

MUENSTER ENTERPRISE

VOLUME XXVI

MUENSTER, COOKE COUNTY, TEXAS

FEBRUARY 23, 1962

NUMBER 14

Texans are both miffed and amused by Bob Kennedy's boner in Indonesia last week. Most of them resent the remark that the annexation of Texas to the nation "was not a very bright spot in American History." That goes against the grain of any real Texan, who is convinced that no other state, and not even the thirteen original colonies, can boast a more heroic struggle for freedom and independence than Texas does.

The funny side of it is that the statement was so utterly ridiculous. Bobby simply put his foot in his mouth. The slur is absurd because it has no basis in fact. And it makes him look silly because it reveals his lack of information on the subject. Lots of Texans are laughing and more will be laughing after their anger simmers down. Actually, the joke is on Bobby, not on Texas.

If that incident had happened over here, this column would have been inclined to gloat over his discomfort. After all, it is gratifying to see a Yankee's belittling remark about our state turn into a boomerang. There's another element in this incident, however, which prompts this column to sympathize.

Only a few days before Robert did a fine job of standing up to a gang of communist hecklers in Japan. When he finished telling them off and the crowd finished cheering the reds were thoroughly squelched. But then, in Indonesia, he permitted himself to be suckered by a loaded question which included the false premise that Texas became a part of the Union as a result of U. S. aggression. Bobby wasn't on guard for that one. Or maybe he just did not know any better. He accepted the premise and apologized. "Some Texans might disagree, but I think it was unjustified. It was not a very bright spot in our history. Not one to be very proud of."

The big disappointment is that he muffed the opportunity for another big triumph over a red heckler. He could have said that United States did not lift a hand in the Texas-Mexico war. Furthermore that no nation ever fought a more heroic war to win independence from a ruthless tyrant. And finally that annexation, after ten years of independence resulted not from any effort by the Union but from an application for admission, actually the third application, presented by the sovereign and independent nation of Texas. There was not one single bit of aggression in all the state's history. It's a shame that Robert did not throw that fact back into their teeth.

We hope Robert will learn two things from the affair: that the spot of history, after all, is one to be proud of; and that it pays to be on guard when a communist asks questions.

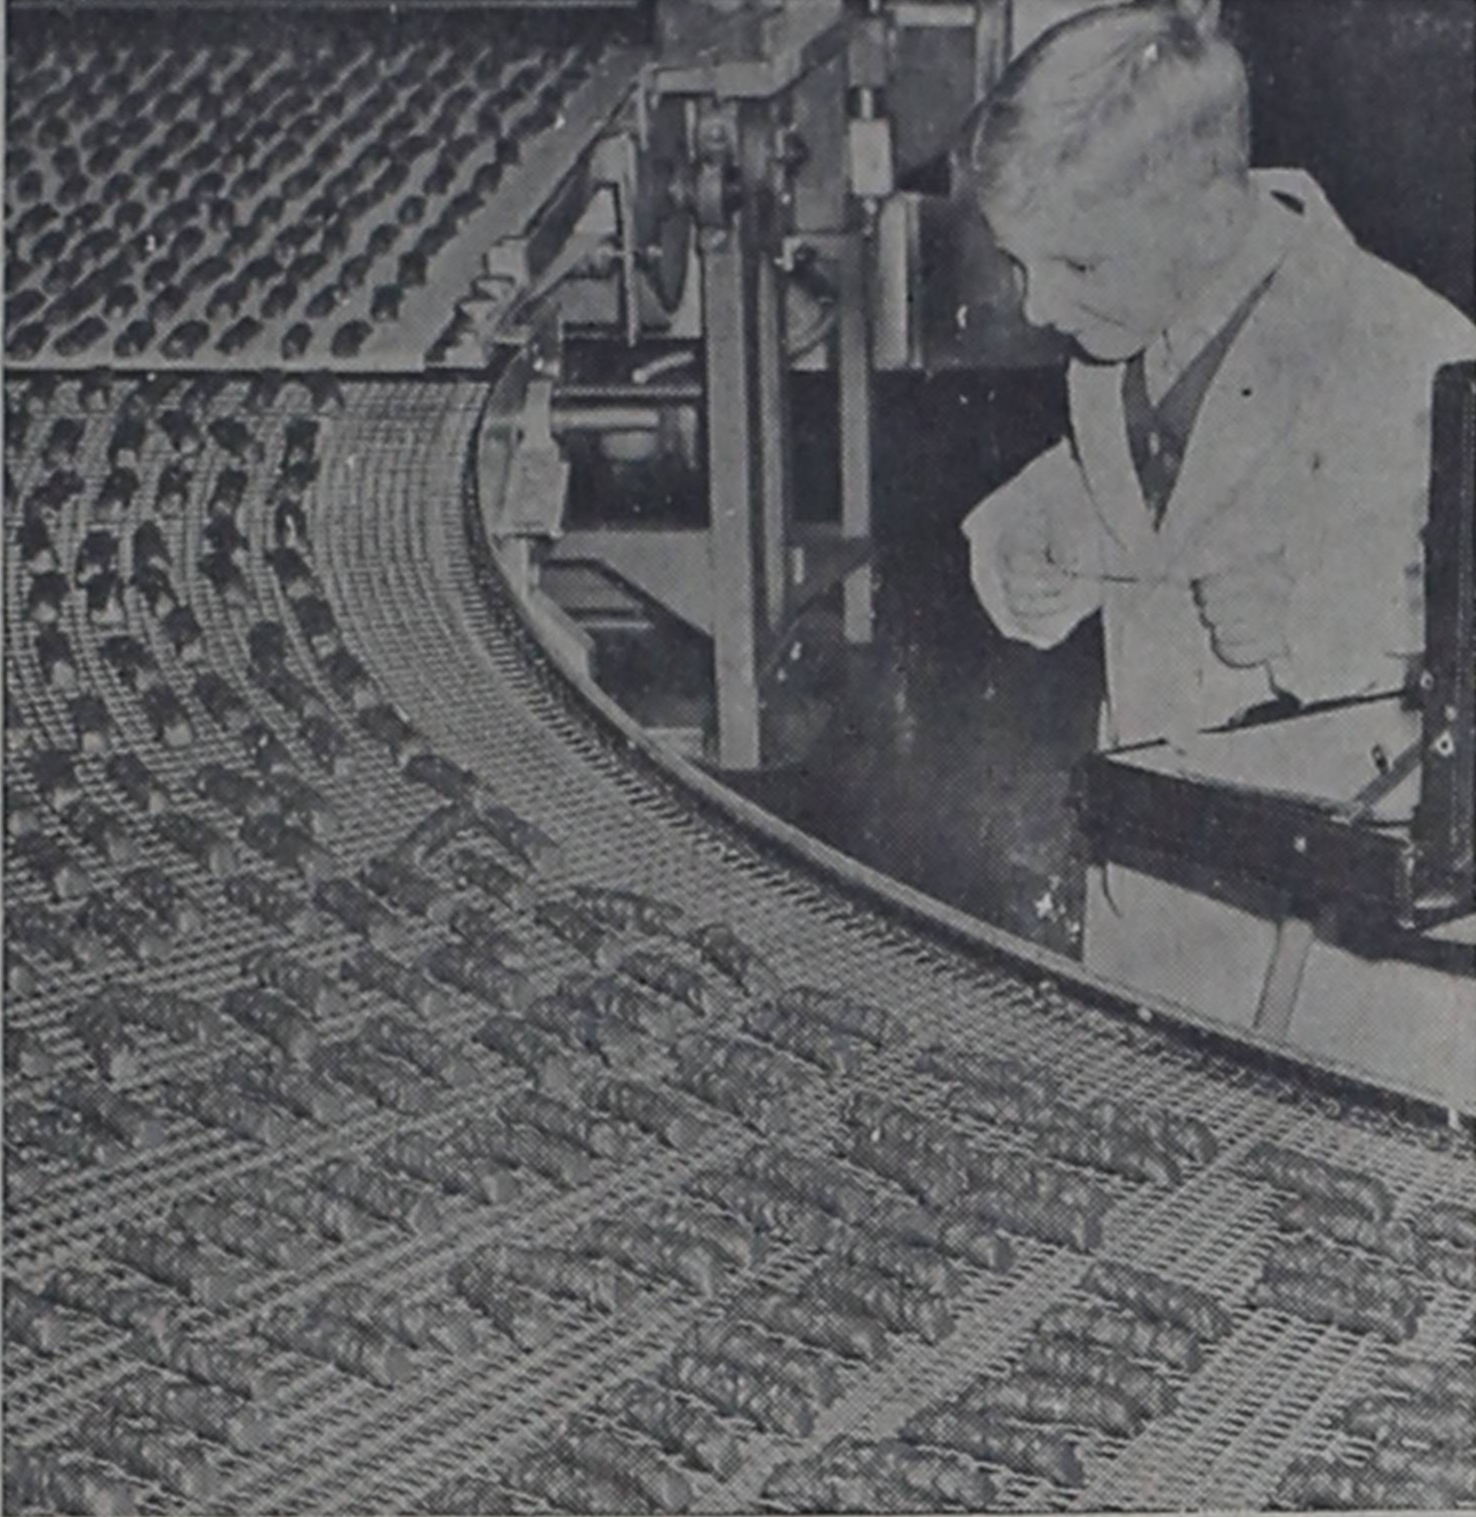

Regarding communist tricks, Commentator Paul Harvey mentioned one lately that deserves the attention of all the nation. Many is the time we have heard communism referred to as a religion. The reason is that most reds are so completely dedicated to their belief and their evil creed is so basically a part of them, like other people's religion. Also because the nature of their conflict with the rest of humanity so often involves religious principle, hence leads to the assumption that their doctrine has an element of religion in it.

But think of the possibility if we will all concede, as some already do, that communism is a form of religion. Next the reds will seek complete freedom. (Continued on page 8)

Additional soil data on the Muenster hospital site was taken on schedule last Friday and the information is being used in the revised plan of the building.

A change was decided after earlier core tests revealed too much sub-soil rock for economical construction of a basement for the mechanical room. New plan calls for a ground-level mechanical room, also a slight change of the building location on the lot.

The Benedictine Sisters, who will be in charge of the hospital, got a progress report on the project this week from Sister Mildred Felderhoff on her return to Jonesboro, Ark. She took time last Friday from her vacation visit for a conference with Architect J. R. Killibrew.

CANDY COUNTER—Robert Lang's dream came true when he became president of a Chicago candy company for a whole day. The Los Angeles lad won the honor as a TV show prize. After Robert sampled the product for a few hours, he sent several cases of candy bars to pals, neighbors, school, church and veterans' hospital back home.

News of the Men in Service

One More in Uniform
Add one more to Muenster's men in uniform. Don Wilson left Sunday to start basic training at Fort Carson, Colo. He enlisted for a three-year stretch in the army. Until his wife can join him, she is with her parents, the John Herrs. The house they vacated on West Fourth has become the home of the Jimmy Doughtys. Don Wilson was graduated from Muenster High School and has been employed at Hofbauer's Food and Locker Service.

Settled In School
Charles Felderhoff got settled and started studying in less than a week after reaching his assigned Navy destination. His new address is: US Naval Officer Candidate School; Class 59, Co. K, Sec. 2; U. S. Naval Base, Newport, Rhode Island.

Scientific Explorations
Seaman Jimmy Owen, son of Mr. and Mrs. Ray Owen has a lot of interesting things to write home about. His ship the icebreaker, USS Burton Island, is conducting scientific explorations in the polar waters of Ross Sea, Antarctica. The ship's personnel is assisting scientists in collecting data concerning one of the world's lesser known seas. The major task of the icebreaker will be an attempt to determine the exact location of the magnetic South Pole, a constantly moving point not to be confused with the geographic South Pole, the "true bottom of the world."

On Overseas Leave
Walter Fette arrived here Wednesday night on overseas leave before going to Guam on a new Navy assignment. He has been stationed in Oak Harbor, Wash.

Three Day Pass
Soldiers Billy Joe Dangelmayr, Harvey Schmitt and Jim Voth returned to Fort Polk, La., Thursday after three days at home on a pass.

City Is Host for Two Weeks Course On Water Works

This week and next Muenster is host to a water works school conducted by the Engineering Extension Service of Texas A&M College under joint sponsorship of the City of Muenster, North Texas Water and Sanitation Association and the State Health Department.

The course is open to water works employees of all North Texas cities, however attendance the first two sessions was disappointing. Nine persons were there representing Muenster, Saint Jo, Sherman, Chico, and the local NTPA plant.

Classes are conducted by J. R. Bryan of the A&M Extension Service and cover all new developments in managing a city water plant. Each class can be counted as credit in re-earning or advancing one's operator's license.

Meetings are held in the city hall Monday through Friday of both weeks.

Mrs. Frank Raab Of Lindsay Dies

Mrs. Frank Raab, 82, of Lindsay died Thursday morning in a Gainesville hospital following an extended illness.

She is survived by her husband who is a patient at Gainesville Sanitarium for treatment of flu. And a number of children including Mrs. John Neu Jr. of Lindsay, Mrs. Albert Laux and Mrs. Hershel Moore of Fort Worth and John Raab of Wichita Falls.

City Election to Name 2 Aldermen

This year's city election will be held on Tuesday April 3. The date was officially set by the city council at its meeting Monday night.

Two aldermen are to be elected to fill the vacancies created by expiring terms of David Trachta and Richard Grewing. Deadline for filing one's candidacy is March 3.

Cats Included in Rabies Ordinance Says City Council

Cats as well as dogs are to be licensed in accordance with provisions of the city's new ordinance. That point was explained Monday night at the city council meeting to correct the prevailing belief that the city does not expect cats to be licensed now.

Since the purpose of the ordinance is to guard against rabies the council's intention is to have control over both dogs and cats.

Licensing procedure is the same as for dogs. The owner must present a veterinarian's certificate as evidence of vaccination. License fee is \$5.00 and the tag is the same as for dogs.

Variety and Style Show Slated for March 1 by Class

Next week the outstanding event in Muenster, according to seniors of Muenster High School, will be the Variety and Style Show they are sponsoring with curtain time at 8 o'clock p.m. Thursday, March 1, in MHS auditorium.

The variety will be provided by Muenster business men and other outstanding local citizens who will sing, dance and act.

NEWS OF THE SICK

Four-year-old Timmy Cler is on the road to recovery following serious head surgery last week at St. Paul's Hospital in Dallas. He was accidentally hit with a baseball bat above the left ear, while watching his sisters and brothers play ball at the family home Wednesday. His parents, Mr. and Mrs. Werner Cler, and Mrs. Alvin Cler who divided time at his bedside brought him home Saturday.

Andrew Hacker is recovering normally from a gallstone operation performed last Friday at the Sanitarium.

Cindy Cain returned to classes Tuesday after illness that sent her to the Sanitarium for medical care four days, Thursday to Sunday.

Mrs. Henry Luke entered Gainesville Sanitarium Monday evening for X-rays and a couple of days of observation.

A fall sent Mrs. H. J. Fuhrman to the Sanitarium for X-rays and observation Tuesday. She made a misstep and fell as she stepped out of the car before the 11:30 mass.

Tony Voth of Lindsay entered Baylor Hospital in Dallas Sunday evening for a series of X-rays and observation, not knowing how long he would be there. Taking him and seeing him get settled were his wife, their son Doyle, and their daughter and her husband, the Herbert Schmidkofers.

Ray Voth is getting around again after being dismissed from Baylor Hospital last Thursday. He was a patient for back surgery. His wife and his brother John Voth went to Dallas to bring him home and while at the hospital visited Mrs. John Voth who was recovering from surgery performed the preceding Monday.

Frank Needham continues as a patient at Community Hospital in Sherman where he underwent surgery this week Wednesday. He's in Room 29. His daughter Mrs. Joaline Roberg and Mrs. Ruth Needham stayed with him on the day of the operation and upon return home reported that he stood the surgery well but for the time being was not permitted to have company.

Mrs. Hugh Lee Tuggle is recovering from surgery performed at Wilson N. Jones Hospital in Sherman last week.

Mrs. Wayne Thompson is back at home in Saint Jo since Wednesday feeling fine after her checkup at Mayo Clinic in Rochester, Minn. She says many thanks for many kind remembrances while she was away.

L. Hall Withdraws From Senate Race

Scratch one candidate in the race for state senator. Levis Hall of Sherman announced last week that it was a matter of deciding between his business and the office, and he chose in favor of the business.

His statement of withdrawal follows. "When I entered the race for State Senator, I fully intended to run to win. It has become increasingly apparent to me that in order to discharge properly my responsibilities if elected, I would have to devote by far the major portion of my time and effort. This would not be fair to my business. Any less effort would not be fair to the people of the district.

"Therefore, I regretfully have decided to withdraw from the race. I wish to thank my friends for their expressions of support."

Volley Teams in Nocona Tourney

Volley ball teams of Muenster had their first action of the season Monday night competing in an invitation tournament in Nocona.

In opening games Sacred Heart Alumni ladies lost to the Nocona Independents and Alumni men lost to Brown Florist of Pilot Point. Both teams will play again Thursday night in their first encounters of the consolation bracket.

Three teams have accepted invitations to a Saint Jo tournament next week. They are the two Alumni teams and a man's team sponsored by Muenster Mill.

Date Nears for Move into City's New Post Office

The date for moving into Muenster's new post office is drawing near, probably the first or second week of March.

The deciding factor, says Postmaster Arthur Endres, is acceptance of the building by the Post Office Department. Though it appears to be ready it still needs a few finishing touches before inspectors will give their OK.

Also on schedule is a formal opening, the date for which will be set later.

Located at the corner of Walnut and Second, the new building with its parking and service areas of concrete paving occupy a quarter of a block. The building is red brick with about two thirds of its front footage built of solar glass . . . a gray tinted glass which absorbs heat and glare.

Both inside and outside it is designed to offer the latest developments in postal service. The double door entrance leads to the box lobby, which has 400 lock boxes and drawers and room for another section of 100. The present post office has 300 boxes.

The increased box space, along with other expansion of facilities is estimated by postal officials as adequate for the next thirty years.

To the right of the box lobby is the service lobby for selling stamps and money orders, mailing and delivering parcel post, delivering general delivery mail and other services. The letter drop is also located in that lobby.

Between the two services is a double door which will be locked when the service area is closed. This arrangement makes the letter drop unavailable except when the post office is open.

As explained by Postmaster Endres, this apparent mistake in design is not really a mistake. Postal inspectors recommend method to avoid tampering and theft of letters, which would be possible if the letter drop were located in the box lobby, which will always be open.

Depositing letters will not be inconvenient, however. Available at all times is the outside collection box located at the curb of the one way driveway. Mail from it will be picked up just before each mail dispatch, so a person can mail a letter any hour of the day or night with assurance that it will go out in the next dispatch. Location of the box will permit (Continued on page 8)

First Attack in Screwworm Fight

A big-hatted crowd of ranchers gathered at an Austin hotel to get more facts on the stockman's dream — the elimination of the screwworm.

There was no one there to defend the insect. Ranchers learned from Florida how that state was swept free of this costly scourge by a dramatic program. Florida ranchers covered the state with sterile male screwworm flies thus wasting the female flies' single mating period. First airplane distribution of flies in South Texas started the day of the Austin meeting.

Texas stockmen are raising \$3,000,000 by voluntary contributions to match an equal amount of federal money put up by the U.S. Department of Agriculture. The screwworms cost Southwest ranchers an estimated \$40,000,000 a year in losses.

Right of Way Pay For Highway 82 Sent to Cooke

A check for \$3,222.50 for right of way payment was sent to Cooke County today by the Texas Highway Department.

The sum forwarded is partial payment for the state's share of the cost of the land needed on U.S. 82, between near west city limits of Gainesville and 4.7 miles west.

The check will be transmitted by District Engineer L. B. Dean of Wichita Falls to the Cooke County Commissioners Court.

While county and state share the cost of the right of way, the Texas Highway Department bears the cost of title insurance and pays the entire cost of appraisal work ordered by the Department. Checks for these items have already been forwarded from the Texas Highway Department to the parties concerned.

Wilde Chevrolet Shifts Operation To New Building

As of Monday Wilde Chevrolet Co. is doing business in its new home.

The move was made during the week end, however much still remains to be done before the firm is settled down. Owner-manager Ray Wilde said that some work on the building still needs to be finished and there will be lots more work in arranging parts, office equipment and shop equipment after hurriedly moving in.

A formal opening, with officials of Chevrolet Motor Co. participating, will be held at a later date.

Charles E. Hughes Of Sherman Runs For State Senate

Representative Charles E. Hughes of Sherman, a twelve-year veteran in the House of Representatives who is third ranking in seniority among the 150 House members in continuous service, today asked the voters of the seven counties of the ninth senatorial district to promote him to the Texas Senate.

Hughes is a prominent attorney and an independent businessman. He is also a lifelong Democrat who has always supported the Democratic nominees. Thirty five years old, he lives with his wife and their two children in their home in Sherman.

"After twelve years' service in the House, I believe I have earned promotion," Hughes said. "I have not asked the voters for higher office until now. I hope they will agree that I am qualified for the Senate as the only one of the candidates who has had legislative experience."

Of all the state representatives from our senatorial district, Hughes has served the longest. He was elected to the House in 1951 and re-elected five times. "In my twelve years of service," Hughes said, "I have passed a number of measures (Continued on page 8)

BIRTHS

From Sarasota, Florida, comes announcement of the birth of identical twin girls to Mr. and Mrs. Don Glover — she's the former Donna Hofbauer — and Mr. and Mrs. Andy Hofbauer are grandparents for the first time. The news was promptly telephoned to Muenster by the excited and happy new father who reported everybody doing fine. The babies arrived within five minutes, Friday, Feb. 16. Four pound 11 ounce Crissy was born at 7:49 a.m. and four pound 15 ounce Cathy at 7:54. Their full names are Christine Ann and Catherine Ann. Their mother left the hospital Tuesday but the tiny girls will be kept about two weeks before being dismissed. Mr. and Mrs. John Walter are the maternal great-grandparents — Mrs. Walter is a twin — and Mr. and Mrs. C. B. Glover of Oklahoma City are the paternal grandparents.

Mark Anthony is the name of the second son of Mr. and Mrs. Angelo Nasche of Fort Worth. He was baptized Sunday with Mr. and Mrs. Gerald Hess as godparents. The newcomer joined the family February 8, weighing six pounds four ounces and made Mr. and Mrs. Gary Hess grandparents again. Mrs. Hess was in Fort Worth several days with her daughter and family. Mrs. Carmella Nasche of Fort Worth is the paternal grandmother.

Joe Yosten, 54 Dies at Monahans Of Heart Attack

A heart attack early Tuesday morning claimed Joe Yosten, 54, a native of Muenster and former resident who died at his home in Monahans while he was preparing to go to work. He was an oil field worker and a Navy veteran of World War II.

Funeral services were held here Thursday morning. Father Martin Fischer officiated at the requiem mass in Sacred Heart Church and at graveside rites. Burial was in the service men's section of Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Bearers were Donald and Robert Hess, Jimmy Doughty, Robert Pels, Daniel Hoedebeck and Jimmy Sicking.

Rosary services were held in the Miller Chapel Wednesday at 4 and at 8 p.m.

Joe Yosten was born in Muenster Aug. 23, 1907, a son of Mr. and Mrs. John Yosten. He married Miss Jewel Elzy on May 3, 1938 and they lived in Gainesville and Wichita Falls before moving to Monahans several years ago.

Surviving are his wife; five sisters, Mmes. Joe Horn, Bernard Sicking, Ed Pels and Arnold Hess of Muenster and Mrs. Leo Hoedebeck of Gainesville, and two brothers Richard Yosten of Gainesville and Andy Yosten of Fort Worth.

Special Meeting Monday in KC Hall Is Vital to Scouts

A special meeting in the interest of Muenster Boy Scouts will be held in the K of C hall Monday night, according to Scout Committeeman Pat Hennigan. Special speaker there will be Oscar Borin, field representative of the Circle 10 Council.

The meeting is vital to scouting in Muenster, Hennigan said. All interested persons, both men and women, are urged to attend.

M. Hellman Named Star FFA Member Of Denton District

The honor of being named top FFA member of the Denton district went to Mark Hellman at the district banquet at Pat Boone's Country Inn in Denton Tuesday night. During the program he received the award of District Star Lone Star Farmer.

Another distinction for the local FFA chapter was the election of its officer representative, James Whitt, as district treasurer for the 1962-63 school year.

Eight members of the Muenster chapter with Adviser Edgar Dyer and Sweetheart Sandra Cain attended the banquet. Sandra was the chapter's entry in the district sweetheart contest and Robert Klement and Donny Vogel were voting delegates.

MHS Science Club Visits 4 Plants On Field Trip

Muenster High School's science club, which is affiliated with national JETS chapter (Junior Engineering Technical Society), observed National Engineers' Week last Monday with a field trip to four industries of Gainesville.

About thirty members and their sponsor, Mrs. Marie Mosman, were conducted on guided tours through the Lone Star Gas Company pumping station, Coca Cola Bottling Co., Southwestern Bell Telephone Co. and National Supply Co.

National Engineers' Week is an annual observance sponsored by the National Society of Professional Engineers to bring public attention to the engineering profession and its contribution to safety, welfare and technical progress. The week of Washington's birthday is traditionally chosen because the first president was a noted civil and military engineer.

Schedule of Coming Events

MONDAY, Feb. 26, PTA meeting, MHS auditorium, 8 p.m.

THURSDAY, March 1, Variety and Style Show, MHS Auditorium, 8 p.m.

FORGING OUR OWN CHAINS

By Robert Morris, Pres.
 University of Dallas
 I recently engaged in a television debate with a distinguished professor and during the hour-long discussion raised the danger involved in the surrender of our military establishment to the "U.N. Peace Force." The professor blandly assured the television audience that our State Department plan, although already submitted to the General Assembly, is far from execution and that it would be carried out only if certain conditions were met in the months and years ahead.
 I find that this remoteness is the average reaction to this very real program already adopted as policy by our State Department. Most people, when they realize that a plan already exists to turn all our nuclear and conventional armament over to the United Nations "Peace Force," are disturbed. But they

quickly recover and say "They could never put that one over. That would mean that the U.N. 'Peace Force' would rule the world and our form of government would be dissolved. That's fantastic."
 The fact of the matter is that the plan is being implemented assiduously. Congress has already passed legislation setting up a Disarmament Agency to assist in the planned disarmament. Ambassador Adlai Stevenson is speaking and writing that "we must be prepared in the West for the restraints on self-interest which a worldwide system of law and policing implies."
 The United Nations, too, is working to implement the plan. An Eighteen Nations Committee, slightly pro-Soviet in representation, is now meeting in Geneva to work out the details. Secretary-General U. Thant appointed Paul Hoffman as Chairman of a reorganized Economic

Policy Board to chart the economic and social consequences of different economic systems.
 Meanwhile the U.N. Peace Force has had its first test — in the Congo. Despite the fact that it has brought war not peace, that it has wrought destruction, death and even atrocities, that it has been responsible for the transport of troops committing massacres against missionaries, and that it has fabricated a Communist coalition force in the hapless Republic, it is being hailed by our State Department as a great success!
 Both of the enabling resolutions of the Security Council authorizing force in a purely domestic area in contravention of the U.N. Charter were unanimous which the Soviet Union would have voted against and even vetoed, if it deemed it desirable. Yet the State Department insists the venture had the opposition of Khrushchev.
 Senator Thomas J. Dodd has wisely said:
 "If the Katanga intervention is accepted as a precedent, it will sanctify the abdication of our foreign policy to the United Nations; it will open the way to UN intervention in the internal affairs of member nations; and it may commit us to supporting a whole series of wars that are favored by the Afro-Asian bloc and the Soviets."
 The very day after Senator Dodd made this observation the leader of the very articulate Guinea delegation to the U.N. warned that the African nations would resort to violence "to free" Angola from Portuguese rule if the United Nations did not do so. He contended that breaches of the peace are justified if the liberation of colonies proceeds slowly. He conceded that the U.N. Charter does not provide for "de-colonization" but contended that this "disarmament" are the prime issues in the world bodies today.
 Thus begins the pressure for a U.N. invasion of Angola, a second undertaking of the U.N. Peace Force, just as Senator Dodd warned. The Soviet apparatus has long made Angola one of its prime targets in Africa.
 Thus while we prepare for a transfer of our sovereignty to the U.N., the U.N. comes more and more under the influence of our enemies. We seem to be forging our own chains.
 The U. S. Army and Air Force now have about 4,000 dogs on active duty.

Good Advice

SECURITY — OR WHAT?

As of the first of the year the federal government increased its tax levy on employers and employees to a total of 6 1/4 percent in the name of Social Security. Additional future increases are assured by the very magnitude of the program.
 One thing sure — the added amount of money thus siphoned into the federal treasury will show up in increased cost of all the items it takes for modern living. Make no mistake about it — the businessman can't pay tax increases; he must pass them along to consumers in added costs. With union power backing, workers no longer accept added digs either. They will be quick to demand higher wages which again must be passed along in retail costs to consumers, including the workers.
 So does inflation get its stimulus from expanding bureaucracy.
 Socialism's usual dishonesty never was better portrayed than with this governmental method of taking over individual responsibility in the name of security. Had it originally been presented for what it is — government taxing on the one side and giving back a reduced portion on the other, with a tremendous political power fashioned in the process — it is doubtful that we would have the program today.
 Our socialists believe it is all right to lie to the people in achieving their goals and so this chunk of welfare statism was dressed as "insurance" and presented with solemn assertions that it never would become entangled with politics and never become burdensome.
 The program bears no more resemblance to insurance than the ball and chain bears to the torch of freedom. One needs only to compare the two programs point by point to prove this.
 So Social Security isn't insurance, so what, you say. So we, as intelligent citizens should at least be honest with ourselves. Those drawing Social Security probably love the program exactly as the socialist

planners knew would happen. But regardless, let's face facts about it:
 1. Social Security taxes are exactly the same as all other federal taxes, a big dig into people's earnings to be spent as government officials may please.
 2. The so-called reserve fund for the program, actually amounts to triple taxation. You pay \$100, say in the name of Social Security; government spends the money on current budget needs, at the same time depositing one of its bonds in a vault obligating American citizens to pay when due, plus interest thereon. So, you have paid the "premium" amount and now you become obligated to pay interest on some and pay it all over again at a later date — triple taxation.
 3. The Social Security program is purely political as witness the fact the law has been tampered with, benefits and coverage expanded, in every election since 1950. The security we are promised is pegged directly to the politician's greed for power.
 Social it may be — but is it security?

FOR and AGAINST **for CHRIST-against COMMUNISM**
 BY BILLY JAMES HARGIS, LL.D.
 FOUNDER CHRISTIAN CRUSADE

The ADA's Objectives

One of the most powerful political action organizations in the United States is the Americans For Democratic Action, generally known as the ADA. It was founded during 1947. One of the founders was Senator Hubert H. Humphrey, who was mayor of Minneapolis, Minnesota at the time. Humphrey described ADA's aims as "militant political action from the grass roots right through to the national level without turning into a third party movement."
 The ADA's Fourteenth National Convention was held in Washington, D.C., from May 12 through May 14, 1961. The resolutions adopted give a good insight into the things for which the ADA stands. In their resolution on Asia, the ADA called for unification of Korea under the U.N.; more aid to the pro-Soviet "neutralist," Nehru of India; and recognition and admission to the U.N. for Red China.
 Their resolution on Latin America said that the U. S. should give "moral and political support" to what the ADA called "democratic regimes of the Americas." The next sentence gave an indication of what they meant. The resolution stated: "Alleged anti-communism should not be used as an excuse for U. S. aid to dictators." Informed Americans have noticed with alarm that government leaders on America's side in Latin America are widely referred to in the press as "dictators," while communists and pro-communists are called Premiers or Presidents.
 The ADA resolutions called for "total disarmament" under the control of the United Nations. They implied that the United States was not sincere in disarmament negotiations by saying that the disarmament situation "demands a revolutionary effort, joined sincerely by the United States, to achieve general and complete disarmament subject to effective inspection and control." However, there is nothing in this ADA resolution suggesting that the Soviet Union's disarmament proposals were not sincere. The ADA "liberals" called for our nation to continue its suicidal aid to communist dictatorships. The resolution on immigration called for a weakening of our immigration laws, which are America's first line of defense.
 On the domestic front, the ADA resolutions described the present federal government wild spending programs as "clearly inadequate." They called for raising the level of federal spending by several billion dollars. Through and through the ADA program is one of suicide for the United States of America. All thinking Americans should oppose it to the fullest extent of their abilities.

Then there was the cook who complained when the lady of the house asked her to dice some carrots for dinner. "I don't mind cutting up them carrots into little squares," she said, "but putting those black dots on them drives me nearly out of my mind."

Where a man goes here after depends to a great extent on what he goes after here. Every little girl is in a hurry to grow up and wear the kind of shoes that just kill Mother.

Home Decorating Shown in Program At HD Club Meet

Muenster Home Demonstration Club members enjoyed two interesting and informative programs at their February meeting Wednesday afternoon when Mrs. Theo Vogel was hostess in her home. Mrs. Ray Klement and Mrs. Alois Rohmer discussed choosing and hanging pictures and illustrated their talks. Following was a program of new Celanese color slides on home fashions with Mrs. Albert Fleitman giving the commentary. Both demonstrations pointed out that decorating the home can be fun, fashionable and extremely easy on the budget.

Mrs. Henry Pick won the dress length given as a door prize. Seventeen members and two guests, Mrs. Joe Hoening and Mrs. Alphonse Hoening, attended and during the meeting adjourned Mrs. Joe Hoening was welcomed as a new member.

During the business session Mrs. Albert Schilling resigned as financial chairman and Mrs. Al Horn volunteered to serve the unexpired term.

Mrs. Vogel, assisted by her daughters Janice and Imogene, served individual heart shaped cakes, ice cream and punch and Valentine hearts were plate favors.

Mrs. Norbrt Klement will be hostess for the March meeting.

One of the first things a child learns when he gets a drum is that he isn't ever gonna get another one.

Felderhoff Family Reunion Honors Visiting Sister

A farewell reunion honored Sister Mildred Felderhoff Sunday with over 150 members of the Felderhoff clan together in the Parish Hall for a covered dish dinner at noon and visiting and picture taking in the afternoon.

Sister Mildred ended her vacation visit here Monday and left from Dallas, relatives seeing her off on a train for Jonesboro, Ark., where she will be at the motherhouse before returning to New Iberia, La.

Monday morning's breakfast after six o'clock mass was at the home of Mr. and Mrs. Tony Felderhoff with the Hubert Felderhoffs and Mrs. Ben Sicking joining the hosts and Sister Mildred for her last meal in Muenster.

While she was here for three weeks Sister Mildred visited all the relationship in their homes, went to Wichita Falls for a visit with a niece one day and was in Denton to visit the state school for retarded children. And she had a telephone visit with a nephew in the Air Force, S.Sgt. Ernest Sicking who phoned home from his base in Alexandria, La.

Taking Sister Mildred to Dallas to board her train at 2 o'clock were the Al Felderhoffs and Mrs. Ben Sicking.

Among out of town family members at the reunion in addition to those from Gainesville were Mr. and Mrs. Bill Schneck of Irving and Mrs. Rita Jennings and children of Wichita Falls.

Miss Dankesreiter And Thomas Hesse Say Vows at Mass

— Boyd and Breeding Photo

In Sacred Heart Church here Monday, Miss Lucille Dankesreiter pledged marriage vows with Thomas Hesse in a 4 p.m. service. Father Bruno Fuhrmann officiated at the nuptial high mass and performed the single ring ceremony.

Parents of the couple are Lawrence F. Dankesreiter and Mr. and Mrs. Meinrad Hesse.

The bride, given in marriage by her father, wore a white floor length bouffant lace dress over taffeta with a scalloped neckline, long petal point sleeves and V bodice. A crown of pearls and rhinestones held her elbow length veil and she carried white carnations showered with satin streamers atop a bride's prayer book.

Miss Suzanne Hesse of Fort Worth, sister of the groom, was maid of honor wearing a wide skirted blue organza dress over blue taffeta. It was street length with fitted V bodice and short sleeves. She wore a small open-crowned pillbox hat of matching material covered with a brief circular veil and carried a nosegay of white carnations.

Thomas Dankesreiter, brother of the bride was best man. Johnny Hoberer and Cecil Wolf ushered.

Sacred Heart men's choir and Anthony Luke, organist, provided music for the mass and Mrs. Leo Lawson was vocal soloist after the service as the bride placed white gladioli on the Blessed Virgin's altar.

Wedding reception and buffet were held in the Parish Hall with Mrs. Joe Lehnertz catering.

Other members of the house party were Misses Loretta Schmitt and Charlotte Schilling who presided at the guest book, and Mrs. Gertrude Bayer.

After they return from their wedding trip Mr. and Mrs. Hesse will make their home in Muenster. For traveling she wore a blue suit with black accessories. He is employed by Yosten Sand and Gravel Co.

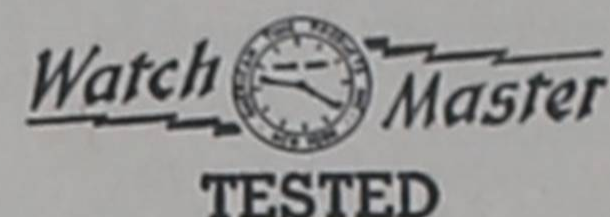

Both attended Sacred Heart School and after graduation he served in the Navy two and a half years at Point Mugu, Calif.

Among out of town wedding guests were Lawrence Dankesreiter Jr. and Miss Elizabeth Strasheim of Fort Worth, Messrs. and Mmes. Frank Dankesreiter, Joe Maier and Eugene Maier and Janet, Miss Celia Maier and Henry Bartel, all of Pilot Point; Messrs. and Mmes. Bill Dankesreiter and J. C. Schmidkofer, Rosalie Schmidkofer, Rose Mary Hermes and Mrs. Sophie Stoffels, all of Lindsay; Mr. and Mrs. Joe Walter and Mr. and Mrs. Harold Neu of Gainesville; Mr. and Mrs. Vincent Forrester of Saint Jo and Paul Hesse of Dallas.

It's hard to believe that just 100 years ago people crossed this country in wagon trains. Today we can shoot a rocket into space at 25,000 miles an hour, and nobody's looking... they're home watching 'Wagon Train'.

Mr. and Mrs. J. C. Trachta were in Dallas Sunday attending a gift show.

Fletchers Join In Family Gathering

Mr. and Mrs. J. W. Fletcher went to Decatur Sunday to take her aunt, Mrs. Eula Honssinger, to the home of Mr. and Mrs. Ben Moore for a visit before she returns to her home in Ropesville.

Other visitors, cousins, nieces and nephews, kept dropping in at the Moore home until there were 15 for dinner and two more came in the afternoon. It turned into a surprise reunion as nobody knew anybody else was going to be there.

Those for dinner were Mr. and Mrs. E. M. Shiflet of Pilot Point, Mr. and Mrs. John Blackwood of Stephenville and their daughter and husband and four children of Fort Worth. Coming for the afternoon were Mr. and Mrs. Mabe Barbee of Quannah.

Most of the relationship, including Mr. and Mrs. Fletcher stopped in briefly at the home of Mr. and Mrs. Ott Seabolt before leaving Decatur. Mr. Seabolt suffered a heart attack about two weeks ago. Mrs. Fletcher and Mrs. Seabolt are cousins.

Dinner Party Is Birthday Surprise

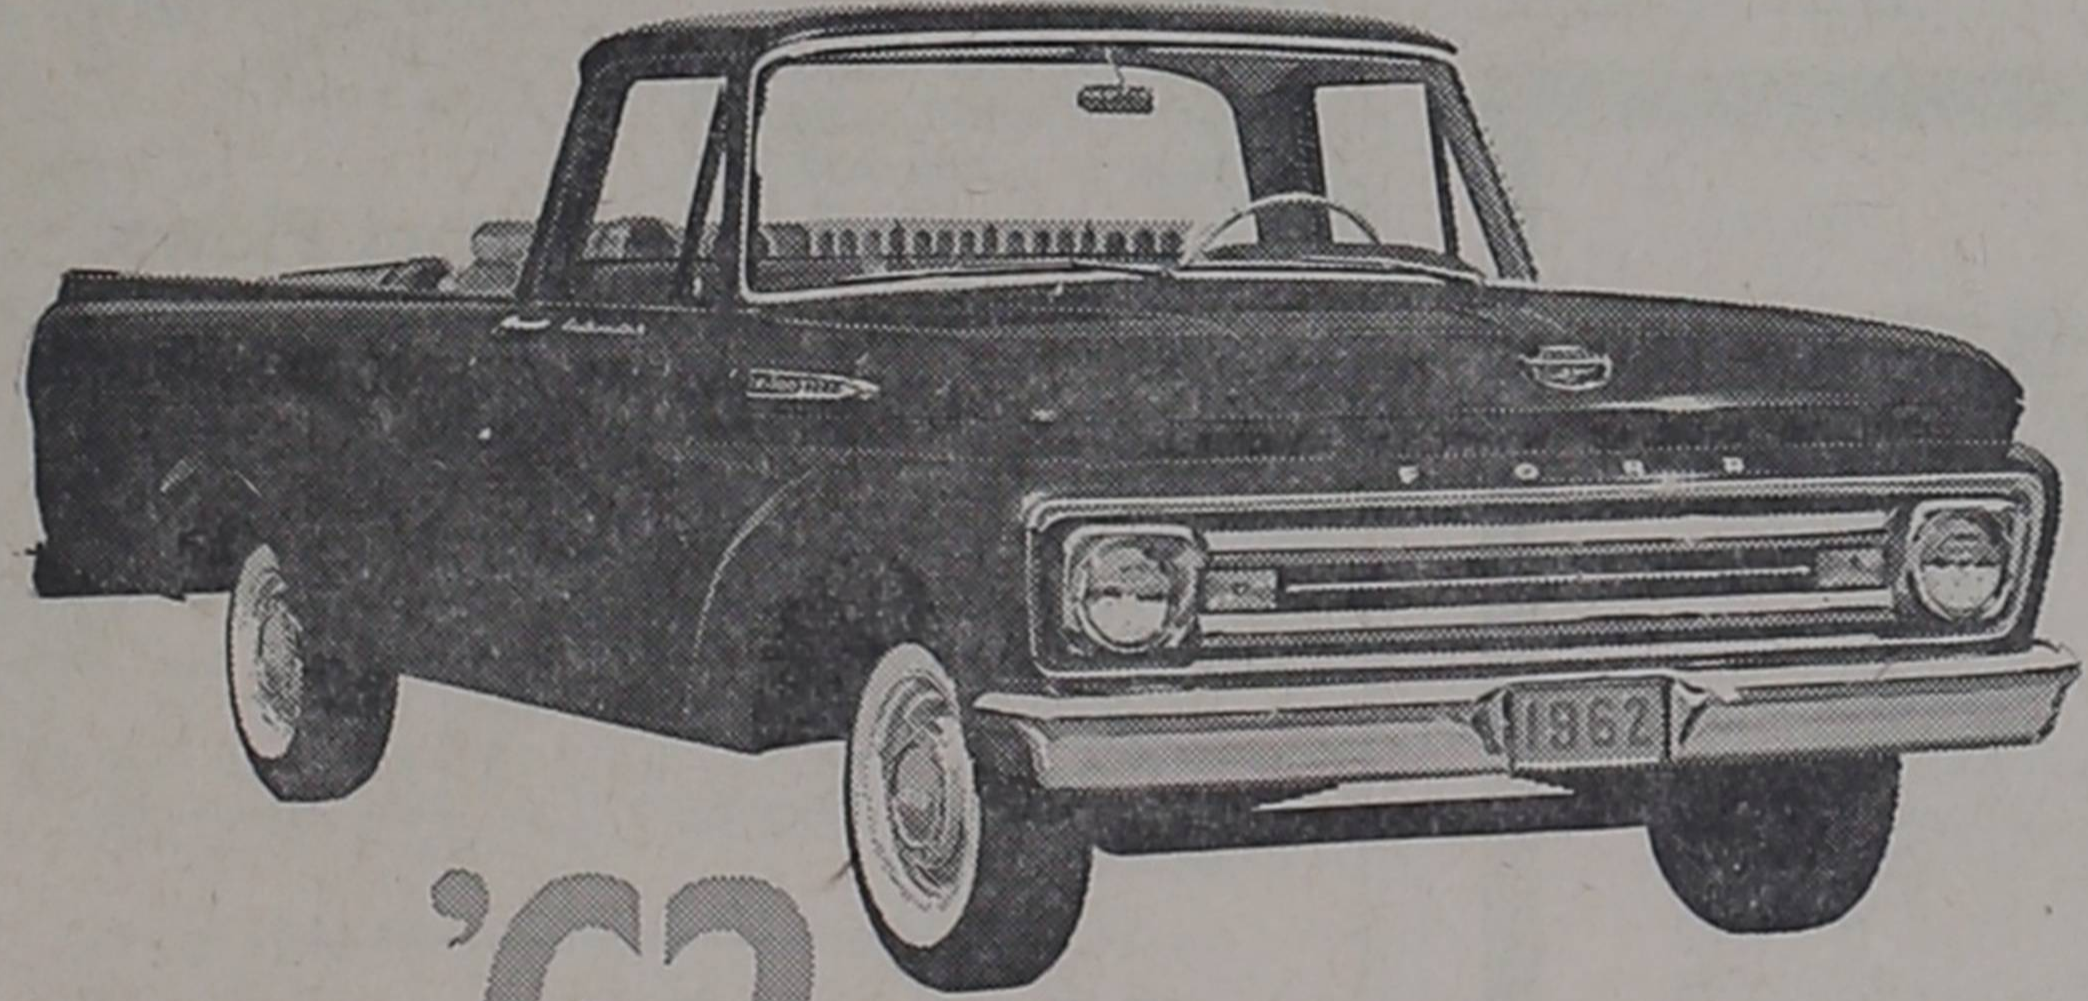

An early celebration of her birthday surprised Mrs. Lee Haverkamp Sunday when children and grandchildren arrived at the family home bringing gifts and a decorated cake.

Joining in the dinner party were the David Forgeys and three daughters of Dallas, the Walter Haverkamps and three children of Whitesboro and the Richard Schumachers and nine children of Gainesville. Mrs. Walter Haverkamp baked the cake.

Lecturer — "Of course, you all know what the inside of a corpuscle is like."

Chairman — "Most of us do, but you'd better explain it for the benefit of them as have never been inside one."

WHAT? BUILD A PICKUP TRUCK SPECIALLY FOR TEXAS?

YES SIR—THE '62 FORD!

IT STARTED IN TEXAS—when Ford engineers drove Texas roads and ranches, talked to Texas truck owners. And it wound up with lots of fine things for you in the '62 Ford!

The wheelbase is long—114 easy-riding inches (122 for 8-foot bodies). There's less front overhang, more road stability. The ride is smooth. Easier springing makes the ride as soft as a Texas drawl! The frame is strong—to beat twisting of high-crowned Texas roads.

The savings are BIG. You save now with the lowest prices of any leading make.* Save on gas with Ford's modern engines, Six and V-8. Save on oil—go 4,000 miles between changes. Save on tires with Ford's I-beam suspension that keeps front tires tracking true.

Come try the '62 Ford—the pickup built for Texas, built in Texas!

Local News BRIEFS

Arriving for a week's visit Wednesday were Mr. and Mrs. Wilfred Klement and sons Chris and Mike of McAllen. They are dividing time between their parents, the Norbert Klements and the Bernard Wolfs.

Mr. and Mrs. Henry Lueb of Oklahoma City are spending this week with their daughters, Mrs. Bernard Wolf, Mrs. Tony Wimmer and Mrs. Marcus Fuhrmann and their families. They accompanied Mr. and Mrs. Tony Wimmer home Sunday after the Wimmers were in Oklahoma City visiting her sister and family, the Otis Minicks. They attended the christening of infant Michael Charles Minick. Tony Wimmer was godfather.

A family party observed Dennis Koessler's sixteenth birthday Sunday, the celebration

taking place at the home of his grandmother, Mrs. Alfons Koessler Sr., who was hostess. The relationship from here attended bringing gifts for the honoree. Supper for the group was followed by birthday cake and ice cream. Mr. and Mrs. Tony Hermes and family attended from Lindsay.

Mr. and Mrs. August Walterscheid, Mrs. Norbert Koessler and daughters Mary, Gretchen and Cristy drove to Arlington Saturday to visit the Walterscheids' daughter, Sister Francesca, at St. Mary Goretti Parish.

Miss Ida Rohmer of Fort Worth visited Monday and Tuesday with her parents, the John Rohmers. Another daughter, Mrs. Morton Wright and her husband and children were here for visiting Sunday.

A group of classmates helped Lillian Haverkamp celebrate her twelfth birthday Friday with a party at the home of her parents, the Charlie Haverkamps, after school. Gifts, games, birthday cake and other refreshments were party highlights.

The valentine birthday of Stevie Walterscheid was celebrated after school on Feb. 14 with ten boys from his class as guests. His mother, Mrs. Joe H. Walterscheid, assisted by Mrs. Arthur Hess and Mrs. Joe Luttmier, served birthday cake with other refreshments and handed out favors of balloons, bubble gum and candy. Decorations and refreshments carried out the valentine theme. It was Stevie's tenth birthday.

More than 200 persons, including some from Muenster, attended the Sunday exemplification of the Fourth Degree Knights of Columbus Third District of Texas, Guadalupe Province, in the Kemp Hotel at Wichita Falls. J. M. Weinzapfel, past master of the Third District, and Mrs. Weinzapfel were present for the entire program. J. W. Fisher attended Sunday and J. P. Flusche and J. C. Trachta were among those present Saturday night.

Mr. and Mrs. John Fisher drove to Sherman Sunday afternoon to visit Frank Needham who is a patient at Community Hospital.

Miss Cecilia Zimmerer of Lindsay won the prize at the VFW Auxiliary dance Saturday night. The annual valentine

SHADES OF THE '20s—Flapper era look returns to the dance floor in this white crepe dress with silk fringe. It's designed to move right along with dance fad, "The Twist."

event gift was a two pound box of chocolates in a heart shaped box. Each person upon entering received a miniature candy heart with a message or word. At intermission a heart was drawn from a box and the winner was the one whose heart had the same wording. Miss Zimmerer won on "Sweetheart."

Visitors with the Bob Knabe family Sunday were Mr. and Mrs. Carl Lindemann and two children of Windthorst. Joining them for dinner were Mmes. Arthur Bayer and Fred Hennigan Jr. and their children.

Muenster's Cover Girl Jane Endres, employed in Fort Worth, had her picture gracing the Fort Worth Press this

week. She will represent the Nerian Club at the Home and School Association of Our Lady of Victory High School's Mardi Gras March 3 at Will Rogers Coliseum. Miss Endres was Miss United Fund of Tarrant County in 1961. She is the daughter of Postmaster and Mrs. Arthur Endres.

Mrs. R. R. Endres has returned from a week's visit in Austin with her daughter, Mrs. Gene LaGesse and family. They celebrated Mrs. LaGesse's birthday while she was there and Mrs. Endres baked the cake for the occasion.

Reporting a fine time at the rodeo and horse show in San Antonio the past week are Arnold Rohmer and Charlie Pagel who accompanied the horse trainer and some of the show horses from L. W. Powell's ranch west of Muenster. The horses were entered in the Appaloosa division and won awards, one of them taking a blue ribbon. Arnold and Charlie were away Tuesday through Sunday.

Joins Fraternity

Theresa Fisher has been initiated into Delta Psi Kappa, women's physical education honorary fraternity at North Texas State University. A junior physical education major, she is the daughter of Mr. and Mrs. Joe W. Fisher, Muenster.

Guests Have Lunch With Mrs. Endres

Saturday was a happy day for Mrs. M. J. Endres. She had her daughter Sister Agnes of Beaumont and her traveling companion Sister Mary DeSales of Fort Worth for a few hours' visit.

They came for lunch at noon and were, surprisingly, joined by Mr. and Mrs. Leonard Endres and children Mary, Susan, Jean and Nick of Dallas. They had planned to stop just long enough to leave the youngsters with their grandmother while they went on to Oklahoma on business. But after they found Sister Agnes they stayed for lunch and for visiting.

Sister Agnes had come from Beaumont to Fort Worth to attend the Friday funeral of a former teacher at OLV, Sister Mary Brigid.

Sister Mary DeSales is a cousin of Mrs. Dan Luke and the two visited by phone. Saturday night the Leonard Endreses stopped in again for their children on the way home. Young Nick had spent a part of the afternoon with David and Danny Fette.

Sister Mary Brigid, 77, was known to a number of Muenster people especially those who had daughters at OLV Academy and Convent. From 1925 until 1952 she held the post of OLV superior and principal. She died last Wednesday after suffering a heart attack Monday.

"And how about chemistry, William. What are you learning now?"

"Well, Pop," the sophomore son stated with assurance, "right now in lab we're looking for a universal solvent."

"And what's that — this universal solvent?"

"That's a liquid that will dissolve anything," explained the boy.

"A fine idea, son," said the father after a moment's thought. "But after you find it, what are you going to keep it in?"

Just as surely as one season follows another, spring's here—and that's kite-flying time in any language, in any land. This year, adding luster to an ancient sport in an exciting reversal of time-honored kite design, engineers have applied

drag are among the benefits derived from this ultra-modern, missile-shaped kite.

Just the opposite of aviation pioneers, who toyed with kite-flying to learn new tricks, these designers have used a number of principles well known in airplane design for their kites. Curved lifting surface like a delta-wing plane and rocket-like fuselage add to the aerodynamic features of this newest of the new.

Greater altitude, more stability, quicker ascent and less

The story of
WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

This couple had been married just two weeks, and the husband was going through a batch of mail that had arrived that very morning.
 "Honey," he asked casually, "aren't these bills for the clothes you bought before we were married?"
 "Yes, darling," she replied. "You're not upset about it, are you?"
 "Well," the husband replied. "Don't you think it's unfair to ask a fish to pay for the bait he was caught with?"
 Only one oil or gas well of 60 produces anything profitable.

Show SS Number On Tax Return

U.S. Director of Internal Revenue Ellis Campbell, Jr., today urged taxpayers who must file Declarations of Estimated Tax, and who have Social Security numbers, to include this on their submissions in 1962. These numbers will become the Taxpayers account numbers under the automatic data processing system now being installed by IRS.

He said most taxpayers in the Dallas District have been including their Social Security numbers on their tax returns and should continue to do so.

However, IRS will make a special check of 1962 Declarations of Estimated Tax to identify those taxpayers who presumably do not have Social Security numbers, since they do not include them.

Therefore, all who have Social Security numbers already should list them on their Declarations, to preclude unnecessary correspondence.

Director Campbell emphasized that, for persons not covered by Social Security, the numbers assigned will be for tax account identification only.

SOIL CONSERVATION DISTRICT NEWS

Waterway and pasture sodding got off to a big start in the Muenster-Saint Jo sector but has temporarily been halted due to lack of moisture.

Landowners cooperating with the Upper Elm-Red Soil Conservation District are planting Bermuda grass roots on land that will serve as pasture and on areas that will provide safe disposal for terrace water.

The grassed strips or grassed waterways are the foundation of a good terrace system.

Joe Vogel planted two waterways to Bermuda on the farm he operates. These grass strips follow natural drains through cropland fields and will make terrace construction possible on the sloping land.

North of Era, Junior Hudspeth has finished sodding four grassed waterways and an additional ten acres to provide safe terrace outlets and more grazing.

Bruno Fleitman has sodded 35 acres of common Bermuda pasture on his place north of Muenster. Ed Knauf has finished sodding a waterway on the place he operates north of Muenster to provide safe outlet for terrace water from about 50 acres of cultivated land, and Charles Davidson had sodded about ten acres of pasture on his place.

Several others are ready to sod as soon as moisture is sufficient. Early sodding was made possible by early seedbed preparation started last fall.

Farm Facts

A microscopic worm-like parasite, the nematode, causes crop losses amounting to at least \$1 billion a year. Nematodes attack some four or five hundred different kinds of plants. A cubic foot of soil can contain 6 million of them.

Nematodes burrow into plant roots and suck the plant's juices. The roots can't absorb the plant food they need from the soil. While the plant may not die, it won't attain full growth and yields will be reduced. Nematodes also open the way for destructive fungi and bacteria.

Greenhouse men have long been troubled by nematodes and sterilize their soil with steam to control them. Crop rotations aid in nematode control and some varieties of certain plants are nematode resistant.

Nematodes damage crops to the extent of \$1,000,000,000 annually.

Soybeans, cotton, tobacco, sweet corn, strawberries, onions, carrots, spinach, seedling trees, nursery stock, sugar beets, flowering bulbs, potatoes, melons, and lawn grasses are among the many plants affected by nematodes.

Marysville News

By Mrs. John Richey

Mrs. J. T. Cole has been attending the bedside of her sister, Mrs. Louise Lanham in a Fort Worth hospital following Mrs. Lanham's second operation Friday. Mr. Cole took his wife Saturday and remained through Sunday, leaving Mrs. Cole for a longer stay.

Visiting during the weekend with Mr. and Mrs. Charlie Winchester were their children and families, the Eddie Collines of Lewisville and Don Selfs and the David Winchesters of Dallas and Curtis Gibson of Dallas.

Mrs. Lizzie Wood of Clarendon and Mrs. Lennie Deering of Nocona spent Friday with their niece and daughter, Mrs. C. L. Winchester and also visited their sister, Mrs. Nathan Whitt.

Mr. and Mrs. Rafe McElreath and Becky drove to Perryton Sunday to attend the funeral of her uncle, Bob Woods, on Monday at 2:30. While there they were with Mrs. McElreath's mother, Mrs. Ollie Morris at her home.

Mrs. John Richey made a business trip to Marietta, Okla., Thursday accompanied by Mrs.

Robert Richey and sons Bobby and Johnny of Sivells Bend.

Mr. and Mrs. Joe Doughty drove to Burneyville, Okla., Sunday to spend the day with her parents, Mr. and Mrs. J. S. Hodges and helped Mrs. Hodges celebrate her birthday.

Shut-ins at their home on account of flu have been Mrs. Eddie Kuykendall and Mrs. Lloyd Barnhart.

Mr. and Mrs. Bo Snow came from Greenville for a weekend visit with her parents, the W. F. Davidsons. Other guests Sunday afternoon were Mr. and Mrs. Monroe Baker of Wilson, Okla.

Mr. and Mrs. Joe Wyatt of Callisburg were Tuesday visitors in Marysville.

Mr. and Mrs. Jim Morris and three children of Gainesville visited Sunday with the Eddie Kuykendalls and daughter Colleen.

Mrs. Charles Davidson and daughters, Barby, Becky and Patty were in Fort Worth Sunday visiting her brother and family, the Martin Siegmunds.

Mr. and Mrs. Earl Robison and Jimmy drove to Dallas Sunday to visit his mother, Mrs. D. O. Robison who lives there with her son-in-law and daughter, Rev. and Mrs. Calvin Dennis. Other relatives joining them at the Dennis home were Mrs. Roy Ramsey of Dallas and Mr. and Mrs. Doyle Gysler and daughter Karen of Arlington. The Robisons attended services Sunday morning at the church where Rev. Dennis is pastor.

Mrs. Belle Doughty is back at home after a visit in Gainesville with her son and family, the Russell Doughtys.

Mr. and Mrs. Max Harrell and children Kim and Rex of Gainesville spent Sunday with Mr. and Mrs. Bill Moon.

Bro. George Jones of Gainesville was guest speaker at the Baptist Church Sunday in the absence of Bro. Henry Mozingo.

Local News BRIEFS

Mr. and Mrs. Joe Linn had as guests four days his sister and her husband, the W. B. Parkers of Dallas.

Members of the Walterscheid clan and others who know the Leonard Waltersheids enjoyed "Comancheros" at the State Theatre for a special reason — Mrs. Leonard Walterscheid and son Tommy Lynn are members of the cast. The film was shot last June in Moab, Utah, where the Waltersheids live and Betty and Tommy got in the picture. They had bit parts but were recognized by their family and friends.

Mr. and Mrs. M. F. Milner enjoyed Sunday in Euless with their daughter and family, the Frank Hayes Jr., Nita Marie, Kenneth and David.

Mr. and Mrs. Joe Hoenig drove to Carrollton and Dallas Sunday for visiting. In Carrollton they were with the Rupert Hoenig family and in Dallas they visited Mrs. Rita Cottle and children.

Weekending in Norman, Okla., were Mrs. Kate Reynolds and children Debbie, Pat and Johnny and Kay Fette who were Saturday overnight and Sunday visitors with the Bill Tilgers and Carol Fette.

Visiting Mr. and Mrs. Clyde Fisher two days the past week were her uncle and aunt, Mr. and Mrs. Ed Merritt of Wheaton, Ill., on their way home after vacationing in California.

Sunday afternoon visitors and supper guests of Mr. and Mrs. H. D. Cooke were Mr. and Mrs. Tom Harville and two children, Mrs. Robert Holt, and Mr. and Mrs. Alton McConnell, all of Whitesboro.

Mr. and Mrs. James Hess have named their infant daughter Una Caroline. Her grandparents Mr. and Mrs. Gary Hess took her to church for her baptism and were proxy sponsors for her maternal grandparents, Mr. and Mrs. Holger Nielsen of Copenhagen, Denmark. Father Martin officiated at the service.

Mr. and Mrs. Tony Hess and Miss Helen Hess drove to Rhineland Sunday for a visit with their niece, Sister Kathleen. They also visited with Sister Bertha and saw Father Anthony, both formerly of Muenster.

Sunday visitors with Mrs. Ruth Needham and Sid and Emmett Address were Mr. and Mrs. Jess Adamson of Dallas.

Mr. and Mrs. Ed Jesko returned to Hereford Friday after a five-day visit with relatives in Muenster, Gainesville, Pilot Point and Dallas. They spent their last night here with her brother and his wife, the R. M. Zippers, after a round of visiting and attending a family reunion in Pilot Point. In Dallas they got acquainted with the newest member of the family — the ninth daughter of the Virgil Zippers.

A party on his valentine birthday surprised Henry Pels Sr. at his home Wednesday night. Thirty family members attended bringing gifts and refreshments for the 79-year honoree. There was a decorated birthday cake, and grandchildren helped Mr. Pels unwrap his presents.

Sunday visitors with Mr. and Mrs. Ted Gremminger were Mr. and Mrs. Albert Wangler and Mr. and Mrs. Lawrence Blunberg all of Pilot Point, who drove over during the afternoon and also visited with the Donald Waltersheids before returning home. Mr. and Mrs. Melfin Schumacher and children of Gainesville were all-day visitors with her parents.

Former Muensterites Mr. and Mrs. Charles Cunningham and children Charlie, Ralph, Walter, Carol Ann and Janay of Wichita Falls visited former neighbors Sunday afternoon.

Mr. and Mrs. J. A. Sanders drove to Fort Worth one day to visit their daughter, Mrs. Walter D. Cooke who was ill.

Mr. and Mrs. Joe H. Walterscheid and daughter Karen were weekend visitors in Fort Worth with her mother, Mrs. Henry Koelzer and Mr. Koelzer. Saturday evening the Koelzers were hosts for a barbecue supper. Other guests were Mr. and Mrs. Johnny Bailey of Fort Worth and Mr. and Mrs. Elmer Wiesman of Irving.

Honors Come to 2 Local Students in CCJC Elections

Two Muenster students at Cooke County Junior College have won special honors and will have their pictures in the College Yearbook Lion.

Miss Judy Trubenbach was selected in the voting for "Who's Who" as the favorite sophomore girl. James Mosler won the title of Mr. Future Teacher and with it the honor of representing the TSEA Chapter at the state convention to be held in Corpus Christi in April.

What size Chevrolet do you want to save money on?

CHEVROLET IMPALA Room, refinement and riding comfort. Foreground, the Impala Sport Sedan.

CORVAIR MONZA Sports Car spice without a sports car price. At rear is the Monza Club Coupe.

CHEVY II NOVA The frisky family-sized Chevrolet with a low, low price tag. Above right, Nova Sport Coupe.

Like your driving sporty, with quicksilver steering, flat-as-a-pancake cornering, sure-footed traction? Then a Corvair Monza's for you.

Or maybe the new-size Chevy II is more to your liking. Built for big families and still slips neatly into small parking places. And, with this, the kind of ingenious engineering (new easy-riding Mono-Plate rear springs, for example) that

won this year's coveted Car Life Magazine Award for Engineering Excellence.

But say you want to go all out—to get the full treatment in space, spirit and splendor. Then there's nothing like a Jet-smooth Chevrolet. Makes paying more pointless.

So size 'em up—then save it up—at your Chevrolet dealer's.

See the new Chevrolet, new Chevy II and new Corvair at your local authorized Chevrolet dealer's

Lindsay News

Cecil and Cyril Hermes had a weekend pass from Fort Sill and came home to spend it with their parents, Mr. and Mrs. Tony Hermes and family.

Children and grandchildren helped Mr. and Mrs. Jake Bezner observe their 42nd wedding anniversary Sunday at a dinner party in their home. Joining in the celebration were the Lambert Bezners and Jacob of Gainesville, the James, Wilfred and Weldon Bezners and their families of Lindsay and Miss Viola Bezner of Arlington. Viola was at home for the weekend. The honorees' anniversary date is Feb. 17.

When Lindsay CYC group met for their February meeting they made plans for a prayer hour and social and discussed plans for an Easter Monday dance. Patty Block conducted the business session in the presence of Father John Walbe. Henry Sandmann led the CCD discussion, the lesson for the month being on the subject "The Practical Catholic." A social hour followed adjournment.

Kubis Reunion Is Farewell for Son

The home of Mr. and Mrs. Albert Kubis was the gathering place for a family reunion Sunday as a farewell get-together for their son, Airman Alvin Paul Kubis, before he left for his new assignment in Delaware Monday.

Attending were Mr. and Mrs. Adam Wolf and children of Muenster, Mr. and Mrs. A. J. Felderhoff and children and Mr. and Mrs. Kenneth Thurman of Gainesville, Gilbert Kubis of Fort Polk, La., and his wife and son Michael of Gainesville. Only Buster Kubis was missing. He was not on weekend leave from Fort Polk.

Discussion Clubs Have Sacramentals For Study Topic

February meetings for discussion club groups of Sacred Heart Parish featured study of "Sacramentals."

Reports are in from the following groups:

The club headed by Mrs. Andy Schoech as chairman met in the home of Mr. and Mrs. George Bayer with Mrs. Bayer as leader. Fourteen members attended. The hostess served coffee and cookies after adjournment and the Ray Sickinges reminded members to gather at their home for the March meeting.

Fifteen members reported for study at the home of Mr. and Mrs. L. A. Bernauer where this group meets monthly. Those present took turns leading the discussion and afterwards had coffee and pie served by Mrs. Bernauer.

The group with Mrs. Tony Gremminger as chairman met in the home of Mr. and Mrs. J. P. Flusche with ten members present. Coffee and cake were refreshments during a social period after study.

The group headed by Mrs. Arnold Rohmer as chairman met in the home of Mr. and Mrs. John Mosman with Mrs. Mosman leading the study. Eleven members were present. The hostess served a dessert plate and coffee after adjournment.

The Fisher clan had their meeting in the home of Mr. and Mrs. J. W. Fisher. Mrs. Charles Taylor led the study and the hostess served refreshments.

The club headed by Mrs. T. Vogel had eight in attendance at the home of Miss Theresa Hesse who led the discussion and served coffee and cookies during a social period afterwards. This group will meet in the T. Vogel home for the March session.

The Ludwig Kieninger home was the gathering place for the club headed by Mrs. Gary Hess. Thirteen were present for study and for a social hour with refreshments following the lesson.

Mrs. M. J. Endres had her club group at her home Wednesday afternoon. Thirteen were present.

Charles Hughes - -

in the House of Representatives, only to see them die in the Senate. For example, the House has twice passed my industrial safety legislation, only to have the Senate kill it. The Governor is now pledged to support it. Accordingly, I am asking the people to promote me so I can seek the passage of such measures in the Senate."

In the House, Hughes has been chairman of both the congressional and legislative redistricting and the public lands and buildings committees, and vice-chairman of the committee on municipal and private corporations. He has also been a member of the House committees on judiciary, criminal jurisprudence, insurance, claims and accounts, and counties.

"I believe the day-to-day work I have done on these committees for twelve years has equipped me with facts and experience to defend the interests of our district and make a good senator," he said.

At present, Hughes is chairman of the House of Representatives Insurance Investigating Committee. This committee recently reported its findings that the premium rates on automobile insurance should be reduced without unfairness to the companies.

In a statement to the voters of the ninth district, Hughes said on this subject: "The committee worked diligently for many days and nights investigating the recent 23 percent automatic rate increase in automobile insurance premiums. We found evidence we feel shows that a substantial reduction in automobile insurance rates is necessary and justified."

Hughes pledged to continue his fight in the House for higher teachers' pay, more adequate financing of the public schools, the farm to market road program, and the welfare of our older citizens.

He will continue to seek more reasonable wages and hours for our firemen and policemen, a cause for which he has been the floor leader in the House of Representatives.

In 1951, he was one of the floor leaders who led the fight that saved the farm to market road program from the attempts of the big city delegations to ruin it.

In every session since 1951, he has authored or co-authored the teachers' pay-raise bills and of course has voted for them. He has been a staunch supporter of more reasonable financing for our public schools.

"In 1953 I started the fight to control unrestricted and unreported lobbyist activities in Austin by sponsoring the lobby control law. In 1955 I co-sponsored this law again. We finally got a measure enacted into law in 1957, but it was not all that we desired, and I want to continue the fight to tighten up the controls on the Austin lobbyists as a member of the Senate," Hughes said.

"Since 1951," he continued, "I have co-authored and supported legislation to place a larger portion of our tax burden on out-of-state gas pipeline corporations. I have helped lead the vigorous fight against the general sales tax, and while voting against it to the end, co-authored other measures that would have financed our needed programs and improvements."

HIP CATS—Charles Bovingdon, 4, of Twyford, Berkshire, England converts his tricycle into a taxi for two friends.

Consistently for the last twelve years, Hughes has voted for those measures for the welfare of our senior citizens, including higher pensions and other benefits. He has also consistently voted for veteran's legislation.

He co-authored the latest bill which would have gone a long way toward giving our women citizens equal rights under the law.

As a public official who is also a Democrat, Hughes has supported his party loyally. He has been named a delegate to the state Democratic convention a number of times. In 1956 he was a delegate to the Democratic National Convention in Chicago from our district.

Hughes was born in Sherman 35 years ago. Graduating from Sherman High School in the closing months of World War II, he enlisted at 17 in the Merchant Marine and after a speed-up training program saw service in Asiatic and European waters. He graduated from the University of Texas in 1951 with both the bachelor's and the law degrees. He is a Baptist and an active member of many fraternal and civic organizations, including the Sherman Chamber of Commerce.

"I believe the Texas Senate should help us make sure we keep our states' rights," Hughes said. "The Senate should represent, not out of state interests, but Texas interests. As a senator, I will do my part to see that the legislation we pass makes for more vigorous state and local government and therefore protects us from the indecisiveness which leads to centralization of government in Washington," Hughes said. "I hope you will conclude that I have worked hard for our district and have earned promotion next May 5th," Hughes said.

He invited voters who want to help him in his door-to-door campaign for the Senate to contact him or his wife, the former Wilma Haralson, in Sherman at 326 Beldon, telephone number 892-2904.

Confetti - - -

dom in their Satanic program by hiding behind our constitutional guarantee of freedom of religion. They already insist on hiding behind our constitution while working to destroy it, and if permitted they will carry that contemptible practice even farther.

Of course, if we think it over we can see through this scheme. Communism cannot possibly be classed as a religion. Rather it is the absence of religion. The simple fact that it is atheistic rules it out. If, as an old definition states it, religion is the link between God and man, how can it apply to a man who denies God?

You and I have no difficulty in seeing the issue that way. But we'd better not overlook communism's custom of twisting the meaning of words in their favor. They've made capital a dirty word. Peace to them is submission to red rule. Co-existence means to get along on their terms. So does negotiate. Colonialism and imperialism are dirty words that apply only to us. So let's be on guard against communist efforts to attain immunity and respectability by identifying their evil creed as a religion.

Post Office - - -

mailing a letter from the driver's seat of a car.

That arrangement is one of two reasons for the one-way driveway. The other is that diagonal parking in the area north of the building can be approached only from the one direction. Entrance to the drive will be on Second Street, the exit on Walnut. Additional parking space is available on Walnut in front of the post office.

Paved area behind the building is intended for the exclusive use of mail vehicles, commercial mailers and employee parking.

Features inside the building are designed for looks as well as utility. The service counter with room for three workers is topped by Formica. Abundant non-glare lighting is provided by 71 fluorescent fixtures with two tubes each. The floor is buff colored vinyl tile. Walls are painted two-tone medium green at the lower level, light green above. The ceiling is white. Year round comfort is provided by two heaters and two air conditioners.

Firestone
TIRES FOR
YOUR CAR..

NYLON
TUBELESS

2 for
only

\$29.90

Plus tax and 2 tires off your car REGARDLESS OF CONDITION
SIZES 6-10-15 BLACK CHAMPION NYLON
WHITEWALLS ONLY *3 MORE, EACH

all these features...

- Safety-Fortified NYLON cord... specially processed to take punishment in stride, for long trouble-free mileage and family safety.
- Precision-Bladed tread design... until recently available only on more costly tires, this modern tread is long wearing along with its outstanding performance characteristics.
- Firestone Rubber-X... an exclusive compounding process that provides long wear, quiet and soft ride.

15-MONTH

ROAD
HAZARD
GUARANTEE

Honored in all
50 States
and Canada

Every new Firestone tire is
GUARANTEED
1. Against defects in workmanship and materials for the life of the original tread.
2. Against normal road hazards (except repairable punctures) encountered in everyday passenger car use for the number of months specified. Repairs made without charge, replacements prorated on tread wear and based on list prices current at time of adjustment.
