**Nick Yostens Feted
In Observance of
40th Anniversary**

The fortieth wedding anniversary of Mr. and Mrs. Nick Yosten was the occasion of a surprise celebration — an all-family reunion with a covered dish supper — in the home of the couple's son-in-law and daughter, Mr. and Mrs. Werner Cler.

The get-together was also a homecoming for Meinrad Yosten, just out of the Marine Corps.

Mr. and Mrs. Yosten were married in Muenster April 23, 1918. She is the former Miss Rose Hesse. They have five sons and two daughters and 19 grandchildren, all present for the anniversary observance.

Their children are Werner Yosten, Mrs. Werner Cler, Tony, Herbie and Meinrad Yosten all of Muenster, and Gilbert Yosten and Mrs. Albert Spires of Gainesville.

**Mission Chairman
Sees Operation of
St. Vincent's Store**

Mrs. Joe Swirczynski, on a recent trip to Fort Worth, visited St. Vincent's Store, to which Muenster has long contributed used clothing, hats and shoes. It was her first opportunity to see first hand how the store operates and how many varied articles it contains. It is stocked entirely with wearing apparel donated by parishes of the diocese. Volunteer workers staff the store.

Each year several thousand persons in the low-income bracket purchase all types of clothing in good condition at the store at a fraction of its original cost. With the money the sales bring in additional help is given the needy.

Children whose parents are too poor to buy clothes, even at the store's low price, are outfitted free. A recent report on St. Vincent's Store showed, among other things, that clothing given without cost to the needy was estimated at more than 23 hundred dollars for a 12-month period.

Mrs. Swirczynski commented on how gratifying it is to know that clothing contributed here goes to a place where it does inestimable good.

That's one reason Muenster has a year round clothes drive and Mrs. Swirczynski, as general mission chairman, has a full-time volunteer job. She takes the clothing to her home, mends it if it needs it, packs it and sends it on its way. Last week a shipment weighing a hundred pounds went to St. Vincent's Store.

**2 Weddings to Be
Solemnized Saturday**

Two weddings of interest are to be events of Saturday, May 3, one here in Sacred Heart church, the other in St. Thomas Aquinas church in Dallas.

The wedding here at 10 a.m. will unite Theresa Mae Felderhoff, daughter of Mr. and Mrs. Tony Felderhoff, and Sylvan Walterscheid, son of Mr. and Mrs. Adolph Walterscheid.

The Most Rev. Bishop Augustine Dangelmayr of Dallas will be here to pontificate at the wedding mass of his niece. Assisting as sub-deacon will be Rev. Patrick Hannon of Fort Worth, a former Muenster pastor.

Theresa Mae's attendants will be her sister Mrs. Alvin Hartman and Sylvan's cousin, Patsy Bayer. Billy Joe Dangelmayr, a cousin, will be best man and Charles Felderhoff of Dallas will be groomsmen in his sister's wedding.

In the Dallas ceremony Saturday, Catherine Dawson will become the bride of Max Sandmann, also of Dallas and the son of Mrs. Ben Sandmann of Lindsay. Rt. Rev. Msgr. John T. Gulczynski will officiate.

Attendants will include Ethel Sandmann of Lindsay and Bernard Sandmann of Fort Worth, sister and brother of the groom.

The Sandmann families from Lindsay and the George Bayers and Edgar Klements of Muenster will be among guests at the wedding.

**Gift Shower Given
Theresa Felderhoff**

A miscellaneous gift shower Tuesday night complimented Theresa Mae Felderhoff, bride elect of Sylvan Walterscheid, when a quintet of hostesses entertained in the parish hall.

Floral arrangements of roses, iris and bridal wreath stressed pink and white, the bride's colors. The gift table had as a centerpiece a bride doll flanked by pictures of the honoree and her fiancé, and held a pink and white open umbrella.

Hostesses Mrs. Arthur Bayer, Mrs. Denis Walterscheid, Mrs. Julian Walterscheid, Mrs. Alvin Hartman and Mrs. A. J. Felderhoff presented the honoree a corsage of pink carnations.

They directed paper and pencil games relating to the bridal theme and awarded prizes to winners, Mrs. Tommy Felderhoff, Betty Ann Dangelmayr, Mrs. Richard Wilde and Mrs. Alphonse Felderhoff who in turn gave them to the honor guest.

An interesting exhibit entitled "This is Your Life" showed pictures of Theresa Mae from baby days — all the high spots in her life — and ended with the picture and story announcing her engagement. One vacant square was left for her wedding picture.

Patsy Bayer and Sarah Fleitman helped the honoree unwrap the shower gifts and the hostesses served refreshments plates to fifty guests. Plate favors were miniature pink umbrellas.

**Attend Dedication
In Memphis, Tenn.**

Mr. and Mrs. L. A. Bernauer and Mr. and Mrs. L. W. Flusche and daughter Joann of Decatur returned Monday from a visit in Memphis, Tenn., where Friday they attended dedication of a new Catholic church named in honor of Rt. Rev. Louis Kempfhus, a life-time friend of the Flusche family.

Dedication of the new St. Louis church came on the 57th anniversary of Father Kempfhus' ordination to the priesthood. He is 82. The monsignor has often visited in Muenster. Among dedication day ceremonies was a banquet for some 200 guests including the Flusches and Bernauers, who also enjoyed visiting with their sister, Frances Bernauer.

Only shadow on the bright day for Msgr. Kempfhus was the illness of his long-time personal friend Samuel Cardinal Stritch.

While the Bernauers were away Mrs. Charlie Stelzer of Fort Worth visited here with her aunt, Mrs. A. H. Rebirthish. Charlie Stelzer joined his wife for the weekend and they returned home together Monday.

Mr. and Mrs. Charlie Morris, formerly of Gainesville and now at home in Happy, Texas, were here one day the past week to move their furniture to their new location. They were overnight guests of her mother, Mrs. Frank Kathman. The Morris made the trip to Muenster with his sister and husband, Mr. and Mrs. Floyd Tucker of Hereford.

LOOKING AHEAD

by Dr. George S. Benson
 DIRECTOR — NATIONAL EDUCATION PROGRAM
 Searcy, Arkansas

SECRETARY BENSON LISTS "FICTIONS"

Secretary of Agriculture, Ezra Taft Benson, recently appeared before the newspaper, television and radio reporters covering the nation's capitol — at one of the famed Press Club luncheons. In

the course of his formal address he cited a number of "fictions" concerning the farm problem which he asked the Washington reporters to help him expose to the people of America. Among the "fictions" were:

"Fiction — That the higher farm incomes in the past were due to rigid price supports. This is untrue. The fact is that it was war — the insatiable demands of war and wartime inflation — and not price supports — that forced prices up. Farmers sold all they produced at well above support levels. In fact, their prices would have been higher yet had it not been for government imposed price ceilings!

"Fiction — That high rigid price supports can hold up farm income even though surpluses accumulate. This is untrue and the fact is that there was just

The Right Answer

one year between 1947 and 1955 that farm income did not decline. In all these years until mid-1955, high rigid price supports were in effect. Our present farm problem developed under such price supports. If high rigid price supports were the answer, we would have no problem.

Doesn't Help Small Farmer
 "Fiction — That the old support program helps the small farmer. It does not. The fact is that more than half of our farms market only nine per cent of agricultural production. Obviously most of the government dollars are routed in the direction of the bigger producers.

"Fiction — That most farm prices and incomes today are government supported and on an artificial basis. This is false. The truth is that most farm products are being sold competitively and on free markets. Only 19 crops, plus dairy products are being supported — out of 250 commodities that farmers produce. More than four-fifths (82.2%) of our costs for price stabilization in fiscal 1956 and 1957 were for four commodities. Wheat and cotton alone accounted for more than 48% of the total cost of our price stabilization programs.

Government Can't Control
 "Fiction — That agricultural production can be successfully controlled by government action. It cannot. The fact is that since 1940, the per acre yield of corn has risen 56% — wheat 40% — cotton 67%. Last year's yields of all major crops averaged 27% above the 1947-49 level. To control crops effectively so as to maintain price at 90% of parity would mean setting allotments impossibly low. Congress would never vote such controls. No Secretary of Agriculture could effectively enforce them. And American farmers just wouldn't stand for such regimentation.

"Fiction — That farm programs of this Administration are driving people off the farms and undermining the family farm. This is not only false — it's ridiculous. The family farm has been, is now and always will be the backbone of American agriculture — operated by the most efficient farmers in all the world. The size of the family farm is changing, but fortunately for

America, there is no weakening of its moral or economic foundations."

Farmers And Freedom
 Secretary Benson also said in his Press Club speech: "If the voices of 22 million farm people in America could be crystalized into one voice, it would, I feel sure, demand Four Freedoms for Farmers. That voice would say: "Give us more freedom to plant — so that we can run our farms efficiently.

"Give us more freedom to market — so that we can increase our incomes.

"Give us more freedom to meet our competition — so that we can expand our markets.

"Give us more freedom from government interference — so that we may again be independent and self-reliant.

"This nation will never reach its full strength until our farmers have more freedom to plant, to market, to compete and to make their own decisions."

Losing Our Way On Short-Cut?

Since time began and man came to the world as its first thinker, there have been as many ideas on what is wrong with the world as there have been minds to think of them. We ran across a clever list of fallacies in our political, economic and social thinking the other day that seems quite appropriate.

The 10 Fallacies of Our Time

1. That peace among nations can be secured by any means other than superior military strength on the part of peace-loving peoples.
2. That international friendship can be secured through gifts rather than through genuine common principles and purposes.
3. That the moral character of a nation as a whole can be better than the moral character of its citizens as individuals.
4. That anybody's opinion as to how to run the country is as good as anybody else's.
5. That government can give things to people without first taking them away from the people.
6. That if we keep experimenting long enough, we will find a substitute for an honest day's work.

WHY HELP THE SUFFERING?

By Thomas A. Dooley, M.D., author of DELIVER US FROM EVIL and THE EDGE OF TOMORROW

Next July I will return to Asia. Under the sponsorship of our organization, MEDICO*, five other teams will return with me. We shall establish small field hospitals along the Red Chinese borders. The teams will consist of men and women of the medical profession who will take their talents and self-sacrifice to the "least of His." The teams will also carry the prayers and financial support of millions of Americans who make up the real "heart" of our mission . . . we are the hands.

Dooley

T H R O U G H
P R E S S, T V, and
 The lecture platform, America has lately heard much about what we do. But perhaps you would like to know why we do it.

We have often been told by our religious and government leaders that the struggle between the Communist and the Free World is basically a battle to win the minds and hearts of men.

THIS IS TRUE, but it does not mean that we are helping distressed peoples in order to establish American dynasties in Asia, or to create "little Americas." Proud as we are of our free American way of life, our objective is not to force our ideas and organizations on our foreign friends. What, then, are we trying to "sell"?

My answer is simple. We are trying to convince our friends, half a world away, of the truth and usefulness, not of our forms of government, economics, or society, but of the eternal spiritual principles which underlie those forms.

THE MOST BASIC principle of America is that there is a brotherhood of man. There is a oneness

of man. And from this there flows the truth that each man is important as an individual. Hence the concept of equality before the law and the right of all men to life, liberty and the pursuit of happiness.

To have a brother in our fellow man automatically implies that we have a common father—as indeed we do—Almighty God. God is the source of our life, our law, our liberty, and our happiness. My years in Asia have proven to me that the Brotherhood of Man exists as certainly as does the Fatherhood of God. It is He who commanded, "You shall love your neighbor as yourself."

IT IS the compelling urgency of this command that makes the bodily works of mercy necessary if we are to fulfill our belief. If we are only to blather and bleat these words, we are shallow. We must live our beliefs. We must give evidence in deed, what we profess as our creed. And though the demands are sometimes great, the rewards from God are far greater.

So as doctors and nurses we will continue to minister to the physical miseries of our less fortunate brothers. As private ambassadors, on a personal mission, the teams of MEDICO will practice our profession, and utilizing the majestic power of kindness and truth, we shall try to show others the God-fearing, virtuous side of our national heritage. As a doctor I shall personally try to keep as my highest motive for such activity these words of a wise and holy physician of souls: "And if I distribute all my goods to feed the poor, and if I deliver my body to be burned, yet do not have the love of God and man, it profits me nothing."

* MEDICO, Box 2, Times Square, N. Y.

† Paulist Feature Service, Washington 17, D. C.

7. That somewhere and somehow there simply must be a substitute for honest money.

8. That somewhere in the depths of "scientific socialism" there must be a substitute for the love of one's neighbor.

9. That stealing is not stealing when the majority of the voters vote in favor of it.

10. That personal economic security, guaranteed by government, is possible without the loss of personal liberty.

Perhaps we can gather from the 10 points that something is wrong with our philosophy today. Today's philosophy certainly wasn't the thinking behind the strength that built this great nation. While the greater local and international feelings for peace, friendship, labor, honesty, "the general good" and security are worthy the method of achieving the goals through socialistic plans will defeat the effort.

Historians of another era may say that in their hurry to reach

Utopia, Americans saw the guiding lights but lost their way on short-cut.

Could anyone deny this baby a few minutes?

Of course not! Yet the minutes you can save by speeding could mean this baby's life . . . or yours! Nearly 40,000 died in traffic accidents last year, with speeding a factor in 3 out of 10 fatal crashes! So think how many lives just minutes can save . . . and slow down!

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.

Thanks for Stamps

Sophomores of Sacred Heart High School and their sponsor, Sister M. Theresina O.S.B., wish to express their sincerest thanks to everyone who in any way helped to make the stamp contest which was conducted during the past school year for the benefit of the Ceylon Mission Stamp Bureau of Mobile, Alabama, such a success. The last shipment of stamps was mailed April 25.

The public will be promptly informed about the result of the contest as soon as the school is notified, Sister Theresina said. Students are very optimistic, thanks to friends at Muenster in the first place, but also to stamp contributors from Rhineland, Dallas, Fort Worth, Milwaukee and Switzerland.

Although the contest has come to a close, the school will at any time gratefully accept further contributions of canceled stamps and picture postal cards. There is a constant request for these from several mission stamp bureaus of religious orders in the U.S.A.

By Mrs. B. G. Lyons

MARYSVILLE — Mr. and Mrs. J. W. Cole had as weekend guests their sons and daughters-in-law, Dr. and Mrs. James R. Cole of Dallas and Mr. and Mrs. Ralph Cole of Alice.

Weather Monday brought rain and hail to the Marysville area. The hail late Monday afternoon, varying in size from marbles to the size of hen eggs, apparently did little if any damage. There was not much wind and most of the hail stones were mushy. Rain up to Tuesday morning measured 1.9 inches.

Mrs. Jim Shifflet was a shut-in during the week on account of a severe cold.

Rev. and Mrs. Manning Bishop and son, Billy of Denton were Sunday dinner guests in the home of Mr. and Mrs. John Richey and in the afternoon both couples drove to Gainesville to visit Mrs. J. A. Stapp, a patient at the Sanitarium.

Mr. and Mrs. Bill Moon drove to Sherman Monday to visit their granddaughter, Rhonda Kim Harrell, who was improving after several days of illness at the home of her parents, Mr. and Mrs. Max Harrell.
