J. E. Swirczynski Former Resident Dies In Oklahoma

Funeral services were held on August 3 in Our Lady's cathedral in Oklahoma City for Julius E. Swirczynski, 87, who passed away on Monday after being ill a year with a heart ailment and with cancer. He was the brother of Joe Swirczynski and Mrs. Bob Yosten of this city. They attended the funeral.

The deceased was a resident of Muenster from 1890 to 1895. He was born in Danzig and came to the United States when he was 12 years old, settling with his parents in Nebraska. He married Rosalie Maciejewski in 1882. The two families had come to America together on the Norma, an old sailing vessel, and although they moved to many different towns they always stayed together.

The Swirczynskis had lived in Oklahoma City since leaving Muenster.

Mrs. Swirczynski died in 1928, about the time her husband retired from active business. They were the parents of 10 children, all of whom survive.

In addition to his brother and sister from this city there is one other brother, John, of Oklahoma City, and three sisters, Sisters Ruperta and Angelina of Grand Island, Neb., and Sister Ladislaus of Columbus, Neb.

Muenster Will Be Fogged With DDT In About 10 Days

Muenster will get its second dousing with DDT in about ten days. The city council made this decision at its regular monthly meeting Monday night. The fog machine belonging to the city of Gainesville will again do the work. The first fogging took place on August first.

The council asks that in the meantime Muenster residents clear their alleys of weeds, rubbish and trash to obtain full benefit from the DDT spray. They'd like to have the machine make a run through the alleys if possible.

In the interest of health and sanitation, and still concerned over the prevalence of polio, the council is anxious to destroy the breeding places of flies, mosquitoes and other pests that might carry polio and other warm weather infection. They believe another spray job will do the work for this summer.

The city's only cost for fogging is the spraying solution which consists of a 6 to 1 mixture of diesel fuel oil and DDT. Gainesville furnishes the machine and an operator free of charge.

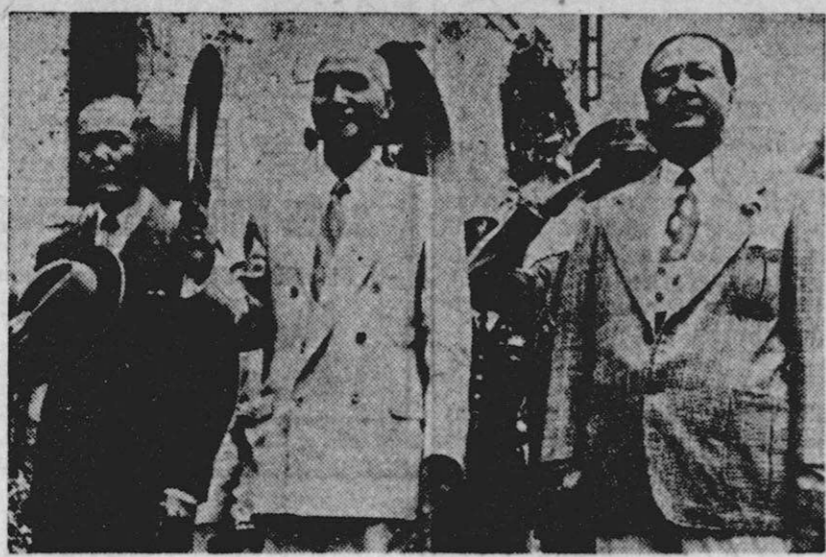

Dairymen Inspect Dairy Breeding Farm At Dallas

A group of Muenster and Gainesville dairymen and businessmen spent Tuesday in Dallas at the North Texas Artificial Breeding Farm making a tour of the plant in an effort to become better acquainted with modern methods. Accompanying the group were County Agent B. T. Haws and Vocational Agriculture Instructor Hugh Barnhart.

Dr. David Smokler, technician, personally conducted the tour and lectured to the men as they made their rounds.

The men were impressed by the efficiency of the breeding program as indicated by high average production and by the increasing percentage of uniform high producing cows. The proved-sire system of breeding has demonstrated its worth as a sound method of improving the efficiency of dairy herds, and the Cooke county DHIA members have indicated that they would like to make arrangements to have this service available to county dairymen. It can be done if enough are interested.

Those who wish further information are asked to write to the county agent.

BAGUIO, P. I.—Flanked by Chinese minister to the Philippines Chen Chih-Ping (left) and President Eipidio Quirino, Chinese Generalissimo Chiang Kai-Shek acknowledges salute from cadet corps of the Philippine Military Academy. Cadets passed in review before the Chinese Nationalist chieftain during the latter's visit with President Quirino for talks aimed at halting the Communist menace in the Far East.

Council Appeals For Bus Stop

Muenster may get a bus stop. Members of the city council, discussing the situation at their meeting Monday night, decided to appeal to the trailway's headquarters to make this city a regular stopping place and to make arrangements for a depot.

Busses have not stopped in Muenster, without flagging, for about a year. This causes inconvenience to patrons who ride the bus and to businessmen who use it for small package shipping. Packages now routed to Muenster are left at Gainesville and have to be picked up there.

Notes On Soil Conservation

Tony Klement is building small channel type terraces with his disc breaking plow. He uses the island method and is building the terraces in 21 rounds. The terraces outlet onto a waterway that he sodded in the spring of 1944. This grassed waterway has been kept free of Johnson grass and weeds and the Bermuda grass has made a good turf.

Eugene Klement is starting terracing on his farm. The terraces that have been staked off carry water to a pasture. He will build his terraces on the same pattern Tony Klement is using. The island method gives a long back slope and a wide water channel.

John Hess has started building additional terraces on his farm northeast of the city.

Don Cooke left part of his meadow for seed production last year. It did not produce enough seed to justify harvesting but he does not think he lost anything. This plot benefitted from the extra growth and grass mulch that was produced and the forage produced this year was much better than that produced on the plot and baled off last year.

Thomas Sicking's Herd Leads County For Month of July

Thomas Sicking's herd of 26 Jerseys and Holsteins was the top producing herd in the Cooke County Dairy Herd Improvement association for the month of July according to the association's monthly report released this week. Paul Fisher's herd of 17 Jerseys and Guernseys took third place honors. Frazer Bros. herd of 21 Jerseys was second.

Sicking's herd averaged 754 pounds of milk with a test of 4 and a butterfat average of 29.8 pounds. Fisher's herd averaged 684 pounds of milk testing 4.1 and having a butterfat content of 28.2.

Fourteen member herds were tested. Total number of cows in milk was 245 of which 31 produced 40 pounds of butterfat or over. Of these 31 cows Muenster dairymen own 14.

Muenster members and number of cows producing 40 or more pounds of butterfat for the month are: Thomas Sicking, 5 cows, 41 to 49; J. W. Fleitman, one cow, 40; Paul Fisher, 3 cows, 40 to 52; John Knabe, 5 cows, 40 to 57.

Plans Progress for Construction of FM Road South of City

Plans are progressing favorably for early construction work on the Farm to Market road south of Muenster and the paving of the section of Main street from Division street to the south city limits.

State Highway Engineer Simpson was here Monday to receive Mayor John Hoffman's approval of plans and the city council's authorization for construction in the city limits.

Preliminary work is scheduled for the latter part of this month, according to Simpson's estimates. Right-of-ways have been secured and surveying is almost complete. Contract will be let about the middle of September. The gravel surface will be allowed to pack during the winter and the pavement topping will await warm weather next year.

South Main from the highway to the Katy tracks will receive curb to curb work and the road south to the Linn four corners will be the regular FM width.

Misses Pauline and Margaret Myrick left Monday in company of their uncle and aunt, the Mike Tarantolas and son, and another aunt, Miss Lu Bradshaw of Lubbock, on a two-week trip to New York, Virginia, Washington, D. C., and other points of interest.

News Of Sick And Injured

John Hartman, who continues ill, re-entered Gainesville Sanitarium Wednesday and surgery was scheduled for Thursday.

Mrs. Jim Cook underwent surgery Tuesday morning at Gainesville Sanitarium and is recovering nicely.

Felix Yosten who was employed in Tarrington, Wyo., returned home the latter part of last week to recuperate from a broken collar bone. The accident occurred when a loaded grain truck became unblocked at an elevator and rolled back, pinning him against the elevator wall.

Frank Martin who sustained a broken arm Friday was treated at Gainesville Sanitarium and dismissed.

Joe Horn and his mother, Mrs. J. S. Horn, left last Thursday for 10 days at Glen Rose for their health. Making the trip with them was Mrs. Al Swirczynski of Dallas.

Mrs. Frank Kaiser is back at home since last Thursday and is convalescing nicely from major surgery performed at Gainesville Sanitarium. She is able to be up a part of each day. She says many thanks for the cards, flowers and visits since she has been sick.

Mariana Flusche Is Awarded Key

Miss Mariana Flusche, daughter of Mr. and Mrs. L. W. Flusche of Decatur, has been awarded a scholarship key for her outstanding scholarship record and sorority activities by the Gamma Delpha Chapter of Alpha Iota International Society.

Miss Flusche, who will receive her BA degree in business administration this month from Brantly Draughon College, has been an officer in the sorority since its installation.

The Flusche family resided in Muenster before moving to Decatur.

Clothing, Hospital Bandages Shipped By Mission Circle

Members of the Mission Sewing Circle this week packed and shipped five large boxes of clothing to an Indian Mission in North Dakota, Mrs. Joe Swirczynski, president, stated Tuesday. The shipment weighed 200 pounds.

In addition, the circle recently shipped two boxes of clothes to flood relief headquarters in Fort Worth.

Ready for shipment to New York headquarters are 140 rolls of hospital bandages that will be forwarded to a leper colony in China.

Mrs. Swirczynski asked ladies to remember the circle's next meeting on Friday, August 19. Those who have clothing or old sheets for clothing are asked to bring them to the meeting.

John Walterscheid, 65, died suddenly of a heart attack at his home Wednesday night at about 9 o'clock. His passing is a severe shock to members of his family and his friends as he had never been afflicted with a heart ailment. He had worked all day Wednesday returning to his home late. He did not mention feeling ill and passed away quietly while he was sitting in a chair in his livingroom.

Funeral arrangements were incomplete Thursday morning pending word from a daughter in Jonesboro, Ark.

Mr. Walterscheid was born in Carroll, Iowa, on Dec. 4, 1883, a son of Conrad and Eva Walterscheid, and came to Muenster with them in 1890, shortly after this colony was founded. He had lived here ever since. He farmed until about 15 years ago and since then had engaged in carpentering.

He married Miss Catherine Haverkamp on Nov. 26, 1907.

In April, last year, he built a new home in the west part of the city.

Survivors are his wife; 4 daughters, Mmes. John Hacker and James Eckart and Miss Dorothy Mae Walterscheid of Muenster and Sister Thomasina of Jonesboro; five sons, Alphonse, Andrew, Norbert, Raymond and Henry, all of Muenster; 18 grandchildren and two brothers, Joe and August Walterscheid of Muenster.

Scouts Trim Dads But Take Lashing From Girls' Team

The Boy Scouts out-batted and out-ran their dads in a softball game Tuesday night but took a lashing from the girls' team last Wednesday. Tuesday's thriller resulted in a score of 20-23, while Wednesday's one-sided game ended with a 20-3 score and fled the scouts and girls in a three game series.

Thursday the local girls won a 4-6 game from the Saint Jo girls and on Monday trimmed the Marietta girls by a score of 19-2.

Sunday afternoon the boys played baseball with Rosston marking up their second loss in hard ball this season.

21 Report Monday For Organization Of Football Team

Twenty-one boys interested in football reported Monday night when Coach Doyle Hood called the first meeting of the public high school team.

Superintendent Leo Neyer addressed the boys after which Coach Hood took over. He measured for uniforms and fold the boys what he expected of them as a team.

He is arranging a schedule of regular workouts which will get under way early next week.

NOW THAT SUMMER'S HERE—England, too, has been affected by the driest summer in many years. Her crops are in danger of drying up from lack of rain. The sinking level of this reservoir in Baldersdale threatens that section's water supply. It's already 350,000,000 gallons below normal level. The spot in which that man in center is standing would ordinarily be covered over with 14 or more feet of water.

Ven. Sisters Canisla, Remigia, and Anselma have returned to Muenster preparatory to the opening of the school term, after being at the motherhouse in Jonesboro, Ark.

Mike Luke is on a two-week vacation from the FMA store.

Jack Hoehn of Nocona was here for a visit Saturday.

Norman Luke of Dallas spent the weekend here with home folks.

The Frank Hennigans and son have returned from Albuquerque, N. M., where they spent a week with his parents, the H. P. Hennigans.

Al Yosten has bought the former Bob Ryle home and will move it to town. The Ryle family moved to Saint Jo last week after living in Muenster 14 years.

Miss Juanita Weinzapfel spent several days in Hinton, Okla., recently, with Miss Frances Murphy, a former roommate at OLV college in Fort Worth.

Pvt. Leo Becker of Atlanta, Ga., is here for a 17-day leave with his parents, the Felix Beckers. New orders after his leave call for an overseas assignment. He will go to Japan.

Mr. and Mrs. Henry Schmitz of Dallas visited his relatives in Lindsay last week and came to Muenster Wednesday for a visit with her aunt, Mrs. Ed Schmitt, his niece, Mrs. Jake Horn and other relatives.

Duane Fleshman, Mike Luke, John Myrick and Jerry Fette returned Sunday from a vacation trip to Canyon City, Colorado Springs and Denver. They left the preceding Wednesday night.

Joe Bergman has returned from a visit in San Antonio with his sister, Mrs. G. E. W. Adams. He returned home in company of his son-in-law, Billy Showers who is spending the week here.

The Charlie Berends and two children of Amarillo spent last Thursday night here with the R. M. Zipper family and returned to their home the following day. They had been visiting relatives and friends in Lindsay and Gainesville.

The Bob Swirczynskis and children of Ardmore spent the weekend with relatives, returning home Monday. Mrs. Swirczynski and the children had spent the preceding week here with her mother, Mrs. Frank Trubenbach.

Mrs. Emmet Fette arranged a birthday party for her son, Dick, and her nephew, Bob Voth, Friday afternoon at the Joe Voth home. The youngsters were 6 and 7 years old. Gifts, games and refreshments of ice cream and birthday cake made is a gay affair for a group of little boys and girls.

The Al Trubenbachs and children, Mary, Lloyd and Judy left last Wednesday on a trip to Colorado and Washtucna, Wash. In Washtucna they're visiting her brother, Charles Schmitt and family. While they are away their two youngest children, Kathy and Rita, are staying with their uncle and aunt, the J. W. Fishers.

Mr. and Mrs. Frank Schilling, Mrs. Henry Streng and Tony Nehib of Gainesville returned last week Monday from a visit in Shiner with Mrs. Mary Streng who has been ill for some time and is improved after major surgery. Enroute the group visited in Temple with Sylvester Streng and in Westphalia with Frank's aunts.

Mr. and Mrs. Charles Schmitt and daughters will soon be back in Muenster to make their home after living in Washtucna, Wash., for five years. They're leaving about the middle of this week but will visit in California enroute. Clyde and Johnny Fisher who have been working with their uncle this summer will bring the family's furniture to Muenster sometime next week.

**BIRTHDAY PARTY MONDAY
HAS TWO HONOR GUESTS**

Mr. and Mrs. Joe Bergman entertained in their home with a party Monday night honoring their daughter, Mrs. Billy Showers, and their nephew, A. J. Schmitz, in observance of their birthdays.

After the honorees opened their gifts the guests played progressive 42 and then enjoyed refreshments of birthday cake, ice cream and punch.

Prize winners in the 42 series were Mrs. Joe Wimmer who received the high score award, and Joaline Richter who won the low score and galloping awards.

Making up the party were Messrs. and Mmes. Joe Wimmer, Charlie Fisher and daughters, Albert Wilde and children, Joe Kathman, Billy Showers and daughter, Jane, visiting here from San Antonio, A. J. Washington Newsletter

By Congressman Ed Gossett

WASHINGTON, D. C., Aug. 6, 1949 — The biggest sensation this week was occasioned by the release of the so-called China White Paper. This is a one thousand page book, published by the State Department, seeking to explain our policy in China. This White Paper will be the subject of bitter debate here and abroad for years to come. In money and military equipment we have spent several billions of dollars trying to bolster democratic forces in China, and trying to save them from Communist domination. An editorial in the Scripps-Howard Newspapers blames General George C. Marshall for the Chinese debacle. This editorial claims that the Nationalist Government, under Generalissimo Chiang Kia-shek, the so-called democratic forces of China, were winning the civil war against the Communists until General Marshall's trip over there, and until we stopped sending them tremendous quantities of military equipment. It was General Marshall who came back and reported that our aid was being dissipated, that much of our military equipment was being delivered to and used by the Communies, and that the Nationalist Government was corrupt to the core. Our State Department, headed by Mr. Dean Acheson, now contends that to effectively aid the Chinese Democrats in their war against the Chinese Communies would cost more billions of dollars and require the services of American military personnel, and might even then be unsuccessful. In other words the official position of our government is that the gamble is not worth taking. We have concluded that we have no real alternative other than to let China stew in her own juice, so to speak. Admittedly the Chinese must suffer individually and collectively from a lack of ideals and integrity. "The wages of sin is death."

destroy any people, however rich or powerful they may be. Our own hands are not entirely clean, and we should take warning.

Within the next few weeks the political demagogues of our country will again undertake to pass through the Congress the so-called Fair Employment Practices Commission, the FEPC. A bill by New York's Negro Congressman, Adam C. Powell, is now ready for high-pressureing through the Congress. The Administration has already sought through executive order to impose FEPC upon the Armed Forces of the country. Segregation in the Armed Forces has been eliminated by order of the President. This order is doing great harm to the morale of the Armed Forces and to their effective administration.

Recently the Department of Interior sought to abolish segregation in some of the swimming pools of Washington. Riots and trouble ensued, and such swimming pools have now been closed. A friend of mine from Birmingham, Alabama reports that an Armed Services dance in that city was recently attended by two Negro couples. The Negro couples had a right to go under the President's order. The several hundred White couples immediately abandoned the hall, and the orchestra was compelled to play all evening for two Negro couples. Just last week at a Naval Officers dinner dance here in Washington a Negro Naval Officer came to the party with a White girl. They were given wide berth at this social affair and almost broke up the affair.

The proposal to spend a billion and a half dollars furnishing arms and military equipment to European nations is engendering bitter debate. Opponents contend with great logic that when we signed the North Atlantic Pact we underwrote the security of European countries outside the iron curtain, that through the Marshall Plan we have been feeding these people and have been rebuilding their factories. Opponents point out that this equipment would be obsolete and worn out in the event of war, and that it is unnecessary for the

But Who Gets Hit?

training of European soldiers. They further point out the danger that such equipment might fall into the hands of the Communies in Europe, as it did in China.

The House this week passed the Harris Bill, amending the Natural Gas Act. This bill seeks to keep the Federal Power Commission from controlling the production of gas within States. It largely restricts the authority of the Federal Power Commission to interstate traffic.

This week the House also passed a cotton allotment bill. This bill gives the Department of Agriculture authority to allot and restrict cotton acreage.

The bill is deemed necessary if the Government is to support the price of cotton. For a number of years our cotton acreage has averaged a little over 20 million acres. This year cotton acreage amounts to 26 million acres. Under existing law the Secretary of Agriculture could not reduce cotton acreage for 1950 below 27,500,000 acres. The bill just passed reduces this amount to 21 million acres in 1950, and allows a still further reduction in 1951 if the same becomes necessary.

A thin or poor calf produces dry, tough and stringy meat while a fat animal furnishes juicy, tender and tasty food.

A Spider In The Paper

Many years ago Mark Twain was editor of a small-town newspaper. A reader wrote in saying that he had found a spider in his paper, and wanted to know if that was an omen of good or bad luck. Mark Twain answered: "Finding a spider is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

Retailing has come a long way since those days, and the art of advertising has undergone great development. And advertising, by stores or any other kind of business, is a typical outgrowth of the competitive system. It is the best possible means of reaching the people who want goods and services, of urging the merits of one brand as against another,

and of encouraging the consumer to go to some particular retail outlet. That it benefits the consumer goes without saying. No storekeeper could long charge an excessive price with the same or an equivalent product at a lower price. And deceptive advertising always defeats its own purpose. The wise merchant advertises aggressively, but he bases his story on appeal, not fiction.

Salesmanship is a driving force in keeping the American economy running. Advertising is the heart of it.

From where I sit ... by Joe Marsh

Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along ... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing *everything* the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime ... but Specs Allen and I don't let little differences get in the way of something big like friendship.

2 Former Muenster Girls Are Nuns Fifty Years

Two Sisters of Divine Providence who recently observed their golden jubilees are formerly of Muenster.

Sister M. Josephine is remembered as the former Mary Flusche, and Sister M. Helen was Caroline Bruhl before she entered the convent. Old-timers will recall that the Flusche and Bruhl families were neighbors in the early days of the community and that the jubilarians left together to enter religious life.

Sister Josephine is the sister of Joseph Flusche, long-time resident of Muenster, and now living in Lindsay.

Out of Town Members of Koesler Family Visit Here

Mr. and Mrs. Alfons Koesler had as guests the past two weeks their three children from out of town.

Father Leo Koesler, who was here from July 25 to August 4, came from Subiaco, Ark., and went to Dallas where he is at St. Joseph's parish for the remainder of this month. He will return to Washington, D. C., when the regular term opens at the Catholic University.

Sister Mary Corrine and Candidate Elfreda Koesler have returned to Our Lady of the Lake convent after being here. The former will be at Natchitoches, La., for the school term.

Mrs. J. D. Caplinger of Sherman is ending her annual two weeks' vacation here this week.

Frank Trubenbach and his daughters, Misses Florentine, visiting here from Jacksonville, Fla., and Ethel Mae, left last Wednesday for an extended trip to visit relatives in Oklahoma, Kansas, Nebraska and Missouri. They will also visit in Denver, Colo., Salem, Spokane, Wash., and Los Angeles, Calif., and on their way home will visit in El Paso and Amarillo with relatives.

Wonderful New Comfort

The Beautiful Chrysler | Silver Anniversary Model

New Convenience! Easiest car ever made to get into and out of. Women enter and leave with dignity. Common sense engineering of wider doorways, and natural step-in entrances make it seem absurd ever to have to wrestle your way in and out of a car.

New Yorker 4-door sedan with
PRESTOMATIC FLUID DRIVE* TRANSMISSION
—drive without shifting

New Wider Chair-Height Seats! We don't fold you up like a "jackknife." You sit comfortably in seats the height of your easy chairs at home. We've more headroom, legroom, and shoulder room for you. And no other car has ever been so completely engineered from the fundamentals up for your comfort, your convenience, your peace of mind.

New Easier Steering! In one of the great advances since the war, we give you new "center control" steering. For the first time, tie rods of equal length give you balanced control. There's no wheel fight. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving.

New Smoother Driving! Chrysler's mighty Spitfire engine now has still higher compression for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water but it won't stall. You get quicker starting, even in dampest weather, smoother idling, longer life.

VFW Auxiliary Members Plan Benefit 42 Party

Members of the VFW Auxiliary, meeting in regular session Monday night, initiated plans for a benefit 42 party. Arrangements will be made and a definite date decided on by a committee headed by Billie Huchton.

Clara Mae Wiese, junior vice president, presided during the meeting. Four new members, Billie Huchton, Joyce Tempel, Gertrude Luttmer and Dorothy Swirczynski, were given obligations, and committee members made their reports.

Gladys Wilde was appointed chairman of an essay contest which National Headquarters conducts each year. This year's topic is "Peace, With Honor, For America". All high school students are eligible to enter. First prize is \$1,000 with a total of \$2,000 in all given in awards.

Clara Mae Wiese and Alma Stoffels, hostesses, served iced melon slices and ice cream to 18 members after the business session.

St. John's Parish Sets Sept. 18 As Picnic Date

Members of Saint John's parish in Valley View met recently to make plans for their annual picnic.

It will be held on September 18 at Frank Neu's farm and everybody is invited to attend. Dinner at noon will be followed by games and entertainment for the afternoon and night.

If it rains on the 18th the event will take place on the 25th.

"Show Boat" To Be Starlight's Final Operetta Offering

As a fitting climax to a superb season of musical presentations, the Starlight Operetta will present for its final offering of the 1949 season a two-week engagement of "Show Boat," beginning Monday evening, August 15, in the State Fair Casino, Dallas.

"Show Boat" is one of the proudest achievements of the American theatre. Originally produced a score of years ago, the combination of Edna Ferber's story, the book and lyrics of Oscar Hammerstein, 2nd, and the music of Jerome Kern have provided "Show Boat" with an appeal that transcends the years.

Carol Bruce, who played Julie in the most recent Broadway revival, will repeat her performance in the Casino — her first appearance in Dallas since her success in "Bloomer Girl" last summer.

Captain Andy, skipper of the "Show Boat," will be played by Ralph Dumke, stage and radio actor known to millions for his participation in the "Show Boat" radio program.

Among the cargo of songs in "Show Boat" are "Make Believe," "Ol' Man River," "Why Do I Love You," "Can't Help Lovin' That Man" — songs everyone will want to hear in a show none will want to miss.

Two new Dodges made their appearance in Muenster recently. One is C. J. Fette's coupe, the other belongs to Tony Trubenbach Sr.

Blessed Events

PICNIC SUNDAY ENTERTAINS OUT OF TOWN GUESTS
 The Ted Gremmings entertained with a picnic Sunday at Denison Dam for a group of out of town guests.
 Those present were Mr. and Mrs. Henry Martini of Wichita Falls who spent the weekend here, their sons, Donny and Bobby who had spent last week here with relatives, John Lerner and son, Johnny, of Wichita Falls, Mrs. Harry Palmer and two children of Dallas, the Tommy Gremmings and the hosts and their family.

BIRTHDAY DINNER AND FAREWELL PARTY COMBINED
 Mr. and Mrs. Ben Luke entertained with a dinner party for 20 guests in their home Saturday night. The affair honored Mr. and Mrs. Charles Denny as a farewell tribute and complimented two members of the family in observance of their birthdays. Having birthdays were Mary Nell Denny who was one year old, and the hosts' son, Daniel.

A decorated birthday cake centered the table and both honorees received birthday gifts from the guests. Informal diversion and games followed the meal.
 Guests in addition to members of the hosts' family were the Joe Lukes, the Emmet Fettes, Mrs. Fred Herr Sr., Misses Elizabeth and Katie Herr and Norman Luke of Dallas.
 The Denny and daughter left Sunday to return to their home in San Antonio after a vacation visit with her parents, the Ben Lukes and other relatives.

The Henry Huchtons have returned to Muenster to make their home after being in Electric and Waurika, Okla., for several weeks. They are occupying the house vacated by the Bill Hess family who moved on a farm north of town.

CAROLYN CAIN OBSERVES BIRTHDAY WITH PARTY
 Mrs. R. P. Cain entertained with a party for her daughter, Carolyn, who was eight years old on July 28. After the presentation of gifts to the honoree the hostess directed games and served refreshments of ice cream and birthday cake.

Young guests were Mary Lynn Mitchell, Mary Miller, C.J., Jimmie, Dyann, Timmie and Mary Nell Hellman, Jimmy and Sharon Shumacher, Judy Cain, Skip, Johnny and Barbara Becker, Ronnie, Linda, Jimmy and Larry Dickerson, Mary Alice and Gary Dickerson, Grady Ray, Gwendolyn and Rita Jo Ritchey of Gainesville, Patsy, Jimmy Ray, and Kenny Cain.

Adults present were Mrs. Grady Ritchey of Gainesville, Mrs. A. T. and Lyndall Dickerson and Vincent Becker and Miss Ruth North.

DORIS LEE HORN HAS PARTY ON BIRTHDAY
 Miss Doris Lee Horn observed her birthday on Thursday, Aug. 9, when her mother entertained with an afternoon party at the family home. Doris was 9 years old.

The 12 guests showered the honoree with gifts and enjoyed games, ice cream and birthday cake, then went to the watermelon garden for iced melon.

J. J. HAVERKAMP HOME IS SCENE OF REUNION SUNDAY
 The home of Mr. and Mrs. J. J. Haverkamp was the scene of a family reunion dinner Sunday with Misses Helen and Rosabell Haverkamp as hostesses.
 Guests for the affair were all members of the family including the Troy Coopers of Corsicana and the Ray Kuppers of Linfsay and Johnny Sturm.

The Ed Swirczynskis of Fort Worth spent Tuesday here with his parents.

GET-TOGETHER CLUB MEETS WITH MRS. BOYLES, HOSTESS
 Mrs. Jud Boyles entertained members of the Get-Together Club in her home for the regular monthly social on Wednesday, August 3.
 Four tables were arranged for a progressive 42 series and after the games the hostess served a salad plate to members and two guests, Mmes. Ben Hellman and T. P. Frost.
 In the games Mrs. Joe Kathman won the high score award and Mrs. C. M. Walterscheid the consolation favor. Mrs. Joe Wilde won the galloping prize.

HOUSE JOINT RESOLUTION NO. 15

Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new section to Article III of said Constitution to be designated Section 48-b, reading as follows:
 "Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar (\$100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1949, at which election all ballots shall have written or printed thereon:

"For the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof" and

"Against the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving one expressing his vote on the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

SENATE JOINT RESOLUTION NO. 1

Proposing an amendment to Section 2 of Article VI of the Constitution, repealing the provision making the payment of a poll tax a qualification of an elector; requiring the Legislature to pass a general registration law for voters; providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 2, Article VI of the Constitution of the State of Texas be and the same is amended hereby so as to read hereafter as follows:
 "Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that before offering to vote at any election a voter shall have registered as an elector before the first day of February next preceding such election. This provision shall be self-enacting. The Legislature shall pass a general registration law requiring registration of voters at a time not later than the first day of February for each election to be held for that calendar year, and the Legislature shall have power to prescribe a registration fee. The Legislature may authorize absentee voting."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the 8th day of November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:
 "FOR the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."
 "AGAINST the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."
 Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.
 Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.
 Each voter shall express his vote on the proposed Amendment in the manner provided by law.
 Section 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.

'HOPPERS ON THE MOVE—A band of grasshopper nymphs marches in close formation over dry ground near Denio, Nev. These insects, newly hatched, will take to the air when their wings are developed. The eggs they lay pose a potential threat to fertile California and Oregon croplands unless they are destroyed before they hatch next year.

Pre-school Check-up Important in Getting Child Ready for School

AUSTIN. — The month of September brings a return of school days, and thousands of Texas boys and girls will be returning to classrooms for the next nine months. Every one of these children, according to Dr. Geo. W. Cox, State Health Officer, should be as free as possible from all physical defects that can be corrected, and protected against other diseases which frequently spread through classrooms.

A complete medical and dental pre-school check-up is of the utmost importance in getting the child ready for school. Eyes, ears, nose, throat, and teeth should be carefully examined and all remediable defects corrected or placed under treatment. Such defects can lead to serious impairment of growth and progress academically, socially, and emotionally.

Defects of hearing and vision handicap a child in his class work, and often result in the false impression that he is backward and unable to learn. Such defects can often be corrected, and the child is not only more progressive in his school work, but is a happier, better balanced individual as a result of being more socially acceptable. Dental defects should be corrected not only for cosmetic reasons, but because good teeth enable a child to chew his food properly and thus promote good digestion and bodily nourishment.

"In addition to correcting such defects as already exist,

young children should be protected by immunization against disease, when possible," Dr. Cox said. "Immunization is safe and dependable, and every child is entitled to this protection against disease."

ED MCKINNEY PLACES IN SNAPSHOT CONTEST

Ed McKinney of this city won second place and a cash award of ten dollars in the Dallas News Amateur Snapshot Contest last week. His entry was a delicate study of the Fort Worth Methodist church entitled "Church Spires." He took it with a Linhop Technika 3 1/4 x 4 1/4 on Infra-Red film, 1-25 second at f:11.

Weekly awards are made in the 16-week contest and winning pictures will compete in the national contest.

Mr. McKinney, manager of the local REA co-op, has been an amateur photography enthusiast for about 12 years.

ENTRANCE AGE FOR BOY SCOUTS LOWERED

The Boy Scouts of America has lowered the entrance age for its three programs; Cub Scouting, Boy Scouting and Senior Scouting, effective next September 1.

In announcing the far-reaching change authorized by the National Executive Board of the organization, Dr. Arthur A. Schuck, Chief Scout Executive, said the decision was reached after a three years' exhaustive study during which opinions were obtained from experienced leaders as well as parents.

After September 1, boys may become Cub Scouts at eight years of age instead of nine; Boy Scouts at eleven instead of twelve and Explorers at fourteen instead of fifteen years of age.

In the 14 County Area now comprising Circle Ten Council an estimated 7000 additional boys will be available to the ad estimated 7000 additional boys will be available to the Scouting Program. This will necessitate additional sponsoring Institutions and trained Leadership if these boys are to take part in the Program.

Mrs. Joe Hoeng and daughters, Rita and Eleanora. Mrs. Frank Bindel and Gertrude, and Henry Fleitman visited in Pilot Point Tuesday with the Wm. Koerners. Eleanora Hoeng remained for a longer visit.

There'll be times when you'll be wondering how to get your planting done when there's still more plowing and harrowing—or wishing the manure would haul itself when the big tractor's busy—or watching the weeds grow in the corn when the haying can't wait!

Here's a suggestion. With a new Farmall Cub tractor you can plant, cultivate, or mow up to 12 acres a day

...rake at 3 miles an hour...haul faster than a team. You can spray, pump water, drive an elevator, plow snow, saw wood, shell corn, and grind feed.

The Farmall Cub gives you just the right power to replace that last team. Saves hours of feeding, watering, harnessing, chasing. And for each horse you sell, you add 3 to 5 cash crop acres.

And of course when you need parts or service, I'm always here!
