

MUENSTER ENTERPRISE

VOLUME XIII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY APRIL 8, 1949

NUMBER 20

As usual the mention of new developments in the new church plan brings on mingled sentiments of enthusiasm and dismay.

That's where the dismay begins. Everybody likes the idea of a big, beautiful and well constructed building, but not nearly everybody likes the idea of shelling out that much money.

So here we are strangling on a big figure and apparently losing sight of how thin it will spread when extended over a period of several years.

First of all, let's remember that approximately \$150,000 is already on hand. Then let's remember that the parish has more than 300 families to raise the remaining \$300,000.

Another way to figure the amount is on the basis of tithes such as were in effect in Old Testament times. Suppose every person in the parish resolved that until the church is completely paid off he will give a full tenth of his income to church support.

Two events of tremendous importance took place this week. One received intensive, nation wide attention, the other was hardly noticed.

The other important event, which, as far as this writer knows, received no attention whatever, is the loss of 10,000 acres of American topsoil.

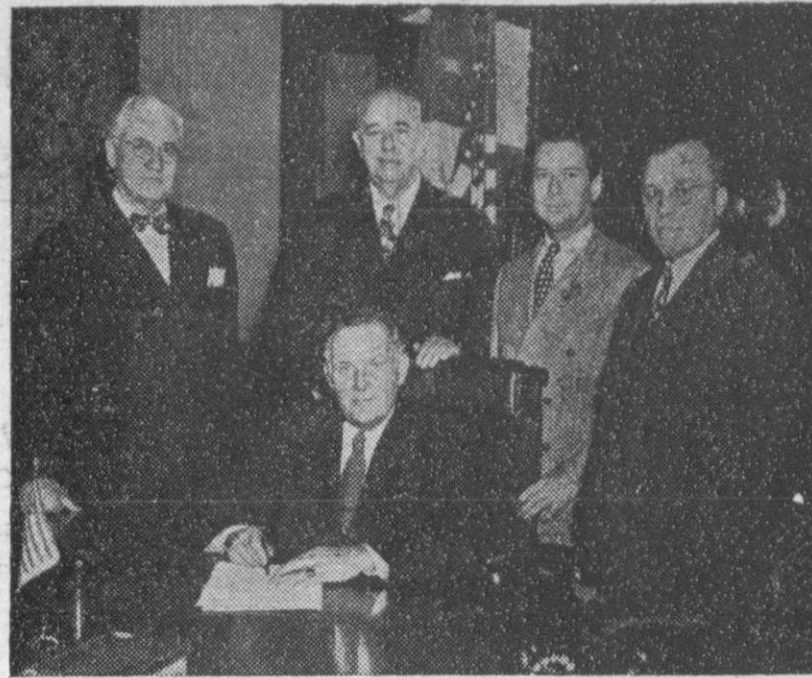

It seems that a catastrophe has to be sudden and unusual to arouse our attention. If it happens again and again, week after week, we simply take it for granted and continue on our unconcerned way.

Suppose this ravage of nature had confined its effect to one certain locality and reduced 4000 victims to sudden destitution. We know how the country would have responded.

What's more, the process goes on week after week. Each 7 days 4000 people of a future generation are being deprived of their sustenance.

In his address here on Rural Electrification Day A. C. Spencer presented the cold facts upon which the foregoing estimates are based.

Agricultural experts estimate that 2 1/2 acres of soil are required to support every person. So far that's all right, because we happen to have 3 acres per person.

Urging all Texans to support "the mighty effort now being made by the American Cancer Society" to defeat cancer, Governor Beauford Jester has declared April as Cancer Control Month in Texas.

Muenster Reaches 82 Per Cent of Quota In Red Cross Drive

The total of this community's 1949 Red Cross contributions is \$390.85, according to a statement released this week by Mrs. Ervin Hamric, chairman for the current drive.

Though short of Muenster's \$475 quota, the figure represents a better than average response by comparison with that raised by the rest of Cooke County.

Local donations reached slightly more than 82 per cent of their goal. A report by County Red Cross office on April 4 indicated that receipts up to that date were above \$7100 toward a county goal of \$10,000.

Donations received by Mrs. Hamric in the two days following her latest report to the Enterprise amounted to \$19.30.

Donors and their contributions are: \$3 - Mrs. Jess Mitchell, Mrs. Effie Hembree, Ed Helton.

\$2 - Elfreda Luke, W. B. Wylie.

\$1 - Alfons Luke, R. M. Zipper, Weldon Cowan, Henry Fette, J. A. Travis, Mrs. R. B. Shelton.

30c - Frank Stoffels.

SOFTBALL TEAM LOSES OPENER TO CALLISBURG

Softball players of the Muenster Independent School got a bad start last Friday when they dropped their season opener to Callisburg by a 10 to 7 score.

The game was played here. A return game will be played at Callisburg on Friday the 8th.

Mrs. Joe Linn visited in Bonham last week with her mother, Mrs. N. T. Clark, who celebrated her 72nd birthday.

Muenster Faces Choice of Good School or No School

The Muenster school district will soon be confronted with a choice of raising its standard to a first class accredited school or losing the school altogether.

That was the opinion submitted last week Friday by T. M. Trimble, first assistant state superintendent to members of the Muenster school board.

Those who drove to Austin for the special conference were Albert Henschel, E. S. Lawson, C. M. Walterscheid and Rudy Hellman.

Trimble warned the group that the time is fast approaching when schools will have to qualify for first class rating or be absorbed by other schools that do qualify.

His opinion was based on the probability that currently brewing school legislation will include a provision whereby county or state school boards will

Building and Improvement Notes

Three new homes are currently under construction in Muenster. One is just started, the other about half finished and the third nearing completion.

Foundation concrete was poured Wednesday for Maurice Pagle's house adjoining Jerome Pagle.

John Moster's house east of Emmet Fette has framework completed and work on the inside is well under way.

Joe Trachta's house adjoining Bill Henschel is now receiving its finishing touches.

Other repairs and improvements in progress include a new roof for the K of C hall and interior work in 5 homes. Ed Hess, Frank Schilling, Henry Streng and Henry Fuhrmann are all having repair and repaper jobs. Emmet Fette has moved a partition and is touching up the walls with paint.

A new sidewalk at Ben Seyler's garage replaces the old broken one that had been there for the past 20 years or longer.

The community's annual Easter Monday bazaar and dance is sponsored this year by the Sacred Heart P-TA athletic committee.

Members in charge of the event have stated that the program includes plenty of entertainment for all age groups and an abundance of food and cold drinks.

The party will begin at 1 o'clock in the K of C hall and continue during the evening hours. At 8:30 a dance will supplement other entertainment features.

Proceeds from the benefit will be applied to the Hornets' athletic fund.

Athletic Committee Plans Easter Monday Benefit For Hornets

The community's annual Easter Monday bazaar and dance is sponsored this year by the Sacred Heart P-TA athletic committee.

Members in charge of the event have stated that the program includes plenty of entertainment for all age groups and an abundance of food and cold drinks.

The party will begin at 1 o'clock in the K of C hall and continue during the evening hours. At 8:30 a dance will supplement other entertainment features.

Proceeds from the benefit will be applied to the Hornets' athletic fund.

Good Local Support Puts Ben Seyler on County School Board

Voters of the Muenster school district turned out strong Saturday to place their representative on the county school board. Their tally of 203 votes gave Ben Seyler a sweeping lead over both of his opponents on the ticket.

A total of 247 votes were cast at the public school. Of those Seyler received 203, Monroe 2 and Ward 1 in the contest for Precinct 4 member on the County board. The other votes were cast for the position of Precinct 3 member on the county board.

The race for trustees on the Muenster school board was as follows: Tony Walterscheid, 237; Arthur Hellman, 181; Jerome Pagle, 176.

Stockholders Okay New Stock Issue for Telephone Company

The Muenster Telephone company got a new lease on life Friday night when stockholders in a special session approved the sale of additional capital stock to pull the company through its present financial strain and also provide necessary repairs and improvements to restore it to a good serviceable condition.

Additional capitalization in the amount of \$17,800 was approved. If fully subscribed it will raise the total capitalization of the company to \$25,000. The present capitalization, which was set in the company's early days, is \$7,200.

The refinancing plan was subject to the approval of holders of two thirds of the company's present stock, and directors had to call a second meeting before they were able to get the required number of votes. On their first attempt they had slightly more than half the stock represented. On their second attempt they issued a warning that failure of stockholders to attend would force them to turn the business over to its creditors.

With the additional capital directors are confident they can restore the company to a sound financial basis. Besides retiring outstanding debts and furnishing needed equipment it will leave a comfortable operating capital.

The company's difficulties resulted from heavy unexpected expenses during the past half year. Already obligated for new equipment and property the company had heavy expenses in one line moving job and two line repair jobs after ice storms. Operating previously on a low rate it had failed to accumulate a sufficient reserve. Higher rates effective since the first of the year are considered adequate to build up a reserve in the future.

TRIBUTE AT NTSC DEDICATION INCLUDES LOCAL WAR VICTIM

DENTON.—Tribute was paid to 147 former students of North Texas State College who gave their lives in World Wars I and II as the new NTSC memorial student union building was dedicated Thursday, March 31.

Included on the list of ex-students honored was M. J. Endres, Jr., son of Mrs. M. J. Endres, Muenster.

Names of the Gold Star ex-students are listed on a bronze memorial plaque located in the foyer of the new union building. A lamp lighted during the ceremony will burn continuously over the plaque.

The ceremonies highlighted the first annual "North Texas Day", held this year on the 50th anniversary of the signing of the legislative act providing for NTSC's establishment as a state institution.

Captain Christopher Fette of Savannah, Ga., spent Friday night and Saturday morning here with relatives. He had been in Tucson, Ariz., on special duty.

Jimmy Montgomery, 14, above, gets a big kick out of riding in the cab of a New York Central train on his way to New York for a week-long visit.

News Of Sick And Injured

P. J. Rollman returned home Tuesday after a month at veterans hospital in McKinney where he underwent major surgery.

Rudy Joe, young son of Mr. and Mrs. Rudy Hellman, broke his left arm at the wrist Saturday when he took a tumble with his bicycle.

Harvey Schmitt returned to classes at Sacred Heart school Friday after being absent since the middle of January when he sustained a broken leg in a fall on the ice. He is the son of Mr. and Mrs. Al Schmitt.

Johnny Sicking was permitted to leave Gainesville sanitarium Monday and is convalescing at his home. He was hospitalized ten days for tetanus infection following a foot injury.

Miss Elizabeth Fleitman was dismissed from M&S hospital in Gainesville Friday following minor surgery performed on Thursday.

Mrs. R. D. Morris, route 3, was admitted to Gainesville sanitarium Monday for treatment. Mrs. J. H. Lyons, route 3, is a medical patient at Gainesville sanitarium since Monday.

Mrs. Ray Hudson of Myra underwent surgery at M&S hospital in Gainesville Tuesday morning.

Mr. and Mrs. Ray Otto moved during the weekend to occupy the former home of the late Mrs. Theo Wiesman. At the same time Mr. and Mrs. Harvey Grammer moved from an apartment at Mrs. Maggie Schumacher's to Arnold Rohmer's garage apartment vacated by the Ottos.

Hottest Election in City History Favors Hoffman for Mayor

John J. Hoffman, superintendent of the Muenster Independent School, became Muenster's new mayor Tuesday in the hottest municipal election of the city's history. By a count of 109 to 90 he defeated J. M. Weinzapfel, candidate for re-election.

In the same election Dick Cain returned to the city council with a decision of 116 to 81 over Joe Knabe and Urban Endres and Rudy Hellman coasted in without opposition.

Within ten days the race developed from one of the coldest to the hottest of the city's record. For several weeks before the legal deadline to qualify for a place on the official ballot not one of the candidates had announced. Every one of the six placed his name on the ticket after noon of the last day. Even then the race was run more by supporters than by the candidates themselves. Friends got out and herded in the votes while Hoffman and Weinzapfel both let the election take its course.

Only one other contest aroused a comparable interest here. That was the 1937 race between Mayor M. J. Endres and Ben Seyler in which Endres was re-elected 99 to 43.

As a result of Tuesday's vote the next city council will be divided 50-50 between old and new members. Ben Seyler and John Wieler will serve the second year of their terms and Dick Cain continues in office. Of those replaced J. A. Fisher has had the longest continuous service. He entered office in 1935, Weinzapfel and Andy Hofbauer have served since 1943.

Scholastic Count is 521

The final tally in the scholastic census of the Muenster Independent School District is 521 according to the report submitted on April 1 by John J. Hoffman. It represents a decrease of slightly less than 1 per cent from last year's total of 525.

Schedule of Coming Events

THURSDAY, APRIL 7, Community Council meeting, parish hall, 8 p.m.

FRIDAY, APRIL 8, Civic League and Garden Club meeting, in the Public school at 3:15.

FRIDAY, APRIL 8, Catholic Daughters meeting, K of C hall, after Lenten devotions.

SUNDAY, APRIL 10, NCCW meeting, parish hall, following afternoon church services.

TUESDAY, APRIL 12, VFW meeting, installation of officers, in the club room, 8 p.m.

NT WAR DEAD HONORED—Veterans of World Wars I and II examine a plaque listing names of North Texas State College ex-students honored Thursday as a new memorial student union building was dedicated.

Mr and Mrs Frank Schoech of Dallas and Mr. and Mrs. Glenn Davidson of California, visited here last Sunday with the L. A. Schoech and Hacker families and Mrs. M. J. Endres. Mrs. Davidson is remembered as the former Miss Emma Roederer.

PROGRESS IN STEEL PRODUCTION

DISCOVERY OF IRON
IRON—according to legend—was discovered by primitive man in campfire embers or in meteorites. Iron tools were used in constructing the Pyramids about 3000 B.C. The ancients produced iron in fires built on the windward side of banks, or in pits or rock furnaces, using bellows.

EARLY IRON FURNACE
In 1645, the first successful blast furnace in America went into operation at Lynn, Mass. The initial casting was a crude kettle. TODAY—huge blast, open hearth, bessemer and electric furnaces in the U.S. can surpass iron and steel production of the rest of the world. Hundreds of patented inventions have poured greater productive efficiency into this mighty mold of progress.

AMERICA'S FIRST IRON CASTING
More than 40 per cent of all factory workers in this country earn their living by making and forming steel into useful products.

Invented by a young mother who got her idea while feeding her own two youngsters, this handy new patented gadget gives housewives more time for other duties when Baby is having its milk. Known as the "ther-nor" bottle holder, the device has a flexible arm which can be fastened to crib, play pen, high chair or carriage for the convenience of the ultimate consumer. Rigid enough to hold the bottle firmly in any position, it is said to be an aid in teaching Baby independence and coordination. The stainless steel bottle clamp fits all standard baby bottles. The crib clamp is padded to protect furniture—National Patent Council.

DISTRICT MEETING OF STATE LEAGUE TO BE HELD HERE APRIL 24

Members of the North Texas District of the Catholic State League of Texas will meet in Muenster for the spring district meeting on Sunday, April 24, R. R. Endres, president, announced the latter part of last week. The meeting will begin at 1:30 in the parish hall.

The "Catholic Day" program at 2:30 will feature C. K. Walsh of Wichita Falls as the principal speaker. There will also be speakers from the men's section, the women's section, the youth section and the insurance department of the league's state headquarters.

A parish picnic with games and refreshments will follow the league's program.

This half-and-half blouse worn by Elaine Starr shows how "perma starch," newly patented plastic product, saves wear and tear on cotton cloth. In laboratory tests, it was laundered 80 times in a washing machine. One side, starched with ordinary starch after each washing, came out looking like a mecca for moths. The other, dipped every eighth washing in "perma starch," emerged without a worn spot.

Teddy Gremminger, Niel Fisher, Melvin and Ronnie Herr and Alvin Hartman were in Fort Worth Sunday to see the Cats play the Brooklyn Dodgers.

Mr. and Mrs. E. M. Shiflet and son of Pilot Point spent Sunday here at the J. W. Fletcher home and Mrs. F. M. Shiflet accompanied them back home to spend the summer with her son and family after spending the winter here with her daughter, Mrs. Fletcher.

Mr. and Mrs. R. P. Cain had as their guest Monday her mother, Mrs. Zena Martin of Saint Jo.

LOCAL NEWS BRIEFS

Mr. and Mrs. Ed McKinney and sons were in Duncan, Okla., Saturday for a visit with relatives.

Miss Tootsie Jones spent the weekend in Gainesville with her grandmother, Mrs. John Morgan.

Bert Fisch and son, Jerry, of Fort Worth, spent Sunday here with his mother, Mrs. J. P. Fisch and sister Mrs. M. J. Endres.

Weekend guests at the home

"Little Miss Hopeful" is Bette Jean Bligh of Custer, South Dakota, poster girl for the 1949 Easter Seal Drive of the National Society for Crippled Children and Adults. Bette Jean, who is receiving medical and therapeutic care in one of the country's first hospital-school units to be financed by Easter Seal funds, is a victim of cerebral palsy, but now able to walk. She is a symbol of the hope extended to the nation's crippled through the services financed by Easter Seals.

of Mrs. Frank Seyler were her children, Mr. and Mrs. Elwyn Hope and son of Fort Worth and Mrs. Terrell Johnson of Dallas.

Mr. and Mrs. Ed Walterscheid and Mrs. John Wilde were here from Sunday to Tuesday to visit relatives and friends. They live in Harlingen.

Messrs. and Mmes. Henry and John Huchton and son, spent Sunday on an outing at Lake Worth and Forest Park in Fort Worth.

Mr. and Mrs. John Schmitz visited in Lindsay Sunday with the Nick Block family. Mrs. Block is at home recovering nicely from recent surgery.

J. B. and Ray Wilde had as guests Wednesday Tommy Fisher of Dallas and Bob Steer of Greenville of General Motors Chevrolet division.

Mr. and Mrs. C. J. Wimmer and daughter, Miss Grace, spent Sunday and Monday in Waco, West and Burlington with relatives. At Burlington they attended funeral services for Mr. Wimmer's brother, Joe Wimmer.

Marce Reyes of the Philippine Islands will present a program of music and a lecture on his native country April 14 at 11 o'clock at the public school. Admission will be 20 cents for children and 25 cents for adults. Everyone is invited to attend.

Mrs. Walter Richter spent Monday and Tuesday in Wichita Falls with her sister-in-law, Mrs. Cris Jensen. Mr. Jensen, Wichita Falls chief of police, underwent major surgery and is recovering normally. Mrs. Richter also visited with the Jack Needham family.

Leonard Walterscheid is here since Wednesday for a 7-day visit with his family, the August Waltersheids. He has completed eight weeks of basic training at Camp Chaffee, Ark., and will go to Fort Bliss, El Paso, for his new assignment.

"What kind of money do you want?" this American dependent in Berlin asks a taxi driver when paying her fare. The monetary mixup in the German capital has resulted in the use of five different standards of currency: the East Mark, backed by the Russians; American scrip; the West Mark; French military scrip; and British Armed Forces currency.

Visiting the W. B. Wylie family during the weekend were his mother, Mrs. Lizzie Wylie, and Mrs. Walter Emery of Lubbock, Mr. and Mrs. Robert Myers of Idalou, Texas, Mrs. E. U. Buck and children of Nocona, Mrs. W. C. Hogan and children of Gainesville, Mr. and Mrs. N. C. Denton of Bowie, and Mr. and Mrs. G. D. Wylie of Forestburg.

CARD OF THANKS

We gratefully acknowledge every kindness and consideration during the illness and at the death of our wife and mother. Albert Klement and Sons

Mr. and Mrs. Joe Linn were in Fort Worth last week to visit his mother, Mrs. J. D. Linn. She will be coming to Muenster soon to spend the summer.

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995*... a saving to you of over \$333.00!

Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

★ ★ 123 1/2" wheelbase... 10 feet 7 inches seating space... 27 1/2 cubic feet trunk space... over 206 inches long... 7.3-to-1 compression ratio

Listen to Walter Winchell every Sunday night, ABC

- So, now you can buy the big car you've always wanted...
- at virtually 'little car' prices and at 'little car' economy of operation!
- Think of what this means to you and your family in terms of riding comfort, driving ease and prestige!
- Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery.
- Fair-and-square trade-in allowances... but you do not have to have a car to trade to get the benefits of Kaiser-Frazer price revisions!
- So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser... the lowest-priced big car in the world!

Look what these new prices save you!

model	old price*	new price*	you save
1949 Kaiser Special	\$2328.57	\$1995.00	\$333.57

Washington Newsletter

By Congressman Ed Gossett
 by Zeno Phillips, Secretary

Washington, D.C., April 1—Today Mr. Gossett is making a speech to the State Convention of the Texas Junior Chambers of Commerce at Galveston. Tomorrow he will attend a reunion of the Class of 1924 at the University of Texas, at Austin. Mr. Gossett was president of this class in the Spring of 1924. On Sunday morning he will attend a breakfast of Friars, honorary senior society to which he belongs. On Monday, he will address the student body of Texas A&M College, at College Station, Texas, flying back to Washington Monday night.

To fill in his newsletter of this week, we copy from the newsletters of Congressman W. R. (Bob) Poage of Waco and Congressman O. C. Fisher of San Angelo.

Quoting from Congressman Poage: "This afternoon (April 1st) we have just voted, by an overwhelming majority, to pass my bill to remove the unfair taxes and regulations against the use of margarine. This is a good example of the difficulty of putting through a change in the law even where a large majority favor it. Bills to remove these taxes have been coming before us ever since I have been in Congress. Last year the House passed a bill to repeal the taxes. Many people complained that that bill did not protect the customers at a public eating place. The Senate did not act on the measure last year. The first day of this session, I introduced a bill, H.R. 3, repealing all taxes and other restrictions on margarine, whether white or yellow. However, my bill required all

yellow margarine sold in public eating places to be identified as such. The Committee defeated my bill by a 14 to 13 vote, and reported a bill by Mr. Andresen, of Minnesota, and Mr. Granger, of Utah, which repealed the taxes but forbade the sale of colored margarine in interstate commerce. Mr. Rivers, of South Carolina, offered a bill to remove the tax and requiring no identification. After two days of debate we got the House to vote down the Rivers bill, and to substitute my bill for the Granger bill, and to then finally pass my bill, by a vote of 287 to 89. I feel that we have vindicated the right of the people to decide for themselves what food they will buy, and in what form they want it."

Quoting from Congressman Fisher: "Oleomargarine and cherry blossoms combined to make food and fragrance top news on the Potomac last week —

"Every year about this time the Japanese cherry trees which form a ring around the reflecting Tidal Basin, adjacent to the Potomac, explode into a myriad of blossoms almost overnight.

"This caused no little concern to the planners who ballyhooed the festival into a Nation-wide attraction, what with charming princesses from every State in the union vying for that coveted honor of being the Queen of the Cherry Blossoms. Texas was well represented by Miss Marian Sue Wilson, daughter of Congressman and Mrs. Frank Wilson, of Dallas. But a spin of a huge wheel picked the Queen, and in this game of chance Montana's Judy Queen was the lucky girl.

"The festival was held on April 1, 2 and 3. Nature played a perverse trick in bringing on the blossoms ahead of man-made schedule. But they stay in bloom for less than a week; hence the concern of the planners. "Not to be outdone by Nature,

Poor Fellow
 Let's make sure that America remains a land to which we always will be glad to return.

the planners called in the scientists, and sure enough, out came two long-haired chemists with a spray called naphthaleneacetic acid. The expected result of this application was a blossom life of five days beyond the normal six or seven. And they claim the experiment helped.

"Anyhow, an estimated half a million people viewed the short lived glory of the cherry blossoms. They are really something to behold.

"E. A. Housman, the poet, wrote his tribute to the beauty of cherry blossoms, including these lines: 'Loveliest of trees, the cherry now is hung with bloom along the bough.'"

The American Way

SLAVE LABOR?

By DeWitt Emery

Now it can be told. At long last, William Green, President of the A. F. of L. is on record concerning what — in his judgment — makes the Taft-Hartley Act

a slave labor law. Here's what he says:

"The Constitution of the United States provides that involuntary servitude shall not be imposed on any individual except as punishment for crime. Yet the Taft-Hartley Law authorizes the use of injunctions which when

applied compels workers to work against their will. That is slavery and involuntary servitude, practiced in a free America. How would employers feel if they were enjoined and compelled by injunctions to operate their plants against their will and at a loss? It matters not how long a man is compelled to work — it is compulsion, and if he is forced to work against his will and go to jail as a consequence of refusing to work, he is a victim of involuntary servitude and slavery. You and no one else can deny this fact."

How do you like that? According to Green, workers are slaves because the Taft-Hartley Act gives the government the right, for example, to go into court and get an injunction to keep babies from starving when a strike prevents their getting milk, forcing the workers to stay on the job doing their regular work at their regular rate of pay while the union and employer negotiate a new contract.

Apparently, Mr. Green feels that it's perfectly all right for him and a small handful of other labor union bosses to have life and death power over this nation of one hundred fifty million people; that it's all right for these labor union bosses to be able whenever they wish to shut off food, fuel and everything else for everyone in the country; that the public has no right at all to protect itself in any way against anything union labor wants to do.

In case he doesn't know it, someone should tell Bill Green that it's exactly this attitude, "union labor can do no wrong", which was responsible for the people forcing Congress to pass the Taft-Hartley Act. They got fed all the way up to the ears with mass picketing, intima-

tion, coercion, goon squads, anarchy, with being kicked all over the lot by a small group of selfish, self-centered, self-seeking, unscrupulous labor union bosses. This "slavery" idea of Green's, however, has some rather intriguing aspects. I've heard the income tax law called many hard names and heard it denounced from several different angles, but I never heard it called a "slave labor law". However, according to his reasoning, that's exactly what it must be.

Take my case as an example: Every year I work about twenty-five percent of the time for the federal government. This very definitely is against my will and because it is, I am, therefore, a "victim of involuntary servitude," which must mean that I'm a "slave of the state. I don't like being a slave, and if those of you who pay income tax and are, therefore, victims of involuntary servitude, also object to being slaves, perhaps we should do something about it. Maybe by all working together we could force our "masters" to repeal the "income-tax-slave-labor-law." I'll be glad to spearhead the movement if you'll back me up on it.

Music Pupils Dedicate Broadcast to Rev. Herman On Patron Saint's Feast

Pupils of the Sacred Heart School of Music dedicated their regular Wednesday broadcast over Station KGAF to Pastor Rev. Herman Laux in observance of his feastday which occurs on April 7.

The Boy's Glee Club presented five songs after the opening number "Happy Feastday." Another special number was a trumpet solo by Roger Wolf.

The presentation of the feast-day program this year was different from the traditional program presented in the school auditorium. It was impossible for the entire student body to participate in a program at school because there are no stage facilities.

Members of the Boy's Glee Club are: Randolph Bayer, Lawrence Dankesreiter, Willard Hartman, Damian Hellman, Ronald Herr, George Mollenkopf, Maxie Swirczynski, Larry Joe Walterscheid, Gerald Walterscheid, Roger Wolf, Glenn Hellman, Arthur Hennigan, Henry Pels, Wilbert Vogel, Julian Walterscheid and Roy Baumhardt.

THE LOWDOWN FROM HICKORY GROVE

Today I will expound on "young folks". They are in kind of a bad spot, and it is mostly due to what they pick up at school and don't pick up at home. They been told that our Govt. has not been such a hot success — it needs a valve grind. They been told that grandma and grandpa were all wet in figuring you should build your own security via perspiration and self-denial. They don't even take for granted Mr. Newton and "gravity" or Mr. Franklin and his kite.

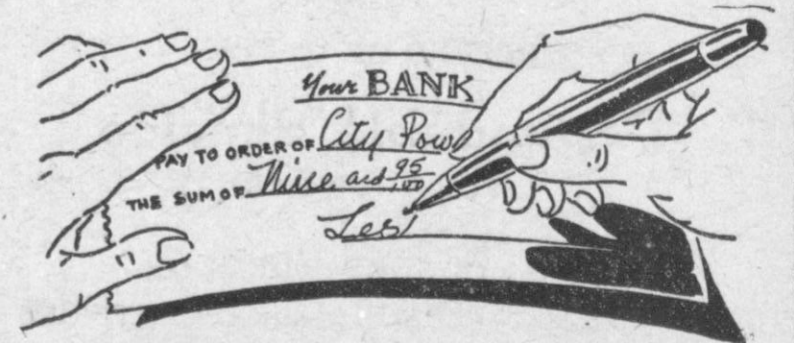

Who do you blame, says Henry, if you are so alert and smart. It is the mamas and papas, I says. They don't stay home nights and teach their off-shoot the rules on how not to grow up a green gosling. And they don't see to it that the folks at the school house sign a pledge of loyalty and non-socialistic, non-communistic learning.

And to give our young folks a break and save 'em from learning the truth from their own expensive experience after they get out of school, I have a proposal as a preliminary starter, to-wit: require by law that all school libraries have on their shelf, an AEsop's Fables. We have skipped fundamentals. No wonder some of our younger citizens know plenty about Social Uplift, left-handed economics and Karl Marx, but don't know on election day a fox or a wolf, if he is in a borrowed sheep's raiment.

Yours with the low down,
JO SERRA

Mr. and Mrs. Eugene Hoedebeck and daughter of Denison stopped here Thursday to be joined by Mr. and Mrs. Fred Hoedebeck on a trip to Oklahoma City where they spent until Sunday evening with the Alfred Spurgeon family. Mrs. Spurgeon is ill. She is the former Miss Anna Hoedebeck.

Mr. and Mrs. Anthony Luke, her father, J. J. Haverkamp, and Mr. and Mrs. Ray Kupper of Lindsay, spent Sunday at Corsicana visiting Mr. and Mrs. Troy Cooper. Mrs. J. J. Haverkamp who had visited there four days, returned home with them.

IT PAYS to pay by check

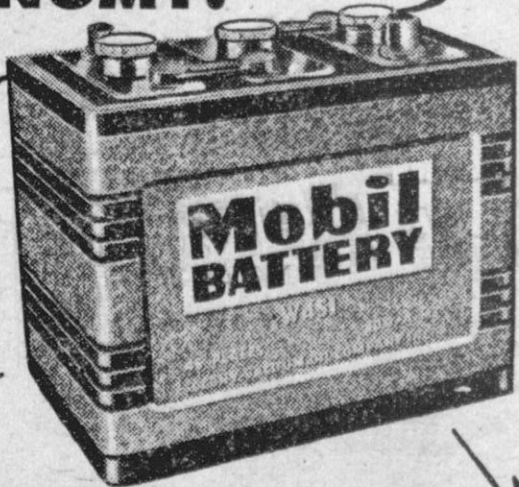

A checking account eliminates theft hazards. You don't have to keep large sums of money in your home or office. Deposit it and pay by check.

A checking account saves time too. No waiting in line to pay bills — just mail a check. And you don't have to wait for a receipt. Your cancelled check is your receipt.

Two of the 13 young farmers at Boys' Village in Smithville, Ohio, spread fertilizer over part of their 127-acre farm in preparation for spring planting. Boys' Village is a community for homeless youths founded three years ago by the Rev. Clarence E. Kerr. Still in the process of building, Dr. Kerr visualizes an eventual village of some 200 youngsters.

**SURPRISE SHOWER HONORS
MRS. SMYREL OWENS**

Mmes. Clarence Hellman and R. P. Cain entertained Thursday night in the latter's home with a delightful pink and blue shower complimenting Mrs. Smyrel Owens. It was a surprise affair.

After the honoree opened her gifts and the guests admired them the hostesses arranged a progressive 42 series. Prize winners, who presented their awards to the honor guest, were Mrs. Jud Boyles, high score, Mrs. Aubrey Tuggle, consolation favor, and Miss Marian Starke, galloping prize.

The party rooms were adorned with arrangements of lilacs and pansies and the hostesses served refreshments of pink and white cake and ice cream and coffee at quartet tables.

Guests were Mmes. John Steele Lynton Mitchell, J. E. Owens, C. L. and A. T. Dickerson, Ray Otto, Andy Harrison, Aubrey Tuggle, Ervin Hamric, Jud Boyles, Vincent Becker, Steve Moster, Anthony Luke, Dick Trachta and Rosa Driever and Miss Marian Starke.

Gifts were sent by Mmes. Ray Evans, Emmet Fette, David Trachta, Ray Swirczynski, F. J. Yosten, Henry and John Huchton, E. A. Schmitz, J. C. Trachta and Jess Mitchell who were unable to attend.

Many varieties of butterflies have a fragrance, usually a pine or flower odor.

Clendenin Ryan, above, multi-millionaire grandson of the late William Fortune Ryan, has so far thrown an estimated \$1,000,000 into his campaign to "kick the underworld out of municipal government." New York police are attempting to link him with a plot to tap the telephone wires of top city officials in New York, Chicago and Detroit.

Mr. and Mrs. Jim Cooke had as their guest for the weekend, Cleo Brooks of Pauls Valley, Okla.

Gainesville

It Happened 10 Years Ago

April 7, 1939

Ben Seyler wins in race for city mayor; write-in campaign for Pete Rollman fails — Sewer application gets approval from WPA in Fort Worth — No. 3 Voth gusher regarded better than No. 2 discovery — Civic League chooses Dorothy Fette for duchess at queen's coronation during circus roundup in Gainesville — Muenster observes Holy Week with traditional services — Quiet trustee election returns Albert Henscheid to school board — Messrs. and Mmes John Hoerber Jr. and Henry Kuhn of Lindsay announce the births of sons — John Tempel is up and around after a six weeks' siege of sciatic rheumatism.

5 YEARS AGO

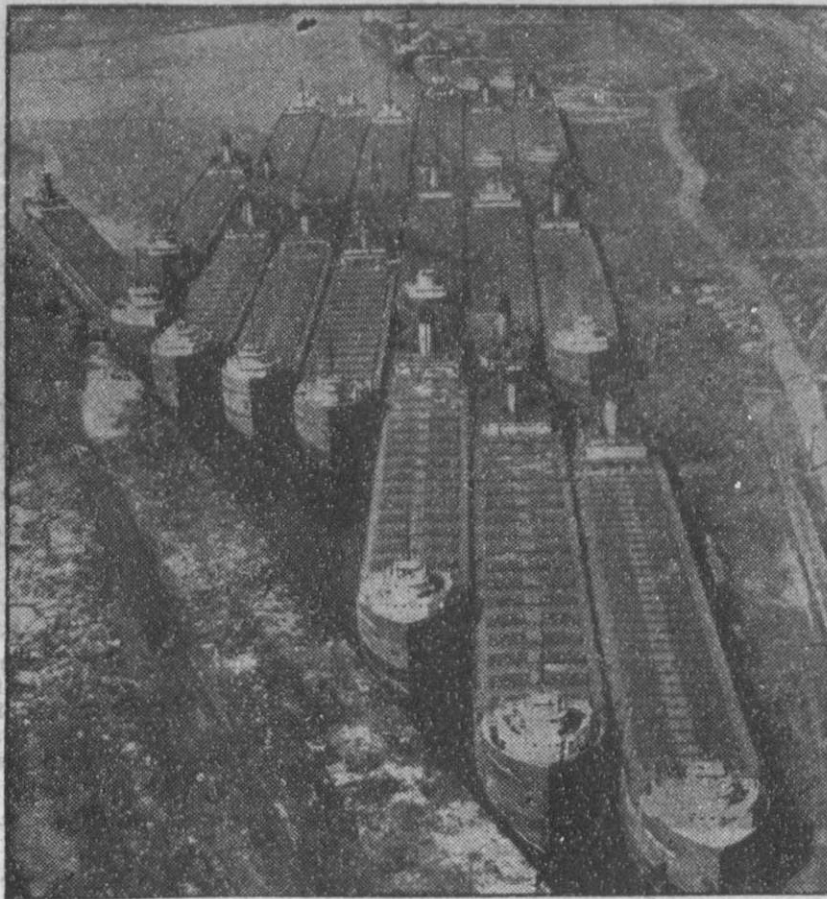

April 7, 1944

Vote favors Muenster and Bailey school merger — Mayor Weinzapfel issues proclamation asking observance of Good Friday — Arthur Endres is elected grand knight of Muenster council — Herr Motor company loses about \$160 in cash in robbery Saturday — Holy Name Society organizes ball team with Fat Swirczynski as captain — Late gifts send local Red Cross total 12 per cent over quota — Small vote returns Lawson and Pierce to school board — Ray Otto and Willie Fuhrmann leave for Washington to engage in farming — Mrs. Fred Herr observes 74th birthday Sunday — Muenster's scholastic census this year shows 376 children — McNelley and Schoech are aldermen as result of quiet election — F. A. Kathman and Hugh Lee Tuggle will leave next Tuesday to report for induction in the army — Mr. and Mrs. Louis Nieball announce the birth of a daughter.

Grasshoppers are expected to hit this year's crops heavily unless something is done. Kill them out. Check on poison supplies now, so you'll have enough on hand when you need it.

The Shamrock, which opened recently at Houston amid elaborate ceremonies, is America's newest and largest post war hotel. The 18-story Shamrock is the largest steel reinforced concrete structure built since the war. It contains 2,100 tons of steel reinforcing bars and 2,200 tons of structural steel.

Ready for one of the earliest openings of shipping in Great Lakes history are some of the 61 ore ships of U. S. Steel's Pittsburgh Steamship Co., preparing to leave their winter berths in Milwaukee. Each vessel will traverse about 50,000 miles in the 7½-month season, carrying vital iron ore and limestone to plants in Chicago, Gary and Pittsburgh.

HEALTH DEPARTMENT AIDS 4,000 CRIPPLED CHILDREN IN 1948

AUSTIN.—Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip, and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age bracket of 5 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

"As long as sufficient State funds are available, any crippled Texas child of normal mentality, under twenty-one years of age,

whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's Division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through a combination of these services."

Parents of crippled children should make application for this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the

Crippled Children's Division, Texas State Department of Health, Austin, Texas.

Citation by Publication

THE STATE OF TEXAS

To: Jack Thews, Defendant,

Greeting:

You the hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation,

same being the 16th day of May A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 31st day of March A. D. 1949, in this cause, numbered 15446 on the docket of said court and styled Christine Thews Plaintiff, vs. Jack Thews Defendant.

A brief statement of the nature of this suit is as follows, to wit: A suit for annulment dissolving the marriage contract, plaintiff alleging that the defendant is guilty of gross misrepresentation by representing himself as being a single man capable of contracting the contract of marriage at the time of this marriage when at that time, he was married, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 1st day of April A. D. 1949.

(SEAL)

Attest:

Chairman Joe Triner of Illinois Boxing Commission, seated in center, hands pens to Ezzard Charles, left, and Jersey Joe Walcott, right, as the two prepare to sign for their heavyweight title bout in Chicago this June. The world heavyweight crown was left without a wearer on the resignation of Joe Louis, standing second from left, when he turned promoter. Witnessing the signing, standing left to right, are Commissioner Lou Radzienda, Louis, promoter Arthur Wirtz, and Commissioner Ralph Metcalfe.

Communist Confession Drug Streamlines Prosecutions

Cardinal Mindszenty and the "Confession Drug"

Cardinal Mindszenty felt certain last autumn that his arrest would not be long delayed, and accordingly he caused certain documents to be drawn up for circulation to his Bishops and clergy after the arrest should have taken place. The following statement was sent to the Hungarian clergy abroad:—

"In connection with the arrest

of the Cardinal Prince Primate, it is essential beforehand to draw the attention of Hungarian and foreign public opinion to the methods of the Communist police, and the utter defencelessness of the victims.

"It is possible that the Communist regime will try to hush up the case of the Prince Primate, and to induce Hungarian public opinion to forget about it. It is not likely that it will suc-

ceed in this, as the Hungarian people are as deeply devoted to him as to their faith and religion. Therefore it is probable that the Andrassy ut (the headquarters of the Political Police) will prepare a noisy trial to bring the Prince Primate into disrepute with millions of Hungarians and with world public opinion.

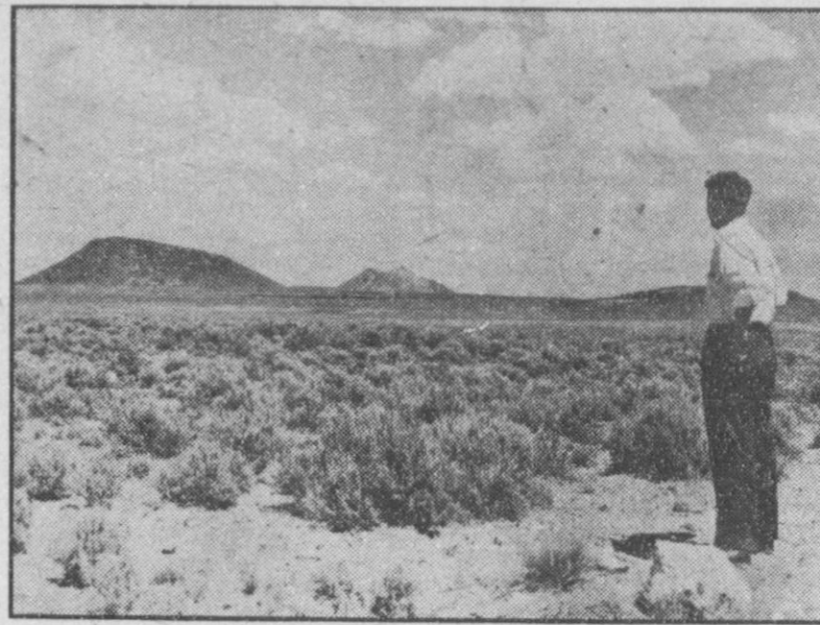

Conspiracy Trials

"The first so-called 'conspiracy trial' is still remembered, when in open court all the accused 'confessed all their sins', accused themselves and demanded exemplary punishment for themselves. At the trial, among the accused who brokenly repeated mea culpa, only one — Balint Arany — had a sufficiently strong nervous system to murmur words of protest while the indictment was being read. But as soon as the judge heard this, he interrupted the proceedings without explanation. The accused were led back to their cells. A week later the trial was continued precisely at the point at which it had been interrupted, and Balint Arany, listless, his head hanging accepted every point of the indictment.

"The horrifying case of the priest of Pocspetri, Janos Asztalos, is also remembered. First he defended the truth with heroic courage, but by the time of the trial before the people's tribunal he was a broken man, who also accused himself, and, what is more, appealed to the clergy of the country, begging them to learn from his sad example, and turn against the Prince Primate. (This did not prevent the Communist police thugs from afterwards beating him to death in his cell.)

Actedron Drug

"Behind the 'full confessions', the self-accusations and brokenly hanging heads, lurks the dread weapon of Communist tyranny, against which there is no defence: ACTEDRON. Today in the Soviet-occupied countries it is a common knowledge that any person arrested by the political police is starved for a few days. Then for a week or two the prisoner receives salted fish but no water. When the unfortunate prisoner is on the verge of dying of thirst, when he has lost his power of taste and is in a state of collapse, then suddenly he is given a drink. It makes no difference whether it is water or soup; the prisoner no longer tastes anything, and he does not

Just north of the twin buttes in the background, near Arco, Idaho, the Atomic Energy Commission is planning to set up its half-billion-dollar atomic energy reactor installation. The commission will have plenty of room in the vast, flat wasteland to work on its project to develop an atomic-energy-powered engine for naval craft.

notice that a small tablet has been dissolved in this liquid — a tablet of the potent, nerve-destroying ACTEDRON. Actedron destroys the nerve centre; it does not kill, only paralyses. On the first day the psychic resistance of the victim is immensely strengthened. For twenty-four hours after having swallowed actedron it is impossible to extract a confession from the accused. His self-confidence and self-consciousness are unnaturally geared up; he does not feel hunger, his courage is superhuman. Next day the reaction sets in. It begins with a strong headache, and vertigo; then a steadily increasing sense of uncertainty overcomes him. Then the prisoner begins to feel frightened; finally he becomes semi-conscious. He is paralysed, as though he were in a hypnotic trance. Neither his judgment nor his memory functions any more. He has the impression of having a deadly, paralysed vacuum in his head. He has an urge blindly to obey the slightest order, and is psychologically incapable of saying 'no' to anything.

"The victims are led to the trial in this condition. This is what has happened to the two men mentioned above, the 'conspirator' Balint Arany, and the priest of Pocspetri, Janos Asztalos."

Ollie S. Owens, Owner

Muenster

Robert Gruber is the owner of a new Chevrolet tudor sedan, delivered by J. B. Wilde Saturday.

Relatives here learned this week that Mr. and Mrs. Albert Wiesman of Harlingen lost their home and furnishings in a fire last week. The farm home belonged to the John Wilde estate and also contained some household items belonging to Mrs. John Wilde and Ed Walterscheid. Albert Wiesman is remembered here as the son of Mr. and Mrs. Frank Wiesman of Pilot Point, former Muenster residents.

PETROLEUM PROGRESS

FIRST well, "Drake's Folly," brought in Aug. 27, 1859, at Titusville, Pa. Spurred by thousands of patented inventions and advent of Automotive Age, 90-year-old petroleum industry now one of America's largest, most vital.

Milestones of this swift progress include development of torpedo method of releasing oil in well bottom (1864) . . . pipe line, railroad tank car (1865) . . . rotary drilling rig (1890's) . . . thermal oil cracking process (1911) . . . catalytic cracking (1930's).

America's petroleum industry revolutionized transportation, manufacturing, farming . . . employs over 2,000,000 persons.
Prepared by National Patent Council

PATENTS INSPIRE INVENTIONS . . . INVENTIONS BUILD AMERICA!

VFW ELECTS JOE HESS AS DISTRICT ADVOCATE

Joe Hess was elected district post advocate of the Veterans of Foreign Wars Sunday during the annual election of District I officers.

The session was held at Gainesville with 200 delegates from seven north Texas counties in attendance, including six from Muenster: Steve Mosler, Ray Wilde, Joe Hess, Otto Walterscheid, Harry Fisher, and Walter Becker.

District auxiliary members also conducted their annual election at which Mrs. Steve Mosler was elected color bearer No. 3 Other auxiliary members present were Mmes. Ray Wilde and Joe Hess.

Cyrus Hall McCormick

1831. . . gave public demonstration of first successful reaper—boon to mechanized farming! Patented machine in 1834. His numerous patents helped build America as the "World's Bread Basket!"

Growing out of McCormick's inventive skill, the great International Harvester Company and subsidiaries today employ 110,000 people—all over the world!

TONY FUHRMANN'S ATTEND JOHNSON REUNION SUNDAY

Members of the Johnson families gathered at Burns City Sunday for a family reunion, bringing some of the relatives together for the first time in 34 years. Fifty-two persons were present. Attending from Muenster were Mr. and Mrs. Tony Fuhrmann, Mr. and Mrs. Marcus Fuhrmann and two children, Mrs. Ed Hess and five children, Mrs. Mike Schilling and two children.

The reunion was held at the home of Mr. and Mrs. J. Y. Johnson, uncle and aunt of Mrs. Tony Fuhrmann, complimenting her aunt, Mrs. Annie Rogers of Detroit, Mich., and her uncle, Albert Johnson of Hedley, Texas.

Mrs. E.A. Schmitz was one of the models in the style show given by Clayton Dry Goods Co. Thursday night in the State Theatre at Gainesville. She modeled an aqua blue formal of faille with trim of black lace and vertical inserts of lace. Her upswept hair-do was by the Muenster Beauty Shop. Mary Jo Walter and Norma Jean Mosser of Gainesville, well known locally, also modeled. Miss Walter wore a green street dress, and Miss Mosser a blue spring coat and street dress. Both wore shoes from Farrar's and hats from the Band Box.

211,799 Tractors on Texas Farms

At the beginning of this year, some 211,799 tractors are in use on Texas farms. Today 82 percent of the cultivated land in the state is plowed with tractor power. In the case of wheat, oats and other small grains, 86 percent of the harvesting is done with power equipment.

INSIDE STORY OF THE ROLLED BALE

MORE LEAVES STAY ON THE STEM— The gentle way to bale. Saves more leaves, color and protein of hay. Leaves are rolled inside, where

they can't escape. Less feeding waste.

SHOWER-RESISTANT BALES— Rolled bales shed water like a thatched roof. Less surface on the ground; they dry off faster after a rain.

PRICED FOR HOME OWNERSHIP— Do your own baling the hour your crop is ready.

HANDLES DOUBLE WINDROWS— Double windrows cure fast and make the best bales. Turns out more bales per hour.

Stoffels, Frank Sandmann, Ben Hermes, Frank Haverkamp, William Fleitman, Julius Hermes.

Confetti---

son will have less than his required amount, and that day is only 20 years distant. Then the average person will begin getting by with less than he needs and as the relentless process continues this generation's descendants will find themselves slipping to the pitiful level already existing in some of the oriental countries.

Remember also, this isn't anything new. The waste has been going on for years and years. Official figures tell us that 100 million acres are completely lost already and another 100 million are three fourths gone. That's the equivalent of 175 million acres lost, the means of support for 70 million people. In other words the negligence of this and past generations has already deprived 70 million people of their entire means of living.

Can anyone think of the subject in that light and continue in his careless ways? Can anyone fail to see that conservation and soil building practices are sacred and inescapable moral

responsibilities? It has been said that a landowner is not the master but only the custodian of his farm. The soil is his to use but not to lose. Future generations will need it and he has no right to deprive them of it.
