Federal Share in Conservation Work Will Be Increased

Federal cost-share benefits for Cooke county have been increased by the Agricultural Conservation program committee. This is one inflationary note that will sound good to local landowners cooperating with the Upper Elm-Red Soil Conservation District.

On account of increased costs of grass and legume seed this year, the amount of financial assistance offered by the federal government has been upped on several vegetative practices.

Here's how some of the practices commonly used in the Muenster area fared as a result of the cost-share rate increase:

The federal cost-share payment for planting Bermuda grass now comes to \$9.40 an acre; if Coastal Bermuda grass is planted the government payment goes up to \$14.30 an acre; payment for seeding King Ranch Bluestem has been increased to \$18.30 an acre, and Madrid and Biennial White sweet clover seed cost-share payment has been raised to 12 cents a pound.

These and many other liberal cost-share payments by the Agricultural Stabilization and Conservation Committee make it possible for landowners to install soil and water conservation practices on their land at a greatly reduced cost. The cost-share payments are made to encourage and assist farmers and ranchers in protecting and improving the soil. For further information on how to share in these payments, land owners may contact the ASC office or the local Soil Conservation Service office.

Thieves Break Into Tom's Drive-Inn

A thief, or thieves, broke into Tom's Drive-Inn Monday night and got away with an undetermined amount of money from coin operated machines in the building.

The money was taken from a juke box, two marble boards and a cigarette vending machine.

Members of the sheriff's department said the burglar, or burglars, got inside the building by breaking a small service window. Monday is the only day of the week the place is not open for business.

Surface Moisture Condition Is Ideal After 1.81 Soaker

Almost an inch of rain on Thursday of last week practically ended the drought in this community. The total measure for February now stands at 1.81 and the total for the new year is 3.24 inches.

Surface moisture now is ideal. With more than ten inches of rain nicely scattered over the past four months, moisture now reaches down to near 18 inches or two feet. It is the best this community has seen in several years.

In some areas the ground was reported to be saturated after the week long soaker. At one pond, specifically, the water level is reported to have raised more than a foot this week from seepage, indicating that the soil, in shallow places at least, had soaked up more water than it could hold.

With drought worries ended, however, the community may be facing another problem. Beautiful weather raises a fear that some growth will get along too well and suffer in a late freeze. That applies especially to fruit trees. If recent balmy temperatures continue blooms will be out soon, ready for a killing when freezing weather returns.

The real goal, however, is to develop soil that will stay put even when the rains are rough . . . cultivated land with lots of organic matter, other land with sufficient cover to hold dirt and also retard the flow of water.

According to a theory mentioned by Dr. Irving Krick at a bankers' agricultural conference in East Texas, the present developments might be hailed as the beginning of a new era hereabouts. He claimed that moisture

OL' LEAD FOOT—Replacing the traditional ball and chain in Eu Claire, Wis., is this 18-pound lead-soled boot. Designed by County Sheriff Lloyd Thompson, shown holding the device, it will be used in transporting prisoners. Thompson thought of the boot, which is locked on the foot with the chain, after losing a prisoner in transit last fall.

WITH THE MEN IN SERVICE

Delay Enroute

Jerry Hoenig is here for a short visit with his parents, Mr. and Mrs. Joe Hoenig, who met him in Dallas Sunday after he arrived there by plane from the west coast. He had been stationed on Okinawa with the Marine Corps and will go from here to Corpus Christi to receive his discharge from the service. Driving to Dallas with the Hoenigs were their son-in-law and daughter, Mr. and Mrs. Richard Hermes and son Ronnie. They were all guests of the Rupert Hoenigs.

Enroute To Korea

Richard Hellinger called home Saturday night to tell his mother, Mrs. Ben Fleitman and family, that he was leaving Fort Lewis, Wash., Monday on an overseas assignment that would take him to Korea.

Transferred To Norman

Airman Rodney Walter who had been stationed at Alameda, Calif., was transferred last week to the Naval Air Technical Training Center at Norman, Okla., for six weeks of specialized training. He is the son of Mr. and Mrs. Oscar Walter and spent the weekend here with them.

MHS Cage Teams Finish Near Bottom In Conference Race

The season just finished set two new low records in the history of basketball at Muenster High School. Boys ended their 12 game conference season with 3 wins and 9 losses while girls finished their district schedule with 2 wins and 10 losses. Boys are tied with Valley View for second last place in 37-B standing and girls are sharing the cellar position with Valley View.

Nevertheless, the boys' season was exceptional in another respect. They started by winning a champ trophy at the Callisburg invitation tournament, edging Saint Jo and Tioga by 3 points each. Other games won during the season were 2 over Callisburg and 1 over Valley View.

The record for the complete season was 5-11.

MHS girls had an even poorer record, 3-14 for the entire season. Their victims of the year were Valley View, once in non conference play and once for the loop record, and Alvord.

Alvord was winner of the boys' division of the 37-B conference and Saint Jo was winner of the girls' division.

Resuscitator Fund Still Needs \$200

About \$200 is still needed for the fire department's resuscitator fund.

Fire Chief Herbie Herr told the firemen-at their meeting Monday night that contributions have reached almost \$300 and the cost of the unit is almost \$500.

The fire department is soliciting funds to buy the resuscitator and make it available here for future emergencies. Their intention is to keep it in a place which is easily accessible at all times and also to train all firemen in using it.

Contributions for the unit may be given to Herbie Herr of Ed Ehdres or they may be deposited directly to the fund's special account at the bank.

SH Teams Wallop State School Girls

A double victory by Sacred Heart girls over the State School of Gainesville was the extent of basketball activity at the parochial school for the past week.

The opener, matching reserves of the two teams was a fair contest ending on the count of 31-20. The other was hopelessly one sided, Sacred Heart winning 43-9.

The games were played Friday night which was originally scheduled with Catholic High of Waco. Sacred Heart boys were left idle when the Waco team cancelled and girls matched with the State School.

Tuesday night both of the parochial teams were stood up. Southmayd failed to show up.

Two more encounters complete the parochial high schedule for this year. They are due to meet Whitesboro there Friday night and Southmayd there Tuesday night.

Subiaco Alumni Has Election of Officers

Members of the North Texas District Subiaco Alumni Association, meeting Wednesday night, elected officers for another year and planned their annual benefit picnic.

Weldon Bezner heads the group for 1957 as president; Jerry Vernon is the new vice president and Ed Schneider is the new secretary. Lambert Bezner will continue as treasurer.

Pat Hennigan, retiring president, conducted the session in the parish hall. The group set March 3 as the date for the annual benefit. As an entertainment feature Joe Walter showed colored slides of a recent trip to Subiaco.

Two Muenster Girls And 2 from Lindsay Receive Nurse Caps

Mary Trubenbach and Ginger Wolf of Muenster and Marlene Bezner and Cecilia Fuhrmann of Lindsay were among a class of 27 nursing students of St. Joseph's Hospital, Fort Worth, to receive their caps Sunday when formal capping ceremonies were held in the auditorium of the nurses' home.

The service began at 4 o'clock with the Rt. Rev. Msgr. Vincent J. Wolf addressing the large assemblage which included parents and family members of the nurses. Later visitors were guests at a reception.

Attending from Muenster were Mary's parents, Mr. and Mrs. Alois Trubenbach and her grandparents, Mr. and Mrs. Tony Trubenbach Sr.; Ginger's parents, Mr. and Mrs. Bernard Wolf, and Truman, James and Julia Wolf.

Present from Lindsay were Marlene's parents, Mr. and Mrs. William Bezner and Cecilia's parents, Mr. and Mrs. Willie Fuhrmann and her brother Billy.

Dickie Cain Leads District in Scoring

Dickie Cain went on a scoring spree in both Hornet games of the past week and set himself up by a comfortable margin as top scorer for the 37-B basketball loop. His season total in district competition is 244 and his total for the entire season is 297 points.

Cain rocketed to a long lead by scoring 32 points in each of his games during the past week. During that time his nearest competitor, Williams of Saint Jo, looped 35 in his 2 games for a district season total of 209.

The sharpshooting Hornet played in 11 of his team's 12 games during the 37-B season and scored an average of slightly more than 22 points per game . . . in spite of going scoreless in one game. His average for the season's 16 games was 18.6 per game.

NEWS OF SICK AND INJURED

Julian Walterscheid entered the VA hospital at Dallas as a surgical patient Friday. His wife and family members have been visiting him during the week. His address for get-well cards is: Veterans Administration Hospital, Room 421, Dallas, Texas.

Mrs. Albert Herr is up and around her home this week, regaining her strength following a major operation.

Mrs. A. T. Dickerson entered Gainesville Sanitarium Tuesday as a medical patient.

Since Wednesday Mrs. Joe Luke is permitted to leave her bed and sit in a chair 10 minutes every three hours. She is progressing satisfactorily in recovery from a heart condition that sent her to bed on Jan. 2, and had her in the hospital two weeks.

Victor Hartman has returned to work at the NPTA after an absence of more than eight months following an on-the-job accident in which he broke a leg and suffered serious burns. He's working in the lab now.

Local Lads Second In Junior District

The round robin schedule of the Muenster Junior basketball team came to a close last Thursday night as the local lads sailed past Walnut Bend 61-24. Harris, with 23, and Hellman, with 14, were top scorers for the Muenster team.

With the first phase of their season finished, the boys are in second place in the county junior league with a record of 4-1. Callisburg leads with 5-0 and Valley View is third with 3-2.

Last hope for Muenster now is to win the tournament which is due to start in a few days. Since the tournament counts the same as the regular schedule, its champ will get to meet Callisburg in a play-off for the title. Muenster junior girls will compete in the girls division of the same tournament. They are in a 4-team league and their season record stands at 1-2. Unofficial action for the juniors is a practice game with Montague kids on the local floor Friday night.

Mrs. Ben Otto, 61 Dies Suddenly Of Heart Attack

Mrs. Ben Otto of Gainesville, formerly of Muenster, died of a heart attack about 8:30 Monday morning. She passed away suddenly at her home just west of Gainesville on Highway 82. She was 61.

Mrs. Otto had been hospitalized the preceding week for a virus infection.

Funeral services with solemn requiem mass were held in St. Marys' church at Gainesville Wednesday morning at 9 o'clock and burial immediately afterwards was here in Sacred Heart cemetery. Rev. E. J. Gerlich, pastor of St. Marys' church, officiated at the mass assisted by Rev. William Lane of Gainesville and Rev. Louis Deuster of Muenster. Father Gerlich also delivered the funeral address and conducted graveside rites. Nick Miller Funeral Home was in charge of arrangements.

The body was at the George J. Carroll and Son Funeral Home until Tuesday afternoon when it was brought to Muenster. Two rosary services were held at the Carroll chapel and two were conducted at the Miller Funeral Home. One of each of the services was by members of parish societies — in Gainesville by St. Theresa's group of which she was president and here by St. Anne's in which she held membership before moving to Gainesville.

Nephews were bearers: Walter Eberhart, Alois Trubenbach, Ray Tempel, Sidney Otto, Clifford Otto and Harry Otto.

Mrs. Otto, the former Miss Mary Tempel, was born in Seymour, Ill., August 15, 1896, a daughter of J. M. and Kate Tempel and came to Muenster with them in 1904. She was married here to Ben Otto in 1915. They

Muenster Hi Teams Upset Valley View And Lose to Sanger

Cagers of Muenster High put on a good ending for a poor season Tuesday night by winning both in a twin bill with Valley View on the local court. MHS girls took their game 56-39 and the boys took theirs by a count of 56-41.

In other action of the past week the teams did not do so well. Both lost at Sanger, the girls by a 50-38 score and the boys by 70-60.

Strong first and last periods gave Muenster girls their decision over Valley View. They led 16-12 in the opening quarter and the visitors trimmed the margin by a single point in each of the next two for scores of 24-21 and 38-36. The last frame was one sided and Muenster gained 15 for the final score of 56-39. Haverkamp and Pick shared local scoring honors with 23 each.

Muenster boys dominated all but the second period in turning back their visitors 56-41. Scores by quarters, with Muenster leading all the way, were 16-11, 26-24, 41-29 and 56-41. Cain hit 32 and Kaderli and Richey got 8 each.

Playing Sanger Friday night Muenster girls made a good start but fizzled in the second half. They led 16-12 at the quarter and 28-21 at intermission. During the entire second half, however, they hit only 10 while Sanger made 29 and the final figure was 50-38. Leading MHS scorers were Wieler 14, Haverkamp 12 and Pick 8. In the boys game Muenster was never ahead, but got close a few times and kept it interesting all the way. Scores by periods were 17-13, 31-26, 54-42 and 70-60. Cain was high for Muenster with 32 and Hamric was next with 15.

At Catholic League Executive Meeting

J. W. Hess and Mr. and Mrs. Frank Herr spent Friday through Sunday in San Antonio attending an executive session of the Catholic State League of which Mr. Hess has been Rural Life chairman and Mrs. Herr is secretary. At the meeting Mr. Hess resigned his chairmanship. Also attending were Mr. and Mrs. Nick Block and daughters of Lindsay. Mr. Block is president

of the North Texas District and announced that plans are shaping up for the district meeting to be held in Muenster in May. Mr. and Mrs. Herr were overnight guests of their niece and family, the Charles Denny's who took them out to Our Lady of the Lake Convent where they visited Mrs. Herr's aunt, Sister Claude Roberg, and Sister Berenice Trachta. Sister Claude, 81, is still "young" and enjoys good health. She and Sister Berenice both sent best regards to all their friends.

Harold Morris at Home in New Mexico Following Wedding

Mr. and Mrs. Harold Morris are making their home in Farmington, N.M., following their marriage Feb. 1 at Gainesville in the First Presbyterian church. The bride is the former Karen Osborne, daughter of Mr. and Mrs. Tim Osborne of Gainesville and the groom is the son of Mr. and Mrs. R. D. Morris of Muenster.

The Rev. William F. Rogan, pastor, read the double ring ceremony in the presence of families and friends of the couple. White gladioli and candles decorated the altar space.

Mr. Osborne gave his daughter in marriage. She wore a light weight wool flannel suit in a soft shade of blue with white pique trim. Her accessories were in white and she carried a white Bible topped with a white orchid.

Rachel Richardson was maid of honor in an off-white wool suit with a gardenia corsage. Robert McElreath of Sivells Bend was best man and lighted the candles.

The bride is a graduate of Gainesville High and attended Gainesville College. Her husband attended Muenster High and served with the armed forces with army duty in Germany.

Tuesday Neters Club Has Valentine Party

Members of the Tuesday Neters Club held their regular meeting with Mrs. Sam Nason as hostess in her home. It was a Valentine party.

Hearts and flowers and cupid's decorated the party rooms and the chosen theme predominated in party games and refreshments. Game prize winners were Mrs. Bill Hunt, Mrs. Jack Tuggle and Mrs. Fred Savage. Mrs. Hunt won the door prize. Members also held a gift exchange.

Present were Mmes. Leonard Owen, Bill Lindsay, Fred Savage, Bill Hunt, J. J. Caddel, Charles Clayton Jr., Melton Ramsey, Jack Tuggle, Sid Cason and the hostess who was assisted in serving by Mrs. Caddel.

Mrs. Myrick Heads League-Garden Club As New President

Mrs. T. S. Myrick heads the Civic League and Garden Club as president for a new year as the result of the annual election of officers at the organization's February meeting Monday night. Other new officers are Mrs. Edd McGannon, vice president and Mrs. L. B. Bruns, secretary. Mrs. Steve Moster was re-elected treasurer. They will take office in September.

Other business at the meeting held in the home of Mrs. Nick Miller with Mrs. Edd McGannon as co-hostess consisted of committee reports and announcements. President Mrs. Tony Gremminger presided.

For the program, Mrs. Lee Toothaker gave an illustrated lecture on "Dried Materials — Bases and Backgrounds." She had on display five unique arrangements made of dried wild flowers seed pods, leaves, branches and accessories. These included a Valentine centerpiece with a heart-shaped base and red and white ribboned pole with miniature ballerinas fashioned of primrose seed pods; a Washington's Birthday arrangement with a cherry tree on a styrofoam base with a hatchet; an Easter display in a low container; an Easter basket arrangement and a tall striking purple and white exhibit.

Mrs. Toothaker explained how she gathered and dried the material, how she bleached and tinted or painted it and her method of combining and holding it in arrangements. After her talk she answered questions asked by members.

Announcements of coming events concerned a Flower Show School at Gainesville on Feb. 27 and 28 and March 1 and the Flowercade at Leonard's in Ft. Worth, April 3-6 which is free and which will present the "Profile of the States."

Before adjournment the 17 members and two guests present signed a greeting card for Mrs. Joe Luke, secretary, who is presently a shut in.

A social hour with refreshments concluded the evening. Mrs. Joe Lehnertz assisted with catering. The Valentine theme predominated and Valentines were favors. Dainty heart-shaped sandwiches, horsd'oeuvres, pie with a heart decoration, nuts and Valentine candy with hot coffee made attractive refreshment plates. They were served at quartet tables covered with white linen and marked with Valentine napkins.

Present were: Mmes. Joe Swirczynski, T. S. Myrick, R. N. Fette, Lee Toothaker, Ted and Tony Gremminger, Ben Luke, Anthony and Dan Luke, L. A. Bernauer, Steve Moster, John Mosman, L. B. Bruns, Jake Pagel, Victor Hartman who joined the club at the meeting, Henry Henzler, Rosa Driever and the hostesses.

St. Anne's Society Pledges Quota to NCWU Charity Fund

At their regular February meeting members of Saint Anne's Society pledged their quota to the General Charity fund of the National Catholic Women's Union.

They reached their decision unanimously after hearing a letter from Mrs. Frank Scheffe of Windthorst, chairman, which listed quotas for the Texas parishes. St. Anne society donation

will be made up of voluntary contributions by members each of whom will contribute fifteen cents. This method was decided on rather than taking the amount from the organization's treasury. Mrs. Lena Streng is accepting the money from individuals who may, if they prefer, add the amount to the annual check for dues.

Mrs. Victor Hartman, president, conducted the meeting in the presence of Father Patrick Hannon, spiritual adviser, who led the opening prayer and addressed the group. He spoke on Vice and Virtue.

Mrs. Herbert McDaniel, secretary, said she is collecting small religious articles to send to a missionary in Africa who pleads for any items to help him in his work, adding that medals, holy pictures, crucifixes, etc. are desperately needed to carry on religious activity in his area. Anyone wishing to contribute to this cause is asked to leave contributions with Mrs. McDaniel or Miss Lena Kleiss, or bring them to the next meeting.

Fifty-five members were present and Mrs. R. R. Endres won the attendance prize.

More Defense For Less Money

We can have better national defense for less money. That is the substance of an article by Francis and Katharine Drake in the February issue of The Reader's Digest. And it is certainly something that should interest everyone, in the light of current and prospective military expenditures. For instance, next fiscal year, this spending will come to some \$38 billion, if the President's budget is approved by Congress — more than half of the total budget of \$71.8 billion.

The Drakes' article does not deal with some marvelous new weapon that will give us maximum fighting power at low cost. It deals, instead, with the personnel problem faced by the forces, and with a solution to that problem. What they have to say is in general agreement with the

views of many people who have studied our military establishments.

At the heart of the problem is turnover. Close to 100 per cent of young men taken into the Army get out after one hitch, along with 94 per cent in the Navy and 90 per cent in the Air Force. This incredibly high loss, in the Drakes' view, results largely from the fact that "in an age of unprecedented prosperity we are imposing on our servicemen, and on their families, hand-to-mouth living conditions which would not be tolerated in civilian life." That policy, they go on, is not saving the taxpayers any money — "on the contrary, the alarming turnover of manpower is costing us enormous sums in everlasting re-training programs." And all that lengthy and expensive training is being given to men who will leave the service as soon as the law allows.

Modern weapons are complicated and almost unbelievably costly, and it takes top-flight technicians to handle them. In the Air Force, the Drakes write, the average cost of equipment per man is \$80,000, as against \$11,000 for General Motors. A five-man bomber crew is entrusted with \$8 million worth of aircraft. It takes three years to train an electronics expert, and the cost to the government (that is, the taxpayers) is \$20,000 — and if he quits at the end of a four-year hitch, as most do, he is of full value only for one year. As the Dranes put it, "Thus we always have four men for a highly skilled job — one man doing it, a second man being trained to take over, a third to take his place, and so on."

It's even worse in the case of officers. As an extreme example, the Drakes cite a captain qualified to fly and command an intercontinental atom bomber. His pay is \$7,000 a year — and if he leaves the service it costs \$618,000 to replace him.

The Drakes points to the tremendous difference between civilian pay and related benefits and military pay and related benefits. It is commonplace for an unskilled laborer to receive better pay than a master sergeant of 18 years' service holding a job of critical importance that demands very high skills. Their solution, as can be imagined, is better pay and improved fringe benefits for the

What Brotherhood Means

By E. Boyd Barrett

BROTHERHOOD IS A WORD everyone likes to use. But it is the kind of word we use without being sure of its meaning.

If asked to define brotherhood, I think most people would answer that it is sympathy, or generosity, or readiness to help others and to sacrifice oneself.

NO DOUBT such qualities are necessary parts of brotherhood, but a person could have all of these and still not have the true spirit of brotherhood. Like a car without gas, all the elements would be there but the one that really counts. In brotherhood, the really important element is humility.

Pakistan boy drinks American milk

Brotherhood calls upon us to "honor all men"; to bear with the faults of others; to yield place to others; to avoid "talking down" or "lording it over" them. To live up to such ideals is not easy. In fact it is impossible to put them into practice without that special fuel of brotherhood, humility.

IT IS THE FASHION today to look upon humility as being an unhealthy state of mind bound up with an "inferiority complex." Aggressive self-assertion and insistence on one's worth are looked upon as sure signs of sanity and balance.

But humility is not unhealthy for it is based on truth and the knowledge of one's complete dependence upon God. The man who is not humble is living in a world of fantasy, dreaming silly images of his supposed importance.

WITHOUT HUMILITY we do things for others, well-meaningly and at great cost to ourselves, only to find that we hurt and offend. For instance, the United States performs gigantic deeds of humanitarianism and yet we fail to win respect. We can't help but wonder why these deeds, done in the name of brotherhood, meet with no success.

I think it is the proud, patronizing way in which we confer our benefits that causes resentment. We proclaim ourselves "the moral leaders of the world" and from this high and mighty platform we distribute our doles.

WHAT IS LACKING to us is humility . . . or, to use a better understood word, tact. The tactful man is a humble man. He does a good deed with no sign of pride or superiority and without forcing his services.

If you intend to follow "the way of brotherhood"; the way of goodness and kindness that helps make life worth living, you have to learn this all important secret. You have to learn to become "meek and humble of heart."

military people. They go into considerable detail as to what they believe should be done to encourage men to stay in services. The point of their article is found in this paragraph: "What would it cost to put through a pay raise making a military career attractive to the high caliber men we need to guard our homeland? The total initial bill would be under a billion dollars a year. But if, as military lead-

ers believe, this resulted in reducing our manpower turnover to 25 per cent per annum, we should save up to five billion dollars a year. Where else in Government do we have the chance to invest one dollar to save five?"

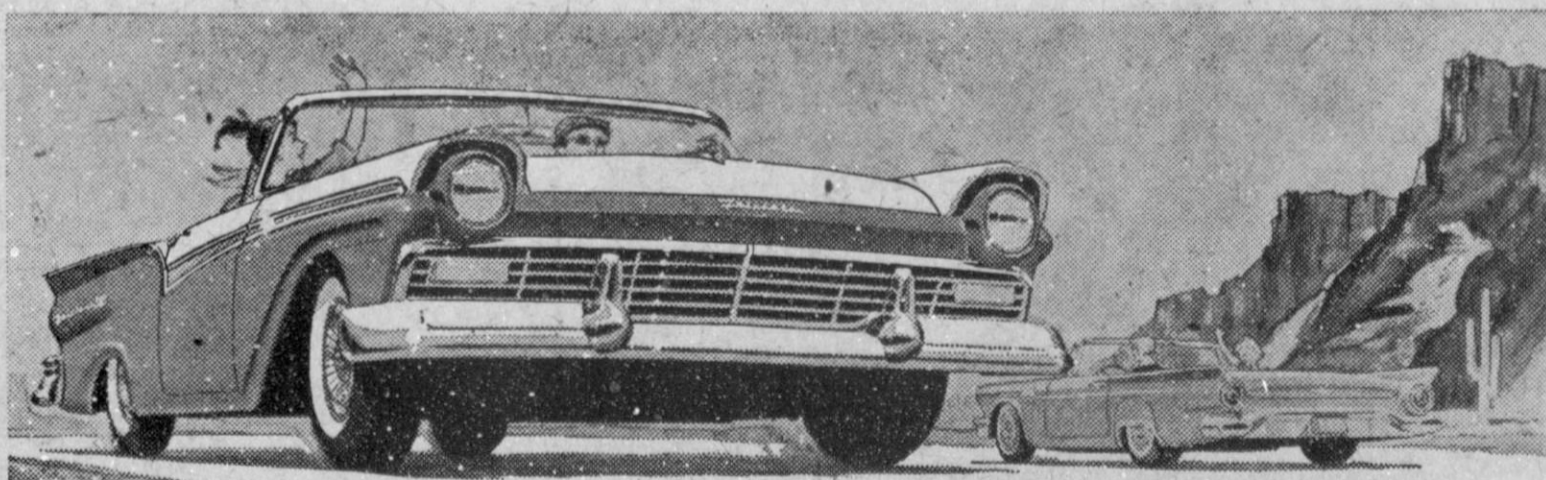

In this day and age every little boy, no matter how humble his circumstances, is sure to grow up to become a taxpayer.

CDA Court Activity Is Reviewed; Events For Future Planned

Reports of past and present activity and plans for coming events were on the agenda Friday night when members of the local court Catholic Daughters of America held their February meeting in the K of C Hall. Mrs. John Mosman, grand regent, presided.

Mrs. Joe Swirczynski, parish mission chairman, said that two large boxes of clothing and hospital shirts and bandages have been sent to St. Joseph's Mission Hospital in Hereford. Attendants at the institution ask for more hospital shirts and the court is asking local people to look through their men's and boys' clothing to see what they can spare. The hospital garments are made from old shirts. Collars and cuffs are removed and necks and sleeves are refinished. Any color shirt serves the purpose.

Other wanted items, now being collected by members, are religious articles — medals, holy cards, magazines, books, rosaries, statues — for Catholic girls at the State School in Gainesville.

Members agreed unanimously to sponsor this religious articles collection after Mrs. Paul Fisher, local chairman of NCCW, re-

ported on the quarterly meeting held in Pilot Point last week.

Theme of the program was "Catholic Charities" and Rev. John A. Matzner of Dallas was principal speaker. He shared the program with Rev. E. J. Gerlich of Gainesville, chaplain at the State School, who told of the pressing need for help with religious services at the school and for religious articles.

Father Matzner urged women of the Sherman deanery to concentrate on this particular charity since the school is in the deanery's territory. Items may be left with Mrs. Swirczynski or brought to the court's next meeting. A deanery committee is headed by Mrs. Paul Fisher, Muenster; Mrs. T. L. Anderson, Gainesville, and Mrs. A. B. White, Denton.

Coming events for the court include a benefit chili supper and card party, the date to be announced when arrangements are complete.

After adjournment hostesses for the evening served coffee and cake.

The Lawrence Knabe family moved Saturday from Gainesville to the Downard-Fairplains community.

**Auxiliary Slates
Teen Party Feb. 17**

The second in a series of Teen Parties sponsored by the VFW Auxiliary will be held next Sunday, Feb. 17, in the VFW Hall. Members of the organization completed plans for the event at their February meeting and Mmes. J. B. Golden, David Trachta and Ray Swirczynski volunteered to assume hostess duties.

All Muenster young people from 13 through 19 are invited to these get-togethers. Starting time is 8 p.m. Dancing and refreshments are on the program.

Other business at the Auxiliary's meeting centered around the March of Dimes campaign, the club's Valentine dance, and the essay contest currently in progress. Mrs. Richard Grewing, president, presided.

Members complied with their honor roll requirement for the month by voting a donation to the Heart Fund.

Mrs. John Huchton, reporting on the essay contest, said that both local schools are participating. Students are writing on "America's Crusade for Free Men's Rights." The Auxili-

ary is offering cash awards for the three outstanding essays here and the top entry will go to state headquarters for competition with other entries from Texas. The contest here closed Feb. 28.

After adjournment there was a social hour and Dorothy Hartman, hostess, served pie a la mode and coffee. Mrs. Al Horn won the attendance prize.

**Muenster Members
At NCCW Meeting**

Mrs. Paul Fisher, Mrs. J. M. Weinzapfel and Mrs. Tony Gremminger represented the local NCCW at the quarterly meeting of the National Council of Catholic Women in Pilot Point last Thursday. Mrs. Henry Henzler of Pilot Point who is here for an indefinite visit with her daughter, Mrs. Dan Luke, accompanied them.

Rev. Patrick Hannon was among clergy present, as was Rev. Conrad Herda of Lindsay.

All parishes in the deanery were represented at the meeting. Other parish pastors in attendance were Msgr. Thomas S. Zachry of Denison, Rev. Fathers Anthony Gajda of Valley View, John Duesman of Sherman, John Untereiner of Pilot Point, William Lane of Gainesville and Eugene Witkowski of Grand Prairie.

Highlighting the business session was the annual election of deanery officers. Mrs. A. J. Korioth, retiring president, presided.

New officers to be installed in May when the spring meeting is held in Sherman are Mrs. G. M. Simpson of Denison, president; Mrs. T. L. Anderson of Gainesville, first vice president; Mrs. Osa Alexander of Greenville, second vice president; Mrs. Otto Heinzman of Valley View, third vice president; Mrs. Lawrence Brown of Sherman, recording secretary; Mrs. Walter White of Denton, treasurer.

The program on Catholic Charities featured Rev. John A. Matzner of Dallas and Rev. E. J. Gerlich of Gainesville, chaplain at the State School for Girls. Members made plans for service at the school and appointed a committee to work with Father Gerlich in this activity.

Attending from Gainesville were Mmes. T. L. Anderson, Leo Hoedebeck, Leo Schmitz, Herman Schniederjan and Frank Kassen.

Before returning home, the Muenster ladies stopped for a visit with Mrs. Gremminger's daughter and family, the Robert Mayers, and in Whitesboro to see the Henry Weinzapfels.

Stan Wylie and son George of Grand Prairie were here Friday. Stan attended the funeral of his great-aunt, Mrs. O. W. Griffin and the little boy visited his grandmother, Mrs. Bill Kathman.

**"Share the Fun"
Contest for 4-H
Clubbers Planned**

Cooke county's "Share the Fun" contest for 4-H clubbers will be held Monday, March 4, and will be a part of the observance of National 4-H Club Week, according to Miss Yvonne Allen and D. B. Wheeler Jr., extension service agents for the county.

In announcing the date early, Miss Allen and Mr. Wheeler said they look forward to a large number of entries who will have plenty of time to get their acts lined up. The winners will go to Arlington to compete in the district contest.

Among rules for the 4-H clubs to remember are that each club may enter as a junior or senior group; there can be no more than nine members in the cast; and the act cannot be more than six minutes long. To qualify for the district contest all members must be at least 13 years of age. The senior group is for 13-year-olds and up. The juniors competing will be aged nine through 12 and can win county honors but cannot compete in the Arlington meet which is limited to senior groups. Each club will have to provide its own stage properties and will have five minutes between acts to arrange the stage.

The county contest is scheduled for 8 p.m. in the Junior High school auditorium.

Mrs. Paul Fisher, local adult leader, expects members of the Sacred Heart clubs to participate and is consulting with the youngsters and their teachers in working up some acts.

Mr. and Mrs. W. O. Grant and children Dolores, Larry and Tim of Alta Loma spent the weekend with her parents, Mr. and Mrs. B. G. Lyons and her sister, Mrs. W. C. Stiles and family.

**Clarice Schad is
Teaching in Dallas**

Clarice Schad, daughter of Mrs. Al Schad, who received her instructor's license last month became a full time instructor at Marinello Beauty School in Dallas on Feb. 1.

Her rise to instructor came within two years. After graduating from Sacred Heart High she entered beauty school in Feb. 1955 and received her operator's license in September of that year. She worked at the Muenster Beauty Shop until May, 1956, then returned to Dallas as a student instructor. After passing state board examinations in January she won her instructor's license.

Two cars of Muenster folks went to Fort Worth Sunday to visit nuns, postulants and students from here at OLV Academy. Making the trip were Mrs. Martin Bayer, Donald, Tommy and Patsy Bayer, Della Fette, Mrs. Joe Walterscheid, Mrs. Joe Bayer, Mr. and Mrs. Leo Hesse and daughter Margie, Caroline Hesse and Mrs. J. H. Wimmer. They visited with Postulants Nelda Bayer and Maria Fuhrmann, Sisters Roberta and Christina Hesse, and with Janie Hesse, Mary Weinzapfel and Lu Ann Reiter. From there Donald Bayer went on to A&M College to resume classes after the mid-term recess.

Mr. and Mrs. L. E. Shipley and daughter Towlia and Mr. and Mrs. J. O. Young, all of Wellington, have moved their trailer houses to the John Schmitz farm where they are making their home while the men are employed with the highway construction crew now getting ready to haul crushed rock on the road being built southwest of Muenster. They are known locally, having been here previously on road construction work. Towlia is a fifth grade student at Muenster Public School.

Mr. and Mrs. Joe Vogel and family and Mr. and Mrs. W. L. Scoggins were Sunday dinner guests of the Robert Beyers at Lindsay. Mr. and Mrs. Clifford Otto and daughter Linda of Gainesville were also there for the occasion.

Mrs. Endres Hostess For Club Meeting

Mrs. W. H. Endres entertained Get-Together Club members in her home for their February social on the first Wednesday of the month.

The Valentine theme was noted in decorations in the party rooms and in refreshments of jello whip and angel food cake, served with coffee.

At the end of a progressive 42 series, high score award went to Mrs. J. B. Wilde and the consolation favor to Mrs. Joe Kathman. Anna Helman drew the door prize.

Mrs. C. M. Walterscheid and Mrs. Al Walter who have birthdays in February received gifts from their sunshine pals.

LaVerna Hess and Georgia Owen of Fort Worth spent the weekend here visiting their parents, Messrs. and Mmes. Gary Hess and Ray Owen.

Myra MOD Program Nets \$67 for Polio

Sixty-seven dollars was given Thursday evening to the March of Dimes fund by residents of Myra when they sponsored a Variety show in which the local entertainers, headed by Cloyce (Red) Gordon, furnished the program. Gordon's troupe was joined by Mrs. Joyce Ware and Robert Davis, former members who have returned to help with the shows.

Women of the community sold sandwiches, pies, coffee and drinks.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Recent rainfall in the Muenster-Saint Jo area is giving co-operators of the Upper Elm-Red Soil Conservation District their best prospects for good grass plantings in several years.

Coastal and common Bermuda grass roots will be in demand this year more than ever, because of the small amount of K. R. Bluestem and native grass seed available. The demand for

Coastal Bermuda roots will be heavy on account of its increasing popularity among landowners who want an improved pasture or waterway.

Coastal is an improved Bermuda grass. It is a hybrid and produces no seed. The roots must be used to get it established. It grows anywhere that the common variety grows and produces from three to five times more forage. Coastal has the ability to use large amounts of fertilizer to produce a lot of high quality forage.

Coastal Bermuda on the Albert Duesman farm at Pilot Point made over six tons of 11 per cent protein hay per acre in 1954. On the John Cunningham farm near Gainesville a first-year planting of this grass provided over three tons of hay per acre in 1955.

Several landowners cooperating with the Upper Elm-Red Soil Conservation District in this area have seed beds prepared for planting Coastal Bermuda grass roots and will get them in the ground as soon as conditions permit. Those who will plant this improved grass include Roy Kingery, Ray Pilcher, Weldon Dennis, Charles Wilson and Adrian Parker of the Saint Jo area; Richard Grewing, Fred Hennigan, Gus Lutkenhaus and Frank Needham of Muenster; D. R. Carver and Claude Cannon of Bulcher, and Rex Anderson of Forestburg.

Local Soil Conservation Service personnel remind all landowners who wish to plant Bermuda roots for pastures or waterways to get a good seedbed prepared as soon as possible. A good seedbed is necessary for a successful planting of any grass. Prepare a good seedbed early, use good fresh roots and a stand in practically assured.

Soil Conservation Service technicians also remind landowners that sweet clover in the crop rotation is the cheapest way to provide a protective cover for the soil, increase its amount of water intake, break up compacted plow pans, increase the organic matter and nitrogen content of the land and improve soil condition generally. A sweet clover crop can also provide a lot of high protein grazing for cattle during the spring and summer months. So plan now to give your soil fertility a boost by growing a crop of Madrid, Biennial White or Hubam sweet clover.

Girl Scouts Make Bedroom Slippers

Members of Girl Scout Troop 89 had a fascinating lesson on making house shoes out of wash cloths at their regular weekly meeting and all the little girls are working hard on their new project.

Mrs. Lou Wolf taught the group when they met in the home of their leader, Mrs. R. N. Fette.

During the business session, Joyce Haverkamp, president, led the pledge of allegiance; Janie Henscheid, secretary, reported on the previous meeting; and Sandra Walter, treasurer, called roll and collected dues.

After adjournment Diane Horn and Janie Henscheid, as hostesses, served cup cakes and soda pop.

How's Your Score On Traffic Laws

The past eighteen years experience of the Texas Safety Association reveals that many Texas drivers and pedestrians have misconceptions about traffic laws. Here are seven such misconceptions — how is your score?

1. The driver on the right always has the right-of-way at an intersection. Not so; Texas law states that the car entering the intersection first has the right-of-way. When two cars approach the intersection from different directions at approximately the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

2. Pedestrians must yield to cars at intersections where there are no traffic lights. Wrong! The law give pedestrians the right-of-way, with certain limitations, at all marked crosswalks.

3. When a school bus stops to pick up or discharge children, you have to stop if you are behind it and traveling in the same direction. This is only partly correct. Texas law requires you to stop in such cases no matter in which direction you are driving.

4. You don't have to stop on yellow when a traffic signal is changing from green to red. Wrong! The Caution, or yellow light is a signal that the red or Stop signal will be exhibited immediately thereafter and vehicular traffic shall not enter or be crossing the intersection when the red or Stop signal is exhibited.

5. You can make a turn any time as long as you signal. That's incorrect. To make a turn, you have to be in the proper lane and you are required to signal at least 100 feet before you turn.

6. You may pass any time you see an opening. Wrong again. Texas law says that you have to give a car coming from the opposite direction at least 100 feet clearance after you have passed. You cannot pass at all when approaching within 100 feet of a bridge, viaduct or tunnel; or traversing an intersection or railroad crossing. The passing laws, of course, contain many other specific limitations.

7. Drivers must watch out for pedestrians walking on the roadway. This is a good idea, but the law says a pedestrian must walk on the left side of the road or on the left shoulder. It is also illegal to walk in a roadway if a sidewalk is provided.

When you talk, you only say something you know, when you listen, you learn something someone else knows.

Close your mouth and open your eyes and you'll need nothing to make you wise.

UPON DISCOVERY THAT THE CLAY at Amuay, Venezuela, was impermeable enough to hold oil without any appreciable loss from seepage, the U. S. owned Creole Petroleum Corporation, with the help of experts from Massachusetts Institute of Technology, has drastically cut storage costs in the construction of this 8,800,000 barrel earthen storage reservoir—the largest in the world. Covering nearly 29 acres, it is 60 feet deep and has an earthen dam 275 feet wide at base around two sides. This type of storage, built at a cost of \$2,800,000, cuts cost to about 35 cents a barrel compared with \$1.65 to \$2.00 for conventional tank storage.

It Pays to Be Female
Since 1900, medical science in all its phases had added 20.2 years to the life of today's white male baby, and 24.2 years to the life of his sister. This same period — from 1900 to the present — brought a rise in white male longevity after age 40 of only 13 percent, but a whopping 24 percent for white females. Even when it comes to collecting social security, women have a vast advantage over men. Life table data show that a white male who begins work at age 18 has 66 chances in 100 of living to cash in on social security. The odds for women are better than 80 in 100. Ever find a pearl in an oyster? Your chances are 2 in a million.

PULLETS and PROFITS grow together when you feed RED CHAIN GRO-MO

RED CHAIN GRO-MO

GRO-MO is well fortified with the necessary antibiotics to give complete protection to the Vitamin and Mineral needs of Pullets.

RED CHAIN Gro-Mo is a special feed designed for pullets, pullets bred for intense egg production after the bird becomes an egg producer, its inherent egg-laying capacity cannot be improved. The bird can only be managed, or maintained as a layer. But as a pullet that bird can be developed to utilize to the fullest its native egg-laying ability.

RED CHAIN Gro-Mo is a 20% protein feed, which permits greater use of RED CHAIN Alcomo or oats. It is rich in fish and milk growth factors. Gro-Mo is fortified and perfectly balanced with vitamin and mineral needs. It provides the necessary nutrients for continued healthy growth, and the protection and development of inherent egg-laying capacity.

Lindsay News

Mrs. George Spaeth is back at home since Tuesday after spending several weeks in California with her daughter and family, the Walt Barrys who live in Riverside. She also visited a sister, Mrs. Herman Boeskin, in Downey. After her arrival at home Mrs. Spaeth was surprised with a covered dish dinner at noon by her daughters from Lindsay and Muenster who enjoyed hearing all about her trip.

Mr. and Mrs. Eddie Rauscher have moved back to San Antonio after living in Little Rock, Ark. He was transferred by Borden Co. The couple are formerly of Lindsay.

TELESCOPING TITAN—A 14-ton aluminum truck expands to more than five times its on-the-road dimensions at the touch of a button. In its "closed" position, top, the vehicle looks like any other truck-trailer of similar size. Press a button and presto—the sides telescope outward while accordion-folded floors drop into place. The five-minute operation increases the truck's inside area of 150 square feet to 780 square feet. Potential uses for the newly developed vehicle range from a service truck for the Armed Forces to a mobile home.

and vegetation attract clouds. That's why rain returns frequently to the lush areas and seldom to the dry areas.

Well, if improved conservation methods will improve vegetation, if detention dams expose a considerable surface of water, and if the big reservoirs expose a lot more water, North Texas could possibly become quite attractive to the rain clouds.

At this time when some people are trying so frantically to assure a future water supply, it might be best to think first in terms of soil conservation. Better land use means better vegetation and more water conservation at its source. Maybe the real answer to the state's problem is better farming to attract more rain clouds.

Eight Local Men Attend NCCM Meet

Rev. Christopher Paladino and seven members of the St. Joseph's parish society attended the quarterly meeting of the Sherman Deanery Council of Catholic Men in Greenville Sunday. Making the trip with Father Christopher in the parish station wagon were R. R. Endres, Ed Endres, Alfons Luke, Al Hess, Alvin Hartman, Henry J. Pels and Herbert McDaniel.

The Most Rev. Thomas K. Gorman favored the meeting with his presence and spoke on "The Role of NCCM in a Growing Diocese." Frank Heller, diocesan president of the men's group, gave the keynote address. Other addresses, election of officers, musical selections by children of St. William's parish and a social hour were on the program.

Mrs. Essie Davis, 72 Buried at Rosston

Mrs. Essie Davis, mother of Mrs. R. L. Jones, route 2, Muenster, with whom she made her home, died in Gainesville Sanitarium Sunday at 7:20 a.m. Death came the day after her 72nd birthday.

Funeral services were held Monday at 2 o'clock in the Methodist church at Rosston with Rev. Andy Stowe, pastor of Temple Baptist church of Wichita Falls, officiating. Burial in Rosston cemetery was directed by Vernie Keel Funeral Home. Survivors in addition to Mrs. Jones are two other daughters, Mrs. Elmer Murphy of Gainesville and Mrs. Herman Dobbs of Truscott, Texas, four brothers, two sisters, 10 grandchildren and two great-grandchildren.

Building And Improvement Notes

Residential building in the Muenster area is at a complete standstill, the nearest job of that kind being the new home for Raymond Hermes in the new addition just west of the Gainesville golf course on Highway 82.

Work under way consists of an extension to the Muenster Clinic, a garage and two warehouses.

The extension at the Clinic will measure 20x20 and will serve principally as an office for Dr. Myrick. The foundation is finished and work on the concrete tile walls will begin soon.

Pat Hennigan is meeting the city's building code requirement by building a concrete tile structure around his present sheet metal building. It will be 4 feet wider and 8 feet longer than the old building, which will be torn down when the other is finished around it. Meanwhile Pat's business is not interrupted.

One warehouse is at Tony's Seed Store. It will measure 24x50 and will be used for seed storage. Foundation work there was finished Tuesday.

The other warehouse is being built by Shamburger Lumber Co. beside the railroad right of way. It will measure 20x80.

FUNERAL
SERVICE

In a saloon in the wild west, guns were blazing and men were running in all directions for cover when a mild-looking man strolled in and leaned casually against the bar. In a little while all was quiet.

A stranger came up and congratulated the man on his perfect nerve control. "Oh, that's nothing," said the man with a smile. "I'm quite safe. You see, I owe money to everybody in the place!"
