

Hornets Get Three Early Touchdowns To Beat Anna 19-6

In a furious attack that took the more highly rated Anna Coyotes completely by surprise, the Hornets won their ball game in the first few minutes of play on the Coyotes' field last Thursday night. The 7 points they marked up within three minutes was never equalled by the host team.

The final count was 19 to 6, the third victory in as many games for the Muenster boys this season.

Though the game was full of action all the way through, all scoring was done in the first half and most of it was done in the first quarter.

The Hornets hit with fury the moment they got possession of the pigskin. Holding the Coyotes after the kickoff they took a punt on their 45 and crossed the goal in 5 plays. Gains of 5, 6, and 8 along with Red Walterscheid's 21 reached the 15, from where Ronald Herr carried over for the first touchdown. Gilbert Yosten circled end for an extra point.

The second marker was Anna's, and it followed a comedy of errors. The Hornets held a gain after the kickoff and, after Anna's punt, started again from their 38. A 5 yard smear and a penalty set them back to the 28 where Walterscheid got loose for a 39 yard romp to the Anna 33.

Then things began to happen. The Hornets fumbled; the Coyotes advanced for a first down and lost the ball on Glenn Hellman's interception. Another Hornet fumble was followed by a sensational one handed interception by Ronald Herr. Then on his interception of an attempted Hornet pass

(Continued on Page 2)

Watch the Donkeys Make Your Friends Look Like Monkeys

Muenster business men and VFW members will participate Friday night as a herd of donkeys go through their version of a baseball game on the local diamond.

The event is billed as a contest between veterans and business men, but most of the players are fully aware that their own ball playing will be insignificant compared with the asinine capers of the real performers.

Fans will shell out at the rate of two bits and four bits to see their illustrious townsmen coax their mounts and the net proceeds, after the mules get their cut, will go into the VFW benefit fund.

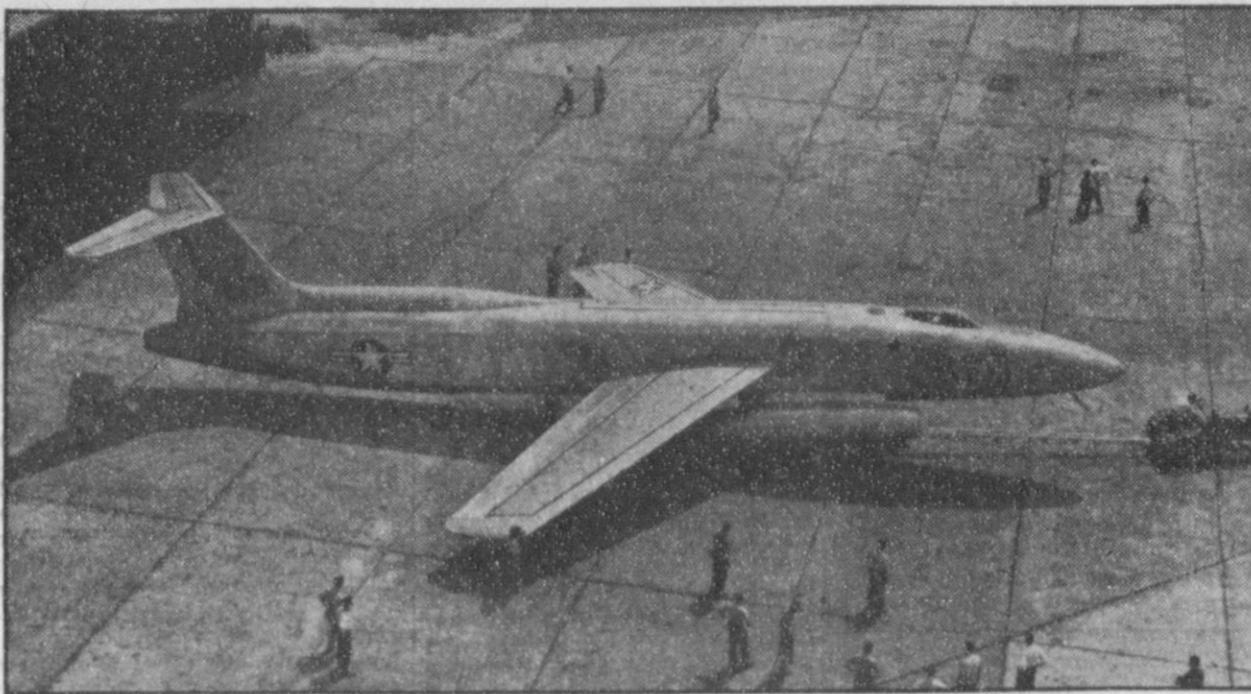

Jockeys for the VFW are Paul Tempel, Herbie Herr, Elmer Fette, Richard Grewing, Tony Luke, Joe Sicking, Gilbert Endres, Wilfred Walterscheid, Otto Walterscheid, Joe Henry Walterscheid, Frank Felderhoff, Vincent Felderhoff, Alphonse Felderhoff, Ray Wille, Marty Klement, Arnold Swirczynski, Andy Yosten and Arthur Hess.

Business men's jockeys are Jim Lehnertz, J. C. Trachta, Rudy Hellman, J. P. Flusche, Jerome Pagel, J. M. Weinzapfel, Urban Endres, Ted Probst, Ben Seyler, Smyrel Owens, J. A. Fisher, Steve Fette, Doc Myrick, E. A. Schmitz, Dick Cain, Dick Trachta, Lou Wolf and "at Hennigan."

Muenster FFA Boys To Compete at Fair

Muenster will be represented in a state-wide grass judging contest to be held at the Dallas Fair on Wednesday, October 19.

Ralph Maglaughlin, vocational agriculture instructor and coach of the FFA team which won a similar contest recently sponsored by the Upper Elm-Red Soil Conservation district, said that the team will be composed of Wilfred Klement, Douglas Robison and Glenn Hellman. All are members of the previous winning team.

AIR FORCE DARLING—Unique features displayed by the U. S. Air Force's new Martin XB-51 high-speed ground-support ship include sharply swept back wings, tandem landing gear and "T" shaped control surfaces. Power is supplied by three turbo-jet engines, two mounted on pylons on the lower sides of the fuselage, the third in the rear of the fuselage. No indication of speed, other than "high," was contained in the announcement of the XB-51. Advice to pilots of small craft—get out of the way when you see this one coming.

Statistics Favor Electra Reserves In Tonight's Game

If comparative figures mean anything the Hornets will have a hard time when they meet the Electra HI reserves here Thursday night.

Asked about the prospects Wednesday, Coach Hood stated "they held the Wichita Falls reserves 18 to 13 and were 8 yards from the winning touchdown when the game ended last Friday night . . . and the Wichita reserves are no weaklings."

He added, however, that with a conference game scheduled the next night, Electra may hold back a few of its stronger reserves and bring less power to Muenster.

As regards the Hornets themselves Hood is confident. They have been working hard and they have a winning spirit, and they'll do all right unless they are completely outclassed.

News Of Sick And Injured

Leo Henschel underwent major surgery at Gainesville sanitarium Friday morning and is making a normal recovery.

Mrs. Frank Trachta fractured her left arm at the wrist in a fall at her home Thursday.

Illness confined Henry Fleitman to bed this week.

Earl Fisher entered M&S hospital in Gainesville Wednesday for dental surgery.

Mrs. Tony Fuhrmann is back at home after being a patient at M&S hospital in Gainesville during a serious illness of double pneumonia. She is regaining her strength normally and says many thanks to all who remembered her with greetings and other kindnesses while she was in the hospital.

Two Escape Injury In Car-Truck Crash At Highway & Main

Albert Rohmer escaped injury but the front of his car was badly damaged Saturday night about 7:30 in a collision at the intersection of Highway 82 and Main Street. The truck driver also was uninjured.

The truck, an out of town vehicle, was headed east on the highway and Rohmer's car was headed south on Main. The two collided almost directly under the traffic light. Rohmer's car hitting the truck between the cab and rear wheels. Each driver claimed that the green light was in his favor.

Parish Mothers Sponsor Toy Drive For Refugee Kids

The Saint Anne's Society of Sacred Heart parish is sponsoring a "Refugee Toy Drive" for children in refugee camps in Bavaria. Mrs. Joe Hoening, president of the society, announced this week that the local society is cooperating with the National Catholic Women's Union at the request of Most Rev. Aloisius J. Muench, bishop of Fargo, apostolic visitor to Germany.

Suggested list of toys and (Continued on Page 2)

Robison and Whitt Get West Texas Trip

About the middle of November Douglas Robison and Billy Whitt, state winners in a pasture demonstration contest at College Station last summer will be guests of the Burlington Railroad for a week's trip through West Texas.

Along with other 4-H county and district teams the two will give demonstrations before several 4-H clubs along the route.

Construction Pace On New School Job Gains Momentum

The first stage in the construction of Muenster's new school building is complete. Wednesday afternoon workers completed pouring some 190 concrete piers which will serve as a foundation for the structure.

Next on the schedule is the concrete beams which will rest on the pillars and support the building. Forms for them are now under construction and the concrete work will begin about 10 days from now.

The pillars are of two sizes, two and four feet in diameter, depending on the load they will carry. They reach down about 11 feet to solid rock and the larger ones are flared at the bottom to give additional support area.

About 35 men are working on the job.

Little Changes Make Big Improvement on Hornet Football Field

Fans who come to see the Hornets and Electra Reserves tangle Thursday will notice several conspicuous improvements on the Hornet Field.

The first is the grass sod. It's better by far and the weather man is due all the credit. A-bundant rains during September have accomplished what sprinklers failed to accomplish earlier.

Then there's the set of markers at both ends of the 10 yard stripes all the way across the field. They'll assist spectators in locating the position of the ball on the field.

A press box at the top of the west side stand is another addition. It's there to help a privileged few such as announcers, reporters and the coach's assistant get a bird's eye view of the game.

A chuck wagon is there to serve refreshments. And a ticket booth, they hope, will speed action at the gate by keeping gusts of wind off the tickets and money.

Also in the plans, though perhaps not completed for Thursday is a more clearly marked chain and down indicator set. Coach Hood said the set he has in mind will be clearly visible from either side of the field.

Chevrolet Pickup Provided for FFA

Through the cooperation of the J. B. Wilde Chevrolet agency the Muenster FFA will have transportation for the coming year for its members, exhibits and what not.

Vocational Agriculture Instructor Ralph Maglaughlin advised Tuesday that the new Chevrolet pickup just delivered to him is furnished gratis for a year by the Chevrolet agency.

Nocona Youth Dies In Head-on Crash With Stoffels Car

Carl Ellis Crow, 22, of Nocona died instantly and Loretta Dawson, 16, of Saint Jo sustained critical injuries Sunday night when the motorcycle they were riding collided head-on with a car driven by Herman Stoffels.

At the latest word received here on Wednesday, Miss Dawson was still unconscious and hovering between life and death in the Medical & Surgical hospital of Gainesville.

The three occupants of the car, Stoffels, his wife and Mrs. Pat Hennigan all received painful bruises and Mrs. Stoffels also received head lacerations which required surgical attention. However none was hurt serious enough to require hospitalization.

The accident occurred as Stoffels was driving east on Highway 82 about a mile west of Gainesville. According to Stoffels the motorcycle suddenly darted in front of him and

County TB Unit To Give Free Chest X-Rays Next Week

Every person in Cooke County 15 years of age or older will be afforded a chance to have a free chest x-ray, president, J. M. Weinzapfel, of the Cooke County Tuberculosis Association said this week. Arrangements have been completed with the Texas Tuberculosis Association and they are sending their mobile x-ray unit to Gainesville on October 3rd. The unit will be in Gainesville for 5 days, October 4, 5, 6, 7, and 8, and will be set up at the Health Unit Building, 215 South Commerce Street. Mr. Stephen Mile is the x-ray technician in charge.

The working hours of the unit will be from 8:30 until 11:30 A.M. and 1:30 until 4:30 P. M. each day. This unit is capable of taking 600 x-rays a day. Mr. Weinzapfel said.

School faculty members, students and public food handlers will be given preference during this survey.

A chest x-ray is the quickest and easiest way a person can make sure he's not one of the 500,000 people in this country estimated to have active tuberculosis.

With this modern x-ray machine, a chest can be checked in a few minutes. There is no need to undress.

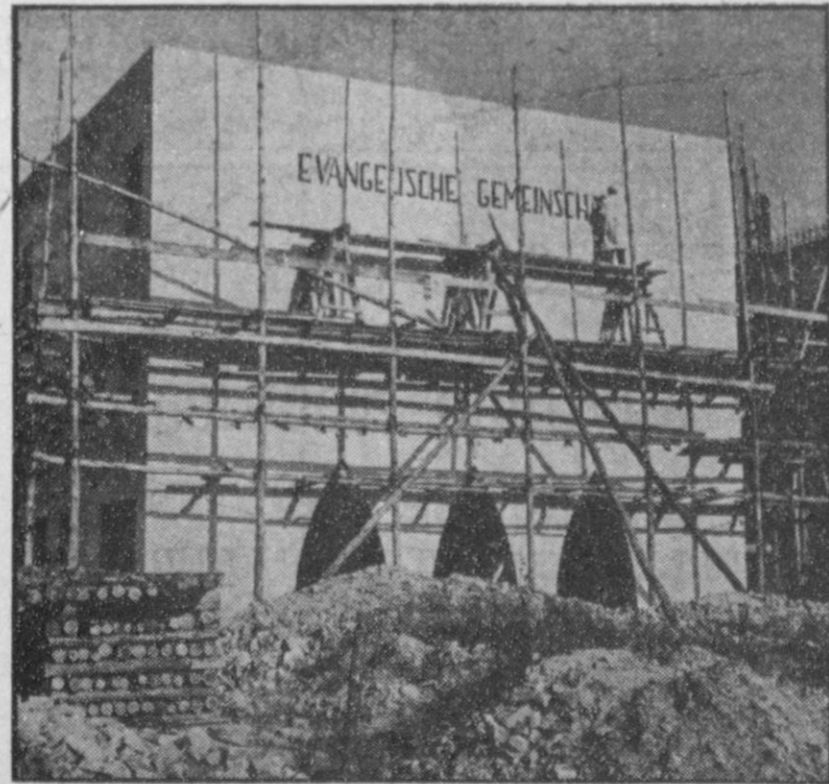

Farmers to Organize Night School Friday

Farmers who wish to attend night school in vocational agriculture will have an opportunity to organize a class this Friday night in the vocational agriculture classroom of the public school.

The purpose of the class, to be conducted by Ralph Maglaughlin, is to discuss any farming problems the members prefer. At Friday's meeting they will decide how often the class will meet and also what nights are preferred.

Schedule of Coming Events

- FRIDAY, SEPT. 30, Public School P-TA meeting and election of officers, in the school, 8 p.m.
- SUNDAY, OCT. 2, Gun Club social, city park, 2 p.m.
- MONDAY, OCT. 3, City Council meeting, city hall, 8 p.m.
- MONDAY, OCT. 3, VFW Auxiliary meeting, VFW club room, 8 p.m.
- TUESDAY, OCT. 4, St. Anne Society social, church basement, 2 p.m. Bring toys for refugee children.
- TUESDAY, OCT. 4, Artificial Breeders association meeting, Public school vocational ag room, 8 p.m.
- WEDNESDAY, OCT. 5, Get-Together Club at the home of Mrs. Arthur Endres.
- WEDNESDAY, OCT. 5, K of C business meeting, K of C hall, 8 p.m.

BERLIN'S GETTING A CHURCH—Funds for the New Church of Peace now under construction in the American sector of Berlin came mostly from the U. S. The church will have room for 400 persons. It is the first to be built in Berlin since the end of the war and belongs to the Berlin community of the "Free Evangelical Church."

LOCAL NEWS BRIEFS

Mr. and Mrs. Melton Ramsey visited in Kamay Friday with the J.E. Snow family.

Mr. and Mrs. Carl Herr of Pilot Point were here Sunday to visit his mother and other relatives.

Norman Luke of Dallas was here to spend the weekend with his parents, Mr. and Mrs. Joe Luke.

Misses Ann Herr and Lillian Knabe are employed in Gainesville since the beginning of this week.

A new home for the Bill Haverkamp family is nearing completion on their farm southwest of the city.

Messrs. and Mmes. David, Tra-

chta and Ray Swirczynski spent the weekend visiting in Dallas and Fort Worth.

Rev. Father Leo Koesler left Subiaco Abbey in Subiaco, Ark., this week to enter the Catholic University in Washington, D.C., for this year's term.

Mr. and Mrs. Frank Hennigan and son left Muenster Wednesday to make their home in Albuquerque, N.M.

Mr. and Mrs. Henry Pagel of Muskogee, Okla., spent Monday with his sister and brother, Mrs. Henry Luke and Jake Pagel.

Giles Lehnertz has a new Ford tudor sedan and N.J. Yosten a new F.6 two-ton truck delivered by Endres Motor Co.

E.S. Lawson spent several days of last week in Abilene visiting at the bedside of his mother who is a hospital patient.

J.B. Wilde Motor company delivered a new deluxe 4-door Chevrolet sedan to Frank Rauschuber at Valley View Tuesday.

Mrs. Lynton Mitchell and daughters and her mother, Mrs. W.A. Price of St. Jo, spent the weekend in Oklahoma City visiting relatives.

Mrs. A. H. Richter of Fort Worth arrived Wednesday night for several days' visit with the Wm. Richter and Henry Fette families.

Mr. and Mrs. Robert Bell spent the weekend in Grand Saline with their parents and were accompanied home by their children, Lynn and Ken, who had been visiting their grandparents.

Mrs. Townsend Miller spent Friday here with her parents the Joe Swirczynskis. Her home is in Marshall but she is spending two weeks in Gainesville on duty at the telephone company.

Mr. and Mrs. Earl Swingler and baby came in last week from Roll, S.D., to spend their vacation with his parents, the Joe Swinglers. They are being transferred back to Waurika, Okla., and will leave for that place next Monday.

Mrs. Joe Hirschy had as guests last Thursday through Sunday her daughter, Mrs. Joe Gehring and son of Dallas. Mr. Gehring joined them here Sunday to accompany them back home. Sunday Mrs. Hirschy and the Dallasites were dinner guests of Mr. and Mrs. Jimmy Lehnertz.

Sister M. Agnes is here for a visit with her mother, Mrs. Barney Voth, and is convalescing from a recent illness. She came to Muenster Sunday in company of her Sisters and brother-in-law, Mrs. Andrew Zimmerman and Mr. and Mrs. Albert Kubis of Lindsay, who drove to Memphis, Tenn., where she had been a patient in a hospital.

Mmes. Joe Luke, M.J. Endres, J.M. Weinzapfel and T.S. Myrick of the Muenster Garden Club attended a flower lecture and flower arranging demonstration last Thursday morning in Gainesville. Mrs. Howard S. Kittell of Fort Worth, noted flower arranger, was a guest of the Elaine Hay Garden Club for the program.

Mr. and Mrs. Henry Mattiza of Robstown returned to their home Monday afternoon after visiting here since Friday with her sister, Mrs. August Friske and family. Saturday Mrs. Friske and visitors were guests of the Arnold Friskes and Bill Seylers in Gainesville and on Sunday were joined by Mrs. Joe Luke on a trip to Munday where the four visited members of the Michels, Jungman and Hertel families. While here the Mattizas also visited the Joe Lukes and Martin Friskes.

Birtie Baumhardt, Ernest Webb Marry Saturday Afternoon

Miss Birtie Lou Baumhardt, daughter of Mrs. Callie Baumhardt, and Ernest D. Webb, son of Mrs. Maud Webb of Wichita, Kansas, exchanged marriage vows here Saturday afternoon at 3:30 in Sacred Heart rectory.

Father Anthony Schroeder officiated at the double ring ceremony in the presence of relatives and close friends of the couple.

The bride wore a becoming beige and brown gabardine suit with beige accessories and a corsage of gardenias.

Miss Margie Ann Baumhardt attended her sister as maid of honor wearing a grey taffeta costume with black accessories and a corsage of yellow rosebuds.

Herbert Webb of Wichita, Kansas, was his brother's best man.

After the service the bride's mother entertained with a small, informal reception in her home.

Following a wedding trip Mr. and Mrs. Webb will make their home in Wichita where he is a student at the University of Wichita.

Both Mr. and Mrs. Webb are former residents of Burkburnett where they were reared and graduated from high school. The bride lived in this city for about three years and is a former employee of the Muenster State Bank, resigning preparatory to her marriage.

Among out of town guests at the wedding were Mrs. Maud Webb and Mr. and Mrs. Herbert Webb of Wichita, Kansas; Mr. and Mrs. Gene Cypert of Burkburnett; Mrs. F.G. McClendon and children of Devol, Okla.; R.E. Baumhardt of Amarillo and O.J. Baumhardt of Waco.

Blessed Events

Mr. and Mrs. Andrew Wimmer announce the birth of their first child, a 7½ pound son, Terry Stephen, at the local clinic on Monday, Sept. 26. At the baby's baptism on Tuesday Miss Grace Wimmer and C.M. Walterscheid were sponsors. Mrs. Wimmer is the former Miss Celia Walterscheid and Mr. and Mrs. C.J. Wimmer and Mrs. Wm. Walterscheid are the grandparents.

Mr. and Mrs. Henry Sandmann of Valley View are the parents of a son born Saturday at Gaines-

ville sanitarium. Mrs. Sandmann is the former Lorene Lutkenhaus of this city. Grandparents are Messrs. and Mmes. Ben Sandmann of Lindsay and George Lutkenhaus of Muenster.

Snob: "My ancestors came over on the Mayflower."

Snubbed: "And a good thing it was they did, too. The immigration laws are so much stricter now!"

Addie: "I know he's rich, but isn't he too old to be considered eligible?"

Maggie: "My dear, he's too eligible to be considered old."

Toy Drive - - -

gifts is: blocks, pull toys, crayons, cutout books, modeling clay, horns, whistles, story books, wagons, scooters, small chairs and tables, blackboards, dolls, etc., even toys which children here have discarded. Anything in the way of toys, games or sporting equipment for children up to 18 years of age is most acceptable.

The toys should be wrapped securely in second-hand clothes, thereby serving a two-fold purpose.

In making the announcement about the toy drive Mrs. Hoenig, added that the local society will have a forty-two social for members on Tuesday afternoon, Oct. 4, and that she hopes to have all toys turned in at that time.

Everybody, not only members of the society, is asked to take part in the drive. The articles may be left at the home of Mrs. J. W. Fisher through Sunday, Oct. 9. Immediately thereafter they will be packed by the sponsor group for shipment overseas in order that the toys can reach their destination by Christmas.

Hornets - - -

Harlow raced 55 yards for his team's only score.

Just before the quarter ended the Hornets added their second touchdown. The kickoff was returned to the 37. A pass, Herr to Fisher reached the 48. Two short plays plus 5 on a penalty added 8 more, and Yosten's 44 yard gallop from that point brought the count to 13-6.

The second quarter started with lots of action as Herr nabbed a long Coyote pass and returned it 30 yards to the 32. Yosten reeled off 10 to the 22 and another touchdown seemed certain as Knabe raced for Herr's heave. But he failed to hang on to the ball, and Anna took over 2 plays later on a fumble. The Hornets held the Coyotes for downs and the Coyotes returned the favor.

Next Muenster got the ball on a kick on their 42. A short pass added 3 and Yosten got loose for a 55 yard touchdown play.

That was all the scoring but there was still plenty of football in the second half. A greatly improved Anna team returned to the field and fought the Hornets on more even terms.

After two first downs by the Hornets, the Coyotes intercepted and marched 50 yards to the 15 before losing the ball on downs. The Hornets did the same thing advancing to Anna's 30 and losing on downs.

The rest of the game consisted of more alternate gains and losses, including two scoring threats by the Hornets. Damian Hellman caught a pass and crossed the line but was called back for infraction of rules on the play. Another time a pass Herr to Fisher across the line was incomplete. Anna racked up an impressive number of first downs in mid-field but did not get close to pay dirt.

**Eunice Krebs Bride
Of Edward Wolf At
St. Mary's Sept. 20**

Mr. and Mrs. Edward Wolf are on a wedding trip to North Carolina following their marriage at 8:30 a.m. on September 20 in St. Mary's church in Gainesville.

The bride is the former Eunice Krebs, daughter of Mr. and Mrs. Frank Krebs, and the groom is the son of Mr. and Mrs. Adam Wolf, all of route 1, Gainesville.

Rev. Anthony Schroeder, Muenster pastor, and uncle of the groom, performed the ceremony and officiated at the nuptial high mass.

Given in marriage by her father, the bride wore a white satin gown with a full skirt and long lace-edged train. Her finger-tip veil of illusion fell from a half-crown of pearls and she carried a colonial bouquet of pink and white carnations.

Miss Doris Krebs was maid of honor, and Misses Betty Berend of Windhorst and Eugenia Holley were bridesmaids. Miss Joan Wolf was flower girl. They wore formals in shades of orchid, yellow, pale green and white, respectively, with matching picture hats and carried colonial bouquets of carnations.

Lee Wolf was best man for his brother, Frank Krebs Jr. and Adam Wolf Jr. were groomsmen. Jerry Hoedebeck of Dallas was ring bearer and Paul Arendt Jr. and Eugene Krebs of Dallas were ushers.

Following the rites, a reception was held in the home of the groom's parents. Mrs. Cletus Hoedebeck of Dallas presided at the guest book. At night a dance was held in the Lindsay hall.

Out of town guests at the wedding included W.J. Schroeder, grandfather of the groom, and

GHOST GALLOPS AGAIN—Harold "Red" Grange, the former University of Illinois and pro football great, here demonstrates the art of stiff-arming to Raymond Freeman, 12, a pupil in one of the eight junior football schools conducted by the Chicago park district. Grange, the "Galloping Ghost" of the '20s, is roaming the gridiron again as supervisory coach of the program.

Messrs. and Mmes. Carl Lindeman, Bill Schroeder and son, Anton Wolf Sr., Leo Hoff, August Berend and daughters, A.P. Vlieth and daughter, Mike Wolf, Ben Gremminger, Emerick Berend, Ed Conrady and John Hoff, all of Windhorst.

Messrs. and Mmes. Al Flusche of Decatur, Bill and Pete Krebs of Kenefic, Okla., Albert Krebs of Coalgate, Okla., John Schulte of Sterling, Okla., John Bengfort of Lindsay, Cletus Hoedebeck and family and Joe Zipper and son of Dallas, Fred Hoedebeck and Robert Knabe, Mrs. Mollie Walter, Otto and Larry Walter, Mrs. Norbert Hoedebeck and Father Anthony, all of Muenster, Mr. and Mrs. Robert Bockholt of Robstown, and Cpl. Gene Messer of Washington, D.C.

Both Mr. and Mrs. Wolf were reared in Gainesville and attended St. Mary's school. When they return from their wedding trip they will make their home in Gainesville.

the District Court of Cooke County, Texas, to be held at the courthouse of said County in the City of Gainesville, Texas, at or before 10 o'clock a.m. on the first Monday after the expiration of 42 days from the date of issuance hereof the same being Monday, the 7th day of November, 1949, then and there to answer petition filed in said court on the 20th day of September, 1949, in a suit numbered on the docket of said court No. 15570, and styled F.E. Case vs. Mae Summitt Snyder et al, wherein F.E. Case is plaintiff and Mae Summitt Snyder, if living, and if dead her heirs other than her two children, Dorothy J. Hodges and Nellie Loraine Bush, and her husband, Jack Snyder, if any, who are unknown to plaintiff, and their heirs and legal representatives, and Jack Snyder, if living, are defendants, the nature of said suit being one in trespass to try title brought by said plain-

tiff against said defendants to establish his title to a mineral leasehold estate in the North 80 acres of Lot No. 16 of Fannin County School Land Survey, Abstract No. 1248, in Cooke County, Texas, and in the alternative for partition of the mineral leasehold estate in said land, wherein it is alleged that if the said Mae Summitt Snyder is living she owns a 1-18 interest in said leasehold estate and the plaintiff owns a 17-18 interest therein.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued and given under my hand and the seal of said Court at Gainesville, Texas, this the 20th day of September, A.D., 1949.

Gainesville

The van driver, who was also the ace shot in his gun club, was passing through a small town where he saw evidences of the most amazing shooting. On trees, walls and on fences there were numberless bulls-eyes with the bullet hole in the absolute center. He asked to meet the person responsible for this marksmanship. The man turned out to be the village idiot.

This is the most wonderful shooting I have ever seen," said the van driver. "How in the world do you do it?"

"Easy as pie," answered the village lame-brain. "I shoot first and draw the circle afterward."

A Sunday school teacher was showing her class a picture of the Christian martyrs in a den of lions. One little boy seemed very sad about it.

"Gee," he explained, "look at that poor lion in the back. He won't get any."

The American Way The "Wrongest" Idea

By DeWitt Emery

One of the "wrongest" ideas about America, and one promoted hard by the commies, is that America's strength and wealth all stem from our "lion's share" of the world's natural resources. They claim that by squandering these we make up for our "decadence" as a people under our capitalistic culture.

All it takes to set this nonsense straight are a few everyday almanac statistics. In the first place, we have about 6 percent of the world's people and we have 7 percent of its land. On that basic score we are about "even-Steph-en."

When you make a list of all our natural resources, from iron ore (where we're lucky) to rubber (where nature passed us by), we are by no means overindulged. Several countries like Brazil, China, India and Russia stack up as good

as we or better in the natural resource assets they have to work with. Yet, instead of being "rich," the last three countries mentioned are so backward in their use of their natural assets that they have a corner on the world's poverty and hardship.

It is a little surprising, in view of what America has been able to do in 150 years with what we do have as our share of things, that it hasn't gone to our heads on this monkey business about "racial superiority." Maybe it's because there are so many nationalities among us, and we're still so much like our forty-seven kinds of grandparents, that no one group can figure out how to claim credit for our total success.

The fact is that the kids of any kind of emigrants grow bigger and taller in this country (average 1 inch taller and 20 lbs. heavier). But we still produce enough dopes and bone heads so that we don't have any illusions about how "superior" we are. Actually, we seem to derive our greatest pride from the feeling that we are just ordinary folks who can do extraordinary things. And we take a pretty dim view of anybody, American or otherwise, who starts taking on airs about himself or his family or his "race."

Maybe the whole thing can be explained by a comparison in the world of chemistry. Technicians make frequent use of what they call "catalytic agents" to cause chemical reactions to take place. Nothing happens to the catalyst but its mere presence makes the other substances "get results" which they won't get in its absence.

Economic Equality Achieved—Everybody a Pauper

America has a lot of wonderful catalytic agents that work the same way. Some are merely ideas or principles, but the more they are used the better they get. Some of them we call "rights;" some more are "freedoms;" and others are just ideas about the way we think things ought to be done. None of these catalysts ever get used up in the process. But their mere presence makes a lot of things work better.

So it is that while Russia, India and other countries have raw materials plus vast manpower, they don't seem to be able to combine them to produce much results.

Dr. Slichter of Harvard suggests that our vast progress over other

nations with comparable resources and manpower stems from what he calls our many "areas of initiative." In a dictatorship there is only one center of initiative or decision. Everything is decided in one place—at the top. The individual is just so much raw material like coal or cattle feed.

With us every man is his own center of initiative. Each of us is busy deciding what is best for us and how we want to make our share of the total effort. The result is that in free America we have devised a way of working and living together which is far better in every respect than any other way of life the world has ever known.

OLD RED ATROCITIES ON ESCAPEE'S KIN ARE NOW LEGALIZED

NEW YORK.—It has long been known that the families of those who manage to flee the Soviet Union suffered for the freedom of the escapee. But now this has been codified; the Soviet Union has written collective responsibility into its law.

According to Dagens Nyheter of Stockholm, the new law reads as follows: "Should someone betake himself abroad illegally . . . The adult members of his family shall be punished with five to six years at hard labor, and total confiscation of their belongings . . . These penalties shall be exacted not only on those family members who actively aided the escapee, but also on those who are culpable by failing to inform authorities . . ."

It's impossible for a woman to run as fast as a man, but she

can think faster, and that's how she catches him.

From where I sit... by Joe Marsh

A Big Boost For Smitty!

Stepped into Smith's Department Store the other noon and saw the strangest thing. "Sis" Davis was coming up the stairs from the basement with a bundle of wash.

"Is Smitty taking in washing these days?" I asked. "Not quite," she says. "He's just put in a new automatic washing machine, so the girls who work here can get their laundry done while they're eating lunch. Means more time to relax at night and on weekends."

I thought what a swell boss Smitty must be. Human relations between the boss and employees

have certainly taken a big step forward during my lifetime.

From where I sit, people seem to be doing a better job of seeing our neighbor's viewpoint these days. Though his ideas and tastes may not be ours, we can understand his preference for a certain breakfast cereal, a favorite movie star, or for a temperate glass of beer or ale. That's the way it should be in a free country.

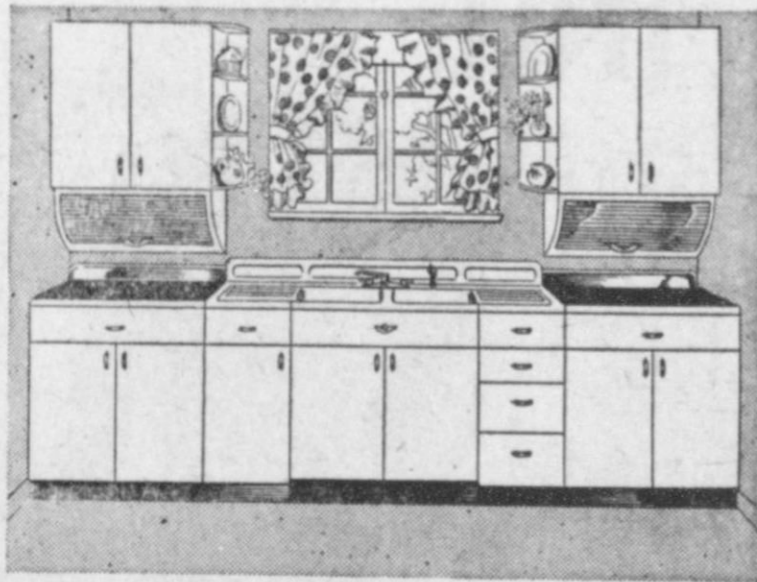

Joe Marsh

GETTING UNDERWAY—The "Genepesca I" is launched in the Free Territory of Trieste shipyards, the first of six ocean-going fishing ships to be built with Marshall Plan help. An Italian fishing company will use it to fish in the waters off Newfoundland, the catch to be processed for Austrian and German markets.

THINGS ARE LOOKING UP—Dr. C. D. Shane, left, director of the Lick Observatory on Mount Hamilton, near San Jose, Calif., and engineer W. W. Baustian examine the huge mirror purchased for the telescope under construction at the observatory. Exceeded only in size by the 200-inch giant at Mt. Palomar, the 120-inch disk was cast in 1933 to make tests on the design of the Palomar mirror. Purchase of the mirror advances the Lick project about two years.

Fair Will Present Biggest Livestock Show in Its History

The 1949 State Fair of Texas, now little more than a week off, boasts the biggest livestock show in its history, with unprecedented increases in entries for both junior and senior events, final tabulations have revealed.

Matching the overall scope of the greatest extravaganza ever produced by the State Fair, the huge entry list includes 3875 head of beef and dairy cattle, swine, sheep, goats and horses valued at more than \$2,000,000. This is an increase of 968 over entries for 1948.

The swine show will break all records with 553 entries; there will be 251 sheep and 73 Angora goats, 115 Quarter horses and 46 Palominos.

Exhibitors from 18 states and Canada are represented.

The Junior Livestock Show, more than 50 per cent bigger than 1948,

has drawn 1603 entries from 650 farm youngsters in 156 counties.

The 1949 State Fair will wrap up the fanciest parcel of free entertainment on earth.

Once inside the gates, practically everything at the mammoth exposition is free, except, of course, for such things as hot dogs, roller coaster rides and foot liniment.

Among the sensational free attractions at the Fair are:

The "Man and the Atom" show direct from the first and biggest atomic energy museum in the world, at Oak Ridge, Tenn., cradle of the atom bomb.

A complete miniature television station in action, where KBTB of Dallas will televise virtually all its programs during the Fair.

Selden the Stratosphere Man and the world-famous Cimse Troupe, who daily will perform feats of aerial daring on Midway.

The most spectacular fireworks fiesta ever presented in the Southwest, every Tuesday, Wednesday and Thursday night in the Cotton Bowl.

And there'll also be the South's biggest Automobile Show, the new Poultry Show and Agriculture Show, special features at five museums, hundreds of commercial exhibits, and many other features—all for free.

Now's the Time to Vaccinate Against Whooping Cough

AUSTIN, TEXAS.—Now is the time to have your baby protected from whooping cough, says Dr. Geo. W. Cox, State Health Officer, Texas State Department of Health recommends that vaccination against this disease be administered at three months of age with a booster dose of vaccine when the baby is two years old. There is many a child whose life could have been saved if he had been immunized in infancy, said Dr. Cox.

"Whooping cough", said Dr. Cox, "first masquerades as an ordinary cold, with running nose and eyes, followed by a slight cough. These symptoms develop about 1 to 14 days after exposure. Then in about another week the cough develops

into a series of continued attacks, in an effort to expel the troublesome mucous. An attempt to breathe during the choking spell produces the characteristic whooping sound. In mild cases it may be absent. The whooping stage lasts 4 to 6 weeks and may then take another two or three weeks to decline gradually.

"Here are some facts about whooping cough:

1. The disease starts like a common cold, 1 to 14 days after exposure. In about another week the cough develops and the whooping usually begins.
2. It is one of the communicable diseases children often catch at school. After a child has reached the age of five, fatalities occur less frequently. Children may carry this disease home to babies.
3. Most important of all is to see that infants are vaccinated against whooping cough, for most deaths occur among children less than one year of age.
4. Call your family physician at once if you suspect your child has whooping cough and follow his directions in detail."

See Your Postmaster For Social Security Card; Do Not Write

"During the last three months, 1,300 persons needlessly wrote letters to our office for applications for social security cards," stated Ernest L. Tutt, Manager of the Dallas Social Security office. "These persons were evidently unaware that an application blank could have been obtained right from their home town post office. The post offices, as a service to the people, carry these blanks and are ready and willing to hand them out to all who ask for them."

"By obtaining this application at the post office," Mr. Tutt continued, "the individual can save himself wasted effort and loss of time, since there is no need to write a letter asking for one. As soon as the completed application is mailed to us, we will issue a social security card. Doing this will save the person 2 or 3 days in getting his card, and now with most employers insisting on the worker showing his social security card before being employed, it may also save time in getting started on a new job."

"All completed application blanks," Mr. Tutt concluded, "should be mailed to the Social Security Administration, Dallas, Texas."

CD OF A MEMBERS HAVE 42 SOCIAL THURSDAY

Mrs. Ray Swirczynski and Miss Evelyn Swingler were hostesses to members of the Catholic Daughters of America court last Thursday evening, entertaining in the parish hall.

After a progressive 42 series they served pineapple upside down cake and coffee to 29 members.

Game awards went to Mrs. Martin Bayer for high score and to Mrs. L.A. Bernauer for low. Mrs. Francis Wiese won the galloping prize.

How Long You Live May Be Affected by How Much you Eat

As we grow older we begin to dream of living longer. But a long and happy life depends to some extent on what and how much you eat, according to Louise Mason, extension foods and nutrition specialist of Texas A&M College.

She says it isn't easy to cut down on certain foods that you have become accustomed to, but sometimes it's necessary in order to prevent some diseases and ailments that come on with old age.

Over-eating seems to be our greatest common dietary fault. That is, eating too many fat, rich, and sweet foods. Miss Mason recommends eating more green leafy vegetables, milk, citrus fruits, tomatoes and animal protein foods such as cheese, eggs, lean meat; beef, pork and poultry to ward off such ailments as high blood pressure, diabetes, hardening of the arteries and even cancer.

Some folks are allergic to certain foods; some don't like them; some can't digest certain foods. You can develop these habits to extend your life expectancy. Eat the foods you like, says Miss Mason, but eat more of the good mineral and protein rich foods and less of the sweet and rich foods for longer healthier living.

The traveling man's eyes bulged when he entered a small general store in a distant community and saw a dog, seated in a chair, pushing discs about on a board with his front paws.

"You mean to tell me," he inquired incredulously, "that your dog is playing checkers?"

"Sure," replied the proprietor. "I learned him."

"Why, man, do you know what you've got there?" asked the salesman. You could go into a vaudeville and clean up a fortune with a dog as smart as that."

"Oh, I don't know," sniffed the storekeeper. "He's not so smart. I beat him the last three games."

Paul Luke, who works for the Katy at Celeste, spent the weekend with his parents, the Henry Lukes.

How to Get Help If Polio Strikes

1. At the first sign of illness, call your own doctor. If he suspects polio he will report the case to the local Health Department and arrange for hospitalization or home care, as indicated. The National Foundation does not select physicians or hospitals. This is a family matter. If you have no family physician, call your City or County Medical Society, your Board of Health or the nearest hospital.

2. If your doctor says it is polio and requires hospitalization, the local Chapter of the National Foundation will help arrange for transportation to a treatment center. As soon as the patient goes to the hospital — or if your doctor advises the patient can be treated at home — get in touch with your Chapter of the National Foundation to arrange for any needed assistance.

a.) Most Chapters are listed in the telephone book under N for National Foundation, I for Infantile Paralysis and the letter starting the name of the county you live in. I.e., Washington County Chapter of the National Foundation for Infantile Paralysis. If you can't find it — check with your doctor, hospital or Health Department.

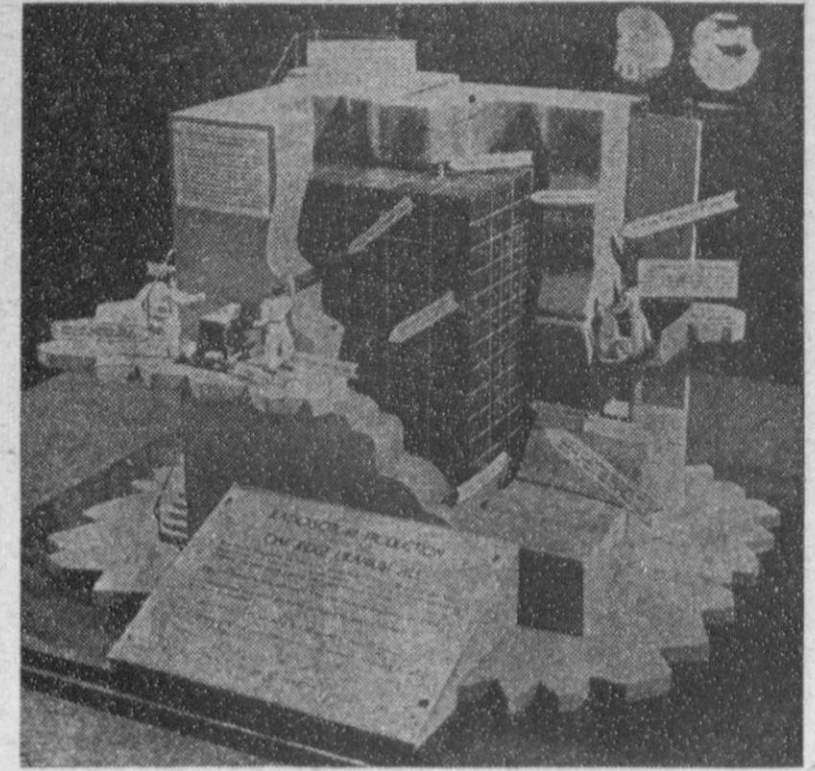

b.) Your Chapter will get in touch with you as soon as it learns of the case through your physician, the hospital or the Health Department. However, late reporting or a heavy hospital load may delay this Chapter contact. If you do not hear promptly, telephone or visit your Chapter representative. You can ease your own worries sooner by making the approach yourself.

3. The Chapter representative will notify the hospital that it is arranging with you for full or partial payment of expenses for medical care. Adults are as eligible for help as are children. Discuss with your Chapter how much of the full bill the Chapter will pay.

a.) March of Dimes funds are used to help the medically indigent — but this is NOT the same as "indigent." It includes families of moderate income, who cannot meet the high costs of modern care of this expensive disease. The help is a gift — not a loan. While families that CAN pay are expected to do so, NO family is expected to impoverish itself to meet medical expenses for polio.

b.) Even if you can assume full costs for initial hospitalization, it is a good idea to see your Chapter. If yours should be a patient who is severely affected — and this cannot be determined in the first few days — you may need help later on. Bills incurred in the weeks BEFORE your Chapter assumes financial responsibility cannot be paid months afterward, but the Chapter will step in at whatever time you really need help. Have a frank friendly talk with your Chapter representative at the beginning.

4. Chapters pay for hospitalization, professional services including nursing and physical therapy, transportation to and from hospitals, convalescent center and clinics, treatment after hospitalization and appliances such as wheelchairs,

STATE FAIR 'ATOM PILE'—This model of a uranium pile is a small segment of one of the dramatic exhibits in the "Man and the Atom" show coming to the 1949 State Fair of Texas Oct. 8-23 direct from the famed American Museum of Atomic Energy at Oak Ridge, Tenn., cradle of the atom bomb. Admission to exhibit will be free.

FLORIDA SCENE? IT'S PHONY—Palms stirred by balmy ocean breezes frame a picturesque semi-tropical scene as the famed Bok Singing Tower is silhouetted against the early morning Florida sun—or so it seems. The palm trees are real enough—transplanted—but the tower is just a replica. And the "ocean" in the background is actually Lake Michigan. It's all part of the Chicago and Eastern Illinois exhibit at the Railroad Fair in the Windy City.

braces, etc., as needed. There are no hard and fast rules. Each case is decided upon individual medical and financial needs. Assistance is given regardless of age, race, creed or color. More than 110,000 polio patients were directly assisted in full or in part up to the end of 1948.

5. In addition, your Chapter can put you in touch with proper sources for nursing and physical therapy at home, can refer you to rehabilitation and vocational training agencies will provide literature designed to foster better understanding of infantile paralysis — so you will know what to expect and how to help your polio patient back to a useful life.

THESE SERVICES ARE MADE POSSIBLE BY THE MARCH OF DIMES EACH JANUARY.

CAROLYN WIESMAN HAS SURPRISE BIRTHDAY PARTY

Miss Carolyn Wiesman was greeted with a surprise birthday celebration Tuesday night when Miss Jeanette Meurer entertained at her home for the occasion with a lawn party.

After the presentation of a shower of gifts to the honoree the guests enjoyed games and refreshments of sandwiches, ice cream and birthday cake.

Nineteen young people were present.

21 Million Gallons of Gas Wasted Yearly In Texas Tractors

COLLEGE STATION.—Farm tractor operators should be interested in making every gallon of fuel that goes into the farm tractor fuel tank work for him, says W.L. Ulich, extension agricultural engineer of Texas A. & M. College. Tests and reports indicate that a lot of gasoline is being wasted and in most instances you can do something about it.

Ulich says there are about 240,000 farm tractors in the state and a conservative estimate indicates that each tractor burns about 900 gallons of gasoline per year. Tests show that about 10 percent of this is wasted. A little simple arithmetic and you have 21,600,000 gallons of fuel wasted. Now this is the amount of gasoline that is not working for the farmers of Texas. Figure a little further and see what this is costing you in dollars and cents—that amount will help pay the taxes or might even buy the wife a new dress.

Anyway it's a lot of gasoline. It would fill 2,160 tank cars—each holding 10,000 gallons and that in turn would make up 21 trains—each of more than 100 cars, one mile long. Much of this loss, says Ulich, can be avoided if the farm tractor is properly maintained and operated.

An elevated and shaded tank

for storage is much better than barrels that set out in the sun. Always stop the engine before filling the tank, and adds Ulich, leave room in the tank for expansion—don't get it too full.

Check the fuel system often to see that there are no leaks in the gas lines and be sure the carburetor is functioning as it should. If the carburetor leaks, it probably needs a new float or float valve, he says. Use the choke only when necessary. (A choked tractor wastes a gallon of gas an hour.) Make carburetor adjustments only when the engine is hot and follow the instructions in your tractor operator manual. Don't change the carburetor setting to start or pull when the engine is cold—use the choke. The proper adjustment on the idle and idlespeed stop screw can save up to 100 gallons of gasoline per year.

Use the correct type of manifold or manifold setting for the fuel you use. Inspect and re-gap spark plugs every 200 hours and replace faulty plugs. Use the correct type of plugs for the fuel you use. Check the magneto regularly and service the air cleaner daily and often in dusty work. A clogged cleaner can waste 5 to 8 gallons per day. Watch the temperature

of the water in the radiator. This is important.

These are a few of the "gremlins" that are working on your tractor and running up your fuel bill, says Ulich, and you can just about get them all out of your way by just simply watching and caring for the farm tractor in an orderly way.

Record crops of almonds, walnuts and filberts are expected this year. Housewives can take this as a tip to assemble their favorite recipes for nut dishes...and keep an eye out for new ways to include nuts in family meals.

School Scribblings

By Students of the Muenster Public School
Edited By Murlin Evans

EDITORIAL

Thanks, Mr. Businessman!
by Murlin Evans

Thanks, Mr. Businessman of Muenster for the swell meal at the nice cafe in Sherman. We certainly enjoyed the steak dinner and all the trimmings.

This dinner was enjoyed by forty-one tired, but happy, football boys. When I say tired, I mean just that. Boy! that bench is hard, but it's wonderful to know that there are eleven boys out there who can really put up a winning fight.

It's a little late but we want to thank Fisher's Market for the swell lunch and soft drinks which you had ready for us after the Boyd game.

It's that kind of spirit which enabled Coach Hood to build a great ball club out of a bunch of inexperienced boys—a ball team that is already doing a swell job by winning three straight games—a team that is raring to go against Electra "B". We appreciate the support of the entire community. Your attendance at the games away from home proves to us that you are behind us. We also appreciate the fine way you backed up that support with your money by buying ads on the program. It's **HORNETS, BEAT ELECTRA "B"** on Thursday night.

And thanks again, Mr. Businessman.

The Senior class of Muenster High School ordered class rings Thursday. These rings were ordered from the L.G. Balfour Company, and they will be delivered by Dec. 10. The rings are guaranteed by the company to the seniors. If they wear or break at any time, they will be replaced by the company.

Deposits on invitations and calling cards will be made Friday of this week.

Caps and gowns for graduation exercises have been reserved.

The Freshman Class will entertain the Sophomore, Junior, and Senior Classes with a Freshman All-High School Party at the K.C. Hall on September 30, at 7:30 p.m. The event is open only to the student body of the Public High School. There will be various entertainments, which will be followed by a dance. Admission will be twenty cents for all upper-classmen.

On September 23, the Future Homemakers of America held a meeting at Homemaking Department. The officers elected are: President, Margie Kathman; Vice

President, Eva Muller; Secretary, Margie Baumhardt; Treasurer, Lue Edythe Cherry; Parliamentarian, Jeanette Walter; Historian, Joan Zipper; Song Leader, Jane Hellman; Pianist Jeanette Fisher; Reporter, Mildred Hall. Miss Kelly is the sponsor of the F.H.A.

The meeting was turned over to the president, Margie Kathman. The constitution was read and approved. The dates of each meeting were decided to be the second and fourth Friday of each month.

The Era F.H.A. chapter came over and gave us a program and each of the officers gave a report of their duties. The Era F.H.A. members are going to give the Muenster F.H.A. members an inflation Tuesday night, Oct. 4 Cokes were served to the F.H.A. members and the guests from Era. The meeting was adjourned by Margie Kathman, president.

The members of the FHA are, Lue Edythe Cherry, Anna Grace Fette, Josephine Grewing, Bonnie Nell Hammer, Mildred Hall, Rosebell Haverkamp, Jane Hellman, Pauline Myrick, Doris Lee Reiter, Norma Vogel, Lynette Walterscheid, Margie Baumhardt, Alvina Derichsweiler, Jeanette Fisher, Helen Haverkamp, Florence Henscheid, Leoba Henscheid, Pauline Lutkenhaus, Margie Kathman, Eva Muller, Janie Reeves, Mearle Tivis, Lillian Vogel, Jeanette Walter, Marcelene Wimmer, Joan Zipper, Judy Long, Yvonne Scoggins, Rita Joyce Cain, Maxine Johnson, Wanda Johnson, Sharon Long,

Anna Lee Mitchell, Margaret Myrick, Nellie Pearl Winchester, Anna Grace Herr, Patsy Ruth Hobbs, Tootsie Jones and Joan Klement.

Mildred Hall — Reporter

Mr. J.B. Wilde, Chevrolet dealer, contributed the use of a new 1/2-ton Pick-up to the Muenster FFA chapter for one year. This Pick-up is to be used for the benefit of the Chapter members in connection with their supervised farming programs and other activities of the Chapter. The Chapter will have its meetings on the first and third Monday of each month at 7:30 p.m.

ATTENTION

All Patrons are urged to attend the Public School Parent-Teacher's meeting at 8 p.m. on Friday, Sept. 30, at the Public School building. Officers will be elected at this meeting.

The Choral Club was organized on September 23. Mr. Huff, the director, expects to have about 30 to 40 members.

Nickie Yosten and Emmett Walterscheid were selected captains of the Hornets for the '49 football year.

Murlin Evans was selected editor-in-chief of the "School Scribblings."

The Pep Squad of 1949 practiced a half-time formation on Wednesday, Sept. 21. Mondays and Wednesdays will be regular Pep Squad practice nights.

The Pep Squad was at Anna for the game to see our boys come through with a 19-6 victory. The Pep Squad girls had several good yells to boost the Hornets on.

Judy Long, Reporter

A woman never really makes a fool of a man. She just directs the performance.

ROLAND BOYD of McKinney, a member of the Texas Democratic State Executive Committee, this week accepted the chairmanship of the recently organized Committee Against Legislative Pay Increases and Annual Sessions. A state-wide group, the Committee is opposing Constitutional Amendment 2 in the Nov. 8 election claiming its passage would result in a greatly increased tax burden without improving the efficiency of the Legislature. Amendment 2, by raising legislators' pay and providing for annual sessions, would increase state taxes more than \$2,500,000 biannually, the Committee says.

Guests in the Frank Needham home last week were Mrs. Geo. K. McMackin and her son, George Jr. and family of Wichita Falls; M.E. Woodruff and son, Ralph, of Washington state; Mr. and Mrs. Conrad Nuckols of Texas City and Mr. and Mrs. Rowell Johnson who recently moved to Gainesville from Dallas.

Grandfather admits chewing tobacco is a filthy habit but defies anybody to prove it ever started a fire. Of all labor-saving gadgets ever invented for women, none has ever been so popular as a devoted man.

BONES RATTLE AT MONTE CARLO—The internationally-famous Monte Carlo Casino at Monaco tries out the traditional American game of "galloping dominoes," as Lillian Moore and two other Monte Carlo girls place their bets. The head croupier of the Casino spent three months in the U. S. learning the nomenclature of the game. If "le craps" proves popular with Europeans, the plush chambers of the Casino may soon echo to cries of "le boxcars!" and "leighter from Decatur!"

Teacher (helping child fasten coat): "Did your mother hook this coat for you?"
Child: "No, ma'am. She bought it."

**It Happened
10 Years Ago**

September 29, 1939

Refinery will begin soon on cracking unit; expects to double present gasoline production. — J.G. Snuggs, 64, long time resident of Myra, dies of heart attack. — The Al Walterscheids leave for a visit in Iowa. — Andrew Walterscheid breaks his right arm in a fall from a ladder. Herman Hartman quits cheese plant job to take up farming. — Mr. and Mrs. John Eberhart return from a visit in Kentucky. — John Meurer, J.W. Hess, Jos. Fisher and Barney Voth attend layman's retreat in Dallas during the weekend.

5 YEARS AGO

September 29, 1944

Hundreds cheer local horse show Sunday; over 70 contestants vie for cash awards and ribbons in seven classes. — A building program that includes a whey drying plant a frozen food locker gets under way at the FMA plant. — Mrs. Joe Trubenbach has operation in Sherman. — Dolly Endres, a student at OLV college, spent the weekend here. — Wilfred Walterscheid, Ray Sicking and Albert Stoffels leave to start army training. — The C.J. Kaisers and Mrs. Frank Kaiser attended the Ringling Brothers-Barnum Baily circus in Fort Worth Saturday. — Herbert Meurer announces his resignation as a member of the Cooke County tire rationing board.

**Beware of Three
Fingered Ivy Leaf;
5-fingered is OK**

If your children have trouble telling poison ivy from harmless wood vine — or maybe you have that trouble yourself — here's an easy rule to remember.

It's a rule that C.W. Simmons, extension forester of Texas A&M College, gave to 4-H club members when they spent a day in the woods learning about trees, shrubs and grasses as part of their work at the recent State 4-H Conservation Camp at Lake Trinidad.

The leaves of poison ivy and wood vine are very similar, but poison ivy has three leaves, so it isn't good to shake hands with because it doesn't have enough fingers.

It's alright to shake hands with wood vine, because it has five leaves or fingers.

**MRS. WEST HOSTESS AT
BULCHER HD CLUB MEET**

Mrs. Johnnie West, club president, was hostess for the meeting of the Bulcher Women's Home Demonstration club last week.

Members answered roll call with "The Best Joke I Ever Heard", and one of the members discussed ways of serving chicken. During a social hour members played games with prizes going to Mmes. Norma Whitt and Effie Robison.

The hostess served refreshments to 13 members and one guest, Mrs. L.C. Dennis. The next meeting will be held on Oct. 6 in the home of Mrs. Pearl Samples.

**Poultry Specialist
Will Have Meeting
Here Tonight at 8**

Poultrymen of the Muenster area have an opportunity to pick up valuable ideas on the care of their flocks this Thursday night at 8 o'clock when George McCarthy of Universa Mills will be the featured speaker of a special meeting in the auction sale barn.

The meeting is scheduled as a regular class for veterans vocational agriculture group and all other interested persons are invited to attend.

Local sponsors are the Muenster Hatchery and Muenster Mill.

Citation by Publication

THE STATE OF TEXAS

To: James H. Ayres, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24th day of October A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 6th day of September A. D. 1949, in this cause numbered 15557 on the docket of said court and styled Geneva Ayres Plaintiff, vs. James H. Ayres, Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A suit for divorce from the bonds of matrimony, for the reason of harsh and cruel treatment, on the part of defendant toward plaintiff, for change of the name of the plaintiff from Geneva Ayres to Geneva Martin, for cost of suit and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Cooke County, Texas this the 6th day of September A. D. 1949.

(SEAL) Attest:
Woodrow U. Clegg, Clerk,
District Court, Cooke Co., Texas
(42-3-4-5p)

WHAT'S THIS ABOUT HIGH V.I.?

... IN THE

NEW Mobiloil

... Well, High V.I. stands for high "viscosity index." That sounds plenty technical, but it's one of three important qualities that make New Mobiloil new. To you these mean:

- EASY STARTING
- FULL PROTECTION
- MAXIMUM ECONOMY

**GIVES YOU ALL 3
MODERN OIL QUALITIES:**

ANTI-ACID? - YES!
DETERGENT? - YES!
HIGH V.I.? - YES!

*High Viscosity Index means high resistance to change in body under extremes of heat and cold.

Muenster

Lindsay News

Mrs. Julia Metzler returned home Saturday after being a medical patient at Gainesville sanitarium.

Mr. and Mrs. Ray Kupper were Sunday dinner guests of her parents, the J.J. Haverkamps in Muenster.

Alphonse Fleitman and Wm. Flusche recently changed farms. Flusche moved here from Valley View to Fleitman's farm and Fleitman moved to Valley View.

Mrs. Frank Seyler of Muenster spent last week with her sister, Mrs. Frank Popp and family. Monday afternoon her niece, Mrs. Milton Gossett and little daughter and Elsie Popp drove her home.

Mr. and Mrs. Albert Kubis and Mrs. A. Zimmerer returned Sunday from Memphis, Tenn., where they were joined on the trip home by the ladies' sister, Sister M. Agnes, who is visiting with her mother, Mrs. Barney Voth, in Muenster, to regain her strength from a recent illness that confined her to a hospital in Memphis.

Mrs. Bob Yosten returned Sunday after spending three weeks in Fort Worth with her children, Stan and Paul Yosten and Mrs. Curtis Holland. Mr. and Mrs. Holland recently returned from a two-week vacation trip to California. Accompanying Mrs. Yosten to Muenster were Mr. and Mrs. Paul Yosten and daughter and Mrs. Stan Yosten who spent Sunday with the ladies' parents, the T. Millers, and helped Mrs. Miller celebrate her birthday.

Mr. and Mrs. J.B. Schmitz were Sunday guests of her niece, Mrs. Evelyn Cook in Gainesville.

Lindsay Soil Group Hears Discussion on Winter Cover Crops

Members of the North Lindsay conservation group and of Lindsay veterans vocational class held a meeting Monday night in the Lindsay hall to hear a discussion on winter cover crops by Jack McFerran, conservationist of the soil conservation service.

McFerran stressed the use of winter cover crops to prevent erosion and to increase yields of following crops. He placed special emphasis on the use of Austrian and dixie wonder peas as soil improving crops in advance of cotton and grain sorghums. He said that both varieties of peas should be planted as soon as possible, inoculated, and fertilized with at least 200 pounds of 20 per cent superphosphate per acre. He also discussed methods of planting and seeding rates.

He explained that winter peas are not a substitute for sweet clover or hairy vetch already being used but should be used as a supplemental soil improving crop this fall and winter in view of the present favorable moisture conditions. If planted within the next 15 days either variety of peas should give a good growth in advance of cotton or sorghum, he said.

Those of the North Lindsay group present were Jake Kuhn, Ed Schrad, Gregory Hundt, Joe Hundt, Leo Neusch, Herman Zimmerer, Bruno Zimmerer, Vincent Zimmerer, A.L. Loewald, Walter Nortman, Joe Devers and Adolph Fuhrman. Members of the Lindsay vocational class and Lacy Wheeler, instructor, were present along with Hillard Hoffman of the soil conservation service.

Mr. and Mrs. Gene Gieb, Wilfred Sicking and Anna Mae Dankesreiter spent Sunday in Dallas as guests of Gene's sister, Mrs. Hollis Seals.

Mr. and Mrs. Ray Wilde and son, Danny, and her brother, Freddie Schmitz of Gainesville, spent the weekend in Oklahoma City visiting her sister, Mrs. M.B. Theimer and husband, and on Sunday attended the wedding of one of Ray's war buddies.

Vows Exchanged By Janette Geray and Cpl. Charles Carnett

Miss Janette Geray became the bride of Cpl. Charles Carnett on Sunday afternoon, Sept. 18, in a double ring ceremony at the home of Rev. Peter Molly, pastor of St. Mary's church in Gainesville.

The bride is the daughter of Mrs. Margaret Geray and the groom is the son of Mr. and Mrs. Eli Carnett of Gainesville.

The bride wore a pale pink satin suit with grey accessories and a white carnation corsage. She was attended by her sister, Miss Patsy Geray. Jim Rowland, brother-in-law of the groom, was best man.

Immediately after the ceremony the couple left on a wedding trip and will make their home in San Antonio where he is stationed at Kelly Field in the air corps.

The bride was reared at Lindsay and attended school there, later attending St. Mary's school in Gainesville. The groom was reared in Gainesville and attended school there. In 1948 he entered the service and was on duty with the occupation forces in Germany for nine months.

THE KINGS ENTERTAIN FOR HOOD GROUP SATURDAY

Mr. and Mrs. M.H. King entertained a group of relatives and friends from Hood with a party in their home Saturday evening.

Games of 42 and 84 entertained the guests and Mrs. King served refreshments to 18.

Hardy Bullard and Joe Lewter drew the door prizes.

Confetti - - -

the dry is free to leave it alone.

But unfortunately, beer elections in this county have not been decided by sincere wets and sincere dries. In most cases the vote has been close, so close in fact that it would have turned the other way if all the people who drink had voted for it. Like some of the guys up in Washington, there are do-gooders in our midst with the brass to presume they must take care of the other weaklings who don't have the strength of character to take care of themselves. A drink now and then is all right as far as they are concerned, even though it strains their moral code a bit, because they are superior and know how to behave. But it's not all right for the weakling who will put on a binge. So they vote against it.

They seem to overlook that their attitude is as impractical as it is conceited. They don't break the drunkard of his bad habit. Experience has shown that habitual drunks will get their fill regardless. They only succeed in imposing an inconvenience and restricting a right of moderate drinkers.

A beer election in this county will succeed if the dry votes are cast only by persons who do not drink. So it seems that one way to help the cause along is to create a fitting attitude of contempt for the persons who drink one way but vote the other.

Wreck - - -

crashed between the headlights of his car. Seconds before, he said, the motorcycle headlight was weaving as if the machine might be out of control.

After the impact the car swerved sharply to the left and went down a 10 foot embankment across the road.

Crow's lifeless body was found beneath the car at the bottom of the ditch. The back of his skull was crushed and an arm and a leg were broken. Miss Dawson was found clear of the wreckage. A hospital report described her injuries as multiple fractures of the right leg, a fractured pelvis, a broken thumb and other serious injuries.

Crow and Miss Dawson had been to Gainesville accompanied by another motorcycle couple, Julius Griffin of Spanish Fort and Lucy Evans of Saint Jo. They all departed together but the latter couple was ahead and did not witness the fatal collision. Later they went back and found the wreckage.

Damage to Stoffels car was estimated at \$500. The motorcycle was demolished.

Sweaters that rate "Tops"
with the young crowd

fashioned-knitted by RUGBY

The "Dane"
An overwhelming favorite among sweaters in scholastic and collegiate circles, it's a button coat of pure worsted quality available in all the high colors preferred by the young set. And it's knit to fashion fit and hold its shape.

Nylon Slip-ons

Smooth as silk, soft as a kitten's ear, light as a feather and as rich looking as a fistful of ten spots. Made of Dupont virgin staple Nylon yarns. Wash 'em, shake 'em out and they're dry in a jiffy without stretch or shrink . . . and moths won't even take a nibble. Slip-ons with or without sleeves in a grand choice of colors.
