

Bangs

Dr. Coleman, Presiding Elder of Brownwood District, preached at the Methodist church here Sunday.

Bangs church of Christ is beginning a series of meetings next Sunday morning at the tabernacle. Evangelist G. F. Mickey of Coleman will do the preaching. R. B. Williams of Brownwood will lead the singing.

Mr. and Mrs. J. L. Riordan, Mr. and Mrs. Walter Brooks visited Mr. and Mrs. Will Everette at Rising Star Sunday.

Mr. and Mrs. J. E. Nix, Mr. and Mrs. Jack Brooks spent Tuesday in the home of Mr. and Mrs. R. L. Brooks.

Boyle Garrison of this place and Mrs. Margaret Pool, of Los Angeles, California were united in marriage June 29th in Clovis, N. M. Mr. Garrison has only been a citizen of our town a month, but since his coming has purchased land and erected a modern little cottage and on Monday, he with his wife returned to Bangs to make their home.

High Hall of Dallas is here visiting in the home of his aunt, Mrs. A. L. Hall and other relatives.

Mrs. F. E. Early and son, Firman, visited Mrs. Early's father in Seguin last week, returning Friday.

W. J. Henry, of Bartlett, is visiting in the home of his daughter, Mrs. J. D. Stewart.

Mrs. J. S. Sheffield, has returned from Ft. Worth where she visited relatives.

Mr. and Mrs. H. M. Amirkhan and children of Dallas, came in the 4th and remained over Sunday with Mrs. Amirkhan's parents, Mr. and Mrs. J. B. Snow.

Mrs. James W. M. Medcalf and J. E. McMurtrey returned Thursday from Gravett, Arkansas where they visited their brother, Joel Smith.

Rev. W. C. Rucker of Thurber, has been called to the pastorate of the Baptist church here. It is expected he will be on the field August 1. Rev. M. E. Cunningham of Fort Lavaca, has been invited to do the preaching in the revival meeting beginning the 12th of August.

Miss Rebecca Joiner of Sherman and brothers, Jim and Bennett of Seguin, are guests in the home of their uncle and aunt, Mr. and Mrs. F. R. Early.

Mrs. N. L. May of Ft. Worth, spent Monday night here and left Tuesday for a visit to her sister in San Angelo.

Mrs. Robert Spencer and baby, recently of Wink, are spending some time in the home of her mother, Mrs. Kennedy before going to Los Angeles, California to join her husband there.

Mrs. Dollie Erickson of Brownwood is attending the bedside of Mrs. J. T. Strange.

Mr. and Mrs. L. G. Porter and daughter, Dorothy Jane and Mrs. Porter's mother, Mrs. Horn are seeing the sights in Colorado.

Mr. and Mrs. D. W. Boyd of Bartlett were guests in the home of Mr. and Mrs. J. D. Stewart.

of Mr. and Mrs. J. D. Stewart Sunday on their return home from Lamesa, where they visited relatives.

Elder J. P. Saylor returned Monday from Golsen, near Waco, where he did the preaching in a revival meeting. Elder Saylor is pastor of the Church of Christ here.

Mrs. J. T. Strange is reported on the sick list this week.

Dr. and Mrs. E. T. Soundericker of Menard spent several days last week visiting their daughter, Mrs. Joe Walker and other relatives here.

Mr. and Mrs. A. A. Seal and children, Mr. and Mrs. J. D. Hintner, and son, left Monday for several days outing and fishing on the Llano river.

Christine Buse returned to her home at Santa Anna Saturday after a week's visit in the home of her aunt, Mrs. W. E. Curry.

Mrs. Miles Schultz and children are visiting relatives in Breckenridge.

Mrs. Laura Anderson and daughter, Mrs. Roland Crane, returned Thursday from Richland Springs, where they visited Mrs. Crane's husband's parents.

Mr. and Mrs. Herschel Prince, Mr. and Mrs. Cyril Prince, T. C. Fitzgerald and wife, spent the Fourth at Brady.

Mrs. J. K. Cass, of Tulsa, Oklahoma, came in Saturday afternoon for a visit in the home of her brother-in-law, W. T. Gibson and family.

Olis and George Atkins left Sunday for their home in Dallas after a visit to their mother, Mrs. A. B. Atkins and sister, Mrs. J. C. Howell.

Prof. R. H. Cornelius of Port Worth, who is teaching a singing school at Jordan Springs, with his class, will sing at the Baptist church Friday night, July 12th.

Miss Effie Baker, a missionary from Japan, who is on furlough at this time, spoke at the Baptist church Wednesday afternoon at 3 o'clock, those who missed hearing Miss Baker missed a great opportunity to hear one speak who has given her life work to a foreign people, that God be glorified in her life in this work. Miss Baker is a niece of Mrs. H. L. Alcorn and has spoken here before.

Mr. and Mrs. T. J. Shipp of Canadian Mills county, came in Tuesday for a visit to Mr. and Mrs. Grubb.

Mr. and Mrs. Leon Carr and sister left Wednesday for Port Lavaca, for a visit to relatives and to accompany their parents to their home here who have spent some time visiting there.

Announcements have been received of the arrival of Jimmie Louis Fielder, in the home of his parents, Mr. and Mrs. Alvie Fielder of Abilene. Mrs. Fielder will be remembered as Miss Treca Brooks.

Mrs. James Lauder, Magie Martin and Roland Crane have returned from Coolee, where they visited in the home of Dr. and Mrs. John Anderson.

John Pool Harrison came in this week from Memphis, Tenn.

W. M. Jackson and son, Bob were over night visitors in the home of Mr. and Mrs. George Schartz, at Hico Thursday, Cecelia Ann, grand daughter of Mr. Jackson accompanied them home, and is spending the week here.

Hulen McIntosh has returned from a business visit to Lueders.

Mrs. Jim Vincent of Talpa visited her sister, Mrs. Chester Wilson Tuesday and Wednesday.

Rev. Utley, pastor of the Methodist church here, is assisting Rev. Renfro in a meeting at Byrds Store this week.

Miss Goldie Mae Elder of Karnes visiting the families of Mrs. W. D. City, who spent last week in Bangs; Shields and Mrs. W. W. Pulliam, broadcast the following program over station K.G.K.B. in Brownwood July 4 from 7:30 to 8 p. m.

Country Garden, Percy Grainger, Hark! Hark! The Lark, Schubert; List; Burning of Rome, popular number; Second Hungarian Rhapsody, Franz Liszt; You were meant for me, popular number. Several telegrams of congratulations were received and Miss Elder was urged to favor the radio folk with another program soon. This young pianist is a pupil of Mrs. A. C. Gope and reflects much credit to herself and teacher.

Elder Paul Saylor will leave Friday for Haskell where he will do the preaching in a two weeks revival.

Miss Virgie Mae Sheffield has returned from Rising Star where she was the guest of Mrs. Jack McDermott.

Mrs. Lee Arthur Rochester, entertained with bridge at 2 o'clock last Friday afternoon, honoring her guest, Mrs. H. M. Taylor of Amarillo. Daisies and pansies were attractively vased in the game rooms. Mrs. Eula Bradley scored high. Mrs. Taylor was also favored. An ice cream was passed to Mesdames Eula Bradley, Horace Taylor of Amarillo, Guy Eads, M. E. Garna, Rollin Hise, Roland Crane of Mesilla Park, N. M., Vance Hoskins of Big Lake, Alton McGaughey and Misses Billie Eads, Ruby Lois Layman and Lilly Pearl Alcorn.

ESTIMATES FOR BUDGET BEGUN

WASHINGTON, July 11.—(P)—Preparation of the 1931 budget estimates asked for by the budget bureau from various departments this month began today at the treasury when preliminary figures prepared by the customs and coast guard services were sent to Acting Secretary Mills.

Estimate for the prohibition bureau also have been submitted and are understood to be the same as contained in the 1930 budget and agency appropriation bill which totaled \$15,225,000. The coast guard appropriation for 1930 amounted to \$29,676,000 and the customs appropriations were \$43,180,500.

The figures submitted as preliminary estimates were understood to be slightly higher for the coast guard and customs for 1931 and the treasury was scrutinizing them with a view to following President Hoover's request that all appropriations for 1931 be kept within the amounts appropriated for 1930 and where possible be decreased so that more funds would be available for expansion in other lines of activity.

intoxicants at first was decided to have been the cause of the deaths, but the theory was discounted with the death of Evans' child, who was said not to have partaken of the beverage.

Dr. W. E. Platt, county health officer, said the symptoms resembled cerebral meningitis.

M. R. Renfro farm in Henderson county. The freak vegetable was a result of cross-pollination. Some tomatoes are planted near the potato vines.

A similar hybrid was reported by a farmer near Alto, Cherokee county.

Dr. W. E. Platt, county health officer, said the symptoms resembled cerebral meningitis.

POINCARÉ ASKS RATIFICATION

PARIS, July 11.—(P)—Premier Poincaré fired the first gun in parliament today in what promises to be a keen battle over ratification of the Mellon-Berenger debt accord, in beginning his speech, expected to last most of the day, the premier strongly urged unreserved ratification.

Contrary to his custom, M. Poincaré refrained from making an elaborate review of the history of the case, but squarely confronted the chamber with its responsibilities.

"There are two ways in which you may destroy the Young plan," he began, "first by non-ratification, and second, by ratification with reservations unacceptable to our creditors."

25 SWISS HEIRS SEEK PART IN TEXAS FORTUNE

HOUSTON, Tex., July 11.—(AP)—Twenty-three Swiss heirs of the late George H. Hermann of Houston have asked the federal district court here to give them each a slice of a \$10,000,000 melon.

In a suit filed against trustees of the Hermann estate they claim that specifications of the will have been broken, thereby entitling them to the full value of the estate.

They lost their first court battle when Federal Judge J. C. Hutcherson, Jr., denied an injunction restraining the trustees from further administration.

Claims of the heirs are based principally on the method of operation of the Hermann hospital here, Christian Lendi of Chur, Switzerland, has the power of attorney from the other 22 relatives and his claim is authenticated by the Swiss government.

The petition of the heirs claims the hospital is not being and never has been operated as a charity institution but that most of it is devoted to pay patients and other purposes "wholly out of keeping with a charity hospital."

It further alleges the hospital cost was excessive and out of keeping with the spirit of economy expressed and implied by the testator. The original amount set aside for the construction of hospital was \$100,000, the heirs recite, whereas they claim the building cost \$600,000 and equipment \$400,000.

The hospital was not built on the site now occupied by Sam Houston Hall, set aside for its construction, but is located in a fashionable suburb, far from the section of the city where the poor, the indigent, the infirm and the unfortunate congregate, work and live, the petition avers.

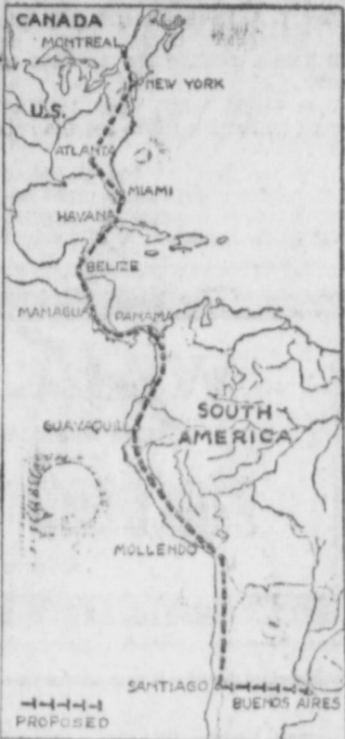

The Swiss heirs contend they had no notice of the probate of the will.

Answering the contentions, W. A. Childress, manager of the estate, said that when the trustees asked for authority to construe the will in 1920 they tried to locate the heirs but were unsuccessful. The court then granted them the right to construct the hospital on its present site and sufficient money to build the institution of the desired proportions, he stated.

"The trustees of the estate have lived up to every requirement of the law," Childress asserted. "The heirs are without foundation in their claim."

Pieces of quartz often contain several minute cavities filled with water.

New Mail Route

Here's how letters will go by plane from Montreal, Canada, to Santiago, Chile, with the completion of the longest airmail route in the world on July 16th. The distance is 5,774 miles and the service will consist of one trip each way each week. The service will be operated by the Pan-American Grace Lines, which plans to establish a route across the Andes mountains to Buenos Aires in the fall.

Five Actors Are Suspended from the Association

HOLLYWOOD Calif., July 11.—(AP)—Suspension of five actors from the Actors' Equity Association and the reinstatement of two others was announced by Frank Gillmore, president, today. While no statement was made as to the cause of the suspensions, it was understood they resulted from making contracts with talking motion picture producers without sanction of the organization.

Those suspended were Tully Marshall, Anders Randolph, Raymond Hatton, Louise Dresser and Henry Otto.

The action at a meeting of the Association last night was interpreted to be the first move of equity in its demand that producers accept only contracts from paid-up members of Equity. Leading members of the industry here made a flat refusal of the demand, insisting open shop would continue.

4 KILLED IN N. Y. WRECK

NEW YORK, July 11.—(AP)—Four trainmen were killed today near Corning, N. Y., when the Cleveland Express of the Erie Railroad crashed into a derailed freight train, it was announced at Erie headquarters here. No passengers were injured.

The men killed were the engineer, fireman and two mail clerks, the latter two in the baggage car of the Express.

After the crash the freight cars caught fire from inflammable material, and the blaze also spread to the baggage car of the Express.

Governor Of New Mexico To Speak

ROSWELL, N. M., July 11.—(AP)—R. C. Dillon, Governor of New Mexico, and J. W. Hall, Mayor of Roswell are to be speakers on the program of the Pecos Valley-Intermountain district convention of the West Texas Chamber of Commerce here July 16.

The convention will be held after the arrival from Ruidoso of the fourth annual motorcade sponsored by the regional organization. The motorcade will spend the night in Roswell where entertainment has been planned for them and will continue the next day to Clovis, and thence to the trip.

Governor Dillon will address the district delegates during the morning session, as will Mayor Hall who will make the welcome address and Judge J. D. Hamlin, vice president of the West Texas Chamber of Commerce who will respond.

Highway 67 To Be Graded Soon

TEXARKANA, Texas, July 11.—(AP)—Grading of Highway No. 67 from Texarkana to Fulton, preparatory to paving, will be started within the next two weeks by McGuire and Cavanaugh, contractors. Cost of the project will be \$327,750. Seventy-five men will be employed on the job which must be completed within eight months.

The bridge over Red River at Fulton, and with which the new highway will connect is about three-fourths completed and will be ready by October 1, the contractors announced.

Contract for a similar bridge at Garland City, expected to cost about \$500,000 is to be let by the Arkansas highway department.

Enough telephone wires are used in New York City to reach 35 times to the moon.

KILL OWNER OF HACIENDA

LEON GUANAJUATO, Mexico, July 11.—(AP)—Bandits attacked the Arroyo Hondo Hacienda in the Manuel Doblado district and killed the owner, Eladio Zaragoza, it was reported today.

Two doctors sent to treat Zaragoza's three young daughters, maltreated by the bandits, also were captured, stripped and lashed.

Report Battle of Fifth of July

MEXICO CITY, July 11.—(AP)—Although reports from most military zones were rebels had been operating for the last three years indicate peace has been restored, a telegram to the war department from the commander at Colima, State of Col-

ima, commended Col. Robert Fierro, aviator, for his daring in a battle with insurgents at El Borbollon, near there, July 5.

The telegram said the rebel positions would have been virtually impregnable had it not been for Fierro and his squadron. Fierro personally led the aerial attack, almost touching tree tops as he strafed the insurgents. No mention was made in the telegram of casualties.

Supplants Steel Wool

Steel wool is said to have been sidetracked in many of its fields of usefulness by the invention of a somewhat similar nature in which copper is used instead of steel. The mass is said to be as soft as a sponge, and has a marvelous ability for cleaning pots and pans in the kitchen and other metal surfaces which have become rusted or otherwise incrustated. The copper is said to be absolutely scratchless.

The death rate in New York City, which was more than 29 per 1000 population 50 years ago, now is about 12 per 1000, according to the U. S. Public Health Service.

Sensational Man Hunt In Mexico

MEXICO CITY, Mexico, July 11.—(AP)—The most sensational man-hunt in years is being conducted throughout Mexico, with troops, police and public in general seeking to recapture Luis Romero Carrasco who a month ago, according to a confession he is alleged to have made, killed his uncle and aunt, their servant and the servant's baby. Romero Carrasco was arrested soon

after the bodies of the victims were discovered, their heads pounded in with iron bars. But in being held for trial he escaped from jail.

The escape led to a wholesale shake-up in the jail personnel, on the theory that the criminal "bought his way out." Several jailers are under arrest and a new director has been named.

A reward of \$500 has been promised to whoever captures Romero Carrasco and those giving him refuge will be subject to ten years imprisonment.

MIRAGE BRIDGES LAKE
CHICAGO—(AP)—One of nature's antics permits office workers in buildings along the lake front to see St. Joseph, Mich., 62 miles across the lake, clear enough to pick out familiar buildings, on certain days. Michigan City, 42 miles away, and dunes on the eastern shore, are also clearly seen. The exceptional vision, is, of course, a mirage, as one would have to be up 1,860 feet to see that far. The refraction is caused by cold and hot air currents.

OF LOCAL INTEREST

MANY ITEMS of local interest appear in the news of the past few days. Some of them give encouragement, and some do not; for the way of the world, and of that small part of it in which most of us are directly interested, is not always a way of joy and happiness although Brownwood and this part of the state can claim more joys and fewer sorrows than appear in the lives of residents of some other sections.

One of the items of major interest during the past few days is the convening of the 35th district court in special session, to clear up crowded dockets. Since becoming judge of this district the first of this year, Judge E. J. Miller and his helpers have been working diligently to clear away both criminal and civil cases in all the counties, and some remarkable progress has been made. During the regular term of the court in this county, which was concluded a day or two ago, there was an unusual volume of business as a result of the recent liquor raids by the Sheriff's Department, and Judge Miller has found it advisable to convene a special session to take care of unfinished business.

This is hard on the court officials, who get very little rest under ordinary conditions, but it is good for the county. Justice delayed is justice impaired; and the court is to be commended for his determination to avoid delay.

The city judge has given warning that the business in his court probably will be increased unless automobile drivers observe the law relating to the use of lights on their cars. Two headlights and one tail light must be shown on each motor car that is operated after dark. This is a common sense provision of the law, and ought to be respected by motorists, regardless of the attitude of the police department and the city court. Every possible effort should be made by every automobile operator to make driving safe.

The city court had a great deal more business during June than in May. It was shown the other night in a monthly report. Exactly one hundred of the 113 cases handled during the month resulted from violations of traffic regulations, this fact testifying to the vigilance of the special traffic policemen. It is comforting to note that only four cases of drunkenness were on the city court docket during June; and we interpret this to mean that since liquor can not be secured so easily, less of it is being consumed.

One of the most encouraging items of news appearing during the past few days was an announcement that the work of surveying State Highway 129, otherwise known as the May-Rising Star road, has been begun and that actual construction of the highway may begin early in the fall. Mr. Ehlinger, the highway engineer, is investigating the possibility that the right-of-way of the now defunct Brownwood North & South railway line might be secured and used. He is of the opinion that this right-of-way would give the highway a very satisfactory route as far north as May, and since it is already fenced and carries with it a considerable amount of dirt work, it is possible that money could be saved by using it. By whatever route the road may be run, all of us are hoping that Highway 129 may be constructed at an early date, for it is going to be one of the most important highways entering this city and the need for it is pressing.

Boys representing the agricultural clubs of the county have been in session this week at Lakewood, making recreation with study in a program directed by County Farm Agent O. P. Griffin. The encampment of the county club women was scheduled to begin today, with Miss Mayesie Malone, county demonstration agent, directing the program.

A great deal has been accomplished in Brown county by the agricultural clubs for boys and girls and women during the past few years. In fact, this work probably is entitled to first rank in the development of rural home life and social activity in the county, and it is impossible to compute its value in dollars and cents. Assuredly, it has been worth a great deal more than it has cost.

An effort is being made to arouse the interest

of Brownwood people in a plan for securing a government pecan experiment station here. It is said that no special legislation will be required to authorize such a station, and that arrangements for financing it probably can be made if there is a demand sufficient to convince the federal authorities that it would be worth while here.

The idea of the promoters of this movement is that there should be a pecan experiment station in the heart of the Texas pecan growing section, where it would be of benefit to hundreds of pecan growers. The work now being done by the federal entomological station here is valuable, but is not as extensive as the pecan growers think necessary. Every citizen should lend his support to this movement, helping in every way possible to secure the experiment station for the benefit of Bayou Valley pecan growers.

FAME IS FLEETING

ALL OF US who are not famous and have no hope of becoming famous may find consolation in the fact that fame is fleeting and in most cases hardly worth the effort required to achieve it.

For example, we have the case of Messrs. Robbins and Kelly. Some three weeks ago they were famous all over the world because they had kept an airplane aloft longer than a heavier-than-air machine had ever stayed up before. By refueling the "Fort Worth" and employing skill and stamina in its control, they had eclipsed the endurance record of the once-famous "Question Mark," and they got several thousand dollars as a reward, not to mention the plaudits of the people.

Then came the pilots of the "Cleveland," who beat the record of the "Fort Worth" by a little more than an hour. Roy L. Mitchell and Byron K. Newcombe were the new champions of the air—but for a very short while. Out in the balmy air of California the "Angeles" was whirling its way to a new record, even when the "Cleveland" was landed; and the western pilots, L. W. Mendell and R. B. Reinhart, seem to have established the fact that a good airplane, piloted by skilled aviators, can be kept aloft almost indefinitely. The Californians now occupy the spotlight, and Robbins and Kelly and the Cleveland boys are out of date.

And in some instances are inspired by a spirit of daring rather than a serious desire to benefit aviation, they are actually of immense importance in experimental flying. Aviation has been developed rapidly during the past dozen years or so, but still is in its infancy; and every time it is demonstrated that a new method of operation is practical, a forward step is made. The endurance flights have proven beyond question that refueling while in flight is feasible, and it remains for the aviation experts to employ this new development in some way that may make the airplane more useful and its use less hazardous.

A PARK IN EVERY BLOCK

New York Evening Post: It would be financially impossible in an established city, but in the town of Rayburn, N. J., which the City Housing Corporation is building, there is to be a park in every block, not more than 400 or 500 feet from any house.

The street plan which provides this arrangement is based upon what the planners, for want of a better name, have termed the superblock. This area contains a center of open park land fringed by a street which is entirely devoted to foot traffic or play, vehicles being excluded from it. Around this center is a series of lanes given over to vehicles, the lanes being closed at the park end and connecting at the other end with a wide highway which surrounds the superblock and is restricted to vehicular traffic.

As a group of these superblocks centers about a school and a play field, any child may walk from his home to school without encountering a motor car or truck. Yet each house has its motor street, the houses being grouped around the lanes in such a way that each house fronts on one side on a street for vehicular traffic. Where the parks cross a traffic avenue their parks are joined by a pedestrian underpass.

Rayburn will doubtless repeat the success of Sunnyside Gardens, L. I., which was built by the same company, a limited dividend corporation, and thus enforce the heartening lesson that it is quite feasible to have a real estate development which is in accordance with proper standards of safety and recreation and which is also sound financially.

Even a strong, silent man will loosen up a bit at a word.—Florence (Alabama) Gazette.

REMARKS OF JUDGE IN FORMALLY SENTENCING HELMS TO DEATH

The following are the remarks of Judge George L. Davenport, of the 31st district court, Eastland, informally sentencing Henry Helms, Cisco bank bandit, to death in the electric chair as reported in the Cisco Daily News. It was Judge Davenport's first occasion to sentence a man to death.

The defendant, Henry Helms, will stand.

In this cause you were indicted by a grand jury with the offense of robbery with firearms, and thereafter in February, 1928, you were duly tried by a jury of Eastland county for said offense, after entering your plea of "Not Guilty." More than a week was devoted to the trial of your case. You were given every opportunity to present your defense to the court and jury. The jury, composed of representative men of Eastland county, after listening patiently to all the testimony presented, by their solemn verdict found that you were guilty of the offense charged, and that your punishment should be death. After your conviction a motion was presented to this court by your able attorney for a new trial, and after being carefully considered was overruled, from which order you, through your attorney, appeals to the Court of Criminal Appeals of the State of Texas, which court is composed of honorable men learned in the law and who are fair and impartial in their decisions; that court, after hearing the argument of your counsel as well as that of the State, devoted a great deal of time to the consideration of the record in your case, and have finally decided that you received at the hands of the trial court and jury a fair, legal and impartial trial, and that there was no error by the court and jury trying you, and after so finding, affirmed the judgment of this court. Since your case was affirmed your attorney has presented to the Court of Criminal Appeals your first and second motions for rehearing, these motions have been overruled, and your case is now before this court in all respects affirmed; you have therefore been accorded all the protection that is guaranteed to you as a citizen of this State under the laws and constitution of the State and the United States.

Heinous Crime

You were tried and convicted of the most heinous crimes in the annals of Eastland county; in your greed for money and you and your companions have taken from the wives and children of Bill Bedford and George Carmichael, faithful and devoted husbands and fathers, and from the citizenship of the city of Cisco and Eastland county, brave, courageous and faithful public servants and officers of the law; these men were guardians of the lives and liberties of the people and were faithful to their sacred trust, and while in the discharge of their official duties sacrificed their lives. Life to these good men was as dear to them as yours today is to you, but without cause or a moment's warning they were shot down and brutally murdered. The money that was taken from the vaults of the bank at the time, through the prompt efforts of the officers and citizens of Cisco, was soon recovered and returned to that institution; but these faithful officers cannot be brought back to life and to their families. You and your associates were not only responsible for the great sacrifice of human life, but endangered the lives of the throngs of people who were on the streets of Cisco on the afternoon of December 23, 1927. A happy thought no doubt, mothers and children were there, it was a day of joy because of the Christmaside. It is hard to conceive that you would have chosen this day of all others to bring sorrow into any home, and hard to believe that you would compel innocent and defenseless children to accompany you in your escape. Are you then surprised that the jury assessed your punishment at death? It is indeed strange that any man of ordinary intelligence would so forget himself and the rights of others to commit a crime such as you have been charged and convicted of.

First Time

This is the first time during nine years on the district bench, that it has become my official duty to pronounce the death penalty upon a man. I know not why a perverse fate should bring upon you the sentence of death; nor why it has selected me as the instrument to pronounce that sentence upon you. I can assure that to me it has meant sleepless nights and restless days, but I am convinced that the extreme penalty is justified from the record in this case and that you have received a fair trial at the hands of the court and jury, and that the records in your case were given fair and careful consideration by the higher court. But it is not my purpose to dwell longer upon the facts and circumstances connected with your case, it therefore now becomes the painful duty of this court to pronounce sentence upon you. Have you any reason to suggest why the sentence of this court should not be pronounced? (Defendant given an opportunity to speak). Your attorney has doubtless advised you that when the sentence of this court has been pronounced there can be no further appeals through the courts in your case, and your only opportunity to appeal to the Governor of the State, this I presume will be done and when he has acted your last appeal is gone. Since your trial you have had sufficient time to ponder over your past life and I trust that you have fully realized your sad mistake and in every way possible made amends. It is the charitable advice of this court that you spend the remaining time humbly invoking the tender mercies of God, and with a penitent and contrite heart ask for the forgiveness of your deeds. When you do this you have the assurance that all will be forgiven.

dience to sentence pronounced by an earthly tribunal and He stands at my right, hand of a merciful heavenly Father to plead your cause and mine. It has been said that life is a narrow isthmus between two eternities and that man knows not whence he came nor to what he shall return, but I am constrained to believe and I would have you believe, that death is only an entrance gate to eternal life. "Fear not them which kill the body, but are not able to kill the soul; but rather fear him who is able to destroy both soul and body in hell," are the words of our Saviour spoken to His disciples and He calleth to Him all such as feel the burden of their sins in the following words: "Come unto me, all ye that labor and are heavy laden, and I will give you rest." Peter tells us in Acts 10, 34, 35, that "God is no respecter of persons; but in every nation he that feareth Him and worketh righteousness, is accepted with Him."

It is therefore the order, judgment and decree of this court, in accordance with the findings of the jury, that you be taken by the sheriff of Eastland county and held in Eastland county until the said sheriff of Eastland county shall take you to the penitentiary at Huntsville, Texas, where you will be confined until the 6th day of September, A. D. 1929, and that you be taken by the warden of the penitentiary and confined to the death chamber of said penitentiary; and that there you be placed in the electric chair, and that a current of electricity of sufficient voltage to cause your death be caused to pass through your body on said date of September 6th, A. D. 1929, before sunrise, until you are dead.

May the Lord have mercy upon your soul.

HOMER O. PAGE 13-YEAR-OLD BOY, DROWNED

Homer Otis Page, 13 year old son of Mr. and Mrs. George Page, 1503 Edwards Street, was drowned in the city water reservoir on Hill Mountain, west of the city limits, Sunday afternoon about 3:30 o'clock when he stepped off into fifteen feet of water. His body remained in the water about one hour, this much time being required by his companions to secure help and for divers to get the body. A McInnis Funeral Home ambulance was called but efforts to restore life by use of the pulmotor proved futile.

Young Page, with two brothers, Elmer and Herman, one younger and the other older, and Richard Fish, a friend, was on the mountain playing Sunday afternoon. Homer left the other boys and when discovered again had taken off his clothing and was near the water reservoir. His older brother, Elmer, and young Fish, told him not to go in swimming as the water was deep and he couldn't swim. He told them that he was only going wading and stepped in. His brother, Elmer, and the Fish youth, went in after him, but falling in their efforts to rescue him, left the water and rushed to a telephone, calling for assistance. The boys called the police station and an ambulance. Police, after arriving on the scene, had to return to town for a swimmer.

Floyd Boyd, son of Assistant Police Chief J. J. Boyd, was secured and shortly after reaching the reservoir, Boyd brought the body of the drowned youth to land. Officers at the scene stated that Boyd showed much skill and endurance in going down after the lad, in that he made a good dive, stayed under the water until he found the body and came to the surface with it.

Homer Page was born June 14th, 1916 in San Angelo. He is survived by his parents and his two brothers, Elmer and Herman.

Funeral services were held at 4:00 o'clock Monday afternoon from the McInnis Funeral Chapel with Dr. Jos. S. Cook, pastor of the First Methodist Church, officiating, and burial was made in Greenleaf.

Goldthwaite

The Mills County Fair will open at 9 o'clock a. m. July 18 and continue 3 days. This is the fourth annual fair of the Mills County Fair Association. The officers are: J. M. Campbell, president; R. M. Thompson, vice president; R. L. Steen, secretary; J. A. Palmer, treasurer; W. P. Weaver, county agent. The department managers are: Agriculture and Community Exhibits, W. P. Weaver; Relics and Curios, R. L. Steen; Honey and Bees, R. B. Thompson; Womens Department, O. H. Yarborough; Fine Arts, Dow Hudson; Parade and Local Entertainment, T. F. Toland; Racing, J. M. Campbell; Baseball, A. E. Evans; Old Soldiers and Old Settlers Entertainments, R. E. Clements; Advertising, R. F. McDermott; Police Department, C. D. Bledsoe; Grounds, L. B. Burnham.

The first day will be Goldthwaite Day, Mills County Day and Confederate Veterans Day, 8:30 p. m. home talent entertainment complementary to Old Soldiers. Second day, Pioneer Day, Comanche Day, Brownwood Day, Hamilton Day, 8:30 home talent complementary to pioneers. Third day, Lampasas Day, San Saba Day, American Legion Day, 10:30 Fireworks. Every-body come.

Miss Opal Lynn and V. Simms drove over to San Saba Wednesday evening of last week and were married. Mrs. Simms is the oldest daughter of Rev. and Mrs. Will Lynn of this city. Mr. Simms is a stranger to most people here as he has only been living here a short time. He is one of the managers of the new laundry recently

feed stuff is looking fine. Rev. I. A. Dyches and family left last Friday for Correll where he will hold a meeting for ten days or more.

Miss Lizzie Vann went to Fort Worth on the Fourth to see the ball game.

The meeting at the Christian Church is to begin Friday night before the first Sunday in August. Elder G. A. Dunn Jr. is to conduct the meeting. A general invitation is extended to the public to attend these services.

NEW YORK—Eliam Gurian did a good business fixing punctured tires in his garage. But the secret was that he made the punctures. Police caught him with an ice pick picking holes into tires in front of his shop. He was fined \$50 by the Magistrate McQuade.

Cannon at Memorial Hall to Move, Place Not Known, But Will Remain in City; Takes a Boy to Get Gun?

Ex-service men, those boys who donned the khaki during the World War, have banded themselves together in what is known as the American Legion. Those boys have added a few years to their ages since being handed their various branches of the Service, in fact it has been learned that 77 per cent of the legionnaires of today are married, and that many of them are now just plain, "Dads" to thousands of sons and daughters.

But be that as it may, these Legionnaires are not without their sense of humor, nor are they unmindful of their buddies. In fact the Legion as a body stands ready to show full appreciation of things worthwhile accomplished by their former buddies in arms, who are now buddies in the Legion's never ceasing campaign of civic improvement, better government, etc.

but no one knows where it is to be taken. The public must wait until this former hurler of six inch projectiles is found perched in some ex-service man's front yard.

And when it is thus seen, the public will know that a new son has been born at the home of this former "doughboy" or "gob". The cannon will remain in this Buddy's yard until another ex-service man announces the arrival of a new boy. Although Legionnaires love little girls, it takes a boy to get the cannon, is the verdict of the local post.

The gun will be pulled by man power from house to house in the city limits, it being voted not to carry the gun outside outskirts of the city.

The question is—where will the gun go first?

Too Fast

Air mail traveling three and a half miles a minute is altogether too fast, especially along the first of the month.

A Time to Laugh

As for the general habit of joking, we do not mind trying to look solemn and impressive most of the time, but it does get tiresome on occasion. And we will insist that the truth may get in through the door that humor opens when it finds all other doors closed.—New Outlook.

VENIRE ANNOUNCED FOR SPECIAL TERM OF DISTRICT COURT

The special term of District Court will open Wednesday at 9 a. m., according to Judge E. J. Miller who is trying to clean up a big criminal and civil docket as much as possible during the summer months.

Locks, M. L. Loudermilk, A. D. Murphy, S. E. Morris, S. A. McHorse, Clyde McIntosh, E. E. McClatchey, J. E. McDonald and Sid Oxford.

Hard to Beat

"For sustained flight without refueling," muttered the Old Crab, "the record is still held by the janitor of our apartment house."

Wedded 50 Years

MR. AND MRS. J. A. GOATS were married fifty years ago, June 19th, and on their golden anniversary a few days ago they celebrated half a century of happy married life with their children joining in the happy occasion.

The following children were present: Mr. and Mrs. J. R. Goats of Brownwood, Mr. and Mrs. H. F. Goats of Los Angeles, California, Mr. and Mrs. M. F. Wyatt of Stepps Creek, Mrs. Jamie McLaughlin and Mr. and Mrs. John Eoff of the home community. There were also twenty-two grand children and one great-grandchild. Friends who joined the happy party included Rev. W. D. Watkins of Brownwood, Mr. and Mrs. Jim Kirksey of Blanket, Mr. and Mrs. J. H. Busby and Tom Busby of Brownwood.

Mr. and Mrs. Goats moved from Arkansas to Texas in 1872 and have lived in Brown county forty years in Stepps Creek community, where Mr. Goats has been a successful farmer. He and his family are members of the Stepps Creek Baptist Church.

You can actually see SAFETY & MILEAGE

You don't have to wait out the life of a Goodyear Tire to learn how well it will serve and how far it will go. We can show you Goodyear SAFETY and Goodyear MILEAGE in advance!

By these two tests—so simple a child can understand—we can show you Goodyear's definite superiority in both TREAD and CARCASS.

TEST NO. 1 . . .

Press down your palm on the tread of a Goodyear Tire. Feel how the deep, thick, sharp-edged diamond-shaped blocks of the famous All-Weather Tread pinch, grip and hang on. That is the way the Goodyear All-Weather Tread grips and holds the road. SAFETY! in all weather—full center tread traction with every turn of the wheels. LONGER, SLOWER TREAD WEAR! Easy steering and quiet running.

TEST NO. 2 . . .

This machine will show you why Goodyear Tires—made with SUPERTWIST—are stronger, longer-lived, and more elastic. Right before your eyes it will prove that SUPERTWIST Cord stretches 60% farther, recovers surer, and resists breaking more stubbornly than any other cord.

The PROOF

of these demonstrated superiorities of the Goodyear Tire is:

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND

The complete Goodyear line provides the right Goodyear Tire for every car, for every purpose, and for every purse. We carry the complete Goodyear line, and give standard Goodyear Service.

The proved superiorities of Goodyear Tires enable Goodyear to offer you the broadest possible guarantee. This guarantee is based on the miles built into Goodyear Tires, miles that cannot be written into any tire. "There are no miles in a bottle of ink."

We will be glad to help you make these tests at any time. No obligation—thank YOU for the opportunity. Come in today.

New CHEVROLET Sixes
on the road since Jan. 1st!

Today's Chevrolet is scoring a huge nationwide success because it represents one of the most sensational achievements in automotive history—a Six in the price range of the four.

The Chevrolet six-cylinder engine delivers its power freely, quietly, and easily throughout the entire speed range—delightfully free from annoying vibration and rumble. Combined with this remarkable six-cylinder smoothness are equally remarkable speed, power and acceleration—and an economy of better than twenty miles to the gallon.

In addition to such sensational performance the Chevrolet Six offers the outstanding advantages of Bodies by Fisher. And no car ever provided a more impressive array of modern convenience features—adjustable driver's seat and VV one-piece windshield in closed models, easy action clutch and gear-shift, ball bearing steering, and instrument panel complete even to theft-proof Electrolock and electric motor temperature indicator!

A SIX IN THE PRICE RANGE OF THE FOUR

IT WAS A GRAND SURPRISE TO HER

Blanket, Texas Farmer's Wife Gains on Orgatone; Suffered with Rheumatism 3 Years.

"My wife has gained wonderfully on three bottles of Orgatone and is feeling like a well woman for the first time in three years," said W. B. Pierce, well-known farmer residing on Rural Route 1, Blanket, Texas, who in Camp-Bell Drug Store, Brownwood, the other day for a bottle of the medicine.

"My wife suffered from a severe case of indigestion, nervousness and a general run-down condition," he continued, "and in spite of every-

thing we could do she kept getting worse all the time. She had no appetite, and for weeks at a time, was forced to live on the very lightest of diet; and even that would sometimes disagree with her. She had dizzy spells and her head would swim so, she couldn't walk across the room without heading to some-thing. Her nerves were all on edge and she couldn't hardly sleep at all for worrying about her condition and by morning she would be so weak and faint, but she was hardly able to get up at all. Her kidneys started to bother her when she finally got to town of rheumatism. She was far gone down hill and she actually got so weak and listless at last, that it looked as if nothing would ever do her any good.

"One day, a friend came to see her, and she told her so much about the good Orgatone had done her,

that I bought a bottle and my wife started taking it, and she had taken only a few doses when she knew at last she had found exactly what she needed. She has improved right along ever since and she can now eat anything she wants and it agrees with her. She don't have those dizzy spells anymore, her nerves are all right again and she sleeps like a baby. She has gained so much in every way, that she is strong enough to do all of her house work and find it a pleasure instead of a task. She has tried many different kinds of medicines during the last three years, but Orgatone was the only one that really did her any good.

Genueve Orgatone is not a so-called secret or patent remedy but a new scientific bile preparation and is sold in Brownwood, exclusively by the Camp-Bell and Peerless Drug Stores, under the personal direction of a special Orgatone representative.

small cost and explained clearly the effects of so doing. The waste of grass, shrubbery, and leaves was also discussed by Mr. Burks. He told how sheep and goats could be stocked on land that has an abundance of shrubbery and large profits reaped in wool and mohair. How grass is going to waste in certain sections of the country and how cattle should be pastured upon it was touched upon.

It was decided that this encampment should be extended from Tuesday through Wednesday when the camp site will be released to the girl encampers. Contests will be the same as last year, prizes given for contest winners will be trips to the San Angelo Fair where similar contests will be entered by representatives from all over the state.

While Mr. Griffin forwarded plans for the boys' encampment, he devoted a large portion of his address to the discussion of discipline of boys taking part in the encampment, stating that order will be maintained this year as in the past. He read the rules regulating the free swim tendered the boys by the manager of Lakewood and said they must be observed.

Music by Club Boys

After plans had been adopted relating to the encampment, special harmonica music was rendered by Douglas Fry, a little blonde haired boy who unquestionably knows his "French harp music." He read several request numbers and was widely applauded by the audience. Miss Imogene DeHay, who won the first prize in the girls' clothing con-

test at the Brown County Council of Women's Clubs, which met recently in the Carnegie Library, addressed the assembly for a few moments on the method of conducting such a contest and discussed the value of the clubs in sponsoring these style shows for girls. Miss DeHay will attend the Short Course offered by A. & M. College this summer. This scholarship was given by the local Chamber of Commerce.

Parliamentary Drill

Mrs. Quincy Maine, following Miss DeHay's talk, conducted a parliamentary drill before the assembly. She first told of the importance and need of a correct knowledge of parliamentary law and how it is applied to meetings of this kind.

It was decided that the next meeting of the council will be August 10th, which is the second Saturday in that month. Incorporated in the bylaws of the organization is the article which calls for a meeting each month, but owing to the fact that representatives of the club, who will attend the A. & M. Short Course, cannot be present, it was decided to hold the meeting the ensuing Saturday.

Before the meeting adjourned, O. P. Griffin made announcements concerning the all-day picnic which will be held at eZphyr Friday, July 19.

A corn judging contest was held immediately after the conclusion of the meeting shortly before noon. Winners in this contest have not yet been announced. Beginning at 2 p. m. this afternoon, the Brown County Council of Farm Women Club met in the

District-Courtroom at the courthouse to hold its regular monthly session. Miss Mayesie Malone conducts this meeting.

OSWALD DAUGHTERY TO LEAVE SOON FOR JAMBOREE IN ENGLAND

Oswald Daughtery, who will be a member of the American contingent of Boy Scouts who will attend the International Scout Jamboree at Birkenhead, near Liverpool, England, returned last night from the training camp at New Braunfels. During the past week Scout Daughtery has been initiated into the routine of the camping program that will take place at Birkenhead. He has the distinction of being the Patrol Leader for the boys who are going to this honor he has successfully qualified as a life-saver and has been elected as the official life-saving guard for his unit.

The trip will be made via Chicago and Montreal, with a side trip to Niagara Falls and then across to England on the new Canadian Pacific liner "Empress of York." For five days preceding the Jamboree this scout unit will have an opportunity to see London and some of the country of South England. After the two weeks at the Jamboree the San Antonio unit will tour Belgium, make a trip through the Rhine valley by steamer, spend four days in Switzerland, then tour the battle fields of France by auto, spend three days in Paris, and one at Bordeaux before sailing for New York. After arriving in New York and a visit to the National Scout office the boys will be taken to the Capital City. The boys will then be taken to New Orleans where the Chamber of Commerce will entertain them for two days and show the boys the wonders of the old Creole city. According to present plans the San Antonio unit will be back in San Antonio by September 16. It is planned to give the boys a big reception in San Antonio when they return. Brownwood scouts will also turn out en masse to welcome Scout Daughtery when he returns.

According to present plans the San Antonio unit will be back in San Antonio by September 16. It is planned to give the boys a big reception in San Antonio when they return. Brownwood scouts will also turn out en masse to welcome Scout Daughtery when he returns.

The Medicine For Pellagra

FARM BOYS AND GIRLS PREPARE FOR BIG EVENT

"Hail, Hail, the Gang's All Here," thus with a lusty song service opened the monthly session of the Brown County Council of Boys and Girls Clubs held in the District Court Room today with over 50 members and representatives of clubs present. The morning's program opened at 9:30 o'clock with talks, business affairs, coming to adjournment shortly before noon.

With J. C. Alcorn, of Woodland Heights Club presiding as president of the council, Miss Lila McBride of the Indian Creek Club as secretary, read the minutes of the last meeting.

Burks Is Speaker
Hilton Burks, secretary of the Brownwood Chamber of Commerce, was the principle speaker on the morning's program. Mr. Burks spoke to the group of boys and girls on "The Things That Are Going To Waste." He opened his speech with a definition of what is meant by "things going to waste."

"We hope in the near future to have a packing plant in Brownwood," he said. "Here is what such a plant would mean to this part of the country. It would help keep home products at home and in doing this, it would eliminate a lot of waste in home products." He declared, Mr. Burks spoke of how certain by-products from home products, which are now going to waste because of the lack of conservation, could be made into chicken feed, fertilizer and other useful farm needs.

Conservation of Land
"Another thing that is going to waste in Brown county and should be conserved is land," Mr. Burks pointed out. "We owe it to those who come after us to save our land from washing away into the creeks. This can be done by terracing. By terracing, the moisture, which our farms need, is saved instead of being drained into the creeks." He said, Mr. Burks went into detail of how terracing could be done at

109 MAYES ST. BROWNWOOD

PACKING PLANT MAY BE BUILT IN CITY SOON

Prospects for a slaughtering plant in Brownwood are brighter following a conference Monday of the industrial committee of the Brownwood Chamber of Commerce with W. W. and F. W. Hudson, brothers, who are planning such a venture in this city.

Meeting in the Chamber of Commerce Monday afternoon this committee, with Joe Renfro as chairman, endorsed the plan of these men and actual work on the project will probably start this month.

WORK TO BEGIN SOON ON COMANCHE EAST PART OF HIGHWAY 10

Contract for work on Highway 10 from Comanche east to the Erath county line will probably be let soon, according to C. P. St. Clair and W. H. Carpenter of Comanche who were in Brownwood conferring on road matters Monday with Secretary Hilson Burks.

WATER BONDS NOT YET SOLD

Bond buyers from Houston were before the board of directors of the Brown County Water Improvement District No. 1, at a meeting Monday, but no agreement for the selling of the \$2,500,000 water bonds was reached.

FRISCO RIGHT OF WAY TO OWENS TO BE USED FOR HIGHWAY 129

The Commissioners' Court in session Monday morning authorized the purchase of 845 acres of the old Frisco right of way from just outside of Brownwood to Owens for the roadbed of Highway 129.

Old Rough Branch Students Reunion Planned August 1

The second annual reunion of the ex-students of the Old Rough Branch school and the old settlers reunion will be held on the Old Rough Branch school grounds four miles southwest of May on August 1st. It was announced today by a committee headed by J. J. Smith and including A. L. McDonald, J. D. Brown, George Crane, J. S. Hart and Henry Hamilton.

Mrs. Charlotte Haddon, 85, of Blanket, died at her home in that community Saturday following an extended illness. Mrs. Haddon was born December 6th, 1844, in Missouri.

Famous Fishing Ground
The Grand Bank is a submarine plateau in the North Atlantic ocean, extending eastward from Newfoundland. It is noted for its fishing ground. Its depth is from 250 to 60 fathoms.

PARK IMPROVEMENT AND MANY OTHER MATTERS BEFORE CITY

Sam Cutbirth, Sr., and G. A. White, members of the recently created park committee, came before Council Tuesday night with several recommendations, chief of which was the widening of the street or driveway adjoining Coggin Park between First Street and Austin Avenue. These two men stated that the Park Committee deemed it wise to widen this street by 20 to 24 feet, also to pave the street and build curbs on the side adjacent the park and on each side of a row of trees that would be left in the center, thus creating a parkette.

This committee also recommended the tearing down of the Band Shell or building in the park and the building of a house to be used by the keeper of the park. The committee also advised enlarging the water mains leading to the park, it being pointed out that the present water pressure makes it almost impossible to water flowers, trees and shrubbery in the park.

No Improvement Funds
Widening of the street as proposed would entail an expenditure of about \$1,200. City Manager Heinen advised. Council informed the representative of the park committee that the city has no money for any improvements at present, either in the parks of the city or elsewhere. Council pointed out that the City Plan Commission, through the city planning engineers, are soon to submit recommendations as to improvements throughout the entire city with recommendations as to methods of financing same. Then and then only will the city be able to finance a park improvement program.

The raising of money by public subscription was discussed but nothing definite on this was done. In the meantime, the Park Committee will work with the City Plan Commission and City Plan Engineers in working out a complete park improvement program to be submitted to Council for approval and action.

E. P. Woodruff, representing the Morgan Utilities, owners of Natural Gas and Fuel Company, appeared before Council with a detailed statement as to the business of the Brownwood plant the past year, the figures submitted being the same as filed with the Federal Government in making out the year's income tax report. These figures were brought before Council as proof that the company had not realized an eight per cent profit on its business here the past year, this proof being required by Council before an increase in domestic gas rates would be granted.

The ordinance increasing the rate to fifty cents per thousand cubic feet with a ten per cent penalty clause, was passed on its second reading by Council following a perusal of the statement presented by Mr. Woodruff.

Delay Lot Sales
Council voted last night to delay the sales of the city's two lots on Center Avenue, near the Post Office, until a later date, or until a better price can be obtained. City had been made an offer of \$300 per front foot for one of the two lots and \$200 per front foot for the other. These two lots have a frontage of 40 and 32 feet, respectively.

Wholesale violations of the double parking ordinance were reported to City Council last night. City Attorney Lee advising that not a single charge of double parking had been handled in City Court the past 90 days. Council instructed the police committee to investigate and take needed action to insure a strict compliance with the ordinance regulating this phase of the city's downtown traffic problems.

This discussion followed a request by Chas. Day that he be allowed to park cars on the slough bridge adjoining his garage on South Broadway. It will be recalled that council recently passed an ordinance forbidding parking on bridges in the city limits. Mr. Day advised Council that the slough bridge is as wide as the street and that there is ample room for parallel parking.

The street committee was instructed by Mayor McDonald to investigate and report back.
J. E. Payne requested Council to open an alley back of the 100 block on Avenue H. Mr. Payne advising that C. L. Pouncey had built a garage in or across the alley, thus making it impossible for others to get through same. It was pointed out that Mr. Pouncey owns both sides of the alley, two lots on one side and one on the other. Council is to investigate.

has been connected with various business concerns in important places. He had made his application to Council for the City Secretary's position at a salary of \$175 per month and Council was unanimous in naming him for this office. Mr. Leach's salary will continue as it was, at \$200 per month.

Mr. Leach's bond will remain at \$25,000. It was declared and Mr. Scott will make a \$10,000 bond. Council voted. Mr. Scott will collect all water and sewer bills, will handle money collected by the police department, sanitary department, etc. Tax money collected by Mr. Leach will be deposited regularly with the City Treasurer.

Change in Pay of Engineer Expected

A change in the compensation for Brownwood's engineering department, now headed by Mark E. Ragsdale, is seen following extensive discussion of this question by City Council Tuesday night. Mayor O. W. McDonald called Council's attention to an ordinance now on the city statute books which fixes the city engineer's salary or compensation at fifty cents an hour and at not more than \$100 per month. It was further revealed that the city had ignored this ordinance the past few years in paying Mr. Ragsdale for his services.

Several members of Council voiced an opinion that the city could not afford to pay more than \$250 per month for engineering work, the members also expressing a desire to have the city engineer establish an office at City Hall, thus enabling Council members and others to inspect maps, charts and blue prints made by the engineer in his work in the city.

SUIT OF MRS. M'GULLEY VS. LOYD JONES BEGUN IN DISTRICT COURT

The July special term of District Court opened Wednesday morning with the trial of the case of Mrs. Pearl McCulley, et al, vs. Loyd Jones. This is a damage suit involving \$35,000, growing out of the death last year of Mayor McCulley in an auto-fire truck wreck.
