

## Crops Get Timely Lift from .50 Rain; Total to Date: .72

President Eisenhower in his inaugural address Monday was talking for most of his countrymen when he expressed friendship for the people of Russia while criticizing the Communist bosses who are responsible for suffering and slavery in their own lands and constant tension in other parts of the world. We fervently hope that the president's convictions on that subject will be the guiding force behind a firm policy which will hasten the arrival of lasting peace and world harmony.

The day before our chief executive held out this ray of hope to the world the people of Poland voted their overwhelming repudiation of the Moscow mobs. True, their election had offered only a choice between two evils. One was the national brand of communism as preached by Tito, the other was the puppet brand which takes its orders from the Kremlin. The Poles took the lesser of the evils . . . while wishing in their hearts that the election had been really free and they could have ousted all kinds of communism.

There is significance also in the fact that the big shots of Russia and China called a sudden pow wow only a few weeks ago. It's plain to see that they are worried and Khrushchev revealed his personal panic by trying to revive the Stalin myth which he was so determined to tear down only a few months before.

Reasons for the sudden reversal of policy are obvious. The Kremlin fellows have discovered that they are only second rate communists and that old Joe knew a lot more than they did about running that kind of government. Cruelty, treachery, and the other crimes which were condemned before are actually virtues according to communist standards. They are the methods, on which the party thrived and they must be re-installed to continue the red conquest. In effect the communist world was being advised of efforts to return to the iron fisted policies of Stalinism.

The red leaders would have been more realistic had they simply admitted that the trouble is with communism itself, not this or that variety of communism. Unmistakable signs are staring them in the face from all sides. The pitiful standard of living reveals it as an economic mistake. The sullen attitude of people reveals it as a social mistake. The difficulty of bringing a tiny satellite back in line reveals it as a political mistake. The wholesale desertion of troops in Hungary indicates that it will prove a military mistake if and when a showdown comes.

The plain truth is that the mighty Soviet empire has reached the beginning of its end. It is on its way to a downfall and it will get there in a hurry if it risks armed conflict with other nations. It is not able now to cope with trouble at home and abroad. Soon it will not be able to cope with affairs at home.

The circumstance in general lends tremendous significance to the president's inaugural statement, but it also places tremendous responsibility on our administration to follow a course which is firm and correct. It would be rather futile to assure oppressed people that we are pulling for them but to follow official policies which favor their bosses.

Now more than ever before is the time to place communism in its entirety on our black list. We should lower the boom on all the commies in this country. We should strive for a clear cut UN policy which forces its red members to abide by civilized standards or be thrown out of the organization. We should assure people in all the threatened countries which are infiltrated by communist organizing goons that they need not submit to red pressure. We must announce to the world that no communist big shot, including Tito or others of the Tito variety, will be allowed as diplomatic guests in this country. The idea in general is to ostracize the reds in the family of nations while insisting that they keep their ugly schemes out of the affairs of other nations.

This does not mean that we suddenly declare our country as the official monitor of world affairs. It does mean that, in our undisputed position as leader of

A timely shower of an even half inch early Tuesday morning helped nicely to sustain local crops while waiting for more substantial moisture. Along with last week's drizzle of .05 inch and the .17 received early in the month, this shower brings the rain measure for 1957 to .72.

This is considerably less than received a year ago when the first month's rain added to 2.39. However other circumstances are prevailing now. The preceding three months had a total of 7.53 whereas the three months preceding last January had only .55. Soil is still better supplied than a year ago. Plant life, though not thriving, is well able to hang on for a while, especially while weather is cool.

According to some reports in the community this week's shower may have also served another useful purpose. Red spiders have been discovered in some fields, and, if it is true that good rain is the best treatment for them, the Tuesday rain may possibly have eliminated many of the pests. In that case the combination of more moisture and fewer parasites could be especially helpful to crop prospects.

One of the more observant readers has disclosed the Enterprise did a poor job of adding to determine last year's total rainfall. He was right. A check up shows that last year's total measure actually was 19.06 instead of 19.56. The record dry year was even dryer than we reported.

## Parochial Cagers Split with Dallas And Cowtown Teams

Results of basketball games at Sacred Heart High followed their usual pattern this week. The girls won two and the boys lost two.

The boys games made up the first half of their season in Southwest Academic League district competition. Laneri and Buckner are the only loop opponents since Catholic High of Waco quit the North Texas schedule.

In the parochial gym Friday night the Tigerettes had a busy night earning their 46-38 win. They led from the start but never by enough margin to let up on the pressure. Scores for the first three periods were 11-7, 24-13 and 34-25. Derichsweiler, recovered from a knee injury during the holidays took up her old spot as top scorer with 17. Other scorers were Schilling 9, Bayer, 8, Mages 6 and Haverkamp 6.

In the boys' game the visitors had the advantage, jumping to a 10-4 first period count and stretching it to 26-8 at intermission. After that the Tigers made a better showing but were not able to close the gap. The third period score was 30-18 and the final count was 40-25. Walterscheid made 10, Friske 6, Mollenkopf 5 and Hartman 4.

Playing at Fort Worth Tuesday night Sacred Heart girls bested OLV Academy 40-31. They had the game practically iced away in the first half with a 24-9 lead and finally settled for a 40-31 win. Top scorers were Derichsweiler with 20 and Mages with 12.

Laneri's stout cagers took an early lead and gained in every quarter to dump Sacred Heart by a 55-33 score. Tallies ending the first three periods were 13-7, 26-13 and 44-23. Tiger scorers were Walterscheid 13, Kartman and Henscheid 8 each.

Cancellation of the game with Catholic High of Waco leaves Sacred Heart boys idle Friday night. Girls, however, have scheduled a game with the State Training School of Gainesville. Tuesday night the teams will host Thackerville, Okla.

## Herr Infant Dies

Brief funeral services were conducted Wednesday at 4:30 p.m. for the infant daughter of Mr. and Mrs. Albert Herr who was dead at birth at 2:15.

Rev. Louis Deuster officiated at the graveside rites in Sacred Heart cemetery. Nick Miller was in charge of funeral arrangements.

In addition to the parents the baby is survived by two sisters, Paula and Marlene, and grand-parents, Fred W. Herr of Muenster and Mr. and Mrs. Paul Arendt of Lindsay.

## Youth Group Plans To Attend Ft. Worth Diocesan Council

Plans for attendance at the fourth annual Dallas-Fort Worth Diocesan Council in Fort Worth this weekend highlighted the regular meeting of the local CYC last Wednesday.

Several members plan to attend the program and others will be present for special events on Saturday and Sunday. Rev. Christopher Paladino, parish youth director, will be there Saturday and will return to take in the closing sessions Sunday.

This year's program for the convention will feature the theme "Enlightened Youth — the World's Leaven."

Sessions are planned Saturday and Sunday at Hotel Texas, after registration at the hotel from 4 to 8 p.m. Friday and a social mixer at Laneri gymnasium at 8 p.m. Friday.

Msgr. Vincent Wolf, diocesan youth director and general chairman of the convention, said that this year's youth meetings will be dedicated to "the suffering youth of the world."

Religious services at St. Patrick's Cathedral will be at 8 a.m. Saturday and pontifical

## Muenster Hi Cagers Lose to Valley View Split with Alvord

The long awaited win for a Muenster High basketball team came Tuesday night when the local girls breezed past Alvord by the comfortable count of 64-45. It was their first out of seven conference games to date. The boys also have a record of one win and six losses.

Playing Alvord here the girls hit their stride early for a nice margin and gained steadily until the last quarter when the visitors took up some of the slack. Scores ending the periods were 14-4, 30-10, 50-26 and 64-45.

Haverkamp's accuracy at the foul line helped considerably in piling up the score. She made 23 on the charity tosses and a total count of 31. Pat Cain scored 16 and Pick 13.

A pitiful record on free shots, only 13 hits in 38 tries, was a big reason for the girls 38-35 loss at Valley View Friday night. Muenster trailed 13-5 at the first quarter and tied the count at 16-16 at half time. From then on the game was close with Valley View usually in the lead and Muenster pushing hard. Leading MHS scorers were Pick and Haverkamp with 19 and 13.

Muenster's boys were humiliated by the undefeated district leading Alvord fellows, who seem to have everything in athletic talent this season. Muenster connected a few times in the first period to trail by a fairly respectable count of 21-10, but after that it was a slaughter. Scores ending the other periods were 44-11, 59-18 and 78-33. Kaderli, Richey and Wolf, with 23, 7 and 3 accounted for the MHS count.

At Valley View the boys sustained their third 2-point loss of the season. They followed by scores of 8-4 and 24-18 at the first quarter and the half, then caught up and played a see saw game through the last half. Valley View led 40-38 at the third quarter and 55-53 at the end. Top Hornet scorers were Cain 29, Kaderli 14 and Richey 8.

Next action for the Muenster teams will be Friday night at Callisburg and Tuesday night at Era.

## NEWS OF SICK AND INJURED

Mrs. Adolph Walterscheid who underwent surgery at Majors Clinic in Nocona Tuesday is recovering satisfactorily and is looking forward to returning home this weekend.

Wilfred Koelzer was dismissed from Gainesville Sanitarium Saturday following surgery. He is convalescing at the home of his sister, Mrs. Joe Hermes.

M. F. Milner will have surgery on his broken elbow again this Friday. Returning from a visit with him Tuesday, Mrs. Milner said that X-rays revealed that a pin inserted to hold the bones after the injury on Jan. 14 had worked loose and the operation will have to be done over. He is in Room 601 at Baylor Hospital in Dallas. Greeting cards will reach him at that address.

## 3 Locations, Lots Of Time to Vote for "Citizen of Year"

Muenster's "Citizen of the Year" for 1956 will be selected in a community wide election which begins Friday and extends through all of next week. The reason for the extended voting period is to give people a more convenient opportunity to vote. Most of them will be able to combine their voting with their usual trips to town rather than make a special trip.

The Enterprise provides still another convenience for the benefit of persons who wish to send in their vote, or who prefer to take more time in marking their ballots. An official ballot is printed elsewhere in this paper.

Ballot boxes will be located in the three grocery stores, Fisher's Page's and Hofbauer's. Pads of ballots will be provided beside each of the boxes.

The ballot does not list any names as candidates for the title but it does specify a list of qualifications which can be helpful to the voter in deciding who deserves his vote. Voters are expected to check the applicable reasons as a part of casting their ballots. Space is provided for adding reasons of their own if they wish.

Also expected are signatures on the ballots. The purpose of this requirement is to assure that only adult votes will be counted and also to discourage efforts at casting more than one ballot.

Results of the election will be tabulated on Monday, Feb. 4, and will be announced on Wednesday, Feb. 6, at a special dinner and program sponsored by the Lions Club in connection with a visit by the district governor. Introduction of the top citizen and presentation of an award is an added event for that program. Selection of the Citizen of the Year is sponsored by the Lions.

## DHIA Names Davis President for 1957

In the first meeting of the new year, members of the Cooke County Dairy Herd Improvement Association held the annual election of officers and named Ben Davis of Hood president. He replaces Paul Fisher of Muenster in the office.

Leroy Hay of Gainesville was reelected vice president and Paul Fetsch of Muenster was reelected secretary-treasurer for another term.

Directors elected for three-year terms are Davis, Peter Prescher of Gainesville and Martin Bayer of Muenster.

Among topics discussed during the business session were various dairy problems including the surplus milk situation and present milk prices. Also discussed were plans for the annual dairy education day to be held in Gainesville Jan. 31.

## WITH THE MEN IN SERVICE

**In Marine Corps**  
Richard Hess left Monday for duty in the Marine Corps. He took his physical in Dallas and went from there to California for boot training. He is the son of Mr. and Mrs. Ed Hess.

**Returns A Civilian**

Maynard Williams arrived Tuesday with a discharge from the Marine Corps after serving three years with duty in Korea. He had since been stationed in Washington, D.C., and flew from there to Dallas where his sister and her husband, the Ray Temples, met him. After a visit here with homefolks he has gone to Bonita to be with his parents, Mr. and Mrs. C. L. Williams until Feb. 1 when he enters the University of Texas in Austin to complete his college work.

**Has Marine Discharge**

Pat Stelzer has a discharge from the Marines after serving three years. His tour of duty took him to the Hawaiian Islands and since returning he was at Camp Pendleton, Calif. He flew from the west coast to Dallas, arriving Tuesday evening. While he is with his wife and other family members here this week he is completing arrangements to enter ETSTC at Commerce next week. His wife will go with him to make their home there.

## Poll Tax Deadline Only 1 Week Away

The deadline for paying 1956 poll taxes . . . and for becoming eligible to vote in 1957 elections . . . is only one week away.

Persons who have not taken care of that detail are urged to do it immediately before the time limit slips past and leaves them with a rating of second class citizens for the year.

The usual accommodation at the Muenster State Bank provides a convenient way for those who do not wish to make a special trip to the court house. Just pay the \$1.75 at the bank and fill out an application for poll tax receipt. The money and application will be sent in and the receipt will arrive by mail a few days later.

Indications are that the coming year will offer several voting opportunities. City and school district elections are a cinch. A senatorial election is also assured and other elections are probable if proposed legislation concerning the state school system is passed.

## Census Nears End; Notify Homsley if Child Was Missed

The scholastic census for the Muenster school district is practically under control. With the deadline still a week away Superintendent Homsley announced this week that almost all the blanks sent to parents of the district have been filled out and returned and the job of preparing a final report is well on its way.

Homsley expressed his gratitude to parents for their fine cooperation. Only a few of the blanks are still outstanding and most if not all of those are expected to come in after reminders by telephone.

All available records are being checked in an effort to avoid overlooking any of the children. The check lists are last year's census roll, the enrollment records at both schools and the list of pre-school children compiled with last year's census. Almost all names on those lists are accounted for and the remaining few are being checked.

The only children still causing concern are those whose families are not shown on the available records. This consists of the comparatively small group that will reach 6 on or before Sept. 1 and do not have older brothers or sisters in school. Parents of such children are asked to notify Superintendent Homsley if they have not been contacted before.

Complete enumeration is important because the local school operation is financed by per capita allotment for each child on the scholastic roll. If a child is overlooked the local budget loses accordingly.

Indications now are that the scholastic count will increase again this year. Homsley said the number being added is considerably larger than the number being dropped from last year's list. However, figures are not available at this time.

## Marysville Baptists Participating in 1957 State Program

The First Baptist church of Marysville is participating in the 1957 Texas Baptist General Town and Country Achievement and Recognition program with Earl Robison as chairman of the local committee. Rev. Howard T. Bigham is pastor of the church.

Each church participating in the program sets up goals in three general phases of activity: toward a better church, toward a better community and toward a better world. An inventory questionnaire furnishes suggestions such as projects for better health, education and recreation in the better community phase. Churches select their own projects for improving the church, community and world relationship.

Churches in the open country and in towns up to 2500 population are eligible to enter this program.

A large metal highway display sign is given to the winners in each of the three levels of competition. The pastor of each church receives a scroll and the state winner will speak at the state convention.

## Polio Collections Scheduled Sunday At Local Churches

Muenster's March of Dimes fund in the current campaign is due a big boost with two special collections scheduled Friday and Sunday.

In a "Teens Against Polio" march Friday night, members of the local Catholic Youth Council will conduct a porch light drive throughout the city. Persons desiring to contribute in this way are reminded to have their porch lights burning.

Sunday's collections at church doors, both at Sacred Heart and First Baptist, will be the big event in the 1957 polio campaign. Members of the VFW Auxiliary, sponsors of the drive here, will be present at all services to accept donations.

Mrs. B. J. Siebel, Cooke county chairman for the March of Dimes, in a recent address to sponsors, workers and others connected with the drive, paid glowing tribute to those who help year after year with time, effort and money to make each campaign better than the last. She also welcomed those who have joined the fight against polio for the first time in this year's program.

She told about visits to the various polio centers and of the tremendous amount of work and money required in the treatment and rehabilitation of infantile paralysis patients — all made possible through the March of Dimes. Half of the amount raised in the county remains in the county chapter fund.

Last year \$6,964.81 was raised, half going to the National Foundation. During the summer when local chapter funds were insufficient to meet the needs of Cooke county patients who still require costly care, a total of \$4,850 was advanced by the National Foundation, making it possible for the county chapter to meet these needs.

## Cowtown Delegation Boosts Stock Show

A busload of Fort Worth Kiwanis Club members Tuesday extended an invitation to the citizens of Muenster to attend the Southwestern Exposition and Fat Stock Show. Dates of the Stock Show are Friday, Jan. 25 through Sunday, Feb. 3.

The rodeo in Will Rogers Memorial Coliseum will present 400 cowboys — including all the world's champions — who will compete for \$70,000. Specialty acts, Ranch Girls barrel race, and cutting horse contest will be other features.

The traditional Western parade will be in downtown Fort Worth at 2 p.m. on opening day with many visiting bands and riding clubs.

Some 8,000 livestock entries from three-fourths of the States of the Union will be exhibited. Numerous special "days" with bands, Cowgirl Sweethearts and delegations, have been scheduled.

Mr. and Mrs. Carl Mullins and son moved back to Lubbock Wednesday after being here one year. Both Mr. and Mrs. Mullins worked at the Muenster Livestock Auction. Mr. and Mrs. R. P. Cain and family have moved back into their home on East Highway 82 which the Mullins occupied while they were here.

Cleta Sue Cannon who works for Kewanee Oil Co. in Wichita Falls is working in the Buicher district office this week.

**Mary Nell Hellman  
C. J. Newman Say  
Wedding Vows Here**

Mary Nell Hellman, daughter of Mr. and Mrs. Clarence Hellman, became the bride of C. J. Newman of Wichita Falls, Saturday in Sacred Heart church with Rev. Louis Deuster performing the double ring ceremony at 4 p.m. The groom is the son of Mrs. Nina Mae Newman of Iowa Park.

Given in marriage by her father, the bride wore a pure silk dimensional imported fabric from France in silvery blue shade. The two-piece costume was designed with a slim skirt and short rippled peplum jacket with a winged collar. She carried a blue crystal rosary, a gift from the groom, and a white prayer book topped with a purple orchid, and completed her costume with a small pearl encrusted hat. For something old she wore a handsome diamond lavalier, a keepsake from her great-aunt Mrs. Frank Phillips of Baker, Oregon.

Mrs. Monte Hellman was her sister's matron of honor and Dr. Monte Hellman was best man. Mrs. Hellman wore a cognac two-piece suit with slim skirt and short fitted coat with button effect at the back. She carried red roses.

Mrs. Hellman, mother of the bride, wore a navy crepe dress with a navy spring hat and red topper.

Anthony Luke, organist, played the processional and recessional and Jimmy and C. J. Hellman, brothers of the bride, ushered.

Following the ceremony the newly married couple went to the Blessed Virgin's shrine where the bride placed a bouquet of red roses on the altar.

After the services, a reception and dinner in the Muenster High school dining room honored the newlyweds. Dyann Hellman, sister of the bride, and Sharon Schumacher registered about 100 guests. A dance in the VFW Hall preceded Mr. and Mrs. Newman's departure on a wedding trip.

They will make their home in Wichita Falls where both are employed. He is with General Mills and she is a long distance operator for Southwestern Bell Telephone Co. Mrs. Newman is a 1954 graduate of Muenster High. Her husband is a graduate of Valley View High.

**St. Anne's Honors  
50-Year Members at  
Breakfast Sunday**

About ninety members of Saint Anne's Society attended a communion breakfast Sunday morning honoring 50-year members of the organization. Nine of the 16 honorees attended the event.

Rev. Patrick Hannon, spiritual director of the society, led the invocation and was the principal speaker. He commended members on their active program and based his address on "Creation of the World" pointing out woman's place and duties and her importance in the divine plan since the creation of Eve. Father Louis Deuster, a special guest, spoke briefly in praise of the organization and said that societies such as St. Anne's help the parish and community live long and stay strong.

The affair was held in the parish lunch room following the 8 o'clock mass. Mrs. Dan Luke was in charge of decorations and Mrs. Joe Lehnertz and Mrs. Al Walterscheid prepared the meal.

The main table for the honorees, pastors and society president Mrs. Victor Hartman, who was general chairman of the program, was centered with a Madonna statue flanked with yellow chrysanthemums. Attractive hand made cards marked places for the guests.

Half-century members present were Mmes. J. S. Horn, Barney Voth, John Walter, Joe Walterscheid, C. J. Wimmer, Ben Hellman, Fred Hoedebeck, Wenzel Trubenbach and Henry Fette.

Unable to attend were Mmes. John Eberhart, Joe Pautler, Fred Herr Sr., Mike Kleiss, Gus Knabe, Joe Hacker and John Koelzer. The latter, now living in Hereford, still holds membership in the Muenster society.

The Christian Mothers' Society was founded here in 1891 by Father Joseph Blum, then pastor, who served as spiritual director. There were 45 charter members. According to available records, Mrs. John Eberhart has the distinction of holding the longest term of membership. She joined the society 59 years ago.

**Brownie Troop 101  
To Annex Troop 80  
Until Leader Named**

Members of Brownie Troop 101 held their regular weekly meeting at the school last Wednesday with two members from Troop 80 as guests. Gayle Golden assisted Mrs. Fred Savage, leader, with the afternoon program.

The meeting opened with the Brownie promise and salute to the flag and the little girls worked on pot holders they are making for their mothers. Several have finished their handwork. Ruth Yosten was refreshment hostess and served cookies and cold drinks.

The guests were Marilyn Golden and Cheryl Savage. They have been members of Mrs. Walter Rawley's Troop. Mrs. Savage begins this week taking over as leader of Troop 80, replacing Mrs. Rawley, until another leader is secured. This will put 22 girls, 11 from each troop, together for meetings. And Mrs. Savage asks that mothers of the members attend the sessions to assist with handwork and other retails. The position of leader is open and anyone interested is invited to consult with Mrs. Savage.

**Dizzy Dozen Club  
Has Dinner Party**

When the Dizzy Dozen Club gathered Sunday night three members were birthday honorees and husbands were special guests. Mrs. J. C. Trachta and Mrs. Ray Evans were hostesses.

The social for the month was a dinner party at the Curtwood. Twenty-three persons enjoyed the meal and card and domino games afterwards.

Birthday honorees were Mrs. Ray Stewart, Mrs. Hank Walterscheid and Mrs. M. H. King. They received gifts from the club.

**Jeanette Muller is  
Birthday Honoree**

A party in observance of her birthday honored Jeanette Muller Sunday in the home of her parents, Mr. and Mrs. Matt Muller. She was 14 years old.

Her mother, assisted by Mrs. Don Muller and Mrs. George Gehrig, tended to hostess duties and served refreshment plates to 13 guests, the honoree's classmates of the eighth grade at Sacred Heart school. The refreshment table held a decorated cake.

Presentation of gifts to Jeanette preceded games and dancing to entertain the young people.

**Jeanette Haverkamp  
Has Birthday Party**

Jeanette Haverkamp celebrated her 17th birthday Sunday with a party at the home of her parents, Mr. and Mrs. Al Haverkamp. Her mother and Loretta Mages were hostesses.

More than 30 guests, classmates of the junior high school class at Sacred Heart and other friends, enjoyed an evening of games and dancing and a plate supper followed by birthday cake and ice cream.

## The American Way

By George Peck

"The Federal Government is, among other things, the largest electric power producer in the Country, the largest insurer, the largest lender, the largest borrower, the largest landlord and the largest tenant, the largest holder of grazing land and the largest holder of timberland, the largest owner of grain, the largest ship-owner and the largest truck fleet operator. For a nation which is the Citadel and the World's principal exponent of private enterprise and individual initiative, this is an amazing list."

Now, who in the world said that? No, it wasn't the president of an investor-owned electric

utility company, or the top executive of any other investor-owned company. The statement was made by none other than Rowland Hughes, until recently Director of the Federal Bureau of the Budget.

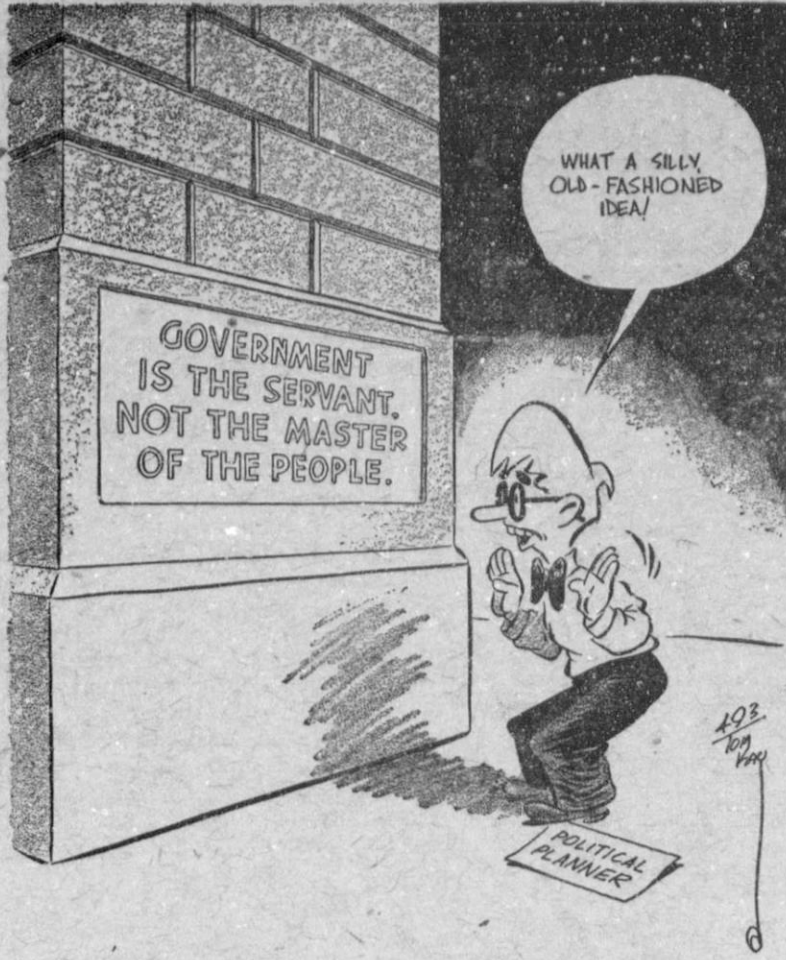

Rather frightening, isn't it, that we have permitted Uncle Sam to assume such enormous powers over business, over agriculture, over practically every phase of American life.

And the end is not yet. The President has announced that the conservative elements in the Republican Party are to be purged. If their voices are silenced, then there will be left only the conservative Southern wing of the Democrat Party to carry on the battle for freedom against further encroachment of Federal Government into the affairs that constitutionally belong to the individual states or to private operation. Unfortunately, the conservatives in the Democrat Party are greatly outnumbered by the "liberal" new dealers.

There seems to be little hope that we can look to either of our two major political parties to stem the tide toward bigger and bigger government, to say nothing of bringing about a restoration to the states and to private enterprise the many things that Federal Government has already usurped.

To a considerable degree, the business leadership of America has contributed to this trend toward big government — it has acquiesced in the Eisenhower program — participating in the benefits while either not seeing or refusing to see the dangers to freedom inherent in it. Let me hasten to add at this juncture that there are many business executives who have sensed the danger and have spoken out fearlessly against it, but also, in all honesty, it must be said they are greatly in the minority.

As stated previously, we cannot look to either of the two major political parties to rescue us from the toils of big government. Therefore, those of us who still believe in the form of society that the Founding Fathers of this nation gave us, must look for help and succor to some other agency. Since 1936, we have had little or no choice at election

He WOULDN'T UNDERSTAND!

time as both major parties have vied with each other to foist more paternalism on the American citizen.

Last November 6, T. Coleman Andrews and Thomas Werdel, presidential and vice presidential nominees of the States Rights Party, did provide an opportunity for us conservatives to register our dislike of what has been taking place on the banks of the Potomac. Upwards of 300,000 citizens cast their votes for this party — a remarkable showing when one considers it was organized just a few weeks prior to the election, that it had a mere pittance of a campaign fund, that it succeeded in getting on the ballot in only a few states and that the Middle East crisis which developed on the eve of the election caused many of its followers to vote for General Eisenhower.

T. Coleman Andrews in a post-election statement announced that he would feel discouraged if his had been an old established party and added, "... we are just starting. We are here to stay."

The States Rights Party already is gearing itself for action in 1960. During the next four years you'll be hearing and read-

ing a lot about it. We conservatives, at long last are going to have an opportunity to vote our preference for a return to the principles and precepts, fought and bled for by the Founding Fathers and passed on to us by them in the Constitution and the Bill of Rights.

### TAX-MAN SAM SEZ:

Most of us are not surprised when the tax folks tell us one of the most common errors that we make in our tax returns is failing to add and subtract right. They say that most of us add in favor of ourselves instead of in favor of Uncle Sam. Most of us would save ourselves time and trouble by checking our tax returns before we mail them. The Government has lots of adding machines and they check the tax return carefully and usually send a bill for the mistake.

## Must Mother Work?\*

By Robert C. Hendrikson

CURS IS the age of two working parents. In millions of families both husband and wife are the breadwinners. Such a situation is obviously bad, but often it is unavoidable. A broken home or illness can force a mother to work to support her family. But these situations account for only a small fraction of the working mothers. What about the rest?

In many instances the mother is only working for 'extras.' She is risking the welfare of her children to keep up with the Joneses. No doubt she is sincere in her belief that what she is doing is best for her family. Hendrikson Often it is too late that she realizes her mistake.

TAKE THE CASE of a family with four children in Iowa. After the three eldest had married and moved away, the mother decided to go to work to supplement the family income. The youngest child, a girl of fifteen, would take care of the dishes and keep the house clean.

For a time all went well. But an empty house has a tomb-like quality. Soon the girl began to dread opening the door and stepping into the lifeless vacuum. Instead she spent her

time with other children lonely and without guidance like herself. Before long she found herself in the Iowa Training School for Girls.

"YOU DON'T KNOW how empty and cold a house can be when mother is not there to talk to you," the girl explained to the Training School Superintendent. Her simple words sum up better than anything I can say the need a growing family has for the love and counsel of a mother. With no one at home to direct them, children are left to their own devices. When problems arise, as they certainly will, they must solve them in their own way.

But it is not enough for parents to be with their children. Equally important are the kind of precepts and example they offer them. A good home is a school of religious training where spiritual and moral values are impressed on the young along with their Pabulum.

ON THEIR WEDDING day, all parents were entrusted with the serious duty of rearing the children God would bless them with. If they neglect giving their children the love and care they alone can give them, then they are depriving these children of their greatest need. What's more, they are preparing fertile ground for juvenile delinquency.

**SOIL CONSERVATION  
DISTRICT NEWS**

Does your soil need the benefits of a year or two of sweet clover?

After asking that question, technicians of the local soil conservation service go on to say that if yields have gone steadily downward during the past several years a fertility build-up with a crop of soil improving legumes will work wonders for the land.

The soil is like a bank account. If nothing is put into it, there's nothing to take out.

Plant food may be maintained or added, first, by checking or controlling erosion with good land management practices such as terracing, contour farming, waterways, use of legume crops in the regular crop rotation, leaving crop residues on the soil surface, and grassland management; and second, by applying commercial fertilizers to the land.

The cheapest and best method of adding fertility to the land, soil conservation technicians point out, is to grow a legume that has been properly fertilized and inoculated with nitrogen-fixing bacteria. Phosphorus is added to the soil in the fertilizer and the legume produces nitrogen through bacteria in the root nodules, so the result is a soil that is rich in phosphorus, nitrogen and organic matter as a result of growing a legume crop.

Increased yields of crops on land where legumes have recently been grown are due in part to the fact that a properly managed legume crop such as sweet clover can add 50 to 75 pounds of nitrogen to each acre of soil. This is equal to the nitrogen that would be added if 200 pounds of

ammonium nitrate fertilizer per acre were applied to the land.

In addition to adding nitrogen, the legume crop adds tons of organic matter to the soil, the strong tap roots penetrate the compacted plow pans and open up the soil for better root and water penetration.

Legumes also protect the land from erosion while they are growing and in many cases provide a grazing, hay or seed crop.

Soil Conservation Service technicians estimate that over 17,000 acres of soil building legume crops should be grown each year on the cultivated land of the Muenster-Saint Jo area and that 75,000 acres of legumes need to be grown on the cropland of the entire Upper Elm-Red Soil Conservation District each year in order to maintain present productivity.

Sweet clover can be planted and fertilized this spring at a net cost of only \$1.60 per acre

to the land owner, if he participates in the ACP program and collects the federal cost share benefits. It's the best bargain of the year. Plan now to plant legumes this spring.

Let's see  
the decisive factors  
in the '57 Inner Ford

They show you why the new kind of Ford is worth more when you buy it, worth more when you sell it!

This Custom 300 Fordor Sedan has the Mark of Tomorrow at the low Ford price

The secret of Ford's nationwide success is this: it's a new kind of Ford... new from the wheels up... more than a last year's model with a few "face lift" changes. In a Ford the chassis, engine and body are individually engineered into one spacious rock-solid unit.

If you're a careful car-buyer with whom features count, count the new features of the '57 Ford. Then drive it! There's only one conclusion: the liveliest car in the low-price field is the completely new Ford. For the decisive facts, see your Ford Dealer.

**Cause of Disease More Important Than Name Given**

Most people, when explaining their various aches and pains to a doctor, are more anxious to have a name tagged on to the combination of their symptoms than to know the cause of their condition. They seem to be much relieved if the name applied to the condition by the doctor does not sound too serious. Speaking from a chiropractic standpoint, there is no need to diagnose or give a name to a group of symptoms which are merely effects of a deeper seated cause. When the cause of a condition is corrected, nature does the healing regardless of the name of the condition.

A doctor of chiropractic is fully qualified to diagnose, having spent many hours in the classroom studying this subject. However, we feel it is more essential to a patient's health and longevity for the Chiropractor to analyze and correct the cause of an ailment than to diagnose the condition.

Whether the cause be interference with the flow of vital energy from the brain to tissues or wrong habits of hygiene, your Chiropractor is trained to correct the one and give advice concerning the other.

### Silver Anniversary Observed Saturday By Albert Kubises

Mr. and Mrs. Albert Kubis of Lindsay celebrated their silver wedding anniversary Saturday with a mass in St. Peter's church, a brunch in their home and a reception and dinner in the parish hall.

Rev. Alphonse Mueller of Charleston, Ark., who officiated at the marriage of Catherine Voth and Albert Kubis in Muenster on Jan. 19, 1932, returned to say the anniversary mass and direct the renewal of wedding vows. The service began at 8:30 a.m.

Attendants at the wedding 25 years ago were Ben Voth and Cecilia Wiese, now Mrs. W. J. Schmitz. They were attendants again at the Saturday service.

Children of the honorees entertained with a brunch in the family home after mass. About 25 guests, immediate members of the families, attended.

In the afternoon a reception was held in the parish hall and a buffet dinner was served to about 150 — relatives, neighbors and friends of the couple. Mrs. Joe Voth of Muenster and Mrs. Andrew Zimmerer of Gainesville presided at the anniversary book. After the meal, games and

dancing entertained those present. Moving pictures were taken of the party scene. White mums, greenery and silver wedding bells adorned the hall.

Mr. and Mrs. Kubis have lived at Lindsay since their marriage, farming north of town. In recent years he has also been a car salesman.

They are the parents of six children and have six grandchildren. The children are Mrs. A. J. Felderhoff of Gainesville, Mrs. Adam Wolf Jr. of Lindsay, Alcuin, a student at Subiaco, Ark., Gilbert, Jamie and Bernard, at home.

Mrs. Kubis is the daughter of Mrs. Barney Voth of Muenster and Mr. Kubis is the son of Mrs. Elizabeth Kubis who resides in their home.

Out of town guests at the celebration included in addition to those from Muenster and Gainesville, Mr. Kubis' brother Rev. Alcuin Kubis of Scranton, Ark., Mrs. Kubis' brother and sister-in-law, Mr. and Mrs. Lee Voth of Corsicana, her uncle Joe Voth of Justin, Theresia Shriver of Scranton and Anna Siebenmorgen of Morrisons Bluff, Ark., Mr. and Mrs. Pat Schmitz of Dallas, Mr. and Mrs. A. L. Kelly and children Elizabeth Ann, Margaret Mary, Larry and Mrs. Jim Thompson, all of Corpus Christi, and the honoree's son, Alcuin of Subiaco.

For the celebration Mrs. Kubis wore a blue faille suit with black accessories and a white carnation corsage.

### Relax Announces Special Schedule For Movie Classic

One of the great film classics of all time, "War and Peace," based on the novel of that title by Leo Tolstoy, will come to the Relax Theatre for three days beginning Sunday, Jan. 27.

It is an exceptionally long picture, playing time 3 hours and 28 minutes, only nine minutes less than "Gone with the Wind" and 10 minutes less than "The Ten Commandments," the new film masterpiece just finished in Hollywood.

Because of its length the Relax calls special attention to its schedule and urges patrons to see the picture from the beginning. Starting times for the Sunday shows are 3 p.m. and 7 p.m. To accommodate late comers the box office will remain open until 9 and the picture will re-run until the last patrons have seen all of it.

Monday and Tuesday the box office will open at 7 and the show will start at 7:15. Again the box office will be open until 9 and the show will continue until the last patrons have seen all of it.

### A. A. Branch, Native Of Marysville, Dies

Arthur A. Branch, 46, native of Marysville, died Sunday morning in Odessa where he has lived for the past eight months. He had also lived in Artesia, N.M., since leaving Cooke county.

Funeral services were held in Gainesville Tuesday at 2:30 p.m. at George J. Carroll and Son chapel and burial was in Fairview cemetery. Rev. Bob Ashcraft and Rev. John King officiated.

Bearers were Lindsay, Clyde, Murrell and Wayne Branch, O. G. Rennels and Glenn Burch.

Surviving are his parents, Mr. and Mrs. N. W. Branch of Tioga; two sons, Billy and Larry, and a daughter, Doris all of Artesia, six brothers, Ira of Gainesville, Orville and Arlton of Fort Worth, Lloyd of Salinas, Calif., Cecil of Opelika, Ala., and Raymond Branch of Tioga; and a sister, Mrs. E. E. Stalcup of Odessa.

Mrs. Joe Bezner Jr. is convalescing at home after being a patient at Gainesville Sanitarium.

Annual Forty Hours Adoration services were held at St. Peter's church Sunday, Monday and Tuesday.

### Schmitz-Sandmann Rites Set Feb. 16

Mr. and Mrs. William J. Schmitz of Lindsay have announced the engagement and approaching marriage of their daughter, Aileen, to Edward Sandmann, son of Mr. and Mrs. William Sandmann, also of Lindsay.

The couple has set Saturday, Feb. 16, as date for the wedding. It will be solemnized in St. Peter's church at 9 a.m.

The bride's four sisters will be her attendants. Judy Schmitz will be maid of honor and Maxine Schmitz will be bridesmaid. Carol and Patsy Schmitz will be junior bridesmaids.

The groom will be attended by his brother Paul Sandmann as best man and his cousin Harold Neu as groomsmen.

### Bendix Dealership Comes to Muenster

A merger of the Philco and Bendix companies has brought the dealership for another appliance to Muenster. Joe Fisher, Philco dealer, announced this week that he now has the Bendix line of washers... especially the new Philco-Bendix Duomatic combination washer and dryer.

The combination of Philco and Bendix lines includes tumbler and agitator type automatic washers, conventional wringer washers and clothes dryers.

### Youth Group ...

mass will be celebrated by Bishop Thomas K. Gorman at 9 a.m.

Senior members of the council will attend a Saturday afternoon pre-Cana Conference given by Rev. Laurence Kelly of the Cana Conference department of the archdiocese of Chicago.

Panels for teen-agers will be given by students from Laneri and Our Lady of Victory, Fort Worth, and Ursuline and Jesuit High Schools of Dallas.

Sunday's events will include a communion breakfast at which talks will be given by Rev. Roger M. Charest, S.S.M. of Bay Shore, N.Y., and by Frank Hattari, 18-year-old Hungarian who participated in the Hungarian revolt.

Other activity at the local meeting was scheduling a skating party and announcement that a record player and amplifier had been bought with club funds. Caroline Hesse, president, presided for the business and social activity followed.

### Confetti ...

the free world, we have a right and a duty to lead in making the UN what it was originally intended to be... an organization to promote world peace, if necessary to enforce it.
