

MUENSTER ENTERPRISE

VOLUME XXIV

MUENSTER, COOKE COUNTY, TEXAS

AUGUST 19, 1960

NUMBER 39

As the Soviet style spy trial opens for Francis Powers it might be a good idea for our nation to notify the Kremlin that our officials are watching it closely with the intention of using it as a precedent in dealing with communist spies caught over here.

That, we believe, might have some influence on Mr. K and his bully boys, especially if a note is added reminding him that we catch a lot more spies than he does, and his side would be the big loser in the long run.

On second thought we wonder whether that is such a hot idea after all, because the reds, with their unscrupulous methods, might be inclined to prove that they can round up more spies than we can. If it comes to that no American over there will be safe. The Soviet mob doesn't need to have a case against anyone. Testimony and evidence are easy enough to manufacture after a victim has been selected. They could even the score, or win, as long as Americans are over there.

All of which seems to suggest all over again that our only solution for this problem is to sever relations entirely with the Soviet Union, then go a step farther and have the UN moved out of our country. As matters stand now Russia has ten men over here for each one of ours over there, and practically every one of theirs is here primarily for spying. We could gain tremendously by calling ours home and sending theirs home. And after that if either nation decided to spy on the other it would have to do so at its own risk. That arrangement might mean that we get somewhat fewer secrets from them, but that's a trifle compared with the flood of information we could prevent them from taking out of this country.

Relative to the religious issue in the presidential campaign, an interesting question came up a few days ago. Will religion have a bearing on the voting in Muenster? In other words, will this community, with its strong Catholic population, desert its usual conservative policy and support the Democratic ticket just because the nominee is Catholic? This column's guess is that some will. Whether we like it or not, religion is an issue. All over the country there will be thousands who vote for Kennedy just because of it, and other thousands who vote against him for the same reason. And this community is a fair representation of the nation as a whole. There will be changes here the same as elsewhere.

That's why yours truly is not convinced by the Democrats' claim that they will carry the South in the coming election. The votes against them because of religion will vastly outnumber those for them. Besides, the party's stand on certain political issues is less appealing to the South. Chances that it will go solid for the Democrats are no stronger than in '52 and '56.

More important than most of us realize is the election to be held at NTPA Saturday. It will decide whether workers here will place themselves under the supervision of union leaders living away from here, and give up a part of their regular wage to have outsiders do the thinking they should do for themselves.

This isn't a question of whether workers should organize to protect their interests. They have every right to stick together in making reasonable requests for improvement in wage and working condition. But it does seem wasteful and unnecessary to give up many hundreds of dollars a year to accomplish what they can do for themselves.

Equally important is the change of attitude when outside leaders take over. Change of loyalty along with hard bargaining causes resentments and alienation of workers and employer. A local organization could get results and still maintain a more harmonious atmosphere.

Revival at Myra

Myra Methodist Church will have a three-day revival beginning next Wednesday, August 24. The Rev. Harrison Baker of Dallas will conduct services each night, Wednesday through Friday at 8 o'clock. The revival is open to the public and everyone has an invitation to attend.

Open House Set Sunday for Gold Medallion Home

Muenster's first "House of Tomorrow", the Gold Medallion all-electric new home of Mr. and Mrs. Maurice Pagel, will be shown to the public Sunday afternoon from 2 to 6.

The open house is co-sponsored by the builder, Community Lumber Company, along with Texas Power and Light Company with the cooperation of the owner. Its outstanding feature is that it is completely electric, including a heat pump for year-round air conditioning. It operates on the principle of taking heat from the inside and pumping it out during the summer and pumping heat from the outside into the house during the winter. Other major electrical appliances are an oven built into the wall, a burner top built into the cabinet, a built in refrigerator with center drawer and freezer, a water heater, a washer-dryer, a garbage disposal and intercom system connecting all rooms. The only departure from all-electric is a wood fireplace, which however is intended for occasional rather than general use.

It's a dream house in other respects also. Built on a tri-split level, its man floor consists of a large kitchen-dining-living room combination. It's interior finish is charter birch paneling and cabinets are of the same material. Outside and at the same level are a back porch and patio, a garage and carport.

Seven steps up from the main floor is the sleeping area with three large bedrooms and a bath with adjoining powder room. Floors there are carpeted and walls are finished in ripplewood except in the bathroom, which is finished in ceramic tile.

Directly beneath and seven steps down from the main level is the basement consisting of a utility room, a playroom, a bed room, a bath and adjoining powder room. Walls there are ripplewood except the bath, which is ceramic tile, and floors are vinyl covered.

The outside is finished in antique brick and the roof is a heavy duty job with built-up felt and tar construction topped by composition shingles. Window frames are aluminum. The back yard is enclosed by a cyclone fence.

Use Outside Box At Post Office for Mailing on Sunday

Effective next Sunday, August 21, the Muenster post office has a new arrangement for its outgoing mail on Sunday.

Before 8 a.m. mail may be deposited in the letter drop or the outside collection box to be included with the morning dispatch. But after that hour mail must be deposited in the outside box in order to be included in the 5:30 p.m. dispatch.

The reason for this change, according to Postmaster Arthur Endres, is that the quantity of outgoing mail received on Sunday does not justify having an afternoon clerk on the job so the Sunday afternoon service is discontinued to hold down operating costs. Instead, arrangements have been made with the Star Route carrier to pick up mail from the outside collection box. Actually there is no change in Sunday service if the public will remember to post letters outside after 8 a.m. The second pick-up will continue as usual.

Endres said that for about 25 years Muenster was without outgoing mail service on Sunday. Last Year when trucks replaced the Katy railroad as carriers of local mail a schedule was set up allowing two dispatches on Sunday. That schedule still applies if mail for the second dispatch is posted outside.

Among Muenster people at Jonesboro for the August 15 ceremonies at Holy Angels Convent were Mrs. Paul Fisher and children Rita, David and Helen and her mother Mrs. Frank Kathman Sr. and Harry Fisher. They went especially to see the Fisher sisters, Sisters Cynthia and Irene and saw many others including Sister Bartha, and Miss Maggie Simons and Father Louis Deuster. All sent regards to their Muenster friends.

REV. ALCUIN KUBIS was officially installed as the new pastor of Sacred Heart Parish in ceremonies Tuesday night. Officiating at the service was the Very Rev. John Duesman of Denison, dean of the Sherman Deanery. Six other priests from the area and Msgr. Thomas Zachary of Denison attended. The formal installation followed novena devotions at 8 o'clock and concluded with Benediction and the congregational singing of the Te Deum.

Small Squad of Hornets Shaping Up for Football

A small squad of Muenster Hornets, only 18 of them, are putting in two practice sessions daily under direction of Coach Bob Gay in an effort to shape up for their coming football season.

And they have a big job on their hands. Besides a shortage of reserve strength they will be somewhat lighter than last year. On the average, however the team is made up mostly of experienced players. Six of last year's starters are back and a few of the reserves saw a good deal of action.

In the backfield will be four lettermen: Joe Hellman, James Harris, Larry Wimmer and Truman Wolf. Lettermen in the line are Harold Fluck, Clyde Walterscheid, Mark Hellman and Johnny Pagel.

First action for the Hornets is with Pilot Point, here, on Sept. 2.

Elm-Red District Sponsors Contest In Grass Judging

The annual grass judging contest sponsored by Upper Elm-Red Soil Conservation District has been set for Saturday September 24, according to Board Chairman Rush Freeman. This affair will be held in the Community Center Building in Gainesville and is open to FFA Chapters and 4-H Clubs within the District. Awards will be given to the three high teams in both the Junior and Senior Divisions. Individuals in both divisions will compete for individual awards. SCS personnel will assist in grading score cards.

Registration will start at 8:00 a.m. Actual judging will begin at 9:00 a.m. Prizes will be awarded at the noon luncheon when participants and their coaches will be guests of the Supervisors.

NEWS OF THE SICK

Mrs. Gene Schmitz is a patient at Gainesville Sanitarium for treatment and observation . . . she's suffering from kidney stones . . . and may need surgery.

Mrs. Katie Roberg is back at home, up and around the house, regaining her strength following surgery at St. Joseph's Hospital in Fort Worth. Her first ten days of convalescence were at the home of her daughter, Mrs. Orval Malone, in that city.

Jimmy Flusche, 14, son of Mr. and Mrs. Bill Flusche of Lindsay, is recovering normally after having an emergency operation Tuesday for acute appendicitis. He's in Room 107 at Gainesville Sanitarium and cards will cheer him.

Della Wimmer, daughter of Mr. and Mrs. Tony Wimmer, entered Gainesville Sanitarium Sunday and had minor surgery Monday.

Returning from a week's visit with her grandparents, Mr. and Mrs. Joe Tischler of Celina, Judy Yosten reports that Mrs. Tischler is "doing fine" in recovering and getting around after leg surgery early in June.

KCs, Sons Plan Texoma Outing And Field Mass

Knights of Columbus of the Muenster and Gainesville councils will entertain their sons Saturday night and Sunday morning with a father-son outing followed by a field mass at Lake Texoma.

Information given by Grand Knight John Mosman this week reveals that the event will begin about 4 p.m. at the Walnut Creek Resort and each father will be expected to provide for himself and his son or sons . . . that is to bring along food, drinks, bedding, life jackets, and any other recreational equipment.

The outing will continue until 11:30 when all will assemble for a field mass by Father Alcuin Kubis. Ladies are invited to the mass and are asked to provide food for their families at the picnic lunch to follow the mass.

For the benefit of any who do not know the way Mosman says to turn north at the second stop light in Whitesboro, follow Hy 10 pavement about 11 miles to Gordonville, then left about 2 miles and right to the resort. The road is paved all the way.

Luke Takes Over Management of Tractor Agency

Since Tuesday Muenster's Ford tractor and implement dealership is officially in business under a new name, new ownership and new management. The changeover was made following receipt of a charter of incorporation from the secretary of state last Saturday.

Now it's a corporation consisting of J. M. Weinzapfel, W. J. Luke and Eileen Luke operating under the title of Muenster Equipment Company, Inc. and under management of W. J. Luke. Formerly the agency was owned by Weinzapfel and managed by John Mosman. Mosman, along with another former employee, Tony Fuhrmann, will remain with the firm.

A dealership franchise for the Ford line of farm equipment was received earlier in the month.

Annual Shower for Benedictine Nuns Slated for Sunday

Benedictine Sisters to staff Sacred Heart Parochial School began arriving Tuesday and all of them will be here by the end of the week except two or three.

The community shower honoring them will be held Sunday after the evening mass. Parishioners are invited to the Parish Hall to meet and greet the Sisters and enjoy a social hour.

Coming in the first group by stationwagon and train were ten, all of them returning to Muenster except two, and they were here previously. They are Sisters Celine, Carmelita, Josephine, Henrietta, Frances, Canisia, Brenda and Gabriel who were here last year, and Sister Pauline, returning after a year's absence, and Sister Imelda (Pels) who was here some years back.

Wednesday's arrivals were Sisters Aloysia, Agnes and Theophane who were here last year and Sister Bernadette, in Muenster for the first time. She will assist Sister Josephine as housekeeper.

Others were scheduled to get here Thursday. Sisters here were not definite as to who would be coming. Sister Leonarda, music instructor, will come later. She is presently enjoying a reunion with her brother, Father Francis Xavier Foehn, who came from Switzerland to attend her golden jubilee on Aug. 15.

Sister Celine said Wednesday she had not drawn up teacher assignments definitely, pending arrival of the rest of the nuns.

News of the Men in Service

Will Be Home Soon

Rodney Walter has completed what will probably be his last maneuver in the Navy. He is due home from the west coast the 29th of this month with a discharge from the service after four years of duty. As a member of Patrol Squadron 42, Rodney took part in a joint Canadian-American exercise the latter part of July and early August off the West Coast of the U. S. and Canada. The exercise was designed to train both nations' anti-submarine forces and to perfect techniques in this type of warfare.

In Airborne Assault

Army Sgt. James Klement, son of Mr. and Mrs. Albert Klement of Lindsay, is among Fort Campbell, Ky., personnel from the 101st Airborne Division in Exercise Bright Star at Fort Bragg, N. C., Aug. 13-28. A massive airborne assault involving 30,000 troops is scheduled as one phase of the Strategic Army Corps exercise. This single-day mass air-drop will surpass in numbers any similar drop made during World War II or the Korean War. Sgt. Klement is regularly assigned to Co E of the division's 187th Infantry at Fort Campbell. He entered the army in April 1958 and completed basic training at Fort Carson, Colo. The 22-year-old soldier is a 1957 graduate of Subiaco Academy.

New Base After Leave

Jimmy Harris has ended a two-week leave with his parents, Mr. and Mrs. Lester Harris, and has reported for his new assignment at Fort Knox, Ky. The visit here came after completion of basic training at Fort Ord, Calif. Both trips were by air, his family meeting him at Love Field upon arrival and seeing him off again when he left Friday. Traveling with Jimmy was Robert Taylor of Decatur who spent his leave with his family in that city.

Back To California

Bill Terry is returning to Fort Ord, California, and this time his wife Gladys is accompanying him. They'll make their home in Salinas. While Bill was on leave he visited his family and his wife's family, the Tony Wiesmans and other relatives in Cooke County including Grandmother Mrs. Bob Yosten here. A number of family gatherings were held and the Don Wiesmans of Fort Worth joined in the get-togethers. Bill and Gladys stopped to visit the Louis Wiesmans in Farmington, N. M., on their way to the west coast.

Both Schools at Muenster to Open Next Wednesday

The 1960-61 school year for Muenster children will begin next Wednesday, August 24. Purpose of the early start is to provide a few spare days which may be taken in case of bad weather during the winter.

As in recent years past both the parochial and the public school will be served by the community bus company and both have adopted the same scholastic calendar in order to make the most efficient use of the transportation system.

According to an announcement this week by Superintendent L. B. Bruns the only activity on the first day will be registration and distribution of textbooks. Buses, making the same routes as before, will be timed to arrive about 9 and students will be dismissed at 11:30. No lunches will be served.

Thereafter classes begin and end at the usual time and lunches will be served.

Spirit is Strong Experience Weak On Tiger Squad

Enthusiasm will have to substitute for experience this year if the Sacred Heart Tigers are to get anywhere in football.

Reporting to Coach George Petrus for practice this week are 24 eager youngsters including only five lettermen and three of last year's starters. The former team was practically wiped out by graduation last year. Lettermen who returned are Bobby Pels, Anthony Kabe, Claude Bayer, Donny Hess and Pat Knabe.

There are a few compensating factors, however, Petrus says the average weight is slightly heavier than before, spirit is high, and the team will probably be better balanced than before. Nevertheless, as he looks over his schedule the Tiger skipper sees hard times ahead for his boys. Early talk is that practically all opponents are stronger than last year.

Practice sessions are held nightly from 8 to 10:30 for the first two weeks. Starting on the 29th they will be after school.

The Tiger schedule: Sept. 2, Alvord, there Sept. 9, Marietta, here Sept. 16, Valley View, here Sept. 24, Saint Jo, here Sept. 30, Ladonia, here Oct. 7, Callisburg, there Oct. 13, Jesuit B, here Oct. 22, Southmayd, there Oct. 28, Lanier, here Nov. 4, Greenhill, there

Swimming Pool Closes Labor Day

Labor Day will be the last swimming day here in 1960. When the pool closes then, it will be closed for the season, George Petrus, pool manager, said this week.

Petrus also announced a few changes that become effective after school starts on August 24. The ladies morning swimming club will not be able to meet the last two Thursdays. However, they will meet as usual the last two Saturdays. Emphasis those two days will be on water safety and any interested persons are invited to come.

Schedule at the pool after the 24th will depend on the school schedule. It will open shortly after school is dismissed each day. On other days it will open at 2 p.m., as usual. On Sept. 2, when both football teams have games, it will be closed, however it will be open Labor Day to make up for the last day.

Era Native Will Be Math Teacher At Muenster High

For the second time in the final two weeks before school opening Superintendent L. B. Bruns has his faculty complete. He announced Wednesday that Carl King has signed as high school math teacher replacing James Boswell who accepted another offer about a week after he had agreed to come here.

King is a native of Era, graduating there in 1952. He is 27 years old and will receive his degree at NTSC next summer. He and his wife, now living at Era, plan to move here as soon as they can locate a house.

Miss Emma Fisher, daughter of Mr. and Mrs. Charlie Fisher, was graduated from St. Joseph's School of Nursing in Fort Worth on July 24. She is the third and last in the family to become a nurse, following her sisters, Miss Clara Fisher and Mrs. David (Milred) Shenk in this profession. She remained at the hospital as a staff nurse.

Six Local Young Women Receive Nursing Diplomas

Muenster points with pride to six young women who are graduates of nursing schools this year. Five already have their diplomas and degrees and the sixth will be graduated on Sept. 11.

Pictured this week are Miss Marcy Klement, Miss Emma Fisher and Mrs. Jim Schwartz, graduates of St. Joseph's Nursing School in Fort Worth, July 24, Miss Helen Fisher who received her diploma from St. Anthony's Hospital in Oklahoma City on August 5, and Miss Janice Klement who will be in commencement exercises at St. Paul's in Dallas on Sept. 11. The earlier graduate was Mrs. Dick Syverson (Gretchen Hellman) who received her degree at Marquette University in Milwaukee on July 5.

Miss Janice Klement, daughter of Mr. and Mrs. Ray Klement, will be graduated from St. Paul's Hospital in Dallas in exercises Sept. 11 in Sacred Heart Cathedral at 3 p.m. There are 16 in her class. She plans to stay at the hospital and work in the Intensive Care unit.

Mrs. Jim Schwartz, the former Miss Mary Pick, is the daughter of Mr. and Mrs. Henry Pick. She was one of the 22 nurse students in graduation exercises at St. Joseph's in Fort Worth on July 24 and is a nurse at the hospital.

Miss Marcy Klement, graduate of St. Joseph's School of Nursing in Fort Worth on July 24, is the daughter of Mr. and Mrs. Norbert Klement and is on vacation here until Monday when she returns to the hospital staff as a nurse in Intensive Care.

Miss Helen Fisher was graduated from St. Anthony's in Oklahoma City on August 5. She is the daughter of Mr. and Mrs. Paul Fisher and is on vacation here before returning to the hospital to be a staff nurse.

DISCOVERING THE OBVIOUS

The U. S. Agricultural Department, we understand, has been busy gathering statistics regarding our farm population. The statistics reveal that throughout the nation, the owners or operators of farms work longer hours than hired hands.

To be specific, as of June 1 this year, the national average work day for the farm boss was 10.6 hours — for his hired man, it was 9.3 hours.

We hope the Agricultural Department didn't spend too much of the taxpayers money to arrive at this startling discovery of the obvious. It has long been common knowledge that the boss of any small business puts in longer hours on the farm than do his employees — that is, any boss of a successful business. There can be no denying that even the largest farm (in comparison to the nation's larger industries) is a

small business. As a matter of fact, the penalty for being the owner or boss of a small business is the long hours that the employer has to put in on the job. And when it comes to worry — the boss virtually has a monopoly on it.

Which brings to mind the old bromide — Formula for success to the employee: Work hard for your boss and don't worry. Then one of these days you'll get to be a boss, work even harder and do all the worrying.

CONSERVATIVES THE TRUE "MODERNS"

In a blistering indictment of the "me-too" Republican party platform, Admiral Ben Moreell, USN (Ret), wartime organizer of the Seabees and board chairman of Americans for Constitutional Action castigated the "liberals" of both parties as political antiquarians.

In outlining the views of ACA, whose recently-published "Index" reveals the actual voting records of all senators and representatives on Constitutional questions for years back, Admiral Moreell says the GOP declaration reveals that the two parties are being "steadily pulled together by the strong magnet of panaceas offered through all-powerful Central Government." Differences "are largely in method and degree", with each insisting "we can do it better."

The "new look" in political economy, extolled by both party manifestoes, is not new at all, he says. It went out of style here on July 4, 1776.

"It is as old as history," declared the Admiral. "Those who condemn conservatives for having 'nostalgia for the days of McKinley' are themselves striving to have us return to the days of Hammurabi (2000 B.C.)."

These self-styled "moderns" propose "to leap-frog backwards over the solid ground made under our new system of American Constitutional Government and return to the old system of universal serfdom under the domination of small ruling cliques.

"While others throughout the world are yearning for our system, we appear to be moving toward that from which they are trying to escape."

The hour is late, thinks Admiral Moreell, when both platforms frankly promise that "the power of the Central Government will be used to make 'free men' do what they would not otherwise do freely."

But it has not struck. Our chance for sustaining freedom in America "lies in electing more men and women to Congress from both parties, who show by their deeds that they are dedicated to Constitutional principles of government". Our most powerful weapon, the Admiral reminds us, is still the ballot. But we had better measure the candidates realistically — not by their platforms or their promises or their deceptive platitudes, but by past performance.

And finally, Admiral Moreell says something that our great grandchildren will read in the history books—if books on American history are still being printed: "If those who believe in our Constitution wish to see its principles prevail, they must contribute generously of their time, money and energies to this cause. It will avail us nothing to contain Communism abroad by our military might if, while so doing, we lose our individual freedoms to the oppressive power of a Collectivist State created by ourselves."

THE SUPREME ISSUE

Herbert Hoover spoke to the Republican National Convention on its opening. And what he had to say had nothing to do with political partisanship. It was directed to everyone, of any political allegiance, who believes in the ideals and principles that created and sustained this nation.

The former President recognized the great problems of the time — foreign, domestic, economic, and social. But to his mind one issue is supreme — the moral issue.

This country is now, in his words, "in the midst of a frightening moral slump." We see it in the soaring crime rates, and in corruption in certain areas of government, business and labor. Then, on top of that, he said, ". . . Communist conspiracies and their 'fronts' have poured their Marxist poisons into our people. We have also been brainwashed with another Communist basic tenet. They insist that love of country, pride of a people in their history, their ideals, and their accomplishments is wicked nationalism."

What, then is the national need? It is a "rebirth of a great spiritual force which has been impaired by cynicism and weakened by foreign infec-

He Can't Wear Both

tions." We need, in other words, to once more remember what so many of us seem to have forgotten — the meaning of the word America. To quote Mr. Hoover once again, "For centuries the word America among the great masses of people over the world has been an emblem of hope, of more security in life — and more freedom."

If we lose sight of this, all the military power on earth, and all the economic strength that anyone can imagine, will not save us from ultimate destruction.

NO GIVE-AWAYS

No subsidies? No guaranteed prices for buffalo hides? No free pensions?

No. All that those American pioneers had to go on was character; all they traveled 2,000 hard miles for was the opportunity for hard work. And that is what conquered

deserts and mountains; that is what made America.

Those real Americans would have been ashamed to ask for something for nothing, they would have scorned those who demand pay for no work.

If all this country wants is more and more pay for less and less work, we're setting ourselves up as easy victims for more work at less pay — and pay in rubles.

GOD AND MAN

by Frank Morris, News Editor of the Denver Register

Religion is a recognition that we are bound in some way to God. Religion is therefore the recognition of a relationship between God and man. We have never seen the rise of any major culture that has advanced the freedom of men that did not practice religious faith.

Men have worshiped the sword, the rack, the torturer's fire—and with these things have imposed tyranny. Whenever these things have been thrown off, it has been by religion. Sometimes religion itself allied with the sword. But if progress toward freedom resulted from this alliance, it resulted because of religion.

IF GREECE gave dignity to men, it is because its philosophers understood enough of religion to value the mind and soul of mankind. If Rome brought some elevating touch into a barbaric world, it was because the household gods gave Rome strong families, pious and free in their fashion. When Rome threw out these household gods to make room for the devilish spirits of lust and money, the barbarians encircled her. The Christian religion, alone and unarmed, met Attila the Hun at the gates of Rome and turned him away.

THE MAGNA CARTA of England brought forth the bright ray of hope that future rulers would not wield absolute power, but would be subject to the law. Five hundred years later the Adamses, Patrick Henry, Thomas Jefferson—all

insisted on one point: The cause of freedom should be, could be, must be grounded on God's Natural Law. The Declaration of Independence mentions unblushingly "the Law of Nature and of Nature's God."

We can see that there is a relationship between God and man. Though world environment may change, that relationship cannot change. Religion recognizes a permanent, objective truth—outside the mind, outside experience, outside the vaulting travels of man to other globes. This truth alone guarantees freedom in the world.

If there were no things as certain truths, everything would be a waste of time. We would be insignificant creatures on a cosmic spitball, sent whirling into space for no significant reason. Birth would hardly be worth while.

CURIOSITY is a great thing. The search for knowledge is far truer than the false idea that we have reached all knowledge. But if it is a search without any hope of satisfaction—what is left but an attitude like that of the Beatniks?

Some men take young minds and teach them that there are no intellectual moorings; that life is all journey, and no homecoming. They teach that life is search, but only for passing pleasures. They insist that there is no relation between God and man. These persons have betrayed their trust. They are seeking the death of religion.

WE FIND our security in God. Religion is the recognition of our relationship to God. Religion gives order to our world and freedom to our minds.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest." Sec. 2. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

"These trails would shake the cab off an ordinary truck... but not our Chevy"

Few trucks are subjected to the body-uracking beatings that are part of a day's work for this Chevrolet Series 80 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

◀ "That 6-cylinder engine really performs," says Bobby Fox. "It's got the lugging power we need in the woods and walks right along with a full load on the highway."

Local News BRIEFS

Having her three sons for visitors Sunday made it a happy day for Mrs. William Bergman. Driving over from Ardmore for the visit were Sylvester, Tony and Frank Bergman. Tony Bergman told his mother that he is moving his family from Ardmore to Loco, Okla., this weekend, that he's quitting farm work for reasons regarding his health and has employment with the Loco school system including

a bus driving job. Friday was another nice day for Mrs. Bergman. That was when her daughters-in-law Mmes. Frank and Sylvester Bergman came from Ardmore and canned peaches for her.

Mr. and Mrs. Buddy Yosten have named their baby son Gene Robert. Father Martin baptized him in Sacred Heart Church Friday evening and Mr. and Mrs. Larry Yosten were sponsors for their nephew.

Mrs. Herb McDaniel and Miss Veronica Rollman were in Sherman Tuesday for the latter's checkup at Medical and Surgical Clinic.

Jonesboro, Ark., got a return

visit this week from Mr. and Mrs. Charley Hellman and Donald, Louis, Mark and Dale who always favor that city each year for their vacation visit their daughter and sister, Sister Virginia, at Holy Angels Convent.

Mrs. C. W. Ratliff returned to Lubbock Sunday after a week's visit with her parents, the John Fettes, while Mrs. Ben Seyler was on a week's vacation in Midland with her daughter, Mrs. Darrell Adams and family. Going with Mrs. Seyler were her daughter and grandson from Gainesville, Mrs. Lambert Bezner and Jacob.

Sister Regina, the former Veronica Koelzer, arrived in Muenster Monday for a visit with her sister and family, the John Herrs. Visiting time here extends to Saturday when she will leave for Hereford to see other relatives in her other former hometown. Sister Regina observed her silver jubilee as a nun this year and participated in ceremonies at the community home in Graymoor, N. Y., in July. From Hereford she will go to Roosevelt, Utah, where she maintains the post of mother superior in St. Helen's Parish. Bringing Sister Regina to Muenster were her niece, Mrs. Earl Shepherd and children of Dallas who met her plane at Love Field.

Family Gatherings, Open House Are Honors for Sister

Seeing her relatives was the chief diversion for Sister Georgia while she had a ten day vacation here with her mother, Mrs. Joe Felderhoff, and several get-togethers were given in her honor.

Saturday night all the Wieler family was in reunion for an informal chicken barbecue at the home of Mr. and Mrs. Norbert Walterscheid. Coming from out of town to see their niece and cousin were Mrs. H. C. Billingsly of Ardmore, Mrs. A. A. Hellams and sons Jim and Bill of Oklahoma City, Dan Hamric of Oklahoma City, Burt Hamric of Quanah, Mr. and Mrs. Mike Newbill and Mrs. Anna Shelton of Denton and Juanita Wieler of Commerce.

Thursday, family members took Sister Georgia to Lake Murray for an outing and other days she visited in the homes of her sisters and brother.

Sunday there was an open house party at the home of Sister Georgia's mother and dozens of relatives and friends stopped in to renew acquaintances, visit and have punch and cookies. Some of them hadn't seen Sister Georgia since school days at Sacred Heart.

The refreshment table was covered with a linen cutwork cloth and held the punch bowl and assorted cookies with Miss Margie Knabe presiding. Green grapes and grape vine leaves circled the punch bowl and the board was further enhanced with a two tiered arrangement in crystal — grapes on the first tier and tiny yellow zinnias and fern above. Another attractive floral piece was on the coffee table. It consisted of tiny red zinnias in a triple basket flanked by figurines of nuns.

Misses Linda Rohmer and Diann Felderhoff were in charge of the guest book.

Sister Georgia left this Thursday to return to Jonesboro, Ark., and will leave from there for her new teaching assignment in Lake Arthur, La.

Mr. and Mrs. J. A. Sanders drove to Fort Worth Saturday to spend the day with their children and grandchildren.

Relatives, Friends Attend Rites at Jonesboro Convent

Muenster was represented in Jonesboro, Ark., for the annual mid-August ceremonies at Holy Angels Convent when six Sisters made their final vows, four celebrated golden jubilees, two celebrated diamond jubilees, and two young ladies received the habit of the Olivetan Benedictine Sisters.

Marking completion of 50 years in the convent were two nuns well known here — Sister Bertha and Sister Leonarda. Both of the diamond jubilarians are known here from earlier days — Sister Adelaide and Sister Fridolina.

Among those making final vows was Sister Clarice, daughter of Mr. and Mrs. Alex Knauf, formerly of Muenster, now of Colorado Springs, Colo. She is the granddaughter of Mr. and Mrs. Joe Swirczynski.

The two receiving their habits and name in religion are Kay Fette, daughter of the Herman Fettes, and Clarice Decker, daughter of the H. P. Deckers of Rhineland. They'll be known as Sister Anita and Sister Pieta, respectively.

Sister Bertha, beloved second grade teacher, endeared herself not only to the entire community but also throughout Cooke and Montague Counties. She was in Muenster 1912-1942. Her first assignment after her profession on August 12, 1910, was in Rhineland. She is still teaching, stationed in Arkansas parishes since she left here. A native of St. Gallen Switzerland, she came to this country in February 1908.

For thirty years she instructed the children of this parish for the reception of their First Communion and for many years conducted summer catechism classes in Montague.

She was Sacred Heart's most enthusiastic and avid worker for parish benefits. She, who had taken forever the vow of poverty for herself, begged industriously on the streets of Muenster and nobody ever questioned for a moment her right to do it. Catholics and Protestants alike helped support her projects for the school fund, the church fund, and any other fund that needed money. Some of the toughest customers shelled out generous contributions to Sister Bertha's charities.

Sister Leonarda came to this country with Sister Bertha and made her vows on the same date. She is a talented musician, a teacher of instruments, voice and band. She was in Little Rock, Ark., the first 19 years, in Muenster 1929-1947; then in Blytheville, Ark., until 1954, and back in Muenster through the past year.

The other two nuns ending a half century in the convent are Sister Hilda, in hospital work, presently supervisor at Eureka Springs County Hospital, and Sister Victoria engaged in domestic work. The fifth of this group who came to the United States from Switzerland together was Sister Clara, now deceased. She was in Muenster around 1916-17.

Sister Adelaide, diamond jubilarian, also from Switzerland, was in Muenster as a teacher 1918-20 and was in Rhineland for 27 years. The rest of her teaching was done in Arkansas. While retired from teaching she is still very active as superior in Weiner, Ark.

Sister Fridolina was among the earliest Benedictines in Muenster — 1897-1899 and again in 1908. She is a teacher and is still active.

Trip to Arkansas Is Short Vacation For Paul Fetsches

Trip to Arkansas was a short vacation for Mr. and Mrs. Paul Fetsch and son Gary, Saturday through Monday, when they took their daughter Evelyn to Pocahontas. She is entering the Benedictine Juniors and after two weeks at Pocahontas will be at Jonesboro.

Going, they stopped at Subaco visiting there with Father Christopher and Mr. Fetsch's nephew, Novice James Fetsch of Rhineland. Next was Altus to see Father Thomas Buegler, then a visit in Jonesboro. Monday, after seeing Evelyn get settled at Pocahontas, Mr. and Mrs. Fetsch and Gary did some sight-seeing in Hot Springs on the way home.

While they were away, Mr. Fetsch's sister and her husband, Mr. and Mrs. Fred Albus of Littlefield came to Muenster to visit. They spent the day and overnight at the Fetsch home with the rest of the family.

"Could you give me some pointers," queried the journalism student, "on how to run a newspaper?"
"You came to the wrong person," answered the editor, "ask one of my subscribers."

Marian Starke and Robert Gruber Say Wedding Vows

Mr. and Mrs. Robert Gruber are on a wedding trip, destination not revealed, since their marriage Saturday in Sacred Heart Church. When they return they will make their home in Lindsay.

The bride is the former Miss Marian Starke, daughter of Mr. and Mrs. Joe Starke of Muenster, and the groom is the son of Mr. and Mrs. F. J. Gruber of Lindsay.

Father Alcuin Kubis directed the exchange of vows in the double ring ceremony and officiated at the nuptial mass at 4 p.m.

For her wedding Marian wore a bone colored dress with a pale pink feather hat and other accessories in white. She carried a dozen red roses arranged in a colonial bouquet.

Mrs. Vincent Forrester of Saint Jo was her sister's matron of honor wearing a light blue sheath dress with a dark blue feather hat and a pink and white carnation corsage. Bill Gruber of Lindsay was best man for his brother. An-

thon, Luke, organist, presented nuptial music.

After the ceremony, the bride's parents entertained with an informal dinner at their home for members of the bridal party, the parents, immediate family, and Father Alcuin.

Immediately afterwards Mr. and Mrs. Gruber left by car on their honeymoon. He is in business in Lindsay; she will continue at Muenster State Bank where she is an assistant cashier.

Members of the bride's family from out of town attending the wedding were her sister, Mrs. Leonard Pfaff and three children of Denver, Colo., and her brothers Joe Starke of Wichita Falls and Ed Starke of Perryton. Mrs. Pfaff and children returned home Wednesday after a five-day visit. The two boys were at home for the weekend.

Kieninger Family Arrives from Chile

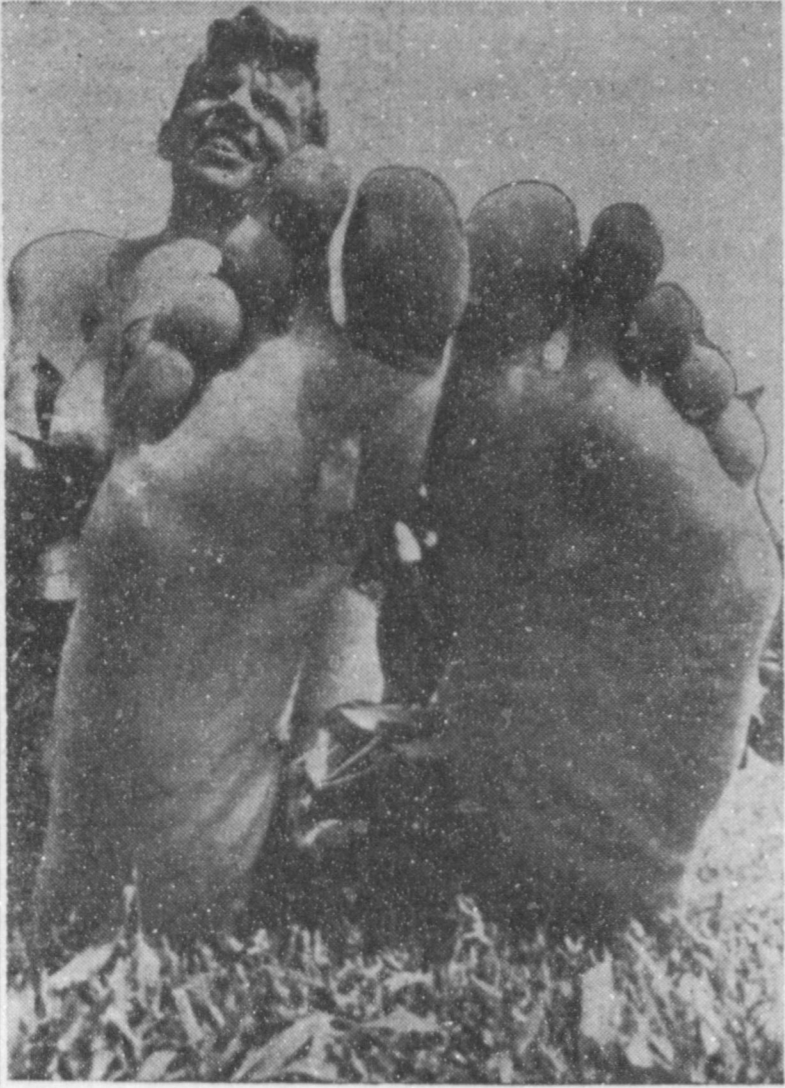

The family of Bavarian woodcarver Ludwig Kieninger has arrived in Muenster from South America and add five to the city's population. They are at home on North Main Street.

Already expected here in March, the family was delayed on account of a variety of red tape.

They flew from Santiago, Chile, to Miami, Fla., and from there finished the trip by bus, reaching Gainesville at 5 p.m. Sunday. Mr. Kieninger met them and they were supper guests in the home of Mr. and Mrs. Albert Hess.

The wife is Emilia, the daughters are Edith 13, and Inga 9, and sons are Ludwig 7, and Alfredo 4. The mother speaks German only. The children speak German and Spanish.

Kieninger and his young partner Gunther Goetz, natives of Bavaria, came to this country from Chile in the spring of 1959, and lived at Lindsay with the J. C. Schmidlkofer's until later that year when they moved to Muenster and set up their workshop in the former bank building on North Walnut Street. And they began making arrangements to bring their wives and the children, whom they were forced to leave behind, to Muenster. Mrs. Goetz arrived in January this year and has become fluent in English.

HOT TOOTSIES—Resting his weary feet, Olympic marathon runner John Kelley of Boston displays his blisters after winning the first annual "Milk Run" race in New York City. A field of 60, including all members of the U.S. Olympic marathon team, competed in the 16-mile race.

Local News BRIEFS

Sister Bertha is spending a few days in Muenster enroute to Rhineland where she will be a teacher this term.

Visitors with the Dick Cain family the latter part of last week were Mrs. Lloyd Hefner and daughter Holly Gail of Amarillo, Mrs. O. Z. Smith and children Gay Lynn, Keith and Jimmy Don of Lubbock and Becky Rhone of Bellvue, sisters, nieces and nephews of Mrs. Cain. They left Friday, going to Fort Worth and Burleson for the weekend. Debby Cain accompanied them. Sunday Mrs. Cain and Chris joined the group at the home of her parents, Mr. and Mrs. J. S. Hogan at Burleson, for the day and Debbie came back home with them.

In California for the first time, Mrs. Kate Reynolds and daughter Debbie found everything "simply fascinating." Debbie liked Disneyland best and her mother thinks San Francisco with Fisherman's Wharf and its many other attractions is a real treat for tourists and requires more time than they had to spend there. They were away about two weeks, driving through with Mr. and Mrs. R. J. Tilger of Trenton principally to visit the Bill Tilgers and family at Long Beach. Mrs. Reynolds and Debbie flew from there to San Jose to visit the Ronnie Fettes and saw their baby son Randy for the first time. In San Francisco they were guests of relatives and returned to Long Beach for the trip home with the Tilgers.

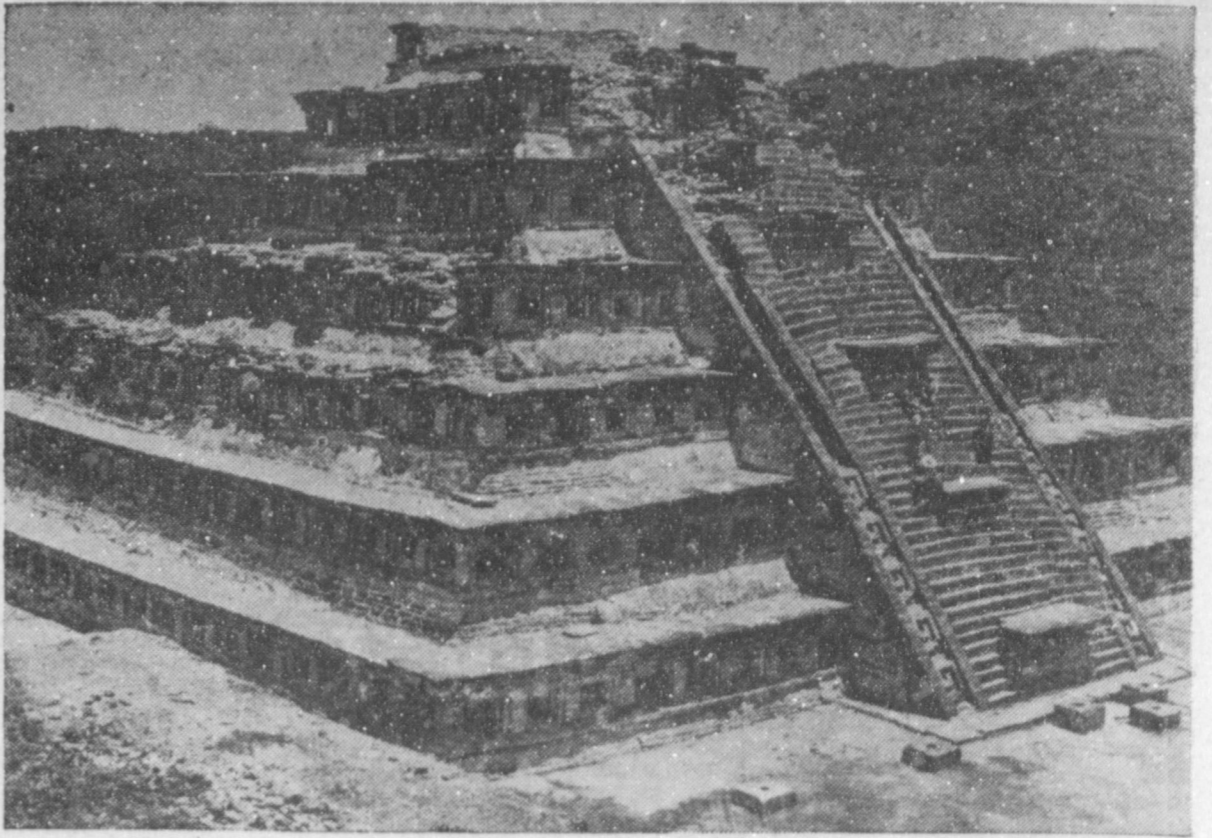

Wilfred Klement has gone to Munday for several weeks of work... back to the job he had during the summers while he was in college. Mrs. Klement and the children remained here with her parents, the Bernard Wolfs.

Open house Sunday observed the golden wedding anniversary of Mr. and Mrs. Jim T. Bryan, long time residents of Forestburg who were married Aug. 14, 1910, at Dye Mound. Mrs. Bryan is the former Miss Rosie Butler. The couple lived at Forestburg until recently when they moved to the Mallard community. They have one son, Tillett Bryan of Perryton and one daughter, Mrs. Vista Lybarger of Los Angeles, Calif., and five grandchildren.

Mr. and Mrs. Irven Derichsweiler and children divided a weekend visit with their families here and in Saint Jo. When they returned to Lewisville they were accompanied home by their daughter Debbie and Carol Dunn who spent a week's vacation here and by her parents, Mr. and Mrs. D. L. Bowen of Saint Jo who will visit there a week.

Mr. and Mrs. George Bayer and children Cletus and Cheryl saw the four Bayer girls in the convent when they visited in Jonesboro and Pochontas this week. Sister Carmella was there on a vacation from nursing studies in Pueblo, Colo., Sister Lucille was getting ready to leave for Lake Arthur, La., and Sister Augusta was preparing to attend Arkansas State College. At Pochontas they visited Junjorute Ruth Bayer.

As far as we know, the U. S. is the only country that finds victory just as expensive as defeat.

TEMPLE OF THE GODS—This architectural masterpiece of an ancient culture is the 1,000-year-old Tajin Temple, mighty remnant of Mexico's Totonac civilization. Excavated and restored, the towering stone temple is located near Papantla on Mexico's east coast. The temple was the site of the Voladore Rain Dance, an ancient Totonac, religious ceremony appealing to the gods for rain.

Hess Family Back From 16 Day Trip Through 10 States

Climbing Mt. Ranier — three miles on foot — to the glacial ice is one of the interesting experiences being told by Mr. and Mrs. Al Hess and children Diane, Alan and Myron, and his sister, Miss Helen Hess, since they returned from a 16 day vacation, sight-seeing over 4000 miles through ten states. Object of their trip was to visit Mr. and Mrs. Leo Schmitt and family at Mabton, Wash., and they were there nine days seeing everything in that area together, including irrigation in the Columbia Basin.

Side trips included a visit in Sunray with the Clem Schumachers, Cheyenne, Wyo., and Yellowstone National Park, Salt Lake City, Utah, Colorado, Boot Hill at Dodge City, Kansas, and an enjoyable visit with Joe Klement in Spokane.

It pays to advertise in the Muenster Enterprise.

During maneuvers in Kansas one soldier came floating down into camp during gusty high winds. Somewhat battered and bruised, he was brought before his commanding officer, who said to him:

"It took a lot of nerve to come parachuting down in this wind, but you ought to know better than to do anything so dangerous."
"But I didn't come down in a parachute," protested the soldier. "I went up in a tent."

Blessed Events

Mr. and Mrs. Bill Tilger (Anna Grace Fette) have announced a daughter born in Long Beach, Calif., August 8. Her name is Mary Margaret... they're calling her Maggie... and she's a sister for Matt and Katie. Mrs. Kate Reynolds, maternal grandmother, brought back the news when she returned Tuesday from a visit in California. The paternal grandparents, Mr. and Mrs. R. J. Tilger of Tenton, were also there to greet the newcomer. Mrs. Reynolds and Debbie made the trip with them.

CDA Members Hear Report on Deanery Meeting of NCCW

Muenster court Catholic Daughters of America heard a report on the deanery NCCW meeting at their August session Friday in the home of Mrs. Herbert Meurer. Sacred Heart Parish was represented at the quarterly meeting in Denton Thursday by an attendance of eleven.

Reporting on meeting procedure were Mrs. John Mosman and Mrs. Paul Fisher. They gave excerpts of the keynote address delivered by Dr. Hollis Moore, regional director of the U. S. Department of Health, Education and Wel-

fare, of Dallas, whose subject was "International Education."

The two reporters also mentioned parts of an address given by Mrs. Jack Schultz of Irving, Sherman Deanery president, who emphasized the spiritual value of parish societies, rather than their social and other activities.

Those attending met Denton's new pastor, Father Joseph Thomas, and he, in turn, introduced visiting clergy. The deanery session was held in the Women's Club and refreshments were served there. Benediction was in immaculate Conception Church.

Other business at the CDA meeting consisted of routine reports and plans for the organization's benefit party on Sunday night.

Mrs. Steve Moster, grand regent, conducted the meeting and advised that all members of the court have signed up for a day on which they attend mass and receive Communion for vocations.

Others at the deanery meeting in Denton from here were Mrs. Herb McDaniel who gave the quarterly report from this parish, and Mmes. Gary Hess, Ben Fleitman, Frank Herr, J. M. Weinzapfel and Tony Gremminger, and Misses Marye Weinzapfel, Helen Fisher and Becky Mosman.

While traveling in Africa a woman was invited to go on a safari. She was delighted until she learned that part of the itinerary lay through cannibal country. Knowing that the safari cook was a member of one of the cannibal tribes, she decided to consult him. He proved to be a pleasant, civilized man.

"You need have no fear of my people," he told her. "It would never enter their minds to harm anyone on a safari." The woman was beginning to be reassured when his glance passed lightly over her short plump figure. "Of course," he added, "if you happened to meet with an accident and be killed, you wouldn't be wasted."

An inferiority complex could be a good thing... if the right persons had it.

Dallas Will Host Giant Convention Of Deere Dealers

Robert and Jim Myers of H. E. Myers & Sons will have an opportunity late this month to see firsthand just how many independent businessmen a major manufacturer needs to sell and service its products throughout the United States and Canada.

Along with some 4,500 other independent businessmen who have John Deere dealer franchises in the United States and Canada, they will fly to Dallas the last week in August for the biggest sales meeting of its type ever held.

Sixteen United States and Canadian airlines will cooperate in airlifting the 4,500 dealers and 1,500 other persons to Dallas within a 24-hour period. It will be the first time any manufacturer will utilize as many airplanes, reserve as many accommodations, and arrange for as many meals for a single group at one time.

The meeting has been called to show dealers the new line of John Deere Tractors and equipment. Announcement was made this week that the new tractors will be put on the market in late September.

Robert and Jim Myers will fly to Dallas August 29 for the one-day sales meeting that will be held the following day. To accommodate the huge crowd, the Dallas Memorial Auditorium, the Texas State Fairgrounds, and Cotton Bowl will be utilized for various parts of the meeting.

At the Fairgrounds, the largest display of any one power equipment manufacturer's products ever to be exhibited at one place will be staged. More than 230 tractors and 270 pieces of equipment will be used in the display.

The dealers will stage their own public showings of the new tractors and equipment after they return to their home communities.

Trio Covers Lots Of Territory On 14-Day Vacation

Fish were biting good in Montana and just to prove it Mr. and Mrs. Archie Hess brought trout and others back home in ice. With them on a two week vacation trip was her sister, Mrs. Al Eberhart.

Seeing nearly everything of interest on the tour, the trio visited points in Colorado, Wyoming, Idaho, Montana, Utah and New Mexico.

In Idaho Falls and Twin Falls, Idaho, they were guests of relatives and were honored at a number of get-togethers. Here the sight-seeing included the new irrigating system in use on a cousin's farm. It's the circular sprinkler type, fully automatic, irrigating 160 acres in one operation. Farmers in Idaho were happy over their second cutting of hay and their coming potato crop.

Mr. and Mrs. Jerry William Foster and three children, Charlotte, Rickey and Sheila, new residents in Muenster, are at home in their trailer house. They came here from Mena, Ark. Mr. Foster works for Victor Koelzer Well Service.

NEW TRACTORS

COMING!

Yes, the rumors are true that John Deere will soon be announcing a new line of tractors. We'll be previewing them at "Deere Day in Dallas" August 30. What's more, we've been told that these new tractors represent an amazing leap forward in power farming—an advance so progressive that it sets an all-new high in tractor performance, ease of handling, and operator comfort. Watch for our announcement date when we return from Dallas. We are looking forward to showing you firsthand what these tractors are going to mean to you in greater production, lower labor costs, and more leisure time.

Aug. 18, 1950
Death claims Ben Bengfort, 62, a resident of Lindsay for 51 years. With ten men subject to call and four more to re-

port for physical exams, Muenster is beginning to feel the effects of the nation's mobilization program. Gainesville is working on plans for a big party to celebrate the city's 100th birthday. Wettest summer record is sustained by a two inch rain. Billy Joe Miller buys Texaco Station from Ted Probst. Werner Cler is recovering from surgery performed at McKinney VA Hospital. FMA employees have picnic at Katy Lake. The Herbert Hundts of Lindsay were among the 100,000 persons at Necedah, Wis., for the supposed sixth apparition of the Blessed Virgin to Mrs. Anna Van Hoof. Mr. and Mrs. F. J. Gruber are back at Lindsay after a ten day vacation in Hot Springs, Ark.

5 YEARS AGO
Aug. 19, 1955
Mrs. Henry Wolf, 80, resident here since 1896, dies after extended illness. Next Sunday will be opening date of Muenster swimming pool. Highway engineer helps with plans for City Park. When work is complete, four-lane highway and bright lights will lead into the city. Ordinance bans hogs in city limits. Margaret Elkins is chosen 1955 Farm Bureau queen. Donald Bayer is recovering from eye surgery. Eighteen Sisters will staff parochial school, parish plans pantry shower for them as soon as they arrive. Frankie Owen and Jim Hermes marry. Bernice Walterscheid and James Mollenkopf say vows. Marcy Wimmer and Rody Klement plan September wedding. Mrs. J. B. Schmitz and Mrs. Thomas Sicking were in Dallas this week for Mrs. Schmitz to consult with a throat specialist.

function of a waterway is to furnish a means of conducting runoff water to safe points of release with a minimum of erosion. Diversion and channel type terraces are used in connection with waterways in the Muenster area to prevent erosion on sloping cropland. W. W. Otto, five miles south east of Muenster is nearing completion of a waterway and terrace system on his farm. These are variable grade, channel type terraces. The Otto farm has an excellent cover of King Ranch Blue-stem protecting the waterway from erosion. When completed the terraces will measure about four and a half miles. Terraces, as all smart conservation farmers know, break the natural slope, intercept water flow across cultivated land and divert it to protect disposal areas such as grassed waterways and pasture land bordering cropland. Soil Conservation technicians point out that now is the time to consider possible locations, land preparation and the kind of vegetation desired for waterways development.

**NOTES FROM
CITY LIBRARY**

"Secret Service Operator 13" is the thrilling story of a young woman who was a spy for the United States during the Civil War. This book by Robert Chambers is available at Muenster City Library.

Gail Loveless, a top-notch spy, finds her way out of many tight spots until she falls in love and promises to marry a Confederate officer, Captain Gaillard.

While spying in the bounds of a Rebel camp she is discovered by the Captain whom she strikes with her pistol and rides away knowing she may have killed the man she loves. She tells no one of her promise of marriage. Then her commanding officer orders her to hunt and kill, or bring Capt. Gaillard to be hanged.

Gail is torn between her duty to her country and her love for a man. The way she solves her problem is very fascinating. — DH

THANKS: Through the generosity of Alphonse Felderhoff, Community Lumber Company and Harry Fisher the Library soon will have a nice new line of shelves for the children's books.

**SOIL CONSERVATION
DISTRICT NEWS**

OUR SOIL ★ OUR STRENGTH

One of the basic principles of soil and water conservation farming is a good waterway and terrace system where needed.

Grazing, hay and seed production are some of the secondary benefits, but the main Soil Conservation Service personnel will help.

Monte Hellman and Family See France During Army Leave

Touring France by letters and pictures have been the Rudy Hellmans and the Clarence Hellmans who learned a lot about that country while their children, the Monte Hellmans, made a 12-day trip covering many miles and many interesting places.

Monte and Doris and their two oldest girls, Susie and Barby, took the trip while on leave from his army duty. They kept the families here informed with long letters and colored slides.

Some of the highlights they wrote about and sent pictures

of include Lourdes, where they witnessed the procession of literally hundreds of litter cases being taken to the shrine and the baths among other experiences during their day there; visiting Paris with its enchanting attractions; seeing the Eiffel Tower; the Omaha and Utah Beaches and a tour of the Normandy coast, St. Lo, and at least a dozen other cities. The children found the fish markets on the Seine fascinating and their parents got a brush-up on their history when they saw the old historical points connected with Joan of Arc. The lovely museum at Arrmanche was intriguing and the cemetery overlooking Omaha Beach with some 9000 graves, many un-

know, was impressive.

Adding to the fun, especially for the children, was camping out.

Capt. Monte Hellman is stationed in Germany with the army. He's a doctor at the 98th General Hospital with another year of foreign duty. His discharge is due in August 1961.

Since they are back at their station, Susie is getting ready for school in the first grade and Barby will go to kindergarten. The two babies, Brenda and Chris, didn't make the trip with the rest of the family. They stayed with their nurse.

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Merri-mac Cave and other interesting places delighted Becky and Barby Davidson on a trip they made with their parents, Mr. and Mrs. Charles Davidson. Sight-seeing in St. Louis was another highlight of the tour from which the Davidsons returned Friday. Mike and Pat Davidson stayed with their grandparents, the W. F. Davidsons, while the rest of the family was away. Saturday, Charles and family drove to Walnut Bend to tell her parents, the O. B. Siegmunds, about their vacation trip.

Mr. and Mrs. Jim Shiflet had as guests Wednesday and overnight, their daughter-in-law, Mrs. Reagon Shiflet and son Larry Gene of Dallas.

Mrs. Lloyd Barnhart was able to return to work Monday after being sick during the weekend and has also visited her brother, Charlie Winchester who is a patient at Gainesville Sanitarium.

The home of Mr. and Mrs. B. G. Lyons is brightening up with new inside paint. Edward Eastin of Gainesville is staying with the couple and doing the painting.

Here Wednesday for a visit with his aunt and uncle, the Bill Moons, was Roy Tipps of Tampa, Fla.

Mr. and Mrs. Jack Cole and family of Sherman visited Mr. and Mrs. W. F. Davidson Sunday afternoon.

Don Ray Moon of Garland was at home with his folks for a weekend visit.

Visitors Tuesday night with Mr. and Mrs. B. G. Lyons were their daughter, Mrs. Vivian Maupin of San Antonio, accompanied by two friends, Mrs. Tenia Matthias, also of the Alamo City and Mrs. Rosemary Smith of Elpas. They had been at the convention of the VFW and Auxiliary in Detroit, Mich. Mrs. Maupin is on business for the Womens Benefit Association, driving her own car, and will be back to see her parents the latter part of the month before returning to San Antonio.

Highlights of the preceding weeks were the Passion Mrs. J. N. Shaw, Albert

Shaw and Miss Paula Shaw have returned from a trip to Georgia, sight-seeing, visiting relatives, and attending a reunion of the late J. N. Shaw's sisters and their families. Albert and Paula also drove to North Carolina for sight-seeing. The trio returned Thursday from the ten day vacation.

Sister Theresina Sends Last Notes On Trip Abroad

This week's letter from Sister Theresina is her last from abroad. She is spending the final days with her people in St. Gallen, Switzerland, where they are honoring her with farewell parties and teas and reunions before she leaves next Wednesday, Aug. 24, 8 p.m.

Highlights of the preceding weeks were the Passion

Play and the Eucharistic Congress.

In Munich there was sight-seeing before the Congress and more sight-seeing in Furstenfeldbruck. In the latter city a magnificent old Cistercian Abbey Church was of special interest to tourists.

Also at Furstenfeldbruck, pilgrim services for the Swiss were held, together with the parish, outdoors. A fine brass band graced the occasion, thousands of electric lights decorated the streets, and homes had vigil lights in their windows.

A guided tour through Munich included attendance at the International Youth Hour during which a Eucharistic Dance was performed by girls from India in beautiful costumes. That evening she attended a Pontifical Mass in the Byzantine Rite. On August 7 she was among

the millions at services in connection with the Eucharistic Congress. This was a five and one half hour service and an unforgettable event. (You have heard it, read about it and seen it through radio, TV and newspapers.)

The Passion Play lasted six hours, three in the forenoon and three in the afternoon. (Beautiful! I could not begin telling about it in a letter.)

Again she sends greetings to all her friends. At the time she did not know her assignment for the coming school year. (I hope though it will be Muenster.)

Farewell Gathering Fetes Classmates

An outing at City Park has been held as a farewell gathering by last year's eighth graders of Sacred Heart School before about 15 of the class leave for school elsewhere. Two had already gone and the group penned a letter during the party and mailed it so that Mary Frances Knabe and Kathleen Knabe who are juniors at Holy Angels Convent in Jonesboro, Ark., knew they were being remembered by their classmates.

The 32 young people enjoyed a splash party, then roasted wieners to go with other eats and drinks. Last year's eighth grade room-mothers, Mrs. Tim Stormer, Mrs. Cecil Sims and Mrs. Charles Taylor were with them.

Walterscheid Clan Has Get-Together

Four generations were together for a reunion in Muenster City Park Sunday when members of Mrs. Joe Walterscheid's family had an outing with a picnic dinner.

The event honored Mrs. Carl Ellison and children Carla Sue and Danny, visiting here from El Paso and gave them an opportunity to see all the family at one time. There were 79 in attendance.

Movie cameras and kodaks got a workout, the children enjoyed a splash party and everybody enjoyed visiting.

All of Mrs. Walterscheid's children, grandchildren, and great-grandchildren live here except Mrs. Ellison and her family and three granddaughters. These three were the only ones missing from the reunion. They are Sister Damian Bayer, in Canada for the Summer, Novice Consolata Wimmer in Jonesboro, and Miss Patsy Bayer in nursing school at Fort Worth.

A budget is merely a mathematical confirmation of your suspicions.

Miss Texas Rural Electrification for 1961 — Carnetta Burgett of shallowater, 18. She will be a student at West Texas State College at Canyon this fall. She's 5'-6" tall, weighs 123, measures 36-24-36. She was named to the state beauty title during the Twentieth Annual Meeting of Texas Electric Cooperatives, Inc., in Austin August 11-12. She entered the state contest as Miss South Plains Electric Co-op, representing that rural utility, which headquarters in Lubbock.

Psychiatrist: "What did you say?"
Patient: "I said for some reason or other people don't like me . . . Pay attention, fathead."

Local News BRIEFS

Claudia Endres has been postcarding from several states the past two weeks letting her parents, Mr. and Mrs. Roy Endres Jr., know her whereabouts while she is on a trip with Mrs. Joe Sicking and daughter, Miss Theresa Sicking, of Gainesville. Claudia spent the summer in the Sicking home and was included in the car trip. The trio, due home this weekend, visited Arkansas, Missouri, Nebraska, Mississippi, Florida and other points.

Miss Ann Luke of Dallas was here Saturday overnight and Sunday visiting her family, the Henry Lukes, and will be back again this weekend when her brother Mike Luke and his wife come from Albuquerque for a visit.

Weekend visitors with Mr.

and Mrs. Russ Linn were their children the Ray Smiths and son of Dallas, the Jim Mintos and daughter of Lawton, Okla., and the Thomas Linns and family of Gainesville. The visitors enjoyed inspecting the Linns' new home. Outside work is finished and carpenters are busy on the inside now.

Mr. and Mrs. Ernest McElreath and family attended a barbecue supper Saturday evening at the Roy Pawless home at Callisburg. Two shared honors of the occasion: Mr. Pawless in observance of his birthday and their daughter Gean, a visitor from Long Beach, Calif.

Miss Clara Richter of Dallas visited over the weekend with her father, W. T. Richter, and other relatives.

Monday night was a fun-filled night at the home of Mary Lou Swirczynski. A slumber party was the event. Those attending were Becky Mosman, Judy Yosten, Paullette Walterscheid, Doris Sicking, Judy Sicking and Jeanette Klement.

Visiting here Sunday through Tuesday at the Andy Schoech home was Gregory Kneupper of Gainesville who was the guest of his cousin Glenn Schoech.

Four-day visit in Big Spring was enjoyed by Mr. and Mrs. J. J. Haverkamp who were guests of their daughter and her husband, the Troy Coopers. They arrived in time for dinner Friday and stayed until Monday.

Old friends and classmates — they grew up together — enjoyed four days of visiting and reminiscing when Mrs. Joe Chehaske of Yates Center, Kansas, was the guest of Mrs. Edd McGannon. Saturday, Kathleen McGannon accompanied the two ladies to Dallas for a visit with Mary McGannon and the visitor left for her home late Sunday.

Mrs. Joe Voth and children Mark, Sheila, Lola and Joanie and Mrs. Henry Pick drove to Jonesboro, Ark., Monday for a visit with Kathy Voth at Holy Angels Convent before school starts. They returned Thursday.

Dinner guests Sunday with Mr. and Mrs. Frank Hoedebeck were their sons, Frank and Cletus, and the latter's wife and children, all of Dallas. Frank is working in Dallas now. He has a job as a carpenter.

Mr. and Mrs. Charlie Stelzer of Fort Worth are spending a week's vacation with the L. A. Bernauers, Harold Walterscheid and Matt Mullers. Other visitors joining them at the Bernauer home Tuesday for a barbecue supper on the patio were Mr. Bernauer's niece and husband, the Billy Blacks and four children of Houston, and his nephew and wife, Mr. and Mrs. Giles Reiter of Kerrville.

The Fettes, Pip, Faye, Linda and Tim, and Patsy and Carol Fette, were in Jonesboro, Ark., Saturday through Monday going especially to see their daughter, sister and cousin, Kay Fette, receive her habit and name in religion during ceremonies Sunday. She is Novice Anita. The group visited with many nuns and students at the convent while they were there.

Brother Charles McGannon is here for a vacation visit with his family, the Edd McGannons. He has finished summer school at the University of Texas in Austin and will be a teacher in Holy Cross High School, Miami, Florida, when the fall term opens in September. Miss Mary McGannon of Dallas will be at home this weekend while her brother is here.

Surprise visitors, bringing a picnic lunch, greeted Mrs. M. J. Endres Saturday. The guests were her son and daughter-in-law, Mr. and Mrs. Len Endres and children of Dallas.

Entertaining their three grandchildren is making this week lively and interesting for Mr. and Mrs. Joe Luke who have as their guests Karen, Susan and Norman Luke Jr. of Shreveport, La. Mr. and Mrs. Norman Luke brought the youngsters and visited here during the weekend.

The Leslie Cains and family who visited Cooke County relatives including the Dick Cains while on their vacation have returned to Farmington.

Time to look ahead . . . from "Back to School"

to "Off to College"

As she skips back to school this fall, her college days seem far, far in the future. But the years will slip by fast between now and then, and before you know it she'll be ready to pack up and go.

The important question (TO FACE NOW) is: "When she is ready for college, will you be ready with adequate funds to pay the cost?" By looking ahead, planning ahead and saving ahead, you can make the answer a big "YES!" Let us show you how a modest amount deposited regularly in your savings account here will do it.

Adequate Slate of Student Activity At County College

Working under an overall organization of three councils — Student Body, Social Council and a developing Athletic Council — as coordinators of college student activities, the individual entering Gainesville

college will find an adequate activity program varied enough to appeal to different types and interests. The Social Council sponsors such affairs as a get-acquainted outing early in the school year, a Christmas banquet and dance, and a spring all-day picnic at a popular resort area. Each individual organization sponsors one event per year open to all students. The Fine Arts Department offers the groups, the Gaines-

ville Collegians and the Lag-niappes. The first is a mixed chorus open to anyone interested in singing and the second is a selected group of twelve voices. These two present concerts and seasonal programs.

Gainesville College has two publications — "The Lion", yearbook of long standing, and "The Hilltop News", the college paper, which is in its second year of publications. Three scholarships are available through the Cox Foundation to be presented to students approved by both the administrative office and the instructor.

Connected with the courses offered in journalism and the publications is a Press Club which meets once each month, prepares pertinent programs, and participates in the all-college activities program.

The Annie Webb Blanton Chapter of Texas Education Association will begin its sixth year of active work in the college with the September opening. While the primary function of the group stems from the education department and consists of the exploration of teaching as a profession, TSEA contributes to the student life of the college. Rituals, programs, trips to state convention, cooperation with nearby groups in other colleges, and participation in the annual Future Teacher Contest are the principal activities.

At the close of his two-year college course, the student finds that the Gainesville College Ex-Student Association helps him keep in contact with the students through membership in the organization and the annual home-coming events.

If you burn the candle at both ends, you may not be as bright as you think.

A clergyman once preached a sermon to his flock which was designed to persuade them that it is the duty of the rich to help the poor.

He was telling a friend about it, and the latter asked: "Did you convince them?"

"The sermon was 50 percent successful," replied the minister. "I convinced the door."

The Dishonor Roll by Jerry Marcus

"LET'S HAVE A RACE TO MAIN STREET"

The Travelers Safety Service

Drivers under 25 years of age were involved in almost 29% of the fatal accidents in 1959.

Local News BRIEFS

A change in Phillips Oil Company properties here has transferred Ray Evans, Mr. and Mrs. B. I. Derr and daughter Angela and Mr. and Mrs. George Hammer and children Linda Carol, Nancy Lee and Butch to Vernon. The Derr family and the Hammers are making their homes there but Mr. and Mrs. Evans will not move from Muenster. He has living quarters there and comes back for weekends and days off. Meanwhile they have changed addresses here. They moved from the lease house north of town. Presently they're calling the Frank Needham apartment home.

Mr. and Mrs. Al Walter, accompanied by Arthur Endres, drove to Midland for a weekend visit, taking their daughter Mrs. Bill Karr home after a week's visit in Muenster. It was the first time the Walters saw the new home of Mr. and Mrs. Karr. They also drove to Odessa to visit Mr. and Mrs. Virgil Walter and returned here Monday.

South Texas and Old Mexico were vacation sites for Mr. and Mrs. Alvin Fuhrman this year and both started back to work Monday after being away for two weeks. Enroute, going south, they stopped at Sulphur Springs to visit former neighbors, the Roy Bellvilles, did some sight-seeing in the Houston area and drove to Corpus Christi where they were guests of the Alex Flusches, then to Brownsville, and to Monterey for a round of sight-seeing. On the way home they stopped in San Antonio to visit his brother and family, the Jerry Fuhrman. They also visited their aunt, Sister Christina, at Our Lady of the Lake Convent and she showed them through Ancilla Dominic, the new home for aged and retired nuns of the order.

Mr. and Mrs. Joe Trachta and his sisters, Mrs. John Walter and Mrs. I. A. Schoech, left Monday to visit in Springfield, Mo., with their oldest sister, Mrs. Mary Donohoe who is nearing 90. They'll be back by the end of the week. Old friends were together here Sunday when Mr. and Mrs. Harry Kinne of Gainesville were guests of Mr. and Mrs. Joe Linn. The Kinnes told about their summer vacation in Colorado.

Sunday visitors with Mr. and Mrs. J. W. Fletcher were their son and family, the Jack Fletcher of Denton. After dinner they drove around sight-seeing at Red River and stopped at Marysville to visit Mrs. J. W. Fletcher's brother and his wife, the Jim Shiflets.

Mr. and Mrs. Stan Wylie and children of Lewisville were Sunday visitors and dinner guests in the home of her parents, Mr. and Mrs. Bill Kathman and took their son George home with them after his vacation with his grandparents. Joining the group for an afternoon visit were the Kathmans' other daughter and her family, the W. E. Inseles of Gainesville.

Friday and Saturday visit was made here by Jerry Hellman of Portalis, N. M., with his uncle and aunt, the Ervin Hamrics. He was on his way back home after summer camp with the Reserves at Eagle Mountain Camp, Fort Worth.

Twenty-five came to dinner at the home of Mr. and Mrs. Lee Haverkamp Sunday, some

of them spending the afternoon, others weekending. Making up the party were the couple's children and grandchildren, Mr. and Mrs. Richard Schumacher and Mr. and Mrs. Leroy Wiesman and their families of Gainesville, the Walter Haverkamps and children of Electra and the David Forgeys and daughters of Dallas. It was the first family gathering attended by the Wiesmans' baby son who has been named Curtis Damian.

Stephen Douglas, infant son of Mr. and Mrs. Robert Pulte of Gainesville, was baptized Monday, Aug. 15, in St. Mary's Church with Father Emil Gerlich officiating. An uncle and aunt of the baby, Alvin Fuhrman of Muenster and Mrs. Douglas Hobbs of Gainesville, were sponsors. Others attending the service were Stephen's brothers Mike, Chris and Don, their daddy, and their grandmother, Mrs. H. J. Fuhrman of Muenster who visited in the Pulte home Sunday and Monday.

Mr. and Mrs. Gene Klement and daughter Linda and Mr. and Mrs. Frank Schilling were away Sunday and Monday visiting in Nazareth with a cousin, Andy Schumacher and family.

Lots of traveling and sight-seeing were done on a week's trip taken by Mr. and Mrs. Ted Voth, accompanied by Mr. and Mrs. Frank Haverkamp Jr. of Lindsay. They enjoyed Hot Springs, Ark., a tour through Missouri, visited places of interest in New Orleans, La., toured the Rio Grande Valley with visits with relatives along the way and drove into Mexico for sight-seeing. While the Voths were away their children vacationed at Lindsay with the Ed Schad family.

Wins \$100 Prize In Kraft Contest

When Mr. and Mrs. Teddy Gremminger and children of Garland visited here during the weekend their Muenster relatives learned that Teddy was among winners in a recent contest conducted by Kraft Company.

He won a hundred dollar gift certificate in a Parkay merchandise contest in the Southern Division which includes 19 states . . . had his picture and a story in the Kraftman and was "king for a day."

With Kraft as a salesman since September 1956, Teddy was made sales supervisor in May 1959.

"IF YOU ARE INTERESTED IN THE HEALTH OF YOUR CHILD'S EYES READ THIS!"

by Dr. N. Jay Rogers, Optometrist and Director of TSO

Be sure your School-Aged child has no eye problem . . . LET US GIVE HIM A CAREFUL, SCIENTIFIC EYE EXAMINATION NOW.

When your child's eyes are examined at TEXAS STATE OPTICAL . . .

1. The interior of each eye is examined for possible disease or defect.
2. The front of the eye is measured to determine if Astigmatism is present.
3. The muscles of the eye are tested for possible imbalance.
4. If nearsightedness or farsightedness is present, the amount of it will be determined.

At TSO, Competent Doctors of Optometry examine your child's eyes. If glasses are not needed, you pay only \$3 for the examination.

Owen Family Has Ft. Worth Reunion

For the first time in almost ten years, the Clarence Owen family had a reunion with every one of the family members present at their home in Fort Worth during the weekend. They were together Friday evening through Sunday and group pictures were made.

Making up the party were Mr. and Mrs. Ray Laux and children Kenneth Ray, David Lee, Barbara Jean, Jerry Wayne, Dolores Ann, Betty Kay and Tommy Joe and Mr. and Mrs. Gene Owen and children Paula Ruth and Harold Ray, all of Lindsay, Mr. and Mrs. Danny Owen and baby daughter Danita Lenette of Gainesville, Mr. and Mrs. Clarence Owen and Billy Dean, Henrietta and David Owen of Fort Worth. It was infant Danita's first visit with her daddy's family.

While the family was together they enjoyed a night out dancing to Billy Dean Owen and his Western Band. The band is currently booked at the 3021 Club on the Mansfield Highway.

West Texas Is Site Of Week's Vacation For H. J. Zimmerers

Home from a crowded week's visit in West Texas are Mr. and Mrs. H. J. Zimmerer, their daughter Marie and their son Frank. One of the nicest things about the vacation was having their daughter and sister, Sister Barbara James, with them during the time.

She joined them at the home of Mr. and Mrs. Johnny Kempf in Amarillo . . . was a traveling companion for the Kempfs' daughter, Sister John Edward. Other visits in Amarillo were with a son and brother, Bernard Zimmerer and his wife and with a nephew and cousin, Leo Zimmerer and family.

From there to Hereford and a four-day visit with another daughter and sister and her family, the Robert Betzens, and back to Amarillo Sunday to help the Johnny Kempfs celebrate their silver wedding anniversary. They returned to Lindsay Monday.

Sister Barbara James and Sister John Edward left Amarillo Wednesday to return to Houston where both are assigned for the coming year. The Zimmerers didn't see their other two daughters in the convent this summer. Sister Herman Mary has gone to Broussard, La., and Sister Mary Rose is stationed at Rowena.

Returned to their home after a week's vacation in Lindsay are Joe Eckel and his mother, Mrs. Ed Eckel of St. Florida, Ala., who were guests of the Schmidkofer, Gruber and Neu families. Mrs. Eckel, Mrs. F. J. Gruber and Mrs. John P. Neu are sisters.

Zimmerer Family Visits in Arkansas

Mr. and Mrs. Raymond Zimmerer and children Richard, Patsy, Linda and Clifford had a four day trip to Arkansas, returning home Sunday evening with the exception of Patsy who stayed at Poca-hontas where she entered the Benedictine Juniorate. That's the summer location for the girls. During the school term they are at Jonesboro.

First stop for the family was at Subiaco where they spent their time with their son and brother, Frater Eric, also saw Father Christopher and others they know. Sunday they were in Jonesboro for the investiture ceremony at Holy Angels Convent, then saw Patsy get settled. They stopped for sight-seeing in Hot Springs on the way home.

The Matt Neus and Charlie Wimmers Vacation Together

Mr. and Mrs. Matt Neu of Lindsay, accompanied by their son-in-law and daughter, the Charlie Wimmers of Muenster, have returned from a wonderful vacation filling almost two weeks with sight-seeing and visiting in a half dozen states.

The scenic beauty was in Colorado and they shivered from cold atop Pike's Peak. Iowa was the state where they saw relatives.

In Denison, Iowa, they were guests of Mr. Neu's brother and his wife, the Joe Neus; in Cedar Rapids they visited the Henry Neus and family; in Manning, Mr. Neu has two uncles and they visited them — Joe and John Reinhart; in Carroll they stopped with Mrs. Neu's cousin and family, the Johnny Werners, and in Arcadia they visited Mr. and Mrs. Pete Schmitz. Nebraska also featured a visit with relatives at Holdrege.

Last visit coming home was in Amarillo with the former Pat Neu and her family, the Arnold Henschels, where the Wimmers' children Charlene, Ricky and Sharon stayed during the trip. The Wimmers had started their vacation with a four day visit in Amarillo, leaving the children, returning home, and then joining her parents. Randy Wimmer stayed on the farm at Lindsay with his uncle Alfred Neu.

Lindsay News

Solemn ceremonies in St. Peter's Church Tuesday night at 7 o'clock officially installed Father Damian Wewers as pastor. The Very Rev. John Duesman of Denison, dean of the Sherman Deanery, officiated. Visiting clergy in- of Denison and Fathers John cluded Msgr. Thomas Zachary, Underiner of Pilot Point, Joseph Thomas of Denton and Alcuin Kubis, Bruno Fuhrmann and Martin Fischer of Muenster. Preceding the service the clergy had supper in St. Peter's rectory. Afterwards they went to Muenster for Father Alcuin's installation as pastor of Sacred Heart Parish.

Mr. and Mrs. Albert Klement have received announcement of the birth of a grandson in Dallas. The parents are Mr. and Mrs. Paul Klement. The maternal grandparents are Mr. and Mrs. Leo Hoedebeck of Gainesville.

Mr. and Mrs. Frank Sandmann and sons Henry and Donny were among relatives attending the silver wedding anniversary celebration of Mr. and Mrs. Johnny Kempf in Amarillo Sunday. Festivities included an open house from three to five with hundreds of guests calling. At night there was a turkey barbecue for out of town relatives and about 85 were present. Monday, the Sandmanns and their boys visited in Hereford with an aunt, Mrs. Joe Loerwald and other relatives and also saw the Frank Walterscheids. Tuesday they stopped in Muenster to get their daughter Barbara who visited her cousins at the Ferd Luttmere and Richard Swirczynski homes during the four days.

Former Lindsay residents, Mr. and Mrs. H. A. Lueb, are moving from Madill, Okla., this weekend to make their home in Oklahoma City. They bought a home there.

Mr. and Mrs. Robert Davidson have returned to their home in Macon, Ga., after a two-week visit with their daughter, Mrs. Bill Eberhart and children.

Mrs. Jim Bass of Fort Worth is here to spend two weeks with her folks, the William Bezners, while her husband is at Fort Polk, La., for two weeks of training at the Army Reserve camp.

Father Hubert Neu is getting settled at his new parish work in Ennis, transferring there from Dallas, and has been so busy he hasn't had time to visit his family, the Joe J. Neus, and tell them about his summer trip to Europe until Tuesday when he got home for a short

visit. But his sister, Cecilia Neu, brought home some reports when she came to spend the weekend with her parents. She visited with him before he left Dallas. Ennis is Father Neu's third assignment. Since his ordination in 1951 he was at St. Bernard's and St. Monica's in Dallas. Also visiting Sunday in the Neu home were their daughter and family, the Wilfred Bindels of Muenster.

Miss Frances Spaeth of Denison is spending a two-week vacation in Riverside, Calif., with her sister, Mrs. Walt Barry Jr. and son James. She went by plane, will return by car with Mrs. Barry and James who are moving from Riverside. They'll be here for a visit with their mother, Mrs. George Spaeth, before Frances returns to Denison.

Three-day trip to West Texas was a vacation for Mr. and Mrs. Robert Beyer. They visited relatives in Hereford and Amarillo, going especially to attend the silver wedding celebration of Mr. and Mrs. Johnny Kempf in Amarillo. First stop was with the Carl Lukes at Hereford Saturday overnight and Sunday until afternoon when they drove to Amarillo for the celebration. Then they were back with the Lukes and seeing additional relatives and friends including the Frank Walterscheids and Henry Lueb. While they were away, Mrs. Beyer's mother, Mrs. Joe Vogel of Muenster was here with the Beyer children.

Mr. and Mrs. Danny Owen have named their daughter Danita Lenette. Her uncle and aunt, Mr. and Mrs. Gene Owen, were godparents at her baptism in St. Peter's Church with Father Damian officiating.

Mr. and Mrs. Vincent Wiese of Fort Worth were Sunday guests of his sister, Mrs. Jake Bezner and family, joining other visitors there for dinner and a get-together before the Flint, Mich., relatives returned home. Leaving Tuesday after a vacation visit were Mr. and Mrs. Bill Wiese, their daughter Patsy, and niece Sharon Hobbs, and Paul Wiese.

Mr. and Mrs. Gene Owen and two children are making their home in Lindsay now. They had been living in Jacksboro. They brought the former Adam Wolf Jr. property here.

Mr. and Mrs. Bob Bezner drove over from Dallas Sunday to get their youngsters Debbie and Stevie who had spent a week visiting the Bruno Zimmerers and other relatives. Accompanying Bob and his wife was his brother Al Bezner of Arlington. They all had dinner with their mother, Mrs. Joe Bezner Sr.

Lindsay parish acolytes have had their annual summer treat . . . a picnic, August 10, at Leonard Park in Gainesville, sponsored by St. Anne's Society. Twenty-eight of the 30 servers attended accompanied by Father Damian and hostesses, Mrs. John Hess, Mrs. Tony Voth, Mrs. Norbert Zimmerer, Mrs. Ben Hermes and Mrs. Tony Hermes. The outing started at 5 p.m. with a swim party. Afterwards the group had a wiener roast and marshmallow toast, along with other eats and drinks.

Representing Lindsay's NCCW unit at the Sherman deanery's quarterly meeting in Denton were Mrs. Ed Schad Mrs. Lawrence Zimmerer and Mrs. Norbert Zimmerer.

One Guinea Pig was be-moaning the latest scientific developments of the space age. "It's terrible," he told a buddy, "What they're doing now. Just think — they put you in this tiny capsule, shoot you thousands of miles into the South Atlantic, the capsule falls into the ocean, and maybe they find you and maybe they don't." "So what," said the other Guinea Pig, "it beats cancer."

Latest Electrical Appliances Work Without a Cord

New York. — There are radios, electric shavers, dictating machines and clocks running today on electricity but without electric cords. And next year will see the introduction of a cordless vacuum cleaner.

Another project in the works is cordless lamps for floor and table.

The secret of cordless electricity is the rechargeable nickel cadmium battery. When its power is used up you simply plug it into a household electrical socket overnight. The next day it is as good as new.

American Telephone and Telegraph Co. uses large nickel cadmium batteries for standby power sources in its power rooms because, unlike conventional batteries, nickel cadmium batteries do not run down when idle.

The nuclear freighter USS Savannah is equipped with the batteries just in case its atom power should fail.

How about cadmium batteries for automobiles? Gould National Batteries, Inc., Easthampton, Mass., one of the leading producers of nickel cadmium batteries, reports it can make you one for about \$325. It will last you 50 years — if you drive a car that long.

If a middle-aged man could only sell his experience for half what it cost him, he could retire in luxury.
