NUMBER 18

B&B Sales to Quit Operation of Muenster Store

It's understandable even though disappointing that a hospital project was not included with the parish drive which originated in that group meeting last week. From years of experience we know that it is difficult in this community to raise as much money as the two projects require, so no one can be blamed for his reluctance to take on the additional load.

However, that does not change the fact that a hospital is urgently needed as a means to greater community health and convenience, and is very desirable as an asset contributing to continued growth and progress.

Anyone who has thought it over is aware that nearness of adequate medical facilities is often important in a critical illness. It can even be a factor in saving a life. Besides, over a period of years, nearness also counts up in terms of convenience and economy. Savings in time and money, just to visit patients, eventually amounts to a big item. Over the years the extra money spent in travel to distant hospitals could add to a substantial sum toward the construction of our own.

Another consideration is the purely economic value deriving from the presence of a local hospital. It is equivalent to a local industry in that it supports a staff of workers and professional people who add to the community's economy. Besides, it constitutes an asset making the community more attractive as a place to start new business or industry. We can reasonably assume that investors in the future will be more favorably impressed by our town if it can offer good medical service along with its other attractions.

With the physical and economic advantages so evident, there can be little doubt that the community ought to take up this project with speed and determination. We need to face our problem practically, realizing that all of us want and expect to have our own hospital eventually. So why not get it as soon as possible? Why not work on it even while the parish project is under way?

Our biggest difficulty here, as many will frankly admit, is a sort of philanthropic inertia acquired over a long period of getting by easy. While little was asked for charity and local church obligations many fell into the habit of giving as little as we could. We drifted a long way from the old standard of giving a tithe to the Lord.

Nowadays, fortunately, we are becoming a little more aware of our obligations to the Lord. Most everyone is giving more, even though, as a community we are still a long way from giving a tenth.

The thing to hope for now is that the philanthropic inertia will continue to decrease and the community will be increasingly generous in supporting the Lord's work. If that happens we can have a hospital along with our other projects.

These thoughts are presented here because contributions to hospitals come under the heading of charity. They are so regarded by both religious and civil authorities. They are counted along with church support and other charities as blessings returned to the Lord.

If we'll think it over we have to admit that all this makes the hospital project a very attractive deal for us. By meeting a moral obligation in this way we can create some wonderful benefits for ourselves.

Since last week's issue of the Enterprise several persons have commented that it was outstanding in its number of items reflecting constructive community activity. Needless to say, the Enterprise, with a deep pride in the community, was very pleased to make those reports. They help to support our claim that Muenster is really progressive and a fine place to live. We hope that many others were similarly impressed by the good news and feel inspired to keep pushing for the community's continued improvement with a hospital as its next big venture.

Along the line of community improvement the column suggests that progressive rural people hereabouts help work out an agreement enabling the city's fire truck to help them in case of a fire. With good reason the city has decided not to overhaul its worn-out pumper or replace it for rural

Muenster's march of progress takes a backward step this week with the closing of one of its stores, the B&B Sales.

George Jr. and Johnny Bugg announced Wednesday that they will combine their local stock with that of their Gainesville store in order to keep a larger and more diversified stock under one roof. Operational saving from running one store rather than two was another reason for merging their stocks.

The brothers say they have had trouble finding enough damaged and unclaimed freight to keep both of their stores stocked adequately, hence their decision to bring it all together in one location.

B&B Sales is now putting the finishing touches on a new building on the location formerly occupied by their old store on West Broadway in Gainesville. They expect to open it soon.

Mrs. John Huchton, manager of the Muenster store, will work in the Gainesville store.

Dan Haverkamp Is Re-elected Prexy St. Joseph Society

Members of St. Joseph's Society, in their annual election March 19, returned Dan Haverkamp to the presidency for another year and put new men into other offices.

On the executive committee to serve first terms are Dan Luke, vice-president; Fred Knabe, secretary; and Herbie Miller, treasurer.

In other business the men decided to sponsor the annual Easter Monday picnic with St. Anne's Society as co-sponsor, and voted to finance the cost of a new gas range for the parish rectory.

About 75 members attended the meeting and two new members were welcomed. They are Dr. W. H. Blake and Joe Hermes.

The meeting followed a joint supper party in the Parish Hall dining room for St. Joseph's and St. Anne's Society members. About 150 were present. The supper was the social program after a religious service — attendance at 7 p.m. mass and corporate Communion — marking the annual observance of St. Joseph's Day.

Five Local Teams Play in Saint Jo Volley Ball Meet

Three local teams are in the champ bracket and two are in the consolation bracket at the invitation volley ball tournament being sponsored this week by the Saint Jo Quarterback Club.

J&L Supply won on a forfeit by Spanish Fort and will take on Hodge House of Nocona at 6:30 Thursday in their next game.

Muenster Teachers beat O'Neal's of Nocona and Muenster Pee Wees, mostly MHS boys, beat Nocona Leathergoods.

Both Sacred Heart Alumni teams were bumped into the consolation bracket. The ladies lost to Illinois Bend and see their next action Friday night. The men lost to Saint Jo Quarterbacks and play again Thursday night.

Two Projects Get OK at PTA Meeting

Members of the Parent-Teacher Association of Muenster Public School okayed two projects at their March meeting Tuesday night in a short business session and spent the rest of the evening watching travel films taken by Mr. and Mrs. Rudy Hellman on their European tour.

School Tax Office To Be Open During Trustee Election

As a convenience to taxpayers of the Muenster School District the school tax office will be open from 9 to 4 on Saturday, April 2, the date of the school trustee election.

Superintendent L. B. Bruns disclosed that the extra day was arranged so that people can render their property for 1960 tax or pay their 1959 tax without making a special trip. They can stop at the tax office when they come in to vote.

Regular hours for the tax office are 9 to 4 on Monday, Wednesday and Friday.

Girl Basketeers Awarded Jackets

Nine of Muenster High School's girl basketeers are proudly wearing new jackets — when Spring weather provides the need of a wrap.

Seven of the girls lettered in basketball the past season and two received jackets for being managers. The red and white jackets are of the customary design and fabric in keeping with the school's tradition. They were awarded at the annual all-awards banquet March 17. Coach Smith made the presentation.

Lettergirls are Theresa and JoAnn Fisher, Angela Dern, Dyan Hellman, Mary Lee Dennis, Della Wimmer and Dianne Horn. Managers were Sharon Schumacher and Martha Sue Meurer.

April 5 Set for Formal Opening of 'Center' Firms

The formal opening of "The Center" has been set for April 5. On that date the four separate units located in the new building on East Highway 82 will get together for an over-all showing of the entire building.

Plans for the event were announced Wednesday by Ray Swirczynski who is manager for all four.

Actual openings were spread over a period of about a month, as permitted by the scattered arrival of equipment. The coffee shop was last on the list, opening Wednesday morning. Only a little ahead was the bar which opened last weekend. The lounge was open about two weeks and the liquor store about a month.

Richard Grewing is owner of the liquor store and Alphonse Felderhoff is owner of the lounge and coffee shop and bar.

Muenster Students Are Participating In Annual Meet

Students of Muenster Public School are in the middle of Interscholastic League district competition. Preliminaries have been played in tennis and volley ball, elementary track is finished, high school track is dated for Friday, elementary literary events are dated next week, and high school literary events will have no district meet but skip to a regional meet April 22 and 23.

Athletic events are being held on a schedule basis rather than at a meet of the participating schools.

Muenster is not competing in playground ball, and it has only one surviving team in volley ball. That is the elementary boys team which drew a forfeit from Era and beat Montague to advance to the finals. Elementary girls and both high school teams lost to Saint Jo.

In elementary tennis Muenster started with a clean sweep over Saint Jo. Allen Reiter won the boys' singles, Don Wilson and Larry Gobble the boys' doubles, Sandra Cain the girls' singles and Nancy Hammer and Wanda McElreath the girls' doubles.

In high school tennis Muenster won only two of its eight matches with Saint Jo. Butch Hammer and David Huchton took the Junior High boys' doubles. Lloyd Klement and Jim Schumacher took the Senior High boys' doubles.

The district high school track meet will be held Friday in Denton.

Elementary declamation will be held March 31 at Callisburg and other elementary literary events will be held the next night at Callisburg.

NEWS OF THE SICK

In Dallas at Children's Hospital where he had heart surgery Wednesday morning, is three-year-old George Hess, son of Mr. and Mrs. Joe Hess. The little boy was born with an open heart and the operation is the first to repair the damage. It is not the usual open heart surgery but will carry him over until he is older — 5 or 6, the doctors said — and then he will have the other operation. His parents are with him for the first few days and his mother will stay as long as he is hospitalized, an estimated ten days.

J. W. Hess underwent major surgery Wednesday morning in Medical Arts at Dallas. After being a patient at Gainesville Sanitarium he was transferred to the Dallas hospital Saturday for care by specialists. It looks like a long hospital stay for Mr. Hess. His address is 17th Floor, Room 1704, Medical Arts Bldg., Dallas, Texas. George Hess who also had surgery Wednesday morning in Dallas is his grandson and most of the family was there with them at the two hospitals. Word Wednesday night to relatives here was that both had successful operations and their conditions were as expected after such operations.

Lawrence Roberg is reported "doing fine" after surgery at the VA Hospital in McKinney Monday. His trouble, the operation revealed, is pancreatitis, inflammation and swelling of the pancreas. Now that the doctors know what they are treating him for, they believe it won't be too long before Lefty is well and back at work. His new address is Ward 108.

Back at home since Tuesday after almost three weeks in Gainesville Sanitarium, is Mrs. Ferd Luttmir who had a major operation March 4. She's up and around the house but will have to take it easy for a while.

Clarence Hellman is back at home, dismissed from Gainesville Sanitarium where he was a medical patient since March 3. He's up and around but has to take it easy. No work for another month.

Gilbert Endres has been a patient at Gainesville Sanitarium for X-rays and observation since becoming ill Saturday.

Mrs. Ben Haverkamp, who had a major operation Friday at M&S Hospital, is recovering normally now after being seriously ill from complications during surgery. She was under oxygen a few days. Her doctor has not said when she will be ready to come home.

Sharon Schumacher has recovered from dental surgery performed in Dallas Friday. She had two embedded wisdom teeth extracted.

58 In Class For First Communion

Fifty-eight First Communicants — 30 girls and 28 boys — are in the final week of their special instructions before receiving the Eucharist for the first time Sunday.

Their service will take place at the 8 o'clock mass. The little girls will be wearing white dresses, and veils held in place with wreaths of flowers. The little boys will be in white jackets with dark trousers.

Sister Grace has been directing the instructions and practice and the pastor gives the final examination.

Local Group Goes To Jonesboro for Religious Service

About 50 people from Muenster were in Jonesboro, Ark., witnessing investiture and profession ceremonies at Holy Angels Convent Sunday and Monday. Five Muenster girls were participants in the services and their parents, families, other relatives and friends were there.

In the ceremony Sunday at 9 a.m. Cynthia Wimmer received her white veil and her name in religion. She is the daughter of Mr. and Mrs. John H. Wimmer and has entered the ranks of novices as Novice Consolata.

Making triennial vows at 9 a.m. Monday, receiving their black veils and attaining the stature of Sister, were Florentine Vogel to be known as Sister Gemma. Her parents (Continued on page 8)

Local Stretch of Highway 82 Will Get Surface Job

New surfacing for the Highway 82 pavement through Muenster has been contracted, according to a report this week by the State Highway Commission. Hot mix asphaltic concrete is to be applied from the city of Gainesville to the Montague County line.

The contract for this job is combined with a section of road on Highway 287 between Henrietta and the Montague County line for a total of 29.2 miles. It was awarded to J. H. Strain, Inc., of Haskell on a low bid of \$198,082.

Hornets Compete Friday in District Track-Field Meet

Athletes of Muenster High are practicing intensively this week for the annual Interscholastic League track and field meet to be held Friday afternoon, starting at 2:30, on the NTSC track at Denton.

Entered in the meet are all teams of the district except Lindsay. That includes Muenster, Era, Valley View, Callisburg, Saint Jo, Sanger, Alvord and Chico. First and second place winners in each event will qualify to participate later in the regional Class B meet.

According to plans announced Wednesday by Coach Charles Smith Muenster entries will be in all events except pole vault. The list of entries is as follows:

- 100 yard dash: Truman Wolf, James Harris, Mark Hellman.
- 220 yard dash: Wolf, Larry Wimmer, Milton Fette.
- 440 run: Clyde Walterscheid, Harold Flusche, Harris.
- 440 relay: Wolf, Harris, Fette, Wimmer.
- 880 run: Fette, Robert Klement and Donny Vogel or James Whitt.
- 1 mile run: Ronny Russell, Richard Herr, Tim Hellman.
- 1 mile relay: Flusche, Walterscheid, Doug and Mark Hellman.
- 120 high hurdles: Doug Hellman.
- 180 low hurdles: Wimmer, Doug and Mark Hellman.
- Broad jump: Wimmer, Walterscheid, Fette.
- High jump: Wimmer, Harris, Doug Hellman.
- Discus: Walterscheid, Flusche, David Yosten.
- Shot put: Harris, Noble McElreath.

NTSC Coach Talks At Muenster High Awards Banquet

It takes desire to make good and to be outstanding. It also takes participation. And it takes hustle 100 per cent. This applies not only to athletics and scholastics but also to every endeavor and every occupation.

That is the gist of the principal address given by Fred McCain of North Texas State College at the all awards dinner in Muenster High School on March 17. McCain is assistant coach and backfield coach at the college.

He spoke to about 180 students and guests at the school's annual big social event which honors members of all athletic teams, the band, the pep squad and outstanding students in study.

Coach Charles Smith reviewed the boys' athletic record, introduced all members of the teams and recognized the 14 lettermen. He also presented girl athletes and handed out their basketball jackets. Football lettermen had received their awards earlier in the term.

Superintendent L. B. Bruns and Theresa Fisher introduced band students, cheer leaders and majorettes. Glenn Hellman presented outstanding scholastics.

Final feature on the program was a football film brought by the guest speaker to fill in, he said, in place of a long address.

Kenny Fette was master of ceremonies, Father Martin Fischer gave the invocation and benediction, PTA President Mrs. Paul Fisher extended welcome and Jimmy Schumacher gave the response. It was a PTA sponsored event.

The dining room and tables were festive with St. Patrick's Day decorations arranged by Mrs. Nick Miller. Mrs. Joe Lehnertz catered the baked ham menu and PTA room-mothers helped serve.

Garden Club Sets Plant Sale Date Saturday, April 2

Plans progressed this week for the Civic League and Garden Club's plant sale and country store, postponed during Garden Club Week due to the weather, and the date is set now for Saturday, April 2.

In announcing the date, garden clubbers in charge of the project emphasized that there will be plenty of tomato and pepper plants along with bedding plants for flower gardens.

Tuggle Motor Company show room will be headquarters for the benefit program. Baked goods and aprons and pot holders will be included in the sale.

Funds will be used by the sponsoring organization for civic improvements including replacement of live oak trees in Memorial Park, replacement of shrubbery in City Park and placement of charcoal grills in City Park.

Funeral Services Are Held Thursday For Glenn Snow, 44

A former long-time resident of Marysville, Glenn Snow, 44, died Sunday at Fresno, Calif., from a heart ailment that put him in the hospital about a month earlier after he suffered a heart attack.

The body was returned to Cooke County and funeral services were held Thursday afternoon at 2 o'clock in Gainesville's Harvey Street Baptist Church. The Rev. W. D. Craig of Nocona and the Rev. M. R. Stanfield, pastor of the church, conducted the rites.

Burial was in Sweetwater Cemetery near Decatur with George J. Carroll and Son Funeral Home in charge of arrangements.

Glenn Snow was born in Parker County but moved to Marysville with his parents when he was a child. He had lived in Fresno for the past year. Survivors are his wife, three sisters and four brothers. Two of the brothers, Bo Snow of Mineral Wells and Joe Snow of Davis, Okla., visited at Glenn's bedside while he was ill and returned Friday after his condition apparently improved. His death two days later was unexpected.

Elementary Track Team Is Fourth In District Meet

Elementary youngsters of the Muenster Public School came out in fourth place with 9 points at a district track meet in Gainesville Friday afternoon. Winner of the meet was Sanger with 30 points. Next were Valley View with 25 1/2 and Callisburg with 10 1/2.

Those who earned points for Muenster were as follows. 440 relay team consisting of Dickerson, Wilson, Reiter and Vogel, second place; Vogel second and Doty third in broad jump; Hacker fourth in shot put.

Tigers Tumble to Windthorst and Callisburg Teams

The jinx that has been hanging over Sacred Heart's Tigers since the beginning of the season remained unbroken as they bowed 5-4 at Windthorst last Friday and 13-9 to Callisburg on the local field Tuesday.

Playing last year's regional champ Trojans the Sacred Heart boys stretched the game to 11 innings but then allowed the hosts their winning run on an error. It was their record of 5 costly errors which helped offset their 11-4 advantage in hitting. Hot shots of the Tiger hitting spree were Jerome Fuhrmann with four safe blows out of six tries and Don Swrczynski with three out of five. Joe Streng hurled all the way allowing 4 hits and 6 walks.

In their Callisburg game the Tigers made it another good game until the seventh, when Streng weakened and allowed a 6-run rally on a flock of hits and walks. In their half of the final inning the Tigers tried to close the gap but their effort was held to 3 runs. Bayer with two doubles and Becker with two singles led Tiger hitters. Callisburg bested Sacred Heart's hitting record by a count of 10-8.

Next for Sacred Heart is a game with Windthorst here Thursday then the first Academic League game here Sunday with St. John's of Ennis.

SH Alumni Will Host 30 Teams in V'Ball Tourney

Thirty volley ball teams of this area will be in Muenster next week for the second annual invitation tournament sponsored by the Sacred Heart Alumni.

Action is scheduled for Monday, Tuesday, Thursday, Friday and Saturday, starting at 6 p.m. each day in the Sacred Heart gym.

According to a report Wednesday by Sylvan Walterscheid 18 men's teams and 12 ladies' teams are booked for the tourney. Brackets had not been worked out at that time. However Walterscheid disclosed that it will follow the customary arrangement of champ and consolation brackets in each division. At the end six trophies will be presented . . . to the champ and runner-up and the consolation winner of each division.

Muenster entries in the men's division are J&L Supply, SH Alumni, Muenster Teachers and Sacred Heart High. Local teams in the ladies' division are SH Alumni and Tuesday Nites.

The sponsoring organization invites the public to come and see all games. Refreshments of candy, popcorn and soft drinks will be available at a concession stand and the admission prices are 50 cents for adults and 25 cents for students and players.

Altar Boys Feted On Feast Day of Saint Benedict

Forty-five altar boys of Sacred Heart Parish were treated to an evening of fun and food Monday marking the feast of St. Benedict.

Purpose of the social was three-fold: first to celebrate the feast of the great Benedictine saint; secondly, a thank-you for the faithfulness of the boys attending their hours of adoration during Forty Hours Devotion; and thirdly, to recognize the acolytes who have no serving absenteeism at the present time.

The evening began with volley ball games in the gym, then eats and drinks in the home ec room which was decorated for the occasion with a statue of St. Benedict encircled with flowers and greenery.

Intellectual games were next. These consisted of charades and pantomime, testing the boy's knowledge of historical events as well as their ability to detect names of persons, places and things in sign language.

With the able assistance of the older servers, Brother Thomas Mosler, O. S. B., director of altar boys, arranged and emceed the program.

Blessed Events

Proudly announcing a baby daughter are Mr. and Mrs. Arnold Rohmer who welcomed their little girl at 2 p.m. Wednesday, March 23. She weighed in at seven pounds nine ounces at M&S Hospital, missing her mother's birthday by just a few hours. She's a sister for Donnie, Linda and Donna Marie and a granddaughter for Mr. and Mrs. Leo Rohmer and Mrs. Joe Felderhoff.

Happy over arrival of a daughter are Mr. and Mrs. Charlie Otto of Perryton. She was born March 14, weighing five pounds 12 ounces and was named Elfrieda Dianne at her christening Sunday. Visiting in Perryton over the weekend and getting acquainted with the little girl were her grandfather, Ben Otto and her uncle Jim Otto of Gainesville, and cousins Loretta and Tommy Schmitt from here. Mr. Otto and Miss Schmitt were sponsors by proxy for Mr. and Mrs. Melvin Otto of Gainesville who were unable to be at their niece's baptism.

Schedule of Coming Events

- THURSDAY March 24, Sacred Heart vs. Windthorst, here.
- FRIDAY, March 25, MHS in district track meet, Denton.
- SATURDAY, March 26, Benefit Bake Sale sponsored by St. Anne's Society in Muenster's three grocery stores.
- SUNDAY March 27, Sacred Heart vs. St. John's, here.
- TUESDAY, March 29, SH Home-School Society meeting, after novena devotions.

MATCHING UP OUR BRAINS
 The legal struggle in New Jersey over taking four-year-old Alice Marie Combs from her foster parents because she is smarter than they, deserves the attention it has attracted.

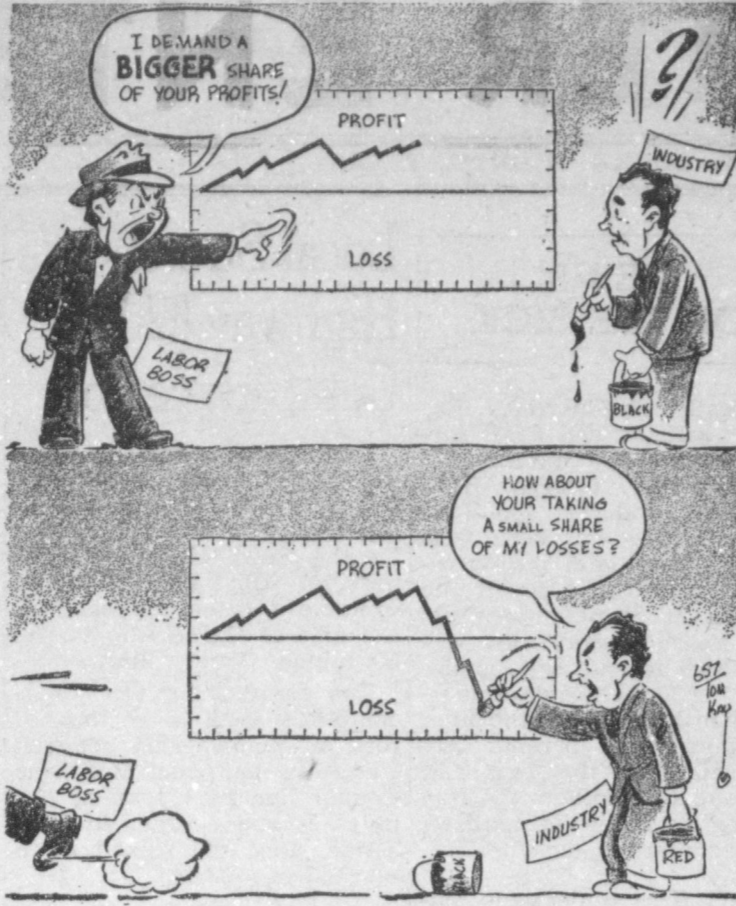

The state authorities argue that the parents can't provide the "cultural interests" and the opportunity for intellectual growth which the state thinks the child should have.

I had always thought that the free way of life we enjoy in America is the best way to provide this opportunity, as witness Lincoln, Carnegie, George Washington Carver, and about 99 per cent of all Americans who have amounted to something.

But maybe the New Jersey philosophy should be given a thoroughgoing trial. Let's not stop with bright, little Alice Marie. Let's divide all our children into the smart, the average, and the dumb. Then let's do the same with the parents. If your children are too smart for you, let the state turn them over to smarter parents, while you take over

somebody's less intelligent offspring, and vice versa. All our families will then be neatly parcelled out, and everybody be given a fair shake.

You don't like the idea? But why not? Isn't this essentially what all the planners from Plato to Marx have been saying should be done? Don't you believe in "planned progress"? Isn't it the "liberal" thing to do?

Or do you persist in being a "reactionary"—like me!

CRIME TOLL MOUNTS

An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.

This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.

Department of Public Safety announced that in all categories, crime in 1959 was up 3.9 per cent from the previous year. Largest gain was in aggravated assault — up 22 per cent. Only robbery showed a decline.

WHO'S A SARDINE?

Some Maine fishermen are now using air curtains instead of deep-sea seines to capture the little fishes that fill two out of every three cans of sardines consumed in America.

Vessels equipped with air compressors and perforated hoses that may be dragged along the sea bottom, produce curtains of air bubbles rising to the surface that contain the fishes even more completely than nets. On meeting this curtain, fish turn in their course and swim along it. For some mysterious reason, they cannot be driven through it — even with an oar!

"Bubble fishing" is conducted by two ships lying stern to stern and to seaward of a school of sardines. The compressors are started and the vessels move apart forming a horseshoe curtain around the fish and pointed at the mouth of the permanent nets near the shore. With the air curtain completed, the sardines obligingly swim into the nets — from which they are loaded into the cannery boats.

This new technique is interesting for a number of reasons: It assures us of an ample supply of these succulent fishlets — even in Lent. It makes life easier for the fishermen — with no more heavy, cumbersome seines to handle and continuously mend.

Bubble fishing also reveals that sardines are more like people that we had thought. They, too, can be herded, directed and driven by air, the principal difference between us and the fishes being that the latter do not require hot air. The fishes, like us, go boldly about their business of garnering a living and insuring the perpetuation of their species — until they encounter the unfamiliar, which forms an impregnable, even though impalpable, barrier to further progress.

It's something to think about next time we open one of those 200 million annual cans of Maine sardines.

Ancient Babylonia, now part of Iraq, is believed by some scientists to have been the cradle of civilization.

HOW TO BOIL A FROG

The "Digester," employee magazine of the Union Bag-Camp Paper Corp., in its February, 1960, issue, carried a pithy item that explains why the American people have permitted "creeping inflation" to crawl over them. It compares the proper method of boiling a frog so that he gives not a single "croak," to the improper procedure of foisting inflation on this nation with scarcely a "croak" from a suffering citizenry. The "Digester" tells it this way:

The way to boil a frog and have him happy and content all through the process is to give the heat to him a little at a time. If you bring your water to a boil and pitch your frog into it, he'll jump out when the heat strikes him, that is, if he's an intelligent and lively frog.

So put him in "loo-warm" water. He'll relax and take a nap. When he wakes up, the water will be warm but not yet real hot. Mister Frog yawns and goes back to sleep. Then you increase the heat, but always by slow degrees with never any sharp and sudden changes. Finally, the temperature is really hot and you will boil your frog and he won't even know it.

The amorphous process they call inflation seems to us to be like that. Little by little, the dollar becomes smaller. If at one time and sharply, half of a man's dollars were taken from him, that would cause the frog to scream and to jump out of the water, perhaps. But it all happens so gradually and so little-by-little! And our reaction to the slow-boil treatment is very much like the frog's.

Spend Weekend in Houston Visiting

Weekend in Houston was enjoyed by Miss Dorothy Hartman and the Al Wiesmans, and Dorothy has a series of pictures she's showing of a happy time with her sister and family, the Ed Masons and Johnny, Kathy, Nancy and Barbara.

It was the Wiesman's get-acquainted visit with their granddaughter while they were with their son and daughter-in-law, the Kenneth Wiesmans. Dorothy also visited the John O'Dowds and has a picture of their new baby son Walter and pictures of the Wiesman's infant daughter Klair.

Henscheid Family Has Get-Together

An all-family reunion was held Sunday in the home of Mr. and Mrs. Rufus Henscheid who were hosts for a noon dinner party.

Mr. and Mrs. John Kelley and son Jeff and Mr. and Mrs. J. C. Darilek and daughter Kathy weekended here from Fort Worth with the ladies parents, Mr. and Mrs. Henry Henscheid, and joined them in the family gathering, along with Mr. and Mrs. Gerald Metzler and sons Mark, Jerry and Roy of Gainesville and Ted and Janie Henscheid from here.

Mr. Kelley and Mr. Darilek returned to Fort Worth Sunday evening and their wives and children remained for a visit to Wednesday.

Mrs. Gremminger Is Birthday Honoree

A happy birthday observance Sunday filled Mrs. Tony Gremminger's home with excitement and activity all day. Her grandchildren and their parents helped her celebrate bringing a decorated cake and a shower of gifts.

Mrs. Gremminger's birthday is March 23 but the observance was Sunday when the family could be together. The Bobby Howells came from Fort Worth and the Robert Mayers from Pilot Point and were joined by the Maurice Pagels from here.

Bulcher Club Has Program on Shrubs

Bulcher Home Demonstration Club held its regular meeting in the home of Mrs. Travis Whitt with Mrs. Paul Tracy giving the program on Native Shrubs and Trees. At roll call members answered by naming something native they have growing in their yards.

Mrs. August Hyman, president, conducted the business and read a letter from Bernice Thurman, county home demonstration agent, inviting the club to a hat making lesson to be held in the club building at Gainesville this week Friday, March 25.

It was also advised that the meeting on Social Security, scheduled for April 7 has been cancelled and another date will be set and announced. Mrs. Albert Fleitman reported on the last county council meeting.

After adjournment Mrs. Whitt served refreshments to Mmes. August Hyman, Paul Tracy, Gid Prather, Jesse Shields, Ernest Robison, Jim Sharp and Albert Fleitman.

Virgilla Schilling, Tommy Herr Set June 18 for Nuptial

—Boyd and Breeding Photo

Miss Virgilla Schilling and Tommy Herr have set their wedding date for June 18. The ceremony will be solemnized in Sacred Heart Church at 4 p.m. Parents of the couple are Mr. and Mrs. Frank Schilling and Mr. and Mrs. Frank Herr. Both young people are graduates of Sacred Heart High School. He served in the Navy three years and is employed here at Stockmen's Feed Store. She is a secretary for an insurance company in Gainesville.

Mrs. Wilde Hosts Idle Eight Club

Idle Eight Club members enjoyed their March social with Mrs. J. B. Wilde entertaining in her home. After a progressive 42 series she served a dessert plate and coffee.

Prizes in the games went to Mrs. Joe Luke who led the scoring, to Mrs. Joe Kathman who was second high and to Mrs. Joe Horn for the consolation win.

Two Share Honors At Birthday Party

A double birthday celebration at the home of Mr. and Mrs. J. C. Kirk Saturday evening had as honorees their son Tracy who was 4 March 19 and his granddaddy, M. J. Kirk of Forestburg, who was 66 March 20.

Both honorees received gifts which they displayed before supper. The guests also enjoyed seeing the Kirk's home. They moved recently from Muenster to route 4, Gainesville.

Other guests were Mrs. M. J. Kirk, the David Kirks and Becky, the Homer Fords and Charlotte, Rita and Debra, all of Forestburg, Mrs. W.P. Burton and Linda, Glenda, Larry, Brenda and Gay Nell of Electra and Tracy's sister, Toni.

Mrs. Burton and children spent the weekend in Forestburg with her parents, the M. J. Kirks.

CARD OF THANKS

Thanks and appreciation is hereby expressed for many kind and thoughtful deeds during my illness and stay in the hospital. The many expressions of thoughtfulness and help meant much to me and my family.

Albert B. Knabe

A man's alimentary canal is from 25 to 30 feet long.

Mrs. Herbert Fette Is Club Hostess

March meeting for the Progressive 42 Club was held with Mrs. Herbert Fette entertaining in her home.

Top prizes in the games went to Mrs. Buddy Yosten, a guest, who secured the high score and galloping awards. Mrs. Joe Trubenbach received the consolation award. One other guest was present, Mrs. Ed Endres, and the hostess served a dessert plate and coffee to 12. Mrs. R. N. Fette will be club hostess for April.

Betty Hoenig came home from Wichita Falls to spend the weekend with her parents and family, the Tony Hoenigs.

David Klement Is Fraternity Officer

From North Texas State College comes announcement that David Klement has been elected secretary of Lambda Chi Alpha, national social fraternity, for the spring semester.

David is a sophomore journalism major. He is the son of Mr. and Mrs. John Klement, route 2, Muenster.

Local News BRIEFS

Lillian and Corina Vogel of Fort Worth spent the weekend with their parents, the Joe Vogels, and when they returned Sunday afternoon Mrs. Vogel went with them. Corina had Monday off from Harris Hospital and the two drove to Dallas to visit the Don Mullers. They brought Mrs. Vogel home Tuesday and stopped in to see his parents, the Matt Mullers, before going back to Dallas.

Mrs. H. L. Herron of Deni-

son spent Tuesday visiting in Muenster, Lindsay and Gainesville. Her visit here was principally to see her father, Gus Knabe. It was a birthday visit because she can't be here Saturday when Mr. Knabe will be 84. At Lindsay Mrs. Herron visited her daughter and family, the Bernard Giebs and at Gainesville she visited Mrs. Joe Sicking.

John Mosman, accompanied by his brother, Rev. Fred Mosman of Dallas, visited their father, Fred Mosman in San Antonio Sunday in the home of their sister and brother-in-law, Mr. and Mrs. Bill Laux. Mr. Mosman Sr. has been on the sick list. The visitors left Saturday night and returned Sunday night.

Mr. and Mrs. Don Whitt vis-

ited over the weekend with their parents, Mr. and Mrs. W. B. Whitt and family. They are making their home in Fort Worth since Don finished his military service time. He was at Fort Benning, Ga., for basic and later at Fort Hood.

Mrs. Byron Sears is saying good-bye to Muenster this weekend and moving to Fort Worth. She'll have her own apartment in the new home of her daughter and family, the Sid Ecksteins.

Mrs. John Mosman, joined by her daughter Becky at Denton, drove to Dallas Sunday to attend the Christian Culture Series. They heard the Flying Nun

Piper Points to Record in Asking Return to Office

As we have an early election this year and because of my duties at the tax office, I will be unable to contact each voter personally.

I am seeking re-election as your tax assessor-collector upon my past record and personal qualifications.

I feel that I have been able to help thousands of people with their car title problems as well as giving special emphasis on strict accounting of the many thousands of dollars of Tax money coming through this office.

I appreciate the support given me in the past and assure you that I will continue the same policy of fair, courteous and impartial treatment to all.

Your vote and support in the Democratic Primary on May 7th is respectfully solicited.

Do Without Ads? We Could, But ---

(Panola Watchman)

We are grateful to E. D. Rushing, manager of the Carthage Piggly Wiggly for furnishing us with a newsletter from their main office in Florida. The letter brought out some wonderful points on advertising and we are printing the letter as follows:

We could do without advertising . . . We could, if we were willing to remain satisfied with the Model "T" car, flypaper and palm leaf fans (instead of air conditioners), and if we were willing to pay at least five times as much for poorer newspapers and magazines. We would have less trouble taking inventory. No advertising would eliminate several thousand items from our shelves and raise the cost of those we had left. This would automatically reduce our overhead costs; no supermarkets would be needed. Just corner grocery stores with credit and delivery, and an inventory of three or four hundred items. . . . We'd be sacking our own apples, too, and fishing pickles out of a brine barrel—crackers out of the old time cracker barrel.

Exaggerated? Well, for example: Elias Howe worked for decades to get the first sewing machine accepted. Morse worked just as long to introduce the telegraph. Murdock worked for many, many years to sell the public on using gaslight instead of the kerosene lamp.

Contrast this with the little known cosmetics company that spent \$1,800,000 on advertising in 1950 to secure \$10,000,000 in sales . . . in 1957, the company spent \$18,000,000 to secure \$96,000,000 in sales and became the leader in its field.

Beyond the sheer necessities of life people do not demand or buy products merely because they are available. They must first know about them and want them. Purchase does not in any large measure follow a need for the product. If people bought ONLY what they NEEDED in a store, the merchant would go broke! People spend most for what they DESIRE.

Advertising, if you want to express it this way, tells people what to desire. The quality that a manufacturer puts into his product, the distribution system that gets it on the shelves, the sales people that stand behind the counters, and the door-to-door hucksters — none of them — nor all of them put together, can sell more than a tiny fraction of the goods that are sold by ADVERTISING.

It's plain to see how Piggly Wiggly feels about advertising. We believe advertising is directly responsible for giving us the highest standard of living the world has ever known and is a prime motivating force that puts the drive in our economy.

And the most forceful argument of all: Advertising keeps everybody in business!

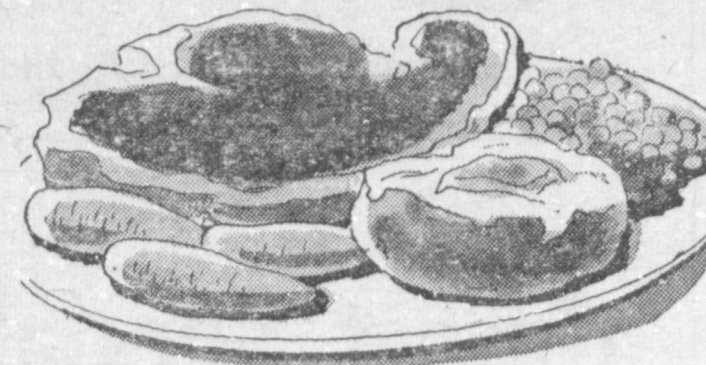

A trophy for top honors in economy, safety and performance in the annual Daytona Beach automotive trials is presented to Chevrolet General Manager Edward N. Cole, right, by L. W. Sweet, vice-president of the Pure Oil Company. The award was based on the "best all-around passenger car performance" of both standard and compact models of leading American cars.

The word alphabet comes two letters of the Greek alpha from "alpha" and "beta," first phabet.

Professor: "Give the chemical formula for water."
Student: "H I J K L M N O."
Professor: "Are you trying to be funny, young man?"
Student: "No, sir. That's what you told us: 'Water is H to O.'"

New Holland's Hayliner 67

is big news for farmers who want quality hay baling at an economical price.

This is the baler with New Holland Flow-Action feeding, field-proven knotters and 56 inch pickup that makes it easy for farmers to follow windrows. The low price of the Hayliner 67 was accomplished by subtracting some of the baler "extras" some operators demand.

SORRY! We're Closing

We have sincerely enjoyed our association with the people of this community since we opened our Muenster store one year ago this month; so it is with regret that we have decided to close this store Saturday, March 26.

We feel that having all our merchandise together under one roof will be an advantage to our customers as well as to us. We will turn all our efforts into making our new store in Gainesville much bigger and better than ever before.

We invite our friends here and in the surrounding area to continue to shop with us for bargains to which you have become accustomed.

We are happy to announce that our store manager, Mrs. John Huchton, will continue with us in our new store.

Young Jay North, who plays "Dennis the Menace" in the popular CBS-TV series, takes time out from his usual antics to join in the Spring Clean-Up fire prevention campaign of the nation's nearly four-million Junior Fire Marshals. Jay and elementary-school youngsters in thousands of communities are attaching reminder tags listing Spring Clean-Up fire safety tips to doorknobs of homes across the country. The door-tagging project is part of the year-round Junior Fire Marshal program sponsored as a public service by the Hartford Fire Insurance Company. Here Dennis checks fire precautions with his arch-friend and neighbor, Mr. Wilson (Joseph Kearns).

7 Muensterites at Legion Open House

Six Gold Star parents from Muenster were among special guests Sunday at a celebration observing the 41st birthday of Dennis-Anderson Legion Post at Gainesville. The open house party was held at the Post House.

Attending from here were Mr. and Mrs. R. R. Endres, Mrs. M. J. Endres, Mrs. Henry Fette, Mrs. Leo Moster and Mrs. Henry Streng.

The afternoon's program consisted of welcome and a brief history of American Legion by Commander Hoyt Tiller, an address by Carroll Sullivan, entertainment by Red Gordon and his troupe and refreshments of punch and birthday cake.

Mrs. Rosalie Trubanbach also attended, going with Mrs. Streng, and the others from here visited afterwards with the Alec and Walter Pultes.

Charlotte Charms Audience on TV

Nearly all television sets hereabouts were on channel 12 Wednesday from 12:30 to 1 p.m. so folks could see Charlotte Wolf on her first TV appearance — and they weren't disappointed. She charmed her audience.

Charlotte performed like a veteran. She never missed a cue or stumbled over a word in more than ten minutes of talk and demonstration. She was preparing a school lunch box for which she concocted a cheese spread while she gave the recipe and explained the nutrients in milk products. She did likewise while preparing a chocolate milk drink.

It was the demonstration Charlotte won first place on in 4-H Cooke County contests and which she will give again in district competition.

The program was presented on Station KXII-TV, Denison-Sherman.

Tips From Your Hatchery
 Phone 63

Better guard that "Garden Sars", that's just coming up against cutworms. Bug-Geta or Chlordane either one will get 'em. If you really care about your cabbage you will protect it with Sabadilla dust. It's non-poisonous and will head off lice and cabbage worms. If you like NON-wormy peaches better spray yours soon after blossoms are out, (not a guarantee against late freezes).

Got a new supply of Sulmet, its a double-barrel protection for those baby calves, (good for their mamas too). That little blue flowered weed is making a strong attack on some otherwise pretty lawns. Weed-B-Gon when diligently applied gets the job done. Follow this up with liquid fertilizer and your lawn will keep you busy with that lawn mower. Clive

CARD OF THANKS

The thoughtfulness of many Muenster friends who remembered me on my first birthday away from them in over 40 years leaves me with a grateful heart. Likewise I am grateful for the parting gifts before leaving for Jonesboro and send you all my sincerest thanks.
 Miss Margaret Simons

BRIDGES TOO LOW

State Highway Department Engineers are faced with the task of re-designing bridges for the interstate highways to conform with a U. S. Defense Department requirement for a 16-foot clearance.

Texas has 254 bridges in the interstate system which do not meet the newly announced overhead clearance requirement.

U. S. Bureau of Public Roads, which works with the Highway Department in planning the joint federal and state road system, has specified only a 14.5 foot clearance.

Bridges cost approximately \$140,000 apiece, and re-designing to meet the new standards would cost about 55 per cent of the original cost. By-passes for transport of missiles and other defense equipment are being considered.

Muenster

Sunday afternoon visitors with Mr. and Mrs. Jim Shiftlet were his sister and brother-in-law, Mr. and Mrs. J. W. Fletcher of Muenster and the Reagan Shiftlets and son Larry of Dallas.

Rev. Henry Mozingo was here for his regular Sunday appointment at the Baptist Church. Coming with him from Gainesville were Mrs. Mozingo and their daughter Shirley and Rev. and Mrs. J. I. Clinton.

Edd Eastin of Gainesville was the honoree Sunday at a birthday dinner party in the home of Mr. and Mrs. B. G. Lyons. It was a surprise event arranged by the Lyons' granddaughter, Miss Dolores Grant of Denton. Bringing the food for a sumptuous meal were Mrs. Marie Stiles and Mrs. Vivian Maupin. Others present were Mr. and Mrs. Beverly Eastin and Mr. and Mrs. Bill Pace of Gainesville. The group presented a shower of gifts to the honor guest.

Mrs. Bo Snow returned to Mineral Wells Saturday after spending a week with her parents, Mr. and Mrs. W. F. Davidson, while her husband was in Fresno, Calif., at the bedside of his brother, Glenn Snow, Glenn was thought to be improving when Bo and another brother Joe Snow left there. He died suddenly Sunday morning, two days after the brothers returned home.

IT HAPPENED 20 YEARS AGO
March 22, 1940

Formal opening of New Bank Building will be held Monday; beautiful structure is monument to 16 years of community service; the open house program will be an all-day affair. Muenster and Coppertown both poll large majorities in favor of school consolidation. Soil conservation district for Muenster fails to get approval by 25 votes. City hauls away 18 loads of junk in clean-up. Parish observes Holy Week with traditional services. The J. P. Flusche family moves back to Muenster after living in Pilot Point two years. Joe Horn has bought the Ed Eberhart house in the west part of town but no immediate

moves are connected with the buy; the Frank Herrs will continue living on the place. R. M. Zipper has bought the former Mary Kessler property. The Johnny Klements announce the arrival of David.

15 YEARS AGO
March 23, 1945

Sgt. Lawrence Felderhoff is casualty of Luzon Island; memorial services with military rites will be held here. Cloudburst and hail hit storm-harrassed community Sunday. Sgt. Elmer Fette is here on leave coming from Saipan. Tony Hacker helps liberate Bataan and wins decoration. Cpl. Rody Klement wins bronze star for heroic service as a tank bow gunner with the Fourth Armoured Division in Germany. J. W. Hess is re-elected president of St. Joseph's Society. Lindsay is first to reach Red Cross goal in current drive. Sgt. Herbie Herr, wounded in action in Luxembourg, writes from convalescent hospital in England. PFC Herman Stoffels receives purple heart decoration for injuries in Germany and is back on duty with his company. Ray Wilde writes of arrival in Germany. Arnie Muller writes from France.

10 YEARS AGO
March 24, 1950

Time lost during bad weather delays opening of new Relax Theatre. Red Cross total reaches \$400 as drive ends; still need \$75 to make quota. St. Joseph's Society re-elects R. R. Endres president. Quick

GEO. J. Carroll & SON

Japan for return to the states. Strong wind scatters small buildings in Lindsay area but causes no injuries. Mrs. Richard Grewing is new president of VFW Auxiliary. Nautical operetta with all-boy cast gets big hand; audience cheers "Pinafore" by SH seventh and eighth graders. St. Joseph's Society elects George Bayer president. Juanita Wieler is new FHA president.

NOTES FROM CITY LIBRARY

From Cooke County Library, as a contribution to a branch library, comes an annual subscription to Popular Mechanics. The March 1960 issue is now

at Muenster Library. In this issue 28 pages are devoted to boating. Other interesting features concern Miracles of the Atoms telling of power ready to unlock a treasure chest of arctic oil, dig open an Alaska harbor and open the spigot for Colorado's shale, etc.

Other stories are on the Comet—first of the big small cars; on X-ray detectives; on Resarch from a firm that has tackled more than 60,000 problems, and on home crafts. Stop at the library and enjoy this and any of the other magazines available including Time, Extension, McCall's, Life, Look, Reader's Digest, Catholic Digest, Family Digest, farm magazines and civic magazines.

Benefit Bake Sale And Reception On Society Calendar

St. Anne Society members, in their March meeting, set two dates for coming events — a benefit bake sale this Saturday, March 26, and the annual breakfast and reception ceremony for the Sunday after Easter, April 24.

The breakfast will honor candidates and 50-year members of the organization and will be held in the Parish Hall dining room with husbands as guests after mass. The reception will be an afternoon service. A new candidate for membership was introduced at the meeting. She is Mrs. W. H. Blake.

Business was conducted by Mrs. Fred Knabe and Father Martin Fischer was present. About 70 members attended. The meeting followed a joint program with members of St. Joseph's Society.

CARD OF THANKS

Words don't come easy at a time like this when there are so many kindnesses and favors to say thank you for. The many get-well cards and the shower of birthday greetings, the prayers and visits and other thoughtful deeds meant much to me and I am more grateful than I can say. My family joins me in saying thanks for every remembrance.

Mrs. Ferd Luttmier

Local News BRIEFS

Attending the horse races was fun but Hot Springs was too crowded with people, according to Mr. and Mrs. Ray Evans, Mrs. J. C. Trachta and Mrs. R. T. Brock who returned Sunday after a week's vacation in that Arkansas city.

An unexpected family reunion developed Sunday at the home of Mr. and Mrs. C. L. Williams at Bonita when one after another of their children stopped in while they were out driving. Together during the afternoon were Mr. and Mrs. Henry Huchton, Mr. and Mrs. John Huchton and children accompanied by Robert Walterscheid, Mr. and Mrs. C. L. Williams Jr. and daughter, all from here, Mr. and Mrs. Ray Tempel of Gainesville, and Mrs. Jackie Aytes and children including Mr. and Mrs. Dean Forney and their baby son of Myra.

Fishing and hunting and a picnic dinner added to weekend enjoyment here for Ann Luke of Dallas who was the guest of her parents, the Henry Lukes, Saturday through Monday. The outing was a Sunday event at the Luke farm with Alphonse and Miss Theresia Luke and Mr. and Mrs. Paul Luke and children Ken and Ruthie completing the party.

Joe Trachta and Hugh Lee Tuggle enjoyed Sunday's Spring weather by driving around and ended up visiting Father Patrick Hannon in Fort Worth.

Recent visitors with the Clarence Hellmans were their daughter Mary Nell and family, Mr. and Mrs. C. J. Newman and two little girls, Jill Ann and Penny Gayle, of Wichita Falls. It was month old Penny's first visit in Muenster to get acquainted with her mama's relatives.

Visiting the Clarence Hellmans Tuesday was R. G. Anderson of Wichita Falls. Clarence works for Mr. Anderson's oil company.

Friends made it a happy birthday March 19 for Gertie Esker, dropping in at her home with gifts and greetings and sending birthday cards. Among gifts was a big decorated cake.

Weekend visitors with the Ben Lukes were the Harold Lukes and family of Arlington, Gene Luke of Denton and Miss Edith Jackson of Fort Worth.

Seeing their daughter and granddaughter model in a style show was an added pleasure for Mr. and Mrs. Joe Hoenig when they visited in Ballinger with the Kenneth Cottle family. Mrs. Cottle and Dianna took part in the style show which was sponsored by the Women's Club. The Hoenigs returned Saturday evening after being away since Thursday.

Visiting with Mrs. Mack Smith and Ruth are their niece and cousin, Mrs. E. O. Wildgrube of Houma, La., and her niece Mrs. Augusta Huth of Bowie.

Mr. and Mrs. Ramie Hesse have named their baby daughter Donna. Christening services were held Sunday afternoon with her grandparents, Mr. and Mrs. J. J. Haverkamp as godparents.

Ivan Koelzer, based at the Naval Air Station at Kingsville, had a weekend pass and came home to spend it with his family, the George Koelzers.

Mr. and Mrs. Bill Derichsweiler and daughters Dolores and Kathy spent the weekend with the Irvan Derichsweilers and helped them move from Dallas to Louisville where Irvan and his family are getting settled in a new home they bought.

Emma Fisher and Mary Pick of Fort Worth weekended with their parents, the Charlie Fishers and Henry Picks.

The John Fishers and Rose Mary and the Joe Fishers and Theresa and JoAnn drove to Wichita Falls to spend Sunday with Sgt. and Mrs. Joe Galowly and daughters Jonann and Mary Ellen.

The Teddy Gremmingers and children of Garland were weekend visitors with their families, the Ted Gremmingers and Victor Hartmans. Other visitors with the Hartmans Sunday and Monday were their daughter and grandchildren, Mrs. Keith Thompkins and her youngsters from Fort Worth. The children had a holiday from classes Monday. No school on account of St. Benedict's feast day.

Strolling through department stores, eating out and sight-seeing occupied Mrs. John Huchton and Mrs. George Bugg of Gainesville in Fort Worth Monday when they accompanied their husbands to Fort Worth on a business trip.

Burt Hamric and a friend, Dick Wastoneese, both of the University of Oklahoma, were here as weekend guests of Burt's parents, the Ervin Hamrics.

Today there are about 291,000 nautical miles of submarine cables, enough to go around the globe 13 times.

SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

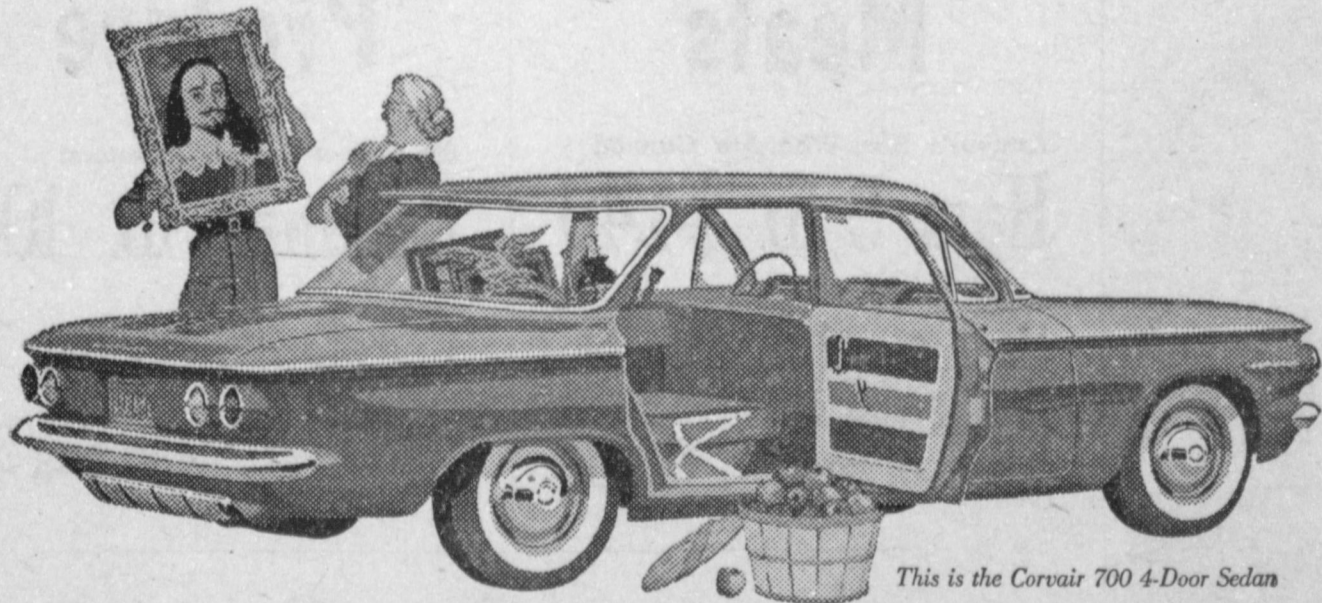

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment ... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one ... soon.

For economical transportation— **corvair** BY CHEVROLET

This is the Corvair 700 4-Door Sedan

Government in ANY Business Endangers ALL Business!

Government in any business endangers all business. Government in business escapes many normal obligations ... pays no taxes, little or no interest, and spends tax money that is needed for normal government services.

The government is in the electric power business now and present plans will put it in the electric power business deeper ... at the expense of the taxpayer. If the government can make and sell electricity, it can do likewise with shoes, groceries, automobiles, or anything else you need for everyday living.

Government regulation of private business is the democratic way ... but government competition with private business is a ruinous idea taken from the Socialistic doctrines of Europe. Every nation that has followed the Socialistic patterns has in time faded into oblivion.

TP&L is a business-managed, investor-owned, tax-paying electric service company adequately and economically supplying the electrical needs of the area it serves without government funds of any kind.

TEXAS POWER & LIGHT COMPANY

Mr. and Mrs. Vincent Zimmerman and children drove to Dallas Sunday for a visit with his sister, Sister Dorothy Theresa who is superior at St. Joseph's Academy.

Lindsay News

S.Sgt. and Mrs. Ernest Arendt of Lawton, Okla., spent three days this week here with his parents, the Paul Arendts Sr., and together they went to see all the relationship in Cooke County. The visitors returned home Wednesday.

Mr. and Mrs. Leo Cutaia of Dallas here Thursday visitors with her mother, Mrs. Joe Bezner, and were dinner guests in the home of her sister and family, the Bruno Zimmerers.

Marlene Bezner who is on the nursing staff at St. Joseph's Hospital in Fort Worth spent the weekend with her parents, the William Bezners.

Mrs. H. L. Herron of Denison was here Tuesday for a visit with her daughter and family, the Bernard Giebs.

Ethel Sandmann accompanied her sister and family, the

FACING UP TO THINGS—Dwarfed by his creation, sculptor Assen Peikov, in Pistoia, Italy, works on a giant head of Renaissance genius Leonardo da Vinci. The clay head when finished will be cast in bronze for Rome's new airport.

George Bayers of Muenster to Jonesboro, Ark., to witness ceremonies at Holy Angels Convent Monday when the Bayers' daughter, Dorothy Mae, received her black veil and became Sister Augusta.

Mr. and Mrs. Henry Hess have word from their son in the service, Lambert Hess, telling them he is settled for training at Fort Knox, Ky. After eight weeks of basic training he'll be home on leave, he said. He has discovered that Buddy Heinzman is also at Fort Knox and intends to look him up. Lambert's address — and he'll enjoy hearing from friends — is RCT Lambert F. Hess, N.G. 25-918-712; Co. C, 13th Bn. Trg. Regt. Inf., U.S.A. T.C.A., Fort Knox, Ky.

Announcement has been made of the approaching marriage of Richard Klement, son of Mr. and Mrs. Albert Klement, and Miss Jere Warren of Dallas. The couple will pledge vows in St. Peter's Church on April 2 and will make their home on a farm at Lindsay. Richard was formerly employed in Dallas.

Mrs. J. C. Schmidtkofer is reported feeling fine again after quite a sick spell and a trip to the hospital where X-rays and so forth revealed a kidney stone. After medication and observation she was dismissed from Gainesville Sanitarium and permitted to return home.

First visit back to Cooke County in three years was a real pleasure for Mrs. Joe Neu, formerly of Lindsay, who came from California with her son, Mike Neu. They have returned home after a week filled with visiting relatives and friends. Mrs. Neu, who is 88, loves traveling and visiting and was especially happy to get acquainted with her new grandchildren and great-grandchildren who have joined the family since her last visit.

Confetti --- fire calls unless it receives adequate compensation as well as immunity from liability in case of accident.

Summer is coming and grass fires can be expected again. Perhaps fire will break out in a rural home, and someone will be disappointed when a call for help is not heeded.

That disappointment can be avoided, however. And the most effective way is for farmers of the area to use their influence with the commissioners court toward working out a reasonable arrangement. It can be done. We hope it is done before someone has reason to regret.

The Abacus, one of the earliest forms of calculating machines, is still widely used in India, China and Japan.

To Jonesboro ---

are Mr. and Mrs. Lawrence Vogel; Betty Fisher, now Sister Irene, daughter of Mr. and Mrs. Paul Fisher; Dorothy Mae Bayer, Sister Augusta, daughter of Mr. and Mrs. George Bayer; and Gloria Yosten, Sister Celeste, daughter of Mr. and Mrs. Felix Yosten.

Another of the three girls invested in known here. She is Margaret Fetsch, daughter of Mr. and Mrs. Leo Fetsch of Rhineland. Five other girls besides Muenster's four made triennial vows.

In the delegation at Jonesboro were Mr. and Mrs. John H. Wimmer and daughters Shirley and Mary and Mrs. Gertrude Bayer; Mr. and Mrs. George Bayer and children Cletus and Cheryl, accompanied by her sister, Miss Ethel Sandmann of Lindsay, and this group also visited with the Bayers' other two daughters, Junorette Ruth Bayer and Sister Lucille who was there from Lake Arthur, La.

Paul Fisher and children Donny, Herbie, Rita and Linda and Joe Fisher Sr. stopped at Subiaco to be joined by William Fisher in attendance at the ceremonies. They also enjoyed seeing Sister Cynthia (Lillian Fisher — William's twin).

Mr. and Mrs. Lawrence Vogel and Carla and Mr. and Mrs. Ray Vogel went especially to see Sister Gemma. And Faye Fette was there to visit her daughter, Juniorate Kay Fette.

Mr. and Mrs. Felix Yosten and children Cyril, Tommy and Monica and Mrs. John Fleitman witnessed the ceremonies, then visited Sister Celeste and the Yosten's other daughter, Juniorate Bernadette.

Two cars traveling together enjoyed a side trip to Hot Springs on the way home. In this group were Sister Leonarda and Sister Carmelita and the latter had a happy visit with her parents and her brother Raymond while James Eckart visited his daughter, Sister Lorraine who is in nurses training at St. Joseph's Hospital and the group of young people enjoyed sight-seeing including the race tracks.

The young group consisted of Margie and Lois Owen (who visited with their sister, Sister Dorothy, at Jonesboro from Little Rock), Karen Endres, Veronica Hess, Charlotte Wolf, Janice Vogel, Carol Henscheid, Patsy Streng, Patsy Fette, Kathleen Knabe, Mary Knabe, Patsy Zimmerer, Evelyn Fetsch, Kathy Trubenbach and Rita Noggler.

Reunions were taking place all over the convent and old friends greeted each other. Among those sending greetings back are Father Louis Deuster, the Felderhoff Sisters, Sister Bertha, Sister Eymard, Miss Maggie Simons and others.

A certain species of ant cultivates grass around its hill, harvests the seeds and stores them away for food.

At New Station
Walter (Dukie) Fette, naval airman, writes of getting settled at his new station on Widbey Island, Oak Harbor, Wash-

ington. He's starting specialized study after basic training at San Diego, Calif., with a leave at home before transfer.
