

## SUSPECTS IN HOLDUP AWAIT GRAND JURY

The excitement incident on the robbery of the Brownwood State Bank last week and the following capture of the alleged holdup men, has somewhat subsided with no new angles of the case coming either from the sheriff's nor the district attorney's offices.

Both Sheriff M. H. Denman and Attorney Walter U. Early think, however, that there will be interesting developments with regard to other robberies within a few days.

No bonds have been allowed the three men charged with the actual robbery and the one charged with accessory after the fact. They will probably be held on the present charge without the formality of existing trials until the Grand Jury meets next month.

The identity of David L. Cates as Dave Kimes has not been definitely established by the officers as yet.

The exact amount so far recovered by the bank and taken from the alleged robbers in Wichita Falls Saturday, was reported by O. C. Walker, president, as being \$5,338.85. The location of the balance of the \$7,152 has not been determined as yet.

Finger Prints Taken  
Finger prints of the four in custody were taken by Dan Gill, and many photographs of the prints were made by S. D. Rogers, photographer, for distribution over the country.

There have been many calls for pictures and prints of the men from points over Texas where robberies have occurred, and Mr. Rogers has been busy taking pictures of the men and printing them by the score.

Charges of robbery with firearms in connection with the hold up of the Brownwood State Bank, Thursday, were filed Monday by District Attorney Walter U. Early against David L. Cates, 24, alias Dave Kimes, and Tom Bird Ervin, 21, in addition to the charges filed Friday night against Bill White, 17, held in the same case.

B. M. Blackburn was charged accessory to the robbery, he having carried Ervin and Cates, or Kimes, to Wichita Falls where the three were arrested for being drunk on Friday night.

Blackburn and Ervin were also charged with robbery with firearms in the case of the holdup last month of W. H. Thompson at his place of business as pawnbroker on Fisk Avenue.

Confessions Reported  
A confession from Ervin and White, and a partial one from Cates has been reported by Mr. Early. The Ervin and Cates statements being obtained by the district attorney in Wichita Falls Saturday morning and that from White Saturday night in Brownwood.

In the connection with the crime of robbing this bank and of the robbery of Thompson's shop of a small sum of money and several pistols is all that the district attorney will reveal at this time, although he said that they are investigating other robberies which have occurred here. After the filing of charges Monday morning Mr. Early went to Ballinger where he had some criminal matters pending and where District Court is now being held.

Story of Robbery  
To reconstruct the crime from the time of its happening at 12:15 p. m., Thursday, to the present filing of charges and adding details which have not appeared heretofore, The Bulletin gives the following story:

Earl McClatchy, assistant cashier of the bank, was the only one in the institution at noon when three young men dressed in khaki entered. Two of them walked up to the second window while the third loitered around the door. After asking for a cashier's check the two near the case pointed guns at McClatchy, demanding he remain quiet. One of them then went behind the counters and cages and scooped up all the loose change and had McClatchy show them some money in the vault, they seeing and taking only one package of currency.

They then turned McClatchy in the upper part of his left leg, which will not prove serious, doctors say. The men ran around the bank, one to Lee Street to Hawkins, and so on, where in the block between Lee and Baker Streets, entered a car, later proved to be a Chevrolet sedan stolen about two weeks ago from Frank Smith in this city.

The driver drove down to Belle Plain Avenue and near the crossing of the slough, according to White's testimony, they pushed White out of the car and did not give him any of the money, but he said they had pushed him an equal cut of one-third of the loot.

White Arrested  
White then went to his mother's home at 501 Belle Plain. She is Mrs. Jennie White. The sheriff and police departments were on the job immediately following the robbery and a roundup of all suspects in the city was made. Among the first brought into the net, and within an hour after the robbery, was Bill White, who with half a dozen others were brought to the court house by the sheriff's men.

McClatchy identified White as did several others, who had seen the escape around the corner of the

## PHOTOS TAKEN AT WICHITA FALLS IN CONNECTION WITH ARRESTS AND RECOVERY OF BANK MONEY

Above are pictured some of the men most concerned in the seizure of approximately \$5,600 and in the capture of three suspects at Wichita Falls late Friday night in connection with the alleged holdup Thursday of the Brownwood State Bank.

The upper view pictures approximately \$5,300 and three pistols seized at the time of the arrest. Frank Morgan, constable (left) and O. C. Walker, president of the bank which was robbed, are regarding the money. Mr. Walker's hand rests upon the pistol which is supposed to have been pressed by one of the bandits into the side of the only employe in the bank at the time of the holdup.

In the lower picture are shown, from left to right, David L. Cates, alias Kimes, Tom Bird Ervin and R. M. Blackburn, the three suspects. Dan Ellis, deputy constable who made the capture in company with Eimer Thornton, also a deputy, stands at the extreme right of the picture.

These pictures were made at Wichita Falls and are used here through the courtesy of The Wichita Falls Times. City Officers C. N. Davis and J. E. McDonald of Brownwood were also present at the time, having gone to Wichita Falls, in company with Mr. Walker, to return the suspects to Brownwood.

bank. That afternoon he was formally charged with robbery.

Then began a frenzied search for the other two. Many arrests of suspects were made by both divisions of peace officers, and many witnesses were questioned by them and by the district attorney and his assistants.

### Find Abandoned Car

Nothing developed until D. A. Joplin, who lives on a farm, six miles from Brownwood on the Coleman road, reported to the sheriff the finding of the car in which the bandits had escaped. It had been in his pasture on the afternoon of Thursday and with it were two men, who said they were resting. He was not at that time suspicious of them for he had not then heard of the robbery.

But the next day he found the car deserted in another place on his land. In it he found a bloody quilt and there was blood all over the rear of the inside of the car.

The next news came from Wichita Falls. Three men had been arrested Friday night for being drunk. They were in a taxi with a Brownwood license, and in a gunny sack and on the persons of the three was found considerable money, nearly \$6,000.

Two city police officers with O. C. Walker, president of the bank, went immediately to that city, where Mr. Walker identified the money as from his bank, there still being Brownwood State Bank wrappers around it, and on one package his own signature appeared. This is all so far which has been found of the \$7,152.20 which was taken by the robbers.

One man first gave his name as T. E. Holt, but when he made his confession to District Attorney Sam B. Spence there Saturday morning, he said his name was Tom Bird Ervin. He was the one wounded man of the three. He is from Brownwood.

Another gave his name first as Cate, and then as David L. Cates. In White's confession he stated that he knows for a certainty that Cate's real name is Dave Kimes, and that he is a brother of Matthew Kimes, bandit of Oklahoma. The charges filed by Mr. Early gave the names of Cates and Kimes. This man gives Wichita Falls as his home.

The third man was first reported as Blackburn, a taxi driver on the Coleman, but was later learned to

be R. M. Blackburn, taxi driver of Brownwood.

After holding them until after noon they were sent back to Brownwood, arriving here about 8:00 p. m. Saturday. From noon until late at night a crowd milled around the county jail waiting to see the robbers.

Of the three pistols found on them in Wichita Falls, one of them, a pearl handled revolver, was said to have been a part of the loot taken from the Thompson pawn shop recently.

All day Sunday those interested in other robberies in and about Brownwood were brought to the jail to see if an identification could be made in other connections. The district attorney's office is silent as to what information they received along these lines, with the exception of the Thompson case, this seeming-ly being settled in their minds, Thompson having identified, it is said, both Ervin and Blackburn.

All are being held without bonds. About 1,500 people visited the jail Sunday. Sheriff Denman allowing them all to get a view of the prisoners.

Only four are now being held in the county jail Monday morning in connection with the robbery, all other suspects being released by both the city and the county officials.

Inquiry from Loving  
The Loving State Bank, at Loving, Young county, has requested photographs of the men held here for the robbery of the Brownwood State Bank, to see if they can be identified as men connected with the recent robbery of the Loving bank.

Photographs of the men held here were made for county officials today. They were fingerprinted by the city yesterday.

### Walker and Officers to Wichita Falls

Three men including O. C. Walker, president of the robbed Brownwood State Bank, and two police officers left early this morning for Wichita Falls, thirty minutes after authorities had phoned from there that they were holding three suspicious characters and a quantity of money.

Sam L. Morris who was on the desk at the police station at 12:10 last night received a phone call

from Frank Martin, constable at Wichita Falls, stating that he and his deputy, Johnny Baker, had in their custody three men giving the names of Holt, Cate and Blackburn. He described the three stating he had found them intoxicated and with \$6,000 on them. Also, he said there were three pistols, two of them automatics and the third a pearl handled revolver. They said they were in a car with motor bus license 707, which is said to be a Brownwood license.

The police officers got in touch with Mr. Walker and at 12:40 Mr. Walker and officers Charlie Davis and J. E. McDonald and Mr. Walker's son, Orville, started for Wichita Falls in Mr. Walker's car.

When Sheriff M. H. Denman heard of the arrests made in Wichita Falls he started to go there with Deputy Norman Jack, but a phone call from Constable Johnny Baker said they were starting at about 9 a. m. with the prisoners for Brownwood. It was not learned whether the Brownwood party had arrived on the scene or not at that time.

### Blood Stained Car Found

The car covered with blood stains, believed to be the one in which the robbers made their getaway from Brownwood immediately following the holdup at 12:15 p. m. Thursday, was found on the farm of D. A. Joplin, about six miles from Brownwood on what is known as the upper Coleman road Friday evening.

Mr. Joplin reported the car to the sheriff stating that he had seen it Thursday afternoon and two men with it. They were in his pasture, the car wedged between two trees and the men out of the car, one of them lying on a quilt on the ground.

He said that he had questioned the men and they had said they had been driving all day and night and were tired. He noticed, he said, that the man standing kept always between him and the man on the ground.

At that time he did not know the man was injured nor that a robbery had occurred in Brownwood, and did not report the matter. The next day he said he found the car again on his land, but in a different spot, about half a mile from where it was first seen, driven it

## TWO KILLED IN RISING STAR AUTO ACCIDENT

Archie Taylor and a Miss White, 17, of Rising Star, were instantly killed when the car in which they were riding crashed into a West Texas Coach near Rising Star about 4:20 p. m. Tuesday.

Arthur C. Brooks, also of Rising Star, was driving the car, and is said to have been going at rapid speed on the Pioneer Highway, when at about half a mile west of the city he saw the big bus coming and put on the brakes. These were seemingly not correctly adjusted and the car became uncontrollable, weaving from side to side and crashing into the front of the bus, according to statements made concerning the accident. Brooks was not seriously injured. The car and the front of coach were badly smashed.

Taylor, an oil company employe, is survived by his wife and two children. Miss White was the daughter of Mr. and Mrs. J. B. White, who live about five miles from Rising Star.

## GOOD WILL MOTORCADE FROM SOUTH TEXAS TO BE HERE NEXT MONDAY

Cars of the Texas Good Will Motorcade containing an imposing array of prominent South Texas personalities, is expected to be in Brownwood and spend the night here next Monday.

Starting from San Antonio Monday morning they expect to lunch at Mason, stop at the first night here the second night at Snyder and wind up the trip at Amarillo the third night.

The trip is for good will only and among the array of speakers listed will talk on all and any of the civic subject those in the towns they visit may desire. They are traveling in the interests of the American Legion, the civic clubs, the women clubs, state parks and good roads, on all and any of which they are prepared to talk.

The directors of the Chamber of Commerce here on receiving word of this proposed trip turned the matter of receiving the guests over to the entertainment committee. Included in the personnel are the following: Ernest C. Cox, state commander of the American Legion; Robert O. Whitesaker, state adjutant of the Legion; Robert Lee Bobbitt, attorney general and South Texas district governor of the South Texas, Hunter, Metcalf, Rotary district governor from Amarillo; W. R. Early, state highway commissioner; County Judge O. C. Dancy of Brownville, representing Chambers of Commerce and Kiwanis clubs of the Lower Rio Grande Valley; Percy S. Robinson, county judge, of San Antonio, representing Bexar county; Justo Penn, of Laredo, county judge of Webb county; Hal L. Brennan, representing the Laredo Chamber of Commerce; Rev. I. E. Gaska, pastor of the First Baptist Church of San Antonio, representing the pastors' alliance of that city; State Senator W. A. Williamson of San Antonio; State Senator Joe M. Moore of Greenville; and Ross Sheppard and Connolly if the special session of congress adjourns in time.

## ARMY BAND LEAVES GOOD IMPRESSION ON FORMER BROWNWOODITE

After hearing a concert recently by the U. S. Army Band, which is to play two concerts in Brownwood Saturday, Harry Broad, a former member of the Old Gray Mare Band and now in Tulsa, Oklahoma, wrote Rex Gaitner, giving his impressions of this band. He goes into the matter in a technical manner and also gives his opinion of the concert as an entertainment.

His letter follows: "After hearing the Army Band and knowing it would be at Brownwood soon, I thought I'd just tell you a little of my impression of it. I have heard Sousa twice in the last year, once here and once in Minneapolis for the opening of the Poshay Tower, and I believe the Army Band has even Sousa bested when it comes to ensemble playing. It is a revelation to hear such a band for they are certainly well trained. They never present that brassiness so noticeable in other bands.

## Special Oratory Class for Benefit County Teachers

J. Fred McGaughy, director of The Central Texas School of Oratory, the newly organized school of oratory, expression, and public speaking, announced today that special classes in oratory will be conducted each Saturday morning here after for the benefit of teachers of Brown county and the surrounding territory. This will be the first school of its kind to be conducted here.

In explaining the organization of the classes for teachers, which will begin at ten o'clock each Saturday morning, Mr. McGaughy pointed out that many teachers in this territory are called upon each year to give special training in expression and oratory when they themselves do not have adequate preparation to coach the work.

"These classes will be of a two-fold benefit to teachers," Mr. McGaughy said. "First, they will be of actual and constructive help to the teachers themselves, and second, they will bring about a greater ability to coach other students or pupils of their schools."

Classes held Saturday will not interfere with the regular work of teachers. Already a number of teachers have enrolled and the prospects for a large class are bright, Mr. McGaughy said.

## Brother of Mrs. H. A. Newby Dies in Austin Tuesday

Mrs. H. A. Newby, 108 Austin Avenue, received word Tuesday night of the death Tuesday of her brother, R. Weaver, in Austin. He had been in poor health for some time and the news was not unexpected. He was buried in Austin Wednesday.

## OFFICIAL ORGANIZATION FOR COTTON AID, MOODY PROMISES

WACO, Tex., Oct. 30.—(AP)—Texas cotton growers today had the assurance of Governor Dan Moody that an "official" organization to deal for them with the Federal Farm Board in marketing their crops would be formed in the state if the board's restrictions are reasonable. They also had a warning that the board had not yet adopted a policy in regard to organizations with which it will deal, declaring farmers should not be misled into joining organizations which might not be able to render them the assistance.

## THE STORY OF ALASKA AT AUSTIN AVENUE CHURCH SUNDAY NIGHT

The Austin Avenue Presbyterian Church will have a very unique program next Sunday night, according to a statement made by the pastor, Rev. R. B. Twitty. Five dozen pictures of scenes in Alaska will be shown. The pastor will be assisted by Mr. Otis Pelsick, an expert with a collection of slides. This program will take the place of the regular evening service.

The whole story of Alaska will be portrayed by these pictures. Included among them will be the famous "White Pass," up which the gold seekers went during the Klondike days. The giant "Columbia Glacier" presents the grandest sight in the world. Its front is four miles long and its projects itself 400 feet into the air. The boat upon which President Harding traveled and the church where he attended his last church service, will be shown. Old "Mount McKinley," the highest peak on the North American continent, will have his impressive image thrown on the screen.

A number of scenes are taken from the fifteen million-acre Tongass Forest, showing the beauty of the deep-tangled wild woods, and the natives in their home life. Two pictures will be shown that were taken just 50 miles from the shores of Alaska. One charming picture is that of a maiden riding in her kayak. The "Madonna of the Ice-land," another impressive picture, and the "North Pole Limited," will show one method of travel in the Arctic Circle. Many other interesting and instructive pictures will be shown. The public is cordially invited.

## \$50,000 OF \$100,000 NEEDED FOR THE NEW HOTEL IS RAISED

Half of the \$100,000 necessary to be raised in Brownwood for the erection of a 150 room hotel on the corner of Brown and Baker Streets, has already been promised, according to Joe F. Renfro, who heads a committee of five to obtain this money.

"We hardly got organized as a committee but we saw a few of the big property owners around the proposed site, and obtained \$50,000 without any trouble whatever," Mr. Renfro said.

He said his committee expect soon to have six teams in the field working to secure the other half of the money. Not all of the big property owners have been approached as yet, he said.

## BAND TO SEE GRID CLASH

The United States Army Band that will be in Brownwood for two concerts Saturday, November 2nd, will be special guests at the Howard Payne-Trinity University football game at Howard Payne Park Friday afternoon, it was announced today by those who are sponsoring the visit of the band to Brownwood. The band will occupy a special tier of seats in the grandstand.

## TERRACING OF FARM LAND SERVES 2 VERY IMPORTANT PURPOSES

Terracing sloping fields does two important things—Prevents wasting of soil when heavy rain fall and helps to store more water in the soil for crop growth. Soil lost by erosion is a permanent loss. If your soil becomes less productive your income is less, while it requires the same labor per acre to produce the poorer crops.

Again it pays to terrace sloping fields in the semi-arid climate to conserve moisture. Hundreds of demonstrations show that the increase in yield on terraced slopes will pay for the building of the terraces in one or two years. Often a gain is made in one year. But this argument falls short; for nearly everyone now recognizes the value of good terraces. Yet many farmers would not terrace and each year sees the soil slowly but surely wasting away. This waste is not noticed very much in one season. In a period of 30 years 5 or 6 inches of soil will leave a field where the slope amounts to twenty inches or more.

There are all kinds of terraces in Brown county, most of them serve a good purpose and some are very good ones. The bench terrace built all from the upper side is just as effective in preventing erosion, and is better adapted to cultivation than the ridge terrace.

It is the aim of the Extension Service to render every assistance possible in getting all the land terraced. Demonstrations are given where training in the use of the farm level makes the farmer able to plan and survey his terraces to suit himself. The Farm Bureau furnishes levels and graders to those who do not have them. Therefore there is no excuse for any field remaining unterraced.

Terrace Now  
If you wait till spring to start, the chances are that your fields will go through another year unprotected. If you will start now you can get help easier and you will have time to get them built right before the busy season. Do not wait till you break the land. The terraces are easier built before breaking. We would like to have the name of each land owner in the county whose land needs terraces. Especially do we want the names of those who plan to do any terracing the next four months.

W. Jones, representative of the Federal Farm Board, Westport, is chairman of Governor Moody's special cotton committee, which has had previous contact with the board. The governor's authorized statement, Westport, Tex., is as follows: "I feel, if the board will approve a plan of farm organization which will not impose unnecessary restrictions on the farmers and which can receive the support of local business interests, that an organization worthy of the pre-eminent position of Texas as a producer of cotton can and will be formed."

Westport further reported that both Jones and the governor appeared optimistic of an early announcement of a definite program for assisting Texas growers.

## KEEPS OWN COUNSEL

Gov. Moody is a man of his own mind and his closest friends are not likely to know exactly what his plans are. This much is certain: He has his heart set on accomplishing some kind of a solution of the vexatious penitentiary problem and make a modernized, industrialized and centralized plant something of a monument to his administration.

Now comes the former Gov. Ferguson with the challenge that he "is some pumpkins when it comes to penitentiary matters." He threatens to enter the governor's race and make the matter the real issue. He said in a formal statement that he would spend about \$50,000 fixing up the buildings at Huntsville instead of expending \$5,000,000 for a new plant, and pardon some 2,000 convicts whom he insists are entitled to pardons.

Several weeks ago when the legislative penitentiary centralization commission came to Austin to hold a meeting, former Gov. Ferguson was waiting outside for the session to begin. He was an interested spectator during the discussion.

Studying Ferguson  
Gov. Moody showed plainly while he was in the room that the former governor's presence was distasteful to him. When he was not occupied studying Ferguson and the thoughts he entertained could be pretty nearly interpreted by the expression on his face.

Governor Ferguson's poking fun at Gov. Moody's penitentiary reformations plans and his threatening to enter the race for governor with that an issue is pretty apt to make Gov. Moody alter his plans, if he had any, and go to bat with his old-time antagonist.

## MONEY IS LOANED ON COTTON AS MUCH AS IT DRAWS BY SELLING NOW

The local Farm Bureau office is in receipt of information which might be of interest to the 220 Farm county members of the Texas Farm Bureau Cotton Association. This report is to the effect that those members who ship cotton now to Houston can obtain \$99 a bale on the bill of lading, when the time the bale reaches Houston where it is graded, the balance of the loan, recently authorized, will be available.

In commenting on this advance given by the farm board Mr. Griffin says he cannot see why any farmer would not sell cotton now and help further depress the market when he can secure as much money on it now as he can sell it for.

Any farmer in the county desiring further information on this matter he requests to see him at the Farm office in the court house. The membership is open to any cotton farmer.

About this loan proposition, Mr. Griffin says: "It will be recalled that press notices several days ago announced the intention of the Farm Board to make loans up to 16 cents on cotton. The local Farm Bureau office is in receipt of information concerning these loans, and is in position to assist any farmer in Brown county in securing a loan on his cotton. The basis for the advance is 16.25 cents at Houston for middling cotton 7-8 inch staple. For cotton above middling grade or over 7-8 inch staple, the advance is more, and on cotton below middling the advance is less.

"Evidently the cotton will have to be graded before the loan is advanced but the farmer can draw \$60 per bale at the time he ships his cotton and the balance of the advance will be sent him as soon as the cotton is graded.

After dropping below a daily production of 10,000 barrels for several months Brown county's output is again placed above that figure in the American Petroleum Institute reports, due to the new George pool. The figures here have never been very much below 10,000 barrels daily. The A. P. I. report for the week ending October 19th places the production at 10,500 barrels. Since that time a number of good wells have been brought in. The report for the United States oil fields for the week, with comparisons of the preceding week, is as follows:

The firm headed by Wyatt C. Hedrick in Fort Worth started to draw up plans for the hotel, which is estimated to cost with furnishings over \$500,000, as soon as he heard that the Brownwood Chamber of Commerce directors had approved his plans for financing the project.

The \$100,000 to be put in by Brownwood people is neither to be stock nor a bonus, but is to be in six per cent second mortgage bonds.

Construction on the hotel is expected to start as soon as Brownwood raises the first \$100,000.

Mr. Lewis Horner was in Brownwood Tuesday.

Miss Audave Reed of Mullin was in Zephyr Friday evening.

On Sunday, October 27, 1929, Mrs. J. E. Cunningham celebrated her seventy-seventh birthday by receiving a surprise dinner. Those who enjoyed the dinner were Mr. and Mrs. H. Webb, Mr. and Mrs. Dave Cunningham, Mr. and Mrs. Monroe, Mr. and Mrs. Bill, John and Jim Cunningham, Mr. and Mrs. George Cunningham, Fred Twilkes, and Mrs. Troughbridge and children, all of Brownwood and Mr. and Mrs. Bob Forsythe. We all wish Mrs. Cunningham many more such happy birthdays.

Goldthwaite

The people of this community were grieved and shocked on Wednesday of last week when the news went out that Mr. L. W. Benson had accidentally shot himself. Mr. Benson lived in the Live Oak community on the Goldthwaite and Caradar road about seven miles from town. He took his shot gun from the house and told his wife he was going to shoot a hawk. In a few minutes she heard the gun and as it was not in the direction of where he said the hawk was she went to see about it and found him hanging in the wire fence. He had attempted to go through the fence and an accidental discharge of his gun took effect in the side of his head tearing the most of his head off. He was still breathing when his wife reached him but was unable to speak and died in a short time.

Mr. Benson was an old settler in this county but was reared in Corvett. He was about 50 years of age and leaves a wife and six children, besides a host of friends and other relatives to mourn his untimely death. To the sorrowing ones the many friends of the family offer sympathy.

Last week Long and Berry placed a new awning in front of their grocery store which gives a very up to date finish to the recent work they had done.

R. L. Steen and Son have had the old front in their hardware store removed and a new plate glass and brick front put in. They now have a very beautiful front to their store.

The cold spell last week reminded us that winter was close by. There was ice and frost reported in the Mount Olive community a few miles east of town.

Mrs. W. D. Wilson of Los Angeles, Calif., returned home Monday morning after spending a few days here, the guest of her mother, Mrs. J. H. Mullens.

Mrs. F. G. Palmer has been real sick for several days but is reported improving. Her daughters, Mesdames Barney Carter of Rangor and V. L. Parker of Brownwood, spent the week-end here at her bedside.

Miss Annie Chapman is planning to go to Winters in a short time to visit her brother, L. C. Chapman and family.

Keep Brown County and Brownwood Money at Home

You don't necessarily have to grow something to be a producer, you can produce by your help in building your community.

WHAT BROWNWOOD NEEDS is more industries to give our people employment and to manufacture for export, incidentally bringing in new money and adding to our prosperity and comfort.

Already Plenty of Institutions Have Come Here

to divide with us what little prosperity we have—Most of them as you know have come to take out and not to put in anything.

We have been community builders together for 40 years. Let us still work together to build a better community in which to live — a more cooperative, a more social community—with a real "community spirit."

### TEMPORARY WRIT ENJOINS GAS COMPANY

A preliminary writ of injunction restraining the Community Natural Gas Company and the Lone Star Gas Company from soliciting gas business at less than the franchise rates was ordered by Judge E. J. Miller in District Court Wednesday, the suit having been brought by the Natural Gas and Fuel Company.

The Natural Gas and Fuel Company claims that these two companies are selling gas at discriminating and various rates in the city in violation of the terms of their franchise with the city, the rates being lower than the franchise specify. The matter will probably come up at the November term of court here.

J. S. Reddick of Lufkin, J. E. Garner of Little Rock, Arkansas, and Woodruff and Holloway of Brownwood are representing the plaintiff.

### LARGE AUDIENCE AT HALLOWEEN FESTIVAL GIVEN IN AUDITORIUM

One of the largest crowds ever to attend a Halloween festival in Brownwood was present last night when the Brownwood Parent-Teachers' Association gave the much advertised "Halloween Ball" in the Soldiers and Sailors Memorial Hall. The large auditorium furnished adequate room for stunts synchronous with a event of this kind. Each of the Brownwood schools were represented and took active parts on the program.

Winning the first prize for producing the best stunt of the evening, students of Coggin Ward school were awarded a basketball. Their stunt was patterned after a football game, slow motion of the players being the eye-catching feature of the stunt. The McDaniel School near here won second place in the stunt contest. They featured a "Kitchen Band," a band made up of students making music on kitchen instruments, such as dishpans or fruit jars. Junior High School won third place in this contest.

Music for the evening was furnished by the Colts Band of Brownwood, under the direction of Merle Baker. This fine group of boys played a number of selections and were very much appreciated by the large audience. Lon Smith, Jr., son of Mr. and Mrs. L. L. Smith, gave a tap dance which was very amusing.

The Daniel Baker Girls pep squad and the High School Girls Glee Club sang several numbers and were outstanding events of the evening. The Junior High School Glee Club also sang. Each member present were dressed in Halloween costumes and the legendary harmony was carried out throughout the program.

### CAFÉ ROBBERY CHARGE ADDED TO LIST HERE

The identification of Tom Bird Ervin and David L. Cates, alias Dave Kimes, as the two men who held up and robbed the Union Cafe October 9, was made by Lawrence Brown, night man at the cafe Tuesday, according to Sheriff M. H. Deenan.

The two men identified have already been charged with the robbery of the W. H. Thompson pawnshop and the Brownwood State Bank, and according to the sheriff one of them, Ervin, has been identified as one of the two men who held up the First National Bank last March.

### MARRIED SATURDAY

The Banner-Bulletin

Published Every Thursday by MAYES PRINTING CO., Brownwood, Texas.

Entered at the Postoffice at Brownwood, Texas, as second-class mail matter. A. D. MURPHY, Business Manager.

An Unprofitable Profession

BANK ROBBING has become so hazardous and so unprofitable that it is not occurring now as often as it did two or three years ago. The only such robbery in Texas during the past several months was that which took place here a few days ago, and those who participated in the robbery were under arrest within forty-eight hours after the crime was committed and most of the loot taken from the bank was recovered.

The action of the Texas Bankers Association in posting a \$5,000 reward for dead bank robbers was severely criticized when the offer was first made, and resulted in one or more "framed" bank robbers in which innocent persons were shot down by peace officers intent upon securing the reward. But the Bankers Association said there would be a decrease in the number of banks robbed and the number of banks shot down by robbers, and that prediction has been justified by the record of the past two years.

Locating the New Prison

SHARP DIFFERENCES of opinion have developed among the members of the Texas Prison Centralization Commission, as efforts have been made to find the best location for the new prison establishment which the commission believes should be built. A majority of the commission members favor a location "within twenty miles of Austin," which is equivalent to say "somewhere in Travis county," but it is worth while to note that four of the seven legislative members of the commission oppose that plan, and that no plan can actually be put into operation except with the consent of the Legislature.

The Centralization Commission, including its legislative members, appears to be agreed upon the essentials of reorganization and relocation. Two types of prison activity are to be undertaken, for the present at least, the industrial operations taking place within the walls of the main institution while limited farming operations continue on one or more of the present farm properties. Gradually, according to the intramural activities will be increased and farming will be curtailed, and eventually the latter will be abandoned entirely.

employment. Whether the centralized prison plant is built in Travis county, or on one of the present farm properties, or somewhere else is of comparative little importance. Moreover, it is idle to hope that after a new prison has been constructed and new industries introduced into it, the state will be able to avoid a heavy annual cost for its maintenance and operation. Property organized and industrialized, the penal establishment may become partially self-supporting, but not wholly so.

DORMITORY GIRLS HAVE DOLLS AND ANIMALS AMONG SOUVENIRS

"BA BA Black Sheep," Mary's Little Lamb, "Mamma Bear," "Papa Bear," and "Baby Bear," are alive in the girls dormitory of Daniel Baker. They may be found among the many toy animals belonging to the girls. In addition to the aforementioned animals, a survey shows there are five dolls; a clown doll, 3 baby dolls, and 1 flapper or gold-digger doll.

STUDENTS LIKE COLLEGE HUMOR BUT DISLIKE CHEAP FICTION

Another survey made the latter part of last year showed that Daniel Baker students prefer College Humor to Red Book, Liberty, Saturday Evening Post, and Literary Digest for their reading magazines. These magazines lead in sales with College Humor standing first among them all. The Red Book is a favorite with girls while the boys spend their leisure for Liberty, Colliers, and The Post.

Good Housekeeping is another favorite with the girls. Both sexes seem to like Photoplay. Faculty members, out of the ripeness of their knowledge, choose Harpers, Current History, The Atlantic Monthly, according to news stand operators. Nation's Business is another magazine that has a good sale among certain faculty members and upper-class students.

BOX OFFICE FOR BAND CONCERTS OPENED AT MEMORIAL AUDITORIUM

The box office for the selling of tickets for the two band concerts Saturday was opened in the lobby of the Memorial Hall Wednesday morning in charge of Jack Brunberg, and business was done there from the start.

WORLD REPUTATION IS GAINED BY BAND HERE NEXT SATURDAY

The United States Army Band, coming here Saturday for two concerts, has a world-wide reputation, according to Dr. S. E. Chandler, president of Daniel Baker College, and "Brownwood will have an unusual opportunity," when this famous organization gives its concerts here.

Brownwood School Notes

SENIOR HIGH

Dorothy Johnson, Reporter Friday, the Home Economics III B class entertained a few of their friends at the cottage with a bridge, forty-two, and flinch party.

Refreshments of chicken salad sandwiches, tea and lemon ice were served to members of the class, their guests, and Miss Lois Stayer, instructor.

In the general assembly, Tuesday, Dr. W. B. Gray delivered an interesting talk on the unique characters who he met on his trip to the Holy Land. However, Dr. Gray's talk did not touch on the characters alone. He discussed many of the unusual happenings also. Dr. Gray's outstanding point was the need of Christianity in a nation.

JUNIOR HIGH

(Sarah Pearle Wilson, Reporter) The Brownwood Junior High School football game with Cross Cut High School Friday afternoon was a victory for Junior High, the score being 27-0.

A "Halloween Ball" was given in the Soldiers and Sailors Memorial Hall Friday evening by the Parent-Teacher's Association of Senior High School. All the schools took part in the stunts. The prize basketball, was awarded to Coggin Ward. This stunt for the evening was a football game in slow motion.

The seventh grade assembly met Friday morning and practiced songs and some football yells. The students of the eighth grade assembled for their weekly program Monday morning. The Booster Club had charge of the program with Miss Perry as sponsor.

A talk was given by Mr. Wesner, Gladys Gaffney explained what the Boosters Club really is. The next number was a piano solo by Nancy Renfro. Harold Guber gave a talk on "School Spirit". Bob Harlow, the football captain discussed "How Athletes Help Our School".

Howard Payne College Notes

By FLOY NICHOLSON

Dr. B. W. Spillman, secretary of the Sunday School Board of the Southern Baptist Convention, arrived in Brownwood yesterday about 6 p. m. He came immediately to Howard Payne hall and spoke to the boys and girls who had assembled there in the dining room for their evening meal. He also spoke to the students at pep meeting later in the evening.

The Brown County Association of Workers' Conference is meeting in the Howard Payne Auditorium today. Dr. Spillman is the speaker for the occasion, and the program is as follows:

10 a. m.—Dr. M. E. Davis, President.

12:30—Lunch and dinner will be served at the college for all out of town visitors.

1:30—Devotional, Rev. J. M. Cooper.

1:45—Round table discussion, conducted by Dr. B. W. Spillman.

2:30—Report of Committee, Association organization.

7:15—Devotional. Rev. Philip Brown.

7:30—Address, Dr. B. W. Spillman, in auditorium of First Baptist church.

President Taylor is in Dallas today attending the meeting of the executive board of the Baptist General Convention of Texas.

In view of the Howard Payne- Trinity University game to be here Friday, we will have a pep meeting every night before the game except tonight. Last night we had one of the best rallies of the season. The meetings Wednesday and Thursday nights are going to be bigger and better than ever. Every citizen of Brownwood is invited to these meetings.

FLOY NICHOLSON

Dr. W. R. White, a 1919 graduate of Howard Payne College who is now pastor of the First Baptist Church of Lubbock, Texas, was yesterday elected to take the secretaryship of the Baptist State Board to succeed Dr. T. L. Holcomb, who has recently been called to pastor the First Baptist Church of Oklahoma City.

The election of Dr. White was a very unusual one. The members of the board spent some time in prayer about the matter, without even mentioning a name as a candidate. After prayer they passed cards out to the members, on which cards they wrote the name of his candidate. The cards were collected and read; Dr. White was unanimously elected. Texas Baptists feel proud of this election, and Howard Payne is proud of her alumnus, Dr. White.

High School Band Orders 25 Uniforms

Members of the Brownwood High School band will soon be attired in new and up-to-date uniforms, an order for twenty-five being sent Friday. These are to be of a cape design with overseas cap, maroon in color, and with letters on both caps and capes. H. H. S. A. Mr. Bell of the Ihlman Company, was in the city taking measurements for this order Friday.

The money for these uniforms was raised under the leadership of the Brownwood Lions Club, with D. D. McInroe as chairman of the committee in charge.

54 Brady People Reserve Seats at Army Band Concert

Brady promises materialized to quite an extent for the U. S. Army Band concert. When those at the head of the arrangement committee from the Lions Club interviewed citizens of Brady regarding tickets for the concert they were promised Brady would take forty. A check was received by Rex Gaitner Tuesday morning for forty-six tickets and already eight other reservations have been made from people from that city. Other cities are sending their representatives to hear the band Saturday in like proportion.

Large Crowd Hears Roxy Male Quartette

An unusually large crowd greeted the Roxy Male Quartette at Howard Payne College last night and a most entertaining program was presented these Brownwood music lovers by the visiting quartette. This was the opening number of the Brownwood Concert Series, a series that includes four attractions.

Many popular, as well as classical numbers, were presented by the quartette last night. In addition to this various imitations, etc., were offered to delight the large crowd that attended.

Robbery—

(CONTINUED FROM PAGE ONE)

seemed as far into the brush as possible so as to hide it.

Discovers Bloody Quilt

On examination, Mr. Joplin said, he found the quilt with blood stains on it, also blood on the rear seat and floor and spattered on the rear windows. He had by that time heard of the robbery and reported the matter at once to the sheriff.

This car, the sheriff thinks, is the one in which the robbers escaped from the city directly after the holdup. He said that on the ground under the place where the wounded man had lain on the quilt were found evidences of a pool of blood.

The sheriff is of the opinion that the man not wounded must have

phoned for the taxi to take them out of the county, or that possibly he came back into town for it.

White Refuses to Talk

With all this evidence at hand, both the sheriff's department and the police have rounded up all suspicious characters in the city since the hold up and have questioned them.

Bill White, one of the first brought into the net, remains in the county jail charged with a part in the crime, but so far the officers have not been able to get a word out of him.

The bank was held up Thursday shortly after noon when only Earl E. McClatchy, assistant cashier, was in the building. Three unmasked men took at pistol point a majority of the cash in the vault and a package of currency from the vault and placed McClatchy in the vault. He was able to get in one shot at one of the men with a shot gun as he was leaving the back of the cages, and at the time it was thought he wounded the man with a part of the load.

The sum stolen was found to be \$17,120, covered by insurance. No

reward had been mentioned by the bank for the recovery of either the money or the robbers.

Several persons heard the shot fired and saw the three men run from the bank down Lee street. These witnesses have been closely questioned by the authorities and it is thought that a couple of them in addition to Mr. McClatchy, identified White as one of the trio. On this identification the charge was placed against White.

Another angle to the story comes from Sheriff Denman. He said that a woman in Brownwood who claims to have the power of healing by remote control told this story to the sheriff.

She said that Thursday evening she was approached by another woman who said she wanted her to heal a man who was bleeding severely.

"Who is it you want me to heal?" she is reported as asking.

"I can't tell you who it is," this woman replied.

But the healer insisted that she had to know who it was before she could do any good, and the second woman finally said that it was a man who was badly wounded and a close friend of her son's.

Identity Uncertain

Officers here are uncertain as to who the three might be who have been taken in Wichita Falls, the names not checking with their information. This matter is expected to be cleared up Saturday evening when the prisoners and their captors are expected to arrive in Brownwood.

"Shorty" Stevens, said to be owner of the car in which the trio were found in Wichita Falls, was arrested at 8:40 a. m. Saturday evening by members of the city police force including Sam L. Morris, W. D. Roberts and P. J. Walker.

After being questioned he was turned over to the county for further questioning by District Attorney Walter U. Early.

All day the state examined witnesses, "Shorty Stevens" being sent back to the city jail and held there for further investigation.

Two of Bill White's sisters appeared before Mr. Early and were questioned, one of them, Fanny, being put in the county jail and held for further investigation.

Maggie McFarland, daughter of Jennie White Pilkington, and a sister of Bill White, swore that she was thirteen years old and married. She was also questioned by the state and made a signed statement.

WTCC Director

W. P. Murphey of Brownwood, district manager of the Texas Power & Light Company, who has been a member of the board of directors of the West Texas Chamber of Commerce for some time, was again elected to that position at the convention at El Paso last week.

RURAL AID SCHOOLS IN COUNTY IN GOOD SHAPE SAYS SWINDLE

"The purpose of the rural aid law is in a measure defeated whenever children do not enjoy throughout the entire term the benefits provided therein," is one statement found in a letter to County Superintendent J. Oscar Swindle from Mary Shipp Sanders, chief supervisor of rural schools, state department of education. The letter had to do with information regarding state aid schools, score cards and consolidation. One part of the letter related to the equipment required in such state aid schools, and follows: "All equipment required in the state aid schools should have been provided and grounds and buildings should have been made clean and sanitary before the opening of the school. It is suggested that the county superintendent ascertain whether these requirements have been met, and to urge trustees to supply lacks so that the children may not be deprived of a sanitary environment and necessary equipment."

Mr. Swindle said that the schools in Brown county are well supplied with the necessary equipment referred to by this letter and that the sanitary conditions are better than in any previous year. He said that much attention has been given to the beautification of grounds this year, more so in fact than ever before.

Outhier Spuds in Ethridge No. 16

G. C. Outhier of the Royal Petroleum Company spudded in the Ethridge No. 16 on the Ethridge lease southwest of town, yesterday morning. No. 15, completed a few days ago at a total depth of 391 feet, is a nice producer.

Other wells on the lease have been cleaned out during the last few days and are now pumping. The six producing wells now on the lease are making a total of about 20 barrels daily, according to latest reports from them.

MORTUARY

MRS. K. K. PERKINS

Mrs. Katherine Knight Perkins, 72, for about 40 years a citizen of Brownwood, died at 4:40 Friday morning, death coming after an extended illness. Mrs. Perkins was born October 7, 1856, and only a few days ago had observed her 73rd birthday. Mrs. Perkins was born in Indiana but came to Texas in early life and to Brownwood when a young woman.

Mrs. Perkins was a member of the Austin Avenue Presbyterian church and had been prominent in the work of that church throughout the 40 years that she has lived in this city. Coming to Brownwood and into the church of her choice at the time she did, Mrs. Perkins was given the pleasure and privilege of watching the church and community grow from very unpretentious beginnings until reaching their present status. To her many friends, Mrs. Perkins has always been a living example of the teachings of the Christ whose cause she has championed. And too, she has been to them a true neighbor, a devoted wife and a loving mother.

Mrs. Perkins was a widow, but three daughters survive to carry on the work that has been laid aside by their mother in death. These are, Misses Mary and Grace Perkins and Mrs. Aubrey Dyer, all of Brownwood. In addition to these there are six grandchildren and three great grandchildren surviving.

Funeral services will be held Saturday morning at 9 o'clock from the family residence at 908 Irma Street and will be conducted by Rev. R. B. Twitty, pastor of the Austin Avenue Presbyterian church. Burial will be made in Greenleaf cemetery. McKinis Funeral Home has charge of arrangements.

VIVA LEE MERRELL

Funeral services for Viva Lee Merrell, 20, were held at 10:30 Monday morning from the residence of a sister, Mrs. Ernest Shanks, 2207 Brown Street, with Rev. Roy Lanier, officiating. Miss Merrell died Sunday morning about 11 o'clock. Burial was made in Greenleaf cemetery.

She was born March 24, 1909 and was the daughter of Mr. and Mrs. R. A. Merrell, 1006 Victoria Street. She is survived by her parents, two brothers, W. C. Merrell, L. B. Merrell and four sisters, Mrs. Ernest Shanks, Mrs. Charles Smith, Misses Dora and Laura Merrell, all of Brownwood.

Pall bearers for Miss Merrell's funeral were: Frank Tatum, Sam Loggins, Benny Lockhart, Roy Lockhart, Vernon Prater and Tom Godwin.

HABEAS CORPUS CASE AGAIN BEFORE COURT EVIDENCE IS HEARD

Intimate love letters from a young husband to his bride were read before an audience of about one hundred people in District Court Saturday morning when the Turner habeas corpus case came before Judge E. J. Miller.

Mrs. Rose Turner last month opened action against Mr. and Mrs. William L. Turner of Brownwood and Mr. and Mrs. Tom Stone of San Angelo to produce her husband, William L. Turner, Jr., who she says are influencing him to stay away from her.

The action came in District Court the early part of September and was postponed to October 3, and then repeatedly postponed. The entire morning was taken in reading parts of eleven letters sent young Mrs. Turner from her husband when he was in Camp Palacios with the National Guard soon after they were married. The reading was made by the plaintiff's attorney to show the young man's love for his bride, and the letters were full of the most endearing terms.

Wilkinson and Wilkinson and Callaway and Callaway are representing Mrs. Rose Bowden Turner while E. M. Davis and Walter Woodward of Coleman are representing the other side.

No decision has been returned by Judge E. J. Miller on the habeas corpus proceedings in district court Saturday when Mrs. Rose Turner asked for the release of her husband, William L. Turner, Jr., from the alleged holding of him by his parents, Mr. and Mrs. William L. Turner.

The entire morning session of the case was taken up with the reading of love letters from young Turner to his bride shortly after they were married and while he was attending the National Guard camp at Palacios.

The defense took most of the afternoon at which time a long deposition of Young Turner was read in which he stated that no one was holding him, that he left his bride of his own free-will because he thought he should continue his education. It was taken in Boston where he is said to be convalescing from an appendix operation.

Witnesses were heard, parents and relatives of Turner denying they had ever even advised the young man to separate from his wife.

Judge Miller stated that the case will set a precedent in the state, and that he would have his decision sometime probably this week.

Young Mrs. Turner is the daughter of Mr. and Mrs. M. T. Bowden. The couple were married July 20 by Rev. C. A. Johnson and lived together until August 22. They are both about nineteen years of age. Mr. Turner, Sr., is the former Brownwood postmaster.

Jack Laxson is Slightly Injured

Jack Laxson, son of D. E. Laxson, barber at the Southern Hotel Barber Shop, was slightly injured today at noon when his leg was caught between two cars. Young Laxson was standing on the running board of one car and when another attempted to pass, Laxson's leg was caught between the two. No bones were broken and Jack escaped with only minor bruises.

TO HURRY MATTERS ON HIGHWAY 10 SO THAT WORK MAY BE STARTED

The property needed for that part of Highway 10 between Brownwood and the Comanche county line will cost around \$20,000, \$2,000 of the Jury of View's report having been cut by the Commissioners Court in session recently.

In order to let the contractors get busy on the road deed will not be required to be signed by the property owners, but the court will soon pass an order condemning the land to facilitate matters.

The court, in session Monday, decided to advertise for bids for a three wire, cedar post fence on both sides of the right of way for the nearly fourteen miles of this route.

A number of double renditions were cancelled by the court at this last session.

# SIMMONS WILL OPEN FRIDAY WITH PIRATES

WITH the current week's grid schedule completed, all teams in the Texas Conference will have conference competition for the 1929 season. Of the eleven in the conference, four have already faced fellow members, two of these having played two games. However, Simmons University and Trinity University have not tried their wares against a member team but when the current week has ended, these two will have had one fling at 1929 Big Six opposition.

Howard Payne's Yellow Jackets, undefeated 1928 football champions and one of the leaders at present in the 1929 campaign, face their second conference for this week, but St. Edwards, tied with the Jackets for the conference leadership, will go outside the circuit again for this week's football dish. The Saints will take on the Rice Owls, the team not being coached by Jack Meagher, former St. Edwards mentor.

The Yellow Jackets, who loom as the best in the Big Six again, remain at home this week to face the Trinity University Tigers. This game is billed for Friday and will be as far as Big Six competition is concerned.

The Jackets have only two tie games to mar their 1929 record and with one of these ties being with S. M. U., Jacket followers have little to offer in the way of regrets for games played to date. The Brownwood eleven opened its 1929 campaign with the 13-13 tie against the Mustangs and in so doing clearly outplayed the Ponies. Following the game with S. M. U., the Jackets returned home to smother the Southwest Texas Teachers under a 34 to 0 score. One week later the Yellow Jackets invaded Abilene for a clash with the McMurry Indians and were greeted by a surprisingly strong flock of Redskins and held them to a scoreless tie.

With these preliminary skirmishes disposed of, the Yellow Jackets came back to Brownwood to open their conference schedule in a blaze of glory by thumping the Austin Kangaroos 21 to 0. In this game the Yellow Jackets showed to better advantage than at any time during the season, and forecast to other conference members that the Brownwood team is again to be reckoned with in the 1929 Big Six title chase.

Last Saturday the Yellow Jackets journeyed to Stephenville for a clash with the John Tarleton Plovers. After being held scoreless through the first half of this battle, the Yellow Jackets opened up and scored almost at will in the last half, registering 33 points before time halted their assaults on the Tarleton goal. This victory was won despite that the Yellow Jackets were more or less crippled.

Trinity University comes to Brownwood with a season's record that is none too good but at that the Tigers have shown much improvement as the season has progressed. This will mark the Tigers' first conference game under the coaching of Logan Stollenwerk and Roy Dillon, new Tiger mentors. The Tigers will be accompanied to Brownwood by the entire Trinity student body. A special train will bring the Waxahachie delegation to Brownwood for this game.

Another Texas Conference team to open its 1929 campaign this week will be the Simmons University Cowboys, an early season favorite to top 1929 honors. The Cowboys have had more or less success in early season games, having won three and lost one. Victories have been annexed by the Cowboys in games with the Texas University (second team), Daniel Baker and West Texas. The Cowboys lost T. C. U.

Coach Bridges' 1929 aggregation will take on the lively Southwestern University Pirates in Abilene Friday in their opening conference clash. And it is needless to say that the Cowboys are favorites to cop from the Pirates inasmuch as the Georgetown team already has been eliminated from the Big Six race by defeats at the hands of St. Edwards and Austin College. It seems that Coach Lefty Edens has the weakest team in years and the Cowboys should cop with ease.

Austin College, having won one and lost one in two conference games to date, will take on an out of state team this week, meeting the Northwest State Teachers College of Muskogee Friday. The Kangaroos lost to Howard Payne, but evened things up by trimming Southwestern last week.

As mentioned before, St. Edwards will meet Rice in Houston Saturday. This is one of these pupil versus teacher affairs and according to present indications, the pupil, Al Sarafin, is due to win from the teacher, Jack Meagher.

# BILLIES MEET CANYON BUFFS IN FIRST TILT

AFTER meeting six non-conference eleven in succession the Hill Billies of Daniel Baker, 1928 football champions of the T. I. A. A., are now confronted with their 1929 conference schedule, which includes games with West Texas Teachers, McMurry, Southwest Texas Teachers and Abilene Christian College in succession.

Throughout the current season the Hill Billies have been more or less of a mystery to other teams of the T. I. A. A. and Texas Conference. With the loss of six veterans of four years pasting with the Billies, as well as losing several other letters from the 1928 team, the 1929 Blue and White team of Coaches Blair and Brod was not expected to do a great deal, but this outfit has fished real football at times.

The Billies opened the season with an easy 20-0 victory over John Tarleton. But what little glory that was gained in this victory was lost the following week when the Billies succumbed to a powerful T. C. U. attack, 61 to 0. In this game, the Billies seemed to have little if anything and critics began to talk about what should be done toward remedying the apparently wrecked Hill Billy machine.

Undaunted the Blairmen came back a week later and staged the greatest rally ever seen on a Brownwood football field to overcome a 12 point lead and down the Austin College Kangaroos, 13 to 12. The Billies started their thrilling rally in the last five minutes of play and chased over two touchdowns in rapid fire order.

This victory was followed by another unexpected triumph, this being over Texas Tech in Lubbock in three years conflict, a Hill Billy team had never won from the Matadors and fans conceded the 1929 Billies only an outside chance to turn the trick this year but the Brownwood boys came through with a 6-2 victory after outfighting and outplaying the Matadors throughout.

These two victories were broken the following week with a loss to Simmons University, 15 to 0. The game was played in rain and mud that handicapped both teams. However, Simmons with a heavier team, gained a slight advantage in weather conditions. Bill Sanders, the Cowboy punter de-luxe, proved the downfall of the Blairmen in the punting duel made necessary by the wet playing field.

Then a week later the Billies came back and held their own against wards University Saints to a scoreless tie, despite that sports scribes all over Texas had given the Saints a victory by a two or three touchdown margin. And in holding the Austin team to a scoreless tie, the Billies outplayed and outfoiled the Saints. Those who saw the game are very firm in stating that the Brownwood eleven should have won.

But all of this is history, now comes the test of the season for the Billies, this being a test of their strength against conference competition. And to begin with the 1929 Blairmen must face the West Texas Buffaloes in Canyon. And to make conditions more unfavorable for the Billies, the Buffaloes have made the date of this game their annual Homecoming Celebration.

The Buffaloes showed much strength in holding the Cowboys of Simmons University to a 14-12 count last Saturday. And it is certain that the Buffs will give the Billies a real test.

Another feature game on the T. I. A. A. calendar for this week is the Southwest Texas-McMurry argument in Abilene, Saturday. The Indians are being boosted as almost certain winners of T. I. A. A. honors for the 1929 season but the game with McMurry is expected to be a hard hitting Bomba and others. To be sure the Hill Billy forward wall ground occasionally to the Saints, but this was when the play was either in St. Edwards territory or far from striking distance of the Daniel Baker goal. Break after break gave the Saints golden opportunities to score but the Billies stopped all threats at their last line in a way that left no doubt as to Daniel Baker's ability to turn back even the most determined bid for a score.

Hard Fought Game  
The game was fast, well played and hard fought from first to last. With ideal football weather prevailing the two teams battled from first to last in a let-up. Although outweighted by the Saints, the Billies made up for this by fast charging, fierce tackling and heads-up football. And to the joy of Coaches Blair and Broad, the Hill Billy running attack showed some promise of developing into a potent weapon 'ere many more days have come and gone.

Although the Hill Billies never able to push over what would have been a winning touchdown, it seemed that only late could hold the Blue and White warriors on several occasions. Early in the first quarter the locals recovered a fumble on the visitors 24 yard line and immediately launched a determined bid for a score. Bill White, freshman fullback, hit the line three times and ripped off seven yards. On the next down, one of the fastest and best executing plays of the game was reeled off by the Blairmen. Weaver took the ball from center, flipped it to Taylor who in turn shot a short true pass to Johnson, who seemed to be headed for a touchdown. But he was hauled down after a four yard gain.

Held For Downs  
This gave the Blairmen a first down on the Saints 13 yard line. Harry Graham tried left end without any luck but slipped through right tackle on his next effort. White added three more yards, but Graham failed to get the needed yardage on the fourth effort, the ball going to St. Edwards on their own five yard line.

The Saints immediately took the ball out of danger with running plays but after making two first downs, the Billies tightened and forced the visitors to punt. As the first quarter ended, the locals had the ball on the Saints' 45 yard line. Near the middle of the second quarter the Saints made a determined bid to score after an 18 yard pass had given them a first down on the Hill Billy 15 yard line. Three line plays failed to gain any ground and in despair, the Saints resorted to the air but Fannette's toss went over the goal line incomplete.

Taking the ball on their own 20 yard line, the Billies were soon out of danger, in fact it was only a few seconds until they were plunging away within the Saints 15 yard line. Graham sped around right end for 20 yards on the first play but the Saints tightened their defense and Hunter, who had replaced Weaver in the lineup, punted 53 yards down the field, Johnson killing the ball on the visitors' 13 yard stripe.

Poor football on the part of the Saints gave the Blairmen a chance to score and but time denied them of the chance. The Saints hit the line on a running play on the first down and Scott fumbled. Prescott was all over the ball, recovering for the Baker lads on the Saint 12 yard line. Graham hit right tackle for two yards as the game ended the first half.

Billies Threaten Again  
St. Edwards took the kick-off following the intermission and immediately opened up with their running attack. Taylor drove first down on the next play a lateral pass from Fannette to Jansing was fumbled and Mac Miller covered the ball for the Billies on the Saint 39 yard line.

Then came the drive that almost gave the Billies a victory. Harry Graham tried various points in the line on three plays but was able to gain only 8 yards and with fourth down two to go, Hunter dropped back, took his time and deliberately passed to Graham who had sauntered into the open. The wave was good for 12 yards and a first down on the visitors' 19 yard stripe.

Graham ripped off another five yards but this gain was nullified when the Billies were taxed 15 yards for using hands on the offense. Undaunted, Hunter again dropped back and finding Graham had once more broken into open territory, heaved another pass which netted 19 yards. Graham almost got away for a touchdown but was finally hauled down. Arden Taylor was handed the ball on the next play and told to go east and he did for four yards. Captain Haskell Miller, who replaced Bill White, failed at center on the next play.

Lacked Only Six Inches  
Arden Taylor was again called on and he slipped through for two yards and a first down on the Saints' nine yard stripe. Harry Graham was called on twice in succession but could gain only a yard.

# DBC OUTPLAYS TOUTED SAINTS IN FAST GAME

DANIEL BAKER'S fighting Hill Billies stepped out Friday afternoon and upset a whole flock of dope buckets throughout the state by holding the touted St. Edwards University Saints from Austin to a scoreless tie and more than this the Brownwood eleven clearly outplayed, outgeneraled and outfoiled their visitors from Austin. Dope to lose anywhere from one to three touchdowns by those who have followed the destinies of the two teams through the current grid campaign.

The Billies under an offense that time after time threatened to push over a winning touchdown and while doing this the Blairmen presented a defense that would not yield when fighting meant possible scores.

That Daniel Baker line, a more or less unknown quality prior to the opening of the season, proved itself more proved itself yesterday by stopping the pile driving Jansing, the speedy and shifty Figari, the hard hitting Bomba and others. To be sure the Hill Billy forward wall ground occasionally to the Saints, but this was when the play was either in St. Edwards territory or far from striking distance of the Daniel Baker goal. Break after break gave the Saints golden opportunities to score but the Billies stopped all threats at their last line in a way that left no doubt as to Daniel Baker's ability to turn back even the most determined bid for a score.

# HARRIS SCORES TOUCHDOWN TO BEAT M. WELLS

BY R. C. CAMPBELL  
MINERAL WELLS, Tex., Oct. 26  
Two passes fired from the hands of Ray Taylor put an end to the most sluggish football battle ever seen on Memorial field, Friday afternoon and the Brownwood Lions downed the Mineral Wells Mountaineers 7 to 0. The winning marker came late in the fourth quarter after Taylor put an end to the fluke punt out of bounds. Brownwood's 35 yard line. Taylor shot a pass to Green, substitute for McQueen who went out on injuries earlier in the quarter, which netted 17 yards. With the ball on Mineral Wells' 43 yard line, Taylor shot a short pass to Harris who side-stepped his way up the sidelines for the intervening space and a touchdown. Gilliam added the extra point by kick from placement. There is the story of the football game.

Each of the teams played sluggish football. The Mountaineers were weakened by the loss of Chuck Bird, 196 pound fullback, declared ineligible before the game started. With no power in the backfield, Coach Holley was compelled to take Thomas, 191 pound center out of the line and shift him to backfield. The line yielded easily to the charging of Lion backs.

The Lions advanced the ball four times in the first half to within scoring distance, only to be held for downs. Once they were held on the 12 yard line after the 21, and in the second quarter two on Mineral Wells' nine yard line. In the third quarter the Lions were held for downs on Mineral Wells' nine yard line. Only twice in the game did the Mountaineers even threaten.

Lions Hold 'Em  
In the third quarter after Smith had shot a pass to Owens for 25 yards the ball was on Brownwood's 19 yard line. It went over on downs. In the fourth they advanced the ball to the same spot, only to lose it when Taylor's forward wall tightened. Brownwood made 13 first downs and Mineral Wells four. Penalties were Mineral Wells' 20 yards, Brownwood 0.

Taylor and Harris shone in the Lion backfield while Stubbs, Thomas and Roy Taylor were sparks at times in the line. Smith was the Mountaineer backfield, Light and Herring's work stood out in the line. Woodward, fast broken field runner, seemed inclined to stop as tacklers approached. He was ineffective against the Mountaineers.

Starting lineup: Brownwood: McQueen, left end; Archer, left tackle; Thomas, left guard; Banner, center; Stubbs, right guard; Roy Taylor, right tackle; Gilliam, right end; Ray Taylor, left half; Harrison, right half; Harris, full back; Woodward, quarter.  
Mineral Wells: Owen, left end; Herring, left tackle; Porter, left guard; Huddleston, center; Cunningham, right guard; Harris, right tackle; Cross, right end; Brewer, left half; Ledbetter, right half; Thomas, fullback; Smith, quarter.  
Substitutions: Brownwood: C. Thomas for Harrison; Gilliam to backfield, Thomas to end; Green for McQueen.  
Mineral Wells: Evans for Huddleston; Cunningham for Lowry; Bradshaw for Ledbetter; Lowry for Harris; Durham for Cross; Osborn for Cunningham.

# BROWWOOD'S HALF DOZEN FOOT COACHES HAVE WORKED WITH RENEWED ENERGY THIS WEEK IN PREPARATION FOR GAMES ON SCHEDULE. FEDERAL GOVERNMENT HAS JURISDICTION OVER LAKES AND RIVERS AS REGARDS THEIR NAVIGATION; WHILE THE STATES HAVE THE JURISDICTION IN OTHER MATTERS. PONDS AND BROOKS BELONG TO INDIVIDUALS, SUBJECT TO STATE REGULATIONS.

BROWWOOD'S half dozen football coaches have worked with renewed energy this week in preparation for games on schedule. Federal activity is the fact that all three Brownwood eleven face conference opposition for the week-end. The Howard Payne Yellow Jackets, first to see action this week, play their second conference game of the year, this being with the Trinity University Tigers in Brownwood Friday. The following day, Brownwood high school will be at home to the Eastland Mavericks, another one of the strong teams of the Oil Belt. This game will be played on the Howard Payne gridiron Saturday afternoon.

Although paying away from home this week-end, the Daniel Baker Hill Billies face one of the most important games of their 1929 schedule, this being with the West Texas Teachers in Canyon, Saturday afternoon. The Jackets may not be used in the starting lineup but he will see action against the Mavericks.

Eastland has a strong team, one that will compare favorably with Ranger, San Angelo and others of the district that are not considered the best, but close second best. The Mavericks have made no bones about letting the world know they intend to whip the Lions in their own backyard. But Brownwood will have a flock of red jerseyed gridders disputing all bids made by the Mavericks.

Coach Blair and his aggregation will leave here Friday morning for Canyon and that the Billies are determined to give the Buffaloes all they have, is needless to say. However, Canyon showed much unexpected strength last week in holding the Simmons University Cowboys to a 14-12 victory in their meeting at Amarillo.

Perhaps the chief cause for any unusual amount of work at Howard Payne this week, is the fact that the Jackets are on the verge of the most difficult and trying part of their 1929 schedule. The Jackets have four more conference clashes to contend with and a hard non-conference argument with the Texas Tech Matadors. And a glance at the schedule through the remainder of the season discloses a formidable array of opponents, these being Trinity University, St. Edwards, Texas Tech, Southwestern University and Simmons.

The first of this array of opposition will be encountered this week. And although dope favors the Jackets to take the Tigers into camp Friday, the Waxahachie outfit is sure to give the proteges of Coaches Cheaney and Keaton plenty to worry about. In fact a glance back over the past encounters with the Bengals will reveal that the Tiger has never been easy pickings for the Jackets. On the other hand, the Jackets have won by more or less narrow margins. In fact they have not always won.

And added cause for worry among Jacket followers this week is that the 1929 Howard Payne team will be facing an inspired team, one that will be boosted on to play better football than able to under less favorable conditions. This inspiration will come from the fact that the entire student body at Trinity will follow the team to Brownwood on a special train.

The Tigers are coming to Brownwood determined to stop the team that is feared most in the Texas Conference. In truth Logan Stollenwerk, Tiger mentor, has drawn a stiff assignment in the first conference game for his team, a team that he is coaching for the first time in his career of building football teams.

Hence, it is idle talk to state that

# NEW PLAN OF ORGANIZATION FOR W. T. C. C.

**BY FRED DYE**  
 Associated Press Staff Writer  
 EL PASO, Texas, Oct. 28.—(AP)—The West Texas Chamber of Commerce in the final session of the eleventh annual convention today reorganized its physical and financial structures by adopting a new set of by-laws.

Looking towards centralizing and democratizing its government, provision was made for sharply reducing the present unwieldy and largely inactive board of directors and for the constitution of an executive committee.

Provision also was made for an annual audit of all accounts of the body and for bonding all employees handling funds.

Instead of a long string of vice-presidents, the number hereafter is to be two, who, with the treasurer and general manager, will complete the official staff.

**Chosen by Directors**  
 The president and vice presidents will be elected by directors from their own members, with the treasurer and general manager appointed by the board of directors.

The area of the West Texas Chamber hereafter is divided into 10 regions with 10 memberships as a minimum unit and 100 as the

maximum. Each area will be permitted to name one member of the board of directors, with further provision that any region can name an additional director, excepting that in no event could any region have more than three directors.

The executive committee is to be made up of the president, vice president, immediate past president and one man from each of the 10 regions, totalling 14, with five to constitute a quorum. The board of directors will be the supreme governing body, with power to direct the executive committee.

Provision was made for continuing the present system of selection of directors and officers in 1930, with the new system effective thereafter.

**Nominate Directors**  
 The nominating committee announced a long list of selections for directors for the next year, with confirmation merely a formality.

They included:  
 R. W. Haynie, Abilene; A. P. Duggan, Littlefield; R. Q. Lee, Cisco; D. E. Aynes, Crosbyton; P. B. Rolls of Rolls; R. L. Russell, Baird; J. Claude Well, Memphis; Gene Howe, Amarillo; W. J. The convention was given an international tinge when Francisco Almeida, Governor of Chihuahua, and Francisco Terminal, secretary of state of Chihuahua, spoke. Both expressed hope for a growing friendship between Mexico and the United States and assured welcome and protection for United States capital invested in Chihuahua.

## CAIN ANDERSON CASE REVERSED

AUSTIN, Oct. 30.—(AP)—The case of Cain Anderson, convicted in Van Zandt county on a charge of unlawfully disturbing the inhabitants of a private home and given eight years in the penitentiary, was reversed and remanded by the Court of Criminal Appeals today.

The offense was alleged to have been committed in Harrison county, but the case was sent to Van Zandt county on change of venue.

It was alleged Anderson was one of four masked men who entered the home of J. H. Richardson and took Richardson and his wife out and whipped them.

## PROPER FEEDING AND CARE INCREASE THE PROFITS ON POULTRY

BRADY, Texas, Oct. 29.—(Sp.)—That the proper feeding and care of turkeys will not only bring increased profits per bird, but will also prevent heavy losses in the number of birds, has been shown in experiments conducted by Frank Hurd, local breeder of purebred stock.

Hurd, who during the past five years has developed one of the best flocks of breeders in this section, records less than a 5 per cent loss in his flock of 450 birds this year.

"Care, attention and feed are the three main requirements in successful turkey raising," the Brady breeder states.

That the profits in raising turkeys lie in the proper feeding was demonstrated by the Hurd pens last spring, when he took two pens with one tom and four hens of equal good quality, in each, and fed Pen Number One a balanced ration, while the birds of Pen Number Two were given the average range diet. The experiments showed that the four hens in Pen One fed on balanced rations, laid from 23 to 26 eggs each in the first litter and 18 to 20 eggs more in the second litter, or a total of 41 to 46 eggs each in the two litters, while Pen Two, fed the regular range menu, did not have a hen which laid more than 15 eggs.

This fall Hurd is making an experiment with a specially prepared commercial feed for the fattening of birds for the market during the 30-day period before they are sold.

While the culls are sold on the local market, the Hurd farm each year sells several hundred of its very best birds as breeders to customers all over the United States. Special attention is being paid to the constant improvement of the breeding stock.

Hurd is proud of the fact that during the past three years he has not exhibited a single bird which did not win a place in the numerous fairs in this section.

The Hurd farm is located 4-1/2 miles east of Brady. It is a tract of 330 acres of hilly, rolling land, with plenty of shade and good drainage conditions. Besides his turkeys, which net him several thousand dollars each year, Hurd also has a profitable flock of sheep, chickens, some dairy cows, 80 acres in cotton, 30 acres in maize, 10 acres in corn, and a splendid garden during the greater part of the year.

Besides running this big turkey farm, which ordinarily supplies plenty of outlet for the average man's energy, Frank Hurd has retained his old job as foreman in one of Brady's oldest and largest garages. He drives four and a half miles into town each morning, goes home for lunch, and back again immediately after working hours in time to attend to his turkeys. During the day his wife is in full charge of the turkey end of the Hurd's business.

## CARPENTER SAYS HE HAD SUFFERED 50 LONG YEARS

Brownwood Man Says He Can Now Eat and Enjoy Things Since Taking Orgatone. He Hadn't Touched in 30 Years.

R. C. Trawick, one of the best known carpenters and builders of Brownwood, Texas, who resides on West Main St., comes out plain with this statement that he has been a slave to a bad form of constipation for fifty years and that Orgatone, has gotten him over it and made him feel better than he had felt since he was a young man.

"Yes, sir," said this well-known carpenter a few days ago. "It's an actual fact. I had been flat on my back, in bed, for 22 weeks, when I commenced to take Orgatone and it is the only thing that put me on my feet again, and I have gained thirteen pounds in weight."

I had that down-and-out feeling that makes a fellow almost ready to give up. All the time I suffered with a sour stomach, bloating up from gas, and racked with pain. My food was all the time being belched up, and I tell you it was plumb full of misery.

I tried all kinds of medicine, first one thing and then another, and I spent a whole lot of money, but it was no use, the pains in my stomach kept right on bothering me there wasn't any rest for me, day or night. All night long, I rolled and tumbled from one side of the bed to the other, and morning found me all worn-out and good-for-nothing."

"I had gotten so weak, I was forced to go to bed, with my troubles, when I began to hear my neighbors talk about how well Orgatone was making them feel."

"And now," he continued, "I just want to tell you this. After fifty years I've found medicine that hits the right spot. Orgatone has freed me from pain and made a different man of me. It has given me health and happiness, two things which money won't buy and has done me more good than all the other medicines I have taken put together, and I certainly am proud to find a medicine that can do what this Orgatone's done for me."

"For the first time, in over fifty years, I know what it is to be rid of constipation, what it means to sit down to a meal, and eat things like pie or cake and onions and cabbage without being afraid of nearly dying. I sure do appreciate what Orgatone has done for me, and I shall always sing its praises."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not so-called secret or patent remedy but a new scientific bile treatment and is sold in Brownwood, exclusively by the Camp-Bell and Peerless Drug Stores. (Adv.)

## W. A. ROUSSEL JOINS GENERAL SALES FORCE OF CARPENTER & WOOD

W. A. Roussel, who has been secretary-treasurer of the Roussel-Robertson Company since the organization of the firm in 1916, and end of his relations with the company last night, in accordance with plans under way the last few days, and has accepted a position with the Carpenter & Wood organization.

In his new position, Mr. Roussel will be general solicitor for all types of insurance handled by his company, but will specialize on life insurance. The company represented a connection with the LaMar Life Company of Jackson, Mississippi, with the Texas headquarters in Dallas.

Regarding his old connection with the dry goods firm Mr. Roussel said he would like to personally thank all his friends in Brownwood and throughout this section for their business given the firm during his connection with it, and to express his appreciation of the pleasant relationships, both of a business and personal nature, that he has enjoyed with the people of this country during his residence here.

## Men Still Being Held As Result of Bangs Road Crash

Two men were still in jail Saturday noon in lieu of one of them paying a fine and the other in making a \$1,000 bond. Ray Harp was fined \$15.65 for being drunk and could not pay it, and W. P. Rich, is charged with driving a car while drunk, and was allowed a \$1,000 bond by Judge E. T. Perkinson.

Both men, who say they are from Sweetwater, were in a coupe which crashed into a car owned and driven by W. Rochester on the Bangs road Thursday night.

## Wants Ratliff Sanitary Hearing Held at Eastland

HUNTSVILLE, Texas, Oct. 30.—(AP)—Seeking transfer of the sanity hearing for Marshall Ratliff, bank robber, to his jurisdiction, Joe E. L. Jones, county attorney of Eastland county, had a conference arranged today with Walker county officials.

The sanity hearing motion was filed in Walker county, but the Eastland representative believed it should be held there because the crime was committed in Eastland county.

Ratliff was found guilty of participating in the "Santa Claus" hold-up of a Cisco bank in December, 1927, so called because one of the bandits was dressed in Santa Claus costume. One of his partners has been electrocuted for the crime, and another is a fugitive from justice. In an affidavit signed by his mother, it was alleged Ratliff's 22 months in the death house here had caused him to become insane.

## TO OFFER COUNTY FAIR RACE TRACK FIELD AS TEMPORARY AIRPORT

To Lee Watson, a director in the Brown County Fair Association and the chairman of the airport committee of the Chamber of Commerce, was given the work of making a deal with those interested in the use of the fair grounds as a temporary airport.

The fifty acres within the center of the mile track in front of the grandstand was thought by members of the fair board at a meeting held in the Chamber of Commerce Tuesday, to be suitable for a temporary landing field, and the board passed a motion to offer it for this purpose.

This action was taken after it was learned a San Angelo-Fort Worth airline was contemplating making Brownwood a port of call.

The board decided to use every effort to make the 1930 fair here the best Brownwood and Brown County has ever seen and will work with that goal in mind.

A meeting of the fair directors will be held at 10 a. m., Saturday, November 9, for the purpose of discussing plans for next year's exhibits and revising the score card where necessary, according to O. P. Griffin.

DALLAS, Texas, Oct. 29.—(AP)—A man, arrested here last night, was held today for Abilene officers in connection with the theft of \$2,500 worth of furs and wearing apparel from a store there recently. A part of the loot has been recovered in Dallas.

# Bustin' & Mergin'

(A NEW FIRM IN THE TIRE FIELD)

Yes, sir-ee, they're changin' hands fast. A year ago there were many first-class, independently owned tire service stations in Brownwood. Today hardly half a dozen of them own their businesses—"taken over" by the manufacturers—that's the story—and ever so quietly.

**HOW COME?**

Certain tire manufacturers have decided to operate "factory-owned-manned-by-clerks" stations. Naturally this group "stacked the cards" so their dealers would "bust"—thus they could be 'taken over' cheaply.

Other tire manufacturers are equally definitely lined up with the independent retail tire dealer. Our manufacturers are among this latter group—their don't seem to want to "turn taxpayers into clerks."

**HOW 'BOUT YOU?**

This business is owned and operated by Brownwood citizens and taxpayers—just as it has been for many years—no one else on earth owns a dime of it. If you like to deal with Proprietors—Citizens—Taxpayers—deal with us. If you like absentee-ownership and clerk-contact, deal with one of the concerns that has been "taken over."
