MUENSTER, COOKE COUNTY, TEXAS, FRIDAY, FEBRUARY 14, 1947

NUMBER 12

## Death Monday Ends Lingered Illness of Frank J. Popp, 53

Frank J. Popp, 53, died at his home near Gainesville Monday night at 10:45. He had been ill for several years and took a sudden turn for the worse last week.

Funeral services were held Wednesday morning at Saint Mary's church in Gainesville with the Rev. Peter Molloy, pastor, officiating at the requiem mass and at the burial in Fairview cemetery. Funeral arrangements were in charge of George J. Carrol and Son Funeral home.

Pallbearers were Ewald Berend, Joe Pulte, Joe Zimmerer, Tony Voth, Henry Voth and Gregory Fundt.

A farmer, Mr. Popp served with the U.S. army during World War I and saw duty in France. He married Miss Anna Neises of Lindsay.

Survivors are his wife and four children, Mrs. M. P. Gossett of Bryan, and Rita, Elsie Marie and Henry at home, also one brother, John Popp of Gainesville.

Mrs. Frank Seyler, Ben Seyler and Mr. and Mrs. H. P. Hennigan attended the funeral of their brother-in-law and uncle, and Mrs. Seyler remained for a longer visit with her sister.

## Notes On Soil Conservation

Two application meetings were held among soil conservation groups, of the Muenster Work Unit, during the past week.

Members of the J.B. Klement and Joe Starke groups met in the home of Ray Klement with Harris W. Wright, Work Unit Conservationist, conducting the meeting. The benefits of clover production as a soil builder and cash crop were explained in detail. Group interest was very favorable as can be noted by the combined seed order of 100 pounds of buffalo grass, 4 1/2 pounds hubam clover, and 10 pounds of bermuda grass. Those present included J.B. Klement, Frank Bindel, H.J. Bindel, L.F. Dankesreiter, Felix Yosten, J.A. Rohmer, Ray Klement, Albert Fleitman, J.W. Hess, Wilfred Reiter, Leo Rohmer, and Walter Klement.

Felix Becker, of the West Muenster Conservation group had a group in his home for an application meeting on Monday night. Establishment of clover and pasture grasses was discussed by Pat Carpenter, Soil Conservation Technician. This group placed orders for only a small amount of clover seed as several of the men already had seed on hand. Members present were Felix Becker, Al Fleitman, Mart Friske, Ed Hacker, Joe Kleiss, John Kleiss, Alphonse Hoenig, and Joe Dangelmayr.

**SCHUMACHERS UNHURT AS PASSENGER TRAIN HITS THEIR PICK-UP**  
Richard, Mary Lou and Melvin Schumacher of Gainesville miraculously escaped injury when the pick-up truck in which they were riding was struck by a Santa Fe passenger train at the California street crossing in Gainesville Sunday morning.

The train whirled the 1942 Dodge around and pushed it down the tracks. One of the occupants was thrown out but was uninjured. City policemen who investigated, estimated damage to the vehicle at \$125.

The three young people are children of Mr. and Mrs. Henry Schumacher and formerly resided here.

**REA Bowlers Blast FMA Out of Tournament Lead**  
The see-sawing between REA and FMA for top place honors in the bowling league came to an abrupt end last Thursday night when the linemen hit their stride and took the cheese plant men for a thorough cleaning. The final count was 1628 to 1480 raising the REA average from 1545 to 1572 while dropping the FMA average from 1548 to 1525.

Defeating the Telephone Company 1592 to 1519 the Cheese Plant raised its average back to 1542 while the REA remains at 1572.

Other teams in the order of their standing are the VFW, Telephone Company, Gun Club and the Girls' team.

## KNIGHTS WILL HAVE DISTRICT INITIATION HERE ON APRIL 20

Muenster will be the host council for a district major degree initiation of the Knights of Columbus on Sunday, April 20, Grand Knight John Hoffman announced at the regular council meeting last Wednesday night.

Councils to participate in the event are Muenster, Gainesville, Sherman, Denison and Pilot Point.

Though the details remain to be worked out, it is known that the program will consist of the traditional group attendance at Mass, followed by exemplification of degrees and an evening meal.

## Camp Project Gets Priority On District Boy Scout Program

A program to expand the facilities of the permanent Boy Scout Camp at Lake Texoma is the number one project on the 1947 program of the Red River Valley Scout Executive committee.

Plans for the venture were disclosed at a meeting of the council at Denison Tuesday night, according to J. M. Weinzapfel, one of Muenster's two members on the executive committee. Father Herman Laux, the other member, was represented by Father John Walbe. Muenster guests at the meeting were Mr. and Mrs. Herbert Meurer and Mrs. J. M. Weinzapfel.

The camp which is being financed jointly with the Paris and Sherman districts, serves the scouts in all three districts. This district spent almost \$2,000 on it last year and expects to spend approximately the same amount this year.

This project along with other district activities is supported principally by contributions from the district. In that regard, Mr. Weinzapfel pointed out, Cooke County lags far behind the north half of Grayson and Bryan County, Oklahoma. With more than one fourth of the district scout enrollment it contributed slightly more than one tenth of the district budget fund. The county has 338 scouts in all age groups consisting of 46 Cubs in 3 Packs, 252 Scouts in 11 Troops and 40 Senior Scouts in 3 Units.

Other discussions at the meeting concerned various factors contributing to the success of scouting and included such subjects as adult understanding and cooperation, balanced programs, continuous advancement, able leadership, adequate equipment, uniforms, etc.

## MISSION SEWING TUESDAY

The Mission Sewing Circle will have a meeting next Tuesday afternoon, February 18, in the home of Mrs. John Eberhart, president. A full attendance is invited to complete sewing and mending of articles on hand, Mrs. Eberhart said.

## CITY GETS NOTICE OF AVAILABLE SURPLUS ARMY FIRE TRUCKS

Muenster city officials have been notified of the availability of various types of fire trucks which are being offered for sale by the Dallas regional office of War Assets Administration. Fixed prices on the equipment range from \$740 for a Holabird, 4 x 2 1935 model, with 750 gallons per minute capacity, to \$3,091 for an International 1942 model, recently declared surplus by the army, which has 500 gallons per minute capacity.

Offers to purchase will be received in the Dallas regional WAA office until 4 p.m. February 21, stated William T. Worley, chief of the Public Interest Division.

Worley announced that a new WAA order will at once make it possible to channel special types of surplus fire fighting equipment to municipal and volunteer fire departments. Such equipment as pumping engines, crash trucks, ladders and Office of Civilian Defense type pumps, urgently needed by municipalities to replace old or worn equipment, will be more readily available.

## Factory Completes Building and Begins Setting Up Machines

With its building completed the Muenster Manufacturing Company started this week on the job of installing equipment. The first units were moved to the plant and set up Wednesday and others will be brought in each day until the installation is complete. According to Manager L.H. Baumhardt the job will practically be completed the latter part of next week.

Another important development in establishing the business is the receipt of its charter late last week.

In a special meeting of stockholders at the public school last Saturday, Baumhardt disclosed that orders have been placed for a sufficient quantity of materials to complete the first 500 mowers and that some are expected to arrive on or before March 1. In all probability, he said, production can begin as soon as all equipment is set up.

## Sugar Stamp Will Be Good For Ten Pounds On April 1

The Office of Temporary Controls has announced that it will make 10 pounds of the 1947 sugar ration available for householders on April 1, using a single stamp. At the same time it announced that sugar stamp No. 53, currently valid for five pounds of sugar, will expire at midnight, March 31, one month earlier than originally scheduled.

It was further stated that there will be no special sugar allotment for home canning this year.

## 300 Farmers and Students Hear A and M Specialists In All Day Dairy Conference

### PARENTS AND SCOUTS GATHER TO OBSERVE NATIONAL SCOUT WEEK

One of the nicest programs ever presented here was held in connection with the observance of National Boy Scout Week Sunday and consisted of a religious ceremony in Sacred Heart church followed by a breakfast in the parish hall dining room. Parents of the Scouts were special guests for the event.

The program began at 8 o'clock with the Scouts' march from school to church where they attended high mass and received the Eucharist in a body. Both senior and junior members of the troop participated. Rev. Herman Laux, pastor, officiated as celebrant of the mass and delivered an instructive sermon in which he gave an outline of Scouting.

For the breakfast, guests were seated at tables arranged in U shape. The boards were prettily decorated with snapdragons, daisy chrysanthemums and ferns and the speakers' table had as a centerpiece, a bronze statue of a Boy Scout, surrounded with an arrangement of daisy chrysanthemums and fern.

Rev. Herman Laux led the invocation and served as toastmaster. The principal speaker was R.E. Byrns, chief service officer, of Denison, and other speakers were Mayor J.M. Weinzapfel, J. W. Fisher, Ervin Hamric, Dr. T. S. Myrick, Ben Seyler, and Scoutmaster Nick Miller.

Guests in addition to parents of the boys were the scout committee members and their wives. The sumptuous meal was prepared by members of the P-TA and was served by young ladies of Sacred Heart high school.

## County Red Cross Plans to Complete Drive In Five Days

Encouraged by the cooperation received in other quickie drives, officers of the Cooke County Red Cross chapter are laying plans drive in five days.

Beginning March 4, they hope to have reached their quota by March 8, Joe Walter, one of the committee members revealed this week.

Muenster's solicitor for the drive has not been appointed at this time. Within the next week the chapter expects to announce the appointment.

## Scouts Pass Tests And Make Plans For Hike To Red River Next Sunday

A hike to Red River was planned at the meeting of Boy Scout Troop No. 164 Monday evening, following the business during which members advanced by passing tests in safety, first aid and compass work.

A full attendance and the admission of several new members contributed toward making the meeting an enthusiastic and interesting one.

Plans for the hike, to be held next Sunday, have been outlined as follows: the boys will meet at the K of C hall at 10 a.m. They may bring a guest. Their dinner menu, to be prepared in the open, may include anything they desire and they are permitted to take pots, pans and coffee pots — provided they can pack them over several miles of rough terrain, Scoutmaster Nick Miller said.

In case of rain the outing will be postponed until fair weather.

## GARDEN CLUB MEET AND VALENTINE PARTY TODAY

The regular monthly meeting of the Civic League and Garden Club this Friday afternoon will feature a talk by Mrs. John J. Hoffman on "Valentine Legend", a valentine exchange and the serving of refreshments following the regular business session. Mrs. Jake Pagel is in charge of arrangements.

The time is 3:15 and the place is the public school.

## Program Wednesday Sponsored Jointly By FMA Plant And County Agent

More than 300 dairy farmers and agricultural students from Cooke and neighboring counties were in Muenster Wednesday to attend a dairy conference sponsored jointly by the county agent's department and the Farmers Marketing Association.

Beginning at 9:30 and lasting until about 4 o'clock, the program consisted of films and lectures on all phases of milk production and featured specialists from the dairy husbandry department of A and M College. County Agent B. T. Haws presided. Charts and display equipment were furnished by the Kraft Company.

Speakers were Dairy Husbandman G. G. Gibson, Dairy Farm Manager O. C. Copeland, Veterinary Dr. E. A. Grist and D. T. Simons, all of A and M College.

In their discussions they disclosed the most successful practices in feeding, breeding, management, housing, herd care, disease control and other subjects related to quantity and quality production of milk. Sanitation measures to comply with standards of the Pure Foods and Drugs act were also discussed.

Principal points brought out by the several lectures were to begin with a good quality of cows and improve constantly by selective breeding. At the same time each animal's productivity should be held to the maximum by proper rations in proper quantities and special attention to her health and comfort. Regular routine was also emphasized on the ground that cows are creatures of habit and will do better if their habits are not disturbed. Accurate records were recommended as a means of culling out non profitable cows, and physical tests to determine what animals, if any, are diseased.

Lunch for the group was served at 1 o'clock in the parochial hall dining room by members of the Sacred Heart P-TA.

## News Of Sick And Injured

Jos. Fisher underwent an operation in a Dallas hospital last Wednesday and is resting as well as can be expected. Members of his family have been cheering him with regular visits.

Little Thomas Mosler, son of Mrs. Leo Mosler, who underwent an operation for the removal of his appendix at Gainesville sanitarium on Feb. 2, was moved to his home Sunday and is convalescing rapidly.

Mrs. Herman Pierce was a visitor in town Saturday for the first time in ten days during which she spent a week as a patient in Gainesville sanitarium for treatment and the remainder of the time at her home. She is much improved in general health.

Charles "Buddy" Bernauer is a patient for treatment at M&S hospital in Gainesville since Thursday of last week.

E.S. Lawson has recovered from an illness that confined him to his home the latter part of last week.

## Koesler Child Gets More Lung Tapping Treatments

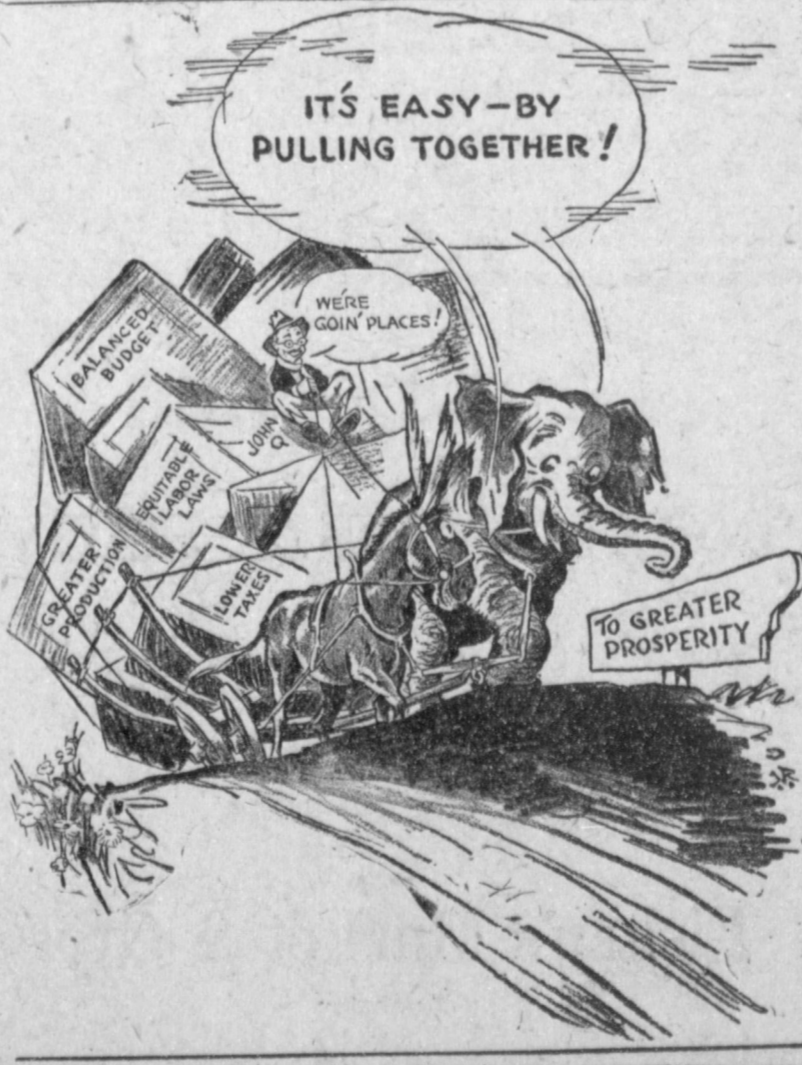

Little Dennis Koesler, 11 month old son of Mr. and Mrs. Norbert Koesler, was taken back to Dallas by his mother last Thursday to have more fluid tapped from his lungs. A call from Mrs. Koesler Wednesday informed relatives that the child is doing "all right" but that he would have to remain in the hospital for several more days.

The little boy first became sick the day before Christmas and the latter part of January had about two pints of fluid tapped from his lungs.

Norman Luke, a student at NTSTC, Denton, spent the weekend with his parents, Mr. and Mrs. Joe Luke. He is majoring in certified accounting.

CAN BE DONE!

## That Ring Around the Bathtub

Jeb Crowell blew his top the other day. Seems that for weeks he's been trying to get his youngsters to scrub out the bathtub after using it. And this night he sees two rings around it—one where young Sonny left off, and another about Pinky's level.

From now on, Jeb's careful to put his glass down on the table cover—like the missus does. And I hear he's a little more forgiving about rings around the bathtub. Just keeps on patiently reminding.

From where I sit, there are little annoyances in every family—conflicting habits and opinions in every community. A little patience—a little more "forgive and let live" is the only antidote.

Muenster

o'clock.

Steve Denham returned to Muenster Tuesday after spending several months in Colorado and is back at his duties as pharmacist at the Kaiser drug store.

Miss Miriam Koesler of Sherman arrived Tuesday afternoon and spent until Wednesday night with her parents, Mr. and Mrs. Alfons Koesler.

Mr. and Mrs. Jack Fletcher and Mr. and Mrs. D.L. Trotter of Fort Worth spent the weekend with their parents, Mr. and Mrs. J.W. Fletcher and grandmother, Mrs. Shiftet.

Grandmother Shiftet spent several days of this week in Pilot Point with her son, E.M. Shiftet and family while Mr. and Mrs. J.W. Fletcher visited in Fort Worth.

Mr. and Mrs. N J. Mayer and daughters, Mary Rose and Lorraine, arrived from Chicago Tuesday to spend a month's vacation with her parents, Mr. and Mrs. F. J. Yosten and family.

Miss Dolly Endres, a student at West Texas State Teachers College, spent a week between semesters here with her parents, Mr. and Mrs. W.H. Endres, returning to Canyon Thursday.

Mr. and Mrs. Elwyn Hope and son of Fort Worth visited here Sunday with her mother, Mrs. Frank Seyler and other relatives. They were Saturday overnight guests of her sister, Mrs. John Mosman and family in Saint Jo.

The well recently completed by Scott Bros. Drilling Co. on R. W. Fair lease on the A.D. Walterscheid farm was given the Railroad Commission test and made 75 barrels per day. Rig is now moved for an offset.

Mr. and Mrs. Henry Michels and their son-in-law and daughter, Mr. and Mrs. Herman Jungman, all of Munday, visited here Monday afternoon with Mr. Michels' sister, Mrs. Aug Friske and other relatives.

Miss Tony Mae Friske entertained in her parents' home Monday evening with a dinner followed by a theatre party, for Ray Lueb, Janie Delap of Gainesville and Leroy Metzler of Lindsay.

Mr. and Mrs. J.W. Fletcher went to Fort Worth Monday for

a several days' visit with their children while Mr. Fletcher went through a clinic in that city. During his absence Frank Schilling served as rural carrier on route 3.

A renewal subscription to the Enterprise has been received from the Al Horns of Harlingen, formerly of this city. They report that they are building a new home about two and a half miles from Harlingen and said to tell all their friends here hello.

Henry Henscheid and family moved during the weekend to occupy his farm home, east of the Henry Stelzer farm from which he moved. Henscheid bought the farm a few years back but just recently completed remodeling and repairing the house.

Mr. and Mrs. Tony Bergman and children of Ardmore visited here Sunday with his parents, Mr. and Mrs. Wm. Bergman, and also went to Lindsay for a visit with the Ben Lutkenhaus family. Mr. Lutkenhaus was given a surprise party in observance of his birthday.

John and Eugene Michels of Munday spent Saturday night here as guests of their cousins, Mr. and Mrs. Joe Luke, and visited their uncle and aunt, Mr. and Mrs. Aug. Friske, before returning home Sunday. They were enroute home from a visit in Arkansas.

Martin Bayer was greeted with a party last Thursday night when relatives arrived to help him celebrate his birthday at his home. Sheephead games and refreshments were enjoyed by Mr. and Mrs. Joe Walterscheid, Mr. and Mrs. Johnny Wimmer, Mrs. Joe Bayer and Mr. and Mrs. Martin Bayer.

#### MR. AND MRS. STEVE FETTE WILL GIVE WEDDING DANCE

A general invitation was extended this week to the entire community for a wedding dance to be given in the K of C hall next Tuesday night, Feb. 18, by Mr. and Mrs. Steve Fette. The E. X. Brooks orchestra of Denison will furnish the music.

#### BIRTHDAY SURPRISE

Tony Trubenbach Sr., was given a pleasant surprise party Monday evening in observance of his birthday. His children and grandchildren gathered for the occasion in his home and enjoyed games and refreshments.

**ROSEMARY FISCH AND OKMULGEE MAN WED SATURDAY MORNING**

Miss Rosemary Fisch, daughter of Mr. and Mrs. John Fisch of Okmulgee, Okla., formerly of Münster, became the bride of

Herbert Willis in a pretty church ceremony performed Saturday morning in Saint Anthony's church in Okmulgee with the Rev. T. E. Landers performing the double ring ceremony and officiating at the nuptial mass.

Given in marriage by her father, the bride wore a white satin gown fashioned with a sweetheart neckline and leg o' mutton sleeves. The basque waist extended into a full skirt and the floor length bridal veil was fastened with a crown of white satin trimmed with silver sequins. She carried an arm bouquet of roses centered with an orchid.

Mrs. A.J. Fisch of Guthrie, sister-in-law of the bride, was matron of honor wearing an aqua dress of net over taffeta and a halo hat of matching net. Her corsage was pink carnations.

Bill Willis, brother of the groom, was best man. Acolytes were A.J. Fisch, Jr., and Dan Willis, while A.J. Fisch, Guthrie, and W.L. Fisch, Tulsa, served as ushers.

Following the ceremony dinner was served to members of the bridal party and their families in the Blue Room of the Adams Hotel, and in the afternoon Mr. and Mrs. Fisch re-

ceived guests in their home for an informal reception honoring the couple. The bridal table was centered with a three-tiered wedding cake which was served by Mrs. W.L. Fisch of Tulsa. Miss Dolores Fisch, Guthrie, poured the punch, and Mrs. Dick Graf, Guthrie, presided at the guest book.

After a wedding trip Mr. and Mrs. Willis will make their home at 323 1/2 West Second in Okmulgee. He is the son of Mrs. Emma Willis and was recently discharged from the Navy after serving four years.

**SATURDAY CEREMONY UNITES MISS FISCH AND FORT WORTH MAN**

Miss Mary Antoinette Fisch, daughter of Mr. and Mrs. Bert Fisch of Fort Worth, and Dan Richard Biggins, son of Mrs. E.P. Reed of that city, were married Saturday morning at 9:30 in St. Mary's church, the Rev. Martin Fischer performing the ceremony.

The bride, given in marriage by her father, wore an ivory duchess satin gown with epaulets of appliqued flowers outlined with bugle beads. Her fingertip veil fell from a shirred and beaded tiara, and she carried a bouquet of gardenias and blush pink camellias with a shower of lilies of the valley.

Mrs. James H. Lehman was her sister's matron of honor wearing a pink tissue taffeta gown. She carried a colonial bouquet of pastel flowers. Mrs. Byron K. Butt, bridesmatron, and Miss Agnes Shaw, bridesmaid, wore identical light blue taffeta gowns and carried pink carnations. All wore matching long gloves and shoulder length mairine veils.

Mr. Biggins' attendants were his uncle, Richard Watt, best man, and Jim Wiley and James V. Leito, Jr.

A reception was held at Colonial Country Club. Mrs. Leonard Endres served a tiered cake from a table laid with lace, garlanded with smilax and white flowers and appointed with silver.

When the couple left for New Orleans, Mrs. Biggins wore a gray suit with pink blouse and navy blue accessories. They will make their home at 3620 Lipscomb.

Wedding guests included Mrs. M.J. Endres of this city and Tony Lehnertz of Mitchell, S.D., who is visiting relatives here and in Fort Worth.

**MRS. KAISER HOSTESS TO GET-TOGETHER CLUB**

Members of the Get-Together Club enjoyed their regular social on the first Wednesday of the month with Mrs. Frank Kaiser entertaining in her home.

Five tables were arranged for progressive 42 series and prizes were won by Mrs. Joe Horn for high score; Mrs. Herbert Meurer, low; Mrs. J.B. Wilde, galloping, and Mrs. Clarence Wilson, guest prize.

Mrs. Al Eberhart and Mrs. C.M. Walterscheid received birthday gifts from their sunshine pals, and it was announced that the meeting next month will be held with Mrs. Joe Kathman as hostess in her home on Thursday, March 6.

The hostess served a delicious plate supper to members and the following guests: Mmes. Herbert Meurer, Lou Wolf, C.J. Kaiser and Clarence Wilson.

**ST. ANNE'S SOCIETY HAS FINAL PRE-LENTEN SOCIAL**

Members of Saint Anne's Society spent an enjoyable afternoon Monday when they held their final pre-lenten social in the parish hall. Hostesses were Mmes. M.J. Endres, Clarence Hellman and Joe Horn.

Six tables were arranged for progressive 42 series in which the following prizes were awarded: High, Mrs. Al Walterscheid; low, Mrs. Herman Fleitman; galloping, Mrs. Tony Felderhoff; door, Mrs. John Hartman.

At the close, refreshments were served to 32 ladies.

**TWO COUPLES SHARE HONORS AT DINNER**

Mr. and Mrs. Ben Luke entertained with a buffet supper in their home Sunday evening at 7 o'clock honoring their son and daughter-in-law, Mr. & Mrs. Anthony Luke, on their first wedding anniversary. Sharing honors with them were Mr. and Mrs. Robert Kupper, recently married couple. Mrs. Kupper, the former Miss Florene Endres, is the Lukes' niece.

Corsages and gifts of crystal marked the places of Mrs. Luke and Mrs. Kupper. Twenty six guests served themselves from a buffet and were seated at quartet tables. Decorations carried out the Valentine theme and emphasized the colors Mrs. Luke used for her wedding.

Pink taffeta hearts centered paper lace doilies attached to a wide blue ribbon the length of the table. Blue candles burned in crystal holders, and blue covers on the tables were centered with paper lace mats.

After the meal, games of bridge and forty two were enjoyed. In the latter game Mrs. J.J. Haverkamp won the galloping prize.

**PUBLIC SCHOOL P-TA TO SPONSOR 42 PARTY**

The Parent-Teachers Association of the public school announced this week that it will sponsor a benefit 42 party on Thursday evening, Feb. 20. Everybody is invited to attend.

The affair will begin at 7:30 in the public school and the admission charge will be 25 cents. Refreshments of coffee, doughnuts and pie will be available at five and ten cents. Attractive prizes have been secured for the winners of high, low and galloping in the games, the committee in charge stated.

Sixty five per cent of the world's population live on farms. Remember, the boss has to be a crank if you're not a self-starter.

Railroads use approximately the same amount of the 600 million tons of coal mined annually in the United States as the general consuming public buying through retailers — 22 per cent.

1847

1947

— February 11, 1947, 100th Anniversary of the birth of Thomas A. Edison.

In the one hundred years since his birth, Thomas Alva Edison's name has been followed by various epithets - scholar, benefactor, genius, inventor - but the one this great man most appreciated and most deserved was "perfectionist."

Perfection can be achieved only by hard work. Edison himself said that genius was 2% inspiration and 98% perspiration.

Edison was never satisfied short of perfection. Nothing was too much trouble to insure that the product he put on the market was the most perfect product that could be produced. Today, Edison industries abide by that high standard of quality. "Performance as great as the name" has always been the proud motto of Edison Spark Plugs.

### MAKE IT A COMMUNITY PROJECT

Another welcome indication of "the progressive trend of the community is the increasing interest in a gymnasium. More and more people are becoming conscious of a gym's value as an important factor in the school athletic program and as a convenient, spacious location for community programs. Not a few are looking forward also to the pleasure of attending basketball games.

The idea is fine and deserves every encouragement — as a community undertaking. The only trouble is that it is being proposed as a parish project and therefore involves two major objections. It would be expensive to individual parish members and it would practically exclude public school pupils.

Here is a perfect example in which cooperation can result in mutual benefit to both schools. The gym can be put up by the public school with an understanding that it will be available to the children of both schools. In that way the cost is distributed as a tax over the entire school district instead of being met by voluntary donations of parish members. In plain figures this means that parish members as a group will pay about 40 per cent of the total cost instead of 100 per cent. That is the actual proportion of valuation in the Muenster district.

Equally undesirable is the fact that a parochial school gym eliminates the public school's chance of having one. Parish members can not be expected to vote a special tax on themselves — and they constitute the voting majority — for a new building that will do their children no good.

And let's not overlook the responsibility that goes with voting strength. The power to control the destiny of the public school does not imply a right to impose a handicap on it.

By the standards of fairness and plain dollars and cents there's only one way to handle the project. Let the public school district build the gym for both schools.

To the pessimistic parish member who doubts that parochial children would continue to get the intended privilege, voting strength again provides the answer. While parochial parents have the majority they can elect school boards that they know will respect the agreement.

#### The Down and Up

"What does your father do to make a living, little boy?"  
 "He chops down trees."  
 "And what does he do after he chops them down?"  
 "He chops them up."

A vigilant gardener who noticed that his tomatoes were disappearing quickly and mysteriously thought he had the solution when he surprised two neighborhood youngsters prowling thru the garden:

Gardener (demanding sternly) — Have you boys been stealing my tomatoes?  
 One of the Boys (piping up

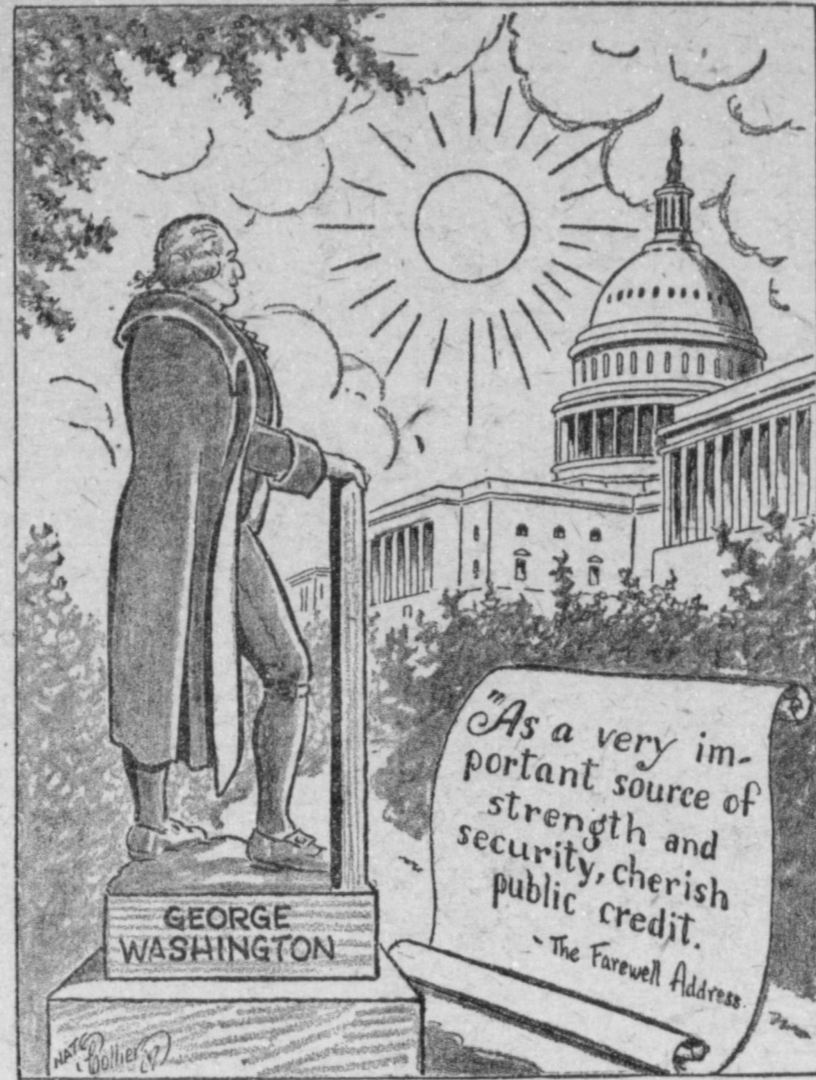

quickly) — Not me. I'm just helping my brother look for his salt snaker!

#### No Second Guess

A professor at medical school asked a student how much of a certain drug should be administered to a patient and the young man replied, "Five grains."

A minute later he raised his hand. "Professor," he said, "I would like to change my answer to that question."

The professor looked at his watch and replied, "Never mind, young man, your patient has been dead for 40 seconds."

#### Had Eaten Up the Interest

After vainly trying to collect \$50 he had lent to a friend several years ago, a man consulted his lawyer.

"What reason," asked the lawyer, "does he give for not paying the money?"

"He says," replied the creditor, "that the money has been owing so long it has been all eaten up by interest."

#### Might Be Better

The weather man arrived home in great excitement. "Guess what dear," he exclaimed. "I've been transferred to California."

"Well, that might be better for you," replied his wife. "The weather around here hasn't been agreeing with you lately."

#### Boomerang

"Percy," said his mother, sorrowfully, "every time you are naughty, I get another gray hair."

The little darling replied: "Gee, Mom, you must have been a terror! Look at grandpa!"

#### Wasted Time

"Remember," admonished the professor, "every man should know himself."

"Maybe," countered the flippant student, "but in doing so he wastes a lot of time that might be spent making more desirable acquaintances."

#### don herald says:

You didn't pay me enough in 1927. I'm going to sue you!

I drew a cartoon for a man in 1927, for which I charged \$20, as I had agreed.

I was too young to know the cartoon was worth \$50. So now I am going to sue the man for \$30.

Also I forgot to charge the man for delivering the cartoon. That took me 25 minutes each way.

I am going to sue the man for \$1.50 for delivery time.

Also I forgot to charge for the cardboard. That was 11 cents. I am going to sue for that.

If anybody ever underpaid you, no matter what your understanding was, nor how long ago, sue him!

Let's everybody sue everybody! It's such a nice way to make easy money!

Safe!  
Comfortable!

A broken glass is a serious hazard — and uncomfortable to boot. Don't take chances. Don't shiver. Let us replace it with a new Liberty - Owens - Ford safety glass.

## Washington News Letter

By Congressman Ed Gossett

Washington, D.C., Feb. 8 — The House of representatives this week by a vote of 285 to 121 passed a Resolution to submit to the people a constitutional Amendment which would limit a President to not more than two terms in office. This question was seriously debated in the Constitutional Convention. The question of limiting Presidential tenure has been debated ever since. At

**Now ...**  
Plenty Of Hot Water  
Huchtons Laundry

one time the founding fathers wrote into the constitution a provision for one term of seven years, later changing it to provide four year terms with no limitation on reelection.

Congressman Hobbs of Alabama and myself filed a minority report in the House contending that if Presidential tenure should be limited, it should be limited to one term of six years. Presidents Andrew Jackson, Rutherford B. Hayes, Grover Cleveland, and William Howard Taft advocated a single term of six years for American Presidents. Such a limitation was written into the Democratic platform in 1912. Through the years more than 100 attempts have been made in the Congress to impose such limitation.

Proponents of a limited tenure for Presidents contend that the Executive has grown too powerful, that our system of checks and balances between the Executive, Legislative, and Judicial branches has gotten seriously out of balance, and that any President with

the power now given our chief executive can perpetuate himself in office. By limiting his tenure they say we would limit his power. It is further contended that doubleless more Presidents in the future, instead of following the precedent set by Washington and Jefferson and others in retiring at the end of their second term, will be trying to outdo the mark of four terms set by the late Franklin D. Roosevelt.

Opponents contend, however, that, after all, it is a matter to be left to the people, that in times of emergency the people should have a right to reelect a President regardless of the number of terms he may have served. If the resolution is now passed by the Senate, the people themselves will have the opportunity to pass on this subject.

The House Committee on Un-American Activities this week witnessed an unusual spectacle — a sister testifying against her brother. Ruth Fischer of New York told the committee her brother, Gerhard Eisler, was a "most dangerous terrorist both for the people of America and the people of Germany". Apparently Eisler has been one of the leading fomenters of communism in this country. The record indicates that he received extensive training for this purpose in a communist school in Moscow.

Eighty-two year old bachelor Senator Arthur Capper of Kansas is receiving some notice over his proposed bills to create uniform marriage and divorce laws throughout the United States and also to outlaw the advertising of intoxicating liquors. I remember getting Capper's farm paper when I was a small boy on the farm. The old gentleman has been in public life for almost a half century, serving as Governor of Kansas before his election to the Senate in 1918. The Senator will probably not get very far with either of his proposals although a great deal can be said for both of them. No states in the Union have identical marriage or divorce laws, and some contend that it is a case of the chain being no stronger than its weakest link. The State of South Carolina will not grant a divorce on any grounds or permit the remarriage of divorced persons, while the State of New York still operates under a law written by Alexander Hamilton before the American Revolution granting a divorce solely on the ground of adultery. The Senator, coming from perhaps the most notoriously dry state of the American union, contends that if you cannot prohibit the liquor traffic you should not encourage it through advertising. Perhaps on both his proposals the argument could be made that society should make greater endeavor to create moral as opposed to immoral atmosphere.

Reference was made in this Newsletter some weeks ago to the chaos into which the Socialist-Labor Government of England had thrown that country through the government's taking over the ownership and operation of the coal mines. Some of the chickens are now coming home to roost. Many of the industries of England are now closing down because of a lack of coal. While our country appears to be booming — for the present

at least — the British are suffering more than at the end of the war and seem to be on the verge of economic collapse. Perhaps they will learn that you cannot get something for nothing, and that honest toil is the chief creator of wealth.

### 100,000 Americans Killed And Millions More Injured By Accidents During 1946

Chicago. — Accidents in the United States in 1946 killed 100,000 persons, injured millions and caused an estimated economic loss of \$5,600,000,000, the National Safety Council said.

The death toll was 4 percent above the 1945 total of 95,918, but the council said the 100,000 figure "is significant when it is recalled that at the end of the first four months of 1946 the motor vehicle death toll alone was up 45 percent."

Motor accidents accounted for 33,500 dead. Passenger deaths on the railroads totaled 89 and on regularly scheduled airlines 75.

A man's own home appeared the least safe place of all. In home accidents, 34,000 persons died.

His place of work seemed somewhat safer. Occupational accidents killed 16,500.

One out of every 13 persons in the country suffered a disabling injury last year.

The biggest single disasters of the year were Atlanta's Winecoff Hotel fire, in which 119 persons died, and the La Salle Hotel fire at Chicago, in which 61 perished.

Traffic fatalities were up 19 percent over 1945. Railroad passenger fatalities dropped 26 percent.

Texas is the land of plenty, with plenty of land.

# Hot Water

for 20 morning shaves

Whether for shaves or automatic home laundry you need plenty

There's over 140 different needs for hot water in the modern household. Of all the water it uses, 85 percent is hot. Shaving is just one of the needs. Big users are the new automatic dish washers and home laundries. For instance, automatic laundry requires over 18 gallons of 160-degree water to soak, wash and rinse nine pounds of clothes. So capacity of heater is all important. If you're planning to build, modernize or install one of those do-everything automatic washers, better see your gas appliance dealer or plumber about your hot water supply. A gas-automatic water heater of proper size will provide all the hot water you need at a remarkably low cost.

### SIZING CHART for automatic storage gas water heaters

Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

Know what is the correct size automatic gas water heater for your needs when talking with your appliance dealer or plumber. Use above "Sizing Chart." And for lasting satisfaction, get heater with rust-proof tank of glass, copper or monel.

**Get-up-and-get-over-it  
Treatment Recommended for  
That Sick or Tired Feeling**

Boston.—If you have that tired feeling you're probably getting too much sleep. If you can't get rid of that cold, chances are you're spending too much time in bed.

Asst. Director W.T. Sherman Thorndike of Massachusetts General Hospital said the modern way to get better is to get up.

"Take patients recovering from abdominal operations," suggests the motion-minded medico. "We used to keep them in bed 10 days. Sometimes two weeks. Now we have them up and walking within 24 hours. They have to grit their teeth for a while, but the system's working wonders."

The idea that bed is the logical place to recuperate is as old-fashioned as a 14th century blood-letting remedy for a hang-over, Thorndike said.

Experiments during World War II, he claimed, proved that a damaged human machine thrives

on action. Making mama walk as soon as possible after the blessed event is speeding recovery of obstetrical cases, Thorndike said. In the preatom days having a baby was a sure-fire excuse for two weeks in bed. Now the new mother is hustled from the blankets within 48 hours and told to take a stroll.

According to Thorndike, the get-up-and-get-over-it treatment is the best remedy in the books for many types of fractures. And recent experiments indicate that bed may be the worst possible place for a sick heart—mental or physical.

A prolonged bed rest, the doctor said, impairs proper circulation and may prove a strain on the heart. It makes one sluggish and listless. It isn't conducive to a "get better" attitude, because it tempts a patient to become passive and dependent.

The bugaboos lurking between cool, clean sheets are legion.

For instance, he adds, certain respiratory diseases thrive in bed because of the limited action of the lungs. A vertical citizen can inhale 15 percent more air than one in a horizontal position.

"Medical men have suspected for years that patients would be better off with less rest," Thorndike said, "but it wasn't until a shortage of beds and litters forced the Army doctors to put the theory into practice that its beneficial results became obvious."

**Diesel Power Takes Over  
In Ft. Worth Katy Yards**

Fort Worth, Tex., — Continuing a program which will eventually equip all of its yards with diesel power, the Missouri-Kansas-Texas Railroad this week put five new diesel switch engines in operation at its Ney Yards here.

Dieselization of the yards here now is complete with the delivery of the 1,000-horsepower switches from the Electro-Motive plant of General Motors at La Grange, Ill. Steam power in the Dallas yard was replaced with diesels several months ago, and additional locomotives for the Waco, Tex., yard soon will be delivered by the Baldwin Locomotive Co.

**State Reports 1750 Cases  
Of Mumps Since January 1**

Austin, — During the past few weeks there has been a general increase in the incidence of mumps throughout the State. There have been 1750 cases reported since January 1, compared with only 896 cases during the same period last year, according to Dr. Geo. W. Cox, State Health Officer.

Though mumps is one of the common childhood diseases, serious complications may develop, so children should be protected as much as possible from this disease. The usual control procedures such as avoidance of crowds, exclusion from school of all cases or suspected cases and quarantine should be followed.

"The patient suffering with this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly," Dr. Cox advises. "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury, which

may permanently affect the individual's health."

**J. B. Wilde, Chevrolet Dealer**  
MUESTER, TEXAS

A witness, an old darkey, was undergoing a cross-examination. "Did the defendant use improper language when he was beating his horses?" asked the lawyer. "Well, he talk mighty loud, suh."

"Did he indulge in profanity?" The witness seemed puzzled, the lawyer put the question in another form: "Uncle Amos, what I want to know is, did he use words that would be proper for your minister to use in a sermon?"

"Oh yes, suh," the old man replied with a grin, "but they'd have to be 'ranged diff'rent."

Never marry a woman who looks good in black!

When the newlyweds boarded the train, the embarrassed groom tipped the porter generously, to not disclose that they were just married. Next morning, on the way to breakfast in the diner, they were greeted with many grins, stares, and craning necks. Furiously the groom upbraided the porter.

"Nassuh, Boss," George replied, "Ah didn't tell 'em. When dey asked me if you was just married, ah, says, 'No suh, dey is just chums'."

Modern autos carry a minimum of five control gauges on the instrument panel. There is a gauge for fuel, oil pressure, heat, electricity, and speed.

PICTURE NEWS OF THE WEEK

A howl comes not from the dog, this time, but from 1-year-old ROBERT GEORGE EISERMAN, when ten Cocker Spaniel puppies back him into a big armchair. Look well at this man for he is one in millions. JOHN C. SCOTT, New York World War II veteran, is fighting like a Trojan to make the government stop giving him a pension. An eye injury is the point of contention, Scott claiming it happened before military service, the government insisting on paying a pension. Quadruplets born to MRS. CHARLES HENN, JR., Baltimore, Md., were one month old before the mother was allowed to struggle them in her arms. Apt pupil at a new employees' winter golf school at Seiberling Rubber Co., Akron, O., is pretty ADELYN SUMNER. Next summer she'll brighten the fairways of the company's recreation-center country club.

Pilgrim's Progress was written by John Bunyan while he was in Bedford jail, in England, where he had been imprisoned because of his religious beliefs.

Only 204 Liberty head dimes were coined in 1894 by the San Francisco Mint. Collectors are said to value perfect specimens up to \$500.

**Mightiest Motors Will  
Pump Water To Convert  
Wasteland Into Oasis**

New heights in electric motor-  
dom are about to be attained.  
Four titans, each rated at 65,000  
horsepower and exceeding by  
more than 50 per cent the ca-  
pacity of the most powerful alter-  
nating current motor ever built,  
are to be constructed for the  
United States Bureau of Recla-  
mation. They will power pumps  
to store water from Grand Coulee  
dam to transform more than a  
million acres of semi-wastelands  
in south-central Washington into  
a farming oasis.

The electrical manufacturing  
company that will build the mo-  
tors announces that each will be  
as large as a six-room house, 25  
feet high, 100 feet around at the  
base, weigh 325 tons and require  
a force equal to the pulling power  
of 30 automobiles for starting  
purposes.

"The tremendous job to be  
done by these motors," an engi-  
neer points out, "can be illustrated  
by the fact that each motor will  
move enough water to supply the

PEACE AS IN WAR

requirements of a city the size of  
New York.

"Together, the four motors  
could meet the water needs of  
another way, the four pumps  
28,000,000 persons. Or, putting it  
driven by these motors could sup-  
ply a glass of water for every  
man, woman and child in the  
United States every three min-  
utes."

**It Happened  
10 Years Ago**

**February 12, 1937**  
Sumacs beat Valley View Eagles  
for Class B trophy. — Mike Kleiss  
is seriously ill. — Miss Nita Jean  
Camp wins in contest to select  
queen of county basketball tour-  
ney. — Wilfred Bezner of  
Lindsay is chosen as page to  
Dr. Stock's in State Legislature. —  
Sister Agnes Voth visit here en-  
route to Rhineland for her health  
— Alphonse Hoenig returns from  
month's visit in Kansas. — J.W.  
Fisher is in Dallas taking a two  
weeks' course in refrigeration. —  
Folker resumed road graveling  
south of town, while roads sur-  
rounding Muenster get attention  
from Joe Bezner.

**5 YEARS AGO**  
**February 13, 1942**  
Registration of men 20-44 next  
Monday; about 200 to be af-  
fected here. — J.P. Flusche en-  
ters junk and wreckage business.  
— War daylight saving time  
changes, schedule of church and  
schools. — Sugar stamps for  
rationing plan being prepared. —  
Gordon Ramsey home destroyed  
by fire. — Twelve new men join  
local fire department. — Mr. and  
Mrs. Andy Trubenbach announce  
the birth of a daughter. — Mrs.  
Joe Hirschy recovers from illness.

"Why are you so blue this  
morning?" the lady asked her  
cleaning woman.  
"Oh, I've got me troubles, mum"  
she replied, and began telling  
about her afflictions.  
"Well, cheer up," said the lady.  
"There's no use worrying."  
"How can you say that mam?"  
asked the cleaning woman. "It  
looks to me that when the Lord  
sends me tribulations, He ex-  
pects me to tribulate."

**Too Much Company**

A man in Atlanta took four  
friends to visit a farm he owned.  
The visitors entered the tenant  
farmer's house and were a little  
embarrassed when they discov-  
ered he had only two chairs. They  
stood around awkwardly and  
finally the owner said, "I don't  
believe you have enough chairs  
here."

The old farmer took a dip of  
snuff, muttered, "I got plenty of  
chairs — just too darn much  
company."

**A Warning**

"I want to know once and for  
all," the belligerent husband de-  
manded, "who is the boss in  
this house."  
"You will be much happier,"  
his wife replied, "if you don't try  
to find out."

The guy who lives a double life  
gets no where twice as fast.

**Water Storage Tanks**

Mr. and Mrs. John Herr announce the birth of a 9½ pound daughter, Alma Louise, at the local clinic on Saturday, February, 8. The little lady was baptised Sunday by Father Herman, assisted by Mr. and Mrs. Joe Luke as sponsors. Mrs. Herr is the former Ursula Koelzer and the grandparents are Mrs. Catherine Herr of this city and Mr. and Mrs. Mike Koelzer of Hereford.

Mr. and Mrs. Charley Hellman are the parents of a 7½ pound son, Donald James, their third child and second son, born at the local clinic Saturday morning, Feb. 8. The infant was baptised Monday afternoon by Father John. Mr. and Mrs. Jimmy

**Newly Re-styled Chevrolet Announced**

Re-styled for the new year, with emphasis on a more massive front end and a smoother sweep to body contours, the new Chevrolet will soon make its debut. New front-end grille and complementing bright work, as well as elimination of the body belt molding, have done much to give the new model an air of greater luxuriousness.

Lehnertz were the godparents. Mrs. Hellman is the former Miss Alvina Gehrig.

A 9-pound daughter, Patricia Marie, was born to Mrs. Buddy Fette on Thursday, Feb. 6th, at the local clinic. Mr. and Mrs. Ben Knabe were sponsors for their niece at baptism administered by Father Herman, Friday afternoon. The grandparents are Messrs. and Mmes. John Fette and Gus Knabe.

Mr. and Mrs. Paul Clayton of Saint Jo announce the birth of an 8½ pound daughter, Carolyn, at the Muenster clinic on Sunday, Feb. 9. The young lady is a sister to Donald, and the granddaughter of Mr. and Mrs. Paul Clayton, Sr. of Muenster, and W.N. Nichols of Gainesville.

Mr. and Mrs. Gus Lutkenhaus are rejoicing over the arrival of an 8-pound, 7-ounce daughter who was born at the local clinic Tuesday, February 11, and has been named Norma Frances. Fa-

ther John officiated at the baptismal rites Wednesday, afternoon, assisted by the baby's grandparents, Mrs. Jos. Flusche and George Lutkenhaus, as sponsors. Mrs. Lutkenhaus is the former Miss Armella Flusche and they have one other child, a boy.

Despite the best of intentions and exercise of intelligence, a man sometimes gets mixed up in a bridge game with three women.

"Subtlety is the art of saying what you want to say and getting out of range before it is understood."

Doctors are so busy nowadays that lots of people get well before the date of the appointment arrives.

Back in 1880 it was considered an insult to receive a typed letter. The recipient's attitude was "I can read riting."

Breathes there a man with soul so dead, who's never ever turned his head — and sed — "Hmm, not bad!"

Next time misfortune strikes, remember that the dog who lost his tail has one consolation. He holds no fear of tin cans.

The Holland Tunnel, connecting New York City and Jersey City, and built under the Hudson River, is the most expensive automobile road in this country. It is only 1.6 miles long, but cost \$48,000,000.

Judge looking at the docile husband, "What induced you to hit your wife?" With a small shrug the little man answered, "Well, she had her back to me, she was bent over, the frying pan was handy, and the back door open. So — I just took a chance."

Energy equivalent to the amount needed to smash out 200 major league baseball home runs is contained in the modern high-energy flashlight battery.

**Lindsay News**

Miss Rosalie Beyer was confined to bed last week on account of illness.

Clarence and Leroy Metzler visited in Carlsbad, N.M., last week.

Miss Anna Mae Dieter of Fort Worth spent the weekend with her parents, Mr. and Mrs. Val Dieter.

Misses Frances and Evelyn Spaeth of Dallas visited last week with their parents, Mr. and Mrs. George Spaeth.

Misses Agnes Zimmerer of Sherman and Marie Zimmerer of Gainesville spent the weekend with their parents, Mr. and Mrs. Herman Zimmerer.

Sister Cletus and Sister Rose Francis were in Galveston during the weekend to attend funeral services for the former's aunt. They returned to Lindsay Sunday.

Miss Mildred Fleitman, Cooke County 4-H Gold Star girl has received a letter of congratulations from Congressman Ed Gossett and a book as a gift for work well done.

Paul Arendt was moved to his home Friday after being in M&S hospital in Gainesville for a week following an accident in which he received a broken left leg. The injury is in a cast and he is making a normal recovery.

Mr. and Mrs. W.R. Bump of Irving announce the birth of a son, their first child, on Thursday, Feb. 6. Mrs. Bump is the former Miss Anna Kupper of this

city and the baby is the grandson of Joe Kupper.

Mr. and Mrs. Norbert Zimmerer are the parents of an 8 1/2 pound son, Ronald Joseph, born in M and S Hospital in Gainesville on Jan. 25. The baby was baptised the following day by Father Conrad, assisted by Mr. and Mrs. Joe Bengfort as sponsors for their first grandchild. The little man is also the grandson of Mrs. John Zimmerer. His mother is the former Miss Marie Bengfort.

**YOUNG GROUP ENJOYS OUTING AT ROADSIDE PARK**

A group of young people enjoyed an outing and wiener roast at Roadside Park last Thursday evening.

Personnel included: Misses Edith Bond, Leona Berend, Betty Connley and Janie Delap, of Gainesville; Pauline Yosten, Ethel Mae Trubebach, Joan Roberg, Mary Nell Hennigan, Ruth Lee Fisher, Margie Seyler, Clara Magee and Emma Lou Gehrig, Muenster, and Margie Sandmann, Lindsay.

Clarence Metzler, Harold Schmittz, Lambert Bezner, James Bezner, Butch Dieter, Leroy and Bill Metzler, Bobby Bezner, Lambert and Frank Bayer, Kenneth Zwingsel, Alphonse Bengfort and Dave Turnham, Lindsay, and Dick Pulte, Gainesville.

**THE CLEM HERMES NOTE SILVER ANNIVERSARY**

Mr. and Mrs. Clem Hermes celebrated their 25th wedding anniversary with a reunion of relatives and friends in the school auditorium Sunday evening. Supper was served to more than one hundred guests who remembered the honor couple with appropriate gifts. After the meal informal diversion was enjoyed.

Mr. and Mrs. Hermes were married here 25 years ago and have resided here ever since. They are the parents of three sons and eight daughters. Mrs. Hermes is the

**What South America Sends Us**

former Miss Emilia Rauschuber, daughter of Mr. and Mrs. Joe Rauschuber, and Mr. Hermes is the son of the late Mr. and Mr. Clement Hermes.

**TUESDAY CEREMONY UNITES RAYMOND LAUX AND NINA MAE OWEN**

Miss Nina Mae Owen, daughter of Mr. and Mrs. Clarence Owen of Muenster, and Raymond Laux, son of Mr. and Mrs. F. J. Laux of Lindsay, were married in a pretty ceremony performed in Sacred Heart church, Muenster, Tuesday morning at 8:30.

The Rev. Herman Laux, pastor, and brother of the bridegroom, performed the ring ceremony and officiated at the nuptial high mass. The traditional wedding procession and recessional were played by Anthony Luke, organist, who remained at the console to assist the church choir in singing the mass.

Mr. Owen gave his daughter in marriage. She was lovely in a gown of white brocaded satin with sweetheart neckline, fitted bodice and long sleeves that terminated in petal points over her hands. The full, gathered skirt extended into a cathedral length train. Silver sequins ornamented the

neckline and were repeated in scallop design at the waist. The full length bridal veil was attached to a white flower tiara. She carried a white prayer book topped with a gardenia, and for something old and borrowed wore a handsome gold heart locket and chain that is more than 50 years old and is the property of the bridegroom's mother. For something blue she wore sapphire ear rings.

Miss Theresa Rohmer, cousin of the bride, was maid of honor. She wore a gown of pink, the bodice made of taffeta and the gathered skirt of marquisette over taffeta. Gold sequins were used to ornament the square neckline and natural waist line. She wore a matching pink taffeta bandeau and carried a colonial bouquet of white carnations.

Wilbert Block was best man for his uncle.

The bride's parents were hosts at noon for a dinner honoring the couple for which immediate members of both families were guests. At six o'clock they received relatives and friends for an informal reception and buffet supper. The bride's table carried out the traditional all-white wedding theme and was centered with a tiered cake.

Mr. and Mrs. Laux are making their home in Gainesville where he is employed. He attended school in Lindsay and served in the army overseas during the past war. Mrs. Laux was born and educated in Muenster.

A pre-nuptial shower honored the bride in the Muenster parish hall last Wednesday. A large number of relatives and friends from Lindsay and Muenster attended the party.

Man devotes half of his life to ruining his health, seeking wealth; and the other half spending his wealth to regain his health.
