

MUENSTER ENTERPRISE

VOLUME XII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY AUGUST 27, 1948

NUMBER 40

With pride and pleasure the column this week calls attention to a big step forward in Muenster's development. Ben Seyler's new building, which would do credit to a city ten times or even a hundred times the size of ours, constitutes a substantial addition to the prestige and the appearance of Muenster. It is sturdy, big, modern and good looking, measuring up in every respect to the standards of excellence which, we hope, will some day distinguish the entire business section of town.

Ben deserves the praise and congratulations of the entire community for his achievement. After all, it is a contribution to the city as well as an investment for himself. He has improved the city as much as he improved his own business.

In addition to all that Ben's building stands out as an eloquent testimony of his confidence in Muenster. We all know that a smaller and less completely equipped building would have served his purpose quite adequately at this time. But how about 5 or 10 or 20 years from now?

This building is intended to fit in with a bigger and better future. It expresses Ben's faith in Muenster's continued development. And that, incidentally, can be accelerated wonderfully by similar improvements at various other locations around town.

Here's posies to the VFW Ladies Auxiliary for introducing the community to a new version of the old pie supper and box supper game. When a guy gets through with this thing he has a pair of socks to show for his money, not just a useless cardboard plate or box. Even on the other end of the deal, the scheme has its points. It affords a swell opportunity for wifey to get rid of that atrocious pair friend husband has refused to wear ever since last Christmas.

As regards procedure there's another slight variation. The sock stuffed with goodies goes to the highest bidder, and if our auctioneer is up to his usual form some fellows will really pay. Nothing different so far. But when the buyer gets his sock full of vittles he starts meandering in search of the fair damsel who has a matching sock similarly filled. She's his supper companion.

For the benefit of girls not posted on the Emily Post angle of this little social-to-do, we'll add that it isn't considered too bold to slip a name into the sock. But as to advisability we couldn't say. Without a slip maybe a guy can't find the matching sock. After he sees the slip maybe the matching sock can't find him.

A Washington news release discloses that Republicans are preparing their most intensive drive for Southern votes since the Civil War.

Their appeal is twofold: that the GOP is more favorable to states' rights and local government; and that the South can best serve its own interests by becoming a two-party area.

If the Republicans put that idea across they will have rendered the most valuable political service in the South since the Civil War.

Nothing is more obvious nowadays than that the South is a political step-child, taken for granted by the New Deal Democrats and ignored by the Republicans.

The so-called civil rights program is more than sufficient evidence of that fact. New Dealers bidding for a minority fringe of votes in the North and East had no scruples about imposing a distasteful situation on the South because the Southern vote was believed to be in the bag anyway. Republicans on the other hand ignored Southern wishes because the South never votes for them.

Under the two-party system the civil rights monstrosity would never have become an issue. Neither side would have risked alienating an entire section of the country for the sake of a small minority vote elsewhere.

That just happens to be a convenient example but the principle would apply on other issues involving the wishes of the south. Both parties will consider the South when they become aware that votes are at stake.

Mindful of that possibility, the GOP has decided that this is the year to get Dixie out of the bag, and it breaks the ice by calling attention to its more favorable attitude on states' rights and local government. Though not repudiating its previous stand on civil rights it opens the door for

Draft Headquarters Announces Official Registration Dates

AUSTIN.—Initial registration for the Selective Service Act of 1948 will be done in 17 working days as compared to one day in the 1940 operation, Maj. Gen. K. L. Berry, state Selective Service director, observed this week.

Registration this time will be between the dates of August 30 and September 18, both dates inclusive. Men 18 through 25 years of age will register at places designated by their local boards.

Specific days when men will register in the different age groups are as follows:

Men born in 1922 after August 30, 1922, will register on August 30.

Men born in 1923 will register on August 31 and September 1.

Men born in 1924 will register on September 2 and 3.

Men born in 1925 will register on September 4 or 7. This means there will be no registration on Labor Day.

Men born in 1926 will register on September 8 and 9.

Men born in 1927 will register on September 10 and 11.

Men born in 1928 will register on September 13 and 14.

Men born in 1929 will register on September 15 and 16.

Men born in 1930 before September 17 will register on September 17 and 18.

Men born on or after September 19, 1930, will register on the day they are 18 years old or within five days thereafter. This means that men will register as they become 18. They will register with their local boards.

Hours of registration at the local board registration spots will be from 8 a. m. to 5 p. m.

MUENSTER WILL BE HOST TO NCCW FOR DISTRICT MEETING

The Muenster Council of Catholic Women will be host for the quarterly meeting of the Sherman Deaneary NCCW next Tuesday, August 31, in the parish school auditorium.

The parish unit has arranged a program of interesting and instructive addresses to be followed by sacramental benediction and concluded with a luncheon.

Mrs. T. P. Frost, president of the Muenster council, announced that the session will open at 2 o'clock. Speakers will include Mrs. James B. Adams of Dallas, president of the diocesan council, who will speak on the canonization of Mother Cabrini. Mrs. Adams flew to Rome to witness the canonization services and will give an eye-witness account of the ceremonies.

Rev. Peter Molloy of Gainesville will speak on relation of the school to the home and Rev. James Tucek of Sherman will talk on youth guidance. A general discussion will be conducted by Mrs. C. W. Ganter, Denison, deanery president.

The deanery council includes parish units from Muenster, Lindsay, Gainesville, Celina, McKinney, Bonham, Denison, Sherman, Pilot Point, Valley View, Whitesboro and Denton.

All women and girls of Muenster are invited to attend and each is reminded to bring a covered dish for the luncheon.

To prevent a duplication of food the committee on refreshments has arranged a schedule, using the alphabet as a guide, as follows: those whose surnames begin with A through I are to bring meat; J through S, salads; T through Z, cake or pie. Mrs. Ben Seyler is chairman of this committee and anyone desiring further information is asked to see her.

OIL WORKERS TEAMS TAKE SPOTLIGHT IN SOFTBALL INTEREST

Softball interest at Muenster is taking on a new slant as rivalry between local oil field workers increases and activity of the regular ball team fades almost to the vanishing point.

The latest contests were the Russell-Mollenkopf and the Fette-Voth games.

Thursday night the Russells came out on the long end of a 24 to 14 scoring spree. Tuesday night Steve Fette's Truckers beat Voth Drilling Company 18 to 10.

Efforts are under way now to get about two more teams in the competition for a full-fledged tournament. Still another possibility is a game between Truckers and All Star Oilers.

PAROCHIAL SCHOOL LISTS ASSIGNMENTS OF TEACHING STAFF

The faculty for the 1948-49 scholastic year at Sacred Heart school is complete this week and was announced Tuesday by Sister M. Canisia, local superior.

Fourteen Benedictine Sisters from the motherhouse in Jonesboro, Ark., will be here. Eight will teach one class each in the grade department, four will divide the high school subjects, one will have charge of the music department and one will be housekeeper.

Grade teachers in the order named are Sisters Gabriel, Christine, Pauline, Gertrude, Evangelista, Canisia, Remigia and Carmelita. High school instructors are Sister Theresina, principal, and Sisters Eymard, Celine and Louise. Sister Dolores is the music teacher and Sister Anselma the housekeeper.

Three of the Sisters are in Muenster as teachers for the first time and one returns after a several years' absence.

Sister Christine is beginning her teaching career with the second grade here and Sister Pauline taught last year in Little Rock. Sister Louise returns to Muenster as a high school teacher. She taught in the grade department during her previous stay here and was in Little Rock last year. Sister Celine, a native of Muenster, the former Miss Margaret Trubenbach, comes to Muenster after teaching in other schools some 20 years. Another change on the roster this year is Sister Gertrude's assignment as fourth grade instructor. She was high school librarian during the last term.

Teachers who were here last year and have been assigned to other schools include Sister Anastasia who is being replaced as local superior by Sister Canisia, Sister Gebharda, Sister Alberta and Sister Patricia.

Sister Gebharda had been in Muenster every year since she began teaching 24 years ago. She is in Pocahontas, Ark., this term. Sister Alberta will teach at Paragould, and Sister Patricia who taught in the high school last year, will be in Pocahontas when the new term opens. Sister Anastasia will teach at Rhineland.

Parish Mothers Sponsor Food Shower September 2 For Benedictine Sisters

The annual community-wide pantry shower for the local Benedictine Sisters will be held this year on Thursday afternoon, September 2, in the parish hall, beginning at 2 o'clock. Announcement of the event was made Tuesday by the Saint Anne's Society, the sponsor group.

Every lady in the community is invited to attend, it is pointed out. In addition to food items such as canned goods and other non-perishable items, cash gifts are welcomed. The money will be used to buy an electric mixer for the Sisters. All attending are also reminded to bring covered dishes for supper to be served after a social hour.

To avoid duplication of food the committee on refreshments has prepared a list of items for the women to bring, using the alphabet as a guide, as follows: those whose surnames begin with A through E, cake or pie; F through I, potato salad; J through S, meats; T through V, coffee; W through Z, relishes and green salads.

Anyone desiring further information is asked to get in touch with Mrs. Joe Hoehn, president of the sponsor group.

This shower and party for the Sisters has become an annual event because in addition to the Sisters' appreciation it offers an afternoon in which parents and teachers can get acquainted before the opening of classes and in which the ladies of the community can visit.

RAY AND STEVE GET NEW LEASE FOR LOCAL HUMBLE GAS STATION

Effective last Saturday Ray Swirczynski and Steve Fette became the new owners and operators of Muenster's Humble Station.

They succeed Frank "Wimpy" Kathman and Charlie Morris who gave up their lease when Morris, who managed the station, decided to return to his old job as maintenance man for the public school buses.

Rufus Henscheid has taken over management for the new owners who will continue operating their fleet of oil field trucks. Stanley Wylie is Henscheid's assistant.

JOE COCHRAN, FORMER MARYSVILLE RESIDENT, DIES AT FORT WORTH

Funeral services were held Saturday morning at 11 o'clock in Fort Worth for Joe H. Cochran, 59, of that city, former resident of Marysville and a teacher in Cooke county schools. He had been ill about three months and passed away on Thursday.

Mr. Cochran was a mail carrier and postal employee in Fort Worth for the past 29 years.

He is survived by his wife, the former Miss Eva Fletcher of Marysville, one son and one daughter, of Fort Worth, and one brother, Paul Cochran of Era.

He was a brother-in-law of J. W. Fletcher of this city. Mr. and Mrs. Fletcher attended the funeral services.

Mr. Cochran will be remembered by Muenster residents as a rural mail carrier here on route one during 1919.

County Fair Grounds Get Final Touch-up For Centennial Fair

GAINESVILLE.—Perspiring carpenters, painters and other workmen this week were hurriedly putting finishing touches on the new Cooke County Fair grounds in Gainesville in final preparation for what officials expect to be the biggest and best fair in the 100-year history of the county.

Billed as the culmination of 100 years of progress in agriculture and industry, the 1948 Cooke County Fair will open on Labor Day and continue throughout the week of Sept. 6-11, as the final phase of the Cooke County Centennial Celebration.

In addition to the usual agriculture, livestock, poultry and home-making shows, commercial and industrial exhibits, the 1948 fair will feature a three-day rodeo the last three nights, a professional baseball game and a new automobile to be given away on the grounds.

One of the nation's largest carnivals, Bill Hames Shows, will be on the midway for the 20th year.

The rodeo, staged by the famous Ponder Rodeo Ass'n, will be "open to the world", and many Texas and Oklahoma cowboys are expected to compete for the more than \$2,200 in cash awards.

Free shows nightly will be staged in the newly-constructed amphitheatre near the midway. Cities to be honored with special days at the fair this year are Bowie, Nocona, Sherman and Denton.

Band concert will be a feature of Labor Day night.

4 PARISH SOCIETIES ARE JOINT SPONSORS OF LABOR DAY PICNIC

Arrangements are complete for the annual Labor Day picnic and dance, and according to the four parish societies, sponsors of the event, there will be a variety of games, plenty of refreshments and entertainment for all.

Officers of the sponsoring groups met Sunday night to make final plans and appoint committees to take charge. Father Herman Laux pointed out that construction work at the parish hall will not interfere with having the social there.

The party will get under way at 2 o'clock in the afternoon and continue during the evening hours. At 8:30 a dance will begin on the main floor while other entertainment continues in the basement.

GIRLS WIN SOFTBALL GAMES FROM DENTON AND SAINT JO TEAMS

Muenster's softball girls came through with flying colors in both of their games—during the past week.

Against Saint Jo they played neck and neck all the way until the second out of the last inning, then pushed ahead with a three run rally that won for them 9 to 6.

The game with Denton Tuesday night was even in the early innings, then turned into mere hitting practice as the girls opened a slugging barrage. The final count was 22 to 5.

Mr. and Mrs. Albert Steinberger and children have moved to Iran, Texas, to make their home. They left Saturday. He will be employed in oil field work there.

Ben Seyler Motor Company Will Have Formal Opening Of New Building Saturday

SISTER M. ANASTASIA TRANSFERS AFTER 40 YEARS TEACHING HERE

Sister M. Anastasia, O.S.B., beloved teacher of Muenster's tiny tots at Sacred Heart school for the past 40 years, will not be at her usual classroom this year when school opens on September 7. She will teach at Saint Joseph's school, Rhineland.

News of Sister Anastasia's transfer was made known here Friday. She stopped overnight Thursday and left Friday morning for her new duties.

Sister Anastasia spent her entire religious career in this parish. For 37 years she was the first grade instructor, during the last three years the second grade teacher. Most of her recent pupils were children of former pupils, and in some cases grandchildren of early pupils. For the past six years she was the local superior.

Sister Anastasia did not permit the passing years to change her. Perhaps being with young people all her life made her one of those persons upon whom age left no mark. Her jolly gentle disposition accounts for her success as a teacher and many enduring friendships throughout Cooke and Montague counties.

SEVEN TEACHERS ON FACULTY AT PUBLIC SCHOOL THIS YEAR

Seven teachers are ready to begin classes at the Muenster Independent School when the new term opens on September 7. The faculty has been increased by one and the school building has had one more room added.

Six of the instructors were on the faculty last year. The new teacher is C. W. Cowan of Saint Jo who will take over the 7th and 8th grades and will also teach manual training.

Last year's teachers will have new assignments as the result of the expansion program. Superintendent John J. Hoffman, Mrs. Jess Mitchell and Mrs. Effie Hembree will teach in the high school, Mrs. Daisy Thompson will teach the 5th and 6th grades, Mrs. W. B. Wylie will teach the 3rd and 4th grades and Miss Elfreda Luke will teach the 1st and 2nd grades and home economics.

News Of Sick And Injured

Mrs. Ben Sicking underwent surgery at Gainesville sanitarium Tuesday.

Paul Fleitman, son of Mr. and Mrs. J. W. Fleitman, had his tonsils removed at the local clinic last Thursday.

Belva Jean Samples, Rt. 3, had her tonsils removed at M & S hospital in Gainesville Thursday.

Denis Walterscheid was dismissed from Gainesville sanitarium last Thursday after receiving medical treatment for a week. He is convalescing nicely at the home of his parents, Mr. and Mrs. Adolph Walterscheid.

Norbert Hoedebeck was treated for an injury to his left foot Wednesday of last week at Gainesville sanitarium. The foot was injured when a drill pipe fell on it.

Mrs. Ray Sicking underwent surgery at Gainesville sanitarium Monday.

Since Saturday Walter Richter is up and around and has been visiting in town almost daily. He is recovering his strength following a recent operation.

Mrs. Albert Wilde returned Tuesday from a 10-day visit in Glen Rose.

BOYS WIN 15-12 AT DALLAS

In a return game with the Bluebonnet team at Dallas Sunday, Muenster's ball team made it a clean sweep by winning the second of a two-game series. The score was 15 to 12. The first game was played here about a month ago.

Mrs. Clarence Wilson spent the weekend in Dallas as the guest of Mrs. Joe Zipper and family.

Muenster's largest and finest business house, the new home of Ben Seyler Motor Company, will officially become a part of Muenster's business section at a formal opening Saturday, August 28.

Announcing the opening early this week Ben Seyler extended a general invitation to come and see the new Chrysler-Plymouth headquarters along with equipment, parts and other facilities which make it one of the most complete automotive service houses in North Texas.

The building, measuring 65x112 feet has brick walls, an arched roof supported by steel bridgework and a concrete floor. A massive plate glass front window along with 272 12x15 inch panes in factory type frames provide ideal daylight illumination — for both the front and shop departments.

In addition there are 96 four foot fluorescent tubes in 24 fixtures besides some 20 mazda lamps to furnish artificial illumination. Dozens of electrical outlets throughout the building add further to the general convenience and efficiency of the building.

Approximately one third of the 7,280 square feet of ground floor space is partitioned into display room, offices, parts department and wash rooms. A mezzanine floor provides additional storage space for a total of about 2,000 square feet in the parts department.

Equipment is in keeping with the advanced planning of the building itself. There are two hydraulic single post lifts to be used principally for washing and lubrication and one hydraulic double post lift for mechanical work. Other units include a motor analyzer, 2 valve machines, 2 boring machines, a pressure car washer, a steam cleaner, an undercoating machine, front end machine, wheel balancer and several smaller machines and special tools. Approximately half of the equipment was purchased new for installation in the new building.

The sheet metal building which has been used as a temporary shop for the past two years will be removed as soon as all equipment has been transferred. Part of the floor will be used for outside car washing and the balance will be used later for a brick addition to serve as a paint shop.

Walterscheid Children Are Big Favorites at K C Party

Knights of Columbus and their ladies in their regular social meeting last Wednesday night were in complete agreement that little Theodore and Norma Jean Walterscheid, at piano, accordion and singing numbers, were the real headliners on a very pleasing program. They were good at their entertainment selections and equally good at an hour or more of dance music.

Other attractions on the program were cards, dominos and eats. H. M. Schmitz was lucky man at the door prize drawing.

Schedule of Coming Events

The following is a list of scheduled meetings in the community for the coming week as reported by the organizations concerned. Mrs. Callie Baumhardt left Sunday to spend this week with her daughter, Mrs. E. A. McCreary and family in Burkburnett.

S. Sgt. and Mrs. Bill Eberhart and son of Camp Hood are here

for a visit with his parents, Mr. and Mrs. Ed Eberhart and family while Sgt. Eberhart is on a 10-day furlough.

Mr. and Mrs. Gerald Stelzer and daughter, Geraldine, have moved to Chicago, Ill. They plan to be there a year while Mr. Stelzer attends school. Mrs. Stelzer's parents live in that city.

Clarence Wilson, accompanied by Willard Hartman, drove to Dallas Sunday to spend the day with the Joe Zipper family and they were accompanied back home by Mrs. Wilson who had spent the weekend in Dallas.

MRS. MARY MOSMAN, LINDSAY PIONEER, IS STILL ACTIVE AT 92

Mrs. Mary Mosman, Lindsay's oldest pioneer citizen, who now makes her home with her daughter, Mrs. Robert Loerwald in Gainesville, observed her 92nd birthday Friday, August 20, by entertaining old friends and neighbors. Several friends from Lindsay visited her during the afternoon just as they have each year on her birthday for the past 23 years.

Mrs. Mosman began the day by arising early and attending mass at Saint Mary's church as she has done for many years. She walks if the weather permits.

"Grandma" Mosman was born Aug. 20, 1855, in Gutenberg, Iowa, the daughter of Mr. and Mrs. Peter Roth. She was married to Frank Mosman in 1881 and moved to the new Lindsay community 54 years ago. The family was one of the first ten to settle in the newly founded colony. Her husband died in 1920.

Mrs. Mosman has two children, Mrs. Loerwald and Peter Mosman, route one Gainesville, and an adopted son, Fred Mosman of Lindsay. She has 26 grandchildren, 40 great-grandchildren, and one great-great-grandchild. Harold Wiese, one-year-old son of Mr. and Mrs. Francis Wiese of Wichita Falls.

Mrs. Mosman is enjoying unusual good health considering the misfortunes she has suffered recently. During the past 20 years she has been in a serious automobile accident, has broken both hips, and has broken a toe. She has just recovered from a serious case of pneumonia. A recent examination by her physician disclosed that she has the heart of a woman half her age and excellent digestion.

Up until her recent illness she spent most of her time piecing quilt tops, cutting the designs herself. She has given many of the tops to friends and to her grandchildren. She spends most of the time now in her room reading in her prayerbook and saying the rosary. She speaks both English and German and enjoys visiting with her family and her friends.

WHO KILLED HORATIO ALGER?

By DeWitt Emery

Not long ago a brief news item appeared on the business page of a Midwest paper. The entire story was four sentences long. Yet it was about as complete an "editorial" on the present lack of understanding and appreciation of free enterprise as one could write. Indeed, the headline itself left little unsaid. It read: "Survey Shows 87 Per Cent of Students Never Heard of Horatio Alger."

Now there was a time when

Horatio Alger was a household synonym for all that was good about the "good old days" of rugged individualism, of pioneering, of the up-by-bootstraps struggle of the office boy who wanted to become president of the firm.

And it is worth noting that in Horatio Alger's time, to be the President of a Company, or even the General Manager, or the Superintendent, all were worthy and respectable objectives in their own right. At present one cannot be so sure about their respectability, either in the eyes of the office boy or in the opinion of the public generally.

Nowadays the public is more inclined to think about the key officials of any business as vague entities in the collective term "management" — and management you will agree, is not always an inspiring term in our current language. In fact, just to read the stories about business in the daily press — and judging from the number of bad things management gets blamed for in contrast to the number of good things business men get credit for — one might even come to the conclusion that "management" and "businessman" are a couple of new cuss words in our language.

It is also disturbing to find that other terms and concepts once associated with the progress and dynamic growth of our nation and our business system, have fallen into disuse or disrepute. The terms like "rugged individualism," and "pioneering" are pretty much associated with "movie characters", "Capitalist" is now an outright epithet and even "free enterprise" is taking on a tarnish.

Risk-taking in a business venture with the prospect of making a profit has come to be suspect as a slightly illegal if not avicious practice. The pursuit of security on somebody else's payroll is held out as a far wiser incentive than the doubtful prospect of being one's own boss and perhaps creating new jobs for others. A recent survey reveals the startling fact that this trend has proceeded to the point where 41 out of every 100 Americans would rather look to the Government for their jobs and security than to private employment. Perhaps this is not surprising when we realize that already more than 15,000,000 people are either on some kind of government payroll or are drawing a government allotment of some sort. One out of every tenth job in the United States is currently supplied by the government.

Our over-dependence on the beneficence of bureaucracy is evidently converting us from a country of Horatio Algers into a nation of "securecrats."

Yet it is a matter of simple fact visible to all that ours is also the strongest, most prosperous economy in the world, victor in a total war, and now the mainstay of a score of other nations,

which would face starvation and bankruptcy without our support. Our own standard of living is so high there is nought to compare it with, and our personal freedoms likewise are without parallel. But in spite of all this, we are constantly in turmoil, stirred up by home-grown agitators who would trade our system in on a dictatorship.

THE LOWDOWN FROM HICKORY GROVE

Day by day I get more sure I am not going to vote for the guy who spouts the old guff that he — if elected — will stand shoulder to shoulder with the "little man" — the "common people." I figure he is directin' his "little man" guff right smack at me — me, of the "common herd", he says. Who is he, looking down on me as "common" and maybe not too bright. Him, actin' superior up there — he gets no vote from me.

Here in the USA each person is his own architect and needs nobody at his elbow to sponsor him. The USA got to where it is — or was, up to a few years ago — by each person free to choose his job — each to his own liking, and doing his utmost. Mr. Edison, and Mr. Ford, and Mr. Knudsen the emigrant boy, all of 'em, and 100 thousand and more, have gone to town under their own steam — no subsidies — no leaning on anybody.

I am not against tomfoolery or monkey business in its place — like at Barnum and Bailey's — but when it comes to voting and somebody ups and calls me a "little guy" and tries smarty fumididdles on me, I get agitated. What kind of sissy does he think I am — I ask him that.

Yours with the low-down,
 JO SERRA

Make these 4 comparisons before you buy any car

COMPARE THE VALUE

Yes, compare the features — compare the prices — compare what you get for what you pay — and you, too, will come to the conclusion that Chevrolet continues to be first in value, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet — outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices — like quality — are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES . . . that's why

RITE MONDAY UNITES TERESE WALTER AND BILLY JOE MILLER

Miss Terese Walter became the bride of Billy Joe Miller Monday morning in an impressive ceremony performed in Sacred Heart church at 8:30. Rev. Herman Laux, pastor, officiated at the double ring ceremony and at the nuptial high mass in the presence of several hundred relatives and friends of the principals who are the daughter of Mr. and Mrs. John Walter and the son of Mr. and Mrs. T. Miller.

The altar was decorated with seasonal flowers and the communion ralling held potted plants. Anthony Luke, organist, played the traditional wedding march and remained at the organ to assist the church choir in singing the mass, and to accompany the departure of the wedding party with the recessional.

Acolytes were James and Randy Bayer, Larry Hofbauer and John Paul Walter of Gainesville, nephews of the bride, and Clyde Muller, cousin of the groom.

The bride was beautifully gowned in ivory slipper satin designed traditionally with fitted basque bodice, long fitted sleeves and a full gathered skirt which swept into a formal train. The gown's only trim was a ruffle of Chantilly lace and seed pearl embroidery which outlined the joining point of the sheer marquisette yoke and the satin bodice. A coronet of seed pearls held the finger-tip length veil of illusion. She again chose pearls in selecting her jewelry, adding a single strand which was a gift from the bridegroom. For "something old" she carried a linen and lace handkerchief, which her mother carried at her wedding 44 years ago, and "something borrowed" was a crystal rosary belonging to her mother. The bride completed her costume by carrying a bouquet of white rose buds.

Maid of honor for the bride was her niece, Miss Delores Walter. She wore an orchid colored faille taffeta dress fashioned with fitted bodice and full flared skirt featuring a modified bustle at the back. She wore a braided coronet of the same material outlined with a tiny ruffle of net and carried a bouquet of yellow rose buds.

Herbert Miller was best man for his brother.

The bride's mother wore a navy blue ensemble and the groom's mother wore a blue floral silk. Both wore white accessories and gardenia corsages.

After the ceremony brunch was served at the home of the bride's brother-in-law and sister, Mr. and Mrs. Andy Hofbauer, to the bridal party and their parents. The bride's table was prettily adorned to carry out her colors and was centered with a low arrangement of ivory and orchid zinnias.

At 6 p.m. the K of C hall was the scene of an informal recep-

tion and buffet supper for about 50 guests. The refreshment table held the tiered wedding cake, flanked with candles in crystal holders. Ivory and orchid zinnias were used in decorating. Miss Mary Jo Walter of Gainesville was in charge of the guest book. At 9 o'clock a dance was given to conclude the day's festivities.

It was during the dance that Mr. and Mrs. Miller departed on a wedding trip, the bride wearing a green crepe ensemble with white accessories and a rosebud corsage. When they return they will make their home in Muenster. He is engaged in farming.

Both young people are natives of this city and graduates of Sacred Heart High, he with the class of 1945 and she with the class of 1947. He served in the army air corps during the war as a member of the ground crew at Sheppard Field and in Orlando, Florida.

Among out of town guests at the wedding were Mr. and Mrs. Joe Walter and family and Mr. and Mrs. Dick Graf of Gainesville; Miss Eugenia Walter and Johnny O'Dowd of Fort Worth; Mr. and Mrs. John Fisch of Okmulgee, Okla.; Mrs. Eva Gottlob of Azle; Mr. and Mrs. Stan Yosten and Mr. and Mrs. Paul Yosten and daughter of Fort Worth.

JOHN EBERHART'S 81ST BIRTHDAY OBSERVED TUESDAY

John Eberhart who was 81 years old Tuesday was honor guest at a covered dish dinner given in the home of his daughter, Mrs. J. B. Wilde.

The guests assembled at 6:30 and following the delicious fried chicken meal enjoyed games of dominoes. The honoree received the high score award, a large box of home made candy.

Those present were Mr. and Mrs. Al Eberhart and sons, Mrs. Joe Swingler, Mrs. Steve Fette and daughter, Mr. and Mrs. Ray Wilde and son, Mr. and Mrs. Bud Swingler and daughter of Marietta, Mr. and Mrs. John Eberhart, Mr. and Mrs. J. B. Wilde and Miss Gladys Wilde.

The honor guest received a shower of gifts including a large decorated birthday cake.

Mrs. Ted Gremminger spent the weekend in Wichita Falls with relatives and was accompanied back home by Hazel Lerner who had been visiting relatives in that city for several weeks. Hazel had her tonsils removed last Tuesday.

STATE THEATRE GIVES 25 FREE DUCATS FOR "RED RIVER" PREMIER

The management of the State Theatre announced this week that because of the historical setting of the Howard Hawks picture, Red River, the first 25 people or first 25 couples that come to the State Theatre between 12:00 and 1:00 P. M. Saturday, August 28, and are citizens of Cooke county will be admitted free as guests of the theatre to see Red River.

The picture deals with the early 'raw era' following the Civil War and the events of North Texas and the Southwest during the period this part of the country went through its readjustment.

The story follows the Old Chisholm trail and captures the memory of the famous cattle drives from Texas through the old Indian Territory to Abilene, Kansas, then the nearest railroad to Texas that furnished the only outlet to market Texas cattle to the world.

Gainesville is rich in the history of the Old Chisholm Trail and was the last stop for supplies before the great cattle drives left north to cross the 'river' Much of this early life has been cleverly woven into the picture Red River.

Gainesville has been selected as one of the towns to show Red River during the premier week showing of the picture to the public. Over 250 theatres will open with showings of the picture starting in Dallas, August 26 and completing its opening schedules in other cities along the Chisholm Trail by August 30.

STATE FAIR EXPECTS 60,000 YOUNGSTERS AS GUESTS ON OCT. 16

DALLAS.—Sixty thousand 4-H Club members, Future Farmers and Future Homemakers long will remember Saturday, Oct. 16, at the State Fair here Oct. 9-24.

That will be a day dedicated to their honor. It will be a day set for their activities and the awarding of honor medals, the Fair's rural youth committee has announced.

Headed by James Aston, vice president of the Republic National Bank of Dallas, the committee already has started preparations to make Oct. 16 the greatest rural youth day in the history of State Fair. Last year, the day drew 25,000 4-H Club boys and girls, 10,000 Future Farmers and 10,000 Future Homemakers to Dallas.

"We are going to increase that attendance by 50 per cent this year," Aston announced. "We've set a goal of 32,000 4-H Club members, 14,000 Future Farmers and 14,000 Future Homemakers. Every county extension agent, vocational agriculture teacher, and homemaking teacher in the state will be urged to give his support in making the day a success."

The young wife greeted her husband affectionately when he returned from the office. "Poor darling," she said. "You must be tired and hungry. Would you like some nice soup, tender chops with golden brown potatoes and green peas and mushrooms on toast?"

"No, darling," her husband answered firmly. "Let's save the money and eat at home."

Speaking of Tests

Civil Service tests have worked in unexpected ways before now. There is the story of the candidate for the Foreign Office who failed to answer any of the questions put to him at the oral examination — and then topped the list of the successful.

A little later one of the examiners told him: "We saw you knew nothing, but your manner was so free from constraint in what, to some people, would have been embarrassing circumstances that we decided, 'That's the very man to make a good diplomat'. So we passed you."

And he did make a good diplomat.

You can't keep a good man down nor hold a bad man up.

agreement on other and far broader issues which might lead to a happy conclusion on civil rights, tidelands and other issues as well. By respecting broader jurisdiction in state and local government the next administration can reasonably permit many problems to slip from the present schedule of federal interference.

For the good of all of Dixie let's hope that the GOP and Southern voters will discover just how mutually helpful they can be. The party has an opportunity to break that Solid South tradition whereas Southerners have an opportunity to command future respect in Washington. The deal looks too good for either of them to pass up.

By all means this possibility seems more attractive than the present Dixiecrat campaign. In the last analysis a Dixiecrat vote is only an anti-Truman vote, and since the Southern nominees have a very feeble chance anyway the vote amounts to indirect support for Dewey. Well, if we're going to vote against Truman, why not label the vote properly so as to avoid being identified as mere Rebel Democrats.

In spite of the three parties . . . four including Wallace . . . the campaign down South has resolved itself into two issues: New Deal and anti-New Deal. If the anti's hope to get anywhere their best course is to unite under the colors of the party now

opposing the New Deal on a nation wide scale. Otherwise it is very possible that the two anti-parties will permit their mutual opponent to win several states with a mere plurality.
