more information, go to www.muensteroktoberfest.com or contact the Muenster Chamber of Commerce at 940-759-2227.

Schools to hold online safety program

Muenster ISD and Sacred Heart Catholic Schools to host guest speaker for students and community concerning "Online Issues in Today's Online World" with Weldon W. Flaoyd, Regional Information Technology Specialist III, Texas A&M AgriLife Information Technology.

As more youth venture into the world of social networking, they become bolder with their online activities and participation. This bold participation and related online activity makes our youth targets for the child/sexual predator. Basic steps can be taken to protect you, your family, and the youth you are associated with, in the fight against child predation via social media and other technology used by the child predation industry.

Youth and parents will be presented the steps for On-Line Safety and Social Networking Safety. The current laws concerning possible state and federal felony charges associated with sexting will be explained in detail along with an update to the statutory laws in Texas. We, as parents and adults, must take responsibility for our youth and protect them from the dangers ever present via today's technology.

Presentations will be Tuesday, Oct. 21. Students from both high schools (grades 9-12) will attend a presentation at the Sacred Heart Community Center beginning at 8:15 a.m. The junior high program (grades 7-8) will also be at the Sacred Heart Community Center beginning about 9:45 a.m.

All parents of these youth and other interested community members are invited to the parent program that evening at the MISD Cafeteria beginning at 6 p.m.

If you are the parent of an area homeschool student and would like to participate, contact Kristi Schneider at 940.759.2281 x602, kschneider@muensterisd.net, or Beth Bartush at 940.759.2511 x28, bbartush@shmuenster.com.

County adds jurors, election staff to Workers Comp

Janet Felderhoff
News Editor

Cooke County will be further protected from law suits with the addition of Workers' Compensation coverage for election workers and jurors. The cost to add that coverage is about \$300 a year.

Precinct #3 Commissioner Al Smith said he was made aware of this by some other county officials. "It would cover election workers and jurors in case of falls in the courthouse or falls wherever they're working or other kinds of things that might happen to them while performing the duty of election officer or juror and would protect the County from a lawsuit from any of them. It would be a response from the Workers' Comp group."

Smith added that in watching the election workers tote the voting machines around,

KMB trash pick up announced

Keep Muenster Beautiful will hold the annual Fall community trash pick up on Saturday, Oct. 25. Volunteers are needed and asked to meet at the KMB Haus in the City Park at 9 a.m. to get their vests and assignments.

he felt that the extra coverage was a good idea. County Judge John Roane agreed. He said they were talking about thousands of people for which the extra \$300 would provide coverage.

The Court voted 4-1 to add the extra coverage. Commissioner Gary Hollowell voted against it.

EMS Director Kevin Grant recommended awarding the bid for billing vendor for EMS to Emergicon of Dallas. There were five bids submitted. Grant spoke with an expert on the subject who told him that there are so many nuances with Texas billing that she recommended staying with a Texas company.

Emergicon received very high recommendations from their customers when Grant did the background checks. They said with Emergicon, the collections increased.

The Court approved Emergicon as the new billing vendor.

The week of Oct. 12-18 was declared Texas Extension Education Week in Cooke County. Commissioners Court approved a proclamation that read in part, "The Texas Extension Education Association of Cooke County believes strong families are basic to the well-being of Texas. They have education programs that address critical needs impacting Texas

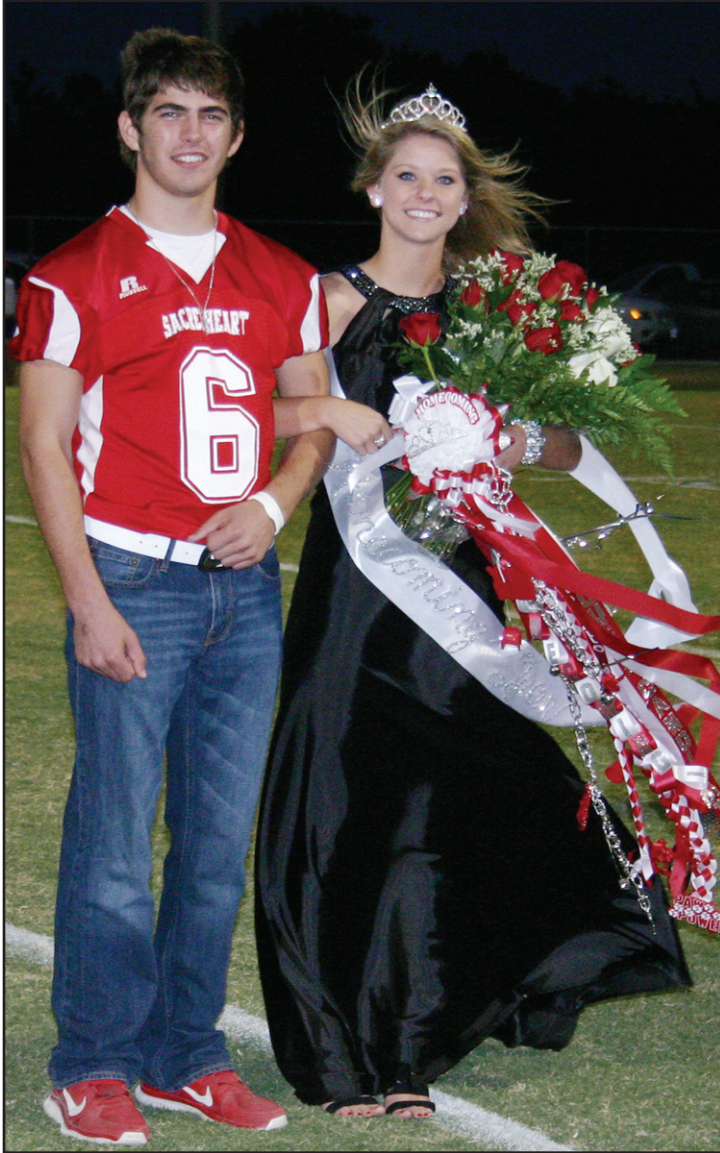

families and communities, and see education as a life-long learning process. They believe volunteers and opportunities for volunteer development are important; and they develop leadership that offers opportunities for personal growth and development."

Commissioners also declared the week of Oct. 12-18 as the Order of the Eastern Star Week. The proclamation said in part, "The Order of the Eastern Star is the largest worldwide fraternal organization for both men and women dedicated to self-improvement and the betterment of mankind through acts of kindness and charity; and teaches Bible based principals of fidelity, constancy, loyalty, faith, and love. The members of The Order of the Eastern Star strive to live the principals of the virtues of the five heroines of the Order within their communities; and it's 27,108 members are united in a common purpose of the betterment of mankind through the raising of millions of dollars annually within its membership to support local and national charities."

In discussing future agenda items, Commissioner Leon Klement noted that the EMS station near Muenster was without power due

to electricity being out from Sunday night's wind storm. He felt that should be addressed in a future meeting.

In other business conducted at the Oct. 13 meeting, Commissioners Court:

- Approved setting the time, date, and location of Commissioners Court meetings for FY 2015 for 10 a.m. on the second and fourth Mondays each month in the Commissioners' Courtroom, Cooke County Courthouse, First Floor.
- Heard a report by the County Treasurer for September of cash on hand, money market accounts, and short-term investments are \$26,200,491.74.
- Approved a resolution supporting funding for the Tri-County Senior Nutrition Project doing business as Meals On Wheels of Texas.
- Approved a resolution for the 2015 Indigent Defense Grant Program.
- Approved paying half the cost of the \$20 flu shot for employees receiving the vaccination at the on-site clinic. HR Director Elizabeth Huchton said that the on-site clinic is scheduled for Oct. 17 at the Courthouse and the Sheriff's Office.
- Denied the 2015 Workers' Compensation Alliance Election. The County could make its employees go to doctors in that network if the County chose to join. There are no close doctors in that network.

Welfare Board.

- Sheriff's Office bonds for J. Beck, and B. Williams.
- Contract with Targa Intra-state Pipeline, LLC for the installation of a gas pipeline on CR 362.
- Indigent cremation of Ronald C Meek, Jr.
- Agreement between Cooke County EMS and Southern Oklahoma Technology Center for student clinical experience.
- Accepting CoServ Charitable Foundation Grant to the Sheriff's Office in the amount of \$11,612 for purchase of bullet proof vests.
- Accepting an insurance settlement on a Sheriff's Office 2013 Chevrolet Tahoe that was damaged in the amount of \$2,935.
- Contract with Woodbine Water Supply for the installation of a waterline on CR 2115 and on CR 217.
- Contract with Mountain Springs Water Supply for the installation of a waterline on CR 265 and CR 232.
- Salvage of non-working time/date stamp machine, 9 non-working digital cameras, 2 non-working digital tape recorders, 5 non-working radio chargers, 1 non-working hand held radio, and non-working shredder from the Sheriff's Office.
- Donation in the amount of \$20.95 to the Cooke County Library from anonymous donors.

State still offers Election Identification Certificates

The Texas Department of Public Safety (DPS) is resuming the issuance of Election Identification Certificates (EIC) after the U.S. Court of Appeals for the Fifth Circuit ruled unanimously on Oct. 14 that the state's voter ID law will remain in effect for the November 2014 election. The 2014 general election in Texas is Nov. 4, with early voting from Oct. 20-31.

Texans can obtain an EIC at:

Any of the more than 220 Texas driver license offices during regular business hours throughout the year; Select driver license offices on Saturdays from 10 a.m. - 2 p.m. (EIC transactions only); EIC mobile station locations (EIC transactions only); locations can be found at <http://votetexas.gov/election-identification-certification-mobile-stations> as the information is updated; Alternate approved locations issuing only EICs in select counties, which can be found at <http://www.dps.texas.gov/DriverLicense/documents/EICCountryrun.pdf>.

Most residents already have an acceptable form of photo identification needed for voting and will not need or qualify for an EIC. If an applicant already has any of the following documents, they are not eligible to receive an EIC:

- Texas driver license - unexpired or expired no longer than 60 days at the time of voting;
- Texas personal identification card - unexpired or expired no longer than 60 days at the time of voting;
- U.S. passport book or card - unexpired or expired no longer than 60 days at the time of voting;
- Texas concealed handgun license - unexpired or expired no longer than 60 days at the time of voting;
- U.S. Military identification with photo - unexpired or expired no longer than 60 days at the time of voting;
- U.S. Citizenship Certificate or Certificate of Naturalization with photo.

To apply for an EIC, applicants must visit one of the locations listed above and complete an application for a Texas Election Identification Certificate (DL-14C). (For the Spanish language version of the EIC application, see <http://www.dps.texas.gov/internetforms/forms/DL-14CS.pdf>).

To qualify for an EIC, an applicant must:

- Bring documentation to verify U.S. citizenship and identity;
- Be eligible to vote in Texas (Bring a valid voter registration card or submit a voter

See VOTE, pg. 3

Steve and his wife Kay moved to Muenster in May of 1995. He served as City manager from 1995 to 2000. Bauer stated, "While serving as City Manager, Stephen accomplished many things for the city and residents of Muenster. Stephen automated City Hall including the water and sewer system. He was instrumental in writing and applying for the grant for the water tower that is now in use on the North end of Muenster, he was huge help with the Muenster Water District Board in finalizing the lake and establishing a five-year plan to replace water and sewer lines and update city ordinances. Outside of his professional responsibilities, Dr. Broyles was involved in many aspects of the community. He has been a Board member of Keep Muenster Beautiful (KMB) for 18 years. He has successfully written four Governor's Community Achievement Award applications for KMB, and submitted semi-annual reports to Keep Texas Beautiful, and Keep America Beautiful so Muenster would stay in good standing with those organizations. Stephen is a former member of the Muenster Kiwanis and was president of the Muenster chapter for two years."

Broyles became Dean of Administrative Services at North Central Texas College (NCTC) in May 2000. His job included being responsible for Human Resources, technology, facilities construction and renovation, accreditation reaffirmation compliance, and conducting elections.

Broyles, a member of the Whaley United Methodist Church in Gainesville, serves on the finance committee, sings in the choir, leads an adult Sunday school class, and is a former trustee and chairperson of the Board of Trustees. Broyles became the Red Cross shelter manager at Whaley in 2007. During the 2009 flood, he managed the shelter's daily operations for the three weeks it was open.

Bauer said, "Stephen and his wife Kay have been married for 46 years and have two grown children, Porter and Leora, who blessed Steven and Kay with six grandchildren."

"Stephen is an Eagle Scout, enjoys reading, traveling, hiking, camping, boating, board games, swimming, horseshoes, and fellows get this! He enjoys doing the Honey-do-list around the house!"

Brazier then presented the award to Broyles.

Financial Secretary John D. Bartush recognized KC members for their years of service in five year increments. Those recognized were:

75 Years: Urban Endres.
55 Years: Francis "Butch" Fisher, Edward Pick, Maurus Rohmer, James Walter-scheid.
40 Years: Jim Endres.
35 Years: Chuck Bartush, David Felderhoff, Jerome Fleitman, Alfred Hermes, Duane Knabe, Roy Reiter, William Wimmer.
20 Years: Robert Bauer, Norbert Bednorz, Joseph Fenton, Robert Hermes, Doyle Klement.
15 Years: Danny Cochran, Michael Flusche, Patrick Miller, Chris Stoffels.
10 Years: John Becker, John Bezner, Doug Hennigan, Jon LeBrasseur.
5 Years: Brandan Bindel, Ronnie Felderhoff, Nicholas Flusche, Jeffery Krebs, John Shiffer, and Daniel Waneck.

Trustee Craig Stoffels presented flowers to the widows of deceased members.

Officers for 2014-15 are: Chaplain Fr. Ken Robinson, District Deputy John Shiffer, Grand Knight Kenneth Brazziel, Deputy Grand Knight Chris Fuhrmann, Chancellor Mike Marshall, Recorder James Hennigan, Financial Secretary John D. Bartush, Treasurer Timothy Schneider, Lecturer Bill Bayer, Advocate Ronnie Felderhoff, Warden Curtis "Oogie" Pagel, Inside Guard Jason Brogdon, Outside Guard Michael Flusche, Trustee (For one year) Ben Bindel, Trustee (for two years) Craig Stoffels, and Trustee (For three years) Danny Zwinggi.

Julie Hacker
1968 - 2014

Mass of Christian Burial for Julie Anna Hacker, age 45 for Muenster, was held at 10 a.m., Saturday, Oct. 11 at Sacred Heart Catholic Church with Fr. Ken Robinson officiating. Burial was in Sacred Heart Cemetery under the direction of Scott Funeral Home of Muenster. Rosary/Vigil was held at 6 p.m., Friday, Oct. 10 at the funeral home.

Our Heavenly Father called Julie suddenly to her Eternal Home, Tuesday, Oct. 7, 2014. She was born Dec. 21, 1968 and was a 1987 graduate of Muenster High School. She earned a Drafting degree from North Central Texas College in 1989.

She lived with her husband Jean in her childhood home north of Muenster. She was the caregiver for her mother Florence until her death in 2010, and she was employed by Peterbilt Motors of Denton for over 15 1/2 years.

Julie loved her family greatly. She held many gatherings in her home, where hours were spent telling old stories and looking at family pictures. She enjoyed being outdoors, riding the countryside looking for deer, sitting in the boat waiting for the fish to bite, going camping at the lake, or taking long walks. She was an avid sports fan, and rooting for the Rangers and the Cowboys.

Julie was greatly loved and will be dearly missed. Survivors are her husband Jean Holder of Muenster; brothers Kevin and wife Glenda Hacker of Ponder, Patrick and wife Kathy Hacker of Gainesville, and Allin and wife Karen Hacker of Gainesville; daughter Jessica and husband Cody Rico of Muenster; son Christopher Holder of Mississippi; grandson Kyler Rico of Muenster; and numerous nieces and nephews.

She was preceded in death

by her parents Paul William and Florence Heddy Van Zandt Hacker and her nephew Kasey Hacker.

During the funeral Mass, the First and Second Readings were given by Sherry Hacker. Prayers of the Faithful were read by Angie Tempel. Carrying the Offertory Gifts to the altar were Sherry Hacker and Joyce Hacker. Eucharistic ministers were Angie Tempel, Rhonda Pangel, Dolores Hofbauer, Kristi Schneider, and Megan Bayer. Altar servers were Chuck Bartush and Willie Fisher.

Music ministers were Doug Yosten, Christi Klement, Diane Grewing, and Linda Flusche. Songs included "Be Not Afraid," "To You, O Lord, I Lift My Soul," "Amazing Grace," "On Eagle's Wings," "Only In God," "Edelweiss Blessing," and "How Great Thou Art."

The eulogy was given by Robin Tuggle and Pinky Hamilton. They spoke of how Julie's love and generosity was shown over and over again by the way she helped others unselfishly. She had a heart of gold. For her parents and brothers, she was the icing on the cake. Julie

Julie Hacker

brought happiness and life wherever she went and was an excellent encourager to those around her. They compared her full and loving life to a candle shining brightly for those who knew her. She was sunshine on a rainy day.

Pallbearers were William Hacker, Daniel Hacker, Charles Hacker, Curtis Hacker, Gary Hacker, Jimmy Hacker, James Hacker, and Jeff Temple. Honorary pallbearer was Randy Lee Van Zandt.

In lieu of donations, the family requests donations be made in her memory to The Make a Wish Foundation.

Frankie Laster
1930 - 2014

Funeral for Frankie Laster, age 84 of Gainesville, was held Thursday, Oct. 16 at 2 p.m. at the Geo. J. Carroll and Son Funeral Home Chapel with Bill Jones and Robert Kelley officiating. Burial followed in Fairview Cemetery. There was no visitation.

Frankie died Oct. 13, 2014 in Gainesville.

Born Sept. 26, 1930 in Conroe to J.R. and Lucy Cain West, Frankie married A.L. Laster, Jr. on Jan. 10, 1951 and was a lifelong member

of the Church of Christ and was a current member of the Son Rise Church. Frankie retired from Gainesville I.S.D. after years of teaching and educating young people and her influence is still felt among her former students today. She was a longtime member of the P.E.O. Chapter A. Her hobbies included traveling, reading, and most of all showing how much she loved her family by her cooking and baking.

Survivors are her children Mark Laster and his wife

registration application through the Texas Department of Public Safety);

Be a Texas resident; Be 17 years and 10 months or older.

To avoid delays or complications, DPS urges potential applicants to make sure they have the necessary documentation before arriving at the office, mobile station, or alternate approved location.

The EIC receipt an individual receives will include their photo and can be used for voting until the permanent card is delivered by mail.

The EIC is free of charge to qualifying applicants and is valid for six years. There is no expiration date for an EIC for citizens 70 years of age or older. The EIC can only be used for the purpose of voting in an election and may not be used as personal identification.

For more information on the requirements, exemptions, and process for obtaining an EIC, please visit: <http://www.txdps.state.tx.us/DriverLicense/electionID.htm>.

For more information on voting in Texas, visit the Secretary of State's website: www.votetexas.gov.

Margie, Greg Laster and his wife Laurette, William Laster Sr., and Leah Jefferies and her husband David; 10 grandchildren and 14 great-grandchildren; sister-in-law Martha Laster; and one nephew.

She was preceded in death by her husband A.L. Laster Jr., son John Charles Laster, brother Charles West, and brother-in-law Gene Laster.

Memorial contributions may be made to Cooke County Home Hospice.

NCTC Surgical Technology Program receives national award

North Central Texas College has received the annual merit award from the National Board of Surgical Technology and Surgical Assisting (NBSTSA) for achieving at least a 90% pass rate on the Certified Surgical Technologist (CST) examination for the cycle of Aug. 1, 2013 through July 31, 2014.

Graduates obtaining national certifications as a CST demonstrate by examination their understanding of the

basic competencies for safe patient care in the operating room. The CST is widely recognized in the health-care community as the foremost credential for surgical technologists in the nation. The CST is required for employment within many local, state, and national health-care organizations.

"We are so excited and proud of this spectacular performance of this class," NCTC Surgical Technology Program Coordinator Judie Rodgers said.

"We have high expectations for our students and they are meeting and exceeding them," NCTC Surgical Technology Program Instructor Janis Smith added.

For more information about NCTC's Surgical Technology program, email Rodgers at judgers@nctc.edu or visit their webpage at www.nctc.edu/NCTCPrograms/SurgicalTechnology.

Cooke County Electric Charitable Foundation Assists Community

The Cooke County Electric Charitable Foundation is pleased to announce its initial distribution of funds. A \$10,000 donation was made to Montague County Carpenter Shop, along with \$4639.81 to CASA of North Texas and \$2000 to the Bettie M. Luke Muenster Public Library

These organizations meet the criteria and exemplify the mission statement of CCECF to accumulate and disburse funds to individuals and organizations for public safety, health, self-sufficiency, basic human needs and the cultural environment, CCECF is honored to have the opportunity to assist in the funding of these programs.

CCECF was formed as a catalyst to distribute funds generated from the Cooke County Electric Cooperative Association Operation Round Up program. The collected "rounded up" pennies from member-owners' monthly bills are used to assist members in the CCECA service area.

CCECF is a nonprofit organization. An independent board of directors made up of your community leaders governs CCECF and oversees the distribution of funds. The board members offer their time and resources free of charge.

For more information about the co-op and charitable foundation, visit ccea.com. Go to noconacarpentershop.com, casant.org and muensterlibrary.com for details on the organizations receiving grants.

Nocona, Texas, and provides services and activities for community seniors.

The program began when a group of Nocona residents saw a need to feed the elderly and disabled who were unable to do so for themselves.

The monies donated by the Cooke County Electric Charitable Foundation (CCECF), along with donations from the Priddy Foundation and Ben E. Ketih to the carpenter shop and through various fundraisers, will be used for a complete renovation of the outdated kitchen area.

This will bring the kitchen into compliance with current healthcare standards, as well as increase the efficiency in the preparation for the Meals on Wheels program.

The design and planning of this project is being conducted by students of The University of Texas at Arlington School of Architecture as part of a real life learning program. The contraction of this kitchen remodel is set to begin the week after Christmas.

BETTIE M. LUKE MUENSTER PUBLIC LIBRARY

provides free access to information in a peaceful environment of lifelong learning. Located in Muenster, Texas, the mission of the Muenster Public Library is to provide access to informational, educational and recreational library services to everyone living in or visiting the Muenster community. The CCECF Operation Round Up donation of funds will be used for the project entitled "Library Collection Enhancement." This project will increase and enhance our library collection in the areas of CD Audio books, adult nonfiction computer and technology related books, children's easy picture and chapter books and junior and young adult books.

CASA OF NORTH TEXAS operates the only court advocacy program serving abused and neglected children in foster care in Cooke County. As evidenced by the many cases in the media of lost and underserved children in the child welfare system, CASA meets a desperate need for the care of children in State Protective Custody. CASA provides training of Volunteer Advocates who look out for the best interest of these most vulnerable children. CASA volunteers focus on investigation and monitoring of each child's situation while in protective custody and report the child's status and needs to the District Judge throughout their case. The generous donation to CASA from the CCECF will be used to fund the training of additional volunteers, which will assure that children will have a CASA volunteer assigned to their case from the first day they enter foster care.

MONTAGUE COUNTY CARPENTER SHOP, also known as the Nocona Senior Center, is a forty year old organization that administers the Meals on Wheels Program in

Mr. and Mrs. Eland Green
... 'nee Brooke Grewing ...

Grewing, Green joined in marriage

A double ring ceremony joined Eland Green and Brooke Grewing in the sacrament of marriage at 4 p.m. on May 17, 2014. The couple was united as one on the Trammell Family farm by the pond in the pasture. The farm is owned by the bride's grandparents Donnie and Joyce Trammell. Flower girl Lorelei Nottingham, sister of the groom, tossed ivory rose petals to ordain the aisle leading the bride to the groom. The bride and groom stood before an arch designed and built by Her-

bert Knabe, grandfather of the groom. The arch was decorated with ivory calla lilies and lime green and ivory hydrangea and grape vine. Officiant for the ceremony was Danny Shaver. Bill Grewing, father of the bride, escorted Brooke down the aisle to the music of the piano version of "A Thousand Years." The bride was given in marriage by her parents Bill and Katrina Grewing. Eland is the son of Dawn Knabe and Marvin Green. The couple resides in Muenster.

If a man walks in the woods for love of them half of each day, he is in danger of being regarded as a loafer; but if he spends his whole day as a spectator, shearing off those woods and making the earth bald before her time, he is esteemed an industrious and enterprising citizen.

- Henry David Thoreau

Ryenne Reiter begins own jewelry business

Cathy Krahl
Staff Writer

Ryenne Reiter may only be in the 5th grade, but she is already seriously thinking of college.

"I know I want to go, but I just don't know what to major in," Ryenne said.

To help her save money for college, Ryenne first thought of having her own business when she was nine years old. At the end of the 4th grade, she convinced her uncle Dave Reiter to help her build a website to sell her creations of costume jewelry and other craft projects. Dave works with computers everyday, so he was just the guy to help.

"For a 10-year-old girl, she was really motivated," Dave said. "She is very goal oriented and she wanted to start her own business."

So in the summer of 2014, Ryenne's business, Designs by Ryenne, came into being. Her website is www.DesignsByRyenne.com.

Ryenne makes bracelets, earrings, necklaces, dream catchers, key chains, personalized jewelry, and "puppy paw" bracelets. All are crafted from rubber bands.

How did she get her start in creating jewelry?

For her birthday present last year, she received a craft kit complete with loom, special hook, and rubber bands. Her first attempt was a red, white, and blue bracelet. She has since untied it to make a more complicated bracelet.

"My parents know I love to do crafts," Ryenne said. It turned out to be the perfect gift.

Most of the jewelry Ryenne makes is in the fishtail design. She also uses the triple single, ladder, and Tussey twist designs.

"I can make a fishtail bracelet in about three minutes," Ryenne said.

Some days, she has her

grandmother Chubby Reiter help with the creations.

"She is really getting to be a little entrepreneur, wanting her own business," Grandma Reiter said. "It is something she really likes."

Ryenne sells a lot of bracelets in school colors. On her website she features all the schools in the county. People can show their school spirit by wearing jewelry in their school colors.

Another big seller is the NFL bracelets. Designed in the colors of the team, they can be ordered from her website.

"She donated 32 teams from the NFL to the Country Store at St. Mary's Fall Festival," Chubby said. She also gave other designed jewelry to the Festival. Proceeds from the Fall Festival go to St. Mary School.

On Sunday, Oct. 5, Ryenne and her Grandmother Reiter joined others in forming the Life Chain along Hwy. 82 in Lindsay. The two have come for the Pro Life event for the past several years. But this year was different. Ryenne came bearing gifts. She brought bracelets she made with the Miraculous Medal on them.

"I brought 50 and they were gone in about two minutes," Ryenne said. "I wanted everyone to have a Miraculous Medal."

Next month, she plans to have a selection at the Thanksgiving Picnic benefiting Sacred Heart in Muenster.

She believes it is a good way to get her name out there.

"She is something else," Chubby said. "She is talking to me, crosses her legs and says, 'Grandma R, think about everything that is happening. That is how we become known.'"

Her Uncle Dave is impressed with her goals.

"The website went online about three months ago," Dave said. "Money she makes gets put in a savings account at a local bank." She already has a healthy bank balance, according to Dave.

Ryenne also loves to read. This past summer, she read biographies of two men who successfully founded their

own companies: Steve Jobs, the founder of Apple, and Bill Gates who started Microsoft.

"She thinks about things that people in their early 20s think about," Dave said.

Dave not only created the website but printed her business cards and, for now, takes care of the online orders. The day of the interview, they had received an order from someone in Florida.

"She wanted two personalized bracelets: one in black and purple that spells Kaitlyn and the other all red that

spells out Gavin," Ryenne said, and explained the process. "I get a bead with a letter on it and put the rubber band through it to hold it in place on the bracelet."

Ryenne is a fifth grader at Sacred Heart School and is just 10-years-old, though she is quick to inform you of her upcoming birthday next month when she will be 11. She lives in Muenster with her parents Chuck and Mistee Reiter and her older sister Rylee.

"She is a pistol," her father said, "A real go getter."

Cathy Krahl photos

Ryenne Reiter shows off the costume jewelry she creates and sells on her website. The young businesswoman is making money for college. At left, Janice Stoffels displays her miraculous medal bracelet she was given during the Life Chain Sunday, Oct. 5. Ryenne Reiter gave away 50 such bracelets during the Pro Life event.

Fuzzy's to donate to HH

Enjoy some good eats at Fuzzy's Taco Shop on Wednesday, Oct. 22 from 5-9 p.m. while helping families with children coping with Hypothalamic Hamartomas (HH). Fuzzy's will donate a portion of the proceeds from the sales of the evening to the non-profit Hope for HH.

Fuzzy's is located at 409 W. Hwy. 82 (the corner of Weaver Street and Hwy. 82) in Gainesville. Join the muddy team of M-o-o-ving Thru' The Mud With Landon to help raise awareness and funds for Hope for HH.

You are who you are and what you are because of what has gone into your mind. You can change who you are and what you are by changing what goes into your mind.

Mark and Pamela Pieper of Suwanee, GA are proud to announce the engagement of their daughter Stephanie Elaine Pieper to Clint Daniel Metzler. Clint is the son of Teresa and Donald Metzler of Lindsay, GA and the late Dolores Perry and Jean Pieper of Snellville, GA and the late Harry Pieper. Clint's grandparents are the late Peggy and Leroy Metzler and the late B.D. and OlaMae Taylor. The blessed couple will be married on Oct. 25, 2014, at Garner State Park, outside of Leakey, TX. Stephanie is a 2006 graduate of the University of Georgia. She graduated with a BFA in Graphic Design. She currently works for the National Parks Service in West Glacier, MT. Clint graduated in 2007 from Texas State University in San Marcos with a BFA in Theater. He is a partner in a business specializing in wooden boat restoration and fine furniture creations. After a honeymoon trip to the Mayan Riviera, the couple will reside in West Glacier, MT.

CASA offers final training of the year

In a small community such as ours, it's hard to believe the staggering number of cases of child abuse and neglect. Last year alone, 149 Cooke County children suffered abuse to the degree that it was necessary for the State to remove them from their families.

CASA (Court Appointed Special Advocates) of North Texas, a nonprofit organization dedicated to serving these most vulnerable children, is gearing up for its very last volunteer training course of 2014. Oct. 30 marks the beginning of the three week training course, which will be the last opportunity this year to receive training and certification to serve as an advocate for these vulnerable little ones.

Volunteer Trainer Carla Johnson stated, "This is our final training class for 2014. The next training after this will not be until after the first

of the year, so we are really looking to add as many new volunteer advocates to our team as possible. Because additional children end up in foster care almost weekly, my fear is, children will be turned away if we don't have at least 10 new advocates step up. That's the last thing we want to see, especially during the holiday season."

Who all can become a CASA volunteer you ask? The requirements for becoming a CASA volunteer are as follows: You must be at least 21 years of age, clear a background check, have 10-15 hours a month to dedicate to the case, and complete the required 33 hour training course.

So mark your calendars for their last volunteer training course of the year, Oct. 30, and if becoming a CASA is something that has been on your heart, call 940-665-2244 for more information.

Weather Whys - Raindrops

Q: You see on cartoons that raindrops usually appear like a teardrop. Are they really shaped that way?

A: Not really, said Brent McRoberts of Texas A&M University. The common appearance of raindrops being shaped like a big tear is not very accurate, he notes. "Literature has frequently told us that raindrops are often tears from above, and thus are shaped like a teardrop. But that's not the case. The shape of a raindrop depends

on its size. Small raindrops are actually spherical in shape and they take on different shapes as they fall to the ground. The larger ones are often compared to the shape of a hamburger bun. This is caused by air resistance on the drop as it falls to earth."

Q: Are larger raindrops shaped the same?

A: Large raindrops often split in two because of their size, McRoberts adds. "When a raindrop gets to be large, it assumes a shape that is similar to a small parachute, with a larger area around its base," he explains. "When this happens, the raindrop is so large that it splits into several smaller drops. A larger raindrop naturally falls to earth faster than a smaller one, but it still takes a while. For example, a large raindrop that fell from a cloud at 5,000 feet would take about three minutes to reach you on the ground. Some raindrops can actually be different colors because of sand or other materials that collect in them."

New Arrival

Reiter

Philip and Amanda Reiter of Lindsay joyfully announce the birth of their daughter Gemma Louise Reiter on Tuesday, Sept. 23, 2014. Gemma was born at 5:18 p.m. in North Texas Medical Center weighing 7 lb. 8 oz. and measuring 20.5 inches in length. She is welcomed to the family by siblings Jessalyn, age 10, Elaina, age 8, Isaac, age 4, Nolan, age 3, and Joanna, age 20 months. Grandparents are Don and Donna Schad of Lindsay, and the late Gerald and Rosalie Reiter. Great-grandparents are Louise Schad of Lindsay, Adeline Sicking of Muenster,

Gemma Reiter

and Margaret Reiter Schmitt of Muenster.

The National Supply employee reunion will be held Saturday, Oct. 25 at the First State Bank Conference Center, 837 E. California Street in Gainesville. It will be held from 11 a.m. to 2:30 p.m. and will include a catered dinner.

Weather Whys - Thunderstorms

Q: What's the worst outbreak of thunderstorms on record?

A: In the U.S., the storms of April 25-28, 2011, are in a class by themselves, McRoberts says. The conditions were perfect for supercell development, with an intense low-pressure area, humid air from the Gulf of Mexico, and the jet stream was blowing hard across the Central U.S. "The results were devastating," he reports. "The storms produced a record 358 tornadoes in the 4-day period, and winds in at least four of those tornadoes were over 200 miles per hour, meaning they were classified as an EF-5, the most severe. In all, 348 people were killed in six states and the damage totaled over \$11 billion. Less than a month later, the Joplin tornado in Missouri killed 158 people, injured more than 1,000, and caused nearly \$3 billion in damage. It was rated an EF-5 tornado with winds topping out at 250 mph, and was part of a late-May outbreak that killed 178 people. The Super Outbreak of April 1974 is considered the most violent outbreak, as it produced 30 F4 and F5 tornadoes

over a two-day period in the Midwest and Southeast."

The walking cardiovascular cure

Does your job have you out and about, up and down, and moving around, or does it keep you planted in a chair for most of the day? If yours is an out-and-about type job, consider yourself lucky, according to a study published recently in *Circulation: Cardiovascular Quality and Outcomes*. The study, led by Dr. Jarett Berry, associate professor of Internal Medicine at UT Southwestern Medical Center, found that long periods of sedentary behavior hurt overall cardiorespiratory fitness — or exercise capacity — even for people who exercise regu-

larly. What cubicle dwellers need to do is find ways to work movement into their workday, such as replacing the traditional coffee break with a walking break.

Here are some other ideas for working movement into your daily office routine:

- Pace while talking on the phone.
- Instead of emailing a question to a co-worker at the other end of the building, walk to his/her desk.
- Suggest to colleagues that you hold a walking meeting instead of the usual conference-table gathering.
- Always take the stairs instead of the elevator.
- If possible, replace your desk with an adjustable standing desk or, even better, a treadmill desk, and stand or walk on the treadmill part of each hour.

If one feels the need of something grand, something infinite, something that makes one forget of God, one need not go far to find it. I think that I see something deeper, more infinite, more eternal than the ocean in the expression of the eyes of a little baby when it wakes in the morning and coos or laughs because it sees the sun shining on its cradle.
Vincent van Gogh

Heavy packs can be a pain

A backpack bulging with books and school supplies may be a sign of a good student, but doctors at UT Southwestern Medical Center say it can also cause back strain and even nerve damage. A condition called Rucksack Paralysis is caused by the strain on shoulders and arms. Symptoms include pain and tingling in the hands and arms. The problem could become permanent if kids continue to sport packs that are too heavy. "If the child is straining or slouching, that is a sign the

pack's too heavy," said UT Southwestern orthopaedic surgeon Dr. Kevin Gill, co-director of the Spine Center at the medical center. "You can often lighten the load by ensuring that kids don't carry anything in their packs that isn't necessary." In addition, Dr. Gill recommends avoiding slinging a backpack over just one shoulder. "Use a pack with a waistband and carry it with both straps to distribute the load," said Dr. Gill. "Or you may want to consider a rolling backpack or luggage cart."

October is the Month of the Rosary

Annette Bayer's First and Second Grade classes studied the rosary. October is the Month of the Rosary. The students learned the parts and prayers that make up the rosary. Along with the school, they prayed the Luminous Mysteries with Pro-Life meditations. October is also Respect Life Month. In learning about the rosary, the classes colored their own rosary poster and worked in groups counting beads to make larger rosaries for the wall.

Ronnie Weinzapfel teaches the Machinators about transporting specialty loads. From left, Tom Davis, Mark Davis, Aaron Davis, Weinzapfel, and Devin Sicking.

Weinzapfel interviewed as Machinators learn about transportation

This week, the Sacred Heart Machinators started working on the final touches of their robot and learned more about the game theme. This year's game theme involves transporting windmill components from a stockpile area to an assembly area.

In order to learn about what transporting windmill parts includes, the team in-

terviewed Ronnie Weinzapfel who worked with Lone Star Transportation in their specialty loads department transporting windmill components. Weinzapfel spoke to the team members on what specialty loads include and how they dealt with hauling loads of windmill components. The team was shown photos of the company's de-

signs for hauling these incredibly large loads.

After the presentation, Ronnie offered the team members a tour of the Lone Star Transportation service station located in Gainesville. The team went and toured the facilities and they were able to see all of the designs and how they worked first hand.

Harsh styling can be a brush with disaster for hair, scalp

Dermatologists at UT Southwestern Medical Center warn that certain hairstyles can wreak havoc on your hair as well as your scalp.

"Pulling hair into tight ponytails or braids; using hot rollers, curling irons, or straightening irons; and applying chemical relaxers can all lead to structural damage of the hair shaft as well as thermal and chemical damage to the skin of

the scalp," said Dr. Josephine Quintanilla-Dieck, a UT Southwestern dermatologist.

Regular and sometimes even occasional use of these hair techniques may lead to hair breakage and hair loss from the root. Although usually reversible, hair loss occasionally can be permanent with long-standing or severe cases.

Tips for healthy scalp and hair include:

- Regular washing to eliminate dirt and oil

buildup.

- Minimizing the use of heated devices and chemical relaxers.

- Using natural hairstyles that put less tension on the root of the hair.

If you do use chemical

relaxers or heating devices, you can reduce the risk of damage by using them infrequently or incorporating "hair holidays" – styling-free days that allow for natural recovery.

Because there are many

causes of hair loss, if you have already experienced some hair loss but are unsure of its cause, it is best to seek evaluation by a dermatologist familiar with hair-loss diseases.

*You Purchase a Voucher for these 3 procedures and schedule within 90 days.
*EKG \$10.00 *Urinalysis \$5.00 *PAP Screening \$50.00

Prices good day of fair only. Insurance will not be billed.
Labs can be scheduled one week after the health fair.
If abnormal findings on labs, you may be requested to see your PCP or have additional testing done which is not included in these prices.

PLEASE DRINK WATER ONLY AFTER MIDNIGHT FOR LABORATORY TESTS.

SPORTS

Muenster to host Detroit Eagles

The Muenster Hornets are looking for their second District win this Friday night when they host the Detroit Eagles. The Eagles are 1-5 so far on the season, with District losses to Era (43-12), Lindsay (56-6), and Cumby (36-6), and pre-district losses to Cushing (36-0) and Bowie (52-12). Their lone victory was over Rivercrest (18-12) in week 2. A week off was good for the Hornets, giving time to heal and focus on some improvements.

Kickoff is at 7:30 p.m. at Hornet Stadium.

“We have to fix the mistakes we continue to have,” noted Coach Brady Carney. “We continue to play solid defense. But we need to clean up on offense - cut out turnovers and penalties. Just cross our fingers and get healthy.”

Janie Hartman photo

Four Tigers, including Julian Hesse (72), gang up on a Lubbock Christian ball carrier, popping the ball free for Aaron Davis (50) to recover for Sacred Heart.

Tigers get midnight victory

With the sky lighting up around Tiger Field last Friday night, the Homecoming game with Lubbock Christian didn't come to an end until just before midnight. The delay began at 9:30 p.m. with 5:35 remaining on the game clock. Action resumed two hours and four minutes later at 11:34 and the contest ended at 11:55 with the Tigers taking a 34-20 District win over the Eagles.

“I was glad to see our physical play, especially on the defensive side of the ball,” commented Tiger Coach Dale Schilling. “The boys did a good job stopping their triple option by being disciplined and knowing their assignments.”

Kason Reeves' kickoff sailed into the end zone, placing the Eagles on their 25 yard line. Five plays later, the visitors scored on a 53 yard run. The PAT kick gave Lubbock a 7-0 lead with 9:13 on the clock.

Starting on their own 35, the Tigers took eight plays to find the end zone. Will Boyd got in a 30 yard run, Hayden

Schilling 8, and a Reeves pass to Brady Endres for 12 yards took the Tigers to the Eagle 15. After three more runs gained 11, a Reeves to Endres pass completion was good for 6 points. Reeves then connected with Schilling for the 2 point conversion and an 8-7 Tiger lead with 6:09 on the clock.

Tackles by Daniel Hesse and Endres held the Eagles to 9 yards. A 4th down conversion attempt was halted by Schilling and Marcus Shaw. The next run, a Tiger fumble was covered by the Eagles. A holding call and tackles by Hesse, Aaron Davis, Shaw, and Christian Andrews forced a Lubbock punt.

The teams exchanged punts as the Tigers took the ball into the 2nd quarter, running out of downs at the Lubbock 14 yard line. Brady Endres picked off an Eagle pass near midfield. It took Sacred Heart 14 plays to hit paydirt. On 4th and 7 at the 7, Reeves completed a pass to Schilling for the touchdown. Boyd ran in the extra points for a 16-7 score with 3:54 on the clock.

The Eagles fumbled the ball on the kick return. Aaron Davis recovered the ball on the Lubbock 36 yard line. Short runs by Boyd, Schilling, and Reeves took the ball to the 6 yard line. With 39 seconds on the clock, Schilling pushed through the Eagle line into the end zone to give the Tigers a 22-7 lead. Schilling and Darian Peters teamed up to end the 1st half with a quarterback sack.

The Tigers' first drive of the 2nd half began on their 6 yard line. Seven runs by Boyd, three by Schilling, and a run and pass completion by Endres moved the Tigers to the 2 yard line. Boyd finished the drive for a 28-7 score after the PAT failed.

The teams exchanged 4th down punts, with Lubbock carrying the ball into the final period. With 9:33 on the clock, the Eagles scored, closing the score to 28-14.

An intercepted pass ended the Tigers' next drive before the game was stopped due to lightning. After a two hour delay, the Eagles' 4th and 6 attempt was stopped by Sam

Hesse at the Lubbock 21 yard line. The next play, the Tigers lost a fumbled ball, but got it back five plays later when Will Boyd intercepted the Eagle ball.

Placed on the Lubbock 28, a Reeves to Endres pass play added 6 more points to the Tiger score. The PAT failed for a 34-14 score with 4:23 remaining in the game.

The Eagles came right back, scoring on 2nd and 14 with an 80 yard pass play and a 34-20 score with 3:21 still on the clock.

An on-side kick was covered by Schilling and the Tigers worked the time off the clock to end the game 5 minutes to midnight.

“I was very pleased with the way the Tigers handled the delay. They came out and finished strong,” noted Coach Schilling.

Next Action
This Friday, the Tigers travel to Fort Worth to tangle with the Kennedale Fellowship Academy Mustangs at Southwest Christian Stadium.

“Fellowship is a dangerous team with a quick release quarterback throwing the ball to big, tall receivers,” noted Coach Schilling. “The key to the game will be putting pressure on the quarterback.”

The Mustangs' three District losses were from Lake Country (49-27), Covenant (47-28), and Temple (70-15). They started the season with a non-district loss to Garland Christian (16-13), defeated Dallas Lutheran (14-6), then lost to Legacy Prep (48-7).

Cubs win over Mustangs in a 3.5 quarters game

The Sacred Heart Cubs took an 18-12 win from the Mustangs of St. Mary's last week in a game that ended with 4 1/2 minutes remaining on the clock after an injury to Cub quarterback Collin Knabe. Knabe was taken to the hospital by ambulance and later released.

The Cubs took the opening kick, using runs by Jeron Juntado, Knabe, and Ben Ganzon to score the first touchdown of the game. A 12 yard run by Juntado gave Sacred Heart a 6-0 lead. The PAT failed.

Tackles by Knabe and Ian Kintz forced a Mustang punt. Six plays later, Ganzon scored from the 9 yard line to give the Cubs a 12-0 lead just inside the 2nd period.

St. Mary's again couldn't get 10 and punted. Two plays later, Juntado scored on a 33 yard run. Again, the PAT failed for an 18-0 Sacred Heart lead.

Defensive plays by Ethan Muller, Ganzon, Cole Carson, and Knabe made the Mustangs fight for every

yard. A fumbled ball was covered by Knabe before the halftime break.

St. Mary's offense controlled the 3rd quarter, moving the ball down field and scoring with 2:59 on the clock. Michael McCoy stopped the extra points attempt for an 18-6 score.

The Cub offense struggled. A 4th and 9 punt was blocked, allowing the Mustangs to carry the ball into the final quarter and into the end zone to close the score to 18-12 with 5:44 remaining in the game.

Two runs later, the game ended.

Just a thought

Nothing is as hard to do gracefully as getting down off your high horse.

A father is a man who expects his children to be as good as he meant to be.

It is far better to follow well than to lead poorly.

Courtesy photos

Muenster's 7th grade team tied Saint Mary's 6-6 recently. Above - Tanner Corcoran (72) pulls down a Mustang runner. Also pictured is Brett Hammer (26). At right - Danny Luttmer (24) makes the catch.

Just a thought

A cat that licks his paw may be scratching his tongue.

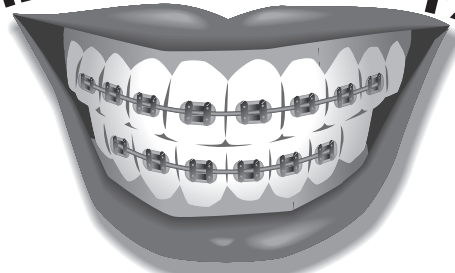

Every path has some puddles.

PUBLIC NOTICES

CITY OF MUENSTER NOTICE OF PUBLIC HEARING 2012 TxCDBG CONTRACT CLOSE-OUT

The City of Muenster will hold a public hearing on Tuesday, October 21, 2014 at 5:15 p.m. in the City Hall, @ 400 N. Main, Muenster, Texas. The purpose of the hearing is to review program performance and receive citizen comments on the 2012 Texas Community Development Block Grant Program (TxCDBG) Community Development Fund Grant #712241 from the Texas Department of Agriculture's Office of Rural Affairs. Some of the topics to be discussed will include the recently completed Sewer System Improvements Project, the amount of grant funds and local resources expended, and a summary of benefits to low and moderate income persons. The general public is invited to attend and participate. Citizens unable to attend this hearing may submit their comments in writing to The Honorable Joey Anderson, Mayor, P.O. Box 208, Muenster, Texas 76252-0208. Persons with disabilities that wish to attend this meeting and need assistance should contact Ms. Johnna McQuillan, City Secretary at 940.759.2236 to arrange for assistance. Individuals who require auxiliary aids or services for the meeting or persons with Limited English Proficiency who need assistance should contact Ms. McQuillan at least two days before the meeting so that appropriate arrangements can be made.

Joey Anderson Mayor, City of Muenster

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR QUALITY STANDARD PERMIT REGISTRATION RENEWAL

AIR QUALITY REGISTRATION NO. 74614

APPLICATION Walterscheid Construction, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Registration No. 74614, for an Air Quality Standard Permit for Concrete Batch Plants, which would authorize continued operation of a Concrete Batch Plant located at 16334 FM 1630, Muenster, Cooke County, Texas 76252. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=33.575833&lng=-97.4325&zoom=13&type=r>. The existing facility is authorized to emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on September 4, 2014. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Dallas/Fort Worth regional office, and the Cooke County Courthouse, 101 South Dixon, Gainesville, Cooke County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after the final newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15-day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(0) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, the one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the executive director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is

directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to consider in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Walterscheid Construction, Inc., 16334 FM 1630, Muenster, Texas 76252-5160 or by calling Mr. Christopher Coignet, Source Environmental Sciences, Inc., at (713) 621-4474.

Notice Issuance Date: September 9, 2014

FARM & RANCH

Ranchers hear key factors to growing forage at symposium

Ranchers should be mindful of three important components of pasture health when considering restocking beef cattle, according to Texas A&M AgriLife Extension state forage specialist Dr. Larry Redmon. Water, fertilizer and protection are important factors to growing and maintaining forages in pastures. Redmon was one of several featured speakers at the recent beef herd rebuilding symposium at Franklin.

"The recent 2014 U.S. Drought Monitor map is looking better, but we still have parts of the state in drought," he said. "The long-range forecast has much of the state improving and starting to ease back into higher production. As you are making your decisions to restock, we may not be out of the woods completely. Climatologists say these drought cycles typically last for 22-25 years. Just be cautious before testing the waters."

Redmon said water is the number one important factor for growing forage. Next, for bermuda grass or any hay field, is fertilizer. He warned about managing winter pastures when over seeding warm-season perennial grass fields.

"You want to remove winter pasture before green-up," he said. "If you don't, the winter pasture can inhibit photosynthesis. For example, an ungrazed ryegrass pasture will intercept the light and prevent warm-season grasses from being able to grow as they break winter dormancy. Bermuda grass begins active growth when nighttime temperatures are consistently 60 degrees Fahrenheit, and all winter pasture should be removed prior to that time."

Redmon said to remove the winter grass, ranchers have the options of either grazing it out or baling it.

Fertility was another important factor discussed. Redmon stressed to attendees to get a soil sample to determine what deficiencies there are in their soils. This can save money when it comes to purchasing fertilizer by making sure to purchase only the recommended amounts and buying blends that are appropriately needed for the pasture.

Finally, protection is important as well. Having ample stands of forage residue on the ground helps protect the soil from erosion and allows water and nutrients to be captured and infiltrate

the soil. During the 2011 drought, Redmon said, one rancher elected to keep his cattle and continued to purchase expensive hay, allowing his cows to continually graze down the forage. He said another rancher nearby chose to sell most of his cows, which allowed his pastures to recover more rapidly.

"By maintaining adequate amounts of forage residue, ranchers can make their place a sponge and actually capture limited amounts of rainfall. Forage residue in the pasture also prevents loss of fertilizer nutrients, pesticides, and bacteria into the local water body," Redmon said.

Redmon advised producers to pay attention to weeds, which can inhibit recovery due to competition for moisture, sunlight, and nutrients.

"You need to also pay attention to grasshoppers, fall armyworms, and the newest bermuda grass forage pest, the bermuda grass stem maggot," Redmon said. He said recent grasshopper infestations in some areas were 30 to 50 per square yard.

Redmon said Prevathon is one pesticide that has shown effective results for grasshoppers and fall armyworms with no grazing or haying restrictions.

He advised ranchers to visit forages.tamu.edu for more educational resources on forage management and to sign up for Forage Fax, an online newsletter available at foragefax.tamu.edu for the latest information bulletins.

Just a thought

No farmer ever plowed a field by turning it over in his mind.

Before you borrow money from a friend, decide which you need more.

We always have time for the things we put first.
