

# MUENSTER ENTERPRISE

VOLUME XXII

MUENSTER, COOKE COUNTY, TEXAS

JUNE 20, 1958

NUMBER 30

An effort to deprive Republican party members of Texas of their vote in local and state politics was apparent in a publicity release sent out last week by the Democrats of Texas, the ultra liberal faction of the Democratic organization in this state.

The article complains that "far too long the Republicans have exercised control of the Texas electorate by unrestrained infiltration into Democratic councils and elections." The remedy for this situation, as proposed by DOT, is to keep out of the Democratic primaries all who intend to vote Republican in the general election.

All of which is nothing less than an attempt to enforce that controversial pledge which appears on the primary ballot. In effect that pledge says that a person cannot participate in county and state government unless he agrees to support the party's nominee in the general election.

The unfairness of this demand is evident to anyone who considers the importance of the primary in Texas. Actually it is the general election of state and local officers. Almost invariably it decides who will hold office for the next term. To rule that a person cannot vote in the contest is to deprive him of his most sacred right as a citizen.

Regardless of all the DOT's pleas for party loyalty, the simple fact remains that the average individual feels he has a right to vote as he pleases. Democrat or Republican, he is a citizen first of all and, since the primary will determine the final winner, he is entitled to a part in it.

Behind this smokescreen of party loyalty is the same old DOT motive. In Texas the Republicans are practically all conservatives, who support Democratic conservatives in the primaries. DOT would like to disfranchise this group in order to give its own faction of the party an advantage. The only alternative it offers Republicans is the vote for a price. They may participate in the local election if they will agree to support the Democratic nominee in the general election.

To our way of thinking, this isn't really a party matter. It's something for the Legislature or the State Court to decide . . . because it is absurd for a party to decree that none but its members shall have a vote in electing state and local officials.

Don't be surprised if the rate on your automobile liability insurance makes a sharp jump in the near future. According to a recent report by the National Bureau of Casualty Underwriters the insurance companies will have to get more money or quit selling auto liability insurance.

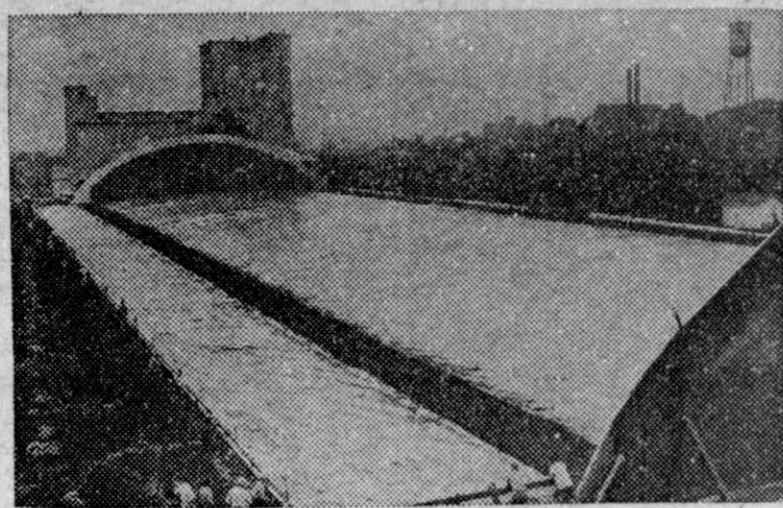

Last year 114 stock companies with a membership in the bureau sustained a countrywide loss of \$147,000,000. This followed a loss of \$64,000,000 in 1956. Reducing the '57 loss to simpler figures, the bureau points out that liability claim costs and expenses amounted to \$116.70 for every \$100 of premiums earned.

Insurance supervisory authorities in about half of the states have already studied the figures and approved rate increases, so we can expect to pay bigger premiums before long.

Inflation is said to be the big reason for the losses. It has constantly pushed up liability claims to keep pace with rising expenses of hospital, medical and surgical fees along with the rising costs of repairing property damage.

In the property damage category modern car design has also upped the claim figures. Bumpers, once considered a protective device, are fancy and expensive now. Wrap around glass, elaborate fender sections with multiple light units, power operated window glasses and seats, plus dozens of other expensive features run into big money.

The real trouble of insurance companies is that ever since 1946 rising costs have been out-running rate increases. The aggregate result is that for the 12 years there have been three years with combined gains of almost \$65,000,000 but nine years with combined losses of \$396,000,000. It's lucky for the public that the insurance companies were making money on other kinds of policies.

WORLD'S LARGEST AIR SUPPORTED BUILDING erected this week in Fort Worth by a grain handling firm, as it appeared before and after four giant fans lifted the 2.3 acre 50 ton steel roof 38 feet from ground level. The job was completed in 10 hours. More than 1,800,000 bushels of grain will be stored in the air-tight, cement-floored building.

## See Deputy Wilson If You Lost Money

Money found late last Saturday beside the FM road about three miles north of Muenster has not been claimed up to Wednesday, according to Deputy Sheriff Buck Wilson. If it is not claimed within a reasonable time Wilson intends to return the entire amount to the finder August Knabe, son of Mr. and Mrs. Albert Knabe Jr.

To claim the money the owner will have to specify the amount and also describe the kind of container it was in.

Wilson praised the boy for turning in the money and said he intends to remind the owner, if the money is claimed, that a substantial reward is in order.

## Fire Destroys Car For Meinrad Stoffels

For the second time in two and a half years the Meinrad Stoffels have lost their car in a fire.

Faulty wiring is believed to have caused the fire which destroyed their 1950 Ford with the possible exception of the motor. This happened last Thursday when the family and other relatives were on an outing at the Alex Lutkenhaus farm pond. The car was parked some distance away and was not visible from the fishing site. When the picnicers discovered the fire the gasoline tank had exploded and efforts to fight the blaze were useless.

The other car burned in front of their home on Christmas Eve, 1955.

## Post Office Reduces Box Rental Charges

Welcome news, in contrast with recent announcements of increased postal rates, is the report that box rental rates in the local post office will decrease on July 1.

Postmaster Arthur Endres disclosed that the reduction is a result of the Post Office Department's new uniform method of determining rates.

As a result of the change the following rates now become effective at the local post office. Small boxes, formerly 90 cents per quarter are 70 cents. Former \$1.10 boxes are 90 cents and former \$1.50 boxes are \$1.10. As before, box rent can be paid by the quarter or by the full year.

## County DHIA Cows Second in State Milk Production

Cooke County dairy herds placed second in the state in April in the production of milk, with an average of 900 pounds per cow, according to figures just released by the Dairy Herd Improvement Assn. The top milk producer was the Wichita Valley Assn.

The county tied for third position in butterfat production, with a 34-pound average. The Denton-Grayson group was top in this division, with a 38-pound average, followed by Wichita Valley with 36 pounds. Sharing third place with this county was DeWitt.

Within the county, the DHIA reported, Richard Frasher had top butterfat production, with a 44-pound average, followed by Pete Prescher with 43 pounds. The positions were reversed in milk production, Prescher earning first place with an average of 1,200 pounds, followed by Frasher with 1,180.

The Texas survey published monthly, includes reports from 22 associations across the state. In Cooke County, 20 herds, numbering 572 cows, were tested.

## 'Hot' Netting Wire Contact Kills Son Of Rufus Bezners

Tragedy struck the home of Mr. and Mrs. Rufus Bezner at Lindsay Tuesday morning when their 7 year old son, Jeffrey, was electrocuted as he came in contact with chicken netting at a poultry house on his father's place.

According to a report by Fred Lynn, TP&L manager, the netting was energized by a faulty electrical outlet inside the building. Wet ground caused by the previous day's rain is conceded to have intensified the hazard of the hot wire.

The child apparently was in contact with the netting for several minutes before Albert Hoelker cleared him with a sweeping lunge of his hand. Hoelker and Bomar Woods then rushed him to Gainesville Sanitarium. He died shortly after arrival at the hospital.

Funeral services with requiem mass were held Wednesday afternoon at four o'clock in St. Peter's Church with Rev. Conrad Herda officiating and burial in the Lindsay cemetery was directed by George J. Carroll and Son Funeral Home.

Bearers were Lonnie Ray Woods, Steve Bezner, Danny Wilde, Bryan Bezner, Larry and William Bezner. Billy Schmitz was cross bearer.

A public rosary service was held at the Carroll chapel Tuesday at 8 p.m. and was followed by another rosary recited by members of the Knights of Columbus council.

Jeffrey is survived by his parents; two brothers Rickey and Jay; two sisters, Carol and Mary Kay; his paternal grandmother, Mrs. John Bezner of Lindsay and his maternal grandparents, Mr. and Mrs. J. B. Wilde of Muenster.

Mr. Sontag was born at Westphalia, Iowa, and lived here with his family for several years during the early 1900s. He married Regina Kreitz here on Feb. 18, 1907.

He was a conductor on the Katy for 33 years and retired 16 years ago.

## Parish Group Plans Picnic for July 4

The Fourth of July picnic committee, meeting Monday night to initiate plans for Muenster's observance of Independence Day, planned an old fashioned community get-together with dinner at noon, games and carnival attractions in the afternoon and evening and a dance at night. All events will be held in the parish hall.

Ed Endres has accepted general chairmanship and is working with a group of committees. Families whose names begin with A through K are on the working end of this year's picnic.

The social will be a church fund benefit, specifically a church insurance fund. Father Christopher has hopes of raising enough money to buy the insurance in 5 year terms and save substantially on his premiums.

## RETURN FROM TRIP

Mr. and Mrs. Fred Hennigan returned Monday evening from a three-week trip to the west coast. At Oxnard Beach, Calif., they were guests of his sister and family, the Bill Nelsons, and his brother and family, the Richard Hennigans. They all enjoyed sight-seeing in the area. Other high spots on the trip were a stop over in Las Vegas, Nev., in Aurora, Colo., to see Mrs. Hennigan's sister and family, the Albert Elpers, a visit to Mother Cabrini's Shrine near Denver, and more sight-seeing in Arizona and Utah.

He lost much blood through vomiting and was prepared for a transfusion when he reached the hospital. Father Christopher and Registered Nurse Mrs. Arthur Hess took him to Fort Worth. Doctors there said he would be hospitalized at least two weeks. In sending get-well cards, include the word "Patient" on the address. The room number was not available.

The dentist who treated Mary Alice said the roots were not damaged and that the teeth could be capped when she is older. Meanwhile the little girl will be without her two front teeth.

## Small Group Starts Swimming Races

Swimming races at the Muenster pool got off to a slow start Tuesday with only about 30 children competing in five events. The sixth event was called off because there were no entries.

Other kids were shy but interested and more of them are expected to enter in coming weeks.

Winners, who received passes to the pool, are Ricky Endres and Diane Schumacher in the under 10 group; Alan Reiter and Diane Horn in the 10-12 group and Paulette Walterscheid in the 12-14 group.

He also had a knee operation for an old ailment.

Mrs. Gremminger made the trip with Sister Yvonne's father John Lerner and her brother and his wife, the Johnny Lerner, all of Wichita Falls. Members of the Catholic Youth Council, meeting Wednesday night, conducted a program planning meeting and set next Wednesday as the date for the installation of new officers. This ceremony, originally planned for the meeting this week, was postponed due to the absence of the pastor, Father Christopher

## Other Crops Fine As Shower Follows Good Grain Harvest

Farmers of this area continue to get their best breaks in many a year. A dandy shower Monday afternoon, measuring 1.44 inches, came just in time to revive row-crops, alfalfa and pasture but caused little if any damage to the season's exceptionally good grain crop.

The rain was badly needed, and this vicinity could have used considerably more than it received. During the 30 preceding days rainfall here amounted to only 1.63 inches and huge cracks had formed in the land.

As a result of the shower the local farm picture is generally regarded as good. Grass is doing well, alfalfa is set for another cutting and corn seems assured for at least a silage crop. Whether there will be more grass and alfalfa and a matured corn crop depends upon weather of the next few weeks.

As regards grain crops, only 10 to 20 percent is still in the field and the damage to that, if any, remains to be seen. Some loss may have been sustained as grain was beaten down by the wind and driving rain, however it's generally believed that most of it can be picked up. With clear weather prevailing again, it seems that loss of time will not be a problem.

Even if such trouble should develop the crop can be marked up as a dandy. Wheat yields of the area averaged over 20 bushels per acre and about 80 percent of it is harvested. Oats and barley, though not as good, were better than average.

Another .20 inch of rain fell Wednesday night raising the week's total to 1.64. Combined with earlier measures of .38 and .02, this makes 2.04 for the month and 19.96 for the year. Rainfall in May was 6.57.

## Wheat Referendum Scheduled Friday

Wheat farmers with an allotment of more than 15 acres for the 1959 crop will have an opportunity to vote on next year's marketing quota at a referendum to be held next Friday, June 20.

H. B. Newberry, head of the county ASC office, disclosed this week that the location of the ballot box in Muenster will be Leo Henschel's insurance office, next door to post office. Voting hours will be 8 a.m. to 7 p.m.

Any person who has an allotment of more than 15 acres for the '59 crop is eligible to vote.

Among social events honoring the visitors were a family outing and picnic at Red River, a morning coffee with Mrs. Henry Weinzapfel as hostess in her home, a noon luncheon with Mrs. Tony Trubenbach Jr. entertaining, and for which Mrs. Jack Quinlan of South Bend, Ind., was also a guest.

**Family Gathering Held for Sisters**

Sister Georgia Felderhoff and Sister Roberta of operetta fame — she's the one who had Hollywood assistance in producing "A Christmas Carol" here — visited Sunday to Tuesday with the former's mother, Mrs. Joe Felderhoff and family.

Sister Georgia and Sister Roberta spent last week conducting a vacation religion class at Healdton, Okla., and members of Sister Georgia's family met them in Ardmore Sunday morning and took them to Lake Murray for an outing and a picnic dinner at noon.

Sunday night family members gathered for a reunion and buffet supper at Mrs. Felderhoff's home. The Sisters left Tuesday morning by train from Dallas to return to Jonesboro, Ark. They will join other Sisters from there in going to Duluth, Minn., for summer school.

While they were teaching at Healdton, the Sisters stayed in Ardmore and enjoyed visits with Sister Georgia's aunt, Mrs. H. C. Billingsley and family in that city.

**Yosten Family Has Dad's Day Reunion**

Members of the Frank Yosten family observed Father's Day with a reunion at the city park. A picnic dinner at noon and swimming in the afternoon, picture taking and visiting entertained the group of about 40 — Mr. and Mrs. Yosten, all their children and most of the grandchildren.

The get-together gave Mr. and Mrs. N. J. Mayer and family, visiting here from Chicago, an opportunity to see all her folks. Also present from out of town were First Sgt. and Mrs. John Durbin and family of Lawton, Okla., and the Ferd Yostens and their children of Fort Worth. Others present were the Felix and Henry Yostens and the Steve Mosters and their families.

The Mayer family left Tuesday for a visit in Fort Worth with the Ferd Yostens this week. Next week they'll visit the Durbins in Lawton and be back here for another visit before returning home.

## A Study in Contradictions

Our country is at war with the Soviet Empire. It was a cold war that started in 1917, got warmer in 1946, and is now closer to the shooting stage. The Communists have always hated the rest of the world, but particularly America. We are proceeding to arm 300 land and naval bases with nuclear weapons pointed at the Soviet Union and are told by General Thomas S. Power that our Strategic Air Command is on 24-hour alert with bomber planes in the air ("not loaded with bows and arrows," he says) listening for the radio command that will send them streaking toward Russia.

In view of the fact that we face the possibility of being atomized sooner or later by the Russians, why did Mr. Eisenhower send

their Washington Ambassador a telegram congratulating the Russian people on the brutal skull-duggery of 1917. Since it has been demonstrated that the Russian Embassy is headquarters for a spy network encompassing our destruction, why should there be a Soviet Ambassador in Washington?

Since these people are determined to conquer our country and open their slave-labor camps on our soil, and since they have publicly avowed this (Khrushchev: "Your grandchildren will be Socialists — we will bury you!"), why does Mrs. Eleanor Roosevelt feel impelled to have a cozy interview with the Communist highchief hangman in person — Khrushchev? How can she get away with it?

After the German Anti-semitic program on November 10, 1938, Mrs. Roosevelt's husband broke off diplomatic relations with Hit-

ler, recalling our Ambassador from Berlin and dismissing theirs from the United States. But Mrs. Roosevelt sees a difference in type between Hitler and Khrushchev.

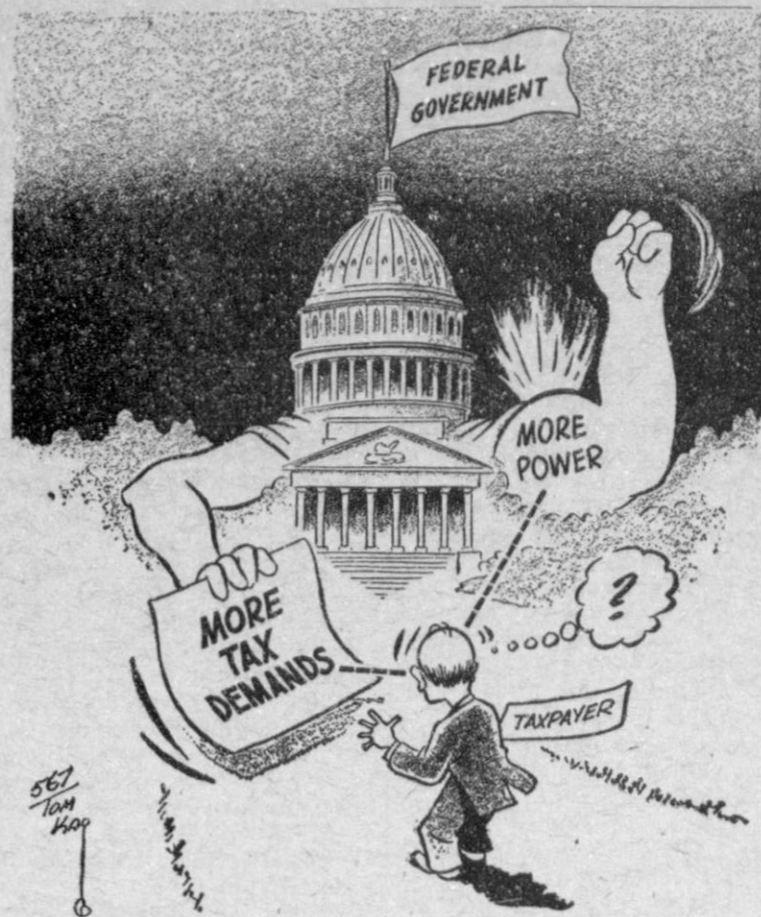

Charles A. Lindbergh toured Germany to look at super-secret plans and installations. To gain entree, naturally he had to be polite to Reichmarshal Goering. But Roosevelt and the American press immediately jumped him and all but wrecked his life for him. You can have tea with a Khrushchev, but not with a Goering.

It is contradictions like these that puzzle us but God pity the American who starts asking questions. Look what happened to McCarthy!

As we look back through the years we see Roosevelt facing Stalin at Yalta with Alger Hiss at his side. At Quebec, there was Harry Dexter White to shape the President's decisions. For guidance on the question of China, whether it should be free or communist, there was the Institute of Pacific Relations, directed by Owen Lattimore and swarming with Reds.

From 1930 to 1945 communism was the fashion in our country, the philosophy of the phony liberals and the goddess egg-heads, and there is still a lot of hidden sympathy in high places with communism. Hence the paradox of a nation terrified by Russia, ready to wipe her off the map, yet whose leaders go to their tea parties and congratulate them on their anniversaries.

—The Reverend Richard Linder in American Mercury.

"The Power to Tax Is the Power to Destroy"

**THIS WE BELIEVE**  
 Our give-away politicians and our Labor Leader Dictators are constantly pointing to the downgrade way — the easy way to travel. Americans generally have been following these socialists year after year, upon the theory that a little socialism will not hurt. But a little more government dole year after year produces ultimately the tax monster which will surely choke the ambition of the people to achieve, to improve, to acquire. When Americans are no longer inspired to labor in order to improve their situation, liberty and their private property will soon be lost.

—Fredericksburg Standard

A bright young farmer in the Army overseas received a letter from his wife. She wanted to know how she was going to plant the potatoes in the east 40 without help.

The soldier wrote back, "Whatever you do, dear, don't dig up the east 40. That's where the guns are buried."

As is customary in wartime, his letter was read by the censor. Not long later he received a reply from his young wife. "A company of soldiers overran the east 40 and dug it all up. What shall I do?"

The soldier wired back, "Plant the potatoes!"

## HAPPY ENDING

The life-saving drama of nine-year-old Jose Castro in Havana, played by a cast of strangers in three-and-a-half frantic hours in New York, was related the other day by Sidney Fields, in his New York Mirror column, "Only Human."

At 11 a.m., Gaudencio Castro, Havana attorney, telephoned a business acquaintance, Henry Heylyger in New York, for anti-rabies serum. His son, Jose, had been bitten by a rabid dog. There was no serum in Havana. The only plane that day would leave New York's Idlewild Airport at 2:30 — perhaps, with the trouble in Cuba, the only one that week.

Henry called dozens of places. No luck. It would take three or four days to get the serum, he was told. David Lisboa, who was paying a business call on Henry when Castro phoned, called a friend who was a wholesale drug man. "What company makes it?" David demanded. And quickly he called the Lederle Laboratories at Pearl River, N.Y., 30 miles away, explained the emergency.

"A lady told me to hold on," says David, "then she told me they're rushing it by station wagon to their parent company office in Rockefeller Center. I asked her name. She told me it didn't matter. They just wanted to help. That is wonderful too. But I found out her name — Elizabeth Johnston."

David rushed to the mail room of the office in Rockefeller Center. Mrs. Johnston had phoned there to say the serum was on the way. "And this nice man, Walter Harlow, who runs the mail room phoned her to make sure it was," recounts David. "And he kept calming me down. 'It will be here,' he said, 'it will be here.'"

It arrived at 1:45 p.m. David figured he wouldn't have time to

reach Idlewild by cab in time to catch the plane. So he telephoned Police Headquarters and explained the urgency. "And they went right to work," he said. "Before I hung up they had rushed a motorcycle policeman to Rockefeller Center. He was there at 2 p.m. Imagine! A big fellow named Bernard Sweeney. Before he dashed out, Police Headquarters phoned again and said they'd try to hold the plane until Sweeney got there. They didn't have to. Sweeney got there in time." David knew because he kept calling the airport.

"It's incredible," David said. "This city and its people, how its heart opens when there's need. Its heart opens and reaches across the street and even oceans to strangers. None of those who helped knew Henry Heylyger or the boy or Dr. Castro or me. I was not born in this country but I am now a citizen and I always felt it deserves all the love I have for it. Now I know it."

David came to New York eleven years ago from Puerto Rico,

was wounded by shrapnel in Korea but recovered and now has a family of a wife and three small daughters.

Two days after the serum was put on the plane a letter came from Dr. Castro.

"I thank God and your country and everyone who helped because my son is alive," he wrote. "I shall never be able to repay you except with gratitude." To point a moral here would be to gild the lily or perfume the rose.

**Party Compliments Lorraine Sicking**

Lorraine Sicking, bride-elect of Willie Joe Matthews, has been complimented with a miscellaneous gift party.

A quartet of hostesses, Mrs. Ed Pels, Mrs. Arnie Hess, Mrs. Joe Horn and Miss Pat Horn entertained in the parish hall.

About 35 guests enjoyed a progressive 42 series and refreshments of punch and cake. Prize winners, who presented their awards to the honoree, were Mrs. Arthur Felderhoff and Mrs. Al Yosten.

Lorraine's sister Betty and Pat Horn helped her open and display the shower gifts. The gift table, centered with a bride doll, and adorned with summer flowers, carried out a white, dusty rose and green color scheme, the bride's chosen colors.

Lorraine will be married in Sacred Heart church Saturday.

**Bertha Neusch and Harold Knabe Wed At Nuptial Mass**

—Boyd and Breeding Photo

Mr. and Mrs. Harold Knabe honeymooned this week at an unrevealed location following their marriage at Lindsay in St. Peter's church Saturday at 4 p.m. They will make their home in Grand Prairie where he works in an aircraft plant.

Mrs. Knabe is the former Emma Neusch, daughter of Mr. and Mrs. Leo J. Neusch of Lindsay and her husband is the son of Mr. and Mrs. Joe Knabe of Muenster.

Father Conrad Herda officiated at the nuptial high mass and double ring ceremony. Mr. Neusch gave his daughter in marriage.

The bride wore a floor length dress of white tulle with rose-point Chantilly lace trim over satin. The lace accented the V neck and edged the tiers of ruffles which formed the aisle wide skirt worn over hoops and crinolines. A sequin and pearl cap held the finger tip length veil and she carried a purple orchid atop a bride's prayerbook.

Wedding attendants were Harold's brother and sister-in-law, Mr. and Mrs. Fred Knabe of Muenster and his brother-in-law and sister, Mr. and Mrs. Kenneth Reynolds of Forestburg. Mrs. Knabe was in pink and Mrs. Reynolds was in mint green. Their bouffant dresses of taffeta were made with overskirts of white lace and they carried arm bouquets of carnations.

Little Mary Jo and Jerry Reynolds were flower girl and ring bearer in their uncle's wedding.

Mrs. Neusch and Mrs. Knabe, mothers of the couple, wore light blue dresses with white carnation corsages.

After the service a reception and buffet supper were held in the Lindsay hall where Mrs. Victor Koelzer and Mrs. Richard Knabe registered about 200 guests. Mrs. Joe Lehnertz catered the meal.

Harold Knabe was graduated from Muenster High and attended NTSC in Denton. He reported for a tour of duty with

the armed forces and served as a paratrooper with the 82nd Airborne Division. He was separated from the army in 1954. His bride was graduated from Sacred Heart High here in 1954.
