

MUENSTER ENTERPRISE

VOLUME XIV

MUENSTER, COOKE COUNTY, TEXAS, MARCH 14, 1950

NUMBER 21

Could it be that this over-patient nation has finally decided to do something about its long-delayed job of squelching Communists? Is it realizing that the absurd lengths to which it went in applying its traditional spirit of fair play was, after all, more of a license to violate the rights of good citizens than a protection of the rights of the questionable characters themselves?

Within a comparatively short time the boom has been lowered on Hiss and Bridges and the flock of Hollywood writers. And perhaps it is not too much to hope that the present McCarthy investigation will lead to a thorough house-cleaning of every Red who happens to be in the State Department. Nothing could be better for the political, moral and economic health of this country than to seek out and eliminate every red leech that is sapping the national strength for the special benefit of Joe Stalin and his pack of international jackals.

For years we have noted with disgust the outrages perpetrated by Harry Bridges and the longshoremen's union. Such incidents as strikes at the very time that shipping was vital to the welfare of this country or its friends abroad. Also arbitrary demands and arbitrary methods which in the long run were detrimental to the interests of workers and employers alike. History will bear witness that there was many a case in which Joe Stalin was the only winner and everyone concerned in this country, workers, employers and general public, were the losers.

Likewise as regards Hiss and the Hollywood writers, history will have a sad story to tell. America has suffered and it will continue to suffer from the treasonable aid Hiss gave Russia in one way or another during the past decade. And many an unsuspecting American has had his principles and confidence shaken by cleverly planted bits of red propaganda dished out by Stalin's Hollywood hirelings.

Communists are all of a kind. They are sneaking, conniving scoundrels dedicated to the destruction of any country or any institution which does not bow to the domination of the Comintern. To seek them out and eliminate them is a sacred duty of every country and every institution professing a respect for the principles of Christianity and democracy. To keep them on the pretext that they can render some useful service is about as reasonable as keeping a rattlesnake in the house because it eats mice.

Next to cleaning out the reds, and even more important, is correcting the set of conditions which enabled the red movement to grow and prosper in this country. In short that means returning to the set of standards prescribed by God as the proper rules for us human beings to abide by in the game of life. Such as the golden rule and the ten commandments. In most cases human violation of Divine law have provided the very means by which Communists have put their diabolical schemes into effect.

Take the case of labor strife. The whole mess started with the slay conditions imposed by some industrialists on working men. Falsely proclaiming their concern for human rights communists joined forces with sincere reformers and actually helped in many cases to improve conditions. But their objective was not to help establish a better life for all. It was to wreck the entire economic system and eventually cause chaos for workers and employer alike. And the communist influence continues today. In far too many cases the two factions have no concern for mutual welfare but only for selfish advantage. Neither seems to realize that the solution of its problem can be attained only by mutual understanding and Christian justice.

How about politics? Government officials themselves opened the way when they placed selfish interests and party politics

Gainesville Is Set For Circus Opening Event Next Week

Gainesville is set to celebrate in a big way next Wednesday, Thursday and Friday at its seventh annual Circus Round-up and Homecoming program, which officially opens the 1950 Community Circus season.

With millionaire oil man Glenn McCarthy of Houston as the honored celebrity, the main program will be opened by a parade at 4 o'clock. At noon McCarthy will be the speaker at a joint luncheon of Gainesville civic clubs, and at 8 that night he will officially open the 1950 circus as honorary ring-master, giving the starting signal on a gold whistle engraved with his name and presented by Roy Stamps.

Earlier in the day, beginning at 10, guest orchestras will appear in a continuous musical program on a platform in front of the Chamber of Commerce building. Meanwhile home coming visitors will have an opportunity to register at a special desk in the Chamber of Commerce building.

The second afternoon's program consists of a County FFA—4-H calf and hog show in the livestock building of the county fair grounds. Judging begins at 2 and an auction sale of the entries will begin at 2 the next day.

At the second circus performance children of all county schools will have an opportunity to attend at reduced rates. The price is 30 cents instead of the usual 50 cents. Tickets for advance sale will be brought to the schools before the end of this week. Girls of the state training school will be guests of the circus at that performance.

Outstanding features of the Friday program are the coronation of the circus round-up queen before the circus performance and the queen's ball in the Community Center building. Dancing will begin at 9 and the grand march will be held about 10 when the queen and her court arrive from the circus. The queen is Miss Marilyn Rison of Gainesville. Muenster's duchess in her court is Margie Kathman.

Subiaco Alumni To Meet Here Sunday

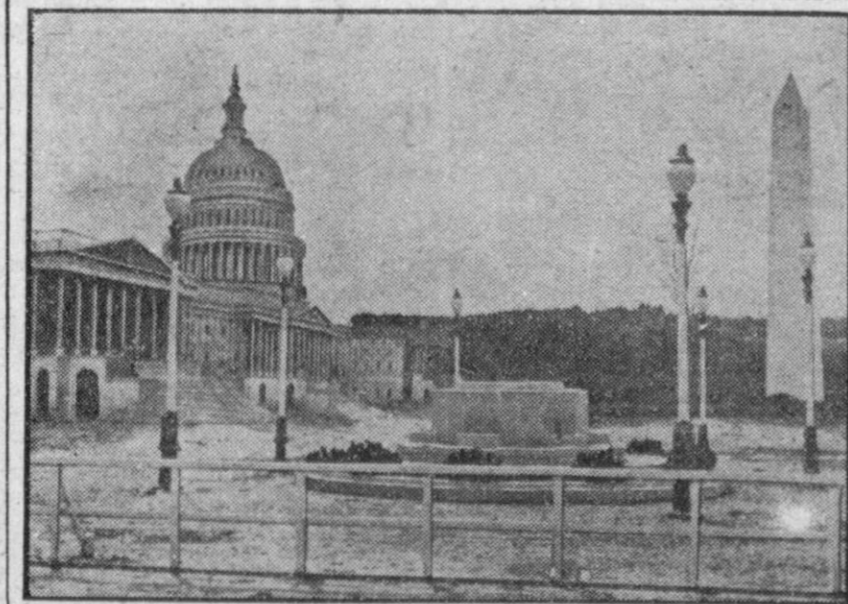

The North Texas Chapter of the Subiaco Alumni Association will have a meeting next Sunday afternoon, officers of the chapter announced this week.

E. A. Steinberger of Dallas, national president of the Subiaco Alumni Association will be the principal speaker.

A social hour with refreshments will follow the business session.

The time is 4 p.m. and the place is the church basement. All members are urged to attend.

Mrs. M. J. Endres and Mr. and Mrs. C. J. Fette spent Easter in Fort Worth visiting their daughters, Sisters Irma and Antoinette, and Mrs. Endres' brother Bert Fisch and family.

WASHINGTON IN JAPAN—Familiar landmarks of the Capitol building and Washington Monument are strangely out of place in this setting—Osaka, Japan. The miniature models are part of a display of noted American scenes at a Japanese fair. Also included were models of the New York and Chicago skylines, the Golden Gate Bridge and the Empire State Building.

Funeral Service for Theresa Schad Held Monday at St. Mary's

Miss Theresa Schad of Dallas, formerly of Gainesville, passed away last Thursday in a Gainesville hospital following a month's illness. She became ill in Dallas and entered a Gainesville hospital about two weeks later.

Funeral services were held Monday morning at 9:30 in St. Mary's church with Rev. Peter Molloy, pastor, officiating, and burial was in Fairview cemetery.

Miss Schad was born in Plainview, Minn., and lived in Gainesville before going to Dallas where she was employed for more than 25 years in a department store.

She is survived by three sisters, Miss Lena Schad of Gainesville; Sister M. Robertine of Baton Rouge, La., and Mrs. John Fuchs of Waco; three brothers, Henry, Joe and Phillip Schad of Gainesville.

Parochial School Seniors to Present Class Play Friday

"American Passport", Sacred Heart senior class play, will be presented this Friday night in the New Relax Theatre at 8 o'clock.

Members of the cast, under the direction of Sister M. Theresina, have spent the past several weeks rehearsing the production and are confident its entertainment features will appeal to both adults and children.

The plot of the three-act comedy revolves around a typical American family consisting of father and mother, a 21-year-old son, a teen-age daughter and a 12-year-old daughter. The troubles, romance, politics and various complications that get the family involved affect also their neighbors and friends.

Members of the cast are Melvin Herr, Verena Henschel, Pauline Mages, Regina Henschel, Bernice Reiter, Willard Hartman, Florence Fette, Joe Moster, Dolores Gremminger, and Ronald Herr.

Muenster, Saint Jo Open District 13-B Title Series Friday

Competition for the baseball championship of District 13B will get under way Friday when Muenster and Saint Jo, the only teams in the conference meet Friday afternoon at Saint Jo in their first encounter of a 2 out of 3 series.

The second game, according to Coach Doyle Hood, will be played here next week Friday. After that, if the third game is necessary, the coaches will flip coins to decide where and when to decide the series.

Mr. and Mrs. Ralph Maglaughlin spent the Easter holidays in Collinsville with relatives.

Mr. and Mrs. Louis Nieball and daughter, Patsy, of Dallas were here for an Easter visit with his parents, the Paul Nieballs. Mrs. Nieball and son, Billy, drove them back to Dallas Monday and remained for a visit until that evening.

CAUSE FOR TEARS—Onion growers in Allegan, Mich., have plenty to cry about these days. A break in the market sent the price of a 50-pound bag tumbling to a new low of 60 cents, threatening farmers in southwestern Michigan with a \$250,000 loss. They dumped much of their surplus into the fields.

Drought Unaffected By .04 Inch Drizzle

Prospects for a badly needed rain were good Wednesday morning but fizzled after a teasing sprinkle and the community had a mere .04 inch of dampness in place of the eagerly awaited break in the current 2 months drought.

Adding that figure to .09 in March and .08 and .10 on February 21 and 22, the total rainfall here since February 12 is only .31 inch.

News Of Sick And Injured

Aubrey Jones sustained a painful eye injury Tuesday afternoon when a sliver of steel lodged in his right eye. He is body repair man at the J. B. Wilde Garage. The eye is being treated by a specialist who believes the vision will not be impaired unless some unforeseen complication sets in.

Mrs. John Beard was dismissed from Gainesville sanitarium Friday following several days of treatment.

Miss Rosalee Fuhrman is confined to her home this week on account of mumps.

Dr. Hugo Hellman Will Speak Sunday At K-C Breakfast

Dr. Hugo Hellman will be the principal speaker and members of this year's graduating classes will be special guests at a Communion breakfast sponsored next Sunday by the local K of C Council.

The breakfast, to be served in the school lunch room, will follow the 8 o'clock mass. Grand Knight Herbert Meurer will be toastmaster. Another speaker on the program is Father Anthony Schroeder.

Dr. Hellman, a native of the community is head of the speech department at Marquette University, Milwaukee, Wis. The subject of his speech is higher education.

Since Thursday of last week Dr. and Mrs. Hellman and their two children have been visiting with his parents Mr. and Mrs. G. H. Hellman, combining the visit with an official trip to Austin in connection with the National Forensics Roundup and a meeting of the American Forensics Association at Texas University. He is national president of the association and coach of the Marquette debating team which will participate in the national debating tournament.

Dr. and Mrs. Hellman and his parents drove to Austin Thursday and will return here Saturday. They will return to Milwaukee early next week.

Mr. and Mrs. Julius Stelzer and baby of Post visited here during the past week with her parents, the Ed Eberharts, and other relatives.

Scholastic Census Is 585; Gain of 37 Over Former Count

The official count of the 1950 scholastic census of the Muenster school district is 585, Superintendent Weldon Cowan announced this week.

That figure represents an increase of 64 over last year's official census and an increase of 37 over the figure which became official after the annexation of Valley Creek to Muenster last Summer.

Copies of last year's census showed 521 on the Muenster list and 27 on the Valley Creek list.

Of the 548 on those two lists 53 were lost since the last report. 32 passed the scholastic age and 21 moved out of the district.

At the same time, however the district has a gain of 90, including 55 children who reached the scholastic age this year and 35 who moved into the district.

A further breakdown of figures shows that the largest age group of the district is the 7-year-olds with 73 and the smallest group is the 13-year-olds with 28. The number in each age group for the complete census is as follows 6 year, 57; 7 year, 73; 8 year, 53; 9 year, 51; 10 year, 49; 11 year, 51; 12 year, 41; 13 year, 28; 14 year, 49; 15 year, 39; 16 year, 39; 17 year, 50.

The scholastic count, according to the current per capita allotment of \$48 will qualify the school district for a total allotment of more than \$28000 next year, provided all children remain in the district. Mr. Cowan pointed out, however, that several children, whose fathers moved here for the school construction job, are likely to attend elsewhere next year and are due to transfer out of the district. Considering possibilities of other transfers both to and from the district, the allotment next year is expected to be about \$27,500.

Mrs. Joe Luke was the guest speaker at the Saint Jo Garden Club meeting Tuesday afternoon. Her subject was "Greenhouse Gardening". She was accompanied to Saint Jo by Miss Olivia Stock.

Schedule of Coming Events

FRIDAY, April 14, S. H. Senior Class Play, New Relax Theatre, 8 p.m.

TUESDAY, April 18, Catholic Daughter Study Club, home of Mrs. M. J. Endres, 8 p.m.

THURSDAY, April 20, S. H. PTA meeting, parish lunch room, 8 p.m.

WELL-DRESSED FOR WAR—In keeping with spring's emphasis on clothing styles, two members of the armed forces model what the well-dressed airman or sailor will wear to an invasion. Stepping out of a low-pressure chamber, left, an Air Force private wears a casual ensemble consisting of three jackets and two pairs of pants (all worn at the same time), with a snappy oxygen mask setting off the high-altitude outfit. The fashion-conscious swimmer, right, shows off a svelte, sea-green, one-piece rubber suit representing the style trend for the Navy's underwater demolition teams. Black rubber fins and gloves constitute the accessories, with a transparent face mask adding the final touch.

Easter Sunday guests of Mr. and Mrs. Al Yosten were her parents, Mr. and Mrs. Joe Tischler, and Mr. and Mrs. Justin Jezeck of Celina; Sue Tischler of Dallas; Mr. and Mrs. J. C. Tischler and two sons of Pilot Point.

George Bayer has a new special deluxe 4-dr. Plymouth sedan.

Messrs. and Mmes. Joe Hess and Vincent Felderhoff spent Sunday in Valley View visiting their parents, Mr. and Mrs. Frank Rauschuber.

Mr. and Mrs. John Nehib, their daughter and her husband and two children, all of Fort Worth, spent the weekend here and in Gainesville with relatives.

Mrs. Fred Herr Sr. Honored Sunday on Eightieth Birthday

Surrounded by her children, grandchildren and great-grandchildren, Mrs. Fred Herr Sr. celebrated her 80th birthday Sunday.

The reunion-birthday party was held in the home of her son-in-law and daughter, Mr. and Mrs. Ben Luke from two to seven p.m. At five o'clock a covered dish supper was served.

The table held a large birthday cake decorated with yellow roses and tiny green leaves, flanked by tall yellow candles, each in a low bowl of yellow pansies. The white linen table cloth was centered with a strip of yellow satin ribbon extending the length of the board.

Easter flowers adorned the party rooms and the living room mantel held an arrangement of grass, pastel eggs and flowers arranged on a mirror reflector.

The honoree opened many lovely gifts received from her 9 children, 36 grandchildren and 11 great-grandchildren. All of her children attended the celebration except one son, Emil Herr of Hereford.

Group pictures were made during the afternoon which was spent informally by the adults while the youngsters enjoyed an Easter egg hunt and outdoor games.

Mrs. Herr is one of the early pioneers of this community. She is entering her sixtieth year as a resident of Muenster. A native of Germany, Mrs. Herr, the former Miss Catherine Aeckhoff, was born April 5, 1870. She came to the United States when she was 11 years old. In 1891 she married Fred Herr in Westphalia, Kansas, and they came to Muenster to reside the same year, and farmed north of the city. Mr. Herr died on April 12, 1936. Mrs. Herr now lives in town with her three daughters, Misses Lena, Elizabeth and Katie Herr. She still enjoys good health and is active in her home.

Attending the reunion with their families were Messrs. and Mmes. Ben Luke, R. R. Endres, Frank Herr, John Herr, Ed and Roy Endres Jr.; Mr. and Mrs. Carl Herr of Pilot Point, Hal and Bill Luke of Lubbock, Misses Lena, Elizabeth and Katie Herr, Messrs. and Mmes. Anthony Luke and R. N. Fette, and Leonard Bengfort of Lindsay.

Blessed Events

Mr. and Mrs. Aubrey Jones announce the birth of a seven pound son, Andrew Martin, at the local clinic Friday, April 7. Also welcoming the new boy is his sister, two-year-old Eva.

Mrs. Earl Shepherd and her husband's father, Charles Shepherd, of Dallas drove to this city Saturday for a visit with the former's parents, the John Herrs and family.

BULCHER HD CLUB MEETS WITH MRS. C. V. CRABTREE

Members of the Bulcher Home Demonstration club met Thursday for a regular session with Mrs. C. V. Crabtree as hostess in her home.

Mrs. J. M. Shields, president, conducted the business meeting after which Mrs. Hazel West conducted games to entertain the group. Prizes were won by Mmes. Anna Prather and W. B. Whitt.

The hostess served refreshments to 14 members and one visitor.

Right Idea — But

A man has to have some machinery and equipment to start out on his own, right enough. But there's a right way to get such "capital investment," and a wrong way—as a Philadelphia man found out when the cops collared him for trying to swipe a 20-ton crane truck with a 40-foot boom.

The man said he had been thinking of "going into business for myself."

in Electric COOKING

What a difference an electric range makes! Less work . . . more leisure time . . . new cooking pleasure . . . tasty cookbook results every time!

Cooking electrically is faster, easier! A flip of the switch and high-speed cooling units are instantly ready for use.

Accurate temperature controls maintain uniform heat, so there's less watching and waiting, less guesswork.

It's cleaner, because there's no smoke to blacken pots and pans . . . no soot to settle on curtains, walls and cabinets.

It's cooler, because your electric range is fully insulated. Cooking heat goes directly into the vessel, not up or around the sides.

And economical! Your electric range actually saves you money, for there's less food shrinkage. Dependable electricity costs only one cent per person per average meal.

You bet there's a difference in electric cooking. It's the new, truly modern method of cooking today!

LOCAL NEWS BRIEFS

The Joe Voths have a new grey Dodge sedan since Friday.

Mr. and Mrs. Earl Swingler and daughter of Robstown spent the holiday weekend here with his parents, the Joe Swingers.

Alvin Hartman, Irvin Richard Walterscheid and Dorothy Walterscheid spent Thursday to Monday in Hereford visiting relatives and friends.

Ed Schneider and Virginia Walterscheid drove to Subiaco, Ark., for a weekend visit with Ed's family and other relatives and friends.

Pfc. Buddy Markham and his friend, Pfc. Charles Ferguson, both of Sheppard A.F.B., Wichita Falls, spent Friday through Sunday visiting Buddy's family.

Leroy Schmitz of Austin spent the Easter holidays here with his sister, Mrs. Ray Wilde and family, and also visited relatives in Lindsay.

Hugh Endres and Rupert Hoening of Subiaco Academy spent the Easter holidays with home-folks.

Miss Anna Grace Fette had as her guests for Easter Monday dinner, Misses Joyce Grewing, Lynette Walterscheid and Anna Grace Herr.

S. N. Markham was recently transferred to work in Houston. The family is making plans to join him there to make their home after the close of the current school term.

Clyde Morbitzer of Fort Worth spent Monday here visiting his

uncles and aunts, the J. M. Weinzapfels and Tony Gremmings.

Pfc. Norbert Mages arrived Friday for an Easter leave with his father, Joe Mages and family. He returned to Eglin A.F.B., Florida, in a new Chevrolet tudor he bought here.

Mrs. Elwyn Hope and son, Ronnie, arrived last Thursday to spend through Friday here with her mother, Mrs. Frank Seyler. Mr. Hope arrived Friday night and the family spent the weekend at Saint Jo with the John Mosmans.

Mrs. Frank Seyler had as her guests Friday through Sunday her daughter, Mrs. Terrell Johnson and husband of Dallas. Sunday the Andy Anderson family of Gainesville and the Alex Lutkenhaus family joined the group for a visit.

First Lieut. Jane Hoehn of Camp Hood spent the weekend with her father and her sister, Mrs. Ed Cler and family. She will return to Muenster next week for a two weeks' leave before going to Guam as an army nurse.

Clarence Hellman and other workers of Anderson Drilling Co. who are employed in Holliday were home for visits with their families Saturday night to Tuesday morning. The group includes Herb Cunningham, Jud Boyles, Earl, Quintin and Floyd Lehnertz and John Streng.

Mr. and Mrs. Charlie Morris and his father, Lee Morris, returned last Wednesday from Plainview where they attended funeral services of a relative, Mrs. Bob Daniel. The deceased and her husband lived in Muenster years ago and are remembered by old-timers.

Mr. and Mrs. C. A. Fisher and daughters drove to Wichita Falls Sunday for a visit with her mother, Mrs. Mary Schmitz at Bethania Hospital. Mrs. Schmitz is recovering from a knee infection but will probably be hospitalized for the remainder of this week.

Cpl. and Mrs. C. D. Richards (Rosalee Muller) and son, Aaron, left Thursday for Albuquerque, N.M., where he is stationed at Sandia AFB. Cpl. Richards recently finished a special course in radio in New Jersey and while he was there his wife and baby stayed here with her par-

ents, the Matt Mullers. Mrs. Richards' brother, Arnold Muller, and her aunt, Mrs. Eva Gootlob, took them by car as far as Wichita Falls where they boarded a train for remainder of their trip.

Miss Doris Lee Hellman of Dallas was here from Wednesday to Friday noon to visit her family, the Clarence Hellmans and other relatives.

Mr. and Mrs. Joe Luke and Olivia Stock attended the Gainesville Evening Garden Club's annual spring show Tuesday night. Held in the Community Center Building, the show's theme was "The Enchantment of Spring".

Guests of the J. M. Weinzapfels during the Easter holidays were their children, Joe Weinzapfel of San Antonio who returned to St. John's Seminary Tuesday; Miss Juanita Weinzapfel of Fort Worth who was here Friday through Monday; Mr. and Mrs. Hugh Jackson and children of Fort Worth who spent Saturday night and Sunday here; and Rev. Thomas Weinzapfel of Valley View who joined the family group on Sunday. Additional guests on Saturday and Sunday were two girl friends of Juanita's also of Fort Worth.

Tom Chrisman of Denison was in the city during the week to buy a new tudor Plymouth sedan.

WASHINGTON NEWSLETTER

By ED GOSSETT

WASHINGTON, D. C. Apr. 7. —Our House Committee on Immigration reports out hundreds of private bills each session. These bills are to adjust immigration matters that cannot be adjusted under existing laws. This week, we had a most interesting case; that of Mrs. Ellen Knauff. Mrs. Knauff was born in Germany. In 1934 she married a Czech and moved to Czechoslovakia. In 1936 she divorced the Czech and went to work for a leather goods firm in Czechoslovakia. In 1938, after Hitler's invasion of Czechoslovakia, she escaped to England, along with her employers, with Czechoslovakian passports. Shortly thereafter she worked for the British Red Cross. In 1941 she enlisted in the Royal Air Force as a WAAF. She was carefully screened by the British Intelligence and had the highly important duty of helping to map bomb targets in Germany. All of her people were exterminated by the Nazis. After the war she was given an honorable discharge and was decorated for her service. She then became a civilian employee of the American Army in Germany. Again, she was screened by Army Intelligence and placed in a highly responsible position. About a year ago she married an American soldier who had a good war record. After being screened by Immigration officials she started for America as a war bride with all appropriate documents. She was stopped at Ellis Island. After being questioned by an Immigration Inspector she was told she could not enter the United States.

To date, she has been held for 8 months and has never been told what the charges against her are, or why she cannot enter. The Chairman of our Subcommittee on Immigration, Mr. Francis Walter, of Pennsylvania, introduced a private bill to permit this American war bride to come into this country. Immigration officials and State Department officials refused to tell our Committee why they were going to deport Mrs. Knauff. On Monday we had Mrs. Knauff brought before our Committee. In the presence of the Chief Counsel for the Immigration Service and State Department officials, she made an excellent witness in her own behalf. We asked them to question her and they refused. They again refused to disclose the nature of the charges against her. Our

Committee cannot compel these government officials to testify and we have no way of securing testimony detrimental to Mrs. Knauff. We therefore reported out her bill and expect to pass it through the Congress, unless these officials who claim they know something, will come before our Committee and talk. We have offered to let them testify off the record in Executive Session. This means their testimony would be confidential. Still, they say in effect, "this is none of your business—we will send her back anyway." We feel that even an alien, especially the wife of an American veteran with a good record, has the right to know the nature of the charges against her.

Two cases were argued before the Supreme Court this week which may make history. One was the Henderson case. In this case, a negro has asked the Supreme Court to outlaw the "separate though equal facilities" doctrine. The second is the famous Sweatt case from Texas. This is the case in which a negro seeks to enter the University of Texas law school. The Courtroom was filled with negroes. Able negro lawyers supported by the Department of Justice are asking the Court to hold that "separation is discrimination" and violates the 14th amendment. These negroes contend that if the University of Texas had a negro law school on one side of the street and a white law school on the other side of the street, even though the negro school had better buildings and a better faculty, the mere fact that negroes were excluded from the white law school would be a violation of the law. They are asking the Supreme Court to overrule Texas laws and the decisions of Texas Courts. If the Supreme Court decides these cases in behalf of the negroes, then all segregation of races anywhere in the United States becomes illegal.

These cases grow out of hypocritical politics. They are exceedingly dangerous. Politicians in the government have succeeded in outlawing segregation in the armed forces; they have outlawed segregation in public housing; and the Department of the Interior has just announced that beginning this season all of the swimming pools under their supervision will be operated on a non-segregated basis. This week too, the Armed Services have lifted the quota provisions against negro enlistments. In due time they may mongrelize and destroy the caliber if not the morale of American fighting forces. This is in-

The American Way

The Pennsylvania Rifle

By George Peck

One might assume that if there is one sphere in which invention could best be conducted by Government, it would be in the field of military industries. But actually what has been America's experience in that regard? Broadly, it has been that Government producers of the mechanisms and munitions of war have had to rely mainly on civilian genius and inventiveness.

This was demonstrated early in our history—during the Revolutionary War. No better example of Governmental ineptitude and lack of vision can be cited than the attitude of the Government Bureaucrats of that day toward the Pennsylvania rifle.

The British regulars in the Revolutionary War were armed with the good old Brown Bess musket, a short-barreled, smooth-bore weapon, so rudimentary that in the hands of the best marksman it had a fair chance of hitting something, but probably not the intended target. A wit of that time "wise-cracked" that it was accurate enough to hit a barn, provided it was shot off inside the barn.

On the other hand, an American gunsmith at Lancaster, Pennsylvania, had discovered the trick of rifling a gun barrel—cutting a spiral groove inside the barrel to give the bullet a rotary movement. Lengthening and rifling his gun barrel, he produced a weapon unrivalled in those days for accuracy.

When the Pennsylvania volunteers from the backwoods counties, wearing coon skin caps, buck skin jackets and leather leggings and carrying these ridiculously long squirrel rifles, joined General Washington's forces before Boston, they were greeted with the 18th Century counterpart of the "Bronx Cheer." But the jeers changed to cheers when it was discovered that they could actually hit the things at which they shot and over such long distances that the boys in red uniforms didn't have a chance. At Bunker Hill the Pennsylvania riflemen simply mowed them down.

Washington (the general, that is, not to be confused with our capital city of the same name) with plenty of frontier experience, knew all about the Pennsylvania rifle, and he wanted to equip as many as possible of his troops with them. But Continental Congress was no better equipped with imagination than Governmental agencies invariably have been: Washington got a very limited supply of these rifles.

But here's where the military genius of George Washington

deed a tragedy for all races. These things would not at this time be happening but for the political power of racial minorities in the big States and in the big cities of the big States. The Yankee politicians in both major parties do these things to get the minority votes in New York City, Chicago, and Detroit. This is one of the compelling reasons why I am so anxious to get the Lodge-Gossett amendment submitted and adopted for abolishing the Electoral College system of electing Presidents. If and when we can effect this reform it will take away the tremendous political advantage these minorities have and will remove most of the drive behind dangerous movements to mongrelize the American people.

was brought into play. Having seen how the deadly marksmanship of the Pennsylvanians had terrorized the British and Hessian troops, he uniformed other companies of his troops in the coon skin and leather regalia of the Pennsylvanians, and the very sight of them started a panic in the enemy's ranks. There are many military experts who believe that the Pennsylvania rifle, plus this uniforming ruse, was the determining factor in winning the Revolutionary War. But the Government at Philadelphia never did find out what the Pennsylvania rifle was doing for it.

Thus, even prior to the birth of what was to become the world's greatest nation, it was proven definitely that Government in itself cannot be expected to function for the welfare of its citizens, without the help of individual genius, inventiveness and enterprise.

That truism should be pasted in the hat of each of our 435 Congressmen and written on the shirtcuffs of our 96 United States Senators.

Perhaps it would even be well to paint it in bold letters of gold across the threshold of Blair House.

THE LOW-DOWN FROM HICKORY GROVE

Congressmen and fellow citizens, hear ye! This seminar is to be devoted to the selfish interests and desires of the average congressman — but it will be okay for a voter to listen-in too, if he chooses.

I have researched deep and I have the answer on "how to get elected or reelected — sure fire". So listen — you jittery ones who are voting "yes" on every hand-out bill introduced —you scaredy persons who shiver when you hear a noise in the weeds, fearful it is a vote getting away from you.

Boys, here is how it is—and keep in mind I am not mad at any of you, I just sometime feel sorry—some of you have a little to learn yet, but your heart is in the right place. When you sit down at home with the

sweet little woman and dope out how you are to manage your private exchequer in the coming year—how you will trim expenses if you are ever to get the interest payments reduced on the mortgage, you use gumption. You and the little woman decide you will pull in the belt.

So boys, just be yourselves there away from home — use home economics on Govt. affairs. And if it looks like Sambo can't make both ends meet on his colossal 42 billion budget, it is up to you to lower the boom. If you do so, all the king's horses and all the king's men cannot prevent you finishing as top men, as the frost settles on the pumpkin — come autumn.

Yours with the low down,
JO SERRA

AFRAID OF LIFE

"Too many people are thinking of security instead of opportunity. They seem to be more afraid of life than death."

James F. Byrnes

One invention Russia hasn't claimed is the lie detector.
—The Wall Street Journal

LIKE FINDING \$100

When Publisher Fred McNaughton, Pekin Ill., Times, began a campaign for Federal economy, he sent up a plane to dump 6,666 orange paper slips the size of \$100 bills over the city. On each slip was printed:

"If the Hoover Commission's recommendations to stop waste were in effect, this would mean \$100 for every family every year."

Among the slips was a \$100 bill. It was picked up by a woman whose husband had been ill for months.

"The need for economy in government would require guards against excess of bureaus at the seat of government. Their conclusions would certainly emphasize the truth that 'More and more bureaus, more and more taxes, fewer and fewer producers; the final result is financial collapse and the end of freedom'."

—Gen. Dwight D. (Ike) Eisenhower.

From where I sit... by Joe Marsh

Gabby Enjoys Going to The Dentist

One of my molars was giving me a bad time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby — doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines... they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way?

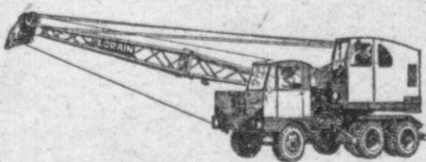

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Joe Marsh

Local NEWS Briefs

Miss Emily Fette of Dallas was here for a weekend visit with her parents, the Joe Fettes.

Paul Luke of Denison came in Tuesday to visit his parents, the Henry Lukes and family.

Mr. and Mrs. Curtis Holland of Fort Worth spent the weekend with her mother, Mrs. Bob Yosten.

Mr. and Mrs. Jud Boyles and family spent Easter in Denton with Jud's mother, Mrs. J. W. Boyles and other relatives.

Bunny Lehnertz of Shreveport, La., was here Monday and Tuesday to visit his parents and family.

Lynton Mitchell and Messrs. and Mmes. Ervin Hamric and Ray Evans attended the Easter Pageant at Lawton, Okla.

Miss Joan Roberg of Fort Worth spent Friday night through Sunday here with members of her family.

Mr. and Mrs. Doyle Hood and daughter spent the Easter holidays in Leonard with her parents and other relatives.

Damien Hellman spent his school holidays during the Easter season by going to Milwaukee, Wis., to visit his brother, Monte, at Marquette University.

Mr. and Mrs. L. H. Baumhardt and children have moved to Wichita Falls to make their home and are residing at 1639 Southern in that city.

The parish lunch room is being favored with new paint. The ceiling is a light green and the sides and trimmings are in white.

Walter Haverkamp and Alois Sicking, who are employed in Duncan, Okla., visited here Monday with their parents, the Al Haverkamps and the Ben Sicking.

The J.J. Haverkamp home was the scene of a family reunion dinner at noon on Easter Sunday. Out of town guests included Mr. and Mrs. Ray Kupper of Lindsay.

John Eberhart and Mr. and Mrs. Dwight Eberhart and daughter, all of Olney, Ill., visited here last week with the former's parents, Mr. and Mrs. John Eberhart and other relatives.

Miss Dolly Lehnertz, a nurse at Veterans Hospital in Mc-

Kinney, was here Saturday through Tuesday to visit her parents.

Messrs. and Mmes. Paul Yosten and daughter and Stan Yosten, all of Fort Worth, were Easter guests of their parents, the T. Millers and Mrs. Bob Yosten.

Mr. and Mrs. Charles Stelzer of Fort Worth and Messrs. and Mmes. A. H. Rebentisch and C.T. Hamner of Dallas spent Sunday here with relatives. They were Easter dinner guests of Mr. and Mrs. L. A. Bernauer.

Miss Ernie Zipper of Dallas spent the holiday weekend with her parents, the R. M. Zippers.

Miss Juanita Zipper of Dallas was here to spend the holiday weekend with the Clarence Wilsons.

Mrs. Ben Hellman spent Easter Sunday in Gainesville as the guest of her daughter, Mrs. T. P. Frost and husband. Mrs. Frost left Tuesday for Corpus Christi to attend a special class for health nurses. While in Corpus she will visit her brothers, Joe and Gus Hellman and their families.

Miss Anna Grace Herr entertained with a dinner on Easter Sunday, preparing the meal and serving it to Messrs. and Mmes. Clarence Albers and Eddie Jakubec and their families of Dallas, Mr. and Mrs. Buster Herr, Fred Herr and Herbie Herr. The Dallas relatives spent the weekend here.

Miss Marilyn Gremminger of Wichita Falls accompanied her uncle and aunt, Mr. and Mrs. Guy Short of that city, to Muenster Sunday to visit her parents, the Ted Gremmingers until Tuesday morning. The Shorts went on to Gainesville to visit his grandmother on Easter and stopped by here in the evening for a short visit enroute home.

Holiday guests in the J. W. Fletcher home were Mr. and Mrs. Wm. Terrell and daughter, Toni, of Roswell, N. M., Sgt. and Mrs. Darrell Trotter and daughter, Jan, of Fort Worth, and Jack Fletcher of Wichita Falls. The Terrells arrived Thursday and spent the weekend here then went to Quinlan, Texas, to visit his relatives. They returned Wednesday for a few days' visit before starting back to Roswell.

It Happened 10 Years Ago

April 12, 1940

Highway accident early Sunday takes life of T. C. Wages, William Harmon and Georgia Ray Blakey; Mrs. Wages escapes serious injury. New church fund drive will start soon; parish votes this week on finance committee. Finest rain in two years falls here Saturday. Mr. and Mrs. Joe Parker announce the birth of Dennis Lee. School trustees elected without opposition are as follows: Albert Henschel, Frank Yosten, I. A. Schoech, Wm. Becker, Matt Muller, Henry Wiesman and J. B. Klement. Scholastic census shows 341 children. Milk production begins climb for annual spring peak. Work is going forward on a new home for the E.P. Buckley's. Mrs. Al Yosten is recovering from an appendicitis operation.

5 YEARS AGO

April 13, 1945

T-5 Michael Kupper of Lindsay is war casualty in Germany on Feb. 14 Memorial services are held Friday. City goes dry as water system fails Sunday but city pump repairs get supply back to normal by Wednesday. Pfc. Ted Voth is back at home after three years of army service in S.W. Pacific. Grain crops suffer from rain but milk receipts rise. The Gerald Stelzers announce arrival of Geraldine. Mr. and Mrs. Julius Hermes of Lindsay announce the arrival of twins, Patrick and Patricia. Sgt. and Mrs. Paul Fetsch and baby of Hampton, Va., are visiting relatives here. Mrs. Tillie Barrier arrives from Des Moines, Iowa, to stay with her father, A. C. Stelzer.

J. B. Wilde, James Bezner and F. T. Bolen spent last Thursday in Mineral Wells attending a Chevrolet meeting.

Miss Loretta Hartman of Dallas was here for an Easter visit with her parents, the John Hartmans. Her sister, Dorothy, and cousins, Kathryn Hartman and Edna Gremminger, drove to Dallas for her Saturday night.

Mr. and Mrs. H. J. Lutkenhaus, their son, Harold, and their daughter, Mrs. Richard Wilde and sons were in Amarillo this week to attend the wedding of their granddaughter and niece, Virginia Detten to Fred Dillard on Tuesday. The Muensterites were guests of Virginia's parents, the Oscar Dettens.

Mr. and Mrs. Ray Hess were Easter guests of her parents, the H. S. Fuhrmanns, in Lindsay.

VOL. I NUMBER 28 Edited by Wilfred Klement and Mildred Hall

The Juniors are very busy planning the Junior Senior Banquet which will take place on May 17. It will be in the new building and the Junior Mothers will prepare the food. Sophomore boys and girls will serve. An interesting theme is being carried out in the decorations and the program.

On Wednesday, April 19, the Seniors will visit Midwestern University at Wichita Falls. This invitation was extended to the seniors several weeks ago. The boys will be guests of the University for lunch, for a musical show Wednesday afternoon, and for tours of the city.

Ronnie Cannon returned to classes Tuesday after having had the mumps.

Carolyn Cain visited her grandmother in Lubbock Sunday.

Ronnie Dickerson has the mumps.

Edwina Gallaher is absent from classes this week because of an infected tooth.

Mrs. Gladys Bezner who teaches the fifth and sixth grades was absent from school on Wednesday because of illness.

Most of the students who have been out of school in the first and second grades because of mumps and other illnesses are back in classes.

Judy Burris enrolled in the second grade Tuesday. She last attended school in Snyder.

Thursday, April 6, the Future Homemakers of America made a field trip to Gainesville. They toured the Frozen Foods Locker, the Crystal Creamery, and the Linda Jo Shoe Factory. All the girls enjoyed the trip.

There is some uncertainty about the Log Cabin. The land on which the cabin is built has been

purchased by a man from Dallas. It is feared that the new owner will not be as understanding as the former owner was and the boys may have to select a new site for the cabin. There is the possibility of selling the building but the sentimental value of the project raises the value beyond reason.

The FFA and FHA square dance will be held Friday night in the K of C Hall. Al Moody will be the caller.

Wilfred Klement and Billy Ray Bezner attended the district FFA meeting at Gainesville Tuesday, April 11. It was decided that the local chapter will attend the district FFA camp on Lake Texoma on May 12, 13, 14. Time will be spent fishing, swimming, and participating in other sports.

Billy Bezner and Maxie Swirczynski were interviewed over Station KGAF Wednesday, April 12 at 12:45. The boys discussed the importance of pastures to farmers and ranchers.

The vocational agriculture classes are now studying terracing. The boys are learning how to run terraces and the importance of soil conservation.

BILL HOEHN TO MARRY AMARILLO GIRL JUNE 12

Mr. and Mrs. W. H. King of Amarillo have announced the engagement and approaching marriage of their daughter, Rita Marie, to Bill Hoehn of Dumus, son of A. T. Hoehn of this city. The couple has set June 12 for the wedding which will be solemnized in Amarillo.

Bill brought his fiancée to Muenster to meet his family during the weekend and his sister, Mrs. Ed Cler, entertained with a dinner party on Sunday to honor the young engaged couple.

All members of the Hoehn family were present for the occasion including First Lieut. Jane Hoehn of Camp Hood, Mr. and Mrs. Albert Hoehn of Dallas, Mr. and Mrs. Jack Hoehn and two daughters of Nocona, A. T. Hoehn and the Ed Cler and their family.

S. H. JUNIOR 4-H CLUB HAS INTERESTING MEETING

Members of the Sacred Heart Junior 4-H Club enjoyed an interesting and instructive meeting on Wednesday afternoon, April 5, when Mrs. Fern Bruce, home demonstration agent, met with the group.

Girls received score cards for the 4-H dress review to be held in May. Dresses must be completed by May 3, it was disclosed.

Carol Ann Voth gave a report on how to make an apron and Bernice Walterscheid, as cereal demonstrator, gave a report on bread.

Mrs. Bruce then demonstrated making doughnut muffins, using a master mix.

The meeting opened with a sing-song, following the club motto, pledge and prayer, and closed with a brief recreational period during which a game "This Is My Nose" was played.

The next meeting will be held on April 19.

GOOD SKATE — A pair of roller skates isn't usually considered a practical gift for a tot 14 months, but when little Gerald Reising of Valley Stream, N. Y., was given his, he put them to use right away. Now, with an occasional flop, he manages to stay on the skates and keep his older brother and sister company.

Safety Experts Tell How To Save Lives In Auto Accidents

The skillful motorist doesn't trust only to luck. He stays out of hazardous situations and knows what to do in an emergency, according to Donald E. Keyhoe. Writing in Redbook Magazine for April, he gives you the advice of auto safety experts on skidding, blow-outs and danger zones.

"Do you know what action to take in an emergency? Here are things you must be ready for.

"If you have a blow-out, grip the steering wheel hard. Keep the car moving in a straight line. Do not apply brake until you have complete steering control.

"If your right wheels go off the pavement, slow down. Brake your car gently. Then, when you have complete control and the road behind you is clear, sharply cut back onto the pavement. Never try to return to the pavement while traveling at high speed.

"If your car skids, steer in the direction the rear end is skidding. Don't over-steer. Don't suddenly lift your foot from the accelerator. If you brake, then snub, which means gently put-

ting the brakes on and off in quick succession.

"Watch the signs. Good drivers take no chances when they see a sign announcing Curve or Steep Hill or other hazards.

"Young children should ride in the rear seat. They should be taught to duck behind the front

seat when there is danger.

"And remember these 3 points:

1. Open roads are danger zones. The worst accidents happen there.
2. Sundown is the danger time. Most bad accidents happen then.
3. Drowsiness is a danger sign. If you feel sleepy, stop and rest."

Upper Elm-Red Soil Conservation District News

DISTRICT SUPERVISORS

J. W. Hess, Muenster V. W. Redman, Saint Jo
John Rice, Collinsville Ed Blackmon, Bowie
Willard Kemplin, Valley View

Frank Bayer has taken advantage of the unusually dry spring weather to get five acres of his farm sodded to Bermuda grass. This portion of his field is usually too wet to work during the spring months and will be added to his pasture. Al Walter also sodded some seepy spots in his field that will be turned to pasture. Andy Fleitman of the Linn School Conservation Group has completed the sodding of Bermuda on land that will serve as a waterway and additional pasturage.

In spite of the continued drought some of the Bermuda roots which were put in this spring are living and putting out spr-

outs. In cases where the sprigs were planted in well prepared seedbeds, where they could be covered with pulverized soil, they are doing remarkably well considering the dry weather, while some that were planted without previous land preparation are already lost. This points up the fact that good seedbed preparation goes a long way toward insuring a good stand of grass from planted roots.

In Clear Creek group Jake Siebold is building a diversion terrace to keep hill water off his cultivated fields. The Harvill Brothers of Saint Jo have built a series of spreader dams to stop erosion on an old gully and provide a crossing for equipment. The dams will hold the soil and enable grasses to stabilize the banks of the gullies. The Harvill boys are improving the grass coverage on their land by deferring from June until frost to allow extra growth and reseeding.

S. C. Roach of Saint Jo used the Upper Elm-Red Soil Conservation District's grass seed drill to plant three acres to King Ranch Bluestem. The grass is to be used for seed production and will be pastured when the seed demand is satisfied.

Adolph Fuhrman in the North Lindsay Conservation Group now has a stand of Bermuda on two waterways that were prepared for corn.

pasture produced 41 pounds of beef per acre on an annual basis and did it in just six months of grazing and Walker adds the grass is nearly waist high.

Walker suggests that you make plans to defer at least one pasture on the ranch this year. He says demonstrators have proved that deferred grazing is also a very effective aid in any range recovery program and with favorable weather deferred pastures have shown remarkable recovery.

Some Facts About Auto Excise Taxes

Federal automotive excises are special taxes on cars, trucks, repair parts, tires, tubes, accessories, gasoline and lubricants.

They're in addition to general federal, state and local taxes.

Federal excises apply to no other kinds of vehicles. Most excises are on "luxury" items—alcoholic beverages, tobacco, jewelry, furs, amusement tickets, and so on.

Automotive excises were put in force in World War I, and repealed afterward.

In 1932, they were imposed again for emergency revenues, with Congress promising to repeal them quickly. Instead they're still in force. The rates were doubled in 1941, for war revenue and to discourage wartime motoring.

They add about \$100 to the price of the average car, and \$76 to average truck prices.

"A farm is a hunk of land on which, if you get up early enough mornings and work late enough nights, you'll make a fortune—if you strike oil!"
—Fibber McGee

Range Deferment Gives Needed Rest To Pasture Plants

Pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. Now is the time to make plans for carrying out deferred grazing practices for this year, says A. H. Walker, extension range specialist of Texas A&M College.

The length of deferment may vary from two to six months or longer depending on the rainfall, condition of the range and the kinds of grasses in the pasture. In areas of high rainfall where grasses get coarse and lose their nutrients upon maturity, a spring rest for vigor and a fall rest for seed production is best, says Walker. In north and west Texas where grasses cure well, a six months rest from May to November may be advisable.

He points out that many ranchers were surprised at the amount of grass that came back on their deferred pastures. Excellent moisture and good growing condition last year were contributing factors and many ranchmen found tall growing grasses in their deferred pastures that they had never seen before. The explanation, says Walker, the grasses never had a chance to grow up before heavy grazing got them.

More operators, he adds, are finding that there is a dollars and cents angle tied in with the deferred grazing practice and cites as an example the case of Mason county ranchman Elwood Kothmann. Kothmann, he says, has rested one pasture for three years during the growing season from May to November and has grazed it during the winter months. Last year this

A company is a lot like the human body. The head may give the signal to go—but it's the feet that get you there! . . . Either a wrong decision by the head, or a wrong step, by the feet, may lead to trouble. It is when both the head and the feet work in harmony that the whole body is healthy and we go places.

Citation by Publication
To: THE STATE OF TEXAS
To: John R. Bailey Defendant,
Greeting:
You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of May

A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 10th day of March A. D. 1950, in this cause, numbered 15652 on the docket of said court and styled Margaret Bailey Plaintiff, vs. John R. Bailey Defendant.
A brief statement of the nature of this suit is as follows, to wit:
Being a suit for divorce from the bonds of matrimony, for the reason of excess and cruel treatment on the part of defendant toward plaintiff, and for such other relief to which she may be entitled, as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this 22nd day of March A. D. 1950.
Attest:
Woodrow U. Clegg Clerk,
District Court, Cooke County, Texas
By Ruth Wilson Deputy.

ANDY ARENDT JR. HAS PARTY TO OBSERVE 2nd BIRTHDAY

Mrs. Andy Arendt entertained with a birthday party Monday afternoon at her home for her son, Andy Junior, in observance of his second birthday.

Seventeen little cousins were guests. They presented the honoree with gifts, enjoyed an Easter egg hunt, received favors and played games.

Mrs. Arendt served refreshments of ice cream and cake to the children, their mothers, and the honor guest's grandmothers, Mmes. Paul Arendt of Lindsay and Clem Reiter of Muenster.

Miss Betty Lou Bezner, a student of O.L.L. College in San Antonio spent the Easter holidays with her parents, the Jake Bezners, at Lindsay.

Star Spangled White Tractor Demonstrates For Schad and Pulte

A Farmall tractor, painted white with red wheels and decorated with gold stars, is attracting attention as it travels up and down the roads of Cooke County.

This tractor, with a colorful "teardrop" sign above the hood, is one which Schad and Pulte, Local International Harvester dealer, is using to demonstrate the many features and all-around performance of the model "C" Farmall on nearby farms.

It has created considerable attention because all other standard production line Farmall tractors are painted red.

The gold stars on the Farmall "C" indicate sales features: fingertip Farmall Touch-Control for lifting, lowering and adjusting mounted McCormick implements; the universal quick-change implement mounting frame, and quick-attachable drawbar.

Schad and Pulte has announced that the Farmall "C", painted white, will be available at any time for those who wish to see it operate on their own farms. They invite those interested to call for an on-the-farm demonstration date.

Trachta Drug Store Moving This Week Into New Location

This week end the Trachta Drug Store will be operating in its new location beside the Relax Theatre.

Since Tuesday the move from the old building has been in progress while the last of remodeling work was still under way. Trachta expects to finish moving before Sunday but is not certain that all new equipment will arrive in time. If it doesn't he will start operating with what he has.

New linoleum being put down Wednesday is the last item in a renovating job that has been under way for about a month. Other outstanding improvements consist of white stucco over the old wood front, plate glass front windows, a new front door, white paint for all the interior and an 8 foot extension at the rear for storage space. Extension walls are of red tile and the old side walls were covered with brick face asphalt siding. Fixtures formerly in varnish finish have been enameled in white.

The building, recently occupied by Frank's Recreation Hall, dates back to the early days of the community.

Don't let your desire to acquire outdo your desire to enjoy.

A pound of popcorn will weigh slightly less after it is popped, due to moisture—that is lost, and a certain amount of volatile oil that is given off. However, the difference is not enough to detect on an ordinary pound scale.

Pay as You Drive

Coin meters now are going on instrument panels of used cars in some cities, reports a national magazine.

After making your down payment, you must put a quarter in the slot before the ignition can be turned on. A warning buzzer sounds when another quarter is due. You have five miles in which to insert another coin before the ignition switches off.

Six quarters a day for two years will pay off a \$100 balance on the car.

Confetti ---

itics above national welfare. Minority groups of radicals dominated by communists were willing and eager to make a deal. Reds demonstrated their ability to deliver deciding votes and they got the kind of legislation and influence they wanted. And what did they want? Radical legislation that violated sound standards of economy. Key positions which enabled them to spy for Stalin and even manipulate national and international proceedings in his favor. And now that the base objectives of the communists are known we have the pitiful predicament of high public officials trying to prevent exposure of red enemies for personal political reasons. Regardless of all the double talk and confusion and obstinacy in Washington, the reasonable and loyal citizen will always wonder what valid reason can be advanced for objecting to the investigation of a suspected enemy. There may be valid objection to certain procedures of investigation, but in that case the objector should hasten to suggest a more proper but no less thorough method. To get the facts is the important thing, and few of us will ever understand how either justice or patriotism can be served by suppressing the facts.

Race problems also figure in the communist mess. We of the white race have to admit that we haven't given Negroes a fair break. Decent reformers have been working on that problem and again the commies stuck in their meddling noses. They got support, of course, because they were on the side of justice. But again they were using the cloak of justice to hide their real motives. Reds are not interested in Negroes. They are interested in Stalin's program of causing all possible strife. The success of their plan is evident in numerous riots, widespread ill feeling and such attempted legislative monstrosities as the civil rights program which seek to correct small faults by creating other but greater ones.

Education too bears the scars of the communist plague, and again because we Americans in our utter folly have provided the means for Communists to crawl in. We go to ridiculous extremes in our notions of freedom. Academic freedom, freedom of speech, freedom of press. We failed to abide by the old common sense precept that only

the truth is entitled to freedom. Next we granted license to any wild theory or vicious teaching even to immature minds which did not have the foundation of basic truth to cope with false teaching. The condition was, and still is, a set-up for communists to plant their poison in receptive young minds. America has naively delivered its children to the influence of quacks and scoundrels. Is there any wonder that so many of them enter adult citizenship with warped and foggy minds?

Paradoxical as it seems, even organized religion shows the

ugly influence of communism. Christians swallow the trumped up lies of reds and pour out their spite on other Christians. They fight each other instead of their common enemy. What absurdity!

The more we think of it the more we are convinced that America's first job of getting rid of communists is only a small beginning of restoring the old American and Christian spirit. We have a tremendous job in correcting the many corrupt, unjust and silly notions which are principally responsible for many shabby conditions.
