Council Passes City Ordinance For Dog Control

Will someone please explain how anyone can justify our country's proposed purchase of \$100 million worth of United Nations bonds!

Due to come before the next session of congress, they tell us, is the administration's request for authority to buy one half of the bonds being offered by that organization in order to get temporary relief from its financial strain . . . which has been caused by the failure of some of its members, principally the communist group, to meet their share of obligations.

To put it plainly, the administration proposes to use your tax dollars and mine to pay off the debts of our mortal enemy.

It's understood, of course, that this is only a loan. Bonds we buy are to be redeemed by the UN out of its future collections from member nations. But does anyone seriously believe that such a debt will ever be paid? Is there really a chance that Soviets and their fellow deadbeats will pay their past or future obligations?

In our everyday business dealings any of us knows better than to make loans to an individual who has a poor reputation of paying. We don't bank on the integrity of crooks. And we firmly believe that our country should exercise the same caution in its dealings with other countries.

As if that's not enough of a shock, here's another. The bonds are to be available only to nations and non-profit institutions, such as the big foundations with leftist leanings whose funds are acquired to a great extent by tax-dodging. So, the money that we have been beat out of by the multi-million dollar chiselers will be used to finance the rest of the UN bond issue. Directly and indirectly, the entire bill for this absurd venture is passed on to us ordinary folks.

If you don't mind getting a little madder, think what your money is to be used for . . . to keep the UN going on its present course of advancing the communist global conquest. It's estimated that we already pay almost half of that operation. But that isn't enough, so we obligingly kick in a fat loan, better described as a poorly disguised gift, to hasten our own destruction.

The absurdity of this situation defies comprehension. Considering the raw deals we have received, it's hard to understand our country's willingness to pay anything at all. In fact we would expect it to use the UN's present financial emergency as an opportunity to insist that the organization either change its ways or fold up. Instead it proposes to give even more help toward sabotaging our interests. Stunts like that give a real meaning to Khrushchev's prediction that communism will take over this country.

But let's not give up hope. Surely Congress will show better judgment than the administration. Despite an alarming number of senators and representatives who proudly boast of their willingness to rubber stamp all of the president's proposals, we still have a coalition of men in both parties who think along the lines of good old American tradition. They're for our country, not for one-worldism. And we fervently hope there are enough of them to block a US investment in UN bonds.

In appraising qualifications of representatives in Washington it's most timely for us now to begin taking the measure of the candidates in our current congressional race.

Purcell has let it be known that he is running principally on the platform of the present administration. If elected he can be depended upon to vote his approval of most if not all of the president's proposals. Meissner is running as a Republican and conservative. He's for more economy, less bureaucracy, states rights, a firmer foreign policy, the free enterprise system. In short he's for the principles on which our country's greatness was built and against the socialistic liberal trends of the present time. To choose between the two we need to decide only whether we like the policies of our present administration.

Frank Felderhoff Son Is County's New Year Baby

Muenster gets credit for the first new year baby in Cooke County. Young Mr. 1962 is the eight pound nine ounce son of Mr. and Mrs. Frank Felderhoff. He checked in at Gainesville Sanitarium at 7:30 p.m. on Jan. 1 and has been named Gerald Mark.

As first arrival in the county in 1962 he and his parents will receive 32 gifts from Gainesville and Muenster merchants.

Muenster now claims six firsts for Cooke County in the past 30 years on which records have been kept. Mrs. Leo Hesse as Ethel Mae Bayer was Miss 1932, Jimmy Moster was next as Mr. 1943, Andy Knabe followed as Mr. 1952, Jeff Hammer had the title in 1956 and Mark Hess won the race with the stork in 1958.

Parish Sponsors Big Homecoming For Abbot Alfred

Members of Sacred Heart Parish by the hundreds gathered on New Year's Day to honor a native son, Abbot Alfred Hoenig, O.S.B., recently elected as first abbot of Corpus Christi Abbey. His homecoming was marked by a double observance, religious and social.

At a solemn pontifical mass in Sacred Heart Church the new abbot was celebrant while also pontificating with special permission of Bishop Gorman.

Abbot Michael Lensing of Subiaco Abbey gave the sermon in which he presented a brief outline of an abbot's powers and duties. As concerns the membership of a monastery, he said, the abbot is the equivalent of a bishop. The original meaning of the word is father and he exercises both fatherly authority and fatherly responsibility over his members.

Abbot Michael congratulated the celebrant on his election as first head of the state's only monastery. He also congratulated family and parish on the blessing of having one of their members selected for that position.

Assisting Abbot Alfred at the solemn mass were Fathers Martin Fischer of Muenster and Ignatius Bodmayr of Windthorst as deacons of honor; Fathers Leo Koessler and Eugene Luke of Subiaco as deacon and subdeacon; Father Alcuin Kubis of Muenster as archpriest; Fathers Paul Hoedebeck of Subiaco and Edwin Wright of Corpus Christi as masters of ceremony.

In the evening Abbot Alfred was honored at a reception in the parish hall. High spots on that program were his personal greetings to visitors as they entered the hall, presentation of gifts by the parish societies, and showing of movies taken at his abbatial blessing in Corpus Christi on Thanksgiving Day.

Other members of the clergy present besides those in the service, were the Reverend Fathers Damian Wewers of Fort Worth, John Walbe of Lindsay, Conrad Herda of Clarksville, Ark., Sylvester Schad, Henry Hess and Lambert Eckelhoff all of Corpus Christi, Hubert Neu of Ennis and Vincent Orth of Subiaco.

MHS Blanked in Tournament Play At Springtown

In their first encounter MHS girls were outclassed and went down 57-36 as Dyann Hellman and Sandra Cain scored 18 and 6. That placed them in the consolation bracket with the host, Springtown as the first foe.

Their next game was a good one for three quarters with MHS trailing close by counts of 7-6, 17-15 and 26-23 then going into a slump for the final count of 39-25. MHS scorers were Cain 16 and Hellman 5.

Boys games were more of the same. In the opener the Hornets trailed 20-18 at intermission and lost 49-35. Next game Springtown, the consolation winner, easily eliminated them 53-27. Six Candidates Announce Early For County Races

Politicking got off to a booming start in the county this election year as six persons authorized the Enterprise to announce their candidacy for public office in the Democratic primary election on May 5.

Five of the candidates are incumbents seeking re-election and one of the five, up to this time, has an opponent. He is J. H. Riley, in a race with Boyd B. Sisson for the office of county clerk.

The other announced candidates are County Judge Shelby Fletcher, County Treasurer Ruby Davis, District Clerk Milton Thomason and Precinct 4 Commissioner J. E. "Earl" Robison.

Formal statements from all of these candidates will appear in later issues of the Enterprise.

Another county office to be filled in this year's election is that of county superintendent. Up to now no one has announced candidacy for that position.

In each case the Democratic primary will determine the Democratic nominee for the office sought. Final election will be in November, however, if local custom prevails, the party nomination is equivalent to election.

Other nominees to be decided at the election are those for state offices, representative for the 13th congressional district and state representative of Cooke and Grayson counties. A special election for unexpired terms has just named Don Hefton as state representative and has entered a runoff between Graham Purcell and Joe Meissner for national representative.

County office holders elected in 1960 and not subject to this year's election are County Sheriff O. E. Whisnand, District Judge Jack Gray, County Attorney L. V. Henry, Tax Assessor-Collector Rafe Piper and Precinct 3 Commissioner J. E. "Earl" Taylor.

Changes in SS Intended to Help Disabled Workers

Recent changes in social security will help some disabled workers who have put off asking about their rights. Gus Jones, District Manager, said that the deadline date for protecting the social security rights of workers who have been disabled for several years has been extended. To insure that the worker and his family are protected, a claim must now be made by June 30, 1962.

Jones emphasized that workers who have been disabled a long time but have never asked about social security payments, should inquire at the local office, at 300 East Houston, Sherman, or phone TW3-4301 right away.

This deadline date was advanced one year by Congress as part of the 1961 social security amendments.

WILL YOU VOTE IN 1962?

It is important every year for Texans to pay their poll taxes. But, in this election year of 1962, it is a responsibility of all citizens of voting age to pay their poll taxes. In addition to many local and state races, there will be elections for every Texas seat in the U.S. Congress.

In most sections of the world there are no free elections. A majority of people on earth do not have this very special privilege of deciding who shall speak for them in a govern-

ment of elected representatives of the people. What a great blessing they would consider it to be able to vote!

It is not enough just to vote; one should study the issues and the candidates closely. The only way a democracy can survive is for an informed and self-disciplined citizenry to cast intelligent votes.

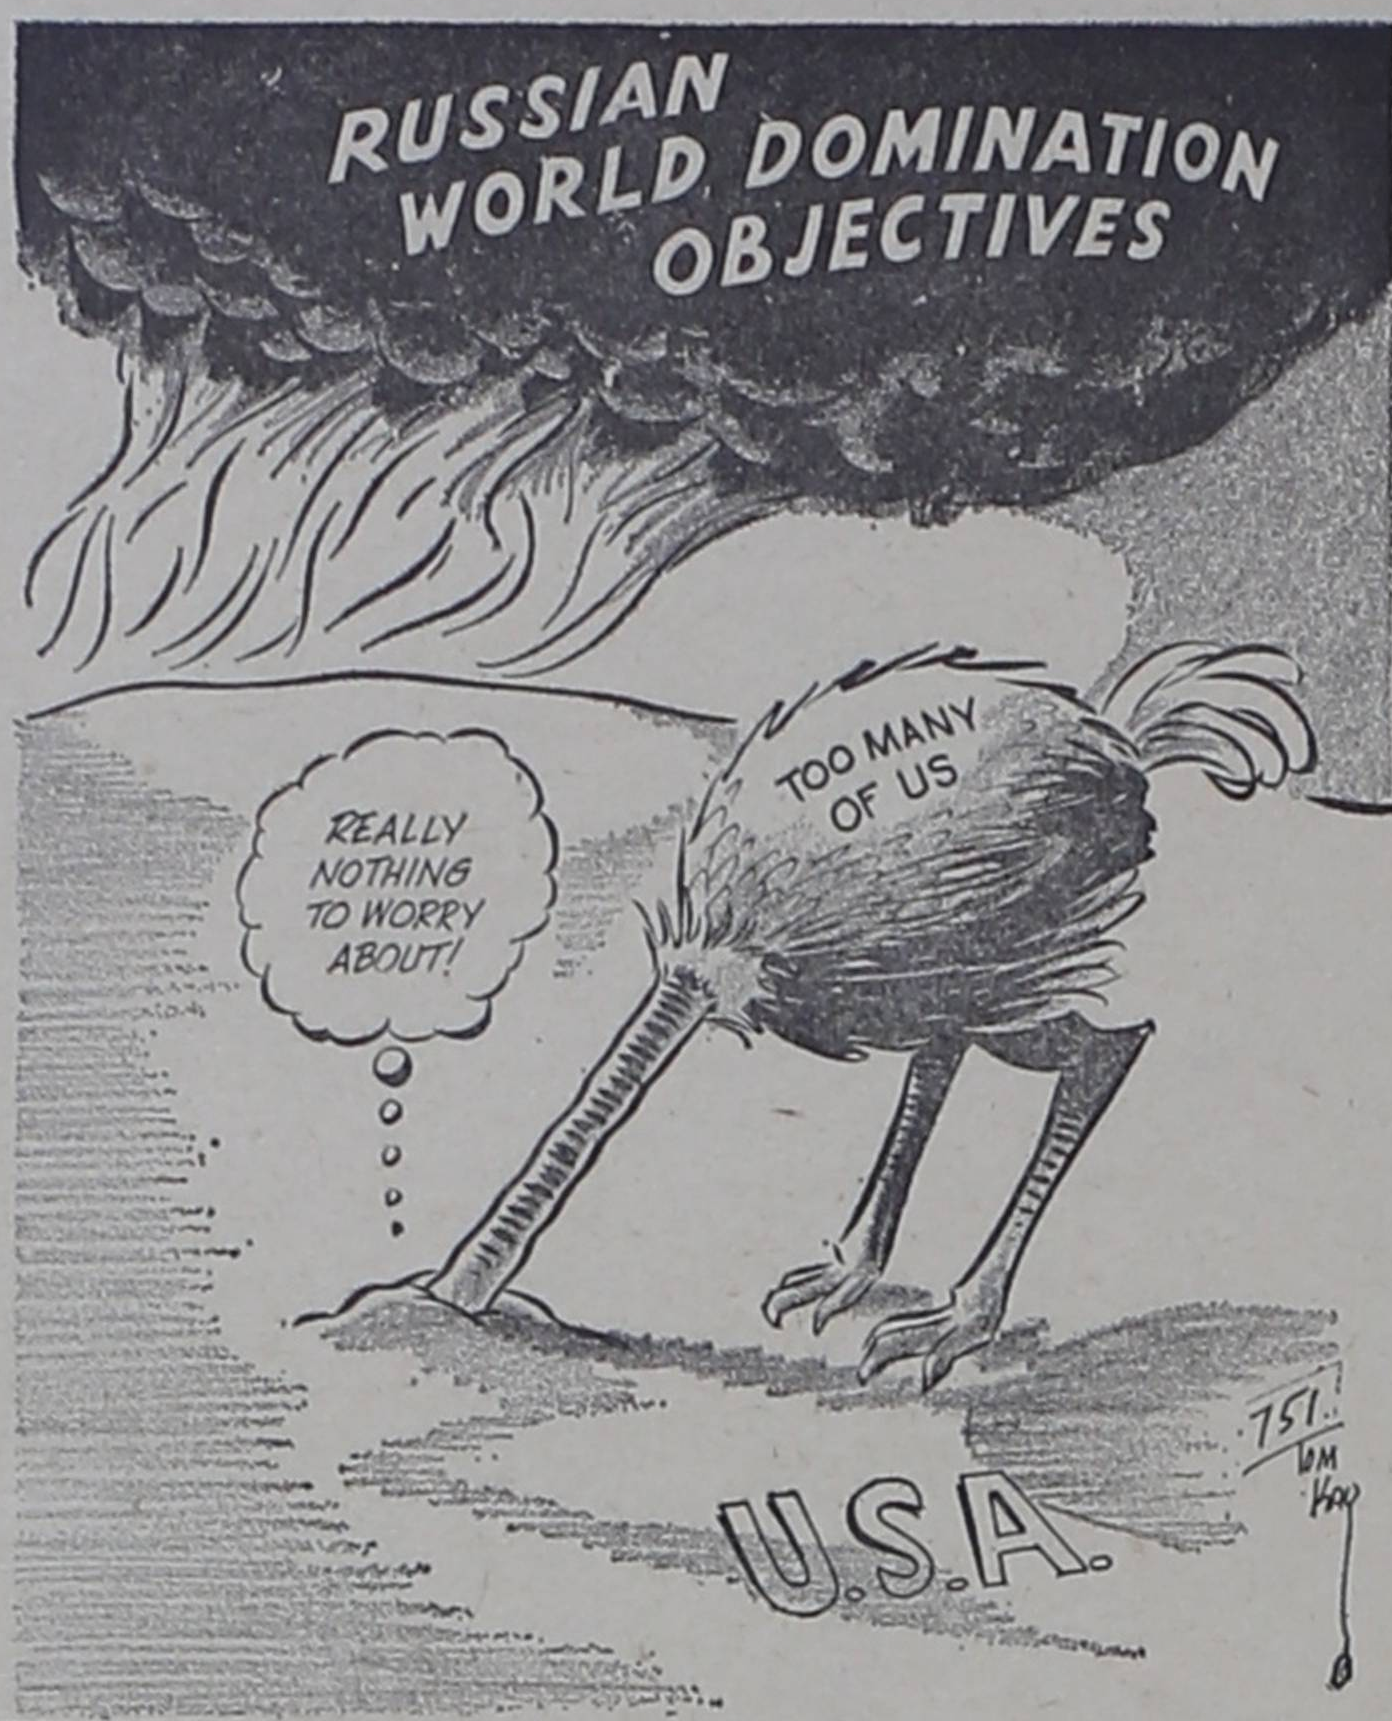

The Farm Bureau is carrying on a campaign in Texas now to encourage all eligible voters to pay their poll taxes. "Lazy Citizenship Certificates" are given to selected persons over the county to start the campaign. When they pay their poll taxes, they pass the certificates on to someone else. Don't let anyone call you a lazy citizen.

Pay your poll tax before Jan. 31 and assure your voice in your government.

WATCHING PENNIES

"The politicians love to talk about economy in government, but take a look at some evidence of 'economy' uncovered by the House Armed Services Investigation subcommittee. . . . The Navy paid \$109,012 for parts that cost the supplier \$20,820. Of course, the government recovered 52 percent of the profit in taxes, but the taxpayers are still the loser. In another instance the Air Force purchased 44,352 armateurs from an Ohio Company for \$32.28 each. The Ohio firm bought them from another company for \$16.69 each. . . . If some of this waste were eliminated the Frontier could really put on a firm front." — Jefferson (Ohio) Gazette.

According to Newsweek, Americans spend \$4 billion a year to keep their 650 million appliances, 46 million TV sets, 19 million power mowers, and other assorted gadgets in working order. The biggest culprits, cost-wise, are automatic washers and TV sets, the magazine adds. It also says that a great many Americans blame both repairmen and the manufacturers for what has amounted to a 70 per cent increase in the appliance repair load in the past 12 years. In rebuttal, an executive of an appliance producing company is quoted as saying: "Manufacturers try to anticipate all the possible ways that a housewife can use an appliance, but they have never been able to match her imagination in this respect."

SOIL CONSERVATION DISTRICT NEWS

"A soil test is the only way of knowing how much and what kind of fertilizer to use on improved pastures," says Billy Wagner, Soil Scientist, assisting the Upper Elm-Red Soil Conservation District.

This spring, many tame pastures will be established on badly depleted cropland, or old "needle grass" fields. Because of this, the establishment of a desirable grass may require a heavy initial application of fertilizer. Then to insure profitable yields of forage, annual applications of fertilizer before seeding or sodding of the pasture and then every two or three years thereafter, insure a proper balance and level of plant nutrients needed for highest yields.

Taking the soil sample is simply a matter of walking over a field and collecting a number of samples which represent the major types of soil in the field. Avoid alkali spots, old straw stacks and fence rows while taking samples. Equipment needed is a spade, a knife, a clean bucket in which to collect and mix the sample, and a clean carton, paper bag or glass jar for the final sample.

A subsoil sample may be desirable when the field is to be established in an orchard. This sample should be clearly marked "subsoil sample". Each sample should have name, address, and location of the area sampled. Once the soil deficiencies are found, it is necessary to

HERE ARE 2 OF THE NEW JET-SMOOTH CHEVROLETS

WHICH ONE IS THE CONVERTIBLE AND WHICH THE HARDTOP?

Top one's our new Impala Sport Coupe whose steel roof line is a dead ringer for the Impala Convertible's below. But after rich new styling, what? In glamor and go, comfort and craftsmanship, here's all you'd reasonably expect of an expensive car. Except the expense.

Slip inside a Jet-smooth Chevrolet, relax and just notice how good you feel. Ready for action? Just flick the key and let'er purr (your choice of two standard engines—a 135-hp 6 or 170-hp V8—or optional-at-extra-cost V8's way up to a 409-hp

mile-shrinker). That gentle cradling motion you enjoy is Jet-smooth ride at work. And the rich interior and neat craftsmanship are Body by Fisher at work. Have your dealer give you the whole story. That's the work he loves best.

After their wedding trip Mr. and Mrs. Joe Pat Bohac will make their home in Jacksonville, Florida, where he is assistant sales manager for the T. E. Mercer Co.

Mrs. Bohac is the former Margaret Mary Hermes, daughter of Mr. and Mrs. Ben Hermes of Lindsay and Mr. Bohac is the son of Mrs. Amalie Bohac of Megargel.

The couple exchanged wedding vows Saturday, Dec. 30, in St. Peter's Church at Lindsay with Father John Walbe officiating at the double ring ceremony and nuptial high mass at 10 a.m.

St. Cecilia's choir and Mrs. William Schmitz, organist, presented music for the mass and Mrs. Bruno Zimmerer and Nick Block, uncle of the bride, were soloists. Mrs. Zimmerer sang "Ave Maria" and Mr. Block sang "On This Day."

Mr. Hermes gave his daughter in marriage. She wore a gown of white peau satin with lace yoke accenting the fitted bodice and lace appliques ornamenting the bell shaped skirt which swept into a chapel train. A Swedish crown of matching lace held the waist length triple float illusion veil. The bridal bouquet, a purple throated white orchid and stephanotis, was arranged atop a white prayer book. For something old and borrowed the bride wore a crystal necklace that her mother wore at her wedding 31 years ago.

They wore identical dresses of Christmas red peau de soie and matching pillbox hats and carried white feathered carnations arranged with holly and white bells.

Leonard Hermes of Dallas, bride's brother, was best man and Frank Bohac of Wichita Falls, groom's brother, and Eugene Block, cousin of the bride, were groomsmen.

Wedding day festivities included brunch in the home of the bride's parents at noon and a reception in St. Peter's Hall at 5 p.m. with a buffet meal catered by Mrs. Joe Lehnertz. Miss Ethel Sandmann registered guests and Mrs. Jimmy Vecera, Fort Worth, and Mrs.

Herbert Schmidkofer assisted with the house party.

When the newlyweds left on their honeymoon trip she was wearing a red wool suit with black accessories. They will be at home at 5511 Los Santos Way, Apt. 7, Jacksonville, Florida.

The bride is a graduate of St. Joseph's School of Nursing in Fort Worth and received her BA degree from TCU. Her husband attended Midwestern University in Wichita Falls.
