

MUENSTER ENTERPRISE

VOLUME XIV

MUENSTER, COOKE COUNTY, TEXAS, JUNE 30, 1950

NUMBER 32

Two Scouts Attend National Jamboree At Valley Forge, Pa.

Time will tell whether the president's action in sending air and sea support to South Korea will lead to open warfare with Russia.

Leaders in government and other students of world affairs frankly admit this may develop into a full scale conflict, however a very prevalent opinion is that it will be another Spanish affair.

Before World War II, we recall, Spanish Reds got help from Stalin and the France forces got help from Hitler and Mussolini. Before the thing was over the helpers were doing more fighting than the Spaniards but the helping nations did not declare war on each other.

So it is possible that Americans and Russians, presumably assisting the two Korean factions, may do the heavy slugging while the countries remain at peace.

The reason behind that opinion is that Russia in spite of its big bluff and nasty disposition actually is not ready for a global conflict, but at the same time it is not inclined to lose prestige by heeding the UN order to stop in Korea.

Of course predictions now are purely guesses, so we have to brace up and be prepared for the worst if it should come.

One thing can be said, however. At long last our leaders have shown the spunk to tell the Commies that their days of unchallenged aggression are over. They have given their ultimatum, that henceforth law and not force will prevail, and if the reds decline to heed they will be dealt with in the only manner they seem to understand.

Before us Americans, before the rest of the world, our nation's prestige has grown tremendously since last Sunday.

How long since you read the Declaration of Independence? Or have you ever read it?

With another anniversary of the signing of that immortal document just around the corner, the Enterprise in this issue presents the text of the Declaration for the inspiration and edification of all who care to read it. Like the story of Bethlehem at Christmas or the story of Calvary on Good Friday, it is a sacred reminder of basic truths guiding us toward the temporal and eternal destinies intended for mankind.

Needless to say, this column strongly urges every one of its readers to make the article a "must" in his or her observance of July 4. Go through it carefully, study it, notice especially the passages which proudly assert personal dignity and right, and those which humbly acknowledge submission to the Supreme Being. Compare as you read the spirit expressed in this our nation's birth announcement with the spirit now prevailing in our nation.

When the Declaration was announced it astounded the civilized world. Never before had any people asserted to such a degree their right to live freely and to work out their destiny without bowing to the will of a distant governing body. Up to then it was the custom to exist in docile allegiance accepting whatever taxes and legislative outrages that were imposed upon them.

But notice the nature of complaints listed in the Declaration. Without regard for the wishes or welfare of the colonists the mother country passed oppressive laws and declined to pass desired laws. It imposed heavy taxes but refused to allow the colonies a voice in the government. It set up a multitude of offices to "harass the people and eat out their substance." It made judges dependent on the king's will.

These were among the grievances which impelled our forefathers to resist with their lives, their fortunes and their sacred honor. Grievances which we of today can find along with many others in the government which we inherited but failed to preserve in its original soundness. Today's conglomeration

Joseph Felderhoff and Randolph Bayer of the Muenster Boy Scout troop left Saturday night enroute to Valley Forge, Pa., and the national scout jamboree.

The boys boarded a special jamboree train at Dallas at 6:15 and were due to arrive at Valley Forge Thursday after visiting in Saint Louis and spending a day at the nation's capital—Washington, D. C. They will spend a week in "the city of tents" pitched on the historic site where Washington and his soldiers spent the winter of 1776. Thousands of scouts from the United States, its possessions and foreign countries will attend the jamboree which President Truman will open with an address at 7 p.m. this Friday.

The boys will start their return trip on July 7 and visit New York and Niagara Falls. Relatives will meet them in Dallas on July 10.

Accompanying the boys to Dallas Saturday were their mothers, Mmes. Tony Felderhoff and Frank Bayer and A. J. Felderhoff.

Ruffnecks Divide Double Header with Chicks, Beat Nocona

By winning 9 to 7 Tuesday night Muenster's Ruffnecks swapped places with Nocona in the Cooke Montague softball league. Before the game Nocona was third and Muenster fourth. After the game the order was reversed.

The contest started as a one sided affair but developed into a thriller before it was over. Muenster got off to a comfortable lead in the first when Hartman drove in 1 on a fly and Herbie Herr hit a homer with two on. The Ruffnecks boosted the count with 1 in the second, 3 in the fourth, and 1 in the fifth.

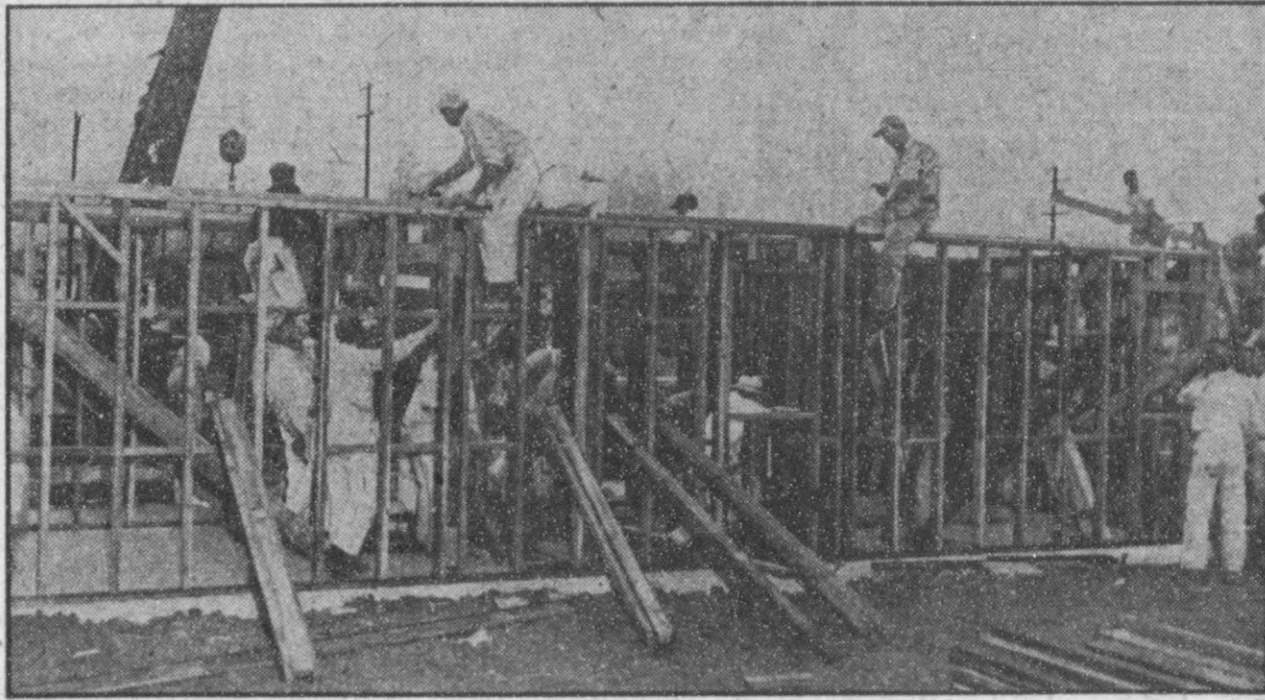

The visitors started slow with 1 and 2 in the third and fourth and gave the Muenster boys a scare by scoring 2 before the first out of the sixth. Extending the rally to the seventh they scored 2 more and had the tying runs on base when the last batter fanned.

Thursday night the Ruffnecks held their own by splitting a double header with the Chicks. After a pitiful first inning in which they allowed 6 runs on 4

(Continued on Page 11)

NEW FOR NURSES—Lt.-Col. Katherine Baltz, left, and Capt. Florynce Houle, of the Surgeon General's Office in Washington, model the newly-designed Army Nurse Corps uniform at Coronado, Calif. Authorized for wear starting in January, 1951, the uniforms were designed in taupe wool by Hattie Carnegie. A peak cap for dress and the familiar overseas cap for duty wear are included.

HOME WAS BUILT IN A DAY—With the framework already up, only five minutes after starting construction, more than 40 workmen, carpenters, electricians and plumbers in Santa Rosa, Calif., swarmed over a new \$8500 home, which was completed six and a half hours later, setting a new world record. It was estimated that 120 workers had a hand in the construction of the modern five-room house with attached garage by the time it was completed. The owners moved in the next day.

News of Sick And Injured

Charles Moster, 12, son of Mrs. Thespa Moster, has recovered from a tonsillectomy performed at Gainesville sanitarium last Thursday.

Florence, 6 year old daughter of Mr. and Mrs. Jake Horn Jr., broke her left arm at the wrist Sunday evening when she fell from her tricycle during play.

Rev. Andrew Wewer who had been receiving medical treatment in Fort Worth was back here for the weekend and to Tuesday when he went to Dallas for further medical treatment. He is back in Muenster since Tuesday.

Mrs. Henry Fette is reported to be recovering nicely after an operation at the Gainesville Sanitarium Wednesday morning. She expects to remain there until about the end of next week.

Andy O'Connor returned home Saturday after being a medical patient at St. Vincent's hospital in Sherman during the week.

Joe Wyatt of route 3 underwent minor surgery at Gainesville sanitarium Monday and was dismissed.

Charlie Winchester is a medical patient at Gainesville sanitarium.

Roy Monday, 5 year old son of the Andy Mondays, is recovering from an infection of his right foot. The foot was lanced Monday.

Three children have recovered from tonsillectomies performed at the local clinic. Joan Herr, daughter of the Frank Herts, had her tonsils removed Thursday; Billy Frank Richter had his removed Saturday and Carolyn Cain, daughter of the R.P. Cains, had hers removed Monday.

Little Kenny Bell, who was hospitalized for 5 weeks at Grand Saline with a broken leg, was permitted to leave the hospital Friday when the cast was removed from the injury. Robert Bell spent the weekend in Grand Saline with his family and his wife and daughter, Lynn, who had been staying with Kenny while he was hospitalized returned home with him. The little boy remained there for an extended visit with his grandparents.

Miss Therese Herr had to quit work at the Shanty last Thursday when she became ill with mumps. Alma Herr took the mumps this week and Richard and Patsy Herr are almost recovered from the illness. They are all children of Mr. and Mrs. John F. Herr.

Dance on 4th Will Be Parish Benefit

In keeping with an old tradition here, this year's Fourth of July dance will be a benefit for the Sacred Heart parish. The announcement was made after a joint planning session by parish fathers and mothers last Sunday.

The dance will be held in the K of C hall and snacks and cold drinks, served by the sponsoring societies, will be available in the basement.

Building and Improvement Notes

Two more new houses are under way in the community. Joe Luke started this week on a house adjoining the Ed McKinney's in the west part of town, and J. M. Weinzapfel has just finished foundation work on a house for the farm occupied by J. J. Wimmer south of town.

Other improvements of the area include a new paint job on exterior woodwork at Waples Painter and removal of old telephone lines along the east side of Main (phones formerly connected to them are now served by the cable in the alley a half block east and parallel with Main).

Streets in front of both schools are being improved this week. At the public school the recently graded new street received its full course of surface gravel. At the parochial school the street is being improved by additional gravel. As soon as curbing is finished on the public school driveways gravel will be applied there also.

Bermuda Wanted For School Lawn

Does anyone have some bermuda sod to spare? If so, Superintendent Weldon Cowan would appreciate an opportunity to get some of it for the new school grounds.

Since most of the ground leveling work around the building is finished, Cowan is anxious to get the lawns in condition as soon as possible. He would like to use some sod to supplement a recent sprig planting job which is slow about showing results and he particularly wants lots of sod for the newly leveled areas.

Anyone willing to help is asked to notify Mr. Cowan. He said his helpers will do the digging and hauling.

Production of the \$250 gold piece was ordered discontinued by Congress on April 11, 1930.

McCollum Quits Tax Office Race

Si A. McCollum has announced his withdrawal as a candidate for election as Cooke county tax assessor-collector.

He said he is withdrawing to accept a position as assistant storekeeper and accountant at the Gainesville State School for Girls on July 1. McCollum has been employed as a deputy in the county tax office.

He expressed his thanks to those who had offered their support and good wishes in the campaign.

Remaining in the county assessor-collector race are F. G. (Ted) Caskey and M. L. (Luther) Helm, incumbent, who seeks his third term in office.

McCollum and Helm, candidates for the office in the 1946 Democratic primary, tied and McCollum withdrew.

Mrs. Bezner Quits Staff Here, to Teach At Training School

Mrs. Rufus Bezner of Gainesville this week resigned as an elementary teacher in the Muenster Public School to return to her former job as teacher at the State Training School for Girls near Gainesville.

Announcing Mrs. Bezner's resignation Tuesday Superintendent Weldon Cowan said that the school board has not decided who will fill the vacancy on the local staff. At the time he did not know whether any of the applications now on file would meet requirements and if so whether the person is still available.

Mrs. Bezner, formerly Miss Gladys Wilde, taught at the training school in 1948-49 driving from Muenster every day. Last year she joined the Muenster faculty but after her marriage in November moved to Gainesville and drove from there to Muenster daily for the rest of the school term. This is her second time to get work nearer her home.

FIELD OF GOLDEN GRAIN—Aloys Schwerman of Topeka, Kan., proudly surveyed his 140-acre wheat field here, which is expected to yield 45 bushels per acre. He credits his outstanding crop to the quality of seed, proper fertilization and his plan for rotating the wheat with sweet clover.

J. O. Wilson, Area Resident for 69 Years, Dies at 75

Funeral services were held Thursday, June 22, in Saint Jo for J. O. Wilson, 75, who passed away at his home in Gainesville the previous Tuesday following a long period of ill health.

Well known locally, Mr. Wilson had resided on one farm west of Muenster for 69 years. He moved to Gainesville about two and a half years ago to be near his sons, Roy P., and Johnnie Wilson.

Rev. Earl J. Patton of Gainesville, formerly of Saint Jo, officiated at the funeral services in the Scott Brothers Funeral Home chapel at 2 p.m. and at the burial in the Saint Jo cemetery. Muenster citizens attended the last rites.

Mr. Wilson was born in Fannin county on February 9, 1875, and moved to Cooke county, settling five and one-half miles west of Muenster with his parents when he was 6 years old. He married Miss Edna Hendricks on December 11, 1901, and they farmed on the same place until he retired from active work and moved to Gainesville.

His wife and two sons survive. Roy P. Wilson is superintendent of Gainesville public schools, and Johnnie Wilson is an implement dealer in Gainesville. Also surviving are seven grandchildren.

Father John Named Assistant Pastor of Little Rock Parish

Father John Walbe, back in Muenster this week for the first time since he entered a hospital in Missouri last year confirmed the report that he will not continue as assistant pastor of Sacred Heart Parish. He has been assigned as assistant at St. Edward's parish, Little Rock, Ark.

He arrived here Monday afternoon and plans to return to Little Rock Friday. During the three day stay he has been making farewell visits and packing for the move.

Father John reports that his health is almost back to normal. He feels as well as ever, as long as he watches his diet closely.

Baseball Boys Win 8-1 at Fleetwood

Winning 8 to 1 at Fleetwood Sunday afternoon the Muenster baseball team continued to share a three way tie with Nocona and Bowie for top spot in the T & O League standing.

Each of those teams has won its first four games while Capps, Fleetwood and Terral have lost all of their first four games.

This is the end of the 3-way perfect rating, however. Next Sunday the Bowie-Nocona game will topple one or the other and Muenster's game with Terral here will decide whether the local boys are tied for first or second place.

Buck Knabe was back in old form at Fleetwood Sunday striking out 10 men and allowing only 3 hits. Meanwhile the Fleetwood hurler fanned 9 but allowed 11 hits.

Schedule of Coming Events

THURSDAY, June 29, Chicks vs Merchants, here.

FRIDAY, June 30, Muenster vs Valley View, there.

SUNDAY, July 2, Muenster vs Terral, here.

MONDAY, July 3, VFW Auxiliary meeting, VFW club room, 8 p.m.

TUESDAY, July 4, dance, K of C hall.

WEDNESDAY, July 5, Get-Together Club meeting, home of Mrs. Joe Luke, 2 p.m.

THURSDAY, July 6, Muenster vs Saint Jo, there.

THURSDAY, July 6, Garden Club meeting, 8 p.m., members to be notified of place meeting will be held.

Milk and milk products furnish fats, carbohydrates and proteins in easily digestible forms along with calcium and other minerals, vitamin A and riboflavin. All are needed in a properly balanced diet.

Bertha Haverkamp And Johnnie Sturm United in Marriage

Miss Bertha Haverkamp and Johnnie Sturm of Gainesville exchanged marriage vows here Tuesday morning in a double ring ceremony performed in Sacred Heart church at 8:30. The bride is the daughter of Mr. and Mrs. J. J. Haverkamp of Muenster and Mr. Sturm is the son of Mr. and Mrs. Albert Sturm, route 1, Gainesville.

Rev. Anthony Schroeder, pastor, directed the nuptial vows and officiated at the nuptial high mass. Pink and white gladioli and shasta daisies adorned the altar and the sanctuary space.

Anthony Luke, organist, played the traditional wedding marches and remained at the organ to assist the choir in singing a Gregorian chant mass.

Given in marriage by her father, the bride wore an exquisite gown of pure white satin and shadow chantilly lace. A sheer yoke topped the moulded bodice. Outlining the yoke was a two-tiered ruffle of lace simulating an off-shoulder effect. The lace was repeated at the waist and the ruffles formed a modified bustle effect at the back. The crushed sleeves tapered to petal points over her hands, and the full skirt extended into a cathedral train. Her fingertip veil of imported illusion edged with lace fell from a crown of valley lilies and she carried an arm bouquet of red roses. The bride wore a cross and

chain belonging to her mother and formerly the property of her great-grandmother. It has been in the bride's maternal side of the family for four generations and brides through the years have worn it for their weddings. Blue earrings, borrowed from Miss Dolores Sturm, were worn by the bride for "something borrowed and blue".

Mrs. Ray Kupper, twin sister of the bride, of Lindsay, and another sister, Mrs. Anthony Luke, were the bride's attendants. They wore identical dresses of white madras and chantilly lace with fitted waists and bouffant skirts over hooped taffeta petticoats. They wore matching mitts and headdresses of white rose buds and net and carried colonial bouquets of red roses.

David Sturm was his brother's best man, and Gerald Metzler of Lindsay, who served with the groom during World War II, was groomsman. Ushers were Leo Haverkamp and Billy Metzler.

Mrs. Haverkamp, mother of the bride, wore a grey floral bemberg dress and Mrs. Sturm, mother of the groom, wore a green floral bemberg. Both had corsages of white carnations.

The wedding was followed by a breakfast honoring the couple in the home of the bride's parents. Mes. Leo Haverkamp and Troy Cooper and Misses Helen and Rosebell Haverkamp were hostesses. Other guests were parents and immediate families of both couples, Father Anthony, and Miss Dorothy Jacoby of Gainesville.

The table carried out the bride's colors and held an oblong arrangement of red verbenas.

At 4 p.m. Mr. and Mrs. Haverkamp received guests in the parish hall for a reception followed at six by a buffet supper. Misses Helen Haverkamp and Dolores Sturm registered about 100 guests in the bride's book.

The bride's table held a tiered wedding cake, flanked with tapers, and adorned with arrangements of shasta daisies. Throughout the hall gladioli were used in decorating.

A dance in the Lindsay hall concluded the day's program.

When Mr. and Mrs. Sturm left on their wedding trip the bride was wearing a pink ensemble with navy accessories. They will make their home in Gainesville when they return.

The bride was born and educated in Muenster. Mr. Sturm, a native of Lindsay, attended school there and graduated from high school at St. Mary's in Gainesville. He served in World War II as a member of the army and was stationed for overseas duty in Korea. He engages in farming.

Political Announcements

The following persons have authorized the Enterprise to announce their candidacies for public offices, subject to July Democratic primary election.

- State Senator**
JOE D. CARTER
- Tax Assessor-Collector**
SI A. McCOLLUM
M. L. (Luther) HELM, reelection

- County Superintendent**
HUBERT H. MOSS, reelection
- District Clerk**
WOODROW U. CLEGG
- State Representative**
AUSTIN WESTBROOK
CLIFF C. GARDENER, reelection
- County Judge**
JOHN ATCHISON
reelection

Wig-Wag Wrangle

An English barrister entered the court with his wig askew, and was puzzled at the merriment evident among his fellows. "What's wrong," he asked. "Is my wig not in order?" "Oh, it's not your wig," one wag replied, "It's what's under it."

Many Diseases Can Be Traced to Flies

AUSTIN—Millions of flies help to cause the illness and death of thousands of children and adults each year in the U. S. Hundreds of these casualties may be in the state of Texas this year if residents fall in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint, and other intestinal diseases can be traced to the common housefly as the carrier of infection.

Dr. Geo. W. Cox, state health officer, speaking in this connection recently said: "Be sure that your window and doors are tightly screened so that flies from a careless neighbor will not endanger your family. Be sure that flies are kept away

For dependable time
keeping bring us your

from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness." Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

The agronomy department of the Texas Agricultural Experiment Station, College Station, offers to Texas vetch seed producers a free germination and purity testing service.

Albert M. Biffle Makes Statement In Sheriff's Race

Albert M. Biffle, Candidate for Sheriff of Cooke County, was born of pioneer families of Cooke County. His father was the late Johnathon Biffle and his mother will be remembered by many as Mrs. Anna Biffle, who for many years was an employee of the Gainesville Sanitarium. His Grandfather, the late A. M. Bell, was a member of the city council of Gainesville for a number of years. Albert M. Biffle was graduated from the Gainesville High School and has spent nearly all his life in this county. He is 36 years of age, married for seventeen years and has one child.

"I have always been greatly interested in my community life. I belong to the First Methodist Church, serving on the Board of Stewards, am a member of the Kiwanis Club and also a member of the Masonic Lodge.

THROW IT BACK? — Gar Wood, of Detroit and Miami Beach, who won world fame as a speedboat racer, thought he had done pretty well by landing this 447-pound tuna off Bimini in the Bahamas Islands. But judges of the Bimini Tuna Tournament called it a little too small to enter in the competition.

Through the channels of these organizations, I have tried to fill my life with worthwhile things. An investigation by anyone into my past life would be welcomed. I have always played fair with people in any walk of life in which I have had any dealings.

"If elected to the office of Sheriff, I shall always be aware of the fact I am a servant of the people and shall do my utmost to fulfill the duties of this office, always being dependable, honest and fair. I shall choose my deputies with deep consideration, each man shall be an asset to his community. I entered this campaign without obligation to anyone so I will be free to use unbiased judgment in carrying out my convictions to my duties. I intend to represent all the people, white or colored, rich or poor, young or old. There will be only one door to my office and it will be the front door, open to everybody at all times on equal basis. I shall endeavor to bring to Cooke County a very efficient scale of

law enforcement.

"To be qualified for this office a man should be, first thoroughly interested in law enforcement; second, he must know how to deal with people regardless of position, race, creed or color; third, he must indulge in things that are an asset to this community. With these things in mind, I respectfully ask you to give a native son of Cooke County, a chance to prove his ability as Sheriff of Cooke County. B for Biffle for Sheriff. Give me your vote and I will repay you with service."

(Pol. Adv.)

DR. JOE HELLMAN FAMILY OF ST. LOUIS VISITS HERE

Dr. and Mrs. Joe Hellman and children, Jacqueline, Marilyn, Dorothy and Tommy, of Saint Louis were guests of the G. H. Hellmans from Friday night to Monday morning. They are on a vacation tour to the West Coast.

Sunday night they were honored guests at a lawn supper given by Mrs. Hellman for about 30 relatives and friends.

Engagement of Miss Blazek To Joe Pelzel Jr. Told

Mr. and Mrs. Louis Blazek, route 2, Whitesboro, have announced the engagement and approaching marriage of their daughter, Margaret, to Joe Pelzel Jr., son of Mr. and Mrs. Joe Pelzel of Pilot Point.

The wedding will take place on August 1 in St. Mary's Catholic church in Sherman.

The prospective bridegroom is the grandson of John Schilling of this city.

Mr. and Mrs. Ed Pels and three sons returned Sunday night from a two-week vacation trip to points of interest in New Mexico, Nebraska, Iowa, Colorado, Missouri and Kansas. In Arkon, Colo., they visited Ed's sister, Mrs. Henry Weske and family; in Atchison, Kansas, they saw another sister, Sister Imelda, and in West Point, Neb., they visited Mrs. Pels' relatives, members of the Matt and Barney Yosten families and attended the funeral of Mrs. Barney Yosten.

WASHINGTON NEWSLETTER

By ED GOSSETT

WASHINGTON, D. C., June 24 —This will be our last news letter until further notice, probably until the next session of Congress which convenes on January 3, 1951. Most Members of Congress who write newsletters discontinue them during campaign years as a matter of policy. Again, from now until January, it will be difficult for me to know where I will be at letter writing time. Next Thursday noon, I will put Mrs. Gossett and our three youngest children on an airplane for Texas. At the same time, I will leave Washington by automobile for Texas with our two older children. Mrs. Gossett and the children will spend two months with her father at Quanah. After making a Fourth of July speech in Seymour, and after addressing the State Bar Convention in San Antonio, I will fly back to Washington for further congressional work. Between now and January, it will be necessary for me to make not less than five round trips between Washington and Texas. (Three trips are at my own expense). Since we have three children in school, the family must be brought back to Washington around September 1. After bringing them back I will return to Texas immediately.

The House this week passed a bill recommended by the Armed Services Committee to permit the American Army abroad to enlist 2500 aliens abroad per year, for overseas service in the American Armed forces. After five years of service, these aliens will be given the right to enter the United States and to become American citizens immediately. I voted against this bill, because I thought it to be dangerous and unnecessary. Last year, we passed a law giving the Armed Services a right to admit 100 aliens without anyone's knowledge. This was to furnish haven and refugee for persons who had furnished valuable information or service to this country and whom the Armed Services wished to protect by bringing them here. Again, the House recently passed a bill to permit a Board to select 2500 aliens in any way they wished for admission to this country. This was known as a Selective Immigration bill. It has long been my contention that our immigration laws were too lax and that we have too many

YOUR OWN LITTLE HELL

Of all the torments that plague the human race the worst are envy and hate. The man or woman who gives over to envy, jealousy, and covetousness builds a private little hell to stew in. Hate does not hurt the one who is hated but it poisons the life of the hater.

In many a town, with its outward appearance of peace and harmony among neighbors, envy and hate behind closed doors and drawn blinds have destroyed peace and have stopped progress. Where abide hate and envy there can be no peace, no cooperation, no progress, in the home, shop, church or community.

Envy has been called a form of insanity. The mind that is warped by hatred of everyone who has more of wealth or fame is certainly not normal, let the psychiatrists define it as they will.

I used to know a sweet old lady who never had much of this world's goods but who was thankful for small blessings and radiantly happy about the good fortune of her friends. She had found the secret of the philosophers for happiness although she would have been amazed to have been told so. I also have known young and handsome women, enjoying great advantages, who were miserable because some of their friends had bigger automobiles, more and finer dresses, and bigger homes.

A chamber of commerce manager told me recently that he had to leave a good job in a nice town because his "hate list" got too long. This was not a list of people who hated him. It was a list of people whom he had allowed himself to come to hate.

An old politician, famous in Texas thirty years ago, once told me that "a man doesn't have time to hate more than three

people actively at one time." God pity the heart that harbors envy and hate like worms gnawing at its very life. Communities can survive fire, flood, famine, and pestilence but they cannot grow with envy and hate.

The current song "Dear Hearts and Gentle People" reflects the love of home town that is expressed by someone who, no doubt, has been away a long time. He has forgotten the gossip, the backbiting, the lying, the cheating, the envy and hate and he sees only the kindness and charity that every town has to some extent, at least on the surface.

More important in community building than statistics of population, bank deposits, building permits, barrels, bales, and bushels are the hearts of good neighbors who will work together for a better town without envy and hate.

—Hubert H. Harrison

DEBT FIGURES

Our national debt—which means the amount of money which the Federal government owes—has increased thirteen times in the last 18 years. In 1932 the national debt was \$19,500,000,000. Today it is \$257,000,000,000.

Not One to Bank On

Warehouseman Jones was very proud of his first bank account, and carefully checked each statement he received. When he had accumulated two hundred dollars, he presented the teller with a withdrawal slip for the entire amount. "Why are you closing your account, Mr. Jones?" queried the teller, handing him the money. "Have you lost confidence in us?"

"Oh, tain't that, 'tain't that at all. And I ain't closing the account. I just want to count the money to see that it's all here."

Don't Gamble on Faulty Brakes

Be safe! Be sure your car will stop when you step on the pedal.

ED PELS, MUENSTER

From where I sit ... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

Joe Marsh

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is ...

Union leaders' answer to Board is ..

YES! NO!

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

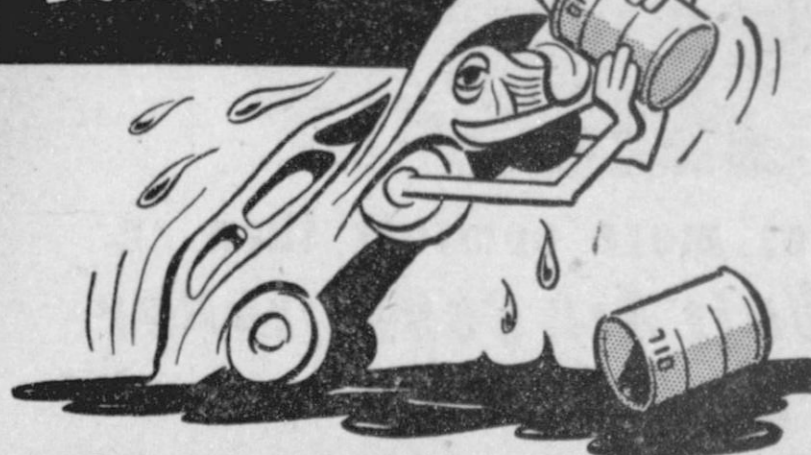

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Helen Gilmore And Nick Mosman Wed In Monday Nuptials

Miss Helen Gilmore, daughter of Mr. and Mrs. Bill Gilmore of Hoisington, Kansas, formerly of Gainesville, became the bride of Nick F. Mosman, Jr., son of Mrs. Clara Mosman of Gainesville, Monday morning at 9:30 in Saint Mary's church in Gainesville.

Rev. Fred Mosman of Dallas, uncle of the groom, officiated at the double ring ceremony and read the nuptial mass. Pink gladioli adorned the altar and the sanctuary.

The bride was escorted to the altar by her father. She wore a white shadow organza dress with high standing collar, sweetheart neckline, tight fitting basque and full ankle-length skirt. She wore a large white hat and white slippers and carried an orchid on a white prayer book. The book is a gift from the groom. Her blue rosary is a gift from Father Mosman.

Miss Billye Gilmore attended her sister as maid of honor wearing a blue organdy dress with pink ribbon sash, and Mrs. Francis Wiese of Muenster, sister of the groom, was matron of honor wearing a dress of pink organdy with a blue ribbon sash. The young women wore white gladioli in their hair and carried bouquets of white glads.

Richard Mosman was his brother's best man and Francis Wiese was groomsman. Bobby Mosman, another brother of the groom, was one of the mass servers.

Mrs. Gilmore, mother of the bride, wore a blue printed silk dress with white accessories, and the groom's mother wore a navy crepe dress with matching accessories. Both wore shoulder corsages of white gladioli.

Following the ceremony, a reception was held in the home of Mrs. Mosman, 515 Starr street. The table was laid with ecru lace and was centered with an arrangement of white glads surrounded by purple snapdragons. At one end of the table was the wedding cake and at the other the crystal punch bowl. After the bride and groom cut the cake Miss Jeannie Mosser served it to the guests. Miss Billye Gilmore and Mrs. Francis Wiese served the punch.

Mr. and Mrs. Mosman left Monday afternoon on a wedding trip to Colorado. They will be at home in Gainesville when they return. For traveling Mrs. Mosman wore a brown and

white printed crepe dress with white accessories.

The bride resided in Gainesville until she moved to Kansas in March of this year. After her graduation from Gainesville high school in 1946 she was employed as a proof reader at the Daily Register.

Mr. Mosman graduated from St. Mary's High school in 1944 and is employed in the mechanical department of the Daily Register.

Among out of town wedding guests were Mr. and Mrs. Fred Mosman, grandparents of the groom, Mr. and Mrs. Mike Fuhrmann, and Mr. and Mrs. John Hoberer, all of Lindsay; Rev. Fred Mosman, Mrs. Charles Curran and Miss Winnie Bedford of Dallas; Mrs. Bill Laux of San Antonio; Mr. and Mrs. Francis Wiese and son, Hal, Mrs. Herman Luttmner and Mrs. Ferd Luttmner, of Muenster; Mr. and Mrs. John Mosman and children, Becky and Tim of Saint Jo; Mr. and Mrs. Alfons Koessler of Muenster; Mr. and Mrs. Bill Gilmore and Miss Billye Gilmore of Hoisington, Kansas.

MRS. MCGOWAN HAS PARTY FOR DAUGHTER'S BIRTHDAY

Mrs. M. L. McGowan entertained with a party and fried chicken supper Wednesday in observance of the birthday of her daughter, Jean, who was one year old. The honoree received a shower of gifts.

The dining table held a decorated birthday cake and places were laid for grandparents of the little honor guest, Mr. and Mrs. E. S. Lawson and Mrs. S.A. McGowan of Gainesville, Mr. and Mrs. Leo Lawson and Margaret Ann, Mr. and Mrs. Starling Lawson and family, Mr. and Mrs. McGowan and three daughters.

Must Hang Together

The suitor, courting the lady of his fancy, admitted that his face was his fortune and that one of his relatives had been hanged.

"Well," responded the lady, "my face is also my fortune, and though none of my relatives have been hanged, most of them should have been."

Money Cures Many

A Scotchman was crossing the ocean for the first time, and began to feel strangely dizzy. Staggering to the steward, he asked what would prevent seasickness. "Have you a quarter?" the steward asked. "Certainly," replied the Scot, taking the desired coin from his pocket, "but do hurry." "Now, said the steward, "put it between your teeth, and keep it there."

ERNEST BAYER, JIM HERMES AT 4-H CLUB ENCAMPMENT

Eight Cooke county 4-H club members left Wednesday to attend the annual 4-H club encampment at Camp Trinidad. They will return home Saturday.

Included in the party of 4 boys and 4 girls are Ernest Bayer of Muenster and Jim Hermes of Lindsay.

Good work in 4-H projects usually is the basis on which 4-H members are selected to attend the encampment.

PLOWING SITUATION WELL IN HAND...

WITH THE FARMALL C ON THE JOB!

Plow-bottom socked-down to work an honest 8 inches deep—and that's easy. The McCormick No. 8 plow is built to lay clean, uniform furrows, as deep as 10 inches. And the new Farmall C Tractor pulls one 16-inch bottom in heavy going—or two 12-inch bottoms in average plowing.

The Farmall C is built to power the diversified farm of 80 to 120 crop acres. Its upholstered seat, mounted on a coil spring and hydraulic shock absorber, gives you a "feather-cush-

ion" ride. There's a full line of simple, low-cost, quick-change implements for the Farmall C. All excess wheels, levers and pounds are designed-out of these implements—new strength, plus new ease and speed of changing from one implement to another, are designed-in.

And all of the Farmall C's quick-change implements are under complete, two-way control—with Farmall Touch-Control. "Tell" the control with a finger-tip touch what you want done—instant-acting hydraulic power does it! See us now about a Farmall C.

See this Farmall at work on your own farm... the white Farmall with the gold stars. Call us for a demonstration now.

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America.

Independence Is Proclaimed By Congress

This news story of the signing of the Declaration of Independence in 1776 is written as though the event were occurring today. Its purpose is to give this all-important document the currency it ought to have these days. The Declaration of Independence, for all that it was written 174 years ago, remains predicated on the living issue of human freedom. Consider, as you read, that all this well might be happening right now.

PHILADELPHIA, JULY 4, 1776—These American colonies today became the United States of America as 56 members of the Second Continental Congress, signed a Declaration of Independence without a dissenting vote.

The vote came after a long day of bitter debate during which many members of the Congress publicly said they were not "ready for an open break with England."

The congress, which had been meeting behind closed doors for some time, had been actively working on the declaration since last June 10.

Prior to that date, Richard Henry Lee, of Virginia, had introduced a resolution urging the absolution of all allegiance to the British crown.

John Dickinson, leader of the conservative middle colonies, opposed the measure, urging moderation, conciliation, and postponement.

On last June 10, however, the measure was back before the body and a committee was appointed to draw up the preamble to the resolution.

Members of that committee were delegates Thomas Jefferson, John Adams, Benjamin Franklin, Roger Sherman, Robert R. Livingston.

Franklin Was Ill

Franklin, who at the time was in bed with an attack of gout, was unable to assist in the writing of the declaration. Adams, Sherman, and Livingston were also unable to assist in the writing since they had numerous other congressional affairs occupying their time.

The task thus fell upon the shoulders of young Thomas Jefferson of Virginia. He submitted his draft to Congress six days ago.

It was passed aside, however, and was not brought back before the Congress until the first day of this month when the body resolved itself into a committee of the whole and resumed consideration of Lee's original proposal.

What followed was probably the most bitter debate in the Second Congress thus far, members reported.

At one time Benjamin Franklin, oldest delegate is reported to have taken the floor to warn the gentlemen that either "they would hang together or hang separately."

Freedom Espoused

The motion placed before the Congress by Mr. Lee read:

"That these United Colonies are, and of right ought to be, free and independent States, that they are absolved from all allegiance to the British crown and that all political connection between them and the state of Great Britain is and ought to be totally dissolved."

As news of the signing seeped through this city, a state of unbelievable surprise was the first reaction. It was quickly overcome, however, by an undertone of determination and the realization that a full-scale war might soon be a reality.

Franklin was the oldest of the signers, while Edward Rutledge, 27, of Charleston, S. C., was the youngest. The youngest and the oldest congratulated each other.

Rutledge is reported to have said to Franklin as the two men shook hand, "Sir, this parchment must outlive time itself!"

THE DECLARATION OF INDEPENDENCE

(Unanimously Adopted in Congress, July 4, 1776, at Philadelphia)

WHEN, IN THE COURSE of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitles them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain inalienable Rights; that among these are Life, Liberty and the pursuit of Happiness. That, to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed; That, whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundations on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. Such has been the patient sufferance of these Colonies, and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these states. To prove this, let Facts be submitted to a candid world.

HE HAS REFUSED his assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and, when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature—a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States for that purpose obstructing the Laws of Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our Legislature.

He has affected to render the Military independent of, and superior to, the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:

FOR QUARTERING large bodies of armed troops among us: For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing Taxes on us without our Consent:

For depriving us, in many cases, of the benefits of Trial by jury

For transporting us beyond Seas, to be tried for pretended offenses:

For abolishing the free System of English Laws in a neighboring Province, establishing therein an Arbitrary government, and enlarging its Boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering, fundamentally, the Forms of our Governments:

For suspending our own Legislatures, and declaring themselves invested with the power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow-Citizens, taken captive on the high Seas, to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic Insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions

IN EVERY STAGE of these Oppressions We have Petitioned for Redress in the most humble terms; Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attentions to our Britain brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which inevitably interrupt our connections and correspondence. They, too, have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind—Enemies in War, in Peace Friends

WE, THEREFORE, the Representatives of the United States of America, in General Congress Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name and by authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, free and independent States, that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain is, and ought to be, totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

Historic Impact Of Declaration Was 'Startling'

The right of all men to "life, liberty and the pursuit of happiness" is being endangered by the dead wood thinking of many who consider the Declaration to be little more than an idealistic cliché. Yet, since the turn of this century, the world has fought two wars because its people wanted to be free of despots and authoritarian governments. Tragically, the issue still is not resolved. Some day it may be. But, as the following editorial remarks try to point out, that day will not come until we all affirm and reaffirm our faith in the principles that motivated the creators of the United States Declaration of Independence in 1776.

MOST PEOPLE today consider the Declaration of Independence a historical move by which this country set forth its vow for independence, but lack the imagination to understand that in the year 1776 it was a startling declaration. In fact, with the possible exception of the Bible, and the Magna Charta in 1215, it is one of the most astonishing documents ever published by man.

Look at it from the viewpoint that up until that time in recorded history no group of men had gathered upon the face of the earth and declared they would rule themselves, that they were capable of ruling themselves.

Before that the ruling of a nation was concentrated in the hands of a few men. The masses were not capable of ruling—that had been the philosophy of governments since the beginning of time.

Then, suddenly, a group of men met in Philadelphia, in a raw and untried country, and issued a document that bluntly avowed: people have the right to overthrow the government under which they live; they have a right to alter or abolish any government that does not operate for their good and happiness. That is a startling declaration.

Thus an experiment began that succeeded and grew. Succeeded so well, in fact, that it came to be regarded as commonplace. And today the Declaration of Independence is thought of by school children as a musty document which many of them are forced to memorize and find boring to read. United States citizens have accepted without reservation the idea that all peoples have a right to overthrow, abolish and alter any government under which they live.

THE TIMES in which the men lived who wrote and signed the Declaration were troubled times, much as they are today. Men throughout the world were demanding freedom of action and thought.

An Englishman, Dr. Richard Price at the conclusion of the Revolutionary War, wrote: "Perhaps I do not go too far when I say that, next to the introduction of Christianity among mankind, the American revolution may prove the most important step in the progressive course of human improvement."

Dr. Price was correct. It was the step that started the human race on a new trend of thought—freedom for all.

AND the time may be coming when the peoples of all the world, not just a nation, will issue their declaration of independence and no nation will enslave another or force its conception of government on its neighbor. That, too, will be a startling document.

John Adams, who helped compose the Declaration said: "The Revolution was affected before the war commenced. The Revolution was in the hearts and minds of the people."

It Happened 10 Years Ago

June 28, 1940

Threshers begin running; wheat yields from 2 to 20 bushels; oats generally good. Gene Carter's mother dies at Bowie. Jake Bezner is reelected grand knight of Gainesville-Lindsay K of C council. Mrs. Clem Reiter is recovering from an appendicitis operation. Father Francis is guest speaker at Gainesville Kiwanis Club luncheon. Work begins on WPA road south of town.

5 YEARS AGO

June 30, 1945

Henry Gieb, 70 year old Lindsay pioneer, dies Monday. Most threshers of the community get busy this week; wheat yields vary from 5 to 15 bushels per acre. Vincent Felderhoff sustains skull fracture in fall from derrick used to drill city water well; is recovering in Dallas hospital. Local people attend funeral for Mrs. Katherine Popp, 74, at Gainesville. Emil Rohmer and Otto Walterscheid meet in the Philippines. Mrs. Val Fuhrman has returned from the west coast where she visited her husband before he went overseas on army duty. Marcus Fuhrman is recovering from pneumonia. Mr. and Mrs. Paul Neiball observed their 25th wedding anniversary Sunday. Messrs. and Meses. Albert Hess and A. T. Dickerson announce the birth of sons.

Chronic Diseases Present Greatest Health Problems

AUSTIN, — State Health Officer Geo. W. Cox believes chronic diseases represent the biggest problem facing health officials today.

Recent statistics compiled by the Bureau of Vital Statistics, Texas State Department of Health, show:

1. One-third of all deaths among 15-29 year olds are due to chronic diseases, with tuberculosis being the leader.

2. "Well over half" the mortality in the 30-40 age group is due to chronic disease, with heart trouble, cancer and tuberculosis being the leaders.

3. "Almost 8 out of 10" deaths in the 45-59 bracket are caused by this disease classification, with the proportion rising to 85 per cent for those 60 to 74 years old.

4. For those 75 and over chronic diseases cause 82 per cent of the total mortality. The slight decrease in percentage over age 75 is because of the high susceptibility to accidents, pneumonia, and influenza among the aged.

"When chronic disease is mentioned, all too many people think of the problem as being confined to the middle-aged or older," the health chief said, adding that such an idea was not consistent with the facts. The term chronic, Dr. Cox explained, means the opposite of acute. When applied to a disease, chronic means of long duration. That would mean cancer or tuberculosis is chronic, while smallpox or poliomyelitis is acute.

"The significant thing," Dr.

Cox indicated, "is that the chronic disease classification cause one-third of all deaths among young people in the 15-29 age bracket."

"Obviously, that makes the teen ages the first age at which the diseases assume a major mortality role."

FHA GIRLS ENJOY 2-DAY SUMMER CAMP AT TEXOMA

Members of the Muenster chapter of Future Homemakers of America and their guests and chaperones enjoyed a two-day encampment at Lake Texoma Sunday and Monday. It was the first annual summer camp for the girls.

Making up the party were Margie Kathman, Alvina Derichsweller, Yvonne Scoggins, Lillian Vogel, Florence Henscheid, Margie Baumhardt, Jeanette Fisher, Jeanette Walter, Leoba Henscheid, Pauline and Margaret Myrick, Anna G. Herr, Jane Hellman, Norma Vogel, members; Carol Hellman, Alma Henscheid, Marcella Hess, Helen Jetzelberger, Rose Mary Knabe, Henrietta Mages, Edna Swirczynski, Earline Walterscheid, Juliana Wolf, guests, and Meses. T. S. Myrick, Wm. Kathman and John Fisher, and Sponsor Ruby Kelly, chaperones.

DO YOU WANT REPORTS ON YOUR GOVERNMENT ACTIONS IN AUSTIN?

THEN Send Austin to Austin

AUSTIN E. WESTBROOK
CANDIDATE FOR
STATE REPRESENTATIVE

\$90,000,000.00

Over 90 Million Dollars cash surplus was in the General Fund of Texas when W. O. REED concluded his term as Speaker of the House of Representatives in 1948. TODAY THERE IS NO SURPLUS.

Elect
W. O. REED

YOUR LIEUT. GOVERNOR

W. O. REED has really done something about efficiency and economy in our state government besides talk about it.

W. O. REED wrote the pay-as-you-go law which put Texas on a cash basis in 1942, and prevents the Legislature spending money it does not have.

W. O. REED believes our state government, like a family, should live within its income.

WE NEED REED!

Harris in Lieut-Governors Race

Senator Fred Red Harris of Dallas County has announced his formal entry into the race for Lieutenant-Governor of Texas. Harris, a ten-year veteran in the legislature as a representative and senator from Dallas County, was first elected in 1935 as a representative on an "Anti-Sales Tax" platform.

He resigned as Dallas County Commissioner to enter the United States Navy, where he served with distinction aboard the USS Croatan in the Atlantic Fleet and on the now famous USS Franklin in the Pacific Fleet. Harris was one of the 704 survivors who brought the crippled Franklin through submarine-infested waters from Japan to the Brooklyn Navy Yard—more than half way round the world.

He was twice wounded in action and awarded two Purple Hearts and was decorated with the Navy Cross, Bronze Star and Commendation Ribbons.

Harris was graduated from Baylor University with a law degree in 1932. While at Baylor he was one of the few four letter athletes in the Southwest Conference.

Harris was author of the present Drivers License Law, passed in 1935, and co-authored the uniform Motor Vehicle Code Bill passed in 1947.

Harris seeks the Lieutenant-governor's office on a platform in which he opposes further importation of foreign oil, opposes the creation of new boards and the increase in cost of operating the state government. He favors passage of legislation which would enable city, county and state tax collectors to collect the more than \$80,000,000 in delinquent property taxes now due without the heavy cost of the present cumbersome legal procedures.

Harris has practiced law in Dallas County since 1933. He is a member of the Baptist Church, president of the Oak Cliff Lions Club, member of the Masonic order and Hella Temple, has served as past president of the Baylor "B" Association and is a member of the Baylor Ex-Students Association. He is a member of the American Legion and the Veterans of Foreign Wars, is married and has three daughters. His hobby is the operation of a small ranch—the Circle H Ranch in Hico in Hamilton County. (Pol. Adv.)

Here's the best steer on the market!

"Job-Rated" for easy handling

Drive DODGE

...the only truck that's

Drives like a dream!

That's what you'll say once you get behind the wheel of a Dodge truck. It's "Job-Rated" for comfort and convenience to make driving a pleasure in traffic or on the open road.

Parks like a kiddie car!

Shorter wheelbase and shorter over-all length make parking a snap. Your Dodge truck is "Job-Rated" so you can slip easily into those parking spaces you used to pass up.

Rides like a baby carriage!

Smoo-oo-th is the word for the ride you get in a Dodge "Job-Rated" truck. Extra-long front and rear springs are tough, yet flexible. And they're rear-shackled to last a lot longer.

Now! gyrol Fluid Drive!

Available only on Dodge "Job-Rated" Trucks (1/2-ton, 3/4-ton and 1-ton models). Ask for Fluid Drive booklet.

Turns on a dime!

Just a feather-touch to the wheel and you make shorter turns, whether you're backing up, turning around, or parking. "Job-Rated" wide tread front axle and cross-steering make it possible that way!

"Job-Rated"

...for low cost transportation

- POWER:** ... 8 great truck engines—each "Job-Rated" for PLUS power.
- ECONOMY:** ... priced with the lowest. "Job-Rated" for dependability and long life.
- BIGGER PAYLOADS:** ... carry more without overloading axles or springs because of "Job-Rated" WEIGHT DISTRIBUTION.
- EASIER HANDLING:** ... sharper turning! Parks in tight places. "Job-Rated" maneuverability!
- COMFORT:** ... widest seats ... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.
- SAFETY:** ... finest truck brakes in the industry ... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the lowest

LOCAL NEWS BRIEFS

Miss Joan Zipper spent last week in Dallas visiting her sister, Miss Ernie Zipper.

Father Lambert of Sublaco was here Sunday to visit the pastors and assist with Sunday church services.

Mmes T. S. Myrick and J. M. Weinzapfel were in Gainesville Tuesday to attend a P-TA instruction class.

Miss Emma Lou Gehrig of Dallas was here during the weekend to visit her mother and other relatives.

Arnold Muller spent the weekend visiting in Fort Worth and in Azle with his aunt, Mrs. Eva Gottlob.

Miss Loretta Hartman of Dallas was here Sunday and Monday to visit her parents, the John Hartmans, and other relatives.

Mr. and Mrs. Ted Gremminger, Patsy and Hazel spent Sunday in Wichita Falls visiting Miss Marilyn Gremminger and Mrs. Gremminger's two sisters.

Mr. and Mrs. Charlie Berend and two children returned to their home in Amarillo Monday after a week's visit here, in Lindsay and in Gainesville with relatives.

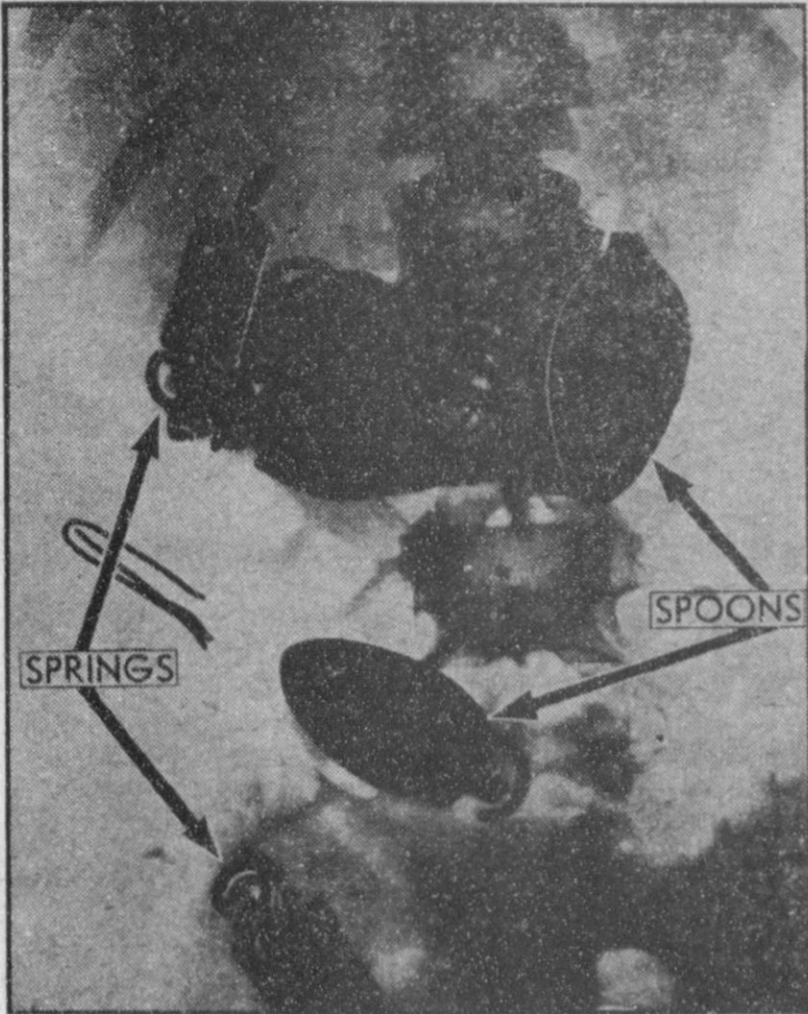

Messrs. and Mmes. W. H. Endres and Joe Luke visited in Fort Worth with the John Lukes and the C. J. Ruckers Sunday. Mrs. Rucker is remembered as the former Miss Eugenia Luke.

Mrs. F. E. Perry has returned to her home in Denver City, Texas, after a visit with her parents, Mr. and Mrs. M. H. Grammer at Myra. Mr. Grammer is recovering from a heart attack and is permitted to sit up this week.

Saturday night and Sunday guests in the Weinzapfel home were Mr. and Mrs. Ed Otto and daughter, Glenda, of Wichita Falls, who also visited relatives of the Otto families. Mmes. Otto and Weinzapfel are sisters. Joining the family Sunday was Joe Weinzapfel of Fort Worth.

Weekend guests at the W. T. Richter home were their children, Miss Clara Richter of Dallas, Mr. and Mrs. Cris Jensen and son, Troy and Mrs. Amber Estes of Wichita Falls. Miss Richter is remaining here until next Sunday, spending her vacation with her parents.

Mr. and Mrs. Tom Parkinson arrived Saturday from Houston to visit her parents, the J. B. Casons. They'll be here about a week. When they return home they will be accompanied by

IRON STOMACH—Gary, Ind., hospital officials were dumfounded when this X-ray of an unidentified patient's stomach revealed the presence of spoons, bed springs, 12 pieces of steel and bent wire, two broken light bulbs, pins and needles. For good measure, the patient topped off his swallowing spree with a dash of salt—still in the metal shaker.

their two children who had spent about a month with their grandparents.

Mr. and Mrs. C. J. Fette have word that their daughter, Mrs. Tim Stormer and two children have arrived safely at Guam where they joined Lt. Stormer who is stationed there for military service. Mrs. Stormer and children left the west coast on June 10 and arrived at their destination on the 18th.

Visiting here this Thursday were Mr. and Mrs. S. P. Otto of Wichita Falls and their guests, Mr. and Mrs. John Staus of El Paso, formerly of Windthorst. The two couples were guests of the J. M. Weinzapfels. Mr. Staus

Mrs. Catherine Gehrig and granddaughter, Carrie Ann Geh-

was a visitor here quite frequently as a young man while he lived in Windthorst and this was his first return in many years. He expressed amazement at the growth and improvement of the city and community.

Sgt. and Mrs. Harold Falck left Monday to return to San Antonio after a weekend visit with her parents, the Jake Pagels. They had spent their vacation in New York, Illinois and Iowa.

Mr. and Mrs. Ben Seyler spent the weekend in Lubbock as guests of her sister, Mrs. C. W. Ratliff and family. When they returned home Dan and Mike Ratliff accompanied them to spend a week here.

Ens. Rita Voth, who has been on duty at the U. S. Naval Hospital in Corpus Christi, is here for a 30-day leave before she reports for duty on Guam. She is visiting her mother, Mrs. Barney Voth, and other members of the family.

Takes it easy all the time!

Prestomatic Fluid Drive Transmission consists of three compact units... *gyral Fluid Drive, the Safety Clutch and Prestomatic Transmission. Each unit is designed with a minimum of moving parts, and each unit is ruggedly built to give trouble-free service for the lifetime of the car.*

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you full control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship... compare the quality of materials... discover the benefits of Chrysler engineering! You'll find built-in value all the way through that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

THE NEW YORKER 4-DOOR SEDAN

See it—drive it... there's built-in value all the way through!

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. **Slower Engine Speeds**—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! **Lubricated Cylinder Walls**—chemical protection for increased life. **Floating Power**—helps eliminate vibration. **Superfinished Parts**—reduce friction, last longer. **Exhaust Valve Seat Inserts**—reduce need for valve grinding! **Full Flow Oil Filter**—keeps oil clean!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! **Safe Guard Hydraulic Brakes**—smoother stops, less pedal pressure. **Cyclebonded linings** for double the wear. **Electrically Operated Windshield Wiper**—constant speed all the time! **Chair Height Seats**—no crouching, you sit naturally! **Safety Rim Wheels**—won't throw tires after blowouts at normal speeds.

Number of Dysentery Cases Increasing, Says Health Dept.

AUSTIN, — Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

Court of Appeals Candidate Attacks Legal Absurdities

Joel W. Cook, candidate for the Texas Court of Criminal Appeals, is making in his campaign an unprecedented attack on certain decisions of that court.

"As late as 20 years ago, our Court of Criminal Appeals enjoyed the reputation of being one of the finest and strongest in the nation in criminal matters," Mr. Cook said. "That Court has fallen on evil times. During this campaign I will tell you a story of weird reasoning that has penetrated the inner sanctuary of democracy and brought to that proud court the humiliation of chaotic confusion." He cited two recent decisions of the court. In one, he said, the court reversed a murder conviction because "the indictment alleging the victim was kicked and stomped to death, failed to say that the accused used his feet to do it. In another case, Mr. Cook said, conviction was reversed because the indictment failed to say that the murder by drowning was accomplished with water.

Admitting that his attack on the court is unusual, he said that criticism fairly made can improve the court, which is the court of last resort for people convicted in criminal cases.

VISITORS COMPLIMENTED AT ZIPPER HOME SUNDAY

Mr. and Mrs. R. M. Zipper entertained with a lawn supper party at their home Sunday evening. The affair honored Mrs. C. J. Berend and children of Amarillo and Mrs. Carrie Ohlig of Hereford.

Other guests were Mrs. Mary Berend, Mrs. Earl Lehnertz, Mr. and Mrs. Ewald Berend, Mr. and Mrs. Joe Haverkamp, all of Gainesville; Mr. and Mrs. Joe Zipper and daughter, Juanita, Ernie Zipper, Mr. and Mrs. John Kneisel, Mr. and Mrs. Leroy Jetton, all of Dallas; Mr. and Mrs. John Zipper and daughter, Joyce of Pilot Point, and Mrs. Anna Richey of Denton.

Mrs. Ohlig spent the weekend here in the Zipper home after visiting Mrs. Berend and Lehnertz in Gainesville earlier in the week.

Teacher—"Can any pupil give me a sentence using the word 'diadem'?"

Pupil—"People who drive carelessly across railroad tracks diadem sight quicker than those who stop, look and listen."

Garrett C. Farrell of Gainesville has authorized the Enterprise to announce his candidacy for the office of Cooke County Sheriff, subject to action of the Democratic primary July 22. His message to voters will appear at a future date.

PROPAGANDA BATTLE IN BERLIN—Latest weapons of the cold war in Germany's capital include match boxes and balloons, used in propaganda offensives and counter-barrages. The match cover, left, is one of many which were smuggled into Berlin's West Sector by Communists. On it are inscribed the words: "All Strength for the FDJ (Communist youth organization). . . . Willing to Work and Defend Peace." The balloon at right is one of hundreds released by anti-Communist Berliners, bearing the letter "F," for "Freedom," and the words: "FDJ for whom are you marching?" Anti-Red leaflets are attached.

GEO. J. **Carroll** & SON

"... BY THE ROCKET'S RED GLARE"—One-hundred-and-seventy-four years ago, John Adams wrote of Independence Day, "It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires and illuminations. . . ." This dramatic Fourth of July photograph of the Washington Monument, illuminated by a brilliant, bursting cluster of fireworks, is spectacular proof that the words of Adams have not been forgotten.

Tempel this week are her parents, Mr. and Mrs. John Tucker and son, and their daughter, Mrs. Marie Reece and little son, Michael Gene, all of Houston.

Mrs. Anthony Tagliavia and son left during the weekend to join Mr. Tagliavia in New York City where they will make their home. They had resided here during the school term while she taught in the Saint Jo school and he was in the cafe business here. He left for New York several weeks ago to be employed and to secure living quarters for his family.

New cars delivered here during the past week include a Chevrolet pickup to Neu Brothers of Lindsay, a Chevrolet 2 door Styleline to Steve Grewing, a Plymouth 2 door to B. L. Derr of the Phillip's lease north of town, a Ford 2 door Deluxe to Leo Henschel, a Ford pickup to Al Walter, a Ford Custom 4 door to Victor Sicking and a Ford 2 door Deluxe to Mike Fuhrmann.

Clyde Fisher is due to receive his new Plymouth 2 door Deluxe late next week. His father will leave here Friday with a livestock shipment for Kansas City then go to Detroit for the new car.

An old cowboy went to the city and registered at a hotel for the first time in his life. The clerk asked him if he wanted a room with running water. "Heck, no!" the cowboy yelled. "What do you think I am, a catfish?"

Hesse Hens Lead County Flocks in Egg Laying Contest

Still leading the county flocks entered in an egg laying contest is the 110-bird team of Meinrad Hesse of Muenster. The Hesse hens laid 2,575 eggs in May, an average of 23.4 eggs per biddy.

With only two more months to go in the state-wide contest sponsored by the Texas A&M college farm extension service another county flock dropped out of the race leaving 453 hens in four remaining flocks. These birds averaged .65 of an egg more than the 562 hens in the competition the previous month. Hens in May averaged 21 eggs apiece. The May average is lower than that of March, however, when the average was 22.3.

Remaining in second spot in the contest are the 121 hens of Mrs. F. S. Piott of Gainesville. These hens laid 2,795 eggs in May, an average of 23.1. In April the average was 22.5.

May records on the other flocks are:

Henry Simmels, Pilot Point, 107 hens, 2,205 eggs, 20.6 average per hen.

Ted Neu, Gainesville, 115 hens, 1,947 eggs, 16.9 average.

Reports on flocks entered in the contest are received by County Agent B. T. Haws from A&M each month. The contest will continue through July 31.

The first U. S. coin was made in 1793.

Natural-born Winner

The guests at a party were playing a game to see who could make the worst faces. The prize was awarded to a man seated somewhat apart from the others. "I'm sorry," he apologized, when the presentation was made, "but I wasn't playing."

Upper Elm-Red Soil Conservation District News

DISTRICT SUPERVISORS

J. W. Hess, Muenster V. W. Redman, Saint Jo
John Rice, Collinsville Ed Blackmon, Bowie
Willard Kemplin, Valley View

Combines have nearly completed the grain harvest in the Muenster area and the combines of Cooperators of the Upper Elm-Red Soil Conservation District are now being aimed at fields of clover and vetch. The cool moist spring weather delayed the maturity and seeding of vetch, but it is now ready for harvest.

Jake Biffle Sr. of Myra has already combined his vetch and Roy Townsley is busy getting his 20 acres of vetch and rye sacked up. Townsley estimates his vetch yield will run 200 pounds per acre. Paul Fetsch has harvested 2000 pounds of vetch from his 10 acre field.

Madrid sweet clover that has not been delayed by mowing or grazing is rapidly reaching the stage where harvest operations can begin. Best results have been obtained when the clover is put in a windrow with a windrowing machine and combined three to four days later.

Tony Walterscheid and his boys are constructing two miles of terraces on their farm north-east of Muenster. A whirlwind terracer is being used to build broad base terraces. The Walterscheids are completing a mile of terraces each day with the whirlwind plow.

Andy Schoech and Oscar Walter of Muenster have baled the hay from their native grass meadows. The early cutting of the native grasses will produce a higher protein hay and at the same time improve the meadow by allowing the grasses to recover and produce seed to improve the stand of desirable grasses. Meadows that are cut for hay should not be grazed until after frost.

J. W. Hess has mowed the Johnson grass on the waterway he seeded to K. R. Bluestem this spring. Al Wiesman is controlling weeds on his waterways by frequent mowings. Matt Muller has aided the buffalo and bermuda grass on his waterways by having the weeds sprayed by airplane.

Ruffnecks Win - - -

errors and a hit they braced up and held the visitors scoreless for the rest of the two games. Leo Becker hit a homer in the first game and Bruns hit one to start the second game. The scores 6 to 2 and 5 to 0.

In other games of the week Nocona beat Valley View, the Merchants won both in a double header with Saint Jo, the Chicks beat Saint Jo and Valley View beat the Merchants.

Next on schedule for the Ruffnecks is a double header at Valley View Friday night. This game, like all Thursday games with Valley View is postponed to Friday to accommodate some Valley View players who attend GI agriculture classes on Thursday.

The standings:

Chicks	11-3	785
Valley View	11-3	785
Muenster	9-6	600
Nocona	8-6	571
Merchants	5-11	313
Saint Jo	1-16	.090

Man (to psychiatrist): "My wife has developed an inferiority complex. What can I do to keep her that way?" —Anon

Fisher and Sicking Herds Near Top in County Production

The Cooke County Dairy Herd Improvement Association's report for the past two months shows two Muenster herds holding second and third places as high producers. The report was released Wednesday by Supervisor John J. Hoffman.

In May Paul Fisher's cows were the second high producers with Tom Sicking's in third place. In April the order was reversed. For both months the herd of Henry Frasher of Gainesville held the top spot.

A condensed report for May shows that 12 member herds, comprising 251 cows in milk were tested, that 56 of these cows produced 40 pounds of butter fat or over, and that each cow produced an average of 696 pounds of milk with an average B. F. content of 29.

Paul Fisher milked 21 cows, averaging 890 pounds of milk with an average test of 4.4 and B.F. content of 39.

Tom Sicking's 28 cows averaged 880 pounds of milk with a test of 4.3 and B.F. content of 38.

Muenster members and number of cows producing 40 or more pounds of butter fat for May are: Paul Fisher, 9 cows, 43 - 61

BF; C. A. Fisher, 3 cows, 46-54; J. W. Fleitman, 6 cows, 40-51; Henry Pick, one cow, 40; Tom Sicking, 11 cows, 42-71; Joe Fisher, 2 cows, 50.

The collection of rare books at the University of Texas is one of the finest in the world.

Tax levies made by State and local governments in Texas totaled an average of 25.7 cents per acre in 1949. An increase of 3.3 cents per acre or 15 percent over the 1948 average in Texas. Indications are that the trend will likely continue upward on Texas farm and ranch real estate but at a slower rate.

There is no law that prohibits post-dating a check.

"Bureaucrats that 'spend and spend and tax and tax' remind me of the sheepman who decided to skin instead of shear."
—Bill Paulson

JOHN RUSSELL, YVONNE De CARLO and SCOTT BRADY in Universal-International's "The GAL WHO TOOK THE WEST." Color by Technicolor.

The Ewald Hoelkers are vacationing in South Texas. During the weekend they visited friends in Corpus Christi.

David Lutkenhaus, 10, son of Mr. and Mrs. Ben Lutkenhaus, was treated Monday at Gainesville Sanitarium for a laceration on his left hand.

Blessed Events

Mr. and Mrs. Meinrad Stoffels announce the arrival of Michael Dwayne, their second son, at the local clinic on Monday, June 26. He weighed 6 and a half pounds. Mrs. Stoffels is the former Miss Anna Mae Fuhrmann, daughter of Mr. and Mrs. Joe Fuhrmann of Lindsay. The baby was baptised Tuesday with Father Andrew officiating assisted by Herman Stoffels and Theresa Fuhrmann as sponsors.

Mr. and Mrs. Robert J. Beyer of Lindsay announce the birth of twins, a boy and a girl, at Gainesville sanitarium on Monday, June 26. The 5 pound 13 ounce boy arrived at 12:22 a.m. and the 5 pound 7 ounce girl arrived at 12:42 a.m. Mr. and Mrs. Joe Vogel are grandparents for the first time. Mrs. Beyer is the former Miss Dorothy Vogel. The paternal grandmother is Mrs. Adam Beyer of Lindsay and Mr. and Mrs. Emil Vogel are the great-grandparents.

Mr. and Mrs. Raymond Laux of Lindsay are the parents of a daughter born at 5:30 a.m. Sunday, June 25, at Gainesville sanitarium. They have two other children, both boys. Mrs. Laux is the former Miss Nina Mae Owens of Muenster and the baby's grandparents are Messrs. and Mmes. Clarence Owens of Muenster and F. J. Laux of Lindsay.

Mr. and Mrs. Joe Gorman of Rockford, Ill., announce the birth of a 7 pound son, Thomas Henry, at St. Anthony Hospital in that city on June 21. Mrs. Gorman is the former Miss Dolly Endres of this city and Mr. and Mrs. W. H. Endres are the grandparents.

GROUP ATTENDS RELIGIOUS RITES IN SAN ANTONIO

Mrs. Alfons Koesler, of Muenster, her daughter, Mrs. Tony Hermes and daughter Rosemary, of Lindsay have returned from San Antonio where last Wednesday they attended religious ceremonies at Our Lady of the Lake Convent. Their daughter and sister, Elfrieda Koesler, became Sister Mary Lin. They also visited their other daughter and sister, Sister M. Corrine, who has returned from her mission in Natchitoches, La., to spend the summer in San Antonio.

Mr. and Mrs. Joe Bengfort and daughters, Betty Ann, Stella, and Dorothy, their daughter-in-law, Mrs. Leonard Bengfort, and their niece, Helen Neu of Gainesville, were in San Antonio last week to attend the religious profession of their daughter, Sister Josephine Elise on June 22.

Also on June 22 Sister Barbara James, the former Florence Zimmerer, made her first vows during profession ceremonies at the convent. Sister Barbara James joins two sisters in religious life, Sisters Mary Rose and Herman Mary. They are daughters of Mr. and Mrs. H. J. Zimmerer.

Attending the ceremonies were Misses Marie, Agnes and Betty Rose Zimmerer, sisters of the new nun, and Viola Kuhn and Joan Arendt. The young ladies visited with other relatives at the convent and went sight-seeing in the city before returning home Monday.

Confetti ---

of centralization, bureaucracy, graft, socialism and plain confusion is a far cry from the well ordered system handed down by Washington, Jefferson and Franklin.

The old colonial evil have a familiar counterpart in current attempts to impose unwelcome legislation on the South, in the multitude of office holders who harass the people and eat out their substance, in judicial decrees about the tidelands, in the graft and waste which take far more than the king ever demanded as his tribute.

On this Fourth of July it would be well for us to realize how far we have strayed from the democracy of the colonial patriots, and understand the urgent need of injecting their spirit back into the American system. We need to realize, as they maintained, that the nation least governed is the best governed, that citizens have a right to stand on their own dignity and integrity, working out their destiny without official meddling, that citizens and government alike cannot hope for Divine blessing without proper regard for the Supreme Being.

These things are basic. They are the principles on which this nation took form and thrived. They are the only hope for its continued prosperity and happiness.

Mrs. Joe Bezner spent the weekend in Dallas visiting her children, Mmes. Bob Young and Leo Cutala and Bob and Al Bezner. Also there for the weekend were two of her daughters, Mrs. Ed Corcoran and daughters, Joyce and Kathleen, of Los Angeles Calif., and Mrs. Kathryn Kelly of Baytown. The Californians accompanied Mrs. Bezner back to Lindsay Monday to spend an indefinite portion of their annual vacation.
