

Allen takes reigns as Chamber executive director

Janet Felderhoff
 News Editor

Beginning on Monday, June 22, Muenster Chamber of Commerce will have a new executive director. Kari Allen of Valley View steps into that position and brings with her a number of years of marketing and planning experience. Kari originates from Houston where she grew up riding horses and showing cattle and horses. She graduated from Texas A&M. She then embarked on her first job in North Texas in the veterinary pharmaceutical business where she gained much of her management, sales, and marketing expertise. For the past seven years, Kari has been in the hospitality industry. She noted that her professional experiences have emphasized business development, sales, and marketing strategies accompanied with the integration of technology to expand business reach. She remarked, "My focus will be on cohesively branding Muenster as a destination

location, weekend getaway, and a warm and welcome community to live." Kari said that in her 20 plus years in North Texas, she has developed an appreciation for the culture and history of this area. She said, "I am so excited about the many 'untapped opportunities' for further business development to attract young people to stay, tourists to visit, and to develop marketing programs for Muenster that increase revenue for everyone involved." Kari expressed excitement over her new position and is eager to implement some of her ideas. She offered the following "laundry" list of things to get involved with such as:

- Further the marketing reach of current events and attractions of the community.
- Develop Muenster to many different target markets to attain corporate growth.
- Develop successful weekend destination events.
- Develop a marketing campaign to attract families

and professionals that add to the community's growth.

- Work with current retailers to enhance their existing digital marketing

presence. Kari has an energetic personality and shared, "I have several different passions. The first one being

riding reining and cutting horses and at the opposite end of that spectrum is decorating professionally and personally. She also enjoys a variety of outdoor activities including going to

the lake, fishing, antiquing, and gardening. Kari invites everyone to come by the Chamber office to introduce themselves on Monday.

Plaques of appreciation presented to two outgoing MISD Board members

Janet Felderhoff
 News Editor

Steve Trubenbach and Richard Dangelmayr, outgoing members of the Muenster ISD Board of Trustees, were presented plaques at the Wednesday, June 10 regular meeting of the Board. Both completed their terms in May. Trubenbach served nine years on the Board of Trustees, most recently as Board president. He was honored with a plaque that recognized his years of service with commendations for his contribution as president of the Board. Dangelmayr's plaque was presented in honor of his six years of Board service. Following an executive session, the Board approved a 10 month probationary contract for the 2015-16 school year for certified teacher Carol Cook for the position of elementary computer teacher. Superintendent Steve Self, High School Principal John York, the Board, and Craig Woodard of RAMJACK completed a facilities walkthrough of the high school and cafetorium addition. Following the inspection, they reported their findings on what repairs would be required to the high school and cafetorium. The Board approved a Resolution on Charter

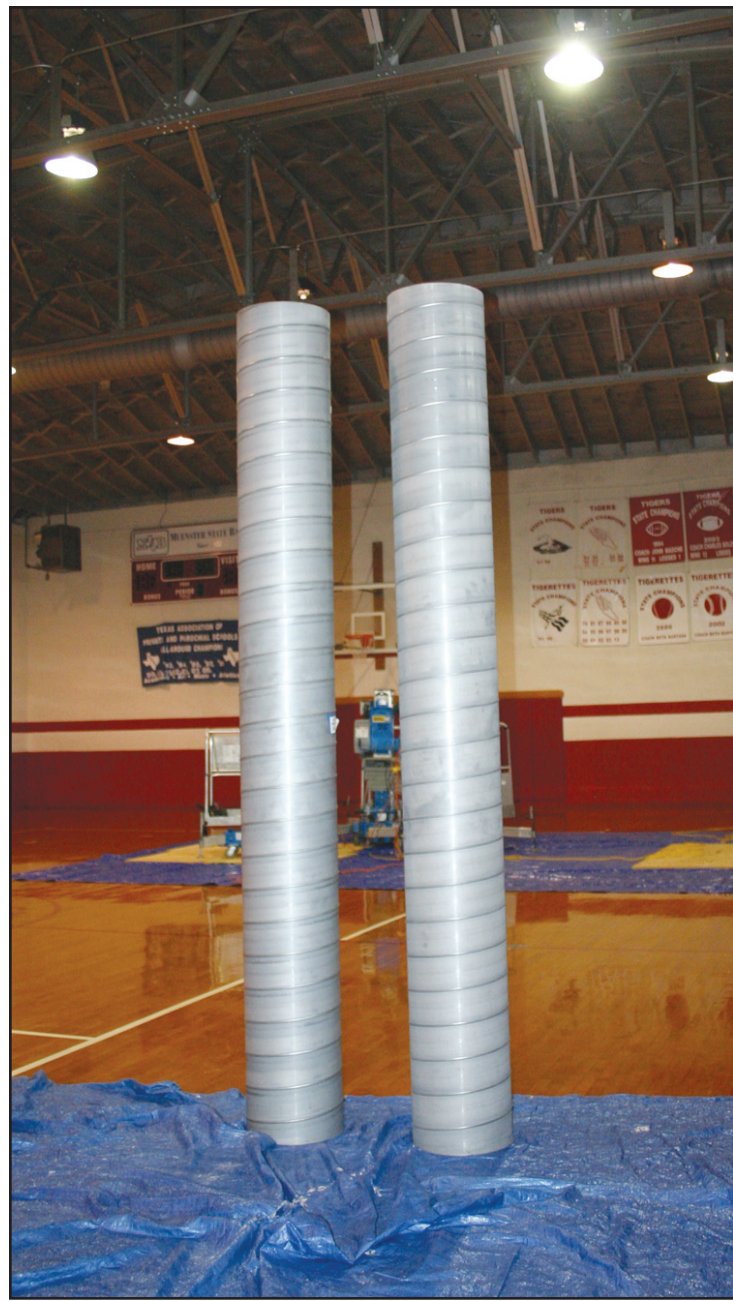

School Statement of Impact on Muenster ISD and Texas public schools. Superintendent Self noted, "We have had three Charter School Amendments in the last six months. I went ahead and drafted a Resolution." The Resolution said in part, "The mission of charter schools in Texas was to enable the poorest performing students to achieve academic gains similar to their higher performing counterparts; Research over the last 25 years demonstrates that in the aggregate, charters perform about the same or slightly below state averages while educating the poorest performing students; State funding provided to any charter school reduces funding to public schools in the aggregate; Charter schools are funded at the same level as small public schools with more than 300 square miles; Muenster ISD is less than 300 square miles and is funded at a lower level than a charter school; Improving public schools through the proven best practices of charters was one of the primary reasons Texas began issuing charters; and Whereas best practice models have failed to be replicated by the State of Texas in the public schools; now therefore, be it resolved, that the Muenster ISD Board of Education:

- is in agreement that the growth of charter schools in any area of Texas impacts all public schools in Texas;
- urges the Commissioner of Education to deny this request for amendment; and
- expects this amendment to have a major impact by reducing ADA available to public schools and reducing already declining resources to those schools; and therefore, reducing funds for Muenster ISD.

Reports
 Technology Director Jeff Presnall outlined the summer technology projects. They include attending a Technology In Action Conference in Denton; hosting the annual summer technology workshop; repairing, replacing, and updating Chromebooks, laptops, projectors, WiFi access points, printers, etc.; check with other professionals about additional funding options and Chapter 41 issues; obtain quotes from Nortex to move exterior wireless access point from Ag Shop to football field press box and possibly Admin wireless to Ag Farm.
 Elementary Principal Lou Heers gave a total Elementary campus enrollment of 269. She said that the Elementary End-of-Year Awards Ceremony took place On May 19 with the students receiving the

awards that they had earned throughout the school year. She also told of the various field trips taken and of the Annual Elementary Talent Show. On June 2, Elementary students, teachers, and staff gathered to see how long their kindness chair had grown. Each link of the chain represents one act of kindness. The 2014-15 chain measured about 120 yards. Junior High/High School Principal John York reported total enrollment of 201 for the JH/HS campus. He said that the Anatomy and Physiology Class went to Austin for the Body World Display and the English I Honors went on a field trip to the Dallas Holocaust Museum. Athletic Director Brady Carney said summer conditioning began June 8. High school and junior high work out together from 8-9:30 a.m. There are 50 from high school and 38 from junior high signed up to participate. There is a team from Varsity, JV, and Junior High playing boys basketball in Lindsay on Monday and Thursday evenings. In other business, the Board:

- Approved the engagement agreement for Auditor & Auditor Oversight Services for the 2014-15 budget year.
- Held a review on the First Reading TASB Initiated Policy Update 102.

Janie Hartman photo

Summer projects continue at Sacred Heart

Many projects are in progress in Sacred Heart Parish including the addition of air conditioning to the High School gymnasium and a new office complex for the Parish being constructed across the street from the High School. Above, air ducts are ready to be installed in the gym. Built in 1954, the gym served without the luxury of air conditioning during those 60 years. At left, work went on despite rain showers as workers applied brick and flagstone to the building's exterior. The anticipated move in date for the offices is mid July.

Obituaries

Delanne Walterscheid 1963 - 2015

Mass of Christian Burial for Delanne Marie Walterscheid, age 52 of Muenster, was held at 10 a.m., Wednesday, June 10 at Sacred Heart Catholic Church with Fr. Ken Robinson officiating. Burial was in Sacred Heart Cemetery under the direction of Scott Funeral Home in Muenster. Rosary and vigil was held at 7 p.m., Tuesday, June 9 at the church. Delanne died Saturday, June 6, 2015.

Delanne Marie Walterscheid was born Jan. 23, 1963 in Rockwall. She leaves behind husband Bert Walterscheid of Muenster; daughters Kendra Walterscheid, Emily and Daniel Fuhrmann, and Gayle and Chris Bevers, all of Muenster; and son Justin Walterscheid of Muenster; granddaughters Kylee Walterscheid and Kate Fuhrmann; grandsons Ethan Bevers and Colt Walterscheid; brother Brad Walterscheid of Waxahachie; and sister Michele Green of Waxahachie.

She was preceded in death by her parents Delbert and Gerrie Trubenbach Walterscheid.

In 1981, at the beginning of her senior year, Delanne was injured in a vehicle accident which left her a quadriplegic. She married Bert Walterscheid on May 23, 1988.

Although she was in a wheelchair the rest of her life, she never let it slow her down. When her daughter

ter Kendra started showing goats with 4H, Delanne could be seen in her electric wheelchair so that Bert would not have to push her.

Delanne loved helping out at the Muenster Volunteer Fire Department, where Bert is the Fire Chief. She helped run the auction for 18 years, raising thousands of dollars. She was the treasurer of the local Catholic Life branch.

Even though Delanne seemed to always be busy, her kids came before anyone. She loved camping and fishing anywhere but especially Red River, NM.

During the funeral Mass, the First Reading was given by Dyan Huchton. Cicily Waneck gave the Second Reading. Prayers of the Faithful were read by Kim Felderhoff. Dane, Dylan, and Debra Huchton carried up the Offertory Gifts. Eucharistic ministers were Betty "Cookie" Flusche, Charlotte Klement, Kim Felderhoff, Toni Deweber, and Tim Schneider. Willie Fisher and Cliff Sicking were altar servers.

Music ministers were Christi Klement, Diane Grewing, Linda Flusche, Doug Yosten, and Jim Endres. Songs included "On Eagle's Wings," "Psalm of the Good Shepherd," "Give Me Jesus," "You Are Mine," "Be Not Afraid," "Songs of the Angels," "In the Garden," and "I'll Fly Away."

The eulogy was given by Tommy Huchton. He told

Delanne Walterscheid

of her life and spoke of how a vehicle accident left her a paraplegic, "You would never have known it. She was always in good spirits, listening, and talking to everyone whether she knew them or not. This was one of Delanne's best points - making friends.

"One of her gifts from God was that she was a good listener. She always had an ear to lend on any problems anyone had, especially our youth..."

"She loved to go camping and fishing. She seemed to out-fish anybody... Delanne enjoyed country music... She is now in heaven, enjoying her 44 oz. drink with her mom."

Burial was in Sacred Heart Cemetery under the direction of Scott Funeral Home in Muenster. Family friend Tim Cooper sang "Amazing Grace" at the cemetery.

Pallbearers were the Muenster Volunteer Fire Department. The family requests memorials be made to the Muenster Volunteer Fire Department.

Bayer's Kolonialwaren has new owners and held a Grand Re-opening Ribbon Cutting Ceremony on Thursday, June 18. Muenster and Gainesville Chambers of Commerce both participated. Pictured are owners Donna and Lee Buddy, Nancy and Ed Insel, Nick Walterscheid, Noel Barnhill, Barbie Barnhill, Rita Walterscheid, Noah Barnhill, Allison and Scott Thomas, and Jonathan Sicking and Chamber members.

Rep. Springer discusses life, taxes, and guns during the 84th Legislative Session

State Representative Drew Springer announced success on key issues after session ended on June 1. Apart from serving successfully on the Committee of Ways & Means, which focuses on state tax issues and the tax cuts of the session; the Committee on Local & Consent, which determines much of the legislation that will be set for the House floor; and the Committee on Agriculture & Livestock, which focuses on mainly agricultural and rural issues; Rep. Springer passed pro-life, pro-gun, rural issues and anti-taxation legislation. "I was able to file and pass bills that had major state-wide impacts for the betterment of Texans that will ensure the protection of life, the rights of gun owners, rural values all while cutting taxes for Texans," said Rep. Springer.

In particular, Representative Springer managed to address the contentious issue of the withholding of artificial nutrition and hydration (ANH) from patients without consent. "HB 3074, which ensures food and water for patients at the end-of-life, was a major success for the protection of life this session," said Rep. Springer. Key players and organizations, some which have historically disagreed, were able to set aside differences under Rep. Springer's leadership to meet at the table.

Rep. Springer was also able to protect 2nd amendment rights by removing penalties on forgetful concealed handgun licenses (CHL) holders at airports. The National Rifle Association and the Texas State Rifle Association have argued for years that a traveler that makes an honest mistake during the hassle of airport travel should not be charged

with a felony. Under HB 554, a CHL holder will now be allowed to immediately leave the airport in order to safely secure their firearm in their vehicle and then continue on with their travel.

Rep. Springer also managed to cut approximately \$4.5 million in taxes with the passage of his bill, HB 1905. The bill repealed many small taxes that were more burdensome to collect than it was to simply repeal, such

as, the liquefied petroleum gas sticker for propane vehicles. These cuts were in addition to the major tax relief package under the direction of the House Committee on Ways & Means that resulted in a 25% reduction to the franchise tax and increasing the homestead exemption from \$10,000 to \$25,000 which totaled approximately \$3.8 billion in tax relief for taxpayers.

Virginia Bartush Farwell 1963 - 2015

Virginia Elizabeth Bartush Farwell passed to her eternal reward Thursday, May 21, 2015 at her home in Tucson, AZ, surrounded by loving family and friends. Virginia was born in Dallas with her twin sister Angela Lynn Bartush Caballero on April 29, 1963 to Charles F. Bartush and Mary Jane Bartush.

Virginia attended both grade school and high school at Sacred Heart Catholic School in Muenster where she excelled at all sports. She was a proud Lady Lumberjack at Stephen F. Austin University in Nacogdoches, where she received her BS degree in Forestry in December 1986.

Being from a family of 13 children, Virginia was always a tough competitor, so it was no surprise that she went to work for the U. S. Forest Service as a fire fighter. She was sent in harm's way all over the Western United States to battle forest fires. Her memorable fire was the big Yellowstone blaze in 1988.

It was in Glenwood Springs, CO where she met the love of her life, Rick Farwell. They married in Glenwood Springs and were blessed with two sons Lemuel Grant Farwell and Benjamin Joseph Farwell.

Shortly after their marriage, Virginia and Rick moved to Tucson. While raising their family, Virginia became a student of Reflexology and developed a highly

respected and busy practice until her death. Virginia proudly served as president of Arizona Reflexology Association 2010-14.

As in all her other personal and professional endeavors, she was always known to be a positive influence on all those who knew her. Virginia's cup was always not just "half full", but overflowing. Her ubiquitous smile, good humor, and love for life brought people together and helped quell many conflicts.

Always the competitor, Virginia was a member of the University of Arizona Women's Rugby Club and helped train women's rugby at the University of Arizona, Tucson. She taught a Silver Sneakers senior fitness class where she was loved by all. She took her love of cycling to the next level by training for and competitively finishing the Arizona Ironman Competition in November of 2009 (112 miles by bike, 26.2 mile run, and 2.4 mile swim). Virginia exhibited the same "never give up" spirit and good humor while fighting cancer. She inspired all around her.

Virginia is survived by her loving husband Rick of Tucson, son Lemuel of Tucson, and son Benjamin of Phoenix, AZ. She leaves brothers and sisters, Chuck Bartush Jr. of Muenster, Bill Bartush of Lafayette, LA, Ann Marie Matt of Denver, CO, Mary Beth Bartush of Green Valley, AZ, John S. Bartush of Muenster, Cindy Bartush of

Virginia Bartush Farwell

Muenster, Cathy Bartush-Peniston of Muenster, Joe Bartush of Dallas, Paul Bartush of Muenster, her faithful twin sister Angela Bartush Caballero of Carrollton, Mike Bartush of Muenster, and Jim Bartush of Larame, WY.

A memorial Mass celebration of life is planned for Friday, June 19 at 11 a.m. at the Redemptorist Renewal Center Chapel, 7101 W. Picture Rocks Rd, Tucson, to be presided by Virginia's cousin, Fr. Paul John Coury.

Donations in lieu of flowers can be made to: 1. Friends of Sabino Canyon, P.O. Box 31265, Tucson, AZ 85751, www.sabinocanyon.org; 2. Dear Friends, Family, and Community
Words cannot express how grateful our family is for the thoughtfulness and support shown to us during this difficult time. Thank you for the flowers, food, cards, and donations. We truly appreciate the kind words, comfort, and condolences given by everyone through their prayers. We want to express our deepest gratitude to Father Ken for his words of encouragement, wisdom, and humor when it was so needed. We also wish to acknowledge the Muenster Fire Department for their assistance before, during, and after the service.
With grateful hearts,
The Family of Delanne Walterscheid
Bert, Kendra,
Justin, Kylee, and Colt Walterscheid
Gayle, Chris, and Ethan Bevers
Emily, Daniel, and Kate Fuhrmann

Megan Hesse graduates from Vernon College

Commencement ceremonies for graduates of Vernon College were celebrated at Wilbarger Auditorium on May 16 at 1:30 p.m. followed by a Pinning Ceremony at 3:45 p.m. Megan Elizabeth Hesse graduated, earning an RN Associates Degree.

Megan is a 2011 graduate of Sacred Heart Catholic School of Muenster. During her tenure at Vernon College, she was also awarded the Who's Who Among Students & Colleges in recognition of merit and accomplishment as a Vernon College Student.

Attending Megan's graduation ceremony were her parents Mark and Melanie Hesse, her siblings, her fiancé

Brandon Sloan and their son Garrett, and many extended family and friends.

Megan is employed as an RN at Health South Hospital in Wichita Falls.

Megan Hesse

Alexander celebrates 17th Caribbean style

A Caribbean island birthday bash to celebrate Alexander Nervo's 17th birthday was hosted by his parents Donna and Nicolas Nervo of Arlington on Saturday, Feb. 21. Guests retreated into a paradise of tropical décor, which included palm trees, ocean waves, sun umbrellas, parrots, sea shells, and flip flops. The birthday banner featured a brightly-colored island sunset with the message: "Happy Birthday Alexander 17."

Family and friends enjoyed a relaxing supper of Caribbean jerk chicken, pineapple fried rice, and tropical salad. Coconut cake and ice cream was served afterwards.

Special guests included

maternal grandmother Rachel Hennigan of Muenster and younger brothers Dominic and Zachary.

Alexander Nervo

NCTC Cosmetology to host Pamper Camp

Girls ages seven to 12 will have an opportunity to be pampered this summer while also learning about the North Central Texas College Cosmetology department.

The 2015 Pamper Camps will be held on Wednesdays and Thursdays in June and July. Dates for the one-day camps will be June 24 and 25, and July 8, 9, 22, and 23. All sessions will be held in the Cosmetology building on the NCTC Gainesville campus.

Campers will receive a manicure, mini facial (no makeup), shampoo/style of their choosing, and a gift bag.

The camps will be held from 1 to 4:30 p.m. each

day. A non-refundable fee of \$25 will be due at the time of enrollment. Registration forms can be picked up at the Cosmetology building Monday through Thursday during school business hours.

"Everyone loves to be pampered, especially girls," said NCTC Cosmetology Program Coordinator Stephanie Lindsey. "The camp was actually started last summer and was called Young Ladies Cosmetology Camp. I wanted to change it to Pamper Camp because that's what we are doing - pampering these young ladies. It is also a treat for our students to get to work with these young girls and teach them how to do manicures, take care of their skin by doing facials, and showing them different ways to style their hair. We know that when girls feel better about themselves, they are more confident. It is also a way to introduce them to the field of cosmetology and hopefully one day in the future, they will become clients and eventually students in our department."

Area Events

Fish Fry and Raffle

The Valley View Volunteer Fire Department is holding a fish fry and raffle on Saturday, June 20. It will take place at 100 South Pecan Creek Trail in Valley View. The meal will begin at 5 p.m. and live music will begin at 6 p.m. For more information, call Zack Kupper at 940-736-8696.

Benefit Pancake Breakfast

Seventeen youth members of St. Peter's Church and their families are ready to help kick off your holiday by hosting a benefit Pancake Breakfast on Saturday, July 4 at Conrad Hall in Lindsay from 7:30 to 10 a.m. Breakfast will include pancakes, bacon, sausage, fresh fruit, juice, milk, or coffee, and homemade baked items. Adults \$7, kids ages 6-10 \$5, and under 5 free. Tickets are available in advance from pilgrim families or at the door. Please call 940-634-0928 if you have any questions.

At 10 a.m., the group will have a patriotic bike parade for kids. Staging will be in the parking lot in front of the church. Prizes will be awarded for children ages 2-10.

The July 4th event is one of several fundraising projects the group will have during 2015 to defray expenses for a 14-day pilgrimage to participate in the World Youth Day with Pope Francis in Krakow, Poland in July 2016. The target is to raise 50% of the funds needed by the youth, and with the community's generous help, they are excited to be over halfway to their goal.

College Honors

Texas Woman's University

Texas Woman's University has released its Dean's and Chancellor's lists for the Spring 2015 semester.

Undergraduate students who complete at least 12 graded credit hours and achieve at least a 3.5 grade point average (GPA) are eligible for the Dean's List. Area students named to the Dean's List are Mark Bartush, Kalyn Dangelmayr, Andi Felderhoff, and Albert Knabe of Muenster; Ashley Hess of Lindsay; and Stephanie Zwinggi of Gainesville.

Students who have achieved a 4.0 GPA are named to the Chancellor's List. Those earning that designation include Muenster students Paige Hennigan,

Morgan Hesse, Holly Mullins, Ann-Marie Oppermann, and Miranda Pagel.

University of North Texas

The University of North Texas has announced the names of students who made the President's List. To be named to the President's List, students must earn a 4.0 semester GPA in a minimum of 12 hours of graded coursework at UNT.

Named to the President's List for the 2015 Spring Semester from Muenster was Kylie Hess. She is the daughter of Gary and Clarissa Hess of Muenster.

Weather Whys - dry

The driest place on Earth would have to be in the country of Chile, said Brent McRoberts of Texas A&M University. "A small town called Arica in Chile has gone as long as 14 years without any measurable rain," McRoberts reports. "There was a 59-year period there when it averaged only three-tenths of an inch of rain. No place in the United States comes close to being that dry."

McRoberts said, "Death Valley in California is considered

VFW Auxiliary meets

The Ladies Auxiliary VFW Post #6205 held their regular meeting June 15 in the Post Home. President Frances Bayer presided. The opening ritual was given by Conductor Linda Knabe, Chaplain Rose Marie Sicking, and Patriotic Instructor Rosemary Dankesreiter pro tem. Roll call and reading of minutes were read by Ida Mae Bindel, secretary. Linda Knabe read the treasurer's report for Lucille Hesse. The report was accepted to audit.

Frances Bayer read highlights from 2 Cents magazine. Dorothy Bennet is the new president of Department of Texas. District president is Jane McCormick.

A State training seminar is set for July 6 in Austin.

Members voted to pay the registration fee for President Frances Bayer to attend. A report was given on Memorial Day services which were held in church instead of the cemetery due to the rain. The Buddy Poppies sale was successful.

Linda Knabe draped the Charter in memory of Delanne Walterscheid, and members said prayers and sang "Amazing Grace."

Members voted to make a donation to the Muenster swim program.

Sandra Hennigan served refreshments to members before the meeting began.

The next meeting will be held Monday, July 20 at 7 p.m. in the Post Home.

HUGS for Home Hospice event was a huge success!

Over 380 people packed into the Gainesville Civic Center for the first annual HUGS for Home Hospice dinner and auction. The sold out event grossed over \$48,000 to benefit local hospice charity care. This was due to the hard work of the volunteer committee chairs led by Ramona Rauschuber, Linda Lira, and Nita Boardman, with outstanding support from Patty Camp and Dot Rosenberg.

"The response to the event was overwhelming!" said Cathy Kinsella, Home Hospice volunteer coordinator. "We sold out of tickets three weeks in advance and had over 300 items donated for the auction." Items included a Branson Get Away Trip,

tickets to the Texas Rangers and Dallas Summer Musicals. Keith Clegg's Classic Recall Band provided live entertainment playing 60s Rock 'n' Roll music.

"The night was fun and full of energy," said Tina Garner, Home Hospice executive director. "It's truly humbling all the support we received for the event, with countless volunteer hours and donations to help us fund our charity care."

Recognition is given to committee members, volunteers, sponsors, donors, and everyone who came out to enjoy this fun event. The Cooke County 4-H Club, Gainesville High School, Health and Career Club, and St. Mary's Youth volunteered as servers. Rahim Williams was the HUGS mascot and did an outstanding job of bringing HUGS to life. Vicki Robertson and Carol Hermes of CASA shared their expertise and knowledge in helping Home Hospice introduce this event.

As the only local non-profit hospice serving Cooke County, they are dedicated to providing physical, emotional, and spiritual care to patients, their families, and caregivers.

SCHOOL

SHCS photos

Sacred Heart Catholic School Montessori students shown performing at their Moving Up Ceremony on May 28.

SHCS Montessori holds 2015 Moving Up Ceremony

The Sacred Heart Catholic School Primary Montessori students entertained their proud families, friends, and teachers at their Moving Up Ceremony on May 28 to mark the end of another very successful year of learning and fun. As guests arrived they were entertained with a slide show of pictures

that captured the students' school year. The children were shown engaged in their work and projects, celebrating their birthdays, as well as enjoying class parties and special days.

The students opened their program by welcoming the audience. Fr. Ken Robinson, pastor, offered an opening prayer, followed by the Pledge of Allegiance, "My Country Tis of Thee," The Texas Pledge, and "Texas, Our Texas."

The Montessori students,

under the direction of Clint Kelley, entertained the overflowing audience in the Community Center with an enthusiastic performance of favorite songs. Coach Jon LeBrasseur, master of ceremonies, introduced Dr. Rondon, principal of SHCS, who offered words of congratulations and thanks to the children, parents, and Montessori staff.

Coach Jon announced the names of the Montessori PreK Level I and Level II students as Christy Hesse

assisted Dr. Rondon and Fr. Ken in presenting the Certificates of Attendance. PreK Level I students this year were: Mary Bartush, Nathan Desai, John Fisher, James Flietman, Hayes Fuhrmann, Addison Hartman, Ruth Anne Hesse, Dylan Oliver, Baylee Thomas, Kaylee Thomas, Carissa Walter. Level II students, who will be Kindergarteners in the fall, receiving certificates, were: Halli Bartram, Adelaide Bayer, Kinley Dangelmayr, Carissa Ed-

dowes, Lynzie Fisher, Eliana Flusche, Mollie Hess, Rylee Hess, Monina Maughan, Arlo Nasche, Zechariah Schilling, and Barrett Walterscheid.

The Level III (Kindergarten) students who were very excited to receive "I'm Moving Up to First Grade" certificates from Dr. Rondon, Fr. Ken, and Barbara Davidson were: John Bartush, Jaycee Bryson, Clay Dangelmayr, Ryder Hillard, Sawyer Huchton, Cason Knabe, Harley Oliver, Jonna Schilling, Koralee Bayer, Abby Carter,

Keristen Eddowes, Ava Hillis, Bren Knabe, Anna Nasche, and Avery Schilling.

Extremely proud of these children and their accomplishments this year are Barbara Davidson and Christy Hesse, Montessori teachers; Pam Dangelmayr PreK-K Catechesis of the Good Shepherd; Kathy Berres, Susan Yosten, and Rachel Brewer, classroom aides; Angels Proto, Spanish; Clint Kelley, Music; Laura Marshall, Art; and Coach Jon LeBrasseur, Play Time supervisor.

Schilling and Hess honored with SH titles

The Mr. and Ms. Sacred Heart Awards are given each year to recognize the two seniors (one young man and one young woman) who most obviously and clearly exemplify the spirit of Sacred Heart Catholic School. The seniors are selected by the faculty and staff. They are asked to vote for the two students who live the principles of faith, tradition, values, sacrifice, and excellence—upon which the school was founded. Those same qualities still characterize this

nationally recognized school today. The recipients of this award for the Class of 2015 are Hayden Schilling and Mikinzie Hess.

Mikinzie Hess is the daughter of Gary and Clarissa Hess. The faculty and staff were most impressed with her kindness and willingness to help and care for her fellow students. She made a special effort to make everyone feel included. Mikinzie was also an outstanding student making the Principal's Honor Roll for all four quar-

ters her senior year. Finally, clearly demonstrating her love for Sacred Heart and its traditions, Mikinzie was very active in the life of the school. She was a Eucharistic minister, captain of the cheerleading team, a member of the basketball team, and represented the school honorably and with pride in a variety of other activities.

Hayden Schilling is the son of Melvin and Lisa Schilling. Many of the faculty and staff noted his love of the Church as well as the Christian charity manifest in his life at the school. From his earliest years at Sacred Heart, it was not uncommon for Hayden to stop and ask others to pray with him upon hearing the siren of an ambulance or being informed of some tragedy. He was also always willing to lead his schoolmates

in prayer. He demonstrated a true devotion to the Sacred Heart of Jesus. Hayden also made the Principal's Honor Roll all four quarters of his senior year. Like Mikinzie, he was also very active in the life of the school. He was a Eucharistic minister, led the school in the praying of the Stations of the Cross, and was involved in athletics (football, baseball, track, and basketball). Hayden also represented the school with honor and dignity at several academic competitions as well as in other settings.

Mikinzie Hess will be attending North Central Texas College where she will be studying Radiology.

Hayden Schilling will be attending Austin College where he will be studying Biology.

Identify trees with book for Arbor Day Foundation

The Arbor Day Foundation has a book that helps people identify trees in a simple, step-by-step process. The book, *What Tree Is That?*, is available for a \$5 donation to the nonprofit tree-planting organization.

What Tree Is That? is a fun, easy-to-use tree identification guide that features hand-drawn botanical illustrations highlighting the distinctive characteristics of many tree species.

Nature lovers and professional arborists alike have called this pocket field guide a must-have, user-friendly resource. Its beautiful, full-color illustrations are in precise detail and depict natural colors, shapes, and textures so users can make a positive species identification in just a few easy steps.

The Arbor Day Foundation offers this book to help people identify trees in Texas and throughout the Eastern and Central regions of the United States. *What Tree Is That?* uses a unique step-by-step approach for identifying the species of each tree, explaining what to look for in the shape of the leaves, differences in the leaf stems and twig structures, and specific characteristics of fruits, flowers, buds, and bark.

"Our *What Tree Is That?* pocket guide is an ideal resource for developing a greater appreciation for trees," said Matt Harris, chief executive of Arbor Day Foundation. "The Arbor Day Foundation strives to help people enjoy and appreciate trees, and we feel our pocket field guide will do just that."

What Tree Is That? is also available as an online interactive version at arborday.org.

To obtain a tree identification guide in full color, send your name, address, and \$5 for each guide to *What Tree Is That?*, Arbor Day Foundation, 100 Arbor Ave., Nebraska City, NE 68410. You can also order the book online at arborday.org.

Retiring soon? Let's talk.

Game Warden Field Notes

Well-hidden

The Delta County Sheriff's Office requested assistance from their game warden after burglary suspects fled from a deputy. The deputy was unable to continue pursuit of the suspects due to the condition of the road, but the warden was able to locate the suspects' vehicle, which had become stuck in the mud. With the assistance of a Department of Public Safety helicopter and a Texas Department of Corrections K-9 team, the subjects were found clinging to the inside of an abandoned well. The well was covered by a cedar tree and appeared to be about 20 feet deep. A large amount of methamphetamines was also located a few yards from the vehicle.

Poachers see, poachers do

A Harris County game warden responded to an Operation Game Thief tip about a man seen walking around with a rifle in the Addicks Reservoir. When the warden arrived, he spotted a vehicle and tracked footprints that led inside the reservoir. After waiting in the brush alongside a nearby path, the warden heard a shot fired in the distance. Nearly 40 minutes later, the subject came down the path and was sub-

sequently apprehended. After the warden spent some time questioning and investigating, two of the man's friends also poaching in the reservoir, turned themselves in without incident.

Poacher scissorhands

A Webb County game warden received a call from a landowner who believed someone poached a deer on his ranch. The warden arrived at the ranch and began to investigate the area. There, he found evidence of a deer being shot, a fence being cut, and a deer dragged under the fence. The warden then went to the adjacent property to see if anyone was at the deer camp and to begin looking for evidence. There was no contact made at the camp, but the warden saw evidence of a deer that was recently processed at the cleaning station. The material used to repair the cut fence was also at the camp. After investigating further and talking to landowners plus the hunters leasing the property, one of the men said he had shot the deer on the neighboring property and cut the fence to retrieve the dead deer.

Three strikes, you're out

When a frustrated rancher in La Salle County discovered his neighbor trespassing on

his ranch for the third time, he decided he needed to call the local game warden. Unlike the previous two times he had trespassed, this time the neighbor notified the rancher of his intent to enter the property. The neighbor said that he had crossed the fence the previous evening while hog hunting and shot a hog. The hog was too heavy to drag back, so it was left behind. The neighbor thought he could make it right if he called and told the rancher about what he had done.

Caught on Facebook

A Tyler County game warden received information that an individual shot a deer from a major highway in Tyler County. While viewing the alleged poacher's Facebook page, the warden saw an image of a whitetail buck with no tag displayed in one of the individual's photos. The warden went to interview a potential witness in the Angelina County jail. While there, the warden noticed the alleged road hunter was also being booked in jail. After interviewing the witness and suspect, the warden obtained a confession. In addition to killing the deer depicted on his Facebook profile, the man also had no hunting license at the time of the crime.

FARM & RANCH

TDA MARKET RECAP

ASA commends House on passage of Grain Standards Act Reauthorization

On June 10, the American Soybean Association (ASA) commended the House of Representatives on passage of a bill to reauthorize the U.S. Grain Standards Act (USGSA), and called on the Senate to act quickly on its version of the legislation. Unless a bill is enacted by Sept. 30, important provisions of the current USGSA will expire, putting the reliability of export inspection of soybeans and grain at risk.

Texas soybean farmer Wade Cowan. "ASA urges the Senate to take up its version of the legislation as soon as possible to ensure our growers and their foreign customers that the U.S. inspection system will continue to represent the 'gold standard' for quality exports of U.S. soybeans and grain."

ASA and other farm organizations had urged both the House and the Senate Agriculture Committees to provide assurances in their bills to prevent another disruption in export inspection services. As a result of a labor dispute at the Port of Vancouver in 2013 and 2014, first the Washington State Department of Agriculture (WSDA) and then FGIS declined to provide services in July 2014, citing concerns

over inspector safety. The resulting 36-day suspension of export inspections before the WSDA resumed services last August raised major questions among producers and foreign buyers about the reliability and transparency of the U.S. inspection system.

"Following Senate action, ASA asks both chambers to quickly resolve differences between their respective versions of this legislation in order to ensure enactment of a final bill well before September," Cowan added. "We would note that both bills require delegated state inspection services to provide advance notice of any pending withdrawal of services, and would strengthen the statutory requirement that FGIS step in to prevent a disruption of services. We simply cannot afford another situation where the reliability of our export inspection system is put at risk, which would only benefit U.S. competitors."

For the week ending June 6, Texas auctions quoted feeder cattle prices mostly steady, with instances of sales ranging from \$2 lower to \$10 higher per hundred-weight (cwt). Texas weekly direct feeder cattle sales were mostly steady to \$2 higher, with instances of \$4 to \$7 higher. Wholesale beef values were lower, with Choice Grade losing \$10.34 to close at \$244.65 per cwt and Select Grade losing \$6.26 to close at \$237.57 per cwt. Net export sales for May 22-28 were down 44% from the previous week. Export shipments were up 7% from the previous week, and shipments primarily went to Japan, Hong Kong, and South Korea.

Wheat cash prices gained 25¢ to settle at \$4.90 per bushel. Futures prices also gained 25¢ to settle at \$5.35 per bushel. The USDA NASS Texas field office reported that 99% of the Texas wheat crop is in the heading stage, with 51% of the acreage in good-to-excellent condition. Eighty-three percent of the Texas Winter Wheat crop remains in fair-to-excellent condition. Net export sales

for wheat were 364,000 MT. Shipments were 18% lower than the previous week but 12% higher than the average.

Texas corn prices were higher, with cash prices up to \$3.90 per bushel and futures prices up to \$3.61 per bushel. The USDA NASS Texas field office reported 78% of the planted Texas corn crop has emerged, which is 20 percentage points below this same point last year. Eighty-three percent of Texas corn acreage had been planted, which is up six percentage points from last week but down 17 percentage points from the same period last year. Corn export sales were down 29% from the previous week and 31% from the four-week average. Export shipments were 11% lower than the previous week and 13% lower than the average.

According to USDA NASS, most areas of the state, with the exception of far West Texas and a few scattered areas of the High Plains, recorded rainfall amounts from half an inch up to six inches. Last week's U.S. Drought Monitor for Texas showed a significant improvement in drought conditions for the state, with only about 9% of Texas still experiencing some stage of drought intensity. Additionally, none of the state remains in severe, extreme, or exceptional drought. On the national level, drought conditions improved slightly with 43% of the U.S. experiencing abnormal dryness or some degree of drought.

Additional information on agricultural weather, crop progress, and agricultural markets can be found on the TDA Market News page.

Pre-harvest wheat sprouting may compromise yields

Wheat has been spotted sprouting in the Blacklands and other regions of Texas, reports *Southwest Farm Press*.

The sprouting in wheat heads is unwanted by farmers, being triggered by the recent heavy rains. Early predictions were for an above-average wheat crop, but weather conditions have dampened those predictions.

"With continued chances of rain in the forecast, pre-harvest sprouting is another concern that many growers will have to deal with this year," said Clark Neely, Texas A&M AgriLife Extension small grains and oilseed specialist.

"Pre-harvest sprouting in wheat is not a new phenomenon in Texas, but the number of potential acres affected this year could be very widespread compared to years past," Neely said.

Texas drought map rubbed almost spotless

The weekly drought monitor map for Texas shows only small spots of abnormally dry or moderate drought, reports *Southwest Farm Press*.

The latest National Agricultural Statistics Service (NASS) maps for Texas shows only 1% in moderate to exceptional drought in its Northwest corner. Surrounding that area are a few areas to be in abnormally dry drought status, and in areas of Central Texas and along the southwest border with Mexico.

The recent heavy rains have changed Texas' drought status percentages of moderate to exceptional drought. Compared to last week's 5%, three months ago was 43% and a year ago 68%.

Reservoir levels have improved with most lakes reported at near normal. Yet, West Texas reservoirs remain below normal.

Wet weather could trigger parasite problems

Recent rains replenished drought-stricken Texas, plus some. And the excessive rainfall could trigger parasite problems for sheep and goat flocks, according to *AgriLife Today*.

During drought conditions, parasites have a tough time surviving and are rarely a problem. But their populations explode during wet weather, leading to problems for livestock owners.

The best control programs prevent parasitism prior to outbreaks. Each farm must develop its own parasite management program, because no single program is appropriate for all operations.

Final WOTUS rule extreme and unlawful

The American Farm Bureau Federation (AFBF) released a detailed analysis of the Environmental Protection Agency's (EPA) final Waters of the U.S. (WOTUS) rule and is urging farmers and ranchers to lobby Congress to kill the rule or stop its implementation.

AFBF President Bob Stallman says the rule, which seeks to redefine which U.S. waters can be regulated under the Clean Water Act, is even broader than the draft proposed in April 2014. "Our analysis shows yet again how unwise, extreme, and unlawful this rule is," Stallman said on a conference call with reporters. "Our public affair specialists and legal team have assembled the best analysis available anywhere, and their conclusions are sobering. Despite months of comments and innumerable complaints, the Waters of the

U.S. proposal is even worse than before."

He added that EPA and the Army Corps of Engineers can now use remote desktop tools to establish the presence of a tributary, without a human ever seeing the feature, according to Agri-Pulse.

EVEREST - Conquering Challenges with God's Mighty Power

2015 Sacred Heart Vacation Bible School

Children learn about God's power to console, heal, forgive, love

Approximately 210 children had fun at the Vacation Bible School (VBS) program at Sacred Heart Church from Monday, June 8 through Friday, June 12. It was held 9 - 11:35 a.m. each morning.

The theme was "Mount Everest." Throughout the week, the children learned that God has the power to provide, to console, to heal, to forgive, and to love. Dana and Chris Fuhrmann created a beautiful "base camp"

with mountains and mountain animals and a camp site in the Main Hall. All together, 36 adults and 75 teens were involved in the VBS program. Volunteer directors were Bonnie Hess and Katie Grewing.

The opening assembly was led by Michelle Spaeth. She welcomed the children each day and talked about the Bible verse and the saint for the day. The children also sang and did the gestures for songs that went along with the theme.

The children were asked to bring nonperishable food items, paper products, or toiletries for Sacred Heart Outreach. All told, the children brought in over 930 items. The second grade brought in the most items and had a pizza party on Friday.

During the rest of the day, adult guides and teen helpers led the children through the various centers - crafts, games, Bible lessons, music, and snacks. In crafts, Tonya Hess and Jennifer Bryson and their teen helpers had the children make necklaces, kites, and other items.

In Bible lessons, Jane Monday, Laura Stoffels, Judy Flusche, and their teen helpers had the children experience how God provided for Elijah in the desert and what it was like for Elijah to experience an earthquake, a fire, and listen to God speak to them through a still small voice. They also heard the story of Naamaan and how Elisha healed him of leprosy. They were visited by St. Paul on Friday and experienced what heaven must be like on Friday.

In music, led by Michelle Spaeth and her helpers, the children learned the words and gestures to lots of songs that went with the theme. Each day, Blaine Waltersheid and Yana Muller and their helpers provided snacks that went with the theme of the day, such as yogurt and trail mix, carrot and apple slices, cheese, cookies, and bagel bites.

Kim Hoffbauer and Lola Walter and their teen helpers led the children in games. The children enjoyed a relay race in which they helped an "injured climber" get to base camp. They also discovered how to thaw a "frozen t-shirt" with their hands.

On Friday, parents and grandparents were invited to a closing ceremony at 10:45 a.m. Fr. Ken led the opening prayer and blessed the fifth graders and the rosaries that they had made. Then the various grades, from PreK through 5th grade, came forward and did motions for one of the songs they learned at VBS.

Afterward, there was a slide show created by Denise Dangelmayr with photos of the children doing various activities during the week.

Happy Father's Day
 We love you Dad
 Thanks for everything

Menopausal Health

Look who's talking about it.

"It can be feminine dryness, itching or burning, and it happens to a majority of women after menopause. Now there's something you can do about it that is clinically proven to bring long-lasting relief. With the MonaLisa Touch laser treatment, feminine health is restored due to new collagen, elastin and vascularization. This quick, in-office treatment requires no anesthesia and results in virtually no downtime. Thousands of women have been successfully treated since 2008—and now, millions more don't have to suffer. That's something to talk about. If this is a treatment that may be of help to you and if you would like to learn more, we invite you to contact our office to discuss in more detail and schedule a personal consultation. You can also visit our website, www.gainesvilleobgyn.net, and click on the MonaLisa tab.
