Flower Show Puts Glories of Autumn In Bright Display

There must have been joy in Moscow last week when reports of this country's general election came in. If the Kremlin itself had done the selecting it could not have been much more pleased with the outcome. Because the election was indeed a humiliating repudiation of the traditional American principles upon which the greatness of this nation is founded.

The above remark is not intended to challenge the loyalty or sincerity of any person who was elected. On the contrary, this column assumes that all earnestly intend to serve their country to the best of their ability. The big difficulty, however, is that fundamental principles rather than mere good intentions will ultimately determine the real value of their services.

Actually, the extent to which the American election has endorsed the communist blueprint is alarming to the extreme. Dozens of the elected men have been preaching the same theories and in some cases striving toward the same goals that the agents of Moscow have advocated for years.

A look at some of the main objectives of the communist party in this country is enough to detect a shocking parallel. In keeping with their desire to wreck America's system of free enterprise economy, the reds have supported socialism in every form that it has been brought up. Seeking to promote racial and class strife, they have used their ugly influence in labor and integration disputes. Striving to break down the freedom and dignity of the individual, they have supported every effort at extending bureaucracy and federal control. Hoping to assist the spread of world communism they have propagandized for appeasement and criticized America every time it took a firm stand.

We hope that none of our American politicians have the same motives as the communists, but the sad fact is that, regardless of intentions, many are working hand in hand with our sworn enemies. Their theories on socialized medicine, ever expanding social security, and government ownership of more and more business lead toward the very objective that the reds want. Their increasing subservience to labor bosses helps toward the same end, gradually squeezing capitalism out of industry so that government must take its place as the owner of productive equipment.

The same applies to our racial problem. These politicians do not actually improve the Negro's status or his education by favoring forced integration. They only serve the communist cause of extending and intensifying racial strife. Likewise it applies in international affairs. They serve world communism rather than their own country when they preach appeasement or making deals with the double crossing communists.

That's the terrifying tragedy of America's current political situation. We are going down the line following in one detail after another the blueprint that was drawn up by our enemy for our destruction. The clever brainwashing which has been administered for the past few decades by left wingers and do-gooders, in classrooms, the press, the radio, TV, and movies, has just scored its greatest triumph to date. It has sold the vast American electorate on the idea that the old ideals of American greatness must be discarded in favor of theories that have already brought grief to other countries.

The big problem now is whether we have already gone too far. Political analysts are wondering whether the few remaining conservatives, principally from the South, will be able to check the threatened tide of socialism or the growing tendency to subordinate our nation's interests in a futile effort to co-exist with world communism. An encouraging factor is the seniority of conservatives who still remain in the national legislature. Their influence on important committees can possibly help hold back the tide. Another hope is the presidential veto if and when legislation drifts too far to the left.

For the past week most of the political comment has dealt with the humiliating defeat of the Republican party. That isn't the real problem. Much more important is the elimination of conservatives in both parties, and whether the remaining few

Autumn glory came to Muenster Sunday in the Civic League and Garden Club's annual flower show at Muenster High School library where the setting emphasized the show's theme in more than 160 displays of fall flowers and bright colored foliage.

Chrysanthemum arrangements dominated in gold, bronze, red and white, but other flowers were exhibited too. Roses, zinnias, lupin, petunias, marigolds, cannas and others were there in a blaze of color. Another section was devoted to religious arrangements; one division was for pot plants; dried material with driftwood made another interesting exhibit. All over the place color, beauty and artistry abounded.

Table settings and arrangements added to the scene and a conservation and educational exhibit was outstanding.

Enchantment of autumn greeted visitors upon arrival with bright foliage and plants surrounding a pink brick pool with a real fountain rising in the center.

Mrs. L. B. Bruns was sweepstakes winner and Mrs. Lee Toothaker was a close runner-up. Mrs. Ben Luke won the award of distinction for the most outstanding composition and Mrs. R. N. Fette won the tri-color award for the outstanding arrangement of the show. Mrs.

Golden Horseshoe Quits Grid Games, Goes to Banquets

The tradition of the golden horseshoe as the winner's trophy at Muenster-Saint Jo football games will be continued this year but with one important change. Presentation will be a part of the winning team's athletic banquet, not an after-game ceremony.

The old custom was discontinued by agreement of the two schools this week. Principal reasons are that it comes as an anticlimax following the game, and too few of the fans are willing to stay for the ceremony, also that the representative of the losing team is already depressed and in no proper mood for a presentation.

Heads of both schools agreed that the athletic banquet is a better time for the ceremony. Accordingly, representatives of the losing team will be invited to the winner's banquet to make the presentation.

WITH THE MEN IN SERVICE

Enroute To California

S.Sgt. and Mrs. Joe Galloway and daughter Jonann are spending part of a 30-day leave here with her family, the John Fishers, before going to California. Sgt. Galloway has been transferred from Altus AFB, Oklahoma, to Vandenberg, AFB, Lompoc, Calif., and guided missile work.

From Air To Sea Duty

Change from air to sea duty for Lt. Commander Frank P. Swan and a trip from Maryland to California gave the Swan family a few days' visit with relatives in Cooke County. They were houseguests of her parents, the Carl Gimples in Valley View from Sunday to Wednesday. Swan will be doing ship-board duty on the USS Pine Island, a sea plane tender, in the China-Japan area. San Diego will be home port and that's where the family will live. They are moving from Lexington Park, Md., and this was their first visit with her family in five years.

Weekend Visitor

S.Sgt. Ernest Sicking, stationed at England Air Force Base, Alexandria, La., was a weekend visitor with his folks and Sunday at noon family members gathered for dinner with him at the home of his parents, Mr. and Mrs. Ben Sicking, before he left to return to his base.

Home From Germany

Clothing Drive for Vatican Storeroom Begins Wednesday

Thanksgiving season again brings the time for the Holy Father's annual clothing drive for the world's needy and Muenster residents will join thousands of others throughout the United States in contributing clothes, shoes and bedding for the Vatican storerooms.

In Sacred Heart Parish dates to deliver contributions are next Tuesday, Wednesday and Thursday. It will be a streamlined drive and with cooperation will be completed in the three days. City Hall will be the collection depot. Members of St. Anne's Society will be there to sort and pack the articles for shipment.

Tigers Lack Punch In the Pinches; Tie Gainesville B 6-6

A touchdown on the first play of the game along with two stubborn goal line defenses in the final quarter last Thursday night deprived the Sacred Heart Tigers of a game that should have been theirs according to all statistics but the score. The Gainesville B Cubs did a fine job of salvaging a 6-6 tie out of the one sided affair that followed their sensational spurge on the kickoff.

On a beautifully executed hand off Autry drifted to the left sideline and was almost in the clear before any of the Tiger defenders took him seriously. Then it was too late. His run was good for 85 yards and 6 points and an attempted run for 2 more fell short.

From then on the visiting lads were practically helpless. Their total gains were only 3 first downs and 70 yards net and they did not get past the Tiger 30 yard line at any time.

Sacred Heart's big trouble was in failing to consolidate its gains. There was plenty of yardage, a total of 235, but only one sustained drive.

Following the Cubs' score the Tigers made a nice start but fell short on their third series. Gainesville made a first down and kicked on the next series. Again the Tigers made two first downs and lost by inches on the third series. From then to half (Continued on Page 8)

Old Timers Tangle In Grid Specials Here and at Sanger

Football players of yesterday have the opportunity to take another fling at the game in a pair of special post season contests just arranged by Coach Ansley and the Sanger High coach.

The first game will be played at Sanger next Tuesday night, Nov. 18 at 7:30. The other will be played here Sunday afternoon, Nov. 23, starting at 2 p.m. Muenster's game will be a benefit for the MHS athletic fund.

According to an agreement by the two promoters anyone but a high school student is eligible to play. Contestants are expected to be mostly ex students of the two schools, but any other talent will be welcome also. Coach Ansley is sending out a community wide invitation this week to anyone who wants to get into the action.

First prospects for the lineup are Jim and C. J. Hellman, Butch Hudspeth, Jim Harris, Bill and Carl Walterscheid, Dickie Cain, Wendell Richey, Joe Nogger, Boze Ansley, George Petrus and George Lemons. But lots more are wanted, enough to allow frequent substitutions giving much needed rest for players who are not quite in their former physical condition.

Muenster Juniors Lick Saint Jo 28-0; Season Score, 3-1

Junior gridgers of the Muenster Public School had a big night Tuesday rolling over the Saint Jo youngsters 28-0 and making three more touchdowns just for practice.

In the bargain they won the runner-up spot in the junior league of District 12-B with a record of 3 wins and 1 loss. Era is the champ with a perfect record of 4-0. Others in the order of their standing are Saint Jo, Callisburg and Alvord. Sanger and Valley View did not have junior teams.

In Tuesday's game Billy Owens started the scoring with a nice 20 yard sprint and Choice Stevens (Continued on Page 2)

Trustees Take Over Tax Collections in Muenster District

Tax assessments and collections in the Muenster School District will be administered in the future by the district itself. That decision was made by the school board in its regular monthly meeting Monday night.

The new arrangement terminates a system which has been in effect ever since the district was organized in the mid-forties. Heretofore the job was handled by the county clerk's office for a fee of 2 per cent on the collections and the remaining tax revenue was turned over to the local district. Valuations upon which to base the assessments were the same as those used by the county.

Reasons for making the change are twofold. First of all the board has hopes of handling its own business for less than the 2 per cent fee, which amounts to about \$1000 a year on the total tax revenue of almost \$50,000. Also it believes that a local equalization board can do a better job of equalizing assessments than the county group, which is less likely to keep posted on local property changes.

The school board's intention is to set up the taxing system promptly so that it can go into operation next year.

Odds are Stacked Against Hornets in Game at Saint Jo

Undaunted by season records and ailments, the Hornets are not down hearted as they head for their final game of the season Friday night at Saint Jo.

The keen rivalry that has existed between the schools for many years makes this game different from the others. . . . and the Hornets will be striving for an upset even though all the odds are stacked against them.

Records to date lean definitely in favor of the Panthers. The team not only has the better standing but more decisive scores in its impressive string of victories.

Another factor is the absence of two Hornet regulars. Billy Otto is still nursing a hip injury in the Callisburg game and Lloyd Klement is limping because of a leg injury received in practice a week ago. Neither has practiced lately and neither is likely to be in uniform Friday. Jim Myrick lost a few days because of flu but is expected to be in the game.

As a result of the injuries the revised lineup of the Hornet forward will probably be as follows. Mark Hellman and Harold Flusche at ends; Kenny Klement and Ferd Haverkamp at tackles; Clyde Walterscheid and Jim Myrick at guards; James Walterscheid at center. The backfield lineup will be unchanged, consisting of Joe Hellman, James Harris, Larry Wimmer and Doug Hellman.

NEWS OF SICK AND INJURED

Mrs. J. A. Sanders is recovering from an illness of flu that kept her a shut-in for more than a week.

Dale Henry, 3-year-old son of Mr. and Mrs. Hank Walterscheid, was admitted to Gainesville Sanitarium Sunday evening for treatment of bronchial pneumonia.

Henry Wiesman is recovering from eye surgery performed at Gainesville Sanitarium but is still mostly a shut-in. He had a cataract removed from his right eye.

Youngsters recovering from tonsillectomies performed at Gainesville Sanitarium are Steve Felderhoff, son of Mr. and Mrs. A. J. Felderhoff, Rt. 6, Gainesville; Judy Klement, daughter of Mr. and Mrs. Eugene Klement of Muenster, and Bobby Zimmerer, son of Mr. and Mrs. Bruno Zimmerer of Lindsay.

Mrs. John Fleitman underwent surgery at Gainesville Sanitarium Wednesday and will be hospitalized eight to ten days.

Farmers Receive Livestock Survey Blanks Next Week

Postmaster Arthur Endres announced today that Rural Mail Carriers will begin distributing December 1, 1958, Livestock Survey Cards to patrons on their routes about November 20.

This annual livestock survey, which your Post Office and Agriculture Departments co-operatively have made since 1924, provides basic information to the Texas Crop and Livestock Reporting Service in Austin for estimating number of cattle, hogs, sheep and chickens on Texas farms and ranches.

In order that this area be well represented in the survey, Postmaster, Mr. Endres, requests that each patron receiving a card fill out and return it to his mail box for prompt pick up. Rural mail carriers working on this project are Frank Schilling, Routs One, and Jack Fletcher, Route Two.

Tigers End Season Here Tonight with Greenhill Hornets

1958 football at Sacred Heart High will come to an end Thursday night when the Tigers take on the Greenhill Hornets of Dallas in what should turn out to be a fairly even match.

Very scant information about the team has been received here, but a few facts have been noted by Coach Petrus. The teams are about the same size . . . both under average for Class B competition . . . and they have equally one sided win and loss records against St. Marks and Windthorst. Experience, however favors Sacred Heart. It has 5 seniors on the lineup and Greenhill has only 1.

All of the 5 Tiger seniors will be captains for the game. They are Pat Hess, Herman Grewing, David Haverkamp, Roy Swirczynski and Leon Fuhrmann.

Physically the team is in fine condition, with a single exception. Werner Becker is still out with a chipped wrist. Charles Bayer and Herman Grewing are recovered from injuries which handicapped them in the past two games.

Wanted: Big Crowd For Caravan Going To Saint Jo Game

Wanted: lots of Hornet fans to make a big caravan to accompany the team on its drive to Saint Jo Friday. Coach Ansley and Superintendent Homsley ask all who are able to join the event and help make the team's arrival an impressive event.

Because of the nearness the Muenster boys will make the trip in their football clothes. According to Ansley's schedule they will dress in their own school and be ready to leave here at 6:45. They want to arrive in time for a half hour warmup before the kickoff at 7:30.

Local fans, all who can manage to start a few minutes earlier than otherwise necessary, are urged to be at the public school at 6:45 and help make an impressive caravan.

Weekending with their families here and in Gainesville were Mr. and Mrs. Jim Fette of Dallas.

Local KC Council Is Ready to Host District Initiation

With 22 candidates waiting to enter its ranks, the Muenster K of C council is making final preparations this week for a district initiation to be held here Thursday night and Sunday.

The group of local initiates, believed to be largest since Muenster council was established in 1910, will be joined by other candidates from the Gainesville, Denison, Sherman and Pilot Point councils, the entire class to be named the Father Christopher Paladino Class in honor of Muenster's chaplain and pastor.

The event also marks the addition of a record number of members to the Muenster unit. Along with the 22 new members the council will acquire 8 reinstated former members and one transfer for a total gain of 31 on its membership roll.

This outstanding achievement in membership increase was recognized in the council's regular meeting last week by a standing vote of commendation for Chairman Al Horn and his assistants of the membership committee. His helpers are Joe Tru-benbach, Donald Walterscheid, Wilfred Bindel, John Mosman and Grand Knight Pat Hennigan.

Initiation ceremonies will begin in the local council chamber Thursday night at 8 with exemplification of the first degree. Sacred Heart choir will participate in it and also in Sunday's ceremonies.

Exemplification of the second and third degrees will be held Sunday as part of an all day program beginning at 8 a.m. and

Community Gives \$416 for Cemetery

The most generous response in the history of this community's semi-annual cemetery collections, has added \$416.68 to the Garden Club's cemetery fund. Donations were accepted by the club's members after each of the four masses on All Saints Day.

According to a report this week from Mrs. Tony Gremminger, co-chairman of the cemetery committee the fund now has \$681.10, of which about \$420 will soon be made as final payment on the cemetery's new sidewalk. The balance of about \$460 is the fund for making some planned improvements and maintaining the grounds until the next collection, on Memorial Day.

Improvements now on schedule are replacing a number of shrubs, renovating the crucifix and statues in the center of the cemetery and preparing a map of the cemetery.

ens followed over for two bonus points. Truman Wolf, who crossed the goal line four times during the contest but was called back twice, was the next to tally for the Juniors. The play was a run for 10 yards followed by Hudspeth's run for extra points. The half ended at 16-0.

In the third period it was Truman Wolf again, this time for a jaunt of some 30 yards, to mark up the team's third score. The final TD was made by Noble McElreath on a 4 yard plunge after the score had been set up by a beautiful pass play . . . a 40 yard gainer from Hudspeth to Owens.

Another touchdown that did not count was carried over by Dink Hudspeth.

POPE LEO XIII ON SOCIALISM

With the death of Pope Pius XII, and the selection of his successor having occupied the front pages of our newspapers for the past few weeks, it might be well to quote what one of his predecessors, Pope Leo XIII, had to say regarding socialism. Said

he in part in his Encyclical Letter, "The Condition of Labor," regarding the interference of the State into the affairs of the individual and family:

"Such interference is not only unjust, but is quite certain to harass and disturb all classes of citizens, and to subject them to odious and intolerable slavery. It would open the door to envy, to evil speaking, and to quarreling; the sources of wealth would themselves run dry, for no one would have any interest in exerting his talents or his industry, and that ideal equality, of which so much is said, would, in reality, be the leveling down of all to the same condition of misery and dishonor.

"Thus, it is clear that the main tenet of Socialism, the community of goods must be utterly rejected; for it would injure those whom it is intended to benefit, it would be contrary to the natural rights of mankind, and it would introduce confusion and disorder into the commonwealth. Our first and most fundamental principle, therefore, when we undertake to alleviate the condition of the masses, must be the inviolability of private property."

NO SALE!

Not so long ago we were coolly informed by Number One Communist Khrushchev:

"We declare war on you — excuse me for using such an expression — in the peaceful world of trade."

Now, to achieve his boast of a \$25 billion expansion in his chemical industry, he is asking to buy American secrets, processes and general know-how in the fields of plastics, synthetic fibers and synthetic rubber.

The Manufacturing Chemists Association, as spokesman for industry, and representing over 90 percent of our productive capacity in chemicals, says: "Nyet!"

An editorial in "Chemical News," official organ of the association, points out that while the Reds say they want our help for "a new, large program for the further development of consumer goods output," we could in no way control the use to which our technology or products might be put. Even though they did go into production of civilian goods exclusively, those goods — this publication feels — just might go into that foreign trade war Khrushchev has declared.

"In the Soviet Union," Chemical News reminds us, "foreign trade is a state-run monopoly

A Needed Constant Reminder

conducted for political ends, not profit. Cut-rate prices are no object. Any company operating for profit can not long withstand the pressures of such a competitive advantage . . . Foreign trade is attractive to the Russians' drive for world conquest. Powerful but subtle, it avoids the problem of atomic incineration, making it the perfect Cold War weapon."

And since, as the paper observes, technical aid is as valuable an export as goods, the Kremlin gang could peddle American know-how to great advantage — especially behind the Iron Curtain, in Red China and in countries not yet under the Red thumb.

The editorial admits that if we and other technologically advanced nations of the Free

World withhold this aid, Russia "undoubtedly" can gain the wanted knowledge. But it will take time. It will divert scientific manpower and emphasis from the war machine. Russia's present lack of the very things she is asking us to sell represents one of our major advantages.

When a nation has warned that she will cut our throat, it seems foolish to sell her the knife.

25% OF ALL TP&L REVENUE GOES FOR TAXES

Not too many years ago taxes took only a small part of a company's income and one man could often take care of a big company's tax books. In today's industrial economy taxes are heavy and large departments are needed to handle tax records. A close look at the TP&L ledger shows that, today, taxes represent the largest single expenditure. Yes, 25 cents out of every dollar received from TP&L customers for electric services is returned in the form of city, state and federal taxes. These taxes benefit in helping pay the

cost of street programs and maintenance, municipal buildings and courts, schools and teachers' salaries, public welfare projects and many other community works. Since 1936, in spite of a 162% increase in taxes and other rising costs of doing business, the average price per kilowatt-hour paid for your residential electricity is 43% less today. As a good taxpaying citizen, TP&L pledges continued support of the communities it serves, as well as increasingly efficient operation to keep the price of its electric service low.

Electricity is the biggest bargain in your family budget.

Lindsay CYC Has November Meeting

Lindsay CYC, in assembly for the November meeting, discussed plans for a benefit event and decided on a bake sale to raise money for basketball uniforms for the high school boys.

Patty Block gave a spiritual reading on the Poor Souls and Father Alcuin Kubis, spiritual adviser, also spoke on that topic. He reminded those out of school that the Confraternity of Christian Doctrine is being organized and urged all to join. Mr. and Mrs. William Hermes, adult leaders, attended the meeting.

Stella Bengfort, president, presided after opening with prayer. Elfrieda Block and Mary Jane Block were appointed to be in charge of the program for the next meeting. A social hour followed the business session.

Lindsay 4-H Club Boys Have Meeting

Twenty-seven members of Lindsay's junior 4-H club for boys reported for the November meeting Thursday and heard a talk on "Firearms, Their Care and Safety Use." Bo Wheeler gave the program.

Jimmy Flusche presided and Leon Neu, Larry Sandman, Billy Schmitz, Diamond Moster and Doyle Voth were in charge of recreation after the business session. Doyle Voth is club reporter.

Tigers Tie

time the game was a defensive deadlock.

After intermission Sacred Heart hit its stride promptly. Following Wimmer's kick return for 30 yards the team marched 56 yards for the first score. Bayer made it on a 2 yard plunge.

Next time they got hold of the ball the Tigers were apparently on the way again. Three successive first downs gained 54 to the Cub 16 and a pass from Wimmer to Walterscheid apparently finished the job, but an offside penalty nullified the play. As the series ended Gainesville took possession on the 16.

A fumble on the next play gave the Tigers another chance. From the 22 they moved to a first down on the 10 and fell a yard short of the goal on their next series.

From then on the game reverted to a defensive contest. Action was mostly in midfield and neither team made any worthwhile gains.

can hold the line against the radicals of both parties.

Signs now seem to indicate that the next two years will be about the most critical in our nation's history. Intensive work must be done on a nation wide job of real brain washing . . . the kind that will clear away the contamination of communist inspired social and political theories and permit American minds to exercise some of the solid principles inherited from our forefathers.

That's the only thing that counts. The fate of our country depends on electing not just Democrats or Republicans but the right kind of Democrats or Republicans.
