Garth and Pete Wilkerson.

Christmas Parade, Bazaar Slated Dec. 4-5

Kicking off the Christmas season this year will be the annual Christmas Parade and Bazaar. "I'll Be Home For Christmas" will be the theme for the parade to be held December 5. Line up for the parade will be from 9-10:30 a.m., with the parade getting underway at 10:30.

Deadline for entering floats has been extended to November 20. Everyone is encouraged to get their entries in and help make this one of the biggest and best parades Muleshoe has ever had, and we have had some good ones.

You may pick up your entry form at the Chamber of Commerce and Agriculture office or call the chamber at 272-4246 and they will mail you an entry.

Gift certificates will be presented to the first, second, and

third place entire, as they have done in the past.

Another big event will be the Annual Christmas Bazaar to be held at the Bailey County Civic Center and Coliseum. The chamber told the Journal Thursday morning that booth spaces are still available. You may also pick up booth applications at the chamber office.

Booth spaces will be \$50.00 for a wall space with electricity, \$45.00 for wall space without electricity, or \$40.00 for open spaces. Booth spaces are all 10X12 feet. You may rent a table or furnish your own. Chairs will be provided free of charge. Check-in time will be 6 to 8 p.m. on Thursday and 8:30 to 10 a.m. Friday. The deadline for reserving booth space will be November 20. No fees will

be refunded.

The chamber also told the Journal that no concession type booths will be allowed and the chamber will not promise a placement of your booth.

All booths are to stay in place the duration of the bazaar. All spaces are to be cleared at 6 p.m. Saturday.

The Jennyslippers will hold their Annual Barbecue dinner, complete with all the trimmings, Barbecue, Beans, Potato Salad, Cole Slaw, Cobbler and Tea, in conjunction with the fair. Tickets are \$6.00 for adults and \$3.00 for children under 12. Serving times will be from 11 a.m. to 2 p.m. at the coliseum.

You may purchase your ticket from any member of the Jennyslippers or at the door. You MUST have a ticket.

Make your plans now to get the Christmas holidays off to a good start, not only attending the events

Veterans Hold Various Ceremonies Wednesday

It may have been cold outside Wednesday morning (Veterans Day), but as you entered the American Legion Hall the atmosphere changed, there was a definite air of warmth and closeness

as veterans of various (approximately 150 veterans and wives) wars gathered. They shared the common knowledge that they had fought for their country, so that we might all have the privileges of freedom we have today.

After a hearty breakfast, the veterans braved a cool north wind and held a flag ceremony, raising of the American flag in front of the Legion Hall.

From the Legion Hall, the group moved on to the Veterans Memorial, on East side of Bailey County Courthouse, where they placed a wreath, in honor of all veterans who gave their lives for their country.

For the first time ever, the group went to the Muleshoe Health Care Center, where three residents are World War II veterans and one is a World War I veteran.

Joe Weaks, one of the residents at Muleshoe Health Care Center is a World War I veteran.

Lazbuddie School Board Meets In Regular Session

The Lazbuddie independent School District board of trustees met Tuesday night at the school. The board approved an audit by Randy Field and employed Sudduth Field for upcoming audits.

Graduation dates for both Junior High and Senior High Schools were approved. Junior High will graduate on May 27 and High School on May 28.

The board also approved the district's participation in the Parmer County JETT (Job Education Training and Transaction) program along with Bovina, and Farwell School Districts.

A discussion was held on the Bi-District football game, played Friday night between Lazbuddie and Meadow.

The board members also toured the T-Star Satellite System the school received recently, paid for by a grant.

They approved the purchase of a 1992 diesel bus.

The board reviewed the results of the 1001-92 TASS scores and approved the Text Book Committee.

They also discussed the school finance issue that has been approved by the Legislature. Phil Warren, superintendent of schools, stated that the plan would definitely result in a local tax increase.

The board accepted the resignation of Pam Holt, an aid that resigned. They hired Debbie Johnson to replace Ms. Holt. They also extended Sandra Garza to full time, where as she has been only part time.

Johnny Rios, a veteran of World War II lost both of his legs during the war. Rios is also a resident of Muleshoe Health Care Center.

Edd Edmiston and Guy Kendall are also residents of Muleshoe Health Care Center and a veteran of World War II.

Weaks is one of only two World War I veterans in Bailey County.

Thanksgiving Festival Set At Pep

Pep's Annual Thanksgiving Festival is scheduled for Thanksgiving day, November 26, at the St. Philip Neri Parish Hall in Pep. Pep is located west of Littlefield on Highway 54 turn South on 303, from Highway 114 or 597 turn north on 303.

Pep's famous German Sausage, turkey, and all the trimmings are to be served from 11 a.m. until 2 p.m. Adult plates will be \$6.00 and plates for children under 10 will be \$3.00. Take out plates are priced at \$7.00 and will be available until 5 p.m.

Homemade bread, baked goods, and homemade crafts will be for sale in the country store, and a fish pond will be open during the day. The concession stand will be open throughout the day.

An auction of various donated items will start at 2 p.m. in the dining room.

A raffle of three different items, a homemade king size quilt; \$100 in South Plains Money; and \$50 to

Boy Scouts Annual Food Drive

The Boy Scouts will be out Saturday passing out plastic food bags for their Annual Food Drive. The Scouts need non perishable items.

All items collected will stay in Muleshoe for the Food Bank. The Scouts will pick up the bags Saturday, November 21 and anyone donating food is asked to set it on their porch, as it makes collecting much faster.

EMS Saving Lives, --Helping People--

Since 1986, the Bailey County Emergency Medical Service has been saving lives and helping people on the South Plains.

Stationed in Muleshoe, this 18-member team includes 13 volunteers on its staff. Despite its size, Bailey County EMS has attained an MICU, Mobile Intensive care Unit certification level, the highest level of any ambulance service.

"We couldn't do it without the volunteers," says Jackey Burris, director of EMS and head paramedic. "To do what we do, and to attain MICU level, you have to stock the right personnel with the right equipment."

Covering all of Bailey County, as well as parts of Lamb and Parmer counties requires not only the right equipment, but also extensive training to handle every emergency situation. Even the volunteers must complete a vigorous training program coordinated through the Texas Tech Health and Science Center, which

By Stephen Hutchinson lasts a minimum of five months. This is just the beginning as they must then complete on-the-job evaluation, which usually lasts an additional six months.

"The medics must be aggressive and pick up real quick," says Burris.

The Bailey County EMS deals with many trauma cases, motor vehicle accidents, and transfers to the Lubbock and Amarillo hospitals. For this reason, Burris stresses the importance of the public having basic CPR knowledge.

"You have four minutes from the time you quit breathing until it's too late," says Burris. "If we're 10 minutes away, you can see the importance."

Bailey County EMS teaches classes on CPR whenever enough people are enrolled. Anyone interested in enrolling in a CPR class, or for more information on the EMS can contact Jackey Burris at: Bailey County EMS, 715 W. 2nd, 272-4390.

TALES AND TRAILS OF BAILEY COUNTY--- This is your last chance to purchase a Bailey County History Book. A limited supply of the first edition of Tales and Trails of Bailey County are available at the Muleshoe Public Library, and the Heritage House Inn. You may also call Vivian White at 272-3370 to purchase your history book. The book is bound in leather and inscribed in gold. These books are available now and just in time for Christmas. Youth Leader Attends Conference

Gilbert Rennels of Muleshoe has been selected to attend the National Young Leaders Conference from November 17 to 22, 1992 in Washington, D.C. Having demonstrated academic achievement, leadership and citizenship, Gilbert will be among 350 outstanding high school students from across the nation at the conference sponsored by the Congressional Youth Leadership Council.

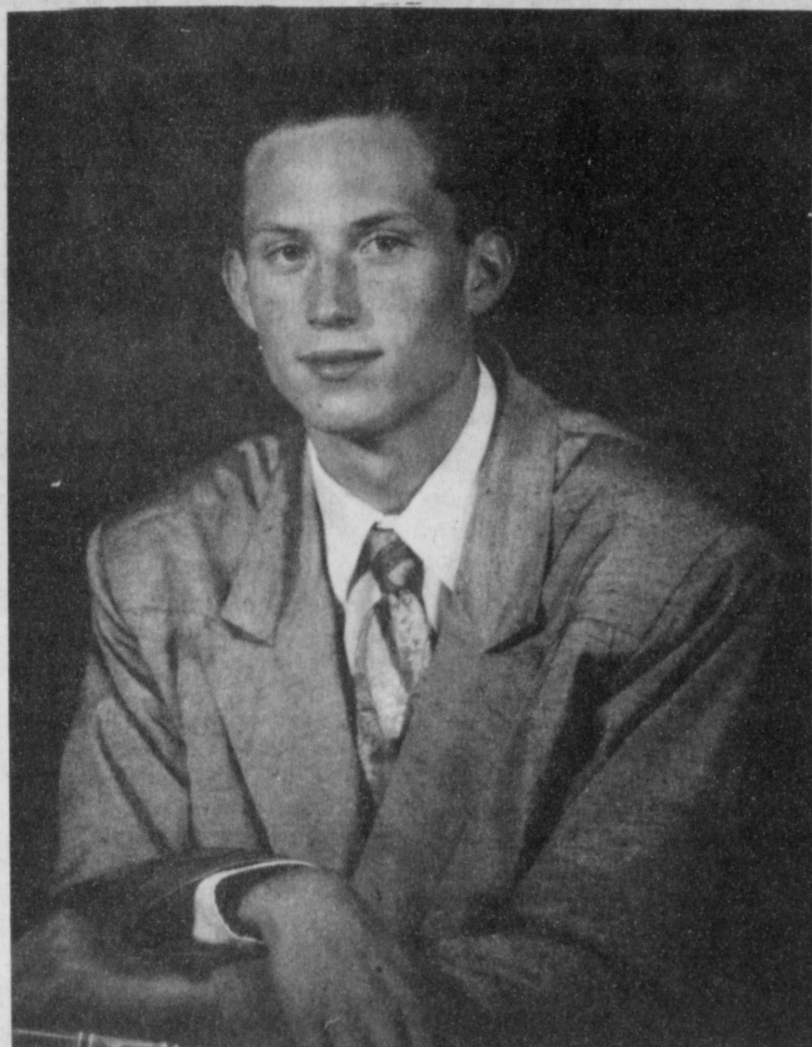

The theme of the National Young Leaders Conference is "The Leaders of Tomorrow Meeting the Leaders of Today." Throughout the six-day conference, students will meet with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Highlights of the program will include welcoming remarks from a member of Congress on the Floor of the United States House of Representatives and a panel of discussion led by prominent journalists at the National Press Club. Students will also visit foreign embassies and receive a policy briefing from senior government officials. In addition, scholars will meet with staff members from their senators' and representative's offices to discuss the 1992 election and other key issues.

Culminating the National Young Leaders Conference is the Mock Congress on Gun Control during which scholars assume the roles of United States Representatives by debating, lobbying, and voting on proposed handgun legislation.

Founded in 1985, the Congressional Youth Leadership Council is a non-profit, non-partisan educational organization. The Council is committed to recognizing outstanding youth and providing them with a "hands-on" civic learning experience in the Nation's capital. Over 350 Members of the United States Congress join in the commitment to educational excellence by serving as members of the Council's Honorary Congressional Board of Advisors.

"I firmly believe that by touching one life, the National

Gilbert Rennels

Young Leaders Conference enriches thousands more," said John Hines, Council Executive Director. "Scholars return to their schools and communities charged with the lifelong duty of leading all Americans to better understand their rights and responsibilities in our participatory democracy."

Gilbert, son of Mr. and Mrs. Jack Rennels, is a senior honor roll student at Muleshoe High School. He is a secretary of the 1993 graduating class and on the annual staff. He is also active in United Methodist Youth at the First Methodist Church in Muleshoe, Leadership Muleshoe of the Chamber of Commerce, and MHS Student Community Action Club.

Over the weekend Gilbert will visit in New York City with his cousins, Dr. and Mrs. Irvin Glick who live on Great Neck in Kings

Point, Long Island. They will attend the Saturday matinee performance of Andrew Lloyd Webber and T.S. Eliot's musical "Cats" at the Winter Garden Theatre on Broadway. Saturday night they will attend the Virginia Slim Tennis Match in Madison Square Garden. Dr. Glick is on the board of physicians of the tennis match.

Mrs. Glick, who is an artist and sculpture, will take Gilbert on a tour of both the Metropolitan and Modern Museums. She and Gilbert's late grandmother Olabelle Lamb were both reared in Jefferson, Texas. Mrs. Glick is the former Tommie Wurtsbaugh, niece of the late Mag Singleton of Muleshoe; Mrs. Singleton was Gilbert's great-grandmother.

Rebecca Green

A.A.U.W. Girl of The Month Named

The American Association of University Women is a national organization devoted to advancing the status of women and girls in our society.

A.A.U.W. is dedicated to promoting equity in education and providing informative programs for its members. The local branch of A.A.U.W. meets at 7:00 p.m. the first Monday of each month (during the school year) and welcomes any new member who is a graduate of an accredited University. This organization also offers a scholarship to a deserving young college student each year.

A.A.U.W. in the Muleshoe area began a tradition several years ago of honoring deserving young senior girls for their achievements in academic and service. Each month, an outstanding young lady is chosen from the Muleshoe High School Senior Class as "Girl of the Month", and twice a year a senior girl from the Lazbuddie High School Senior Class is chosen as either the "Fall" or "Spring" Outstanding Young Girl. These young ladies are chosen for their contributions to school, church, and community as well as for academic excellence. The members of A.A.U.W. are very proud to be able to recognize these wonderful girls and further honor them with a dinner party in the month of May.

The Muleshoe branch of the American Association of University Women is pleased to announce this year's second October

Girl of the Month, Miss Rebecca Green.

Rebecca is the daughter of Ben and Bonnie Green. She has been on the honor roll for the past four years at Muleshoe High School, and is ranked second in her class. This year, as a senior, she holds the position of Reporter for SCAC, is a member of Hero, a member of the Cross-Country team, district champions, state qualifier, and a member of the National Honor Society. As a Junior she received the Spanish II award, Computer Applications award, Cross-Country award, and Track award for Regionals. As a Sophomore she was a member of Cross Country team, Track team, and Who's Who In American High Schools. As a Freshman, she received the Honors Physical Science award and was a member of the Tennis team. Congratulations, Rebecca.

Creative Living

by: Sheryl Borden

Information on making pinecone fire starters, paper recycling and party recipes will be the featured topics on "Creative Living" on Tuesday, November 17 at 12 noon and Saturday, November 21 at 2:00 p.m. (All times are Mountain). "Creative Living" airs on public broadcasting station, KENW-TV from Eastern New Mexico University.

Joy Best, Roosevelt County Extension Home Economist, will demonstrate how to make fire starters out of pinecones. These are functional and can also serve as a unique gift. Ms. Best is from Portales, NM.

Mary Holbrook, representative from Browning-Ferris Industries, Inc. will discuss the "BFI Cares About People" program and tell how her company became the National winner in the Cooperations/business category of the Best Paper Recycling Story Contest sponsored by the American Paper Institute. Ms. Holbrook is

from Houston, TX.

Janel Franklin, cookbook author, will explain how to host a party that the host or hostess can enjoy as well as the guests, and she will share some of her favorite recipes from one of her cookbooks. Ms. Franklin is from Tahoka, TX.

On Tuesday, November 17 at 9:30 p.m. and on Thursday, November 19 at 12 noon "Creative Living" will present information on seafood, sewing facings and micro-convection cooking.

Nelda Mercer, Assistant Director of Preventative Nutrition at the University of Michigan, will discuss the health properties of seafood and talk about the controversy about shellfish and cholesterol. Ms. Mercer is from Ann Arbor, MI and works with the MedSport program.

Phyllis Eifler, owner of Sewing Innovations, will demonstrate ways to eliminate bulk from traditional facings. Ms. Eifler is from Denver, CO.

Karen Linson, Sharp Electronics Corp., will demonstrate a rotisserie convection/microwave oven that makes cooking easy enough for everyday, but good enough for gourmet. Ms. Linson is from Mahwah, NJ.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam, and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of materials offered on the show by sending one 29 cent stamp for each handout requested. McCray-McDade United In Las Vegas Wedding

Mr. and Mrs. Brian Allen McDade (nee Bobbi McCray)

the alter was a three-tiered multi-color lighted fountain.

Serving as Matron of Honor was Ms. Jo Ann Fox, cousin of the bride, of Muleshoe. She wore a tan street length dress with ecru lace adorning the neckline and flowing on the sleeves. She carried a single white rose, accented with blue bows and streamers.

The groom wore a black suit with a waist length jacket, a black tie and accented with a white rose boutonniere.

Best man was Mike Bybee of Garden Grove, Ca., brother in law of the groom. He wore a tan suit with a rose boutonniere.

Following the ceremony, they met at the motor home of the bride's great aunt and uncle, Mr. and Mrs. Jack Morgan. A single layer white cake and coffee were served to those attending the wedding. Atop the cake was a bride and groom encircled by a white heart.

Those attending the wedding were Mr. and Mrs. Jack Morgan of Muleshoe, great aunt and uncle of the bride, Mrs. Elder, great aunt of the bride, Ms. Fox and Natalie of Muleshoe, cousins of the bride, Mr. and Mrs. Bybee of Garden Grove, Ca., sister and brother-in-law of the groom.

Upon returning from their wedding trip to Las Vegas, the couple will reside at March Air Force Base in Moreno, Ca.

Bobbi is the daughter of Mr. and Mrs. Gary McCray of Muleshoe. She is an airman 1st Class in the 22nd Mission Support Squadron at March AFB.

Brian is the son of Mr. and Mrs. J. Kirby Chaney of Urbana, Il. and the late William H. McDade. He is a Sgt. in the 22nd Security Police Squadron at March AFB.

Rotary Meets

Curtis Shelburne entertained Rotarians and guests on the piano Tuesday during their noon meal of ham, butter beans, corn, green beans, cabbage, au gratin potatoes, apple and celery salad, rolls, banana pudding, and tea prepared by Jackie Denim, and assisted by Lori Hall.

Sam Harlen gave the invocation, Ted Barnhill led the group in the pledge to our flag, and Terry Hutto led them in singing.

Business was discussed and J.D. Cage was appointed as Chairman of the nominating committee.

Clifton Finley, in charge of the program for the meeting, introduced Barbara Finney, Principal of De Shazo Elementary. She gave a program on the curriculum of the school, which consisted of fundamentals of the writing and math principles. Changes in the math curriculum are being made, stressing more importance on the how and why of solving a problem, more than the actual problem itself. Students are being taught to make their own problems and solve them rather than solving someone elses problems. After the actual process

Texas Historical Commission Names Main Street Cities

names 1993 main street cities
The Texas Historical Commission (THC) has designated Littlefield, Mount Pleasant, Sherman, and Van Alstyne as 1993 Official Main Street Cities. In addition, Dallas City Center, which is a downtown commercial district, was designated as a participant in the Urban Main Street Program. The announcement was made at the THC's fall quarterly meeting in Columbus on Friday, October 23.

"The Texas Historical Commission looks forward to assisting these cities in the revitalization of their historic downtown areas in the coming years," said THC Chairman Kark Komatsu. "We have seen great success over the past 11 years in many communities, both large and small, and we believe that our new cities will be some of the most successful."

These cities will join 37 others in the successful downtown revitalization program sponsored by

the THC. Each participating city will receive technical assistance, training, and design assistance from the Main Street architectural staff. In addition, a Main Street resource team will visit each city and offer short-and long-term recommendations for rehabilitating buildings, attracting new business, and promoting tourism.

The Texas Main Street Program has worked with more than 84 cities across the state since the program's inception in 1981. Many of these cities are now popular visitor destinations. The Main Street Program has stimulated more than \$250 million in private sector downtown reinvestment and has created more than 5,400 new jobs.

The Texas Historical Commission is the state agency for historic preservation. Its staff administers a variety of programs to preserve the heritage of the state.

For more information on the Texas Main Street Program, contact program director Anice Reid, 512/463-6092.

Farm City Week Editorial

By S.M. True, President, Texas Farm Bureau

In 1992, less than two percent of the U.S. population is involved in the production of food and natural fiber. On the socio-economic time scale, this is a development that has proceeded at incredible speed. Not so long ago, we needed closer to fifty percent of our people to meet our food and fiber needs.

Advances in food production technology, and the skill with which it has been applied on the farm has freed the bulk of our population for other pursuits.

Since this is a fairly recent development, many people still have ties to the farm. However, as the generation that left the farm ages and passes on, many of us are losing touch with our heritage of agriculture.

Farm-City Week, observed this year on November 20-26, is an effort to inform the public of the importance of agriculture, and to celebrate the tie between rural and urban people.

The abundance enjoyed in America is the product of a partnership between those of us still on the land, and many more who live in urban America. This partnership has many faces. The food production miracle takes place in research laboratories, industry test plots, on farms and ranches, and in the vast system of processing and distribution. All of these are important to us, doing the job so efficiently that on average, Americans spend about 12 percent of disposable income for food, the lowest in the world.

In Texas, twenty percent of our labor force works in some part of agriculture or agribusiness...one job in five. Agriculture contributes

some \$40 billion to the economy of the Lone Star State.

Due to the contributions of the food production system, one American farmer is capable of providing food and fiber for himself and 120 others, here at home and overseas.

All of this abundance would not mean much if our food were not worthy of consumption. The quality and safety of our food is also part of the story. The government plays a role with a highly reliable testing system that ensures that our food is not only plentiful and cheap, but very safe. Government regulations, and the responsibility of farmers and ranchers, protect the environment or future generations.

Millions of Americans will sit down on Thanksgiving Day to partake of a feast that represents the bounty of our land. In the history of the world, abundant food has been a rarity. As a nation, we are blessed beyond the dreams of so many in the world today.

Farm-City Week 1992 celebrates what we have in common, despite the differences between rural and urban lifestyles. Our system works. It provides for us now and represents hope for the future.

Troops & S. Korea

The United States will keep 37,000 troops in South Korea until the hard-line communist government in Pyongyang proves it is not attempting to build a nuclear weapon, Defense Secretary Dick Cheney said.

Court: 1992-93

The Supreme Court opened its 1992-93 term by agreeing to resolve two key church-state disputes from familiar constitutional battle grounds—the public and parochial schools.

DPS Officers To Be On Duty Thanksgiving

"As we approach Thanksgiving Day weekend, all of us are making plans for observance of this traditional season of the year", stated Major V.J. Cawthon, Commander of the Texas Department of Public Safety Region 5. Many Department of Public Safety Officers will be making plans of a different kind, they will be on duty to stimulate safety consciousness throughout this festive holiday.

Major Cawthon also said, "the Department of Public Safety wants you to have a safe and pleasant holiday. If you are planning a trip out of town check your car, the road conditions, the weather conditions, and your driving habits." Remember, that the early darkness and heavy traffic calls for more caution and less speed. If we think safety first and drive defensively, then a safe and pleasant Thanksgiving is almost certain. The Major urges Texas motorists to use safety belts on all occasions when operating a motor vehicle.

Remember, no matter how good a driver we may be, we can not control the driver that we are meeting. We have no guarantee that that driver is not tanked up on booze or hopped up on pills. Let's drive as if each driver will always do the unexpected and in this manner we can enjoy another holiday.

Oleander Plant Extremely Lethal

Are you one of the millions who enjoys beautiful lawns outlined with fragrant colorful flowers? If you are be careful of the variety of flowers you plant.

A favorite lawn liner, Oleander comes in a variety of pinks, white and reds and can be very deadly. Oleander is poison! A single leaf of oleander can kill an adult.

When cooking out of doors, never spear your hot dog with a twig of oleander, to hold over the fire. The hot dog becomes poisonous.

Firemen responding to a fire which may include oleander shrubbery, must wear their self-contained breathing apparatus because even breathing the smoke can be poisonous.

According to the Poison Control Center a scratch from an oleander bush can cause dermatitis. The leaves, the flowers and the roots are poisonous.

The poison in the oleander has been identified as "cardiac glycozide." It affects the heart such as digitalis does.

Symptoms of oleander poison are progressive. First nausea, severe vomiting, stomach pain, dizziness, then slow pulse rate, irregular heartbeat, bloody diarrhea, dilated pupils, paralysis of the lungs, convulsions, coma and death.

Housing Opportunity Hotline Promotes Affordable Housing

Texas Farmers Home Administration (FmHA), one of eight federal agencies and government-sponsored enterprises have united in an effort to help thousands of persons, including very low-to moderate-income families, achieve home ownership.

It is being reported by Neal Sox Johnson, State Director of FmHA, that these eight organizations have established a joint marketing information center in Dallas. Alfred A. Deli, Deputy Secretary of the Department of Housing and Urban Development (HUD) and chairman of the National Housing Advisory Board serves as the contact person.

By dialing the toll-free Housing opportunity Hotline number 1-800-362-2944, a caller will receive information on homes being offered for sale by the organizations anywhere in Texas.

Until now, persons interested in buying homes offered for sale by federal agencies and government-sponsored enterprises have had to contact each individual organization

to learn what is available.

"President Bush and HUD Secretary Jack Kemp have established home ownership and affordable housing opportunities as a domestic priority to expand homeownership among very low-to moderate-income families," said DelliBovi. "This initiative will make it much easier for these Americans to achieve their dream of home ownership."

The farmers Home Administration assists rural America by guaranteeing private sector loans and by providing temporary, supervised direct loans to farm and housing borrowers who have a reasonable chance for success, and whose current needs cannot be met at reasonable rates and terms by commercial sources. The Agency is committed to excellence in providing its services.

Trade Agreement

The United States and China have signed a trade accord the Bush Administration hailed as a breakthrough in providing U.S. companies access to the huge Chinese market.

Services Held For John Blakely (J.B.) Moore

John Blakely (J.B.) Moore, 58, born in Kent County, Texas, loving husband and father, departed from this earth for heaven on Wednesday morning, November 11, 1992. He will greatly be missed by many friends and loved ones.

He was raised in Muleshoe where he played football for the Muleshoe Mules. He later attended and graduated from Texas A & I University, Texas' southmost college in Kingsville with a Bachelors and Masters degree. While in college, J.B. served as program Director for the Valley Boys' Ranch in Harlington, and later as farm manager for Boys' City (now Youth City) in Driscoll. Upon graduation he taught elementary school in Slaton for two years before becoming Executive Director of Coastal Bend Youth City in Driscoll in 1960.

J.B.'s life was centered around his dedication to children and youth. In addition to his responsibility of parent for his own children, he dedicated his life to the boys and

girls at Youth City for 24 years. After retiring from Youth City in 1984, J.B. and Joyce owned and operated a retail establishment in Alice until 1990, when he returned to the profession he loved, working with children. J.B. served as the Educational Liaison for South Texas for the Texas Youth Commission from 1990 until his death.

Over the years, he was deeply involved in the Nueces County 4-H program as well as the Junior Livestock Show and Sale Programs. J.B. was President of the National Association of homes for children for several years until 1984; a member of the board of Directors for the Boys' and Girls' Clubs of Alice; participated with the United Way and was a member of the Downtown Optimist Club of Corpus Christi for many years.

J.B. and his family were lifelong members of the Methodist Church, and longtime members of the First United Methodist Church in Bishop.

He is survived by his wife of 34 years, Joyce; three sons, Blake and Mark of Plano, TX; Jordan and his wife, Margie of Tonia, MI; A daughter, Missy Jennings and her husband, Carl, of Glasgow, MO;

two sisters, Carolyn Simmons and her husband, Murray, of Roby, TX; Nell Stinson and her husband, Bob, of Kingswood; a brother, Don and his wife, Fran, of the Colony, Tx; and seven grandchildren, Monica and Celeb Moore of Plano, Justin and Jennifer Grabb and Anthony Jennings of Glasgow, Mo; and Scottie and Brittany Moore of Tonia, MT; as well as numerous beloved nephews and nieces.

Funeral services were held Saturday, November 14, 1992, at 10:30 a.m. at the First United Methodist Church in Bishop with the Rev. Jay Brown officiating. Burial was in Restland Cemetery in Bishop.

In lieu of flowers, memorial gifts may be made to the First United Methodist Church of Bishop, the Texas Youth Commission's Nueces House in Corpus Christi, or any favorite charity for youth and children.

Three Ways News

by Mrs. H.W. Garvin

Robert Kindle has been a patient the past week undergoing medical treatment in Littlefield.

Mr. and Mrs. Bill Dolle and Darla were in Lubbock Monday for medical treatment.

The farmers are very busy gathering the feed crop which is about out. Farmers have started pulling cotton.

The Three Way Football team played their last game of the season at Whitherral losing the game.

Mrs. Obie Standard and children spent Tuesday in Clovis visiting her sister the Hatcher family.

The Bill Dolle family spent Saturday in Lubbock to help her mother, Mrs. Ralph Davis celebrate her 80th birthday with a party.

The paths of glory lead but to the grave.

To Make Money In The Stock Market, You Need A Little Skill. To Make Money From Lotto Texas, You Need A Little Pencil.

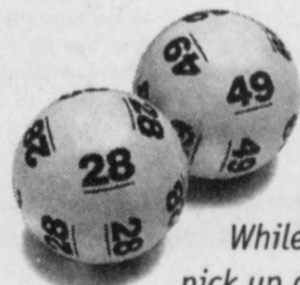

LOTTO Texas is a new game from the Texas Lottery, and you could make millions just by filling out a playslip and paying a dollar.

(We apologize to all those who have made their money through skill and savvy.) The purpose of this is to instruct you on how to play.

OK. To play, just pick six numbers from one to fifty. If you happen to pick the same six numbers that come up at the drawings, then you could win millions of dollars.

OK. Step number one. Go to any of the LOTTO Texas retailers. You can only play where you see a red and yellow sign that says LOTTO Texas.

Step number two.

While you're at the retailer, pick up a LOTTO Texas playslip and a pencil. There's a picture of the playslip on this page. You may find the playslips in a stand called a play station. If not, just ask for one.

Step number three. (My, we're moving right along now, aren't we?) Just choose SIX numbers from one to fifty. You can play up to five times on each playslip. Completely fill in the numbers that you choose on the playslip ONLY WITH A BLACK OR BLUE BALLPOINT PEN OR A PENCIL. The one featured here would work just fine.

Also, don't erase any mistakes you make. Just fill in the VOID box on that particular play and you will not be charged for it.

Step number four. (Past the halfway mark.) Take a dollar (that's how much it costs to play LOTTO Texas) and give it and the playslip to the retailer. It takes just a few seconds. When you're done, you'll be handed a ticket which will verify which numbers you picked. Please remember to take the time to sign your name on the back of your ticket

so no one else will be able to cash it in.

Step number five. Tune in the televised

drawings on Wednesday and Saturday nights at 9:58 p.m. CST to see how well you did.

If you picked all six of the numbers which are randomly chosen on the ball machine, then you could become a millionaire. If you missed the drawing,

the numbers will be posted the next day at all LOTTO Texas retailers and in your local newspaper. The jackpots are paid in 20 annual installments.

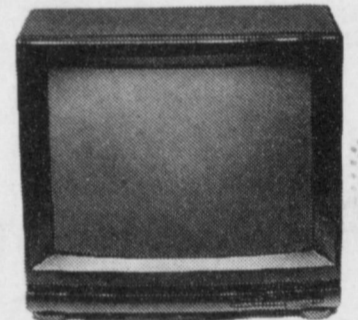

You can also win second and third prizes by matching five out of six or four out of six numbers. Match three out of six and you will win \$3 automatically.

Win up to \$599, and you can collect your prize at any LOTTO Texas retailer.

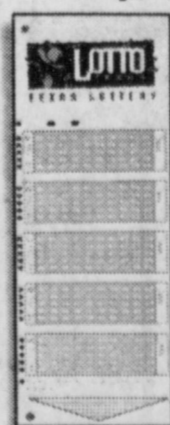

Winnings of \$600 or more can be claimed at any of the 24 Texas Lottery claim centers. You can also claim prizes through the mail using a claim form that you may pick up at any Texas Lottery retailer. Please be sure to make copies of the front and back of your ticket before you send it in. The Texas Lottery is not responsible for tickets lost in the mail. All prizes must be claimed within 180 days of the drawing.

Finally, LOTTO Texas can be played up to 10 drawings (that's five weeks) in advance. If you want to play those same numbers for several drawings in a row, fill in the multi-draw box on your playslip with however many drawings you would like to play.

One more thing. You must be 18 years or older to play. And when you watch the televised drawings, there's a chance that your heart may start to pound a little and your palms may begin to sweat. The most important thing for you to remember is to please have fun and enjoy playing the game of LOTTO Texas.

Telephone Service: A True Value

Terry Smith
Brownfield District Manager

Recent statistics from the Department of Labor show that telephone service is one of the best values.

In the past five years, food and beverage costs have gone up over 23 percent, housing costs up over 21 percent, and medical care skyrocketed over 45 percent. During this same period, the cost of telephone service increased by little more than 3 percent nationwide.

At GTE, we're doing our best to make your telephone service an EXCELLENT VALUE.

MICROWAVE TIPS
Microwaves penetrate foods from three quarters of an inch to 1 1/2 inches.
The density of the food being microwaved is the reason for the varying depth of penetration.
A heavy, dense food such as a brownie takes longer to microwave than a porous food. For this reason, remember that small pieces of beef, which is dense--under two inches in diameter--cook evenly from all sides while larger cuts, and dense foods, require longer microwaving time.

STILL WATERS

The old proverb "still water runs deep" meant that people who talked very little, like Calvin Coolidge, were supposed to be thinking profound thoughts about important things. There is probably more truth here if the proverb is reversed "deep water runs still," for most great people are not noisy about their greatness. Nowhere is this principle truer than when applied to God. He does not force Himself upon us; He will not dazzle our eyes and force us to respect; He has left man free even to reject His Creator. The Bible says that this is exactly what man, every person, has done. We have all repeated the tragedy of Adam and the meaning has drained out of life.

Our rejection, however, does not end God's love. He continues to send His rain on the just and unjust. But far more than this He sends an only son that through Him we may become reconciled to God, for here we can see the magnificent depth of God's steadfast love. His love continues to flow deep and still like this stream, ever there for whoever will turn to Him in trust.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God out and reassurance. He alone can forgive. Through the church God has committed the provision and procuring love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church should be in everyone!

Suicide-Relating To Our Children

There are some things, we as parents can do to reduce the likelihood that our children will act on suicidal ideas. However, we as parents are not able to control our children's behavior and the choices they make. Owning and getting as comfortable as possible with that fact is an important part of a successful parent. Sometimes, suicide is an impulsive act that young people do in spite of the best efforts of parents and others. What can you do to improve your chances? Here's a list: Tell your children in words: "I want you to live" in a context

that has some power (like when you are greeting your children after an absence and saying "I'm so glad you're alive. I care about you.") Making this statement indirectly is not enough. Some parents unfortunately, believe that children will understand their commitment to life if they act in certain ways. Children may pick this up through behavior. But this message is too important to leave to chance. Parents need to use words: "I want you to live."

Remember that your children are guests in your home for a few years. They can go on their own way. They are not extensions of us parents. They must learn to live their lives for themselves.

Treat your children with respect. Talk at eye level frequently. Limit criticism to teaching.

Limit Physical Punishment. Your child already knows that you are bigger and stronger. The lesson children learn from physical punishment is violence. Suicide is a form of violence.

Respect your child's development. Don't expect your child to do things before he/she is developmentally ready. Read some of the good books on child development to learn what is appropriate at your child's developmental level. Frequent pressuring children to perform for parents beyond their level of readiness is a key set-up for later suicidal behavior.

Tell your children that you love them unconditionally--no matter what. Tell them the specific behaviors that you don't like. Separate love and behavior--you love them even if you don't like their behavior.

Spend time with your children. Listen to what they think and feel. Accept both of these even if you don't agree. Listening shows that you care. Don't make statements like: "You shouldn't feel that way." These messages isolate and confuse children.

Most importantly, live your life well. Don't be suicidal yourself. Model successful interpersonal problems solving, keep a good marriage, live respecting others authority. If you're not married, develop a "family" for your support and love. If the lives of parents are good, children usually respond with good living.

Finally, there are skills you can teach your children. This list is the antidote for the commonly recognized factors that predispose children to suicide:

- * The skill of grieving is critical because most suicides are committed in response to a loss.
* The skill of reaching out for help when difficulties arise, and the skill for reaching out for competent help.
* Communication skills to make sure that others listen.
* The skills involved in living with the opposite sex because many youthful suicides are a result of difficulties in a love relationship.
* The skills to develop a personal support system because most suicidal persons are quite lonely.
* The skill to develop philosophy of life to deal with the threats of overpopulation, pollution, nuclear holocaust and the injustice in the world.
* The skills involved in keeping good health.

You see, reducing the possibilities that your child will commit suicide is successfully parenting--committed, informed parenting. Our task as parents is to give parenting our best effort, our best passion, our best love.

LOUISA'S LETTER

Dear Louisa We were very poor when I was a child but we lived in a large city and there were many free things we could see. The school I attended was not the best but I had a very good teacher who was interested in me and who helped me with books and later on with a scholarship to a college. I taught school and married the principal of the school and we have had a very happy life. We have four children and I am eager to give these children the things I never had as a child. My husband thinks I carry that idea too far.

Answer:

I think that many people who lacked luxuries and some necessities when they were young do go overboard in lavishing material things on their children. Youngsters can be happy with simple things. -Louisa

Address: Louisa, Box 532, Orangeburg, S.C. 29115

LOUISA'S LETTER

Dear Louisa, I am separated from my husband and have one small child. I do not get enough alimony to pay our bills so I have to work. What is the best way to arrange for the baby? Should I put him in a day nursery or should I get someone to stay with him at the house? I can get home for lunch because my work is not far from home. Mother-Ga.

Answer:

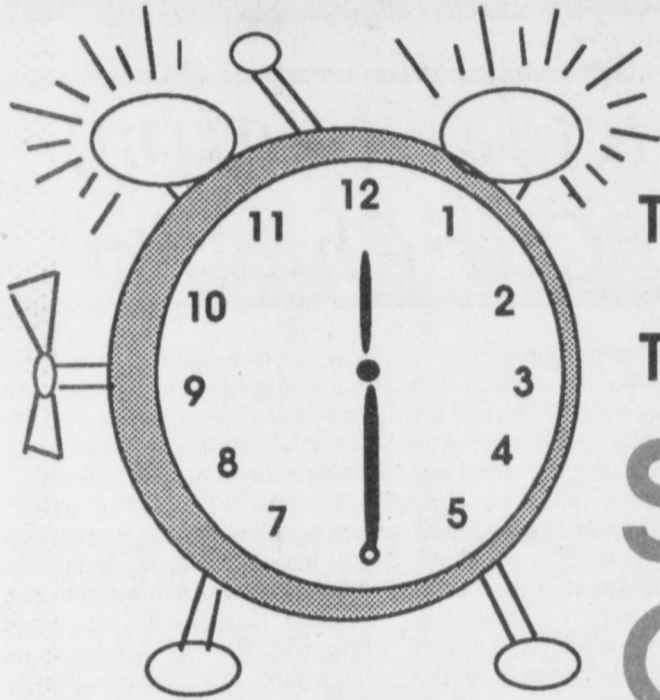

The answer depends on several things. The first one is the person who will be responsible for your child. If the baby is young and you can depend on the person to take good care of him, it may be better to have someone in your home. In that case, you will be able to check on things at lunch time. If you are not sure of such a person, a nursery may be your answer, particularly if your child is old enough to enjoy playing with other children.
