Bishop Dangelmayr, native son, dies at 93

Mass of Christian Burial was offered on Tuesday, Sept. 22, 1992 in Sacred Heart Church for Most Reverend Augustine Dangelmayr, D.D. L.L.D., who died at his home near Muenster on Friday, Sept. 18, at 12:45 p.m. at age 93, after an illustrious life of service to his God, his country, his home and fellow men, and in civic and charitable activity.

Believed to be the oldest living Catholic bishop in the United States, he was also the first native Texan to have been appointed bishop to work in the diocese where he was born, reared and labored as a priest.

Honors and deep respect were accorded to Bishop Dangelmayr in several religious services preceding his funeral, when he was brought to Sacred Heart Church Sunday to lie in state from 1 p.m. until after Rosary was prayed at 4 p.m. and Vigil Service was held at 8 p.m., officiated by Father Victor Gillespie, OSB, and Father Camillus Cooney, OSB.

The Retired Bishop of the Dallas Diocese was taken on Monday to Cathedral Santuario de Guadalupe by McCoy Funeral Home of Muenster to lie in state from 2 p.m. until the Rosary was prayed at 6 p.m., followed by Mass at 7 p.m. Most Reverend Charles Grahmann, Bishop of Dallas, was celebrant of the Mass. The Dallas Fourth Degree Knights of Columbus provided the Honor Guard, in full regalia.

Bishop Dangelmayr was then returned to Sacred Heart Church by McCoy Funeral Home on Tuesday for the Mass of Christian Burial at 10:30 a.m. Most

Reverend Thomas Tschoepe, Retired Bishop of Dallas, was the principal celebrant, assisted by Most Reverend Carl Pfeifer, Bishop of San Angelo; Most Reverend Joseph P. Delaney, Bishop of Fort Worth; and Father Victor Gillespie, OSB, pastor of Sacred Heart Church. A great number of clergy gathered in the sanctuary and church.

Participating also in the solemn funeral liturgy were Father Stephen Eckart, OSB, who gave a Reading from the Old Testament, and Father Robert Wilson, who gave the Reading from the New Testament. Father Victor Gillespie, OSB, read the Gospel and the funeral eulogy was delivered by Bishop Tschoepe.

Close relatives also participated in the liturgy. A niece, Judy Flusche, presented Offertory petitions and Prayers of the Faithful. Offertory gifts were carried to the altar by a sister and two brothers of the Bishop, Bertha Fleitman, Albert Dangelmayr and Joe Dangelmayr. The Most Reverend Bishops, celebrants of the Mass, and several priests were Eucharistic Ministers.

Great-nephews of the Bishop, Glen Dangelmayr, Shawn Dangelmayr and James Felderhoff and nephews Joe E. Dangelmayr and Jerry Fleitman were Mass servers. Sacred music was presented by nieces Ruth Felderhoff and Christy Hesse and close friend, Dr. Martin Kralicic. Selections were "On Eagles' Wings," "Song of the Good Shepherd," the "Celtic Alleluia," "Panis Angelicus," "How Great Thou Art," "You Alone," Schubert's "Ave Maria,"

"Song of the Angels" and "Holy God, We Praise Thy Name."

The Knights of Columbus Fourth Degree of Dallas formed an Honor Guard both before and during Mass. L.B. Bruns and Alvin Hartman were the ushers.

Rite of Commendation with blessed incense was led by Most Rev. Joseph Delaney.

Burial followed in Sacred Heart Cemetery, directed by McCoy Funeral Home of Muenster. Prayers of Final Committal were conducted by Bishop Michael Sheehan of Lubbock. Pallbearers were nephews James Dangelmayr, Bill Dangelmayr, John Dangelmayr, Norbert Felderhoff, Charles Felderhoff and John Dave Fleitman. In lieu of flowers, the family suggested memorials to Catholic Charities of Dallas.

Most Reverend Bishop Augustine Dangelmayr is survived by one sister, Bertha Fleitman, and two brothers, J.R. Dangelmayr and Albert Dangelmayr, all of Muenster. Also 24 nieces and nephews and several other relatives. He was preceded in death by his parents, Muenster pioneers, Joseph and Theresia Dangelmayr; two sisters, Marie Felderhoff and Theresia Felderhoff; two brothers, Herman Dangelmayr and Willie Dangelmayr; and one nephew, A.J. Felderhoff; and one great-nephew, John Gerard Dangelmayr.

A dinner was served in Sacred Heart Community Center following services, for family, clergy and out-of-town people for approximately 250.

Clergy present on Tuesday included bishops, monsignori,

priests and brothers: Most Reverend Bishops Thomas Tschoepe, Michael Sheehan, Carl Pfeifer, Joseph P. Delaney and Charles Grahmann. And Rev. Monsignori Hubert Neu and Joseph Schumacher; and Fathers Robert Wilson, Joseph Scantlin, Harry Fisher, John Hennessy, Karl Schilken, Stephen Eckart, OSB, Nicholas Fuhrmann, OSB, Raphael De Salvo, OSB, Paul Hoedebeck, OSB, Victor Gillespie,

OSB, Camillus Cooney, OSB, Leo Koessler, OSB and Brother Thomas Mosler, OSB.

Also Fathers James Buckley, John O'Rourke, Joseph Weinzapfel, Robert Cox and Robert Johnson and Msgr. Robert Rehkemper.

On Monday, attending the Mass of the Resurrection in the Cathedral in Dallas, in addition to the Most Reverend Bishops, were Fathers Jerome Jazasuriza, Ramon Alvarez and John Hough;

and Monsignori Claude Smith, Joseph Erbrick, Robert Cox, Thomas Weinzapfel and John Gulczynski.

Augustine Dangelmayr was born Dec. 11, 1898 on a farm near Muenster, to Joseph and Theresia (Muck) Dangelmayr, the oldest son and the second of eight children. He received his early education in the Winterfield School, a little one-room country school in a pasture near his home. His teacher was Ernie Huchton who later became Mrs. Conrad Fette. Later, he attended Sacred Heart School in Muenster.

On Sept. 9, 1912, he entered Subiaco College where he pursued his studies for eight years. His interests included the college band, dramatics, elocution, holding offices in the Sodality, Dramatic Club, College Band, Student Cadet Corps, the College Newspaper, the Classical Course in Foreign and Modern Languages and the Subiaco Alumni Association. He registered for the Selective Service Draft on Sept. 12, 1918.

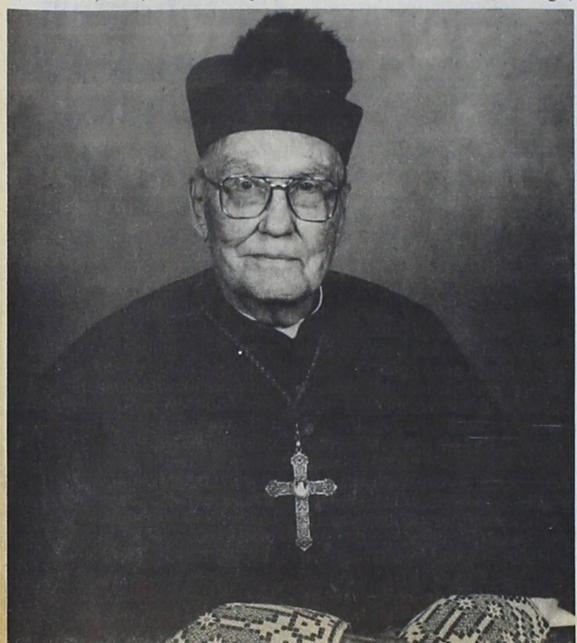

He earned his Bachelor of Arts degree on June 15, 1919, and entered Kenrick Seminary in St. Louis, Mo. In 1922, he was sent to St. Mary's Seminary in La Porte, Texas to finish his theological studies and prepare for ordination.

Ordained to the priesthood on June 10, 1922 at Sacred Heart Cathedral of Dallas by Most Reverend Joseph Patrick Lynch, D.D. L.L.D., Bishop of Dallas, he celebrated his First Mass in Sacred Heart Church of Muenster on June 13, 1922. Scarcely a month later, he was appointed assistant at the Dallas Cathedral and was appointed Chancellor and Secretary of the Cathedral on Nov. 30, 1923. In 1926, he was appointed Diocesan Director of the Society for the Propagation of the Faith and Diocesan Director of NCWC Bureau of Immigration. The same year, he was named director of the Union of Catholic Youth, of the Catholic Nurses Association and of the Catholic Young Men's Association of Dallas.

He was invested as Private Chamberlain to His Holiness Pope Pius XI in December 1934 and was promoted to the rank of Domestic Prelate in 1937. As Monsignor Dangelmayr, he received an Honorary L.L.D. degree from St. Edward's University in Austin. His official Coat of Arms indicated that the "e" had been dropped from the spelling of his name.

His assignments and responsibilities in the diocese were many. As the health of Bishop Lynch continued to decline, more and more responsibilities were placed on Augustine Dangelmayr's shoulders. He was actuary of the matrimonial court, member of the finance and building commission, had charge

CCC names new president

South Plains College Administrator Dr. Ronnie Glasscock will take the reins as the new president of Cooke County College following his unanimous selection by the CCC Board of Trustees this week.

Glasscock, 45, is Provost of South Plains College in Lubbock, where he is chief administrative officer and oversees a \$3.5 million budget. He will replace Luther "Bud" Joyner, who also came to CCC from South Plains College, resigned in August after six years at CCC to become president of Amarillo College.

Glasscock will formally begin his duties on Oct. 19. The board this week approved Glasscock's two-year contract at an annual salary of \$72,500. Joyner's salary at CCC was \$70,635. After spending more than a month in the selection process, which included the selection of five finalists and day-long interviews and visits to the

CCC campus with each candidate, trustees announced the decision following a 10-minute executive session during the board's regular meeting. CCC Board Chairman Urban Endres said the job was offered to Glasscock late last week, when he accepted the position. Glasscock is expected to visit the CCC campus on Thursday, he said.

RONNIE GLASSCOCK

"The five applicants were so strong, it was really a pleasure in one respect, but doubly hard to make a selection on the other hand," Endres said. "He'll bring enthusiasm, experience and hard work," he said.

Trustee Milton Dixon agreed, saying that all five candidates were highly qualified, but that Glasscock best suited what the college was looking for.

Glasscock has had more than 23 years in classroom experience and has held various administrative positions. He received his Bachelor of Arts degree with a major in English in 1969 from West Texas State University. He received a Master's in Political Science in 1971 from West Texas State and his Doctorate in Education in 1980 from Texas Tech University.

He has been Provost at South Plains in Lubbock since 1988 and has served as Dean and Chief

Letters to the Editor *MISD to receive funds from 1839 trust*

Dear Editor,
 Several years ago, when Robert Bayer was commissioner of Precinct 4, he realized that Copper Switch Road had a real problem. It had holes, ruts, low spots, and for the traffic it handled, drained poorly. Robert knew that the only successful way to really repair Copper Switch Road was to pave it, and this he promised to the people who lived in that area. With the "great flood" about that time and Robert's untimely death, the project never developed. Many bridges had to be repaired and replaced which cut deeply into the budget. We understood the situation and were told that as soon as finances allowed, the road would be paved. Robert's wife, Rosalee, took over the job along with its problems and more flooding. Paving was delayed. At this time, Copper Switch was taking on even more traffic with two new oil fields going in. Just last summer we were told, "the summer of '92 we'll pave it!" Summer arrived with our current commissioner explaining that the county crew was busy building fence along the right-of-ways for the new Red River Bridge Project. We waited. Every time I asked him about it, I was told, "we'll just have to see how things go" or "maybe a little later." Well, at last the pavement project is under way - it's just too bad that our commissioner missed Copper Switch Road by 4 miles!!!

I'm disappointed along with many of my neighbors. In this election year, I've heard many people complaining about their elected officials. From the county officials, state officials, the

Congress, up to the President - if you're not satisfied, if they are not doing the job you want them to do, if they've not kept promises or lived up to their expected goals - you have a vote in November, and if their term is not up this year, it will be someday!!!

In one of my dairy magazines, a milk marketing expert stated, "If voters elect an entirely new congressional cast, the transition period is comparable to replacing one-third to one-half of a milking string with heifers that have never before set foot in a parlor. Well - the first couple of weeks would be "holy hell," but after you got them trained, look what a great herd you'd have!!! Think about it, and thanks for reading this.

See you in November,
 Wayne Klement

(The enclosed letter is in reference to the decision reached at the Sept. 14 meeting regarding the disbursement of Land Funds.

Major concern is for immediate dissemination of this information to all of Cooke County since this decision was reached without input from the community as a whole... only from a select few.

Dear Mr. Russell,

I disagree with the disbursement of the Land Funds to the schools. That money invested will always bring in some revenue to the school system. Once disbursed it's gone!!!

If you invested those funds now into a treasure note it would draw the following interest amounts: 10 year, 6.19% interest = annual income of \$3,033.10, value for 10 years \$30,331.00 in interest.

15 year, 6.60% interest = annual income of \$3,234.00, value for 15 years \$48,510.00 in interest.

30 year, 7.22% interest = annual income of \$3,537.80, value for 30 years \$106,134.00 in interest.

And you still have your \$49,000.00.

So, properly invested is a forever income, however so small.

Think long and hard before you kill over 100 years of tradition and income.

Sincerely,
 /s/ George D. Silvernale

 The Muenster School District will receive about \$3,500 when some \$51,000 in funds are distributed from the Cooke County Public Schools Availability Fund. With interest rates falling and the fund's 30-year treasury bill matured, county commissioners recently decided to bust the trust that has been trickling interest money to the county's eight school districts since before the turn of the century.

"At one time, the fund provided a substantial contribution to the school districts," said County Judge Ray Russell, who admitted he had to do some homework to find out what the trust was all about. "Because of inflation continuing to erode the fund and the falling interest rates, it's just not economically worthwhile to continue," he said.

The trust developed from a law passed on Jan. 26, 1839, by the Third Congress of the Republic of Texas. The law provided for three leagues of public land to be given to "each county organized or to be organized for the purpose of establishing a primary school or academy," according to a thesis completed on the history of the

Oktoberfest promises full weekend

Interest in the Oktoberfest scheduled for Oct. 10 and 11 is building. "We've gotten quite a few phone calls from people who are excited about coming to Muenster that weekend," said Margie Starke, Chamber of Commerce secretary. The event has been advertised in Metroplex newspapers and people are calling about the quilt show and auction, sports tournaments, etc., said Mrs. Starke.

Sponsored by the local Chamber of Commerce, the event is put on annually to raise funds to beautify Muenster's business district. The diversified agenda provides fun and entertainment for all ages.

Two of last year's most popular events will return. The Bed Races provided an afternoon of fun and the Ugliest Dog Contest involved the crowd in selecting the contest winner. Even more events have been added, including Wet Sponge Throw, involving mystery Muenster dignitaries; and Pie in the Face of favorite presidential candidates.

To enter any of the tournaments, or for more information, call the Muenster Chamber of Commerce, 817-759-2227.

We're sorry, due to technical difficulty...

As you may or may not notice in this week's Enterprise, some of the stories are shorter and some are not in at all. Due to circumstances definitely beyond our control, The Enterprise staff has been unable to cope with all the demands made this week. We will resume our normal high-speed chase next week for all the news and interesting facts our readers want, and deserve, to know.

As far as the Football Contest results from last week - we were unable to track down all football scores and tabulate the winners' picks before deadline this week, so... All entries from last week have been hermetically sealed in a mayonnaise jar on Funk & Wagnalls porch until we can get to them next week. Those results, along with the results from this week's picks, will be published in next week's Enterprise. Promise! Thanks for your support!

Cooke County fund written by Randolph O'Brien. The Congress added one additional league to the package later.

Cooke County received its first two leagues of land, or 8,856 acres, in 1861. The land, ironically, was located 12 miles northwest of Decatur on Big Sandy Creek in Wise County. The second portion was obtained in 1879 along Elm Creek in southeastern Cooke County. The idea was to resell the land and then place the money in a trust for the development of schools, Russell said. With a variety of political and other delays caused by such things as statehood

and the Civil War, Cooke County finally sold its first parcel of land in 1877, a parcel of 139.5 acres to J.M. Neeley at a cost of \$2.50 per acre.

By August 1892, all 17,712 acres located in Cooke and Wise counties had been resold, and a total of \$49,000 has been in the trust ever since. The interest money has been distributed annually to the county's school districts according to average daily attendance, Russell said. While the Gainesville Independent School District, the county's largest, is due to receive \$1,024 in interest this year from the fund, the county must write a check

to Walnut Bend ISD, the county's smallest district, for \$15.46.

Commissioners decided it's time to dissolve the fund and distribute the money, which must be used by school districts to retire debt or for capital improvements. "They'll make more if they use the money to pay some of their debts than draw that little dab of interest," said Commissioner Kenneth Alexander.

Russell said he had another reason for researching the fund's history before recommending that the court dissolve the fund. "I wasn't quite sure who originally contributed to the fund, so I sure didn't want to offend anybody's descendants," he said.

Once paperwork is completed, total principal and interest payments of \$25,191 will go to the Gainesville ISD, \$7,746 to the Callisburg ISD, \$5,583 to the Valley View ISD, \$4,414 to the Lindsay ISD, \$3,745 to the Muenster ISD, \$3,518 to the Era ISD, \$520 to the Sivelis Bend ISD and \$363 to the Walnut Bend ISD.

PUMP UP SAVINGS with a Heat Pump

When the dog days of summer put a bite in your utility bills, it may be time to consider an energy-efficient heat pump. Heat pumps transfer heat to the outside air in summer and draw heat from the outside air in winter. This method of transferring heat is much more efficient and means substantial savings to you.

- Conserve Energy
- Lower Your Electric Bills
- Receive Cash Rebates

Contact your local electric cooperative to find out about their Centsible Cooling Program. By installing an energy-efficient heat pump, you can collect cash and save on your utility bills, too.

Don't wait - show you care now

Imagine an unexpected emergency. You race to the hospital but the doors are closed. This nightmare could soon become a reality.

Blessed with good doctors for many, many years, the Muenster Memorial Hospital is now facing a grim future. These doctors have devoted a lot of good years, but now some are retired, some are ill and one man can't do the job of many.

We have (had) new doctors who were willing and excited to become a part of this community and help our hospital grow. And then something happened. We're not sure what. Why did they change from being excited to being dissatisfied with contracts and finally asking to be released from those contracts. The community needs to ask pointed questions if they care. We care, does anybody else?

What is it going to take to shake this community out of its apathy? Losing a child from lack of emergency care? Losing a life in an accident racing to an out-of-town hospital?

People need to attend the Hospital Board meetings and ask questions as to why these new doctors are made to feel unwelcome, as well as to voice their opinions on what they would like to see happen at their hospital! It is their hospital and, without doctors, it will close!

Everyone seems to want to remedy the doctor situation, but there seems to be a lack of communication and expedient measures to secure these new physicians (financial reports show that these doctors were bringing in new patients and making a beginning in tipping the scales from red to black).

If the residents are really interested in seeing Muenster Memorial Hospital flourish and would like to see new doctors want to come to Muenster, then take the time to visit with the Board members and ask them what they feel is the problem in obtaining and maintaining new physicians for our community's benefit. Let them know you are interested in what's happening and that you're willing to help in any way to contribute to the prosperity of Muenster Memorial Hospital. You can begin to show your interest in your hospital by attending the Hospital Board meetings on the last Wednesday of the month at 7:30 p.m. in the administrator's office.

CCAD approves budget with 5% increase

by Elaine Schad
The Cooke County Appraisal District Board of Directors have approved a \$482,792 budget for 1993, a 5% increase over the current year's budget.

The board, during their regular September meeting, also approved a \$131,420 collections budget, a 6.3% increase from this year's budget of \$123,650.

The budget will take affect Jan. 1 unless a majority of county taxing entities reject it within 30 days, said CCC Chief Appraiser Ross Fry. The taxing entities have previewed a preliminary budget, and there have been no major objections so far, he said. The taxing entities include cities, school, college, hospital and water districts and the county, entities which levy a personal property tax.

The 1993 appraisal budget is an increase from this year's \$460,149 budget. It includes a 5% salary increase for CCAD employees, including raise in Fry's salary from \$46,000 to \$48,300. The budget also includes a \$5,450 expenditure

for the purchase of a mailing machine and \$8,000 to upgrade mapping for the appraisal district. Fry said there could be an additional budget change for mapping if the CCAD Board chooses to include additional mapping for 1993. Most of the increase in the collections budget is a 5% salary increase for collection employees, as well as increases in office supplies, unemployment insurance premiums and in the collections contingency fund. An additional \$1,000 was added for microfilming deed records, Fry said.

In other business, the board approved a new mileage rate for appraisers from 23 to 27.5 cents per mile, the same as allowed by federal guidelines. The appraisal district has three vehicles and four appraisers, so the mileage rate will apply to one employee, Fry said.

Fry reported that the district is awaiting approval of all tax rates before sending out tax notices. The Callisburg School District is set to adopt its tax rate on Monday, which is the last county entity to approve its rate. The district expects to send out 50,000 tax notices this year, about 20,000 less than last year since vehicle tax has been dropped from the tax rolls. The notices are expected to be sent out within the next three to four weeks.

The district received no bids on the sale of its old computer system, so the district will try to find a buyer, Fry said. The CCAD's mapping project is underway, with survey lines and some aerials on the computer system. Ownership mapping is expected to get underway some time in October when the employee completes training, Fry said.

Rebate numbers soar for Muenster

State Comptroller John Sharp sent a total of \$112.1 million in September sales tax rebates to 943 Texas cities and 106 counties, a 15.6-percent increase over the payments of one year ago.

Locally, sales tax rebate checks show improvement over last September. Muenster and Valley View have shown the greatest increase with Muenster's check of \$10,910.21 growing 85.69 percent over September 1991's and Valley View's \$3,434.21 in September 1992 compared to a year ago's \$1,782.06, an increase of 92.71 percent. Muenster's 1991 amount for this month was \$5,875.57.

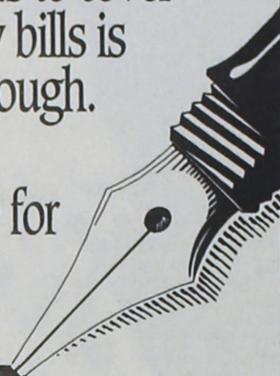

Gainesville and Oak Ridge also marked favorable changes. The check this September to Gainesville was \$89,760.30, an increase of 9.10 percent compared to \$82,275.40 from a year ago. Oak Ridge received \$3,462.26, up 2.79 percent from \$3,368.39 last September. Lindsay was the only exception. Their September 1992 payment was down 3.50 percent. It was \$4,456.24, compared to \$4,617.80.

Things look optimistic when 1992's payments to date are compared to those of 1991 at this time. All local cities show an increase. Amounts and percent of increase are as follows: Muenster, \$88,075.72, up 2.89 percent; Lindsay, \$34,934.30, up 4.23 percent; Gainesville, \$98,968.06, up 2.04 percent; Valley View, \$21,474.54, up 20.84 percent; and Oak Ridge, \$27,074.94, up 5.13 percent. Total payments to date made to Cooke County cities are \$1,080,527.56. This is up 2.57

percent from a year ago. Cooke County received \$59,363.41 for September rebate. This was 25.20 percent more than last September. Total payments to date in '92 equal \$532,091.57, which is a 3.40 percent increase from a year ago.

Texas cities received \$100.9 million in sales tax payments, up 15.9 percent from the \$87 million they received last September. Counties received \$11.2 million in September rebates, a 13-percent increase over the September 1991 rebates of \$9.9 million.

BISHOP

Continued from Page 1

of many mission churches, was chaplain of orphanages and the Good Shepherd Home, was chaplain of Ursuline Academy in Dallas. He conducted religious instruction for adults interested in the Catholic faith and was credited with the conversion of about 60 adults a year.

During the Great Depression, he was Catholic representative and director of relief. During WWII, he was a public member of the regional war labor board, headed the chancery office including the matrimonial court, and bookkeeping with the assistance of Fathers Gulczynski and Tshoepe. In December 1941, Augustine Dangelmayr was named Vicar General of the Dallas Diocese.

On April 26, 1942, His Excellency the Most Reverend Augustine Dangelmayr received the episcopal consecration as Titular Bishop of Olba, and Auxiliary Bishop of Diocese of Dallas from the Apostolic Delegate to the United States, Archbishop Amleto Giovanni Cicognani, assisted by the Bishop of Dallas and the Bishop of Chicago.

On Feb. 26, 1954, he was appointed the founding pastor of the new St. Monica Church in Dallas, where he served until 1962 when he retired and moved back to his hometown. He often expressed his pleasure in his retirement and enjoyment of life in the country.

Even in earlier years, when he could manage a short vacation in Muenster, he loved to join his brothers working cattle on vast ranch properties. Many of his old friends and peers recall seeing him wearing boots, khakis and a favorite old hat. They all loved him for his goodness and his "humaness."

Special celebrations were held to mark important jubilees. Bishop Dangelmayr celebrated his Silver Jubilee of Consecration and his Golden Jubilee of Consecration. On June 10, 1982, he celebrated his 60th anniversary as a priest and his 40th anniversary as a bishop, with receptions in Dallas and Muenster.

His most recent celebrations were in Sacred Heart Church of Muenster in June 1992, observing his 70th year as a priest and his 50th as a bishop. Many of the clergy who attended in June returned in September to honor his memory.

MRS. RAUL AUGUSTO CABALLERO
...nee Angela Lynn Bartush...

Couple exchange vows at Christ the King Church

Angela Lynn Bartush and Raul Augusto Caballero were united in the Sacrament of Matrimony on Saturday, Sept. 5, at 2 p.m. at Christ the King Catholic Church in Dallas.

The Nuptial Mass and double-ring ceremony were concelebrated by Father Paul John Coury, C.S.S.R., a cousin of the bride, and by Father George Monaghan, a close friend of the bride and groom.

The bride is the daughter of Mr. and Mrs. Charles Bartush Sr. of Muenster and the groom is the son of Mr. and Mrs. Raul Caballero of Dallas.

Angela was given in marriage by her father. She wore a formal wedding gown designed by Phyliss of Bianchi, Boston, of Dupioni silk with an off-shoulder neckline and heavily beaded fitted bodice, long fitted sleeves and a cathedral train. Her headpiece was a crown holding a full cathedral-length illusion veil.

ATTENDANTS

Angela's and Raul's attendants were Virginia Bartush, sister of the bride and maid of honor, and Raul Caballero, father of the groom, as best man.

Other attendants were Cynthia

Del Olmo, sister of the bride, Miriam Caballero, sister of the groom, and Terissa Hanson, friend of the couple. Groomsmen were Stanley Martin, friend of the groom, David Caballero, cousin of the groom, and Douglas Hanson, a friend of the couple.

Ushers were Michael Martin, Anthony Klinkert, Paul Bartush,

Joseph Bartush and John Bartush.

Altar servers were John D. Bartush and William R. Bartush, nephews of the bride.

Presenting Readings selected by Angela and Raul were brothers of the bride, Charles F. Bartush Jr. and William S. Bartush. The bride's sister, Catherine Bartush Otto, read Offertory petitions.

Offertory gifts were carried to the altar by Sofia Klinkert, Lola Ortega and Reuben Ortega, all relatives of the groom.

Wedding music was presented by singers Laura Lynch and David Lynch, organist Dr. Noel Goemanne, and Glen Bell on the trumpet.

Selections included Schubert's "Ave Maria," Bach's "Jesu, Joy of Man's Desiring," Clark's "Trumpet Voluntary," Purcell's "Trumpet Tune," Ducote's "Beginning Today" and "Gift of Love" by Hopson. The recessional was "Allegro Maestoso" by Handel.

A reception followed at The Northwood Club in Dallas. Angela and Raul will be at home in Irving when they return from their wedding trip to Tahiti.

Give blood, please!

by Marlene Endres

When you were a kid in the past, you cared enough to respond with the gift of life - blood. For that, we thank you very much. Your blood might well have saved somebody's baby - whether that baby was 90 days old, or 90 years old. Now, we want to urge you to give again. Volunteer blood donors are an absolutely vital part of America's health care system. There is a constant demand for blood.

Every minute, more than 36 units of blood or specialized blood components are transfused. That's nearly 53,000 units of blood each and every day. Who receives the blood you give? Who benefits from your caring selfishness? Your loved ones. Neighbors. A colleague at work. People of all ages in your community: a little girl undergoing liver surgery. A teenaged boy afflicted with hemophilia. An executive who must have heart surgery. A teacher who desperately needs your blood to fight leukemia.

Blood also helps patients suffering from anemia, trauma, cancer, gastrointestinal diseases, lung diseases, kidney diseases and many other health problems.

But blood is perishable. It must be used within 35 to 42 days. Some components must be used within five days. That's why the demand for blood is so high. And why blood donations are needed constantly. Now you see why patients depend on you - healthy volunteer donors who have given blood before. So give blood again and again. Please.

Patients never pay for the blood that volunteers like you donate. However, they are charged a processing fee to cover the costs of collecting, testing, labeling, storing, preparing components and delivering blood to hospitals. This processing fee appears on the patient's hospital bill and is paid by

health insurance plans. The blood you share is really a priceless gift. Science can't duplicate it. And people simply can't live without it.

American Red Cross checks your health before allowing you to donate blood. They use a new, sterile needle and plastic bag to collect the blood. Both are used only once! This precaution guarantees that you cannot get an infection while donating blood.

To keep the blood supply safe, they take many precautions. They allow only healthy people to donate blood, and they test every blood donation for signs of such infectious diseases as AIDS, hepatitis and syphilis. Any unit of blood that tests positive is not transfused. The Red Cross takes the additional precaution of determining the exact blood group of every unit donated so that it is given only to a patient whose own blood is compatible. Donors like you make American Red Cross' lifesaving - and lifegiving - work possible. Thank you for giving. Again and again. The Blood Drive will be Wednesday, Oct. 7 from 2 p.m. to 6:30 p.m.

KAITLYN FELDERHOFF

Kaitlyn turns 2!

Friday, Sept. 18 was Kaitlyn Felderhoff's second birthday. She celebrated on Saturday, Sept. 19 with a party hosted by her parents, Scott and Sandy Felderhoff, in their home.

Guests were served a buffet supper, followed by cake and ice cream. Kaitlyn's cake was decorated like Mickey Mouse. She took great delight when everyone sang "Happy Birthday." Gifts were opened and visiting and games enjoyed.

Celebrating with Kaitlyn were her grandparents Theo and Millie Voth and Al and Sis Felderhoff; aunts, uncles and cousins Ross and Janet Felderhoff and Jody and Deann; Kenny and Kim Felderhoff and Kayla, Keith, Kara and Kirk; and Tim Voth and Debbie Metzler; and friends Doug and Lynda Yosten and Tara and Gina.

Hofbauer's submits recipe for contest

A Chamber of Commerce sponsored sausage recipe contest will be held in conjunction with the annual Oktoberfest. Each of the local businesses who specialize in making sausage were invited to submit their favorite recipe.

One recipe will be published each week until Oktoberfest. Their order of publication was selected by drawing names. The public is encouraged to try the recipes.

During Oktoberfest the four participants will compete in a cook-off. The winner receives the coveted Sausage Cup Award.

DAS AUSPUFFROHR (The Tailpipe)

1 loaf frozen bread dough, thawed
6 (6") sticks Hofbauer's smoked German pork sausage, cooked
6 large cabbage leaves
6 T. horseradish
6 slices Bavarian white Muenster cheese
Celery seed
Dried parsley flakes
Preheat oven to 350 degrees F. Roll out bread dough into sheet about 18"x12" (approx. 1/8" thick). Cut into 6 squares. Sprinkle lightly with parsley and celery seed and press into dough on both sides. Line each square with cabbage leaf, 1 slice of cheese and 1 tablespoon horseradish. Place stick of sausage on top. Fold dough over sausage and seal along top by pinching dough together. Leave ends open. Allow dough to rise in warm place about 30 minutes.

Bake till bread turns golden brown (approx. 15-20 minutes). Serve immediately. Enjoy!

Variations: Use any combinations of the following ingredients: smoked cheese, German potato salad, sauerkraut.

Muenster girls compete in cross country events

Muenster High School's cross country teams traveled to North Lake Park in Denton on Saturday, Sept. 5 to compete in their first meet held by Marcus High School, out of Flowermound. The varsity team placed 4th overall in the 2A and 1A division. Muenster was the only 1A team entered. Two medalists were Julia Fleitman, placing 6th; and Misty Klement, placing 13th in the two mile.

Medals were awarded to the top 15. Approximately 100 girls participated. Muenster's varsity team last week included Julia Fleitman, Misty Klement, Marlene Hess, Lisa Russell, Cindy Culp, Misty Knabe and Denise Russell. In the JV division of the meet Muenster girls ran with 5A down to 1A schools. There were approximately 200 girls running and the Muenster girls didn't place in the top 15. There aren't enough girls to enter a full team of five, so the Muenster JV girls ran as individuals. The individuals are Lori Klement, Amy Sturm, Sally Fisher and Vivian Bolofo. They are coached by Danna Hess. "I feel that the girls will improve once the weather starts to cool down and the conditions are easier to adjust to," said Coach Hess. "The girls also compete against each other. The top seven times out of eleven girls will compete on varsity and the slowest four are on JV the next meet."

On Sept. 19, the girls traveled to Arlington at Vandergriff Park to compete in the Lamar High School meet. The varsity was composed of

Marlene Hess, Lisa Russell, Misty Knabe, Lori Klement, Denise Russell, Julia Fleitman and Misty Klement. They competed with 4A girls and under and drastically dropped their 2-mile times to bring home 6th place with a score of 209. The team did not have a medalist (top 15) but Julia Fleitman had a race to the finish with a district competitor from Valley View for 27th place. She ran a time of 13:45. The other girls came in as follows: Misty Klement, 13:53; Lisa Russell, 14:32; Misty Knabe, 14:37; Marlene Hess, 14:42; Denise Russell, 14:43. Lori dropped out with a knee injury but will compete in two weeks.

Also at the meet were two district competitors, Valley View and Ponder. Neither team placed in the top ten. Valley View had a score of 262 and Ponder, 353. Valley View has a few strong girls that gave the Muenster girls a run. There were approximately 200 girls in the varsity division.

At this meet the JV team consisted of Cindy Culp, who improved her time dramatically to a 14:30 and will run on varsity for the next meet; Amy Sturm also finished strong with a time of 16:02; and Sally Fisher finished with 17:21. In the JV division the girls ran with approximately 300 girls from 5A to 1A.

September 26 the girls will travel to SMU to run with 5A to 1A school girls, and will have the chance to watch the college girls run.

MARTIN SENOUR PAINTS

"When you run your own business, you watch every dime. With an electric cooperative providing my service, it's the lights that keep burning, not my money."

Ever since I can remember, I always wanted to own my own cabinet making business. Starting any business is a challenge, but for me, the timing was perfect. It's been 18 years now, and I haven't regretted it once.

I set up shop in an area served by the electric cooperative. I was amazed at the way the cooperative representative worked with me on how to best meet my electricity needs—I thought that kind of service went out years ago. And now, one of the biggest advantages is the competitive edge I've gained: electric cooperative rates are the best around.

Most important of all, my electric service has been reliable—which is pretty important when you make your living with a power saw."

Muenster native marries in Sulphur Springs

MRS. CHARLES BOLES
...nee Ann Yosten...

Ann Yosten of Sulphur Springs became the bride of Charles Boles on Saturday, Aug. 15, in a Nuptial Mass and double ring vows, officiated by Father Raymond Orlett of Kingsport, Tennessee assisted by Father Emillian Novak and Deacon Loren Seely.

The bride is the daughter of Mrs. Helen Yosten of Muenster and the late Larry Yosten. Born in Muenster, she moved to Sulphur Springs with her family and attended Sulphur Springs Elementary and High School, graduating in 1989. She is a lab technician employed by Associated Milk Producers, Inc.

The groom is the son of Mrs. Freddie Jo Boles and the late Joe Boles. He is a 1990 graduate of Sulphur Springs High School and attended Howard Payne University in Brownwood. Currently, he is attending East Texas State University in Commerce and is the operator of the Water Treatment Plant, employed by the City of Sulphur Springs.

The wedding was held in St. James Catholic Church of Sulphur Springs at 11 a.m. The date was especially chosen because Aug. 15 is the Feast of Mary's Assumption, holding special remembrance for the bride who was in Medjugorje on Aug. 15, 1989.

Escorted to the altar by her brother, Matt Yosten, the bride was wearing a formal wedding gown of white bridal satin embellished with beaded pearls and iridescent sequins. A large satin bow complemented the back waist. Sleeves were puffed at the shoulders and slim-fitted lace to the wrists. Lace appliques highlighted the skirt front, at the instep and to mid-length. Matching lace surrounded the hem, continuing along the cathedral-length train, which was enhanced with elegant lace cutouts, beads and pearls.

The bride's headpiece was a pearl and crystal beaded tiara, holding her veil of puffed netting that cascaded to fingertip length. She carried a bridal bouquet of white roses entwined with a rosary given by her brother, Bernard Yosten of Bloomingdale, Ohio.

ATTENDANTS

Christy Bayer of Lewisville, sister of the bride, was her matron of honor. Bridesmaids were Nancy Potts and Patsy Mead, all of Sulphur Springs, and Heather Camp of Dallas, friends of the bride, and Teresa Boles of Sulphur Springs, sister of the groom. They wore black lace tea-length gowns flaked with black sequins. Each

carried a long-stemmed red rose with greenery and red ribbons.

Catherine Bartush of Muenster and Vanessa Yosten of Sulphur Springs, both nieces of the bride, were flower girls, wearing black lace dresses lined with red taffeta, and carrying a garland of miniature red roses and English ivy.

Michael Boles, twin brother of the groom, of Meridian, Mississippi was the best man. Martin Yosten, bride's brother of Sulphur Springs, Tony Boles, groom's brother of Florida, Tony Aguila and Luther Hohenberger, friends of Sulphur Springs, were groomsmen. Ushering guests were Allen Bayer of Lewisville, bride's brother-in-law, and Charles Hillman, groom's cousin of Cedar Hill.

Mass servers were John A. Klement and John D. Bartush, bride's nephews of Muenster.

Wedding music was provided by Ruth Felderhoff, organist, and Christy Hesse, soloist of Muenster. The mother and daughter harmonized as guests were being seated to "Whatever I Do, I Do For You" and "The Rose." "Edelweiss" was sung as mothers of the couple were seated. When the couple lit their Unity candle, Christy sang "Wherever You Go, I Will go." Other appropriate selections during the ceremony were "Gift of Love,"

"Our Father," "Let Us Be Bread," "Panis Angelicus" and "Ave Maria."

Vivian Thacker of Sherman, bride's sister and godmother, and Jean Allen, groom's godmother, presented Offertory gifts. Eucharistic Ministers were the officiating clergy, assisted by Deacon Jose Hernandez and the bride's brothers, Matt and Bernard Yosten.

Altar decorations included two large, floor-standing urns of white flowers at the sides of the altar. White bows marked each pew to accent the aisle.

RECEPTION

Following the ceremony, the bride's family hosted a reception and dinner at Echo Executive Lodge for 200 guests.

Andrea and Melanie Bartush of Muenster, nieces of the bride, secured signatures in the bride's book.

The bride's round table was draped in white with chiffon overlay. Red satin and black lace bows accented the table. The three-tiered white wedding cake held a bride and groom figurine and a staircase descending with miniatures of the wedding party. The groom's cake, two-tiered and chocolate, was decorated with fresh

strawberries. The table held a red rose centerpiece and silver appointments.

Reception assistants were Gloria Fuhrmann, a friend of the bride, and Frances Redding, a friend of the groom. Nieces of the bride Crystal Klement and Valerie Bartush of Muenster and Joy Brungardt of Russell, Kansas served the wedding cake.

The rehearsal dinner was hosted by the mother of the groom in St. James Hall, assisted by Jean Allen of Celeste.

The couple resides in Sulphur Springs since returning from a wedding trip to Cancun, Mexico.

Tax Talk by: Duane Knabe, CPA

Duane Knabe will discuss a different topic each week. Any questions should be directed to him at 759-4010.

This week's topic is surviving spouses. A surviving spouse may use the joint return tax rates for two tax years following the year of death of the spouse, but only if the survivor remains unmarried and maintains as his home a household that, for the entire tax year, is the principal place of abode for a son or daughter, adopted child, foster child, or stepchild who is a member of the surviving spouse's household and for whom the taxpayer is entitled to the dependency exemption.

A widow or widower who qualifies as a "surviving spouse" uses the joint return rate schedule or Tax Table and must use Form 1040 or 1040A. This benefit is afforded a survivor only if they were entitled to file a joint return with the deceased spouse during the latter's lifetime.

Muenster 4-H Club signs 28 members!

On Tuesday, Sept. 8, the first meeting of the Muenster 4-H Club for the 1992-93 year was held in the Sacred Heart Student Center. There were 28 members present to sign up. Of these, eight were new members.

Linda Becker is the new club manager. She replaces Evelyn Sicking, who resigned at the end of the summer. Becky Felderhoff is the assistant club manager.

Presiding over the meeting were Michael Becker, senior club president, and Emily Felderhoff, junior club president. Reports were given by Yvonne Martin, Jackie Henscheid, Werner Becker, Sherilyn Sicking, Kristen Creed and Danny Felderhoff on the summer activities. Lauren Dangelmayr led the recreational activity.

Members voted to sponsor a bake sale to raise funds. It will be on Saturday, Oct. 10, during the Oktoberfest. Goods will be available in the Gymnastic Sports Center.

Mandy Barnhill gave the evening's program, presenting her speech, "America."

September 19 nuptials unite couple

The wedding of Jana Kay Hamilton, daughter of Charles and Kathleen Hamilton of Myra, and David Thomas Harker, son of William and Ann Harker of Tulsa, was held Sept. 19, 1992 at 5 p.m. in Sacred Heart Church of Muenster. Father Victor Gillespie, OSB, was celebrant of the Nuptial Mass and officiated for their traditional double-ring vows.

The place selected is the bride's hometown parish and the date marked the anniversary of their meeting in September three years ago.

Given in marriage by her father, the bride was wearing a gown of ivory Versailles taffeta. It featured a basque bodice with bateau neckline of pearl and sequin-trimmed re-embroidered Alencon lace. The puffed sleeves were adorned with matching beaded lace and tied with bows to shelter the shoulders. The sheer lace back of the bodice was accented by a flat double bow, and the grand ballgown skirt swept into a full train covered with a meadow of glittering lace appliques.

Her two-tiered elbow-length veil and blusher were attached to a lace Juliet cap. Her bridal bouquet was made by Janelle Edsalle, a friend of the couple. It held burgundy and blush silk roses and mixed silk and dried flowers. She carried her grandmother's rosary. For "something old," she wore a pearl necklace that was a Confirmation gift from her late grandmother, Elizabeth Knabe; and the gold cross that was given to her grandmother as a Confirmation gift from her grandmother, Frau Elizabeth Schroeder.

"Something borrowed" were earrings and shoes worn by the bride's friend, Arian Simonds, on her own wedding day; and the blue garter "borrowed" from the groom's mother's wedding attire.

ATTENDANTS
Kim Hennigan of Muenster, a friend of the bride, was matron of honor. Dee Ann Neu of Gainesville, bride's sister, and

Angela Schultz of Tulsa, Laura Frutos of Chapala, Mexico and Jean Walterscheid of Muenster, friends of the bride, were bridesmaids.

They wore navy blue floral print dresses designed by Laura Ashley, and carried Longaberger baskets of flowers tied with a mauve bow, created by Janelle Edsalle.

Lauren Hendrickson of Tulsa, a friend of the bride, was flower girl, wearing an ivory taffeta dress with ivory lace overlay, and carrying a miniature basket matching the bridesmaids.

Patrick Harker of Tulsa, groom's brother, was best man. Mike Harker of Stillwater, Oklahoma, Jack Harker of Lake Charles, Louisiana, Tony Harker of Tulsa, groom's brothers, and Neal Castles of Oklahoma City, a friend, were groomsmen. Rob Tumey, Tim Downie and Mike Curren, friends of the groom and all of Tulsa, ushered guests.

Mass servers were Scott Poole of Muenster and Maurus Hacker Jr. of Myra, friends of the bride.

Christy Hesse and Ruth Felderhoff presented traditional wedding music, including processional and recessional on the organ and vocal solos "Everything I Do," "The Rose," when the bride's godmother, Ethyl Hennigan, placed the Unity candle on the altar; "Wind Beneath My Wings" for the mothers' entrance; and "Hail Mary, Gentle Woman" when the bride placed a rose on Mary's Altar because it was her grandmother's favorite song. The bride also lit a votive candle on the altar before Mass in memory of her grandmother, Elizabeth Knabe, who lit many candles for Jana during her college years.

The wedding liturgy included Readings by Dan Shivers and John Hays, friends of the groom, and JoEll Hellman and Pat Davis, friends of the bride. Also, Offertory gifts were carried by Anne Poole, friend of the couple, Nancy Koenig and Sarah Koenig of California, groom's aunt and cousin. Eucharistic Ministers were Frances

and Art Bayer, bride's aunt and uncle; Roy and Irene Hartman, bride's Confirmation sponsors; Sister Mary Ellen Beghan, groom's aunt; and Ben and Carol Fleitman, friends of the bride.

RECEPTION

A reception, dinner and dance followed in the Sacred Heart Community Center, hosted by the bride and groom and their parents. Dinner was catered by The Hermes Sisters for 200 guests. DeeJay Mike Otts played for dancing.

Sandy Tempel and Tricia Reiter, bride's classmates, and Paula Harker of Tulsa, groom's sister-in-law, presided at the guest register.

The three-tier all ivory bride's cake by Betty Rose Walterscheid held fresh flowers; and the two-tier chocolate groom's cake was decorated with fresh strawberries. Both cakes were served by Tanya and Kristen Knauf, and Courtney, Tiffany and Natalie Enderby.

Mauve bows, streamers, the Unity candle and the bridesmaids' baskets of flowers decorated the bride's table. A wall panel used behind the bride's table was designed by the couple. They selected a cross to signify the importance of Christ in their lives; the groom made double gold wedding rings that were draped under the cross to signify their marriage in Christ.

Guest tables held votive candles and handmade crocheted baskets made by the bride's mother, Kathleen, with flowers arranged by Janelle Edsalle.

Special guests at the wedding were Sister Mary Ellen Beghan of Colorado, aunt of the groom; Mrs. George Harker of Colorado, groom's grandmother; Ms. Marie Harker, groom's aunt; Mrs. Faye Martin of California, bride's great-aunt. Other friends and relatives attended from California, Oklahoma, Louisiana, Colorado and Mexico.

The bride is a 1985 graduate of Muenster High School and a 1990 graduate of Oral Roberts University. She is a social worker

employed by St. John Medical Center in Tulsa. The groom is a 1983 graduate of Memorial High School in Tulsa and a 1990 graduate of Northeastern State University, Oklahoma. He is a sales representative employed by Richardson Trident.

The couple will be at home in Tulsa when they return from a nine-day Caribbean cruise with stops in Aruba, the Virgin Islands, St. John, St. Thomas and the Port of San Juan.

Valley View hosts fall festival this weekend

by Elaine Schad

Valley View hosts its first Fall Festival Friday and Saturday, Sept. 25 and 26, with the proceeds going toward the future construction of the city's first park.

The event will kick off on Friday, Sept. 25, with a chicken, ribs and brisket cookoff. There will be blue grass musical entertainment beginning at dusk on Friday and concessions will be available. Saturday's events will include a 10 a.m. parade beginning at the corner of Lee and Newton streets.

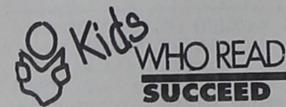

At 1 p.m. Saturday, Sept. 26, an afternoon of activities will kick off including children's races and events, dunking booth, bake sale, horseshoe, volleyball and speed pitch tournaments, egg toss, face painting and sack races.

The day will end with a dance from 8 p.m. to midnight featuring Andy Serna. Ticket price for the dance is \$8 for couples and \$5 per person.

Entries for the parade will be accepted through Thursday. To enter or for more information about the fall festival, call 726-3251 or 726-3740. The Valley View parade committee includes Ken Pearce, Mary Ann Tharp and Robin Ritchey.

St. Mary's Parish plans for fall festival to be held September 27

by Elaine Schad

St. Mary's Fall Festival will be held Sunday, Sept. 27, featuring a barbecue brisket dinner, game booths, a country store and auction among other activities.

The barbecue dinner will be served from 11 a.m. to 2 p.m. at the Parish Hall in Gainesville. A variety of games and food concessions will be available on the St. Mary School grounds as well as inside St. Mary's School throughout the afternoon. The country store will feature hand-crafted and homemade items. The school is located at 931 North Weaver Street in Gainesville.

businesses. Among auction items this year will be six antique pieces.

The festival's theme this year focuses on the 500th anniversary of the discovery of the New World by Christopher Columbus. St. Mary's is participating in the second year of a nationwide campaign entitled, "Discover Catholic Schools," said organizers. The campaign focuses on the success of both academic and religious effectiveness of Catholic schools and laying the foundation that will assure continued success into the 21st century, said organizers.

The benefit auction will begin at 5 p.m. in the St. Mary's Parish Hall, featuring a long list of items donated by area individuals and

of furniture donated by Rev. Harry Fisher, pastor at St. John's Church in Valley View. The items, a bedroom suite with handcarved floral engravings, walnut bedside tables and a fully-operational late 1800s pedal sewing machine, are more than 100 years old and in excellent condition.

Fuhrmann Brothers Limousine have donated a registered Limousine bull that will be auctioned. The bull, son of "Tycoon," was born May 27, 1991 with a birthweight of 79 pounds. His weaning weight was 627 pounds and his yearling weight was 1,067 pounds.

Another special feature this year will be patron packages to take part in a pilgrimage to Mary at Las Vegas. The trips to Las Vegas on the Thanksgiving Day weekend will be to take part in the Mary, Mother of Grace Conference. The travel packages will include airline tickets, hotel accommodations and registration for the Conference. The fall festival is the largest annual fund-raiser held by St. Mary's Parish and provides a large portion of the operating budget for St. Mary's School, which has provided education to students in the Cooke County area since 1891.

FHA installs officers

by Allison Klement
The Muenster chapter of Future Homemakers of America kicked off the 1992-93 school year on Sept. 15, by holding the annual installation of officers and new members.

The 1992-93 officers are: Melissa Fisher, president; Cindy Culp, vice-president; Shelley Klement, secretary; Michelle Hennigan, treasurer; Lisa Russell, historian; Allison Klement, reporter; Dianne Pagel, parliamentarian; Amy Sturm and Lori Klement, recreation leaders.

Newly-elected officers were inducted in a candlelight ceremony by Jami Flusche, past FHA officer.

Each officer lit a candle symbolizing their individual goals and duties.

Vice-President Cindy Culp then presented new members to President Melissa Fisher. They were given the FHA badge and recited the FHA Creed. The installation was completed by the serving of refreshments that were prepared by the Homemaking classes.

A brief meeting followed the ceremony. An agenda of upcoming events was presented to members. The next event on the schedule is FFA/FHA Day at the Texas State Fair in October. All members were invited to attend.

1992-93 OFFICERS are, 1 to r, seated - Shelley Klement, Cindy Culp, Melissa Fisher, Michelle Hennigan; standing, Lori Klement, Amy Sturm, Dianne Pagel, Lisa Russell, Allison Klement and Jami Flusche.

Muenster Junior High teams win

Statistics submitted by Terri Luke
Muenster's Junior High football squad opened their 1992 season with a shootout in the Hornets' Corral, outgunning the Bryson Cowboys 36-6.

The Cowpokes kicked to John Tuggle who returned the ball 26 yards to the 46 to start the action for the young Hornets. After Tuggle and quarterback Eric Miller picked up two first downs, Bryson's defense and Muenster's penalties forced a punt on 4th and 23. Miller's attempted punt was blocked and the 'Pokes' offense took over on the Hornets' 36-yard line. The next play took Bryson to the 16 and their 2nd play of the game put the Cowboys in the end zone. To Muenster's advantage, the play was nullified when Bryson was caught jumping offside. A fumbled ball, penalties and Tony Hartman's tackle turned the ball over to the Red Stingers on their 18-yard line.

Tuggle and Chad Roller moved the ball close to midfield before losing possession on downs. Bryson's 1st snap was fumbled and Muenster covered. But three unsuccessful plays were followed by a Miller punt.

The Cowboys carried the ball into the second quarter, but Muenster regained control after four Bryson attempts.

From the 46-yard line, a face mask flag assisted the Stingers into Cowboy territory. Chad Roller got

in a 29-yard run to the 10-yard line, where Miller finished the drive into the end zone. A pass from Miller to Roller made the score 8-0.

Tough defense by Miller, Tuggle, Greg Flusche and Steven Reiter kept the Cowboys from picking up 10 yards. The Stingers took control of the ball on Bryson's 28-yard line. Two plays later, Miller's pass to Hartman gave Muenster another touchdown. Tuggle's PAT run added another 2 points and the young Hornets took a 16-0 lead.

Muenster's defense, led by Miller, Reiter, Flusche, Aaron Sicking and Shane Sparkman, kept the Cowboys on the ground as the clock ran out for the halftime break.

Bryson took the 3rd quarter kick, but on their second play, Tony Hartman jarred the ball loose and Greg Flusche covered for the Hornets.

Tuggle and Miller moved the ball down field, with Michael Boydston saving the drive, covering a loose Muenster ball. From the 11-yard line, Roller went to left and took the pigskin into the end zone. The extra point attempt failed with the Red Stingers now leading 22-0.

Bryson's next drive was cut short when Chad Roller picked off a Cowboy pass. Muenster couldn't muster the yards and a fumbled punt attempt came up short, giving Bryson the ball to start the final quarter.

The Cowboys went to the air and completed a 34-yard touchdown pass. The PAT failed and the scoreboard read 22-6.

The Hornets' first play of the next drive was a 66-yard touchdown run by Chad Roller. The extra point run was short and Muenster now had a 28-6 lead.

Bryson tried to start the next drive, but Muenster's defense popped the ball loose, with Aaron Sicking catching the ball, running to the 9-yard line before being tackled. Tuggle took his team to the 4-yard line, where a quarterback keeper, second effort by Miller, put another 6 points on the board. With Roller's extra point run, the Hornets took the 36-6 win.

The Cowboys struggled for a few plays, with Bryan Hudspeth and Greg Flusche getting in the last tackle.

A Muenster "B" team game followed, with the youngest Hornets taking on Whitesboro's junior high squad, in a practice-like game, with coaches assisting the team on the field.

Muenster got their lone score late in the second quarter when an

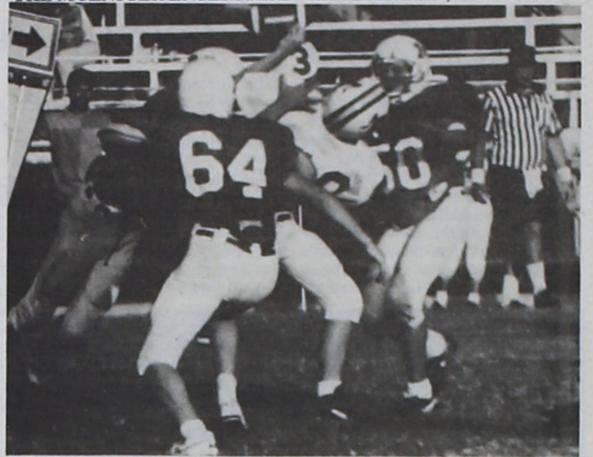

attempted pass play failed and quarterback Scott Hermes swept to the outside 10 yards for the touchdown. The extra point run fell short.

Muenster was in the end zone two other times, but the plays were wiped out by penalties. Hermes connected with Greg Fisher in the end zone, but an illegal man down field brought the ball back. A reverse play took Eric Walterscheid in, but a holding flag erased the touchdown.

Scott Hermes, Jeremy Walterscheid and Corey Anderle were leading rushers, with good short steady runs. The offensive line of Michael Drachenberg, Ryan Klement, Barry and Brian Fleitman opened the holes for the young Hornet rushers.

"They played good, hard defense," said Coach Kyle Baker. "They looked good all the way around." Baker noted that with the coaches on the field, they saw some things that needed work. "The kids had fun and learned a lot. It was a lot better for them playing against someone besides the "A" team."

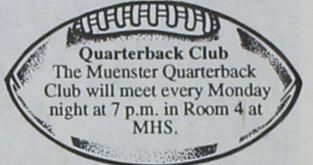

Baker also noted Michael Drachenberg, Jeremy Walterscheid

and Corey Anderle for outstanding defense. Junior high's next action will be Thursday with Aubrey on the Hornets' Field. An "A" and "B" game will be played, starting at 5 p.m.

Tigers can't overcome Pirates, turnovers

The Tigers showed the potential for a balanced offensive attack against the Pirates in Collinsville last Friday night. However, seven turnovers negated anything Sacred Heart started and they had to accept a disappointing 50-6 defeat.

The Tigers kicked off and held the Pirates on the first series of downs. The Tigers then answered with three first downs accented by a 12-yard pass from Jason Hess to

Jodie Fleitman and an 8-yard run by Larry Switzer to cover 46 yards. The first Tiger fumble was recovered by Kenny Dutton on the Pirate 10-yard line.

The Pirates' next play was a 41-yard pass from Trent Cox to Barry Vannoy and soon they were at the other end of the field. A fullback pass from Jamie Montoya to Shannon Walker scored from the 15-yard line and Michael Malanda

kicked to make the score Pirates 7, Tigers 0 near the end of the first quarter.

The Tigers were intercepted deep in their own territory in the second quarter by Jamie Montoya who returned it for a TD, followed by a 2-point conversion by Trent Cox. They traded downs, then the Tigers started another drive with runs by Joseph McCoy and Switzer and passes to Switzer and Kelly Bayer. Tiger fumble number two was covered by Pirate Dennis Williams to stop the drive.

The Pirates got one first down but had to punt on the next series. Neil Berres scored Sacred Heart's only points when he returned the punt 68 yards with good blocking by his teammates. The extra point kick went wide, leaving the score at 15-6.

In the 4th quarter, the Tigers got a great 57-yard punt from Larry Switzer and, on the second series of downs, Barry Hess covered a Pirate fumble on their 43. Jason Hess passed to Jodie Fleitman for 13 and the Tigers were showing promise on the Pirate 20. But the Tigers fumbled again and Jerome Mick recovered. The Tigers held after a couple of Pirate first downs and received the punt on their own 31 to start again. Still another turnover by interception led to another Pirate TD on a 38-yard pass from Cox to Vannoy with 2:45 left in the game.

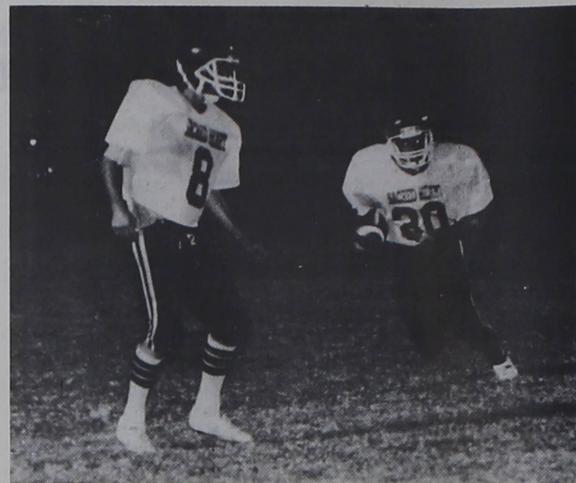

The Tigers had one more uneventful series before punting. Bubba Ellis took the play for the Pirates 77 yards for the final TD near the end of the game and a good kick made it 50-6.

Sacred Heart will play the Panthers at Saint Jo this Friday starting at 8 p.m.

Hornets lose to Bryson, 16-0

The Muenster Hornets traveled to Bryson Friday night looking for their first win of the season, but were defeated 16-0. Although they lost the game Coach Roller commented, "We showed a lot more hustle and desire. The defense did a fine job all night long."

The Hornets suffered 7 turnovers in the game but, ironically, they received the first fumble of the game. On the second play Kody Truebenbach recovered a fumble on the Cowboy's 20-yard line. On Muenster's first play they received a flag for holding. Two incomplete passes and a 13-yard gain by Jay Hennigan brought up a 4th and 7. Muenster attempted a punt but the Cowboy's Chad Tinney broke through the line and blocked it.

Starting at Muenster's 48-yard line, the Cowboys used just 6 plays to score. Ronnie Smith scored from one yard out and Mikael Whitfill added the extra point. With four minutes gone the Hornets trailed 7-0.

On the next possession the Hornets tried to air the ball out. Three incompletions and a short punt gave the Cowboys good field position on the Hornets' 43. The defense stiffened and on 4th down at the 24-yard line Whitfill attempted a 31-yard field goal. The ball sailed wide left and Muenster

took over on the 20. The offense seemed to start clicking when Kenneth Walterscheid gained two yards on the first play. Jay Hennigan ran twice for 24 yards and caught a pass for 4 more. Three more plays gained just 2 yards and on 4th down a Huchton to Truebenbach pass fell incomplete at the Cowboy's 35-yard line.

Bryson then took over and on 3rd and 1 Maurus Hacker sacked Whitfill, forcing the Cowboy's to punt.

On the second play in the next series, Tinney intercepted a Huchton pass at the Hornets' 11-yard line. The defense held again and on 4th down Whitfill kicked a 34-yard field goal to make the score 10-0 at the half.

Muenster has had a good second half in the last two games but against Bryson it was a little different. The Hornets suffered four turnovers in the third quarter (three interceptions and a fumble). This stopped any drive before it could be started.

After an exchange of punts to start the final quarter, the Hornets found themselves with a 4th down at their own 25. A pass attempt fell incomplete and Bryson took over. Four plays later Smith sealed the victory with his second touchdown

of the night on a one-yard run. An extra point pass fell incomplete, leaving the score 16-0.

Muenster suffered two other losses last Friday after Darren Bindel returned to the lineup; A.J. Knabe went out with a broken collar bone and Brandon Walterscheid received a fracture of the jaw.

Game Leaders

Rushing: Jay Hennigan, 9 for 45; Scott Debnam, 4 for 13; A.J. Knabe, 2 for 13; Kenneth Walterscheid, 4 for 3; Mikael Brown, 8 for 51.

Whitewright outscores Lindsay Knights 26-21

The Lindsay Knights came out on the low end of the 26-21 score against the Tigers of Whitewright Friday. The Knights' scoring came from Donnie Cox on a 15-yard run at the end of the first quarter and a 70-yard returned interception by Keith Zimmerer early in the second. Toby Eberhart then kicked for the PAT. In the fourth quarter, Shane Huchton ran 4 yards for a TD and then converted for 2 more points.

The Tigers scored twice in the first quarter on a 17-yard run by Clint McEntire and a 2-yard run by

Rodney Wilson. In the third quarter, Shane Hicks passed to Ben Dever for a 25-yard TD and Clint McEntire added 2 points. Then Rodney Wilson scored on a 10-yard run.

The Knights will host Alvord Friday night at 8 p.m. in Lindsay.

JV Football

Muenster vs. Whitesboro

Jeff Flusche and James Klement combined for two touchdowns for the Junior Varsity Hornets Thursday night.

One, a pass that looked like an interception, but Klement stole the ball and raced 50 yards into the end zone. The extra point kick was blocked. Klement's second touchdown came on a 10-yard pass from Flusche.

"We looked better than we did two weeks ago. The boys gave a better effort and it showed," commented Coach Brian Strother.

Jeff Flusche, in his first game as a quarterback, made over 150 yards passing. Klement had 2 completions for 89 yards and 20 rushes for 78. Jerry Reed caught 4 for 37 yards and ran two plays to gain 28 yards. Cody Sicking also got one catch for a 25-yard gain.

The Hornets' defense played well as a unit. Jimmy Fisher is credited for a good game as was Darrell Charles with nine tackles, including two sacks. "The Sack Exchange," Jeff Walterscheid, Jerry Reed, Jeff Flusche and James Klement, totaled 12 quarterback sacks between them. Muenster also had five fumble recoveries.

The Hornet JV team will be looking for their first win Thursday when they host Aubrey.

Archery, other seasons begin in October

Dove season has been open for almost a month in most of the state and many hunters have had the opportunity to hunt during an early teal duck season for the first time in several years. The next step in the fall chain of hunting events begins in October with the archery only season for deer and turkey and several other game seasons.

The Texas Parks and Wildlife Commission approved adding one day to the end of the archery deer and turkey season, giving bow hunters five complete weekends in the woods. The season will run Oct. 1-Nov. 1. This regulation is applicable only in 1992.

The commission also clarified the rule allowing hunters to possess

both archery equipment and firearms in camp or a vehicle during the archery only season. It is illegal to possess a firearm while hunting with a broadhead hunting point during the archery only season. However, the archery hunter may have in camp or in a vehicle any firearm that is lawful for use in hunting squirrels, javelinas or any species other than deer or turkey.

Two other seasons begin Oct. 1 for certain counties in the state. The fall squirrel season runs Oct. 1-Jan. 15 and javelina season is Oct. 1-Feb. 28. Check the 1992-93 Texas Hunting Guide for information on which counties allow squirrel and javelina hunting by season.

Other hunting seasons with October beginnings include:

- Light geese, east of U.S. 81, Oct. 31-Feb. 14; light geese, west of U.S. 81, Oct. 17-Jan. 31; dark geese, Oct. 31-Jan. 17.
- Antelope, Oct. 3-11.
- Pheasants, coastal, Oct. 31-Feb. 28.

- Quail, Oct. 31-Feb. 28.
 - Chachalaca, Oct. 31-Feb. 28.
 - Prairie chickens, Oct. 17-18.
 - Common snipe, Oct. 24-Feb. 7.

QUIT THE SMOKING HABIT FOR GOOD

Develop a new habit—not smoking! Like any other habit, it takes time and practice to learn. The key to living as a nonsmoker is to avoid letting your urges lead you to smoke.

Urges often take place at predictable times. The trick is to anticipate these times and find ways to cope with them without smoking. Research shows that the most difficult place to resist the urge to smoke is the most familiar: at home. The activities most closely associated with urges are eating, partying, and drinking.

Here are seven coping skills to help you fight the urge to smoke.

- List your reasons for quitting. Review it whenever the urge strikes.
- Know when you're rationalizing. Don't talk yourself into smoking again.

- Anticipate those things that give you an urge to smoke. Prepare in advance how to avoid them.
- Reward yourself for not smoking. It will remind you of the fact that what you're doing is important.
- Keep a positive attitude. Remind yourself of how much you've accomplished and how far you've come.
- Use relaxation techniques to help you cope with urges to smoke. Instead of having a cigarette, take a long deep breath.
- Seek support from family and friends. A buddy system is a great technique.

Former smokers who want to break the habit can get help by calling The University of Texas M. D. Anderson Cancer Center's Cancer Information Service at 1-800-4-CANCER.

Farm News

Ten tips for Farm Safety Week and all year long

Farm Safety Week provides an excellent opportunity each year for those involved in agriculture to evaluate their safety attitude and work habits and rededicate their efforts to make each day a safe day on the farm.

Safety Recommendations

- 1. Take the time to be safe.** Farming puts a lot of demands on everyone's time. Sometimes, when time is tight, experienced equipment operators and farm workers take shortcuts. Those shortcuts can result in accidents that harm or kill. Saving a couple of minutes is not worth the chance of losing a lifetime. Don't be too busy to be safe.
- 2. Just say "no" to children.** Many accidents could be prevented by simply keeping kids away from farm equipment. Do not permit a child to do an adult's job. Even when young people become mature enough to operate equipment, it's vitally important that they be able to properly use all of the machine's controls and work safely. Be sure they receive thorough safety and operating instruction. Basic tractor and machinery safety courses are available from many schools and extension offices.
- 3. Accept no riders.** Children often plead for rides on equipment. Busy farm parents may be tempted to give in to these requests so they can spend more time with their children. Never give in to requests for rides from children - no matter how much they plead or how great the temptation.
- 4. Teach safety by good example.** Actions often do speak louder than words. Parents need to make sure their daily safety behavior is consistent with the other safety information they provide to their children. Children will quickly notice when dad and mom don't practice what they preach.
- Take a break.** A high percentage of accidents occur after

5 p.m. One big reason is fatigue. Working long days and pushing to finish before weather conditions change take a toll in both physical and mental sharpness. If the job requires long hours or is done under stress, take extra breaks to remain physically and mentally alert. A few minutes of rest can produce big returns in safety and productivity.

6. When working alone, keep others informed. If it's necessary to work alone, always tell someone where you'll be and when you'll return - just in case you have an accident and need help. A significant number of farmers and ranchers who were injured while working alone would be alive today if they had been found sooner.

Make sure equipment is in proper operating condition. Properly maintained and adjusted equipment is an important element in a safe and productive operation. Before the beginning of the use season and periodically during the season, inspect each machine thoroughly. Look for worn parts that may affect the smooth operation or reliability of the machine and replace or repair as required. Replace parts which are missing or cannot be properly repaired. This includes all shields, guards, and safety signs.

8. Carefully read the operator's manual. The single best source of safety information about a machine and instructions for servicing and adjusting it for proper operation is the operator's manual. Study it thoroughly before operating a machine and keep it handy. If the operator's manual cannot be found, order a new one from the equipment dealer.

9. Shut it off before getting off. Always disengage the power and shut off the engine before working on any part of a machine. When working with others, make sure everyone is clear of the machine and in full view before restarting the engine.

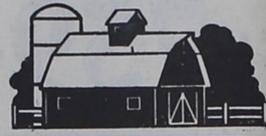

10. Maintain a strong safety attitude. Most experienced farm workers and operators know how to work safely, but sometimes the temptation to take shortcuts and ignore safety principles proves too great to resist. Unfortunately, this momentary lapse in safety consciousness can result in injury or death. Success in making the farm a safer place to work and live requires the mental toughness to do a job safely every second of every day.

Steer validation Oct. 3

The validation, tagging and entry of steers for upcoming livestock shows will be held Saturday, Oct. 3, from 10 a.m. to 2 p.m.

Special Note: Steers that have been validated in the State of Texas for major shows are exempt from county validation and tagging.

They must, however, turn in an official entry card, an eligibility and drug awareness card, and entry fee on Saturday, Oct. 3, 1992, at the Gainesville Livestock Market-Auction Barn from 10 a.m. to 12 noon. Please notice the location change above!

My Views from the Farm

by Ed Cler

Last summer, in a remote little town in Nevada, I read a short tale in a small newspaper I found in a cafe. The account told of an older gent who lived a ways up the mountain that most of the town was built on, only he was a bit farther up than most; and as the years passed, it became a bit harder for old John to walk back up after he came down, on occasion, to indulge himself in a beer or two, maybe even three.

Well, old John had a dog that was built like a tank, pretty big and heavy, strong as a bull, and just loved to eat a certain brand of dog biscuits. This gave John an idea, and he decided to put some of that power to use. He built a harness to fit around Tank's chest and over his back. Then all he had to do was fill his pocket with dog biscuits, tie a rope to the harness and the other end around his waist, and when they started up the slope all he had to do was pitch a biscuit 20- or 30-ft. ahead of old Tank and they were on their way. This turned out to be a benefit to both man and dog until John made a bad throw and the biscuit fell into the brush beside the path and, as Tank went for it, he flushed a rabbit from under a bit of sagebrush.

Well, that bunny started straight down the hill. Old Tank wavered, just for an instant, gave John a short apologetic look and then did what came naturally - just took off after

that rabbit, straight down the slope, and if it hadn't been for John falling from side to side and hanging up in the sagebrush from time to time, old Tank would likely have had rabbit for supper.

County Agent's Report

by Craig Rosenbaum

Ryegrass for pastures

Ryegrass provides an excellent forage opportunity during the cool season in the North Texas area. Pastures throughout the area contain ryegrass. However, this native ryegrass has little forage potential except for the spring growing season. Newer varieties are available to producers. Some of these include Marshall, TAM 90, Gulf, and Tetragold.

Planting

Ryegrass can be planted in several ways. One of the older methods is to simply broadcast the seed on top of existing turf. This works fairly well but the denseness of this year's turf will prevent the ryegrass seed from getting in contact with the soil. Drilling ryegrass with a conventional grain drill works the best. This allows producers to accurately seed with a known seeding rate and the seed comes in contact with the soil. Ryegrass is a very small seed and therefore, does not need to be drilled deeply. Contact with the soil, a good rain and cool temperatures is all that is needed. When drilling, 20 pounds of seed is sufficient to get a good stand in a pasture. If you plan to broadcast the seed, then increase your seeding rate by 5 to 10 pounds. Ryegrass also works well in a planted prepared seed bed. Remember, if you plant ryegrass in a field, plan to have it for years to come. Do not plant it in fields that you expect to

plant in wheat or other small grains in the future.

Fertility

Like most cool season annuals, ryegrass will need nitrogen fertilizer. To avoid fertilizing competition from cool season pasture grasses, producers should wait until after the last killing frost in November to fertilize sodded seed ryegrass. A November application of 50 pounds of actual nitrogen will help grazing. Most of the forage produced will be produced in the spring. Therefore, an additional 50 pounds of actual nitrogen can be applied in February.

Considerations

The growth characteristics of ryegrass cause it to produce a tremendous amount of forage in the spring and on into June. If you have a bermudagrass meadow that you harvest hay from, you may want to avoid ryegrass plantings. The ryegrass will compete for nutrients and hold back the bermuda growth somewhat. Again, don't plant ryegrass in fields that you plan to use for wheat, oats, or other small grains.

The following chart indicates forage clippings that were taken from the Overton Experiment Station during the 1990-91 growing season. Overton experienced wet growing conditions throughout that season. A low temperature of 15 degrees F. on December 31, 1990, resulted in some freeze damage.

	HAR1 Nov-13	HAR2 Feb-20	HAR3 Apr-1	HAR4 Apr-19	HAR5 May-8	HAR6 Jun-7	TOTAL DMY	% Winterkill
Marshall	1109*	1543**	1547	2667**	1232	1127	9225**	10
TAM 90	1281**	966	1898	1951	1022	981	8099	30

Tetragold	335	498	905	1924	1410*	1089	6161	15

** Highest yielding entry for that harvest date.
 * Not significantly different from ** as judged by LSD at the 10% level of probability.
 Planted September 28, 1990
 Fertilization: Preplant 91 lbs of N,P,O and 84 lbs. of sulfur/acre. Topdressed with 50 lbs/acre of actual N on November 28, February 7, April 4 and 30 lbs. on April 23 applied as ammonium nitrate.

Yeast culture fights stress in cattle

more susceptible to viral and bacterial infection.

How is a Good Coccidiosis Program Conducted?

All cattle in a pen should be put on medication for at least 28 days to stop the coccidia cycling in the pen. A number of program variations can be worked out for specific situations and conditions.

Why Feed Yeast Culture?
 Yeast Culture helps increase the concentration of rumen microflora and would be expected to improve the rumen status of cattle.

Yeast Culture may help increase dry matter intake in starter and stress rations.

Yeast Culture provides nutritive and yeast fermentation values to enhance the overall feeding program.

Attend Your County Meeting

Monday, October 5, 1992

Dear Farm Bureau Members,

The Cooke County Farm Bureau invites you to attend the Annual County Convention on Monday night October 5, 1992 starting at 7:00 p.m. at the Center Restaurant in Muenster, Texas.

All County Farm Bureau Members are invited to attend this meeting but only those agricultural producers may vote or be elected to an office, according to the county bylaws.

Due to limited seating availability, you are asked to contact either the Muenster office at 759-4052 or the Gainesville office at 665-1763 prior to Friday October 5, to confirm that you will be attending.
