Plans Revealed for Red River Bridge North of Muenster

While waiting again for the right conditions to fire the Navy's missile, we are inclined to wonder just what are the conditions the launching personnel have in mind. Are they concerned with rain, atmospheric conditions, possible radio interference, and the operation of their many gadgets . . . or do they have to reckon also with a subversive element?

Some of the reports following fizzes of earlier launching attempts make a person suspicious. It was hinted that "ham" radio signals on the critical frequency might have loused up the missile control signals. Also mentioned was interference from a taxicab radio hundreds of miles away. Its waves, bouncing off the upper atmosphere just right to head for Cape Canaveral, are reported to have held up operations for several hours.

As we think about the possibility or probability of such accidental interference we naturally think also about the possibility or probability of intentional interference. We wonder whether these missile fizzes are related to reports of unidentified submarines, believed to be Soviet, off the east coast of our country.

Suspicious of this nature, as fantastic as they may appear, really are no more remarkable than many known exploits of sabotage and espionage accomplished by the Reds. The thoroughness of their spy system combined with their proven achievements in science make such stunts very plausible. Furthermore, such activity would be extremely valuable to the Kremlin . . . because each failure embarrasses United States before other countries and also delays our progress in rocket development.

They say President Eisenhower is the author of that oft-repeated story about the old Greek who did a thriving business at his hamburger stand during the depth of the depression. Busy and in love with his work, he was always in fine spirits and served big burgers with all the trimmings. He did not have time to listen to depression stories.

Then a son came home from college and convinced the old man that the country was in an awful fix. The old fellow started showing his sadness at the hamburger stand. Sure enough, he noticed business was falling off. Next he cut down the servings of meat, lettuce and tomatoes in his burgers. Business kept dropping. The sadder he got and the more he skimped the worse business got. Eventually he had to close the stand.

The moral, of course, is that depression is to a great extent the product of people's minds. Gloom can bring on a decline in a firm's business. If spread to enough people it can cause a depression.

Applying that same principle the other way it seems that cheerfulness and confidence on a widespread scale are qualities that can lick a depression. Such at least is the thinking behind the Sadlak-Herlong proposal to overhaul the federal income tax system. With a return of old time opportunities in sight American business men would acquire an attitude that would knock the threatened depression for a loop.

The proposal calls for a gradual cut in income tax rates, eventually reducing the minimum rate from 20 per cent to 15 and reducing the maximum rate from 92 per cent to 42. It is believed that such an inducement would cheer and encourage millions of Americans to make the efforts and investments needed for a substantial increase of business activity.

Critics are already pouncing on the suggested big cut for the big income group, saying this is strictly for the rich people. Not enough of them are considering, however, how most of those rich people will be spending their increased income. For every rich playboy there will be dozens of men who invest in more plants and equipment. They will be providing the facilities which create more jobs . . . providing the real basis of security for the working people.

The Sadlak-Herlong bill has another very noteworthy merit. It will induce more people to learn more about the capitalistic way of life . . . and to take a more active interest in it. With chances for better earnings on investments they will be more inclined to save and let their

The long discussed bridge over Red River to serve Montague County and Western Cooke County will be located between Leon, Okla., and Illinois Bend, Texas, according to an announcement by Marshall Formby, chairman of the Texas Highway Commission, in his address Tuesday night at the Nocona Chamber of Commerce banquet.

Formby said that the site, decided in a joint meeting of highway engineers from Texas and Oklahoma, was considered the best for all areas concerned. It serves as convenient outlets for both the Leon and Illinois Bend areas and also compromises between the sites favored by Nocona and Muenster. It is the site preferred by Saint Jo.

The exact location of the bridge has not been decided. Engineers considered area needs in their selection of the general site and will study local terrain to decide exactly where it will be built.

The total cost of the bridge, according to Formby's estimate, will be near \$750,000. The bridge will cost about a half million and approaches at each side will cost about \$125,000. Farm to Market road connections in both states are expected to run the over-all project to well over a million dollars. Work on the project is expected to start soon.

In the meantime the Cooke

8 More Pass Tests To Bring Boy Scout Membership to 15

Eight beginner Scouts passed Tenderfoot tests Monday night and bring Muenster's Boy Scout troop membership to 15.

The new members are Roy and Tommy Hartman, Jerry Taylor, Tommy Bayer and twins Dale and David Bayer and twins Dennis and David Hess. They passed their initial requirements in the Nick Miller home with Scoutmaster Nick Miller and his assistant, Maurice Pagel, in charge of the examinations.

After the meeting Mrs. Miller served ice cream, cookies and hot chocolate.

At the same time the seven charter members of the troop were having a regular weekly meeting in the K of C hall with Paul Endres, committeeman, in charge.

Monday of each week is regular meeting night for the Scout troop. The place is the K of C hall and the time is 7:30. Next Monday will be an exception. There will be no meeting on March 17 because Forty Hours Adoration will be in progress at Sacred Heart church.

NEWS OF SICK AND INJURED

C. F. Gobble is making satisfactory recovery from major surgery performed at Veterans Hospital in McKinney Feb. 5. Mrs. Gobble has been visiting her husband almost every day and cheering him with a visit Sunday were Mr. and Mrs. Bernie Rosson and Mr. and Mrs. Ray Hudson of Myra.

I. A. Schoech is back at home since Sunday afternoon after being a patient at Medical Arts Hospital in Dallas. He's still a bed patient and his doctors in permitting him to return home emphasized "no visitors." At this time Mr. Schoech is still too sick and weak to have company.

Mrs. Ben Hellman has been dismissed from Gainesville Sanitarium and is convalescing at Talley's Rest Home in Gainesville.

Joe Kleiss has been dismissed from the Sanitarium following medical treatment.

Father Anthony Gajda, pastor of St. John's church at Valley View, continues recovery from a paralyzing stroke and is conducting all services without the help of an assistant now. While Father Gajda needed help with Sunday masses Father Bruno Fuhrmann from Muenster assisted him.

Mrs. George Lutkenhaus was dismissed from the Sanitarium Sunday afternoon following a week's treatment for pneumonia. She is convalescing in the home of her son and daughter-in-law Mr. and Mrs. Gus Lutkenhaus.

Parents Are Guests OF FFA Members At Annual Banquet

The annual FFA banquet, given Wednesday night in the public school lunch room, was different this year. Instead of the customary Father-Son banquet it was a Parent-Son event . . . mothers as well as fathers were there.

It differed also in another notable respect. Speaking was cut to a minimum, and guests were shown slide projections from last summer's chapter trip and of the animals now being raised as club projects. Glenn Hellman, chapter adviser, showed and explained the pictures.

Chapter officers opened the program in their traditional manner by answering roll call with a recitation on their particular duties. Billy Otto, chapter president, served as toastmaster and Father Bruno Fuhrmann gave both the invocation and the benediction. Johnny Swirczynski extended the chapter's welcome to guests and Charley Hellman responded. Doug Hellman presented an FFA jacket to the chapter sweetheart, Jolene Carlton, Kenny Klement introduced guests, Glenn Hellman presented chapter awards and Sup-

Winning Title Is a Community Project Says Champ Coach

Winning a football championship is a project for an entire community, not just the football squad. That is the opinion voiced by Thurman "Tugboat" Jones in his address at the Muenster High School all awards banquet in the school cafeteria Saturday night.

Jones, whose Highland Park Scotties won the state 4-A title last season, said that several factors figured into the championship. First of all there was the willingness of players to work hard and train and sacrifice. There was also the ardent support of the band and the pep squad . . . and the cooperation of girl friends and parents. He said that at the beginning of the season he has a special meeting for girls and another special meeting for parents, to ask for their help and to tell them how they can help.

Jones also listed some of the characteristics that make up a champ. He takes pride in what he does, being eager to do things the right way. He is confident, considerate and determined. He wins without boasting and loses, without alibis. He corrects his own mistakes before criticizing others.

Other features of the program were presentations of those who participated in sports, the band and the pep squad. Coach Boze Ansley introduced the members of the football squad and the boys and girls basketball squads. The track season had not advanced far enough to decide who's who on the team, he added. Band and pep squad members were introduced by their respective leaders, Jim Harris and Mrs. H. H. Homsley.

Dan Hamric was master of ceremonies and Superintendent Homsley introduced the guest speaker, Dolores Reiter gave the invocation and L. B. Bruns the benediction. The dinner was prepared by the P-TA and served by the VFW Auxiliary.

Herbie Yosten Heads Muenster VFW Post

Herbie Yosten is the new commander of Muenster VFW Post No. 6205. Members placed him at the head of the organization in the annual election of officers Tuesday night.

Other new officers serving with him for the coming year are Alfons Felderhoff, senior vice-commander; Ray Voht, junior vice-commander; F. A. Kathman, quartermaster; Joe Sicking, post advocate; Raymond Walterscheid, post surgeon; Francis Wiese, chaplain; Tony Yosten, three-year trustee. Holdover trustees are Herbie Herr and Tony Koesler.

Outgoing Commander Joe Sicking conducted the business session which was confined to the election of officers and the date setting of the District I convention which Muenster will host in May. The convention dates are May 17 and 18.

Father James Fitzpatrick and a friend from Dallas visited Wednesday with the local pastors and stopped to see the John Fleitman family.

★ FORTY HOURS DEVOTION

Sacred Heart parish will hold its annual Forty Hours of Adoration beginning Saturday at the 6 a.m. mass. Exposition on Sunday will be at the 8 o'clock mass and on Monday at the 6 a.m. mass. Closing services Saturday will begin at 7:30, Sunday the closing will follow the 7 o'clock evening mass and Monday night the solemn final service will begin at 7:30.

3.5 Inch Snowfall Covers Community, School Dismissed

The heaviest snowfall of this winter fell here Wednesday morning blanketing the community to an average depth of three and a half inches.

That depth did not remain long, however. Thawing temperatures were at work all day clearing all streets and baring spots on lawns and fields.

The only mishaps reported were those of the early morning when some school buses failed to bring in their loads. With fewer than half of the students present heads of both schools declared a holiday and sent the other children back home.

Snowfall started shortly before 7 and by 8 o'clock it measured 2.5 inches. Lighter snow for the next few hours added another inch. Combined with sleet and rain through the 24 hour period it accounted for a moisture measure of .65 at 5 p.m. Wednesday.

Other moisture of the past week, as measured on Steve Moster's official gauge, was .86 on the 7th and .28 on the 8th. This brings the month's total to 2.63 and the year's total to 6.79 inches.

MHS Teams Divide 4 Softball Games With Saint Jo High

Two of Muenster High's softball teams survived the preliminaries and are slated for semifinals in their respective divisions next Monday. Opponents for the semifinals were not known here up to Wednesday.

In their four contests here Monday afternoon the Muenster and Saint Jo teams divided honors. Muenster's senior boys won 7-4 and the junior girls edged a thrilling 18-17 win. In the other two the visitors won easily, senior girls 13-3 and junior boys 16-1.

Other athletic events have been snarled by bad weather.

WITH THE MEN IN SERVICE

Leave For Puerto Rico

Airman and Mrs. John Caughey left this week Thursday to return to Ramey Air Force Base after ending a 15-day leave here with her mother Mrs. John Kathman. Airman Caughey's parents, who were guests in the Kathman home during their son's visit, returned to Peoria, Ill., Saturday. Airman and Mrs. Caughey returned to his base in Puerto Rico by plane from Dallas.

To Washington, D.C.

Lt. Col. and Mrs. David Bright and children David, Lola, Thomas and Joseph left here Wednesday for Washington, D.C., where he will be stationed for duty with the Air Force. They had been guests of her parents, the J. M. Weinzapfels, since returning from Fairbanks, Alaska, following his tour of duty there. From here the Brights went to Anniston, Ala., to visit members of his family. He reports for duty April 1.

Hear From Two Sons

Mr. and Mrs. Joe Doughty have letters from both their sons in the service. Airman Jimmy Doughty writes that he is settled at his new station in Tucson, Ariz., and Douglas Doughty, based in Germany with the army, tells of being transferred to a new outfit with the job of checking supplies and that this is much easier than his previous assignment. Jimmy spent a two-week leave here with his family following basic training at Lackland AFB in San Antonio and before he reported to his new station. His address is: A3C Jimmy Doughty, AF 18544117, 803rd Inst. Sqdn.; Davis-Manthom AFB; Tucson, Ariz.

St. Joseph Society Plans Observance Of Patron's Feast

Wednesday, March 19, feast day of St. Joseph, will be observed as a holy day in Muenster and the schedule of masses at Sacred Heart church includes an evening mass at 7 o'clock.

In observance of the feast day of their patron, St. Joseph's society members will attend the evening mass and receive corporate Holy Communion. Afterwards they'll have a communion supper in the parish hall. It will be a ladies night program and members of the parish St. Anne's Society are invited. To help offset cost of the meal, fifty cents will be asked of those attending.

After supper, members of St. Joseph's society will have a business session featuring the annual election of officers.

The marking of St. Joseph's day with special devotions began in the early days of the community, in 1894, after the parish lost two churches in cyclones. It was then the pioneers vowed to keep holy March 19 to invoke the saint's protection against destructive storms. The custom continued through the years and today, 64 years later, descendants of those early settlers still attach special significance to St. Joseph's day, because through the years the community has been spared destructive storms.

Classroom Displays And Stage Program Close School Week

A program in which students of all the elementary grades and high school participated and in which a large audience saw a colorful queen coronation ceremony was one of the events marking the observance of Texas Public School Week last Thursday night at the Muenster Public school.

The long-awaited coronation, postponed twice on account of sickness in the school, proclaimed Tommy Sue Hamilton and Angela Dern as queens. The ceremony originally had been scheduled for Valentine.

Identity of winners in the queens contest had been kept secret until the time for the ceremony. Other contestants served as members of the queens' court.

The queens' escorts did the honors and in turn received crowns from them to become kings of the evening. Charles Wimmer escorted Queen Tommy Sue and Mark Hellman escorted Queen Angela.

After that each of the grades presented their own act for the school royalty. Johnny Fette announced the program. Band selections were added entertainment.

After the stage program in the auditorium interest shifted to the gym where displays showed specimens of work done by the students and some of the teaching aids in use. Also in the gym was a refreshment stand serving coffee, punch and cookies.

Thursday's program was the second in the school's observance of Public School Week. Tuesday the public was invited to join the students at lunch and visit them in the classes. As a grand finale the school had its annual all-awards banquet Saturday night.

Valley View Wins, Muenster is Second In County B Meet

Track prospects at Muenster High got a severe jolt Tuesday afternoon when Boze Ansley's hopefuls came out a poor second in the county wide Class B meet at Leeper Stadium, Gainesville.

Valley View, defending champs of 1957 were long winners with a total of 70½ points, and 11 out of a possible 14 first places. Muenster barely took second spot with 25 while Era scored 24 and Callisburg 23. Saint Jo's limited number of entries scored 7 points.

In spite of the walloping and the obviously slim chance his boys face in the district meet, Ansley was encouraged by some of the events. He sees possibilities of improving the score by a few points when the district teams meet for their annual contest at Denton on Friday of next week. He concedes, however, that Valley View is the big favorite to cop the trophy.

Muenster's score Tuesday was made up of 1 first place, 3 seconds, 3 thirds and 5 fourths. Points were awarded on the

Grand Opening of Sanner Shoe Store Set for Saturday

Muenster's newest business firm, Sanner's Shoe Store, will have its formal opening Saturday, whether or not the rest of its merchandise and furnishings arrive in time.

The date was set early this week by Mr. and Mrs. Jesse Sanner as they started operating in spite of a few shortages. Their original intention was to open last Saturday but the event was postponed when it seemed likely that the needed items would not arrive in time.

The principal things missing are custom made chairs and a few dozen pairs of shoes. The Sanners have been assured by the manufacturer that either the chairs or substitutes suitable for the opening will be here before Saturday. At this time the store is using folding chairs. Another fixture, an additional small showcase, is not expected in time for the opening.

The store, located in the south side of the Variety Store building, was specially partitioned and finished since the first of February. It has light green walls with white shoe racks to a height of 6 feet along the three walls plus an additional shoe rack at the back. Space above the shelves is used for display. The entire front is glass. The ceiling is white and has three 4-tube fluorescent fixtures. The floor is covered with beige carpet. The showcase is blond and chairs will be finished in light green leather.

Shoes featured are the Robert Johnson and Rand line of International Shoe Company in the complete range of sizes for the

Talk on Roses and Committee Reports Feature Club Meet

Committee reports for the business session and a discussion on roses for the program were the principal features at the Civic League and Garden Club's March meeting Monday night. Twenty-two members attended in the home of Mrs. H. H. Homsley with Mrs. Victor Hartman as co-hostess.

Mrs. Nick Miller, chairman of the park committee, and her assistants Mmes. Steve Moster, L. A. Bernauer and Victor Hartman, who are working in co-operation with the city to beautify the city park, have selected sites for about three dozen shrubs, some near the swimming pool and the others beside the park driveway. Mrs. Miller listed the shrubs bought which will be planted as soon as weather permits. Waiting to be put in place are Japanese and wax leaf ligustrum, nandina, honey suckle, photinia and crepe myrtle.

Also awaiting good weather for planting are six climbing roses for the ball park. The blaze climbers will be planted at the east fence.

Mrs. Dan Luke, pilgrimage chairman, suggested that members makes a pilgrimage to Fort Worth to visit Leonard's annual flower show to be staged the last week of this month. This met with approval of the group. The day to attend and means of transportation are still indefinite. Members will be notified of arrangements.

Mrs. R. N. Fette was in charge of the program. She discussed "Roses for Color and Design in Your Garden," and illustrated her talk with pictures. She told about how and when to plant for best results, named varieties that grow well in this area, explained arrangement for colorful and harmonious effect and gave general hints on rose culture. She also pointed out the wisdom of growing a few well-kept and tended roses rather than having a large number of untended plants.

After adjournment the hostesses served baked Alaska and coffee.

SCHEDULE OF COMING EVENTS

FRIDAY, March 14, CDA meeting, KC hall, 8 p.m.

TUESDAY, March 18, Lions meeting.

TUESDAY, March 18, PTA meeting.

WEDNESDAY, Mar. 19, Group attendance at 7 p.m. mass for St. Joseph's society followed by supper and ladies night in the parish hall.

Local FBLA Group Attends Convention

The newly chartered Muenster chapter of the Future Business Leaders of America, with its sponsor, Miss Bettye Dodds, attended the State Convention in Denton. Approximately five hundred delegates from all sections of Texas registered for the two day meeting.

Among events at the convention were displays of chapter scrap books and chapter projects, contests in spelling, public speaking, and parliamentary procedure, selection of a Mr. and Miss Future Business Executive from the college level and from the high school level, and speakers from clerical, secretarial, and accounting fields. The convention was climaxed by a banquet at which trophies, plaques, and awards were presented.

Officers of the local FBLA are: Dolores Reiter, president; Patsy Dennis, vice-president; Florentine Vogel, secretary; Agnes Noggler, treasurer. Other charter members are Betty Ann Hoenig, Herbert Hundt, Melvin Kaiser, Larry Kathman, Betty Jean Sicking, Margie Walterscheid and Patsy Vogel.

Mona Voth Observes 8th Birthday Sunday

Mona Voth celebrated her eighth birthday Sunday with a party at the home of her parents, Mr. and Mrs. Ray Voth, in the afternoon. Her girl classmates of the second grade Sacred Heart school were guests. They brought a shower of gifts.

Ice cream, cake and punch were refreshments. The refreshment table was centered with a decorated birthday cake.

Special guests for the afternoon were Mona's grandparents Mr. and Mrs. Paul Arendt Sr. of Lindsay.

Kevin Swirczynski Has Birthday Party

Kevin Swirczynski celebrated being five years old with a party at the family home Saturday afternoon. His mother, Mrs. Bob Swirczynski was hostess.

Gifts, games and birthday cake and ice cream made it a gay event for the young guests.

Present were Patsy and Johnny Paul Metzler and their mother Mrs. Bill Metzler of Lindsay, Glenn Neu and his mother Mrs. Frank Neu of Valley View, Elaine Otto, Annette Sicking, Sonja and Jill Swirczynski and Kevin's grandfather Frank Trubenbach.

Mrs. Endres Hosts Get-Together Club

Members of the Get-Together Club held their March social in the home of Mrs. W. H. Endres who arranged three tables for a progressive 42 series and after the games served refreshments of cherry pie a la mode and coffee to members and two guests, Mrs. Albert Dangelmayr and Mrs. Gilbert Endres.

Award winners in the games were Mrs. Joe Kathman for high score and Mrs. John Hartman for low tally. Mrs. Albert Dangelmayr drew the door prize.

Three birthday honorees, Mrs. J. B. Wilde, Mrs. Arthur Endres and Miss Anna Helleman, received gifts from their Sunshine Pals.

Mrs. John Hartman will be hostess for the April meeting.

Raymond Hoenig has accepted employment in Fort Worth and is at home in that city now.

Four Local Girls Get Nurse Caps in Ceremonies Sunday

Four student nurses from Muenster received their nurse's caps in formal capping ceremonies Sunday afternoon, three in Fort Worth and one in Dallas.

Capped in ceremonies at St. Paul's Hospital was Janice Klement, daughter of Mr. and Mrs. Ray Klement. Janice spent the weekend at home and accompanied her parents when they went to Dallas for the capping service in the hospital chapel. They also attended the reception afterwards in the auditorium. There are 24 student nurses in the class.

In St. Joseph's Hospital chapel Sunday afternoon at 3 Mary Pick, Emma Fisher and Marcy Klement were among a class of 25 student nurses receiving caps. In the same program in a separate ceremony two senior student nurses from Muenster received their rings. They are Clara Fisher and LuRose Henschel.

Mr. and Mrs. C. A. Fisher, accompanied by her mother, Mrs. Mary Schmitz of Valley View, and joined by Mildred Fisher of Fort Worth witnessed the ceremony in which their daughters Emma and Clara Fisher participated.

Mr. and Mrs. Henry Pick were there to see their daughter Mary capped and Mr. and Mrs. J. W. Fisher attended the service in which their two nieces took part. Their daughter Theresia accompanied them.

Members of Marcy Klement's family present were her mother, Mrs. Norbert Klement and daughter Shirley and Mr. and Mrs. Dickie Cain. Mrs. Bernard Wolf accompanied them and visited with her daughter Ginger Wolf who also is a nursing student at St. Joseph's. Ginger was one of the ushers.

Mary Trubenbach, another local girl taking her nurse's training there, poured punch at the reception after the capping ceremony and Benediction. Father Patrick Hannon was deacon at the Benediction and others attending the program were Florence Henschel of Fort Worth and Mrs. John Hosea of Grapevine.

With seven Muenster girls participating in the afternoon's program and 15 of their relatives attending the Muenster group dominated attendance at the capping service at St. Joseph's Hospital Sunday.

More than 50 members of the Saint Francis Third Order attended the Sunday prayer service in Sacred Heart church at 2:30 and a short meeting afterwards. J. W. Hess, prefect, made announcements of interest to members and Mrs. Leo Henschel gave a short spiritual reading, the second in a series on "Leisure."

Six Year Old Has Party on Birthday

Kathleen Swirczynski who was six years old March 8 celebrated her birthday with a party for which her mother, Mrs. Richard Swirczynski, was hostess at the family home.

The honoree's little cousins and neighbors were guests. They enjoyed games, ice cream and birthday cake and had their pictures taken. Bubble gum and balloons were party favors and Kathleen received gifts from those attending.

At CDA Reception For Denison Court

Six members of the Muenster court Catholic Daughters of America attended a CDA reception in Denison Sunday afternoon at 2 o'clock and a social hour with visiting and food afterwards.

Mrs. John Mosman, local grand regent, took her car and going with her were Mmes. Steve Moster, Herbert Meurer, Charles Taylor, Charley Hellman and Paul Fisher.

The team from Immaculate Conception church in Dallas was in charge of the reception ritual.

MODERN DISCIPLES

"And he took the five loaves and the two fishes, and looking up to heaven, blessed them and broke the loaves, and gave them to his disciples to set before the crowds."

"And all ate and were satisfied . . ."

In all reverence, we should like to point out that miracles of feeding the hungry, clothing the naked, sheltering the homeless and binding up the wounds of the suffering continue. In AD 1957 — more than 20 centuries after St. Luke's report — the \$5 million Catholic Bishops' Relief Fund — under the administration of Catholic Relief Services — National Catholic Welfare Conference — provided the 40 mil-

lion suffering humans of all races, creeds and colors in 53 countries around the world goods and services valued at well over \$148 million! And in the hands of seasoned veterans, who have been at their labors of love and mercy for 15 years and who last year enlisted the selfless and devoted assistance of more than a million and a quarter volunteers, management of this worldwide human salvage operation was held below two percent of the subscribed fund.

Once more, as in the years past, the nation's Catholic children began, on Ash Wednesday, to make their 40 days of Lenten self-denial a devotional contribution to this work in 1958. The pennies and nickels and dimes that would ordinarily go for candy, soda pop and bubble-gum and ice cream — and which last year added up to more than a million dollars — constitute the initial response to the Catholic Bishops' Relief Fund 1958 Appeal. Their sacrificial contribution will be augmented by their elders during this week, culminating in the Bishops' Fund Collection in all 16,300 parishes in the US, Alaska and Hawaii on Laetare Sunday.

Monsignor Edward E. Swanson, executive director of CRS-NCWC, reports that in 1957: "Better than one billion pounds of clothing, medicines and US Government surplus foods were shipped overseas . . . twice the amount shipped by the Bishops' agency in the first ten years of its existence, 1943-1953." This year, he says, the need is still greater.

Isn't That Just Too Bad!

A QUESTION OF SPECIAL PRIVILEGE

There is no doubt that the Administration's proposed labor program has merit and is needed. At the same time, in the view of a great many people, it leaves untouched certain abuses, made possible by existing law or lack of law, which are at the very heart of the critical labor problem.

For example, National Review has pointed out that the program has nothing to say on these subjects: "A. The fact that millions of American workers are coerced into joining organizations not of their free choosing, as a condition of making a living. B. The fact that labor unions are exempt from the laws against monopoly and coercive practices that apply to all other economic associations. C. The fact that unions are privileged to use their tax-exempt incomes for political purposes prohibited to all businesses and business associations, and to all other tax-exempt institutions of any kind whatsoever."

In other words, the unions have enormous privileges that are flatly denied to all other citizens and organizations. Out of these privileges have come monopoly and, in certain instances, flagrant corruption. Every worker and consumer in this country has been penalized, whether they yet realize it or not.

The primary needed reforms are two: The right-to-work law, which gives each worker the free choice of joining or not joining a union, and the extension of the anti-trust laws to the unions. These are basic principles, and it will be a tragedy if Congress bogs down in discussing details and ignores them.

AN OLD STORY

U. S. News & World Report says: "Two simple facts give you a clue to what has been happening in American industry:

"Fact one is that output of goods in factories for each man-hour of work has risen only a trifle more than 1 per cent in the two years since 1955.

"Fact two is that hourly pay of factory workers has in that same period gone up a bit more than 10 per cent."

This trend could produce

something new in this country — a depression accompanied by high and rising prices. This is the kind of inflation that has destroyed currencies and brought collapse to governments all through history.

PREP SCHOOL FOR COMMUNISM

Spruille Braden, formerly U. S. Ambassador to several Latin American countries and later Assistant Secretary of State, observes: "Let us face it, socialism is nothing more than a prep school for communism." This was said in a speech in which he vigorously opposed giving U. S. aid to such countries as India and Yugoslavia.

It would seem that the cost of helping our friends is heavy enough, without spending huge sums on nations which have close ties with Moscow, our ideological enemies, and whose sole interest in this country is signified by the dollar sign.

Alaskans do more talking on the telephone than any other people. In a recent year they averaged 630 calls each, as against 426 for the continental United States and 51 for the world as a whole.

MUST WE KEEP LENT?

By Rev. James F. Finley, movie and TV critic for "The Catholic World"

THESE DAYS we try like everything to eliminate hardships. We cry for more leisure. Work isn't something noble—rather a curse.

Our homes, our cars, and our buildings are soft or luxurious or . . . why we have a whole vocabulary of soft, shiny words and our minds are filled with smooth, easy ideas.

THE WORD "LENT" breaks upon us like a jet going through the sound barrier. Penance, crucifying the flesh, denying oneself—all these are terms that crash and crank loudly in our world of plush rugs and lush surroundings.

Each time this season rolls around, we make up our minds to do some penance. Perhaps the main reason we take on this penance is because it's "the thing to do." With such a feeble motive, is it any wonder that we so often lose interest and give up the attempt? And why not, if the hardship it involves is really unnecessary?

BUT IS IT unnecessary? The resounding answer is "NO!" And unless we understand why penance is absolutely necessary, our Lenten sacrifice will be meaningless and will effect little or no change in our lives.

Penance is simply the recognition of sin as a terrible injustice against God. More than this, it is the appreciation of a need to atone and the firm purpose to avoid sin for the future. Now I ask you, does our world need this spirit of penance?

CHRIST THOUGHT SO. His entire public life, beginning with the forty days in the desert and ending on the hill of Calvary, was a plea for penance. Christ, the prime example of innocence, suffered to impress upon us the need for penance in our lives. His cross stands as a hard warning over our soft world.

It is sin that makes penance a necessity. Much of the problem of misunderstanding penance comes because we do not understand the offense that sin hurls at God. If we realized better the evil that sin is, we might be more ready to seek penance than to flee from it.

WE CAN murmur, hide, rage, refuse . . . as so many do. But Christ will be on His cross still calling out—"Do penance for your sins, come suffer with Me, crucify your flesh that you may possess your souls."

Can we fly from Him or laugh at His invitation—we who have sinned? Can we deny that it is far better to control the rampant self in this life than to indulge ourselves and forfeit God in eternity? Can we help but admit that Lent is really necessary?

A Likely Story

An Indian petitioned a judge of an Arizona court to give him a shorter name. "What is your name now?" asked the judge.

Valley View Groups To Sponsor Pancake Supper Next Monday

Folks at Valley View will observe St. Patrick's day with a benefit pancake supper at the community center building. The event is being sponsored next Monday by the Valley View Lions Club assisted by ladies from St. John's Catholic church and the proceeds will be divided between the two groups. Everybody is invited to attend.

For fifty cents, those attending can partake of an unlimited amount of hot cakes with butter and syrup. If they add a quarter to the cost they'll also be served smoked country sausage with the cakes. So supper will be either fifty or seventy-five cents.

Serving will begin at about 4:30 and will continue as long as anyone wants to eat.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The spring offensive against soil erosion has been temporarily halted by General Mud. Recent very wet rains have put a stop, at least for a while, to all efforts of farmers and ranchers cooperating with the Upper Elm-Red Soil Conservation District in the Muenster-Saint Jo area to plant soil protecting grasses and legumes.

This is the time of the year when conservation-wise landowners try to get waterways, and other land needing grass for protection against erosion and improvement in production, planted to permanent type grasses.

Bermuda grass and King Ranch Bluestem are most widely used on land that is being developed into pasture. Bermuda is most often used for waterways or pasture strips along natural drains in large fields to provide a safe outlet for terraces.

Sloping fields need the added protection of terraces. But terraces must empty onto grass strips so waterways must be planted to provide this safe terrace outlet.

Some landowners being delayed in their waterway planting by General Mud are Charles Taylor, Emmett Sicking, Alfons Luke, Frank Bindel, Martin Bayer, Walter and Leo Becker, Werner Becker, Hood, Jim Christian at Rosston, J. T. Cole at Marysville and W. B. Calhoun at Forestburg.

Ed Klement managed to get some field terraces built between showers. He has completed some 4000 feet of the wide channel type terraces on his sloping cultivated land. These terraces outlet onto a Bermuda grass waterway planted along a drain to serve as a safe outlet for the runoff water.

Near Rosston Mrs. Bruce Steadham is building 1540 feet of diversion terraces to keep outside water from crossing a bottomland field. These terraces will divert 70 acres of run-off onto a Bermuda grass pasture and prevent soil washing on the good bottomland field.

Also near Rosston, Beard Harry is clearing brush from some 20 acres. The cleared land will be planted to Bermuda or King Ranch Bluestem.

Grazing the fields while the soil is wet can cause serious damage, the local Soil Conservation Service personnel point out. Grazing livestock on wet soil causes puddling and compaction of the ground and can offset the advantages of the soil building effects of organic matter and deep-rooted legumes.

The packing by animals on the wet ground breaks down soil structure and creates hoof pans so that the soil structure breaks down and the land will not take in water.

When this happens there is more run-off and more erosion. When the packed soil dries it forms a thick crust preventing proper growth and proper seedbed preparation. It may take years of good management to overcome the ill effects caused by grazing or working a wet field.

"So for land's sake keep the cows and equipment off those wet fields," say the SCS technicians.

Leaders of County FB Plan to Attend District Meeting

Cooke County Farm Bureau leaders plan to attend a district-wide Farm Bureau meeting at the Adolphus Hotel in Dallas March 18th starting at 10 a.m. to discuss current state and national agricultural issues, according to Joe B. Hundt, president.

Those attending from this county are: Pres. Hundt, County Agent Neil Tibbets, Gus Lutkenhaus and L. G. Gentle.

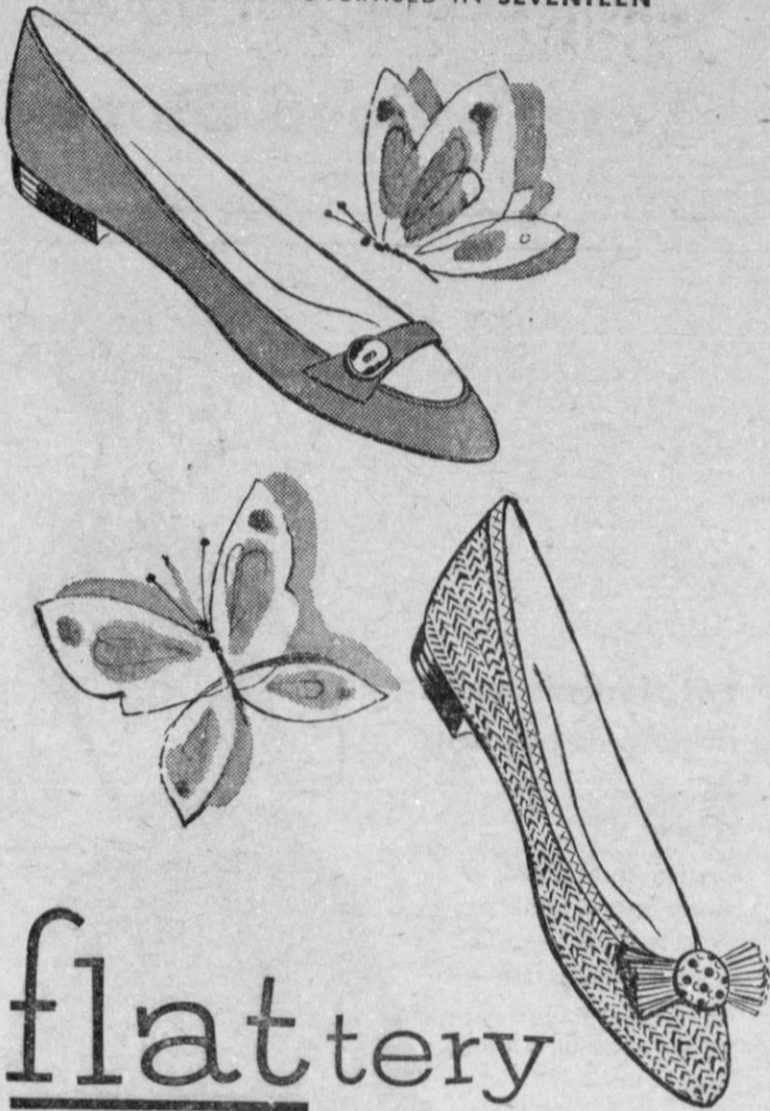

The meeting will serve as a training clinic for county officers, directors and committeemen. Specific training will be offered to members of the Membership, Service-to-members and Policy Execution committees.

In addition, important issues on which Farm Bureau has policies will be reviewed. National issues include: national Wool Act, direct production payments, agricultural research, extension of Reciprocal Trade Agreement Act, federal aid to education, Farm Bureau's "newlook" long range program for cotton and feed grains, and wage and hour legislation. These issues are either pending in the national Congress or expected to come up.

Among state issues to be discussed are farm-to-market road program, redistricting of county commissioners' precincts, permanent school fund, and rural electric co-operatives. These are among the more important issues likely to come before the Texas Legislature next January.

The meeting in Dallas is one of 13 district sessions being held over the state in March.

"Nothing can happen to this plane," he told her. "There are eight bishops aboard."

The hostess forced a smile and said she would relay the comforting news to the captain. In a few minutes she was back, looking uncertain.

"I told the captin," she said. "He said he would rather have four engines."

 Mrs. A. H. Rebenish and Mrs.
 M. J. Endres were guests Sun-
 day in the home of Mr. and Mrs.
 L. W. Flusche in Decatur. Other
 guests were the Flusches' daugh-
 ters from Fort Worth, Della who
 teaches school there and Joann
 who is a student at OLV College,
 and Mr. and Mrs. Lambert Bezner
 and son Jacob of Gainesville. In
 the afternoon the group enjoyed
 the showing of colored slides.
 Mrs. Bezner and Della had theirs
 from their trip to Europe and the
 Flusches had some from their
 daughter and family, the Joe
 Simeroths from Morocco, Africa,
 where he is on duty with the Air
 Force. Mrs. Flusche served din-
 ner to the visitors.

Bankers' Convention

Mr. and Mrs. J. M. Weinzapfel
 spent the weekend in Dallas at-
 tending the annual convention of
 Independent Bankers of Ameri-
 ca. Among entertainment for the
 ladies were a style show by Nei-
 man Marcus and a luncheon.
 Sunday Mr. and Mrs. Weinzapfel
 were breakfast guests of Dr. and
 Mrs. E. W. Laake in their home
 after attending mass at St. Bern-
 ard's church where Father Joe
 Weinzapfel is assistant pastor.

Mr. and Mrs. Jesse Sanner
 and daughter Nancy have moved
 to Muenster from Gainesville
 and are occupying the former
 Ed King home on North Oak St.
 Nancy has enrolled as a seventh
 grade student at the public
 school. Visiting the Sanners are
 their son-in-law and daughter
 Mr. and Mrs. James Gray and
 two children of Dallas who are
 on a two-week vacation and
 helped her parents in getting
 their new shoe store ready. Dur-
 ing the weekend Mr. and Mrs.
 Buddy Sanner of Denton visited
 his parents. They will return this
 weekend for the shoe store's
 formal opening Saturday.

Mr. and Mrs. H. D. Cooke of
 Forestburg drove to Bowie Sat-
 urday for a visit with Mr. and
 Mrs. Travis Gilliland.

Mr. and Mrs. Clarence Albers
 and three sons of Dallas visited
 here Sunday with her father
 Fred Herr and family.

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Mr. and Mrs. Eddie Kuykendall and daughter Collen went to Blair, Okla., during the weekend to be with his mother Mrs. A. C. Kuykendall who is ill and Mrs. Eddie Kuykendall and daughter remained for a longer visit.

J. A. Stapp has returned from Houston where he had a medical check-up. While he was a way Mrs. Stapp visited in Gainesville with Mrs. Lonnie Holt.

The Jim Shiflets had as weekend visitors their son-in-law and daughter Mr. and Mrs. Robert Porath and daughter Sandra of Dallas.

Mrs. W. C. Stiles and daughters Shirley and Velora were Friday

night and Saturday guests in the home of her parents, Mr. and Mrs. B. G. Lyons.

Mrs. Alys Graye is back at her home after spending a few weeks in a rest home at McKinney. Her brother Oliver Walker and John Richey went to McKinney Tuesday to bring her home.

Mrs. John Richey received word this week of the death of Mrs. Arthur White at Geary, Okla., where funeral services were held Sunday afternoon. Mrs. White was the former Miss Johnson, daughter of Mr. and Mrs. Jim Johnson. The family lived near Marysville over 30 years ago.

Rev. and Mrs. Robert May of Dallas spent the weekend at the Methodist parsonage and the congregation met there Saturday evening for a pot luck supper followed by colored slides of Japan, shown by Rev. May and explained by Mrs. May. Afterwards Mrs. May continued a three-lesson course she is giving on "The Cross and Crisis in Japan." This was the second lesson in the series.

Rev. Bishop Honored At Dinner Before Ordination Sunday

Rev. and Mrs. Manning Bishop and their son Billy of Denton were here Sunday for a covered dish dinner given in their honor in the home of Mr. and Mrs. John Richey. In the afternoon the group joined the Mannings on their return to Denton and attended services in which Rev. Bishop was ordained. He is pastor of the Marysville Baptist church.

At the dinner with the honorees and hosts were Mr. and Mrs. Reeve Cooke, Mr. and Mrs. Earl Robison and son Jimmy and Mr. and Mrs. Buford Whitt, members of the congregation, and Rev. and Mrs. Robert May who were special guests.

All of these attended Rev. Bishop's ordination except the Mays and Jimmy Robison. Jimmy stopped at Gainesville to visit his grandparents, the O. Robisons. Before returning home the Whitts visited her sister, Mrs. Attie Myter and family at Denton.

Broiler Industry Shows Phenomenal Growth in 10 Years

College Station — The broiler industry has been growing at a phenomenal rate.

A generation ago, commercial broilers were almost unknown and 10 years ago production totaled only 310 million birds, reports Marshall Miller, associate extension poultry marketing specialist.

But the 1957 production is estimated at 1,400 million birds and he adds that it will probably go even higher in 1958.

The per-capita consumption of broilers has jumped from about 4.3 pounds, ready-to-cook basis, in 1947, to more than 18 pounds. There are several factors which have contributed to this tremendous growth, points out Miller.

First, he says, the industry has proved its ability to adapt its methods to the changing consumer demands and marketing conditions of recent years. It has learned to provide the consumers with the products they want, at the times and places and in the forms they want them, and at prices they are willing to pay. The industry has also taken over much of the processing that used to be left up to the consumer.

The next thing pointed out by the specialist is that the broiler industry has increased the scale

of production, processing, and distribution. In contrast with the small flocks common in former years, the 50,000 farms reporting sale of broilers in 1954 had average sales of 21,000 birds.

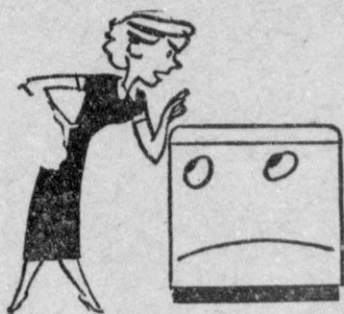

The industry has adopted much new technology and more research is underway in order that progress may continue, he says. In production, a 4:1 ratio of feed consumed to pounds of live weight produced was common not many years ago. Today, the average is only slightly above 2.5:1. Processing plants have made equally remarkable gains in efficiency.

With such a record, it is no wonder that the broiler industry often is viewed as an example of things to come in agriculture and in food marketing.

basis of 5 for first, 3 for second, 2 for third and 1 for fourth.
Hornets whose efforts made up Muenster's 25 points were as follows. James Wolf, first in the mile run and 4th in the 100 yard dash. Dan Hamric, 2nd in the 880 run and 2nd in 180 hurdles. C. J. Hellman, 3rd in 120 hurdles and 4th in 180 hurdles. Larry Wimmer, 3rd in broad jump James Harris, 4th in 220 dash. Doug Hellman 4th in 120 hurdles. Milton Fette, 4th in the mile run. The 440 relay team consisting of James and Truman Wolf, James Harris and Larry Wimmer took second place. The mile relay team consisting of Dan Hamric, Leonard Vogel, John Reiter and Gilbert Knabe took third place.

Red River Bridge

County Commissioners count will attempt to get an appropriation for a FM road connecting the bridge with the pavement now ending at Valley Creek. Most likely that undertaking will consist of two jobs, one from Valley Creek to Bulcher, the other from the Bulcher-Saint Jo road to the bridge. The commissioners court some months ago pledged its efforts to securing such a project if a bridge is located in the Cooke-Montague area of the river. Actually the bridge will be in Cooke County, about a mile east of the county line. Along there the river runs south and the crossing from Oklahoma to Texas will be east to west.

Mr. and Mrs. Bill Kathman had as dinner guests Sunday Mr. and Mrs. Henry Sandmann and family of Valley View and Mr. and Mrs. W. E. Insell and three daughters of Gainesville.

Charles Reiter of Kerrville was a business visitor here Tuesday.

A study based on government statistics shows that the sum a worker gets for an hour of labor is increasing more than twice as fast as his rate of productivity during that hour. Higher prices are the result.

About a block ahead of a northern California policeman who was looking for parking meter violations, a young woman scurried along, inserting a coin in every meter that showed a red flag.

On the front seat of each reprieved car she left an envelope and this note: "Dear car owner: You have overparked, and there is a policeman only a few cars away. I have put a penny in your meter, giving you an additional 12 minutes. You have been saved \$2.50 for a parking ticket. Will you please put a portion of that money into the attached envelope?"

The envelope, stamped and addressed to the County Home for Children, brought in a really substantial sum.

Lindsay 4-H Girls Take First Place In County Contest

Girls from the Lindsay 4-H club won first place in the senior division of the "Share the

Fun" festival in Gainesville and will take their show to Denton in May for district champion competition. The girls' winning number was a hillbilly rendition on the Texas Star square dance.

Members of the dance team are Lorine Voth, announcer; Wanda Hess, caller; and Rosemary Hess, Nelda Hellinger, Maxine Schmitz, Rosemary Bezner, Janie Kubis, Alma Louise Haverkamp, Linda Kuhn and Judy Schmitz.

A Little Beaver

At the dinner table Phyllis reported proudly that her teacher had called her a beaver.

"For being such a hard worker, I suppose?" her mother observed with equal pride.

"Well, no," Phyllis said, "For chewing my pencil."

Lindsay Honor Roll Lists 65 Students

Twenty-five children of Lindsay School qualified for the A Honor Roll and 40 made the B Honor Roll during the past six weeks, according to the list of names released by the school faculty.

savings earn for them. Many of those new investors may be working people, for the first time seeing industry-labor squabbles from both sides.

From a free enterprise standpoint this bill is all good. It offers a way to restore some of the good old American qualities of thrift, incentive, mutual understanding and loyalty to our way of life, and security that is based on personal achievement more than socialistic regulations.

About all this bill needs to make it a real dandy is an increase of personal exemptions to a figure that's more in line with the cost of living. Texas Senator Ralph Yarborough has just filed a bill to make tax exemptions more practical. He suggests raising the figure from \$600 to \$800 explaining that a family of 3 with an income of \$3,000 a year would thereby have its income tax cut from \$180 to \$60.

If along with this proposed exemption the rate were reduced as proposed by Sadlak-Herlong the income tax of the above family would drop to only \$45 a year. That's getting somewhere.

FFA Banquet - - -

erintendent Homsley talked briefly about the future of farming.

Awards and students who received them are as follows. Farm electrification, James Walter-scheid; Soil and water management, Jerry Sicking; Farm safety, Jimmy Sicking; Dairy farming, Kenny Klement, Farm mechanics, Charles Wimmer; Public speaking, Billy Otto; Farm records, Doug Hellman. Honorary FFA memberships were presented to J. A. and J. W. Fisher.

In keeping with local custom the chickens served at the banquet were grown by the boys as a chapter product.

It's Watch Inspection Time, March 10-22. Time to let our professional watchmaker inspect your watch free. He can tell to a second how it's keeping time—and what servicing, if any, it may need. For he's the authority who knows fine jeweled-lever watches inside out. And uses only official, factory-packaged parts in servicing these watches. Quick service. Expert workmanship. Satisfaction guaranteed.
