Brochure Urged as Vital to Promote Local Industry

President Eisenhower was correct in one prediction about the visit of Khrushchev. The fat little man is getting an eye-full of the American standard of living as produced by the economic system he so passionately despises. But it is most doubtful that he will respond as the President hopes and leave here with a greater respect for this country.

The Soviet bully boy has been indulging in quips and retorts which reveal not only the stubbornness of his attitude but also the intense determination and conviction that communism will show even more progress. He says "we will grow taller corn . . . and more and better livestock. We will have better living conditions." And so on and on. He never seems to tire in his effort of proving the red system's superiority by just repeating his absurd claims.

The guy simply has a warped mind. He himself has become a glaring example of what can be accomplished by the big lie. He has stuck to the line so long, repeated it so often, that he himself has been taken in by it. As the old saying goes, none are so blind as those who will not see.

In his obnoxious way he tries to use this attitude as justification for the insulting remark he made long ago. By "we will bury you" he says he refers to the communist wave of progress which will eventually submerge the capitalist way of life . . . that he was not referring to physical violence. To our way of thinking he has done little toward softening his insult. The prospect of living under the red system is little less repulsive than being wiped out by it.

Even at that we have our doubts about Mister K's real intention behind that remark. Knowing him as the Butcher of Budapest, the murderer of millions of his own people, the cold blooded executioner of political enemies, we doubt that he would have any scruples about applying the threat exactly as it sounds.

Time alone will tell whether anything is being accomplished by permitting this arch criminal to come over here. There are some who claim to be practical in admitting that the man has tremendous power and the cause of world peace can best be served by dealing with him in a friendly way. There are others who point to his record of wickedness and treachery as indications that he is only trying to relieve tension as he continues toward his goal of world conquest. He is only trying to sell us another installment of his long discredited co-existence plan.

Preaching that line over here constitutes about the biggest insult of Khrushchev's entire visit. The man had the nerve to complain about America's "interference in the internal affairs" of countries that were being taken over by communism, but ignored the Soviet and Chinese interference that started the trouble. He insists that countries should have the right to work out their own destiny even while the captive countries of Eastern Europe are prevented from doing so by the Soviets themselves.

Co-existence as preached by Khrushchev is the most monstrous conglomeration of political hypocrisy ever proposed to the world. It is the ultimate of the double standard, which claims that it is all right for me to do something but wrong for you to do the same thing. The bunk he hands out would insult the intelligence of a school boy.

In that respect this country definitely has a subject of mutual interest to talk over with the red leader. President Eisenhower could say that we're strongly for co-existence, have been all along, but we've got a belly full of the Soviet version of it. From now on we want it applied according to the real meaning of the word, and we intend hereafter to deal with every communist violation in the most effective way we can. He could add also that we're starting it as of now by going after every one of the red spies and subversives who are at this very time meddling in the affairs of this country . . . and that we intend to help any country that has any future trouble with red interference.

Yes, we like the co-existence idea . . . when applied by standards of justice and fairness . . . but not the Soviet farce.

Muenster's first need, if it expects to attract industry here, is a brochure listing the vital information about the town and community.

That was the advice of Leon Huff Jr., manager of the industrial department of the Texas Bank and Trust Co. of Dallas in his address to the Muenster Lions last Thursday night.

A brochure is usually the community's first contact with a prospect, he said. Firms wishing to locate a plant nowadays ask for information on the towns they are considering, and the town which cannot furnish the data promptly and in attractive form loses its opportunity.

The brochure does not have to be elaborate, he added. The important thing is to provide as much information as possible in a neat and orderly form, and especially not to discourage a prospect by smudgy or disorderly work . . . or by failure to supply up to date information.

Details to be treated in the brochure include labor supply, average wages, existing industry and business in the town and community, religious, educational and recreational facilities, taxes, power, gas and water availability, transportation and any others which have a bearing on the area.

Next in importance is the proper attitude of the people in a town. When a prospect becomes interested he will likely look over the town and make a few stops without revealing his identity or his purpose. And he can easily be discouraged by appearance and remarks.

In this respect a town needs the cooperation of all its citizens. They can do much for its industrial future by giving a good impression.

Tigers Trampled In 43-0 Stampede By Sharp Era Team

Sacred Heart's Tigers did not have a chance Saturday night in their encounter with the Era Hornets, generally rated as the most likely prospects for the District 12-B title.

With an abundance of power expertly directed by Neal Wilson the Hornets had an easy time trimming the Tigers 43-0.

The slaughter started promptly as Era took the opening kickoff and opened a 57 yard scoring drive. Wilson hit Carroll Lewis with a 17 year pass for the score, then hit Bill DeBorde for 2 more points.

The next few minutes featured three slip-ups by the Tigers. Sacred Heart fumbled and Era kicked on its first series. The Tigers tried to kick on their next series and had it blocked. Era lost that chance on a fumble. Then the Tigers fumbled again and Era took advantage of the opportunity. Two plays made the 10 yards, Belz going over from the 4.

The next Tiger effort was broken up by an interception after which the Hornets drove 55 yards to their marker just after the second period started.

Following the next kickoff the Tigers lost the service of Halfback Tim Wimmer, their most consistent ball totter. Then they ended the series with a blocked kick which was scooped up at the

Walnut Street Is Next on Muenster Paving Schedule

Walnut Street is next on schedule for a complete curb and pavement job. At its meeting Monday night the city council received a petition signed by residents of the street and asking for the improvements.

Responding to that petition the council passed an ordinance ordering the work to be done and providing for a hearing at which the council will consider objections that may be presented. Walnut is the second street east of Main, passing the east side of the baseball field. The project is to extend six blocks from the highway to Sacred Heart High School.

The plan is to start the project soon so that curb work can be done without crowding before next summer, at which time the paving is to be done.

Tax Office Opens At Public School

Beginning next Friday, October 2, the Muenster School District will begin operating as its own tax collector.

B. J. Sickirg, president of the school board, announced this week that a tax office in the school building will be open on Mondays, Wednesdays, and Fridays from 9 to 4 for the purpose of receiving tax payments and enabling property owners to make their renditions for the next year.

The tax office is in the small room adjoining the library, which has been used a number of times for holding elections. It can be reached from the south porch. Mrs. L. B. Bruns, district tax assessor-collector will be on duty.

Fire Friday Night Destroys Home of Julius Hermes Jr.

Fire of undetermined origin completely destroyed the residence and all furnishings of Mr. and Mrs. Julius Hermes Jr. about nine miles southeast of Muenster Friday night while the couple and their sons Bobby, 4 and Kenny, 18 months were away from home.

When discovered about 9:30, the blaze was too far advanced to save anything. Muenster fire men went to the scene and directed their efforts to preventing grass fires in the area.

The farm house, an eight-room, two-story frame structure was the property of Mrs. George Lutkenhaus who now resides in Gainesville. She had insurance on the building but the Hermeses did not have their belongings insured. The family lost everything except the clothes they were wearing. Hermes works for National Supply Company. His wife is the former Clara Flusche.

Until they get located in another home, the Hermeses are dividing their time between their parents, the J. P. Flusches here and the Julius Hermeses at Lindsay.

A community shower for the family was held here Tuesday night in the Parish Hall with St. Anne's Society as sponsors.

Five Will Receive Top FFA Degrees At Area Banquet

Four FFA boys and their former instructor will receive Lone Star Farmer Degrees at the organization's annual Area 5 banquet to be held in Fort Worth Monday night.

Don Trubenbach, Ferd Haverkamp, Doug Hellman and Roger Fleitman will receive the degrees for their achievements in FFA projects and Glenn Hellman will receive an honorary degree for outstanding work in assisting the boys.

NEWS OF SICK AND INJURED

Mrs. Joe Knabe re-entered Gainesville Sanitarium Sunday and had surgery Monday. The operation followed tests and observation the previous week when Mrs. Knabe was in the Sanitarium three days.

Herman Stoffels was in Dallas Wednesday for a check-up at the VA Hospital. He visited with Pete Rollman who is a patient there and Pete said to tell everybody hello.

Mrs. Wayne Thompson has returned to Saint Jo after spending five weeks at the Mayo Clinic in Rochester, Minn. With her while she was away was her friend and nurse, Mrs. O. R. Cook of Forestburg.

Faye Fette is reported recovering satisfactorily following a major operation at Parkland Hospital in Dallas on Sept. 16. She was in surgery for seven and a half hours. Since Sunday she is taking nourishment, and barring complications, is on the road to good health. Her sister, Mrs. Jake Stewart, who was at the hospital with her has returned home but makes regular visits. Faye will be hospitalized at least two more weeks, the doctors said.

Mrs. Tony Koseler is recovered from a sick spell that had her in Gainesville Sanitarium four days last week for X-rays and observation.

Mrs. J. R. Winstead is a patient at Gainesville Sanitarium for medical care.

Muenster Library Opens Wednesday

Muenster Public Library, sponsored by the local court Catholic Daughters of America, opened for business this week Wednesday in the City Hall.

The opening was informal and the court's library committee spent most of the day working at various tasks connected with getting a library to function.

Opening hours were from 9:30 to 5:30 and visitors stopped in including County Librarian Carrie Hudspeth. She brought Mrs. Davis with her from Gainesville. Mary Catherine Walterscheid checked out the first book.

On hand for the opening were CDA Librarian Mrs. J. M. Weinzapfel and her committee, Mrs. Steve Moser, Mrs. Charles Taylor, Mrs. R. N. Fette and Judy Trubenbach. Mrs. Joe Lehnertz joined them to help.

More than a hundred books including reading for children and adults and a variety of magazines are neatly shelved and ready to check out.

The sponsors plan to have an open house to be announced later. For the present time the library will be open on Wednesday of each week.

WITH THE MEN IN SERVICE

Telephone Visit

Ronnie Cannon telephoned home Tuesday for a visit with his parents, the Claude Cannons. He reported being settled after his recent leave and in classes at the Naval Training Center in San Diego. He also mentioned that Gerald Knabe is in the same class and that they occupy the same barracks. Gilbert is the son of Mr. and Mrs. Joe Knabe.

Visit By Phone

Larry Hofbauer couldn't come home to attend graduation exercises in which his sister Donna received her nursing diploma at Dallas, but he visited with her and the rest of the family by telephone. Larry told about just getting back from a 3900 mile trip with two army buddies to Old Mexico. He is based at Fort Bliss, El Paso.

Basic At Fort Riley

Muenster's latest enlistees in the army, Lennie Vogel, C. J. Hellman and Butch Hudspeth, are at Fort Riley, Kansas, for basic training after being processed at Fort Carson, Colo.

Back In Louisiana

First Sgt. John Durbin is back for army duty in Metairie, La., where he served several years before being transferred to Fort Sill, Okla., and San Antonio. The family is at home in that city at 313 Helois St.

In South Carolina

Joe Noggler who was here on leave after finishing basic army training at Fort Riley, Kansas, writes that he's settled in classes at Fort Jackson, S. C., where he's studying electronics. His new address is: Co. A, 17th Spec. Bn., Class 35, Fort Jackson, S. C.

Crippled Hornets Clobbered 28-0 by V'View Warriors

The big, powerful Warriors of Valley View went on the warpath Friday night and inflicted a decisive 28-0 massacre on Muenster's Hornets.

It was a one sided game all the way with the rugged Wichita County boys not only pushing their visitors around the field but also sending three of them to the bench for the duration. Mark Hellman came out early, Ferd Haverkamp and Jim Schumaker came out later. Another team handicap was the absence of Joe Hellman, who was still nursing injuries from the previous game.

Despite the odds, however, the Hornets did a good job of stopping the Warriors' sustained drives. Two TDs were practically donated by fumbles, two others resulted from beautiful pass plays. Moments after the start the hosts had a set-up after Muenster's fumble on the 9, and Moore blasted through for the counter.

Next the Hornets came back with a nice attack that gained two first downs but had their hopes shattered by an interception on the Warrior 18.

Resident Deputy Assigned to City By County Sheriff

Beginning October 1, Muenster will again have a resident deputy sheriff. He is Bill Pratt, a native of the Thackerville, Okla., area and now a deputy sheriff at Madill, Okla.

As before, the deputy comes here on a cooperative arrangement between the sheriff's department and the city of Muenster, each paying a part of his salary. He is a county officer assigned to this part of the county.

Deputy Pratt was here Wednesday morning in the company of Sheriff Whisnand and started looking for a house, hoping to move here on Oct. 1 or shortly afterward.

His previous experience includes two years with the Military Police, a year on the Madill city police and two years with the sheriff's department there. He is 28 years old, married, has two children.

Sanger Game Date, Oct. 16, Picked for MHS Homecoming

Plans for Muenster High's Homecoming—the school's fifth annual event—are already in the making and students have selected their class favorites to vie for the honor of homecoming queen.

The big day will be Friday, Oct. 16, and will feature the football game between the Hornets and the Sanger Indians, the queen's coronation at half-time, a general meeting of the Ex-Students Association and a dinner-dance.

Queen candidates are Theresa Fisher, senior; Jeannette Walterscheid, junior; Martha Sue Meurer, sophomore; and Bobbye Tuggle, freshman. As in previous years, the winner will be chosen by former students who will mark a ballot accompanying an invitation they will receive in the mail.

The queen's identity will not be revealed until she receives her crown during the coronation ceremonies.

Already busy going over the roster of exes are officers of the Association who are preparing invitations and ballots to mail. Mrs. H. H. Homsley and the senior class will prepare the dinner.

Submerged Pumps Now in Use on All City Water Wells

The city's No. 3 water well, located on North Main, is due to go back into production any day now. All that is needed is an electrical connection for the new submerged pump which has been installed.

The well had been idle for several weeks after its impeller shaft broke.

In making repairs the council decided to quit its old pump, consisting of a big motor at the surface and an impeller shaft extending to the water level. Instead it installed a submerged pump with the motor and impeller together in a single unit at the bottom of the well. It eliminates the long shaft and numerous bearings which caused most of the trouble on the old pump.

With this changeover Muenster water is being pumped entirely by submerged pumps. The other two wells have been operating with less trouble and less expense since the change was made and the council had decided in advance to make this change at the next breakdown.

Farm Bureau Holds Policy Meetings

Farm Bureau members of Muenster are urged to report in full numbers Friday for an important meeting on developing policies and resolutions to be presented before county, state and national conventions of their organization.

The meeting will be held in the agriculture room of Muenster High School starting at 8 o'clock.

More business for Friday night is electing two persons as local representatives on the County Farm Bureau's board of directors. Meetings of this kind are currently in progress in the several community units of the county.

Rosston and Downard-Fairplains have had their meetings. Muenster meets Friday and Lindsay meets next Monday, 8 p.m. in the parish hall.

Production Begins At Dress Factory After Open House

Muenster's plant of the Raden Manufacturing Company went into operation this week following an open house last Saturday.

It started with five operators with Mrs. Joy Crella as supervisor and Mrs. Louis Roberg as manager of the Muenster and Gainesville plants. Sam Raden, owner of the two locations along with one in Dallas, is spending his time as the firm's sales representative. For more than a week he has been in the North and East and reports that business has been good, indicating plenty of work ahead for the local factory.

Another operator was added here Wednesday and more will be added steadily as work is organized and more equipment is added. Raden expects to expand to more than fifty employees before the first of the year. At this time the plant has eighteen sewing machines.

Last Saturday's open house was attended by a large number of visitors including many from Gainesville, Lindsay, Myra, Saint Jo and Forestburg. On the main work counter were about a dozen floral tributes from business firms and individuals of Muenster.

Hostesses were Mrs. Roberg and Mrs. Crella who explained the plant's operation, and Carra Roberg serving coffee and cookies. Demonstrating use of the machines were Mrs. Hugo Lutkenhaus and Mrs. Velma Burk of Saint Jo.

Displays consisted of about a dozen dresses from the Gainesville plant as samples of the design and quality to be produced here. Another display, coinciding with the opening, is a pair of dresses which are still in the show window of the Charm Shop. The Raden line was added there recently, since arrangements were made to set up the factory here.

Hornets Get Rest As Tigers Take on Rugged Saint Jo

There's no rest for the Sacred Heart Tigers nowadays. Following their rugged game, and a 43-0 loss, with Era last Saturday, they face an equally tough assignment Friday night at Saint Jo.

The Panthers this year rate as one of the stronger outfits in District 12-B, possibly the champ. They have played only one game to date, a one-sided affair with Gainesville's Leopard B team. And last week end the Panthers showed their muscles in a scrimmage with Henrietta. Had the score been kept on that event Saint Jo would have been the winner.

For the Hornets this will be a weekend of rest, a very timely break during which they will have a chance to recuperate from the mauling inflicted by Valley View's Warriors last week.

Physically the Tigers are ready for their Saint Jo tussle. Tim Wimmer, who was out for more than half of the Era game, is back in condition and the rest of the team came through without injuries.

Parochial Pee Wees To Play Windthorst

George Petrus and his Sacred Heart Cubs will be out to make a good start next Sunday when they take on Windthorst's kiddies in both teams' opening game of the North Texas Parochial League. The game will be played here, starting at 2 o'clock.

On the Cub squad are about 25 kiddies headed by 12 who had previous experience last year.

The parochial pee-wee loop this year consists of four teams: Sacred Heart, Windthorst, Lindsay and AMI of Wichita Falls. The latter two had their opener last Sunday, AMI winning by a count of 18-0.

SCHEDULE OF COMING EVENTS

FRIDAY, Sept. 25, Farm Bureau meets in Ag building of Muenster High School, 8 p.m.

FRIDAY, Sept. 25, Sacred Heart Tigers vs. Saint Jo, there, 8 p.m.

SATURDAY, Sept. 26, Bake Sale sponsored by MHS sophomores at Fisher's Market, beginning 10 a.m.

SUNDAY, Sept. 27, Sacred Heart Cubs vs. Windthorst, here, 2 p.m.

TUESDAY, Sept. 29, Sacred Heart Home-School Society meeting, 8:15 p.m.

A THREAT IS ANSWERED

Labor leaders, on both the national and local levels, have brought enormous pressure to bear against members of Congress in their attempt to block even moderate labor reform legislation. The consensus is that numbers of these legislators have bowed to the storm. However, there are many outstanding exceptions. One is Representative Walter Norblad, of Oregon's First District.

An Oregon long shoremans and warehousemen's local wired him that it was opposed to all pending labor reform legislation and that it would be watching how he voted. In reply to this threat, Mr. Norblad said that he had voted for the Griffin-Landrum Bill, to which labor is particularly opposed. He then added: "It is my personal belief that there are a number of reforms needed in the Labor-Management field. One is a Bill of Rights to entitle members to speak freely at the meetings; protest union policies, assemble freely; and sue union officers who deny them their rights. . . . It is my further belief that blackmail picketing is illegal and should be outlawed, and the same is true of the sec-

ondary boycott and 'hot cargo.'

"You are not only welcome to read this letter to your membership, but I hope you will do so as I would like them informed of my views in this matter."

Mr. Norblad's attitude is encouraging—and the hope is that it will serve to stiffen the backbone of any member of Congress who may be disturbed by "big" labor's threats. The labor mess has to be cleared up.

PRICE OF A MEAL

The following is reprinted from the Southern California Forum:

"Here's a note on inflation. It's the German story. When the Socialist controlled Government took over in Germany in 1919 it took four and a fifth German marks to equal the purchasing power of \$1.00 in American money. German inflation began to run wild in 1922-23.

"Then it took 160 thousand marks to equal our dollar's purchasing power. By November, 1923, the mark was valued at 4 billion 200 million to the dollar. "A newspaper in Berlin sold for 200 million marks per copy.

"There is an interesting story of a young German being left an inheritance of 650,000 marks in 1920. That was worth approximately 65 thousand dollars at the time. The provision was that he would receive it when he was age 21, and he became 21 in the middle of 1923.

"With his entire inheritance he was then able to buy only one meal.

"Think what will happen to pensions, insurance and savings with that kind of inflation."

"Sometimes statistics provide very boring reading, yet there are times when they contain information which should be of interest to every one of us . . . like, for instance, the information that in 1930, 664,000 persons were in the employ of the federal government . . . today, exclusive of our armed forces, the number has reached 2,100,000, an increase of more than 200 per cent . . . the same statistician reports that in 1930 taxes took 13 per cent of the national income, while today the figure has reached 29 per cent . . . in 1930, the per family share of the national debt amounted to \$540, while today the figure is \$5500 . . .

moving into a previously all-white neighborhood received only eight inches back on page 12. It required heavy police protection to move them. The apartment into which they moved had been the target of prior demonstration. "Emergency police squads were needed to disperse the mobs," The Tribune said. More than 100 policemen were assigned to patrol the area at night.

It required almost as many Chicago policemen to move two Chicago Negro families into a Chicago apartment house as it did to inaugurate integration in Little Rock. Journalistically, Little Rock received 28 times the space in "The World's Greatest Newspaper" that a similar

"For many years scientific researchers estimated that the market value of the substances in the average human body was only 98 cents. Now, because of inflation, the market quotation is \$1.17.

"You are now worth 19 cents more than you were 25 years ago. But since the 1959 dollar is worth much less than the 1935 dollar, that margin isn't enough to account for the difference. Should that make a person feel cheap?"

THE WIDE, WIDE WORLD

By Wilfred G. Hurley, C.S.P., author of I BELIEVE and THERE IS A GOD

Perhaps this evening you will go for a walk in the mellow dusk of Autumn. It is that thoughtful time of the year when the sky seems so very near. In the vast canopy over your head, the stars seem to crowd each other for space. Little twinkling points of light.

LITTLE points of light? The diameter of the earth is not quite eight thousand miles. The star named "Arcturus" has a diameter of about twenty million miles!

Then again, there is Mira. Scientists give us indisputable proof that this star is thirty thousand billion, or in figures—30,000,000,000—times as great in volume as the earth.

IT SEEMS incredible. You can scarcely imagine it. It crushes your comprehension when you are told there are millions of such stars. Standing there in the starlit dusk, you can only ask yourself, "Where has all this come from?"

All that science can tell you is this: the universe is a black, yawning immensity, pierced here and there by suns which are mere pinpoints of light in this vast cold chasm of night.

YOUR question rises again. Where

has it come from? Did this tremendous universe, whose very vastness overwhelms human thought, just happen to begin? Does it explain its own existence?

Only by doing violence to your reason and common sense could you claim this wonderful system of worlds made itself. There is only one possible explanation. It must have been created! By their scientific research, many modern scholars are led spontaneously to this conclusion.

THE VAST SUNS of the universe, as they wheel with the speed of light along their gigantic orbits; the limitless chasm of black night in which we float; all cry out: There is a God.

He made the world—He made all things that are made—He made you. One Who always was, and always will be—He is your Creator. He is your God.

GOD, however, is not a remote power, who rules the universe from afar. He is our loving Father, who sent His Son into the world in order that He might share His life with us.

God wants to unite us to Himself. Therefore we must know Him. We must know Him not merely by observing the world about us, the work of His hands, but by learning what He has told us of Himself.

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 103-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

Members of the Idle Eight Club were entertained for their September social by Mrs. Joe Hoenig who was hostess in her home. After a series of progressive 42 she served apricot pie a la mode and coffee to members and one guest, Mrs. Frank Trubenbach.

In the games, Mrs. Joe Wilde led the scoring for high tally, Mrs. John Wieler was second high and Mrs. Jake Pagel received the consolation award.

Gift Party Honors Newly Wed Couple

A miscellaneous gift shower honored Mr. and Mrs. Dean Forney at Myra Thursday night. She is the former Jeannie Aytes, daughter of Mr. and Mrs. Cecil Aytes. The recently married pair are making their home in Gainesville.

Hostesses for the shower in the school were Mmes Archie Livingston, Bennie Reynolds, Jack Biffle, Lee Livingston, U. E. Cato, Fred McTaggart and Aubrey Williams.

In a series of games, prize winners were Mrs. Ronnie Aytes of Gainesville, Kay Aytes, Mrs. Ira Whitehead and Mrs. Jack Biffle. Mrs. Forney's sisters, Kay and Joy Aytes, poured punch and registered 22 guests who helped themselves to fancy cookies.

A bride doll centered the gift table and seasonal flowers decorated the party room.

Mr. and Mrs. Teddy Gremminger and children of Garland were here during the weekend visiting their families, the Ted Gremmingers and Victor Hartmans

Rita Walter Will Wed A. I. Chapman In October Rites

Mr. and Mrs. Joe B. Walter of Gainesville have announced the engagement and approaching marriage of their daughter Rita Ann to Aubrey I. Chapman Jr., of Dallas, son of Mr. and Mrs. A. I. Chapman of Columbus, Texas. The bride-elect is the granddaughter of Mr. and Mrs. John Walter.

The couple has planned the wedding for Saturday, Oct. 24, in St. Mary's Church at Gainesville with a cousin of the groom, the Rev. Benjamin Hunt of Washington, D. C., officiating.

For her attendants Rita has chosen her sister, Mrs. Bill Graham, as matron of honor, her niece Belinda Blevins of Boonville, Ark., as flower girl, and Joyce Hughes of Dallas and Patricia Langlais of Shreveport as bridesmaids.

The grooms attendants will be his brothers James Chapman of Waco and Walter Chapman of Houston and Robert Berkshire of Dallas. His nephew Bill Burtshell of Sealy will be ringbearer.

The bride-to-be received her BS in Education from Our Lady of the Lake College in San Antonio and has taught in Rosenberg and in Dallas. Her future husband received his BS in Mechanical Engineering from Texas University and his MS in Mechanical and Nuclear Engineering at the Massachusetts Institute of Technology. He did his thesis work at the Atomic Energy Commission Research Laboratory in Oak Ridge, Tenn. He is employed with Texas Instruments in Dallas.

Mr. and Mrs. Chapman honored their son and his fiancée at a dinner party Sunday in their home at Columbus. Family members and close friends were guests. Rita's chosen colors are Hawaiian blue and American Beauty red.

CARD OF THANKS

Mrs. George Lutkenhaus and family express thanks and appreciation to everyone who helped at the time of the fire. The effort of volunteer fire fighters kept the blaze from spreading and causing further damage.

CARD OF THANKS

Sincere thanks to everyone who has remembered me during my illness and stay in the hospital. I am grateful for the prayers, cards, flowers and every kindness of friends and for Father Lane's hospital visits. My family joins me in this expression of appreciation.

Dorma Jean Taylor And Donald Flusche Say Vows at Mass

Mr. and Mrs. Don Flusche are honeymooning in South Texas following their marriage here Saturday. The bride is the former Dorma Jean Taylor, daughter of Mr. and Mrs. J. Ira Taylor of Gainesville and Don is the son of Mr. and Mrs. J. P. Flusche.

Father Christopher Paladino officiated at the nuptial mass and double ring ceremony in Sacred Heart Church at 7 a.m. Tommy Flusche, young brother of the groom, was one of the mass servers.

The bride wore a toast two-piece suit dress with brown accessories and a yellow mum corsage.

Betty Ann Hoenig of Wichita Falls and Harold Flusche, cousin and brother of the groom, were wedding attendants. Betty Ann wore a beige and brown outfit and had a yellow mum corsage.

For her daughter's wedding Mrs. Taylor wore a gold colored ensemble with brown accessories, and Mrs. Flusche, mother of the groom, wore a brown dress with matching accessories.

After the ceremony breakfast was served in the J. P. Flusche home to immediate members of the families including Mr. and Mrs. Dave Flusche and Margie Flusche of Dallas and the groom's grandparents Mr. and Mrs. Tony Otto

After breakfast the newlyweds left for Corpus Christi and other southern points. When they return they will make their home at Gainesville until living quarters are available in Muenster. Don is in business here with his father.

In Dallas former Muensterite Ervin Derichsweiler is recovering from ear surgery. He was dismissed from Methodist Hospital Saturday after being hospitalized three days.

Leave For California

Marine Corporal and Mrs. Richard Hess ended a visit here with his family Sunday and left for California by car accompanied by his mother, Mrs. Ed Hess, her sister Mrs. Mike Schilling and Sonny Walterscheid. The five left Sunday morning planning sight-seeing on the drive to Camp Pendleton and in that area around Oceanside. There'll be more sight-seeing for the trio returning to Muenster on their way back.

Golden Years Club Starts Season With Mrs. Cain Hostess

Muenster's Golden Years Club has resumed regular meetings after being inactive during the hot summer months. First get-together of the fall season was held Thursday in the home of Mrs. Dick Cain with a dozen members present for a covered dish luncheon at noon.

Guests of honor were Mrs. Cain's great-aunts, Mrs. Nannie Gilliland of Lubbock and Mrs. Ellen Orrell of Nocona. The latter also had the honor of being the oldest one in attendance. She is 88.

After lunch there was visiting and picture taking and a unanimous vote to meet once a month in the future.

One Local Graduate, Two Honor Students In St. Paul Program

Donna Hofbauer was graduated from St. Paul School of Nursing in Dallas Sunday in formal commencement exercises in Sacred Heart Cathedral at 3 p.m. She was one in the class of 19 receiving diplomas from Bishop Thomas K. Gorman. Father Robert A. Tynan was commencement speaker. Donna is the daughter of Mr. and Mrs. Andy Hofbauer.

Two other Muenster girls were recognized at the program. Sophomore Ann Luke, daughter of Mr. and Mrs. Henry Luke, received a \$100 scholarship, and Janice Klement, daughter of Mr. and Mrs. Ray Klement, was presented a senior pin for being the outstanding junior student. Recipients of these awards are not made public until they are announced during the program.

Attending the graduation and the reception that followed in the nurses home were Mr. and Mrs. Andy Hofbauer, Jeannine Hofbauer, Mr. and Mrs. W. J. Miller, Mr. and Mrs. Oscar Walter and Mr. and Mrs. Alvin Fuhrman.

Donna is on duty now at M&S Hospital in Gainesville.

Doughnut Sale Set First Friday by Catholic Daughters

Catholic Daughters of America will sponsor a doughnut sale on the first Friday in October and will have fresh homemade doughnuts available early in the morning so that people who attend the first mass can take some home for their breakfast. Fisher's Market will be headquarters for the sale.

Plans for the benefit event were arranged at the court's September meeting. Funds from the sale will be used for the organization's current major projects, parish communion bread and the city library.

Cooperating with the court and helping finance the doughnut ingredients is Hofbauer's Food and Locker Service with contributions of flour and shortening.

In other business the members changed their meeting night for October to Thursday, the eighth, so as not to conflict with football on Friday night. During the winter months meetings will start a 7:30.

The month's mission report revealed that 200 pounds of clothing was sent to St. Vincent's Store in Fort Worth.

Mrs. Steve Moster, grand regent, conducted the business and read two invitations to reception ceremonies, one in Dallas and one in Fort Worth, on October 11 and 18. Members who plan to attend the banquet are asked to notify Mrs. Moster well in advance so reservations can be made.

When Joe Felderhoff returned to San Antonio after a weekend visit here he was accompanied by Clifford Endres who is continuing college studies at St. Mary's University.

Blessed Events

A son and heir arrived for Mr. and Mrs. Sylvan Walterscheid at Muenster Clinic Wednesday, September 23, 6:20 p.m. weighing seven pounds 11 ounces. He's a grandson for Mr. and Mrs. Adolph Walterscheid and Mr. and Mrs. Tony Felderhoff. The great-grandparents are Mr. and Mrs. I. A. Schoech and Mrs. Joe Walterscheid.

Mr. and Mrs. Wendell Richey announce the arrival of their daughter Robyn Ann, a sister for 11-month-old Craig. She made her debut at Muenster Clinic, weighing in at six pounds nine ounces at 10:30 Tuesday morning, September 22. She's the first granddaughter of Mr. and Mrs. Dick Cain. The paternal grandparents are Mr. and Mrs. Herman Richey of Gainesville, and the great-grandparents are Mr. and Mrs. J. S. Hogan of Burleson, Mrs. J. S. Bagwell of Myra and Mrs. W. H. Tuggle of Gainesville.

It's twin boys for Mr. and Mrs. Hank Walterscheid! The little lads arrived at Gainesville Sanitarium Saturday, Sept. 19. Weight and time: nine pounds eight ounces at 1:13 a.m.; seven pounds ten ounces at 1:28 a.m. The twins have two sisters and two brothers and are grandsons of Mr. and Mrs. Joe Swingler and Mrs. John Walterscheid.

Newest addition to the Albert A. Knabe family is a seven pound daughter born at Muenster Clinic Saturday, Sept. 19, at 3:45 a.m. She joins a family of nine—has five sisters and four brothers. August Sprengel of Pilot Point and Gus Knabe are the grandparents. Christening service was held Saturday evening with Mr. and Mrs. Joe Knabe as godparents for their niece. Her name is Clara Mae.

Mr. and Mrs. Leroy Metzler of Lindsay are parents of a daughter born at Gainesville Sanitarium Sept. 15 at 4:43 p.m. She weighed four pounds one and a half ounces. This makes two girls and two boys in the family. Mr. and Mrs. Phillip Metzler are the grandparents.

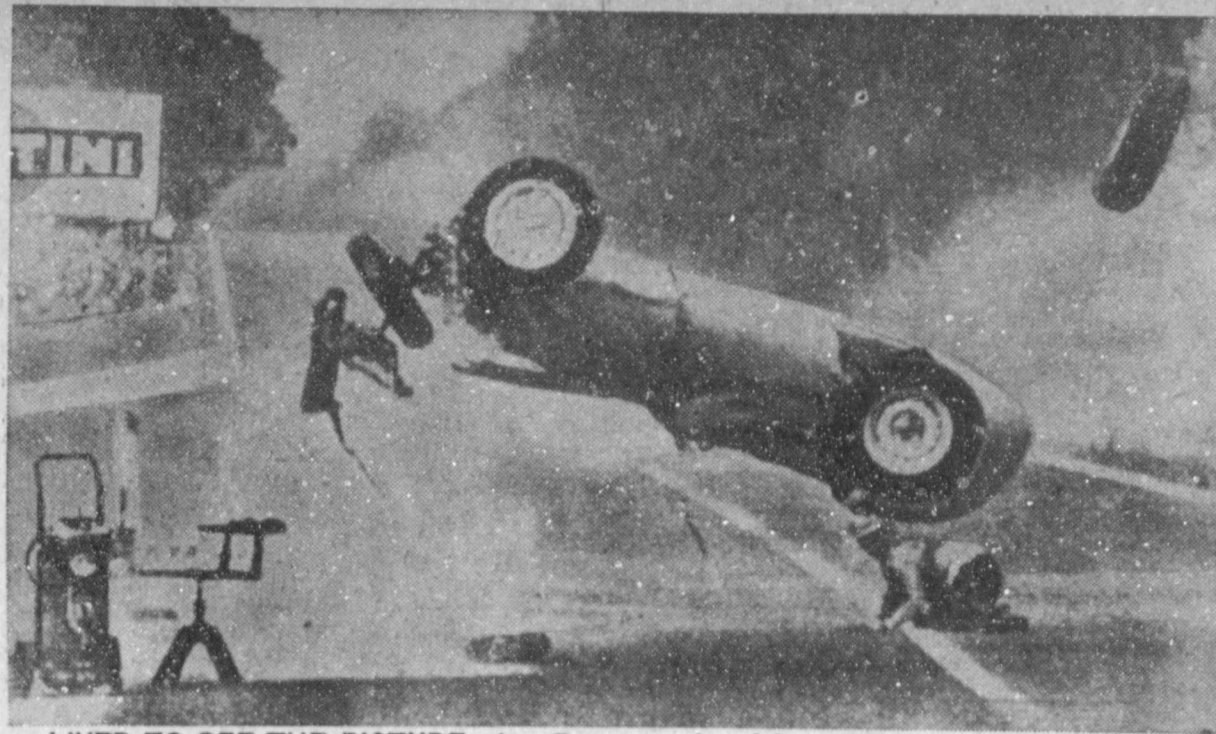

From Fort Worth comes announcement of the birth of a son to Rev. and Mrs. Billy Whitt. Named Billie Keith, the little boy is a brother for Jeffrey. Mr. and Mrs. W. B. Whitt of Route 1, Muenster, are the grandparents.

Mrs. Charley Hellman, Mrs. Al Eberhart, Mrs. Archie Hess and two children and their mother, Mrs. Catherine Gehrig, drove to Mineral Wells Friday to spend the day with their sister and daughter, Mrs. Virginia Carter and family. Mrs. Gehrig remained there for a longer visit.

Local News BRIEFS

Spending a two week vacation in Muenster are Mrs. Frank Haynes Jr. and daughter Nita Marie of Cedar Hill. They are guests of her parents, Mr. and Mrs. M. F. Milner.

Lawrence Milner has returned to Texas A&M College to continue his studies with a major in electrical engineering. He is a senior student this year.

Visiting with Mr. and Mrs. Lawrence Martin and children Sunday were Mr. and Mrs. Ed Martin and daughter Joyce, Mrs. Frieda Gardner and Irene Martin, all of Dallas, and Frank and Herman Martin of Lindsay, for a bit of a family reunion.

Colorado is their favorite vacation spot and Mr. and Mrs. Joe Swirczynski have just returned from a three-week visit with their daughters and families, the Alex Knaufs and Clarence Erpeldings, at Colorado Springs. Mrs. Swirczynski helped with the annual canning of peaches and pears and strawberries, the berries picked from the Erpelding yard. It was a train trip for the couple, the Bob Swirczynskis seeing them off and meeting them again at Wichita Falls.

Guests of Mr. and Mrs. J. M. Weinzapfel Sunday afternoon and for supper were friends from Richardson, Mr. and Mrs. Leon Dblaine and their five children.

Mr. and Mrs. Harry Scoggins and children drove to Haslet Sunday to spend the day with Mr. and Mrs. Johnny Barthold and children. Both families went to Forest Park in Fort Worth for a picnic dinner and a visit to the zoo.

Mr. and Mrs. Ed Swirczynski and children of Fort Worth were Sunday visitors with homefolks here and Ed and his wife were godparents at the christening of their niece, Donna Sue, infant daughter of Mr. and Mrs. Bernard Swirczynski.

Bulcher HD Club Names Committees

Principal business at the Bulcher Home Demonstration Club's regular meeting was election of chairmen of standing committees. The group met in the community center building with Mrs. August Hyman as hostess.

Committee heads are as follows: Chairman, Mrs. Paul Tracy; Membership, Mrs. Ernest Robinson, Exhibit, Mrs. Travis Whitt; Finance, Mrs. J. M. Shields; Recreation, Mrs. Gid Prather.

Mrs. Albert Fleitman, president, conducted the meeting and gave a report on the last council meeting. After adjournment the hostess served refreshments to seven members and one guest.

Henry Weinzapfel Talks to HD Club On Bank Services

Homemakers' Banking was the subject of the program at the Ross Point Home Demonstration Club's meeting and Henry Weinzapfel, assistant vice-president of Muenster State Bank was the featured speaker Friday afternoon.

Mrs. Bernice Thurman, HD agent, introduced the speaker, stating that today's managing with what one has is as important as earning it. Since many women are left widows early in life, it is necessary for the lady of the house to be informed on business matters.

Mr. Weinzapfel stressed the importance of a homemaker's becoming familiar with banking services. He gave a brief history of the industry, organization and operation, and explained check writing, savings accounts, making deposits and other services of banks. The speaker concluded by saying that banks contribute to the growth and progress of a community and raise the standard of living.

Mrs. Bud Ford conducted the meeting and members answered roll call by telling of good advice they have received from their banker.

Ten members and five children attended the meeting in the clubhouse and Mrs. Ford and Mrs. Carrie Neislar served punch, cookies, party sandwiches and dips.

Hellman, Fleitman Exhibits Win at Denton Sheep Show

Doug Hellman made a perfect score on his Southdown sheep exhibit at the North Texas State Fair in Denton last week. Besides the best possible rating for the division on each entry he got the grand champ rating for the entire show.

The top winner was Doug's fat lamb, the best in the class and the best of the show. His two yearling ewes were judged first and second and his pen of three yearling ewes was first.

Roger Fleitman with his Suffolk also got a hand full of ribbons and prize money. His pen of 3 yearling ewes took second, his ewe lambs were second and fourth and his yearling ewes were fourth and fifth.

Just six per cent of the world's population lives in the United States. Yet Americans own 76 per cent of all the world's automobiles, 58 per cent of the world's telephones, 40 per cent of the world's electric products, and print 27 per cent of the world's newspapers.

A Texas GI was playing poker with British soldiers and drew four aces.

"One pound," said an Englishman on his right.

"Ah don't know how you-all count your money," drawled the Texan, "but ah raise you a ton."

Hermeses Express Thanks for Shower

More than 250 people attended the shower for the Julius Hermeses family in the Parish Hall Tuesday night and brought gifts for the home and cash donations to help the young couple start housekeeping again since all their belongings were lost in Friday night's fire.

St. Anne's Society sponsored the shower and hostesses served coffee and cookies.

In expressing appreciation Clara and Julius said they are more grateful than words can tell. Their parents, the Julius Hermeses of Lindsay and the J. P. Flusches of Muenster, join them in extending thanks to everyone for every kindness.

The doctor was called in to see a very testy aristocrat. "Well, sir, what's the matter?" he asked cheerfully.

"That, sir," snapped the patient, "is for you to find out."

"I see," said the doctor thoughtfully. "Well, if you'll excuse me for an hour or so, I'll go along and fetch a friend of mine—a veterinarian. He's the only chap I know who can make a diagnosis without asking questions."

A reporter was told to cut his stories to bare essentials. His next story read:

"Q. Johnstone looked up the elevator shaft to see if the car was coming down. It was. Age 52."

Two Cousins Share Birthday Honors

Cousins shared a birthday celebration Sunday at the home of their grandparents, Mr. and Mrs. John Fisher. The young honorees were Jonann Galloway, daughter of Sgt. and Mrs. Joe Galloway, and Dannie Fisher, son of Mr. and Mrs. Clyde Fisher.

It was Jonann's third birthday Sunday and Dannie will be one year old Saturday, September 26.

Dinner at noon for the families was followed by the afternoon party for the youngsters who received gifts and had pictures made. Birthday cake and ice cream were served.

Third Order Plans To Attend Institute At Murray Lodge

Members of the Third Order of St. Francis in their September meeting discussed plans for attending the order's institute at Lake Murray, Okla., October 2, 3 and 4. Headquarters for the regional meeting, expected to draw tertiaries from Texas, Oklahoma, Louisiana and Missouri, will be Lake Murray Lodge.

Bishop Reed of Oklahoma City is one of the dignitaries scheduled to appear on the program which is under the direction of Rev. Elias Koppert, provincial of the order, from Chicago.

Several members expressed their intention of attending one or more of the sessions and Prefect J. W. Hess and five members plan to be there for the entire program.

Before the meeting adjourned members heard a reading of revised rules and by-laws now officially approved for the Franciscan Third Order throughout the world. The instructions were read by Mrs. Edd McGannon, secretary, and will be continued at the next meeting.

Before the business session in the parish hall, members gathered at church for recitation of the office. About 50 were present.

Enthusied SH Sophs Work to Win First In Stamp Campaign

Sophomores of Sacred Heart High and their class sponsor Sister Theresina are enthusiastic about this year's cancelled stamp contest for the missions and almost as soon as classes organized, the sophs were getting the word around that they wanted every and all cancelled stamps available.

This is the students' third year of competition for contest prizes which is only the secondary reason for their enthusiasm. Object of the stamp hunt is mission work. The sale of stamps by mission headquarters to agencies which re-sell to collectors, will bring needed supplies to missionaries laboring among the natives of New Ireland and Manus Islands and other far-off mission posts.

In both previous contests Sacred Heart students were among winners but missed the top spot. Parochial schools throughout the United States participate.

This year's contest headquarters is offering ten grand prizes direct from the missions, carvings by native champions. In addition there will be 20 other prizes—ten booklets and ten medals.

All cancelled stamps are good for points in the contest, the higher valued and commemorative, special delivery, air mail, precancelled and foreign stamps being of special value.

Stamp donors who have children in school are asked to send them in with the students. Others may bring them in themselves or telephone the school and someone will call to pick them up. The contest continues to the end of school but early shipments bring extra points.

Randy Wolf, Three Has Birthday Party

It was a happy celebration for Randy Wolf Tuesday on the eve of his third birthday when his parents, Mr. and Mrs. Adam Wolf Jr., had the family over to help eat birthday cake and ice cream. Guests brought gifts for the honoree.

Present were the grandparents, Mr. and Mrs. Albert Kubis of Lindsay and Mr. and Mrs. Adam Wolf of Gainesville, aunt Janie Kubis of Lindsay and uncle and aunt Johnny and Joan Wolf of Gainesville and Randy's sisters Darleen and Margie and his brother Timmy.

Getting acquainted with her mother's family took up most of a weekend visit for month-old Kathy Darlek when she came to Muenster with her parents, the J. C. Darleiks of Fort Worth for her first visit here. They were houseguests of Mr. and Mrs. Henry Henscheid and visited other family members and friends.

September 16 — Mr. and Mrs. Earl Cochran and granddaughter Anna Lois of Athens are spending this week with her sister and brother-in-law, Mr. and Mrs. John Richey. Lorene Cochran and Irene Richey are twin sisters.

Mr. and Mrs. W. F. Davidson attended the funeral of a cousin, Fred Needham at Addison Monday, then visited through Tuesday in Dallas with other cousins, the Albert Bakers and F. Lords.

A surprise pounding greeted Rev. and Mrs. Jack Wallis Sunday after evening services in the Methodist church. A variety of canned foods and other groceries for the Wallis pantry made up the shower gifts. Rev. Wallis has just recovered from a thyroid operation. His wife and their daughter Liz Ann came with him from Dallas and the three were guests in the W. F. Davidson home for Sunday dinner.

Mrs. Vivian Maupin of San Antonio who is in Fort Worth this week attending business

meetings came to Marysville Saturday for a visit with her parents, Mr. and Mrs. B. G. Lyons. Coming with her from Gainesville were her sister Mrs. Marie Stiles and her niece and husband, Mr. and Mrs. Bill Pace. They were all dinner guests in the Lyons home.

Mr. and Mrs. Robert Porath and daughter Sandra of Dallas spent the weekend with her parents, Mr. and Mrs. Jim Shiflet.

Sunday visitors with Mr. and Mrs. B. G. Lyons were Mr. and Mrs. Henry Booth of Bowie. The ladies are cousins.

Becky, Barby and Mike Davidson are back at home after a week's visit in Kaufman with their uncle and aunt, the Bo Snows, who brought them back and were weekend visitors with her parents, the W. F. Davidsons and her sister and family, the Charles Davidsons.

Tips on Catching A Chicken Thief

It will be easier to set a trap for whatever has been after your poultry flock if you know how to spot signs of each predator. Successful Farming magazine reports that each type predator has its own methods of destroying chickens and leaving telltale clues behind.

Here are several types: If one or two birds are killed every night and their heads and necks are missing, the predator is probably an owl, says the magazine.

It is probably a fox when several birds are killed every night and partly buried. When several birds are killed every fourth or fifth night, with the crops partly eaten and heads often missing, the thief is more than likely a raccoon.

Birds will have small bites about the head and neck when killed by minks or weasels—and the culprit is probably a dog if the birds are found badly mauled.

If the bird is missing altogether with no sign left behind, though, the predator is probably a man.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Now is the time, it's definitely the time of the year to get waterways located and staked out and to begin land preparation for seeding or sodding next spring, so say technicians of the local Soil Conservation office.

It has been proven that fall is the best time to mark off waterway boundaries. Having them marked off will enable the landowner to get a good seedbed prepared this fall and will pre-

vent grain being drilled in the area set aside for grass planting next spring.

Many landowners cooperating with the Upper Elm-Red Soil Conservation District have already requested assistance in marking off waterway boundaries.

A good wide grassed waterway is the foundation of a good terrace system. With no foundation to serve as outlets, terraces cannot be safely built . . . just as a house cannot stand without a strong foundation.

Some needed terrace systems are not being built this summer because there are no waterways on which to outlet the run-off water.

Why put it off another year? Now's the time to contact local soil conservation technicians and let them help plan and lay out those needed waterways.

A relatively new legume for this area is rapidly gaining prominence as a soil conservation crop. It's button clover.

Button clover is one of those plants that has the ability to take nitrogen from the air and store it in the nodules on the roots of the plant, thus increasing the nitrogen in the soil for use by other plants to follow.

It may be used as a clover crop alone or with oats or other small grains. It is probably being used most widely, however, in overseeding Bermuda grass and King Ranch bluestem. It furnishes that extra protein that legumes are noted for and which livestock desire for grazing.

Annuals are plants which germinate, grow, reproduce and die within a single growing season.

Hoenig Cow Leads DHIA in Pounds of BF During Month

Whitie, owned by Jerry Hoenig, led DHIA cows in butterfat production for August according to the summary for that month just released by technicians of the Cooke County Dairy Herd Improvement Association. Whitie was out front with a total of 88.

Tinny, owned by Felderhoff and Sicking produced 5.2 test pound of milk to become the month's champion in that category, and Freckles 2, of the W. H. Frasher herd, was top individual cow in milk production with 2390 pounds during the month.

Nineteen herds in DHIA were tested in August with average milk production at 768 pounds and average butterfat at 28 pounds. Seventy-three cows produced 50 or more pounds of butterfat.

On the herd average, H. H. Moodys cows led in pounds of butterfat with 37 and also in milk with 1043 pounds. Ed Sicking's herd was first in average test with 4.1. In second place for butterfat production the Hoenig herd and the Felderhoff and Sicking herd were tied at 35 pounds.

At McKinney Meet On Animal Health

Three from Cooke County, Paul Fisher of Muenster and Ben Davis and County Agent Neil Tibbetts of Gainesville attended an animal health meeting in McKinney Wednesday.

New animal health laws, including laws on brucellosis were discussed during the one-day session. Main speaker was Dr. C. M. Patterson, extension veterinarian. The meeting was one in a series planned for this area. The county group represented the Farm Bureau and was there in the interest of getting Cooke County approved as a certified area for brucellosis control.

10 Day Vacation

Vacation trip this year took Mr. and Mrs. Larry Yosten and Mr. and Mrs. Felix Yosten visiting and sight-seeing in west Texas, Colorado and Kansas. In Hereford they were guests of the Carl and Ewald Berends and Gilbert Yostens; in Pueblo, Colo., they visited the Felix Yostens' daughter, Sister Estelle who is in nurses' training there, also saw Sister Carmella Bayer and German Knauf and were houseguests of Larry Yosten's army buddy and family; in Colorado Springs they were with the Clarence Erpeldings and Alex Knaufs and saw sights of interest to tourists; and in Liberal Kansas, they were guests of Mrs. Larry Yosten's brother and family, the Bill Arends. The Muensterites were gone ten days. It was the Felix Yosten's first trip to Colorado, and observed their nineteenth wedding anniversary.

Mike Pulte, Seven Has Birthday Party

Seventh birthday of Mike Pulte brought a Saturday afternoon party at the home of his parents, Mr. and Mrs. Robert Pulte at Gainesville. Mike's grandmother, Mrs. H. J. Fuhrman of Muenster, shared hostess duties with his mother. Twelve classmates and cousins were guests.

Gifts, games, and refreshments of birthday cake, ice cream and cold drinks made it a happy celebration for the youngsters. Mrs. Fuhrman baked and decorated the cake for her grandson.

Others at the party from Muenster were Mrs. Gilbert Endres and daughter Lou Ann and Mrs. Robert Bayer and children Carl, Carol, Dolores and Betty Lou.

PTA Get-Acquainted Meet Starts Season

First meeting of the fall season for the Muenster Public School Parent-Teacher Association featured a get-acquainted session and refreshments, with business held to a minimum.

Mrs. Paul Fisher, new president of the PTA, and L. B. Bruns, superintendent, welcomed guests and introduced school teachers at the organizations first get-together. Mrs. H. H. Homsley served coffee and cookies to the large attendance.

During the brief business meeting members named Mrs. J. B. Golden as second vice-president to replace Mrs. L. J. Roberg and made suggestions for benefit events to raise funds to clear the debt on the new concession stand at school.

Other PTA officers serving with Mrs. Fisher are Mrs. Dick Cain, first vice-president; Mrs. Charley Hellman, secretary; Mrs. Leonard Owen, treasurer; and Glenn Hellman, parliamentarian.

Two Share Honors

Four couples celebrated two birthdays Sunday evening with a dinner party at the home of Mr. and Mrs. C. F. Gobble. The honorees were Mrs. H. L. Bowen of Saint Jo and Mrs. Oscar Miller who were there with their husbands. The other guests were Mr. and Mrs. Lee Toothaker and Jackie Miller and Larry Gobble. A decorated cake and gifts were part of the party.

Birthday Surprises

Birthday surprises greeted Mrs. Tony Felderhoff Wednesday. Joe Felderhoff came home from San Antonio to say greetings to his mother in person, her other children and grandchildren were there and her sisters and brothers and their families came over for an evening celebration. Mr. and Mrs. A. J. Felderhoff and children were present from Gainesville. They brought Mrs. Albert Kubis with them from Lindsay. Joe Felderhoff remained through the weekend.

Texas Power & Light Company
Is Business-Managed, Investor-Owned

The modern wonders of electricity, with which you are so familiar, did not "just happen." Your electric service is the result of years of advance planning and efficient operation in a free economy.

Texas Power & Light Company is an investor-owned, tax-paying business company, chartered under Texas laws to engage in generating, distributing, and selling electrical energy and service. Its development and expansion through the years has been with funds invested in its stocks, bonds and other securities by thousands of private citizens, some of whom are your neighbors . . . and by institutions such as insurance companies whose policies protect families in practically every community of the nation.

Through efficient business management and your increased use of service, TP&L Company has been able to keep the cost of electricity low. For example, since 1936, although the cost of living has risen 108%, the average unit cost of TP&L residential electricity has gone down 43%.

TP&L pledges to continue supplying dependable, low-cost, electric service through efficient, business-managed operation.

A revolutionary new suspension system gives vast improvement in ride, durability, and control to 1960 Chevrolet trucks. Front wheels are independently sprung on frictionless torsion rods. Rear suspensions are new, with coil springs on light-duty models and stronger, softer riding leaf springs on heavier models for improved cushioning of load and driver. New frames reduce height up to seven inches, with some cab floors at step-in level from the ground. Styling is new with rubber-mounted, roomier cabs. Inside steps have been eliminated, providing a full-width floor.

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

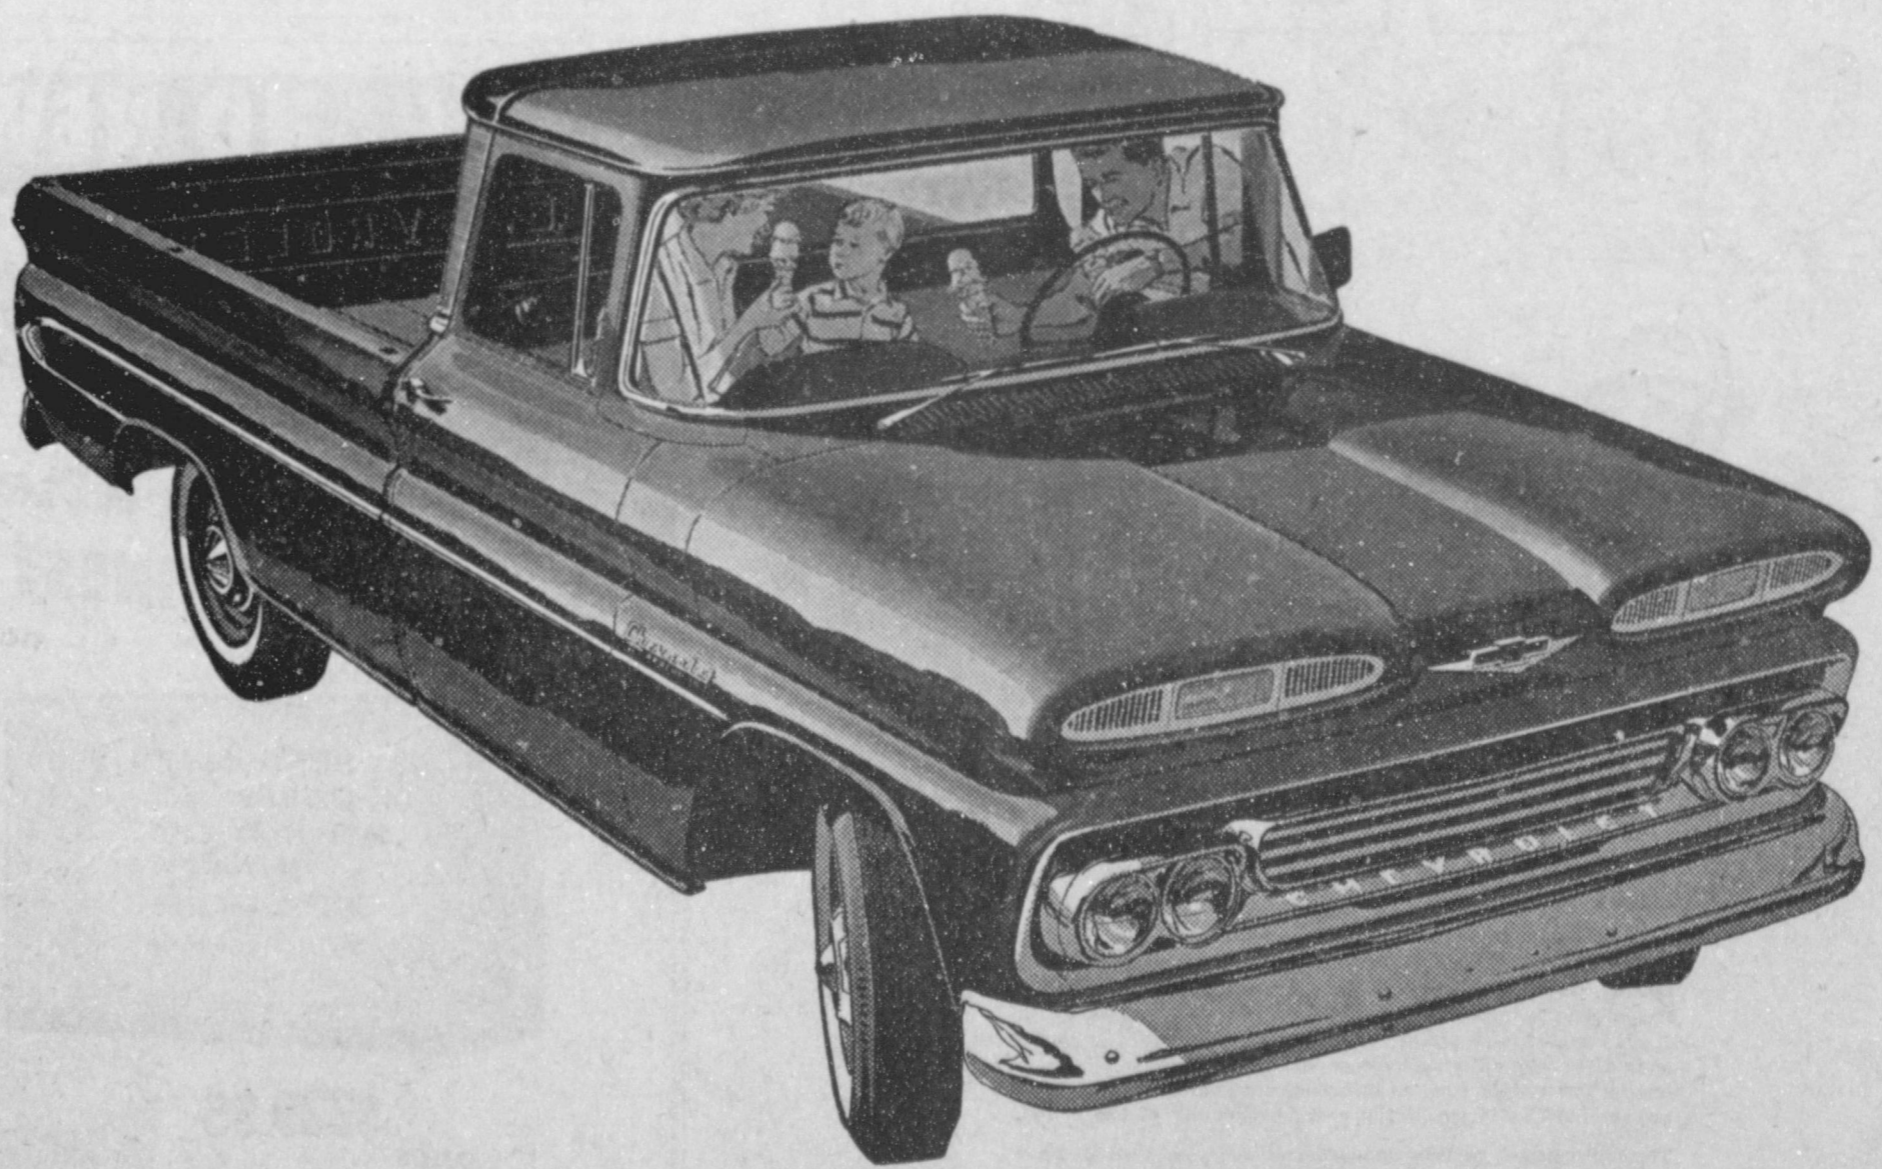

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

Announcement Made Of Former Lindsay Girl's Engagement

Mr. and Mrs. Al Moosburger of Austin, formerly of Lindsay, have announced the engagement of their daughter Rose Marie, to Leo Michael Black Jr., son of Mr. and Mrs. Leo Black, also of Austin.

The couple plans an October wedding in St. Ignatius Catholic Church. The bride-to-be is a native of Lindsay and a granddaughter of the late Mrs. C. Hoelker. She was graduated from St. Mary's Academy in Austin and is employed in the corporation court.

The future groom was graduated from St. Edward's High School and attended the University of Texas. He is employed by an auto supply company.

Fleitman-Himmels Vows Exchanged in Windthorst Rites

Following a wedding trip to places of interest in San Antonio and Galveston, Mr. and Mrs. Henry Fleitman are establishing residence in Lindsay.

The bride is the former Annette Himmels, daughter of Mrs. Paul Himmels and the late Mr. Himmels of Windthorst and the groom is the son of Mr. and Mrs. William Fleitman of Lindsay.

The couple exchanged vows in St. Mary's Church at Windthorst on Sept. 14 with Rev. Cyril Lange officiating at the 5 p.m. nuptial mass and double ring ceremony. Annette was presented in marriage by her brother-in-law, L. A. Berend. For her wedding she wore a waltz length gown of white Chantilly lace and net over antique taffeta with long sleeves and Sabrina neckline. The bouffant skirt was gathered onto a wide band of scalloped lace and was covered with an additional layer of net. A crown of seed pearls and sequins held her fingertip veil of illusion and she carried a white orchid garlanded with white carnations atop a white prayer book.

The bride's twin sister, Mrs. Al Veitenheimer, was her maid of honor wearing royal blue and her niece, Marilyn Berend, was bridesmaid in an apricot champagne costume. The waltz length dresses were identically designed of taffeta with a crushed cummerbund. Matching headpieces of velvet were enhanced with short veils. Their flowers were bronze chrysanthemums.

Al Veitenheimer was best man and Alvin Fleitman of Muenster, a cousin, was groomsman. Ray Lindeman of Scotland and Joe Benneis ushered.

Wedding reception was held in the K of C Hall with Teresa Lindeman of Scotland registering the guests. Others assisting in the house party included Pauline Himmels and Mrs. H. C. Bowlden Jr.

Mrs. Fleitman was graduated from Windthorst High School and had been employed in Wichita Falls. Her husband is a graduate of Lindsay High School and engages in farming.

20 and almost went for a score. But the TD was only delayed a few plays. From the 5 the third effort was good, Belz making it from the 2.

A field goal just before the half made the count 29-0 for Era.

A poor kick ending the Tiger first series gave Era a good start in the next half. From their 27 the Hornets used five plays to blast over, and a kick was good for an extra point.

The next few minutes saw the Tigers' best showing of the game. From their 20 they made a first down and kicked on the next series. Era fumbled and the Tigers were back in business in mid-field. Another first down and the next series fell short, Era taking over on the 35. But an Era fumble gave the Tigers another chance, from the 33. The next four plays netted 8 and the Tigers lost on downs on the 25.

From that point the Hornets hit their stride again. In 12 plays they pushed over their final TD then kicked true for an extra point.

In the closing minutes Era's rookies took the field and the Tigers did better. They advanced 50 yards but time ran out when they reached the 20.

From there the Tribe pounded back to midfield where Wheeler took a 20 yard heave and streaked to pay dirt. Moore's run was good for 2 more points.

Back on offense the Hornets got going on their best push of the evening. From their 18 they made four first downs, including a 28 yard pass gain by Harris, and lost possession on the Warrior 7 when they failed by inches to make the next series.

From that point Fullback Newman, the 180 pound powerhouse of the club, tore up to the 39. Short gains reached the 49 and the pass play to Wheeler clicked again. A run for bonus points was good and Valley View led 22-0 shortly before intermission.

The second half started like the first. A fumble put the Warriors in position on the 19 and four plays reached the goal.

From then on it was a defensive game. For almost the entire half Valley View held Muenster to a lonely first down while Muenster allowed five scattered first downs. As the game ended, however, the Warriors had just completed two of those series and were still in possession on the Hornet 35.

Poachers Subject To Stiff Penalties In Trespass Law

AUSTIN, Aug.—A new trespass law will be effective in Texas October 14, it has been announced by the assistant secretary of the Game and Fish Commission. The law which is covered in HB 36, will become effective without the signature of the governor.

It provides penalties of up to 30 days in jail and a \$500 fine and forfeiture of hunting or fishing licenses for a period of three years, upon conviction.

The law makes it illegal for any person to hunt, fish or camp on the enclosed property of another person without the consent of the owner or other person in authority.

The new law is enforceable by any peace officer and arrests may be made without a warrant. "The trespass problem is a major one in the protection of wildlife," the secretary said. "Persons who climb fences to illegally hunt on the property of others don't usually regard either the season or the bag limit. As a result, prosecutions have been heavy."

"Under the new law, however, enforcement of the trespass law is the work of peace enforcement officers, which preclude the game warden. Now when the game warden finds a poacher the only thing he can do is to notify the landowner. The landowner then can make a complaint and cause the arrest to be made by a peace officer."

There's a Difference
The old lady approached the soda fountain, peered at the youth behind it close-sightedly and asked, "Are you the doctor?" "No," he replied, "the fizician."

THAT'S WHAT THE RULE SAYS—Popular Houston football announcers Kern Tips (left) and Alec Chesser (right) discuss 1959 rule changes with Howard Grubbs, executive secretary of the Southwest Conference. The occasion was an announcers seminar held in Dallas. Tips heads The Humble Company's staff of 23 play-by-play announcers who will describe all Conference games this season. The oil company will sponsor some 50 broadcasts, 13 live telecasts, and a Sunday afternoon videotaped Southwest Conference "Game of the Week" on Houston radio and TV.

Between 1947 and 1957, the average annual cost of the family food basket increased \$243. According to the USDA, \$130 of this increase was directly the result of increased labor costs. The farm value increased \$3 in the same period.

"Daddy, my teacher wants me to prove that the white man is superior to the Indian," said Johnny. "Can you help me?" "Don't think so," replied Daddy. "When the white men took over the country the Indians were running it. There were no

taxes. The women did all the work. How could they improve on a system like that?"

Feel Well Enough
A woman told her doctor she was sure that she had a dangerous illness. He advised her not to be foolish, that she couldn't possibly know whether she had it. The disease, he said, carried with it no discomfort whatever. "But, doctor," she protested, "that is exactly how I feel."

Subiaco Exes Will Sponsor Benefit Sunday at Lindsay

Members of the North Texas Subiaco Alumni Association this week have been putting finishing touches to the program for their annual picnic to be held at Lindsay Park Sunday.

Members from Lindsay, Muenster and Gainesville are lined up on working committees headed by Joe B. Hundt and Ed Schad as general chairmen.

Activity gets under way at 2 p.m. with the usual picnic concessions and some new bazaar attractions. There'll be entertainment and games for children and grownups and a variety of eats and drinks. Sponsors look forward to a big crowd at this benefit party.
