NUMBER 15

A heart attack brought sudden death to Cecil Cain, 37, early Wednesday morning. He was stricken at his home about 5 o'clock and was pronounced dead on arrival at a Gainesville hospital.

Funeral services will be held Friday afternoon at 2 o'clock in the Vernie Keel Chapel and burial will follow in Rest Haven Memorial Park. Officiating will be the Rev. Andy Stowe of Wichita Falls and the Rev. J. I. Clinton of Gainesville, Baptist ministers.

Cecil Cain was born August 16, 1923, in Gainesville and was married to Miss Ida Belle Travis on January 2, 1946. He was a veteran of World War II and a member of Muenster Baptist Church.

> GIVING FREE FOOD NO WAY TO FRIENDSHIP

In Oklahoma, it looks as though we have the makings elevators are storing more wheat than ever before, makes it a little hard to believe that in other parts of the world famine actually stalks the land.

In Red China, for example, officials have admitted that starvation faces thousands, perhaps millions, of Chinese this year due to what the government calls "unfortunate natural catastrophies." Although the situation is

not so severe, Soviet Russia finished the year with a short crop and will have to skimp to get by.

Because of this situation, there is talk in Washington of sending our vast food surpluses to feed these victims the sacred rights of the inof a Communist regime. We are opposed to any such plan at the present time. Not because we lack compassion for our fellow man, but because these governments, for political reasons, persist in exporting food to Cuba, the Congo, Laos and other spots the freedom that makes life of the world where they are worth living. trying to gain a foothold.

to understand how the millions of people living in Red-China would permit their government to send rice to Cuba while widespread starvation exists at home. Such a thing couldn't happen in the Lord for that.

The food-for-peace idea is at the same time, we must point out that experience has shown that food has never created any real or lasting friendship for our country.

But at the last session of the General Assembly, India voted with Russia 50 times and with the United States exacly six times.

So it would seem that if we want to give food away for humanitarian seasons, well and good, but to use it as a tool to win friends and influence people - it is hardly worth the effort.

This same medication is a wonderful treatment for conditions caused by lung and bronchial congestion. The organic Iodine will cause thick, heavy mucous to liquify and thus can be coughed up, and quickly causes a clearing of the lungs. This in turn allows the usual antibiotics to work more effectively and more positively.

Globe Iodine Complex is a very good product and one that should be included in every stockman's "first aid kit". Its uses are many and its action is very effective.
