

LARGE NUMBER TO GRADUATE HERE

H. S. SERMON SUNDAY TO OPEN FULL WEEK OF COMMENCEMENT ACTIVITIES OF LOCAL SCHOOLS

One hundred and eighty-one boys and girls attending Brownwood schools, Brownwood High School, Howard Payne and Daniel Baker, will receive their diplomas and degrees during the next week or ten days. Commencement exercises of the three schools have been planned and programs released. The eight days of commencement exercises will open Sunday morning, May 19, at which time Rev. W. R. Hornburg, pastor of the Coggin Avenue Baptist church, will deliver the baccalaureate sermon to the Senior Class of Brownwood High School. This program will be held at the First Methodist church.

From that time on until Monday morning, May 27, a series of commencement programs will feature the closing week of the current school year. Graduates of all schools have sent out their invitations to friends, speakers have been announced, examinations have been or will be taken, in fact, all is in readiness for the close of another successful year of school work in all three institutions.

Brownwood High School will graduate a class of 110 this year, one of the largest classes ever to graduate. Howard Payne will confer degrees on 33 candidates, two of whom will receive honorary degrees, and a class of 22 will be graduated from Howard Payne Academy. Daniel Baker will confer degrees on a class of 18 candidates.

H. P. C. Commencement
Commencement exercises at Howard Payne will open on next Tuesday morning at 10 o'clock with the Academy commencement exercises. Dr. John D. McCall, of Dallas, will deliver the address to the academy class.

Commencement exercises for the 1929 class at Howard Payne College will be held on Wednesday, May 22. Dr. T. L. Holcomb, of Dallas, Texas, executive secretary Baptist General Convention, will deliver the address to the Class of '29 at 10 o'clock Wednesday morning.

At 8 o'clock Wednesday evening, the annual commencement exercises will be delivered by Dr. W. S. McClung, Pastor of the First Baptist church at Denton. Immediately following this address, Bachelor of Arts degrees will be conferred on the class of 1929. A banquet will be held immediately following this program and members of the classes of '29, '30, '31 and '32 will attend.

J. Frank Doble, of the University of Texas, will deliver the commencement address to the Senior Class of Brownwood High School, Friday night, May 24, this program to be held at the First Methodist church, beginning at 8 o'clock. And immediately following Mr. Doble's address, diplomas will be given the 110 graduates. This will bring to a close the 1928-29 school year for the public schools of the city.

Daniel Baker Exercises
Commencement programs at Daniel Baker will open Sunday morning, May 26, at which time, Dr. B. K. Tenney, of Dallas, graduate of the class of '13 will deliver the baccalaureate sermon. This program will be held at the First Presbyterian church at 11 o'clock Sunday morning, May 26.

Commencement exercises for the Class of '29 at Daniel Baker will be held at 10 o'clock Monday morning, May 27 in the Coggin Avenue Baptist church. The program will be delivered by Miss Amy Chambers, valedictorian of the class of 1914, will deliver the commencement address. Immediately following this address, Bachelor of Arts degrees will be conferred upon a class of 18 candidates.

BROWNWOOD HIGH SCHOOL GRADUATES 1929

Here are the one hundred and ten young men and women who are graduating from the Brownwood High School this year, and who are now busy with the school activities immediately preceding this important event. The first of the public exercises of the commencement will be the baccalaureate sermon at First Methodist Church Sunday morning, which will be preached by Dr. W. R. Hornburg, pastor of Coggin Avenue Baptist Church. The names of these graduates appear on another page of The Bulletin.

ARRESTS AFTER EXPLOSIONS AT ELIZABETHTON

ELIZABETHTON, Tenn., May 16—(AP)—An explosion of dynamite today severed the water main serving Elizabethton and the American Glassworks rayon plants, and shortly afterwards George Crow, identified by Sheriff J. M. Moreland as the man who warned him last night the main would be examined, was arrested.

Guardmen to Scene
Two hundred national guardmen were hurriedly dispatched to the scene. They arrested 100 picketers charging them with intimidation blocking the highways.

Lieutenant H. M. Ferris reported that a girl picketer with the help of the two men wrested a pistol from a deputy sheriff, and taking a position in the middle of the highway trained the weapon on drivers of buses and taxis bringing workers to the rayon plants, prohibiting them from passing.

The picketers were marched to the Carter county courthouse where they were held under guard. Joe Calhoun, driving a bus load of workers to the rayon plants, ran his machine into a gathering of strikers, who attempted to block the road, injuring four of them. Calhoun was spirited to Jonesboro, 18 miles away for safe keeping.

Bigger Legion Is Seen as Protest Against Congress

"The ex-service men and women of this country are opposed to the failure of the 70th congress to pass the hospital appropriation bill, and a bigger American Legion for a renewed fight is their answer in protest," according to Gus J. Rosenberg, post commander of the American Legion here, who announced today that the local Legion is doing its part to strengthen the organization for a greater effort to pass the measure in congress.

"The hospital appropriation bill failed to pass the 70th session which ended March 4, this year," he said, "because of the maneuvering and delay of a few leaders in the House of Representatives, although the House, as a whole, was for it, and the Senate was for it. The House leaders, however, held the bill back until Friday, March 1, when it was allowed to come to a vote. It was passed by this branch of congress unanimously. It then had to go to the Senate, too late to be acted upon Saturday, March 2, the last legislative day. One Senator protested against the delaying tactics in the House. It had to be referred to the Senate Finance Committee, and before it could be reported out for a vote the session ended. They didn't have time to pass the hospital bill for disabled veterans although they voted millions for other purposes.

"More than one million men and women of the Legion and the Legion Auxiliary are back of that measure. More than one million men and women active members of the Legion and the Legion Auxiliary are back of the interests of every ex-service man. The strength of the Legion is shown by its membership, and a larger membership at this time is the answer the leaders in congress will heed.

"That ex-service men have awakened to the serious situation confronting the disabled veterans of this country is shown by the increasing membership in the Legion this year since congress adjourned. A wave of protest against the neglect of congress is growing, as evidenced by the great mass meeting planned in Chicago by such men as Past National Commander Howard P. Savage, Milton J. Foreman and others.

"One of these days these men who are backing the Legion in this fight by adding their membership to Legion strength may also be listed among the disabled, and will need the full machinery of the Legion in obtaining the hospitalization which the government intends they shall have, but for which congress failed to make appropriation.

"At present Legionnaires are entitled to such care under existing laws, because every Legionnaire is an honorably discharged veteran of the World War. But care in a government hospital depends upon whether there is room for him. The Legion needs the united support of all men and women who are eligible to become members to see that an available room is obtained for them.

"The local Legion will receive applications for membership at Paul G. Smith Printing Co., 307 Brown St., Zeno Ingram.

Gave Name to Magnolia
The magnolia tree was named for Pierre Magnol, a French botanist of the early Seventeenth century.

Honorary Graduates
W. C. McClung, D. D., T. L. Holcomb, D. D.

A. B. Graduates
Glen B. Anderson, Marie Allbright, Cecil B. Brown, Jessie Laurie Barfoot, Phillip Brown, Richard A. Cox, Frances T. Camp, Escal Franklin Duke, Kate Inez Fields, Enid Gwathmey, Louis V. Hanna, Marguerite Elizabeth Horn, Willis C. Hodges, Herbert B. Lewis, Aaron Edward Lamb, Era Mae Moore, Lloyd W. Nixon, Bernie Edwin Norton, Carroll B. Ray, Joseph L. Trussell, Lois Alma Taylor, Pearl S. Tolleson, Marjorie Frances Winebrenner, David S. Walker, Alma Hart Lester, Mrs. O. E. Rice, Malvina Luther Cobb, M. S. Leach, Mrs. M. S. Leach, Annie Mae English, Mrs. Louis V. Hanna.

Williams School Has Three To Finish

Frank D. Pierce, superintendent of Williams consolidated high school, announces that the commencement exercises will be held May 31st at 8 p. m. o'clock, with only three to graduate. They are Misses Ulice Harris, Lottie May Palmore and Amy Chambers.

A number of the Howard Payne faculty has been invited to make principal address of the evening, in connection with the salutatory address which will be given by Miss Lottie Mae Palmore; the valedictory will be given by Miss Amy Chambers. Some appropriate music numbers will also be given. Mr. Pierce, superintendent, will present the diplomas.

Winchell School Closed May 10th

Members of the Brownwood High School class follow:
Greta Gladys Archer, Carson Calven Ball, Myrabelle Beakley, Kyle Laverne Bennett, Runk Barkin Bowden, Samuel Raymond Broughton, Russell William Brown, Ada Merle Byler, Minnie Lee Cadenhead, Lon E. Cannon, E. B. Cole, Jr., A. J. Commons, Carl Copeland, Truman Crowder, Mabel K. Cunningham, Lena Mae Curry, Margaret Alice Damron, Estelle Davis, Walter G. Denman, Carterette Dixon, Sybil Olivia Dodson, David Dudley, Harold MacGrath Dunn, Maurine Eanes, Raymond A. Ekiner, Mildred Maxine Elliott, Merle Ellis, Alline Elms, Samuel R. Etter, Raymond Earl Ferguson, James Galay, Jr., J. C. Fletcher, Mildred Ruth Floyd, Lorenzo Dow Galaway, Jr., Roger George, Charles E. Glidens, Lillian Goodman, Lettie B. Griffith, Melba Haworth, James Renfro Henley, Sarah Ella Henen, Charles Elmo Hicks, Donald R. Hunter, J. Wilburn Jackson, John Will Jennings, Jr., Edward Johnson, Jewell Adams Johnson, Eunice Faye Jones, June Jeannette June, J. Bernard Keeler, Isadora Janetta King, T. L. Leach, Vivian Leach, Cynthia Lee, Denver H. Lee, Howard Lamar Lee, Grider Perry Lee, Maurine Isabel Lovwood, Edith Ora Lowe, Perry Irvin Matson, R. B. McAlister, Willie Faye McElroy, Ines Melver, Clarence Miller McKinney, Jack Linden Moore, Patricia Ruth Murphy, Alynne Marie Newton, Myles Nixon, George Nolen, Norwood, Lillian Norwood, Annie Ruth Oden, Eulas M. Oliver, Charles B. Parks, Joannie Pauline Phillips, James Windham Phillips, Fay Pledger, Harry H. Prager, Jr., Mary

Bangs High School Comencement Exercises, May 26

The Baccalaureate sermon will be delivered Sunday morning May 26th, to the senior class.

Program and entertainments will be given during the week for the grammar school students who are promoted to high school, and the final program for commencement week will be held Thursday evening in the High School Auditorium honoring the graduating class, who are to receive diplomas.

Eighteen boys and girls are in this class. They are: Warren Garms, Edwin Harris, Ralph Guyer, Hall Owen, Emory Ray, Charles Harris, Kathryn Walker, Violet Hall, Oretta Coppie, Leora Stephen, Lourine Head, Irene Phillips, Myrlene Franklin, Perry Dorsett, Vergie Mae Sheffield, Goldie Mathews, Inez Cox and Rexa Dae Schulze.

MORE ARRESTS ARE MADE ON BEER CHARGES

The sheriff's department is still busy with alleged bootleggers, twenty-one people in all being arrested Wednesday. Five more in addition to the list printed yesterday were arrested on charges of selling intoxicating liquor, Floyd Reese, B. L. Powell, Ansey Woolridge, Robert Toland and Howard Norman Jack, deputy sheriff, went to Abilene bringing back A. Skiles, charged here with forgery, and Lloyd Champion was arrested on a swindling charge.

Examining trials for the thirty-odd men and women charged with selling liquor started in Judge E. T. Perkins' court Tuesday morning with Pete Linton being bound over to the Grand Jury and his bond fixed at \$1,000.

Andy Page and W. C. Nix are due for trial Friday; I. B. Carlisle, J. H. Simpson and Gib Taylor for Saturday; Terry Miles and Lloyd Van Zandt Monday; and other of the crowd at dates following in order of their arrests.

In making the arrest of Robert Toland Wednesday 163 bottles of beer, large jars and other material for making beer were found in his house near the county jail.

MONEY LURE OR DESIRE FOR THRILL IN BRADY ROBBERY?

BRADY, TEXAS, May 15—(Sp)—What was the motive which caused three girls and two boys, some of them still in their teens, to rob their home-town bank at Brady—the offense with which they are charged by the law? This question is still a matter of speculation, since none of them, except one, have so far been willing to state what motivated them to do it. The cases of the accused youths are expected to go to trial at the session of District Court, which convenes here next Monday.

When a lone bandit walked into the Farmers and Merchants Bank at noon on March 21, obtained \$2,000 in currency at the point of a revolver, and then escaped in a big sedan in which three girls waited for him, it seemed like a well-timed hold-up since the sheriff and most of the peace officers had gone to Mason, thirty miles south of here, to attend a murder trial.

In spite of the fact that the robbery seemed to have been carefully planned and every detail carried out with cool precision, every one of the five youthful alleged offenders was apprehended within an hour after the bank had been robbed.

Names Soon Known
The bandit's car had hardly sped out of sight, when officers and civilians were in possession of their names. Harold Johnson, assistant cashier who was held up, had recognized the bandit as R. C. Turner, who, he said, had interviewed him relative to a dance less than ten minutes before, and had promised "to be back in a little while," a promise which he duly kept. The girls, Lucille Awaite, 24, Billie East, 19, and Irene Curtis, 20, nonchalantly parked their car in front of a drug store two doors north of the bank and ordered cold drinks while waiting for their boy companion who had entered the bank. They did not wait for the drinks, however, drug store employees recognized them, and turned their names in to the officers. They were arrested about an hour later at the home of Lucille Awaite's brother in the out-skirts of Brady, where they had returned after hiding the loot in a dump of tin cans on the opposite side of the town. Turner and Coy Nigh, a 16-year-old youth, were recognized by some of their own friends as they drove through the heart of the town, evidently getting a "thrill" in reviewing the excitement caused by their daring deed. They were overtaken just south of the city limits and voluntarily accompanied their friends back to town to prove they "knew nothing about the robbery."

Planned for Several Days
That the robbery was planned several days ahead of its execution, was related in the written confession of Coy Nigh, who was tried in the local juvenile court and sent to the State Reformatory. Nigh stated that Turner is alleged to have told him on the previous Saturday that he contemplated robbing the bank on the following Thursday between 12:30 and one o'clock. For his part in the job,

DAM BREAK AT BRECKENRIDGE IS REPORTED

BRECKENRIDGE, Tex., May 16—(AP)—Municipal Lake No. 4, three miles north of Stamford, Texas, was reported to be pouring its waters into the lowlands in Paint creek bottom this afternoon after a dam broke. The dam three quarters of a mile long, broke in the middle, it was said. The extent of the damage was unestimated. Highways in that vicinity were under water and impassable.

WALTER HAGEN BEATEN TODAY

MOORTOWN, Eng., May 16—(AP)—Walter Hagen and three of his stalwart compatriots were defeated in the first two rounds of the Yorkshire Evening News Thousand Guineas golf tournament by George Duncan, of Great Britain, today.

Eastland Oil Company Gets 150-Bbl. Well

COLEMAN, Texas, May 16—(Sp)—The Eastland Oil Company's Belle Keeney No. 1, section 298, block 4, I. Keeney survey, eight miles northeast of this city was completed last night for a production of 150 barrels of oil and 1 million cubic feet of gas.

Kidnaping Suspect Is Under Arrest

SHERMAN, Texas, May 16—(AP)—Joe Thornton was arrested here today and charged with kidnaping R. Lyle Justice, Southern Pacific agent at Mexia, Tex., and robbing the station.

Thornton, officers said, made a statement. He was returned to Mexia.

Justice told officers at Austin he had been forced to ride all night in an automobile with a man who robbed the Mexia station, kidnaped him and later released him.

Ask the Blacksmith

In the window of a blacksmith's shop in an Aberdeenshire village a sign is exhibited, reading, "Teeth Carefully Extrakt." The dentist visits the village once a week, and uses the smithy as a surgery. How pleasant to reflect that if the dentist cannot quite cope with one's stubborn molar, the blacksmith is there to lend a hand!

EXTENSION OF ORIENT AUTHORIZED

WASHINGTON, May 16—(AP)—The Interstate Commerce Commission today authorized the Kansas City, Mexico & Orient Railroad of Texas to construct an 86-mile extension from Alpine to the Rio Grande river at a point near Presidio.

DES MOINES U. DEAN SPEAKS

BUFFALO, N. Y., May 16—(AP)—The hitherto harmonious aspect of the Baptist Bible Union Convention here, took on a disturbed tinge today when Dean Earl Callaway of Des Moines University, envoy of president H. C. Wayman, dismissed with the faculty of the Fundamental school by the trustees, charged from the floor that his side had been "steam rolled" by Dr. T. T. Shields and the board and had not been given a chance to present its case.

Senior Prom At Daniel Baker On Saturday Evening

Annually, the Daniel Baker student body joined by members of the faculty entertain the Senior classes of the various high schools in Brown and neighboring counties with the "Senior Prom" which is given in the banquet rooms of the Coggin Hall. This year, this affair will take place in the same place as usual Saturday evening beginning at 8 o'clock.

The members of every senior class in every high school in the neighboring counties as well as in Brown are cordially invited to attend those in charge of the prom state the purpose of the prom aside from entertainment is to cause a better acquaintanceship between the members of the student body of the college and members of the senior classes who may attend the college next year.

MAY 27-JUNE 1 IS BABY WEEK

National baby week will be observed in Brownwood May 27 to June 1 inclusive, with a group of local merchants and physicians cooperating in making the idea a success here.

With the aid of the merchants awards will be given babies winning special health percentages. Mothers are to register their children at the stores which will be named in a coming issue of the Bulletin.

Under the direction of Dr. T. B. Bailey, city health officer, the doctors of the city will give each a part of their time to the free examination of the youngsters.

In addition to the free examination advice will be given mothers of babies underweight or sickly. They will be told how to care for them, the proper food they should have and other matters for the betterment of the babies of Brown county.

Local manufacturers also are cooperating in this movement in giving of their products as an advertising medium.

A complete announcement of the program, the institutions cooperating and the doctors to see the examinations will be made in a near future edition of this paper.

Listen in over KGKB tonight at 8 o'clock, to Hemphill-Fain's Program of Music which will be furnished by Mrs. Grider Lee.

THE STORE FOR ALL THE PEOPLE

Blanket

The Union Mother's Day service that was given at the Methodist Church Sunday at the eleven o'clock hour was well rendered and was enjoyed by a goodly number.

Mr. and Mrs. Lawrence Sumner and children of Eldorado spent the week-end here in the home of their parents Mr. and Mrs. E. L. Sumner, and Mr. and Mrs. J. W. Franklin.

Mr. and Mrs. Darnen Stone left on Saturday for East Texas in response to a message stating that Mrs. Stone's mother was seriously ill.

Rev. West of Santa Anna filled his regular appointment in the Cumberland Presbyterian Church Sunday evening.

Mr. and Mrs. Jim Haddon of Fort Worth spent the week-end here with their parents.

Floyd Eoff and family of Chapel Hill visited J. A. Eoff and family on Sunday.

Mr. and Mrs. Ernest Allen and son, Ernest, Jr., spent Sunday with relatives at Santa Anna.

The members of the Methodist Church, who gave the pageant here on last Sunday evening went to Zephyr Sunday and put it on at the Methodist Church.

Mr. and Mrs. H. L. Moore of Brownwood visited relatives here on Sunday.

Miss Melba Bettis of Brownwood spent the week-end with homefolks.

The following is the Epworth League program for Sunday, May 19th, at 6:30 p. m.

Leader, Mrs. L. B. Robinson. Subject: "Learning from Jesus How to Pray."

Song, Sweet Hour of Prayer.

Song, Take Time to Be Holy.

Scripture reading, Luke 11:1-13.

Song, Break Thou the Bread of Life.

Prayer.

Introduction, Graham Smoot.

What is Prayer?—Glen Moore.

Solo, The Beautiful Garden of Prayer—Clifton Gleaton.

Why Pray?—Mrs. Roy Yantis.

How Can We Make Our Prayers Effective?—Hazel McLaughlin.

Looking to Jesus—Annie Strickland.

Announcements.

Song.

Epworth League benediction.

Miss Maurine Bird of the Howard Payne College spent the week-end with homefolks.

Miss Ila Jean Lynch returned to her home in Valera Saturday after attending school here for the past school term.

Born to Mr. and Mrs. Stuard a girl Friday.

Rev. and Mrs. J. H. Henderson and Mr. and Mrs. J. C. Hicks were shopping in Brownwood Saturday.

Mr. and Mrs. Ben Nix spent the week-end with her parents, Mr. and Mrs. G. W. Carey, of Cross Plains.

Miss Elizabeth Bettis of John Tarleton College at Stephenville spent the week-end with her sister, Mrs. Jack Knox.

Mr. and Mrs. Joy Dean of Brownwood visited relatives here Sunday.

A. L. Fisher and son, Claude, of Comanche, were here Monday on business.

Mrs. D. C. Nix and daughter, Miss Elizabeth, were shopping in Brownwood Saturday.

Mrs. Cox returned to her home in Fort Worth Monday after a week's visit here with relatives.

Miss Ina Mae Lightsey of Jones Chapel returned home Friday after a successful term of school.

Mr. and Mrs. W. T. Hawkins and daughters, Miss Pearl and Mrs. L. were visiting at Clyde Sunday.

Misses Helen Ashley and Pauline Bull of Brownwood spent the week-end in the home of Mrs. Virgie Ashley.

Mrs. Alpha Blanton returned home Saturday from Fort Worth where she has been at the bedside of her daughter.

Mr. and Mrs. R. L. Chapman were shopping in Brownwood Monday.

Herman Bettis of Tyler was visiting relatives here a short time Saturday.

Miss Jimmie and H. D. Lightsey of Brownwood spent the week-end with homefolks.

Will Switzer of Hamlin was here the first of last week on business.

Mr. and Mrs. Philo Baker and Mr. Sol Baker of Brownwood visited Mrs. Mary Baker Sunday.

Arvil Foster of Norman, Oklahoma is here visiting his aunt, Mrs. H. D. Lightsey.

Sam Burns spent Saturday night with Mr. and Mrs. J. A. Faulkner of Gap Creek.

Rev. Epperson filled his regular appointment in the Presbyterian Church at Sweden Sunday.

Mr. and Mrs. Clair Bettis of Brownwood visited Mr. and Mrs. J. A. Bettis Sunday.

Mr. and Mrs. Goss Cobb came in Saturday from Wilmett where they taught in the public school.

Mr. and Mrs. S. E. Lacy were visiting in Comanche Friday.

Claid and Ina Moore of Abilene visited their parents, Mr. and Mrs. W. F. Moore, Sunday.

T. M. McCulley was in Brownwood Tuesday on business.

Ellis Bradley returned home on Thursday from California where he has been working for some time.

Mrs. Charlotte Haddon is very low this week at her home.

Mr. and Mrs. Curry Wiley of Brownwood visited relatives here on Sunday.

The senior class will give a play at the high school auditorium Friday evening.

CONFERENCE ON COUNTY FAIR

O. P. Griffin, county agricultural agent, and Hilton Burks, secretary of the Brown County Fair Association, went to May Wednesday afternoon to confer with men there on fair problems.

Deadly Gas

The most dangerous property of carbon monoxide gas, apart from its poisonous qualities is the fact that it is colorless, odorless and tasteless. Consequently, it is difficult to detect, and when inhaled a very small percentage of this gas in the air is sufficient to cause death within a few minutes. This gas combines with the hemoglobin of the blood, producing headache and giddiness, then asphyxiation.

THE 'GIBSON GIRL'S' DAUGHTER TO WED

The daughter of the original "Gibson girl" whom Charles Dana Gibson's brush made famous 20 years ago is to wed. Miss Joyce Phipps, daughter of Mr. and Mrs. Paul Phipps and niece of Lady Astor, has announced her engagement to Reginald P. Grenfell, elder son of Colonel Arthur and Lady Victoria Grenfell of London. Miss Phipps' mother was one of the beautiful Langhorne sisters of Virginia, who was Charles Dana Gibson's model for his black and white drawings. Photo shows Miss Phipps and Mr. Grenfell, while the inset is that of the "Gibson girl" of yesterday.

HOUSE AND SENATE POSITIONS ON DEBENTURE LIVESTOCK TOPIC

WASHINGTON, May 15.—(AP)—Developments in the threatened controversy between the Senate and House over the right of the former to initiate export Debenture legislation in its farm relief bill provided the overshadowing topic of interest on Capitol Hill today despite the fact that two other important administration proposals were formally before congress for discussion.

The differences between the two chambers on the Debenture question was made a definite issue with the passage of the senate bill, 54 to 33, late yesterday. It was ordered sent to the House today in the face of numerous indications that administration leaders there would move to have it voted unacceptable.

The general debate on the tariff bill remained the regular order of business in the House, meanwhile, and the senate had before it a motion to give the combined measure precedence for the 1930 census and for reappointment of the House membership on the basis of that enumeration, the privileged status of unfinished business.

In the absence of Chairman Jones of the commerce committee, Senator Johnson, Republican, California, has taken charge of the bill but his attempt at the close of the session yesterday to have it made the unfinished business was temporarily forestalled.

Senator Harrison, Democrat, Mississippi, one of those who blocked action at the last session on the reappointment measure, objected to an immediate vote making the bill the order of business. Adjournment was taken with the understanding, however, that the bill would be called up today.

The measure is one of those on the limited program of President Hoover for the extra session and with the administration support it is expected by the leaders to be passed within a week.

A drive will be made by some of the southern members to exclude the counting of aliens in the figures on which the membership of the House will be based. Senator Tyson, Democrat, Tennessee, has an amendment pending proposing this course and Senator Harrison will support it.

The House Ways and Means Committee Republicans again called on members of their party who desire changes in the schedule proposed in the tariff bill to present their suggestions. If they find favor among the committeemen, they will be proposed when the time comes as committee amendments to the bill, a procedure intended to smooth the way for agreement by the House majority on a special rule to expedite consideration of the measure by limiting the offerings of amendments.

The Senate Interstate Commerce Committee was called to resume its hearings on the proposal to set up a federal communications commission, and the irrigation committee to continue hearings on a bill to encourage agricultural development in the south.

An echo of the effort made during the senate farm relief debate to exclude fruits from the products affected by the bill reached the desks of all Senators yesterday in the form of a statement on behalf of the commercial apple growers of the United States. It charged that a "huge fruit trust" already had been organized to take over stabilization corporations which might be set up under the bill for deciduous fruits.

Senator Harrison, Democrat, Mississippi, one of those who blocked action at the last session on the reappointment measure, objected to an immediate vote making the bill the order of business. Adjournment was taken with the understanding, however, that the bill would be called up today.

The measure is one of those on the limited program of President Hoover for the extra session and with the administration support it is expected by the leaders to be passed within a week.

GRIFFIN DISCUSSES MARKETING OF MILK AND MILK PRODUCTS

The marketing of milk is discussed in a short article by O. P. Griffin, county agricultural agent, in line with his campaign for more dairy cattle in this county. His article follows:

Farmers are often misled into selling whole milk in preference to separating it and selling cream. Look over the following average prices paid for products of the dairy the county over: The average Texas milk contains 4.8% butterfat and would sell on the average United States market as follows:

- Per 100 lbs.
- Grade B Market Milk . . . \$3.14
- Condenseries . . . 2.49
- Sweet Cream . . . 2.30
- Cheese Plants . . . 2.38
- Sour Cream . . . 1.86

These figures given out by the Bureau of Dairy Industry and represent the average for the entire country. Local prices may be different for a time, but in building a local market the averages here given are the safest guide to the kind of market calculated to bring the best returns over a period of years.

If we value skim milk for feeding at 50c-4c per gallon then the returns for milk would be:

- Per 100 lbs.
- Grade B Market Milk . . . \$3.14
- Condenseries . . . 2.49
- Sweet Cream . . . 2.70
- Cheese Plants . . . 2.58
- Sour Cream . . . 2.25

The price for sour cream in the South is far below the average in warm weather due largely to the quality of cream sold. Twenty cents has been added to the average price paid by cheese plants because the whey is returned to the producer, the average price paid being \$2.38.

From the above it would appear that the kind of market started at Brownwood is all right. But there is needed capital to operate larger plants and cold storage to take care of the products until they are marketed.

If farmers would help by producing a steadier supply instead of a big supply in spring and nothing in winter, marketing of the product would be much easier.

INDIAN CREEK MEN TO ATTEND MEETING HERE NEXT MONDAY

J. A. Smith, secretary-treasurer of the Indian Creek National Farm Loan Association, and the entire board of directors of the Indian Creek organization, announce that they will attend the Conference of National Farm Loan Associations in Brownwood, Monday, May 20. Mr. Smith gives a most favorable report of work done by the Farm

Work for Agreement

The House Ways and Means Committee Republicans again called on members of their party who desire changes in the schedule proposed in the tariff bill to present their suggestions. If they find favor among the committeemen, they will be proposed when the time comes as committee amendments to the bill, a procedure intended to smooth the way for agreement by the House majority on a special rule to expedite consideration of the measure by limiting the offerings of amendments.

The Senate Interstate Commerce Committee was called to resume its hearings on the proposal to set up a federal communications commission, and the irrigation committee to continue hearings on a bill to encourage agricultural development in the south.

An echo of the effort made during the senate farm relief debate to exclude fruits from the products affected by the bill reached the desks of all Senators yesterday in the form of a statement on behalf of the commercial apple growers of the United States. It charged that a "huge fruit trust" already had been organized to take over stabilization corporations which might be set up under the bill for deciduous fruits.

Loan Association through the Federal Land Bank at Houston during the past few years, stating that the association has loaned more than \$100,000 to 46 farmers of the Indian Creek community since its organization. Interest rates for these loans range from 5 to 6 per cent, averaging about 5 1-2 per cent. Mr. Smith and other of the Indian Creek association are hopeful that Congress will be able to work out an effective plan for financing and marketing of crop surpluses as was given to the farmer when Congress passed the Federal Farm Loan act for the purposes of financing and purchase and improvement of farm homes.

Everybody can afford an Exide BATTERY

High School Lad Pitches Two No Hit No Run Games

OMAHA, Neb., May 9.—(AP)—Pitching no-hit games has become a habit with Eddie Hemmingsen, captain of the Creighton high school team. Hemmingsen has pitched two no-hit games within a week. He mowed down Omaha Tech Tuesday with no hits and no runs, while his mates grabbed 12 runs. Last week he won a no-hit, no-run game from North Platte.

City Orders Two New Motorcycles

City of Brownwood ordered two new Indian motorcycles Wednesday morning, these being brought through the Indian Motor Sales & Service Company of Brownwood. The two machines will cost \$726 in addition to the old machine now in use, which will be turned in as part payment. The two new motorcycles are to be delivered not later than June 1st.

Good Agricultural Outlook in Brown County This Year

The May and Elm boys' agricultural Four H clubs met Tuesday with their sponsor, O. P. Griffin, attending. Much interest is being manifested by club members in their work for this year, Mr. Griffin said.

He said he found the crops in those communities in good shape, even better than he had expected as there had been talk of the sand storms injuring them. Not much small grain is planted there, but the fruit crop will be heavy this year, he said.

In commenting generally on the county in an agricultural way Mr. Griffin said that harvesting of oats and barley will begin to a small extent this week, most of it beginning next week, with the wheat to follow.

Famous Paris Scur "Montmartre" literally means "martyr mountain," and received its name from the fact that St. Denis, the first bishop of Paris, is said to have suffered martyrdom there. It is an elevation and a section of Paris. The quarter is famous for its Bohemians and artists.

McDonald Draws First Place on Election Ticket

With very little excitement in Brownwood over the election of a mayor Saturday, the two candidates, O. W. McDonald and E. M. Boon, are doing very little complaining.

Mr. McDonald's name will appear first on the ballots it having been picked Thursday morning.

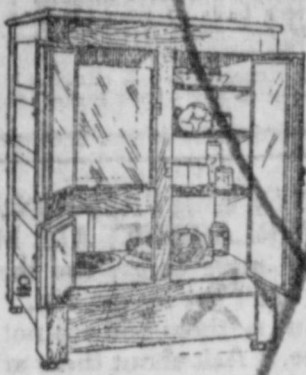

The election will be held in the four regular boxes in the four city precincts, one at the city hall, one at the High School and the fourth at the Coggin School.

There are no definite issues at stake in this election which is to fill the vacancy created by the resignation of Palmer C. McInnis and the man elected will serve until the regular election next Spring.

For this reason there has not been much interest in the outcome, both men being well known in the city and highly regarded in the community.

Holly Superstition According to old tradition, when you take down your holly and find it still fresh, you can rejoice—for \$2 your undertakings in the following years will prosper.

CREDIT CONDITIONS IN APRIL NOT FAVORABLE SAYS BUSINESS REVIEW

AUSTIN, Texas, May 16.—(Sp.)—Credit conditions continued unfavorable during April, although interest rates averaged slightly lower and there was a little less speculation in the stock market than was the case in March, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"There was some easing in time money and on bankers' acceptance near the middle of April, but the quick recovery in the stock market increased the demand for funds for speculative purposes, resulting in increased brokers' loans," Mr. Nichols said. "Normally, there is a seasonal decline in interest rates from the latter part of April to July. So far this year, the decline has not been witnessed and present conditions indicate that a decline of consequence is unlikely.

Bank Debt Decline
"Bank debts recorded a seasonal decline in April but were considerably above those in the corresponding period of 1928. Checks cashed in this district, according to the Dallas Federal Reserve Bank, for the four-week period ending May 1 amounted to \$488,000,000 against \$771,000,000 in the same period of last year, or a gain of 9.3 per cent. It is interesting to note that bank debts in April were but 9.3 per cent greater than those of a year ago, whereas in previous months the increase was around 16 per cent. Member bank borrowings at the Dallas Bank show a large seasonal gain from \$9,000,000 in March to \$16,000,000 in April, compared to \$7,000,000 in April, 1928. The increase is due largely to the flow of funds into the stock market, although spring expansion of industry accounts for part of the gain. Demand deposits reflect a decline from \$306,000,000 in March to \$297,000,000 in April, the same amount as in April, 1928. Time deposits also declined for the first time in more than a year. These deposits fell from \$147,000,000 in March to \$141,000,000 in April. Loans and discounts at member banks stood at \$348,000,000 on May 1, compared to \$359,000,000 on April 1, and \$236,000,000 on May 1, 1928. Member banks reduced their holdings of government securities by \$5,000,000 during the month, bringing the total held on May 1 to \$94,000,000.

Interest rates average slightly lower. Call money was quoted at 9 per cent to 10 per cent early in the month, but the trend was upward and reached 16 per cent as the month closed. This compares with a high of 20 per cent a month earlier. Time rates declined from 9 per cent to 8 3/4 per cent, while rates on commercial paper and bankers' acceptances fell from 6 per cent to 5 3/4 per cent. Although the downward tendency is desirable, the decrease is much less than the usual seasonal decline, so that the actual trend is still upward. No change was made in the rediscount rate of 5 per cent at the Dallas Federal Reserve Bank.

Mary Pickford's First Speaking Picture "Coquette" at Lyric

You will love her! Mary Pickford, of course, the new Mary Pickford who came to the screen of the Lyric Theatre yesterday in her latest, all-talking picture, "Coquette."

To hear Mary Pickford and to see her in this newest picture is to experience a revelation. The old Mary, with her curls and her little-girl dresses, is gone forever. The new Mary of "Coquette" is the last word in smart young womanhood, close-cut bob, Paris frock, high-heeled slippers and everything. But, not and then, the little girl, who is gone but not forgotten, peeks out from behind the young woman who has taken her place. No transformation can eradicate the piquant sweetness and wistful smile which belongs to "America's Sweetheart."

"Coquette" is the love story of one of today's girls, who dances.

MAY

School will close Friday, May 17. A ball game with Sidney in the afternoon. Commencement exercises Friday night. Rev. Greer of Rising Star will deliver the baccalaureate address Sunday morning at eleven o'clock at the First Baptist Church.

Chas. Morrison, our road commissioner, reports the road work going on nicely. They are now working on their fourth concrete bridge, have received the second car load of cement which is expected to hurry on the bridge work. The road from Holder to Rokeby is almost completed with two concrete bridges.

Mrs. Chas. Taylor and Mrs. Rachael Wagner spent Tuesday in Brownwood.

The Woodmen Circle met Wednesday evening at eight o'clock. The members were served with ice cream and cake. Visiting Woodmen also were in on the eats.

Mrs. J. W. Joyce of Clyde visited her sister, Mrs. C. J. Brewer, last Sunday.

J. C. Brewer's uncle, Mart Brewer, visited with old friends and kin last Sunday. He came over to attend the Decoration Day at Pleasant Valley.

Mr. and Mrs. Peary Wiggins of Fort Worth is visiting with relatives. Mrs. Wiggins is the daughter of Mr. and Mrs. C. C. Robason. Mr. Wiggins is the son of Mr. and Mrs. J. F. Wiggins.

Our home canners are quite busy this week canning fresh greens, spinach, turnips and mustard, fresh beans and peas, and berries are beginning to ripen. Farmers are very busy planning their harvest for their grain and planting cotton. Despite the high winds, which has been so hard on small plants, our home demonstration ladies are still pushing their pretty yard contest.

The W. C. T. U. met Wednesday afternoon at the First Baptist Church and reorganized. These ladies have a great work for our neighborhood. They need the co-operation of each and every mother, as well as all the church members. They plan some great things for our town and will give a program in the near future.

University Rentals \$5,000 Per Month

AUSTIN, Texas, May 16.—(Sp.)—Rentals from University of Texas property in Travis county bring into the coffers of the school approximately \$5,000 per month, according to L. P. Lockridge, real estate rental agent. Some 130 residences in the University community are rented at the present time, bringing in a monthly revenue of more than \$4,000, while 75 lots on the Brackenridge tract of land on the north bank of the Colorado River are leased to camp cottagers. During the past two years, more than twenty-five of the town houses have been moved, sold and torn down or have been destroyed by fire. Some five or six of the houses were moved recently from the land on which the new auditorium-gymnasium is being built.

One Way to Stop War

There will one day spring from the brain of science a machine or force so terrible in its possibilities, so absolutely terrifying, that even man, the fiercest, will dare torture and death in order to inflict it, will be appalled, and so will abandon war forever.—Thomas A. Edison.

HORNE HEADS STATE BANKERS

GALVESTON, Texas, May 16.—(P)—A. A. Horne, Galveston, was elected president of the Texas Bankers Association in convention here today. Alfred Morris, Winnaboro, another candidate for the office, withdrew after the first ballot.

George Waverly Briggs, vice-president of the City National bank at Dallas, addressed the bankers at the morning session, describing the development of Texas gulf ports during the last 25 years. The Texas ports, he said, are responsible for the maintenance of a friendly intercourse of great magnitude with foreign countries.

BRAVES BEAT GIANTS, 4-3

BOSTON, May 16.—(P)—Rallies in the third and the sixth innings enabled the Braves to take the first game of a double-header from the Giants here today by a score of 4 to 3.

Score:
New York ... 030 000 000—3 9 1
Boston ... 002 002 004—4 10 1
Benton, Walker and Hogan; Cunningham and Spolner.

15 YEARS ON GUILTY PLEAS AT COLEMAN

COLEMAN, Texas, May 14.—(P)—A fifteen year penalty was assessed by the jury at Coleman Monday afternoon against Boone Brown and Tyman Timberlake, charged with robbery by firearms in district court, each of the defendants pleading guilty and putting themselves upon the mercy of the court. Defendants were charged with robbing the filling station of C. W. Arthur near the Katy under pass on the Brownwood road three miles east of Coleman, November 19th, 1928, and testimony showed that while the officers claimed to have seen the defendants in Coleman the night of the robbery, that "they made a quick getaway," and were not actually apprehended until Sheriff Mills went to Odessa and arrested them the last of last month and brought them back to Coleman for trial.

C. W. Arthur testified for the state: "At the time of this robbery I was operating a filling station on the Brownwood road and there was a couple of fellows came in from the front door, and left engine of their Buick roadster running. Defendants bought cigarettes and engaged witness in conversation and then Timberlake says, 'Stick 'em up.' I asked him what did he say and he said, 'I said, 'stick 'em up.' I said, 'I don't understand you and he repeated, 'stick 'em up,' and about that time I saw a gun pointed at

me and I said "Oh, I understand what you want now and I 'stick 'em up.'" Witness claimed defendants took some thirty odd dollars from his pockets and cash register. That he promised not to report the robbery, "would have promised anything they asked me right then." Came to town at once and pointed defendants out to officers, but "they got away."

ARMY BAND APPEARANCE TO BE SPONSORED BY THE LOCAL LIONS CLUB

The United States Army band, organized by General Pershing, and now on a tour of Spain, will appear in Brownwood and play two concerts with the local Lions Club backing the appearance.

Frank R. Hunter, a representative of the band, from Washington, D. C., was introduced by Rex Gaither to the club members at a luncheon at the Southern Hotel Tuesday noon. The club voted to

back a one day, two performance appearance of the band, and a committee with Ben Pain as chairman, and Rev. J. S. Cook and Rex Gaither, was chosen to attend to

the details of the concert. J. J. Timmins, vice-president in the absence of Rev. C. A. Johnson, presided.

Natural gas was known and utilized by the Chinese before 1000 A. D. Reed pipes, it appears, were used to transport it.

SENATE PASSES RELIEF BILL BY 45 TO 33 VOTES

WASHINGTON, May 15.—(P)—The farm relief bill containing the disputed export debenture plan was passed Tuesday afternoon by the Senate.

The measure now will be sent over to the House, where a question about receiving it has been raised inasmuch as it is contended by leading there that the Senate can not constitutionally initiate the debenture proposal.

The Senate farm bill, except for the debenture section, is similar to a farm measure passed previously by the House. Should the House refuse to accept the Senate bill, it will be returned to the Senate and a lengthy debate over constitutional rights is expected. In that event, the outcome of farm legislation would depend largely on the Senate's willingness to reverse itself on the debenture plan.

The principal features of the Senate bill are the provisions for a federal farm board with authority to create stabilization corporations for the principal commodities to bring about orderly marketing of surplus crops. The farm board would consist of 12 members, appointed by president at a salary of \$12,000 a year. The President would designate the chairman.

The advisory commodity councils would be created to advise growers on the best production and marketing methods and to suggest the need for stabilization.

The vote was 44 to 33. As a protest against the export debenture provision, 31 administration Republicans including Senator Watson of Indiana, the party leader, voted against the bill. Two Democrats, Wagner of New York and Walsh of Massachusetts, also voted against the measure.

Farmers Bulletins For Distribution At Chamber of C.

Farmers Bulletins of the U. S. Department of Agriculture on the subject of pecan culture, pecan insects, strawberries and turkeys were received Tuesday by J. T. Stovall, vocational agriculture instructor. They are for free distribution to those interested and will be kept on hand at the Brownwood Chamber of Commerce. They were sent by Congressman R. Q. Lee.

Integrity Always First
"You will, if you are wise, embrace intellectual integrity as the very basis of your character. It is not material what career you contemplate, for the paramount importance of honest thinking is common to all."—Lord Birkenhead.

OWSLEY TO BE CHIEF SPEAKER AT CONVENTION

Alvin Owsley of Dallas, former national commander of the American Legion, and one of the outstanding Legion workers in this state, will make the principal address at the district Legion convention to be held in Brownwood May 26.

The announcement of his acceptance of the invitation to speak here was made Wednesday by Gus J. Rosenberg, commander of the Ithaca A. Smith Post. The convention will start Saturday, May 25 in the afternoon, and Mr. Owsley will speak Sunday afternoon at the big general meeting.

THE SCHOOL WITH A REPUTATION

F. M. Richards, Eminent M'Culloch Hereford Breeder, Finds Success in Half Century Along Cattle Trail

BRADY, Tex., May 11.—(Sp.)—Just take the trail—whichever trail opportunity offers—and stick to it, is the advice of F. M. (Buck) Richards, prominent Hereford cattle breeder, would give young boys as a formula for success.

F. M. Richards knows what he is talking about, for more than 50 years ago he himself "hit that trail" as a cowpuncher. It was through cow-punching in the seventies, eighties, and ninties that he gained an amount of romance, the trail was mighty rough at times, but Mr. Richards "stuck to it" and therein lies his success. F. M. Richards has found his "top of gold" not at the rainbow's end, but on the very cattle trail which he so industriously followed for a lifetime.

The name of F. M. Richards stands today as Texas's best recognized breeder of Hereford cattle. The records of the Fort Worth Fat Stock Show of 1925, 1927, and 1929 testify to the quality of Mr. Richards' fine Hereford herds. He did not show in 1926 and 1928. It was in 1925 when he took the first exhibit to the Fat Stock Show, won the silver loving cup on his champion carlot of Hereford yearlings, and proved to the world that the years of thorough and scientific breeding he had developed a prize winning herd of Hereford cattle.

Grand Champion Winner

At the 1927 Fat Stock Show, the quiet, unassuming McCulloch county breeder realized the proudest moment of his life when the judge awarded his carlot of fat calves the grand champion prize, which meant that his carlot of bovines was the best of any age and breed exhibited at the Fat Stock Show.

An interesting incident in this show was that besides the prizes awarded by the Fort Worth Fat Stock Show, Mr. Richards also won a silver loving cup offered by himself and Dan Casement, of Manhattan, Kansas, that veteran of the feed lot, and perhaps, the greatest showman of all time. It is said that when Dan Casement came to the Fat Stock Show and unloaded his carlot of fine Herefords in a pen adjoining Mr. Richards, he compared the two pens, and said to Mr. Richards, "I know now, Buck, why you proposed that you and I should award a sil-

ver loving cup for the grand champions. It's going to be your this year." And it was, Richards replied, "Dan, I know of no greater compliment than winning against your steers." The two have been warm friends since they first met in the show ring, each recognizing the ability and clean sportsmanship of the other.

When "Buck" Richards and Dan Casement unloaded their exhibits at the 1929 Fat Stock Show, their animals immediately became the center of interest. The story of their competition at this show is graphically related in the Kansas City Hereford Journal in the following excerpt: "The race for the grand championship from start to finish was between two carlots of Herefords. One load of barely a year old Herefords belonged to F. M. Richards of Brady, Texas, and the other carlot of yearlings (almost two years old) were bred by the Matador Land and Cattle Company and fed by Dan Casement of Manhattan, Kansas, that greatest show man of all time.

"To a lot of folks who walked along the fences and looked down upon the steers, it did not appear to be a race at all. After giving the Richards' steers with their excellent breed-type and good fitting, beautiful fluffy coats, the once over, and then passing on to the short haired Matadors across the alley, a lot of them believed Mr. Richards had the contest won 'hands down.' But the judges, Tom Cross and Tim Ingerson, packer buyers, of Chicago, handed the championship to Dan Casement's yearlings with the explanation that Richards' steers have all the quality in the world, but from the standpoint of carcasses on hooks, their meat was not quite as firm as that of the Casement load. When considering the firmness of the meat, one must take into consideration that Mr. Richards' calves were fully a year younger than Casement's yearlings, which were in the feed pen before the calves Richards exhibited were born.

Won On Calves

However, the breeder did not worry. He lost by a narrow margin to a good man. But he had no trouble in winning the champion Hereford carlot award on

his steers calves, while the individual steer which he showed was declared the champion yearling Hereford of the show. He sold this yearling steer, weighing 1386 pounds, on the auction sale on the closing day of the show at 19 cents per pound, or a total of \$263.34. The Harvey House bought it. His carlot of calves averaged 875 pounds each and were bought by Armour and Company at auction for 16 1/2 cents per pound, or \$140 each.

F. M. "Buck" Richards was born at Sherman, Texas, seventy three years ago. His parents lived in town, but young "Buck" early in life developed a yearning for the cattle trail. At the age of 16 he got a job with Burl B. Yearbrough's outfit in Grayson County, and stayed with this job for five years. Yearbrough soon recognized the quality of leadership in young Richards and elevated him to the position of "boss". His salary was \$15 per month.

Land Was Open

Just before his twenty-first birthday, Richards resigned as boss of the Grayson County outfit and came to McCulloch County to go into the cattle business for himself. "At that time nobody owned any land," he reminisces. "There were no barbed wire fences and the whole country was open. We put all of our money into cattle and did not bother about paying land taxes—or income taxes either." That was in the year 1876, the same year in which McCulloch County became permanently organized. After running his cattle on community land for about twenty years, fences appeared and ranchmen acquired their private grazing property. Buck Richards counted his savings, and purchased a half section of land two miles south of Mercury, but finding that half a section at that time was not considered enough land to graze a cow pony, he disposed of it again and went into the business on a bigger scale by purchasing the first unit of his present ranch, about eight miles east of Brady. He added to this ranch from time to time, until today he owns 10,000 acres of some of the best grazing land in McCulloch County. He paid three dollars an acre for most of that ranch. He has during the past two years, acquired another ranch, comprising 2,000 acres, near town adjoining No. 10 Highway, paying as high as \$75 an acre for some of it.

Practical Ranch Plan

The Richards Hereford ranch is laid out on one of the most practical and economical plans used in Texas. It is divided into twenty pastures, thirteen of which taper into the corral at headquarters. Each pasture is fenced with wolf proof wire. This plan has proven so practical that Tol Roberts, ranch manager, needs only one other full time man to help him run this 10,000 acre domain.

The ranch is stocked with one thousand purebred goats, and one hundred registered Delaine sheep. The sheep belong to Mrs. Richards. Among the males of the Richards' Hereford herd is "Brady Lad" for which Mr. Richards refused \$1,000 when the animal was one year old. Just by way of experiment, and to boost along the local dairy industry, Mr. Richards is running a small number of Holstein cows. One of these cows is producing six gallons of milk per day and another tops the dairy record of the county with a daily average of eight gallons. "This shows what a cow can do when properly taken care of," the veteran cow man states.

F. M. Richards, despite his seventy-three years, is still active in private as well as public affairs. His erect and brisque carriage gives him the appearance of a man much younger. He is president of the Brady National Bank, an active worker in the Brady Chamber of

Commerce, and if often called upon to aid in solving community problems. Several years ago he donated Richards Park, a 42-acre amusement park to the county and the city of Brady. This park is located along the banks of Brady river and almost the entire amusement site is canopied with stately pecan trees, which provide a cool, refreshing shade for pleasure seekers.

Color Affects Nerves

There are those who claim that the color you surround yourself with affects you psychologically and that too brilliant color is trying on the nerves. Whether or not one goes quite as far as admitting that there is an atmosphere of restfulness and quiet in a room with softly tinted walls which blend harmoniously with the other colors in the room.

Rubber Pads Silence Trains

So successful have rubber pads proved as shock-absorbers and silencers for railroad trains, after a test of one rail length of a Federated Malay States railroad, that they are being tried on longer stretches of track. The rubber, says Popular Science Monthly, made of a special process, was found to deaden the sound of the clacking of rails and to absorb vibration.

Opportune

A man does not become celebrated in proportion to his general capacity, but because he does or says something which happened to need doing or saying at the moment.—John Morley.

AMAZED OVER BIG CHANGE

"Orgatone Gave Me Relief Right From the Start and I'm Glad to Recommend It," Says Brownwood Mechanic.

"At the time I began taking Orgatone, I was in a very badly run-down condition, and was losing in strength and energy," said Bert Johnson of 1617 Fourth St., Brownwood, Texas. Mr. Johnson is mechanic for the Mitchell Motor Co. "For the past three years my stomach has been in such a bad condition that I couldn't eat without suffering from indigestion. I was nervous and restless and couldn't sleep at night, and had fearful headaches. My appetite was all gone and what I did eat would sour and cause me so much pain and distress that I was almost frantic. The gas on my stomach would cause my heart to palpitate and I would have dizzy and bilious spells. I thought I had heart trouble, and it continued to get worse instead of better. I also had heartburn, and in fact, felt tired and worn-out most of the time. All of my life and pep seemed to be ebbing away, and I felt worse every day. I had also a bad case of constipation. It just seemed as if nothing would do me any good. "After reading so much about Orgatone I decided to try it, and it has proven the right medicine in

my case. I have certainly improved rapidly. I am now eating just anything I want—and am never troubled the least bit with gas, pain, or shortness of breath. I sleep as well as I ever did and am not the least bit nervous any more. I feel full of pep and energy and feel like going about my day's work, with vim and vigor. I am more than amazed over the big change in my condition and know that Orgatone was just what I needed. It has given me relief right from the start and I take pleasure in recommending it to my friends."

Genuine Orgatone is not a so-called patent or secret remedy but a new bile preparation containing no alcohol or other false stimulating drugs and is sold in Brownwood exclusively by the Camp-Bell and Peerless Drug Stores, under the personal direction of a special Orgatone representative. For sale in Coleman by Owl and Bowen Drug Stores. (adv.)

Makes Him Howl

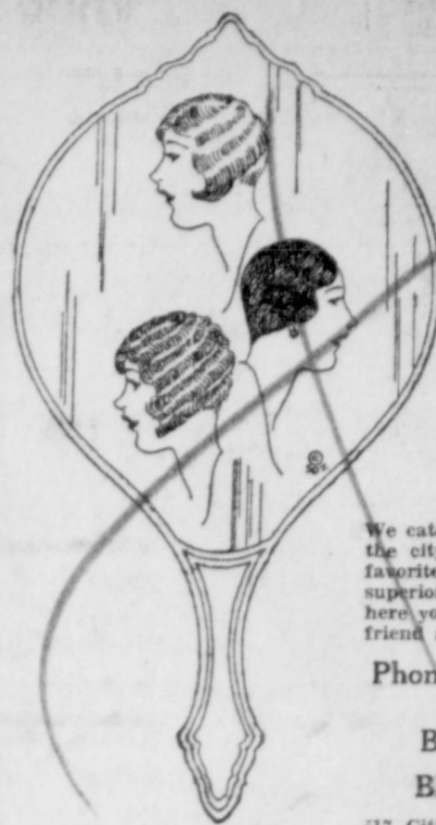

We are unreasonable animals, many of us. The person who sputters like a hot hen kettle because he is required to button his raincoat every morning and unbutton it every night—day after day, month after month—a long and dreary round of monotony—wails like a fire siren when one little button comes off.—Portland Oregonian.

In Man's Garden

In the garden with plants and earth and rain, with the sun and the wind and the stars and the moon, a man must be honest with himself.—Woman's Home Companion.

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos grown. The Camel blend of Domestic and Turkish tobaccos has never been equaled. Camels are mild and mellow. They do not tire the taste. They leave no cigaretty after-taste. Camels have a delightful fragrance that is pleasing to everyone.

Sanitary Slaughter Place Made For Coleman Markets

COLEMAN, Tex., May 14.—(Sp.) Coleman people hereafter will eat

meat butchered and dressed in a sanitary slaughter house that will meet with the approval of State Sanitary Commission at Austin if they patronize local meat markets. An inspector was here recently and suggested that such a place be provided and be in operation before he returns. Immediately preparation

were begun to satisfy the demand, and now animals sold in the markets are butchered at the place provided. The slaughter house was erected and is being operated by Jack Ewing on a site that has been controlled by Gene Love for several years and used as a slaughter pen for his market. When it was suggested that a slaughter house be provided Mr. Love entered into an agreement with Mr. Ewing to take over the lease and erect a house that would meet requirements. The house has a concrete floor, running water and is well screened. Refuse from animals killed that is not cooked for swine in a nearby pen is conveyed to the hog pen by chutes and is immediately consumed. The slaughter house is operated for all Coleman markets by Mr. Ewing and eventually an inspector will be employed to see that no "big jaw" or other inferior animals are butchered and sold to customers of markets patronizing the model slaughter house. A man has been employed to do the butchering and every market in the city has access to the modern facilities that have been provided as protection for the meat-eating public.

Talmage, Joe, Will, Harry and Ed. Mr. Palmer was a member of the Methodist Church at this place and assured his loved ones and friends several times during his illness that he was fully prepared to go. He enlisted in the war between the states when but a very young man. He was a charter member of Jeff Davis Camp No. 117 at this place and served as commander of the camp for several years. Mr. Palmer was a man of highest principles, and was recognized as an upright Christian gentleman by all who knew him. He and his good wife are known far and near as people of the old style Southern type of hospitality. The hundreds of people present at his funeral which was held at the family residence Wednesday afternoon showed the high esteem in which he was held by the people of this community. The funeral services were conducted by his pastor, Rev. S. D. Lambert, and he was assisted by Rev. G. C. Evans, pastor of the Baptist Church; Rev. Will Lynn, pastor of the Nazarene Church; also Rev. Kelly, a neighbor and very close friend of the family. Interment was made in Odd Fellow cemetery here. To the sorrowing loved ones and friends we offer sympathy.

Highway Signs Are Being Destroyed

J. Oscar Swindle, county school superintendent, received a communication from W. J. Van London, acting division engineer of the state highway department, relating to the destruction of highway signs. He said that it was called to his attention that school children are mutilating the signs along the right of way. There is a penalty of from \$1 to \$200 for this type of destructiveness, he said, and though he would not want to prosecute anyone for it, he said this brand of nuisance will have to stop even if the offenders had to be arrested to do it.

Goldthwaite

County Clerk L. B. Porter and family visited relatives in Falls county Saturday night and Sunday. Sheriff C. D. Bledsoe made a business trip to Del Rio last week. Quite a crowd from here attended the singing in Big Valley last Sunday. Rev. and Mrs. H. E. Moreland went to Dallas last Friday and accompanied some of the children from the Methodist home to Lake Victor where they rendered a program Sunday morning and then to Comata Sunday night. They then came on to Goldthwaite and visited relatives and friends here, returning home Monday.

Wiley Holland, who suffered a stroke of paralysis about a month ago, is still in a critical condition at his home in this city. Again the hearts of the people of this community were made sad when on Tuesday night, May 11th, Mr. P. G. Palmer passed away at his home in the eastern part of this city. Mr. Palmer had been confined to his bed most of the time since Christmas. He took influenza December 26th, and never fully recovered. He was only able to walk around the house a few days since that time. Mr. Palmer was 87 years old at the time of his death and has lived in Mills county over 40 years. He was born in Marshall county, Miss., on February 19th, 1842. He was married to Miss Carrie McAlexander, near Holly Springs, Mississippi. To this union was born eleven children. Five girls and six boys. One girl died in Mississippi, the other four girls and six boys, together with their mother, were present at the time of his death. The children are: Mesdames Lizzie Bateman, D. T. Hunt, Barney Carter and V. L. Parker; Ben,

Culvert Work Being Done On Brownwood-Hamilton Highway

Work on the culverts on the western end of the Mills county-Brownwood-Hamilton road was started Tuesday with Hilton Burks in charge. Made of heavy three inch timbers, a car load of which are on the ground, there will be about a dozen of these culverts in the twelve miles of road which Brownwood people are aiding in building. The culverts as well as the bridges along this route will be eighteen feet wide, which is two feet wider than the Bayou bridge on the Comanche road. The crown of the road is twenty-eight feet.

The revival began at the Baptist tabernacle here last Sunday. The preaching is being done by Rev. M. E. Hudson. The song service is conducted by Mr. and Mrs. John W. Gary. The pastor, Rev. G. C. Evans, has been working hard for some time getting ready for the revival and earnestly urges all Christian people to come and help in any way they can in the meeting. Frank R. Broadus and Miss Lilla Harvey were united in marriage at the home of the bride's parents, Mr. and Mrs. L. O. Harvey, on Fisher Street, Tuesday night. Rev. Doneth—pastor of the First Baptist Church of Lampasas, was the officiating minister. Mr. and Mrs. Broadus left on Tuesday night's train for their home in Salt Lake City. They carry with them the good wishes of all who know them.

COMPARE the delivered price as well as the list price in considering an automobile. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

If you are considering the purchase of an automobile, you owe it to yourself to check the new Chevrolet Six against any other car—value for value and price for price!

Here, in the price range of the four, is offered a smooth, powerful, six-cylinder valve-in-head motor—which delivers better than 20 miles to the gallon of gasoline—and whose smooth, quiet, velvety operation, with its complete lack of drumming and vibration, is a revelation. Here are beautiful bodies by Fisher—with fittings by Fernstedt—rich, deep-tufted upholsteries and adjustable driver's seat. And throughout the entire chassis are found numerous examples of advanced engineering—such as quiet, non-locking 4-wheel brakes... ball bearing steering mechanism... and automatic acceleration pump.

But no mere recital of features can give you any conception of Chevrolet's value leadership. So we urge you to come in and see for yourself why over 500,000 people have chosen the new Chevrolet Six since January 1st!

WANTS TO TELL OTHERS ABOUT IT

"One Bottle of Orgatone Did Me More Good than Everything Else," Says Brownwood Housewife.

"After I had tried doctors and nearly every make of medicine known and spent several hundred dollars in trying to recover my health, one bottle of Orgatone did me more good than everything else put together. I was certainly a wonder to me when the statement made recently by Mrs. Jennie Routh of 210 N. Broadway, Brownwood, Texas. "My health gave way several years ago," she continues, "and I began to go down hill so fast that I got to where I wasn't able to do my work, and enjoy it, everything I did was a burden to me. I had to force down what I ate and nothing gave me any nourishment, and even water soured on my stomach, and I couldn't keep anything down, everything I ate would come right back up, as if I couldn't pass my stomach, for my digestion was terrible. I had gas, and bloating spells, and of mornings would make up with the most terrible headaches. I had a bad liver, and had pains in my back and sides. I was very nervous and restless and got to where I didn't sleep or rest at all. I was also bothered with dyspepsia, and had been sick all my life, it seemed, and never found anything that would bring me out of it, and I had gotten to where I really didn't have much hope of ever being well again. "Since taking Orgatone, it is the greatest surprise I have ever had and a pleasant one too. I have not had indigestion or sour stomach since I began taking it, and can eat anything I want, without even the slightest trouble. I'm not nervous as I was, and wake up every morning feeling refreshed and full of energy and don't have the headaches as I used to. Orgatone has certainly done me more good than any medicine I have ever taken and I cheerfully recommend it to all suffering from stomach trouble, for it has been a blessing in my case. "Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Brownwood exclusively by the Camp-Bell and Peerless Drug Stores, under the personal direction of a special Orgatone representative. For sale in Coleman by Owl and Bowers Drug Stores. (adv.)

Round Up Is Made Saturday Night by Sheriff and Squads

Four squads of deputies headed by Sheriff M. H. Denman made a series of beer joint raids in and around Brownwood Saturday netting eleven prisoners and 1,217 bottles of beer.

Carlisle, Jess Heard, Willie Earp, Andy Page, Terry Miles, W. C. Nix, G. B. Taylor, Elmer Ross and T. P. Parker were put behind the bars following the raids, the last two men, Ross and Parker, being released Monday morning for lack of evidence. Other men held will be charged with selling intoxicating liquors.

Eight Places Raided
The raids were made on eight places where beer was found and men were taken into custody, and a few other places were entered but nobody was present to receive the officers.

Affidavits of at least two sales at each place were in the possession of Sheriff Denman before he made the raids, and he said he had been working on this evidence for the past four weeks.

Starting at 8 p. m. Saturday the four parties, headed respectively by Luther Guthrie, Jack Hallmark, Nathaniel Jacks and the Sheriff, and composed of eighteen men in all, started their trips of arrest and confiscation. Included among the party were: Deputy Virgil Cash of Blanket, Deputy Elbert Driscoll of Zephyr, Deputy L. L. Walton of Bangs, Joe Turner, Walter Taber, Lee Guthrie and Sam Melhous.

The largest haul was made at 2400 Brady street, where 581 bottles of beer were taken. The next largest haul was from the old Sweet house north of the city where 517 bottles were found and three men arrested.

Many Merry Makers
At this latter place the house was full of merry-makers, the sheriff said, among them many women. He entered the front door while his men surrounded the place. Lining the wall he disarmed the men and let all go except those wanted. He said that about 100 cars came to the place while the raid was going on, the prospective customers being told that there was no more business there that night.

A raid was made Sunday on a vacant house on Baine Boulevard said to be the manufacturing place for this gang. Here fifteen large jars were found, but no beer.

Much Beer Destroyed
During the entire time of the raids, which lasted until 2 a. m. there was no trouble with the officers, it was reported. About 2,000 bottles of beer were destroyed in addition to that brought in as evidence.

Other places raided included: a house at Ereezy Point where 81 bottles of beer were found and one man; the Terry Miles place north of the city, one bottle; the Andy Page house on West Baker Street, 9 bottles, and the G. B. Taylor place, three miles west on the Bangs road. Sheriff Denman made the statement that he had planned these raids in advance and that not one of his deputies knew of his plans until 7 p. m. Saturday, just an hour before they started. He said also that there were no state or federal officers aiding them, that it was a local, county affair.

COUNTY BOARD TALKS SCHOOL CONSOLIDATION

The consolidation of the Grosvener, Panther Creek, Cottonwood and Weedon schools, ordered by the county school board recently, was discussed at a meeting of the board held Saturday in the office of County Superintendent J. Oscar Swindle. It was decided to build this year a new school house at Grosvener of six rooms and an auditorium. Pupils will be transferred from the Panther Creek and Weedon schools to this, and one teacher school will be retained at Cottonwood for a time.

Why He Succeeded
Honored politically and professionally, during his lifetime, Dr. R. V. Pierce appears here, made a success few have equalled. His pure herbal remedies, which have stood the test of time, are still among the "best sellers." Dr. Pierce's Golden Medical Discovery is a stomachic alterative which makes the blood rich, it clears the skin, beautifies, pimples and eruptions vanish quickly. This Discovery, or "G. M. D." of Dr. Pierce's puts you in fine condition. All dealers have it in liquid or tablet form.
Send 10 cents for trial pkg. of tablets to Dr. Pierce's Clinic, Buffalo, N. Y., and write for free advice.

Beautiful Prison Service by First Methodist Class
The Bulletin has received the following account of a Mothers' Day service held at the jail yesterday morning:
"A beautiful and helpful service was held by the Comrades Sunday School Class of the First Methodist Church, led by their teacher, Mrs. O. E. Cameron, and assisted by the members of the L. F. Way Class and Miss Pearl Favors, as stated by the appreciation of the prisoners and the faithful deputy and wife, Mr. and Mrs. W. E. Hallmark.
"The occasion being Mothers' Day, the class prepared an inspiring and appropriate program and took with them candy and flowers to distribute. After registering in Sunday School and making their report, they filled several automobiles and hurried away for an hour's helpful service. After several beautiful chorus numbers, three young ladies, Misses Wilma Way, Clara Smith and Nancy Byrd, robed in white, with wings and halos, as angels, sang so touchingly, "Tell Mothers 'I'll Be There," that many tears were seen, and new resolves were made. Messrs. Glenn Brown and Cecil McClure furnished musical accompaniments on the violin and cornet. Miss Elizabeth Jo Doyle in white robe with a large white cross pantomimed "Rock of Ages."
"These numbers were so beautiful and impressive, they were repeated. After this a Bible lesson, showing the "Plan of Salvation" was given by Mrs. Cameron, and the prisoners expressed words of

appreciation that they had been remembered.
"I was in prison and ye visited me," are the words of the Master and the faithful deputy and his wife appreciate it very much when the Brownwood Christian people remember their own boys who are incarcerated. There is also a young white woman, sick in the prison, and the tender ministry of these beautiful young girls touched her heart very deeply."

Bangs

The school at Mukewater Friday, after a very successful term taught by Misses Lola Mae Daniel, Audrey Bull and Mrs. Alton McGaughy, closed. This is the second term taught by these three young ladies. Miss Daniel left Thursday for her home at Stephenville.

Miss Billie Eads has returned to her home here from Millersview where she has been teaching.

Mrs. Maurice Bell, who returned home last week from Central Texas Hospital where she was seriously sick for several days, is able to be out mixing and mingling with her friends.

Oren Ladell, small son of Mr. and Mrs. A. A. Seal, is reported on the sick list this week.

Mr. and Mrs. Alvie Brooks, Mr. and Mrs. J. A. Brooks and mother, Mrs. Addie Brooks of Brownwood, attended the singing here Sunday afternoon.

Mrs. C. B. Guyger and son, Maurice, visited Mrs. Guyger's father and sister at Proctor Sunday.

H. D. Smart of Coleman visited in the home of his brother, Rev. and Mrs. James L. Smart Sunday.

Mrs. David Caffey and baby of Brownwood spent Sunday in the home of Mrs. Caffey's mother, Mr. and Mrs. W. W. Gilbert.

Dr. Drake and Mrs. McClure, superintendent of nursing in Central Texas Hospital, attended church here Sunday night.

Mrs. and Mrs. John Allison were made happy last Friday over the arrival of a little son in their home.

Dr. Ashcraft, Rev. Smart, John A. Sparks and others enjoyed a wolf hunt on the Ashcraft property several miles northeast of town, on Monday night.

Edis Motor Company unloaded another carload of Whippet cars on Thursday.

Rev. and Mrs. J. C. Johnson of Brownwood attended the singing here Sunday afternoon.

Mr. and Mrs. Jim Etheridge have returned to their home at Rising Star after a visit to her parents and other relatives here.

R. O. Jackson has accepted a position at Midland.

Sunday, Mother's Day, is a day long to be remembered by the people of Bangs. A large crowd gathered at the Baptist Church to honor the memory of mother, Rev. Smart, the pastor of the church, brought a message that will linger in the hearts of those who love the memory of mother. He read the first five verses of the first chapter of second Timothy, Subject, "Motherhood, God's Plan and Purpose," using the letters in the word mother and M— was the beginning of the very sacred word, mother, and the many ways mother is our guide through this life as she strives to make of us what God would have us be. Others, She always thinks of others, especially children, whose mother has gone her heavenly home. Teacher, The teaching in the home most always depends on the mother. Helper, in the walks of life not only her own immediate loved ones, but others with whom she comes in contact. Eternity, through our mother's leadership, we are made to think of where we will spend eternity. Righteousness, She teaches us of the righteousness of God and strives to lead us in the paths of right—No child will ever turn in the paths of wrong. If they follow where the righteous mother

strives to lead through prayer and Godly living.
Mrs. A. B. Atkins of Memphis, Tennessee, is here visiting her daughter, Mrs. I. C. Howlett, and other relatives.
Munsey Sikes of Doole visited his father here Monday.
Last Sunday when Mr. and Mrs. J. L. Riordan returned to their home from church they found their two daughters, Mesdames Jim Etheridge of Rising Star and Walter Brooks of this place, had gone to the home during their absence and had prepared a bountiful Mother's Day dinner. Also Mrs. Riordan will celebrate her birthday next Friday. These thoughtful daughters made happy the fond parents by remembering Mother on the day set apart to the memory of mother.
Mrs. Chrys Martin and baby left Monday for their home in Fort Worth, after spending two weeks in the home of her husband's parents, Mr. and Mrs. S. P. Martin.
Mrs. Ida Campbell of Ballinger is here visiting her brother, E. D. Sheffield, and other relatives.
John A. Sparks, Gospel singer, closed a two weeks school of instruction in Gospel singing at the Baptist Church Saturday night. The attendance was not what it was hoped would be, but those who did attend were greatly benefited by their attendance. Mr. Sparks is a man of high Christian ideals and proved to those under his instruction that he knew his work. He is a long time friend of Rev. and Mrs. Smart and has led the singing in several revival meetings that Rev. Smart has conducted, and was a guest in their home while here.
Dr. and Mrs. T. D. Holder and Miss Odessa Martin attended the memorial service at Pleasant Valley Sunday.
Mrs. Holders' little niece, Dorothy Thomas, accompanied them home.
The Parent-Teachers Association will meet in the school building on Friday afternoon at 3 o'clock. The first seven grades will exhibit the Art work done in school this year. The induction of officers for the ensuing year will follow.
The Junior Class play, entitled, "Bonds on a String," was given at the Texas Theater Tuesday night.

Slaughter Ranch to Give Way to Sway of Farming

LUBBOCK, TEXAS, May 7.—(AP)—A last stronghold of the cowboy on the broad prairies of Northwest Texas—the John B. Slaughter ranch of more than 20,000 acres in Cochran county—has yielded to the call of civilization, and next fall this tract will be cleared of its cattle and opened to farmers.

The land will be divided into 200 farms, which will be sold on attractive terms to encourage rapid settlement.

The ranch is one of the few remaining traces of the cattle barons. Headquarters of the ranch remain as they were when years ago they formed a showplace for the entire South Plains country.

Nestling in the center of the broad, fertile prairies of Cochran

county is the six room stucco and brick home which forms the headquarters of the Slaughter family. In former years the home was the scene of many a celebration of cattlemen.

The ranch was established in 1902 by Col. C. C. Slaughter, and originally comprised 200,000 acres.

Thirty years ago, as one of the pioneer cattlemen of this section, Col. Slaughter dreamed of the day when farms would supplant the then supreme steer on the Texas

plains. Speaking at a railroad celebration at Pinalavie in 1907, Col. Slaughter said: "The day is not far off when the great fertile plains of Texas will become the breadbasket of the Southwest."
At the time of his death, Col. Slaughter owned approximately 1,000,000 acres of land in Texas.
The happiest people are those who know least about calories, says the San Francisco Chronicle.

FEDERAL FARM FACTS

The farm price index level declined 2 points during the period from March 15 to April 15, marking the first fall of this mark for several months. During that period it stood at 138 per cent of the pre-war level, a drop of 2 points below the level of the same period in 1928. The cause, as given by the U. S. Department of Agriculture, was the decline in the farm prices of all crops, livestock products, eggs, calves and wool.

Being a tropical insect, the Mediterranean fruit fly will in all probability not invade the northern parts of the United States. It will, however, if left to spread, invade all southern parts of the country from Florida to California and probably as far north as Ohio and Missouri.

Even though the extension de-

partment of the U. S. Department of Agriculture is doing great work in aiding farmers all over the country, C. B. Smith, chief of the office of Co-operative Extension Work, says: "We believe that we can double, perhaps treble, our economic extension work to the very great advantage of the farmer."

Every county needs a woman extension agent in addition to the male representative, according to C. B. Smith of the U. S. Department of Agriculture.

At present there are agricultural extension agents in more than 2200 counties in the 2900 rural counties in the United States, according to C. W. Warburton, director of extension work of the U. S. Department of Agriculture.

The Bureau of Agricultural Economics reports that people in the United States are drinking more milk, eating more butter, cheese and ice cream and using more condensed and evaporated milk than ever.

During the last three years more

than 1,085,000 acres of additional forest land have been brought under state administration, the U. S. Forest Service reports. This increases state forest holdings to more than 6,556,000 acres. During 1928 the state of Washington alone increased its holdings by more than 1,300,000 acres.

Publicity has been placed in agriculture, says M. C. Wilson of the U. S. Department of Agriculture. He found in a survey that publicity in news stories, bulletins, letters, posters and radio, were responsible for the adoption of 30 per cent of the 27,032 improved practices introduced on 8738 farms in 12 states.

NO FEE SET HERE YET FOR MEDICAL EXAM PRIOR TO MARRIAGE LICENSE

Not having state medical blanks which are supposed to go with the advance notice of intention for the procuring of a marriage license, the doctors of the Brown County Medical Society in a meeting Tuesday night failed to name the price they will charge for the required medical examination.

All of the doctors said they are in favor of such an examination, primarily to prevent serious spread of disease, and some of them expressed the belief that the examination should be for the women as well as for men.

The matter of a fee for the examination will be determined when it is learned just how thorough a one is to be given. If the law is taken as they now think it means, a most thorough examination will have to be made in each case and the cost is likely to be heavy with all the laboratory expenses counted in.

The new law requiring a physical examination for the man before the license is procured goes into effect June 12th.

The eighteen physicians present at the meeting, which was held in the Chamber of Commerce rooms and presided over by Dr. H. L. Lobstein, voted in favor of giving Boy Scouts free entrance examinations, and also voted to give two hours' service from each doctor in the examination of babies next week, known nationally as Better Babies Week.

Dr. E. G. Giles of Temple read a paper on a spinal subject and Dr. H. G. Walcott of Dallas read a paper on the treatment of ulcers.

BLAGG'S PHOTO STUDIO NOW OWNED BY McLEAN

The studio formerly belonging to Joe S. Blagg, 108 1-2 West Broadway and operated for some time past by O. E. Kennedy, has been purchased and will be run by B. C. McLean, under the name of McLean's Photo Studio.

Mr. McLean, in from San Antonio and in taking over this studio will do quite an amount of redecorating, repainting and papering. Mr. McLean said that since he has been here, two weeks, he has not had time to start this redecorating due to the press of business.

BOY SCOUT ACTIVITIES NUMEROUS AS SCHOOL COMES TO A CLOSE

Ten first class Boy Scouts were awarded forty-one merit badges at a Court of Honor held at Goldthwaite Monday night. Five second class scouts were awarded eight merit badges, and three first class scouts were raised to the rank of scout. Fifteen scouts from Brownwood including scout executive Jack Brunberg, attended the meeting.

Three field meets are scheduled for the Pecan Valley Council during the next few weeks. One of these at Brownwood in Coggin Park will be held at 3 p. m., May 24, for the scouts at Brownwood, Bangs and Comanche; one at Goldthwaite at the fair park at 3 p. m. May 31 for troops at Richland Springs, Cherokee, San Saba, Lampasas, Lometa, Goldthwaite and Mullin; and at Dallas at 3 p. m., June 1 for troops at DeLeon, Dublin, Stephenville and Thurber.

Events making up the field meets will include: signalling, both wig wag and Semaphore; fire building; string burning and water boiling; sailing; archery; and the game known as "Murphy Says."

Each meet closes with a Court of Honor ceremony.

Registrations for the summer camp are coming in rapidly, said Mr. Brunberg. Indications are for an overflow crowd and every period is receiving its quota of applications.

Now that school is nearly over many scouts are asking for the opportunity to do yard work, run errands, distribute circulars or do any similar work to earn money for their camp expenses. Citizens needing such help can get it by calling the boy scout headquarters office.

Coals for Newcastle

Newcastle-on-Tyne, England, is the center of the coal industry of Northumberland and Durham. The phrase, "carrying coals to Newcastle," appears in an anonymous sermon to the people of Queen-Hith, advertised in the Daily Courant of October 6, 1709, and published in Paternoster row, London. The phrase implies unnecessary labor.

Early Toast

Wassail, a liquor consisting of ale with roasted apples, sugar, nutmeg and toast, received its name from the Anglo-Saxon phrase meaning "May you be in health," which was used in drinking a toast in the liquor.

Educational Progress In the Heart of Texas

BY J. OSCAR SWINDLE
County Superintendent of Brown County

In this article Mr. Swindle continues and completes the arguments in favor of consolidated schools as expressed by Howard H. Goss of the University of Oklahoma. Next week he tells of the progress of consolidation in Brown County.

This typical consolidated school has better teachers than the average school, shown by the fact that they draw better pay and have more experience than the teachers in this typical consolidated school.

Training and Experience of Teachers

Elementary Teachers: Number of Consolidations reporting 233; College graduates 150, percent 7.7; Normal graduates 90, percent 31.3; High School graduates 651, percent 33.7; No graduation 138, percent 7.1.

High School teachers: Number of consolidations reporting 223; College Graduates 1,023, percent 72.5; Normal graduates 268, percent 19.5; High School graduates 93, percent 7.7; No graduation 28, percent 1.3.

Two of More Years Experience

Elementary Teachers: Number of consolidations reporting 1,599; percent 82.8; Normal graduates, 1929, percent 100.

High School teachers: Number of consolidations reporting 1,124, percent 80; Normal Graduates 1,410, percent 100.

In other ways the typical consolidated school is above the average school. Thirty seven percent of the enrollment is in the high school. For the United States the high school students make up 12.3 percent of the enrollment. Its percent of average daily attendance is 91 as compared with 79.2 percent for the country at large. Its expenditures are approximately \$80 for every child enrolled and \$91 for each child in attendance. Corresponding figures for the country at large are \$68.02 and \$85.71. The school property has a valuation of \$203 per pupil enrolled in the typical consolidated, while in all schools it amounts to \$123. The consolidation is spending fourteen percent of its income for transportation, while that for the country at large is only two percent.

In general the data for the consolidations listed show that the average school consolidation is stronger than the average school in the United States in such important factors as wealth that is taxed for school purposes, in value and suitability of school buildings and grounds, in the salaries and experience of teachers. Some of the consolidations do not come up to this standard due to the small value of the taxable property. The only real reason for a consolidation of this kind is to be used for further consolidation. Let us now consider the procedure of consolidation and the problem of transporting pupils.

Kind of Consolidation

There are two kinds of consolidations, in Oklahoma they are known as the consolidated school. This is where all the pupils of the consolidated district go to the same school. The other is called the centralized graded school; in this the consolidation is made and all the school children are transported to the one school, and then all the high school pupils are transported from there to a nearby school. The latter is to be preferred where the number of high school pupils is so few that a high school just for them would seem wasteful. This would be the first thing for a group of district to decide upon.

In order to form a consolidation, say between five districts, a petition must be floated in each district and if one-third of the legal voters of each district signs the petition, the county superintendent will set a day on which an election will be held. If in this election the majority vote for the consolidation, the county superintendent will take the necessary legal steps to form the consolidation. The next step is for the district to hold a combined meeting and decide upon the location.

was named next year's convention city. A resolution favoring an increase in pensions was considered again today, after one yesterday was turned down because of reference to a Washington newspaper.

Fine Residential Street

The relative standing of the various large streets of the American cities is, of course, largely a matter of opinion, but according to Edward Hungerford in his book, "Rochester," East avenue, Rochester, is perhaps the finest residential street in America. He says that this is due not only to the beauty of the homes, but also to the careful restriction of the style of architecture and the encroachment of business.

There is no "original sin." No matter how unusual it is it has been thought of before by thousands.

OIL DENY MANY PROSPECTING APPLICATIONS

WASHINGTON, May 16.—(P)—Commissioner Moore of the General Land Office reported to Secretary Wilbur today that since President Hoover's oil conservation program

was announced two months ago, 5,528 applications for prospecting permits had been rejected and 2-129 permits already issued had been cancelled.
