Muenster Enterprise salutes Muenster Volunteer Fire Department during Fire Safety Week

The Muenster Enterprise and the Muenster Historical Commission salute the Muenster Volunteer Fire Department during Fire Safety Week with this historical portrayal of the unit's members in 1941. Only two men remain to accept the community's expression of respect for a job well done. Shown, kneeling in front, is City Marshall Frank Hoedebeck. In the front row are, l to r, Pete Rollman, Leo Henscheid, Al Walterscheid, Elmer Fette, Nick Miller, Henry Luke, John Fisher, Ben Seyler, Jake Pagel and Fire Chief Jimmy Lehnertz. Atop the fire truck are, l to r, Bernard Schmitz, George Gehrig, Jerome Pagel, R.L. McNelly, Ray Hellman, Matt Schmitz and Jake Horn Jr.

The picture is the property of Jimmy Lehnertz and was loaned to Fire Chief Herbie Knabe on Nov. 21, 1991.

The Muenster Volunteer Fire Department was officially established by vote of the Muenster City Council on July 18, 1932, and there were 30 members. Ben Seyler was the first fire chief. Minutes of meetings were kept for the first time in 1943. Muenster area people have an active, energetic, conscientious, capable fire department whose members are intent on improvement of service, equipment and training and willingness to assist with many community projects.

Negotiations come to impasse; Dr. Cole closes local office

Dr. Andrew Cole has closed his office in Muenster Memorial Hospital. The closing became effective after Dr. Cole requested that the hospital board release him from his contract. The release was approved by the board at their regular monthly meeting on Wednesday, Sept. 23.

"I am closing my full time office here because of contract problems that can't be resolved," said Dr. Cole. "I want to assure the community that I will take care of everything here that can be." The urology specialist indicated that he is willing to see patients in Muenster if he can procure office space on a part-time basis and to do surgery in the Muenster Hospital as long as he is welcome.

The hospital board and administrator stressed that Dr. Cole's continued presence and practice at the hospital are encouraged. He has been offered office space to use at his convenience in the same manner as Dr. Antonetti, IV according to the hospital administrator, Jack Endres.

The contracts of Drs. Cole and Tompkins were, or are, all being renegotiated. "This was in response to a letter dated July 6, 1992 sent by Dr. Cole to me raising certain questions with respect to his contract. In response to his letter the hospital hired outside legal counsel to review the contracts of all three physicians," commented Mr. Endres. "The hospital was advised by its legal counsel that it

was necessary to restructure the contracts."

Dr. Lawrence Walsh closed his office in the Muenster Hospital in August after a meeting set up between Dr. Cole, Dr. Tompkins, Dr. Walsh and their legal counsel and Mr. Endres and the hospital's legal counsel. Dr. Tompkins and the hospital were involved in contract negotiations at the time of the Sept. 23 board meeting. The contract was expected to be ready for signing as early as Monday, Sept. 28, according to Mr. Endres. As of press time Wednesday it wasn't yet ready or signed.

"Although there is no animosity, we never agreed to any of the important issues of the contract," remarked Dr. Cole. "In fact, our only agreement was to terminate the contract because of mutual mistrust and conflicting goals for the hospital."

Both Endres and Cole agreed that they had multiple meetings,

reached some agreements, had some disagreements, and when the most recent agreement was written up by Dr. Cole's attorney some issues were still unresolved as to certain wordings that might have future repercussions and Dr. Cole decided not to sign it. Endres felt that the hospital had met every part of Cole's wishes that it legally could.

On the subject of contracts, Dr. Cole noted that in June he negotiated a full-time contract with MMH Board members Chuck Bartush and Don Flusche. These contracts went through two board meetings before being approved on the 23rd of June. By the second week in July, he was told that the contract had to be redone. The most recent contract that Cole decided against signing is set up in a way that he feels is almost geared to fail considering the present circumstances.

Please See COLE, Page 3

Lindsay Jaycees host 20th annual Oktoberfest

The 20th annual Lindsay Jaycees' Oktoberfest will be held, as always, on the first Sunday in October in the Lindsay Park. This year, the Jaycees are once again joining forces with the Cooke County Fair Board to make the event bigger and better.

The Jaycees, longtime supporters of the county-wide 4-H and FFA livestock shows and the development of agricultural programs for local youth, will contribute half of all the proceeds from the all-day affair to the support of Fair Board activities. In return, Fair Board members have been busy soliciting donations for a huge auction which will be one of the feature attractions at the Oktoberfest. The auction will start at approximately 3:00 p.m.

Other activities which will be part of the October 4 event include live polka music in the afternoon and live country and western music by "Dakota" in the evening hours under the main pavilion. There will also be competition tournaments for fans of horseshoes and sand volleyball in the afternoon.

The horseshoe tournament will start at 1:00 p.m. with various singles and doubles matches scheduled throughout the afternoon. Trophies and other miscellaneous prizes will be awarded to winners of each competition.

The volleyball tournament format will be co-ed 4-on-4 and is planned to begin at 2 p.m., depending on how many teams enter. Players may sign up. See OKTOBERFEST, Page 3

Republican candidates visit Gainesville

by Elaine Schad

The public had a chance to meet Republican candidates for local, state and U.S. offices during an open house held this past week in Gainesville.

Present for the all-day open house were David L. Bridges, candidate for the U.S. 4th District Congressional seat; Tom Haywood, who will be opposing Incumbent Steve Carriker for the District 30 race, which includes Muenster, as well as the county's two local candidates for the November general election. They included Stephen Cole, candidate for County Judge to face current Judge Ray Russell; and Jim Bleything, who is opposing Democrat Joe Nichols when a new sheriff is elected in November.

During an interview, Haywood said he was committed to term-limits in the state legislature. "It's about the only way the people are going to take power back from the career politicians," he said.

The issue of most concern in District 30 seems to be the jobs, employment and the economy, Haywood said. One way to stimulate the economy in Texas would be to repeal the business franchise tax that took effect at the beginning of this year. Haywood said the tax is taking an estimated \$500 million from small and large

Jim Bleything, Tom Haywood, Stephen Cole.

businesses alike, money that could be put back into the economy to stimulate jobs. "I think the state could do without that money," he said. Haywood feels the legislature could streamline state government dramatically to more than make up the difference.

Other issues Haywood talked about included abortion, choice in education, education funding and a state income tax. "I'm opposed

to a state income tax," he said. "It is a blank check for bigger government."

On the abortion issue, Haywood said he thinks he is being realistic when he says Governor Ann Richards has made it clear that no pro-life bill will get across her desk as long as she is governor. He said he feels there are some areas where progress can be made, including

parental consent laws, spousal notification, informed consent and regulation of abortion facilities.

Haywood thinks choice of where parents send their children to schools should be tried on a test basis. "I think it's coming, because people are looking for something different," he said. "I'm tired of talking about funding when we should be talking about a better product." Whatever is decided about funding public education, Haywood said the solution should be placed before voters in the form of a state Constitutional Amendment so there would be no chance for the courts to declare it unconstitutional.

Haywood is president of his own small business and consulting firm in Wichita Falls. He served for 10 years as executive vice president of the North Texas Oil and Gas Association. He was an educator at two universities in District 30, Midwestern University and the University of North Texas. At Midwestern, Haywood served as Director of University Affairs while simultaneously serving as an associate professor.

Haywood and his wife, Pat, a teacher in the Wichita Falls ISD, have been married for 33 years and have four children. They are active members of the First United Methodist Church in Wichita Falls.

Chuck's Trucks offers one-stop auto service and truck sales

Chuck and Mary Smith of Forestburg are owners of Muenster's newest business, Chuck's Trucks. Mr. Smith's goal is to offer a one-stop auto service that provides everything from a car wash, auto parts and repairs to good used trucks for sale.

After several months of refurbishing the building, which housed the former Wilde Chevrolet business for years, and considerable construction to the parking lot area, Chuck's Trucks gives an aura of offering quality service. Quality service and merchandise are the products Mr. Smith wants to provide.

"I'm trying to cover everything possible that you can do with an automobile or a light truck here," remarked Chuck Smith. "I have a parts department, an excellent service department, tires, and I plan to replace the car wash. Regardless of what you need done to your car, I really feel that we can do it. We have all of the latest machines -

engine diagnostic machines, engine analyzers - the latest and the best machines that you can buy. Also, I feel that there is a wonderful market here for extra clean, used pickup trucks."

Services include full mechanical service, replacement parts for trucks, farm tractors and automobiles. There is a full line of Goodyear tires available, ranging from all-terrain vehicles up through the automobile line and up to large highway trucks. The tires are in stock for normal sizes and can be ordered quickly if they aren't in stock. "Anything that Goodyear handles, I sell. This would include ATV tires, golf cart tires and boat trailer tires."

If a customer is unhappy with a product or service, he will never be told "no" by an employee. Mr. Smith will deal with them directly and consider all legitimate complaints. "You have to have honesty and integrity or you don't have a business," he said.

Smith is proud of the computer system that his business uses. All reordering is done automatically by computer. This allows a smaller inventory. If anything is sold out of stock, it will be replaced by 7:30 a.m. the next day. This also applies to parts that are not in the inventory.

A quick look through the available merchandise shows a tidy assortment of items that include floor mats, seat covers, vehicle carpet shampoo, upholstery protector, wash and wax products, hand cleaners, batteries, brushes, brooms, tapes, weather stripping, gloves, locks, etc.

Employees include B.J. Mohon, bookkeeper and computer expert; Craig Monday, parts manager; O.B. Soles, parts man; Rodney Knabe, auto technician; Mike Reiter, tire department; Douglas Roof, ASE certified mechanic with 15 years of experience; and Steve Fette, GM factory qualified mechanic with 25 years of experience.

Chuck Smith was a Delta Airline pilot for 35 years. He retired in January and began working on his local business. One of the reasons that he opened the business in Muenster is that his son, Marshall, would like to stay in this area. Smith realizes the scarcity of job opportunities for young people in the local area.

Since purchasing the building and surrounding lot, Smith has completely gutted the building, put on a new roof, paneled the inside, tore out a fence and took down a small building, leveled the lot and put in concrete and hot topping. The car wash that was on the lot will eventually be replaced with a new one that will include drying bins with vacuums.

The new business will hold a Grand Opening on Saturday, Oct. 10. Doors will be open from 8 a.m. to 5 p.m. for the occasion. Normal hours for business are Monday through Friday, 8 a.m. to 5 p.m., and Saturday, 8 a.m. to 1 p.m.

Gainesville gears up for Car Show, Country Fair

Gainesville will be filled with an assortment of interesting autos this weekend as 60-plus models of vintage and classic vehicles roll into Gainesville for their first "ALL" Car Show and Country Fair on the Square. Some of the entries include an '74 Lamborghini, '29 Ford A Roadster Pickup, Classic Mustangs, Packards and Hudsons.

The entries will be on display around the downtown square from 10 a.m. to 6 p.m., Saturday and on Sunday from noon to 5 p.m. Trophies will be awarded between 3 and 4 p.m. Sunday. First- and

second-place trophies are to be awarded in each class; Mayor's Choice, Best Club Participant, Best Paint and Farthest Distance.

Other entertainment includes a kids' carnival, carriage rides, quilt show at the courthouse from 11 a.m. to 6 p.m. on Saturday; Gunfighters' Shootout on the market square at 11 a.m. and 2 and 4 p.m. Saturday. Also, a Saturday night Square Dance will take place from the square from 8 to 10 p.m.

For more information, call 665-8632 or 665-2512.

Starke named new president of Red River Valley Tourism

The newly expanded Red River Valley Tourism Association held its annual meeting and election of officers at The Center Restaurant at noon on Tuesday, Sept. 22. Board members for 1992-93 were elected during the general meeting after lunch.

New board members are Ken Van Loh of Burkburnett; Lin Owen of Wichita Falls; and Carol Pfeiffer of Sherman. Wanda Russell of Nocona is also a board member. Outgoing board members are Bea Herod of Sherman who served as president for the past two

years and Emily Porter of Bonham. Another position was added since the area covered by the association has recently expanded.

Margie Starke of the Muenster Chamber of Commerce was elected president during the board meeting. Other officers are Ken Van Loh, vice president; Carol Pfeiffer, secretary; and Judy Day of Gainesville, treasurer.

The Red River Valley Tourism Association now covers Bonham, Fannin, Grayson, Cooke, Montague, Clay, Wichita and Wilbarger counties.

Good News!

He is God and He does not relent; the helpers of Rahab bow beneath Him. How much less shall I give Him any answer, or choose out arguments against Him! Even though I were right, I could not answer Him, but should rather beg for what was due me.

JOB 9:13-15

Don't Forget...

Sacred Heart Homecoming Saturday, Oct. 3. Festivities begin at 5 p.m., game is at 6 p.m. and there will be a dance from 9 until 12:30.

Letters to the Editor

To the Editor:

In response to the article published in the *Muenster Enterprise* on Page 2, September 25, 1992. The article captioned "Don't wait - show you care now" concerning the Muenster Memorial Hospital.

I am new on the board, my first official meeting was in May of 1992. At this meeting Mr. Herman Carroll resigned as Hospital Administrator. I learned also at this meeting that the three new doctors, Dr. Walsh, Dr. Tompkins and Dr. Cole, were working without a contract for up to six months. The doctors were concerned of this because they were in the dark about the future course of the hospital. The rumors of the hospital closing didn't help matters one bit. I volunteered to work on the contract committee with Mr. Chuck Bartush, Jr. to secure the doctors with a workable contract. Dr. Tompkins and Dr. Walsh were very easy to deal with, only minor changes to an original contract needed to be negotiated. Dr. Cole required considerable negotiating to consummate a working contract. After reaching a compromise, Chuck and I took the contract to the full board of directors for final approval, which was completed on the first presentation. All members were informed that it wasn't the best contract but it was a workable agreement and that we (the hospital) were working within a time frame established by Dr. Cole.

Now, all three doctors have a working contract and all is well. Not yet. During the first week of July, Dr. Cole wrote a letter to Mr. Endres, the hospital's new administrator, raising certain questions with respect to his contract. In order to address the concerns of both Dr. Cole and the hospital, Mr. Endres, with the approval of the Hospital Board, hired an attorney specializing in the healthcare industry to represent the hospital and give an opinion on the contracts. The doctors, in the same time frame, hired a law firm to represent them for an opinion. You will never guess that there were two opinions. After several weeks of negotiations, Mr. Endres, all three of our new doctors and the attorneys met in Dallas to hammer out a solution to the problem. At the conclusion of the meeting, Dr. Tompkins and Dr. Cole said they would sign a new contract. Dr. Walsh and the hospital could not come to a mutually acceptable agreement and Dr. Walsh asked the Hospital Board to be excused from his contract. The board studied the issue and decided to go along with Dr. Walsh's wishes. Dr. Cole, who was in agreement earlier, subsequently changed his mind about a dozen times and finally decided to leave. The board met again and weighed the situation then decided to relieve Dr. Cole of his obligation to stay.

The majority of the board would have liked for all three of the doctors to stay, but in the best interest of the hospital and doctors, a tough decision had to be made. A decision I do not think will be regretted. Mr. Endres is now interviewing at least two other doctors who show interest in our small community.

We have a great facility here in Muenster, modern equipment, excellent nursing staff and numerous other amenities. We are lacking in a customer base to work with. And, as I stated earlier in my platform to run for a seat on the board, many patients want to see a specialist instead of a doctor doing general practice.

I would like to comment on the capabilities of Mr. Endres as our full time administrator. The committee to interview the new administrator, comprised of Lora Hennigan, Sharon Felderhoff and myself as Chairman, had five very good applicants to choose from. Mr. Endres came out ahead and we unanimously agreed that he would be the most qualified for the position. Mr. Endres takes direction

from the board of directors and has full responsibility for the day to day operation of the hospital and staff. I see him as doing the job very well.

The board invites all interested parties to attend the meetings, so you can see first hand that we are concerned about the welfare of the hospital and the citizens it serves. The only way this hospital will flourish is by securing more good doctors as dedicated to our community as our current doctors. Even then, however, the hospital can only flourish if you, as patients, are willing to use the doctors and our facilities.

Signed,
Don Flusche

Dear Editor:

As concerned and caring employees of Muenster Memorial Hospital, we are writing this letter in response to the unsigned article, DON'T WAIT - SHOW YOU CARE NOW, in last week's paper. Who do you feel made the doctors unwelcome? The employees? The Hospital Board? The Administration? The article seemed to imply this. Where did you obtain this information? We, as employees, feel that the board tried to accommodate the new doctors. Thousands of dollars of new equipment (some that was never used) was purchased, many new supplies were bought at their request, offices were provided for them, and other demands were met. Many employees recommended these doctors to family and friends. What else do you feel we could have done?

As to your statement, "... making a beginning in tipping the scales from the red to the black.", what was your source of information?

We know how important doctors are for the success of our hospital. Most of the employees and doctors have been here for many years and have been dedicated caregivers through good times and bad. We would never want to jeopardize the future of this hospital and the care we provide our patients. Your unsigned article seems to accuse us of NOT CARING. We are writing this letter to tell you that we DO CARE. Hopefully, any new doctors that come to this community in the future, will also be dedicated caregivers. We want the hospital to survive and prosper. We give our wholehearted support to the Board of Directors, the Administration and all the physicians.

To the Editor:

We all believe in the Boy Scouts, don't we?

I know I do. I believe in the oath, camaraderie, fellowship, achievement, boys and dads having a good time, development of character, emulation of role models: as men and soon-to-be men go through time-honored tradition learning what the Boy Scouts stand for.

There's a company that doesn't agree with me because they stopped helping fund this time-honored, private, non-profit organization. Why? Because they think it's okay for homosexuals to go away to camp with your boys. That's the bottom line.

I don't agree with them, so I'm not buying any more Levi Jeans. That's right! The company is Levi Strauss. Check it out.

Bob Bauer,
Concerned Citizen
128 Ash Street
Muenster, TX 76252

(EDITOR'S NOTE: Following is the official BSA position from the National Eagle Scout Association Newsletter.)

A Matter of Values

For the past eighty-two years, the Boy Scouts of America has placed before America's youth a consistent set of traditional family values for them to consider and, we hope, adopt as they grow into adult citizens of our nation. Throughout its history, Scouting has maintained, through good and bad times, its values and its independence as a private organization. One of the rights of a private organization, protected under our nation's Constitution, is that of setting leadership standards that reflect the values of its membership.

The United Way of the San Francisco Bay Area has received the report of its Boy Scout Task Force. The recommendations of that task force is an ultimatum to the entire Boy Scouts of America. Two options are presented to the Boy Scouts by this task force report:

1. That the BSA review, consider and change its position of disallowing homosexuals to be members or leaders
2. That the six local councils obtain an exception from the national BSA position on a pilot basis, to adopt a local policy that allows homosexuals in the Bay Area to become members or leaders

The Boy Scouts of America has no quarrel with the homosexual community. Scouting respects their rights, within the freedoms guaranteed by our Constitution, to live their lifestyle, just as Scouting respects the rights of other groups. It is therefore reasonable for Scouting to expect its rights to be respected and protected. What Scouting has stood for throughout its history remains unchanged.

The principles of the BSA are not and cannot be for sale to the United Way of the Bay Area in San Francisco. Values, principles, and standards by definition cannot be compromised or negotiated for any purpose, least of all money. Scouting has received the financial support to enable it to sustain itself throughout its history because of its values, principles, and standards.

At its February meeting, the National Executive Board of the Boy Scouts of America voted unanimously to reaffirm its position regarding homosexuality. The position is that the Boy Scouts of America does not permit avowed homosexuals to be registered as leaders or members in the BSA. This position was upheld in May 1991 by the Superior Court in Los Angeles.

Sorry, we forgot!

In last week's article, "Don't Wait - Show You Care Now," the byline was accidentally left off. This is not offered as an excuse, but after 16 hours at a computer and trying to meet a deadline, things do get omitted. The article was a staff collaboration and members of *The Enterprise* staff include Dave Fette, Elfreda Fette, Alvin Hartman, Dianne Walterscheid, Janie Hartman, Brenda Rigsby, Janet Felderhoff and Karen Dangelmayr. We hope this clears up any misunderstanding as to who wrote the editorial.

To the Editor:

As announced, the Red Cross Blood Drive will be held Wednesday, Oct. 7, in the KC Hall.

In response to a request from a local dairyman, the Blood Drive will begin an hour earlier than previous drives.

Hopefully, the 2 p.m. starting time will allow ample time for everyone to participate in this worthwhile cause.

Thank you,
Marlene Endres,
Blood Drive Chairman,
Muenster Hospital Auxiliary

Dear Editor:

Each year, more than 40,000 American babies die before their first birthday and more than 250,000 are born with birth defects. These staggering statistics illustrate the maternal and infant health crisis facing our nation.

The March of Dimes Birth Defects Foundation has declared October Campaign for Healthier Babies Month to call attention to this critical situation and to encourage Americans to support efforts that will help our nation's babies to be born healthy.

Each year, research and medical breakthroughs are showing us new ways to prevent birth defects and new ways to help infants who might have died to survive and lead perfectly normal lives. Each day, with the help of millions of volunteers, the March of Dimes is bringing important messages about prenatal care into cities and villages, factories and board rooms. But, more still needs to be done.

During September and October, the March of Dimes Red River Division urges Cooke County citizens to join its Campaign for Healthier Babies to fight birth defects and infant mortality. Several March of Dimes events and programs will be held in September and October. They include Jail & Bails and Phantom Ball.

To find out more about the March of Dimes and its Campaign for Healthier Babies, please call Tracy Orrick, Division Director, at (903) 893-1352.

To the Editor:

This letter is addressed to the Texas State Highway Department of Transportation.

I am a concerned citizen of Cooke County, Texas 76272 and have lived west of Interstate I-35, exit 483, Lone Oak Road since 1980.

My concern at this time is the northbound exit ramp of exit 483, Lone Oak Road. This ramp is very dangerous and could use a new design. Now that the highway department is reworking the east service road south of Valley View where the reference exit is, I would like to suggest this would be a very good time to rework and redesign exit 483, making it safe for all the area people that use this exit ramp, plus all the fishermen pulling boats going to the new Ray Roberts Lake.

This is a very heavy used exit ramp. There has been several accidents at this exit in the recent years and the vehicle ends up in the ditch or the east pasture. To my knowledge, fortunately, no one has been seriously injured, but damage has been done to vehicles and fences. Please redesign and rework this exit 483 before someone is seriously injured or killed.

Thank you,
Jo Ann Belz
Route 2 Box 70
Valley View, TX 76272

Dear Editor:

I am calling an all veterans of the Normandy invasion, in whatever capacity, to contribute their own taped oral history to the D-Day collection at the Eisenhower Center, where we are attempting to preserve the record of the common soldier, sailor or airman. For the 50th Anniversary, we plan to publish a book "Voices of D-Day," based on the oral histories. Please write me for details.

Sincerely,
Stephen E. Ambrose, Director
The Eisenhower Center
University of New Orleans

New Orleans, LA 70148

County observes Fire Prevention Week

County Judge Ray B. Russell has proclaimed the week of Oct. 4-10, 1992 as Fire Prevention Week in Cooke County.

The Cooke County Farm Bureau, in conjunction with all fire departments in the county, are working together to emphasize fire prevention and protection throughout the county.

Fire Prevention Week is always the Sunday-through-Saturday period in which falls Oct. 9, date of the Great Chicago Fire of 1971. The Chicago disaster killed 250 people and destroyed more than 17,400 buildings.

In this proclamation, Judge Russell has called upon the citizens of Cooke County to participate in Fire Prevention Week activities such as locating and eliminating fire hazards; developing a home escape plan; and, as the 1992 theme suggests, "Test Your Smoke Detector - It's Sound Advice."

Leonard F. Hartman, president of the Cooke County Farm Bureau, said, "Fire is both friend and foe. We can't live without it, but its destructive power is a threat we must control." Protect yourself by keeping fire a friend:

*Regularly inspect your house and outbuildings for fire hazards. Check the electrical system, electrical appliances and equipment, fuel storage, heaters and heating system. Make needed repairs or replacements without delay. Don't overload circuits or bypass fuses.

*Remove trash, stacks of paper and other unneeded combustibles that could feed a fire.

*Read and follow instructions with portable heaters. Place them where they won't ignite combustibles or be tipped over. Never use gasoline in a kerosene heater, and make certain gasoline and kerosene containers are clearly

marked to avoid a mix-up. Never use a kerosene or gas-fired heater in a closed area - have ample ventilation. Be certain you use the correct grade of fuel for your portable heating equipment.

*Check your heating system prior to the heating season. Install and use woodburning stoves as directed in the manuals or other literature. Screen fireplaces. Keep chimneys and flues free of obstruction and creosote buildup.

*Keep matches and lighters out of children's reach.

*Never smoke in bed and avoid the easy chair when drowsy. Avoid smoking when using flammable materials or in places that have readily combustible materials such as hay, straw, dry weeds, grain dust, etc. Store flammable liquids in well-marked, closed containers. Make sure your cigarette or match is "out" before discarding.

*Install approved lightning protection systems on main buildings. Inspect them annually to make sure they are properly grounded.

*Be prepared for fire should it strike. Have operating smoke detectors and fire extinguishers. Develop and practice a home fire escape plan. Teach children how to call for help. Have a water supply available to light fire.

*Choose and regularly inspect fire extinguishers that are the right size and type for the fires that might occur.

*Consider installing a sprinkler system in all new construction.

*Latest information indicates that every 15 seconds a fire department responds to a fire somewhere in the U.S. ...

A residential fire occurs every 66 seconds...

There is a civilian (non-fire service person) fire death every 118

Services held for Albert Rohmer

Mass of Christian Burial was offered in Sacred Heart Church on Sept. 29, 1992 for Albert L. Rohmer of Rt. 4, Gainesville, a Muenster native, who died in Gainesville Memorial Hospital on Sept. 26 at 10:20 p.m. at age 82.

He was born in Muenster to Leo Rohmer and Anna (Koelzer) Rohmer on Aug. 26, 1910.

On Oct. 19, 1954 he married Ursula Hinzman in St. Mary's Church of Gainesville.

She survives, along with eight sisters, Mary Rohmer, Gertrude Voth and Martha McKinney all of Muenster; Eleanor Sicking and Rita Becker both of Rt. 4, Gainesville; Adeline Pettit of Sherman; Bertha Wooten of Wichita Falls and Agnes McCallion of Tuscon, Arizona. Also three brothers, Alois Rohmer, Arnold Rohmer and Norbert Rohmer all of Muenster.

He was preceded in death by his parents and two brothers Ed and Urban Rohmer.

All his life, Albert Rohmer loved farming. He grew up on a farm near Muenster, learning the business of farming and repairing machinery while helping his parents. He began farming for himself in 1933, a vocation he pursued until joining the U.S. Army on Oct. 10, 1942. He arrived in England in February 1943, and participated in five Campaigns, serving in Belgium, France, Germany and Austria.

Speaking both English and German fluently, because he knew the German language from childhood, he was able to act as an interpreter between Americans and Germans and often accompanied his commanding officers as an interpreter.

Albert Rohmer was discharged from the Army on Nov. 10, 1945. Returning home, he worked for Joe Wilde Chevrolet for two years.

In 1947 he opened his own machinery repair shop. His specialty was two-cylinder John Deere tractors, but he handled all makes of tractors, trucks and cars. A good mechanic who priced his work reasonably, he was well known and many depended on him.

ALBERT ROHMER

He met his wife in 1952 soon after she came to Texas from Germany, sponsored by a Gainesville relative. They were married on Oct. 19, 1954 and built a home in Muenster and Ursula worked in the dress factory here. In 1965 they treated themselves to a long vacation and flew to Germany for a visit.

Although he worked in his shop with pride, he dreamed of going back to farming. In 1966 they bought a farm southeast of Myra seven miles from Muenster. Ten years later they built a new house on the farm and moved there. Albert leased his shop to Bob Walterscheid. Together the couple worked to tend their cattle, harvest their crops, cut their firewood and maintain a show-place garden.

Werner Becker, Sr., a brother-in-law said of them: "We, their neighbors saw them as a happy, contented couple."

They belonged to Sacred Heart Parish and he was a member of the Veterans of Foreign Wars.

Preceding the funeral Mass on Tuesday, Rosary services were held in McCoy Funeral Chapel of Muenster on Monday at 4 p.m. and Vigil at 8 p.m.

Participating in the funeral liturgy were Father Victor Gillespie OSB and Father Camillus Cooney OSB, con-celebrants of the Mass.

Also relatives Susan Yosten and Linda Sepanski who presented Readings from the Old Testament and New Testament, respectively. Prayers of the Faithful were read by Alan Rohmer. Altar servers Nicholas and Jonathan Yosten and Michael Becker presented Offertory gifts.

Eucharistic Ministers assisting Fathers Victor and Camillus were Viola Rohmer, Andy Klement, Linda Becker, Jerry and Evelyn Sicking and Leoba Mollenkopf. Sacred music was by Ruth Felderhoff, Emily Klement, Christy Hesse and Eric Gray. Songs included 'How Great Thou Art,' 'We Will Wait No More,' 'Psalm of the Good Shepherd,' 'We Walk By Faith,' 'Edelweiss Blessing Song,' 'Song of the Angels,' and 'Holy God, We Praise Thy Name.'

Burial was in Sacred Heart Cemetery, directed by McCoy Funeral Home of Muenster. Pallbearers were Neil Rohmer, Werner Becker Jr., Kenneth Sicking, Johnny Reiter, Ray Sicking and Tommy Knabe.

MUENSTER HIGH SCHOOL ROYALTY include, l to r, front row - seniors Dianne Pagel, Lori Graham, Cindy Culp and DaLana Walterscheid; back row - princesses Theresa Kubis, Denise Russell and Melissa Biffle. The Homecoming Queen will be crowned Friday, Oct. 9, during halftime festivities of the Hornet-Collinsville game. Janie Hartman Photo

Hornets prepare for Homecoming

The Muenster Hornets will highlight the 1992 Homecoming activities when they play the Collinsville Pirates Friday, October 9 at 7:30 p.m. The 1992 Homecoming Queen will be announced at the game. Queen candidates are Cindy Culp, daughter of Charlotte and Bill Culp; Lori Graham, daughter of Donna and Gerald Graham; Dianne Pagel, daughter of JoAnn and Johnny Pagel; and DaLana Walterscheid, daughter of Marlene and Giles Walterscheid. These seniors are joined by the princesses of the court: junior Theresa Kubis, daughter of Rosina and Gilbert Kubis; sophomore Denise Russell, daughter of Rita and Robert Russell; and freshman Melissa Biffle, daughter of Mil and Herkey Biffle. This royal court was selected by MHS students.

Homecoming activities will commence with a special prayer meeting at Sacred Heart Church at 8 p.m. Wednesday, October 7, followed by a short pep rally at Hornet Stadium.

On Friday the cheerleaders will lead a school-wide pep rally in the gym at 3:10 p.m. A pre-game ceremony will be held Friday at 7:15. And at half time of the game the MHS Homecoming Queen for 1992 will be announced.

The final event will be a school-sponsored dance after the game until midnight. The dance is open only to MHS students from grades eight through twelve.

JIM MCGRAW, R.N., M.N., CCRN, CEN, a trauma clinical nurse specialist from Harris Methodist-Fort Worth, presented an early trauma care and referral program on Sept. 23 at Muenster Memorial Hospital. It was attended by nurses, EMTs and paramedics from Muenster and Gainesville. They received three hours of credit. Janet Felderhoff Photo

COLE Continued from Page 1

"Mr. Endres has gone to great lengths to restore the doctors' faith and to be as cooperative as possible," explained Dr. Cole. "The problem is that ultimatums have been given; the doctors have had huge legal costs; and still there is the risk that the contract being negotiated now could be broken again on somebody's whim. The negotiations have damaged my practice from what it was in May. Even if I buy into the contract the chance of my making a go of it is risky. The risk increases with each month."

The main obstacles to Dr. Cole in fulfilling his part of the contract by the end of next May are the need of referrals from a general practitioner such as Dr. Walsh and the need for a well-planned advertising campaign. There has been a noticeable drop in the number of patients coming through Dr. Cole's office since Dr. Walsh closed his local office. Endres suggested that this could be because Dr. Cole didn't take new patients during the time contracts were being renegotiated.

"I believe that all of the doctors wanted to stay (with MMH)," explained Dr. Cole. "I am still willing to see patients and will do everything I possibly can over here. I want people to know that the doctors (Walsh, Tompkins, Cole) are not a bunch of money grubbing people. We took a marked decrease in income to come here. That's documentable and has been shown to the board through documents given to Mr. (Chuck) Bartush and Mrs. (Margie) Starke."

In reference to the day that the three physicians and their attorney and Mr. Endres and the hospital's attorney met in Dallas, Dr. Cole said, "We wanted things to work out. Otherwise we wouldn't have been in a 12 hour meeting paying an attorney \$205 an hour (per doctor). I think if a board member had been at that meeting Dr. Walsh would still be here. Twice during the meeting their attorney stated that if Dr. Walsh didn't like it he should leave. It had nothing to do with wanting money. The biggest

problem had to do with changes in wording, but the wording had a potentially debilitating effect on the contracts." The doctors did request that at least one board member be present and Dr. Cole personally asked Don Flusche to attend. "This can be confirmed by Mrs. Debbie Hess," said Dr. Cole.

In response to this Mr. Endres added, "As Dr. Cole noted, the changes suggested by our attorney had nothing to do with money or attempting to renegotiate the deal the hospital had entered into with the doctors. Despite this fact, Dr. Walsh felt he could not trust the hospital with respect to any revisions to his contract. At that point, Mr. Hedrich, our attorney, commented that if Dr. Walsh was that unhappy and had such a deep mistrust of the hospital board then perhaps it was in his best interest to leave since his mistrust would make further negotiations impossible."

During an interview after the Wednesday board meeting the board and administrator seemed baffled as to why Dr. Cole was hesitant to agree on and sign a new contract. Some were of the opinion that he really didn't want to stay with Muenster.

The facts of both parties involved have been presented using the information that they provided and would allow or were allowed to reveal. It is up to the reader to draw his own conclusions.

OKTOBER FEST from Page 1

individually or as a team. Any combination of guys/gals can make up the 4-person team. Entry fee is \$5 per player, and T-shirts will be given away as prizes. Anyone wishing to enter in advance may contact Danny Nortman at 665-8297.

The day's events will kick off with the serving of the main meal, catered by the Hermes Sisters of Lindsay, under the pavilion from 11 a.m. to 2 p.m. There will also be plenty of delicious German food and drink to partake of throughout the afternoon and evening.

Also, there will be a 25-inch color television on display under the pavilion so that football enthusiasts may watch their favorite teams.

Many other booths, including bingo, homemade goods, high-hand cards and other miscellaneous activities will be sponsored by various Lindsay civic, parochial and school organizations.

FIRE

Continued from Page 2

minutes...

There is one civilian fire injury every 18 minutes... An estimated \$9,467,000,000.00 in property damage occurred as a result of fire in 1991, including 49,000 vehicle fires.

It is further estimated that 4,465 civilians (non-fire persons) died as a result of fire in 1991.

For the hearing impaired, a bright flashing light provides success in gaining attention. Use 110 candela when placed approximately six feet from the floor and connected with a smoke detector. Always consider variables. For more information, call 301-463-0278.

Low-fat high-carbohydrate diet not only reduces body fat, it seems to increase lean body mass, say doctor-nutritionists at the University of Illinois in Chicago.

Enalapril, a drug to combat the constriction of blood vessels, reduced deaths and hospitalizations for those with congestive heart failure, a study by the National Heart, Lung and Blood Institute found. Patients with damaged hearts but no symptoms of heart failure were helped, too.

An additional source has been found for taxol, the cancer drug that could be made only from the bark of the scarce Pacific yew tree. Large amounts of taxol were found in the leaves of the Asian yew.

People who take naps--at least 30 minutes a day--are less likely to have heart problems than those who don't, a Greek study found.

Reminder: October and November are the ideal times to get vaccinated against flu. Last year's flu experience was bad; it would be wise to be prepared this year.

Reminder: we're your health headquarters at Wal-Mart Pharmacy in Gainesville Shopping Center. 10-2-1-E

We wish to express our sincere appreciation to each and everyone for the many acts of kindness and comforting expressions of sympathy received upon the death of our beloved Bishop Danglmayr.

Special thanks to the following for the beautiful, solemn service: the Most Reverend Bishops Thomas Tschoepe, Charles Grahmann, Joseph P. Delaney, Michael Sheehan and Carl Pfeifer; Fr. Victor Gillespie, OSB; Fr. Camillus Cooney, OSB; all attending monsignori, priests, brothers and sisters; the Fourth Degree Knights of Columbus; and musicians: Ruth Felderhoff, Dr. Martin Kralicke and Christy Hesse. Thanks also to the McCoy Funeral Home for their many acts of kindness and understanding.

We are deeply grateful to the dedicated special individuals who provided excellent care for Bishop in his home and for the support and assistance from the staff of Home Health Care.

Thanks also to all who so generously brought food and especially to the ladies from the CDA who prepared and served the delicious meal.

You are all in our prayers,
The Family of the
Most Reverend Augustine Danglmayr, D.D.L.L.D.

MRS. JOHN RAYMOND EDENS
...nee Christy Jean Hellman...

St. Peter's is site of Sept. 26 nuptials

St. Peter's Catholic Church of Lindsay was the scene of the wedding of Christy Jean Hellman of Irving and John Raymond Edens of Longview on Saturday, Sept. 26 at 5 p.m., with a Nuptial Mass and double ring ceremony officiated by Father Stephen Eckart, OSB.

The bride is the daughter of C. J. and Alice Hellman of Lindsay and the groom is the son of Mrs. Betsy Edens and the late Donald Edens. A graduate of Lindsay High School and Texas Tech University, the bride is a graphic artist employed by DLM Inc. A graduate of Irving High School and also Texas Tech, the groom is an engineer employed by Eubanks Mfg. Co.

The bride was presented at the altar by her father. For her wedding she selected a silhouette gown

of white silk shantung taffeta, designed by Demetrios. The bodice was embellished with re-embroidered lace and bridal jewels. Long tapered sleeves met V-notched cuffs of lace, and were buttoned at the wrist. From an elongated waistline, the straight skirt fell softly to slipper length, with a lace hemline. The chapel length train was detachable. Her fingertip veil of illusion was designed by the bride and her mother. The veil was attached to a pouf adorned with lily of the valley and white pearl spires.

She carried a European style cascade of white calla lilies, orchids, fragrant white freesia, trailing with tropical dendrochium orchids, accented with touches of purple statice.

For tradition, she wore earrings belonging to the groom's grandmother. She also borrowed white satin shoes decorated with bridal jewels.

ATTENDANTS

Rhonda Dieter of Gainesville was her sister's matron of honor.

Shawna Tankersley of Tyler, bride's sister; Laura Hutchens of Coppell and Stephanie Phillips of Lubbock, friends of the bride, were bridesmaids. They wore purple Bergaline gowns created by the bride's sister, Shawna, and designed with fitted bodice, elegant cape-like collar and fitted skirt of slipper length. Their flowers featured a cascade of purple everlasting silky flowers and white stephanotis, with white satin bows and lace.

Kayla Dieter of Gainesville, bride's niece, was flower girl and Keith Dieter, bride's nephew, was ring bearer.

James Edens of Irving, brother of the groom was best man.

Jeff Bargas of Irving, Bryan Fetich of Irving and Reed Fry of Austin

friends of the groom, were groomsmen. Guests were ushered by Mike Walter and Mike Gobble, cousins of the bride, and both of Muenster. Altar servers were Kyle and Kasey Sandmann, friends of the bride from Lindsay.

Ruth Felderhoff provided piano music for the wedding; and Jenny and Kelley Wimmer and John Goforth were vocalists.

The bride's godparents, Aunt Mary Nell Newman of Gainesville and Uncle David Walter of Arlington, presented Offertory gifts at the altar. Liturgical Readings chosen by the couple were given by the bride's aunts Judy Hoberer and Peggy Gobble.

RECEPTION

A reception, dinner and dance were enjoyed by 215 guests, hosted by parents of the bride, in the Lindsay School Cafeteria.

Amelie Bargas and Keli Cullen, friends, and Sunny Coon, groom's cousin, presided at the bride's book.

The bride's table was decorated with banquet-style drapes of lace and ribbon, and purple bows with white rosette centers. Guest tables held arrangements of purple and white satin bows with white pearl flowers, ribbon and greenery.

The three-tiered white wedding cake made by Betty Rose Walterscheid, was decorated with rosettes, pearl strands and purple silk flowers. It was topped with a keepsake ornament of crystal double hearts and swans on a bed of lace adorned with spirals of pearls and rhinestones and satin rosettes.

The chocolate groom's cake featured a double T monogram for Texas Tech University, with strawberries dipped in chocolate, and almonds.

Betty Rose Walterscheid cut the wedding cake and Mary Nell Newman cut the groom's cake. Cousins of the bride Lori Hoberer, Sally and Lisa Walter served the cake.

The rehearsal dinner was hosted by the groom's mother at The Wooden Spoon on Friday, Sept. 25.

When the couple returns from a wedding trip to Jamaica and Ochos Rios, they will reside in Lake Cherokee, Texas.

2nd annual Life Chain set for Sunday in Denton

by Elaine Schad

Two special area events are set to emphasize the precious gift of life.

The second annual Life Chain will form along University Drive in Denton this Sunday, Oct. 4, beginning at 2 p.m.

The Life Chain is a nationwide right-to-life movement to express the rights of the unborn and to encourage people to always choose life. The chain will be forming in many cities throughout the United States at the same time on Sunday.

The first "Celebration of Life" Banquet is set for Saturday, October 24, from 6 to 9 p.m. at the Silver Eagle Suite at the University

of North Texas. The room is located in the University Union Center on the third floor at Prairie Street and Avenue A in Denton.

Keynote Speaker will be Akua Furlow, a board member of the Texas Right to Life, a board member of Life Advocate and Texas Coordinator for the Black Americans for Life. There will be a video presentation, a meal and musical entertainment.

Tickets are \$12.50 per person and are available at Denton Bible Church or the Crisis Pregnancy Center in Denton. Call 383-3150 for more information.

Mandy Barnhill gives speech at VFW #1922

Gainesville VFW and Auxiliary #1922 welcomed special guest Mandy Barnhill, a Sacred Heart High senior, at their regular business meeting on Monday night, Sept. 28. Mandy gave her "American Freedom Enterprise" speech which she has written for a Farm Bureau scholarship contest. In the men's meeting of 45 members, Mandy was introduced by Commander of #1922, J.W. Trisler, and in the ladies' meeting, Jeanne Speake, Auxiliary president, gave the introduction to the 33 members present.

The speech was well received and Mandy received many compliments on her presentation and the content and quality of her speech. Part of the requirements of the contest is presenting the speech to at least five organizations.

An NMSC official stated, "The high performance of Commended Students in the extremely competitive Merit Program and the school's important contribution to the development of these scholastically talented youth deserve public recognition. We hope the honor these students have earned will encourage them to take advantage of their opportunities for higher education and will serve as an example for other aspiring young men and women. Our nation will benefit from the fullest development of this intellectual resource."

Lindsay student honored in Merit Scholarship program

Lindsay High School Principal Jim Anderson has announced that Leslie Cler has been named Commended Student in the 1993 National Merit Scholarship Program. A Letter of Commendation from National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented by the school to this outstanding senior. Leslie is the daughter of Charles and Alyce Cler.

About 35,000 Commended Students throughout the nation are being honored for their outstanding performance on the 1991 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test, which was the route of entry to the 1993 Merit Program. Commended Students have shown exceptional academic

promise by placing among the top five percent of more than one million program entrants, although they will not continue in the 1993 competition for Merit Scholarships.

Three prepare to join the Catholic Church

Three people have taken the first formal step in the process of Christian initiation in order to join the Catholic Church. All three attended classes this past summer as part of the "inquiry stage."

Theron Smith was welcomed into the Catholic community and became a "catechumen" during the Rite of Acceptance at the 10:30 a.m. Mass on Sunday, Sept. 27. After responding to questions by Father Camillus, he was "signed" with the sign of the cross on his senses by his sponsor, Tony Luke. He now begins the lengthy process of instruction called the catechumen as he prepares for the Sacraments of Baptism, Confirmation and Eucharist.

Virginia Allen and Kevin Reeves were also welcomed into the Catholic community to begin preparation for the sacraments of Confirmation and Eucharist. Both have been baptized in their respective churches. Virginia was "signed" with the cross on her senses by Bill Bivin, her sponsor, and Kevin was "signed" by his sponsor, Sam Sparkman.

All three were presented with a Bible and encouraged to continue to reflect and study the Gospels in preparation for receiving the Sacraments of Initiation. After intercessory prayer, all three were dismissed to reflect on the Scripture readings for that Sunday. Father Camillus Cooney presided at the rites. Songs and antiphons for the rites were led by Christy Hesse, Dave Bayer and Bob Bauer, accompanied by Ruth Felderhoff on the organ. Barbara Fuhrmann, director of the process of Christian Initiation, carried the lectionary in procession and did the readings.

Annual Bake Sale planned for Oct. 16

The annual Bake Sale for cancer aid and local relief has been set for Friday, Oct. 16, 1992. It is sponsored by the Muenster VFW Ladies Auxiliary #6205. The monies from the annual fundraiser are used for research, cancer fund grants and for aid to local members and citizens.

The sale is at two local grocery stores, Hofbauer's and Fischer's. All members of the Auxiliary are asked to bake homemade goods so there is a plentiful supply for sale. The sale will begin at 8 a.m. on Friday, Oct. 16, and close when all merchandise is sold.

New Arrival

Endres

Gary and Mary Endres are proud to announce the arrival of their daughter, Victoria Lynn. She was born Monday, September 28, 1992 at 1:21 p.m. at Gainesville Memorial Hospital, weighing 6 lb. 12 ozs. and measuring 19 1/2 inches in length. Victoria Lynn is welcomed by her brother and sisters, Nicole, Shauna, Luke, Lisa and Natalie. Grandparents are Ed and Clara Endres and Gary and Caroline Hess.

4-H Ag, Livestock Club begin meetings Oct. 3.

The 4-H Ag and Livestock Club will begin its yearling meetings on Saturday, October 3, at 3 p.m. at the Cooke County Fairgrounds in Gainesville. This club is designed to look at various livestock enterprises and agricultural industry throughout the North Texas area.

Four-H members will participate in farm tours and educational programs on livestock and crop agriculture.

Interested youth between third grade and age 19 are invited to attend the program planning and enrollment meeting on Saturday, October 3 at 3 p.m.

The Ag and Livestock Club is a special interest club. Four-H members can be members of community clubs and also participate in this special interest club.

Forestburg FHA begins new year

reported by Amy Smith
The first Forestburg FHA meeting was on Sept. 9 at 4:30 p.m. in the Home Economics room. Officers for this exciting upcoming year were elected. The final results were: Jennifer Scott, president; Catrina Balthrop, vice-president; Kristie Greenwood, secretary/treasurer; Amy Smith, reporter; Kyla Willett, historian.

Anything new this year? The members discussed possibly going on a trip to Albuquerque, New Mexico for a National Regional Cluster Meeting. The issue of fundraisers were discussed and the decision was to sell Tom Wat products to help pay for such a trip. During the meeting, members enjoyed nutritious refreshments. The next meeting will be Oct. 14 at 4:30. Y'all come by!

Don't Let Dollars Go DOWN THE DRAIN... THE DRAIN... With Water Heating Costs
Did you know that water heating makes up 25% of your utility bill? That's why it pays to install an energy-efficient water heater in your home. Check with your local electric cooperative for details on the Centsible Water Heater Program. By installing a safe, energy-efficient electric water heater in your home, you can collect cash rebates and save on your utility bill, too.
To learn more about the Centsible Water Heater Program or other Centsible Saver programs, call:
• Install an insulating water heater jacket
• Set the thermostat to medium or low (120 degrees)
• Repair leaky faucets
• Insulate hot water pipes
• Check the tank and elements for sediment build-up

Mammograms make sense, Please make time
Today one in nine women will develop breast cancer, but because of early detection through mammograms, lives are being saved. The American Cancer Society (ACS) recommends you have your first mammogram when you're between the ages of 35 - 39. Then one every year or two during your 40's. After 50, a mammogram should be performed once a year.
October is National Breast Cancer Awareness Month. At Muenster Memorial Hospital we are a part of a Comprehensive Program of Cancer Screening and Diagnosis. Mammography at Muenster Memorial Hospital is:
• Accredited by the American College of Radiology (ACR)
• Our state-of-the art equipment is dedicated and used only for mammography (General Electric Senograph 500T - rated #1 by the American College of Radiology (ACR))
• Interpreted by a Board-Certified Radiologist and ACR approved
• Exams performed by a certified trained female technologist
Muenster Memorial Hospital will offer mammograms for \$50.00
For an appointment call 759-2271
Muenster Memorial Hospital
MUENSTER HOSPITAL DISTRICT

Muenster, Texas 76252

Kirsten and Hilke experience life in the U.S.

Life is too fast-paced in the United States, agree the two teenage German girls visiting Muenster from Münster, Germany. They feel that Americans have a schedule that is much too busy.

Kirsten Twenhoeven, 16, and Hilke Schweda, 17, wanted to experience life in the United States. They wanted to learn about American behavior and traditions, eat American foods, to see the cities and the countryside, and to learn to speak English more easily.

Bob and Kathy Bauer have taken Hilke to live with their family while she is visiting here. Hilke's parents are Hermann and Hildegard Schweda. She has one sibling, a sister, Anke. While in America,

Hilke will celebrate her 18th birthday.

Ted and Carol Henscheid are hosting Kirsten. Her parents, Jorge and Monika Twenhoeven, were guests of the Henscheids in 1989. Mr. Twenhoeven, mayor of Münster, Germany, was invited to Muenster, Texas to help celebrate Muenster's Centennial.

Hilke and Kirsten have been attending classes at Sacred Heart High. There are many differences in school here compared to in Germany. In Germany, the school day ends at 1 p.m. The students aren't involved in so many extracurricular activities.

The first few days of school at Sacred Heart were exhausting for

Kirsten and Hilke. After classes were dismissed at 3:30 p.m., there was practice for drill team. Sometimes they also have basketball practice. One evening they didn't get home for supper until 6:30 p.m. "When is there time to do homework, relax and do things with friends?" the two visitors wondered.

German classes consist of 30 or more students. Lessons are 45 minutes long with a five-minute break between each class. There are classes on the second and fourth Saturday each month. English is a required subject. French or Latin are also offered later. According to the girls, a greater number of subjects are taught but they are held on fewer days of the week. "The schedule is different every day. Eleven or 12 subjects are offered and you must take 11 of them," said Hilke.

Most impressive in Texas to Kirsten were the big cars and houses. Hilke was fascinated by the World Trade Center in Dallas, the numerous restaurants near the highway, and by the beautiful land and nature here. Texas is still their favorite state.

The girls have just returned from a trip to West Texas where they saw their first real Texas cowboys, rode horses, attended a rodeo and a roping. "There were no trees, the land was flat and you could see as far as you can see," they remarked.

Five days were spent in Arkansas where they went to a wax museum, visited the hot springs, went shopping and went to the mountain tower. Some of their fun experiences have been a trip to Six Flags and performing with the Sacred Heart Drill Team during halftime at a Tiger football game.

This week has been interesting at Sacred Heart since the students are busy celebrating Homecoming Week.

"It's been fun getting to know the other teens here," they said. "We learned to drive a car." Christy Yosten and Mandy Barnhill taught Hilke and April Truelsen and Deann Bayer instructed Kirsten. This was a new experience since in Germany they aren't allowed to drive until age 18.

Events yet being anticipated are a Civic class field trip to the JFK Museum, another trip to Dallas to see more of its cultural offerings, a possible trip to San Antonio and participating in sports events after drill team is over. Kirsten plans to play basketball and Hilke will run in cross country events.

On Nov. 14, the learning experience in the United States ends and the visitors return to their families and friends in Germany. "We have made a list of things we want to do but there isn't enough time," the girls revealed. "Time runs away and we have a lot of things yet to do."

One of the problems that they anticipate on their return trip home is finding room for all that they have purchased while here. Levis and Converse shoes were only a few of the items on their shopping lists.

Carol Henscheid and Kathy Bauer both agree that the girls have become like members of the family and they will be missed when they return home. "Everyone should have a student with them. It's a great learning experience," Carol said. "It isn't like having a visitor in your home. The girls fit in perfectly and it isn't uncomfortable at all," commented Kathy.

MMH Auxiliary saddles up for elegant night out October 17

The Muenster Memorial Hospital Auxiliary met Thursday night, Sept. 24, at 7:30 p.m. in the administrator's office, finalizing plans for their annual fall fundraiser, a Western dance themed "Back In the Saddle Again - A Night Out In the Old West."

The meeting was called to order by President Peggy Grewing, after which Betty Rose Walterscheid offered a prayer.

Following reading of the previous meeting's minutes and treasurer's report, Peggy began discussion on which project would be pursued by the Auxiliary - bather or nurse call. It was decided to keep the bather as the fundraiser goal of the Auxiliary.

The next item on the agenda was the fall fundraiser, a Western dance, to be held Saturday, Oct. 17, in the Sacred Heart Community Center. Dance Chairman Kathy Bauer reported that all subcommittees are on schedule and everything is proceeding smoothly.

Tickets are now on sale from various Auxiliary members. Anyone interested in attending (or just supporting the Auxiliary) should purchase their tickets early, as seating is limited and tickets are going fast. For more information or table reservations, call Lisa Walterscheid at 759-4630.

Janie Monday is in charge of procuring entertainment for the hour-long musical revue, which will precede the dance from 8 to 9 p.m. Janie urges everyone to arrive early to avoid missing any of the great entertainment!

Donna Biffle is in charge of the auction and raffle. She has obtained some very special items for the two events, so be sure to participate in the auction and buy raffle tickets.

The Chuckwagon Breakfast promises to be a wonderful addition to the Auxiliary dance, serving up scrambled eggs, ham, biscuits and gravy, orange juice and coffee. The breakfast is included in the ticket price. Donations for the breakfast will be accepted at the local grocery stores, if anyone is interested in supporting the Auxiliary and helping to defray expenses for this fundraiser.

The next item of business on the agenda was the upcoming Red Cross Blood Drive, to be held Wednesday, Oct. 7, from 2 to 6:30 p.m. in the KC Hall. Chairmen Marlene Endres and Denise Pagel have done a great job of organizing the drive and they urge everyone to give blood - our goal is 100 pints. Special attention is called to the new hours: beginning at 2 p.m. to allow more people time to give blood.

The meeting was adjourned at 8:30 after a motion by Jodie French, seconded by Denise Pagel. Kathy Bauer and Cheryl Rohmer won the door prizes, donated by Mary Hess and Dorothy Fisher. The next Auxiliary meeting will be held Thursday, Oct. 22, featuring a program on organ tissue donation. The nominating committee for new officers will be selected at that meeting.

VFW Auxiliary hosts District I president

Marvella McLain of McKinney was a guest of the VFW Auxiliary No. 6205 Monday during the regular September meeting. Her comments included praise for the Auxiliary's work; reminded members of the District I meeting in Sherman on Oct. 24-25; a special program at the Bonham Veterans Hospital on Oct. 23 at 2 p.m.; and also reminded members that dues for 1993 are now payable.

Frances Bayer, president, conducted the business meeting. Theresa Muller was patriotic instructor pro-tem. Ida Bindel, secretary, gave the roll call and minutes. Lucille Hesse gave the treasurer's report.

Two new members, Rachel Hennigan, wife of Commander Art Hennigan, and Mandy Barnhill, granddaughter of Art and Frances Bayer, were accepted. The Rehab. Chairman reported delivering several gift baskets to veterans and a gift certificate to a special child.

A report was made that the Voice of Democracy essay contest information was brought to both schools. Members voted to send in their hospital pledge, and also make a donation to the National Home Christmas Seals. Frances Bayer reported on the Past-Presidents Appreciation program in Sherman. She and Janet Barnhill brought cakes and a gift for the auction. They also attended the candlelight service for POW-MIAs.

The annual bake sale for Cancer Aid and a Local Relief Fund will be Oct. 16 at both Hofbauer's and Fischer's. Members were asked to bake, and call Frances Bayer or Juanita Knabe for work hours. Agnes Hesse volunteered as refreshment hostess in October. Juanita Knabe served refreshments to 13 members, two new members and one guest. Ida Bindel won the door prize.

Square dance lessons offered at Cooke County

Square dance lessons will be presented at Cooke County College, beginning every Tuesday, 7 p.m. to 9 p.m., from Oct. 6 to Dec. 8, in Rooms 1503 and 1504. The instructor will be Tracy Collum, sponsored by the Gainesville 49'ers Square Dance Club. Kevin Sandmann of Valley View is president of the club.

The project will offer an opportunity to learn the history of various group dances of English rural origin, the definition of

square dance calls and the performance of basic and mainstream movements.

There will be a minimum basic charge. For more information, call 668-7731, ext. 272.

Lindsay Secular Franciscans meet in Zimmerer home

Henry and Frances Zimmerer hosted the Secular Franciscan meeting on Sept. 15 in their home with Minister Theresa Hermes leading prayer and Marie Zimmerer reading from Scripture.

Father Martin Wolter's letter was read to the group, telling about his trip to Dayton, Ohio for the Quincentennial Congress, attended by more than 500.

A Holy Hour on Oct. 4, Feast of St. Francis, is planned, followed by a social hour in the parish hall.

Members sent a donation to the St. Francis Village in Crowley, for the Retirement Center named for Father Phil Marguard, OFM.

The quilt top made by members will be quilted soon. Another activity will be a garage sale in October. The hostess, Frances Zimmerer, served cake, fruit bowl and coffee for refreshments.

Reunion Bindel

Descendants of Frank and Marie Bindel held their annual reunion in Muenster City Park Pavilion on Sunday, Sept. 20 with a noon meal. Sixty family members attended, with one guest Mrs. Lillian Reid who was visiting the Donnie Koerner family in Pilot Point. Adults enjoyed table games and visiting and the children enjoyed playing in the park.

Heritage Quiz Questions

1. After what were the streets of the original townsites north of Division named?
2. For what purposes did the ranch owners donate 25 acres of land?
3. What was the most disastrous weather phenomenon that affected early Muenster?
4. What was the first name selected by the Flusche brothers for their new colony in Cooke County before it was rejected by the Post Office Department?
5. What was the original name of the parish in Muenster?

Beta Kappa serves up styles at luncheon Oct. 3

Members of Beta Kappa in Muenster are offering a fun way to spend a Saturday - a Style Show and Luncheon at Canal Clothing in Las Colinas on Saturday, Oct. 3. Tickets are \$10 each and, with limited seating, anyone interested is urged to contact Kathy Bauer, 759-2573, or Connie Grewing, 759-4009, this week to make your reservation.

Ticket sales from the Style Show and Luncheon, as well as 10% from any sales at Canal Clothing, will

provide a donation from Beta Kappa to the Youth Entertainment Committee, which will be used for activities for Muenster's young people.

This promises to be an excellent way for mothers and daughters, friends, or just anyone interested in styles to spend a beautiful Saturday - enjoy a gourmet lunch together and relax, watching models present the latest in fashions and accessories!

Recipe is "centered" around hearty soup

A Chamber of Commerce sponsored sausage recipe contest will be held in conjunction with the annual Oktoberfest. Each of the local businesses who specialize in making sausage were invited to submit their favorite recipe.

One recipe will be published each week until Oktoberfest. Their order of publication was selected by drawing names. The public is encouraged to try the recipes.

During Oktoberfest the four participants will compete in a cook-off. The winner receives the coveted Sausage Cup Award.

Combine sliced potatoes, onions, celery seed, salt, pepper and dill seed; add water and simmer until potatoes are done, about 20 minutes. Then, mix the crumbled sausage with the potato mixture. Pour in the milk and chopped parsley. Return to the stove until well heated. Yield: 6-8 servings.

Maurice Pagel will observe 71st

Maurice Pagel will be honored by his family in observance of his 71st birthday. To add cheerful surprise to his day, they are urging friends, former neighbors and relatives to join in a birthday card shower this week and next. Pagel's actual birthday will be Oct. 4. He is a resident of St. Richard's Villa in Muenster. Cards may be sent to Box 543, Muenster, or Drawer P, Muenster.

PAGEL'S SAUSAGE and POTATO SOUP

- 4 links Pagel's sausage
- 5 cups sliced uncooked potatoes
- 1/4 tsp. pepper
- 1 medium onion, chopped
- 1/4 tsp. celery seed
- 1/4 tsp. salt
- 1/4 tsp. dill seed
- 1 1/2 cup water
- 3 tsp. chopped parsley
- 3 cups milk

Microwave sausage links for 4 minutes on High. Remove the casing and crumble the sausage and set aside.

Michael celebrates being two twice

MICHAEL WHITECOTTON

Michael Gene Whitecotton, son of David and Helen Whitecotton, celebrated twice in observance of his second birthday, Aug. 24, 1992. A party was held at Tender Loving Care Day Care Center with all his little friends, when his parents brought popsicles for everyone on Friday.

Another party in the home of his maternal grandparents, Norbert and Ella Mae Rohmer, on Saturday featured a birthday supper with cake and ice cream. Guests included the honoree, his parents David and Helen, his brother Thomas, and sisters Sarah and Lorinda. Michael happily enjoyed two parties in honor of his birthday.

Assumption Catholic Church of Decatur sponsors Oktoberfest

by Elaine Schad

The annual Oktoberfest Carnival at Assumption Catholic Church in Decatur is set for this weekend, with a full slate of events both on Saturday and Sunday.

Booths, games and concessions will be open from 3 p.m. to midnight on Saturday on the parking lot behind the church, located at 1305 Deer Park Road in Decatur. There will be a dance at 8 p.m., featuring a variety of Polka, country-western and Hispanic music.

Sunday's activities will begin at 1 p.m. with the booths and games. An auction will get underway at 3 p.m.

There will be a drawing for three prizes at the end of the carnival. First prize is a new freezer with a side of beef. The processing is being donated by Fischer's Meat Market in Muenster. Second prize is a 19" color television and third prize is a \$250 U.S. Savings Bond.

Singles' Mass celebration planned for November 7

The Tenth Annual Diocesan Singles' Mass will be held at 7:30 p.m. Saturday, Nov. 7, at Most Blessed Sacrament Catholic Church, 2100 N. Davis Drive in Arlington. Bishop Joseph P. Delaney will celebrate the Mass. A reception will follow.

All unmarried Catholics are welcome to be a part of the Family of Singles celebrating a decade of love. Steve Wilcox, Singles' Mass Committee Chairman, urges all singles' groups to plan to attend

this event. More than 600 people from across North Central Texas joined in the Singles' Mass.

Take I-30 to the Fielder Rd. exit in Arlington. Exit northbound to the traffic light at Lamar Blvd. Turn east to the traffic light at Davis Rd.; turn north and the church is 500 feet on your left.

If you would like to carpool, call Barbara Fuhrmann, 759-4922 evenings after 9 p.m.

Teens should learn more than just how to drive...

Although high school driver education is a good way to teach young people how to drive, the risk of crashes is the same for all teens despite the method of learning.

Research indicates that teenagers who take driver education have about the same crash experiences as those who learn from parents or private driving schools.

"Learning to avoid unnecessary risks is just as important as driving techniques. Teens should not drink and drive or ride with anyone who has been drinking," said Janie Harris, coordinator for Occupant Protection-Passenger Safety Education, Texas Agricultural Extension Service. "They should drive within the posted speed limit or what's safe for the road and always buckle up."

Last year, 362 Texas teenagers - 15 to 19 years old - died in motor vehicle crashes, according to the Texas Department of Public Safety. Of those killed, 61% - 220 - were not wearing seat belts. More than 36,990 were reported injured.

"It's alarming to note how the number of fatalities jumped in the age of 16 - the age when teens in Texas can obtain their license," Harris said. "Fatalities rose from a total of 10 at age 15 to 35 deaths at age 16 and continued to increase."

In Texas, teen drivers account for 10% of licensed drivers, but are responsible for 25% of the state's accidents, she said.

Studies conducted by the Insurance Institute for Highway Safety (IIHS) indicate that inexperience and alcohol are two major contributing factors to teen motor vehicle crashes. Other facts reveal that nationally:

-More than 40% of the deaths of teens ages 16 to 19 occur from motor vehicle crash injuries.

-Every year, more than 5,000 teens of driving age die in vehicle crashes - slightly more than half as drivers, the rest as passengers. Two-thirds of these passenger deaths occur in vehicles driven by other teens. Hundreds more teens die as motorcyclists.

-Teenage drivers are responsible for a higher share of crash deaths per license holder than any other age group.

-The per-mile death rate is much higher for teenage drivers than for other drivers.

-Teenagers' motor vehicle crashes and traffic violations are more likely to involve speeding than are other drivers.

-The frequency of automobile insurance claims for occupant injuries in cars insured for teenagers to drive is more than twice as high as the injury claim frequency in cars insured only for adult drivers. Overall vehicle damage losses are also more than twice as high in cars insured for teenagers to drive.

"People are lax in buckling up when riding in back seats," Harris said. "Back-seat passengers should buckle up to save their own lives and the lives of those riding up front."

Back-seat passengers in a 30 mph crash can be propelled with a force rate equal to 40 times their own body weight, not only injuring themselves but other passengers.

"Even though the law does not require back-seat passengers to wear seatbelts," Harris said, "buckled is the safer way to travel."

What can parents do to help prevent their children from being injured in crashes? The IIHS lists these important tips:

-Choose safe cars for teenagers to drive, keeping in mind that larger cars are safer than smaller ones. Also, air bags and antilock brakes make cars safer.

-Give teens plenty of supervised driving practice before and after they get their licenses.

-Require buckled up seat belts on every trip. Set an example by buckling your own.

-Enforce no-drinking-and-driving rules. Make sure teens have a safe way to get home.

-Be aware of high risks involved when teen drivers and passengers travel together without adults.

-Place restrictions on night driving. About half of all fatal motor vehicle crashes involving teens occur at night, especially on weekends.

-Discourage teens from riding motorcycles. The death rate on motorcycles is much higher than in cars. All motorcyclists should wear helmets and protective clothing.

Prayer service to observe MHS Homecoming

There will be a special prayer service in observance of Muenster High School's 1992 Homecoming on Wednesday, Oct. 7 at 8 p.m. in Sacred Heart Church. It will be led by the seniors in the religious education program.

There will be an entrance procession of football players, coaches, queen candidates and princesses and others. Andy Cherry, pastor of First Baptist Church, will give a brief reflection on the Scripture Readings.

Parents, students and the faculty and staff of Muenster ISD are invited to attend. Everyone is welcome. A Pep Rally will follow at the Hornet football field.

SACRED HEART students, grades 7-12, receive trophies for their academic achievements at an awards ceremony on Sept. 16.

Hope to keep 8-year record... Students learn about voting in mock election

Fourth, fifth and sixth graders at Muenster Public School took part in the 1992 Weekly Reader National Presidential Election Poll on Wednesday, Sept. 23. The ballots had a space for Bush, Clinton and a write-in candidate. The Weekly Reader Presidential Poll has accurately predicted the

winner for the past eight elections.

Students at MPS learned how votes are cast, using a ballot and even a few rules such as no campaigning within a designated area of the polling place.

Results of the Public School Poll are: Total, 72 votes cast; Bush, 15; Clinton, 45; other, 12.

CHRISTOPHER J. MOSTER

Christopher is four!

Christopher Joseph, son of Chris and Patricia Moster, celebrated his fourth birthday on Sunday, Sept. 27. "Bat Man" was the theme of the party with decorations including a large cake made by Mary Sell, his grandmother. The party began in the early afternoon with guests enjoying hot dogs and hamburgers. After the birthday cake was served Christopher opened his gifts. Before guests departed they enjoyed more food and refreshments.

Attending were Larry and Mary Sell, grandparents; Mrs. Steve Moster, grandmother; Frank Moster, uncle; Pam Sell, aunt, and son Shelby Sell, cousin. Other guests included friends from Muenster, Denton and Sanger.

The Texas Department of Health (TDH) reminds all parents and school or day care administrators that complete immunization records are required, not only for Texas school children, but for preschool children as well.

Recent outbreaks of childhood diseases prompted the Texas Board of Health in both 1990 and 1991 to modify existing immunization requirements.

TDH urges parents to ensure that their school children's immunization records comply with those rule changes, as well as with recommended immunizations for pre-schoolers. Physicians and local health departments can supply detailed information about the requirements. Low-cost or free childhood immunizations are offered throughout the year in many Texas communities.

One of the newest immunization rule changes eases restrictions against persons other than a child's parents who seek vaccinations for children in their care. Now, parents and legal guardians may formally delegate authority for signing immunization consent forms to other adults, such as a child's grandparent.

Other rule changes include a mandatory second dose of measles vaccine for all Texas school children by age 12. Also, children who are younger than 5 must be vaccinated against Haemophilus influenzae type b (Hib disease), a common cause of meningitis in children, and pertussis (whooping cough).

Wes Hodgson, epidemiology coordinator for the TDH Immunization Division, said, "The recurring measles outbreaks which began in 1948 underscore the tragic consequences of incomplete vaccinations. For several years, some parents failed to protect their children against vaccine-preventable diseases, while some

school and day care operators failed to keep adequate records so that inadequately immunized children went unnoticed. Now we have numerous insufficiently immunized children and young adults - all of whom are now vulnerable to infection."

Hodgson said that state law requires all children entering Texas schools or day care to show proof of immunization at certain ages against polio, tetanus, measles, rubella (German or three-day measles), mumps and diphtheria. Younger children must also give proof of immunity to whooping cough and Hib disease.

"The law allows for some exception to these requirements," Hodgson added, "but each case must be considered individually."

He stressed that since a child's age and medical history are factors in determining which vaccines and "boosters" the child needs, parents should consult their family physicians about the required immunizations for each child.

Hodgson said that, beginning in 1992, college students enrolled in health-related courses, and medical or dental schools will be required to have certain immunizations against rubella, mumps, measles, tetanus, diphtheria and hepatitis B. Veterinary students will need current vaccinations against rabies.

He added that physicians and local health departments are "ideal sources of information and guidance on both required and recommended immunizations for any age group."

Hornets drop another game

Muenster hit the road again Friday night to battle with another Class 2A team, the Aubrey Chaparrals, and came home with their fourth season loss, 49-0.

"It's the same old story," commented Muenster Coach Grady Roller. "We got beat by a better team. Matter of fact, the best team we played all year."

The Hornets would like to get on a winning streak, striving for their first win. "The guys played better and harder. You learn a lot when you have to struggle."

Aubrey rolled in 21 easy points in the first five minutes of the game. The Chaps took the opening kick and scored in four plays, with the extra point kick good, taking a 7-0 lead within 2 minutes. Muenster picked up only 2 yards their first drive and punted the ball back to Aubrey. On their 3rd play, a 67-yard touchdown run added

The Hornets got in several good runs, a 15-yard gain by Kenneth Walterscheid and two by Jay Hennigan for 14 before time ran out for the halftime break.

Muenster's first 2nd half drive started with a 17-yard run by Walterscheid. The next play was picked off and Aubrey took control for 3 runs and then punted.

From their own 29-yard line, Muenster made their move. Three runs by Walterscheid and Hennigan picked up 20 yards and Huchton hit Hennigan for another 16. The drive ended on the Chaps' 39 when they covered a loose ball.

Three short runs took Aubrey to midfield where a 47-yard touchdown ripped up the field. The PAT counted and the scoreboard read 35-0, with 4:49 on the clock.

Kenneth Walterscheid took three straight runs for 19 yards, but an incomplete pass and a quarterback

improving, along with the passing game," Coach Roller commented, giving credit to Kenneth Walterscheid's running attack and Jason Huchton's improved passing. "The defense would play good for 6 or 7 plays, then Aubrey would break one and we couldn't catch them."

Muenster hosts Honey Grove Friday night. The Warriors, District 17AA runner-up last season, performed with most of their playoff performers.

"They're not the best team we've played this year, but they have lots of team speed, like Aubrey," Roller said. He rates the team like Archer City. "It's not always the team with the better record, but who's playing better that Friday night." Kick-off is 7:30 in Hornet Stadium.

Statistics submitted by Nick Walterscheid

more points to the Chaps' score. The Hornets then fumbled the kick return and Aubrey took the ball into the end zone on a 24-yard run. With 6:53 remaining on the first quarter clock, Muenster found themselves behind 21-0.

The Hornets had a short high their second drive, with 2 runs by Kenneth Walterscheid and a 15-yard pass play from Jason Huchton to Kody Truebenbach. A quarterback sack and incomplete passes forced Muenster to give the Chaps possession of the ball.

Muenster's defense held Aubrey's next attempted attack, regaining possession after a 4th and 16 killed the drive. The Hornets took the ball into the second quarter, punting it back to Aubrey the opening play. The teams exchanged punts before the Chaparrals started their next scoring drive. This time, 9 runs and a 44-yard pass play moved Aubrey into the end zone. With the extra point, Muenster fell behind 28-0 with 2:35 left in the first half.

sack forced a punt. Aubrey returned the booted ball 57 yards for another touchdown. The extra point kick cleared the bars and, with 38 seconds on the clock, the Chaparrals took a commanding 42-0 lead.

The Hornets carried the ball into the final quarter, but punted it away on 4th downs. Aubrey took just two runs, including a 43-yarder, for another score. The PAT was good, and the points now were 49-0 with over 10 minutes to play.

Walterscheid, Hennigan and Huchton ran for 17 yards and Kody Truebenbach another 5 on a completed pass before the Hornets ran out of downs. Eight Chap plays later and the Hornets gained possession.

Scott Debnam ran 3 plays in a row and Hennigan picked up 29 yards on a pass play. The drive was halted when the Chaps picked off a Hornet pass on the 15-yard line and played out the remaining seconds.

MHS Cross Country team travels to Dallas to compete

The Muenster High School Cross Country girls traveled to Norbuck Park in Dallas on Saturday, Sept. 26 to compete in the SMU Invitational Meet. The girls had the opportunity to see the college athletes run.

The varsity team this week included Julia Fleitman, Cindy Culp, Misty Klement, Misty Knabe, Marlene Hess, Denise Russell and Lisa Russell. The course was a rugged two-mile race that required the girls to run hills, through trees, and actually jumping over hay bales. Their times were slow due to heat and the course conditions. They came in 12th place in the open varsity division. Their times were as follows: Julia with 15:51, Cindy with 16:04, Misty Klement with 16:05, Marlene with 16:17, Denise had a 16:31, Lisa with a 16:37, and Misty Knabe with a time of 16:40.

In the junior varsity division only two Muenster girls competed this week. Vivian Bolaños had a time of 18:34 and Sally Fisher with a 20:06.

On Saturday, October 3, the girls will run at Lake Dallas at 9:00 a.m. They are coached by Danna Hess.

Fishing Report

RAY ROBERTS: Water clear, 85 degrees, 1 foot above normal level; black bass are good to 8-1/2 pounds on red shad Ringworms; crappie are good to 2.3 pounds with limits caught easily on or near brush piles; white bass are good in schools near the dam, most caught on PopRs and topwater lures; catfish are good to 18 pounds on trotlines baited with live perch.

Ride responsibly. Kawasaki ATVs are for off-road use only and recommended for operation by persons at least 16 years old. Obey the laws and regulations that control use of your ATV. Never ride on public roads or pavement. Avoid excessive speeds and stunt driving. Kawasaki also recommends that all ATV riders take a rider training course. For more information, see your dealer or call the ATV Safety Institute at 1-800-447-4700. WARNING: ATVs can be hazardous to operate. Be safe, wear a helmet, eye protection and protective clothing. Never carry a passenger or ride under the influence of drugs or alcohol. Be extra careful on difficult terrain.

Tigers get first win of the season, 21-19

"We played hard the whole game; if we didn't, things would have turned out differently," stated Sacred Heart Coach John Nasche on his Tigers' 21-19 win over Saint Jo last Friday night. "We're playing better as a team and gaining confidence. I have to give Saint Jo credit for never giving up. We'd score, they'd score right back."

The Tigers took the opening kick deep on their 15-yard line and ate up most of the first quarter clock on an 85-yard run, 15-play touchdown drive. Runs by Aaron Berres, Larry Switzer, Joseph McCoy and completed pass from Jason Hess to Bayer and Neil Berres moved the ball to the Panthers' 3-yard line. Sacred Heart struggled for two plays to the 1-yard line where Jason Hess carried the ball in for a touchdown. But a Tiger was caught in motion and the play was called back. An incomplete pass followed, but on 4th and 6, Switzer went wide left for 6 points. Switzer kicked the extra point and, with 4:14 on the clock, Sacred Heart led 7-0.

Saint Jo carried the ball into the 2nd quarter but fine defense by Barry Hess, Neil Berres, Jeremy Bayer, Jason Hess and Larry Switzer gave the Tigers the ball on downs.

Again, the Tigers' ground game gained yardage with McCoy, N. Berres, Switzer and J. Hess all getting in good runs, including a good fake by quarterback Hess for

an 18-yard gain. Sacred Heart moved to the 17-yard line before running out of downs.

Saint Jo's next drive was led by Chris Sampson, Jody Lyons and Ryan Brewer, including a 46-yard run by Brewer to the 19-yard line. The Tigers' defense of Switzer and J. Hess dropped the Panthers for a 7-yard loss that aided in forcing Saint Jo to try a field goal. The 30-yard attempt failed and Sacred Heart regained possession on their 24-yard line.

The Panthers pushed the Tigers back to the 14, where they punted into the wind, giving Saint Jo the ball on the 31-yard line. Two plays later, Jody Lyons found Dusty Mayfield open for a touchdown pass. The extra point pass failed and, with 13 seconds remaining in the first half, Saint Jo closed the gap to 6-7.

The Panthers' opening drive lasted only 4 plays, with Sacred Heart starting the first drive of the second half on their 35-yard line. A 64-yard pass play from Hess to N. Berres took the Tigers to the 4-yard line. Switzer had the honor of taking the ball into the end zone. A Hess-Berres pass added another 2 and the Tigers took a 15-6 lead.

Possession of the pigskin zigzagged back and forth the

TIGER QUARTERBACK Jason Hess turns to make a handoff behind his offensive line, Jeremy Bayer, Mike Schilling, Jordon Bayer, Werner

Becker, Barry Hess and Paul Hastings.

Dave Fette Photo

remaining time in the 3rd quarter, with the ball in Saint Jo's hands to start the final period. On their 7th play, Brewer slipped in from the 1-yard line for a touchdown. The extra point kick was good and, with 10:40 left in the game, Saint Jo closed the score to 15-13.

An illegal block, a holding flag, and a quarterback sack put the Tigers on their 8-yard line. A completed pass from J. Hess to Neil Berres turned into a 97-yard touchdown play. The Panthers blocked the extra point kick and Sacred Heart extended their lead 21-13 with 9:10 on the clock. Saint Jo fought right back,

moving 60 yards in 5 plays to score a touchdown. A pass from Lyons to Mike Hogan gained 25 yards, with outstanding runs by Sampson, Brewer and the final 7-yard TD run by Jason Martin. The extra point pass failed and again the Panthers closed the scoring gap, 21-19, with 7:24 still remaining in the game.

The Tigers dominated the remaining minutes, getting in 14 plays to Saint Jo's 3, but were unable to score.

Coach Nasche credits his offensive line ("Hogs") - Werner Becker, Jordon Bayer, Mike Schilling, Barry Hess, Paul Hastings and Jeremy Bayer - for

blocking out Saint Jo's defense, giving the quarterback time to pass and the backfield room to run. He was also pleased with freshman Scott Frost, who played nearly the entire game. "I'm pleased with the Tigers' progress," stated Nasche. "Things are finally falling into place as district approaches."

Sacred Heart is looking to avenge their last two close losses to Lindsay Saturday night in what should be a close and competitive contest. "We'll need to shut down Donnie Cox's running attack and play mistake-free ball to win," Nasche concluded.

TEAM LEADERS
Rushing - Larry Switzer, 20/73 yards; Ryan Brewer, 25/75 yards.
Passing - Jason Hess, 16/8/254 yards; Jody Lyons, 6/3/74 yards.
Receivers - Neil Berres, 3 for 169.

Defense - Barry Hess, Werner Becker, Jordon Bayer, Scott Frost and Larry Switzer.

The much-awaited contest results... Week 3 nets 48 entries

Forty-eight entries were submitted in the third week of The Muenster Enterprise Football Contest, with Mike Felderhoff of Gainesville taking top weekly honors. Felderhoff missed Saint Jo's loss to Perrin-Whitt and Oregon's 16-13 win over Texas Tech for first place. Neil Huchton and Benny Haverkamp followed with 21 correct games, with 2nd place awarded to Huchton because of his 22-point spread on the tie-breaker game. Haverkamp missed the score by 31 points.

Only two contestants picked the Tigers over Collinsville, with Joe Pagel guessing closest to the final with a score prediction of 6-56. Seven thought Muenster was going to bounce back and beat Bryson.

The most-missed game was Saint Jo's 22-7 loss to Perrin-Whitt. Forty-two picked the Panthers to win. Thirty-six missed Gainesville's loss to Brewer and 28 were wrong on the Masonic Home-Waco Parkview game.

Everyone picked the Dallas Cowboys to win, with only one missing the Valley View and Thackerville games. Six thought Lindsay would win and 8 went with Era.

Week 3's low score was 11, with 12 entries guessing 18 and five having 19 correct. Selecting 20 winners were Kevin Anderle, John Bartush, Richard Hermes, Peachie Huchton, Henry Koesler, Randy Miller, Joe Pagel and Scott Poole.

Winners collected their prizes at the tie-breaker sponsor, The Crafty Olde German.

Week 4... Mikes win contest

Fifty-one contestants entered the fourth week's Football Contest, with Mike Felderhoff taking top honors for the second week in a row.

Felderhoff, Mike Stoffels and Bonnie Stoffels all correctly picked 20 games, with Felderhoff taking first place, only off 4 points on the tie-breaker game. Mike Stoffels finished in second with a 7-point spread, and Bonnie Stoffels missing the score by 26 points, settling for third place.

Three entries picked Muenster to win, one with a 42-6 victory. Kevin Anderle, Joe Hoedebeck and Weldon Ritchey were closest to the correct score, all predicting a 0-48 finish.

The low score for the week was 11. Darrell Herr, Brian Mozingo, Shirley Noonan and Joe Pagel all guessed 19 games. Thirteen contestants had 18 correct and 10 picked 17 games.

Only one entry picked Windthorst's 14-8 win over Nocona. Forty-one picked Era over S&S. 36 thought Valley View would defeat Howe, 35 picked Sacred Heart to lose and 34 missed TCU's 21-9 loss to SMU. Every contestant correctly picked Gainesville's win.

Weekly winners picked up their prizes at last week's tie-breaker sponsor, Walterscheid Oil Company.

CONTEST RULES:

- Only one entry per person per week. Persons entering must be 12 years old or older.
- This page of schedules, results, predictions, pictures and the contest itself is supported by advertisers appearing here. Each ad contains a scheduled high school, college or pro game for Friday, Saturday or Sunday of the week of publication. Read each ad and circle the winner. Entries on forms other than original newspaper page will not be accepted.
- In order to determine the prize winners in case of ties, you must predict the score for the tie breaker game listed in the featured ad above.
- Print your name, address and phone number clearly in the space provided.
- Deliver the full contest entry to **The Muenster Enterprise BEFORE 5 p.m. FRIDAY**, the week of publication. Mailed entries will be accepted only if postmarked before **Friday, 5 p.m.** Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but will not be eligible for the weekly prize.
- The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.
- To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

Junior High Football

Muenster "B" 0, Aubrey 16

Muenster's junior high second team hosted Aubrey's seventh grade Thursday, Sept. 24, falling 16-0. "We moved the ball good, but just couldn't score," commented Coach Kyle Baker. "Aubrey was just bigger and faster."

Quarterback Scott Hermes threw five passes for 52 yards. Gregg Flusche completed four of them for 46 yards.

The junior high teams will face another tough opponent this Thursday when they travel to Pilot Point. The first game is scheduled for 5:00 p.m. followed by an "A" game at 6:30. "Both will be tough, but they will prepare us for district," concluded Baker.

Muenster "A" 22, Aubrey 8

Muenster's first string junior high team hosted Aubrey last week Thursday, coming out on top 22-8.

The young Hornets scored on their first drive, taking about 12 plays before Chad Roller hit pay dirt on an 18-yard reverse. Steven Reiter added the extra points for an 8-0 score.

Aubrey scored on their second drive, set up from a Muenster fumble for an 8-8 half time tie.

The turning point of the game came in the middle of the 3rd

quarter, when a fake punt was successful in a 20-yard pass play from Eric Miller to Tony Hartman to set up the tie breaking score. Eric Miller's 24-yard bootleg touchdown run was followed by an extra point pass from Miller to Hartman and Muenster took a 16-8 lead.

The young Hornets' defense held on and prevented the Chaps from advancing.

In the 4th quarter John Tuggle stepped in and intercepted a pass. Eric Miller scored the final points on a 20-yard touchdown run. The extra point failed and the Little Reds had a 22-8 lead.

Aubrey tried once more to get points, but the drive was halted when John Knabe picked off a Chap pass, allowing Muenster to play out the last seconds.

Coach Kyle Baker credited Chad Roller and Eric Miller with approximately 100 yards rushing each and John Tuggle gaining 60 yards.

Sacred Heart 16, Saint Jo 24

Sacred Heart's Junior High hosted Saint Jo on Thursday, Sept. 24, falling to a 24-16 defeat.

The Panther Cubs struck early. After an unsuccessful first drive for Sacred Heart, it took Saint Jo one play to score. Bobby Underwood put the points on the board with a 15-yard run. The extra point pass

failed and, with 5:27 on the clock, the visitors took a 6-0 lead.

The young Tigers were again halted on their second attempt with two motion calls hampering the drive. Two plays later, quarterback Joseph Hennigan connected with Steven Hamilton for another touchdown. The PAT run failed and the scoreboard read 12-0 with 3:24 on the quarter clock.

Sacred Heart fumbled the kick return, giving the Panthers possession on the Tiger 40-yard line. Saint Jo moved to the 20 and the second quarter, but a fumbled ball stopped the drive and gave Sacred Heart the pigskin on the 14. Runs by Paul Swirczynski and Douglas Novak were short of the 10 needed yards, forcing a punt.

Saint Jo started their next offensive attack from the 40. A 29-yard pass play from Hennigan to Bobby Martin, that ended in the end zone, was brought back by an illegal receiver penalty. Good pass defense by Glen Dangelmayr and a 15-yard clipping call was followed by a fumbled ball covered by Adam Barnhill on the Panthers' 35-yard line. A pass play from Swirczynski to Novak put Sacred Heart on the scoreboard with two minutes remaining in the half. The extra point pass from Swirczynski to Novak was good and the Tigers closed the gap to 12-8.

Douglas Novak covered a loose

ball on the Panthers' first play, but the Tigers lost it on the next play when Wesley Schules picked off a Sacred Heart pass.

Saint Jo struggled on their next drive, with quarterback sacks and penalties, including one that called back a touchdown, and ended the first half.

Saint Jo began the second half with two good runs before Waylon Hess caused a Panther to lose the ball that the Tigers covered. Joel Schilling and Novak each got in runs before a quarterback sack and two penalties forced a punt on 4th and 32.

The Panthers' next drive ended in a controversial call when Saint Jo fumbled the ball into the end zone and Waylon Hess covered for a touchback. The Tigers received the ball on their 20-yard line. The Cubs couldn't move out of the hole and, on 4th and 15 on their 15-yard line, a punt from the end zone was blocked by Bobby Martin and covered by Rusty Lyons for 6 points. The PAT failed and Saint Jo took an 18-8 lead early in the fourth quarter.

Sacred Heart's next drive was interrupted when Joseph Hennigan picked off a Tiger pass, running 50 yards for another Panther touchdown. The run failed and Saint Jo took a 24-8 lead with 4:21 remaining in the game.

Jeff Yosten returned the punt to the Panther 47. Short runs by John Bartush and Novak and a pass from Swirczynski to Dangelmayr took the Tigers to the 29-yard line. But incomplete passes turned the ball over on downs. Saint Jo

couldn't move with the Tiger Cubs taking the ball at the 25 with only seconds left on the clock. Matthew Fuhrmann ran in for a touchdown with Swirczynski making the extra points, and the game ended 24-16.

PRO FISHIN' TIPS

Learn the details about worm fishing and you'll increase your success every time out.

Few people will argue the fact that plastic worms catch bass any time of the year. Many differ, however, on the style of worms and presentations that work best.

Six-inch curl-tail worms are the closest to an anytime bait you'll find. They'll take fish in any season. When the water's cold, however, try switching to a straight worm. Their lack of action can make a difference when low water temperatures lead to sluggish bass.

Remember when worm fishing that most of your strikes will come when the bait is falling. Always try to keep some tension on the line to help feel even the lightest of hits.

Knights attacked by Bulldogs...

Lindsay falls to Alvord

Lindsay hosted the tough Alvord Bulldogs last Friday in a close first-half contest, but fell after allowing Alvord 28 second-half points, 34-0. The shutout gave the Knights their third season loss.

"They were much more physical - stronger, bigger and faster," said Lindsay Coach Charlie Meurer. "If we could have kept a drive alive ... but mistakes and quarterback sacks broke us."

Alvord took the opening kick and ran the ball hard, taking 9 plays - the final, a 19-yard touchdown run by Randy Hampton. The extra point kick failed and the Bulldogs had an early 6-point lead with 7:56 left on the clock.

Chris Brown started Lindsay's first drive of the game with a 10-yard punt return to the 33-yard line. A quarterback sack on the first play hampered the Knights' drive, and the ball was punted away on 4th and 19.

The Bulldogs threatened to score again on their second drive, moving the ball to the 15-yard line. The attack was halted when George Lutkenhaus covered a loose ball giving the Knights possession on their own 17.

Again Lindsay ran short in 3 plays and punted on 4th down. The next play saw the Bulldogs lose the ball when Greg Arendt found a fumbled ball at midfield. The Knights' celebration ended three plays later when Alvord picked off a Lindsay pass and the Bulldogs carried the ball into the 2nd quarter.

The Knights had a hard time stopping Alvord's running game, as they drove downfield. Their threat was stopped on the Knights' 35-yard line when Doug Hellingner came up with a fumble recovery.

Dan Zimmerer, Shane Huchton and Donnie Cox moved the ball into Bulldog territory, the drive highlighted by a 34-yard run by Cox. But Alvord's defense toughened when Lindsay reached the 20-yard line and, on 3rd and 14, the Bulldogs picked off a Huchton pass, turning over possession on the 16-yard line.

The Bulldogs moved out to the 39-yard line before running out of downs, punting on 4th and 2.

Lindsay attempted to run, but punted the ball back to Alvord after running out of downs. The Bulldogs took to the air as the clock ticked down to end the half, 6-0.

"The efforts for 2 1/2 quarters were great," stated Meurer, "but I think the boys were let down, still trying, but lost their heart in the 2nd half. I'm not disappointed in the players, Alvord was just a better team."

The Knights received the ball to start the second half. The first play was fumbled, but Rocky Barnes saved the play by covering the ball. Huchton picked up 11 yards on 2 runs and Cox had a 12-yard gainer before Alvord tightened their belts and hit Lindsay for 4- and 8-yard losses, forcing a punt on 4th and 17.

Alvord, starting on their 34-yard line, moved to the 4-yard line in 7 plays. Hampton then ran the ball into the end zone for 6 points. The extra point pass was broken up by Dan Zimmerer, giving Alvord a 12-0 lead with 4:35 remaining on the 3rd quarter clock.

The Knights had three unsuccessful runs for a minus 7 yards, forcing a punt. Alvord, taking advantage of their field possession, topped their 23-yard, 4-play drive with an 8-yard touchdown run by Hampton. Hampton ran the extra point and, with 45 seconds on the

clock, the Bulldogs took a 20-point lead.

Lindsay's running game again ran into trouble, to begin the final quarter, and again punted the ball away. Hampton took the punt return 49 yards to hit pay dirt. The PAT kick was good and, suddenly, the Knights were behind 27 points.

A 30-yard pass play from Huchton to Hellingner highlighted Lindsay's next drive, but a 4th and 10 run came up short and Alvord's offense took to the field. Four short runs moved the action to midfield where a pass play from Adam Robinson to Case Fowler connected for a 50-yard touchdown play. The extra kick counted and, with 4:58 remaining in the game, Alvord took a 34-0 lead.

It was three runs and punt for Lindsay's next drive, allowing the Bulldogs to play out the remaining minutes of the game.

Coach Meurer credited his defensive front seven for playing better. "Our defensive front averages 165 pounds, Alvord's averages 230. We had a battle."

Lindsay will go to Sacred Heart to tangle with the Tigers for a Saturday night Homecoming contest.

"Sacred Heart is better than their record shows, they play with a lot of effort," commented the Lindsay coach. "They play good, but they're young and that allows their opponents' talented players to break away." Meurer said as any Lindsay-Sacred Heart game, it's unpredictable. Game time is 6 p.m. on the Tiger Field.

Statistics submitted by Bridgette Anderle

TEAM LEADERS

Rushing - Donnie Cox, 16/65; Randy Hampton, 17/96.
Passing - Shane Huchton, 1 of 5 for 30 yards; Adam Robinson, 6 of 13 for 98 yards.
Receiving - Doug Hellingner, 1/30; Chris Cruise, 3/54.
Defense - Toby Eberhart, Heath O'Dell, Doug Hellingner.

How to care for sports injuries

If injured in school athletics this fall, try using RICE.

RICE is an acronym for rest, ice, compression and elevation - the basics for treating athletic-related injuries, says Dr. Albert C. Hergenroeder, an associate professor of clinical pediatrics at Baylor College of Medicine.

"Injuries are common after a summer away from the sometimes demanding physical rigors of school athletics," said Hergenroeder. "It is important to know how to care for an injury so that a minor injury remains minor and so the player can return as soon as possible to the sport. Also, a more serious injury can be made worse if the initial treatment is not appropriate."

Hergenroeder recommends the following therapy for most injuries resulting from sports:

REST - Avoid doing anything that hurts the injured area. However, the athlete should become active as soon as they can, providing it does not cause pain.

ICE - A safe rule of thumb is to apply ice directly to the injured area

for 20 minutes each hour during the first 48 to 72 hours of injury or until swelling has ceased.

COMPRESSION - Pressure bandages such as "Ace" bandages should be applied to the injured area as soon as possible to help reduce swelling. Wear the bandage at all times. But if the bandage feels too tight or if the area below the bandage is blue/purple, it should be removed and a physician consulted.

ELEVATION - Elevate the leg or arm as much as possible to prevent too much blood from collecting in the injured area.

"Of course these simple treatments should not take the place of professional medical advice," Hergenroeder cautioned. "But they are common sense ways to manage many athletic injuries."

After the injury heals, Hergenroeder suggests three ways to rehabilitate injured muscles and to keep uninjured muscles in top form: proper stretching for flexibility, endurance training such as cycling for leg muscles or swimming for arm and shoulder muscles, and weight training for strength.

"Working the muscles to recovery involves determination, patience, a supportive coach and a physician's care," Hergenroeder said. "The doctor should determine when the patient is ready to play sports again, but input from the coach and athlete is crucial in making the decision."

Football is the top sport for injuries, followed by wrestling and gymnastics. The most common chronic injury is overuse of the knee, which is seen in almost all sports.

Tina Klement still on track at East Texas

Muenster's former distance runner, Tina Klement, participated in the Ouchita Baptist University Cross Country Race last weekend in Arkadelphia, Arkansas and placed second overall. The East Texas State University Lady Lions cross country team took top honors in the 5K (3-mile) race.

Bridgett Lindemann of Windthorst, a senior at ETSU, placed 1st individually with a time of 18:41. Tina, a freshman, finished at 18:52.

ETSU Coach Phil Williams said

he is looking forward to a promising career for Tina in cross country and track at the college. "Tina is running better than expected so early in her career. She has the determination to be her very best."

Tina will compete at a cross country race at the University of North Texas in Denton at 4 p.m. Friday, Oct. 2. She is a 1992 graduate of Muenster High School and the daughter of Dale and Charlotte Klement.

Cooke County Boys Club football results

The Saint Jo Pee Wee football team, members of the Cooke County Boys Club League, are rejoicing over their first victory last Saturday morning, when they defeated Brammer Pipe 20-8.

Saint Jo's Billy Underwood scored in the first quarter with 1:28 seconds left, from 11 yards out. The point after attempt failed. Saint Jo scored again in the second quarter, with Greg Reeves running from 26 yards out. Point after failed, leaving the score at 14-0 with 2:05 left in the half.

Neither team scored in the third quarter, as defense took over for both.

Late in the fourth quarter Saint Jo's Brandon Moore scored on a 13-yard run with .55 seconds left, but point after failed. With 12 seconds left in the game Brammer Pipe scored on a 40-yard run. The extra point after attempt was good for 2.

All team members saw action. Saint Jo had 94 yards rushing and Brammer Pipe 43. Leading were Brandon Moore 35 yards, Billy Underwood 26 yards, Greg Reeves 21 yards, Keith Felderhoff of Muenster 7 yards, Heath Harris 5 yards. Credited with tackles were Joe Tuggle 7, Travis Bayer of

Muenster 6, Brandon Moore 6, and Keith Felderhoff 5. Travis Bayer had one interception. Adam Bayer of Muenster is also a team player, as are Josh Raymond, Daniel Cook, Jason Cook, Timmy Sampson, Michael Morris, William Weatherhead, Shane Barclay, Kameron McMahon, Chris Hoover, Heath Harrison and Joe Tuggle.

On Tuesday, Sept. 29 the Saint Jo Pee Wee Team of third and fourth graders played TCI Cable at 7:30 p.m. On Saturday, Oct. 3 they will play Collinsville at noon; on Oct. 10 it will be with Hoots Muffler at 3 p.m.; on Oct. 13 with TCI Cable at 7:30 p.m.; on Oct. 17 with Era Stingers at 1:30 p.m.; on Oct. 24 with Taco Mayo at noon; and on Oct. 27 with Brammer Pipe at 7:30 p.m.

SPECIAL NOTICE

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Phillips Petroleum Company is applying to the Texas Railroad Commission for a permit to inject fluid into a formation which is productive of oil or gas. This project initiates an enhanced recovery program for the Dangelmayr wells in Cooke County, Texas. The proposed injection well, the Dangelmayr #1-5, is located approximately 7 miles southwest of the town of Muenster.

The applicant proposes to inject fluid into the Ellenburger formation at a subsurface depth interval of approximately 2234' to 2289' in the Dangle Field.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code as amended, Title 3 of the Natural Resources Code, as amended and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected or requests for further information concerning any aspect of the application should be submitted in writing within 15 days of publication to the Underground Injection Control Section, Oil & Gas Division, Railroad Commission of Texas, P.O. Drawer 12967, Capitol Station, Austin, Texas 78711, phone (512) 463-6792.

THE STATE OF TEXAS

TO: Earl Ray Davis, and to all whom it may concern, Respondent(s).

"You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of twenty days after you were served this citation and petition, a default judgment may be taken against you."

The petition of Barbara Sue Foster Davis, Petitioner, was filed in the said Court of Cooke County, Texas, on the 12th day of May, 1992, against Earl Ray Davis, Respondent, numbered 92-224 and entitled 'In the interest of James Earl Davis and Christina Marie Davis, children.' The suit requests that the Court grant a divorce, petitioner be appointed sole managing conservator and respondent be ordered to make payments for the support of the children in the manner specified by the Court. Petitioner requests the Court to order a division of the estate of Petitioner and Respondent, and that the Court grant such other relief requested in this petition.

The date and place of birth of the children who are the subject of the suit: James Earl Davis, Jan. 17, 1988, Fort Worth, Texas; Christina Marie Davis, July 19, 1989, Dallas, Texas.

The Court has authority in this suit to enter any judgment or decree in the children's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children's adoption.

Issued and given under my hand and Seal of said Court at Gainesville, Texas, this 22nd day of September, A.D., 1992.

"You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of twenty days after you were served this citation and petition, a default judgment may be taken against you."

The petition of Tammy Marie Covington Stockton and Garland Dewitt Stockton, Petitioner(s), was filed in the said Court of Cooke County, Texas on the 22nd day of September, 1992, against James Wesley Covington, Respondent, numbered 92-453 and entitled 'In the interest of Jessica Marie Covington and John Henry Covington, children.' The suit requests termination of the parent-child relationship and adoption.

The date and birth of the children who are the subjects of the suit: March 9, 1987, Gainesville, Texas; July 6, 1990, Denison, Texas.

The Court has authority in this suit to enter any judgment or decree in the children's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children's adoption.

Issued and given under my hand and Seal of said Court at Gainesville, Texas, this 23rd day of September, A.D., 1992.

NOTICE TO DEFENDANT: "You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of forty-two days after the date of issuance of this citation and petition, a default judgment may be taken against you."

TO: Buddy Albin f/d/b/a Gainesville Siding and Remodeling, Defendant, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Original Petition at or before ten o'clock a.m. of the Monday next after the expiration of forty-two days after the date of issuance of this citation, the same being Monday, the 2nd day of November, A.D., 1992, before the Honorable 235th Judicial District Court of Cooke County, Texas at the Court House of said County in Gainesville, Texas. Said Plaintiff's Petition was filed in said court on the 18th day of October, A.D., 1991, in this case, numbered 91-553, on the docket of said court, and styled, Gilbert F. Cuadra, Plaintiff, vs. Buddy Albin f/d/b/a Gainesville Siding and Remodeling, Defendant.

The names of the parties to the cause are as follows: Gilbert F. Cuadra is Plaintiff and Buddy Albin f/d/b/a Gainesville Siding and Remodeling is Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Judgment against Defendant clearing Plaintiff's title of the cloud cast by defendant's lien claim in quieting title to the property, and other such relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates thereof, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas, this 18th day of September, A.D., 1992.

FARM AND RANCH NEWS

National Farmers Union charges manipulation by the White House

Leland Swenson, president of the National Farmers Union, has charged the Bush Administration with moving too slowly on initiatives that would boost the livelihoods of family farmers.

In a letter to leaders of congressional agriculture committees, Swenson said inaction on crop disaster relief, Export Enhancement Program initiatives, and the possibility of encouraging ethanol fuel use as part of the Clean Air Act have cost farmers millions of dollars.

In the case of disaster assistance, Congress gave President Bush the authority to authorize \$755 million for 1992 crop losses.

Swenson's suspicions that Bush is playing politics with the disaster funding arose when Secretary of Agriculture Edward Madigan was asked by Nebraska farmers when the funding might be forthcoming. "There's an election on the 3rd of November. We're not going to release that money on the 4th of November," the secretary quipped.

While it was rumored that the president would announce a series of Export Enhancement Program initiatives totaling \$6 million this

week, Swenson said those requests too have been "warehoused" until the fall campaign. "India made an EEP request in February," he said. "It's taken this long to put it together?"

The farm group is also concerned about a recent Environmental Protection Agency ruling that painted ethanol is damaging to the Earth's ozone layer and therefore excluded it from this year's Clean Air Act. NFU says the EPA made the ruling without considering the environmental benefits of ethanol and without examining ways the ozone concern could be mitigated.

"Here again, we keep hearing that Bush and Secretary Madigan are going to work this problem out - but when?" asked Swenson.

In all three cases, the consequences for grain producers have been significant, he said. "Wheat prices are down 26 cents from just a month ago. Corn prices are at their lowest level in four years. And, farmers from North Dakota to Texas have been virtually wiped out because of weather disasters."

"Farmers and ranchers are tired of being used as a political pawn," he wrote.

Steer validation Oct. 3

Validation for steers, tagging and entry of steers will be Saturday, October 3, 1992 from 10:00 a.m. to 2:00 p.m.

Special Note: Steers that have been validated in the State of Texas for major shows are exempt from County validation and tagging.

They must, however, turn in an official entry card, an eligibility and drug awareness card, and entry fee on Saturday, October 3, 1992, at the Gainesville Livestock Market - Auction Barn from 10:00 a.m. to 12:00 noon.

Please notice the location change above.

It's stressful to calf? Wean, castrate and vaccinate different days

The two most stressful times in a calf's life are birth and weaning.

"There's not much a cow-calf producer can do about a calf's

rude awakening at birth except to make sure it gets its mother's protective colostrum milk shortly after its arrival. He can ease the calf's distress at weaning time, though, by not lumping its vaccination, castration, branding, and weaning into a single day," says Dr. Homer K. Caley, Extension veterinarian at Kansas State University.

A vaccinated cow plus the cho-lestrum milk protects against calfhood diseases through both periods, particularly calfhood respiratory diseases. One additional step to reducing calf stress, which helps to trigger respiratory problems, would be to vaccinate three weeks before weaning, suggests Caley.

And, while the calves are in the chute to receive their vaccinations, Caley suggests treating them for intestinal parasites. "Pour-ons, injectibles, boluses, medicated salts and feed additives are among the good commercial products available," he says.

Because your veterinarian deals daily with diseases in

your area, let him help with your vaccination program, advises Caley. "Because herd health also is a question of costs versus benefits, you should be able to determine the middle ground that provides reasonable protection at a reasonable cost," he adds.

One decision may be whether to vaccinate for brucellosis. If you have had no problem with the disease and intend to sell calves in the state, you may not want to vaccinate, but you could lose money by not vaccinating for brucellosis if cattle prices are better in other states.

Producers also have alternatives to the open wound of the surgical castration knife. Options include pinchers and rubber bands that cut the connections to the testicles. Your veterinarian can describe the effectiveness of the various methods.

Hot branding remains the identification tool of choice because of it is practical to use with unpened cattle out on the range. The ear tattoos used by purebred breeders might be less stressful but require catching to identify the animals.

Another judgment call producers might investigate before rounding up the herd for processing is to weigh the calves to actually see how well they are doing on grass. Caley thinks some disappointments may await those who see the lush growth and decide to carry cattle on pasture longer than normal. "The question is whether the grass is mostly water," says Caley.

Seedling trees now available through SWCD

The Upper Elm-Red Soil and Water Conservation District (SWCD) is again sponsoring a conservation seedling tree program for area land users. The purpose of the program is to encourage the planting of trees for conservation and wildlife benefits.

Conifer and hardwood trees are available. Adapted conifer species include Afghanian pine, Arizona cypress, Australian pine and Ponderosa pine. Hardwood trees available include Red oak, Pecan, Green ash, Hackberry and Russian olive. Wildlife packets are also available to enhance game habitat and provide food for quail, deer, turkey and squirrels.

The cost for the seedlings ranges from \$1.25 to \$1.75 per tree for conifers, while hardwoods sell for \$10.00 per bundle of 25 trees. The wildlife packets are \$40.00 for 100 trees.

The USDA Soil Conservation Service is the technical agency that assists the Upper Elm-Red SWCD in carrying out its programs. For information on the conservation seedling tree program, contact the Soil Conservation Service in Gainesville at 668-7794 or the SWCD office in Sherman at (903) 892-6013.

AMPI says USDA action should help stabilize prices

"AMPI has been emphasizing the need for administrative action to strengthen manufactured product prices and help prevent a collapse of farm milk prices this fall. We are pleased to see Agriculture Secretary Madigan respond and announce positive measures to bolster farm milk prices."

This is how Irvin Elkin, president of Associated Milk Producers, Inc., the nation's leading dairy farmer cooperative, reacted to the announcement that USDA will purchase 21 million pounds of pasteurized process American cheese and mozzarella to meet requirements of food assistance programs.

The purchases will take place during October to meet food program needs from December 1992 through February 1993. This is in addition to the 6.4 million pound purchase already announced for November.

"The announced action should help to maintain farm milk prices," said Elkin, a dairy farmer from Amery, Wisconsin. "At the same time, it will provide much-needed stocks of cheese for use in food programs."

Elkin pointed out that the Secretary's intention to purchase 21 million pounds of cheese will still leave cheese supplies available for government program use below normal levels.

Expressing the hope the USDA will be making further purchases to provide the necessary product volume, Elkin noted that AMPI has urged the Secretary to take this action and make other administrative moves under the Dairy Price Support Program to prevent another farm milk price collapse like the one that occurred in late 1990. The 1990 price slide resulted in the lowest farm prices for milk since 1979.

County Agent's Report

by Craig Rosenbaum

County Hay Show

The summer of '92 has been an excellent year for hay production. With all the rains, many people got their hay up without much problem. We will again have the Cooke County Hay Show on Thursday, Oct. 22 at 7 p.m., at the Cooke County Fairgrounds. Hay Shows offer an excellent opportunity for producers to analyze their hays both chemically for protein content and physically for feeding qualities. Doug Robison, with Cooke County College, will be analyzing the hay for its protein content. Doug requests that the hay samples be turned in by Tuesday, Oct. 6. This will give him time to sample and run protein analysis. Hay samples will be collected at the Cooke County Fairgrounds.

Again, we ask due to the number of samples submitted, that producers submit only three (3) samples per individual. A Hay Program and Results of the Show will be held at 7 p.m. the evening of Thursday, Oct. 22.

Wheat Seeding Rate

Seeding rate studies have been conducted over the years showing that producers planting wheat for grain production only can get ample yields using lower seeding rates. This research clearly shows that growers can afford to plant the newest varieties as certified seed.

Wheat has the ability to tiller heavily. Each tiller has the potential of producing a seed head. The

majority of the wheat production comes from the largest primary tillers on the plant. Heavy tillering will make a good growth cover to support stocker calf grazing, too. Therefore, tillering is one factor producers should look at in selecting wheat varieties. Producers in the business of producing wheat for grain only can afford to plant less pounds at seeding and still maintain ample yields. A five-year seeding rate study was conducted in the Blacklands at Greenville by Jim Swart, Extension Pesticide Management Specialist. The results were consistent and showed that 90 pounds of seed per acre was the optimum planting rate. However, 60 pounds was almost as good. Anything over 90 pounds proved to be too much with yields showing no improvement and seeding costs increasing. Higher seeding rates tend to encourage disease due to the excessive amount of plant canopy.

Growers in the business of grazing stocker calves will want to increase these 60 to 90 pound rates on up to the 100 to 120 pound range. This will compensate for the amount of wheat being distressed due to grazing, trampling and muddy winter weather.

There are many new wheat varieties out there for growers.

Seed costs are somewhat higher for certified seed, but the lower seeding rates can offset this increased seed price. The following chart summarizes the seeding rate study.

SEEDING RATE RESEARCH COOPERATIVE RESEARCH PROGRAM SUMMARY 1985-1991

SEEDING RATE	YIELD (BU/A)					5 YEAR AVERAGE
	1985	1986	1987	1990	1991	
30 lb.	81.9	56.2	42.8	37.6	31.1	49.9
60 lb.	86.3	62.7	41.8	43.7	39.1	54.7
90 lb.	83.2	65.2	44.9	47.7	40.4	56.3
120 lb.	78.6	64.8	44.2	46.7	43.1	55.5
240 lb.	78.2	64.5	43.4	46.1	43.4	55.1

These results have been remarkably consistent. Ninety pounds of seed per acre is the optimum planting rate. Sixty pounds is almost as good. Anything over 90 is too much. This research clearly shows that growers can afford to plant the newest varieties as certified seed.

John Deere announces special ROP program

Deere & Company has announced a special ROPS (rollover protective structures) program to encourage the use of ROPS and seat belts on older tractors.

The program reminds operators of the benefits from having ROPS and wearing seat belts on agricultural tractors and aggressively encourages the installation of rollover protective structures for tractors not equipped with ROPS.

"We're reducing the selling price of rollover protective structures can be an element in convincing a customer to install ROPS on an older tractor," said Bud Porter, director of sales branches at Deere & Company. "That's why we are adopting what we call 'pass-through pricing' for ROPS kits. Very simply, we will sell them to our dealers at or below our average manufacturing cost and ask our dealers to sell the kits without margin to reduce the effect cost may have on a farmer's decision to have ROPS and seat belts installed on his older tractors."

Deere also announced that its new foldable ROPS, standard on its 40- through 85-pto hp tractors, is available for older utility tractors. This enables these tractors to be equipped with a ROPS that can be folded in height-limiting situations, such as low doorways of buildings.

Porter said farmers who want more information about the new

ROPS program and what's available for their tractors should contact their local John Deere dealer.

Levi's® Saddleman Boot Jeans: How to Fool Mother Nature

Levi's took the comfort and durability of man-made 100% polyester knit and sewed it up to look for all the world like the original denim boot jeans. These jeans have Levi's famous over-the-boot fit, slim in the legs, slightly flared below. They've got contrast stitching. Even a watch pocket. But, maybe best of all, they've got what it takes to keep looking good for a good long time.
