

## City Shut-Down From 2 to 5 Urged For Good Friday

Like other communities Muenster has its special customs and traditions, and one of the most special of them is the annual observance of Good Friday by suspending business and social activity for three hours. The period of reverent silence and inactivity is the community's public act of respect toward Jesus Christ, commemorating particularly the three hours He spent on the cross prior to His death on that first Good Friday.

As usual, the mayor of Muenster has issued his Good Friday proclamation asking for a reverent observance throughout the city. His request is appropriate and serves to identify a beautiful custom a little more closely with official life of the city, but actually it is not necessary. Good Friday is an important day here because so many individuals want it that way, and it would be observed by most people even though no public request were made.

The custom can be appreciated more than ever in recent years as we notice the alarming trend in world affairs. For the past decade each recurrence of Good Friday has found a larger area of the globe occupied by Christ's enemies. Communism's boasted conquest goes on as the Western world, by default, is allowing Christian influence to deteriorate rather than grow. The reds smugly claim that the trend goes that way because Christianity has failed. We know, however, that troubles can be traced more properly to the failure of people to live up to Christian standards. By the same reasoning we know Christianity is the only hope of the future. More and more every year Christians need a strong faith to guide and encourage them . . . and a reverent observance of Good Friday strengthens that faith.

In the news this week we are hearing more of the old familiar story of Communism's continued victories in the cold war. In Arabia and Indonesia red influence is growing. And the announcement to ban nuclear tests is generally conceded as a major propaganda victory for the Soviets.

Sometimes we wonder whether our country and its so-called allies are not a little too willing to concede these propaganda victories to the commies. Regarding this announced nuclear ban, we wonder why Western countries have not said more about Russia's continued refusal to permit inspections and the complete unreliability of the Soviet word, or the obvious fact that this announcement came after the Soviet series of tests was completed. Why isn't more effort made to convince the world that these and most other Soviet mouthings are propaganda only, and completely devoid of sincerity or truth.

Another incident on which our country really goofed is the statement last week by an escaped Soviet corporal that the reds had at least 10 failures in their Sputnik launching attempts and that 132 persons were killed in two of the failures. Did the free world exploit this story? Did it recall Russia's ridicule of our failures and emphasize that the liars and hypocrites actually had a much poorer record?

Even now the talk about a summit conference goes on endlessly, as our diplomats and news analysts announce periodically that the reds have scored again in the propaganda skirmish. In that respect our country has a ready made answer of atomic intensity . . . the failure of Russia to live up to all past agreements, and the obvious futility of reaching any more agreements. Why don't we say more about it?

On that frequently discussed subject of what to do toward the growth and progress of our town, an idea has been submitted by the State Aviation Advisory Council. It recommends figuring in an airplane landing field in the civic planning of every community . . . and the sooner the better.

Says the council: Business in any town in Texas can be improved by the addition of an inexpensive landing field, as little as a 2000 foot grass strip alongside the highway. The point is that more people are flying. It's fun and also saves time. And the cities that accommodate them will be more likely to get their business.

In a traditional Holy Week proclamation this week Mayor Urban J. Endres designated Good Friday, April 4, as a day of special reverence and called on all residents to observe it fittingly by suspending business and attending church services.

The proclamation asks that all business houses close between the hours of 2 and 5 o'clock, allowing ample time before and after Good Friday services at Sacred Heart Church which begin at 3 o'clock.

Mayor Endres called attention to the community's fine record of observing Good Friday in the past and asked that this year's observance be carried out in the same respectful and edifying manner. He urges complete cooperation, that all business firms close their doors, that workmen lay down their tools and that all people refrain from unnecessary activity of any kind.

## Cheer Up, Ladies! Muenster's Water Is Getting Softer

Housewives who have been distressed by hard water are assured by Water Superintendent Steve Mosler that the worst is over and they'll be using soft water again in just a few days. At this time only soft water is going into the mains and the percentage of hard water is dropping fast.

Mosler also explained that there's an interesting story connected with the city's sudden switch to hard water. It traces back to that short section of 8 inch main installed near the NTPA plant. One connection on that line gave way during the night and the city lost all the water from its tower plus a lot from its reservoirs. Mosler estimates that about 100,000 gallons gushed down to the creek . . . and most of it was soft water from the two downtown wells.

Because the break was next to the downtown reservoir that line had to be shut off and all water for the water tower had to be pumped from the uptown tank, which has the hard water. And the water continued coming from there during the next two days while work on the main was being finished.

However the quality of the water started improving Monday. With repairs finished the stand-by well is standing idle and all water is being furnished by the soft-water downtown wells. Mosler says that the hard water content will be very low by the end of this week.

## Jake Tempel, Former Resident, Dies at Ft. Worth Sunday

Jake Tempel, formerly of Muenster and a resident of Fort Worth for the past 29 years, died suddenly Sunday morning at 9:45 in St. Joseph's Hospital after a three-day illness. He was 58.

Funeral services were held Tuesday morning at 10 o'clock in St. Mary's church at Fort Worth with the pastor, Rev. Patrick Hannon, officiating.

Tempel was born in Seymour, Ill., a son of J. M. and Kate Tempel, and was four years old when they moved to Muenster. He attended school here and was married to Miss Pearl Brown of Gainesville before moving to Fort Worth. He was employed in construction work.

Survivors are his wife, two sons, J. M. and Glenn, of Fort Worth, two sisters, Mrs. Tony Trubenbach Sr. and Mrs. Ed Eberhart of Muenster; two brothers, John Tempel of Muenster and Pete Tempel of Arizona, and four grandchildren.

Among relatives and friends at the funeral were Messrs. and Mmes. Ed Eberhart, Herman Eberhart, Joe and Ray Tempel, Tony Trubenbach Sr., Martin and Joe Trubenbach, Ray Sicking, Henry Voth, and Bill Flusche.

John and Paul Tempel, Mrs. Luke Tempel, Mrs. Eddie Krahl, Mrs. Tony Trubenbach Jr., Mrs. Norbert Rohmer and daughter, Walter Eberhart, John Mosler, Mrs. Bill Eberhart, Ben Otto, Jim Otto and Mrs. Al Schmitt.

Mr. and Mrs. Joe Hoenig drove to Dallas for a visit Sunday with their son and family, the Rupert Hoenigs.

## Light Vote Returns Kaderli and Trachta To City Council

Twenty five persons went through the formality of casting ballots Tuesday and returned M. D. Kaderli and David Trachta to another term on the Muenster city council. Both were unopposed for re-election.

As a result the city council continues unchanged for another year. The others serving are Mayor Urban Endres, J. A. Fisher, Herbert Meurer and Rudy Hellman.

## WITH THE MEN IN SERVICE

### Weekend Visitor

Naval Airman Tommy Herr of Memphis, Tenn., left Monday morning after a weekend visit with his family, the Frank Herrs. Coming, Tommy caught a ride on a plane to Dallas.

### Gets Promotion

From Germany comes word that Harold Bindel has been advanced to private first class. He's the son of Mr. and Mrs. Frank Bindel and is a mechanic in the army stationed near Nuremberg.

### Thirteen Day Leave

Airman David Walter, stationed at Keesler AFB, Miss., is here on a 13-day leave to visit his family, the Oscar Walters. His leave extends through Easter and he'll return to his base at Biloxi after that.

### Among Graduates

Second Lieutenant Wilfred Klement has successfully completed the officer basic course at the army's armor school at Fort Knox, Ky., and was graduated with his class. The course provided the newly commissioned officer with a working knowledge of an armor leader's duties. Lt. Klement is the son of Mr. and Mrs. Norbert Klement. His wife, Julia, is with him at Fort Knox.

### Back In The States

Sailor Don Flusche is back in the states after several months of sea duty that took him to China, Japan, Guam and the Philippines. In the Philippines he enjoyed a visit with Marine Richard Hess of Muenster. Don phoned his parents, the J. P. Flusches, after arriving in San Francisco and said he is due a leave to come home in about two months. He serves aboard the USS Mauna Kea.

## Additional Pump Assures Adequate City Water Supply

A major improvement in the Muenster water system is the new stand-by pump just installed at the No. 2 well on North Main Street.

The new arrangement serves a double purpose, according to Water Superintendent Steve Mosler. It takes over automatically in case of failure at the main pump station beside the city reservoir, and it also starts in case of sudden heavy usage, as for fire fighting, in the north end of town.

Control is achieved by water pressure. Normally pumps of the main station start when water drops to a certain level in the storage tower. If the pumps fail to start the water level drops a while longer until it starts the stand-by pump. In case of a fire the heavy usage through a fire hydrant likewise reduces pressure in the mains and allows the pump to start.

As soon as the installation was complete the city made another long delayed change. It abandoned some 100 feet of 8 inch main under one of the NTPA buildings and re-routed the pipe along the alley. Though not in trouble now the city decided on the change in order to avoid possible trouble later in an inaccessible place. Another reason for acting now is to avoid tearing up a new paving job later in the alley.

Still another change in the lines is eliminating the 4 inch pipe which formerly carried water from North Main to the reservoir. It has no use now since water is pumped directly into the mains. The pipe will be taken up and salvaged. A 2 inch pipe to the swim pool, which used to be connected to the 4 inch line, is now connected to the main line.

## School Ballot Will List 4 Candidates

People who vote in the school district election Saturday will at least get to scratch the ballot. On the ticket they will find four candidates for the three vacancies on the board.

They are Norbert Klement and R. N. Fette, both candidates to continue as trustees, and Jerome Pagel and David Trachta. The three high candidates in the election will be the next trustees.

The election also brings a close to the longest record of service to the Muenster school district. After 17 years Herbert Meurer announced this year that he prefers to let his expiring term be his last. He started as secretary to the board in 1941, taking care of the board's minutes and correspondence, and continued on the job until 1955 when he was elected as a member of the board.

The election will be held at the public school from 8 a.m. to 7 p.m. next Saturday. L. B. Bruns will be the election judge and Weldon Holland his assistant.

## Easter Services To Climax Revival At Baptist Church

The week of revival services which have been in progress at Muenster's First Baptist Church since last Sunday will come to a climax with special Easter services next Sunday at 9:45.

Rev. Billy Whitt, pastor, announced this week that the service will be conducted by Rev. Gene Hawkins of Matador, former Marysville pastor, and that Weldon Holland will lead the youth choir.

## 2 Plans Advanced For Better Hospital Service in County

Action on a proposed hospital for Cooke County moved fast this week as steps were taken on two completely different plans to finance it.

On Monday members of the commissioners court responded to the petition of some 600 qualified voters and set the date for a county wide election to decide whether the hospital will be financed by a tax supported bond issue.

Tuesday night a group of about 50 Gainesville citizens appeared before the city council and asked that body to establish a hospital authority empowered to sell bonds for financing the hospital. The council agreed to cooperate and expects to start organizational work before the end of the week.

The two proposed financing methods clash also in another respect. The proposal to be voted on in the bond issue election calls for a \$900,000 new hospital half of which is to be furnished by the federal government and the other half by county bonds. The election, which is set for April 26, will ask for \$500,000, allowing \$50,000 for equipment after the county's share on the new building is paid.

The other proposal is to save hundreds of thousands of dollars and get into the hospital business at least two years earlier by purchasing and enlarging the M&S Hospital, which has been idle for about 18 months.

## NEWS OF SICK AND INJURED

Walter Becker was much improved Wednesday after being seriously ill since early Monday morning when he was stricken at the home of his parents, Mr. and Mrs. Felix Becker, at about 3 o'clock. He was taken to Gainesville Sanitarium by ambulance.

Henry Streng was dismissed from Gainesville Sanitarium Saturday following medical care and is up and around at his home.

Mrs. Mary Voth was dismissed from Gainesville Sanitarium Wednesday after being a patient for X-rays and observation since Monday.

Dennis Hess had plastic surgery Friday at Baylor Hospital. His parents Mr. and Mrs. Arnold Hess, took him to Dallas Thursday, went back to be with him for the operation Friday and returned again to bring him home.

## Mobile Chest X-Ray Unit Will Be Here Next Wed.-Thurs.

Everything is in order here for the mobile X-ray unit's visit next Wednesday and Thursday.

The survey which will start Wednesday afternoon at 1 o'clock at Endres Motor company, is designed especially to serve persons over 50 years of age as this group is more susceptible to TB than younger persons.

Mrs. Clarence Hudspeth, general chairman for the sponsoring group here, the VFW Auxiliary, has hostesses and clerks lined up for the hours from 1 to 5:30 Wednesday and all day Thursday, 8:30 to 5:30.

The sponsors also have made arrangements to furnish transportation for persons who would otherwise be unable to get a free chest X-ray. Transportation may be obtained by phoning 50.

## Lions Apply for 2 At Kerrville Camp

Applications for two Muenster children to attend the Lions Crippled Children's camp at Kerrville as guests of the local Lions club received the approval of the members at their regular meeting Tuesday.

The children are Dennis Koesler, son of Mr. and Mrs. Norbert Koesler, and Dale Wilde, son of Mr. and Mrs. Richard Wilde. Both applications are subject to consideration of camp officials and if approved the local club will be expected to take them to the camp. In the camp's classification of applicants those with the more serious handicap receive priority and the guest lists are filled according to that priority.

Facilities and personnel for the crippled children's camp are supported by all the Lions of Texas. Three dollars of each member's annual dues goes to the cause.

Muenster Lions have had two guests at the camp in prior years . . . Margie Knabe and Dennis Koesler.

## Jennings Not Hurt When Storm Strikes

The home of Mr. and Mrs. Aubrey Jennings, 2515 Terrace, Wichita Falls, was in the path of a tornado which struck that city Wednesday evening. The twister took off the dining room and kitchen and broke almost every window in the house. No one was injured.

The Jennings family had heard the storm warning and watched the funnel. As it neared they all got under a bed in the bedroom and came out without a scratch. They telephoned her family here afterwards.

Mrs. John Felderhoff, mother of Mrs. Jennings, and Mr. and Mrs. Henry Felderhoff left early Thursday morning for Wichita Falls. They were to bring some of the Jennings children back to Muenster with them.

## Rising Costs Hit Lunch Room; Meal Upped Five Cents

The high cost of living has finally caught up with the price of lunches at the public school. Effective next Tuesday, April 8, the price of a meal will go up 5 cents.

Lunches for public school pupils will increase from 20 cents to 25 cents and lunches for all visitors, including Sacred Heart students, will increase from 25 cents to 30 cents. Superintendent Homsley explains that the federal allowance on student lunches accounts for the difference in price to them and visitors. The lunch room receives 5 cents in federal aid for the student lunch but not for the other.

Three factors figure into the price increase, Homsley points out. First there is the general increase in the price of groceries. Next there's the fact that fewer commodities are provided by the government. Last year the lunch room got generous allotments of ham, turkey, spuds and several other items that are not coming this year. And finally there's the smaller federal reimbursement per lunch. So far this year it hasn't passed 5 cents. Last year it got as high as 9 cents. Because of those factors the lunch room is operating in the red now.

## Herman Kathman Muenster Resident Since 1893, Passes

Herman H. Kathman, 80, a pioneer citizen of Muenster, died Saturday at about 6 a.m. at his home following a three-month illness.

Funeral services were held in Sacred Heart church Monday morning at 9:30 with Rev. Martin Fischer, assistant pastor, officiating at the requiem high mass. He also delivered the funeral sermon and officiated at graveside rites in Sacred Heart cemetery. Nick Miller Funeral Home was in charge of arrangements.

Rosary was recited at the funeral home at 4 and at 8 p.m. Sunday.

Bearers were P. J. Rollman, L. A. Bernauer, Felix and Bill Becker, Joe Mages and Matt Muller.

Mr. Kathman was born in Germany on Jan. 2, 1878, a son of Mr. and Mrs. Clemens Kathman and came to this country with them when he was six years old. The family settled in Nebraska and moved to Muenster in 1893.

Kathman was a long-time cafe operator in Muenster, retiring a number of years ago.

Survivors are three brothers, Joe and Bill Kathman of Muenster and Clem Kathman of Portals, N.M.

## Parish Announces Special Holy Week And Easter Service

Special services at Sacred Heart Church will observe the last three days of Holy Week and Easter Sunday.

Service beginning at 7 p.m. on Holy Thursday will commemorate the institution of the Blessed Eucharist. It will consist of a high mass with all the Church's special ceremonies for the event and will be followed by public adoration through the night extending until 3 on Good Friday.

At that time Good Friday services will begin. Members of the parish are urged to make this service a part of a three hour period of silence and reverence between 2 and 5 o'clock.

Holy Saturday services, beginning at 10:45 p.m. are intended to lead into the Mass of the Resurrection beginning immediately after midnight on Easter Sunday.

Included in the Easter vigil service are the blessing of fire, the Paschal candle and holy water and the renewal of baptismal vows.

Other masses on Easter Sunday are at 7, 8 and 10 o'clock.

## Rain Measures .25

Even though the community has had only a half inch of rain in the past two weeks, farmers are still waiting nervously for a chance of get into their fields. At this time very little of the intended corn crop has been planted and many are beginning to wonder whether they will have to put in other crops.

Slow drying weather is the cause of the trouble. Most days have been damp and chilly providing very little evaporation for the saturated soil.

This week's rain, measured last Saturday amounted to only .25 inch, bringing the month's total to 3.26 and the year's total to 7.42.

## H. Huchton Leases Rock Station-Cafe

The Rock Station and Cafe about four miles east of town will be back in business soon after being idle since the first of the year. Mr. and Mrs. Henry Huchton will take over the management some time next week after the station and the adjoining house get a general repair job.

Henry is starting the station job in the hope that it will be less of a strain on his injured leg than the oil field work he used to do. Mrs. Huchton intends to continue working as a part time clerk in the post office.

M. D. Kaderli, manager, and Jack Crowover of Nocona, director, of the Muenster Electric Co-op, were business visitors in Washington, D.C., the past weekend.

**FBLA Chapter Has Installation Rite**

Muenster's Future Business Leaders of America chapter held formal installation of officers last Wednesday with the Bowie chapter in charge of the ceremonies. Jeanne Bradley, Miss Future Business Leader of Texas, did the installing.

Local officers are Dolores Reiter, president; Patsy Dennis, vice-president; Florentine Vogel, secretary; Betty Ann Hoenig, reporter. Miss Bettye Dodds is teaching the class.

After the installation and a series of brief talks by visitors, refreshments of coffee and cookies were served to those present. The group included parents, teachers and friends of chapter members.

Keep in mind that even if you're on the right track you'll get run over, if you just sit there.

**Blessed Events**

Mr. and Mrs. Julian Walterscheid are rejoicing over the birth of their son, a brother for Beverly. He arrived at 11:50 p.m. Wednesday, April 2, at Majors Clinic in Nocona, weighing seven pounds 13 ounces. Welcoming a grandchild are Mr. and Mrs. Adolph Walterscheid and Mr. and Mrs. George Gehrig. The little boy has six great-grandparents, Messrs. and Mmes. I. A. Schoech and Matt Muller, Mrs. Joe Walterscheid and Mrs. Catherine Gehrig.

Mr. and Mrs. Leo Hesse announce the birth of a nine pound daughter, their second girl, Wednesday night, April 2, at Gainesville Sanitarium. Mrs. Joe Bayer is the grandmother, and Mrs. Joe Walterscheid is great-grandmother again.

Mr. and Mrs. Carl Hanza Jr. of Lawton, Okla., announce the arrival of their daughter Carrie Ann, a sister for Marie. She was born Monday night. Mrs. Hanza is the former Yvonne Scoggins and the seven pound 13 ounce baby is the granddaughter of Mr. and Mrs. W. L. Scoggins. Tuesday Mr. and Mrs. Harry Scoggins and children and his mother drove to Lawton for a visit and Mrs. W. L. Scoggins remained to spend several days with her daughter and family.

Mr. and Mrs. Nick Yosten have a new grandchild, the infant daughter of Mr. and Mrs. Albert Spires of Gainesville. She arrived Friday, March 28, at the Sanitarium and has been named Susan. She's a sister for Janie, Linda and Barbara. Mrs. Spires is the former Pauline Yosten of Muenster. The baby's paternal grandparents are Mr. and Mrs. C. H. Spires of Gainesville. At the christening service Mr. and Mrs. Gilbert Yosten were sponsors for their niece. Father Gerlich officiated.

Mr. and Mrs. D. C. Truitt of Gainesville are parents of a nine pound boy born at Muenster Clinic Saturday, March 29, at 10:32 p.m. The couple has two other sons. Messrs. and Mmes. H. R. Truitt and R. L. Dodson, all of Gainesville, are the baby's grandparents.

Mr. and Mrs. Tommy Richardson of Forestburg announce arrival of a six pound 15 ounce son at Muenster Clinic Monday, March 31, at 5:15 a.m. They have one other child, a little girl. The grandparents are Mr. and Mrs. J. J. Richardson and Mrs. Anna Meyers of Forestburg.

**Harris Hawk Kills Rats; Saves Game And Farmer's Crop**

Austin. — Meet an unexpected friend, the Harris Hawk. Texans get a detailed introduction in the March issue of TEXAS GAME AND FISH, the official publication of the Texas Game and Fish Commission.

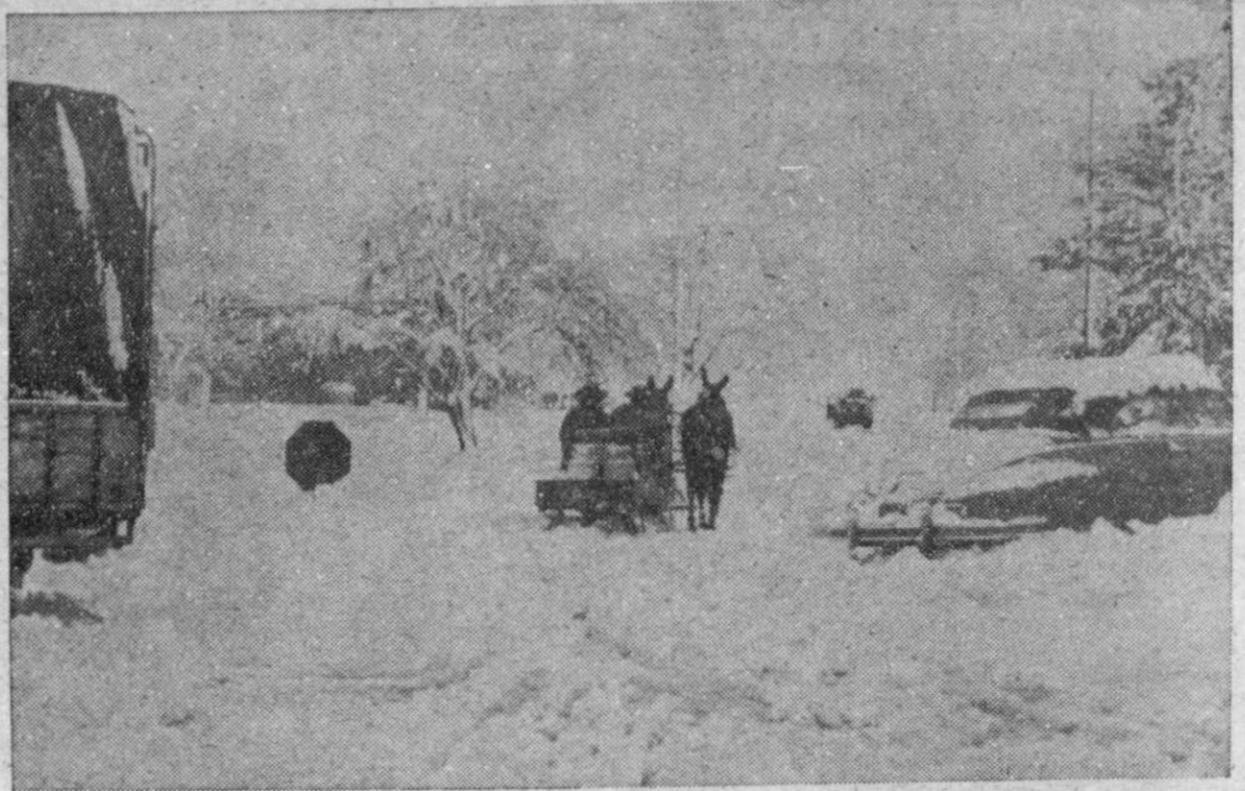

"Brush-Country Gentlemen" by the late William Jennings, Biologist, points out that the Harris Hawk preys on rats, one of the worst destroyers of range. Since the pack rat eats a wide variety of grasses and grass seeds, it robs cattle and upland game birds of food they need to carry them through drouth and winter. The rat also consumes much prickly pear, staple food for deer and javelina in South Texas.

"Studies are now underway in parts of Texas," Jennings said, "which ultimately will determine the exact destruction to range plants by rodents. Although the exact amount of damage done by rodents in South Texas is unknown, it will run into millions of dollars just from the standpoint of livestock feed alone."

The chestnut-colored Harris Hawk, with an average wingspan of 42 inches, makes an impressive appearance as it ranges the brush country south of the Edwards Plateau in Texas. It goes as far west as California, north to Kansas and rarely Iowa, and east to Louisiana. South, it lives as far away as Central Chile and Argentina. Although its diet includes almost any animal or bird it is capable of capturing, the Harris Hawk has a natural target in the over-abundant pack rat. In keeping down the greedy small animals, the Harris Hawk plays a vital role in nature's balance, and immeasurably helps the farmer, rancher, and sportsman.

**Happy Days**

Striving to break the news gently to the wife of his patient, the physician said, "Mrs. Brown, I'm very sorry that I must tell you that your husband will never be able to work again." "I must tell him right away," said Mrs. B., hurrying to the door, "it will cheer him up immensely."

**MULES GET THEM THROUGH**—In its death throes, winter unleashed a savage blizzard in the East that hit Pennsylvania particularly hard, knocking out communications and blocking major highways with impassable drifts. Impassable, that is, for modern vehicles. Using a mule-drawn sleigh, these Amishmen serenely pass a stalled truck and car on their way to the market in Lancaster, Pa., with milk to be sold. The 46-inch fall didn't hamper them at all.

**1/2 carat total weight guaranteed**

**COMPLETE FUNERAL SERVICE**

**Miller Funeral Home**

**Mrs. Luella Hunter, Pioneer Resident of Marysville, Dies**

Mrs. Luella Hunter, 89, who settled in Marysville 60 years ago, died Monday in a McAlester, Okla., hospital. She had been living with her daughter Mrs. Delcie Sauls in Canadian, Okla., for the past six years.

Funeral services were held at Marysville Wednesday afternoon at 4 o'clock in the Methodist church and burial was in Marysville Cemetery.

Mrs. Hunter and her husband and their three children moved to Marysville in 1897 from Missouri. Mr. Hunter was a mail carrier in the Bulcher and Marysville communities for many years. He was retired when he died in 1936.

Survivors are the one daughter, Mrs. Sauls, and several nieces and nephews.

**Think Big**

"Well, let me tell you something. I got \$50,000 for that hound dog."

"Bill, how come you such a liar? You know you didn't sell him for \$50,000."

"I didn't exactly say that, but I did just as good — I traded him for two \$25,000 dogs."

**43rd ANNIVERSARY**

Mr. and Mrs. Joe Linn observed their 43rd wedding anniversary Wednesday. Mrs. Linn is the former Miss Margie Clark. She was married to Mr. Linn in Gainesville on April 2, 1915. They are at home on a farm south of town since moving to Muenster from Fannin county 15 years ago. They have two sons Robert and Jeff Linn, both in California, and three grandchildren.

### FHA Girls Model Contest Costumes In Easter Parade

Muenster had its own Fifth Avenue Thursday night with an Easter Parade in Muenster High auditorium.

The show here featured two divisions. The first, "Fashions by the Yard," presented costumes made and modeled by homemaking girls of both local schools. Mrs. H. H. Homsley, instructor, was narrator for this group and before the night was over the winners were announced.

The second part of the program consisted of the presenta-

tion of about 25 models ranging from tiny tots, through teens and juniors to adults showing the latest fashions for the whole family. Clothing was furnished by the Charm Shop and Hamric's.

The models showed dressy dress-up clothes, after-five fashions, beach togs, play clothes, swim wear and formals. Each was worn with the correct accessories.

Mrs. F. A. Kathman was narrator and did an excellent job. The large audience was tremendously enthusiastic and delayed action on several occasions with continued applause.

In addition to the fashion show there was a program of music and songs. Mrs. Rody Klement sang, including the Rosary and Easter Parade, first and second graders of the public school did some cute entertainment numbers on the Easter theme and Tommy Tuggle appeared as Peter Cotton Tail. Muenster High Dance Band played and Sharon Schumacher furnished background piano music for the show.

Mrs. Ray Evans presented gift awards to the school girl contestants in the winning brackets of the sewing contest. She also presented Mrs. Homsley a gift.

In the freshman division Tommy Sue Hamilton was first place winner and Judy Lutkenhaus was second. In the sophomore division Joann Hess sewed and modeled to win top honors, Jean Wieler was second and Kathy Pagel, third.

The program was a benefit sponsored by the PTA and the FHA of Muenster High for the school's new scoreboard.

#### All Out of Step

After the jury had deliberated a seemingly trivial case some 12 hours, the exasperated judge sent a bailiff to inquire if further instructions were needed.

"No," informed the lady foreman, "unless he can instruct us how to convince 11 obstinately stupid men."

### Parochial Students Will Wear Uniforms Every Day New Term

Uniforms will be the order of the day in both the elementary and high school departments of Sacred Heart school beginning with the next term.

Members of the Home-School Society heard that announcement at their meeting Tuesday night.

Uniforms were introduced this term but were worn only on Wednesdays of each week. School authorities made the change gradually so that children could make use of clothes they had on hand. This term the use of uniforms is not compulsory but children are encouraged to wear them. The next term will include one day a week when students may, if they desire, dispense with uniforms and wear the clothes they have on hand.

Along with the announcement on uniform wear was an announcement that boys' uniforms will be changed from black to gray trousers. They'll still wear blue shirts. Change in trouser color was made because mothers had difficulty in laundering the black pants. The gray will go through the washing machine without picking up lint.

Both Father Christopher and Sister Carmelita discussed the uniforms and Sister Carmelita has all the detailed information as to where the ready-mades as well as materials and patterns can be purchased.

Other business on the agenda was planning a benefit dinner and Sunday, April 20, was set as the date. It will be a money raising project for the school's library fund. Committees are making arrangements for the event.

Sister Patricia announced that the school has the agency for Child Craft books. The series is for pre-school children through eighth graders.

Andy Schoech, president, conducted the business session. About 75 parents were in attendance.

After adjournment an entertainment program of songs was presented by the men's choir of Sacred Heart church directed by Leo Henscheid with Anthony Luke playing the accompaniment. The men's choral selections included popular numbers and favorite old time ballads.

### FFA Judging Team Does Good Job But Misses Top Spots

Muenster High's FFA team, participating in a milk judging contest at Fort Worth Saturday, did good but not quite good enough to be eligible for the state contest at A&M College. The team missed being among the top ten by nine points.

Judging milk for the first time, the team composed of Billy Frank Richter, Clyde Walterscheid and Truman Wolf, came in for eleventh place.

FFA Chapter Adviser Glenn Hellman coached the boys and took them to Fort Worth for the contest.

Muenster's Future Farmers are priming now for the annual land judging contest sponsored by the Soil Conservation District. This contest will be held in Gainesville Saturday, April 12.

Mrs. John Herr had a painful foot injury for a few days after making a mis-step south of church Friday night. She dislocated two bones in her right foot but managed to get around with the foot and ankle taped.

### Future Homemakers Attend Denton Meet

Muenster High FHA chapter had nine members at the Area V meeting in Denton Saturday. Accompanying them were Mrs. H. H. Homsley, chapter adviser, and Mrs. Jerome Pagel.

Two of the local girls, Carolyn Cain and Jean Wieler, went through the preliminary routine for their homemaking degrees. All degree candidates were recognized and received red rose corsages.

More than 3000 Future Homemakers of America from the area, representing 129 chapters, attended the meeting.

There are 21 girls seeking state degrees. These include Muenster's Jean Wieler and Carolyn Cain. This group will go to Lewisville on April 10 and 11 for the degree finals.

Mr. and Mrs. Carl Herr of Pilot Point were here Saturday to visit members of his family.

### BIRTHDAY OUTING

John Paul Endres who was 12 Sunday celebrated his birthday with an outing and wiener roast. His parents, Mr. and Mrs. Paul Endres, loaded their family and half a dozen of John Paul's boy friends in their station wagon and drove out into the country for the observance.

### ONE SOLITARY LIFE

"Here is a young man who was born in an obscure village, the child of a peasant woman. He grew up in another village. He worked in a carpenter shop until he was 30, then for three years he was an itinerant preacher. He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never put his foot inside a big city. He never traveled 200 miles from the place where he was born. He never did one of the things that usually accompany greatness. He had no credentials but himself.

"While he was still a young man, the tide of public opinion turned against him. His friends ran away. He was turned over to his enemies. He went through the mockery of a trial. He was nailed to a cross between two thieves. While he was dying, his executioners gambled for the only piece of property he had on earth, and that was his coat. When he was dead, he was laid in a borrowed grave through the pity of a friend.

"Nineteen wide centuries have come and gone, and today he is the central figure of the human race and the leader of the column of progress.

"I am far within the mark when I say that all the armies that ever marched, and all the navies that were ever built, and all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as has that One Solitary Life."

Don't you agree with me that these words from the hand and heart of Dr. James A. Francis (Reader's Digest, 1954) are worth pausing to reflect on again this Easter?

"IT'S (THE BIBLE'S) LIGHT IS LIKE THE BODY OF HEAVEN IN ITS CLEARNESS; ITS VASTNESS LIKE THE BOSOM OF THE SEA; ITS VARIETY LIKE SCENES OF NATURE."

John Henry CARDINAL  
**NEWMAN**  
 (1801-1890)

The Bible: Clear-Vast-Variety

status by seeking urban employment.

That trend has continued until today our farm families constitute only 12% of the nation's population. Yet farm production, improved through mechanization, new fertilizers and techniques, and stimulated artificially by Government subsidization of prices now far exceeds the need and the demand. Government warehouses are overflowing with \$7 billion worth of unmarketable produce and additional billions in taxpayers money are being spent each year in an impractical effort to solve the "farm problem."

### Farmers Moving

The Committee for Economic Development has published an analysis of the problem which notes that: "While total output has been rising the number of workers in agriculture has declined from 10,979,000 in 1940 . . . to 7,869,000 in 1956. The farm community has thus been able to release 3,110,000 workers — 28% — from 1940 to 1956. Without these recruits from agriculture the growth of American industry could not have been so rapid." Although it has been slowed down by the price subsidy program, the migration off the farms has been economically healthy — both for the farm families involved and for the nation's general welfare.

"If it had not been for this movement," the CED notes, "the present-day decline in average farm income would be dividing up total farm income." The Committee contends that Government subsidization of prices is keeping many families on farms, living meagerly, who would do much better in other occupations — just as millions like them have done better in the farm-urban migration during more than fifty years of transition.

### Small Production

The Government's farm census of 1954 listed 4,783,018 farms. Only 44% — 2,101,839 — have market sales totaling as much as \$2,500 a year. Yet they pro-

duce more than 90.8 of all farm produce for market. The less productive farms — 2,680,000, or 56% — produce only 9.2% of total farm production measured by dollar value. The chief significance of these figures, observes the CED, is that the 56% of farms which produce so little do not have the same problems as commercial farmers. They produce individually only a few hundred dollars in produce for market. Thus it is impossible to provide them with adequate net income by means of price supports.

The CED report emphasizes that "Commercial farmers" are for the most part family farmers. Only 134,000 farms, out of 4,783,018 sell as much as \$25,000 a year in farm produce. And, says the CED, "the indications are that a large share of these are individually owned and operated . . . the fact that family farms are growing larger is misinterpreted as indicating they are on the way out. Instead, they

## CHRIST KEPT HIS WORD

By Rev. Richard Ginder, assistant editor of Our Sunday Visitor

They tell of the French writer, Voltaire, that a young man once asked him how he should go about starting a new religion.

"WELL, young fellow," Voltaire said, "if I were you, I'd get myself killed off and then rise from the dead three days later."

Good advice, but mighty hard to follow. In fact it would be impossible because there's only one person in history who let Himself be killed and then by His own power came back to life again — and that was Jesus of Nazareth.

**THE RESURRECTION** of Christ is unique. It sets Jesus off as the greatest person in history. Lots of men have worked miracles — Moses and Elias for example — but no one ever matched the Resurrection. There has been nothing like it before then and there's been nothing like it since.

Here are the facts in the case: Several times during his career, Jesus predicted that He would be murdered, but He foretold that He would come back to life a few days later.

NOW JESUS wasn't foretelling these things in a spirit of boastfulness. He was preparing His followers for the shock of seeing Him crucified and He was appealing to this miracle in advance as a sign of God's approval.

What's more, we know that Jesus was understood, even by His enemies. For just after His death these

men went to the Roman governor and asked that a guard be set over the tomb.

"SIRE," they said, "we have remembered that the seducer said, while He was yet alive: 'After three days I will rise again.'"

So it's quite clear that during His lifetime Jesus plainly foretold His death and resurrection. And in due time, as we all know, He was put to death. When the professional executioners were certain of His death, the body was taken to a cave which was sealed by a huge rock. Lest anyone steal the body, a guard was posted by the tomb. All this took place on Friday.

THEN WHAT happens? On Sunday morning, two pious women, friends of Jesus, arrive to find the stone rolled back and are told by a man in a dazzling robe that He has risen.

Nor were these women the only ones to learn of the risen Jesus. St. Paul tells us that many others saw and believed likewise. Off and on during the next 40 days He appeared in the flesh to His apostles who, like the Apostle Thomas, were anything but gullible. Yet they became so convinced of His resurrection, that all of them were willing to lay down their lives for their Faith.

SO WE CAN see that Jesus fulfilled His own prophecy by submitting to death on that first Good Friday and by rising from the dead on Easter Sunday. The facts in the case are clear and uncontestable; indeed the Faith of many, many millions of Christians today stands as a living testimony to the truth of these things.

† Paulist Feature Service, Washington 17, D. C.

are adjusting to modern technology and mechanization. Commercial farming is still overwhelmingly a family business, and appears likely to remain so."

### Better Life Elsewhere

But what about this 56% of all farms which sell from \$100 to \$2,500 worth of products a year? The number of these "subsistence" farms decreased by 20% in the four year period preceding the 1954 farm census. These farm families voluntarily moved into urban areas and found better paying occupations. The CED suggests that a plan to speed

this transition must be a major part of any workable program designed to solve the farm problem.

"Our program," the Committee says, "means getting resources — people and land — out of agriculture and freeing farm prices." It seems to be a program that would accomplish these two objectives with a minimum of dislocation in the economy and with a minimum of harm to those low income farmers who simply have been unable to compete as scientific agricultural production advances.

### FARMERS AND PROGRESS

Most of us have repeatedly heard in recent years the statement: "People are leaving the farms in droves; we must keep the people on the land." Let's take a clear-headed look at this statement. When the United States government was established a few years before 1800, farmers made up 96% of the population. Nearly everyone was engaged in the problem of providing food and fiber for the nation's families. As production efficiencies increased on the farms and our nation grew, a trend was established in which large numbers of farmers found that they could improve their economic

## Local News BRIEFS

Mr. and Mrs. J. M. Weinzappel and Earl Fisher were in Wichita Falls Saturday and while the men attended an oil men's program Mrs. Weinzappel visited at Bethania Hospital with her sister, Mrs. S. P. Otto, who is a patient since March 23 when she fell and broke her right arm just below the shoulder. The accident happened on the church steps after evening mass in Wichita Falls. She was quite sick but is improving now and may be permitted to go home for Easter.

Mrs. Wendell Richey and Miss Jeanette Vitera were here from San Angelo to spend the weekend with the former's parents and family, the Dick Cains.

Mr. and Mrs. P. W. Hellman flew in from Tulsa Monday to visit their parents Messrs. and Mmes. J. M. Weinzappel and G. H. Hellman and also visited the Rudy Hellmans. They were overnight guests in the G. H. Hellman home and returned to Tulsa early Tuesday morning.

Mr. and Mrs. George Petrus and baby son Michael and Howard Mollenkopf spent the weekend in Austin for Roundup activities at Texas University. Mr. and Mrs. Petrus saw and visited with many of their college friends and Howard, who is "shopping around" for a college to attend next term toured the campus and buildings.

Ida Rohmer arrived this week Thursday for a vacation visit with her parents the John Rohmers and other family members. Ida is a nurse in Fort Worth.

Roger Taylor and William Fisher, students at St. John's Seminary in San Antonio, arrived Wednesday to spend the Easter holidays with their families, the C. O. Taylors and the Paul Fishers.

Mrs. Joe Swirczynski returned Tuesday from a week's visit in Fort Worth her children Ed Swirczynski and Mrs. Townsend Miller and their families. She also enjoyed an inspection tour of St. Vincent's Store where, during the year, she sends shipments of clothing contributed by local families. St. Vincent's Store is one of the local Mission Circle's favorite charities.

Mr. and Mrs. J. M. Weinzappel were in Dallas Friday for a guest day and banquet by Mercantile Bank in connection with the formal showing of the bank's new addition. Accompanying them were Claude Jones and his sister Mrs. Pearl Feltz of Gainesville.

### NO MEETING SUNDAY

Saint Anne's Society will not have a meeting Sunday. The April meeting has been postponed so as not to conflict with Easter activity. Next meeting date will be announced.

### Former Milk Hauler Dies in Fort Worth

John Merkel, generally known around town and especially by employees at the milk plant, passed away Friday in a Fort Worth hospital. He was 55.

Merkel was for several years a milk hauler to the Muenster plant. In recent years he was a candy-maker at King Candy Co. in Fort Worth.

### 11 Muenster 4-H Girls Win Ribbons In Easter Parade

Eleven 4-H girls from the intermediate and junior clubs of Sacred Heart school entered the annual County 4-H Dress Revue and all eleven came home with ribbons. The group won eight blue and three red awards.

There were 82 county entries in the Easter Parade held on the stage at the Junior High school auditorium in Gainesville Tuesday night. Only senior division entries were eligible for com-

petition in the district contest to be held later and Cooke county will be represented in that event by Janice Berry of Era. She was the top winner among senior club girls.

Muenster's entries were Kathy Trubenbach, Virginia Taylor, Patsy Fette, Peggy Jo Reiter, Janie Henscheid, Patsy Endres, Rosemary Fisher and Charlotte Wolf, blue ribbon winners, and Linda Fette, Patsy Zimmerer and Evelyn Fetsch, red ribbon winners.

Going to Gainesville with the girls to see them model their garments were Mr. and Mrs. John Fisher, Mrs. Raymond Zimmerer and children Linda and Clifford, Mrs. Wilfred Reiter, Mrs. Paul Endres and daughters Peggy and Mary Ellen, Mrs. Paul Fisher and daughter Rita, Mrs. Henry Henscheid and Mrs. C. O. Taylor.

Narrators for the show were Lorine Voth of Lindsay, Janice Berry of Era and Carma Masten of Gainesville.

### Catholic Daughters Biennial Convention Slated April 11-14

The state biennial convention of the Catholic Daughters of America will be held in Houston April 11 through 14 at the Rice Hotel.

Plans for the convention have been going on for many months under the expert guidance of the Steering Committee headed by Mrs. A. E. Treanor, general chairman and Mrs. W. J. Weikerth and Mrs. W. G. Eyring Sr., co-chairmen.

Highlights of the four-day meeting will be a civic reception banquet Sunday night, April 13, in the Rice Hotel Crystal Ballroom and the election of state officers on Monday, April 14.

The Catholic Daughters of America now have 61 courts established throughout Texas with a membership of more than 8000. Purpose of the organization is primarily to promote unity and charity among its members and to stimulate Catholic Action among the laity.

Theme for the 21st biennial convention will be "Peace — The Key To Progress," and state officers have planned an interesting and educational program around this theme.

Gainesville

HOW MANY OF THESE MUSTS WILL YOUR NEXT WAGON HAVE?

LOOK FOR TENNESSEE ERNIE FORD STAR OF THE FORD SHOW ON TV EVERY THURSDAY NIGHT

### 1. STYLING THAT WILL STAY IN STYLE

Ford Station Wagon styling is Thunderbird-inspired. So you know it's going to be in style for a long time to come. And Ford offers you six different body styles to choose from.

### 2. ALL-NEW V-8 ENGINE

Ford V-8 power is all-Thunderbird, too . . . with new Precision Fuel Induction that pays off in still better gas mileage. And it can be yours in all Fords (including the lowest-priced wagon of the low-price three).

### 3. MOST MODERN "SIX"

The Ford Mileage Maker Six is the most modern and most economical Six in its field. It's the 1958 version of the engine that scored most miles per gallon in last year's Mobilgas Economy Run.

### 4. SINGLE-CONTROL LIFTGATE

Loading and unloading is a cinch with Ford's single-control latch. Just a flick of the wrist and both lift-gate and tailgate open. You can close both gates with one hand, too.

### 5. GENUINE FOAM-RUBBER CUSHIONS IN FRONT SEATS OF ALL MODELS

Only Ford wagons offer you the added luxury of genuine foam-rubber front seat cushioning in every model. And all Ford wagon seats are scientifically contoured over non-sag springs for greater riding comfort.

### 6. LOWEST PRICE POSSIBLE

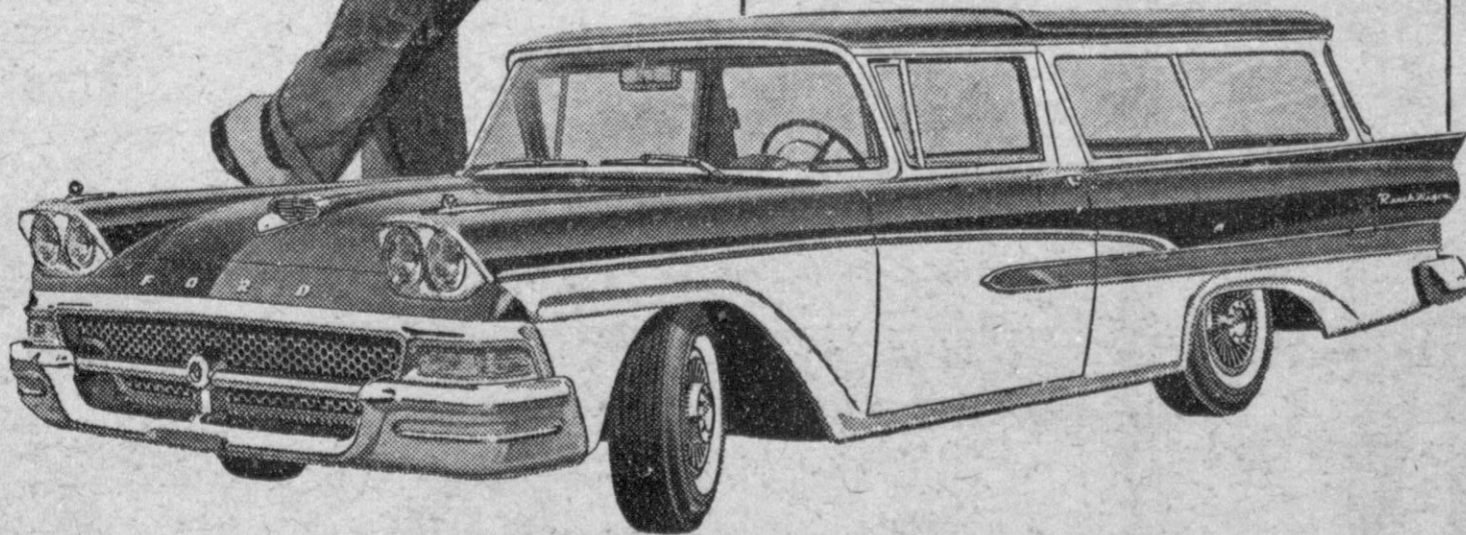

Because Ford sells nearly half again as many station wagons as its nearest competitor, Ford can sell these fine wagons at half the fine-car price.

### 7. TRADITIONALLY MOST WANTED AT RESALE TIME

Ford Station Wagons, dollar for dollar, have traditionally commanded top prices on the used car lots. Another reason why your investment in a Ford wagon holds up better.

WELL YOU GET 'EM ALL IN A FORD STATION WAGON . . . AND AN EXTRA-SPECIAL TRADE-IN ALLOWANCE TO BOOT . . . DURING

### Every Fifth Car in Texas Still Needs Safety Inspection

Roughly, 1 out of 5 Texas autos have not been inspected as required by State law and there remains but 10 more working days prior to the inspection deadline on April 15.

In a weekend statement Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety said that some 700,000 motor vehicles must still pass through the inspection lines prior to that date if their owners are to avoid being handed tickets for violation of the Motor Vehicle Inspection Law. Enforcement will begin April 16, he said.

"It is still possible," said Garrison, "for the State's 4500 licensed inspection stations to handle the last minute rush provided that motorists take their cars immediately in order that there will be no delayed period between the handling of one vehicle and the next."

The Public Safety Director pointed out that every minute of the inspection stations' time will be at a premium between now and midnight April 15, and that waiting lines will be in store for those who wait as the deadline draws nearer.

### IT HAPPENED 20 YEARS AGO

April 1, 1938

Worst deluge in three years steals tons of top soil; destroys crops and bridges, rainfall amounts to six inches. School children honor Father Frowin with program on feast day. New equipment is added to cheese plant for rush season. Nick Miller and Al Kleiss are on school trustee ticket for election of one man next Saturday. Al Walterscheid and Nick Miller are unopposed as candidates for city aldermen. Two cent reduction in fire rate is seen as early reality for the city. The Bill Ottos and the Pete Blocks announce the arrival of daughters. Muenster has low showing in county meet competition.

### 15 YEARS AGO

April 2, 1943

Tin cans will go to war; campaign to salvage this scrap is begun here. F. J. Hess withdraws from city mayor's race leaving J. M. Weinzapfel the only man on the ticket; but P. J. Rollman announces he will be a write-in candidate. Home nursing class, with Mrs. T. S. Myrick as instructor, ends 12-week course. Rationing of meats and allied foods began Monday. Farmers and gardeners are busy this week after a good rain.

Charles, three-year-old son of Mr. and Mrs. Frank Herr, is recovering from a ruptured appendix operation. Dangelmayer Brothers have bought the Buddy Fette farm six miles southwest of town. Mrs. Werner Endres and Sister Gerarda are recovering from operations. Lindsay students finish Red Cross first aid course given by Sister Vianney.

### 10 YEARS AGO

April 2, 1948

Red Cross drive here has 77 per cent of quota in which \$558 collected. Larger grandstand heads improvement list for ball park. March goes out like a lamb after worst sandstorm since 1938. District increases scholastic census from 505 to 519. Big vote expected in trustee election with J. B. Klement seeking re-election and Bob Ryle, General Morris and C. M. Walterscheid seeking first term on school board. Jewel Marie Hoffman is Muenster's duchess for Gainesville Round-up. Emmet Fette enters Gainesville Sanitarium for surgery. Anastasia Tempel has a two-week vacation from Pagel's Store. Leona Berend and Earl Lehnertz marry at Gainesville. Christine Sicking and Bernard Gieb marry here. Gregory Hundt and Mary Hermes marry at Lindsay.

### 5 YEARS AGO

April 3, 1953

Mrs. Frank Trubenbach, 64, dies after a six-week illness. Two weekend fires cause \$1250 damage; Al Walterscheid's garage is destroyed and his car is damaged; at Paul Fisher's a barn and hay is lost. Mrs. I. B. Fonville, 38, the former Mary Alice Bernauer of this city dies, in Durham, N.C. Eleven months after the ground breaking ceremony the first beam of steel is set in place for the roof of the new Sacred Heart church this week. School district adds 19 in this year's census; total count is 597. Henry Luke has surgery at the VA Hospital in McKinney. Elizabeth Swingler, mother of Joe Swingler, passes in Illinois. Lindsay Red Cross drive nets \$109. Brother and sister meet after 47 years when Mrs. Frank Raab, 73, of Lindsay and her brother Louis Nepple, 69, of Glidden, Iowa, hold reunion in the home of Mrs. Raab's daughter Mrs. H. V. Moore in Fort Worth.

### INFLATION UNBRIDLED

There is a report from the Midwest that Arab organizations there have complained to the government about the high cost of wives. These groups claim that the sum traditionally paid to the father of a bride-to-be has jumped to \$900 from \$100 in 1950. The result, the report goes on, is that only the rich old men can afford to marry, and they compound the problem by taking up to four wives each, thus depleting the available supply. The young Arabs, faced as they are with a lifetime of aloneness, have made a plea for price control on brides.

### Rapid Growth of Bass Revealed in Lake Renovation

Austin, — Case history on a renovated Texas lake shows how fast bass will grow under proper conditions, according to the Director of Inland Fisheries of the Game and Fish Commission.

According to a report made by Ken Jurgens, Aquatic Biologist, a city lake at Taylor, covering three acres, was completely renovated in April, 1957. Rough fish were eradicated with a netting survey. A month later the lake was fertilized at the rate of 200 pounds to the acre. In June, 600 bass fingerlings

were stocked.

In November, a netting showed the bass ran from 6-8 inches in length. By January of this year they had reached 8-10 inches. Today they are running 10-11 inches in length.

Plans now are being made to pass an ordinance limiting fishing in this lake to persons under 16 years of age. It will be known as the "kids' fishing hole" for the city of Taylor, if the proposed ordinance passes.

"The handling of this lake is a fine example of what can be done to improve fishing," the Director said. "Where we have been able to go in and do a total kill and then restock the lakes with game fish under prop-

er conditions the growth has been very remarkable.

"This same practice can be put into effect on private ranch tanks to improve the quality of fishing," he said. "Every time any water is renovated and then properly stocked someone benefits. We have enough ranch tanks in Texas to provide some very fine fishing. If they are put to use, it will relieve the pressure elsewhere."

Personnel manager to prospective employee, "Let's see now, Jones, you say here you were 23 years at your last place . . . why did you leave?" Replied the prospective employee, "I was paroled."

### Step up your yield of . . . CORN, SMALL GRAIN, LEGUME CROP and ROOT CROPS!

Spray With Easy-to-Use

## GRO-GREEN

...with Foliage DIETENE

LIQUID BALANCED  
FERTILIZER (10-15-5)

Use ordinary tractor mounted sprayer or airplane for large acreages. For lawn and garden use handy spray gun connected to garden hose. Compatible insecticides & fungicides may be mixed with Liquid Fertilizer Solution and both sprayed on at one time.

Contains all necessary elements to stimulate thrifty plant growth. Fed through the leaf it goes to work fast, saving the time it would ordinarily require hungry plants to liquefy dry fertilizer before getting needed nourishment. Spray when needed without waiting for rain. No heavy sacks to handle—cannot be washed away by heavy est rainfall.

### Farm Bureau Fun Night Draws 125

About 125 Farm Bureau members attended the organization's Fun Night program Thursday in the Community Center Building at Gainesville.

President Joe B. Hundt called the meeting to order and group singing followed under the direction of Mrs. Bruno Zimmerer and Mrs. J. E. Pybas.

Millard Shivers of Waco, organizational director, was the guest speaker. In addressing the group Shivers said:

"Your Cooke County Farm Bureau is one of a large group of Texas organizations which offer to farm and ranch people an opportunity for group fellowship and group action among the independent business men who are the individual farmers. The program of your Farm Bureau embraces social events such as you are now attending, agricultural information, legislative study and action, and supplies you with a medium for communication of your desires in the conduct of your county, state and national affairs."

Shivers also discussed major issues coming up during the 56th legislative session.

Lindsay 4-H club girls, winners in the County 4-H Share the Fun contest, entertained with a square dance number. Paul Fisher, Mrs. Pybas and Mrs. Zimmerer directed a number of team competition games, and table games followed.

Door prize winners were Mrs. Joe B. Hundt, John Voth and Mrs. Bruno Zimmerer. Refreshments of sweet rolls, doughnuts, milk and coffee were served by Mrs. Walter Nortman and William Bezner.

### Local News BRIEFS

Marty Klement spent last week in Dallas attending a Ford dealers seminar. His wife joined him Thursday and they returned home during the weekend.

Mrs. Edith Butcher of San Antonio was a visitor during the weekend with her father Jim Walker and her grandmother, Mrs. Ada Walker.

Mr. and Mrs. Albert A. Knabe had as guests Sunday her father August Sprengel and Mr. and Mrs. Ben Knabe of Pilot Point, and Mr. and Mrs. Frank Sprengel and two children of Fort Worth.

Mr. and Mrs. A. E. Richardson had as guests during the weekend, a daughter Mrs. Phillip Holman and sons Charles and Bobby and their friend David Reaves, all of Electra.

Guests Sunday in the home of Mr. and Mrs. M. H. King were his cousins Mr. and Mrs. Pope Robertson and children of Marietta, Okla.

At the Flowercade in Fort Worth Wednesday on a Garden Club pilgrimage were Mes. T. S. Myrick, L. B. Bruns, Dan Luke, Dick Cain and Judy, Edd McGannon, Lee Toothaker, Ted Gremminger and Joe Swirczynski. They were joined by Mrs. Luke's mother Mrs. Henry Hensler and her sister-in-law Mrs. Robert Hensler of Pilot Point at Denton who had their car. Mrs. Myrick and Mrs. Cain took cars from here.

Jerry Henscheid arrived during the past weekend to spend the Easter holidays with his family, the Leo Henscheids. He's a senior at St. Edward's University in Austin. Also here are Mrs. Damien Hellman and children Kevin and Linda Jean of Lubbock who are dividing their time with her parents and with her husband's parents, the Rudy Hellmans. Damien brought his family to Muenster and was here for a weekend visit then left for a ten-day field trip with his class from Texas Tech.

Mr. and Mrs. Walter Cooke and family of Fort Worth spent Sunday with her parents, Mr. and Mrs. J. A. Sanders and they all visited Mr. and Mrs. Joe Linn and Mr. and Mrs. M. A. Slaughter in the afternoon.

Georgia Ann Owen of Fort Worth weekended here with her parents and family, the Ray Owens.

Mr. and Mrs. John W. Fletcher have returned to their home in Redlands, Calif., after a visit in Forestburg with relatives—the John Thompsons, the H. D. Cooks and the Jones families.

Gilbert Bindel of Fort Worth came home for the weekend to visit his family, the Frank Bindels. He's recovering satisfactorily from recent surgery but will have to take it easy for about two more weeks and see his doctor for regular check-ups.

Mr. and Mrs. Ronnie Herr and daughter of Wichita Falls were here Sunday to visit their parents, the Frank Herrs and Albert Henscheids and also enjoyed a visit with Naval Airman Tommy Herr who was on a weekend pass from his base in Memphis, Tenn.

Mr. and Mrs. H. L. Jackson and children of Fort Worth drove to Muenster last Thursday to spend the day with her parents, the J. M. Weinzapfels.

Billy Joe Miller made a business trip to New Orleans, La., during the weekend and Andy Hofbauer accompanied him to visit his daughter Donna Hofbauer who is in nurses training there at DePaul Hospital. Mr. and Mrs. Ray Wilde were also visitors in New Orleans and they were all together for a visit with the Hubert Bezners, formerly of Lindsay, and enjoyed sight-seeing. The Wildes delivered a new '58 blue and white Chevrolet four-door sedan to the Bezners.

Father Louis Deuster was back in Muenster last Thursday and returned to Little Rock, Ark., in a new '58 all-white Del Ray Chevrolet 4-door sedan he bought for his parish.

Mr. and Mrs. J. W. Fletcher were in Denton Sunday to attend the christening service of their granddaughter Jennie Sue Fletcher, baby daughter of Mr. and Mrs. Jack Fletcher. The ceremony was held in the First Methodist church at Denton with Rev. Flack officiating. Also attending the service was the baby's maternal grandmother Mrs. McLane of Childress.

Melvin Schoech and two boy friends from San Antonio arrived Wednesday to spend the Easter holidays with Melvin's parents, Mr. and Mrs. Andy Schoech. The three are students at St. Mary's University.

Mrs. C. D. Caplinger and three sons of Sherman spent Saturday and Sunday with her mother, Mrs. Alfons Koesler. Mr. Caplinger joined his family Sunday and accompanied them home.

Sunday guests of Mr. and Mrs. H. D. Cook in Forestburg were Mr. and Mrs. R. B. Miller of Fort Worth.

Mr. and Mrs. Edward Guthrie of Fort Worth spent the weekend with her parents Mr. and Mrs. Al Wiesman.

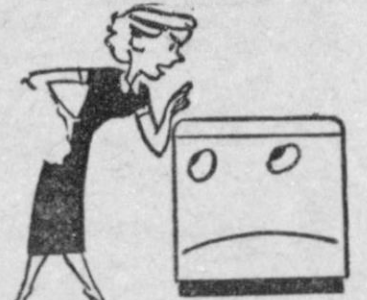

Mr. and Mrs. Ferd Yosten and children of Fort Worth were weekend visitors with their parents, the I. A. Schoechs and the Frank Yostens.

Mrs. Bob Yosten joined her son Leonard Yosten and his wife and children David, Susan and Diane Sunday on a drive to Cleburne where they were guests in the home of Mr. and Mrs. Curtis Holland. Also there for the day were Mr. and Mrs. Paul Yosten and family of Fort Worth.

3 big reasons why you won't want to miss . . .

## CHEVY'S APRIL SALES SPECTACULAR!

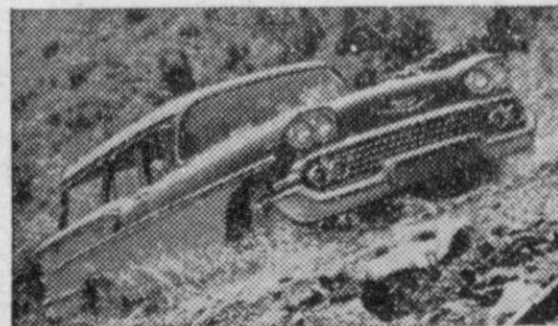

### 1 SPECTACULAR STYLE—Proved by leading fashion designers!

The smartest look on the road! That's Chevrolet in all 17 glamorous models. And proved, too. For Chevrolet's sculptured elegance and gracefully sweeping lines captured the imagination of world-famous designers, inspiring a fabulous collection of women's fashions.

### 2 SPECTACULAR PERFORMANCE—Proved on a round-trip run over the Andes!

From coast to coast across South America, up over the Andes from Buenos Aires to Valparaiso, and back again in just 41 hours and 14 minutes! Chevy went all the way with the hood sealed shut, without a drop of water or oil added—experiencing every extreme driving situation you can think of for 1,900 straight miles. Chevrolet proved its sure-footed roadability and boundless V8 energy, with the Automobile Club of Argentina certifying the results.

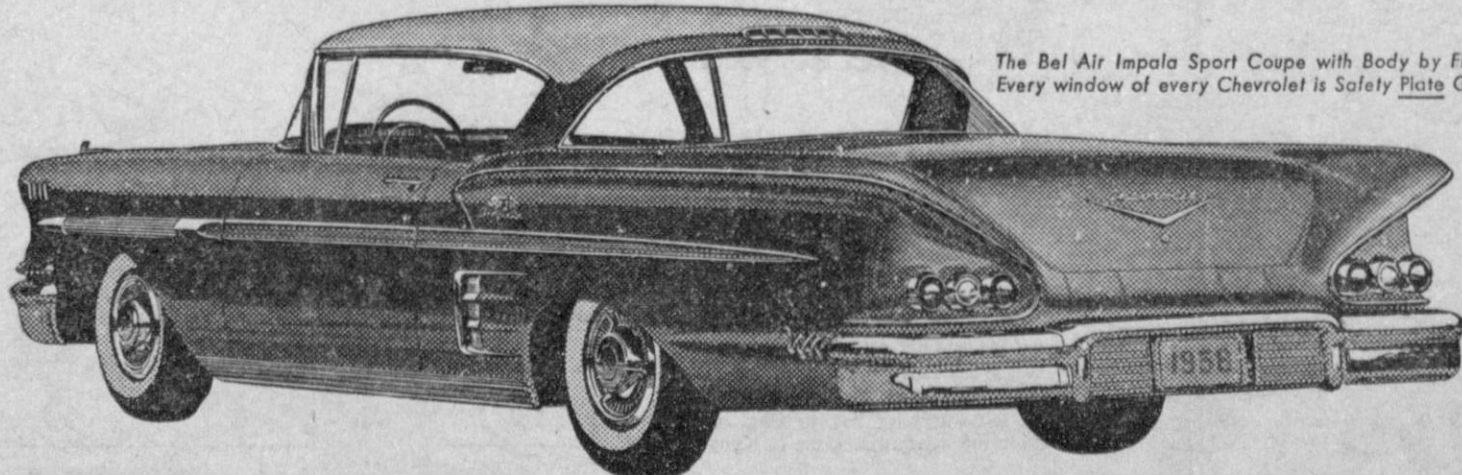

### 3 SPECTACULAR VALUE—Your Chevrolet dealer's ready to prove it!

He'll show you that Chevy's the only completely new car in its field, today's biggest dollar buy. Yet prices begin right at the bottom of the ladder. See him this month for sure!

You'll get the best buy on the best seller!

The Bel Air Impala Sport Coupe with Body by Fisher. Every window of every Chevrolet is Safety Plate Glass.

TOP ENTERTAINMENT—The Dinah Shore Chevy Show—Sunday—NBC-TV and the Pat Boone Chevy Showroom—weekly on ABC-TV

Member FDIC

**Marysville News**  
By Mrs. B. G. Lyons

MARYSVILLE — Mrs. Ollie Morris of Perryton is spending this week with her daughter and family, the Rafe McElreath.

Dr. and Mrs. James Cole of Dallas visited one day of the week with his parents, Mr. and Mrs. J. W. Cole.

Mrs. J. N. Shaw had as overnight guests Thursday Mrs. Emma Breckenridge and Mrs. Myrtle Blount of Gainesville.

Mr. and Mrs. Louis Reeves of Saint Jo and Mr. and Mrs. Joe Wolfenburger of Weatherford visited Sunday with their uncle and aunt, Mr. and Mrs. Jim Shiflet.

Lucien Bone and his mother Mrs. Queenie Bone of Dallas were Saturday guests of her sister and husband, Mr. and Mrs. B. G. Lyons.

Members of the Marysville Baptist church attended revival services at the Muenster Baptist church Sunday.

A four-day revival at Marysville Baptist church begins Friday, April 4, and will end Monday. The pastor, Rev. Manning Bishop, will be in charge of the services.

Mr. and Mrs. John Richey were in Gainesville Sunday to visit

**GETTING THE COLD FACTS**—A remote operator of the Tellurometer, a revolutionary new device for measuring distance by microwave, contacts the master station during a survey in the Bellot Strait area of Canada's Northwest Territories. Two men using the Tellurometer, introduced into the U.S. Navy's Military Sea Transportation Service for 1957 operations, can establish a seven-mile base line that would take 60 men using conventional equipment 25 days to survey.

feet of reinforced concrete pipe, placing topsoil in emergency spillway 5800 square yards, and furnishing and installing 4158 linear feet of wire fence. This reservoir will bring the number of dams on Elm Creek in the Muenster-Saint Jo area to 21. It will be another step forward in the district's program to stop the floodwaters on the small upstream creeks and prevent damaging overflows on the big streams lower down. The reservoirs that were constructed last spring proved their worth by preventing overflows on the Elm Creek bottoms between Saint Jo and Gainesville. Additional reservoirs will strengthen the system and make it even more effective over greater distances downstream. It means more progress in the local district's program to protect and improve all agricultural land within its boundaries.

**SOIL CONSERVATION  
DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**

With another reservoir job open for bids by dirt moving contractors the flood prevention program on Elm Creek keeps rolling along.

Rush Freeman, chairman of the Upper Elm-Red Soil Conservation District, has announced that sealed bids, in one copy only, will be received by the Soil Conservation Service in Temple, Texas, until 2 p.m. April 17, 1958, and then will be publicly opened and read for the construction of floodwater retarding structure on Elm Fork, site 7D, of the Trinity River. Site 7D is located on the Hill Campbell ranch east of Muenster.

The major items of work in the contract call for excavation of 19,740 cubic yards of soil, placing and rolling embankment 123,000 cubic yards, concrete class A and B 42 cubic yards, furnishing and installing 216

**Virginia is Champ Laying Quail, Her Record: 332 a Year**

Austin. — A new record in quail egg production has been set by Virginia, a little quail hen at the State Quail Farm at Tyler, according to the Assistant Secretary of the Game and Fish Commission.

Virginia laid 332 eggs in 12 months. She surpassed the record of 311 eggs produced by her mother Bernice, during the previous year.

This performance record placed Virginia at the top of all state personnel. She missed only 33 days of production, which means she even worked on Sunday part of the time, took no long weekends, vacation, or sick leave.

There were 25 daughters of Bernice in the egg test run at the hatchery by Superintendent George C. Stodghill. The test began March 1, 1957 and ended Feb. 28, this year. Seven of the little hens reached the 300 mark. They produced a total of 6,295 eggs, or an average of 251.8 eggs per hen in the 12 month period.

A number of birds from this blood line have been moved into other broodstock now at the hatchery.

In addition 100 wild quail have been trapped by Biologist Clyde Holt in the Decatur area. These birds will be introduced into the hatchery program to perfect native birds produced at the hatchery for release on Texas farms and ranches.

The Assistant Secretary urged landowners to begin their program of habitat improvement early this year, to provide cover for an increased bird crop.

"We are going into a new hatching season with a fine seed crop of quail," he said. "Good shooting this fall will depend largely upon what is done by the landowners this spring." He

**MHS Scores Fourth In 37-B Track Meet**

An array of talent, the best that has been seen to date in a 37-B track meet, swamped the Muenster Hi boys Wednesday in the annual district event on the NTSC field.

When points were tallied Muenster came out in fourth place with 17 1/2. Valley View, champ for two years past was winner again with a grand total of 65 1/2 points. Other team scores were Callisburg 25 1/2, Era 24 1/2, Alvord 13, Saint Jo 8, and Sanger 1.

As a result of it all James Wolf is the only Hornet to qualify for regional competition. He won the mile run giving MHS its only first place. The other team points were earned by third and fourth places.

According to Coach Boze Ansley all his boys did fine. The only trouble is that the other fellows did better. Almost without exception the Muenster boys Wednesday turned in their best records of the year, but they were not good enough.

**Candid Comment**  
Nature couldn't make us perfect, so she did the next best thing — she made us blind to our faults.

## Lindsay News

Nellie Ann Hess, 13, daughter of Mr. and Mrs. Henry Hess, has her right arm in a cast since last Wednesday when she sustained a broken bone in a fall during play at school. The cast will have to remain on for about six weeks.

Margie, 10, and Clare Elizabeth, 6, daughters of Mr. and Mrs. Henry Hess, entered Gainesville Sanitarium last Friday for treatment of flu following measles and are recovering satisfactorily.

Mrs. Ralph Esker is recovering from an illness of measles and pneumonia. She's up and around the house now.

Mr. and Mrs. Leonard Bengfort and children spent Sunday in Muenster with her parents, the John Herrs.

Mrs. Adam Beyer has returned from Fort Worth where she spent a week with her son and family, the Carl Beyers.

Leo Zwinggi's left eye continues to improve, and while there is very little sight in it the eyeball has healed and isn't causing pain. Mr. Zwinggi suffered a serious injury to his eye some months ago when a flying nail pierced the eyeball.

A. J. Beyer, 4, son of Mr. and Mrs. Lambert Beyer of Gainesville and grandson of Mrs. Adam Beyer, has recovered from an adenoidectomy performed at Gainesville Sanitarium Saturday.

## Peggy Hermes and Ray Walterscheid Set Wedding Date

Mr. and Mrs. Joe Hermes of Lindsay have announced the engagement and approaching marriage of their daughter, Peggy, to Raymond Walterscheid, son of Mrs. John Walterscheid of Muenster. The nuptial mass will take place on May 10, at 8:30 a.m. in St. Peter's Church in Lindsay. Rev. Conrad Herda, pastor, will officiate.

Attending the bride will be her sister, Louise, as maid of honor and Margie Walterscheid, niece of the groom, bridesmaid. Dave Walterscheid, nephew of the groom, will serve as groomsman and Alfred Hermes, brother of the bride, will be best man.

Miss Hermes is employed as a secretary in Gainesville and the prospective groom is a pumper in the oil field.

## 19 Lindsay Girls Model Costumes in 4-H Dress Revue

Nineteen Lindsay 4-H club girls Tuesday night modeled costumes they made to show in the county's annual 4-H dress revue. Parents and friends accompanied them to Gainesville for the program in the Junior High school auditorium.

Every girl won a ribbon. Blue ribbon winners were Linda Stofels, Judy Bezner, Barbara Bezner, Patsy Zimmerer, Mary Catherine Flusche, Dolores Voth, Mary Ann Hermes, Rose Mary Hermes, Marjorie Fuhrmann, Patty Block, Patsy Hermes,

## Tigers Retaliate; Score 12-6 Upset Over Windthorst

Victory was sweet for the Sacred Heart Tigers baseball team Tuesday as they walloped Windthorst 12-6 on the Trojans' home field. The game was especially satisfying after the 12-0 licking received from the Trojans a week before.

It was by no means a run away, however. For five innings the teams struggled along in a deadlock before Sacred Heart ran up its 6 run margin in the final two frames.

The first inning netted 4 tallies for each team, the next three were scoreless and the fifth added 2 for each side. After that it was all Muenster's with 2 in the sixth and 4 in the seventh.

Howard Mollenkopf went all the way as Tiger pitcher allowing 7 hits and a walk and fanning 8 batters. Windthorst used four pitchers in its effort to stop the Tiger hitting barrage. Among them they allowed 15 hits and 7 walks and struck out 4. The teams broke even on errors with three each.

Sacred Heart hitters were Hartman 3 singles; Mollenkopf and Charles Bayer a single and a double each; Streng, Wimmer and Hess 2 singles each; Fleitman and Leonard Bayer 1 single each.

Next action on the slim Tiger schedule is a game with Jesuit B. there Friday of next week, then a couple of Sunday games with St. John's of Ennis, here on the 20th and there on the 27th. Coach Petrus has hopes of finding another game or two for his charges before they take on Laneri and Waco Catholic Hi in conference play next month.

## Building And Improvement Notes

Building activity here consists mostly of four new jobs, a house for James Mollenkopf and the Buckner ranch, a new place for Nick Miller's cleaning and shoe repairing business, and a combined garage and machine shed for A. J. Lutkenhaus.

Meanwhile two other new homes, just completed, are being occupied this week. Urban Endres started moving Wednesday into his new four bedroom house in the northwest part of town, and the VFW club was not certain of its moving time but expects to be settled in its new home before Easter.

Mollenkopf's house, in North Muenster, will have 3 bedrooms, central heating and attached garage. Siding will be gray asbestos.

Miller's 20x60 building will be across the driveway north of the present combined funeral home and cleaning and shoe repair plant. It will be similar in design but different in color with red brick going up part way, white

Rosalee Moster, Betty Haverkamp, Lorine Voth, Sunny Lou Sutton.

Winning red ribbons were Karen Loerwald, Bernadette Bezner and Marcella Neu, Dorothy Bengfort won a white ribbon.

Lorine Voth served as one of the narrators for the fashion parade.

asbestos siding the rest of the way, and a flat roof. When completed the other building will be remodeled and all of it used for the funeral home.

A 2 bedroom house is being built for the caretaker on the Buckner Orphanage ranch south of town.

Also south of town A. J. Lutkenhaus is working on a new 40x42 shed which will be used as a machine shed and a double garage.

A third project in the same neighborhood is the house moved in by Mims Lewis. It's getting an additional room and a general repair job and will be the future home of Wylie Lewis and his bride.

A general repair job is under way at the rock station and the adjoining house about four miles east of town. When finished it will be occupied by Mr. and Mrs. Henry Huchton.

Other improvements consist of new roofs for Lou Wolf, Lena Herr, Lawrence Wimmer, Joe Hermes and Roy Atteberry and new paint inside and outside at Ferd's Gulf Station.
