Parochial Students Win 34 Prizes On Conservation Essays

When 35 kids from one school enter a state essay contest and 34 of them win prize money, Con thinks its something for the books, or Ripley, or at least for this column. That's what happened at the Parochial school in connection with this year's Fort Worth Press contest on Soil Conservation.

No less remarkable is the fact that the list of winners was limited to 140 for the whole state and just one less than one-fourth of all those winners are in one little school. All of which speaks well for the contestants and the school.

Of course there is no doubt in our minds that the record seems too good to be true. There must be a catch somewhere. Surely we can't pretend to have 25 per cent of the state's leading juvenile talent fenced off in this tiny corner. The only reasonable explanation is that other parts of the state were very poorly represented.

But even that is little to the credit of the rest of the state. A subject as vital as soil conservation should get recognition in every English class. Children, especially those in rural areas who will be working the soil a few years from now, ought to become thoroughly familiar with the appalling annual loss of our precious top soil.

It is discouraging to realize that Texas as a whole is so little concerned about urgent problems.

In case you have ever wondered how self-sufficient a person can be, you can find the answer in the piney woods of East Texas. Not so far from Winnboro there's a character named Ledger Gilbert identified by Kenneth Foree of the Dallas News as the 1947 version of Robinson Crusoe. On his 26 acre farm, one fourth of which is in cultivation, he manages to reap and process everything he needs to keep going. Everthing, that is, except salt and .22 cartridges, the two items he hasn't learned to provide for himself.

By our standard his life is primitive, but in view of his limitations it is complex and even a bit luxurious. Starting with cast-off junk he has made processing units which bring a touch of civilization to what would otherwise be strictly a hermit's existence.

First of all he grows everything he uses by means of a garden size cultivator powered by himself. He doesn't even have a mule. The crops are wheat, corn, peanuts sweet potatoes, sugar cane and vegetables. The only meat he eats is possum or squirrel stew — the reason for the .22 cartridges. From the wheat and corn he grinds his own flour and meal in a mill built by himself. Peanuts, high in protein, are his meat substitute and also furnish his cooking oil which is extracted by means of another home built machine. For sugar he squeezes cane in another of his gadgets and boils down the juice, finally making vinegar from some of the sugar. In addition to that he cans berries and vegetables to provide him from one season to another.

His house is made of logs cut on his place and his clothing is made of cotton also grown, ginned, spun, woven and sewed by himself. His bed is a big box filled with five feet of cotton. In warm weather he sleeps on top of the cotton, in cold weather he burrows down. The colder it is the deeper he digs.

Of course all that is interesting, and we're even inclined to admire the man for the many skills he has developed. By comparison with him most of us should be ashamed of the pitifully few things we have learned to do.

But that's about as far as our admiration goes. Considering the few things he gets from or contributes to modern civilization the man is a dismal failure. For his efforts he derives a freakish, side-show satisfaction of being different from anyone else. Besides that there's little left for him but a deep feeling of futility.

A few days ago Columbian Samuel B. Pettengill mentioned an incident in Detroit which seems to indicate that the national legislature has the overwhelming approval of working men in its present efforts to curb the dictatorial power of labor bosses.

400,000 automobile workers were ordered off the job and told to assemble in Detroit's Cadillac Square to demonstrate against the pending labor legislation. Every one took the day off — they had no choice in that — but only 75,000 appeared to protest the labor bills. More than 80 per cent of the workers indicated by their action that they

WALTER EBERHART CRITICALLY ILL IN SHERMAN HOSPITAL

Walter Eberhart is in a critical condition at St. Vincent's hospital, Sherman, as a result of complications which developed from a hernia. The operation to relieve his condition was several hours late, after cramped tissues had been seriously damaged by the stoppage of blood circulation.

Along on the farm he is working, Walter awoke early Monday in severe pain and after considerable difficulty roused some neighbors by telephone and had them take him to the Muenster clinic. More trouble in notifying his parents and the drive to Sherman delayed the urgent operation until late in the morning.

Bill Eberhart, returning after a visit Tuesday evening, described his brother's condition as very serious. Mrs. Ed Eberhart is remaining at her son's bedside.

LARGE ATTENDANCE HONORS REV. THOMAS AT SILVER JUBILEE

All of Rhineland and scores of visitors from neighboring communities, along with relatives and friends from a wide area gathered at St. Joseph's parish in Rhineland last Wednesday, May 7, when the Rev. Father Thomas Buegler, O.S.B., celebrated his silver sacerdotal jubilee.

Officiating at the solemn high mass in the presence of the Rt. Rev. Paul Nahlen, O.S.B., Abbot of New Subiaco Abbey, Father Thomas was assisted by the Very Rev. Joseph Fuhrmann, Corpus Christi, as arch priest; Father Wagner of Pep and Father Mosler of Seymour as deacon and sub-deacon, and Father Harnett, Wichita Falls as master of ceremonies.

The Rt. Rev. Abbot Nahlen was the speaker for the occasion, and in his address announced that Father Thomas was being sent to Corpus Christi in June to organize a new parish in that city. He will be confronted with the enormous task of developing the parish of Saint Theresa, the Little Flower.

For the jubilee services the church was beautifully adorned carrying out the silver anniversary theme, which was like wise repeated in decorations throughout the rectory and banquet hall.

The ceremonies began at 10 o'clock with a procession led by the Rhineland band, Fourth Degree Knights of Columbus in full regalia, and included visiting clergy, nuns, relatives and friends of the jubilarian.

A banquet menu was served at noon and during the afternoon the sessions of the convention of the North Texas district of the Catholic State League were held. This was followed by the evening meal, a general community bazaar and a social for all.

Sugar Stamp 12 Good For 10 Pounds June 1

The Agricultural department announced Tuesday that sugar ration stamp No. 12 for individual consumers will become valid June 1 instead of July 1 as originally planned. It will allow purchase of 10 pounds.

The department said that supplies from this stamp must last until October 31, when price and rationing controls will expire unless extended by congress.

Stamp No. 12 is the second to be designated as a 10-pound sugar stamp. The first was No. 11 which became valid April 1.

The June 1 date was set for No. 12 stamp in order to expedite movement of sugar into home pantries while railway transportation is available. Officials say they expect a shortage of freight cars for sugar after the bumper winter wheat crop starts moving to market late next month. Sugar now is piling up in eastern refineries.

It was also announced that industrial users may apply for third quarter allotments June 1 instead of June 10.

Drive And Party Raises \$2400 For VFW Building

An incomplete report at Tuesday night's VFW meeting disclosed that the organization had realized about \$2,400 in its recent drive for funds and benefit party.

Most of the money resulted from contributions during the campaign in which a new Ford was offered as a prize to the lucky contributor. Earl Swingler won the car. Now employed in Rio Grande City, Earl was home during the weekend to get the car and to visit his parents, Mr. and Mrs. Joe Swingler and family.

Community Farmers Snap Into Action As Rain Finally Stops

Muenster farmers got into high gear this week in an effort to catch up with work delayed by persistent rains of the previous three weeks. The principal concern is putting up hay which has already passed the ideal cutting stage and is becoming tough and stemmy.

As regards moisture, the general condition of the community is very favorable, the only exception being wheat land which is wetter than necessary. Other crops, however, such as corn, feedstuffs and pasture are thriving.

The series of showers scattered between Wednesday of last week and the past Monday added 1.82 inches of moisture to the already soaked land. The hardest rain came as a near cloud burst early Monday morning, flushing creeks and approaching the flood level at Gainesville.

HORNETS END SPRING TRAINING WITH 44-6 WIN OVER DENISON

Prospects for a successful football season next fall seemed bright last Sunday afternoon when the Hornets romped over St. Xavier Academy of Denison 44-6 as closing practice session for spring training at both schools.

In spite of the absence of this year's graduates the Hornets appeared to be up to their old form, and stand a fair chance of developing more strength than they had last year.

Coach Frank Hennigan is depending on Captain Julian Walterscheid and Ernest Sicking and Wilbert Vogel, all top performers last year, to serve as a nucleus for the next team. With other seasoned players and a good selection of recruits coming up Hennigan expects to have a smooth-moving and hard-hitting team.

MUENSTER KNIGHTS INVITED TO FT. WORTH INITIATION AND DINNER

Muenster Knights of Columbus and their lady friends have a special invitation to join in festivities at Fort Worth next Sunday when that city's Monsignor Nolan Council will hold its major degree initiation followed by a dinner-dance. The invitation was extended personally by Grand Knight Leonard Endres at the local council's regular meeting last Wednesday night. Other Fort Worth visitors were Joe Breen, James Leonard, Ed Steiner and Dr. Guthrie.

The Fort Worth program begins at 7:45 with assembly of candidates, members and boy scouts at St. Patrick's church for 8 o'clock mass and communion followed by a 9 o'clock breakfast at the Wayside Inn.

The initiation begins at 1 o'clock at the Holy Name School, 1011 E. Terrell St. and the time between it and the 7:30 dinner-dance at the Blackstone Hotel will be filled in with a cocktail hour, also at the Blackstone.

Headquarters for visiting ladies is the Blackstone Hotel.

Weather Jinxes Turn-out But Not Performance At Saturday Night Rodeo

The weather man jinxed another rodeo crowd last Saturday night but he did not jinx the performance. Before a half sized attendance that ignored threatening clouds the management again applied its slogan of "a better show every week". By constantly adding new stock and culling out poorer performers the rodeo offers more action at each succeeding show. The latest addition is more broncs.

Winners Saturday night were as follows:

Bronc riding: Bill Biffle, Prairie Point; Clifford Boydston, Petrolia; John Douglas, Denton. Steer riding: David Shellenberger, Marietta; John McChristian, Valley View; Bill Liddel, Marietta.

Calf roping: Les Combs, Nocoona; Orville Shellenberger, Marietta; Roy Branham, Marietta. Ribbon roping: Melvin Dameron, Comanche; Mutt Lacy, Sherman; F. A. Shellenberger, Marietta.

Miss Mariam Koesler was home to spend Mother's Day with her parents, Mr. and Mrs. Alfons Koesler and family, returning to her duties in Sherman Monday.

REV. THOMAS NAMED TO START NEW PARISH AT CORPUS CHRISTI

Rev. Thomas Buegler, O.S.B., present pastor of St. Joseph's church, Rhineland, and immediate past pastor of Sacred Heart church has been named the first pastor of the new Saint Theresa's parish in Corpus Christi, it was announced last Wednesday. He will assume his new duties on June 15.

Plans for the organization and development of the new parish include the building of a church, rectory, school, sisters' residence and hall, and other facilities to care for a congregation of about 200 families. It will be located on a site a quarter of a mile outside the city limits, on a 6-acre tract.

The first service for the parish was held on April 13 at Corpus Christi College-Academy with the Rev. Joseph Fuhrmann officiating. At the present time a chapel is being completed at the academy where services will be held until the new church is completed. Until Father Thomas assumes pastorage Fathers of Corpus Christi College-Academy are in charge of the services.

12 SCOUTS DECORATED AT COURT OF HONOR CEREMONIES SUNDAY

Court of honor for 12 members of Boy Scout Troop No. 164 was held in Sacred Heart church Sunday night at 7 o'clock. Four boys received second class badges and eight received tenderfoot badges.

Rev. Herman Laux, pastor, officiated at the impressive candle lighting ceremony, assisted by Scoutmaster Nick Miller. The scout oath was recited individually before the high altar and after being tagged for advancement the boys marched to the Blessed Virgin's altar where they recited the Act of Consecration to Our Lady in union.

Preceding the ritual the boys marched from school to the church, led by three members carrying the United States flag, the Church flag and the Scout flag. Members of the scout committee and Frank Cockrell, field man for the district, from Denison, were in the procession.

Father Hermer delivered an instructive sermon in which he pointed out the duties of a scout in connection with scouting and with Catholicity, stressing especially the work the boys can do in Catholic Action.

Rosary, litany and sacramental benediction followed.

GI SERVICE OFFICERS ADVISE VETERANS TO QUALIFY FOR BENEFITS

Useful and valuable information for every ex-service man was offered at the regular meeting of the Muenster VFW Post Tuesday night. It included advice on how to qualify for benefits due them as veterans and also an explanation of newly adopted benefits and changes regarding National Service life insurance.

About 60 VFW members were present to hear the addresses by three of the county's service officers.

Encouraging veterans to continue or reinstate their GI insurance the officer explained that benefit payments have been changed from installments to lump sums and that regular policies can now be converted to 20 or 30 year pay policies. The changes offer veterans an opportunity to take advantage of their previous lower age rates and also enjoy the better features of commercial insurance. Steve Moster has forms for reinstating.

The officers also urged veterans to record their discharges. The advantage of that, they explained, is to have an easily available official record in case the veteran has to establish his service status to receive medical care or benefits under the GI Bill of Rights. Going through official channels to get information from the army might cause a long and even embarrassing delay.

Another advice to veterans is to keep a personal history of one's time in the service along with official papers. Such information might prove valuable in case of serious illness or accident.

Richard Swirczynski has joined the staff at the Phillips Service station.

Mr. and Mrs. Frank Schoech of Dallas visited the John Furbachs last Monday enroute to Wichita Falls on a business trip.

Horse Show Group Promises Best Yet At 2 Next Sunday

Adding several new events and elaborating on some of those held in previous years, the Muenster Horse Show Association is looking forward to its most complete and most colorful show to date. The show will be held at the Muenster ball park beginning at 2 o'clock next Sunday afternoon.

In addition to a long list of entries the association is trying to get 5-gated exhibition horses from thoroughbred stables in Dallas and Fort Worth. Invitations were extended early this week but at this writing R.L. McNeley, chairman of the show, has not received a reply.

F.I. Dahlberg, professor of Animal Husbandry at A. & M. College, will judge the events.

Between-events entertainment features will be provided by the Muenster Band and the Necona Quadrille Team.

Two new classes this year are buggy horses and trick horses and the quarterhorse class has been changed to be judged on performance rather than appearance only.

The contest for the best dressed cowboy and cowgirl has been replaced by the "Best Western Pair" contest, and judging will be done on the basis of mounts, gaits, rigging, color and costume. The pair may consist of any two persons regardless of sex.

Other classes arranged are: Colts, 6 months old and under; Colts, 6 to 18 months; Palominos; Paints; Walking Horses and Racking Horses.

Softballers Will Organize Thursday And Play Opener Friday — Unless It Rains

A small group of softball players meeting Monday night decided they will organize their team this week for sure and will have their first game Friday night — if they can get the match, and unless more rain postpones their plan again.

The group set Thursday night for the organizing meeting. Meanwhile members are contacting the known playing talent of the community and inviting any others who might be interested to come in for a try-out.

Herman Pierce is the possible manager for the season. He indicated Monday night that he is willing to take over the job but declined to accept definitely until the team is organized and he is certain that all members wish to have him as manager.

CURRENT PROBLEMS DISCUSSED IN MEET OF CATHOLIC LEAGUE

Meeting at Rhineland on Wednesday, May 7, members of the North Texas District of the Catholic State League discussed current problems and agreed that family prayer, the sanctity of the home and proper education of the youth are the most effective means of combatting communism. Another point stressed was soil conservation.

The conclave opened at 2:30 with an address of welcome by Father Thomas Buegler, pastor. Principal speakers were Frank C. Gettinger, president of the Catholic State League of Texas, who served as chairman, the Rt. Rev. Abbot Paul Nahlen, of Subiaco, Ark., and Ben Schwegmann of San Antonio.

The group decided to hold two district meetings each year instead of one, convening in the spring and in the fall. The next district meeting will be held at Windthorst after the annual state meeting in Schulenberg this summer.

During the election of officers Joe Bengfort of Lindsay was re-elected president and Miss Louise Herms of Lindsay was re-elected secretary.

Parishes represented included Muenster, Lindsay, Pilot Point, Windthorst, Scotland and Rhineland.

Thirty-five persons from Muenster attended the day's program and delegates at the convention were Joe Hoenig, Frank Klement, Mrs. Henry Henschel, Mrs. John Kathman, Mrs. Joe Hoenig, Bernard Swirczynski, Rufus Henschel, Misses - Mary Nell Hennigan, Philomena Felderhoff and Anna Grace Wimmer.

E.P. Buckley and daughter, Miss Betty Lue, spent Friday night and Saturday with relatives, in Grapevine.

LOCAL NEWS BRIEFS

Miss Rita Swirczynski of Gainesville spent several days of the week here with her parents.

Miss Juanita Zipper of Dallas spent the weekend with Mr. and Mrs. Clarence Wilson.

Miss Florence Haverkamp is employed at Muenster Manufacturing company, doing office work.

Mrs. Leo Schmitt, Miss Helen Hess, Bill Hess and Miss Emily

Fette were Wichita Falls visitors Sunday.

Mr. and Mrs. Joe Parker and Mr. and Mrs. Adolph Walterscheid were Wichita Falls visitors Friday.

Mr. and Mrs. Lawrence Zimmerer of Lindsay were Sunday guests at the home of her parents, Mr. and Mrs. Jos. Flusche.

Bruno Fleitman is driving a new Dodge sedan and Eddie Schmitt has a new Dodge pick-up delivered by F.E. Schmitz.

Edwin Luke of Fort Worth came in Tuesday afternoon to spend several days with relatives and friends in this city.

Mr. and Mrs. Jack Fletcher of Wichita Falls spent the weekend with his parents, Mr. and Mrs. J.W. Fletcher.

Miss Lucille Cler of Fort Worth was home for a weekend visit with her parents, Mr. and Mrs. Charles Cler.

Miss Luttmer Wins Award In International Contest

Miss Bernice Luttmer, a senior of Sacred Heart High, has been named one of the winners and has received a cash award in the Tenth Annual International Bookkeeping contest sponsored by the Business Education World of New York City, and the school has been awarded a blue seal certificate in recognition of exceptional quality of instructions as evidenced by the rating received by contestants, Sister M. Eymard, instructor, has been advised.

More than 12,500 entries were submitted and the most outstanding 200 individuals were awarded cash prizes. Participants represented 625 schools from 47 states, 7 Canadian provinces, Hawaii and Puerto Rico.

Council and police witness were having a battle of words. Finally council turned to the policeman and said: "But if a man is on his hands and knees in the middle of the road, surely that is no proof that he is drunk?" "Probably not, sir," replied the policeman, "But this one was trying to roll up the white line."

Local NEWS Briefs

Richard Swirczynski and Larry Yosten spent the weekend in Fort Worth with relatives.

Mrs. J.M. Weinzapfel and son, Henry, accompanied Mr. Weinzapfel to Fort Worth Saturday night and visited with the Hugh Jackson family while Mr. Weinzapfel attended a soil conservation meeting and dinner.

Members of Sacred Heart choir, their wives and dates, were guests for the choir's annual social affairs held Tuesday night at the home of Mr. and Mrs. Felix Becker. Informal diversion and refreshments were enjoyed.

Misses Loretta Hartman and Emily Fette of Dallas, accompanied by a classmate, Miss Jackie Casey, spent Saturday night and Sunday with their parents, Messrs. and Mmes. John Hartman and Joe Fette.

Mrs. H.R. Adams of Petrolia and Mmes. Gene Ikard and Bill Broday of Wichita Falls spent the

week here with their husbands who are associated with Humble's No. 18 G.H. Hellman drilling south of the city.

Miss Dorothy Rohmer of Fort Worth was here to spend Mother's Day with her parents, Mr. and Mrs. John Rohmer, who also had as guests, their son-in-law and daughter, Mr. and Mrs. Joe Spaeth of Valley View.

Miss Evelyn Wiesman, R.N., has written her parents, Mr. and Mrs. Henry Wiesman, that she is now on duty at St. Mary's hospital in Galveston where many of the Texas City blast victims are hospitalized.

Sister Rita and her traveling companion, Sister Clotilde, of Hibbing, Minn., are here for a visit with the former's sister, Mrs. August Reiter and her brother, John Walter and their families.

Mr. and Mrs. James Hott and daughter, Linda, and her sister Miss Geraldine White, were in Sherman Tuesday evening to visit at the bedside of the ladies' 73-year old grandmother of Hendrix, Okla., who is a patient at Wilson N. Jones hospital.

A.C. Flusche and Mr. and Mrs. Alfred Hoedebeck and children of Denison were among those accompanying the Denison football team to this city Sunday and the

Hoedebecks stopped for a brief visit with his parents, Mr. and Mrs. Fred Hoedebeck.

The city's latest new home construction got under way the latter part of last week when Gilbert Endres and bull dozer excavated for the basement of Henry Fette's house. Water and sewer connections are being made now. Actual construction will probably begin next week.

Mr. and Mrs. Joe Gehrig of Dallas spent Sunday with her mother, Mrs. Joseph Hirschy, who also had as Mother Day guests her son-in-law and daughter, Mr. and Mrs. Jimmy Lehnertz. Oscar Gehring of Windthorst was an afternoon guest at the Hirschy home for a visit with his brother.

Mr. and Mrs. Charlie Haverkamp are the parents of a 9½ pound girl, Nancy Sue, their third daughter, born at the local clinic on May 8th. The baby's baptism took place the following day, Father John officiating, assisted by Mr. and Mrs. Frank Haverkamp of Lindsay as sponsors for their niece.

Mrs. Herbert McDaniel and Mrs. Joe Bergman returned Saturday from LaSara after attending the funeral of the former's nephew, Alois Wilde. They were accompanied by Mrs. Bergman's daughter, Mrs. Albert Wilde and three children of Raymondville, who will visit here for a few weeks.

Mr. and Mrs. J.M. Weinzapfel were dinner hosts in their home Thursday at 6 p.m. honoring his nephew and niece, Mr. and Mrs. Arthur W. Weinzapfel, recently married couple, who were enroute to their home in Austin after a wedding trip which included a visit with his parents, Mr. and Mrs. W.V. Weinzapfel, who joined them on the trip to Muenster, along with Miss Adeline and William V. Jr. Weinzapfel, all of Windthorst. In the evening Mr. and Mrs. Tony Gremminger and family joined the group for a visit.

GREMMINGER-PAGEL RITES SCHEDULED FOR MAY 27

Mr. and Mrs. A.F. Gremminger have announced the engagement of their daughter, Miss Geneva Gremminger, to Maurice Pagel, son of Mr. and Mrs. Jacob Pagel Jr. The ceremony will be solemnized here at Sacred Heart church on May 27, at 8:30 a.m. Miss Gremminger has chosen as her maid of honor, her sister, Miss Marian Gremminger, and Mr. Pagel's cousin, Paul Luke will be best man. The junior attendants will be Miss Dolores Gremminger and Charles Pagel sister of the bride-elect and cousin of the groom-to-be. Miss Gremminger is a graduate of the 1943 class of Sacred Heart High school and is opera-

tor at the Muenster Beauty shop. Mr. Pagel is a graduate of the Public High school and a veteran of the war, having served in Japan with the army. He is associated in the grocery business with his father here.

GET-TOGETHER CLUB MEETS WITH MRS. JOHN KLEMENT

Members of the Get-Together Club enjoyed their regular monthly social last Wednesday afternoon with Mrs. John Klement as hostess in her home. Sixteen members attended. Progressive 42 series furnished diversion and the hostess served delicious refreshments. In the games prizes were won by Mrs. Joe Horn, high; Mrs. John Wieler, low, and Mrs. Joe Wilde, galloping. Mrs. Henry Fette drew the door prize and Mmes. John Kathman and Clarence Hellman received gifts from their Sunshine Pals.

Next month's meeting will be held on June 11, with Mrs. Ben Luke entertaining in her home.

LINDSAY STUDENT GETS READER'S DIGEST AWARD

Rosalie Bayer, valedictorian of the graduating class of Lindsay High school, has been given the Eleventh Annual Award of the Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community, it was announced today by Sister M. Bibiana, principal.

Miss Bayer will receive a complimentary subscription to the magazine for one year and an engraved certificate from the editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come".

Since 1937 the Reader's Digest association has presented these awards yearly in senior high schools throughout the United States and Canada to the highest honor student of the graduating class. The awards are part of the educational program sponsored by the association and were a logical out-growth of the wide use of the Digest in school work.

Messrs. and Mmes. Stan Yosten and Paul Yosten and daughter of Fort Worth spent Saturday night and Sunday with their parents, Mr. and Mrs. T. Miller and Mrs. Bob Yosten.

Washington News Letter

By Congressman Ed Gossett

Washington, D.C., May 10 — Insofar as action on the floor of the House of representatives goes, most of this week was taken up by long, sincere, and oftentimes bitter debate on the Greek-Turkish Aid Bill. The bill finally passed the House by a vote of 287 to 107. It provides \$400,000,000 to bolster the economy of Turkey and Greece. American experts will supervise the use of this money. Some of it will go for military supplies and equipment. The avowed purpose of this bill is to prevent communism from over-running these two strategic nations. All congressmen from Texas voted for the bill. Many members supported the bill with their fingers crossed, hoping rather than expecting it to accomplish the desired objective.

My personal feeling is that the base on which foreign policy is determined should be greatly broadened. That is, congress, as the representatives of the people, should be consulted before foreign policy is determined. In my

opinion, Secretary of State Marshall and President Truman should call into conference the Foreign Affairs Committee of the House, the Foreign Relations Committee of the Senate, and the Armed Services Committees of both Houses, and a definite foreign policy and program should be outlined and agreed upon before declarations of policy are made either by the President or by the Secretary of State. If a congressman did not approve of the Greek-Turkish Aid Bill, he could hardly oppose such a measure after it had been advertised to the world as American Policy. To defeat this bill at this stage of the game or to back out on it would be to cut the ground from under the Secretary of State and to lend encouragement to the aggressors and expansionists within the Soviet Union. Opponents of this bill contend it by-passes and weakens the United Nations. Proponents contend that the United Nations has no money or forces to act in this matter at this time, and that while we are determined to back up and support the United Nations, we cannot rely upon it, for the present at least, for peace and security.

Early this week all members of congress received an invitation from John Gates, Chairman, National Veterans Committee of the Communist Party, to attend as observers the first national encampment of Communist veterans of World War I and II held at Turners Arena here in the city of Washington. Insofar as I know, no congressman attended this meeting. However several hundred of these Communist veterans, wearing red badges, came to the gallery of the House during our debate on the Greek-Turkish Aid Bill. Their presence doubtless caused a good many to vote for the bill who might otherwise have voted against it.

The Senate continues to debate the labor bill. Apparently the Senate will greatly weaken the Harley Bill which passed the House so overwhelmingly a few days ago. For example, the House outlawed industry-wide bargaining. The Senate defeated such an amendment by one vote. Industry-wide bargaining should be outlawed. To make such bargaining illegal would help to break up labor monopolies on the one hand and industrial monopolies on the other. Both forms of monopoly are a menace to our country. The two United States Senators from Texas are splitting on most of these labor amendments. Senator O'Daniel voted the amendment to outlaw industry-wide bargaining — Senator Connally against. Senate Amendment No. 4 to make unions subject to damage suits for jurisdictional strikes and secondary boycotts was supported by Senator O'Daniel while opposed by Senator Connally.

Sub-Committee No. 1 of the Judiciary Committee of the House on which I serve, is busy trying to write a Presidential succession bill. Before us this week appeared Congressman Jim Trimble of Arkansas who has introduced a bill to provide that when and if all entitled to succession as President are killed or incapacitated that the Commanders of the Army, Navy, and Air Corps should convene the governors of the states to name a Presidential successor. Congressman Trimble said the atomic bombs that wiped out Hiroshima and Nagasaki were no bigger than a man's fist, and that in the future it will be possible to wipe out a city the size of Washington with one bomb. Our committee will probably not seriously consider the Congressman's bill at this time.

President Truman, in addressing 2400 delegates to the United States Chamber of Commerce a few days ago, referred to their slogan, "Paths to Freedom and Plenty", as good timing. The newly elected president of the Chamber, Mr. Earl O. Shreve, of

Schenectady, N.Y., declared that our country is now on the threshold of an era of peace and plenty. We hope both of these distinguished gentlemen were correct in their prophesy.

"And what do you call a successful concert?" asked the inquisitive reporter of the famous pianist.

"Well," responded the pianist with a twinkle in his eye, "it's one where more people stay in than go out."

 THE STATE OF TEXAS
 TO: James C. Reaves Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House there of, in Gainesville, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 23rd day of June A.D. 1947; then and there to answer Plaintiff's Petition filed in said court, on the 9th day of May A.D. 1947, in this cause, numbered 14970 on the docket of said court and styled Mary Nell Reaves, Plaintiff, vs. James C. Reaves Defendant.

A brief statement of the nature of this suit is as follows, to wit: Being a suit for divorce from the bonds of matrimony for the reasons of harsh and cruel treatment on the part of defendant toward plaintiff and of defendant's abandoning plaintiff on or about the 17th day of July, A.D. 1946, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 9th day of May A.D. 1947.

(SEAL) Martin G. Davis Clerk, District Court, Cooke Co., Texas (25-6-7-8p)

Americans Demand Freedom To Work

Right to Choose Job Sacred as Right of Speech, Worship.

Passage of bans on the closed shop by twelve state legislatures has brought into bright focus the fact that the average American still loves his independence as much as his forefathers did when they declared it in 1776, and then fought a war to defend it.

Back of the legislative action was a tide of public sentiment so strong, and so forcefully expressed, that all the lobbying of the political professionals of closed shop unions could not prevent it. Here in each case, on a state scale, was the same type and intensity of sentiment which last November swept into office Congressmen pledged to restore and protect traditional liberties.

Congressional hearings of the past few weeks have served to put into the public record a mass of information regarding the effect of closed shop practices upon the independence and freedom of U. S. workmen. While inequities such as the calling of strikes without the consent of employees had been much publicized during the coal strike, a large percentage of the public had not realized that dictators of national labor unions had

established their own systems of government, making their own laws, levying taxes or tribute without representation, extending or denying to individual craftsmen the right to work, and punishing without trial any employe who incurred their displeasure.

Other congressional testimony re-emphasized the fact that under closed shop practices a farm youth or other non-industrial worker may be prohibited from holding a factory job, or even a beginner's job in certain skilled trades, unless strangers controlling union contracts give their consent. Such consent may be withheld entirely as a means of assuring more work for present union members, or it may be withheld until the new workman has paid whatever fees the union decides upon, and agrees to regular deduction of union dues and assessments from his pay check, fees, as in the case of one glass workers union, were shown to run as high as \$1500 as the price of obtaining the right to work as a glazier.

With one-fourth of the states already pledged to guarantee that any citizen may work at any job which is available and which he is qualified to hold, the next move is expected to come from Washington, where action either permitting or banning the closed shop is certain to be taken in the early future. Which it shall be is not up to Congress alone, but is dependent upon the sentiment of the general public.

Use of Cream May Avoid Coffee Induced Ulcers

Chicago — If you want to do yourself a favor, put cream in your coffee.

Because the cream will give you a 40 percent better chance of avoiding coffee-induced ulcers.

"Research has shown," declares the National Dairy Council, "that cream is good for you. But the value of putting cream in coffee is one of those mighty important little things that many men and women ignore, or forget, or don't know about.

"Yet thousands and thousands of adults are worried about ulcers or are trying to get rid of them.

"So here's a simple little thing that you can do, if you are a coffee drinker, that might add greatly to your health and happiness: use cream in your coffee.

"It works this way: The caffeine in coffee provokes an unusually heavy and prolonged flow of digestive juices. That heavy flow may contribute to the tendency to ulcers or may aggravate an existing ulcer. But add cream to the coffee and the cream reduces by 40 percent the flow of digestive juices that is caused by caffeine.

"So, to safeguard your health use cream in your coffee."

Before receiving its present name, Australia was known as "New Holland."

Bayonets were named for Bayonne, France where they were first manufactured.

Army Lifts Restrictions On Overseas Parcel Post

Washington — Effective May 1, parcels may be sent to overseas Army Post Offices as often as desired and without presenting a written request from the addressee. The only restrictions will be those that apply to domestic parcel post. These include: size, 100 inches in length and distance around parcel; weight, 70 pounds; and forbid the shipment of inflammables, explosives, firearms and poisons.

UPPER ELM-RED GROUP BUSY PLANTING, PLANNING

Peter Prescher, of South Gainesville Conservation Group, has seeded 8 acres or retired cultivated land to Bermuda grass for a terrace outlet. Mr. Prescher used the grass seed drill belonging to the District for this seeding, with the assistance of the technicians of the Soil Conservation Service in Gainesville.

A second planning meeting was held in Valley View at the High School on May 6th by the landowners in the Elm Grove Conservation Group, a new recently formed group in the District.

Jack McFerran and Arthur Harris, Farm Conservationists of the Gainesville Work Unit, Soil Conservation Service, have been busy during the past week planning conservation programs on farms belonging to landowners of the North Lindsay Conservation Group. McFerran and Harris have completed conservation plans on approximately twenty farms in this group.

On April 2nd John Zimmerer, of West Reed Conservation Group, planted 8 acres of Big Bluestem grass for pasture on retired cultivated land. This Bluestem is now up to a good stand.

Preventive Measures Can Eliminate Losses Caused By Poultry Cannibalism

Cannibalism in chickens and turkeys, a big item on the Texas poultryman's list of worries, will start taking its toll from poultry flocks soon.

Ted Martin, Extension poultry College, believes that poultry husbandman of Texas A. and M. raisers can cut down losses from cannibalism by taking steps to stop it before it starts — by prevention. Cannibalism, poultry's vicious habit of picking toes, combs, vents, feathers and other parts of the body, spreads rapidly in a poultry flock due to two peculiarities of chickens and turkeys. One — they are attracted to the red color of freshly picked sections of the body, and two — they are born with the desire to imitate one another.

Poultry husbandmen and veterinarians can list many factors

that result in cannibalism. Martin points out ten conditions that often lead to the trouble: Among these are crowding; inadequate eating and drinking space; too much heat, not enough air; idleness; close confinement; floor laying; blow outs; injured birds; insufficient and improperly constructed nests; and malnutrition.

From those ten factors, says Martin, the poultry raiser can pick probably four that are most likely to cause trouble, and work toward preventing those conditions. Crowding is considered the most common cause of cannibalism. In batteries, a baby chick needs 10 square inches of floor space during his first two weeks, 20 inches the third and fourth weeks, 40 inches from four to six weeks, 60 inches from six to eight weeks; and 75 inches from eight weeks on. In colony houses, each chick needs half a square foot. Turkeys need just twice the amount of space as chicks.

To stop "to-much-heat" troubles, the producer can start chicks in a well-ventilated brooder, registering 90 to 100 degrees at the edge of the hover, and keep brooder temperature around 65 to 70 degrees. By regulating and admitting fresh air, the brooder can be cooled down about five degrees each week as the chicks get older.

Chicks that have less than eight feet of eating space and two feet of drinking space are likely to start some form of cannibalism, Martin says. They need twice that much eating and drinking space by the end of their first weeks, and three times the amount when they are three months old.

Rations that are unbalanced, too low in fiber content, or lacking in vitamins and minerals are another cause leading to cannibalism.

Those are steps to take in prevention, says Martin. If cannibalism breaks out in the flock, experienced poultry raisers will:

1. Trim the beak — the upper mandible — with a debarking machine or a knife. Electric debarking machines can be bought now. The machines are easy to operate, and full instructions come with the purchase.
2. Paint the picked chicks, as well as those not picked yet, with bone oil, pine tar oil, or commercial "anti-pick compounds."
3. Check all the factors that lead to cannibalism and correct them at once.

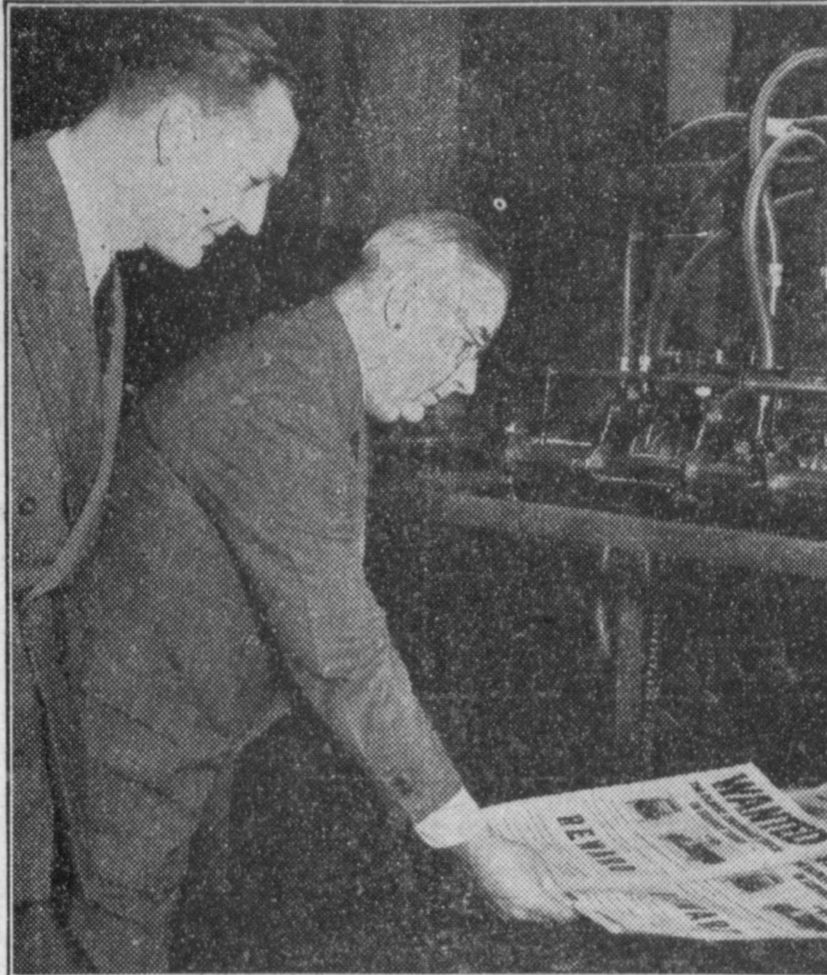

ATTEND AMATEUR FLOWER SHOW JUDGING COURSE

A course in amateur flower show judging, conducted last Thursday and Friday in Gainesville at the Community Center building was attended by members of the local garden club.

Mrs. Joe Luke attended the full course and Mrs. T.S. Myrick, Mrs. J.M. Weinzapfel and Olivia Stock were present for the Thursday afternoon lecture.

Sponsored by the three garden clubs of Gainesville, the school was conducted by Mrs. C.E. Beavers and Mrs. W.C. Hamilton of Wichita Falls.

Map Hunt for Oldest Chevrolet Truck

A search by the Chevrolet Motor Division and Chevrolet dealers to locate the oldest Chevrolet truck still in active service in the United States started May 10 and concludes June 15, with the owner of the oldest vehicle receiving a new truck from the Advance-Design line of trucks which Chevrolet will soon put on the market. Photo shows J. W. Burke (right), manager, commercial and truck department, and T. C. Mallon, assistant manager, examining posters used by Chevrolet dealers in the search. Trucks must be driven to Chevrolet dealerships for official registration.

Had To Say Something

At the breakfast table a young broker was relating an incident which had occurred the night before at his lodge meeting. The president, he said, had offered a silk hat to any member who would soberly declare that during his married life he had never kissed any woman but his own wife. "Dear," he marveled, "do you know, not a single man stood up?" "Why didn't you?" the wife demanded. "Oh, darling," rejoined the wily one, "you know I look terrible in a silk hat."

From where I sit... by Joe Marsh

Industry Looks at Our Town

Maybe you read how a group of industrial experts have decided that the small town is the place for industry—not big cities. Reasons they give are better housing, pleasanter living, and more opportunity for wholesome recreation.

Well, looking around our town I'd say that was about right. Most of us own our homes, and keep them looking nice; we enjoy each other's company; and our recreations are mostly simple outdoor sports, and in the evening a mellow glass of beer with pleasant company.

As Doc Walters says, that sort of life just naturally sets you up for work the next day... whether it's in office, mill, or field. And Doc should know. He works fourteen hours, but never misses his morning "constitutional" or his evening glass of beer with friends.

From where I sit, any industry could profit from being in a town where wholesome living, temperance, and friendship are the rule.

Joe Marsh

Freight Cars Go Modern

Demonstrating the ease with which a 'Roller Freight' car can be moved, two St. Louis girls, Janet Feuerborn, in striped sweater, and Maxine Hanebrink, pull the car from a dead standstill.

Pioneers in developing anti-friction bearings on railroad rolling stock, the Timken Roller Bearing Company turned their efforts toward making fast and dependable freight service a reality. 'Roller Freight', a lightweight, bearing equipped car, is the answer. The first streamlined train and the first Diesel-powered streamliner were equipped with roller bearings and the success was so marked that today the bearings are standard on new orders.

Shippers will welcome the new cars for the smoother action means less damage in transit and fast on-time schedules. Railroad operating men cheer the reduced maintenance, added availability of equipment and an increase in equipment life.

Non-operating railroad unions are demanding still another raise of
\$568,000,000.00
 a year

MR. & MRS. CONSUMER

MR. SHIPPER & MR. FARMER

MR. & MRS. PASSENGER

You would foot the bill!

Look out! There's another big railroad wage demand headed your way!

The non-operating unions alone — whose members do not actually operate trains — are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employes had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in

1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 2¾% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because:

—the wage increase made in 1946 will be in effect for all of 1947;

—special payroll taxes on railroads have recently been increased;

—and passenger traffic has declined.

Where Would the Money Come From?

We can't pay out what we don't take in. And we are not taking in enough now to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

36 Children In Solemn Reception of Eucharist

A class of 19 boys and 17 girls participated in solemn communion services at Sacred Heart church Sunday during the 8 o'clock high mass and renewed their baptismal vows after the service. Pastor Father Herman officiated at the rites.

In the evening following May devotions the 36 communicants were enrolled in the scapular association.

The class had been receiving instruction from the pastor for the past several weeks preparatory to the event.

Members of the class: Donald Bayer, Irven Derichsweller, Billy Roy Bezner, David Endres, Joseph Felderhoff, Gerald Fuhrmann, Bert Hamric, Jerome Hoenig, Larry Hofbauer, Freddie Hennigan, Ivan Koelzer, Wilfred Koelzer, Wilfred Klement, Donald Lehnertz, Eugene Luke, John David Meurer, Clyde Muller, Herbert Otto, Patrick Stelzer.

Citation by Publication THE STATE OF TEXAS

TO: Owen Saunders, Jr. Defendant, Greeting:

You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of June A.D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on 2nd day of May A.D. 1947, in this cause, numbered 14965 on the docket of said court and styled Mary Chenault, a widow Plaintiff vs. Owen Saunders, Jr. Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A trespass to try title suit and to remove cloud from title and to vest title in the Plaintiff of the following property-to-wit: All of lots twenty-five (25) and twenty-six (26) in Block three (3) of the Rice Park Addition to the city of Gainesville, Texas, said plaintiff alleging continuous, open, notorious and adverse claim and use of this property for the past fifteen (15) years and as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Gainesville Texas this the 2nd day of May A.D. 1947.

(SEAL) Martin G. Davis, Clerk District Court, Cooke Co. Texas (24-5-6-7)

German Terror Weapons

Washington — In less than two years since victory was won in Europe, the development of new aircraft and guided missiles by the Army Air Forces has reduced Hitler's "secret terror weapons", the V-1 and V-2, to the status of obsolete weapons, so far as tactical use is concerned. AAF technicians are now convinced that their only practical use is as research models.

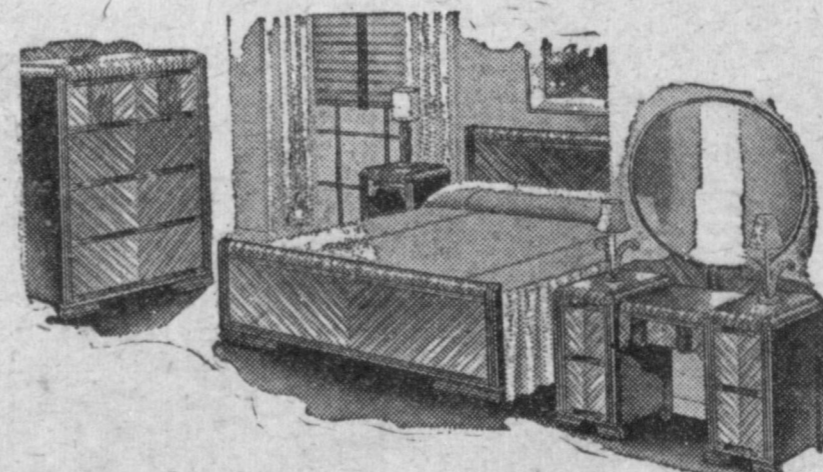

Won't Work Now

A farmer once walked into the office of William F. Hallstead, general manager of the Delaware and Lackawanna Railway, and asked for a free pass to New York and return. Mr. Hallstead reasoned with the old fellow as follows: "Now, look here: Suppose I would drop in on you sometime and ask you to hitch up and drive me to Scranton and back, what would you think of me?" "I'd think you were awfully cheeky," replied the farmer. "But, Mr. Hallstead, if I was driving to Scranton anyway and you asked me for a ride, what would you think of me if I refused?" He got the pass.

Perfect Salesman
The lady, who had passed her sixty-fifth birthday but was still sprightly and alert, wished to buy a hat. But she did not want one of those pancakes-over-the-eye creations. Beckoning to a middle-aged saleswoman she said firmly: "I wish to get a hat, something suitable for an elderly woman."
The saleswoman hesitated, looked bewildered, and queried: "Did you want something for your mother?"
The lady bought a hat.

The American Way

By George Peck

PRESS AND RADIO

On April 10th, Paul Garrett, Vice President, General Motors Corporation, addressed the Annual Convention of the National Editorial Association at Fort Worth, Texas. He paid a well deserved tribute to the editors of the small-town newspapers which, in all likelihood they will be too modest to pass on to their readers. However, your scribe believes every reader of this newspaper and of every small-town newspaper, is entitled to know of the high esteem in which this corporation executive holds the men and women who pilot the rural press. Mr. Garrett said:

"You gentlemen here assembled, I sincerely believe, represent the basic free press of America. You have stoutly and successfully resisted every attempt to take away your freedom to express yourselves according to your own best lights. The subversive forces determined to destroy this wonderful economic, political and social system of ours, know by now that they cannot capture America unless they first capture the small-town newspapers."

And after this high compliment Mr. Garrett pointed out that the left-wing forces, having been thwarted in their direct attack, still had hopes of destroying the rural press by an indirect method. I hope the assembled editors were listening most attentively to that particular part of Mr. Garrett's address and that they will bestir themselves to repel this new bombardment. Again I quote him:

"Their (the subversive forces') direct assault against you has failed. So now they are trying a new tack. They are trying a carom

shot. They are out apparently to destroy something else. If successful in that they believe it will lead to your destruction. And so I wish to issue a warning and a challenge to you men and women of the press.

"To do so I must mention freedom of radio. Lest anyone think that is an odd subject to introduce here, let me say it is my conviction that there can be no separation of press and radio when it comes to a discussion of freedom of expression in America.

"If government can pass regulations against radio today, it can control and restrict radio tomorrow. And radio tomorrow is not just sound broadcast. It is facsimile and television as well. And facsimile is the printed word distributed to your home through a receiver. Television is the motion picture brought to your home on a screen. There at one fell swoop you would have collectivist regimentation of the three great media of expression — radio broadcasting, the printed word which means newspapers and motion pictures. And you would no longer possess freedom of press, of speech, of publication."

The left-wing sniping at radio is based largely on the advertising "plugs," which consume about 10 per cent on advertising-sponsored programs. Well, if that be a logical argument for government taking over the radio broadcasting industry, then it is obvious the argument is five times as logical for government to take over the newspapers, because more than 50 per cent of newspaper space is devoted to advertising. There is also another factor to be considered. Radio's sole source of income is from the advertiser; its programs come to your home without charge. On the other hand the newspaper derives revenue from both advertising and from the sale of the paper it puts in your home.

Yes, Mr. Garrett is dead right. Radio must defend the press. The press must defend radio. Both fight a common enemy. The destruction of one means the destruction of the other.

Rodent Control Is Most Effective Way to Prevent Spread of Typhus Fever

Austin — In recent years typhus fever has developed into a serious health menace in Texas according to Dr. Geo. W. Cox, State Health Officer, who today issued an appeal for every Texan to cooperate in rodent control measures which will prevent the spread of this disease.

"Last year, 1147 cases of typhus were reported in Texas, and in the first 18 weeks of this year, the State Health Department has been notified of 185 cases," Dr. Cox stated. "With the peak of this disease usually occurring in August, if the present trend is continued, we may expect this

GREEK GUERRILLA

Kastenoftenk, Greece — Sound-photo — When the United Nations Greek Border commission made first contact with the Greek guerrillas, they learned at first hand that there were many women among them. This woman soldier of the partisans is shown using an automatic rifle during target practice. President Truman in a recent speech asking Greek aid indicated that the partisans were communist-inspired.

total to be greatly increased by the end of summer."

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats is the only way to reduce this hazard, and a consistent program will materially aid in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the duty of every individual to cooperate in strict rodent control measures since the eradication of rats is the only possible way typhus fever can be controlled.

Few Divorces

"Goodness," remarked a young woman as she inspected her grandmother's wedding ring, "what heavy and unwieldy things those were fifty years ago!"

"Yes, dear," answered grandma "but you must remember that in my day there were few divorces and wedding rings were made to last a lifetime."

CHEESE LEADS WAY TO LOWER PRICE LEVEL

Sharp declines in wholesale cheese prices during recent weeks have made this product one of the outstanding food values on the market, Dr. E.W. Gaumnitz,

Executive Secretary of the National Cheese Institute, reported today.

Declaring that cheese is helping to point the way toward lower living costs, Dr. Gaumnitz pointed out that the Plymouth market on Cheddar cheese has declined to 29 cents per pound, the existing price under OPA controls last June 30 and 22 cents lower than peak prices reached last October.

Dr. Gaumnitz said that "actually, cheese prices have declined even more than the above figures indicate, if former feed subsidy payments are considered."

Denton. — The four prettiest girls at Texas State College for Women, according to bandleader Frankie Masters, are top, Shirley Shoemaker, Waxahachie, freshman, Alice Barrett, Lorenzo, senior, and bottom, Kathryn Tice Blankenship, Gainesville, junior, and Hilda Harkness, Texarkana, sophomore.

"These payments," he explained, "ended last June 30 when the government's subsidy program halted. Thus if the last June market price included subsidies, which were an indirect cost to consumers, the price of Cheddar cheese today would be approximately 10 cents less than the price level reached under OPA last summer."

TEXAS IS SECOND IN TRUCK AND BUS USE

Detroit. — Texas agricultural commercial and industrial groups are heavy users of motor trucks according to a survey recently completed by the Automobile Manufacturers Association for the latest edition of "Motor Truck Facts," biennial statistical compilation of truck and bus use. The state is second only to California in use of truck transportation.

Texas truck use is stable. A step up of 306 truck registrations in 1946 over pre-war totals was noted. There were 369,103 trucks in use in 1941, compared to 369,409 last year. Of the total 9,089 buses registered in Texas, 5000 are for school use.

More than 29 per cent of the state's trucks are on farms.

GARDEN CLUB ENJOYS PILGRIMAGE AND OUTING

Members of the Muenster Garden Club drove to Fort Worth Tuesday for their annual pilgrimage to inspect the Botanical Gardens in that city. The ladies took picnic lunches which were spread at noon and after the meal conducted their regular monthly session.

The party included Mrs. T. S. Myrick driving her station wagon and Miss Olivia Stock, Mrs. R. L. McNeley, Mrs. Joe Luke, Mrs. Val Fuhrmann, and Mrs. Steve Moser, and Mrs. J. M. Weinzapfel who took her car with Mrs. Henry Fette, Mrs. Tony Gremminger and Mrs. Jim Cook.

The Myrick car returned home by way of Weatherford where the group visited Mrs. Myrick's mother, and Mrs. Weinzapfel and party stopped at the home of her daughter, Mrs. Hugh Jackson in Fort Worth for a visit before returning home.

Miss Eugenia Walter of Fort Worth was here to spend Mother's Day at the home of her parents Mr. and Mrs. John Walter.

Capital

A certain nobleman had a valet who was violently opposed to the capitalistic system, and who devoted most of his spare time to attending meetings where he could listen while communistic theories were expounded. The master was tolerant because the servant was diligent in the performance of his duties. Suddenly the valet stopped going to meetings, and the master became curious enough to ask the reason. "At the last meeting I attended," said the good man, "it was proved that if all the wealth in the country were divided equally among all the people, the share of each person would be two thousand francs."

"So what?" asked the master. "Well, I have five thousand francs."

She Knows

Hubby: "Darling, did you take a dollar bill out of my right-hand pants pocket last night?"

Wife: "Certainly not. Maybe you don't know it, but there's a hole in that pocket."

COLORFUL CEREMONY DISTINGUISHES ANNUAL MAY QUEEN CROWNING

The annual May Queen crowning ceremony held here Sunday evening at 7 o'clock, preceding May devotions in Sacred Heart church, was an impressive ritual in which more than 150 sodalists, school children, Boy Scouts and the Youth Band participated. The colorful procession formed at school and, led by the band, marched to church. In church the procession wended its way through the aisles while participants sang "Tis the Month of Our Mother", and "Mary, We Crown Thee with Garlands Today". To Miss Mary Nell Hennigan, prefect of the parish sodality, went the honor of reigning as May Queen. She wore a regal floor length white gown, a cape of gold metallic cloth, and a gold crown. The latter she laid at the feet of the Virgin while reciting

a prayer in which she relinquished all title to queen and proclaimed Mary as truly the Queen of the May. She then took a wreath of natural flowers from little Francis Fisher, crown bearer, and handed it to Alfred Bayer who placed it upon the statue of the Virgin.

The Blessed Virgin's altar before which the ceremony took place was transformed into a shrine profusely decorated with flowers and greenery and illuminated with candles and colored lights.

Attending Miss Hennigan as maids of honor were Misses Coralee Fuhrmann and Bernice Luttmann, and train bearers were little Misses Ann Luke, Betty Jean Sicking, Charlene Hellman, Betty Ann Hoenig, Loretta Mages, Emma Fisher and Carolyn Cunningham. Misses Fuhrmann and Luttmann carried arm bouquets of blossoms which they laid at the shrine.

Senior and Junior girls of SHH wore formal gowns and the sophomores and freshmen wore white dresses as did eighth grade graduate girls, and the solemn communicants, while the boys wore white trousers and blue coats. The Scouts and band members were in full uniform.

Father Herman, pastor, officiated at the rites, led the act of consecration to the Blessed Virgin, the rosary and litany and gave sacramental benediction.

Florentine Trubenbach Completes Nursing Course

Miss Florentine Trubenbach daughter of Mr. and Mrs. F.J. Trubenbach, was one of eighty, the largest class in the history of Santa Rosa School of Nursing, San Antonio, to be graduated on Friday evening, May 9. Diplomas were presented by Most Rev. Robert E. Lucey, archbishop of San Antonio, in the Incarnate Word College auditorium. Attending the exercises from this city were Miss Trubenbach's mother, and her brother-in-law and sister, Mr. and Mrs. Rudy Hellman and children, Gretchen and Joe.

A RECIPE FOR SMALL FRY — AND GROWN-UPS

When Alice Freeman Palmer, educator and onetime president of Wellesley College, was asked by a group of children for her recipe for happiness, she replied:

"First, commit something to memory each day, something good. It needn't be much, a Bible verse, perhaps, or a pleasant thought.

"Second, look for something pretty every day — a flower, a cloud, a star, a leaf — and stop long enough before it to say, 'Isn't it beautiful?'"

"Third, do something for somebody every day."

LAST QUART MILKED HAS MOST BUTTERFAT

Milk is not only good to the last drop, but it gets better!

Butterfat content of milk increases with each quart milked, it has been shown in experiments by Lester I. Legrid, of the dairy division, Wisconsin State Department of Agriculture. When one quart was milked at a time, the butterfat content varied from 1.4 percent for the first quart to 7.6 percent of the strippings.

These tests indicate that to get the highest possible butterfat test from a herd of cows it is important that all the milk possible be obtained from each cow at every milking. This can be achieved by "rapid milking."

The Effect of a Strong Plea

A man in North Carolina who was saved from conviction for horsestealing by the powerful plea of his lawyer, after his acquittal by the jury, was asked by the lawyer:

"Honor bright, now, Bill, you did steal that horse, didn't you?"

"Now, look-a-here, judge," was the reply, "I allers did think I stole that hoss, but since I hearn your speech to that 'ere jury, I be dangoned if I a'n't got my doubts about it."

Since the founding in 1910, more than 13,500,000 persons have had the benefit of Scout training.

Lindsay News

Mrs. Henry Gieb had as Mother Day guests her daughters, Rose and Louise of Sherman.

Mrs. Frank Mosman has moved to Gainesville where she is at home at 210 McClain street.

Sgt. Ernest Arendt of Fort Sill, Okla., and Miss Mabel Greene of Lawton were weekend visitors at the home of his parents, Mr. and Mrs. Paul Arendt.

Miss Margaret Gruber of Fort Worth spent the weekend with her parents, Mr. and Mrs. F.J. Gruber.

The Gun Club held its regular social Sunday evening in the community hall with a large attendance of members present.

Saint Peter's parish observed the rogation days, Monday, Tuesday and Wednesday with high mass and procession.

Misses Frances and Evelyn Speath of Dallas and Miss Georgia Spaeth of Denton were weekend guests of their parents, Mr. and Mrs. George Spaeth.

Herbert Hundt was home to spend the weekend with his family and when he returned to North Dakota Saturday he was accompanied by Frank Beyer and Kenneth Zwingli. Hundt, Martin Becker, Lambert Beyer and Dick Pulte are putting in a 700 acre flax crop in that state.

In observance of Mother's Day, members of the Young Men's Society and their mothers were guests at a Communion breakfast in the school dining room Sunday morning after the 7:30 mass. The meal was prepared and served by members of the Young Ladies Sodality.

The delegation from Lindsay at the district meeting of the Catholic State League in Rhineland last Wednesday were Joe Bengfort, president of the district, and Miss Louise Hermes, secretary, and Pete Block, Tony Hermes, Mrs. Lawrence Zimmerman, Elizabeth Bengfort, Bobby Bezner and James Bezner.

LINDSAY SCHOOL WILL GRADUATE 18 ON MAY 25

Lindsay School will close the current season on May 23 and commencement exercises will be held Sunday evening, the 25th, in Saint Peter's church, it was announced this week.

Diplomas will be presented to ten high and eight grammar school graduates during solemn services that will include recitation of the rosary, litany and sacramental benediction.

High school graduates: Rosalie Beyer, Bobby Bezner, Evelyn Block, Adeline Dieter, Mildred Fleitman, Beatrice Fuhrmann, Emilia Hermes, Alfred Kuhn, Math Lee Neu and Jerome Neu.

Grammar school graduates: Wilfred Bengfort, Anita Fuhrmann, Walter Hermes, Alma Louise Kubis, Raymond Metzger, Eroy Neu, Emma Neusch and Bernard Sandmann.

CLASS DAY EXERCISES AT LINDSAY THURSDAY

A pleasing class day program was presented this Thursday afternoon by seniors of Lindsay High school in the community hall at 2:30, with a large assemblage of relatives and friends in attendance. Each of the ten graduates had a part in the program.

Alfred Kuhn gave the salutatory address; Emilia Hermes recited the class poem; Bobby Bezner spoke on the class motto, "We labor not for time but for eternity"; Mildred Fleitman spoke on the rose, the class flower; and Jerome Neu told about the class colors, blue and gold.

The class sang The Bells of Saint Mary's with Elfrieda Block as piano accompanist, and Math Lee Neu recited a tribute to Lindsay High. The class emblem, the ship, was the topic of Adeline Dieter's recitation; Evelyn Block gave the class prophecy and Beatrice Fuhrmann read the class will.

Miss Rosalie Beyer delivered the valedictory address, after which awards of attendance certificates, typing certificates and the scholarship were awarded, and County Superintendent Hubert H. Moss gave a splendid talk in which he complimented students on their accomplishment and urged them to remember and to put into practice throughout their lives the instructions they received at Lindsay High.

MRS. I.A. ZIMMERER IS HONORED ON BIRTHDAY

Mrs. I.A. Zimmerer, who observed her 65th birthday on Tuesday, May 13, was honored with a dinner party at 12 and a social afternoon in her home north of Lindsay, her daughters-in-law, Mmes. Henry and Bruno Zimmerer, entertaining.

The dining table was prettily appointed and was centered with a cake bearing 65 candles. Places were laid for the honoree and Mmes. Elizabeth and Albert Kubis, Anna Wiese, Johnny Zimmerman, John Arendt, and J.P. Fisch and M.J. Endres of Munster.

Mrs. Zimmerer received a shower of gifts from the guests, and refreshments were served in the late afternoon to conclude the day's celebration.

Confetti---

are either indifferent or opposed to the labor bosses' interests.

The next question is how many of those 75,000 would have appeared if they could have spent the day at work? From our knowledge of human nature we know that many came because they had nothing else to do and others came just to see what was happening.

Had all members been given a secret vote on the subject we wonder how many of the 400,000, or even of the 75,000 would have elected to give up an average wage of \$10 in order to demonstrate against a measure which seeks to break the union's strangle hold on their own throats.

Boomerangs such as that must be very edifying to the Congress. They reveal first of all that threatening labor bosses don't have the backing they claim and secondly that the average worker actually favors the proposed charges. Like washed-up tyrants the labor bosses still give commands but they no longer get obedience. They look pathetically silly trying to exercise power they don't have.

Mr. and Mrs. Eugene Schmitz and daughter moved this week from the apartment they were occupying at the Anthony Klement home to an apartment in the Leo Haverkamp home.
