SELF-RESPECT BEGETS RESPECT

The Senate deserves a standing ovation from every US taxpayer for its recent action in voting to suspend foreign aid to countries that appropriate US property without making fair payment for same.

For too many give-away years now, Congress has approved handing-out hard-earned citizen's dollars to countries that then turn around and take more billions out of our pockets by seizing American companies and property from American stockholders. That's like giving someone a handout at the front door and then letting him steal the car out of your garage and drive off without trying to stop him.

It may be hard for the millions of us taxpayers to believe but the theory behind our aid program — at least up until now — has been that if we don't keep lining the pockets of the thieves, they'll stop respecting us and put in with the Kremlin.

Why we have stood for it so long is now beside the point. And if the House of Representatives doesn't get the same

message now that the Senate got, we're pretty sure they will get it belatedly — at the polls.

In case any of our legislators on Capitol Hill have any lingering doubts about this message here's the way we read it and the way we think every self-respecting American reads it:

You don't buy respect — not even with your constituent's hard-earned tax dollars or with the companies in which they have invested to provide income for their families. You have to earn respect. And you earn it by asserting your own self-respect and the self-respect of all American citizens.

WANT TO SAVE \$50 BILLION?

Would the taxpayers of this super-taxed, deficit-laden nation be interested in saving themselves \$50 billion or so during the next 20 years?

If they are, there's a sound and easy way to do it — as President Flegler of the Edison Electric Institute points out.

The story: The taxpaying, regulated, business-managed utility companies account for about 80 per cent of all the electric

"EVERY LITTER BIT HURTS"

business in the country. The remaining 20 per cent is handled by government plants.

In the coming 20 years, the utilities plan to spend some \$140 billion for expansion, and they'll pay out \$100 billion in taxes.

This means that if the public or socialized systems maintain their current share of the business they'll have to spend about \$35 billion for the same purpose, while avoiding \$15 billion in taxes private enterprise would pay if it handled the whole power job.

So, suggests Mr. Flegler, let the utilities do just that and save the \$50 billion.

This drew a fine suggestion from the editor of the New York Daily News: "We'll second the Flegler motion, heartily. It seems to us that the electric-power field is an excellent area in which to start the fight to roll Socialism back in this country and to rejuvenate private enterprise.

"Let's, indeed, go Flegler one better, by selling the Tennessee Valley Authority to private investors — thereby forcing it to make profits and pay taxes as it should have been doing these many years."

GETTYSBURG ADDRESS ... REWRITTEN!

"Two score and nine years ago, our fathers brought forth upon this nation a new tax, conceived in desperation and dedicated to the proposition that all men are fair game. Now we are engaged in a great mass of calculations, testing whether the taxpayers, or any taxpayer, so confused and so impoverished, can long endure. We are met on Form 1040.

"We have come to dedicate a large portion of our income to a final resting place with those who spend their lives that they may spend our money. It is altogether anguish and torture that we should do this. But

in the legal sense, we cannot evade, we cannot cheat, we cannot underestimate this tax. The collectors, clever and sly, who computed here, have gone far beyond our power to add or subtract.

"Our creditors will little note nor long remember what we pay here, but the Bureau of Internal Revenue can never forget what we reported here. It is not for us, the taxpayers, to be devoted here to the tax return which the government has thus far so nobly spent. It is rather for us to be dedicated to the great task remaining before us . . . that from these vanished dollars we take increased devotion to the few remaining; that we here highly resolve that next year will not find us in a higher income tax bracket; that this taxpayer, underpaid, shall figure out more deductions; and that taxation of the people, by the Congress, and for the government shall not cause our solvency to perish."

Crime Record Is One Subject Texas Can't Brag About

WASHINGTON — The crime rate in Texas is high. Think not? The proof is in the 1961 crime records of Texas and Ohio, provided by J. Edgar Hoover.

Ohio's population: 9,876,000. Texas has 9,788,000 people. Both states have identical metropolitan, small-city and rural populations.

One major difference — it's easier to buy and carry a gun in Texas. Look at the record for 1961:

Murders: Texas had 785 of them; Ohio had 306.

Rapes: There were 941 in Texas; 554 in Ohio.

Aggravated assaults: A total

of 3,066 in Ohio; 10,591 in Texas.

Texas had nearly 3000 more car thefts than there were in Ohio, and nearly 4000 more major thefts of more than \$50 apiece. Texas had 21,000 more burglaries committed than did Ohio.

Ohio's total crime tally is less than 75 per cent as great as the total in Texas, even though murders, burglaries and auto thefts declined somewhat in Texas, compared to 1960.

There were more rapes last year in Texas than in 1960 — more robberies and more major thefts.

Government Is a "Big Cookie Jar"

WASHINGTON — Cracker-barrel comments on the economy and the government are not unusual in New England. A typical philosopher of this sort is Sen. Norris Cotton, R., N. H.

"The President and cabinet members go around the country preaching the gospel that the government is a huge cookie jar out of which everyone can endlessly snatch cookies without ever putting any back, all in the name of social progress," Cotton grumbled.

"It reminds me of the cartoon showing a cannibal chief sitting beside a pot in which a victim is being prepared for dinner. The chief is reading a government pamphlet entitled, '100 Ways to Serve Mankind!'

It would seem that the younger generation resembles the older generation in many respects.

For 32,000 salaried employees of the Ford Motor Company, an investment in their company is paying off big. Six years ago, the employees signed up for a stock and savings program and put in \$9,700,000 of their own cash, Ford added half as much. Then the whole was invested in Ford stock and government bonds. Today, the investment totals \$32,900,000.

As for the hourly workers, their unions rejected the plan in 1955.

Costly Carelessness — Highway Department figures it could build a lot more road mileage — 72 miles of farm-to-market roads or 24 miles of two-lane primary highways — if the \$2,000,000 that was spent to remove highway litter and repair vandalism damage last year was available for construction.

Motorists toss everything from beer cans, to watermelon rinds, to milk cartons and cigarette packages along the state's 63,000-mile road system. Then the highway workers have to do the pick up job.

Weather Warnings

Here are some time-proven weather rhymes which will prevent your being surprised by weather changes.

When the wind is in the South

The rain is in its mouth.

When the smoke goes West,

gude weather is past,

When the smoke goes East,

gude weather is neist.

A helpful sign on a windless day is sound. When you hear distant sounds, such as voices on the opposite shore of a lake, so that they are clear and distinct, the lowering canopy of clouds usually present under these conditions will open up on you shortly. Hence the rhyme:

A stormy day will betide

Sound traveling far and wide.

Red sky at night, sailors' delight,

Red sky at morning, sailors take warning.

Mackerel sky and mare's-tails

Make tall ships carry low sails.

Mackerel skies are cirri-cumulus clouds arrayed in a mottled pattern to form a mackerel-scale effect. Mare's-tails, flying at extremely high altitudes, are cirrus clouds, thin wispy curls, that speed across the sky. When they form a filmy overcast with mackerel formations underneath there'll be rain within a day or so.

Evening fog will not burn soon

Morning fog will burn 'for noon.

When the grass is dry at morning light

Look for rain before the night;

When the grass is dry at night

Look for rain before the light.

When the dew is on the grass

Rain will never come to pass.

Rainbow to windward, foul fall the day;

Rainbow to leeward, damp runs away.

Margie Vogel and Aloys Fuhrmann Say Wedding Vows

Miss Margie Vogel, daughter of Mr. and Mrs. Ray Vogel of Muenster became the bride of Aloys (Billy) Fuhrmann, son of Mr. and Mrs. Willie Fuhrmann of Lindsay, at 4 p.m. nuptial mass in Sacred Heart Church Wednesday, July 25.

The groom's brother, Father Nicholas Fuhrmann of Subiaco, Ark., directed the exchange of vows in a double ring ceremony and celebrated the mass. Anthony Luke was organist, the men's choir sang, and Mrs. Norbert Walterscheid was vocal soloist after the service when the new Mrs. Fuhrmann placed a bouquet on the Blessed Virgin's altar.

Mr. Vogel gave his daughter in marriage. She was radiant in a very full chapel train, bridal gown of imported white organza and Chantilly lace over taffeta.

The moulded bodice of lace had long petal point sleeves and a scalloped square neckline embroidered with sequins. A short over-skirt of organza with deep scallops caught with self material roses topped two full tiers of scalloped lace which swept into an aisle-wide train.

A crown of sequins held the bride's waist-length veil and she carried an orchid atop her prayerbook which is a gift from the groom.

Adding a bit of wedding sentiment, the bride wore her mother's engagement ring and carried a rosary borrowed from her bridesmaid, Mrs. Haverkamp.

Her four attendants wore

identically designed bouffant dresses of white organza over taffeta with yellow pillbox hats and circular veils and carried baskets of daisies. Miss Rose Vogel was her sister's maid of honor; Mrs. Bernard Haverkamp, sister of the groom and Miss Irma Vogel, cousin of the bride, were bridesmaids; and Sherry Stoffels, cousin of the bride was flower girl.

Robert Vogel, bride's brother, was best man and Bernard and Leonard Haverkamp were groomsmen. James Vogel, another brother of the bride, and David Vogel, a cousin, ushered. Tommy Neil Huchton, nephew of the groom, was ring bearer.

Wedding reception and buffet supper were held in the Parish Hall with some 240 guests in attendance. Misses Della Hartman and Margie Knabe presided at the bride's book. Wedding festivities ended with a dance in the VFW Hall.

When the newlyweds left on their honeymoon trip to Colorado she was wearing an orange suit with white accessories and the orchid she carried in the wedding. They will make their home at Lindsay where he farms. Before her marriage the bride was employed at The Center.

Barbara Jane, Michael and Eric Sturm of Gainesville are telling about a wonderful week's vacation they had on the farm with their grandparents the J. J. Haverkamps. Ford Reaches V-8 Engine Milestone

Ford Motor Company is the first automobile manufacturer to reach the 30,000,000 mark in production of V-8 engines. Here Charles H. Patterson, left, Ford vice president — Basic Manufacturing Group, watches as the final "hot-test" inspection is completed on the milestone engine by Frank Hachlinski, a 40-year Ford employee who helped build Ford's first V-8 engine in 1932. The 30,000,000th engine — a 405-horsepower unit — was produced at the company's Rouge Plant in Dearborn, Mich., as was the first V-8, a 65-horsepower model.

They went by jet.

All's quiet on the home front at the Werner Endreses and they're recalling fond memories of vacation visitors and family gatherings during the time they had guests. Eleven grandchildren kept things lively while the Jack Gormans and their six youngsters of Rockford, Ill., and the Bob Kuppers and their five children of Marlin were here.

Mr. and Mrs. M. F. Milner drove to Euless Sunday afternoon to see their grandchildren and their daughter and son-in-law, the Frank Haynes Jr. family.

Mrs. Rita Cottle and children Dianna, Jeannine and Kevin of Dallas were here Sunday to visit her parents, the Joe Hoenigs.

Mr. and Mrs. Charlie Stelzer of Fort Worth drove over Sunday to visit the L. A. Bernauers and other relatives. They brought Shirley Walterscheid, Janie Hesse, and Pat Otto with them. The three girls spent the day with their families.

Lawrence Dankesreiter Jr. of Fort Worth visited his family here Sunday and overnight. He had just completed six weeks of summer school at NTSC in Denton.

Mrs. Paul Fisher and daughter Miss Helen Fisher returned last Thursday night from Jonesboro, Ark., where they visited a daughter and sister, Sister Irene, who underwent back surgery at St. Bernard's Hospital July 16. She is making a normal recovery but will be a hospital patient for some time. Mrs. Fisher and Helen also visited Sister Georgia Felderhoff, a surgical patient, who was just starting to get up and around a bit, and Sister Bertha who was already up and around after major surgery. They sent regards to the relatives and friends here.

Jerry Klement of Denton came home for a weekend visit with his family, the J. A. Klements.

In Our Time...

THE FEAT OF ORBITING THE EARTH... RIDING IN A VEHICLE THE SIZE OF A HUGE CAN, IS NO LONGER NEWS...

BUT DID YOU KNOW THAT LAST YEAR'S PRODUCTION AND USE OF METAL CANS, TOTALING 45 BILLION, WOULD ENIRCLE THE EARTH MORE THAN 100 TIMES?

THE MERCURY CAPSULE THAT CARRIED COL. GLENN AROUND THE EARTH MEASURES 9 1/2 FEET HIGH, AND 6 FEET WIDE AT BASE OF ITS BELL SHAPE.

OF THE TOTAL CANS USED, 255 FOR EACH MAN, WOMAN AND CHILD; 145 HELD FOOD PRODUCTS, 60 HELD BEVERAGES, 11 CARRIED PET FOODS AND 39 WERE CANS USED FOR NON-FOOD PRODUCTS SUCH AS AEROSOLS.

JUST AS OUR TEAM OF SCIENTISTS WORKED TOGETHER TO MAKE POSSIBLE COL. GLENN'S FLIGHT... SO HAS TECHNOLOGICAL PROGRESS IN THE CAN MAKING INDUSTRY MADE POSSIBLE ONE OF TODAY'S MOST INDISPENSABLE PRODUCTS, THE METAL CAN.

Letters

To the Editor

Q: Why don't you print in color, say red, once in a while?
 A: The Bookkeeping Department already has used all our red ink.
 Q: Why didn't you publish that poem I sent you?
 A: A newspaper man would be disloyal to his business if he weren't convinced that prose can express any idea better than poetry.
 Q: What do you do with all your money?
 A: Squander it on frivolities like food, clothes and house rent.
 Q: Why don't you print a weekly sermon?
 A: For the same reason the preacher doesn't write editorials.
 Q: Why not print some good recipes?
 A: We did once, and left out

a line. Twenty people got sick and quit taking the paper.
 Q: Why don't you print more letters to the Editor?
 A: I sometimes talk to myself but I refuse to write letters to myself.
 Q: Last week I brought you a detailed obituary about Uncle Homer. You only printed a short paragraph and stuck it on the bottom of an inside page.
 A: No one in Elba knew Uncle Homer and he had been dead a month when you brought us his obituary. The only reason I used any of it was that I lacked the courage to throw all of it away.
 Q: Why don't you use that advertising space for news?
 A: Because advertising is news — about where readers can spend their dollars to best advantage. I can imagine what you would do if I increased the circulation to 33c a copy with-

out advertising.
 Q: Why don't you put a little humor in the paper, like that item I sent you that Joe Blank spent Saturday night as the guest of the Sheriff? That would have been a good joke on old Joe.
 A: There's a place in Alabama for guys like you, and it ain't in Elba.
 Q: Why don't you publish a pin-up picture once in a while?
 A: I published my picture when I was elected president of Rotary and no one asked for autographed copies.
 Q: Why don't you write an editorial telling those guys on city council what to do?
 A: Why don't you? That would REALLY be news.

Muenster visitors for the first time — guests this week of the Ernest Medders family — are friends from Tennessee; Mr. and Mrs. Dick Alsop and children Dickie, Tommy, Stephen, Carolyn and Pat, of Memphis. One day the two families spent the day at Lake Texoma on an outing.

A trio of travelers, Miss Corina Vogel of Little Rock, Ark., Miss Lillian Vogel of Fort Worth and Mrs. Ronald Stauss of Columbia, Ill., spent Thursday through Sunday with the Joe Vogels and told about their vacation trip that included extensive sight-seeing in Colorado, the World's Fair in Seattle and sight-seeing through California on the way back. While they were here Friday they went to see Six Flags over Texas. Going with them on that trip were Karen Vogel and Mrs. Robert Beyer and children of Lindsay. Mrs. Don Muller and children Ron and Gay Lynn came from Dallas for a weekend visit with the family.

Weekend visitors with the Eugene Klements, leaving Monday, were her sister Mrs. George Casey and daughter Abbey of St. Paul, Minn., stopping here enroute to California for a vacation visit with relatives of the Casey family.

Former Muenster residents, Mr. and Mrs. Lyndal Dickerson and family of Morris, Okla., are on a week's vacation with the C. L. Dickersons and other relatives and will join the Dickerson clan Sunday in their annual reunion at Lake Texoma.

Former Muenster residents back for a weekend visit with the Fred Hennigans were his sister and husband, the Bill Nelsons and their son and his wife, the Tom Nelsons, all of Oxnard, Calif., seeing as many of the relatives as their vacation time permitted. A family get-together was held at Hennigan's Bar Saturday night with Mr. and Mrs. Ed Hennigan of Whitesboro among those present. The Californians also visited the Tom Hennigans at Wilson, Okla., relatives in Dallas, and the Henry Hennigans in Albuquerque, N. M.

James Holt of Gainesville, formerly of Muenster, who has been with the Cooke County Police Department for five years has resigned to enter private business.

Farm Facts

Of 12 to 13 inches of average annual precipitation in the 17 Western states, only about 30% contributes to the fresh water supply.

According to J. S. Robbins of the Agricultural Research Service, much of the moisture evaporates from soil, water, and plant surfaces. The rest infiltrates the soil and is transpired back into the atmosphere by vegetation.

An additional inch of water for plant use could increase Western wheat production up to five bushels per acre.

Scientists are studying plastic or mechanical barriers to control water or vapor flow to the soil surface and are testing chemical or physical treatments of soil to inhibit water loss.

At Tempe, Ariz., they're experimenting with sprays to sterilize the soil and kill weeds, stabilize it to prevent water infiltration, and make it water repellent to control

erosion. Ground covers of butyl rubber sheeting or asphalt-coated jute fabric are being used in Utah to move runoff from small areas into reservoirs or special bags.

Mr. and Mrs. Buck Wilson and son Gene were back in Muenster to visit friends this week. The former local deputy sheriff is with the police force at Anahuac since the family left here three years ago. Mr. and Mrs. Wilson were Monday overnight guests of the Tony Felderhoffs and Gene spent the night with Larry Gobbie.

Vacationing this week at Lake Texoma are Mr. and Mrs. W. L. Scoggins, their granddaughters Marie Hanza of Oklahoma and Vickie Scoggins and the couple's daughter and family, the Monroe Rogers and

children Dwight, Stephen and Brenda of Pampa.

Mrs. H. E. (Georgia) Vann and daughters Linda and Betty visited here Sunday and had dinner with the Bernard Wolfs. They stopped for pop calls with a number of Mrs. Vann's friends including Mrs. Carra Pagel.

Seems like these days everyone is putting on a drive for money. So, since we are not licensed as a loan company, we are starting a drive to collect outstanding accounts.

Our bank account has dropped too low to start buying a supply for the winter months, and we do not consider it fair to charge the cash customers and those who pay their bills regularly (bless them, one and all) any extra to make up for those who don't (or won't) pay. So we have to ask that any and all old bills be paid in full and continue to be paid in full each month.

According to published figures on bank deposits we can see no reason for carrying accounts which aren't paid regularly. No business can survive if it pays for merchandise and has to carry the credit while someone else gets the cash.

Statements will be mailed to all delinquent accounts.

Lindsay News

Mr. and Mrs. Rufus Bezner are spending this weekend taking their children Ricky, Carol, Jake and Mary Kay on a trip to Carlsbad Caverns as a vacation treat.

Brian and Sammy Bezner and Mark Schmitz joined by Carl Endres and Mike Felderhoff of Muenster spent last week at Camp Subiaco. Mr. and Mrs. Urban Endres took them to Subiaco and Mr. and Mrs. James Bezner went to Arkansas to bring them home.

Mrs. Robert Beyer and children Janie, Gary and Brenda spent Friday seeing Six Flags Over Texas. They joined relatives from Muenster on the trip. Saturday Mrs. Beyer was among guests at a gift shower for her sister, Mrs. Leo Hess of Muenster, in the home of Mrs. Clifford Otto at Gainesville.

Weather cooperated and Lindsay boys and girls of the Craft Club had their outings. Nineteen enjoyed a splash party and wiener roast at Leonard Park with Mmes. Bob Lutz, Al Bengfort, Johnny Arendt and Norbert Rohmer, adult leaders, taking them. Twelve youngsters went to Sycamore Lake for an outing and picnic accompanied by Mrs. Ray Laux and Mrs. Andy Arendt.

Visitors with the Willie Fuhrmanns this week have been their sons Father Nicholas Fuhrmann and Brother Henry Fuhrmann of Subiaco, Ark., and their daughter and family, the Gerald Wachsmans of Wichita Falls. The special occasion was the marriage of the visitors' brother Aloys Fuhrmann Wednesday to Miss Margie Vogel.

Announcement has been made of the approaching marriage of Miss Jeanne Louise Petherick of Boise, Idaho, to Arnold P. Neu, son of Mrs. Mathilda Neu of Gainesville and the late Pete Neu, formerly of Lindsay. The couple will be married August 11 and will honeymoon in Idaho and Cooke County before moving to Houston where he will attend the University of Houston. He was graduated from Gainesville High School, served in the Air Force five years, and is currently employed in Boise.

Mr. and Mrs. Winston Fangman have named their infant daughter Sharon Rose. She was baptized Sunday at 11 a.m. in St. Peter's Church with Father John Walbe officiating and Mr. and Mrs. Henry Hess as godparents for their first grandchild. Others attending the christening ceremony were the baby's daddy, and her aunts Mrs. Julius Hess and Misses Nellie Ann, Margie Lou and Clare Elizabeth Hess. After the baptism this group and all the Henry Hess family had dinner in the Fangman home.

Principal business at the July meeting of the Lindsay CYC was planning a dance and setting the date for August 11. Father John met with the group, gave one of his customary short inspiring talks and urged the young people to attend the State League convention in Muenster. A social hour followed the business session.

Mrs. Joe Koerner has been dismissed from Gainesville Hospital after receiving medical care.

Catholic League - sermon. The Sacred Heart choir will sing.

At noon dinner will be served to all comers in the parish lunch room.

Sunday afternoon features separate meetings, including election of officers, of all groups, and two general meetings, one on rural life, the other a business meeting for the State League.

The "Catholic Day Program" beginning at 8 o'clock will feature three speakers. They are Anthony Kubec, Ph. D., chairman of the History and Political Science department of the University of Dallas, Mrs. Carol Sutton of Westphalia and Mrs. M. J. Reesby of Sherman.

Monday morning deceased members of the organization will be remembered at solemn requiem mass with Father Alcuin, spiritual adviser of the league as celebrant.

Thereafter the final meeting will hear and vote upon a declaration of principles compiled by the committee on resolutions, which is headed by Father Joseph Wahlen of Corpus Christi.

Heads of the four groups that make up the "family organization" are as follows. Ben G. Reiningger, San Antonio, whose men's group founded the league in 1898; Dr. H. M. Jaeckle Jr. of the insurance group organized in 1901; Mrs. S. J. Marturano, Temple, heading the Texas branch of the National Catholic Women's Union, organized in 1914; Anthony C. Jung of Fredericksburg, president of the youth group, organized in 1939.

Local pastors have extended general invitations to all parishes of the area to join the delegates in all general attendance events . . . the youth rally, the pontifical mass, the dinner and the Catholic Day program.

They also invite attention to two exhibits. The youth group's press exhibit will display hundreds of Catholic publications. The woman's mission exhibit will display priests' vestments and other items needed at mass, also clothing, bedding, bandages and medicines for poor missions. Distribution of these things is a project of the women's group.

Lindsay CYC was represented at the Holy Hour in Pilot Point Sunday at 7:30 p.m. After the prayer service in St. Thomas Church the young people went to the KC Hall for a social hour.

Feast of St. Anne, patron of their organization, was observed by Lindsay St. Anne's Society by attendance at 7 a.m. mass Thursday and a communion breakfast with a short meeting and enrollment of new members.

Lucille Bengfort came home Monday after spending a week's vacation with her grandparents, the John Herrs at Muenster and Susan Bengfort is having her vacation this week with her grandparents.

Another factor in our drive, once a big issue but apparently forgotten by many, is the defeat of a tax election for a county hospital. It would help a lot if donations reflected a real appreciation of the tax savings.

Donkey Baseball Scheduled Monday

Baseball at its worst is on schedule here for Monday night when members of the VFW club and St. Joseph's Society will contend with donkeys while competing with each other in a ball game. It will be in the ball park starting at 8 p.m.

The VFW Post, sponsor of the affair, invites all to come and enjoy the frustrations of their friends who will depend strictly on the dispositions of burros in their efforts to chase balls or run bases.

Admission prices are 35 cents for children and 75 cents for adults. And just to make collections better the veterans will block the four streets surrounding the ball park.

Attendance and Weather Is Good At Scout Camp-out

Attendance was good and so was the weather for this year's camp-out by Muenster Boy Scouts and their fathers at Lake Texoma. Remembering the heavy rain that spoiled their party last year the 28 lads and dads found everything fine but the heat.

Their full schedule included swimming, fishing and boating Saturday afternoon and Sunday morning plus sleeping out and Scout cooking for supper and breakfast, and finally a field mass followed by a picnic dinner for the Scouts' families.

Lots of other folks accepted the general invitation to the field mass, swelling the attendance to about 300. Father Alcuin Kubis was celebrant of the mass.

The entire program was held at the Walnut Creek Camp at Lake Texoma.
