

This column acknowledges with gratitude the reprint and very helpful supplementary remarks carried by Morton Smith in his "Town Topics" column of the Gainesville Register last week. With both papers spreading the word there's a chance that the general public of Cooke County will become aware of the urgent need of having a deputy sheriff stationed here.

The one thing accomplished so far is a commitment from each of the candidates in the sheriff's race. Both men have stated that the idea appeals to them and they will gladly station a deputy here if they can make satisfactory arrangements with the commissioners court. In other words, the buck has been passed, and we're told to do our crying on other shoulders.

From other sources we learn that the commissioners are already having quite a job balancing the county budget and the prospects of spending more on the sheriff's department are mighty slim. All of which implies that the only response we're definitely sure of is sympathy. And very likely that's all we're going to get unless we keep boosting the cause along.

The two important points to consider are that this area needs an officer and that the county does not have to keep all its officers grouped at the court house. The present arrangement no doubt is the simplest and least expensive, but convenience and economy are secondary. An officer is needed here. Therefore someone should find a way to place him here... regardless. Whether that will be done by the sheriff or commissioners court makes little difference to us. All we ask for is results.

Apparently the next few days will determine whether or not the American forces will be pushed out of Korea. We'll know then whether the additional troops and supplies landed this week were equal to the job or "too little and too late."

Assuming our troops hold their grounds, the next problem is whether they will drive the reds back across their original boundary. The prestige of this nation depends upon the success of that venture. On the other hand the prestige of the world communist organization depends on its success in holding all gains. Russia is involved and we can take it for granted that she will continue to help the aggressors.

Sizing up the situation from that angle it is easy to understand why military leaders anticipate a long difficult campaign.

Meanwhile we continue to face the danger that Moscow will maneuver other Korean episodes in other parts of the world. As long as the Kremlin cut-throats can influence stooges to do their dirty work they will go ahead with their wicked ways. Unless they are convinced, and soon, that decent people all over the earth are ready to resist their ugly schemes.

Perhaps it isn't too far fetched to hope that something along that line will be accomplished soon as a result of UN Security Council deliberations. If representatives of the Christian element of civilization are thinking at all they must realize that the time has come to stand and be counted. Today they still have the combined strength to stop the mad forces of Moscow. Tomorrow may be too late. They must realize also that if they do not stand together against their common enemy they will eventually share the fate of common enslavement.

The dividing line is clearly drawn. The opponents in this conflict are Christianity and godlessness. It's a 20th century crusade to defend the principles and ideals laid down by God Himself. It's a struggle to determine whether barbarism or civilization shall prevail.

Present indications are that nations are gradually learning the score. Many who elected to cheer from the sidelines when the Korean affair started are preparing now to send in a few substitutes.

One of the most encouraging (Continued on Page 10)

## 2-County Agency For Ford Tractors Opens in Muenster

A new business was established in Muenster this week. Operating under the name of Tractor Sales and Service, the concern is the Cooke and Montague county agency for Ford tractors and Dearborn farm implements. It will also handle a full line of farm supplies.

It succeeds the Hilburn Ford Tractor Agency of Gainesville, former authorized dealer for Cooke County. Hilburn's stock of repairs and implements were inventoried and moved here last week.

The agency is headed by John C. Myers of Raymondville as manager and Hugh Jackson of Fort Worth as assistant manager. Both plan to make their homes in Muenster in the near future. A. F. Gremminger will have charge of the firm's service department.

The old building diagonally across from the bank will serve temporarily as the new agency's home. A permanent home will be built in the near future on the vacant lots adjoining the present location on the north.

The agency's warehouse space will consist of a 10,000 barrel oil tank a the old refinery site. A section of the tank will be cut out with a torch and built into doors.

## Firemen's Picnic Sunday for Sure

Rain or shine, the Muenster Volunteer Firemen will have a benefit picnic Sunday. If weather permits it will be held in the city park. Otherwise it will be in the basement of the K of C hall. Beginning time is 1 o'clock, and the attractions are eats, drinks and games.

Proceeds of the party will go into the firemen's fund to buy some items of equipment and to finance social activities. It constitutes the only compensation the men get for their service.

## Sewing Contests Begin This Week

A two event sewing contest open to all ladies of the community except FHA members was announced this week by Mrs. Ray Evans, owner of the Charm Shop. FHA girls are automatically excluded, she explained, because any of their entries will come under a separate contest, organized some time ago and to be held in connection with the community wide contest.

Three handsome prizes are offered in each event of the contest and the winners in each will be selected by qualified out of town judges at a style show to be held in mid-September in the school auditorium. The exact date will be determined later.

One event will consist of preschool children's dresses and suits, the other will be school children's and adults dresses and suits. The competing entries will be modeled at the style show.

Entry blanks in both divisions are available now at the Charm Shop with purchases of new fall materials.

## Ailing Heart Causes Ted Probst to Quit Service Station

Poor health forced Ted Probst out of business this week. On the order of his doctor he will spend the next three months in bed and another three months resting before he can return to any kind of work. Advised to sever his business connection completely, he has offered his Texaco Station for sale. It was closed Wednesday morning awaiting sale.

Probst returned to his home at Saint Jo Monday after spending 2 weeks in the M&S hospital at Gainesville with a heart ailment.

"EAR-BANGER"—U. S. mortar crewmen in Korea hold their ears as they send their deadly missiles whistling into enemy lines. At right a communications man checks fire results with an artillery observer up front. Packages of C-rations, familiar to millions of ex-GI's, can be seen in foreground.

## Wettest July on Record... 7.71 in.

Muenster was rejoicing Wednesday over the return of clear weather and wondering how long it will last. Skies were clear again at 8 o'clock as Steve Moser recorded a total of 1.57 inches of rain for the previous 24 hour period.

The rain was a carry-over from the wettest July on record here. The total measure was 7.71 as compared with .48 in July 1949, 4.46 in 1948, and .02 in 1947. Local records do not go back any farther but records at Gainesville indicate it was one of the wettest in the history of the county.

Moser's records also revealed that the normally dry month has had a greater rainfall than any previous month this year. The figures for the other 6 months are 2.25, 2.45, .09, 2.53, 7.64, and 5.51. That brings the year's total, up to July 31, to 28.18.

Wednesday's reading boosts the total to date to 29.75, already fairly close to a normal year's rainfall. The '49 total was 39.49. The '48 total was 26.25.

## School Gets \$6,300 For Old Buildings

Most of the old public school property was disposed of Tuesday night when members of the school board met to consider bids received during the past two weeks.

All property, consisting of the six lots and the building north of the street, was sold on the high bid of \$6,300 submitted by John C. Myers, manager of the tractor agency established here this week. Across the street the board kept its 12 lots and the bus shed and sold the small building adjoining the shed for \$56.

Other property still held by the district is the Valley Creek school building. The board has a bid on that property but has not decided whether to accept it.

## AT RELATIVE'S FUNERAL

Mr. and Mrs. George Gehrig and children left Sunday for Idaho Falls, Idaho, to attend funeral services for Mrs. Frank Keller, 57, sister of Mrs. Wm. Gehrig and George's aunt. The George Gehrig Hdwe. store is closed until they return. Mrs. Wm. Gehrig and her granddaughter, Carrie Ann Gehrig, were vacationing in Idaho Falls with her sister for several weeks before her death.

Visiting in the Joe Starke home last week were her brother and wife, Mr. and Mrs. Herman Schettler and family of Saint Paul, Kansas.

Mr. and Mrs. M. L. McGowan and daughter, Sherry, visited in Jackson, Miss., last week and in Louisiana enroute home. While they were away Katie and Jean McGowan stayed with their grandparents, the E. S. Lawsons.

## News of Sick And Injured

Mrs. Fred Hoedebeck is a patient at Gainesville sanitarium since Tuesday for treatment. She will be there about a week.

Claude Lehnertz has recovered from a tonsillectomy performed at the local clinic Saturday morning.

Arnold Hess is confined to his home this week on account of illness that afflicted him suddenly Monday morning. He received treatment at a Gainesville hospital and was dismissed with the advice to "take it easy" for a while.

Stanley Russell, young son of the Dick Russells of Forestburg, had his tonsils removed at the local clinic Tuesday.

Herbert McDaniel was back at his work Monday after being confined to his home for almost a week on account of illness.

## Registrations at Public School to Begin Next Week

Registration for the coming scholastic year at the Muenster public school will begin next Monday and continue through the rest of the month. Superintendent Weldon Cowan will be at the school every day except Saturdays and Sundays to help students plan their courses.

The purpose of early registrations, Cowan said, is to avoid the rush that would result if all students waited until opening day. Another purpose is to give teachers an idea of the enrollment to expect in each subject and allow them to make plans before school starts. Some elective subjects now offered may be dropped if the classes are too small.

Textbooks and lockers will be issued to the students when they register.

## Scotland Boy Killed in Car-Bike Crash

Erwin Joe Baumhardt, 13, son of Mrs. Ida Baumhardt of Scotland and nephew of Mayor John Hoffman and Mrs. Callie Baumhardt of this city, was killed and his brother Jimmy, 10, and a companion, Leroy Campbell, 12, were seriously injured in a traffic accident Sunday night. An automobile struck the bicycle the three boys were riding on the highway near Scotland. Young Campbell's mother and his two sisters, walking about 25 feet behind the youths saw the accident.

Funeral services were held Wednesday morning for Erwin Joe in St. Boniface church at Scotland with the pastor, Rev. Herman Redder, officiating. Mayor and Mrs. Hoffman and daughter, Gladys Ann, attended the rites. They had also spent Monday in the Baumhardt home with Mr. Hoffman's sister and visited the two boys in Wichita General hospital where their condition was termed as "good".

## Bank, Mill Awards Given to Seven in Waterway Contest

The Muenster State Bank and the Muenster Milling Co. awarded prizes to the Soil Conservation District Contest winners last Friday afternoon as a climax to the two year contest. A Soil Conservation tour ended at the bank with the awarding of the prizes.

The Muenster Mill awarded \$5 in credit to each of the seven winners. The bank awarded Paul Fisher \$80 for the first place waterway. Other winners in order were; Henry N. Fuhrman \$50, Gary Hess \$20, Anthony Fleitman \$16, George Bayer \$14, Tony Walterscheid \$10 and Tony Klement \$10.

Mr. Fisher and Mr. Fuhrman each responded to the presentation by thanking Mr. Weinzappel and the other business men of Muenster for their interest and help in the improvement of farms and farming in this area. Mr. Claude Jones of the First State Bank in Gainesville was a welcome visitor on the tour. He commended the Upper Elm-Red Soil Conservation District for the work it is doing and expressed his desire to see a stable prosperous agriculture based on conservation of soil and water. J. W. Hess of Muenster, Chairman of the District Board of Supervisors, presided over the day's activities.

Fifteen cars of farmers follow. (Continued on Page 10)

## Ruffnecks to Play Nocona or Chicks For League Title

Without playing an inning Muenster's Ruffnecks entered the finals of the Cooke-Montague softball league. The loop title will be decided in a 4 out of 7 series with the winner of the 3 out of 5 series now being played by Nocona and the Chicks. At this time the two teams are tied at 1 each.

Valley View handed Muenster the semi-final series Monday night when it made its second withdrawal of the season. The reason was its failure to muster a team of local men.

Objections to outsiders on the Valley View team led to the original break and the team rejoined the league later agreeing to use its own players only. When only 6 men reported for the game here Monday Manager Favors conceded the game and the series.

Nevertheless they stayed for a game. Completing their lineup with three Chicks, who came for the other game, they bested Muenster 7-6 in a practice tilt.

The Ruffnecks' only other game of the week was a 7-6 win at Denison last Friday. During that game Alvin Hartman sustained a dislocated shoulder and a colored man from the sideline took his place in the lineup. The man and the rest of a Negro team will be here to give the Ruffnecks a game Thursday night.

## Early Start on Church Is Likely

More negotiations, which members of the church committee hope will lead to the long delayed start on Muenster's new Sacred Heart Church, opened at Dallas Tuesday when Father Anthony Schroeder and Felix Becker met with Bishop Dangelmayr to consider designs and architects.

After the meeting Father Anthony said this looks like the beginning of the building program. That Bishop Dangelmayr and all committeemen seem ready to start without any further delay.

Next on the schedule, Father Anthony said, is a conference with a nationally famous church architect in Ohio. A group, probably consisting of Bishop Dangelmayr, Father Anthony, Felix Becker and Herbert Meurer, will see him next week in Cincinnati.

## 1951 State League Convention Will be Held at Nazareth

Nazareth was chosen as next year's convention city and Joseph Kraus of San Antonio was re-elected president during the closing sessions of the Catholic State League of Texas holding its annual convention in Lindsey last week. Other officers are Claude Marty also of San Antonio, who was re-elected secretary, and Joseph Leopold of Hallettsville who was elected treasurer to replace Mrs. Joe Luke of this city. She held the office four years, the full duration of time permitted according to the league's constitution.

The Wednesday night "Catholic Day" program presented three prominent persons as speakers: His Excellency the Most Rev. Joseph P. Lynch, Bishop of Dallas; Mrs. Rose Rohman of Saint Louis, and Rev. A. J. Adams, S. J., of Florissant, Mo. Bishop Lynch opened the program by extending "10,000 welcomes" to the large assemblage of delegates and other visitors from throughout the state.

Mrs. Rohman, discussing "A New Approach to Charity", stressed the need for charity in intimate domestic relations and for application of Christian principles in family life.

Speaking on "Rural America in the World Crisis", Father Adams declared this is a critical time and how well rural people formulate a sense of human and spiritual values will determine how well they face the crisis. He said people should be encouraged to stay on farms, and that farmers should gather in small groups—not more than 10 in each—to study better farming methods.

## Don't Track-up the Baseball Diamond

Without intending to deprive city kids of the pleasure of squeezing fresh mud between their toes, Steve Moser this week made a special request to one and all of them to keep off the baseball field after rains. He suggests that they do their mud tracking where they will do less damage.

The effects of the juvenile mud party were especially apparent last Monday when several trips over the diamond with a drag failed to iron out the rough spots. A spiral of thoroughly churned tracks covered the entire infield.

The ball team and the city ask parents to cooperate in keeping children off the diamond after a rain.

## Schedule of Coming Events

THURSDAY, Aug. 3, Ruffnecks vs Denison Hot Shots (colored) here.

MONDAY Aug. 7, Meeting of VFW Auxiliary in the club-room, 8 p.m.

# Local NEWS Briefs

A new Dodge fluid drive pick-up is the latest addition at the Ben Voth farm.

Bert Fisch of Fort Worth was here Sunday to visit his sister, Mrs. M. J. Endres.

Mr. and Mrs. Sam Tuggle joined their son, H. L. Tuggle and wife Monday on a trip to Vernon.

Messrs. and Mmes. Billy Joe Miller and Bernard Swirczynski visited relatives in Fort Worth last Wednesday.

Joe and Juanita Weinzapfel spent Sunday with their sister, Mrs. Hugh Jackson and family in Fort Worth.

Visiting the E. P. Buckley family during the weekend was John Opal of Saint Louis, Mo., who is on a vacation tour of Texas.

The Henry Henschels had as weekend guests Miss Marie Hupperich, Mr. and Mrs. J. Wolf and Richard Petz, all of Saint Louis, Mo.

Mr. and Mrs. Robert Mayer of Pilot Point spent Sunday with her parents, the Tony Gremmings, in whose home a dinner at noon honored Robert in observance of his birthday.

Messrs. and Mmes. Alfred Hoedebeck and family of Denison and Leo Hoedebeck and children of Gainesville spent Sunday with their parents, the Fred Hoedebecks.

Guests of the Fred Hoedebeck family Wednesday last week to Monday were Mr. and Mrs. Ed Hoffrogge and children, Don and Dolores, Judy and Edward, and the latter's fiancée, all of Cincinnati, Ohio.

Rev. Thomas Weinzapfel of Valley View was here Tuesday to spend his birthday with his par-

ents and family who had a dinner, with a birthday cake and gifts, in his honor.

Guests in the F. J. Yosten home last week and attending the Lindsay convention were Mrs. Yosten's mother, Mrs. Julius Filer, her niece, Stella Berger, and the latter's girl friend, all of Tours.

Miss Therese Herr is spending a few weeks in Hereford with her grandparents, the M. H. Koelzers. She made the trip with her uncle, Werner Koelzer, when he returned home last weekend after a visit here.

Mrs. M. H. King spent Tuesday afternoon in Wichita Falls attending a Ford Accounting Club meeting. Mmes. Ray Swirczynski and Leonard Yosten accompanied her and spent their time shopping.

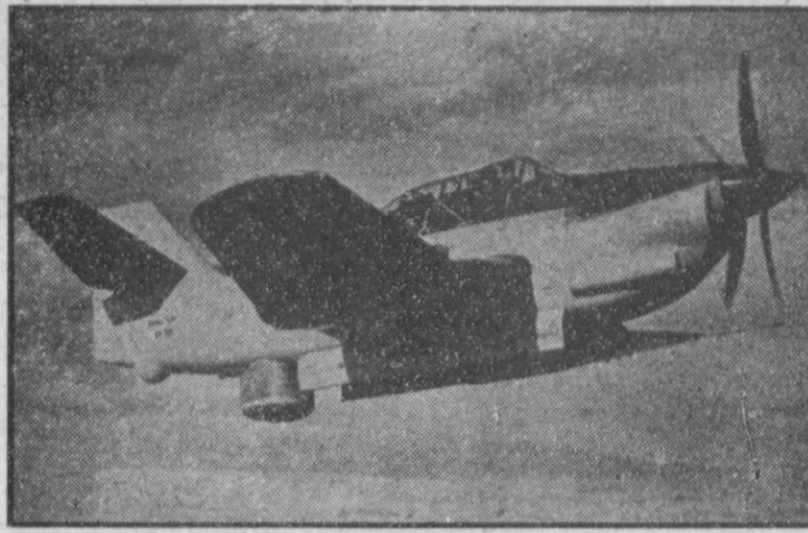

Mmes. Tony Gremminger and J. M. Weinzapfel and Misses Juanita and Mary Weinzapfel attended the first graduation exercises for the Van Deen Beauty School at the State School for Girls in Gainesville Tuesday night. There were 8 graduates in the class.

Sister Agnes of Dallas and Sister Irma of Fort Worth arrived Monday to spend through Thursday with their mother, Mrs. M. J. Endres. They were expecting their brother, Leonard Endres and family to arrive Wednesday night from Nazareth where they had been visiting since they left Huron, S. D.

Frank Bindel and his niece, Angeline Grewing, joined his sister, Mrs. Fred Steinberger and three children of Windthorst on a trip to Colorado to spend a week with relatives. They returned home Tuesday after visiting Frank's grandfather, Frank Weske, 93 years old, who resides in Denver with his son, Frank Weske Jr. and family, and also visited the Wm. Bindel family in Denver. In Greeley, Colo., they were guests of the Albert Bindel family, and in Akron, Colo., they visited the Henry Weske family.

Mrs. Dick Cain and children and Miss Gertrude Bindel returned late last Wednesday from a trip to Lubbock and Amarillo. In Lubbock they were guests of Mrs. Cain's brother and sister, John C. Hogan and Mrs. O. Z. Smith and families. While there Mrs. Cain took care of all the babies while the rest of the relatives went to Carlsbad for a trip through the caverns. From there the Muensterites went on to Amarillo to visit Mrs. Cain's parents, the J. S. Hogans, and her brother, Cpl. Jerry Hogan who is on army leave from Guam. Judy Cain accompanied her family home after a visit in Amarillo and LaQuita and Rita Cain remained there for a week's visit with their grandparents.

Pulling out your watch to see what time it is won't stop a speaker nowadays. You got to shake the thing like you don't believe it's running.

**NEW ANTI-SUB PLANE**—Designed for detecting and destroying submarines, this British Royal Navy plane in flight over London reveals the deep fuselage and wide bomb-doors that will help it fulfill its missions. The craft, which carries a crew of two, features a special sub detection device, located at lower left.

**PORTABLE TRAFFIC LIGHT**—Fred Martin of Chicago has patented a portable traffic light that may be hooked onto school buses. The superintendent of accident investigation for the Chicago Transit Authority, Martin designed the device to safeguard children by halting motorists whenever bus discharges or takes on passengers.

## FEDERAL "AID" IS ABUNDANT BUT TAXPAYERS PAY FOR IT

Uncle Sam has a bargain basement sale in the making with a total of 307 attractive offers of financial aid to state and local governments. All the Federal Government wants in return is a bigger say in running hometown affairs.

In a special study released today State Chambers of Commerce added the bills for Federal aid before this 81st Congress and came up with the total of 307.

If all of them were passed, they would add approximately \$3,200,000,000 to present Federal spending the first year and well over \$6,000,000,000 a year by the sixth. None of the bills even hinted that the people in the states would pay in full, by Federal taxes, for the very "aid" they were offered.

These proposals cover 41 different types of grants-in-aid. They include such measures as spending \$8 million for the Federal Government to enter the character training field and another \$50 million to promote the health and soundness of youth.

Federal grants-in-aid to state and local governments have grown steadily since the end of World War II, both in total dollar expenditures and in the number and variety of services subsidized. Federal aid outlays for the fiscal year 1950 amounted to approximately \$2½ billion. This is \$800 million more than the total sum paid out in the

fiscal year 1948 — just two years ago.

The amazing thing about this flood of grant-in-aid measures is that few, if any, State Governors have come to Congress asking for such legislation. Many State Legislatures have adopted resolutions roundly criticizing Federal grants-in-aid as a growing and costly evil. For instance, the Indiana Legislature said,

"Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington, will be bigger when it comes back to us. We have taken a good look at said dollar. We find it lost weight in its journey to Washington and back. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as 'Federal Aid'. We know that there is no wealth to tax that is not already within the boundaries of the 48 states."

One sure way to double your money is to fold it and put it in your pocket.

A lot of wives lead double lives—their own and their husbands.

### FFA BOYS PLAN TRIPS TO LAKE TEXOMA AND TYLER

Members of the local chapter Future Farmers of America held a meeting Saturday night to make plans for a fishing trip to the FFA camp at Lake Texoma August 16, 17 and 18, and to discuss plans for an Angus cattle judging trip to the East Texas Fair in Tyler on Sept. 14.

After the business Glenn Hellman and Emmett Walterscheid gave a report on the FFA convention they attended in San Antonio recently.

Fourteen members and two guests, Edward Pick and Gene Walter, were present.

Advisor Ralph Maglaughlin met with the boys and after the meeting invited them to his home for iced watermelon.

EXCLUSIVE BUT NOT EXPENSIVE

### Vows Exchanged by Ethel Trubenbach William Metzler,

Miss Ethel Trubenbach, youngest daughter of Mr. and Mrs. F. J. Trubenbach of this city, became the bride of William Metzler, son of Mr. and Mrs. Phillip Metzler of Lindsay, in an impressive service performed Thursday, July 27, in Sacred Heart church.

Rev. Anthony Schroeder, pastor, officiated at the double ring ceremony and at the nuptial high mass in the presence of relatives and friends of the young couple.

Anthony Luke, organist, presented the pre-nuptial music and the traditional wedding marches and remained at the organ to assist the church choir in singing the two-voice mass "Missa Tertia".

The lovely bride, entering on the arm of her father, wore a ballerina length white gown of embroidered organdy with closely fitted bodice, V neckline, bouffant skirt and fitted petal point sleeves. Her shoulder length veil fell from a flower-clustered off-the-face hat and she completed her costume with white satin pumps and white wristlets. Her flowers were an arm bouquet of pink roses; she wore a single strand of pearls and carried a white prayer book, presented by the bridegroom.

She observed the sentimental bridal tradition of "something old, something borrowed and

something blue" by wearing on her shoulder a gold lapel watch that has been in her family for many years, (it was a wedding gift from her father to her mother) and by having a single blue rose in the bridal bouquet.

Miss Florentine Trubenbach of Jacksonville, Florida, sister of the bride, and Miss Annabell Metzler, sister of the groom, were the bride's attendants. They wore pink embroidered organdy dresses made identical to the bride's, with pink opera pumps and pink wristlets and carried crystal rosaries. Their flowers were corsages of white roses.

Gerald Metzler, brother of the groom, and Weldon Bezner, his cousin, were the groom's attendants. Cecil Neu and Damien Hellman, nephews of the bride, were ushers.

For her daughter's wedding Mrs. Trubenbach wore a black sheer ensemble and a gardenia corsage. Mrs. Metzler wore a navy blue sheer with a gardenia corsage.

After the church services a wedding breakfast was served in the home of the bride's brother-in-law and sister, Mr. and Mrs. Frank Neu at Valley View. In addition to the bridal party, guests were the parents, brothers and sisters of the couple and the pastors. The home was adorned with seasonal flowers carrying out the bride's chosen colors.

During the afternoon a reception was held in the parish hall here and a buffet supper was served to some 200 guests. Pink and white was again used as the predominating color in hall decorations and on the bride's table which held a three-tiered wedding cake. After the couple cut the cake hostesses served it to the guests. Miss Pauline Yosten presided at the bride's book.

A dance in the Lindsay hall at night was the concluding feature of the day's festivities. When Mr. and Mrs. Metzler left during the dance for their wedding trip the bride was wearing a blue linen suit. Their trip will include stops in Denver, Colo.,

**TICKET TAKER**—When Marcel Pinol, at left, removed his license from behind the sun visor in his car, 21 unpaid and unheeded traffic tickets showered down upon him. He had been stopped by Chicago policeman John Curtin for crashing a red light and driving without a safety sticker. Curtin blinked twice and then handed Pinol two more tickets.

and Carlsbad Caverns in New Mexico. When they return they will make their home in Gainesville.

The bride was born and reared in Muenster and graduated from Sacred Heart High school with the class of 1949. Mr. Metzler is a native of Lindsay and attended school there. He served in the army during world war II.

Among out of town wedding guests were Mr. and Mrs. Bob Swirczynski and three children of Ardmore, Okla., Mr. and Mrs. John Schmitz of Austin, Mr. and Mrs. Pat Schmitz, Walter Bezner, Mr. and Mrs. Al Bezner and Leroy Metzler, all of Dallas, Mrs. Martin Theimer of Oklahoma City, the Al Horns of Harlingen, the Grant Coxes of Jackson, Miss., the Frank Neus and family and Rev. Thomas Weinzapfel of Valley View; Lindsay relatives and friends including Rev. Conrad Herda; Rev. Bede Mitchell of Henrietta, Rev. David Flusche of Denison, Mrs. Ed Corcoran and daughters and Mr. and Mrs. Frank Schmidkofer of Los Angeles, Calif., Mrs. C. W. Yetter of Saint Jo. Mrs. Frank Loerwald and Mr. and Mrs. Fred Bodovski of Gainesville.

#### AT RELATIVE'S WEDDING IN SHERMAN TUESDAY

A group from this city attended a wedding in Sherman Tuesday when John Schilling's grandson, Joe Pelzel Jr., son of the Joe Pelzels of Pilot Point, married Miss Margaret Bazek, daughter of Mr. and Mrs. Louie Bazek of Whitesboro, in St. Mary's church at 9 a.m.

Included in the Muenster group were Messrs. and Mmes. John Schilling, Carl and Mike Schilling, Frank Schilling and family, Miss Evelyn Swingler and Albert Schilling. Also among guests were the A. J. Schillings and son of Ardmore, Okla.

Mr. and Mrs. Earl Shephard of Dallas spent the weekend with her parents, the John Herts, who joined them Sunday evening on a drive to Lindsay to visit the Leonard Bengforts.

#### RAMSEY THANKS TEXAS VOTERS

BEN RAMSEY, run-off candidate for Lieutenant Governor, thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude," and asked his supporters to continue the fight and elect him Lieutenant Governor in the Aug. 26 second primary. Ramsey is the only experienced candidate in the race.

#### POWERFUL

Of all alcoholic beverages, absinthe is the most feared, has the worst reputation and is the only one whose sale is prohibited in many countries. Besides containing wormwood which helps to induce delirium, absinthe is generally retailed at proofs of from 140 degrees to 160 degrees, or an alcoholic content of from 70 to 80 percent and thus is by far the strongest drink ever created. Furthermore, it is the only liquor whose excessive use produces a diseased condition that has a name of its own—absinthism.

#### Absent At the Wrong Time

Less than half of the 435 members of the U. S. House of Representatives were present to vote on the large majority of motions connected with the 1951 General Appropriation Bill when it was before the House this Spring. Sometimes as few as one-seventh of the members voted. One amendment to increase a pork-barrel item carried by a vote of 32 to 29. A motion to cut the RFC appropriation lost 69 to 65. Of 35 motions to cut appropriations, only 10 carried. A majority of the remaining 25 lost out by less than 20 votes.

He was a good man, as husbands go, and as husbands go he went.

Most women go to musical comedies to see what the actresses are wearing. It's just the reverse with the men.

The very last word in frankness was found recently in a rating to an individual by a credit agency. It went like this: "The person has no property, real or personal; no credit, actual or potential; no prospects, present or future, and no hope, here or hereafter."

## The American Way

BRAVO, JOE DICKMON!

By George Peck

Joe Dickmon of Library, Pa., has become a national figure. He is the coal miner who last January dared to criticize Boss John Lewis, and for this exercising of his American right of free speech, was banished by his union—The United Mine Workers.

Because of this banishment, Dickmon has been denied the right to engage in the only trade he knows—coal mining—thereby losing another of his American freedoms—the right to work.

Dickmon and his family have not only endured great privation but have been subjected to taunts and insults—all because he had the courage to bespeak himself by crying out against tyranny. His experience proves conclusively that we need an amendment to the Taft-Hartley law—not to weaken it as certain labor leaders demand—but to strengthen it so as to render it impossible for any labor leader ever again to do to a worker what John Lewis has done to Joe Dickmon.

When our forefathers drew up the Declaration of Independence they naturally assumed that "Life, Liberty, and the Pursuit of Happiness" included the "Free Right to Work," because without the latter, the former three are impossible of attainment.

But today, certain arrogant labor leaders have asserted a new doctrine, to wit, that American citizenship does not carry with it the Free Right to Work. Under this un-American doctrine, millions of American citizens have been forced to apply to a labor union and pay for New Citizenship Papers in order to work at the job of their choosing.

Union labor has made great progress in recent years. Favorable public opinion has enabled it to do so. But labor must throw off the shackles of a greedy

minority of its leadership, which is exploiting it for the labor leaders' own selfish purposes. Unless this is done, public opinion will turn against union labor and its gains will be nullified.

It is estimated that the "aggregate tax" now levied against union workers by our "sub-government" of labor politicians is well over a billion dollars a year. Under existing laws, for the most part, this vast sum is spent in whatever manner the labor dictators see fit, for their own selfish aggrandizement, and to the disadvantage of all other groups of our citizenry.

Yes, we need an amendment to the Taft-Hartley law—one that will give the American worker freedom to choose for himself whether or not he wishes to become and to remain a member of a labor union.

Joe Dickmon's courage, his sacrifice, his resolution, most certainly must not go unrewarded. Whether he realizes it or not, he has started a one man crusade to emancipate America's workers. He has launched a movement destined to bring about legislation that will enable workers to enjoy the "Free Right to Work," so essential to the rights to "Life, Liberty, and the Pursuit of Happiness"—without having to apply to a labor union for New Citizenship Papers.

Bravo, Joe Dickmon!

### How the Plotters Work

It has been difficult for the American mind to accept the fact that for many years there has been at work in America a well-organized, adequately-financed and shrewdly directed Communist conspiracy to des-

Jay Walking

stroy our form of government. Some otherwise intelligent people, including high placed educators and writers who influence public thinking, all the while have referred to the Communist conspiratorial apparatus as a "political party" in the ordinary sense of that term and have pleaded the case of its members on the basis of American "rights."

This fuzzy thinking has even prevailed in some quarters despite the repeated statements of FBI Chief J. Edgar Hoover branding the Communist plotters for what they are, and in spite of the New York jury verdict finding 11 top American Communist Party leaders guilty of teaching the violent over throw of our government. I hope the cold facts of Mr. Hoover's recent testimony to Congress will aid in correcting this dangerous viewpoint. He said the danger of subversive activities is greater today than during World War II.

#### Burrowing In

Of special significance was Mr. Hoover's statements that the Communist have made "amazing strides" in gaining a foothold in the legal profession and are now concentrating on strengthening their position among the unions in America's heavy, strategic industries and in our highly-important media of communications such as the newspapers, the magazines, radio movies, television, etc.

Even while the FBI chief was thus trying again to alert the nation to the Communist internal menace, another crusade—almost identical to Communism in its basic objective, was being carried on in our country in a highly organized way. Not enough Americans realize this movement carries a threat to their freedom. For that reason it is even more dangerous, as an internal force, than Communism. The groups of this movement call themselves by various names, but all are working for an American Socialistic State.

#### Hard To Believe

Many Americans who found it difficult to accept the facts of the Communist conspiracy until the traitors and spies began to be rooted out of our Federal government find it still more difficult to understand that the efforts of the present Socialist Planners would have the same effect on our form of government. This state of mind is, of course, a help to the organized planners. In fact, they have almost succeeded in creating an

atmosphere in which anyone who raises a cry of "Socialism" against any measure or statement is immediately stigmatized as a "crack-pot" or "reactionary," or "disciple of doom."

In England the Fabian Socialists who gained control of that country didn't reveal their actual intentions until after they had taken over the Labor Party; and even then they labelled their objective not as a "Socialist State" but as "The Welfare State." The Fabians got control of England by working in "nests" to infiltrate various political, social, governmental and labor groups.

#### Out Of The Bag

The Socialist Planners have been burrowing into the fabric of our nation's life for more than 25 years. Some of their talkative members have "let the cat out of the bag" as to technique. Here's what one, H. Stephen Raushenbush, wrote in the Socialist "New Leader" 23 years ago: "One good man with his eyes, ears and wits about him inside the Department of Interior or the Treasury can do more to perfect the technique of control over industry than a hundred men outside." Twelve years later Raushenbush was

chief of planning in the power division of the Department of Interior. He is now a consultant in the United Nations organization.

The Socialist plan is to infiltrate both American political institutions and American minds. In the institutions, they establish Socialist policies and practices so gradually hardly anyone is aware; and through infiltration of our thought-shaping media such as the press, radio, textbooks, the movies, etc., they condition the American mind to accept the gradual change as "progressive" and to hold in contempt those who challenge "Socialism." Truth will always out. But I hope it will not be too late for America when the naked facts about the Socialist designs are also fully exposed.

### Coy Shaw Asks for Support in Run-off For County Clerk

TO THE VOTERS OF COOKE COUNTY:

Even though I am a native of Cooke County and thought I was pretty well known, I find that there are still so many voters in the county that do not know me.

I am taking this means of letting you know some of the facts of my life. I am a son of A. N. Shaw who resides at 1413 Rice Avenue in Gainesville. I was born in the western part of the County near Rosston. We moved to the Hood Community when I was ten years of age. I have lived in this community for the last forty-six years, being now fifty-six years of age. I married Bessie Purcell, daughter of the late G. T. Purcell, a pioneer and prominent citizen of the Hood Community. We reared three children, Mrs. R. H. Watts, who resides at Era and teaches in the school there. Clifton, of Denton who served in World War II and the armed forces for a period of five years and was released from service at the age of twenty-five years with the rank of Lieut. Col., Mrs. Robert Felker, who resides at Hood.

I would not have entered the race for County Clerk against Tom Blount, who has ever been a good friend of mine, having been born about one mile from where I now live, were it not for the fact that he has held the office for a period of three terms. In all fairness, I think a long term in public office is against the democratic principles. Only on those basis and my own merits am I asking for this office.

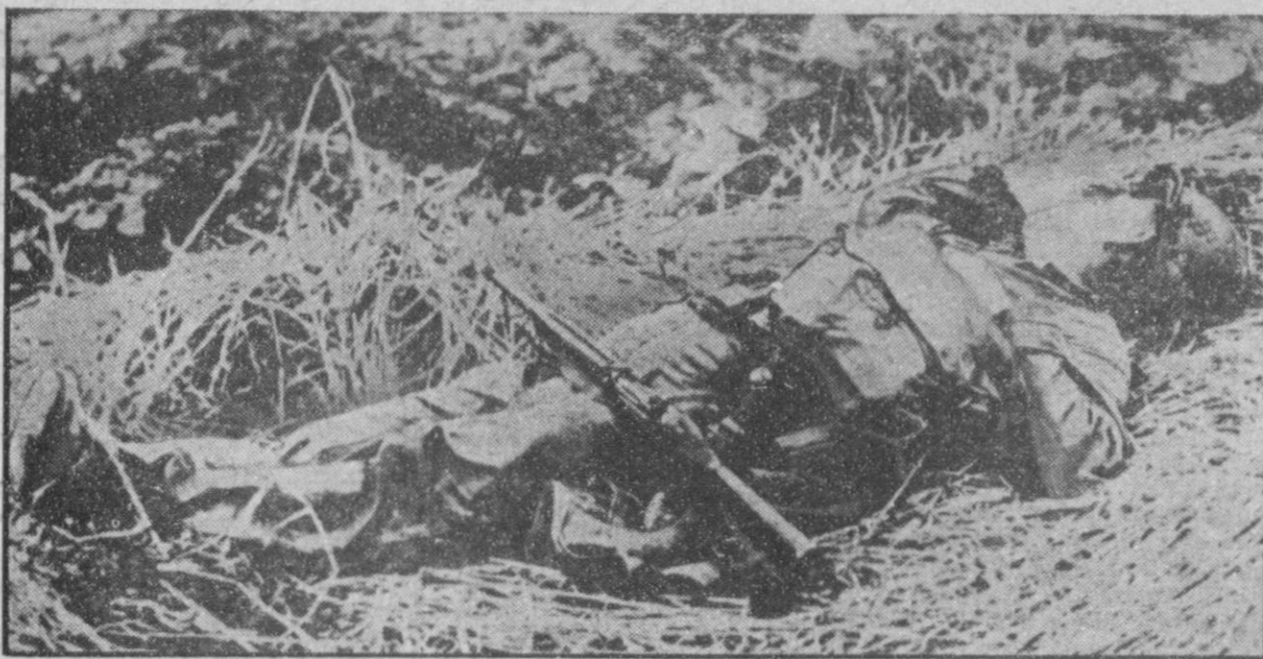

I am a life-time democrat and have always supported the principles of the Democratic Party, although I have never before had any political aspirations.

For the last thirty years I have been and am still a steward in the Hood Methodist Church and the last twenty-six years I have served as teacher of our Young Peoples' Sunday School Class.

I am entering this runoff primary with long odds against me in a sportsman-like way.

Words fail to express my appreciation for my friends who so loyally supported me in the first primary, and as I have so many people to see I may not see each of you again personally, so I take this means of asking you to again support me in the second primary.

I consider it an honor to have been placed in the run-off with a worthy opponent like Tom Blount. I have a "hunch" this run-off primary election in our county is going to be rather exciting and am appealing to my friends and supporters for an

S. soldier stretches out on the muddy battlefield upon a makeshift mattress of straw. He'll sleep, with rifle ready for instant use, until the next call to combat against the relentless armored foe.

"all out" effort.

Don't wait for some mud slinging to start the fire works, as I think I can guarantee on behalf of both Tom and myself that the race for County Clerk will be clean. I want to earnestly urge every qualified voter in Cooke County to exercise your right of franchise as an American citizen and cast your ballot for men to fill the offices of our County and State.

I pray that God will richly bless each and every one who in any way contributes toward the success of my campaign.

Respectfully,  
Coy Shaw  
(Pol. Adv.)

#### WIELER FAMILIES HAVE ALL DAY REUNION SUNDAY

A reunion Sunday in the Ervin Hamric home brought together members of the Wieler families for the first time in almost three years with the attendance of Dr. and Mrs. A. A. Hellams and sons, Jimmy and Billy, who recently returned from Tokyo, Japan. Dr. Hellams was a major in the air force until the past March when he received a discharge from the service. He and his family had previously lived in Dallas and will return there

to reside.

Other members of the family at the reunion were Mrs. Ben Roewe and daughter, Agnella, of Sherman; Mrs. Joe Felderhoff

and daughter, Mary Ann; Mr. and Mrs. John Wieler and daughters, Juanita and Gene; Mr. and Mrs. R. B. Shelton of Denton; Mr. and Mrs. Arnold Roh-

mer and children, Donny and Linda; Mr. and Mrs. Arthur Felderhoff and daughter, Dianne, Mr. and Mrs. Hamric and sons, Bert and Dan.

Mrs. Roewe and daughter arrived last Thursday and she remained through Sunday while Agnella remained for a longer visit with her cousin, Mary Ann Felderhoff. Dr. Hellams left Sunday evening and returned Wednesday for his family who had remained here while he was arranging for their living quarters.

Mmes. Bill and Henry Stelzer returned Friday from a week's visit in Fort Worth with the latter's daughter, Mrs. Henry Luebert and family.

Mr. and Mrs. Frank Kathman joined her brother, M. D. Ellis of Saint Jo, on a trip to Hot Springs, Ark., last week to visit relatives.

**LOCAL NEWS BRIEFS**

Shorty Reeves returned to his work in Fort Worth Monday after a two week's vacation.

Mr. and Mrs. Arnold Friske and daughters of Gainesville were here Sunday to visit his mother, Mrs. August Friske.

Weldon and Stanley Wylie of Fort Worth were home for a weekend visit with their parents, the W. B. Wylies.

Little Miss Joan Hogan of Gainesville spent last week with her uncle and aunt, Mr. and Mrs. W. B. Wylie and family.

Dub Taylor, veterans' agriculture class instructor, is on a two week vacation to visit his relatives in Paris, Texas. He makes his home here at the John Eberhart residence.

Mrs. John Beard moved Monday to occupy the cottage at the Clarence Hellman's. Mrs. Beard recently sold her home to Mrs. Peter Bindel who moved in this week.

The Al Horns left Sunday to return to their home in Harlingen after a vacation here with his mother, Mrs. J. S. Horn, her sister, Mrs. Ray Wilde, and other relatives.

Mr. and Mrs. Herbert McDaniel had as their guests last Wednesday Mr. and Mrs. Jack Farmer and three children of Shreveport, La., who were on a vacation tour. The ladies are friends of long standing and hadn't seen each other in 13 years.

Pauline Mages and Joyce Sims have joined the personnel of Curtis Restaurants in Gainesville and are this week attending a special class for waitresses. Also attending the class are Olive Haverkamp, Katie Mae Walterscheid and Bernice Reiter, other Curtis employees.

Mrs. Tony Otto, Mr. and Mrs. J.P. Flusche and Mr. and Mrs. Ray Otto left Tuesday morning for Norfolk, Va., for a visit with their son and brother, Seaman Tommy Otto who will be leaving Norfolk soon. The Muensterites will bring Tommy's car back home with them.

The Joe Lukes had as their guests last week Mr. and Mrs. Joe Kraus of San Antonio who attended the Lindsay convention. Additional guests of the Lukes Thursday were Mrs. Rose Rohman of Saint Louis and Mrs. Frank Scheffe of Windthorst, who also attended the convention.

Saturday overnight guests at the Ray Evans home were her brother and wife, Mr. and Mrs. Joe Dickerson and daughter, Mary Evelyn, of Magnolia, Ark. Their son, Scotty, who had been visiting his aunt and family, joined them Sunday morning when they left for a vacation in Mexico City.

Messrs. and Mmes. Henry Streng and John Streng and children spent Sunday in Dallas visiting the formers' daughters, Mmes. Frank Pannell and Earl McDaniel. At the McDaniel home they made the acquaintance of their new granddaughter and niece, Catherine Kay, who was born on July 21. Mrs. Henry Streng remained to spend a week with her daughter.

Mrs. Charley Hellman and children and Mrs. Paul Fisher and children spent Sunday in Fort Worth where the Hellman family visited the Ralph Hellmans, and the Fishers visited her sister, Mrs. Pete Hawthorne. When they returned home they were accompanied by Helen and William Fisher who had visited their uncle and aunt for two weeks. Charlene Hellman stayed there for a vacation visit with her uncle and family.

Guests of the Herbert McDaniels Sunday and Sunday night were his sister, Mrs. Barney Samek and two daughters of Hood, and Mrs. Samek's daughter and husband, Mr. and Mrs. Guy Prelep and baby of Dallas. Mmes. McDaniel and Samek drove the Prelips back to Dallas Monday and enroute home stopped in Fort Worth for a visit with friends.

Mr. and Mrs. Frank Klement had as their guests last week Rev. Werner Buckholt of Marlin and his father, Henry Buckholt of Westphalia. The visitors attended the Lindsay convention.

Mr. and Mrs. Otto Hemml and two children of Scotland divided their time here last week between her sister and brother, Mrs. Tony Gremminger and J. M. Weinzapfel, and attended the Lindsay convention.

Sisters Francesa and Cecile of OLV Convent in Fort Worth were here Sunday to Wednesday to visit their parents, Messrs. and Mmes. August Walterscheid and R. K. Endres and other relatives. They are remembered as Helen Walterscheid and Margie Endres.

Mr. and Mrs. Steve Moster returned Saturday from a week's vacation tour in their new Ford sedan. They visited at Carlsbad, N.M., El Paso, Juarez, Mexico, and other places of interest for sightseeing and in Fredericksburg, Tours and Waco with relatives. In Tours they were guests of Mrs. Moster's grandparents, the Julius Filers.

Miss Dolly Lehnertz left Tuesday to return to her nursing duties at veterans hospital in McKinney after a month's vacation spent here with members of her family and in Washington state. She made the trip to Washington in company of her brothers, Quintin and Floyd who are staying there to help with the harvest.

Julian Walterscheid, Henry Pels Jr., Mike Luke, Shorty Reeves and Jerry Fette returned Saturday from a week's trip that took them over 2500 miles through six states. In Albuquerque they visited former Muensterites, the Frank and H. P. Hennigans, and in Akron Colo., they were guests of Henry's sister, Mrs. Henry Weske and family.

Mr. and Mrs. Clarence Albers and children of Dallas spent the weekend here with her father, Fred Herr and family, and left early Monday morning on a vacation trip to Colorado and other points of interest going and coming. The were accompanied by John Albers of this city on the trip. In Holyoke, Colo., they will stop to visit their brother, Joe Albers and family.

Guests in the J. B. Klement home last week, and attending the Lindsay convention, were Mr. Klement's cousin, Henry Beech and Frank Buckholt, both of Westphalia.

**CASE HISTORY NO. 199**

I spent 16 days in the hospital, states:— Mr. R. D. Pierce in preparation for a spinal operation to remove a slipped disc. No hope could be given me as to whether this operation would be a success or not and after thoroughly thinking this matter over, I decided that I was going to try everything possible before submitting to this operation. The history of my case dates back to an injury I received some months ago in Kansas while working as a linesman putting an REA system in there. This injury caused great pain in my lower back and slight paralysis of my lower limbs and after being sent home, I was sent to the hospital. While in the hospital my wife had made several calls on Dr. Russell and he said he thought it was possible to correct the cause of my condition without an operation. Chiropractic has proven beyond doubt to have moved the cause of my condition, and restored my health in various other ways.

August 2, 1940

Gossett, Atchison, Townsley, Boyd, Felker, Bezner and Howeth win in Saturday's primary. FMA will spend \$3,500 and new building and vault. Silage yields this year are twice as large as usual. George Gehrig and Jerome Pagel attend fireman's school at A&M College. Sons are born to Messrs. and Mmes. Henry Wolf, John Mosman and Andrew Flusche. Constable Frank Hoedebeck recovers rifle stolen from Richard Wimmer last September in Montague.

**5 YEARS AGO**

August 3, 1945

Sacred Heart High school is accredited by Texas State board of Education. Mrs. Henry Schnitker, 78, community pioneer, dies. Polio takes life of Virginia Teague, 8, of Gainesville. Judy Trubenbach, 5, recovers from serious illness. Benedictine Sisters give catechism classes at Montague. Thunder showers provide brief relief from summer heat. Maurice Pagel, Emil Rohmer and Otto Walterscheid meet in the Philippines. Harold and Vincent Trachta see each other first time in five years in Hawaii. Frank and Tony Trubenbach attend funeral services for half-sister, Mrs. Anna Burkhardt, in Mercier, Kansas. The Carl Herts move to Pilot Point where he enters grocery store business. Marcella Hess has a party to observe her 9th birthday. Mr. and Mrs. Ed Endres announce the birth of Dianne.

The Ferd Yostens and children of Fort Worth were here for a weekend visit with their parents, the I. A. Schoechs and F. J. Yostens.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was... I couldn't eat, I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

**HADACOL Is Different**

Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size, Large Family or Hospital Size, \$3.50.

**Fly Evades Swatter  
With Fancy Takeoff**

Washington. — The common housefly apparently employs a kind of jump-assisted takeoff—with some fancy legwork preceding the first flutter of its wings.

This was reported by an Army scientist who took some high speed movies (2400 pictures a second) of a fly suddenly disturbed in the process of a quiet walk.

Although it's little consolation to a man with a fly-swatter, the fly actually does nothing at all for about 20 thousandths of a second after something happens to alarm him.

Then he appears to extend his rear legs in a springing motion before turning on the wing power. Dr. Carl M. Herget of the Army Chemical Center at Edgewood Arsenal, Maryland, described the observation in "Science," a technical journal.

**HUMAN FREEDOM**

Let us always remember that human freedom is not a gift of man. It is an achievement by man, and, as it was gained by vigilance and struggle, so it may be lost in indifference and supineness.

—United States Senator Harry F. Bird (D., Va.)

Albert Schilling and Bernard Schmitz who are employed in Ardmore, Okla., for Sam Harrison Drilling Co., spent Tuesday here with homefolks.

**10 RULES TO HELP  
KEEP FEET COMFY**

Here are 10 basic rules for foot health issued by the American Foot Care Institute:

1. Wash frequently! Bathe your feet once or even twice a day, dry them thoroughly and use foot powder afterward.
2. Change often! Never wear the same pair of shoes two days in succession, and change socks or stockings once or twice a day.
3. Trim right! Cut your toenails straight across, not shorter than the flesh.
4. Wear right! Wear all-leather shoes, both soles and uppers and pick the right shoe for the right occasion.
5. Fit right! Be sure you have the proper size of shoe, the proper size of stocking (a half-inch longer than longest toe).
6. Exercise! Limber up your feet at intervals; they have muscles, too, remember. Wiggle your toes!
7. Keep dry! Don't needlessly get your feet wet and don't let them stay wet from perspiration.
8. Walk right! Cultivate good posture and give your feet proper support with all-leather shoes.
9. Don't neglect! Examine your own and your children's feet at frequent intervals to guard against ailments.
10. Take care! Don't be a bathroom surgeon. If your feet need attention, consult a qualified chiropodist.

**County Reaches 74  
Per Cent of Quota  
In Bond Purchases**

Purchases of Savings Bonds in Cooke county during the Independence Drive totalled \$64,045.00, or 74.47 per cent of the quota, Mr. R. W. Briscoe, county Savings Bonds chairman, announced today after receiving final sales figures from Nathan Adams of Dallas, state chairman. The county's quota was \$86,000.

The Independence Drive was held May 15 — July 4, with sales through July 17 being credited to the state and county quotas.

Total sales in Texas were \$25,333,274.75, or 105.37 per cent of the state's \$24,088,000 quota, Mr. Adams said. The state quota was reached and exceeded during the last week of the drive, when a final burst of bond buying marked up over \$7,000,000 in sales. Of Texas' 254 counties, 103 exceeded their quotas.

Increased consumption of milk by city people would be a big step toward improving their diets. In 1948 sixty percent of all city families were using less than five quarts or its equivalent per person per week.

In most sections of Texas, there are from 60 to 90 days of good growing weather during the fall growing season and that is sufficient to grow a good fall garden. The garden will help whip high food prices.

### Blessed Events

Mr. and Mrs. Andrew Schoech announce the arrival of an 8 and one-fourth pound son, Glenn Ignatius, at the local clinic on Thursday, July 27. Also welcoming the baby are his sister and four brothers and his grandparents, Mr. and Mrs. I. A. Schoech and Mrs. George Spaeth of Lindsay. At the infant's baptism service Sunday afternoon Mr. and Mrs. Ferd Yosten of Fort Worth were sponsors.

M. Sgt. and Mrs. Earl McDaniel announce the birth of a daughter, Catherine Kay, in Dallas on July 21. They have one other child, a boy. Mrs. McDaniel is remembered as the former Evelyn Streng, and the maternal grandparents are Mr. and Mrs. Henry Streng. Sgt. McDaniel is serving in the air corps in Alaska. At the infant's baptism Sunday Mr. and Mrs. Streng were sponsors.

Mr. and Mrs. Raymond Pettit of Celina are the parents of a son, their second boy, who arrived Sunday. Mrs. Pettit is the former Miss Adeline Rohmer and the grandparents are Mr. and Mrs. Leo Rohmer. Mr. and Mrs. Arnold Rohmer were baptismal sponsors for their new nephew at the christening ceremony Wednesday. Mrs. Ben Voth accompanied them to Celina.

Mother nature can't jump from summer to winter without a fall, or winter to summer without a spring.

**BULL THROWS CHINA AFTER VICE VERSA**—A documentary film producer in England, assigned to make a movie about porcelain, decided to bring the old catch-phrase, "a bull in a china shop," to life. But when he placed Madersfield Champion, a four-year-old Red Ayshire, in the proper setting, nothing happened. Perplexed by the opportunity at hand, the bull stood as quietly as a china doll. Meanwhile, the cameramen yawned. Finally, the producer called in the bull's girl friend and the feminine inspiration produced the above results.

#### GARDEN CLUB MEETING FOR AUGUST CANCELLED

The Muenster Garden Club cancelled its regular August meeting this week when it learned that the Grape Festival at Montague was postponed on account of rain. The ladies had planned to attend the Festival Thursday night as a part of the monthly program.

Officers of the club announced that the next regular meeting will be held in September.

Then there was the fellow who spent all his money to rid himself of halitosis, only to find out that his friends didn't like him anyway.

#### Cattelman Traps 210 Calf-Killing Buzzards in 1 Day

College Station — A catch of 210 buzzards in a single day was made by one Freestone County stockman, according to a report submitted by county agent J. H. Pritchard to R.E. Callender, extension wildlife conservation specialist of Texas A & M College.

The stockman, Fred Hale, of Oakwood, reported to Pritchard early in June that he had lost 18 baby calves by buzzards killing them. Since other stockmen were having the same trouble, Pritchard met with a group of the ranchers to discuss the situation.

After discussing the problem, the group decided to encourage the killing of buzzards by any means at hand. One of the methods of control decided upon was the building of traps.

Hale constructed a trap and baited it, but he did not catch any buzzards immediately. After several days, he finally caught one in a steel-trap and placed it inside the regular buzzard trap. From about 4:00 p.m. one afternoon, when Hale placed the first buzzard in the trap, until the next afternoon, 210 buzzards were caught in the trap.

Hale reports that he has caught about 525 buzzards in his trap, and says that they are fairly well thinned out around his place now. Several other ranchers in Freestone county are also building traps.

#### DISASTROUS RACE

The most disastrous sports event of its kind was the 1903 Paris-to-Madrid automobile race in which 216 cars started on the morning of May 25th. Instead of staying off the road, spectators kept crossing it so that many drivers, in trying to avoid them at 70 to 80 miles an hour, skidded, wrecked their machines, and killed or injured themselves as well as innocent bystanders. The casualties mounted so rapidly that the race had to be stopped at Bordeaux, after only 343 of the 863 miles had been covered. Eyewitnesses claimed that the race left behind an average of "one corpse a kilometer" and, therefore, it must have caused the death of some 550 persons.

**Upper Elm-Red Soil Conservation  
District News**

**DISTRICT SUPERVISORS**

J. W. Hess, Muenster      V. W. Redman, Saint Jo  
John Rice, Collinsville      Ed Blackmon, Bowie  
Willard Kemplin, Valley View

"Everybody talks about the weather, but nobody does anything about it." So wrote Mark Twain many years ago, but Muensterites who went on the waterway tour last Friday saw first hand what some of the co-operators of the Upper Elm-Red Soil Conservation District are doing to protect their precious topsoil and to provide green forage in spite of the weather. The group saw prize winning bermuda grass waterways on the Gary Hess, Paul Fisher and H.N. Fuhrman farms.

In every case the grass had been protected from taller growing vegetation by mowing and grazing. The waterways were planted to the sod-forming bermuda grass, to handle terrace water run-off without causing soil losses and to furnish good grass pasture where only raw gullies and seeps existed before.

The group also saw fields of clover that provides excellent summer grazing and a good cover to protect the soil from the ravages of falling rain.

A demonstration was also given that clearly illustrated that land which has grown clover will absorb a much greater quantity of rainfall than land that has not had clover grown on it. This increased water intake capacity reduces run-off and so reduces the damages caused by run-off. The extensive root system of the clovers make them more drought resistant so

they provide green forage in wet or dry summers.

Things have changed since the days of Twain. The Farmers in the Muenster area, with their waterways to handle runoff and their clover crops to furnish summer grazing and put the rainfall into the ground are definitely doing something about the weather.

The harvest of sweet clover seed is still going on between showers in the Muenster area. George Bayer has combined about 2000 pounds of Madrid clover seed from 15 acres. J. H. Embury of Saint Jo has 5000 pounds of Madrid clover seed safely in the barn. Other farmers who have finished their clover seed harvest include John and Joe Kleiss, Wright Embury and Henry Wiesman.

In the Forestburg area of the Upper Elm-Red Soil Conservation District the farmers who have recently worked out soil conservation practices to be applied to their farms in the next few years to stop soil erosion and increase productivity are J. M. Dunn, C. K. Thurman, Blake Freeman, John Willis, H. B. Perryman, Johnnie Moore, Mack Trailer, Ollie Coleman, Fred Williams, Frank Scott and L. H. Bridwell.

A wedding ring is like a tourniquet. It stops your circulation.

A truly sensible girl is not as sensible as she looks, because a sensible girl has more sense than to look sensible.

**Lindsay News**

Mr. and Mrs. Al Bierschen and son of Fort Worth spent Sunday with her parents, the Val Dieters.

Mr. and Mrs. Milton Gossett and daughter are spending this week in Bryan visiting relatives and friends.

Mr. and Mrs. Henry Strategier of Norman, Okla., arrived Sunday for a visit with relatives and friends here and in Muenster.

Mrs. Henry Wolf Jr. and family of Muenster visited here Sunday in the Jake Bezner home where her aunt, Sister Mary Alban, was a visitor.

Mr. and Mrs. Alex Flusche and two daughters of Corpus Christi arrived this week to visit kin-folks while his relatives, Sisters from San Antonio, are also here for a visit.

Guests in the Leonard Bengfort home Sunday evening were her sister and husband, the Earl Shephards of Dallas, and her parents and family, the John Herts of Muenster.

Mr. and Mrs. John Schmitz left Sunday to return to Austin after a week's visit with relatives here and with their daugh-

ter, Mrs. Ray Wilde in Muenster.

Mr. and Mrs. Bob Bezner of Dallas were here Thursday to visit his mother, Mrs. Joe Bezner and other relatives, and attended the Trubenbach-Metzler wedding in Muenster.

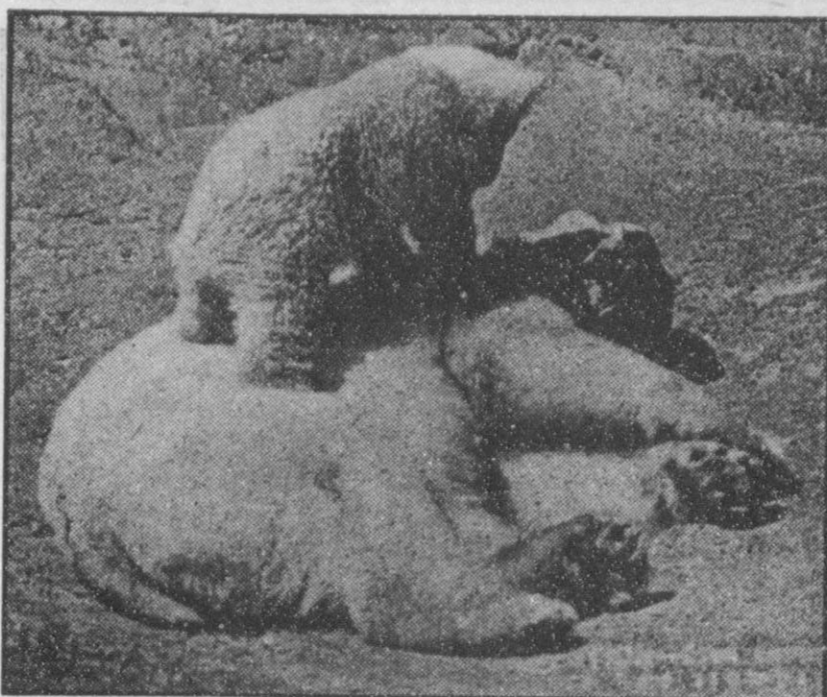

Sister Christina of San Antonio is spending a week here with her brothers and sisters and also visited another sister, Mrs. H. J. Fuhrmann, in Muenster. Sister is remembered as the former Miss Clara Flusche.

Max Flusche and son of Dallas spent Sunday at the John Bezner home to visit relatives gathered there for a visit with Sisters Alban and Christina of San Antonio who are spending a week here.

Mr. and Mrs. John P. Neu have as their guests, their son-in-law and daughter, Mr. and Mrs. Frank Schmidkofer, and their grandchildren, Gene Schmidkofer and Donnie Neu, of Los Angeles, Calif.

Mr. and Mrs. H. S. Fuhrmann have as their guests their daughter, Sister Catherine Henry of San Antonio, and their son, Brother Louis of Subiaco, Ark. Sister will leave Friday after a week's visit and Brother Louis will be here another week.

Mrs. Ed Corcoran and two daughters who had been visiting here six weeks with her mother, Mrs. Joe Bezner and other relatives, left Wednesday

**"GWAN BACK TO SLEEP!"**—Just like any human youngster who's up and ready to play at the crack of dawn, Brumas, the London Zoo's polar bear cub, plagues his mother, Ivy, for an early morning tussle. Ivy, whose dream was interrupted in the middle of a fish dinner, is understandably reluctant.

to begin their journey back to Los Angeles. They stopped in Dallas to visit relatives on their way.

The Anton Dieters recently moved from Brisbane to San Francisco, California, where they bought a new home. Their new address is 178 Rio Verde St., San Francisco 24. They made their home in Lindsay before they moved to the west coast.

Mr. and Mrs. Joseph Fernandez of San Francisco, Calif., announce the birth of a daughter Janice Jo, on July 26. The young mother is the former Miss Unelda Dieter of Lindsay, and her parents, Mr. and Mrs. Anton Dieter, also previously of Lindsay, are grandparents for the first time. The baby weighed 8 pounds, 5 ounces.

Sister Mary Olive of San Antonio is here for a week's visit with her parents, Mr. and Mrs. John Neu and family. She is remembered as the former Miss Mathilda Neu. Tuesday she joined her parents and Mr. and Mrs. Frank Schmidkofer and son, visiting here from Los Angeles, Calif., on a trip to Decatur to visit her sister, Mrs. Conrad Flusche and family.

Sister Mary Alban, and her companion, Sister Baptista, came in Friday from San Antonio to visit the former's brothers, John Albert and Jake Bezner, a sister, Mrs. Lena Schmitt, and a sister-in-law, Mrs. Joe Bezner and members of their families this week. The two nuns left Wednesday to spend a few days in Hereford with a nephew, Frank Bezner, and with Mrs. Louise Bezner's family. They will return to Lindsay and leave for the motherhouse in San Antonio from here.

Sisters Henry Ann and Michael Marie, daughters of Mr. and Mrs. Mike Fuhrmann, and their aunt, Sister Frances Helen, all of San Antonio, arrived last Friday to spend a week visiting relatives. Sunday afternoon the Mike Fuhrmann home was the scene of a family gathering honoring the Sisters. All the Fuhrmann children from Cooke county and Mr. and Mrs. Ray Lewis and family of Dallas were in attendance. Other guests were the Nick Mossers of Dallas, the Leo Mossers of Gainesville and the Albert Mossers.

A large crowd of VFW Auxiliary members and their husbands or boy friends enjoyed a party with a covered dish supper in the parish hall Sunday night. After the meal games of canasta and 42 entertained the group.

provide any comparable service. Large mail revenues are a major element in making operation of the airlines possible. On the railroad side, however, mail service entails a heavy loss. For the last period for which figures are available, it was costing the railroads \$1.54 for each \$1.00 of mail revenue received. One large railroad system alone is losing more than \$20,000,000 a year in transporting mail. So in effect, the railroads are actually subsidizing the government by bearing a large part of the true postal deficit which is now hidden in inadequate pay to the lines for the service they perform.

Is there any justice in a system under which the agency which does most of the work, and performs the really essential function, gets the worst treatment?

**TO HOUSTON, GALVESTON AND BACK BY MOTORCYCLE**

Henry Weinzapfel and Donald Lehnertz returned Tuesday night from a motorcycle trip that took them over 400 miles to Houston, Galveston and Texas City. The 16 and 15 year old youths left here last Thursday, each on his own motorcycle.

In Houston they visited Henry's aunt, Mrs. Margaret Rasch, and Donald's brothers, Gene and David.

**Waterway Contest**

ed a tour route to see the Paul Fisher waterway, Madrid clover and waterway on the Gary Hess farm, Madrid clover on the Oscar Walter farm, Henry N. Fuhrman waterway, a planting of native grass on the Tony Felderhoff farm, fall planted Biennial white blossom sweet clover on the Bruno Fleitman farm and an infiltration rate demonstration on the George Bayer and Oscar Walter farms. The infiltration rate demonstration showed that water was absorbed five times as fast on the clover land as it was on grain land.

Judges for the contest were Gene Foster, vocational agriculture teacher, Whitesboro; Ted Neu, farmer and district co-operator, Gainesville and C. G. Brock, Soil Conservation service, Denton.

Points considered in the judging were as follows: stand of grass; maintenance given the waterway; dimensions of the waterway; and whether fenced or not for grazing.

Clyde Wells, district soil conservationist, Gainesville, told the group during the awards program that waterway establishment in the Elm-Red district and the Trinity River watershed had been stepped up considerably during the past two years. In the district last year 303 such outlets were established, and thus far this year 228 have been put in by landowners.

**Subsidizing Government**

A glaring example of how government subsidizes — with our tax money — one form of transportation even while it is penalizing another is found in the mail situation.

The railroads carry approximately 94 percent of the volume in pieces of all intercity first class mail, and practically all of second and third class mail and parcel post. The airlines, by contrast, move about six percent of the number of pieces of intercity first class mail.

Yet, in the last fiscal year, the railroads received a little more than \$27,000,000 for handling their 94 per cent — while the airlines were paid about \$55,500,000 for carrying the remaining six per cent. And some \$22,500,000 of the railroads' fee was for the use of specially built and equipped cars provided by the lines for sorting and distributing mail en route. The airlines are not called upon to

**Confetti ---**

developments of all is our own country's belated decision to restore friendly relations with Spain. We have boycotted that country for many a year because of Russian pressure and the pro-Russian policies of our government. And all the while there was evidence a-plenty to show that Spain has been the better friend. In spite of our snubbing it gave us no trouble, and it has remained steadfast on our side of this world's struggle between Christ and anti-Christ.
