

MUENSTER ENTERPRISE

VOLUME XXII

MUENSTER, COOKE COUNTY, TEXAS

MAY 16, 1958

NUMBER 25

Rev. Fred Mosman Will Be Speaker at MHS Graduation

May 22 and May 23 are dates for commencement exercises at Muenster Public school and May 18, this Sunday, is the date for the baccalaureate services. The three events will be held in the high school auditorium, each beginning at 8:15 p.m.

The formal graduation of 16 high school seniors will be held on the twenty-third and will present Rev. Fred Mosman of Dallas as speaker.

Dan Hamric will deliver the valedictory address and Margie Walterscheid will bring the salutatory. They are the son and daughter of Mr. and Mrs. Ervin Hamric and Mrs. Alfonse Walterscheid.

The school's baccalaureate services with Rev. Billy Whitt of Fort Worth as speaker will include vocal selections by Linda Shaw. Her accompanist will be Dorothy Garrett. Both are students at Decatur Baptist College.

The program for the eighth grade graduation will feature student participation. Twenty-three boys and girls will receive certificates.

Kaderli Resigns As Co-op Manager

A change in the management of Cooke County Electric Co-operative suddenly became effective Monday when M. D. Kaderli submitted his resignation to Jack Crownover of Nocona, president of the organization.

In a statement to the Enterprise Wednesday, Crownover said that the resignation, though submitted, cannot be regarded as official until it is considered by the board of directors in a regular session. The date for that meeting has been set for Wednesday night of next week.

Kaderli has not been available for a statement. He left town Monday without disclosing his destination or the date he expects to return.

During the emergency Crownover has taken over as temporary manager with responsibility for signing checks and official papers and making major decisions of management. Leo Sicking has been appointed as assistant manager in charge of routine activities of office and maintenance personnel.

NEWS OF SICK AND INJURED

Paul Tempel has been moved from Gainesville Sanitarium to the VA Hospital in McKinney. He's in Ward 107 and can enjoy cards now.

James Knabe is reported in better health at the VA Hospital in Waco and told his family he'd like to hear from his friends. He's in building 94.

Henry Huchton is a patient at Gainesville Sanitarium since Saturday when his left leg was causing pain due to an infection which required surgery. Since Wednesday he is improving but will be a hospital patient about a week more.

John Bengfort 78, of Lindsay, underwent major surgery at Gainesville Sanitarium Friday and is recovering satisfactorily. He'll be hospitalized about another week.

Judy Trubenbach was dismissed from Baylor Hospital the latter part of the past week following a series of treatments and says many thanks to everyone who remembered her with greeting cards while she was hospitalized.

Walter Becker has let his folks here know that he's feeling fine and if nothing unforeseen develops should be home by the end of this week. He entered the VA Hospital in McKinney on April 25 for treatment and observation.

Mrs. Joe Wilp of Oklahoma City, a former Muenster resident, is recovering satisfactorily at Mercy Hospital from a major operation performed May 7. Her two daughters and son cheered her Sunday with a Mother Day bedside party and gift shower. Visiting her were Mrs. Oliver Maker and Mr. and Mrs. W. J. Wilp of Oklahoma City and Mrs. W. B. Pigman of Tulsa.

City Puts Rotary Mower on Tractor

Appearance and insect control in Muenster are both vastly improved since last week. The reason is the tractor mounted rotary mower which is the city's best yet for street rights of way and alleys.

It's a heavy duty machine intended for brush mowing and is driven by the tractor's power-take-off.

Muenster GOC Unit Will Have Alert on Armed Forces Day

Observing Armed Forces Day, members of the Muenster unit of the Ground Observer Corps will have an alert from 1 to 5 p.m. Saturday, May 17.

According to local commander Steve Moser, GOC will participate in the Armed Forces program because its warning system has become an important factor in national defense.

The observance here will consist of regular alert activity along with an opportunity for the GOC to learn more about GOC work in national defense or severe weather emergency. Local personnel will explain the GOC, give out literature and sign up any who wish to join the organization.

Also included in GOC plans for the alert period are broadcasts and telecasts by KRLD of Dallas. Two of them will be on military planes flying over North Texas. Moser reminds local people that they can learn a great deal about the GOC by keeping tuned to KRLD during alert time . . . and they may also get to see an aerial view of their home town.

Building And Improvement Notes

Work is nearing completion on a new 2-bedroom home for Mrs. Ed Moser at Lindsay.

Charles Davidson has almost finished a general overhaul and enlarging job on a house he recently moved to his father's farm northeast of town. Besides fixing up the old house he added two rooms and a bath.

A remodeling job at Albert Herr's includes glassing in a porch and adding the area to the living room, sheet rock in the rest of the house, and a new roof.

Shamburger Lumber is enlarging its office and front sales room. The addition measures 5x30.

A room has been added to the Stacy Lease house north of town. Denis Hofbauer occupies it.

New roofing jobs are either under way or completed at William Griffin's, Roy Atteberry's, Ed Cler's and the Myra Baptist church and parsonage.

The Richard Grewings have new linoleum throughout and new paint both inside and outside. The Joe Ottos have new inside paint. The former Herman Kathman home has new siding outside and general repairs inside.

Andy O'Connor has almost finished a 24x58 sheet metal hay barn with attached feeding shed. Reeves Cooke also has a new sheet metal barn and Bruno Fleitman has a 36x50 metal machine shed.

476 Shots Given on Immunization Day

Immunity to the common contagious diseases advanced by another huge step last Monday when 452 persons received 476 shots at the Muenster Clinic's annual immunization day.

Records at the clinic reveal that 335 shots were typhoid boosters and 44 were typhoid starter shots. Other shots were smallpox 46, Schick test 27, diphtheria-whooping cough combination 18, and whooping cough 6.

Originated by Dr. T. S. Myrick more than 20 years ago, the annual immunization day has proved itself an effective guard of local health. The community has not had an epidemic of typhoid, diphtheria or smallpox since the shots were started.

Mrs. Dick Cain and Mrs. John Steele drove to Denton Tuesday for a visit with Mrs. J. E. Lane who has been dismissed from the hospital to continue recovery at her home. Sunday Mrs. Lane was cheered by a visit from her sons and their wives, the Wesley and Harry Lanes of Phoenix, Ariz.

VFW and Auxiliary Will Host District Joint Convention

Veterans of Foreign Wars and members of Ladies Auxiliaries will converge on Muenster this weekend when Post 6205 and its Auxiliary are hosts to the District I convention Saturday evening and Sunday. Meetings will be held in the post home and in the Muenster public school.

The convention gets underway officially at 4 p.m. Saturday with registrations. First event is a dance at night.

The program for Sunday will begin with a breakfast for district VFW officers at the Ace Cafe at 9 and registrations will be held at the post home until 12.

At noon a banquet for both groups will be held in the school dining room with John E. McKelvey of Electra, past department commander, as the principal speaker. At 2:15 closed meetings will be held for the VFW at the post home and for the Auxiliary in the MHS gym. The two groups will join again for supper in the post home about 4:30.

Principal business at the closed sessions will be the election of district officers.

City Name Appears On Water Tower Since Overhaul Job

Hereafter Muenster will be identified in bold 2-foot letters at two sides of the water tower. Painting the town's name there is part of the general repair and paint job which will probably be completed this week on the water tank.

The job, according to Water Superintendent Steve Moser, includes scaling to remove loose paint and rust, building up where the tank is pitted, caulking along the inside seams, and finally paint for the inside and outside of the tank and the tower.

Contract price for the work was \$780, however the figure has been upped \$100 for painting "Muenster" on the two sides and building a barrier over the tower ladder near the top.

The barrier consists of a steel plate six feet long with hinges at one side and a lock at the other. It will block the ladder just beneath the ramp surrounding the tank. Authorized personnel will unlock it and swing it open like a door to use the last six feet of the ladder. The tank repair crew said that most cities now are installing this type of barrier to keep unauthorized persons off their tanks.

The city council okayed the barrier as a way of preventing continued painting on the tower by enthusiastic school kids. With about \$300 invested in the outside paint job, it favored the additional expenditure to keep the tank looking good.

WITH THE MEN IN SERVICE

Goes To California
Naval Airman Leo Hess had a Mother Day visit with his parents, Mr. and Mrs. Albert Hess and family by telephone from Memphis, Tenn., Sunday. He told them he was leaving his present station sometime this week for a new assignment at Moffet Field in California.

Delay Enroute
Ens. and Mrs. Bill Tilger and baby son Matt were here for a few days to visit family members enroute to Orange, Texas, from Key West, Fla., where he attended a five-week Navy School. They left here Monday for his new assignment.

Promotion And Transfer
Paul Hesse has been promoted to petty officer second class at Los Alamitos, Calif., and has been transferred from the Navy base there to San Diego for specialized training. He's the son of Mr. and Mrs. Meinrad Hesse.

Finishes Signal School
Pvt. Don C. Wilson, son of Deputy and Mrs. E. L. Wilson, recently completed the 8-week telephone installation and repair course at the Army's Southeastern Signal School, Fort Gordon, Ga., and was transferred to Fort George G. Meade, Maryland, for assignment. Don entered the Army last December and completed basic training at Fort Chaffee, Ark.

Next Thursday Is Registration Day For Pre-Schoolers

A pre-school registration day for children who will be first graders at Sacred Heart parochial school next September will be held next Thursday, May 22, from 8:30 a.m. to 2:30 p.m., the faculty announced this week.

Parents are urged to bring their children for registration during the specified hours and also to bring with them the child's immunization record and baptismal date.

According to baptisms listed on parish records there are 60 boys and girls who will be first grade students next September.

Harvesting Begins In Muenster Area

Harvest time has arrived in Muenster and farmers are looking forward anxiously for at least a week of favorable weather.

Cutting got under way Monday on a lush and beautiful hay crop. As this report is being written . . . on Wednesday . . . hundreds of acres of oats and alfalfa are on the ground for the short drying period preceding baling.

Meanwhile farmers are sweating out the critical few days hoping that their crop will keep dry despite threatening clouds and predictions of rain. And if rain comes, the less the better. Damage can range all the way from negligible to a total loss, depending on the volume and severity of the rain.

Both the oats and alfalfa are described as better than average. Tonnage of the current cutting, if it can be saved, is due to run high. Likewise a good yield is in prospect for the oats that will be harvested as grain. Wheat has been described as fair.

Favored by abundant moisture, other local crops are also in good condition. Pastures are thriving. Corn and sorghumes have a good start.

Bishop Gorman To Officiate at Lindsay School Dedication

Lindsay's new high school building, in use since the Christmas holidays, will be dedicated next Monday night, May 19, in solemn services conducted by His Excellency Bishop Thomas K. Gorman.

A complete attendance of the parish along with a large number of visiting priests and sisters is expected for the evening's program which also includes graduation exercises and a community get-together in the parish hall.

Dedication ceremonies are scheduled for 5 o'clock in the new school building. After that Bishop Gorman and visiting clergy will be guests of the pastor, Father Conrad Herda, for dinner in the rectory. Meanwhile sandwiches and drinks will be available in the parish hall for parish members and visitors who wish to remain until graduation exercises.

Graduation, at 8 o'clock, will be held in the church with Bishop Gorman presiding and also presenting diplomas to the graduates. It will be a combined ceremony for both high school and elementary graduates followed by benediction with the Blessed Sacrament.

After that the social event previously started in the parish hall will be continued.

Tigers End League Play with 9-1 Loss To Laneri Micks

Two losses Sunday and another Tuesday tumbled the Sacred Heart Tigers from top to bottom standing in the district race of the Southwest Academic League. Tuesday's loss, furthermore made all of the difference. Had the Tigers won they would have been in a 3-way tie for the lead.

Opening the SAL competition Laneri took the lead by winning two over Waco Catholic High. Next Sacred Heart snatched the lead temporarily by tripping Laneri. That lead fizzled as the Tigers lost both games of a double header to Waco Catholic last Sunday. Tuesday's game here finally ended the race as Laneri walloped Sacred Heart 9-1.

Final standings of the teams are Laneri 3-1, Waco Catholic 2-2, Sacred Heart 1-3.

Bishop Gorman To Head Ceremony at SH Graduation

The Most Rev. Thomas K. Gorman of Dallas will be the principal speaker at a joint baccalaureate and commencement service for Sacred Heart school's 1958 graduates Saturday night, May 24. Twenty-two boys and girls await high school diplomas and 39 eighth graders will receive certificates.

Bishop Gorman will officiate at the 7 p.m. Mass. After his address he will present diplomas and certificates.

High school students will hold their class night program this Sunday, May 18, in the parish hall at 8:15 p.m.

Honor students this year are Florentine Vogel, valedictorian, and Patsy Vogel and Melvin Kaiser, salutatorians. Their grade averages are identical and both will receive medals. Parents of the three are Messrs. and Mmes. Lawrence Vogel, T. Vogel and C. J. Kaiser.

Howard Mollenkopf, son of Mrs. George Mollenkopf, has earned the Balfour Award. He will have his name inscribed on the school's plaque and will receive the Balfour key. Florentine Vogel is runner up and will receive a pen and pencil set from the Sacred Heart Alumni.

Champion Farmers Honored at Annual Conservation Event

Before a crowd of about 600 persons in the Whitesboro High gymnasium last Thursday night, eight farmers received awards for outstanding achievements in soil conservation in the Upper Elm-Red Soil Conservation District.

Each of five zone champions and the best comeback farmer of the district received a large sterling silver tray valued at about \$50 and members of the landlord-tenant team received plaques.

The winners were Herman Heard, Zone 1; Charlie Dodd, Zone 2; Felix Becker, Zone 3; Julius Hermes, Zone 4; J. H. Whiting, Zone 5; Frank Bullard, comeback farmer; Tom Sears as landlord and John and Bill Fenley as tenants in the landlord-tenant team. Awards were made by a banker from each winner's respective zone. Just before each presentation the winner's achievement was explained by Gene Foster of Whitesboro High School while color pictures of the winner's farm were projected on a screen.

The program opened with a short memorial to Wm. Turner, agriculturist of the First State Bank, Gainesville, who died a few weeks ago. He had been prominent in district conservation work and in organizing awards programs of the past.

Especially cheered by the crowd were three vocal numbers by Jean Spence of Tom Bean, a 10 year old musical prodigy. Dale Durham of Gainesville also sang. Jerry Talley of Sherman was master of ceremonies, R. W. Spaulding extended Whitesboro's welcome and Willard Kemplin responded in the name of the district board of supervisors.

Among treasured Mother Day remembrances is Mrs. Dick Cain's telephone call from her daughter LaQuita and her husband, the Bill McCollums of Augusta, Ga. Bill and Quita had just returned from a short visit in Miami Beach, Fla.

SCHEDULE OF COMING EVENTS

SATURDAY, SUNDAY, May 17 and 18, District I convention for VFW and Auxiliary at VFW Hall and Muenster High School.
SUNDAY, May 18, Reception ceremony for St. Anne's Society, 2:30 p.m.

SUNDAY, May 18, MHS Baccalaureate services, MHS Auditorium, 8:15 p.m.

SUNDAY, May 18, SHH Class Night, Parish Hall, 8:15 p.m.

TUESDAY, May 20, Lion's Club meeting.

TUESDAY, May 20, Reception ceremony for Third Order of St. Francis, after May devotions.

TUESDAY, May 20, PTA meeting, installation of new officers, 8 p.m.

THURSDAY, May 22, Public School eighth grade graduation, MHS Auditorium, 8:15 p.m.

The humiliating situation encountered by Vice President Nixon during his trip to South America is enough to make any thinking person see red . . . and that statement applies in two ways. First of all, in the figurative sense, it angers us to the boiling point to know that one of our highest officials on a good will mission is subjected to insult in one country after another. Secondly, we see the ugly influence of international communism, and alarming evidence of its strength, in all these events. Some of our commentators and politicians have been minimizing the seriousness of the affairs by explaining that the demonstrations do not reflect the official attitudes of the countries concerned. But there is little comfort in their remarks when we consider how strong communism must be to organize so much violence and insult, or when we consider the apparent half heartedness of officials in preventing the disgusting scenes.

Here for the umpteenth time is a pay-off for our own country's soft and blundering policy toward communism during the past quarter century. Whether we like to admit it or not the ugly fact remains that communists throughout the world are our own problem children. For twenty five years our dealings with them have been guided by expediency rather than principle. Though fully aware of the godlessness and cruelty and treachery and practically every other vice under the sun, we shirked our duty and allowed them to develop into the world wide scourge they are today.

In every major step of its growth communism has had the helping hand of this country. Our official recognition in 1933; our alliance during the war . . . even after we became aware of their treachery to us and their inhumanity to other peoples; the deals of Tehran, Yalta and Potsdam; our betrayal of China, Korea and other nations of Asia; our failure to help the Hungarians or to prevent use of the UN as a tool of Soviet advancement; these and dozens of other episodes all testify that United States has contributed more to communism's growth than the reds have accomplished by their own efforts.

Is it too much to hope that this humiliation will finally bring our country to its senses? . . . that we will recognize the situation for what it actually is and adopt a long overdue policy in line with Christian principles?

After all, there is only one hope of ever overcoming this Frankenstein we have created. We must discard our policy of appeasement and expediency and stand squarely on God's side in all future dealings with the rest of the world. The first step in that direction is to tell the world, and Russia especially, that there will be no more compromises with principle. If we are lucky we may still be able to earn back some of the global respect we have lost and inspire other nations to take a firm stand against the red menace.

As things are now we can hardly blame smaller nations for their tolerant attitude toward communism. If our country, the supposed champion of human rights and the only one able to challenge red supremacy, lacks the principle to stand pat how can they be expected to stick out their necks.

In case the men of Washington still are not convinced, they'd better try getting down on their knees and asking for Divine guidance. Their way has made an awful mess of things. They need to become more familiar with God's way of dealing with people.

National Review this week calls attention to the amusing Alphonse-Gaston stage in negotiations of the car manufacturers and the United Automobile Workers. UAW politely says it prefers not to strike now and asks for extension of the present contract until autumn. The manufacturers reply just as politely that UAW's consideration is most touching but they prefer having the strike now if it must come.

All of which seems to indicate that, for a change, Walter Reuther is over the barrel. Here's a reversal of those past several years when factories were humming to catch up with orders. Strikes then could have cost the car makers plenty, and Reuther was in a fine position to drive a hard bargain. Now it's the other way around.

St. Mary's Parish Hosts Deanery Meet Of Catholic Women

Ten women from Muenster joined other NCCW members May 8 at the quarterly meeting of the Sherman deanery National Council of Catholic Women in Gainesville.

St. Mary's parish was host for the afternoon session which presented Rev. E. J. Gerlich, host parish pastor, and Sister Blanche of St. Paul's Hospital in Dallas as principal speakers. About 75 members representing six parishes of the deanery attended.

Father Gerlich, chaplain at the State School for Girls, spoke on his program of religious instructions and services at the school and asked for medals and chains and holy cards for the girls. He recently baptized four girls and has an average of 60 at Sunday services.

The school's new chapel will be dedicated May 31 he said. A Sherman Club is furnishing altar linens and other parishes are invited to help with other needed items, especially a crucifix, candles and candle holders.

Sister Blanche was recruiting student nurses and spoke on the training program at St. Paul's Hospital. Sister Alphonsine was her traveling companion.

The Very Rev. John Duesman, deanery moderator, from Sherman, opened the meeting in St. Mary's school. Mrs. T. L. Anderson extended welcome and Father Gerlich introduced visiting clergy: Father Martin Fischer of Muenster, Father Anthony Gajda of Valley View, Father John Untereiner of Pilot Point and Father William Lane of Gainesville.

Mrs. G. M. Simpson of Denison brought the deanery president's message and Mrs. Osa Alexander of Greenville, delegate at large, reported on the diocesan board meeting.

Discussion of an Institute featuring work shops for all chairmen of the council and programs for all members of the organization took up a part of the business session. The institute, to be held in lieu of the annual convention, is tentatively planned with Lindsay as the host parish. Date will be announced when plans are complete.

Father Frank Morgan officiated at sacramental benediction after the meeting and then the hostesses served punch and cookies.

Attending from Muenster were Mmes. Ted Gremminger, Frank Herr, Joe Swirczynski, Frank Bayer, J. M. Weinzappel, M. J. Endres, Herbert McDaniel, William Bergman, R. R. Endres and Paul Fisher.

SILVER BELLE—Moroccan girls don't wait for time to turn their hair to silver. This desert belle in Casablanca models a traditional hair style. Silver ornaments trim her braided tresses and a giant hoop earring is set in her pierced ear.

Kids Spend Tuesday On School Picnics

Tuesday was picnic day for Sacred Heart High school seniors and their teachers and for the public school elementary grades and faculty.

The Sacred Heart group went to Lake Murry. The first four grades of the public school and the seventh and eighth graders also spent the day at the Lake. Public school fifth and sixth graders spent their time at Gainesville skating and picnicking.

Mothers accompanying the young student groups included Mmes. Dick Cain, Albert Fleitman, Aubrey Tuggle, C. L. Williams Jr., Bill Lindsay and Sam Sparkman.

District FFA Boys Meet in Muenster

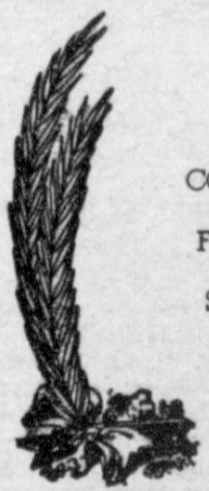

About 45 Future Farmers and their advisers representing six schools of the Denton district FFA met in Muenster Tuesday night. New officers, elected recently and headed by Billy Otto as president, took over their duties.

Highlight of the program was the presentation of outstanding district awards and Doug Hellman from the local chapter was among those honored. He was recognized as the outstanding chapter farmer.

H. H. Homsley opened the meeting with a short talk, and routine business followed. The group set the meeting date for the first Thursday of every month except during football season when the meeting will be held on the first Tuesday.

In addition to Billy Otto, the Muenster chapter has three other district officers. Jimmy Sickling is a vice president; Doug Hellman is sentinel and Glenn Hellman is district adviser.

Friday at noon members of the Muenster FFA chapter and Adviser Glenn Hellman will leave on their annual fishing trip

Young Oldsters, 74 To 89, Honored at Grandmas' Dinner

Mrs. Dick Cain entertained in her home Thursday with a dinner party for a group of "young oldsters" and those attending labeled it a grandmas' gathering. Youngest of the five honor guests was 74. The oldest was 89.

The get-together honored Mr. Cain's aunt, Mrs. Amanda Brewer, of Pilot Point who is visiting her sister Mrs. J. S. Bagwell, 74, at Myra. Others sharing honors of the occasion were Mrs. R. P. Emerine of Canon City, Colo., 89, visiting her daughter, Mrs. John Steele; Mrs. C. J. Tuggle, 86, of Myra; and Mrs. Ada Mitchell, 80, of Hardy.

Other guests — these were referred to as the youngsters at the party — were Mrs. John Steele, Mrs. Jack Hogan of Hardy, Mrs. Buck Wilson, Mrs. M. F. Milner, Miss Iris Mitchell of Hardy, Mrs. B. I. Dern and Mrs. Arnie Wimmer. Mrs. Dern and Mrs. Wimmer helped Mrs. Cain with party plans.

Mrs. Ada Mitchell who is a young 80 still plays the piano and accompanied the group for the singing of hymns. Mrs. Jack Hogan also presented piano selections. Pictures were taken of individuals, the group and party scenes.

The grandmas all enjoyed the gathering so much they decided to organize a Golden Years Club and get together once a month for a covered dish dinner. Their meeting date will be the eighth of each month and the June party will be held in the home of Mrs. Bagwell at Myra.

Peggy Hermes and Ray Walterscheid Say Wedding Vows

—Boyd and Breeding Photo

In a formal ceremony in St. Peter's church at Lindsay, Peggy Hermes, daughter of Mr. and Mrs. Joe Hermes, became the bride of Raymond Walterscheid, son of Mrs. John Walterscheid and the late Mr. Walterscheid of Muenster.

Rev. Conrad Herda, pastor, read the double ring service at 8:30 Saturday morning and officiated at the nuptial high mass. Gladioli, greenery and candles adorned the altar before which the couple pledged their vows.

Mrs. William Schmitz, organist, and St. Cecilia's choir furnished music for the mass and Mrs. Norbert Walterscheid, sister-in-law of the groom, sang "Mother at Your Feet" as a post-nuptial solo when the bride placed a bouquet of white gladioli on the Blessed Virgin's altar.

Mr. Hermes escorted his daughter to the altar and presented her in marriage. Peggy was lovely in an original floor-length gown of imported white French Chantilly lace combined with cloud soft tulle.

The moulded lace bodice with a wedding ring waistline featured a scalloped sabrina neckline dusted with iridescents and seed pearls and the long sleeves tapered to petal points over her hands. Handclipped Chantilly lace circled the voluminous nylon tulle skirt in a crescent shaped band and rows and rows of net ruffles formed the underskirt worn over multiple crinolines.

Her pure silk French illusion veil was caught to a petaled helmet of matching lace encrusted

with seed pearls. She wore a single strand of pearls belonging to her mother.

White roses in a cascading arrangement fashioned the bridal bouquet, and Peggy carried a white prayer book, a gift from the groom, and a sterling silver rosary.

Louise Hermes attended her sister as maid of honor and Margie Walterscheid, niece of the groom, was bridesmaid. They wore identical ice blue waltz length dresses of taffeta with nylon tulle overskirts, matching half-hats and white gloves and carried cascading bouquets of Majestic daisies. Their blue and silver necklaces and earrings were gifts from the bride.

David Walterscheid, nephew of the groom, and Alfred Hermes, brother of the bride, were best man and groomsmen, respectively. Jim Hermes and Norbert Walterscheid, brothers of the couple, ushered.

Anthony and Johnny Hermes, young brothers of the bride, and their cousin Gilbert Hermes were mass servers.

Mothers of the couple attended the wedding in navy blue costumes and had white carnation corsages.

Wedding day festivities included breakfast in the home of the bride's parents and a luncheon at noon for members of both families. At 4:30 a reception began in the Muenster Parish hall followed by a buffet supper attended by about 360 guests. At night there was a dance in the VFW hall. Joan Hacker and Betty Eckart presided at the bride's book. Mrs. Joe Lehnertz catered the meal.

When the newlyweds left on their honeymoon trip she was wearing a Dior blue two-piece dress with white accessories and a white rose corsage. They will make their home in Muenster. He is employed as a pumper in the local oil fields.

Among wedding guests in addition to those from Muenster, Lindsay, Gainesville and Valley View were Mr. and Mrs. Paul Hermes of Bushland, Mr. and Mrs. Donald Hermes of Austin and Mr. and Mrs. Harold Corcoran of Farmington, N.M.

Mr. and Mrs. Joe Streng and sons Joe Henry and Clyde have gone to California for the summer. They visited relatives and friends in Modesto and the boys stayed there. Mr. and Mrs. Streng went on to Walla Walla, Wash., where he has a job. Among relatives in Modesto are Joe's brother Bill and a cousin Felix Prescher.

Herr-Wilson Rites Scheduled June 7

Mr. and Mrs. John F. Herr have announced the engagement and approaching marriage of their daughter Irene Patricia to Walter Donald Wilson, son of Mr. and Mrs. Nig Wilson.

The young couple has selected Saturday, June 7 for the wedding date. The nuptial mass will take place in Sacred Heart church at 5:30 p.m.

Attending the bride at the wedding will be schoolmates. Lois Owen will be maid of honor and Kathy Pagel will be bridesmaid. Don's best man will be Richard Herr, brother of the bride. Grady Reed will be groomsmen.

Don is a graduate of Muenster High school and works for the county in precinct 4 for Commissioner John Klement. Patty attends Sacred Heart High.

Luttner-Kubicek Nuptial Date Set

Mr. and Mrs. John Kubicek of Valley View announce the engagement and approaching marriage of their daughter Mary Ann to Wilfred J. Luttner, son of Mr. and Mrs. Herman Luttner of Muenster.

The wedding will be solemnized in St. John's church in Valley View on Saturday, June 7.

The bride-elect was graduated from Valley View high school with the class of 1957. Wilfred attended Sacred Heart school. He is employed by the Powell Oil Co.

Shiloh Church Has Annual Homecoming

Mother's Day and homecoming go together for the congregation of the Shiloh Baptist church and the event Sunday united some 200 people in worship, reunion and entertainment.

Rev. Paul Patterson of Greenville, a former pastor, was the principal speaker at the 11 o'clock service and Rev. Aubrey Thetford of Whitesboro, pastor, led the prayer.

A picnic dinner was spread at noon and was followed by visiting, singing and renewing friendships with former residents of the area some of whom came from a distance to attend.

Mrs. Mattie Doughty, 91, was honored as the oldest mother present and D. O. Robison of Gainesville, 86, received a gift for being the oldest father present. Youngest mother present also was recognized. She was Mrs. C. L. Sutton of Terrell.

Wilfred Bindels Hosts at Reunion

A family reunion with about 35 guests observed Mother's Day and First Communion Day at the home of Mr. and Mrs. Wilfred Bindel. Their daughter Cynthia was the communicant and all mothers present shared honors of the occasion.

Dinner guests were the hosts' parents Mr. and Mrs. Joe J. Neu and daughter Cecilia of Lindsay and Mr. and Mrs. Frank Bindel. Also Gilbert Bindel and his fiancée Patsy Redd, both of Fort Worth. Joining them for the afternoon and for supper were Mr. and Mrs. Leonard Bindel and daughter of Dallas, Mr. and Mrs. William Koerner and family of Pilot Point, Mr. and Mrs. James Bayer and children of Valley View and Mr. and Mrs. Charles Neu and children of Lindsay.

Teen Party Draws 75 Young People

An attendance of 75 boys and girls Sunday night at the Teen Party in the VFW hall made it literally a "howling success." The young people, aged 13 to 19, played and danced and ate from 8 to 11 p.m.

Musical games, Paul Jones and novelty dances got the group warmed up. A juke box furnished the tunes. Bottled soft drinks, potato chips and other snacks were available for refreshments.

Hostesses for the sponsoring group, the VFW Auxiliary, were Mmes. John Huchton, J. B. Golden and Clarence Hudspeth. It was the first in a series of teen parties the auxiliary will arrange for young people of the community. The socials will be held on the first Sunday following the first Monday of each month.

St. Anne Society To Have Reception Ceremony May 18

Members of Saint Anne's Society and candidates for reception into the organization are reminded of reception ceremonies Sunday, May 18, at 2:30 in Sacred Heart church. At last count this week there were more than 20 awaiting admittance to the society and anyone else wishing to join is invited to do so.

After the services in church, members will go to the parish hall for a short business session and a social hour of table games and refreshments.

"I Wanted to BE SURE about my child's eyes..."

That's why I had her eyes examined at TSO"

Informed parents take their children to TSO because they know that experienced Doctors of Optometry NOT ONLY examine their eyes thoroughly and scientifically to determine whether or not glasses are needed, BUT THEY ALSO EXAMINE THE INTERIOR OF EACH EYE FOR POSSIBLE DISEASE OR DEFECT.

They know that glasses will NOT be prescribed or fitted unless their children absolutely need them.

So, if YOU WANT TO BE SURE ABOUT YOUR CHILDREN'S EYES, have them examined at TSO, soon.

HOW MUCH IS PROFIT?

If a merchant pays the wholesaler \$200.00 for a bedroom suite and sells the suite three months later for \$295.00, what is his profit?

Answer "in the back of the book," \$95.00.

This is not an uncommon arithmetic problem. The student knows to subtract the original \$200.00 cost from the \$295.00 selling price and arrive at the \$95.00 "profit."

But what the student doesn't know — and which the arithmetic book doesn't tell him — is that his profit is definitely not \$95.00. This is the difference in the wholesale cost and the selling price . . . but it is not PROFIT!

Out of the \$95.00, the merchant must pay freight on shipping the suite from the point of origin to his town. He has to pay for getting it into his store or warehouse. He pays out of the \$95.00 a proportionate share of the salaries of his employees, rent on the building he occupies, fire insurance on his stock, social security and unemployment compensation taxes, interest on indebtedness, contributions to many worthy causes, postage, property taxes, utility bills . . . and innumerable other business costs.

Of course, we recognize that the youngster working the problem would never arrive at a correct answer on the "profit" involved. In the first place, there might be a loss . . . not a profit

at all. But we believe it would be wise for another word to be used. If not, the textbooks and the instructors ought to explain to the arithmetic student that the difference in the wholesale and the selling prices is not "profit" in the true sense.

Many graduates, as a result of this slant, believe that business firms literally "rob" their customers . . . when, in most instances, a net profit of 3 to 6 per cent is good — not 33 per cent or 40 per cent or 50 per cent or even 100 per cent . . . as many uninformed might believe.

—Kaufman Herald

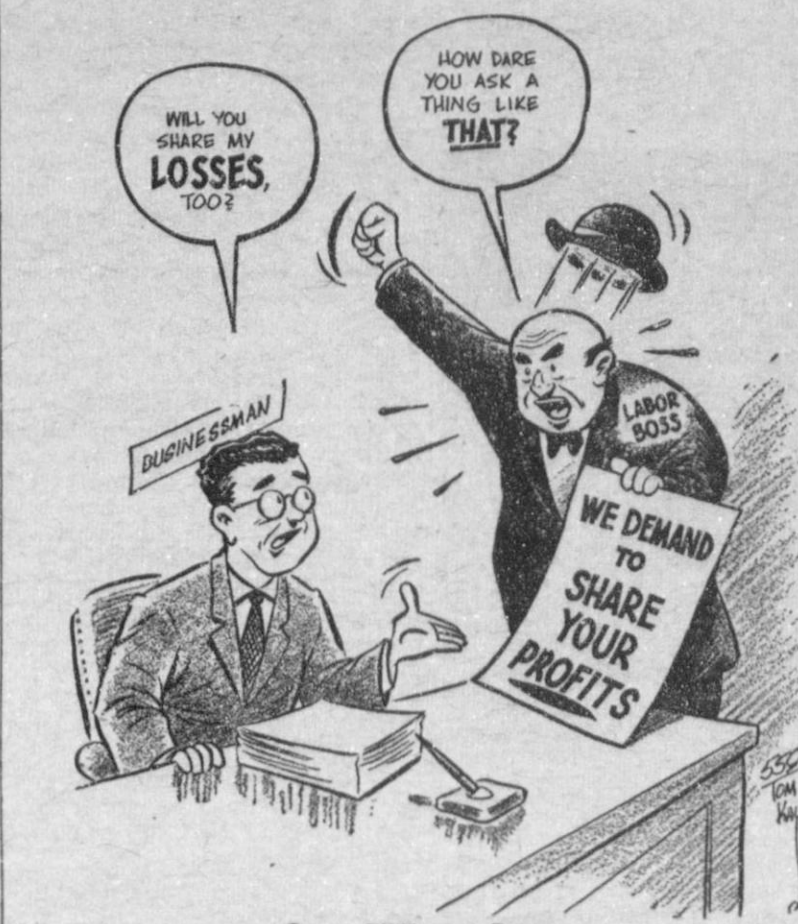

TO PADDLE OR NOT TO PADDLE?

In the news recently have been several reports of charges being filed against school teachers by parents of children who received whippings for misbehavior at school.

So many that members of the teaching profession must feel more than a normal reluctance to administer punishment to a student, no matter how badly he or she may need it. It seems to be a popular trend to sue the teacher if Johnny or Jane are whipped. That this does little to help a teacher maintain discipline among the students should be obvious.

There are, of course, rare instances of a child receiving an unjustified spanking — and even more rare instances of the spanking turning into a beating.

But by far the great majority of spankings, however, are received by students who deserve them — just as they deserve some they do not get. Most parents will agree that there never was a boy or girl who didn't need a spanking at times. That some of those times will come in school, where there is the stimu-

One-Way Street

lus to "act up" that the classmates as an audience provide, is only natural.

Some parents are strict in the discipline of their children, but on the whole making children mind is becoming a lost art. When a teacher has the courage to give a child a paddling for misbehaving or for showing disrespect, that teacher should receive the thanks of the parents.

—Crockett Democrat

ANYTHING CAN HAPPEN

Well, for a long time I've been like Secretary Dulles — one of those "leopard-cannot-change-its-spots" believers — so far as Kruschchev and his gangsters are concerned. But now I'm not so certain. Anything can happen. You see, Harry Truman has written a letter in which he did not call anybody a liar or imply the physiological impossibility of his adversary having a strain of Airedale in his blood-stream. You see Harry was trying to talk Ike into a depression and was moaning about 5-million unemployed. Then the pressboys remembered they'd been scooped when Harry gave N. Y. Times Arthur Krock an exclusive interview during the Truman recession of 1950, in which Harry said five million unemployed was nothing to get excited about. So, Harry said at first somebody lied. But the boys played back the record on that exclusive. Then Harry listened to himself and decided it must be him or he, as the case may be. So, now he says he made the statement, but he plumb forgot about it. Seems there's three things he can't remember: he can't remember what he said; he can't remember what he did, and he can't remember what the third thing is he can't remember. Only thing he does remember is where his mouth is and he keeps sticking his foot in it so he don't lose track of these two parts of his anatomy that are still functioning normally.

—Kingsville Record

MODERN FARMING IS AN INFANT

Viewed in the long light of history, modern farming is an infant.

A booklet issued by the Farm Equipment Institute provides an illuminating example of that

fact. As late as 1840, planting corn with a hoe was the common method. It took a farmer approximately 276 hours of work to produce 100 bushels.

Between 1840 and 1890 numerous corn planters were invented. In the latter year the farmer who used the improved equipment could produce 100 bushels for 147 hours of work — a reduction of almost half.

Today, with modern corn planters, corn pickers, tractors and other up-to-date equipment and practices, farmers are actually producing 100 bushels of corn in return for less than eight hours of work.

What is true of corn, of course, is true of practically everything else our farms produce. Farming, as we practice it today in this country, is only about a century old. Prior to mechanization the farmer's tools and techniques had hardly changed in thousands of years.

What we know as the agricultural revolution, made possible by the new tools and techniques, has, in fact, revolutionized the lives of everyone. Once man was freed of the necessity of devoting most of his time to producing enough food and fiber for himself and his family, industry entered its era of enormous expansion and a new civilization dawned. The tractor is a symbol of a world which would seem absolutely inconceivable to our forefathers.

WHO'S TO BLAME FOR RECESSION?

Now is the time for all slick politicians to come to the aid of their party — regardless of whether it's the party with the long ears and a bray or the one with a trunk and a trumpet. And, brother, are they working at the job of trying to put the blame for this "recession" on the other fellow. If you want to read irresponsible political propaganda that makes lousy economics, read the letters from your congressmen and senators — especially your senators.

Well, the Republicans are blaming the Democratic congress and the Democrats are blaming the Republican administration, and both gangs are arguing for the same measures to end the slump, but each wants to do it his way and claim the credit. So

WHY? WHY? WHY?

By Rev. Avery Dulles, author of A TESTIMONIAL TO GRACE

MANY PERSONS say that philosophy is a dull study and one which has no relation to everyday life. For me it has never been so.

It was always clear to me that I couldn't do anything—whether to help a friend in trouble, to eat a meal, or even to take a breath—without running the risk of being asked the philosophical question—WHY?

ANYONE WHO STOPS to wonder what he should do or why he does this or that must be a philosopher. He must formulate some guiding principles. He must look for the real reason behind things.

Dulles

The man who refuses to face the philosophical problem is like a traveler in the night who will not take the time to decide where he is going because he is too much in a hurry to be on his way.

He hastens first in one direction, then in the other—striking his foot against cobble stones and stumbling into ruts.

EVENTUALLY he resolves that he will follow the crowd, but he has no way of telling whether they know where they are going. They disagree among themselves, and he lies ens to their confused argument. Finally, he determines to follow

the man who speaks in the loudest tones.

It is only when he has been led up a dead end that he finds he was duped. He has listened to the wrong voice.

WHAT CAN HE do now? The same thing any reasonable person would do in a puzzling situation. Ask questions and use the brain God gave him to search for the right answers.

A man sitting in the cockpit of a jet plane would be bewildered by the maze of dials and switches. To know the purpose of each mysterious gadget, he would have to ask the pilot—or better, the maker of the plane.

AND SO with our mysterious human nature. We are creatures composed of matter and spirit—body and soul. To know WHY we exist, WHAT life is all about, we must go to our Maker. Humbly, prayerfully, we must listen to His voice.

Our Maker has told us through His Son Jesus Christ, that we are born to know, love, and serve God in this world; and that our immortal souls are destined for eternity in heaven or hell—depending upon how we have lived.

THIS IS THE ANSWER that God Himself offers to those who face up to the philosophical question—WHY? Knowing that God is our goal and His law our guide makes us confident travelers on the road to heaven instead of stumbling and aimless wanderers in a wasteland.

† Paulist Feature Service, Washington 17, D. C.

nothing gets done. Which probably is just as well.

The president of AFL-CIO blames both congress and the administration, and thereby proves to be a pretty putrid economist himself.

What he overlooks is that the big manufacturers and the big labor boys have just about priced themselves out of the market. The banks have more money on deposit than ever before. One local bank has about half a million more on deposit than it had on January 1. This isn't a recession or a depression. It's a buyers' strike. And I doubt if Ike or Congress can break it by repealing the federal excise tax on autos. The great unorganized public can get awfully stubborn at times. Especially that segment which salted away a few of those cheap dollars just like they were worth 100 cents.

—Ed Erard, Kingsville Record

Pause For Reflection

... with James C. Ingebretnsen, President, Spiritual Mobilization WITH — OR AGAINST — NATURE'S LAWS?

The percentage of unemployed is low. It approximates the levels Mr. Truman considered satisfactory when he was president.

Still, the fact that 60,000,000 others are currently employed is not necessarily comforting to the 5,000,000 who are on the side lines. Thus, it is good that there is so much interest in meeting their problem. Unfortunately, much of what is being done, or proposed, may simply worsen their situation.

There is no lack of work that needs doing in this country. If every person who wants a job were free and willing to work for what an employer could afford to pay him all real unemployment in this country would vanish in a very few weeks.

It is the arbitrary wage scales imposed in various ways by unions and government that keep people out of work. And to pay people for not working is simply to compound folly. Economic laws are inexorable. Political laws cannot bypass them. We can observe economic laws and prosper or we can violate them and suffer. But we cannot repeal them.

We can, however, and should, repeal all the laws that attempt to interfere with economic laws. Only when we have done this will we be working with the invincible forces of nature — to our good — instead of bruising and battering ourselves by working against them.

Slower Driving Gets Credit for Decreased Death Rate in 1957

A slower driving Texas public during 1957 produced the lowest death rate in the state's history, the Texas Department of Public Safety reported today.

The encouraging information released by Col. Homer Garrison, Jr., DPS director, was part of the department's annual statistical report on traffic accidents, as compiled by N. K. Woerner, department statistician. The new booklet is entitled "1.6 MPH."

Garrison said the average speed of all vehicles on Texas rural highways in 1957 was 1.6 miles per hour less than in 1956. Most of this speed reduction was in the 60-mph-and-above category.

"The slower average speed is a significant factor in holding the state's death rate to 6.0—six motorcides per each 100-million miles of driving. More directly, we believe this speed reduction during 1957 has prevented the death of 111 persons who would have died had the 1956 rate of 6.5 continued."

The state police director pointed out that speed reduction alone is not the total answer to traffic accident prevention, but that severity of accidents increase with speed.

"All regulations governing the movement of motor vehicles are designed to prevent traffic accidents. But it is only when all drivers comply with all traffic regulations will accidents be prevented."

"The public's response to our 1957 traffic safety campaign is very encouraging; we ask for the continued cooperation of Texas motorists in making 1958 an even safer year for driving."

Commercial Travel In Jet Airplanes Will Be Here Soon

The big public fanfare hasn't broken yet, but jet travel for U. S. airline passengers is just around the corner, according to the editor of CHANGING TIMES, the Kiplinger Magazine. In less than a year the first U.S. jet commercial planes will be in service, and in a year and a half nearly one third of all U. S. passengers will be flying in jet planes.

From Chicago, it will be one hour and 40 minutes to New York; three hours 50 minutes to

All Big Eaters

WORLD CHAMPION MILKER, Green Meadow Lily Pabst, boasted a hearty appetite during her record production of 42,805 lbs. of milk in a 365-day test as a seven year old. Her daily menu: alfalfa-brome pasture day and night, 40 lbs. of grain, and all the alfalfa hay she wanted. Last two months on test, she tucked away an extra bushel of carrots daily. Her home—Green Meadow Farms, Elsie, Mich.

APPETITE of a two-ton hippopotamus, with a four-foot mouth and a stomach about 10 feet long, calls for a 75 pound bale of chopped hay daily. (N. Y. Zoological Society Photo)

SHREWS ARE RAVENOUS, mouse-like animals that eat their own weight daily. Native to the U. S., they eat mostly bugs and worms but get so hungry they attack and devour animals larger than themselves. (Chicago Natural History Museum Photo)

Los Angeles; two hours 50 minutes to Miami. The New York to San Francisco traveler will be able to leave at 5 p.m., dine on the plane and arrive in time for a show or an evening on the town.

You'll cruise in lavish comfort at between 550 and 600 miles per hour. Your swept-winged plane will swoosh through the air at 30,000 feet, high above weather and turbulence. Your sensation will be one of vibrationless ease, disturbed only by the subdued whish of the jet exhausts. Many of the planes will carry up to 155 passengers — almost twice the number who fly on the mammoth DC-7's.

The major jets in the sky will be the Douglas DC-8, Boeing-707 and Convair-880. Some will be for short and medium-range trips. Others, such as the Boeing

Intercontinental, will span the oceans. So fast and so large will be these planes, a single one will do the work of four passenger trains or 60 buses.

Once the airlines recover the billions spent on the new planes, any economies may show up on the fares you pay. New jets will be able to fly passengers at a lower cost than existing planes because of their speed and capacity.

About 66,000,000 passengers will fly in jets and other planes in 1960. Airlines will chalk up close to 35 billion passenger miles. For an eye-opening comparison, note the 1950 figures: 17,000,000 passengers, 8 billion passenger miles.

A cord of wood is a stack eight feet long, four feet wide and four feet high.

Local News BRIEFS

Mrs. Russell Herb and four children of Dallas returned to their home Wednesday after a visit since Sunday with her family, the John Tempels. Friends brought them to Muenster and Russell came for them.

Mrs. C. W. Mitchell left Tuesday after a four-day visit with Mr. and Mrs. Joe Linn and Mr. and Mrs. Russ Linn. She's their sister, the former Era Linn, who lives in Oxnard, Calif. From Muenster Mrs. Mitchell went to Dallas to visit her sister, Mrs. W. B. Parker and will go from there to Pasadena, Tex., to see her brother, Lex Linn.

Mr. and Mrs. W. W. Shepherd — she's the former Anna Klump — have returned to their home in Davenport, Iowa, after a visit with her sister Mrs. Joe Knabe and family. While they were here Mrs. Knabe joined them on a drive to Waco to visit James Knabe at the VA Hospital there.

Mr. and Mrs. Irven Derichsweiler and daughter Debby of Dallas are on a two-week vacation with his parents, the Bill Derichsweilers here and her parents, the D. L. Bowers at Saint Jo. Sunday the two Derichsweiler families enjoyed an outing and fishing party at the Lake.

Mrs. Henry Stelzer was a visitor in Wichita Falls Tuesday.

Mr. and Mrs. John Rohmer and their grandson Stevie Rohmer were in Wichita Falls to spend Sunday with their daughter and family, the Joe Spaeths.

Mr. and Mrs. Charlie Stelzer of Fort Worth were Sunday visitors here with relatives and were godparents at the baptism of their grandniece Starla Machell, infant daughter of Mr. and Mrs. Jim Harris. Father Christopher officiated at the christening ceremony.

Juanita Wieler of East Texas State Teachers College at Commerce spent the weekend with her family, the John Wierers.

Mr. and Mrs. J. B. Golden and daughters went to Clifton to spend Sunday with his mother and family.

Earl Hess who attends school in Dallas spent the weekend with his parents, Mr. and Mrs. Albert Hess and family. His father took him back to classes Monday.

Jack Fletcher and his two little daughters Sara and Sue drove over from Denton to spend Thursday with his parents, Mr. and Mrs. J. W. Fletcher.

Mrs. M. J. Endres returned Monday from a weekend visit in Sherman with her daughter, Sister Irma. Sunday they both drove to McKinney to visit Joe Endres at Veterans Hospital.

Marcy Klement and Mary Pick of St. Joseph's Nursing School, Fort Worth, spent the weekend with their families, the Norbert Klements and Henry Picks.

Mr. and Mrs. C. L. Sutton Jr. and daughter Deborah Ann of Terrell visited Sunday with their parents Mr. and Mrs. Lester Bridges and Mrs. C. L. Sutton at Myra and attended the Shiloh homecoming.

Mr. and Mrs. Arnold Knabe and daughters drove to Madill, Okla.,

Sunday for a visit with her parents, Mr. and Mrs. Pete Koelzer and family.

Mr. and Mrs. Ray Swirczynski had as guests two days last week her brother-in-law and sister, Mr. and Mrs. Lawrence Bruce of North City, Ill. The couple stopped here enroute to Phoenix to visit their son and will be back through here for another visit on their way home in about 10 days.

Gift Shower for Member Features Club Meet Tuesday

Mrs. Donald Endres was the honoree at the Tuesday Nites May meeting this week when Mrs. Leo Lawson entertained in her home. Members brought pink and blue wrapped gifts for Mrs. Endres and presented them to her in a decorated bassinet. She also received a pink and blue corsage from the hostess.

The chosen theme was carried out in decorations complemented by pink roses. Refreshments were served from a table adorned in the chosen colors and angel cake squares frosted in blue, strawberry ice cream and punch with colored ice cubes made an attractive plate. Favors were three-cornered mint cups.

Games directed by the hostess brought prizes to winners, Mrs. Joe Voth, Mrs. Willie Walterscheid, Mrs. Jack Tuggle, Mrs. Bill Lindsay and Mrs. Bill Hunt who gave them to the honoree. Mrs. Charles Davidson won the door prize.

Twelve members and one guest, Mrs. C. M. Walterscheid were present.

Air Conditioning—temperatures made to order. Get a demonstration!

The beautiful Delray 2-Door Sedan, one of three budget-priced Delray models.

Chevrolet's dollar-stretching DELRAY
YOU JUST CAN'T TIE THIS BUY!

Here's surefire proof Chevrolet always knows how to give you more for your money—from longer, newer, lovelier bodies to a wider range of engines, transmissions and suspension systems. The more you look the more you'll find to like in Delray—**THE LOWEST PRICED OF ALL THE LOW-PRICED CHEVROLETS!**

Chevy doesn't have any "smaller" models. The big, beautiful Chevrolet Delray is just as long, just as wide, just as softly sprung on the same 117-inch wheelbase as the luxurious Bel Air models. Like every other Chevrolet, it has the extra solidity and quality of body by Fisher. There's no stinting on optional equipment, either. You

can get anything from Fuel Injection* to Level Air* ride, any Chevrolet transmission, any Chevrolet engine, just as you choose. Take a long, long look at this one next time you drop in at your Chevrolet dealership—because the more you demand for your money the surer it is you'll decide on Delray!

*Optional at extra cost.

They're Full-Size Chevis

No skimping in seat width, leg-room, wheelbase—Delray gives you every generous dimension offered by any Chevrolet.

A COMPLETE CHOICE OF ENGINES

You can order a Delray with Chevy's top Fuel Injection V8 if you like—or get any one of the five V8's or the Blue-Flame Six!

AUTOMATIC DRIVES

Choice of time-proved Powerglide* or supremely smooth Turboglide*—the only triple-turbine drive in Chevy's field.

UNIQUE

Full Coil Suspension

Delray's standard suspension system puts a cloud-soft coil spring at each wheel, blends this with the beautiful roadability of four-link rear control arms!

and Delray is the only

car in its class with the extra rigidity of an all-new Safety-Girder frame, the extra clarity of Safety Plate Glass all the way around, the extra convenience of crank-operated vent windows!

Drive with care... everywhere!

Mothers and First Communicants are Reunion Honorees

Two first communicants and three mothers shared honors Sunday at a dinner party in the home of Mr. and Mrs. Ray Voth. Mona and Valerie Voth were the young honorees and Mrs. Paul Arendt Sr. and Mrs. Mary Voth shared Mother Day honors with Mrs. Ray Voth. Mr. and Mrs. Arendt came over from Lindsay to attend the 8 o'clock mass. While the party was in progress Mrs. Mary Voth talked by telephone to her daughter, Sister Agnes in Weiner, Ark., and Mrs. Arendt visited by phone with her daughter, Mrs. Albert Bauer Jr. in LaFeria. Everyone at the gathering also joined in the long-distance conversations.

Mr. and Mrs. Charlie Fisher had their three daughters, Mildred, Clara and Emma, from Fort Worth at home for the weekend and Sunday they all went to Valley View for a Mother's Day dinner with Mrs. Mary Schmitz and Alfons Schmitz.

Charlene was the communicant sharing honors with her mother and grandmother Neu at a family dinner party Sunday in the home of Mr. and Mrs. Charlie Wimmer Jr. Her grandfather Neu was also among guests. Mr.

and Mrs. Matt Neu are Charlene's godparents.

Mrs. William Bergman's day was made exciting by the all-day visit of her son and daughter-in-law, Mr. and Mrs. Sylvester Bergman and their six children from Ardmore.

Mr. and Mrs. Andy O'Connor and Mrs. Andy Monday and daughters Dolores and Joanie attended a Mother's Day dinner in Dallas in the home of the O'Connors' daughter Cecile and family, the Bill Frys.

Weekend visitors at the R. M. Zipper home and helping their mother observe Mother's Day were Joan Zipper and Mr. and Mrs. Jim Stockman and children of Dallas.

Mr. and Mrs. C. L. Williams Jr. and children and Mr. and Mrs. John Huchton and family were in Bonita for a Mother's Day dinner in the home of their parents, Mr. and Mrs. C. L. Williams.

Harriet Otto of Dallas week-ended with her family, the Harry Ottos, to spend Mother's Day at home.

Dr. and Mrs. Monte Hellman and daughters of Dallas were here Sunday for a Mother's Day visit with their families, the Clarence Hellmans and Rudy Hellmans.

Edna Swirczynski and Mary McGannon, both of Dallas, were Mother's Day visitor with their families, the Herman Swirczynskis and Edd McGannons.

Mr. and Mrs. M. L. McGowan and children of Wynne Wood, Okla., spent Sunday with their parents in Gainesville and also visited the Leo Lawsons here briefly. A dinner party honored mothers in the home of Mr. and Mrs. E. S. Lawson and her mother, Mrs. S. M. Bateman. In the afternoon the Starling Lawsons and family and the Leo Lawsons and children joined them.

"Our soil is not just dirt. It is a factory where everything needed to feed plants, animals, and human beings is made."

—Wilson

500 Guests Attend Golden Anniversary

Mr. and Mrs. C. J. Wimmer, Mr. and Mrs. Lawrence Wimmer and Mr. and Mrs. Ray Otto were in Windthorst Sunday among guests helping celebrate the golden wedding of Mrs. C. J. Wimmer's sister and husband, Mr. and Mrs. A. T. Schroeder.

The day began at 10:30 with an anniversary high mass and renewal of marriage vows. At 12:30 dinner was served to about 500 guests. During the afternoon and evening there was visiting with relatives and friends, many of whom hadn't seen each other for years and years.

It Was the Same In 1875

Below we reproduce a report of a Joint Congressional Committee hearing held in 1875, which contained dire predictions of disaster because of the invention of the internal combustion engine. How familiar the wording is when compared to reports we hear every day about atomic energy. The report said:

"A new source of power, which burns a distillate of kerosene called gasoline, has been produced by a Boston engineer. Instead of burning the fuel under a boiler, it is exploded inside the cylinder of the engine. This so-called internal combustion engine may be used under certain conditions to supplement steam engines. Experiments are under way to use such an engine to propel a vehicle.

"This discovery begins a new era in the history of civilization. It may some day prove to be more revolutionary in the development of human society than the invention of the wheel, the use of metals, or the steam engine. Never in history has society been confronted with a power so full of potential danger and at the same time so full of promise for the future of man and for the peace of the world.

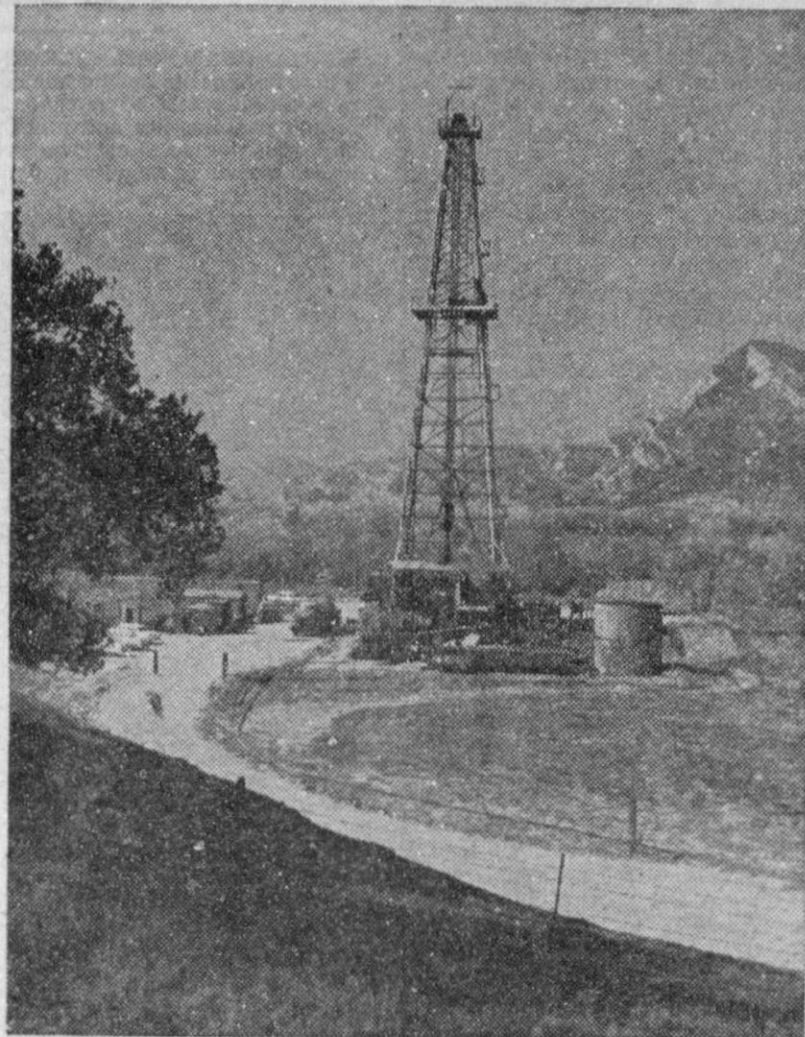

"The dangers are obvious. Stores of gasoline in the hands of people interested primarily in profit, would constitute a fire and explosive hazard of the first rank. Horseless carriages propelled by gasoline and engines might attain speeds of 15 or even 20 miles per hour. The menace to our people of vehicles of this type hurtling through the streets and along the roads and poisoning the atmosphere would call for prompt legislative action even if the military and economic implications were not so overwhelming. The secretary of War has testified before us and pointed out the destructive effects of the use of such vehicles in battle. A few of them, with a small cannon mounted behind a steel shield, could destroy infantry, break up a cavalry charge, and even seriously threaten field artillery by lightning-like flank attacks.

"Furthermore, our supplies of petroleum, from which gasoline can be extracted only in limited

quantities, make it imperative that the defense forces should have first call on the limited supply. Furthermore, the cost of producing it is far beyond the financial capacity of private industry, yet the safety of the nation demands that an adequate supply should be produced. In addition, the development of this new power may displace the use of horses, which would wreck our agriculture. We therefore earnestly recommend that Congress set up a Horseless Carriage Commission which shall have complete control of all sources of gasoline and similar explosive elements and all activities connected with their development and use in the United States.

These measures may seem drastic and far-reaching, but the discovery with which we are dealing involves forces of a nature too dangerous to fit into any of our usual concepts."

In both England and the U.S. the term "convict" refers only to a person found guilty by a jury.

HUMBLE'S DRILLING COSTS UP—The annual report of Humble Oil & Refining Company reveals that the company's average cost of drilling a well like this in 1957 was \$170,600, almost 30 per cent more than in 1956. Total drilling costs for Humble last year were \$146 million, of which 42 per cent was spent in drilling wells that failed to produce either oil or gas. These dry holes, one of the expensive risks of exploratory drilling, cost Humble \$62 million.

"Grass is the forgiveness of nature — her constant benediction . . . It yields no fruit in earth or air, yet should its harvest fail for a single year, famine would depopulate the earth." —Senator John Ingalls in a speech before Congress in 1872.

Mothers and First Communicants are Reunion Honorees

Mother's Day and First Communion Day Sunday was the occasion for family gatherings, dinner parties and visiting.

At the Pat Hennigan home dinner guests were Mrs. Hennigan's parents Mr. and Mrs. William Sandmann of Lindsay and Mr. and Mrs. Herman Stoffels and family. Mike Hennigan and Donna Stoffels were first communicants. They shared honors with the three mothers present. Joining this group in the afternoon were the Edward Sandmanns of Lindsay and the Tony Rohmers and children.

The Joe Vogels had a dinner party at their home honoring mothers of the family and little Karen Vogel on her communion day. Out of town guests included Mr. and Mrs. Don Muller and Mary Lou Vogel of Fort Worth, the Robert Beyers of Lindsay and the Clifford Ottos of Gainesville.

Spending the day with Mr. and Mrs. J. M. Weinzapfel were their children the Rev. Thomas Weinzapfel, the Rev. Joseph Wein-

zapfel and Mary Weinzapfel of Dallas and the Henry Weinzapfels and son of Whitesboro. Joining them for a 4 o'clock dinner were Father Christopher and Father Martin. The Henry Weinzapfels also visited her family, the Arthur Hellmans.

Mrs. H. L. Herron of Denison, the Frank Hellingers and the Lawrence Knabes of Gainesville joined family members from here in a Sunday visit with their parents, the Gus Knabes.

Mother's Day was just that at the Clive Gobble home. His mother Mrs. Mary Gobble of Altamont, Kansas, and his brother Earl Gobble of Maysville, Mo., arrived Saturday for a visit. Mrs. Mary Gobble observed her birthday while she was here. She was a young 85 Wednesday.

The Teddy Gremmings and children of Wichita Falls divided the weekend between their parents, the Ted Gremmings and the Victor Hartmans. Also at the Hartmans were the Walter Wolfs and daughter of Gainesville and the Keith Tompkins family of Fort Worth.

Mr. and Mrs. Stan Yosten and two sons and Mr. and Mrs. Paul Yosten and children of Fort Worth came in Saturday and had a full day Sunday dividing their time between their families. Sunday morning they had breakfast in the home of Mr. and Mrs. Billy Joe Miller where the T. Millers were also guests. At noon the Forth Worthers joined other children and grandchildren at the T. Miller home for dinner. In the evening they were among guests gathering for a Mother Day tribute to Mrs. Bob Yosten in the home of Mr. and Mrs. Larry Yosten. Other family members present from out of town were Mr. and Mrs. Tony Wiesman of Gainesville. Mr. and Mrs. Curtis Holland of Fort Worth visited the group by telephone.

Mr. and Mrs. Al Yosten and children went to Celina for a family gathering in the home of her parents, Mr. and Mrs. Joe Tischler.

Sister Celine was permitted to spend Mother's Day with her mother Mrs. Wencil Trubenbach and all other children and grandchildren in the family gathered at Mrs. Trubenbach's home for a reunion with dinner and supper.

The Leo Rohmers' children and grandchildren gathered at the family home Sunday for a Mother's Day dinner which was also a homecoming honoring Martha Rohmer who was visiting here from Beverly Hills, Calif. Everyone brought covered dishes for the meal. About 25 were present. Martha left Monday to return to California after a two-week vacation visit. Unable to be here Sunday but visiting Martha earlier in the week were her sister and family, the Raymond Pettits of Sherman.

Mr. and Mrs. Allen Hoffman and son Wayne of Windthorst spent Sunday with his mother Mrs. Frank Trubenbach and Mr. Trubenbach.

Mrs. J. S. Horn's children and grandchildren from here, joined by the Jake Horn family of Windthorst and their guest Pete Shick of Wichita Falls and Clarice Schad of Fort Worth got together for a Mother Day reunion in Mrs. Horn's home. The Al Swirczynski's sent greetings from Topeka, Kansas.

Mother Day guests in the home of Mrs. Frank Seyler were her children Mr. and Mrs. Terrell Johnson of Dallas, Mr. and Mrs. Elwyn Hope and son Ronald of Fort Worth, Mrs. T. L. Anderson and daughters Mary Catherine of Gainesville and Stella of Dallas and her daughters from Muenster.

Mrs. Ada Walker and her son Jim Walker had as guests Sunday their family, the B. A. Walkers and daughter of Fort Worth, the B. A. Dunswards and children of Burleson, the Leonard Luttmers and daughters of Valley View; also Mattie Jewel Joplin of Cleburne, Rev. and Mrs. Robert May of Dallas and Rev. and Mrs. Paul Patterson of Greenville.

Mr. and Mrs. M. H. King had as Sunday dinner guests her parents, Mr. and Mrs. R. M. Felty of Hood and Mrs. Felty's brother and sister Hodge Hood and Ethel Hood of Gainesville. The community of Hood is named for their father A. P. Hood.

Mrs. Oscar Dettin of Amarillo spent the weekend with her parents, Mr. and Mrs. Joe Lutkenhaus, in whose home an all-family reunion with a covered dish

dinner was held at noon Sunday to observe Mother's Day.

Mr. and Mrs. I. A. Schoech's home was the scene of a family gathering Sunday afternoon. Present from out of town were Mr. and Mrs. Ferd Yosten and children of Fort Worth. Only other member of the family away from Muenster is Mrs. Pauline Harris and she talked to the group by telephone in a special Mother's Day call from Los Angeles, Calif.

First Communion, Mother's Day and a birthday observance were combined in one celebration Sunday at the home of Mr. and Mrs. Ray Swirczynski. Their son Kenny was the first communicant and their daughter Cindy was the birthday honoree. She was six Tuesday. Sister Helen Swirczynski had all day off and was another honor guest for the family gathering which included Mr. and Mrs. Joe Swirczynski. Other relatives stopped in during the afternoon for visits.

Mr. and Mrs. Arthur Felderhoff had a dinner party for their first communicant, their son Dale and his godparents. Mrs. Felderhoff's sister, Frances Spaeth of Denison, was another guest.

Glenn Schoech who was one of Sunday's first communicants shared honors with his mother Mrs. Andrew Schoech at a barbecue supper at the Schoech farm home. Other guests were Mr. and Mrs. I. A. Schoech, Frances Spaeth of Denison and Glenn's godparents Mr. and Mrs. Ferd Yosten and their children of Fort Worth.

Mr. and Mrs. Ronnie Herr and daughter Donna of Wichita Falls visited Sunday with their parents, the Albert Henscheids and Frank Herra and joined in a Henscheid reunion and supper party in the home of Mr. and Mrs. George Mollenkopf Jr.

Make Field Trip

A bus load of Sacred Heart eighth graders made a field trip Monday to Nocona where they enjoyed conducted tours of Nocona Boot Factory and Nocona Leather Goods. Sister Carmelita, eighth grade teacher, and Mr. and Mrs. Arthur Hess and children made the tour with the students. Mr. Hess drove the Tiger bus.

Gilbert Bindel to Marry Patsy Redd

Gilbert Bindel and Patsy Redd of Fort Worth have set their wedding date for Saturday, June 7. Announcement of their daughter's engagement and approaching marriage was made the past week by Mr. and Mrs. Melvin Redd of Brownwood. Gilbert is the son of Mr. and Mrs. Frank Bindel of Muenster.

The wedding will be solemnized in St. Patrick's church in Fort Worth with Father Patrick Hannon officiating. Mr. and Mrs. William Koerner of Pilot Point, brother-in-law and sister of the groom will be the attendants.

Gilbert is employed in Fort Worth since his discharge from the armed forces. He served with the army in Germany. His future bride is attending business college in Fort Worth.

Reception Service For Third Order Tuesday, May 20

Reception and profession ceremonies will be conducted by the Third Order of St. Francis next Tuesday, May 20, after May devotions in Sacred Heart church. Final plans for the service were completed at the fraternity's May meeting Sunday afternoon. There are several candidates for reception and anyone else wishing to join this religious organization is invited to be present. Three novices will make their profession.

Some thirty members attended the tertiary prayer service in church and the business meeting afterwards in the parish hall. Prefect J. W. Hess presided.

A membership drive is being planned for the fall.

Mrs. Edd McGannon and Mrs. Leo Henscheid presented readings before adjournment. The former's sermonette was entitled "Staffing the Schools" and the latter's was titled "What Price Gossip?"

Two Share Honors At Birthday Party

The home of Mr. and Mrs. Al Horn was the scene of a party Thursday night with two birthday honorees. Mrs. Horn entertained in observance of her husband's birthday, and their neighbor Mrs. A. H. Rebutish whose birth anniversary is on the same day, shared party honors. Both received gifts.

There were two cakes in hat design, one a man's hat, the other a lady's, and these were cut and served with ice cream to those present: Mrs. J. S. Horn, Mrs. Al Schad, Mr. and Mrs. Joe Horn, Mr. and Mrs. L. A. Bernauer, Mrs. John Hartman, Miss Dorothy Hartman, Mr. and Mrs. Al Horn and Mrs. Rebutish.

Anna Hellman Hosts Get-Together Club

Members of the Get-Together club gathered at the home of Miss Anna Hellman for their May meeting Wednesday afternoon and after a progressive 42 series enjoyed refreshments of ice cream and cake.

There were four guests, Mmes. Clarence Hellman, Henry WALTERSCHEID, R. R. Endres and Clarence Wilson.

Game prize winners were Mrs. Joe Kathman for high score and Mrs. M. J. Endres for low tally. Mrs. Joe Horn drew the door prize.

FORD SUNLINER... America's glamorous, best-selling soft top

FORD SKYLINER... World's only retractable hardtop

Why people who love CONVERTIBLES buy FORD

Only Ford lets you choose from a steel-top convertible or a fabric-top beauty. Who else but Ford... world's largest convertible maker... could offer you two different kinds of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner. They're both styled and powered in the Thunderbird tradition.

Nowhere else can you find so much convertible for so little money. Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered

prices shows it's America's lowest-priced convertible. As for the Skyliner, it's the world's only 2-in-1 fine car... a snug steel-top and a breezy convertible. Just touch a button. The all-steel top vanishes into the rear deck... and you're sitting pretty in the smartest convertible ever.

So if you're the sun-worshiping type, better see your Ford Dealer and get all the reasons why Ford outsells its nearest competitor in convertibles by a whopping 2-to-1 margin!

Marysville News
By Mrs. B. G. Lyons

MARYSVILLE — Rev. and Mrs. Billy Whitt and baby of Fort Worth were Sunday guests of his parents, Mr. and Mrs. W. B. Whitt.

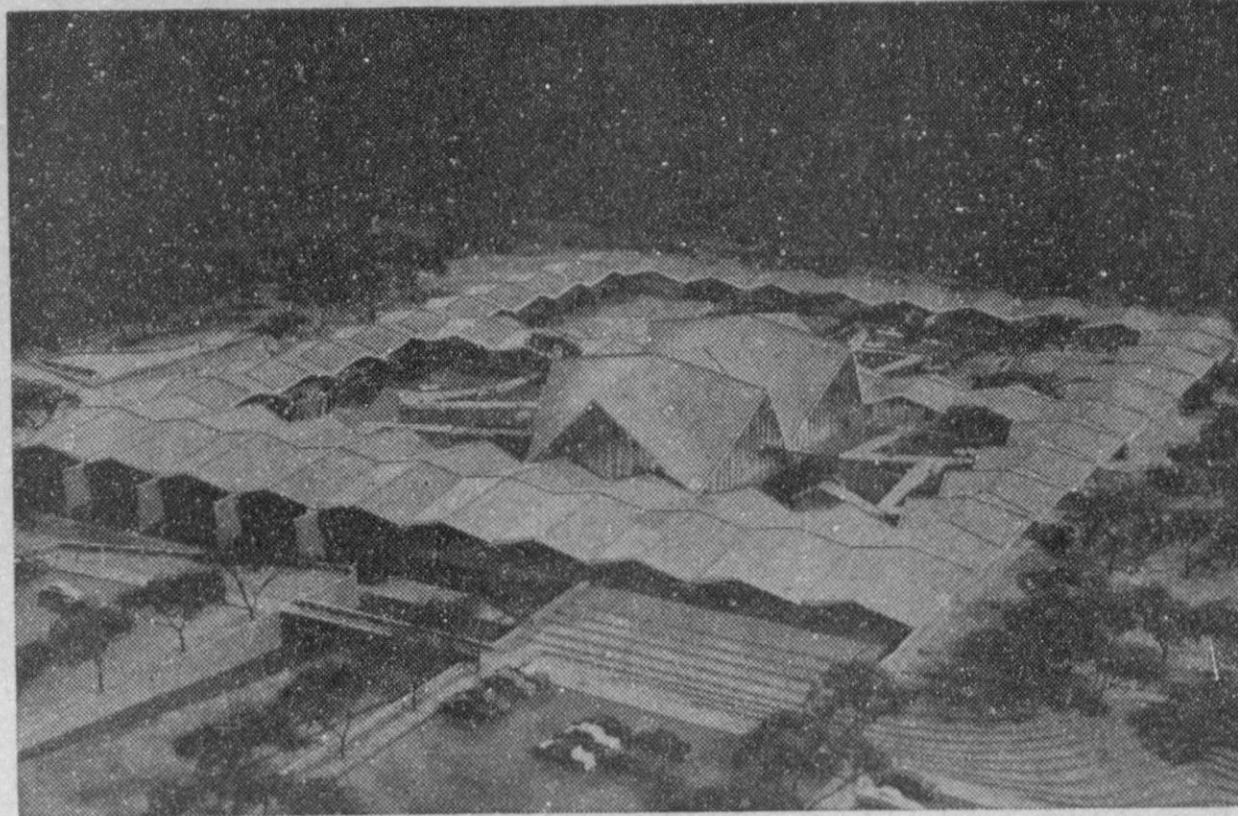

Mrs. Earl Robison was in Gainesville Sunday for a Mother Day visit with her mother, Mrs. Mattie Davison who is a shut-in since she broke her hip two years ago.

Mr. and Mrs. Bill Moon visited their daughter and family, the Max Harrells at Sherman Sunday. Max has gone back to work now at an office job. It's his first employment since he underwent a delicate operation in Nov. 1956.

Mr. and Mrs. Robert Porath and daughter Sandra of Mesquite spent the weekend with her parents, the Jim Shiflets. Joining them Sunday were Mr. and Mrs. Reagan Shiflet and son Larry Gene of Dallas.

Guests in the W. F. Davidson home Saturday were Mr. and Mrs. Ambrose Baker and family of Wilson, Okla., Bill Roe of Westview and Mr. and Mrs. Bo Snow of Gainesville.

Mrs. J. N. Shaw and W. F. Davidson were in Fort Worth Thursday to visit their brother

THE PAST INSIDE — THE FUTURE OUTSIDE. That might well describe the architects design of the \$5 million National Cowboy Hall and Museum at Oklahoma City, for which the first \$1½ million unit will start construction this autumn. Somewhat unusual in design, the open spaces of the west, cool water in pools and the shape of a trail camp cook fly are all caught here. Among national trustees for the shrine are Gov. Daniel; J. Evetts Haley, Canyon and A. M. G. Swenson, Stamford.

Allen Davidson who is a shut-in.

Mother's Day with dinner at noon and a shower of gifts honored Mrs. B. G. Lyons at her home. Her daughter Mrs. W. C. Stiles and daughters Shirley and Velora spent the day and Rev. and Mrs. Robert May joined them as dinner guests.

Rev. R. May Preaches Farewell Sermon at Marysville Sunday

Rev. Robert May preached his farewell sermon at the Marysville Methodist church Sunday. He had been pastor for two years. During that time he was also pastor of the Sivells Bend and Woodbine Methodist churches. He will have his farewell message at Sivells Bend Sunday.

Rev. and Mrs. May who live at Dallas will be back this weekend for their personal belongings in the parsonage.

At the regular Saturday night supper and prayer service the past week members of the congregation gave the couple a chest of silverware as a parting gift. They will leave next week for Mississippi where he has accepted a post as pastor.

"Give me liberty or give me death" is not the only saying of Patrick Henry that goes ringing down the years. He also said: "He is the greatest patriot who stops the most gullies."

Elaborate System Spreads Alert as Tornado Threatens

This month Texans will note the fifth anniversary of an event which transformed the neat center of a city into a twisted debris-laden mess in a matter of seconds — the Waco Tornado.

Perhaps the best way to pay homage to the scores of people who lost their lives in the Waco disaster would be to learn and heed the proper means of protecting ourselves whenever a tornado threatens.

An elaborate tornado detection warning system is now in operation throughout Texas and neighboring states, with the central weather bureau in Kansas City. Whenever compiled weather data indicate, the Kansas City bureau alerts all weather bureaus in the affected area which in turn notify all local media of mass information such as radio stations and TV stations.

These stations then announce a SEVERE WEATHER ALERT, carefully describing the areas in which strong weather will occur.

This does not mean a tornado is going to occur, but it does mean that conditions are such that a tornado could develop.

From this point the weather bureau, the Ground Observer Corps and the Department of Public Safety work hand in hand. Whenever radar picks up a likely trouble spot, a patrol car is dispatched to the location to check. If it is a tornado, the direction, approximate speed and exact location are determined by both the patrolman and by the

use of three radar stations getting a "fix" on the trouble point.

Radio and TV stations are then immediately notified and a TORNADO WARNING is issued describing the direction and speed. This is the time to take action.

No TORNADO WARNING is issued until an actual tornado has been sighted and verified. A period of SEVERE WEATHER ALERT is a time to prepare for action — but a TORNADO WARNING means act and act fast. Keep tuned to your radio or TV set and you will be immediately informed — do NOT swamp the station or weather bureau with telephone calls.

When a warning is received seek inside shelter, if in town, preferably in a steel reinforced building, but stay away from windows. If at home, the southwest corner of the lowest floor or in the basement offers greatest safety. If in a frame brick or stone house you should seek other shelter. Electricity and fuel lines should be turned off.

Windows on the north and east sides of the house may also be opened to help reduce damage to the buildings. If you have one, use a storm cellar.

There had been a long dry spell in an agricultural county down South, and two old crossroads merchants were discussing the bleak outlook.

"If the farmers don't get some cash to bring in," said one, "I guess I'll have to rob a bank."

"If they don't," grimly observed the other, "I've already robbed one!"

To begin with, we had something over 500 million acres of tillable land in the United States. More than half of our farm land has been damaged by erosion.

Do's and Don'ts For Raising Kids

Not original with us is this list of do's and don'ts guaranteed to produce juvenile delinquents. The list is property of the Houston police department, and a copy of the rules is given parents of erring youngsters who find their way into the police office.

Begin in infancy to give your child everything he wants. He will grow up believing the world owes him a living.

Laugh at him when he picks up "dirty" words. They will make him think he is cute.

Don't give him spiritual training before he is 21, so he can make up his own mind.

Don't teach him the English language.

Praise him in his presence to the neighbors and show how much smarter he is than the neighbor's children.

Never use the word "wrong." It may develop in him a guilt complex. He will be prepared

later on to believe when he is punished that society is against him and that he is being persecuted.

Pick up after him and do everything for him, so that he will be experienced in letting someone else carry his responsibilities.

Have no concern for what goes into his mind. Let him read anything.

Quarrel frequently in the presence of your children.

Give him all the spending money he wants. Never let him earn his own.

Take his part against policemen, teachers and neighbors. They are prejudiced against your child.

Let him eat and drink anything he wants whenever he wants it.

When he gets into real trouble, defend yourself and say, "I never could do anything with him."

Every year in the U. S. about three billion tons of soil are washed or blown away from farm land.

IT HAPPENED 20 YEARS AGO

May 13, 1938

Work is under way on new boiler and cooling tower for cheese plant. Muenster's first flower show, given by the Civic League and Garden Club, will be held Thursday. Mrs. Ode McFarland, 69, of Hays dies. Sister Leonarda presents music pupils in recital. Charter is received by Muenster unit of Germania Insurance. George Bayer and Anna Sandmann marry at Lindsay. Rev. John Nigg, Lindsay pastor, leaves on trip to Switzerland. Joe Yosten and Jewel Elzey marry in Dallas. Rosa Driever joins Muenster Enterprise staff.

15 YEARS AGO
May 14, 1943

Ex-Sgt. Bud Hoechn who fought the japs as an aerial gunner, is now at San Antonio training as a pilot for a return engagement. Rain benefits thirsty crops; scattered hail and electrical storm do no damage. Bishop Danglemayr will be speaker at parochial high graduation. Dorothy Mae Luke and Joyce Bentley graduate from St. Paul's Nursing School in Dallas. Father Frowin returns to Muenster for a visit, his first since his eye sight failed last May. Rev. Thomas Buergler, Grand Knight J. W. Fisher, R. R. Endres, Herbert Meurer, C. J. Kaiser and Ed Endres are attending K of C convention in Galveston.

10 YEARS AGO
May 14, 1948

Fatima image, on nation-wide pilgrimage tour, will visit in Muenster June 12 and 13. Community agrees 2.33 inch rain was perfect for crops. Stockholders okay capital expansion at mower factory. Mrs. I. O. Gentry, 87, Linn pioneer, passes at Wichita Falls. Four-year old son of Mr. and Mrs. George Hartman dies at Elmhurst, Ill., following tonsil operation. Group from here attends state convention of Knights of Columbus in Waco. Mr. and Mrs. Joe Pulte of Gainesville, first couple married in Muenster church, celebrate their golden wedding anniversary. Anna Marie Klement and Alfred Bayer marry. Dolly Lehnertz and Thelma Kathman finish nursing courses in Fort Worth.

ville, first couple married in Muenster church, celebrate their golden wedding anniversary. Anna Marie Klement and Alfred Bayer marry. Dolly Lehnertz and Thelma Kathman finish nursing courses in Fort Worth.

5 YEARS AGO
May 15, 1953

1953 crop prospects are further improved by timely showers. Troy Stewart resigns as MHS coach. Tigers in tourney for state baseball title of Academic League. Civic League and Garden Club's flower show "May Carnival" features large variety of exhibits. Tommy Knabe and Gilbert Yosten are at home on overseas leaves. Rosalee Fuhrman and Robert Bayer marry. Kathryn Hartman, bride-elect of Airman Teddy Gremminger, is honored with gift party. About 700 attend formal opening of new Miller building. Carrie Ann Gehrig is elected president of senior 4-H club; Jane Hesse heads junior group. Audie Murphy, visiting here Sunday at ball game between S. H. Tigers and Boys Ranch Ranchers, thrills Muenster teen-agers.

"A watershed which is properly managed from the viewpoint of the land is the first step towards well managed streams, lakes, and reservoirs." —Paul B. Sears, Deserts On The March, 1947

Lindsay News

Mr. and Mrs. Henry Voth Jr. will be moving into their new home by the weekend. It's located on the Voth Sr. farm north of Lindsay.

A Mother's Day family gathering was held in the home of Mr. and Mrs. H. J. Zimmerer. Joining the couple's children and grandchildren from here were Mr. and Mrs. Robert Betzen and four children of Hereford and Mr. and Mrs. Glenn Hellman and two children from Muenster.

Mrs. George Spaeth of Lindsay is vacationing in Riverside, Calif., with her daughter and family, the Walt Barrys. She'll be there about a month. Mrs. Spaeth's daughter Francis of Denison will join her in Riverside for two weeks when she gets her vacation and the two will return home together the last of this month.

Ray Zimmerer returned to Subiaco College Sunday after attending the funeral of his baby sister Mary Jane, Saturday. The Raymond Zimmerers took their son to Sherman where he boarded a bus for the return trip to Subiaco. Enroute home the Zimmerers stopped at Denison to visit their aunt, Sister Constantia at Madonna Hospital. She is much improved and expects to be able to go to Our Lady of the Lake Convent in San Antonio

by the weekend. Sister Constantia became ill while she was teaching in St. Peter's school. She has been hospitalized since March.

For Mother's Day Mrs. Anna Popp had all her children and grandchildren with her for a reunion. These included the Gossett family, the Henry Popp family and the E. E. Bodes and twins from Dallas.

Sunday dinner guests in the home of Mrs. Joe Bezner were her children Mr. and Mrs. Leo Cutaia and daughters Margaret and Carol, the Bob Bezners and children Stevie and Debbie, Al Bezner and Mrs. Isabel Galvan, all of Dallas. Family members from here stopped for visits in the afternoon.

The Val Dieters' guests this week are their son Val Jr., his wife and their four children from Pasadena, Tex. Also the Rudy Dieters of San Antonio who spent Rudy's four-day leave with his family and with her parents, the Phillip Metzlers.

CARD OF THANKS

We want to thank everyone for the sympathy, kindness and help at the death of our darling little one, Mary Jane. The Raymond Zimmerer Family

Annual Crowning of May Queen Held at St. Peter's Church

Lindsay's annual May Queen crowning was a splendid ceremony conducted by the Catholic Youth Council to proclaim the Blessed Virgin as Queen of May and Queen of the Rosary.

All CYC members walked in procession carrying lighted candles. Stella Bengfort, CYC president, did the crowning honors, placing a coronet of rosebuds and valley lilies on the statue of the Madonna.

Her attendants were Ethel Sandmann, Nelda Hellinger, Rose Mary Hess, Judy Schmitz, Louise Hermes and Dolores Hess. They wore ballerina length blue formals and carried arm bouquets of pink carnations.

Miss Bengfort wore a floor-length gown of white Italian rosepoint lace over taffeta designed with an aisle-wide skirt. Her veil of illusion was attached to a tiara of seed pearls and her flowers were white carnations.

Arnold Zimmerer carried the crown on a satin pillow and Susan Bengfort and Janie Stoffels were flower girls.

After the coronation, the attendants placed their bouquets at the feet of the Blessed Virgin.

Recitation of the act of consecration, the rosary and sacramental benediction followed.

"... I believe God created the earth by his divine processes for the benefit of man, not one man, nor one generation, but for mankind for all time... For truly, the earth is the Lord's and the fullness thereof, but the responsibility for its stewardship is vested in man..."

—C. W. Gee

Funeral Held for Zimmerer Infant

Mary Jane Zimmerer, baby daughter of Mr. and Mrs. Raymond Zimmerer, Route 6, Gainesville, died unexpectedly Friday at 1:30 a.m. after only one day of illness. The five-month-old girl had been taken to Gainesville Sanitarium shortly before her death.

Funeral services with the Mass of the Angels were held Saturday morning at 10 o'clock in St. Peter's church at Lindsay with Father Bruno Fuhrmann of Muenster officiating. Burial in the parish cemetery was directed by George J. Carroll and Son Funeral Home.

Bearers were the infant's sisters Patsy and Linda and two cousins Charlotte Sandmann and Joan Fetsch. They wore white dresses and wreaths.

Mary Jane was born Nov. 30, 1957. In addition to her parents she is survived by three brothers, Ray of Subiaco, Richard and Clifford at home and two sisters Linda and Patsy also at home, and two grandmothers, Mrs. Katie Zimmerer and Mrs. Joseph Flusche, both of Lindsay.

Henry Voths Feted In Observance of Silver Anniversary

A family reunion and 5 o'clock dinner in the Muenster parish hall Sunday observed the silver wedding anniversary of Mr. and Mrs. Henry Voth of Lindsay. More than 100 relatives and friends joined the honor couple and their family in the celebration.

Henry Voth and Catherine Trubenbach were married in Muenster on May 9, 1933. She is the daughter of Mr. and Mrs. Tony Trubenbach Sr. Her husband's parents were Mr. and Mrs. Henry Voth of Lindsay. With the exception of the first year after their marriage when the couple lived west of Muenster they have made their home on a farm north of Lindsay.

They have three children: Henry Jr. of Lindsay, Mrs. Norbert Rohmer and Mrs. Martin Becker of Muenster, and seven grandchildren.

Attendants at the wedding 25 years ago were his sister Annie, now Mrs. Johnny Zimmerer and Mrs. Voth's brother, Alois Trubenbach. They were at the anniversary party. Guests from Muenster, Lindsay and Gainesville registered in a book at which Judy Trubenbach and Mrs. Albert Zimmerer presided. Father Peter Molloy and his nephew were present from Wichita Falls.

Mrs. Voth wore a becoming turquoise lace dress and a corsage of white carnations sprinkled with silver. Spring flowers decorated the hall, a handsome anniversary cake graced the main table and Mrs. Joe Lehnertz catered the meal. Displaying of gifts, table games and dancing followed the dinner.

Pioneer Resident Of Muenster Dies

Friends here have received word of the recent death of the former Mary Untereiner, Mrs. William Behrend, in Parkston, S.D. She was 73.

The Untereiner family lived in Muenster some 50 years ago. Mary was a young lady when they moved to South Dakota. She was married there. Last fall the couple celebrated their golden wedding anniversary.

Survivors are her husband, two sons and five daughters, and a number of grandchildren.

Local Men Attend Industrial Meeting

Five persons represented Muenster at the second annual Area Development Workshop sponsored by the industrial development department of Texas Power and Light Company. The meeting was held in the Grayson Hotel at Sherman.

The purpose of the meeting is to assist in the industrial development of cities served by TP&L. Its method is to explain community characteristics which are likely to appeal to industrial prospects and community organization which is needed to accomplish desired improvements and exert a favorable influence on prospects.

Members of the Muenster group were J. M. Weinzapfel, Henry Weinzapfel, H. H. Homsley, Earl Fisher and R. N. Fette.

Windthorst Wallops Era In Bi-District

The Trojans of Windthorst, who divided a two game series with Sacred Heart early in the baseball season, closed their '58 schedule Tuesday afternoon with a 10-4 decision over Era in the bi-district title.

Windthorst had a perfect record in district play to claim the 22-B championship and Era likewise had a clean slate in earning the 23-B title.

St. John's Parish To Sponsor Picnic

Members of St. John's parish, Valley View will sponsor a picnic Sunday, May 18, as a benefit for church vestments, and invite a general attendance.

The party will start at 4 in the community center and will continue into the evening. Eats, drinks and games are on the program.

Traffic Signs Are Safety Guideposts

AUSTIN — "Traffic signs are guide-posts for a safe driver," J. O. Musick, General Manager of the Texas Safety Association, said today as he discussed the importance of observing traffic signals and markings.

"Thinking drivers are aided by these signs," he said, "because they know that they have been placed in most areas of danger to forewarn motorists and pedestrians of traffic hazards."

Musick advised motorists to learn the sign shapes and know the meaning of each one, so that they can be recognized at once, even at a distance.

The six signs are: OCTAGON, the Stop sign, is yellow with black letters. It means come to a full stop and be sure the way is clear before proceeding.

RECTANGLE, white with black lettering, states the law including speed limits, parking regulations and turning and passing laws.

DIAMOND, warning, yellow with black lettering, warns of school zones, curves, side roads, intersections and other hazardous areas ahead.

ROUND, yellow with black X and RR. This identifies a railroad highway crossing.

CROSSBUCK, the tall white railroad crossing sign stands at the crossing itself.

TRIANGLE, yellow with black lettering and means yield right of way. This sign requires drivers to give the right of way to cross traffic by slowing down and being ready to stop if necessary.

Musick cautioned pedestrians to know and obey all signs, signals and pavement markings directing pedestrian movements. These include traffic lights and crosswalk lines at intersections.

Confetti - - -

er way around. About a million unsold cars are on hand and the car makers are in position to get some most welcome relief from a shutdown. This time they have the bargaining advantage, and they love it.

Maybe us ordinary folks should love it too. Signs this time are that the new contracts will have less inflationary effect than usual. Even the UAW members have reason to be pleased if they will think a little farther than their weekly pay checks. This will cause less depreciation to their insurance, cash, and other forms of savings.

Protection...

FOR THE WHOLE FAMILY

That's the story of the amazing new Franklin Family Protector Plan now being offered to America's families.

One single plan covers all members of the family.

Dad: Low, low cost, maximum protection to age 65, with exchange privileges, even if you are no longer insurable.

Mom: Protection to dad's age 65 with double indemnity, and conversion privileges. No more premiums if dad should die prematurely.

The Kids: All the kids—no matter how many. Their future insurability guaranteed. Waiver of premium if dad dies. Can be converted for 5 times as much at completion of term (age 22 or dad's age 65) even if no longer insurable.

... and many other remarkable features.
