VOLUME XI

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY, MAY 9, 1947

NUMBER 24

City Council Okays 40x80 Warehouse And Fire Station

Construction on a combined fire station and city warehouse is destined to begin as soon as the city council can get the building materials. The project was discussed and approved in the council meeting Monday night.

Measuring 80x40 and made of clay tile, the structure will be located beside city water well No. 1 and will face south. The approach to it from First Street will be at the west side of the bakery. Its cost is estimated at \$6,000.

The place is intended as a permanent home for the fire truck and the city's two other trucks in addition to tools, equipment and supplies. At the present time the city has an arrangement with H and H Feed Store for night storage for the fire truck, but during the day it is parked on the street. Tools, equipment and supplies are scattered at several places in town, wherever the council can lease warehouse space.

Notes On Soil Conservation

Throughout the Muenster Work Unit, farmers cooperating with the Upper Elm-Red Soil Conservation District are continuing their seeding and sodding of Bermuda Grass.

Some seed is still available at the local Soil Conservation Service office for distribution to co-operators in this Work Unit. Arrangements have also been made with farmers in the Whitesboro Work Unit to furnish bermuda roots for anyone desiring them. These men harvested the roots by use of a spring tooth harrow and side delivery rake. In the event anyone locally would be interested in procuring some of these bermuda roots, they can get full particulars from the local SCS office.

In the Clear Creek Conservation Group, southwest of Saint Jo, J.K. Seibold has 33 acres of Austrian Winter Peas and 18 acres of Cow Peas that are giving him excellent cover for erosion control. Later he intends to plow these under for soil building purposes. Mr. Seibold planted 30 acres of Weeping Love Grass that he will also use for erosion control and grazing.

J.P. Embry, in the same conservation group, has a good stand of Austrian Winter Peas on 10 acres. He, like Mr. Seibold, is using this crop for erosion control and soil building. Another co-operator in the Clear Creek Group, Mr. F.A. Dunn, has planted 4 acres of Weeping Love Grass.

36 Children In Solemn Reception of Eucharist

A class of 19 boys and 17 girls will participate in solemn communion services at Sacred Heart church Sunday during the 8 o'clock high mass and will renew their baptismal vows after the service. Pastor Pathey Herman will officiate at the rites.

In the evening following May devotions the 36 communicants will be enrolled in the scapular association.

The class has been receiving instruction from the pastor for the past several weeks preparatory to the event.

Muenster Softball Teams To Open Season Friday In Double Header With St. Jo

Muenster's first softball contest of the season will be a double header with Saint Jo boys and girls here Friday night. The games were scheduled in spite of the fact that neither team is completely organized. To date the boys have had only four practice sessions and the girls have had none.

As last year, Muenster did not arrange to enter a league, however it has good possibilities of arranging a well filled schedule, with teams from Saint Jo, Lindsay, Era, Valley View and three Gainesville teams.

The girls expect to get their competition from Saint Jo and a girls' team in Gainesville.

Dr. T.S. Myrick attended the Texas Medical meeting at Dallas Tuesday and Wednesday.

Among the many things for which we Americans can be justly proud is the fact that we, who enjoy the world's greatest measure of personal freedom and opportunity, are outstanding among the nations for respect and devotion to our mothers.

That this is true is more than an accidental circumstance. Solid democratic and Christian principles upon which our nation was founded included the reverent regard which blossomed many years ago into the adoption of a special mother's day.

Next Sunday we pay tribute to the American mother for her splendid work in preserving American ideals and blessings. Because of her day-to-day influence, teaching and example, American children, even in these times of crackpot theories, continue to reach adult citizenship with solid ideas of rights and responsibilities.

To Americanism goes credit for developing the world's highest regard for mothers. To American mothers goes credit for preserving the ideals of Americanism.

R. R. Tucker, 65, of Bulcher Dies Sunday Funeral Wednesday

Funeral services for R.R. Tucker, 65, well known resident of the Bulcher community, who died at his home Sunday night, were held Wednesday afternoon at 3 o'clock in the Bulcher Methodist church. Burial was in Coker cemetery under the direction of George J. Carroll and Son Funeral home.

Pallbearers were Johnny West, Earl Robison, Milton and Roy Ramsey, Jessie Shields and John Pembroke.

Surviving are eight daughters, including Mrs. Aubrey Thetford of Muenster; five sons, one stepdaughter and two step-sons.

ADDING AND CULLING STOCK SPEEDS ACTION AT MUENSTER RODEO

Adding several head of new livestock and culling out several other head of poor performers, the Muenster Rodeo gave its snappiest show to date last Saturday night. Especially active events were the steer riding and wild cow milking contests.

Further improvement in steer riding is anticipated as a result of adding two more animals this week. According to Dick Cain, neither of the two has been ridden to date. Early this week the owners expected to add several more animals but were not certain whether they would get them in time for the next show.

Winners in last Saturday's events are as follows:

Steer Riding — Bill Scott, Whitesboro; Jack Holden, Bowie; Robert Witt, Nocona.

Bronc Riding — Robert Witt, Nocona; Paul Brown, Nocona; B. M. Rose, Denton.

Calf Roping — Fred Murray, Nocona; J.B. Taylor, Marietta; Mutt Lacy, Sherman.

Ribbon roping — Otis Cobb, Marietta; Pete Cook, Saint Jo; Joe McDonald, Sherman.

Cow Milking — Buck Fritz, Denton; J. C. Russell, Sivelis Bend; Bill Lacy, Sherman.

Mercury Hits 96 Sunday

Muenster had its first summer weather of the year last Sunday when thermometers registered as high as 96 in the shade. Thermometers exposed to the sun registered 100.

11 MEN REPORT FOR OPENING CLASS OF GI AGRICULTURE COURSE

Eleven men reported for the opening session of Muenster's GI vocational agriculture course at the public school building last Thursday night, according to a report from Hugh Barnhart, instructor.

The class though not justified by the limited enrollment will continue to meet each Monday and Friday at 8 o'clock in the school, and if it does not grow sufficiently within three months arrangements will be made to merge it with other classes of the county. Fifteen is regarded as the minimum to justify engaging an instructor and 25 to 30 is considered the ideal enrollment.

Other farming ex-service men of the community have shown an interest in the course and are expected to join soon. Those who join on or before Friday, May 9, still have a chance of drawing subsistence allowance for the month of May, Barnhart said. New students can make their arrangements either at the class or at county headquarters in the court house.

Livestock production and management is the present subject for study. Other subjects will cover all the other phases of a well balanced diversified farming plan.

Members reporting for the first class are Lawrence Sicking, Thomas Sicking, Alfred Bayer, August Felderhoff, Leonard Lutmer, Joe Hess, Tony Koesler, Harry Fisher, Arnold Wimmer, and Wilfred Bindel of Muenster and Troy Bryant of Hardy.

Good Weather Steps Up Tempo of Local Building Program

Favored by pleasant building weather, the community has again entered one of its typical building and repair spurges. In addition to a number of projects in the city several farmers are using the slack pre-harvest period on improvements and new buildings about their places.

The city's three new business structures are progressing normally. Kaiser-Meurer's service station is getting its final plaster and touch-up and some of the equipment is being installed. Miller, Rohmer and Wimmer have completed the main building, which will serve as a repair shop and are ready to install gasoline pumps at the front. Wall construction has just started on the two new wings for Jimmy's Service Station.

Of the new city homes Norman Luke has a good start on the framework. W.H. Endres is nearing completion and Ray Wilde is putting on finishing touches. Joe Fisher has just started on a remodeling job which includes changes in the kitchen and conversion of an attic into two additional rooms. Pete Rollman and Frank Yosten have both applied new roofs on their homes and Leo Henscheid has a new garage roof.

Outside the city, Jap Shaw's new home is almost finished and four new barns are under construction. They are being built by Charles Cler, Hubert Felderhoff, Paul Endres and Henry Sicking. Roy Townsley has a new roof on his barn and Roy Endres has a new roof on his poultry house.

Paving Project Too Slow; City Patches Street Again

The city has just completed what the city dads hope will be the final attempt to patch up Main Street. Most of the holes in the pavement have been filled with tar and rock mix.

For several months the council had postponed the repair job hoping that the contemplated farm to market road, which includes re-surfacing Main, would be under construction soon enough to save the expense of repairing. Now they are sweating out the patch-up just completed, hoping that it will hold until the road is started.

Mrs. O.Z. Smith joined Mr. and Mrs. Frank Hogan and baby of Decatur on a trip to Amarillo last week to visit their parents, Mr. and Mrs. J.F. Hogan. They returned to Muenster Saturday and the Hogans spent the afternoon with his sister, Mrs. Dick Cain, before returning to their home.

3.1 Inch Down-pour Gives Community Thorough Soaking

A hard rain of near cloud-burst intensity fell within two hours Tuesday night adding 3.10 inches of moisture just as the previous week's thorough soaking began to wear off.

Though not needed at this time for grain crops the rain provides sufficient moisture to assure normal growth up to, and in many cases through, maturity. Feed crops and pastures, however, will benefit immensely.

Coming at about 11 o'clock and accompanied by a short burst of hail, the rain abruptly broke up the VFW party in the parish hall. Cars headed for home stalled by the dozens as a result of the driving rain or water splashed up by hitting flooded spots on the road. At one point near Lindsay on Highway 82 more than 30 cars were involved in a traffic jam caused by a half dozen drowned out motors.

The accompanying electrical storm also caused several power failures. One circuit in the north part of town went out about 1 o'clock and remained dead until 9 when TP & L repairmen came out and corrected the trouble.

REA lines had two failures, one near Forestburg and the other near Spanish Fort.

CITY TAX RATE WILL CONTINUE AT \$1.50 FOR CURRENT YEAR

Muenster's municipal tax rate for the current year remains the same as it was in 1946 — \$1.50 per 100 dollars of assessed valuation. The rate was set by the city council in its regular session Monday night.

In connection with tax assessments an equalization board is to be appointed at the next council meeting. Composed of three men the board is expected to study comparative property values and to make adjustments for changes of the past year.

Appearing for the first time of the current term were Dick Cain, replacing H.G. Stelzer as alderman, and Mayor Weinzapfel, Andy Hofbauer and John Fisher, the latter three being re-elected in this year's city election.

News Of Sick And Injured

Mrs. C.J. Bernauer was a patient for a check-up at St. Vincent's hospital in Sherman Thursday and Friday, returning home Saturday morning.

Jacob Pagel Sr. who was confined to his home for about two months suffering from rheumatism and a leg ailment, was out for the first time Saturday morning to attend church services and is getting around as well as normally this week.

August Friske who underwent a major operation at St. Vincent's hospital in Sherman last week Tuesday is making a normal recovery and will be able to return home in about ten days. His wife spent Sunday with him and other members of the family visited him during the week.

Joe Fisher Sr. returned to Baylor Hospital in Dallas during the past week for a series of treatments. He expects to be a patient there for about three weeks.

"Butch" Hammer, six year old son of Mr. and Mrs. George Hammer, broke his left arm at the elbow last Wednesday at the family home where he was playing leap-frog with his brothers. The fracture was placed in a cast and is said to be knitting normally. The cast will remain on for four weeks.

John Myrick sustained a deep gash in his right foot last Wednesday when he stepped on broken glass while playing barefooted. Several stitches were needed to close the wound.

Mrs. William Walterscheid was a patient for treatment and a general check-up at St. Vincent's hospital in Sherman Monday and Tuesday.

Joseph Fleitman Sr. was seriously ill during the weekend as the result of a severe nose hemorrhage Saturday but is improving normally this week.

Fire Chief Jimmy Lehnertz's car is now equipped with a siren. The purchase was okayed at the city council meeting Monday night.

LOCAL NEWS BRIEFS

Ben Seyler and son, Billy and Dr. T.S. Myrick were among those attending the Ringgold rodeo Sunday afternoon.

Mr. and Mrs. Leroy Stelzer of Henrietta were here to attend the VFW social in the parish hall Tuesday night.

Miss Anastasia Tempel and Mrs. Luke Tempel were Sherman visitors Tuesday.

The latest equipment addition at Magnolia Service Station is a battery quick charge unit.

Charlie Morris had as a weekend guest, Sgt. Glenn R. Pinkston of Hensley Field, Dallas.

Miss Dorothy Mae Yosten of Fort Worth was here Tuesday to visit her mother, Mrs. Bob Yosten and family, and attended the VFW party in the evening.

Mr. and Mrs. Jack Robertson had as guests for the weekend, his brothers, Loyal Robertson and wife and two daughters of Holliday, and Tom Robertson of San Diego, Calif.

Grandmother Shiflet returned to Pilot Point Sunday with her son, E.M. Shiflet and family, after spending the past 10 days here with her daughter, Mrs. J. W. Fletcher.

Harvey Grammer, who served with the Merchant Marines for the past 18 months, was discharged at Port Arthur last week and is back at home with his parents, Mr. and Mrs. M.H. Grammer since Friday.

J.B. Wilde, accompanied by Alois Voth of Lindsay, flew to West Texas for a weekend visit with relatives. Voth stopped at Amarillo and Wilde was the guest of his brother, Frank Wilde at Hereford.

Mr. and Mrs. Ferd Luttmer had as weekend guests Mr. and Mrs. Bates Davis of Lavon, Texas. The two ladies were roommates when they were employed in a war plant at Garland before their marriages.

Mr. and Mrs. Arnold Friske and daughters of Gainesville visited Sunday evening with his mother, Mrs. August Friske. It was First Communion day for little Gwendolyn Friske who was included in the class of young first communicants at St. Mary's church Sunday morning.

Miss Dolly Lehnertz of Fort Worth was among out of town guests at the VFW party in the parish hall Tuesday night and visited with her parents, Mr. and Mrs. Joe Lehnertz and family before returning to St. Joseph's hospital where she is a student nurse.

Miss Laurie Wilde, a student at a Cincinnati, Ohio, college, has written her parents, Mr. and Mrs. J.B. Wilde, that she enjoyed a pleasant weekend with a classmate whose home in Kentucky and that they saw the Kentucky Derby. They made the weekend trip by plane.

Mr. and Mrs. Ray Wilde had as weekend guests Master Sgt. and Mrs. M.S. Williams of Dallas and they all spent Sunday on a picnic south of Lindsay. Mrs. Williams and Mrs. Wilde were roommates when they were employed in Dallas before their marriages.

Getting an early start, Mr. and Mrs. Anthony Luke are confident they will have the Variety Store well stocked with Christmas merchandise when the season arrives. They were in Wichita Falls during the weekend for a preview of the lines and to place their order for gifts, toys and decorations.

Members of the Catholic Daughters of America are reminded that the regular monthly business meeting will be held on Sunday afternoon, May 18, instead of the usual second Friday.

The session will be held in the K of C hall. Members also announced this week that the clothes drive they are sponsoring will be concluded on May 18 and anyone wishing to help contribute to this cause is asked to leave the garments at the home of Mrs. Ben Seyler.

Weekend guests at the home of Mr. and Mrs. J.W. Fletcher were their children, Mr. and Mrs. Wm. Terrell and daughter, Toni, of Fort Worth; Mr. and Mrs. D.L. Trotter of Fort Worth; Mr. and Mrs. Jack Fletcher of Wichita Falls and her mother, Mrs. W.M. Blakemore of Denison, and Joe H. Cochran of Fort Worth. They all joined Mr. and Mrs. Fletcher and her mother, Mrs. F.M. Shiflet on a visit to Marysville where they joined in the annual Homecoming celebration held there Sunday.

Dr. and Mrs. A.A. Hellams and two-month old son, James Allen, of Elgin, Ill., returned to their home Wednesday afternoon after being here since Sunday to visit her mother, Mrs. Wm. Wieler and other relatives. Mrs. Hellams is the former Miss Catherine Wieler. Enroute here they stopped at Ardmore to see her sister, Mrs. H.C. Billingsley and family. Visiting at Mrs. Wieler's home on Monday were her children, Mr. and Mrs. R.B. Shelton of Denton, and on Tuesday, her daughter, Mrs. Ben Roewe and daughter, Agnella, of Sherman.

WANTS GUARANTEED 6 PER CENT DIVIDENDS

All my life, I've been scrimping and saving a little money every year. I wanted a nest egg so I wouldn't have to ask you (the people) to take care of me by putting me on relief in my old age.

And now I've decided not to invest my savings unless somebody will guarantee me fixed annual

dividends of 6% or more. I've decided I won't put my savings in any company which doesn't have a contract with a union under which the union will guarantee the stockholders (including me) 6% dividends or better. NO SIR!

If everybody else wants a guarantee in this country, I want one too!

— Don Herold

It Happened 10 Years Ago

May 7, 1937
 Ten Muenster boys join Knights of Columbus ranks at initiation in Sherman. — Muenster Hatchery closes successful season, the first in its new location. — Gainesville Little Theatre to present comedy, "Broken Dishes" here. — Matt Stelzer recovers from an attack of appendicitis at Vernon. — Miss Gertrude Roberg has her tonsils removed at Sherman hospital. — Mr. and Mrs. "Pinkie" Calvert, recently married couple, are given old-fashioned charivari. — Mr. and Mrs. H.N. Fuhrmann announce the birth of a daughter. — Scouts submit to exams for merit badges.

5 YEARS AGO

May 8, 1942
 Nine pupils graduate at parochial high on May 1; three receive diplomas at public school high commencement on May 6. — 1,574 sugar ration books issued here first three days. — Vote rejects Muenster-Hays school merger. — Cooke county farmers vote wheat quota. — Miss Isabell Walterscheid is recovering normally from an operation performed in Sherman. — Special program in the hall will honor Muenster mothers Sunday on Mother's day. — Henry Stelzer is leaving this week for a vacation visit in Ohio. — Lindsay high school graduates 7 in exercises Sunday. — Pat Hennigan enlisted in the navy Tuesday. — Loss of sight afflicts Father Frowin this week.

PICNICKERS, CAMPERS LEARN TO RECOGNIZE AND AVOID POISON IVY

Austin — With the advent of Summer and the ensuing exodus from city to country resorts and picnic spots the annual problem of ivy poisoning is once more making its appearance. In order that city dwellers may guard against this poisonous

plant by instant recognition of it, Dr. Geo. W. Cox, State Health Officer, has issued the following statement, "Poison ivy may be recognized by its leaves and its fruit. Each leaf is divided into three leaflets, the margins of which vary from smooth to more or less notched outlines. The small greenish flowers appear in May or June and the fruits which are the size of a small pea are pale green and poisonous when immature."

The symptoms of ivy poisoning range from slight redness and itching to exaggerated swelling and blisters, accompanied by severe burning sensations. There are all gradations between these extremes. In mild cases the skin is covered by numerous small blisters containing a colorless serum which is not poisonous. The poison cannot spread from broken blisters but pustules may form and infections may result as secondary consequence. Recovery usually occurs in from 10 days to 3 weeks. Occasionally a persistent skin inflammation follows.

Dr. Cox advised persons planning picnics and out door excursions to learn to recognize poison ivy and thus be able to avoid it. Prevention is much easier to accomplish, than relief from ivy poisoning.

If you've got troubles on your mind, try riding horseback when you're not used to it, or working in a garden.

Happiness Recipe

Washington — Eager to spread happiness — among millions of U. S. taxpayers as well as the thousands of Federal job-holders — is economy-advocate Congressman John W. Taber, of New York chairman of the House Appropriations Committee. His idea is to fire a lot of government job-holders. Those left will be happier, says Mr. Taber, "because they won't be sitting around at their desks without enough activity to keep them alert."

Arizona was nicknamed the Valentine State because it was admitted to the Union, February 14, 1912.

Mail in the United States has been carried by runner, horseback, stage, coach, railroad, carrier pigeon and airplane.

The typical farmer today lives on approx. 200 acres—20 acres more than he worked in 1940, and 50 more than his father before him.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D.C., May 3—The House this week passed two very controversial bills. The first bill was the so-called Foreign Relief Bill to provide \$350,000,000 recommended by the President to supply food, clothing, medical supplies, and so forth, for Trieste, Italy, Hungary, Austria, Poland, China and Germany. This is not to be confused with the Greek-Turkish Aid Bill in the amount of \$400,000,000. This Greek-Turkish Aid Bill has not yet been debated in the House. The House reduced the \$350,000,000 Foreign Relief Bill by \$150,000,000 and also provided that no part of the relief supplies should be distributed except by American citizens and for direct relief and only then if Americans including newspaper men, were permitted to have free access to the areas in which supplies were distributed. Members of Congress generally want to strongly support the administration's foreign policy, but there is a definite limit to how far Congress will go in the further appropriation of relief funds.

The second controversial bill passed by the House was the so-called Rent Control Bill. This bill provided that rent control be extended to December 31, 1947, and that President Truman could, if he wishes, extend rent control further until March 31, 1948. The first section of the bill provided for a release of most of the existing building controls. In other words, it was a double barreled measure. No member of Congress was pleased with the entire bill. The evidence shows that in most communities thousands of houses and additional thousands of rooms are unrented because owners do not wish to be tied up with OPA or with a tenant they cannot get rid of. Many of us feel that rent controls are now more detrimental than beneficial to the housing situation, and that it would be better to do away with rent control altogether. When finally passed, the bill may leave rent controls up to states and local areas.

A big event in Washington this week was the visit of President Aleman of Mexico and party. Our capital turned out in force to honor the visiting Mexican dignitaries from south of the border. Certainly nothing has been left undone to promote friendship and goodwill with our southern neighbors. The capital was filled with Mexican newspapermen who must have written glowing reports for their homefolks. Among prominent Mexican officials in the Aleman party was Senor Ramon Beteta, a cabinet member and close friend of the President. Ramon Beteta and myself roomed in the same house and waited on tables in the same boarding house while in the University of Texas. He came as a scholarship student from Mexico. When entering the University he could not speak English. Within three years he spoke perfect English, had made Phi Beta Kappa, and was teaching economics.

A report just received from the Census Bureau shows Texas to have 49 of the nation's 100 leading cotton growing counties. The 1944 statistics show that the nation planted in that year 18,961,

891 acres of cotton. Of this amount, Texas planted 6,589,815 acres. In the 49 leading Texas counties, three are from our District — Knox, Hardeman, and Wilbarger. Present estimates show the nation will this year plant some 25,000,000 acres in cotton. For the first time in years, the government has no cotton surpluses.

An incident of the large foreign gifts and loans now being made by this country is an increased demand for farm commodities which will doubtless help to maintain relatively high farm prices.

The House Judiciary Committee was this week presented with an elegant portrait of its former Chairman, ex-congressman Hatton Sumners of Dallas. It was my pleasure to preside at this ceremony. The gift was made by Mr. Nathan Adams and other Dallas friends of Mr. Sumners. Hatton Sumners, at the time of his retirement, had served thirty-four years as a member of Congress.

Soviet Efficiency

A Soviet economic magazine revealed recently that it takes 480 persons to run a plant in Kemerovo, Siberia — where they produce about the same amount of electricity as is generated at a 51-employee plant in South Amboy, N. J.

Son to father helping him with homework — "If it takes you this long on fourth-grade stuff — what'll I do next year?"

Spying Moscow Reds Plant 6 Microphones In British Embassy for Peace Parley

David J. Dallin, writing in the April 5, 1947 number of The New Leader gives his readers a terrific shock. We take the liberty of passing the shock on to you, and let you draw your own conclusions.

"The placing of six secret microphones in the British Embassy in Moscow immediately before the opening of the peace conference is one of the greatest diplomatic mischiefs of our times. It will be inexcusable if this extraordinary feat of shamelessness goes unpunished.

"When Molotov proposed that the German problem be discussed in Moscow because Russia was the greatest among Hitler's victims, it sounded patriotic, logical, and — to the million of dupes outside

of Russia — quite convincing. The real motive was, however, to be able to look into the cards of Russia's partners when the biggest of all games, the German game, is played by the Big Four. There is not the least doubt that the six microphones discovered are just a fraction of those planted and that both the French and the Americans can be sure that their plans, their strategy, and their decisions are known to their Soviet partners before the Foreign Ministers begin to make them know to each other.

"There is not the least doubt that in Teheran, in Yalta, and in Potsdam — always in the Russian sphere — enough microphones were planted to enable Stalin to win. All the decisions of the Big Three were thus brought about by a perfect network of espionage. The records of FDR's preparatory conversations with his Secretary of State and his aides were in Stalin's possession when the negotiations began. The same applies to the British delegations at the fateful conferences.

"The same is now true in Moscow. Bevin has certainly discussed with his aides how far he can go to meet Molotov's demands; he shared his secret information with them; he reported on Anglo-French and Anglo-American conversations. All the records are in Molotov's hands. No doubt, Marshall and his delegation have been the victims of a similar procedure.

"The only possible conclusion is never to hold conferences in Russia or in the Soviet sphere as long as those methods prevail. This is not enough, however. If the British continue the Moscow Conference, as if nothing happened, if they don't break it up and return to London, they will deserve the miserable results which, under the circumstances, the Moscow Conference will yield."

Thousands of Americans Eat Themselves to Death

Chicago — Thousands of Americans are eating themselves to death, says Dr. Edward H. Rynearson, associate professor of medicine at the Mayo Foundation and consultant at the Mayo Clinic, Rochester, Minn.

As the standard of living improves, he said, many people are eating more and more — and getting fatter and fatter. And the fatter they get, the shorter their life will be, he said.

Rynearson said obese persons are much more likely to develop fatal ailments than the skinny fellow who looks as if he hadn't had a square meal for years.

"Obese persons kid no one but themselves when they claim they hardly eat a thing," he said.

"There is no source of fat except food, no matter what people say."

Rynearson, in Chicago to address the 28th annual meeting of the American College of Physicians, said persons who overeat expose themselves to diabetes, high blood pressure, heart disease, kidney ailments, arthritis of the legs, hips or spine, gall bladder disease and varicose veins.

"Their bodies are overworked by overstuffing, he said, and the only way to cut them down to size is dieting.

"There's never been a patient in the history of medicine who couldn't reduce, if he had the will power," Rynearson added. "No glandular treatment is worth a thing, and the only known medicine for obesity causes blindness."

A Cake of Orange Juice

Orange juice by the cake is being offered by Florida processors. Frozen and concentrated, with vitamin content equal to that of fresh juice, a cake weighs six ounces, and is mixed with 18 ounces of water before being served

Public Wants More Meat

Special emphasis from now on is going to be given to canned meat products, particularly for the increasing demand for summer "ready-to-eat" dishes. The meat industry figures the average person will eat 151 pounds of meat this year . . . 15 pounds more than in 1946, highest in 35 years.

ONE POUND OF DDT IS WORTH A TON OF BEEF

A pound of DDT is worth 2000 pounds of beef to the Texas stockmen during fly season this year.

A tall statement? Entomologist Charles A. King, Jr., of the Texas A. and M. College Extension Service, says "figure it up yourself". One pound of wettable DDT, powder, mixed in 25 gallons of water, will spray about 25 head of cattle. Stockmen who have used DDT spray the past two years will testify that beef animals will put on an average of 80 pounds of flesh as a result of thorough spraying throughout the fly season. When 25 head gain 80 pounds, that's 2000 pounds of beef from one pound of DDT.

King says that the fly season is getting underway now, and

experienced stockmen are checking up on spraying equipment and DDT supplies. Four pounds of wettable DDT powder at a strength of 2 of one percent, mixed in 100 gallons of water, is the spray to use. When to spray? King says "let the flies tell you". If the pests are thick, the spray is needed. A lot of factors enter into the "when to spray" picture. Often the treatment holds flies in check for months, but a heavy rain can mean the job needs re-doing after a ten-day period.

Dairymen also have an opportunity to cash in on DDT, King says. After spraying barns and cows, dairy farmers have reported a 5 to 15 percent boost in milk production.

In the window of Jersey City beauty parlor is this sign: "Don't whistle at the girl leaving here, she may be your grandmother."

Citation by Publication

THE STATE OF TEXAS
TO: Owen Saunders, Jr. Defendant, Greeting:

You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of June A.D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on 2nd day of May A.D. 1947, in this cause, numbered 14965 on the docket of said court and styled Mary Chenault, a widow Plaintiff vs. Owen Saunders, Jr. Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A trespass to try title suit and to remove cloud from title and to vest title in the Plaintiff of the following property-to-wit: All of lots twenty-five (25) and twenty-six (26) in Block three (3) of the Rice Park Addition to the city of Gainesville, Texas, said plaintiff alleging continuous, open, notorious and adverse claim and use of this property for the past fifteen (15) years and as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville Texas this 2nd day of May A.D. 1947.
(SEAL) Martin G. Davis, Clerk District Court, Cooke Co. Texas (24-5-6-7)

A. & M. Extension Service Gives Tips on Increasing Yield of Fish Per Acre

Texas farmers have grown cotton by the acre, corn by the acre, beef to the acre of grass, and now it's fish by the acre.

There are more than 100,000 ponds on farms and ranches in the state that are kept for stock water. Every year, more farmers and stockmen are putting more of these ponds into fish production by stocking and fertilizing.

In connection with fertilization, R.E. Callender, specialist in wildlife conservation of the Texas A. and M. College Extension Service is telling "fishmen" and landowners now that the time has rolled around when the spring application of fertilizer goes into the fish pond. The fertility of the water means just as much to healthy growth of fish as a fertile pasture means to the weight of a beef animal, Callender says.

Various mixtures of fertilizers may be used to promote growth of plants that make fish food. Probably the most common is a mixture of 400 pounds of cottonseed meal and 200 pounds of superphosphate, which makes enough fertilizer to take care of one acre of water for one year. The first application — 300 pounds of the mixture early in the spring, applied broadcast. Second and third applications — 100 pounds each — can be made at four to six weeks intervals.

Barnyard manure makes good pond fertilizer, too, says Callender. About 500 pounds per application is the amount to use, up to three tons for an entire season.

Insofar as is known, there are no birds which have teeth.

COUNT THE COST Gladly...

YOUR T. P. & L. ELECTRICITY IS *Cheaper* THAN EVER BEFORE!

Had you noticed that your electric service is just about the only item on your household budget that costs less than before the war? Yes, it's true, your TP&L electric rates... which for 25 years have maintained a constant downward trend... have actually been reduced since the war, while nearly all other living costs have gone up and up.

Electricity does so much in your home, and costs so little, it's easy to take it for granted. At the flick of a switch it will light the house, keep food safe, cook the meals, wash the dishes and do the laundry. Around the farm it will milk the cows, grind feed, pump water, mother the chicks and do dozens of other helpful jobs.

See your electric appliance dealer now, to learn more about the magic of the new post-war appliances that are on the way. They'll give you new advantages of modern living, at new low costs of operation... under TP&L's new post-war lower electric rates.

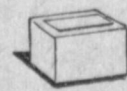

More than ever, you can count the cost of your electric service... gladly. For electricity now brings you more ease and comfort, at less cost!

BERNICE HAVERKAMP AND RAYMOND KUPPER WED HERE WEDNESDAY

Miss Bernice Haverkamp, daughter of Mr and Mrs. J.J. Haverkamp of Muenster, became the bride of Raymond Kupper, son of Joe Kupper of Lindsay, in ceremonies performed at 8:30 Wednesday morning in Sacred Heart church with Rev. John Walbe performing the double ring service and officiating at the nuptial high mass.

The bride, given in marriage by her father, wore a lovely gown of white chiffon designed with a sweetheart neckline, long fitted sleeves that ended in points over her hands, and a fitted princess bodice buttoned down the back with self covered buttons. The full, gathered skirt fell into a long train. The bridal veil was finger-tip length held in place with a wreath of valley lilies, and the bride carried an arm bouquet of white roses and a pearl rosary, a gift from the bridegroom.

The bride's twin sister, Miss Bertha Haverkamp, was maid of honor, and another sister, Miss Cecilia Haverkamp, was bridesmaid. They wore bouffant frocks of yellow and pale pink marquisette, respectively, over tafeta, and carried colonial bouquets of white carnations. Their headresses were fashioned of flowers.

Robert Kupper was best man for his brother, and a cousin, Troy Kupper, of Corsicana, was groomsmen.

The bride's mother wore a navy blue ensemble and a corsage of pink carnations, and the bride's grandmother, Mrs. Theo Wiesman, wore a black costume with a pink carnation corsage.

After the service, breakfast was served to the bridal party in the home of the bride's uncle and aunt, Mr. and Mrs. Al Fleitman, and at three o'clock the home of the bride's parents was the scene of an informal reception, followed by dinner, for which relatives and friends were guests. A dance in the Lindsay community hall at night concluded the day's festivities.

For the reception the Haverkamp home was adorned with seasonal flowers and the bride's table carried out the traditional all-white wedding theme. Laid with white linen, it was centered with a three-tiered decorated cake, encircled with white blossoms and greenery, and flanked with white tapers in crystal holders. The gift table was covered with a lace cloth and accented a white, yellow and pink color scheme.

During the dance Mr. and Mrs. Kupper left on a wedding trip, not revealing their destination. Mrs. Kupper wore a navy blue two-piece suit with white accessories for travelling. When they return they will make their home at Lindsay on his father's farm.

Mr. Kupper attended school at Lindsay and was an active member of the Young Men's Society. the Lindsay young people and He directed home talent plays for during the war served with an infantry division in the ETO, holding the rank of sergeant.

Mrs. Kupper is a native of Muenster, attended Sacred Heart school and was an active member of the Young Ladies Sodality. Among out of town guests at the wedding were Mr. and Mrs. Andrew Kupper of Kaufman, Mr. and Mrs. W.R. Bump of Irving, Carl Wiesman and family and T.F. Wiesman of Gainesville, Mr. and Mrs. Adolph Fuhrmann and family and Mr. and Mrs. Joe Haverkamp and family of Gainesville, Messrs. and Mmes. Frank and Tony Wiesman and families of Pilot Point, and Troy Kupper of Corsicana.

PARTY, SHOWER HONORS BRIDE OF THIS WEEK

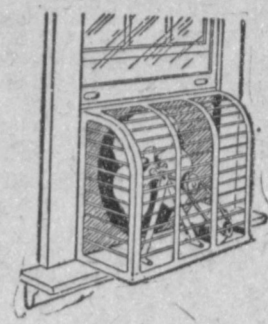

Miss Bernice Haverkamp, who was married to Raymond Kupper Wednesday morning, was complimented with a party and miscellaneous shower Sunday afternoon in the Muenster parish hall with Mrs. Adolph Fuhrmann of Gainesville and Mrs. Leo Haverkamp and Miss Ceal Haverkamp of Muenster as co-hostesses.

Progressive 42 series furnished diversion for the guests with prizes going to Mrs. J.J. Haverkamp for high score and Mrs. John Kupper, galloping, while Miss Helen Ruth Otto received the consolation favor. They in turn presented their gifts to the honoree, who received an assortment of lovely gifts from the guests.

The hostesses served delicious refreshments to close the party. The invitation list included a large number of relatives and friends from Muenster, Lindsay and Gainesville.

Two good producers were recently completed by Scott Brothers Drilling company for R.W. Fair on the Adolph Walterscheid farm, and location has been staked for another well.

Local NEWS Briefs

Since Saturday Bill Hoehn is employed at Fishers Market.

Charlie Morris made a business trip to Dallas Thursday.

Miss Anna Marie Schilling spent Sunday in Saint Jo with the John Mosman family.

Eddie Rohmer is driving a 1947 black Dodge tudor purchased from F.E. Schmitz.

Mrs. O.V. Scott of Dallas spent several days of the week here with her husband.

Mrs. Henry Luttmr of Gainesville spent Monday with her mother, Mrs. August Reiter.

Mr. and Mrs. A.J. Schilling and son, John, of Saint Jo spent Sunday evening with Mr. and Mrs. John Schilling.

G.A. Stelzer has a new black Plymouth tudor, and Doc Hellman a new blue Plymouth tudor delivered by Ben Seyler last week.

Miss Martha Jesko of OLV, Fort Worth, spent the weekend here with the R.M. Zipper and Ben Luke families.

Mr. and Mrs. C.J. Kaiser and daughter, Joan, and Mrs. Frank Kaiser spent last Thursday in Dallas.

Mr. and Mrs. J.A. Travis and Mr. and Mrs. Cecil Cain were among guests at the Marysville Homecoming celebration Sunday.

Mr. and Mrs. Henry Schneiderman had as guests Sunday and Sunday night his brother-in-law and sister, Mr. and Mrs. Albert Bumpass and children of Dallas.

Miss Geraldine White of Hendrix, Okla., joined the staff at the Hotel Coffee Shop Tuesday, and is making her home with Leona Ray.

Mr. and Mrs. John Schilling and Mr. and Mrs. Frank Schilling and family visited in Pilot Point Sunday with relatives and friends.

Miss Thelma Kathman, a student nurse in Fort Worth, spent Sunday and Monday with her parents, Mr. and Mrs. Frank Kathman.

Ed Cler of Garland spent Friday night and Saturday here with relatives. The family will move to Muenster about the first of June to make their home on the former Joe Lehnertz farm.

Mr. and Mrs. Smyrel Ownes had as their guest during the week her brother, Jim North of Levelland, and for the weekend, her sister, Miss Ruth North of Gainesville.

CATHOLIC DAUGHTERS AT FORT WORTH RECEPTION

Eight members of the local court Catholic Daughters of America drove to Fort Worth Sunday to attend reception ceremonies in that city at the K of C hall, and dinner at the Mount

Carmel school, served by the P-TA.

In connection with the reception for the Fort Worth court a district meeting was held with Mrs. John Mosman, district deputy presiding. Mrs. Paul Fisher read the report of activities of the local court.

The party included Meses. M. J. Endres, J.M. Weinsapfel, L.A. Bernauer, Paul Fisher, W.H. Endres, John Mosman, John Wieler and Joe Horn. John Mosman accompanied his wife and visited relatives and friends there. Mrs. Endres enjoyed a brief visit with her daughter, Sister Irma at OLV, and her son, Leonard Endres and family.

BIG LEAGUE PLAYERS COLLECT LESS THAN HALF THEIR EARNINGS

Washington — In 1930 and 1931, in his heyday as baseball's greatest star, Babe Ruth was paid

a salary from which Uncle Sam collected in taxes less than 20%.

In 1947, Fireball Bob Feller of the Cleveland Indians will pitch his way to a paycheck from which the tax collector will deduct nearly 60%.

Another Top money earner, Ted Williams, Boston Red Sox outfielder, will have to pay about 56% taxes on his baseball income this year. Even under the Knutson bill he would still pay more than 45% of his income to Mr. Whiskers.

Caught in this same tax squeeze-play are management and professional men—dentists, lawyers, merchants, and business proprietors.

The more they earn, the more they pay. They become indifferent to chances for business expansion. And we need all-out production. To insure that men make extra efforts for high production we had better reduce income taxes, giving them a larger stake in their own earnings.

Advertisement

From where I sit... by Joe Marsh

Where's the Argument?

You should have heard Ed Carey and Spike Miller debating the merits of Guernseys versus Holsteins. Ed's our firechief, and Spike handles hardware—but to hear them argue you'd have thought that they'd been dairying for life.

Finally they put it up to Sam Carter, who breeds dairy cows! Sam hems and haws . . . and concludes there's a lot to be said for Holsteins, and about as much for Guernseys . . . take your pick!

Actually, Ed and Spike were like people arguing about—say, beer

versus buttermilk. Folks who've never tasted beer will sometimes get mighty vehement about their choice of beverages. And folks who've never tasted buttermilk will be equally pig-headed.

From where I sit, it's in things we know nothing about that we get bigoted and stubborn. But when it comes to things we know a lot about, we're able to see both sides . . . be tolerant and reasonable . . . and above all, understanding.

"Almost Eighteen" Scores Hit At Windthorst, Friday

The Sacred Heart High seniors' class play, "Almost Eighteen", scored another hit Friday even-

DR. W.C. DICKINSON
Dentist
110 West Broadway
Phone 1537 Gainesville

ing, May 2, when it was presented in Windthorst, where it was acclaimed by a large crowd. It was presented here the preceding Sunday.

The cast was accompanied to Windthorst by Sister Patricia and Sister Eymard, teachers.

Annual Junior-Senior Banquet Sunday Honors Parochial Hi Graduates

The junior-senior banquet, honoring graduates of Sacred Heart High school, was a gala event of last Sunday evening. It was held in the parish hall dining room with 116 guests in attendance.

Class colors, white and green, were stressed in table decorations and repeated in floral arrangements throughout the hall. The long tables were laid with white linen, beautifully appointed with china and silver, and adorned with white peonies and greenery and green tapers. Place markers were dainty paper lace baskets with green handles and green bows, marked with each guest's name and filled with mints and salted nuts.

Following the invocation, led by Father John Walbe, welcome was extended by Toastmaster Bernard Swirczynski, and the response was given by Teddy Gremminger.

John J. Hoffman was the principal speaker and short addresses were given by Father John, J.A. Fisher and Mrs. Rudy Hellman.

Other numbers on the program were a song by the senior boys, a piano and violin duet by Monte Hellman and Johnny Furbach, a piano solo by Ernestine Zipper an address, "At Graduating Time" by Evelyn Vogel, a tribute to parents by Rosalee Fuhrmann and the school song by the juniors and seniors.

The delicious baked chicken and dressing menu was prepared by members of the sophomore class and was served by sophomore girls.

Gainesville Owls To Play Next Five Games At Homes

Local baseball fans who have been waiting for an opportunity to see the Gainesville Owls in action will have plenty opportunities during the next five days.

The Owls have 5 home games scheduled in a row, with Sherman Friday and Saturday and with Greenville Sunday, Monday and Tuesday. Week day games begin at 8 o'clock and the Sunday game begins at 3.

MOOS OF THE MOMENT

BY UNCLE BOB

of the Kraft Dairy Farm Service

Home Grown Proteins Cut Feed Costs

I got a chuckle out of this story and maybe you will, too. An elderly preacher was thanking his congregation for all the fine pigs' feet he had received in the past few months. He said they were plumb delicious. "But," he added, "if I'm going to keep on this job of saving you sinners, I'm going to have to eat higher up on the hog!"

Strikes me the story is a lesson for a dairy farmer to remember in feeding his cows. If they produce all the milk you want from them in the months ahead, they must have quality feed, especially when the pasture flush is over.

I've just received one of the best bulletins I've run across in a long time on protein feed. It's from the Extension Service, University of Tennessee, Knoxville, Tenn. It is Publication No. 300, called "Keys to the Protein Feed Problem."

It points out that protein feed is absolutely essential to cows' health and milk production. Often, however, it is an expensive feed. But you can grow a greater quantity of your own protein at home, thus cutting down the cost of producing milk.

Tennessee points out that good pasture and high quality leafy legume hay are the cheapest and most important sources of protein. If you have good legume pastures, good supplementary pastures and a high quality hay program, you can save plenty on your feed bills, and still give your cows the feed they need.

The bulletin says that getting into such a program is like planting pennies and reaping dollars.

You'll get a great deal of information out of the bulletin on the subject of what kind of grasses and hays give the most protein so I suggest you write for a copy today regardless of the section of the country you live in.*

Quality Milk Helps Cheese Consumption

Maybe you heard about the fellow who had a lazy mule. He said he finally got the animal to working by shortening its front legs. The mule thought it was going downhill all

the time after that.

Possibly you can fool a mule but the dairy farmer who cuts his utensil cleaning routine is only fooling himself and his pocketbook. There's a quick, easy and right way to clean milk pails, strainers, milking machines and other utensils, and any other way may cause trouble.

Maybe you saw in the papers recently that the people of the United States ate seven pounds of cheese last year—the greatest consumption per capita we've ever chalked up in this country. That's getting started toward the big post-war goal of the industry—at least nine pounds per capita—and more and better dairy products of all kinds.

It means more and more people getting the benefit of the very best kind of food. And it means a bigger market for the milk produced on your farm and the farms of all the other dairymen in the nation.

But there's one thing we must have, not only for building cheese consumption still higher, but keeping to the seven pounds we've reached. That thing is "quality."

High quality cheese will do the job of building cheese consumption. And high quality cheese starts with high quality milk, carefully handled on the farm.

The rinse-scrub-rinse routine of cleaning utensils is a most essential part of your quality program. The cold water rinse, followed by scrubbing in hot water with brush and soapless cleanser, then another rinse, keeps milk stone from forming.

Clean utensils leave no place for bacteria to settle down and multiply themselves and add to your troubles. To guard against milk losses, take that most important first step toward a quality product and keep it up every day—twice a day.

The dairy industry has started its march to a bigger and better future. It's up to each of us in his own field to keep the parade going strong.

*NOTE: There usually is a charge for pamphlets mailed to non-residents of a state; but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

Lindsay News

Construction is progressing nicely on the new home for Mr. and Mrs. Pete Stoffels being erected on Main street.

Miss Rosalie Beyer was back at classes Monday after missing school for almost a week while she had the mumps.

Miss Dorothy Beyer who was confined to her home here during the week with mumps has returned to Fort Worth where she is employed.

Alois Voht made a flying trip to Amarillo to spend the weekend with relatives. He went with J.B. Wilde of Muenster who spent the weekend in Hereford.

Ben Hermes has been moved to his home after spending several weeks in a Gainesville hospital following a serious leg fracture. He will be forced to remain in bed for an indefinitely long time, though he is reported making a satisfactory recovery.

George Spaeth was delightfully surprised by his children and grandchildren on May 1 when him celebrate his 73rd birthday. The tiny grandchildren sang the happy birthday song, and after the presentation of gifts, informal diversion and refreshments were enjoyed.

Mr. and Mrs. George Bellone visited here during the week with her parents, Mr. and Mrs. Joe Rauschuber, following their return from a wedding trip, and left Wednesday to make their home in Rockford, Ill. Mrs. Bellone is the former Miss Agatha Rauschuber, whose marriage was an event of April 22.

Mrs. Carl Gimple, Mr. and Mrs. Kenneth Mitchell and son and Mrs. F.P. Swan Jr., and son returned Monday morning from Iowa where they attended the bedside of their father and grandfather, Joe Becker, who is seriously ill in a Fort Dodge hospital. Mrs. Swan and baby left Thursday on their trip back to their home in San Diego. They were accompanied by Mrs. Claude Billingsley who returns to her home in Los Angeles after a visit with relatives, and Jane Stierey of that city, who joined them here after a visit in Tennessee.

**MAY QUEEN CEREMONY
HELD SUNDAY AT LINDSAY**

The annual May Queen crowning ceremony at Saint Peter's church was an impressive ceremony held Sunday evening, May 4, at 7:30.

Participating in the procession to the Virgin's altar were members of the Young Ladies Sodality, high school and grade school students.

Miss Lucille Fuhrmann, chosen from the girls' society to crown the statue of Mary, placed a wreath of fresh flowers on the statue. Her attendants were Misses Gertrude Bengfort, Beatrice Block, Rosalie Beyer, Marjorie Sandmann, Ida Mae Neu and Clara Stoffels. Miss Fuhrmann wore a floor length white dress with a full length veil and her attendants were attired in blue frocks and shoulder length veils and carried arm bouquets of flowers which they placed upon the altar. Other girls in the procession wore white dresses.

Following the crowning, rosary and litany were recited at the foot of the altar, led by Pastor Father Conrad. Benediction of

the Blessed Sacrament at the high altar, concluded the ceremonies.

ATTEND OLV PROM FRIDAY

A group of young people from Muenster and Lindsay went to Fort Worth Friday night to attend the annual OLV prom which was held in the Elk's Club. The party included Misses Helen Ruth Otto and Doris Hellman, Bill Luke, Werner Henschel, Leo Becker, Buster Herr, and Marty Klement, Muenster, and Artie and Johnny Arendt, Misses Edna Haverkamp and Ann and Lucille Arendt of Lindsay.

**Death Monday Claims
Alois Wilde of La Sara**

Alois Wilde, son of John Wilde of LaSara, died at his home Monday and funeral services were held Wednesday. The requiem mass was said at LaSara and burial was in the Raymondville cemetery.

Mrs. Herbert McDaniel, accompanied by Mrs. Joe Bergman, attended her nephew's funeral.

**Earl Swingler Wins Car
At VFW Benefit Party**

Earl Swingler is the winner of the Ford sedan given as a prize at the VFW benefit party Tuesday night. Now employed at Raymondville, he received the lucky ticket when he contributed to the new building fund during his recent visit with his family.

Proceeds of the benefit are applied to the fund for erection of the veterans' memorial building, materials for which were salvaged from a surplus chapel at Camp Hoyze.
