## First Stage of '58 Harvest Produces Bumper Hay Crop

This week's newsletter from Congressman Frank Icard points the accusing finger at Moscow for practically all of the turmoil that has flared up in various parts of the world during the past few weeks. The representative of this congressional district is in accord with the increasing number of men who claim that all these incidents are parts of the world wide communist directed plot to advance the goal of eventual world domination by the reds.

Up to now their luck has been fine. Two showers fell on cuttings that were made last week causing some damage to the quality but still leaving it in generally good condition. Since the first of this week the weather has been most cooperative and reports Wednesday are that at least a few more nice days are ahead.

If that prediction holds out the first phase of the local harvest can be marked up as a bumper crop . . . in both quantity and quality. The crops being gathered are oats, alfalfa and clover, either separately or mixed. All have good stands and good growth. So far the outlook for the next phase of harvesting is also very encouraging. A nice crop of grain and legume seed is here now but still depends on the right weather for maturity and harvesting.

Oats is generally rated as a bumper crop. Wheat is considered good and improving. Clover that is being saved for seed also looks fine. Combines as well as balers seem to be due for a good season.

The "so far, so good" status likewise applies to other crops. Corn and sorghums which were planted in time have a good start.

One of the best hay crops in the history of this community seems to be in sight this week. Heavy yields of fine quality feed are here and farmers are working feverishly to get it into the barn while the weather is cooperating with them.

Father Christopher Paladino presided for the ceremonies assisted by J. W. Hess, local prefect and Mrs. Leo Henschel, mistress of novices. Prayers of the confraternity and an address by Father Christopher followed the reception ritual.

## Rev. Billy Whitt Talks to Grads at MHS Baccalaureate

For a life of real happiness spend it in service to Almighty God and in harmony with His laws. That was the advice given to Muenster High School graduates Sunday night by Rev. Billy Whitt, who had graduated from MHS five years before.

The youthful pastor of the First Baptist Church of Muenster in his baccalaureate sermon to the senior class urged them to "take the Upper Road" the one marked by honor and high ideals, rather than the road of sin. He pointed out that whatever work a person chooses in life he can profit in this life and the next by keeping himself in the right relationship with God. The upper road, he said, is the road of satisfaction, wisdom, usefulness and power.

Other numbers on the program were an invocation by Judy Cain, a benediction by Billy Otto, the processional and recessional by Becky Mosman and two solos by Linda Shaw of Decatur accompanied by Dorothy Garrett, also of Decatur.

## Postponement of Flower Show Has Been Announced

The Muenster Civic League and Garden Club's annual flower show, scheduled for next Sunday, May 25, has been postponed until the fall, it has been announced by the flower show committee headed by Mrs. Dan Luke. Rainfall this spring and the early maturing of roses are given as principal reason for the postponement. The show was planned to feature roses and iris which along with other spring flowers have now passed their prime stage.

The fall flower show will be scheduled to give emphasis to chrysanthemums and its date will be announced later.

## Kaderli Resignation Accepted by Board Of Electric Co-op

The resignation of M. D. Kaderli as manager of the Cooke County Electric Cooperative Association became official Wednesday night.

Directors of the organization in their regular monthly session voted to accept the resignation which had been submitted to President Jack Crownover on Monday of last week.

They also named Crownover as temporary manager of the co-op until Kaderli's successor is appointed. He will spend a part of his time on the job, signing checks and official papers and making major decisions of management. Leo Sicking will be his assistant in charge of routine activity.

Crownover said that several weeks will probably pass before the next manager is appointed. The first step is to advertise the opening in accordance with REA provisions and allow a reasonable time for applications to arrive. After that the directors will make their decision.

## 175 Gather Here For VFW Weekend District Meeting

About 175 persons from District I Veterans of Foreign Wars department attended the district meeting during the weekend with Muenster Post 6205 and its auxiliary as hosts. Meetings were held in the post home and in the public school.

The noon banquet crowd Sunday heard an address by Rev. Martin Fischer, assistant pastor of Sacred Heart church, who also won a round of applause on his two songs. Father Martin substituted for John E. McKelvey of Electra who was to have been the featured after-dinner speaker but who was prevented from attending. Pat Hennigan was toastmaster.

Mrs. Davis Drake of Gainesville, district president for the women, introduced auxiliary presidents from the district and department officers present, and J. L. Emerson of Sherman retiring district commander did the same for the veterans.

Principal order of the business sessions in the afternoon was the election of district officers. The group selected Gainesville as the next convention city. The summer meeting will be held in August.

The convention program here opened with a dance in the VFW hall Saturday, included breakfast for VFW district officers, and concluded with a supper for both groups at the post home Sunday night.

In the election, Muenster placed two on the district roster. Herbie Herr is judge advocate and Mrs. L. J. Roberg is junior vice president.

District officers for the men are: J. C. Sluder of Gainesville, commander; Harold Rogers of Denison, senior vice commander; Albert Rives of Denton, junior vice commander; C. L. Cotton of Gainesville, quartermaster; Grady Erwin of Denton, chaplain; Herbie Herr of Muenster, judge advocate; Dr. S. L. Kubala of Denison, surgeon, and Witt Mercer, Robert Speake and Earl Porter, all of Denton, trustees. Pat Parker of Gainesville installed (Continued on Page 2)

## Ansley to Stay at MHS; Two Vacancies Remain on Faculty

Boze Ansley's decision to remain on the Muenster High School faculty for another year leaves only two vacancies on the public school's staff for 1958-59.

Ansley announced Tuesday that he has withdrawn his previous resignation and accepted the school board's offer to continue as high school coach and math teacher.

In their regular May session the trustees voted to keep the teachers who had applied for next year and also offered a contract renewal to Ansley if he wished to withdraw his resignation.

Vacancies still effective are those of Laurence Saye and Mrs. Ansley. Saye's position automatically becomes open at the end of this term because of the board's requirement that teachers live here. As school opened last year the board still had no English teacher, so it dispensed with its rule to meet the emergency. Mrs. Ansley said that she does not wish to continue teaching.

Following his decision to remain, Coach Ansley lost little time getting organized for the next football season. Thirty four boys responded to his call for a meeting and elected Billy Otto, Kenny Klement and Doug Hellman as captains. As Ansley sees it now the roster will show 7 seniors, 8 juniors, 13 sophomores and 6 freshmen.

Three rosary services were held at the Miller Funeral Home. The first, Monday afternoon at 4, was recited by members of St. Anne's Society and the Third Order of St. Francis, the community rosary was said at 8 p.m. and the final rosary was held at 9 Tuesday morning.

The former Mary Jane Washburn was born in St. Louis, Mo., Jan. 26, 1873. She married John Eberhart on May 2, 1893, in St. Lebo, Neb., and they lived there four years before coming to Muenster. The couple farmed north of town until 1918. In 1920 Mr. Eberhart became Muenster's mail messenger, serving more than 30 years. The Eberharts celebrated their 60th wedding anniversary in 1953 and Mr. Eberhart died in March 1955.

Mrs. Eberhart's hobby had always been quilting for the missions. She was president of the parish mission circle for many years and made innumerable quilts for home and foreign missions. She was an active member of the Third Order and of St. Anne's Society and after her husband's death, lived alone doing all her housework until a severe case of influenza sent her (Continued on Page 2)

## Rain Measures .63

Two light showers during the past seven days caused a great deal of anxiety and moderate damage in local farming circles, then gave way to several clear days which were ideal for harvesting the community's exceptionally good hay crop.

The net result is that little if any hay has been lost but the quality of the first cuttings was impaired. Since Sunday ideal harvesting weather has prevailed.

Measures as recorded on Steve Mosler's official gauge added to .63 from May 14 to 17. Combined with the previous total this brings the month's reading to 5.97 and the year's reading to 17.32, less than two thirds of last year's figure at the end of May.

Following the impressive ritual members went to the parish hall for a brief business session followed by a social hour of games and refreshments of cake and coffee. About 100 women attended.

Mrs. Victor Hartman presided for the business meeting and members made up a spiritual bouquet to be sent to Samuel Cardinal Stritch in appreciation of his spiritual guidance during the time he was Episcopal Director and also to congratulate him on his new post in Rome as pro-prefect of the Congregation for the Propagation of Faith.

Members paused for a short memorial to Mrs. John Eberhart, one of the organization's oldest members.

## THE SPIDER IN THE PAPER

The News-Herald, of Cuba City, Wisconsin, recalls the famous answer made by Mark Twain when he was asked if finding a spider in the newspaper meant good luck. The writer said: "Finding a spider in your paper is neither good luck nor bad. The spider was merely looking over the paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace afterward."

The News-Herald adds: "It's even more true today. People are buying and reading more newspapers than ever before in

history. Population has increased 47% since 1920 . . . but newspaper circulation has increased 94%.

"Almost everybody reads the newspaper. It's one medium people won't do without."

Wise producers and sellers of goods and services of all kinds know that newspaper advertising is the best way to keep the spider and his web away!

## SPELLING

The way we spell our words in the English language is costing millions of dollars each year that would not have to be added to the cost of writing if our spelling was more sensible than it is.

Throughout the history of our country attempts have been made by legislators to simplify spelling by law. The Simpler Spelling Association of New York has estimated that a 5 percent saving could be realized in all reading matter by simply eliminating all unnecessary letters in

Clipping the Taxpayer

our spelling. This would amount to millions each year in savings. Business men would be much happier with their secretaries, too. More kids would go through school more easily and with higher grades.

Spelling is the basis for reading and reading is the basis for knowledge. The ear hears and forgets but the eye reads and remembers.

A move underway is gaining momentum to attempt bringing about simplified spelling officially through an act of Congress. The proposal calls for establishing a National Grammar Commission with authority to edit and write a U. S. Official Dictionary. This would be first used in official recording of Government affairs. States would follow it up and in a generation it would be accepted, with schools using the new spellings generally.

Slang words get into the language and get recognized when they become used so generally that people just accept them. Lexicographers then put them into their dictionaries. The same thing could happen if people generally just started spelling words the way they are pronounced. Here is a sample of simplified spelling:

Spelling shoob b simple a n d we'd al b ahed if we just skipt all the useles and repetitiv leters we now use. If yu hav ever had trubl spelling you'l like the idea. Many of the doubl leters we now use kud b dropt from words.

This wood not only be a boon for fifth graders, who wood of cours b ahed; it wood also b good for bizness men who wood sav millions of dolars.

Many great men in the past have tried to simplify spelling, but without much success. Theodore Roosevelt was an avid promoter for it. Another was George Bernard Shaw, who spent a fortune trying to popularize the idea. He ounce illustrated the foolishness of our spelling by spelling the word "fish" as "ghoti." The "gh" would be sounded as in "tough," the "o" as in "women" and the "ti" as in "nation." Thus "ghoti" could be pronounced "fish."

We are going to try an experiment here. Each week we'll print one of these editorials with words spelled like they are pronounced. We don't know what it will prove, or what good it might do, but it might be fun to rite that way and read, too.

—Aurora (Minn.) Record

## IN SUPPORT OF FREE ENTERPRISE

Although we Americans earn our living within a system called "free enterprise," few of us give thought to its meaning.

Free enterprise is the only economic system under which the person who has something to sell, and the person who is in the market to buy, meet on terms of equality and freedom, without interference so long as common laws of justice and decency are observed.

Free enterprise is the right of all who live within it to offer whatever they have created — whether products, services or skills — to other individuals, who are just as free to take them or pass them up.

While socialism promises, free enterprise performs.

J. Frederic Dewhurst, a noted economist, says on the subject: "Of all the great industrial nations, the one that clings most tenaciously to private capitalism has come closest to the socialist goal of providing abundance for all in a classless society."

Free enterprise is not perfect, just as mankind is not perfect. But free enterprise gives full scope to many of man's highest virtues — his imagination, inventive genius, courage to try known paths, his self-reliance and capacity for work, and his determination to build a better world.

—Westerly (R.I.) Sun

## RELIGION MEANS LOVE

By Dr. Karl Stern, psychiatrist, author of THE THIRD REVOLUTION and other books

When a psychiatrist takes a routine history of an adult patient, he invariably asks about the patient's religious life. This is a standard question asked by any psychiatrist whether he himself is a religious man, an agnostic, or an atheist.

"MY FATHER was a very good Christian," patients will often tell me; "he did not drink, he did not smoke, he did not play cards." For such people, a moral standard means merely wrong things which they do not do, sins which they do not commit. Religion for them is a negative thing only.

Stern

For a man to think of his religion mainly in positive terms of love, love of God and of neighbor, is unfortunately the exception rather than the rule. But real religion means love and not taboos.

IN MY EXPERIENCE, the roots of all these warped religious concepts go back to the early years of childhood, to the pre-school phase. During these formative years the youngster develops an attitude that he will carry through life. And so it is important that his parents give him a positive training during these first years.

The child's first awareness of the world of right and wrong, good and bad, reward and punishment is necessarily a negative one. It

is connected with simple objects one must not touch or not destroy. But this negative phase is short-lived.

FROM ABOUT the age of three or four, this primitive "morality" is replaced by a "positive morality." At this time the normal child begins to adopt models. You might call this the "phase of the hero." It is during this period that the parents' influence can be most effective because it is particularly his parents after whom he patterns himself.

At this stage, the attitudes and examples of the people who surround the child are much more important than their words. Of course there must be some verbal lessons, stories, etc., but here too one must be careful to put the emphasis on the positive—a loving God and a lovable Jesus—rather than on the sense of fear and punishment. I don't mean to imply that a person should grow up with no sense of sin. But he must grow up with a sense of the primacy of love.

MORE THAN anything else we need this sense of the primacy of love. The sense of sin will grow organically out of this—not the other way around. It is because our earliest dim notions of good and bad occur in the form of taboos that we have to be very careful to establish in our later education the true hierarchy of concepts—namely the primacy of love.

Love is the keyword in religion.

**DHIA Report Shows  
Prescher Herd Top  
Producers in April**

Cooke County's Dairy Herd Improvement Association's April summary shows the Pete Prescher herd first in both butterfat and milk production for the second straight month.

Prescher's herd averaged 45 pounds of butterfat and 1,260 pounds of milk per cow in April. Second place in butterfat went to H. H. Moody's herd with 38 pounds and second place in milk production went to J. L. Masten's cows with 1,110 pounds.

Countywide, April's average milk production was up from 878 pounds in March to 912, while butterfat remained the same at 34 pounds. Cooke County cows producing more than 50 pounds of butterfat in April totaled 102.

The DHIA's statewide summary, which runs a month behind the county totals, showed Cooke County's March position to be fourth among the 24 associations reporting their butterfat production.

This county's average production was 34 pounds ranking it behind the Denton-Grayson association and the Randall association, both with 35, and Wichita Valley, in first place with 37 pounds.

An apparent misprint in the summary's state totals left first place in milk production undetermined. Cooke County's total was reported as 880, but the Wichita Valley figure was given as 100. That association placed in February with 880, compared with this county's 750 average.

County Agent Neil Tibbets said he thought the Wichita Valley total should have read 900, or possibly 1,000, but that regardless of the total, local dairymen are assured of at least second place.

Cooke County cows, with production averages of 880 and 34, in milk and butterfat production respectively ranked well ahead of the state average of 720 and 29.

**Accomplishments of  
Auxiliary Revealed  
In Annual Report**

Accomplishments of the Ladies Auxiliary to Muenster VFW Post 5205 during the past year were revealed in the annual report read at the district convention here. Mrs. L. J. Roberg, president during the year presented the report. Some of the highlights listed follow.

The local women sponsored the annual Buddy Poppy sale just before Memorial Day and participated in the annual Memorial Day services by marching in procession to the graves of the war dead, the placing of floral sprays on the graves and the presentation of corsages to all gold star mothers of the community. Also in May the organization initiated six new members to reach its 100 per cent membership goal for the year.

Each month except during the VFW building program the Auxiliary sponsored Teen Parties for young people of the community, supervised the gatherings and served cold soft drinks and snacks.

On Veterans Day the organization held services in the local cemetery. The public is invited to these services.

During the Christmas season the women sold several cases of candy to increase treasury funds and mailed a box of candy to every serviceman overseas for Christmas. They gave a Christmas party for members' preschool age children and had a gift exchange among members. One of the members played Santa Claus for the youngsters. The organization bought a TB bond and Christmas seals and presented checks of \$50.00 to two local families with crippled children.

Several members signed up with the Ground Observer Corps and helped in sky watch.

In January the Auxiliary again sponsored the March of Dimes, taking church door collections and by personal solicitation. In February a successful Valentine dance increased the treasury funds.

The organization carried out the Americanism program by presenting history reference books to both local schools and gave a donation to the Memorial Arch Department of Texas Headquarters, inscribing the name of Ens. Robert Weinzappel, first Cooke County casualty after Pearl Harbor, and a son of one of the members.

The Auxiliary was in charge of the mass chest X-ray survey when the Mobile Unit visited in Muenster and saw 524 persons X-rayed. It provided one needy child at each school with a month's free hot lunches and stayed on the honor roll continuously by meeting all monthly requirements and received a certificate at the State Encampment.

Three pictures of deceased veterans were added to the wall in the post home and draperies were provided for the new building.

The women meet once a month on the first Monday and follow business with a social hour and refreshments.

**NO ENVY**  
Some married men envy bachelors. Not me — I feel sorry for the poor single males who trod on the treadmill alone and unloved. They miss the finer things of life — such as:  
A bachelor never reaps the benefits of attending PTA meetings to hear child guidance experts (mostly bachelors) tell him how to raise his young.  
A bachelor never feels the tingling of a cold popsicle on the back of his neck at a summer drive-in movie — placed there by a backseat son.  
A bachelor never experiences the truly remarkable sensation of being kicked in the stomach by three children's feet on Christmas morning — to announce Santa has come and gone.  
A bachelor never knows the thrill of multiplying \$600 by the number of his wife and offspring at income-tax time.  
A bachelor never experiences the out-of-this-world thrill of sitting down on a blob of bubble gum in his favorite easy chair.  
A Bachelor has to look at prizefights, football and basketball games on television — a father enjoys the privilege of by-passing the fights to see Disneyland, cartoons and Superman.  
A bachelor never has the supreme thrill of writing a check for \$50 so his wife can buy a new-style dress to make her look like a potato sack like the rest of the girls.  
Yep, I feel sorry for bachelors — what do they do with all their money? —Exchange.

## Lindsay News

Mrs. Bill Eberhart entertained the Lazy Day Club in her home on May 14. In the games Mrs. Eddie Krahl and Mrs. Ray Sicking won prizes. The hostess served sandwiches and drinks. Mrs. Bill Flusche will entertain for the next meeting.

Mr. and Mrs. Conrad Flusche and daughter of Decatur and Mrs. Ray Lewis and Mrs. Charles Curran of Dallas were among out of town visitors Monday at the school's dedication services.

Sister Victorine and a traveling companion, a sister from Pilot Point, were in San Antonio

during the weekend, going there with Sister Constantia who returned to the motherhouse after being a patient at Madonna Hospital in Denison.

Sunday in St. Peter's church seniors of St. Peter's High school held their baccalaureate services. The group received Communion during the 7:30 a.m. high mass and heard the baccalaureate sermon delivered by their pastor, Rev. Conrad Herda.

Mr. and Mrs. Ewald Fuhrmann who move with his job are at home in Terrell now after living in Dallas. Their new address is 204 N. Ann Street in Terrell.

Messrs. and Mmes. Arnie Hess, Al Haverkamp and Arthur Hess attended Lindsay's graduation program Monday night to see Rose Mary Hess receive her high school diploma. Afterwards they were guests of Rose Mary's parents, Mr. and Mrs. Henry Hess, for a chicken fry at the family home.

Sympathy is what one girl offers another in exchange for details.

## Cecilia Fuhrmann Bernard Haverkamp United at Lindsay

—Boyd and Breeding Photo

Cecilia Ann Fuhrmann, daughter of Mr. and Mrs. Willie N. Fuhrmann of Lindsay, and Bernard Haverkamp, son of Mr. and Mrs. Ben Haverkamp of Muenster, exchanged marriage vows in St. Peter's church at Lindsay with the bride's uncle, the Rev. Nicholas Fuhrmann of Subiaco, Ark., officiating at the double ring ceremony and nuptial high mass at 4 o'clock Saturday afternoon.

The couple pledged vows before a candle-lit altar banked with greenery and white gladioli. Mrs. William Schmitz, organist, accompanied the St. Cecilia's choir in singing the mass and played the processional and recessional.

The bride presented a pretty picture in a dress of white lace and nylon tulle over bridal satin. The floor length skirt with its panels of lace and multiple tulle ruffles swung wide over hoops and crinolines. A half-hat of lace and seed pearls held her shoulder length veil and her flowers were pink roses. She carried a blue rosary, a gift from the groom, and completed her costume with a single strand of pearls and matching earrings.

Virginia Wolf of Fort Worth was maid of honor and Jo Ann Hacker, cousin of the groom, was bridesmaid. They wore pastel green crystalline bouffants over taffeta. The ballerina length dresses were enhanced with sashes that tied into a large bow. They wore matching mitts and half-hats and carried cascading bouquets of pink roses. Their rhinestone bracelets and earrings were gifts from the bride.

Susan Stoffels and Ricky Huchton, niece and nephew of the bride, were flower girl and ring bearer.

Leonard Haverkamp and Aloys Fuhrmann, brothers of the couple attended the groom and J. J. Hess and Howard Mollenkopf ushered.

After the service the bride placed a bouquet of white carnations on the Blessed Virgin's altar. The bride's parents entertained in the Lindsay Hall with a reception and buffet supper for more than 200 guests. Mrs. Joe Lehnertz catered the meal. To conclude festivities there was a wedding dance.

Mary Catherine Walterscheid, Muenster, and Dolores Grewing, Valley View, presided at the bride's book. Rose Mary Bezner and Alma Haverkamp of Lindsay served the cake.

## Lindsay Sees New School Dedicated By Bishop Gorman

Members of St. Peter's parish at Lindsay Monday witnessed the dedication of their new high school with Bishop Thomas K. Gorman of Dallas officiating, and investing all the solemnity and color which ritual can give it.

St. Peter's High School, in use since Christmas, was formally blessed in ceremonies which began at 5 o'clock.

Visiting clergy, Catholic Sisters, former residents, and friends from neighboring towns joined in attendance at the services.

The Rt. Rev. Abbot Michael Lensing of New Subiaco Abbey, Arkansas, added his message after Bishop Gorman's dedicatory address. Former Lindsay young men attending included Father Alcuin Kubis of Arkansas, and Father Mosman and Father Hubert Neu of Dallas.

Fourteen members of the clergy were in the procession which also included Sisters from Dallas, Pilot Point, Gainesville and Muenster.

Many of those attending the dedication remained for the second event on the program, the school's formal commencement exercise in which eleven high school seniors and nine elementary graduates received their diplomas from their bishop after his commencement address. This service was held in St. Peter's church at 8 p.m. and concluded with Sacramental Benediction.

Before the graduation ceremony, the bishop and visiting clergy were guests of Pastor Father Conrad Herda in the rectory for dinner while parish members and visitors found an abundance of sandwiches and drinks in the parish hall. After the services, the social event continued in the hall.

Coming to Muenster Saturday with Ginger Wolf to attend the wedding of Mickey Fuhrmann and Bernard Haverkamp at Lindsay were Pauline Zalesak, June Roberts, Frances Baker and Gerry Geary, all of St. Joseph's School of Nursing. Pauline stayed over to spend Saturday night and Sunday with Ginger in the home of her parents, Mr. and Mrs. Bernard Wolf.

Texas Mrs. Haverkamp wore a navy blue suit with navy and white accessories and a pink rose corsage.

When they return they will make their home in Muenster on West Second Street. He works for North Texas Producers Association and she is employed at Gainesville Sanitarium. Mrs. Haverkamp was graduated from Lindsay High school and took nurses training at St. Joseph's Hospital in Fort Worth. Her husband attended Sacred Heart school.

Accompanying Father Nicholas to Lindsay was Rev. Henry Fuhrmann, also of Subiaco. The bride's sister and family, the J. G. Wachsmans of Wichita Falls, were also among wedding guests.

As a pre-nuptial courtesy a quintet of hostesses entertained with a gift party for Cecilia in the Muenster parish hall. Twenty-five guests showered the honoree with gifts. Hostesses were Mmes. Frank and Meinrad Stoffels, A. J. Huchton, Paul Tempel and Merle Shotwell.

## Confetti . . .

for our favor by diverting our own help to our enemies.

A shabby fact reported in the Indonesian war is the transfer of our weapons to our enemy. US refused to sell arms to Communist Sympathizer Sukarno. Meanwhile we gave arms to Tito, who in turn sold the American arms to Sukarno. Seeing such dealings it's easy to understand why South Americans resent our country's policies . . . or perhaps why they lack the courage to crack down on the communists in their midst. As things are going now they could be looking toward better relations with Moscow after it achieves its goal of world domination.

If the men in Washington want a hint as to the policy preferred by most Americans they can take it from this week's primary election in Pennsylvania. Stassen, the guy who is famous for his soft attitude to Russia, was thoroughly clobbered.

## Party Observes Seventh Birthday

Clara Elizabeth Hess, daughter of Mr. and Mrs. Henry Hess, observed her seventh birthday with a party at the family home Sunday afternoon. Her classmates helped her make it a perfect celebration.

The children spent their time playing games and taking pictures. They also watched the honoree open the presents her friends gave her.

Mrs. Hess served sandwiches, birthday cake, ice cream and drinks to the party group.
