NUMBER 4

Indications are that the next session of the national legislature will be asked to boost postal rates in order to wipe out annual huge deficits in the Post Office Department.

That's one solution to the difficulty, a typical federal solution. When the income fails to meet the expense of a certain operation, increase the income. Don't bother about decreasing the outgo. That just isn't being done in government, even though it is accepted as sound procedure in the business world.

In this case our gripe is not directed only at the usual inefficiency in federal money matters. Bad as it is, we're about reconciled to charging it off as normal waste. But we believe that lots of beefing is in order when millions of dollars of our postal deficit is the direct result of subsidizing a gigantic subversive operation of our enemy . . . the distribution of hundreds of thousands of tons of communist propaganda absolutely free through our mails.

To the average person this statement seems so fantastic that he is inclined to question its correctness. It's hard for us to imagine a department of our government giving free service in distributing material which is intended to poison the minds of American people. Just the same, it is happening. And here's how.

Our country is participating in a world wide agreement whereby the country of origin collects the mailing fee and the country of destination honors the sender's stamp and makes delivery without charge. As originally planned it is a reasonable arrangement, based on the assumption that each nation sends as much as it receives and therefore breaks even in the long run. Meanwhile the system simplifies handling for all, so it's a good deal all around . . . at least, so everyone thought.

But, as might be expected, the Soviets seized the agreement as an opportunity to cheat. They use it as a method of sending tons of propaganda material through our mail. Their agents over here prepare long mailing lists, Russia, the country of origin sends out the printed poison, and we obligingly deliver it for free. You and I, in our tax remittances, are paying for this service by helping make up our postal deficit. Now the PO Department suggests that we pay for it directly by putting extra postage on our mail.

Regardless of what Congress does about rates, we have a right to protest. Whether they are raised or not we are the victims of an international sucker game . . . which is all the more infuriating because it makes us pay the bill for harm that is inflicted on us.

To us it's amazing that public officials permit this raw deal to go on. Simple pride demands that they refuse to let the Soviets make fools of them. Integrity demands that they quit subsidizing an operation that is aimed squarely at our destruction. That's not how they look at it, however. To them anything goes as long as it demonstrates our efforts to get along with the reds. We'll go the limit in proving our willingness to co-exist, in standing by our agreement in spite of red cheating.

The absurdity of this situation becomes all the greater as we notice how Russia keeps its part of the bargain. First of all, officials over there censor all mail, including personal and business correspondence. If anything is mentioned that does not meet official approval the letter is confiscated. Many strictly personal letters fail to get through, and propaganda doesn't have a chance. Soviets refuse to deliver even legitimate mail. We deliver anything.

Isn't it time to correct this abuse? How can our officials pretend to have the interest of their country at heart when they permit such a shabby deal to continue?

Another matter apparently destined to get lots of attention in the next congressional session is the trade agreement with foreign countries. Wheels of the administration insist that we must make more concessions in order to insure a booming foreign business. We have to help other countries sell more over here so that we can sell more over there. Theoretically, that sounds fine, until it bumps into the

FOR NONSKIERS—No ski slope, this. It's salt, piled mountain-high in Chicago, Ill., for use on icy midwinter streets.

NEWS OF THE SICK

Back at home since Tuesday and up and around the house is Mrs. L. A. Bernauer regaining her strength after major surgery Nov. 21 at St. Joseph's Hospital in Fort Worth. Following her dismissal from the hospital and until her return home, Mrs. Bernauer was at the home of her niece and nephew, the Charlie Stelzers in Fort Worth. Mrs. Stelzer brought her home by car. Mr. Bernauer and Mrs. A. H. Rebentish who were in Fort Worth during the two weeks returned home at the same time.

Mrs. Albert Schilling entered Gainesville Sanitarium Sunday for X-rays and observation.

Reports on Joe Williams of Myra continue good. At Parkland Hospital, doctors have ruled out polio and meningitis — his illness is neither — and he has been moved from isolation to Room 643. His mother, Mrs. Aubrey Williams, who is in attendance at his bedside was at home during the weekend and said Joe enjoys the greeting cards immensely. He also has cleared up from jaundice but will be in the hospital two or three more weeks for treatment of rheumatic fever.

Leonard Hartman is recuperating from gallstone surgery performed at M&S Hospital last Friday. He will probably be dismissed this weekend.

Mrs. Lee Morris of Marysville community was admitted to the Sanitarium Friday as a medical patient for treatment of severe nose bleed.

Charles Lynch, band instructor at Muenster High, missed a day and a half of classes following a car accident on Highway 82 near Gainesville Tuesday night. He was in the hospital until Wednesday noon. No serious injury, but lots of bruises.

Better Mail Now For Christmas

Postmaster Arthur Endres reminds all patrons to mail Christmas cards and packages now to assure delivery by Christmas. The use of Air Mail and or Special Delivery is recommended for later mailings addressed to distant points. The postmaster also stated that the last regular mail delivery before Christmas this year will be on Saturday Dec. 23. For that reason it is necessary that all Christmas mailings be made promptly.

Postmaster Endres is certain that all patrons will cooperate by tying cards into Local and Out-of-town bundles and by mailing early in the day. The bundles should be clearly marked either with the labels previously furnished or on plan slips of paper.

Muenster Teams Win 2 Trophies At Tournament

Muenster teams came home with two trophies from the invitation basketball tournament in Callisburg last weekend. Sacred Heart girls were runners-up in the championship bracket. Muenster High boys were winners in the consolation bracket.

Both of the teams were represented on the selection of all-tournament teams. Joyce Hacker, Charlene Otto and Joyce Haverkamp were named from Sacred Heart and Mark Hellman from Muenster High.

Champs of the tourney were Callisburg girls and Whitesboro boys. Callisburg enjoyed a clear advantage in bumping the Tigerettes 64-41. With the game iced away by their 35-11 half time lead the home team coasted through the rest of the game on even terms with Sacred Heart. Hacker made 30 points for the Tigerettes.

Whitesboro boys had a real tussle requiring three overtime periods before edging stubborn Callisburg 74-70.

For the boys consolation title MHS got a slow start then roared past Era for a count of 47-38. Era led 11-7 at the first quarter, and

Season's Worst Brings Ice Storm And 12 Degrees

Roughest weather so far, with winter still officially on the way, moved in Sunday with a mild ice storm and gave the community a scare before tapering off to clear cold weather.

It was preceded by rain and moderate temperature last Thursday and Friday with clearing Saturday. Occasional drizzles Sunday were attended by falling temperature with freezing rain during the night and Monday. Danger of broken power lines etc. threatened until the rain cleared through the night and mercury plunged to 12, its lowest so far. During the day Tuesday anxiety was relieved as ice cleared from trees and power lines. Wednesday morning the temperature was back to 12.

Total moisture measure on four readings was .99 inches, raising the month's record to 1.27. The year's total now stands at 30.50 inches, still slightly below normal for this area.

Muenster Native On All State Team

Alvin (Butch) Walterscheid, of Hereford, honorable mention for End on this year's 3-A all state football team, is a native of Muenster. He is the son of Mr. and Mrs. Frank Walterscheid, who moved from here to Hereford 17 years ago.

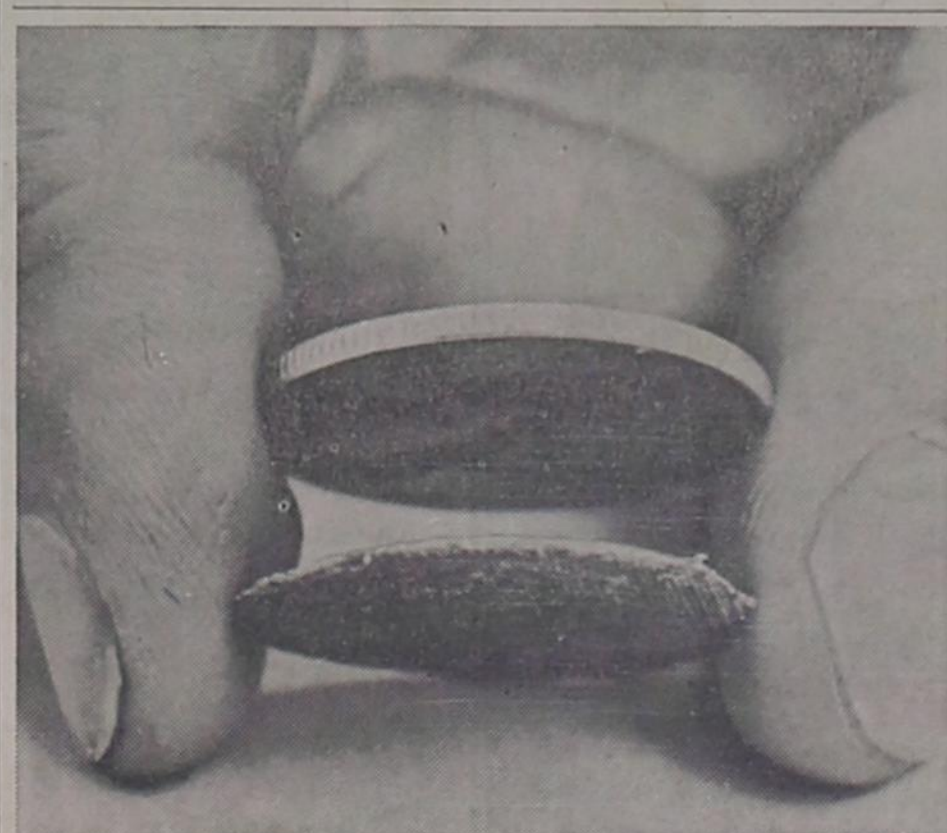

Butch is 18 and a senior at Hereford High. The report here is that he has accepted an athletic scholarship to one of the Southwest Conference universities and intends to work toward a coaching career.

BIRTHS

Mr. and Mrs. Jim Hermes have announced their fifth daughter, seven pound 11 ounce Sandra Lee, a sister for Terry Sue, Kathy, Janet and Karen. She arrived at 1:20 a.m. Thursday, Dec. 7, at the Sanitarium. Mr. and Mrs. Joe Hermes of Lindsay and Mr. and Mrs. Ray Owen are the grandparents and Mrs. Joe Pautler is great-grandma again. Mr. and Mrs. Herb Cunningham are the baby's godparents. They took her to Sacred Heart Church and were sponsors at her baptism Sunday.

Mr. and Mrs. Leroy Schmidtkofer of Lindsay announce their third daughter, a sister for Mary and Susan. She arrived 2:17 a.m. Thursday, Dec. 7, at the Sanitarium weighing seven pounds 12 ounces. Her grandparents are Mr. and Mrs. J. C. Schmidtkofer, Lindsay, and Mrs. J. W. Hess. This little girl shares birthdays with her aunt Helen Hess and has been named Sharon Helen.

Mr. and Mrs. Thomas Felderhoff have welcomed a daughter to their family of three boys and one other girl. The newcomer weighed in at nine pounds 15 ounces, Thursday, Dec. 7, at the Sanitarium 3:45 a.m. Others welcoming her are her grandparents, the Hubert Felderhoffs and Theo Miller.

FUEL CELL—About the size of a quarter, this new fuel cell produces slightly less than one volt and up to 100 amperes per square foot. Using hydrogen and oxygen for fuel, it is especially suitable for space applications due to its light weight and high energy-to-weight ratio. It was developed by Illinois Institute of Technology in Chicago.

County Men Join Statewide Effort For Animal Health

The animal health situation in Cooke county and Texas is getting major attention. The screwworm, a pest causing an estimated annual loss of one hundred million dollars, is a primary target.

In a recent meeting initiated by County Agent Neil Tibbets and the Vocational Agriculture teachers of the county, and attended by livestock producers and others concerned with animal health, it was decided to organize a county group in support of a current state wide effort toward control of livestock diseases and pests.

Local officers elected are J. T. Cole, chairman, LeRoy Hay, vice-chairman; Kenneth Riviere, secretary-treasurer.

The group will support the recently formed Southwest Animal Health Research Foundation in its drive to do something about the animal health situation. Its purposes are to receive and disburse funds, and sponsor research and educational programs on animal health-including diseases, insects and parasites-to the end that these hazards of livestock production may eventually be controlled.

"Animal health," Chairman Cole said, "is not only a concern of the producer but the economic loss also affects business and consumers. We all have a lot at stake in this program."

The Foundation's first major effort will be a program

Delay Here Enroute

M.Sgt. and Mrs. Jack Needham are here for a visit with his mother, Mrs. Ruth Needham, during their delay-enroute from Goose Bay Labrador to SAC headquarters in Omaha, Neb.

Three Day Pass

Local boys at Fort Polk favored with a three-day pass to spend the weekend at home were James Harris, Jim Voth, Harvey Schmitt and Billy Joe Dangelmayr. All the soldiers stationed at Fort Polk will have a holiday leave, but not all at the same time. Some will come for Christmas, others for New Year's.

Based On Guam

Naval Airman Kenny Fette is based on Guam now as radioman with a Super Constellation squadron. The transfer came during the weekend after completion of training in Ewa, Hawaii. His new address is: James K. Fette, VW-1, Navy 943; c-o Fleet Post Office, San Francisco, California.

4 More In Uniform

Add four more to Muenster's men in uniform. Lambert Walterscheid, Robert Meurer, Mike Fuhrmann and Grady Reed left Wednesday to report for basic army training. They joined other servicemen in Dallas and didn't know when they left here where they were going. They did know they would be back for Christmas.

Home On Leave

Charles Jetzelsberger has finished basic training at Fort Carson, Colo., and is at home on a 24-day leave before re-assignment.

Little Interest Seen in Saturday Special Election

If the recent scarcity of interest is any indication, Muenster will have a light turnout at the special election Saturday to select men for unexpired terms in the state and national legislatures.

Joe Luke and Paul Fisher will be in charge of the local north and south boxes respectively and the voting hours at both will be 8 a.m. to 7 p.m. The north box will be in the public school. The south box will be in the small building at the entrance to the city park.

Five candidates are in the race to succeed Frank Kard as representative of the 13th Congressional District in the national legislature. They are Republican Joe Meissner and Democrats Jack Hightower, Graham Purcell, Vernon Stewart and Jimmy Horany. Hightower is from Vernon, Horany from Archer City, and the other three are from Wichita Falls.

The other contest is to select a successor to Tony Korioth as representative of Cooke and Grayson Counties in the Texas Legislature. Candidates are Don Hefton of Sherman and Carl Flanery of Denison.

Gene Hoedebeck Is New Fire Chief

Muenster Volunteer Fire Department had election of officers for a new year at the regular business meeting Monday night and voted Gene Hoedebeck in as chief.

The firemen elected Alvin Hartman as assistant chief and retained Ed Endres as secretary.

Joe Moster, retired chief, became a trustee to serve with Ed Schneider and Earl Fisher who hold unexpired terms. Joe Sicking was the out-going trustee.

KCs to Host Kids At Santa Party

Children of the Muenster Knights of Columbus will have an early sample of Christmas Sunday night as guests of the local council's annual kiddies' Christmas party. The event will be held in the KC hall starting at 8 o'clock.

The big attraction will be Santa Claus and his helper with a package containing a toy and candy for each of the tiny tots.

New Service Man Named Here for Lone Star Gas

A. J. Phillips of McKinney has been named service representative for Lone Star Gas Company at Saint Jo, effective December 15.

Mr. Phillips, 31, replaces R. D. Puckett who has been transferred to Lone Star's Lancaster district-office.

In making the announcement, J. B. Smith, Gainesville district manager, said that Mr. Phillips will be responsible for gas service operations for more than 900 customers in Saint Jo and Muenster.

The new service representative is a native of Van Alstyne. He was graduated from high school there in 1948.

He joined Lone Star in 1952 as a helper in the Van Alstyne sub-district. In September 1955 he moved to McKinney as a warehouse clerk and in August 1960 was promoted to storekeeper, the position he held at the time of his new appointment.

Mr. Phillips is married to the former Barbara Hurley of Durant, Oklahoma. They have a son, Billy Floyd, 5.

HUNGER & COMPANY

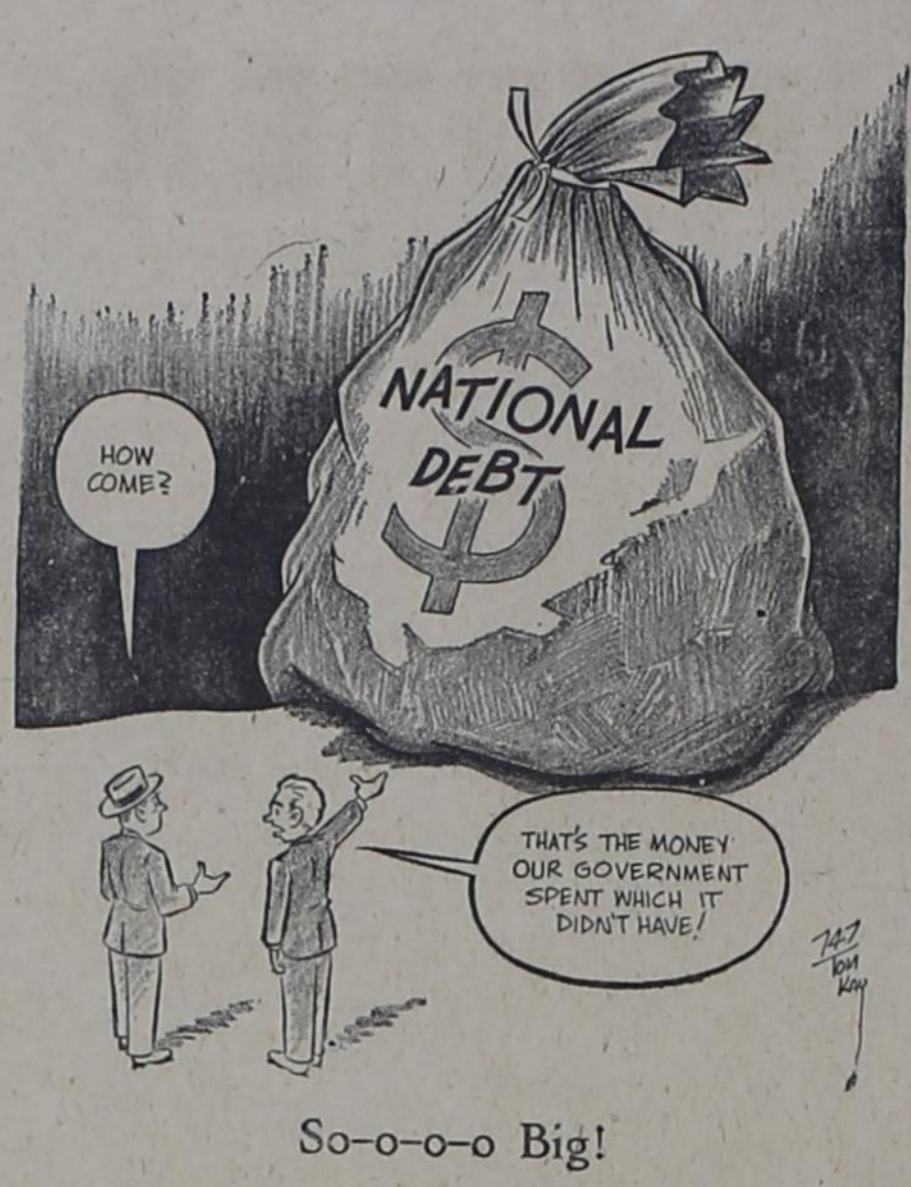

The politicians and do-gooders in New York City are running into trouble finding tax money to finance all the Puerto Ricans and Negroes who flock to the integrated heaven, won't work, and enjoy the "relief" and welfare benefits.

Washington got in on the act last August when distribution of surplus food began. The politicians had a field day as biscuits and lard were mixed with backslapping and handshakes.

At that time it was announced that 300,000 "poor" people would get the food. On Aug. 15 they began lining up early in the morning, and some of the city's politicians mixed with the relievers and shook their hands — a reminder, of course, that benevolence means votes.

The welfare workers gave these orders, when the free food was dished out, the Puerto Ricans, Negroes, elderly women, a bearded poet and others: "Show your relief cards! Form W606 and 128A, please." Commented one welfare official, an ex-comedian, like a barker at a carnival: "Surplus food, the best your money can buy. Just call us Hunger & Company."

Mayor Bob Wagner was on hand, a candidate at that time for reelection. A woman was asked the big question and replied: "Yes, I'll vote for him." Last month the mayor swamped his penny-pinching opponent who was more conservative on wholesale hand-outs.

So-o-o Big!

NOT A PRETTY PICTURE

Recently, about 140 plumbers walked out on the nation's nuclear test program near Las Vegas, Nevada. They claimed work being done by operating engineers should be done by them. Some 2,000 workers of 3,500 employed refused to cross plumbers' picket lines. This was the second stoppage at the site since July.

Labor unions are rapidly lowering themselves in public esteem when they call strikes on national defense work over jurisdictional disputes between highly paid workers. In seriousness, it is but a matter of degree between defense workers calling a strike and soldiers deserting their posts to enforce demands.

Granting that a man has the

right to stop work on a defense job, it does not follow that if he quits he should have the right to paralyze production by stopping other men from working, until his demands are met.

What hope is there for world agreement on disarmament when in our own country we cannot settle a labor controversy until after 140 union members stop defense work that affects the lives of 180 million men, women and children.

YOUR "SERVANTS"

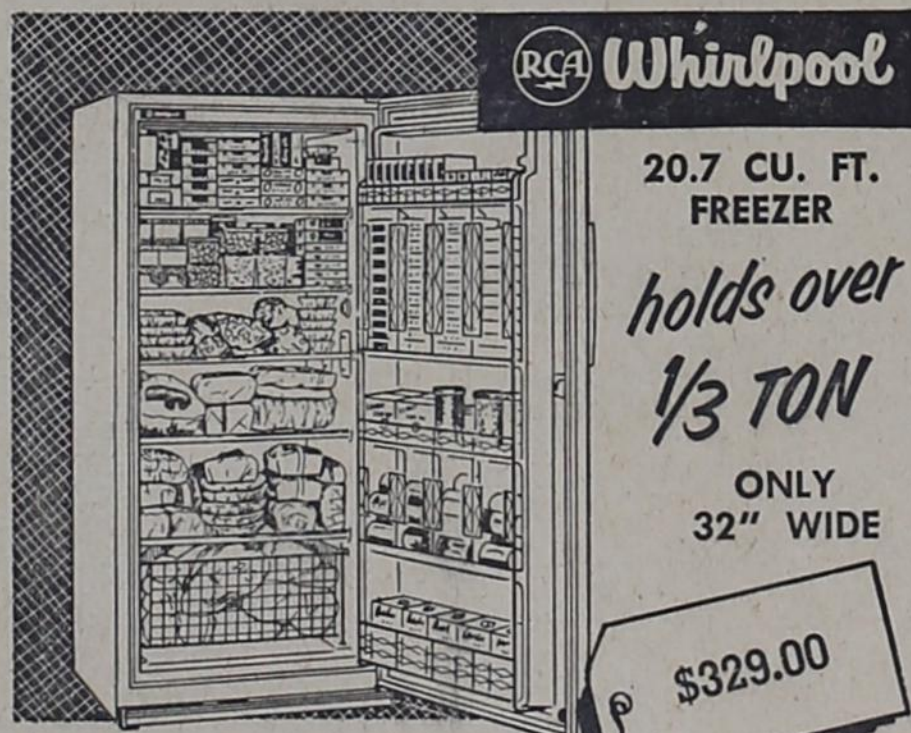

How much a year do you spend on the salaries of your servants?

Most of us, of course, employ no servants at all. But we're paying an ever-rising bill for a special type of servant — the public servant.

During the last fiscal year, reports Tax Foundation, federal civilian payroll costs reached an all-time high \$13.6 billion, which works out to \$242 for each and every American family. Per family cost in 1947, by way of contrast, was only \$134.

The annual cost of civilian agency payrolls rose 55 per cent from fiscal 1955 to fiscal 1961, as against only 28 per cent for civilians employed by the Department of Defense.

It would be interesting to see a breakdown showing the proportion of these civilians who are busy spending our tax money on welfare state projects of one kind or another.

Luxury and low price were never blended so beautifully

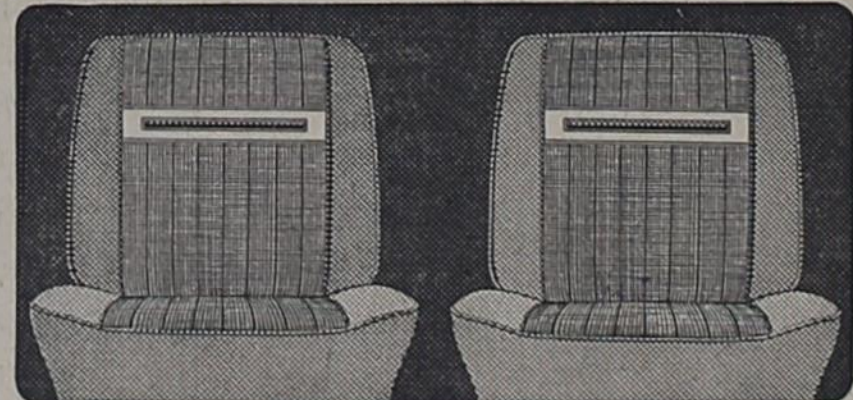

Who but Chevrolet could've done it? Price, spice and everything nice! A car that's bustin' with room, zoom and richness. One that's deep in convenience and comfort. One that won't let you squander a thing but affection. Look over the beautiful new Chevy II Nova here, and light out in it at your dealer's.

NEW CHEVY II NOVA

A SIX WITH V8 SCAT. You design a throaty Six (120 hp. strong) with special refinements like seven main bearings. You take your Six and team it with a car that is hundreds of pounds lighter than the big jobs—and, partner, you've got Go!

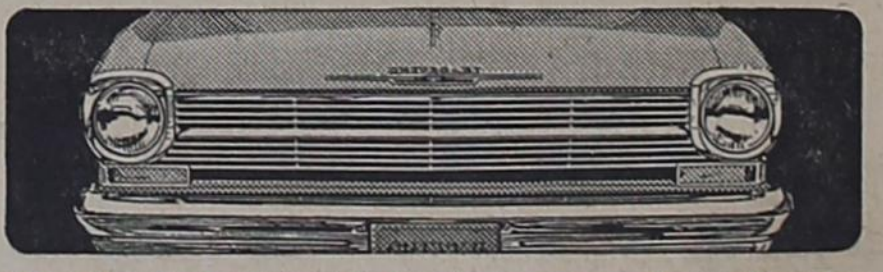

EASIER GOING RIDE. New Mono-Plate rear springs take the place of old-fashioned multi-leaf springs. Tough but ever so gentle, they help give you a ride that reminds you of the big Chevrolet—and you know how smooth that is.

RICH REFINED INTERIORS. Here's where you sit in the lap of luxury. Leatherlike vinyl upholstery. Foam-cushioned, of course. Carpeting and scuff mats. Vinyl overhead and chrome trim—the works!

4-H Safety Winners Vow They'll Cut Accidents

SHOWING HOW THEY HOPE TO LEAD America's 2 1/4 million 4-H members in a united effort to cut accidents—especially traffic accidents which last year claimed 38,000 lives—are these eight national winners in the National 4-H Safety Program. Joining them in urging greater "safety awareness" on highways, farms and in homes is Anthony G. De Lorenzo, vice president in charge of the public relations staff of General Motors, which is safety program awards donor for the 17th consecutive year. Each of these winners received a \$400 college scholarship from GM. In addition, General Motors gave them and 37 other state safety winners all-expense trips to the 40th National 4-H Club Congress in Chicago. The national "P. P. & K" winners, and the age group in which each won, are: Joe Brandt, 10, Bartlesville, Okla., Ronald Zenn, 6, Detroit, Mich., Gary Carter, 7, Fullerton, Calif., Pete Saco, 8, South San

Francisco, Calif., Greg Schofield, 9, Antigo, Wisc.

The five youths emerged as champions by winning regional and then national competitions in the PP&K contest launched this year by the Ford Division of Ford Motor Company and its dealers in cooperation with the National Football League.

The winners, their fathers and the Ford dealers who sponsored them will embark late this month on an expense-paid "tour of champions," including an official reception at the White House and a trip to the National Football League championship game in Green Bay, Wisc., Dec. 31.

The five champions also will receive trophies and autographed footballs and will be introduced to a nationwide television audience during half-time ceremonies at the NFL title game.

The young champions posted the best total scores for punting, passing and place-kicking distance and accuracy in final competition of 70 winners representing 14 regions of the nation.

The problem of religion is to induce people to practice in their daily lives what they say they believe in church.

All Handicapped Children Invited To Santa Party

Again this year the Gainesville Soroptimist Club is inviting all handicapped children to a Christmas party and has made plans for a fine time for the youngsters . . . and their parents. Party this year will be next Tuesday, Dec. 19, in First Christian Church educational building at Gainesville from 3 to 5 in the afternoon.

Mentally retarded and other handicapped children are all invited to attend, meet Santa, get a gift and have refreshments. To know how many to prepare for, names of those planning to attend should be turned in this weekend. Mrs. Richard Wilde is taking names for Muenster and will turn them in if she is contacted.

aimed at controlling the screwworm. The proposed program is patterned after the successful drive in Florida and the Southeast. The U. S. Department of Agriculture, livestock producers, and the State of Florida teamed up to just about remove the pest from the scene. The method used was based on the release of sterile male screwworm flies over the State which resulted in the production of infertile eggs and almost complete elimination of the fly population.

Such a program in Texas will encounter problems not found in Florida. It is bordered by great land areas where the flies overwinter but cooperative efforts could overcome some of the problems, the chairman said.

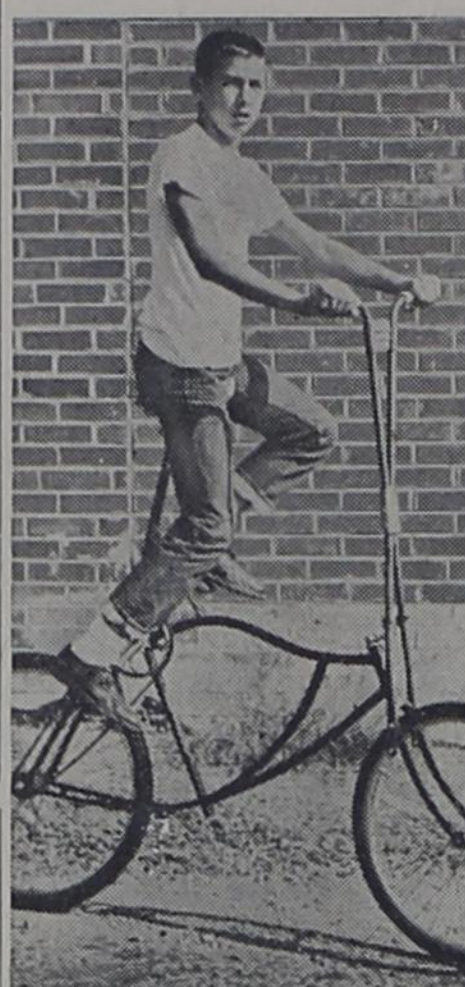

"Through county organizations such as ours, every livestock producer and other interested person will have an opportunity to support the Foundation and its programs. Producers are being asked to contribute on the basis of 50 cents per head for adult cows, horses and steers and 10 cents per head for sheep, goats, swine, and deer," Cole said.

Contributions may be made to any member of the committee. All monies collected will be passed on to the Foundation for support of existing research facilities and conduct of large scale field tests.

Chairman Cole said, "We know this first program will cost several million dollars, but if we can remove the screwworm from the scene, the annual savings will amount to several times the cost of the control effort."

The power generated by a hurricane like Corla is almost beyond the grasp of man's mind. The chief electrical engineer of the Central Louisiana Electric Company finds that Corla produced enough power to meet his company's production needs for 8,000 years. The company's power stations have a capacity of 315,000 kilowatts, and can generate 800 million kilowatt hours a year.

To the Voters of Muenster and Area:

On December 16th you will go to the polls and select a new Congressman for the 13th Congressional District.

The office of U.S. Representative is the third most important elective office this nation offers to the people.

We submit for your consideration:

Jimmy P. Horany

From Archer County

A Working and Loyal Democrat

HORANY'S QUALIFICATIONS:

Graduate Archer City High School 1933 Texas Tech, Lubbock 1937-38 University of Texas 1939-41 University of Texas Law School 1946-48

HORANY'S EXPERIENCE:

Since 1948 practicing attorney Since 1949 partner and Mgr. of retail Department Store Since 1954 Licensed Real Estate Dealer 1947-51 State Legislator 1960 President Kennedy's Elector

Horany's record as a Legislator was guided by one test: "Was the proposed legislation for the best interests of the people."

Horany is an independent, true and loyal Democrat, he is not controlled, associated or obligated to any group, special interests, corporation, or organization. He is dedicated to serve only the great masses of the people.

Horany is not claiming to be the only Democrat in the race big enough to win this election without a run-off, but he knows he has strong support in Wichita County, Archer, Young, Clay, Montague, Haskell, Knox, Jack, Wise, Denton, Cooke, Foard, Baylor, Throckmorton, Wilbarger, Hardeman, Stonewall, King, and Kent Counties. Horany has the support of real and true Democrats, merchants, ranchers, farmers, veterans, school people, oil and gas men, and others.

The Other Candidates May Beat Horany to Bed, But They Will Never Beat Him Up.

NOTES FROM CITY LIBRARY

A new book at City Library will delight readers from ages 12 up. It's Bruce Lee's "Boy's Life of John F. Kennedy."

Here is the story of the growth of the youngest man ever elected to the Presidency of the United States. Here is young Jack Kennedy as a 10-year-old, fighting with his older brother, Joe, and here, is Jack at prep school and as an undergraduate at Harvard.

As war clouds hover over Europe, he joins his father, then U. S. Ambassador to England, and serves as a diplomatic courier, roaming the length and breath of a tense continent. Returning to Harvard, he writes his thesis on English politics, which is soon published and becomes a best-selling book.

Farm Facts

The production of U. S. hens exceeds 65 billion eggs a year. This is more than five times the output of their nearest rivals from the United Kingdom.

And production per hen continues to climb. The rate was 152 eggs per year in 1945. It was 206 per year in 1959.

It's a good thing. Average civilian consumption in this country in 1960 was 334 eggs. Of the per person supply, about 29 eggs were broken commercially for use in manufactured products, including baked goods. Part of this "invisible" egg consumption is through dried egg solids bought by the Department of Agriculture for school lunch programs, etc.

More than 80% of our farms had chickens and produced eggs 15 or 20 years ago. But times have changed. The 1959 Census of Agriculture revealed only 2.2 million farms with chickens and only half of these as selling eggs.

The 1.1 million selling eggs produce the salable supply of about 4.5 billion dozens annually—basis for the commercial table egg supply, the raw material for commercial egg

U.S. hens lay 65 billion eggs per year.

breaking, and hatching eggs. USDA's Economic Research Service notes that less than a million commercial specialized producers are responsible for the bulk of the egg output. Egg production is no longer a "pin-money" enterprise.

young Kennedy commands a P-T Boat in the South Pacific, is rammed by a Japanese destroyer, almost drowned, thinks "so this is what it's like to be killed," but finally leads his crew to rescue.

When peace finally dawns, Jack Kennedy launches his meteoric political career. At 28 he is a Congressman, at 34 a Senator. A severe illness has him fighting for his life again at 36, but within two years he authors a Pulitzer-prize-winning book and is almost nominated for the Vice-Presidency.

Through the whole story shines the remarkable spectacle of the huge and irrepressible Kennedy family—father Joe, Mother Rose, brothers Bobby and Teddy, plus an apparent horde of energetic and gracious sisters.

Most impressive, however, is the vibrant and forceful personality of John F. Kennedy, himself.

"Boy's Life of John F. Kennedy" is a remarkable story, because the story of the life and times of the new President is truly a remarkable saga.

Milk Price Pegged At \$5.594 for Dec.

The minimum price that North Texas processors will be required to pay producers for Class I milk during December 1961 will be \$5.594 per hundredweight for milk testing 4.0% butterfat. For each tenth of one percent (0.1%) that the average butterfat content of such milk varies from 4%, the price will be adjusted by 7.6 cents. Class I milk includes such items as whole milk, flavored milk, buttermilk, skim milk and table cream.

For the month of November 1961 processors were required to pay producers a minimum of \$5.635 per hundredweight for Class I milk testing 4.0% butterfat.

After the meal the group had a gift exchange and played progressive 42. Prize

winners in the games were Mrs. Ben Seyler, a guest, for high score and Mrs. John Hartman who secured the consolation award. Mrs. Werner Endres drew the door prize.

The holiday gathering followed by less than a week the club's regular December social for which Mrs. J. B. Wilde was hostess in her home on the first Wednesday. Forty-

two games were the afternoon's entertainment and holiday refreshments were served to 12. Prizes went to Mrs. Joe Kathman for high

score and to Miss Anna Hellman for low tally. Mrs. John Hartman won the door prize and Mrs. Ben Seyler was a guest.

HOTTEST NOVEMBER IN FORD HISTORY!

And here's what started the heat wave!

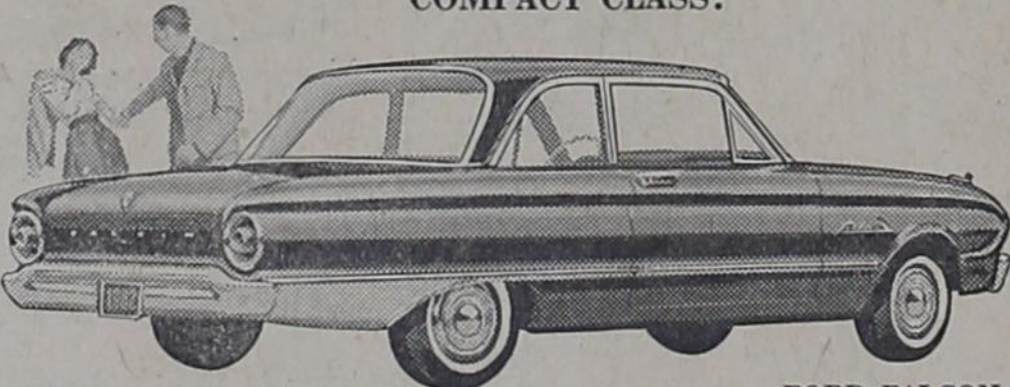

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. ■ Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. ■ There are four magic reasons—why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. ■ Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations . . . The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality . . . most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

PRODUCTS OF Ford MOTOR COMPANY

NOW THERE ARE FOUR CLASSES OF CARS . . . AND ONLY FORD HAS ALL FOUR!

COMPACT CLASS:

FORD FALCON

This class includes cars with 106- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced* 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon.

FAIRLANE CLASS:

FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compacts and big cars . . . you get big car room, ride and performance . . . compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxie.

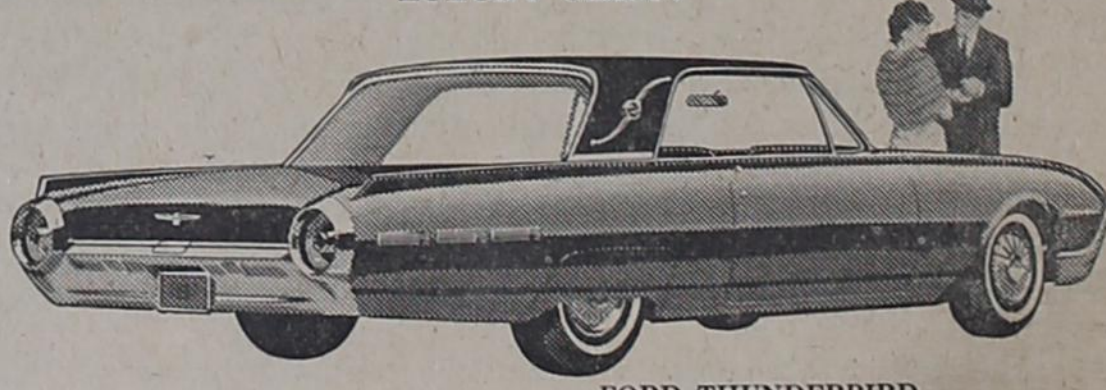

FULL-SIZE CLASS:

GALAXIE BY FORD

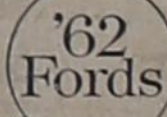

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxie—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

LUXURY CLASS:

FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-size luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling set the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.

Australia was formerly called New Holland.

Two vacationing businessmen were comparing notes on the beach at Miami. One said, "I'm here on insurance money. I collected \$50,000 for fire damage."

"Me, too," the second merchant said. "But I got \$100,000 for flood damage." There was a long thoughtful pause and then the first man said, "Tell me, how do you start a flood?"

Then there's the one about the Texan who visited Niagara Falls with a Yankee friend.

"I'll bet," said the New Yorker, pointing toward the falls, "that you don't have anything like this in Texas." "Nope," drawled the Texan, "but we got plumbers who can fix it."

The wife was complaining to her husband, "That uppity Mrs. Jones didn't speak to me today when I passed her on the street."

"What's so terrible about that," he asked. "I thought you told me yesterday you weren't going to speak to her again."

"That's what makes me mad," the wife replied. "She didn't speak to me before I had a chance not to speak to her."

Local News BRIEFS

Mr. and Mrs. Charlie Pagel and his mother, Mrs. Carra Pagel, were in Burk Burnett Thursday to attend the funeral of the latter's brother-in-law, Newt Anthony, at First Methodist Church. Anthony, 78, died at his home the preceding Tuesday. He was an independent oil producer. A native of Saint Jo, he had been a resident of Burk Burnett since 1918.

Mr. and Mrs. Ervin Derichsweiler and children drove over from Lewisville for a weekend visit with their families, the Bill Derichsweilers and the D. L. Bowens. The visitors were road testing their new Dodge Dart.

Mrs. Teddy Gremminger and children Wayne, Mary Kay and Robert of Garland visited the youngsters' grandparents, the Victor Hartmans and the Ted Gremmingers Friday and Saturday and were among those attending the Christmas program by the parochial primary department.

Miss Elizabeth Herr, Mrs. Val Fuhrmann and Mrs. Ted Gremminger of Muenster Telephone Corporation's office were among those attending the open house at Bell Telephone Company in Gainesville.

Mrs. William Bergman was back for a weekend visit at her home here coming from Kansas City, Kansas, with her daughter from that city, Mrs.

Bernard Knoff, by train. Also, here were her son and his wife, Mr. and Mrs. Joe Bergman of Kansas City who arrived by car Friday. They all left Sunday night. Mrs. William Bergman is making her home in Kansas City now at a home for the aged operated by Sisters and says she likes it very much. Her visit over the weekend was to tend to business and to see relatives and friends as much as the weather permitted.

The Leonard Luttmers of Valley View were surprised with a gift party Saturday night at their home when friends gathered bringing packages wrapped in pink and blue. Among those attending were the Sam Sparkmans and the Rafe McElreaths of Marysville.

Mrs. Ray Evans and her sister Mrs. Howard Couch of Gainesville were in Celina Thursday to attend funeral services for their aunt, Mrs. Annie Ballard, 77, who died the preceding day. Other survivors are one son, Arnold Ballard of Justin, three nephews and two other nieces.

Mr. and Mrs. Jim Fette and two children of Dallas were Friday overnight and Saturday visitors with his mother and other relatives.

Retired Lt. Col. and Mrs. Hal Falck are here for a visit with her parents, Mr. and Mrs. Jake Pagel and the family. They came here from Illinois where they visited his folks and will go to San Antonio to establish a home in civilian life.

Three Share Honors At Birthday Party

Each guest took three birthday gifts to a party at the A. J. Felderhoffs' home Thursday night for three of the Felderhoff children who were sharing honors at a birthday celebration. Seven-year-old Carol's birthday is Dec. 11, Stevie was eight on Dec. 14 and Anthony was nine on Dec. 7.

There were three decorated birthday cakes which were served with ice cream and soft drinks. Singing and picture taking added to party fun.

It was a family party, the guests including the children's grandparents, Mr. and Mrs. Albert Kubis of Lindsay and Mr. and Mrs. Tony Felderhoff.

St. Mary's PTA Buys Car for Nuns

St. Mary's Parent-Teacher Association has purchased a car for the nuns of St. Mary's Convent. Members of the association heard the good news and details of the purchase from R. D. Hobbs at their recent meeting.

In other recent activity the PTA arranged for a St. Nicholas party. It was announced that the children's talent night will be on December 22 in the KC Hall beginning at 7:30. The organization also made plans for a benefit dance.

Program speaker for the meeting was Ray Die, activities director for Gainesville High School, who spoke on Civil Defense. Mrs. Tony Dulock led the closing prayer and Mrs. Joe Knepper and Mrs. Al Reiter were hostesses for the social hour.

St. Mary's Parish Donates Clothing In Annual Drive

St. Mary's Altar Society of Gainesville, at their December meeting heard a report on the annual Thanksgiving clothing drive conducted by the parish. Mrs. Willard Kuhn reported several hundred pounds of clothes had been shipped. Some was held over to be given to the Salvation Army.

Mrs. Milton Gossett accepted the welfare chairman's office for the society.

It was asked that Christmas decorations be given to the church, especially strings of lights, as Father Richard plans to have the church elaborately decorated for the Christmas season.

Father James Callahan was present for the meeting and spoke briefly on the functions of the altar society.

Third Order Has Prayer Service and Business Meeting

Members of the Third Order of St. Francis held their December prayer service and a brief business session Sunday afternoon. Mrs. Eddie Schmitt is the new treasurer replacing her late father, J. W. Hess. About 25 tertiaries were present.

The Franciscan calendars for 1962 have arrived and members who didn't get theirs at the meeting can pick them up this week at the home of Mrs. Edd McGannon, prefect of the order. More calendars will be ordered if there is a need for more, the officers said. In place of the month's spiritual reading, the group recited the Franciscan crown rosary.

Mrs. McGannon read a Christmas greeting from Miss Margaret Simons of Jonesboro, Ark., who continues her membership in the local organization and a letter of sympathy from Father Elias Koppert, provincial, of Chicago, extending condolence on the death of J. W. Hess. Father Elias added that he looks forward to his annual visit here in the spring.

WHAT KIND OF CONGRESSMAN DO YOU WANT?

- IF** you believe that our government in Washington needs a dose of common-sense business management...
GO WITH JOE!
- IF** you are tired of professional politicians playing leap-frog with public offices for personal gain...
GO WITH JOE!
- IF** you want a Congressman who will oppose the wild-spending and the Socialistic schemes of the "New Frontier" of JFK and LBJ...
GO WITH JOE!
- IF** you want a Congressman who is not obligated to any bloc and is free to fight against the dreamers in Washington...
GO WITH JOE!

Send a **BUSINESSMAN** TO WASHINGTON!!!

MEISSNER
FOR CONGRESS
THE ONLY CONSERVATIVE CANDIDATE

JOE MEISSNER IS FOR: LOWER TAXES... ECONOMY IN GOVERNMENT... A FIRMER FOREIGN POLICY... STOPPING FOREIGN "GIVE AWAYS"... FEWER CONTROLS ON BUSINESS, FARMERS, AND ALL OTHER INDIVIDUALS... LOCAL CONTROL OF SCHOOLS... FULL DEPLETION ALLOWANCE... FREE ENTERPRISE... MARKET-CONTROLLED ECONOMY... PRESERVATION OF THE CONNALLY AMENDMENT... FULL NATIONAL SECURITY... STATES RIGHTS.

GO VOTE TO "GO WITH JOE" SAT., DEC. 16th

(Pol. Adv. ... Paid for by Joe Meissner, Jr.)

JOE MEISSNER... a native Texan... 36 years of age... educated in Wichita Falls public schools and High School... member State Championship (1941) Football Team... attended Rice, Oklahoma A & M, and TCU... earned B.S. degree in Commerce (Minor in Economics)... 2 terms of duty in Marine Corps (1943-46) (1951-52)... member and former Deacon, First Christian Church... successful businessman, officer in two Meissner Companies.

JOE MEISSNER entered the race for Congress in response to petitions signed by hundreds urging him to oppose the politicians of the JFK-LBJ machine. He entered with the statement that he is "willing to go to Washington and do what I can to try to stop our break-neck rush to Socialism." He was first to announce and first to file in the race because Joe Meissner is the only candidate who doesn't have to wait for "signals" from higher-ups before he can make a move.

500 Applaud Yule Play by Parochial Primary Students

A crowd of at least 500 people cheered the Christmas program by Sacred Heart primary department Friday night in Muenster High auditorium.

The children, directed by the Sisters, gave a great performance reciting and singing in five languages as they portrayed Christmas customs in America, Mexico, Ireland and England, Germany and France.

The play began as Terry Hoedebeck and Claude Klement, in the American scene, looked through a picture book that told about Christmas Around the World. As they read, the story book characters came to life and performed in their native costumes.

The grand finale was an inspiring nativity scene.

Carol Henscheid played the piano accompaniment and for Christmas in Mexico Douglas Martin played the guitar. Second year primary students were the carolers between scenes.

Jeanette Klement Gets Nurse's Cap

In a three o'clock ceremony Sunday afternoon at St. Joseph's Hospital Miss Jeanette Klement received her nurse's cap. Witnessing the capping were her parents, Mr. and Mrs. Walter Klement and Mr. and Mrs. Albert Herr.

Nineteen young women of the class received their caps and participated in the service. After Benediction in the chapel there was a reception and open house at the nurses' home. Helping with hostess duties was Miss Helen Vogel. The local couples visited with Miss Marcy Klement before leaving Fort Worth.

SOIL CONSERVATION DISTRICT NEWS

Progress on the Flood Prevention Program continues to gain momentum in the Upper-Elm-Red Soil Conservation District. Floods that damage our bottomlands, roads, bridges, crops and other property are a serious hazard in much of the District.

Two floodwater retarding structures have been completed this year on Elm Fork, making a total of 88 completed on this watershed. One more is under construction at the present time. Work was started in the Clear Creek Watershed this year with construction started on seventeen structures.

The success of the program is the result of cooperation by the landowners who furnished easements for the construction of the detention dams. Without the whole hearted interest and support of these people, the program could not succeed.

The district received invaluable assistance and support from several local groups in moving forward with watershed progress this year. These groups are: The Clear Creek Watershed Authority, the Montague and Cooke County Commissioners Courts as well as the Elm Fork and Denton-Big Sandy Watershed Associations.

Mass Explained at Joint Meeting of Discussion Clubs

About 150 confraternity Discussion Club members braved the wintry blast Sunday night to attend a joint meeting of all study club groups of the parish for an explanation of the mass and its liturgy.

The meeting was held in Sacred Heart Church after the Parish Hall with its meager heating facilities proved too cold.

Father Martin Fisher demonstrated the mass ritual and ceremony. Joe Walter of Gainesville was narrator and William Pulte of Gainesville was mass server.

St. Mary's Pastor To Be Back Soon

Word has been received regarding the condition of the Rev. Francis Brady, pastor of St. Mary's Church at Gainesville, who has been ill at his native home in Ireland since arriving there last summer for a visit. He was reported gaining strength and would soon be able to travel.

Meanwhile at the church and school, the assistant pastor, Father Richard Sokolsky, is being assisted by Father James Callahan.

FHA Chapter Has Christmas Party

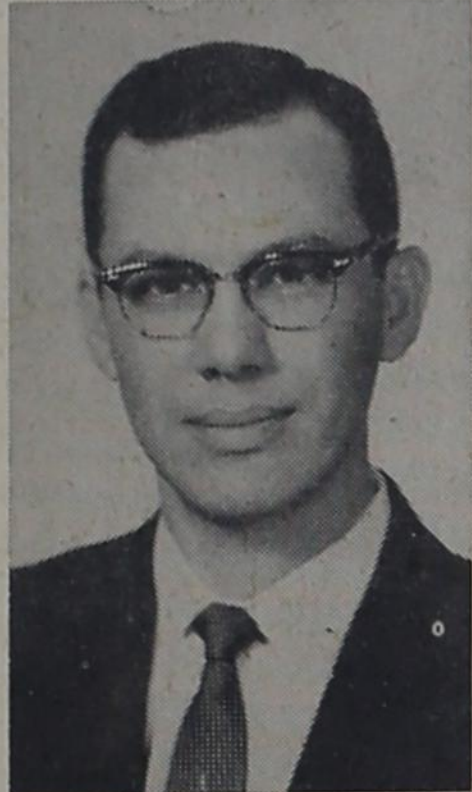

A come and go Christmas party for members of the Muenster High FHA Chapter was attended by 30 girls Sunday when Miss Doris Vavra, chapter adviser, entertained in her home.

Assisting with hostess duties were Misses Frances Vavra, Molly Martin and Joan Harvey, all of TWU, Denton. They served party sandwiches, cake squares, punch and salted nuts from a holiday table centered with a huge candle surrounded by a holly, pine cone and cedar arrangement.

The three Denton students came to Muenster with Miss Vavra Saturday as she returned home after a visit in Bryan and Scurry. She helped her parents and family move from Scurry to Bryan and helped them get settled.

Last day of Mrs. Earle Otto's vacation from the REA office was spent on a trip to Wichita Fall Friday. Going with her were her daughter Elaine and her mother. A nice surprise for them was meeting up with Mrs. Bill Hertel of Seymour in one of the stores. The Hertels and Hoffmans were longtime neighbors when both families lived in Rhineland. Members of the Friendly Neighbors Club had their annual Christmas get-together with their husbands as guests Sunday night at The Center. The meal was the highlight of the evening for the ten couples attending.

Mr. and Mrs. Wilson Fangman are back at home here after two months in Memphis, Tenn., while he was employed there for a construction company.

Three winners, those who turned in the best slogans in the Gold Bond contest conducted by the Lindsay Crafts Club leaders, received their certificates and prizes Friday. They are Ralph Hermes, first; Jerry Laux, second and Joanie Zimmerer, third.

Visitors from Hereford, the Robert Betzens and children, arrived during the weekend for a visit with her parents, the Herman Zimmerers here and her sister and family, the Glenn Hellmans at Muenster.

Mr. and Mrs. Lawrence Zimmerer returned Monday night from a several days' visit in west Texas. They were guests of the Leo Zimmerers in Amarillo also saw the Bernard Zimmerers there — and a lot of snow — and stopped with the Paul Hermes at Bushland and the Joe Franks at Canyon. When they left last week the weather was nice for travel. It was quite different on the return Monday but no highways were closed on account of ice.

Lindsay Youngsters And Club Leaders Gift Handicapped

About 40 Lindsay children, members of the boys' and girls' craft clubs, joined by their leaders and other adults, drove to Denton in the rain Friday afternoon to take Christmas cheer to the youngest at the Denton State School for Retarded Children.

After they left their gifts, the group toured a part of the school. With the Lindsaites were Mrs. Joe Lehnertz, Gary Lady from Muenster and Joe Walter of Gainesville. Bruno Zimmerer drove the bus.

Those going had packed lunches for a picnic, intending to stop at a roadside park for an outing but rain changed that and kept them in so they had their picnic lunch in the bus coming back.

State Theatre Presents Story of Francis of Assisi

A story of power and compassion and the dynamic personality of a great saint is unfolded in the film epic "Francis of Assisi", which shows at the State Theatre in Gainesville Sunday and Monday.

It tells how he set the 13th century ablaze with his revolutionary ideas about the blessings of poverty and dared boldly to end the crusades by use of the cross rather than the sword.

His message has a direct application to the present time in that he struggled against the materialism of his day and was the first man to seek a negotiated peace between East and West, using Christianity in his attempt to forge a common link.

The film was photographed on locations in Assisi and other Umbrian towns where St. Francis actually lived and worked. It is in color and CinemaScope, starring Bradford Dillman, Dolores Hart and Stuart Whitman, with Michael Curtiz as director.

Six SH Students Win in Contest

A contest Sacred Heart elementary students entered last spring has just paid off with six two-dollar checks to a half dozen winners and a special five dollar check to the school for sending entries.

It was the "Educational ABCs of American Industries" contest with awards in three divisions: handwriting, essay and projects. Local winners were all in the projects division. They made illustrated booklets on various industries.

Winners were last year's eighth graders Ricky Endres and Norma Lutkenhaus and last year's seventh graders Carol Mosman, Debbie Schilling, Mary Wimmer and Patricia Arendt.

Win 2 Trophies

Muenster jumped ahead 27-19 in a hot second period. Next quarter they gained to 40-27 and reserves played the last period in which Era trimmed the margin by four points. McElreath and Hellman scored 15 each.

Saint Jo won girls consolation by a forfeit. Whitesboro was mixed upon the time and failed to appear.

The Tigerettes started the tournament with an easy 69-39 win over Whitesboro as Hacker poured in 52 points. Then they blasted Lindsay 70-25 in the champ semifinal. Top scorers in that one were Hacker 36 and Wimmer 24 for Sacred Heart, Hermes 15 and Haverkamp 10 for Lindsay. Next was the loss to Callisburg in the champ final.

Sacred Heart boys found the going tougher. The Whitesboro champs swamped them 71-22 in the first game. In the next one Era took a 29-18 half time lead and Sacred Heart gained, but not enough in the second half. The score 41-38. Wolf was hot and made 26 of the points.

Muenster High boys started the tourney with a sizzler. Playing Valley View they were tied at 9-9 and 18-18 in the first two periods, dropped behind 29-25 in the third and stayed behind for the final count of 41-36. Top scorers were McElreath 15 and Hellman 10. Next one was an easy 68-25 win over Saint Jo with McElreath and Hellman hitting 27 and 19, then the final with Era.

Muenster High girls made a better start, thumping Valley View 30-13 as Cain scored 13 and Hellman 9. But then they met Callisburg and were beaten just as decisively, 65-23. Hellman hit 10 and Cain 8.

The longest war on record was the Crusades (Christians vs. Moslems) which lasted for 195 years.

problem of what's going to happen to US industries that can't meet foreign competition. Thousands of firms have already gone broke and millions of workers have lost

jobs because their markets are taken away by foreigners. That applies not only to the foreign market but our own as well. A look around our stores reveals what has been happening.

Before the war we were able to get along all right. Our labor costs were higher but they were offset to a great extent by the greater efficiency of our equipment. After the war, to help other nations back on their feet, we gave them billions of dollars worth of modern machinery. At the same time we kept boosting our labor costs. So now their equipment compares favorably with ours but their labor cost is much lower. That difference enables them to take more and more business from us. Our folly of encouraging inflation is beginning to take its toll.

And now they talk of further tariff reduction to give foreign manufacturers even more advantage. It sounds like bad news for more firms and more workers over here.

It doesn't take an economics expert to see that trouble is ahead, and that it's time for industry and labor to begin working out a solution. To keep production going they'll have to find a way to meet foreign prices. Sooner or later wages will have to come down. Organized labor may not like it, but they face the alternative of working for less or losing their jobs.
