#### YOU CANNOT - - -

You Cannot . . . Abraham Lincoln said: "You cannot bring prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the You cannot establish sound security on borrowed money. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently doing for them what they could and should do for them-

WHO DO YOU WORK FOR? Who do you work for and why do you work?

The obvious answer, of course, is that you work for your employer or for yourself, and that the reason you work is to provide the wherewithal of living.

However, that answer is an oversimplification nowadays. If you are an average citizen, more than a quarter of your 8-hour working day is done on behalf of government. In essence, government is your employer during that period,

and takes all of your earnings. Here are the figures, as issued by the Tax Foundation. Taxes take 2 hours and 16 minutes of your working time each day. By way or contrast, food and tobacco together demand only 1 hour and 28 minutes, household and household operations 1 hour and 24 min-

utes, and so on down the list. If you think taxation and government spending aren't of top importance to you and your family, think again!

"The President of Tunisia says that we have no business objecting to what they do with our money. He is in the same category as some of the bureaucrats who think that we should not ask for an accounting, either in money or results of our foreign aid program. The nation as a whole is on a giant credit card binge and when we say 'Charge It' we mean to our great grandchildren. It is too bad they are not here to learn how not to spend their money."

#### SAFETY RULES FOR KITE FLYING

Kite flying time is here again. It's one of the oldestest and best of juvenile diversions. But there can be danger in it, as well as fun.

So eight safety rules of kite flying recommended by electric companies should be emphasized to every child. Here they are: 1. Don't fly a kite with metal in the frame or tail. 2. Don't use tinsel-string, wire or twine that has any metal in it. 3. Don't fly a kite near electric power lines. 4. Don't fly a kite over radio or able to observe, there are and foolish expenditures of TV aerials. 5. Born Feb. 29, They Celebrate in '60

February 29 can make a difference in one's life . pecially if it's one's birthday. And two Muensterites can tell how it feels to have a real birthday just every four years. Both of them celebrated on sent. their natural birthdays for the first time since last leap year

A birthday in leap year presents other complications, like whether to observe it every year on Feb. 28 or March

The two Muenster residents who were born on Feb. 29 are 12-year-old Carol Pels, daughter of Mr. and Mrs. Ed Pels, who celebrated her third natural birthday, and Mrs. Henry Yosten, the former Miss Mildred Wiesman, who at 32 observed her eighth leap year birthday. (Both of these girls will never be old.)

When it isn't leap year Mrs. Yosten keeps her birthday on Feb. 28 and Carol has hers on March 1.

Fifteen girl classmates helped Carol ceebrate Monday at the John L. Schwartz of Grand family home where her mother and her sister, Mary, were hostesses. Fancy hats were party favors for the guests and they payed games with prizes. Paulette Endres won the door prize. A pretty cake topped with 12 candles was cut and served with other refreshments and the honoree's

birthday gifts were admired. Mrs. Yosten's birthday observance included two parties at her home. The first was Sunday when her parents came over with a fully prepared dinner and the couple's five children who had been staying with relatives while their mother was sick with flu and then in the hospital when baby Melvin Ray arrived, were all back at home. The family dinner party featured a decorated cake made by 11-year-old Kathy Yosten

for her mother. Good wishes also went to Mrs. Wiesman whose birthday was on Feb. 27. In the afternoon Mr. and Mrs. Frank Yosten joined the group and birthday cake was served with

coffee. Monday afternoon there was another birthday cake and a shower of gifts and an "allgirl" get-together attended by Mrs. Yosten's sisters and their

Two Share Honors At Birthday Party

A sister and brother shared birthday honors at a party Sunday with about 25 of their cousins and neighbors over for a fun-packed afternoon. Receiving birthday congratulations and gifts were Mona and Joey Schmitz. The party was at their parents home in Gainesville with their mother, Mrs. Johny Schmitz, as hos-

Joey was four Sunday and Mona was seven Saturday. The children's aunt, Mrs. Al Horn, baked and decorated a big cake showing a farm scene with tractor, barn, etc. on top and farm animals around the base. It was served with ice cream and other refreshments.

Fancy hats, balloons and candy favors were distributed and pictures were taken. Games with prizes were played and the door prize was won by Peggy Rasure. Attending from Muenster

were Danny, Janice, Joanie and Teena Wilde and their mother, Mrs. Ray Wilde; Jeff and Connie Dieter and their mother, Mrs. Nick Dieter; and Mrs. Al Horn. Present from Lindsay were Debby and Janice Hess and

their mother, Mrs. John Louis Hess; Patty Metzler, Christine Bengfort and Kathy Arendt. Among Gainesville guests were the honorees' cousins Theresa, Dorothy, Kenny, Jimmy and Polly Schmidlkofer and their mother, Mrs. George Schmidl-

#### Mrs. Jos. Fleitman Observes Birthday

Other guests were Mrs. Fleitman's brother and his wife, the Andrew Roewes of Pilot Point, and her sister and husband, Mr. and Mrs. Bill Pels, also of Pilot Point. One son, Herman Fleitman and his daughter Rose came from Gainesville and a granddaughter and her family the Lawrence Neusches were present

from Lindsay. There was dinner at noon, a shower of gifts and a big decorated cake. Mrs. Conrad Jostwerner was hostess for her mother's celebration.

#### January - February Auto Deaths Drop

Texas had an "almost sensational" 28 per cent drop in traffic deaths in the first seven weeks of the year, Governor Daniel announced.

This is the period since the new Safe Driving Auto Insurance Plan went into effect.

There were 69 fewer deaths during the first seven weeks of this year than during the same period in 1959. Drop was from 243 deaths in 1959 to 174 this year.

Board of Insurance Chairman Penn J. Jackson said he felt the new insurance rates, which are higher for careless drivers, were due at least a portion of the credit for the improved safety record.

Conclusive evidence, both the governor and insurance board chairman agreed, would have to await more time and

#### Birthday Surprise Delayed by Snow

Surprise celebration of the 74th birthday of Mrs. B. G. Lyons of Marysville came a day late . . . still in the snow but she got her five-layer birthday cake and a shower of gifts Thursday instead of Wednesday, Feb. 24, because a birthday dinner and a car load of relatives and friends got stuck in a snowdrift on the way over for a party.

The group from Gainesville had to be pulled out with a pickup truck near Johnny Bayer's and they returned to Gainesville without Mrs. Lyons knowing she had missed a celebration.

But most of them tried again the following day and made it with the cake none the worse from the experience and the shower of gifts intact.

## \$100 TO HAMILTON HOUSEWIFE FOR 'QUICKIE' YEAST BISCUIT RECIPE

#### **'BAKING HEART'** OF TEXAS IS **CONTEST AREA**

The Baking-Recipe-of-the-Month contest is unique because it is specially designed for a unique part of America -the Home Baking Heart of Texas.

Here, where delicious yeast breads are the pride of all good cooks, this continuing monthly contest invites friendly competition, and the exchange of outstanding recipe ideas, between every homemaker and her neighbors.

There will be new cash prizes every month, new opportunities for homemakers to win deserved recognition for their baking skill.

An extra benefit-particularly for women who have never experienced it-will be the deep satisfaction of working with Gladiola Hard Wheat Flour. It's the flour made expressly for yeast breads, Texas style.

MRS. ALVIN C. PERRY, Hamilton, Tex.

#### Gladiola Hard Wheat Flour a 'must' for yeast dough, says Mrs. Alvin Perry

Delicate, fluffy "snow biscuits," so simple to make they're the perfect answer when you want to serve hot yeast bread on short notice, have brought a special Gladiola Flour award of \$100 to Mrs. Alvin C. Perry, Blue Ridge Road, Hamilton, Texas.

Mrs. Perry is donating half the money to the Blue Ridge Baptist Church for use in the Sunday School, where she taught for several years, and to further the work of the Baptist Training Union.

#### Regular Cash Prizes

The special award is a prelude to regular cash prizes beginning next month in Gladiola's Baking-Recipe-of-the-Month contest, now open to all homemakers in this area. The complete recipe for "quickie" snow biscuits is printed below, in file card size, for Glad Times readers.

A long-time user of Gladiola Special Hard Wheat Flour, Mrs. Perry has tried other flours when Gladiola was not available. "It's always a disappointment," she says. "It's like trying to make orange juice with apples. Allpurpose flour was never intended for yeast breads."

#### 'Smooth as Silk'

Mrs. Perry is passing along her baking knowhow to her daughter, now in high school. First lesson: how to recognize good dough by its "feel" in your hands.

"Perfect yeast dough is smooth as silk, and so elastic it springs back 'alive' when you poke it. That's the dough you al-

ways get with Gladiola Hard Wheat Flour. But when dough is sticky and limp, with no strength orsnaptoit, you're off to a bad start. It won't rise properly, it'll have 'tunnels' and 'scars,' and it just can't hold all that good yeast flavor."

GLADIOLA SPECIAL HARD WHEAT FLOUR

#### Contest a 'Good Thing'

Gladiola's Baking-Recipe-of-the-Month contest, says Mrs. Perry, is "bound to be a good thing" for any woman who now uses allpurpose flour for light bread, rolls and other yeast breads. "She's going to try Gladiola Hard Wheat Flour, and from then on it'll be a must."

Rules of the contest, which pays \$200 in cash prizes every month, appear in other columns of Glad Times.

During the several weeks since Wichita Falls newspapers declared a ban on emphasizng sex and crime in their movie ads, it has been gratifying to learn that quite a few other publications have announced a similar policy. All of them are entitled to congratulations. Here are publishers who don't just complain about declining moral standards but honestly try to do something about them.

For many years it has been handsome double wedding ring apparent that Hollywood producers attempt to sell their movies by exaggerating sex and violence in their promotional material. The stuff is a deliberate appeal to the lower level of man's nature, often not fit to be publicly displayed.
