VOLUME XIV

MUENSTER, COOKE COUNTY, TEXAS, NOVEMBER 17, 1950

NUMBER 52

Turkey Day Party To Be Benefit for Parochial School

On the Muenster High bulletin board is a prized exhibit which has just come to the attention of your truly. It is a letter signed by the superintendent, the coach and the football players of Alvord High expressing appreciation for the fine sportsmanship and courtesy of the Hornets in their game with the Bulldogs.

The letter states "We feel that the Muenster team is the cleanest and yet the fightingest team we have played. Win or lose, it is always a pleasure to have you in Alvord."

Naturally the boys and the coach are proud of that letter, and Hornet boosters are more proud than ever of their team. It is a tribute that means far more than all their victories of the season. As the old saying has it, winning or losing is less important than how they play the game.

Unfortunately, coaches and players and fans do not always feel that way about it. Too often the only purpose is to win regardless of how, and the game degrades into a gladiatorial combat in which players deliberately try to inflict injury.

Football was not intended to be like that. It is a clean but rugged sport calling for skill, teamwork, coordination, endurance and maximum physical effort. It prescribes specific rules by which one team advances the ball and the other team prevents its advance. Physical contact of the players is involved and sometimes the clash of persons results in injury. From such clashes we determine whether a player is "clean" or "dirty." The clean player directs his effort to his real job of advancing or stopping the ball and does not violate the rules. The dirty player directs his effort to inflicting injury on an opponent.

The tribute from Alvord is the finest compliment the boys could have received. To our way of thinking the title of "cleanest and fightingest" is ever so much better than "the best."

It's amusing how some of the die-hards of last week's election keep harping on the results. A few of the labor leaders, for instance, have been yapping that the working man will still have 38 friends in the Senate, implying of course that only the critics of the Taft-Hartley law are Labor's friends and supporters of the law are enemies seeking to place them in economic bondage.

The amazing angle of it is that such tripe continues after voters indicated by their ballots last week that they do not agree. A perfect example is the result in Ohio where Senator Taft, long condemned as labor's worst enemy, obviously received the support of many working men. He could not have accumulated his top heavy majority any other way. If union bosses were wise they could figure out from that development that quite a few of the independent thinkers in labor's ranks have their own ideas on who is really trying to help the working man.

The whole controversy on the Taft Hartley law centers on the assumption of some union leaders that they are entitled to complete control over individual workers. They seem to take it for granted that they can do no wrong, hence that power in their hands will always be a guarantee of labor's rights.

Well, experience has already shown that things do not work out that way. A benevolent dictator is an extreme rarity... and labor dictators are not exceptions. So the working man has learned that being pushed around by a union boss is no more satisfying than being pushed around by an industrial boss.

Perhaps it isn't too much to hope that the election tally actually indicates a healthy trend in labor relations. So far we have had tastes of two extremes. Industry and labor unions have both had the big stick. Industry's stick has been whittled down. The labor czar's stick seems to be in the process of whittling. When we finally strike a happy medium the big

(Continued on Page 10)

Muenster will observe Thanksgiving this year on November 23 with the traditional community picnic and dance, minus the traditional dinner.

The observance is being sponsored by the Sacred Heart Alumni association as a benefit for a remodeling program at the grade school, and is termed the silver jubilee celebration commemorating the erection of the building which was completed in 1925.

The party will begin at one o'clock in the K of C hall and continue through the evening, supplemented at night by a dance. Immediately preceding the dance a jubilee queen will be crowned in ceremonies on the main floor.

Games, entertainment and concessions to interest young and old are on the program. There will be plenty of food, iced drinks and hot coffee.

Classes at both local schools will dismiss Wednesday afternoon for the Thanksgiving holidays and resume on Monday.

Muenster is Host For NCCW Meeting

The Muenster unit of the National Council of Catholic Women of the Sherman deanery will be host next Tuesday, Nov. 21, for the regular quarterly meeting of the organization. The meeting will begin at 2 p.m. in the public school auditorium.

The program for the afternoon is as follows:

Opening prayer by Rev. Joseph P. Erbrick, deanery moderator; Minutes of deanery meeting held in Lindsay; roll call and report of parish councils; Welcome by Mrs. A. F. Greminger, president of Sacred Heart parish council; Introduction of visiting clergy by Rev. Anthony Schroeder; Address, "Moral Influence of Parents Over Children's Character", by Very Rev. Dean Anthony Daly of Wichita Falls; Installation of deanery officers, Rev. Erbrick presiding; Vocal selection by Miss Juanita Weinzapfel; Deanery president's message by Mrs. J. M. Weinzapfel; Remarks and closing prayer by Rev. Erbrick; Sacramental Benediction in Sacred Heart church; Refreshments in the parish lunch room.

Officers of the local council this week extended a general invitation to all women of the community to attend.

Hobo Day Jobs Net \$65 for FHA Fund

Results of their "Hobo Day" activities last Monday netted the local chapter of the Future Homemakers of America \$65.

The girls earned the money by doing odd jobs including dish washing, window washing, mopping and waxing floors and cleaning garages.

The money went into the chapter fund, and helped purchase a chair and couch to furnish the teachers' lounge at school. "Hobo Day" was one of the girls' projects to observe FHA Week.

Activity of the chapter this week included the purchase of several red rose bushes to be planted outside the terrace wall of the homemaking department. The red rose is the FHA flower, a symbol of courage for a better tomorrow.

The chapter's radio program this Thursday consisted of a short skit entitled "Sally To The Rescue". Members of the cast were Margie Baumhardt, Florence Henscheid, Janie Hellman and Norma Vogel.

Mrs. M. J. Endres has gone to Dallas to spend a few weeks with her daughters, Sisters Agnes and Irma, and to take medical treatment.

Mrs. Ben Seyler and her parents, the John Fettes, visited in Lubbock last week with the C. W. Ratliff and were joined by Mrs. Ratliff on a trip to Lovington, N. M., where they visited Mr. and Mrs. Darrell Adams and children.

Memorial Service By VFW Auxiliary Honors War Dead

Members of the local VFW Auxiliary participated in a short solemn memorial service on Armistice Day at the graves of war victims in the parish cemetery.

Mrs. John Huchton, junior vice president, presided in the absence of President Mrs. Francis Wiese, and led the opening prayer. Mrs. Ray Wilde, Auxiliary conductress, gave a brief address and the closing prayer, and Mrs. Lawrence Roberg placed a large wreath of evergreens and yellow and orchid mums at the foot of the soldiers' monument.

LaQueta Reigns at Cold But Crowded Homecoming Event

Bitter sub-freezing weather last Friday night altered homecoming celebration plans somewhat but failed to detract from the occasion's pomp and splendor. The coronation of Queen LaQueta Cain was held in the school auditorium instead of the football field, to the satisfaction and comfort of both spectators and participants.

In the comfort of a heated room participating girls had the pleasure of appearing without shivering or covering their finery with heavy coats.

The ceremony, held before the homecoming game with the Anna High Coyotes, was featured by the crowning of Queen LaQueta by Co-captain Gilbert Yosten and presentation of the Homecoming football to Co-captain Emmet Walterscheid by LaQueta.

It opened with a procession of pep squad girls from the back of the auditorium to the front seats followed by a procession of duchesses each being met by her escort at the front of the aisle and accompanied to the stage. Duchesses and their escorts were Eva Muller and John Fisher, Jeanette Fisher and Roger Wolf, Pauline Myrick and Glenn Hellman, Bernice Henscheid and Damian Hellman, Judy Lindsay and Choice Luster. Miss Henscheid represented Sacred Heart High, and Miss Lindsay and her escort represented Anna High.

Following the duchesses were the queen, her train bearers and bearers of the crown and football, each representing one of the eight elementary grades. They were Cecilia Ice, Linda Dickerson, Connie Long, Carolyn Cain, Margaret Milner, Patsy Cain, Wanda Ritchie and Margaret Myrick. A recessional after the coronation reversed the order of the professional.

Announcements over the microphone were made by Mrs. Jess Mitchell.

After leaving the auditorium, and before putting on their wraps the queen and five duchesses circled the football field in convertible coupes.

A homecoming dance after the game ended the evening's ceremony.

News of Sick And Injured

Mrs. Henry Sicking underwent major surgery at M&S hospital in Gainesville Tuesday.

Bill Fuhrman had the cast removed from his broken right arm Sunday but is still not able to resume his regular duties with the Telephone company.

Jerry Fuhrman, who was a medical patient at Gainesville Sanitarium for a week, returned home Friday. His hip is still causing pain and he is confined to bed most of the time.

Billy Dean Owen who sustained a compound fracture of his right arm on Oct. 20 was at Gainesville sanitarium during the weekend to have one of the bones reset after it failed to knit. He is the six year old son of the Clarence Owens.

Mrs. Steve Fette was a patient at Gainesville sanitarium during the weekend for medical treatment.

Mr. and Mrs. Steve Moster spent Armistice Day visiting in Fort Worth.

HISTORIC OCCASION—Pope Pius XII bestowed his blessings upon an estimated 700,000 people as his gestatorial chair was carried through the streets of the Vatican City to St. Peter's Basilica. From a special throne in front of the Basilica, the Pope proclaimed the dogma of the Virgin Mary's assumption to Heaven to the greatest assemblage of Roman Catholic prelates in the 2000-year history of the Church.

Hornet - Panther Meeting Will Be Hot and Colorful

Colorful ceremonies and lots of football are on the program Friday night when the Hornets go to Saint Jo for their final game of the 1950 season.

The outstanding feature of the formalities is the presentation of a roving trophy which in the future will be inscribed each year with the score of that year's football contest between the two schools and will remain in the winning school's trophy case until the next game.

Given by Muenster High, the trophy will figure in ceremonies either before the game or at half time, and at the end of the game it will be presented to the captain of the winning team by the captain of the losing team.

Royal pomp will precede the game as homecoming queens and duchesses, who reigned at homecoming games of their respective schools, will come on the field in their convertible chariots, each circling the field once before taking honor positions on the grandstands at either side of the field. Her Royal Highness LaQueta Cain, attended by Duchesses Eva Muller, Jeanette Fisher and Pauline Myrick, will represent Muenster High. Her Royal Highness Jimmie Ruth Busby, attended by Duchesses Shirley Lusk, Lois Jeter and Earlene Hutson will represent Saint Jo High.

According to pre-game information the football contest has every chance of developing

(Continued on Page 10)

WITH THE MEN IN SERVICE

Recruit Clifford Otto is receiving his basic army training at Fort Benning, Ga., where he is with an infantry regiment. He is the son of the W. W. Ottos and his complete address is: R.C.T. Eugene C. Otto, US 54020477, Hq. Co. 8th Inf. Reg., 4th Div., 3rd Platoon, Fort Benning, Ga.

Ollie Sicking and Leonard Walterscheid who are stationed at Fort Sill, Okla., spent the weekend with homefolks, members of the Ben Sicking and August Walterscheid families.

Pfc. and Mrs. Leonard Hartman of Fort Hood were here for a weekend visit with their parents, the John Hartmans and Joe Fettes.

Tony Hess, son of Mr. and Mrs. J. W. Hess, and Wilfred Luttmers, son of the Herman Luttmers, are due to leave this Friday for induction in the army.

Harry L. Scoggins, who left Muenster Friday, Nov. 10, for army training, has been assigned to the 5th Armored "Victory" Division at Camp Chaffee, Ark., for basic training. He is receiving specialized training in ground warfare. He is the son of Mr. and Mrs. W. L. Scoggins.

Relax to Present Story of the Pope

"The Story of the Pope", a full length motion picture showing intimate glimpses into the daily life of Pope Pius XII, brought to the screen as a special Holy Year production, will be shown next week Tuesday and Wednesday at the Relax Theatre.

Learning of the film's release the theatre management applied this week and discovered that the picture had open dates in its booking for next week.

As a special accommodation to pupils and teachers of the parochial school the picture will be shown at matinees of both days in addition to the regular night showing.

Hornets Run Over Anna Coyotes for 3 Touchdown Win

In their best performance of the season to date, in spite of a bitter sub-freezing winter chill, the alert and scrapping Hornets humbled the larger and more powerful Anna Coyotes 18 to 0 before last Friday night's meagre homecoming crowd.

It was one of those exceptional games in which the Hornets not only took advantage of numerous breaks offered by the erring Coyotes but gave their opponents few chances to retaliate. The result was that Anna ended with the short end of the score though leading in total yardage.

Nevertheless it was a thrilling game featured by the outstanding playing of the Coyotes 200 pound Lair and the Hornets 165 pound Yosten. Each of them accounted for more than half of his team's gains, either by totting the ball or figuring in the pass plays. As a rule it took 2 or 3 Hornets to stop Lair's bruising charges, and it took as many of the Coyotes to head off the fleet-footed Yosten... and to stop him once they made contact.

Less conspicuous but scapping valiantly, the other 19 men on each team contributed toward a fine contest which unfortunately could not be fully appreciated by the greater number of spectators huddled in cars around the field. The few score of fans who toughed it out in the stands were generously compensated for their discomfort.

The game started off with an anxious moment for Hornet

(Continued on Page 10)

10 Local Members Receive Awards at County 4-H Dinner

Ten 4-H Club members from Muenster were among the 63 4-H boys and girls from Cooke county receiving awards at the third annual achievement dinner in Gainesville Monday.

Those receiving awards for outstanding work are: Ray Luke, two medals, one for range conservation and one for convincing speech; Billy Whitt, two medals, one for dairy demonstration and one for a safety project; and Thomas and Paul Hesse, poultry; Paul Fleitman, Jerry Friske, Donald Bayer, Kenneth Cravens and Donald Reiter for tractor maintenance; and Carol Hellman in the dress review.

The Sacred Heart 4-H Club was one of four county clubs receiving a plaque for its 4-H health improvement projects. The other three clubs are Lindsay, Myra and Callisburg.

The young men and women were recognized by Dr. J. R. Reuther, speaker for the program, who spoke on opportunity and achievement. County Agent B. T. Haws was in charge of the program and introduced special guests and sponsors. Assistant Agent Dub Schlittler presented the awards.

Among 4-H clubbers especially honored were Julius Hess of Lindsay, Gold Star boy for this year. Julius was also a fourth place winner in a Texas electric improvement contest and received an achievement award and a tractor maintenance award.

Other Lindsay club members receiving awards were Alma Louise Kubis for outstanding 4-H work; Leonard Hermes, field crops; Melvin Kuhn, farm and home electric; Henry Hess and Lambert Hess, poultry; Cecil Hermes, home grounds beautification; and Harold Neu, tractor maintenance.

Accompanying the Muenster group to the dinner were Martin Bayer, Martin Friske, Clem Hofbauer and Ben Seyler.

Schedule of Coming Events

FRIDAY, Nov. 17, Hornets vs. Saint Jo Panthers, there.
TUESDAY, Nov. 21, NCCW quarterly meeting, public school auditorium, 2 p.m.

City Is Host For Super-Meeting of Waterworks Group

Meeting here Wednesday night, Nov. 8, members of the North Texas Water and Sewerage association went on record as being in favor of strict enforcement of the state law requiring all private and municipally-owned water and sewer systems to be operated only by employees holding state certificates.

A popular feature of the program was a discussion of water and sewer problems in question and answer form. Mr. Bryan of McKinney, president of the organization, presided for this discussion.

Preceding the business, Mayor John J. Hoffman extended welcome to members and guests and the Muenster members were hosts for a buffet supper. More than 50 members attended. Next month's meeting will be in Whitesboro and will feature the annual election of officers.

LOCAL NEWS BRIEFS

Miss Dolly Lehnertz of McKinney was home for a week-end visit with her parents and family.

Mr. and Mrs. E. P. Buckley were in Bowie Saturday evening to attend a picnic and party for Service Pipe Line Co. employees and their guests.

Mr. and Mrs. Frank Endres of Middleton, Wis., arrived Saturday for a two week visit with relatives. They are house guests of Mr. and Mrs. W. H. Endres.

Miss Olivia Stock was a Fort Worth visitor Tuesday.

Mr. and Mrs. R. D. Morris had as guests Sunday the Burnie Franklins of Bonita.

John Herr's fellow employees of the FMA helped him celebrate his birthday Thursday by giving a party in his honor at the plant in the evening.

Mrs. Ben Roewe of Sherman was among out of town relatives attending Elizabeth Fleitman's funeral Friday. While here Mrs. Roewe also visited her relatives of the Wieler families.

Visiting the H. L. Jacksons Sunday were his brother and wife, Mr. and Mrs. Jack Jackson of Fort Worth. Monday guests, also from Fort Worth, were Mr. and Mrs. Joe Parker.

Rev. C. C. Richardson of Dallas was the Saturday overnight guest of Mr. and Mrs. W. B. Whitt and was a Sunday dinner guest of Mr. and Mrs. Bailey Dennis.

Mrs. August Friske will return to her home in Gainesville this weekend after visiting in Robstown with a sister and in Hereford with her daughter, Mrs. Emil Herr and family.

Relatives and friends surprised Mr. and Mrs. Lee Voth with an old fashioned charivari Thursday night. After the serenade with kettles, tin horns, etc., the Voths invited the group into their home for refreshments and informal diversion.

Mrs. Joe Luke spent Sunday to Tuesday in Dallas at the bedside of her young cousin, Collis Michels of Munday, a patient at Baylor hospital. Kicked by his pet horse several weeks ago, Collis underwent a second operation last week.

Guests of Mr. and Mrs. M. H. King Sunday were his brother, Bill King and bride of Grand Prairie. The couple was married Saturday and stopped at Myra to visit his parents, the H. E. Kings, and here while on their wedding trip. Another guest of the Kings was his sister, Miss Lucille King of Graham.

Mrs. Ben Luke returned Sunday from San Antonio where she spent a few weeks with her daughter, Mrs. Charles Denny

SAFE DRIVING CAN BE TAUGHT—And Texas has proved it. Gov. Allan Shivers from R. B. Cousins, Jr., center, of Austin, a plaque awarded Texas for "meritorious accomplishment in teaching safe driving to 40,000 high school students during the 1949-50 school year." Casualty Insurance Commissioner J. P. Gibbs looks on at right. The award was the second in as many years to be given Texas by the Association of Casualty and Surety Companies. Texas began teaching safe driving four years ago and now offers the course in 432 of the state's 1,450 high schools.

and family. She returned home with Mr. and Mrs. R. N. Fette who visited there during the weekend and were baptismal sponsors for the Denny's new daughter, Sharon Ann.

Mr. and Mrs. Al Walter and his parents, the John Walters, drove to Fort Worth Monday to visit the John O'Dowds and make the acquaintance of their new nephew and grandson, Daniel John O'Dowd who was born on Nov. 9. Mrs. John Walter remained in Fort Worth for an extended visit with her daughter and family. The Al Walters and his father stopped at Arlington State College enroute home for a visit with Virgil Walter who is a student there. He advised that he'll be home for the Thanksgiving holidays.

FIREMEN READY BUT NOT NEEDED AT GRASS FIRE

Fire trucks were not needed but they were ready and waiting Wednesday at a grass fire which got uncomfortably close to the house now being built by the R. N. Fettes. The blaze was set off by a spark from trash being burned in a barrel and was spread rapidly by a brisk breeze.

Carpenters and firemen joined in beating out the fire before it got to the house and permitted it to burn out on the rest of the lot.

Brooklyn Excels In "Sloppy Speech"

CHICAGO — Brooklyn, the odds-on favorite, and Chicago, where "most people sound like they are either being chased by gangsters or are running for trains," were named Thursday as having the "most slopy speech" patterns in the nation.

A survey by the Linguaphone Institute of America also cited Atlanta, because "its speech patterns are typical of the lazy South," and Hollywood, where "they sound as if they are talking with hot potatoes in their mouths."

A new screwworm smear, known as EQ 335, has many advantages over the old reliable Smear 62 formula which has been used for the past ten years. Formula EQ 335 lasts longer than Smear 62, treated wounds heal more quickly, and the lamp black and other coloring chemicals that stain wool, clothing, or hair are not found in the new remedy.

By the time we get old enough not to care what anyone says about us, nobody says anything.

A man who can drive safely while kissing a pretty girl isn't giving the kiss the attention it deserves.

Vows Exchanged by Mrs. Oleta Bezner And Freddie Schmitz

Mrs. Oleta Bezner and Freddie Schmitz exchanged marriage vows Wednesday morning in Saint John's church at Valley View with Rev. Thomas Weinzapfel officiating at the double ring service and the nuptial mass.

The bride is the daughter of Mrs. Lee Livingston of Myra and Mr. Schmitz is the son of Mrs. and Mrs. John Schmitz of Austin, formerly of Lindsay.

Miss Juanita Weinzapfel presented organ and vocal selections for the nuptial service and David Sturm of Gainesville was usher.

The bride wore a misty green two piece suit with a brown feather hat and other accessories in brown kid. Her flowers were a shoulder corsage of red roses.

Mr. and Mrs. Rufus Bezner attended the couple as matron

of honor and best man. Mrs. Bezner wore a suit of terracotta and Hunter's green with terra-cotta accessories and a corsage of bronze mums.

Among relatives and friends at the wedding were Mr. and Mrs. John Schmitz of Austin, Mr. and Mrs. Leonard Schmitz and two children of Dallas, the Ray Wildes and Danny and Mrs. J. B. Wilde of Muenster, the John Bezners, the Jake Bezners and Wilfred Bezner of Lindsay, Mrs. Lee Livingston of Myra, Treba Lee Livingston and Hugo Bezner of Gainesville, and Mr. and Mrs. Martin Theimer of Oklahoma City.

After a week's wedding trip Mr. and Mrs. Schmitz will make their home in Gainesville where he is in business.

Mr. and Mrs. Ray Wilde entertained in their home Tuesday night with a rehearsal dinner for which relatives and friends of the couple were guests and presented gifts to the honorees.

Blessed Events

Mr. and Mrs. Joe Wimmer are the parents of a daughter born at M&S hospital in Gainesville on Tuesday, Nov. 14. Also welcoming the new arrival are her sisters, Marcelene and Frankie Jo, her brother, Larry, and the grandparents, Messrs. and Mmes. C. J. Wimmer and John Schmitz.

Mr. and Mrs. John O'Dowd of Fort Worth announce the birth of their first child, a six and three-fourths pound son, Daniel John, on Nov. 9. Mrs. O'Dowd is the former Miss Eugenia Walter of Muenster. Danny is the 39th grandchild of Mr. and Mrs. John Walter of this city and the first grandchild of Mrs. Alice O'Dowd of Fort Worth.

NOTICE

Sacred Heart Alumni members, remember the baked goods for the Thanksgiving bake sale. Leave them at the K of C hall or at the home of Mrs. J. B. Wilde before noon on Nov. 23.

Are you now getting old-age and survivors insurance checks? Are you over 75? After 75 you are permitted to earn any amount a month and accept your check for that month. That's part of the new-law change in the Old-Age and Survivors system.

Joe Lukes Observe 30th Anniversary With Dinner Party

Observing their thirtieth wedding anniversary, Mr. and Mrs. Joe Luke entertained with a dinner party in their home Saturday night for 26 guests.

The party rooms displayed attractive arrangements of chrysanthemums and after the meal a progressive 42 series and games of canasta entertained the guests. High, low and galloping awards in the 42 series went to Gilbert Endres, Val Fuhrmann and Mrs. Robert Kupper in the order named.

Guests presented Mr. and Mrs. Luke with gifts in observance of their anniversary.

They were married here on Nov. 15, 1920. Mrs. Luke is the former Miss Betty Friske. Mr. Luke is a long time employee of the Texas Company.

Receiving recognition during the evening were Mr. and Mrs. Paul Endres who on that day observed their 10th wedding anniversary. Mrs. Luke presented Mrs. Endres with a corsage, neatly enclosed in a tin can to carry out the tenth wedding anniversary theme. Mrs. Endres is the former Miss Marie Walter.

Among out of town guests were the Lukes' son and daughter-in-law, Mr. and Mrs. Norman Luke of Fort Worth, and Mr. and Mrs. Herman Jungman of Munday.

Adult Homemaking Class Night Changed

Adult homemaking classes conducted by Miss Ruby Kelly will be held every Wednesday night beginning next week instead of Tuesday night, Miss Kelly announced this week. The change in schedule is made so as not to conflict with basketball games on Tuesday.

Next Wednesday's class will begin work on leather craft. Anyone interested in the subject is invited to join. For the past several weeks classes were devoted to metal craft and most of those enrolled are now putting the finishing touches to their work.

Before you take somebody's head off, be sure that you've used yours.

Popcorn is Good Packing Material

PHILADELPHIA — Popcorn is a pretty good substitute for excelsior—saving as much as 75 percent in packing expense and 30 percent in mailing costs—says a New York shipper.

The idea of using popcorn in packages won an award for Harold Frick at the Society of Industrial Packing and Materials Handling Engineers Exposition.

Frick is a 33-year-old shipper for Winthrop Stearns, Inc., Rensselaer, N. Y., pharmaceutical firm.

Spokesmen for the exposition said the popcorn idea really works. A package wrapped with shredded paper that weighs nine pounds would tip the scales at only six if packed with popcorn.

The fact is, they said, that "one pound of popcorn can do the work of five pounds of shredded paper."

In addition, the spokesman said, there is less chance of breakage. Frick's wife reported when her husband was overseas, she shipped him a package of popcorn-bound cookies—and not one cookie was broken when received.

LOOKING AHEAD
 BY GEORGE S. BENSON
 President—Harding College
 Searcy, Arkansas

Your Stake In Inflation

For generations life insurance has been a mainstay of economic protection for the American family. It still is one of the most important security props in most American homes. Today three out of every four families own life insurance through the investment of their savings with private insurance companies. In comparatively recent years the pension idea mushroomed and now approximately 50,000,000 workers are participants in the Federal government's Old Age and Survivors Insurance ("Social Security") program through which a fixed monthly pension is paid at retirement age.

Thus these two sources—private insurance and public "Social Security"—constitute primary bulwarks of economic security for the homes of America. But day by day, week by week, both are being sabotaged by inflation. Every day the inflation continues the holders of 170,000,000 insurance policies with a face value of \$214,000,000,000 are being robbed, their future made less secure. Every day it continues, these people are seeing this promised "security" evaporate with the declining value of the dollar.

Sapping The Dollar

The \$100 monthly old age pension of today may be so sabotaged in purchasing power by inflation within a few years that it wouldn't pay a week's grocery bill for a retired man and his wife. So long as inflation continues, pensioned "security," life insurance "security" and savings account "security" can only be a mirage. The \$100 pension of 1939 has now dropped to \$56 worth of purchasing power for food and clothes and the decline continues.

The 1950 Congress doubled old age pension payments under the "Social Security" program but the increase in dollars barely took care of the loss to inflation during the last 10

years. Congress didn't do anything about the "security" loss sustained by the nearly 40,000,000 families who have invested over the years in insurance policies. The insurance owned by these families has lost about \$100,000,000,000 in purchasing power due to inflation. Hardly anybody has escaped injury.

An Illustration

What inflation has done to such savings is strikingly illustrated by the plight of my friend Joe. He's a salaried man. For 20 years he denied his family many wished-for things in order to pay for a 6-unit apartment building which he felt would provide ample "security." In 1939 he made the last payment. Then he got an offer of \$14,800 for the property. To Joe, that much seemed a small fortune. He sold and put the money in a savings account to await the day when he would buy another investment property. The money's still in the bank. Today it would scarcely pay the down payment on the apartment building Joe sold 11 years ago—priced now, in inflation-hit dollars, at \$45,000.

Joe's salary is another illustration of the damages of inflation. He's had four substantial raises since 1940 but his present salary actually has only five per cent more purchasing power, in food and clothing, than his much lower salary had in 1940. The industrial wage earner has probably had twice as many raises; his income has increased about 150 per cent since 1940. But inflation has hit wages so heavily, the Bureau of Labor Statistics reports that in actual purchasing power the weekly income of the average industrial worker has increased by only \$9.22 since 1940. That's about enough to buy an average price pair of shoes—with our cheap 1950 dollars.

What's the Answer?

Obviously higher wages and salaries cannot bring a permanent improvement in living standards so long as we continue to have inflation. But if inflation can be halted and wages and salaries should thereafter be based on a rising productivity, then permanent, wholesome improvement in the American living standard can be made.

Our costly preparations for full-scale war will bring serious new inflation pressures to bear

unless strong measures are applied immediately in the management of Federal Government finances. Every person has a stake: his pocket book is involved; and, at longer range the stability and strength of our nation. Every Congressman and every Federal official knows what must be done to stem inflation. They will take the necessary action when sufficient people ask them to do so. So far sufficient people haven't. Have you?

Doing the Job

According to the proponents of compulsory government health insurance, the American people just can't protect themselves against the exigencies of illness.

However, judging by their actions, the American people don't agree with that view. According to the Health Insurance Council, they gained millions of new subscribers—all of whom bought the service because they wanted it, not because the government told them they had to—in 1949. In that single year, hospital expense insurance increased its coverage from about 61,000,000 people to more than 66,000,000—and only 10 years before it covered but 5,670,000. A relatively new form of protection that pays benefits for medical expenses other than surgery was owned by 12,895,000 people at the end of 1948 and by 16,862,000 at the end of 1949, a huge gain of 31 per cent in twelve brief months. Other types of insurance also showed healthy jumps.

This certainly doesn't look as if we, as a people, are incapable

Editor of German Forum Paper Studies Story of Muenster

The story of Muenster's settlement and development was the object last Saturday of a brief

study by the editor of a weekly farm paper in Germany. Hubertus Urbanczyk, one of several German editors touring this country as guests of our nation while an equal number tour Germany as guests of that nation, stopped here for information which he expects to use in a series of articles on the progress and activity of German settlements and their contribution to the general American economy.

That purpose, however, is only secondary. The visitor's principal objective is to gather as much information as possible on America's livestock industry. On his tour of the country he is making a special effort to attend leading livestock shows. Yard lights give the farmer light where and when he needs it—at dusk and early morning. They are cheap, bring protection, promote safety, speed chores.

of doing something about the sickness problem. These plans are inexpensive—a few dollars a month gives the basic protection to a worker and his family. Their benefits have been boarded. And they don't require billions of dollars of tax money for support!

No one argues that we have reached perfection in this field. Much remains to be done. But the point is that it is being done, in an orderly and effective fashion. And it is being done without placing an intolerable burden on the taxpayers—and without subjecting the healing arts to the whims of the bureaucrats and politicians.

Fisher's Market & Grocery
 Muenster, Texas

F. E. SCHMITZ MOTOR CO. 106 N. Chestnut, Gainesville

County DHIA Unit Re-elects John Voth

John Voth of Lindsay was re-elected president of the Cooke County Dairy Herd Improvement association at the group's

third annual meeting here in the parish lunch room on Nov. 7.

Other officers elected are C.A. Fisher, vice president; Paul Fisher, secretary; Peter Prescher and Henry Frasher, directors.

John J. Hoffman continues as supervisor of the association.

During the business session John Voth presided after Mr. Hoffman extended welcome to members and guests. County Agent B. T. Haws and Assistant Agent Dub Schittler led a round table discussion on problems of the association, pointed out achievements of the past year and listed aims for the coming year. A film on silage preceded the serving of refreshments by Mr. and Mrs. Paul Fisher.

Members' wives and prospective members were special guests for the evening.

J. H. Andress of Borger was here Thursday to Saturday as the guest of the Needham families.

County Range Team Appears on Program At Kiwanis Dinner

Ray Luke of Muenster and Lee Wolf of Gainesville, state champion range management team, were guests of the Gainesville Kiwanians at their luncheon meeting last week. In their demonstration the boys showed why they were named the outstanding range management team of Texas.

They classified ranges as excellent, good, fair, poor, depending on the percentage of good grasses on the range. Briefly, they outlined the following range management practices that should be followed by farmers:

1. Water distribution—Water supply should be available to cattle every half mile to prevent overgrazing.
2. Even distribution of salt—This is also recommended to prevent overgrazing on certain areas and undergrazing on others.
3. Subdivision of pasture lands—To break the pasture into equal components for a more accurate comparison of grass lands, to permit deferred grazing and other rotation practices.
4. Deferred and rotate grazing recommended—This will provide well-balanced grasslands and prevent misuse of vital range lands.
5. Proper stocking—This means not overloading any particular tract with animals, rather distributing them evenly over sufficient pasture lands.

Flies Can Acquire Immunity to DDT

DALLAS — DDT is good against flies in early stages but—there's a fly in the ointment, a Department of Agriculture entomologist said in Dallas Wednesday.

Dr. E. W. Laake, director of the Kerrville Experiment Station of the Agriculture Department's Bureau of Entomology, said second and third generation flies and mosquitoes build up a resistance to DDT. This has been proved in tests made on colonies of flies, he said.

"Flies now must be attacked in the larva stage or by preventing the breeding of flies," he said. "DDT is useful here."

The best place to find a good helping hand is at the end of your arm.

Use Antihistamines Cautiously, Urges Health Department

AUSTIN — "The wide advertising of antihistamines for the prevention of colds should not persuade people to place too much confidence in these drugs as a treatment for colds," Dr. Geo. W. Cox, State Health Officer warns the citizens of Texas "Those who decide to take any of the antihistamine pills should realize it is highly important for them to follow exactly the directions.

"Regardless of the effectiveness of these new products it remains most desirable to take the ordinary precautions against contracting a cold—adequate sleep, clothing adapted to the weather, well balanced diet, moderate outdoor exercise and avoidance of unnecessary contacts with those already suffering from colds. Extra rest and the drinking of large amounts of fruit juice are still important aids to physical well being and cure if a cold occurs.

"Unfavorable reactions such as dizziness, drowsiness, and temporary loss of muscle control sometimes occur after taking this drug. Everyone is strongly advised against driving an automobile or working around machinery while taking the pills.

"Some readers of advertisements may get the idea that taking small doses of antihistamines every day will prevent colds. Such use of drugs should be discouraged. Antihistamines are still new and largely un-

proved drugs. Physicians have not yet determined what effect these products may have upon the human system if taken over a long period of time.

The only people to get even with are those who have helped you.

CARD OF THANKS

We wish to express our thanks and appreciation to all for the kindness and consideration during the illness and at the death of our daughter and sister, Elizabeth. We appreciate the words of sympathy, the lovely flowers and the spiritual tributes, and offer a special expression of thanks to the Rev. Fathers Anthony and Cletus.

From where I sit... by Joe Marsh

We Ask That "Fares" Play Fair

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it.

To his surprise the cabman answered right back. "Don't blame me," he said "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!"

Judge figures the fellow was in the right, and maybe we ought to

do a little campaigning with the public. I agree with him—that's why I'm writing this article.

From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ride—just as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).

Local NEWS

Briefs

Ray Owen has a new green custom 4-door Ford sedan.

Miss Anna Hoenig is now employed in Tyler. She was formerly in Breckenridge.

Mr. and Mrs. Herman Younger and sons of Fort Worth spent Friday night and Saturday here as guests in the H. L. Jackson home.

Mr. and Mrs. Paul Fetsch and family visited one day last week with the Flusche families in Decatur.

Guests in the Fred W. Herr home Saturday and Sunday were his children, Mrs. Eddie Jakubec and family and Mr. and Mrs. C. H. Albers and children, all of Dallas.

Sunday dinner guests of the J. W. Fletchers and Mrs. F. M. Shiflet were Rev. and Mrs. Quitman McCrory and baby of Myra and the Fletcher's son, Jack of Wichita Falls.

Mr. and Mrs. Al Yosten and children spent Sunday visiting in Celina with her parents, the Joe Tischlers, and in Pilot Point with her brother, J. C. Tischler and family.

Miss Marilyn Gremminger of Wichita Falls was the weekend guest of her parents, the Ted Gremmingers. Other guests for dinner at the Gremminger home Sunday were the John Knabes and Miss Kathryn Hartman.

Mr. and Mrs. Jake Pagel returned Saturday from a week's visit in San Antonio with their daughters, Mmes. J. P. Janicki and Harold Falck. Both families recently bought new homes in San Antonio.

Mrs. F. M. Shiflet is back here with her daughter, Mrs. J. W. Fletcher, after a week's visit in Saint Jo with her granddaughters, Mmes. Aubrey Brown and Grady Graham, and at Shiloh with another granddaughter, Mrs. Louis Reeves.

MRS. JOHN WIELER HOSTESS TO GET-TOGETHER CLUB

Mrs. John Wieler was hostess to members of the Get-Together club in her home on Nov. 8, when the ladies gathered for their regularly monthly meeting.

During a brief business session Mrs. J. B. Wilde, president, presided and members made tentative plans for their annual Christmas party and gift exchange. The date and place will be announced later.

Four tables were arranged for a progressive 42 series and prizes were won by Mrs. Joe Kathman for high score and Mrs. C. M. Walterscheid for low tally. Mrs. J. B. Wilde secured the galloping award and Mrs. Mollie Walterscheid drew the guest prize.

The hostess served supper buffet style to members and two guests, Mmes. Walterscheid and Ray Wilde.

Mrs. J. B. Wilde will be hostess for the December meeting on the first Wednesday of the month.

GAY MATRONS CLUB MEETS WITH MRS. VAL FUHRMANN

Mrs. Val Fuhrmann entertained members of the Gay Matrons club in her home on Thursday afternoon, Nov. 9.

After the progressive 42 series the hostess served home made cream puffs and hot coffee to the 12 members.

Game awards went to Mrs. Paul Endres, high score; Mrs. Urban Endres, second high; Mrs. Arthur Endres, galloping; Mrs. Marty Klement, low.

Mmes. Francis Wiese and Pat Hennigan received gifts for their new babies.

SACRED HEART SODALISTS GIVE PROGRAM TO OBSERVE EDUCATION WEEK

Observing American Education Week, pupils of the Sacred Heart High School Sodality presented an appropriate program at assembly Thursday November 9. Sister Theresina, spiritual moderator, directed the program which consisted of seven discussions concerning "Duties of Christian Citizenship".

Ronald Herr discussed Duty to State; Randy Bayer, Duty to Self; Floradell Endres, Duty to Family; Dorothy Walterscheid, Duty to God; Dorothy Mae Walterscheid, Duty to Neighbor; Ellen Grace Friske, Duty to the World Community, and Mary Ann Luke, Duty to the Gifts of Nature.

Mr. and Mrs. W. A. Showers and daughter, Jane, of San Antonio, spent the weekend with her parents, the Joe Bergmans, and her sister, Mrs. Albert Wilde and family.

ALBERT FLEITMAN HOME IS PARTY SCENE SATURDAY

The home of Mr. and Mrs. Albert Fleitman was the scene of a wedding reception Saturday evening honoring Mr. and Mrs. Milton Parker. The bride, the former Miss Martha Elder, is a close friend of Mrs. Fleitman. The couple's marriage took place Saturday afternoon in Valley View with Rev. Aubrey Thetford, Mrs. Fleitman's brother, officiating.

The bride is the daughter of Mr. and Mrs. Joe Elder of Odessa and the groom is the son of Mr. and Mrs. M. C. Parker of Alexandria, La.

Among out of town guests at the reception for relatives and friends were Mrs. J. C. Elder of Odessa, sister of Mrs. Fleitman, who was matron of honor at the wedding; Mr. and Mrs. Kenneth Clark and Rev. Thetford of Valley View, Mrs. Clark is also Mrs. Fleitman's sister.

FATHER-SON MEETING HELD AT SHILOH CHURCH

A Father-Son Fellowship meeting was held in the Shiloh Baptist church Friday evening with Dexter Dowd as master of ceremonies. He spoke to the group on "We Don't Have Time". Rev. C. C. Richardson of Dallas, pastor of the church, was a special guest.

Members selected the first Friday of each month to hold their meetings. V. M. Ramsey will be master of ceremonies next month.

FORTY-TWO CLUB MEETS IN RAY KLEMENT HOME

The Forty-Two Club met Tuesday night with Mr. and Mrs. Ray Klement as hosts in

their home. After the games Mrs. Klement served refreshments to members and three guests, Mr. and Mrs. Alois Rohmer and Edna Gremminger.

In the games Ed Endres won the high score prize, Albert Schilling received the consolation favor and Mrs. Albert Fleitman secured the galloping award.

MUNSTER, TEXAS

First Land Judging Demonstration Seen By 50 County Men

Land judging demonstrations in Cooke County got off to a good start Tuesday when about 50 farmers and agricultural workers from all sections of the county gathered for the first meeting, held on the George Elkins farm south of Gainesville.

The purpose of the demonstration is to give farmers a set of standards by which to judge the quality of land. Characteristics included in that set of standards are soil depth, slope, erosion, permeability and texture.

Considering those characteristics as a group the farmer determines how his land can be used to best advantage or what treatments are necessary to improve its quality. For instance land considered good in texture slope and depth may be subject to erosion because of poor permeability, in which case the corrective measures are to increase the soil's moisture intake holding it in the meantime with a cover crop.

The demonstration, the first ever held in the state was conducted by two land specialists of the A&M College Extension Service. They were Paul Haynes, soil and water conservationist and Dr. Roy Donahue, agronomist.

Mr. and Mrs. Norman Luke of Fort Worth spent Saturday night and Sunday with his parents, the Joe Lukes.

It Happened 10 Years Ago

November 15, 1940

Three local men, Roman Trachta, Leonard Yosten and Adolph Knabe, receive their questionnaires in connection with the national selective service draft. Short turkey season here nets only five cars. Good rain during weekend follows wintry blast that sent thermometers down to 18. Because of a shortage of funds work is temporarily stopped at the Valley Creek WPA school project. New 1941 car licenses have orange numbers on black background. Four couples are married: Dorothy Davidson and Ralph Esker marry Tuesday at Gainesville; Marie Walter and Paul Endres marry here Monday; Marie Arendt and Emmet Fette marry at Lindsay Monday; Rita Rohmer and Werner Becker marry here Tuesday. Muenster picks the last Thursday for its Thanksgiving celebration. Father Anthony Schroeder of Subiaco visited one day last week with Father Conrad of Lindsay.

5 YEARS AGO

November 16, 1945

Mrs. Kate Tempel, 82, dies of heart attack. Victory Loan Drive will be launched here Nov. 20, "Do It In A Day" is plan for the campaign. Louis Roberg not seriously hurt in a 30 foot fall from a spudder mast. The Ferd Yostens announce the birth of Judy. Starling Lawson is enroute to Japan. Billy Joe Miller is on duty with the army air corps in Florida. Sailor Earl Fisher is at home on a 30 day leave. Leo Felderhoff writes from Tokyo. President Truman signs bill reducing taxes in 1946. Bill Eberhart takes over management of former H. H. Kathman cafe.

Guests in the Needham home Sunday were Mrs. Samuel Enderby and her mother, Mrs. Dave Chadwell of Gainesville. On Friday the Needhams had as guests Mrs. Eddie Green and her father, M. E. Woodruff, also of Gainesville.

is available at no extra cost.

GEO. J. Carroll & SON

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

GAINESVILLE

Upper Elm-Red Soil Conservation District News

DISTRICT SUPERVISORS

J. W. Hess, Muenster V. W. Redman, Saint Jo
 John Rice, Collinsville Ed Blackmon, Bowie
 Willard, Kempf, Valley View

Many of the cooperators of the Upper Elm-Red Soil Conservation District are anxiously scanning the horizon for a likely looking rain cloud. Most of the winter cover crops are already in the ground and need a good rain to bring them up, then too there is the ever present fall grass fire hazard. The grass fire danger is greater this year than in previous years because of the exceptional good growth that the grasses and weeds made this summer. The native grasses are dormant now and have cured into hay that will feed and protect cattle this winter. Fire is a

great enemy of grass and a friend to the forces of erosion, so great care should be exercised this year to prevent all grass fires. Control measures should be applied immediately to control fires that will start by accident.

The high winds of last week shattered the native grass seed and brought grass seed harvest operations to an abrupt halt. However, several cooperators had good results combining the seed before it started dropping. Alois Trubenbach got approximately 5000 pounds of the native grass mixture into his hopper, Hubert

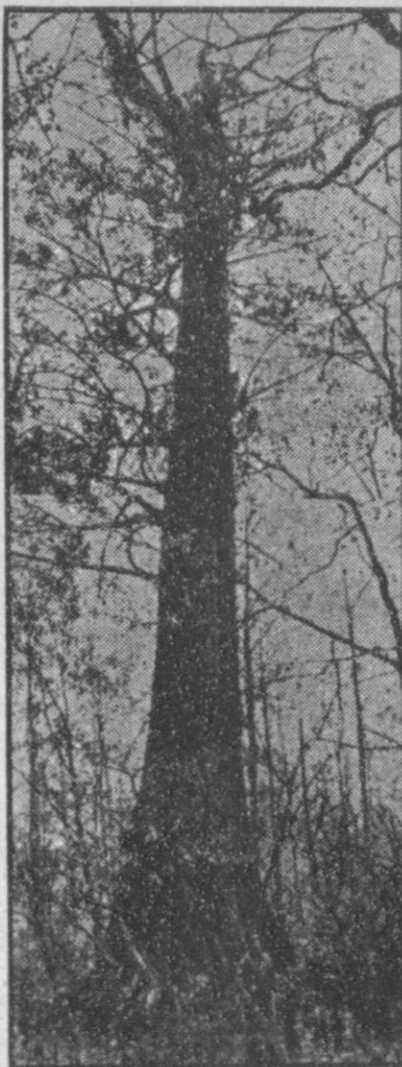

Felderhoff and his sons estimate that they captured about 12,000 pounds of the seed from their meadow. The Danglmayr brothers and John Rohmer had good results from their combine operations on the Meador meadows. King Ranch bluestem, although not a native of this country, is cooperating nicely and giving a good seed yield. J. W. Hess estimates that his KR patch will yield about 300 pounds of seed and Joe Danglmayr has harvested a hundred pounds of seed off of a waterway that was seeded to K.R. bluestem this spring.

Winter legumes are still being planted and the district-owned drills are making the rounds to cooperators who want to use them. Tony and Al Hesse of Muenster used one of the District drills to put vetch and phosphate on one of their fields. Howard Mays of Saint Jo used the drill to fertilize and sow 20 acres of Rescue grass and 40 acres of vetch. A. L. Knox of Forestburg planted 10 acres of Canada Wildrye and 20 acres of vetch with a district drill. Gus Sicking and his sons are using a district drill to put vetch and phosphate on 30 acres of their farm. The drills put fertilizer in the ground with the seed so that the fertilizer is placed within reach of the young seedlings. Price Kindiger of the Leo Conservation Group has planted 10 acres of Austrian winter peas for soil improvement and to furnish a blanket of green to protect the soil from erosion.

Terraces continue to be built in fields that have been earmarked for a spring crop. J.W. Hess has completed construction of a mile and a half of channel type terraces that empty into the waterway he sodded on his farm near Hays. Also in the Hays area J. R. Winstead is constructing a mile and half of terraces to empty onto a bermuda grass waterway that was planted two years ago.

Al Walter is emptying terrace water on a waterway sodded last year. Al improved the grass by growing clover with it. John and Joe Kleiss have overseeded their bermuda grass waterway to clover. They used the screenings from the cleaning of their Madrid Clover to overseed the waterway. The cleanings from legume seed can be used profitably on waterways and pastures, but should always be inoculated before planting.

J.W. Fleitman of Muenster is proud of his upland alfalfa field. His pride is well justified for the 10 acres of alfalfa yielded 1600 bales of hay in four cuttings this year. The alfalfa is three years old and received 200 pounds of 20% superphosphate per acre at the time of planting and was top dressed with 100 pounds per acre of 45% phosphate last spring. Alfalfa is a deep rooted legume and is a good soil building plant when used in a short rotation with other crops. The taproot of alfalfa aids greatly in breaking up the hard plow pan that forms at plow depth and greatly impedes the growth of most crop roots. The plow pan also reduces the amount of water a soil can take and hold and will cause a droughty soil. Deep chiseling of land will break the plow pan temporarily, but it takes a deep rooted plant such as alfalfa or sweet clover to punch holes through the hard layer so that more moisture can enter and be stored in the soil.

SUPER CYPRESS—Tennessee Game and Fish Commission officials believe this giant swamp cypress near Memphis to be the biggest and oldest tree east of the Rockies. Measuring 140 feet tall and 22 feet in diameter, the tree is estimated to be at least 1000 years old. Note the comparative size of the man standing at the tree's base.

the birds have received their 12 to 14 hours of light per day. Moore cautions poultrymen to dim evening lights for a few minutes before turning them completely off so the hens will have time to get on the roosts. Extremely large light bulbs are not necessary for providing plenty of light for the laying hens. Moore recommends using two 25 to 40 watt bulbs for each 400 feet of floor space.

The man with what it takes Does not depend on breaks Except the ones he makes.

The way to get along with women is to let them think they are having their own way—and the way to do that is to let them have it.

The farmers of Texas contributed bales of cotton to the Christian Rural Overseas Program's Friendship Food Ship which was dedicated to the hungry overseas on United Nations Day in Chicago. Walter Farr, CROP's Regional Director for Texas, is seen above during loading ceremonies, when also dried eggs and powdered milk, made available from government surplus stocks by the Commodity Credit Corporation, were hoisted aboard.

Socialized Medicine Threatens Liberty And Health Standard

The continued pressure for socialized medicine is a matter of grave concern not only to the 200,000 physicians and 75,000 dentists in the United States, but to every citizen who loves liberty. Those who destroy freedom among doctors now, will attack other groups later. The American Medical Association is assessing every doctor member \$25.00 for a giant publicity fund of three million dollars to combat the effort of the government to take over medicine as outlined in the National Compulsory Health Insurance plan now before Congress.

Socialized medicine in Great Britain is a costly, wasteful, inefficient mess, unsatisfactory to doctors and patients, according to many reliable reports.

It is reported that Britons are swamping doctors and dentists demanding free services to such an extent that the overworked doctors can give only a few minutes to each patient, whether the complaint is a common cold or cancer.

With all its faults, admitted by most doctors, American medicine under the free enterprise system is a source of pride and comfort. In a recent report by the Chamber of Commerce of the State of New York, some of the great achievements of American medicine are set forth. Americans rank among the healthiest people in the world.

In 1900 the nation's death rate was 17 per 1,000. Today it is 10 per 1,000 despite the fact that we now have a much greater percentage of old people. In 1915 infant mortality was 99.9 deaths per 1,000 live births. In 1947 it was 32.2 and in 15 states it was less than 30.

More than 65,000,000 Americans are now voluntarily covered by hospital insurance of their own choosing, more than half of this number in the Blue Cross plan, originated in Texas.

"It would be a tragic blunder," the New York report says, "for the United States to adopt a program of socialized medicine, and

thus to jeopardize our system of medicine care that has proved such magnificent benefits to the American people, and that continues to progress and improve at a pace unmatched in any other nation of the world." "Doctors generally, have not been outstanding in their support of chambers of commerce. The chambers now make com-

Lindsay News

Mrs. John Kupper underwent surgery Tuesday at Gainesville sanitarium.

The L. W. Flusches of Decatur were here last Sunday for a visit with the Jos. Flusches.

Mr. and Mrs. Elmo Gore and family of Lawton, Okla., visited with her mother, Mrs. Joe Neu and other relatives Sunday.

The Raymond Zimmerers visited one day recently in Decatur with the C. M. and Al Flusche families.

The Val Dieters had as guests Sunday their son-in-law and daughter, the Al Bierschenks and son of Fort Worth.

The Lindsay Mother's Society sponsored its annual fall picnic Sunday. It was a huge success with scores of visitors from

neighboring towns joining Lindsay citizens for an afternoon and evening of fun and food.

LINDSAY CLASSES GIVE PROGRAM FOR STUDENTS

Girls of the junior and senior classes of Lindsay High school presented a one-act comedy Friday afternoon for the enjoyment of the students and faculty. The skit was entitled "My Cousin from Sweeden".

Betty Rose Zimmerer directed the production which included the following cast: Louise Ann Fuhrmann, Emma Neusch, Anita Fuhrmann, Mary Alice Block, Alma Louise Kubis, Dorothy Mae Nortman, and Betty Ann Bengfort.

After the play Marcella Sandmann presented a comical telephone conversation in German dialect.

Anna Belle Metzler was announcer for the program.

FAREWELL TRIBUTE FOR HUBERT BEZNER SUNDAY

Hubert Bezner, member of the Naval Reserve, was called to duty and left Monday for San Diego, Calif.

On Sunday his sister Mrs. Bruno Zimmerer, entertained with a dinner as a farewell tribute. Among guests were his mother, Mrs. Joe Bezner, his brother, Joe Bezner Jr. and family of Gainesville and Miss Juanita Weinzapfel of Muenster.

Passes completed	5	5
Yards penalized	20	15
Lost on fumbles	1	5
Lost on downs	0	1
Lost on interception	0	1

Hornets Win - - -

fans as Person, on a pass from Lair, streaked down the right sideline for the goal . . . after being forced out of bounds by Damian Hellman. But anxiety sank back to normal when officials ruled that the ball was carried out on Anna's 44 for a 16 yard gain.

Two plunges netted another 10 before Anna's first setback as Red Walterscheid intercepted a Coyote pass on the Hornet 10.

Yosten promptly retaliated with a 30 yard gain back to Anna's 45 but Damian Hellman's 8 yard gain on the next play fizzled when he fumbled on a bruising tackle and a Coyote recovered.

Two plays later Yosten recovered a Coyote fumble permitting the Hornets to continue from the 40, just 3 yards short of the spot where they lost the ball before. All the backfield took turns in advancing the ball to the goal, Damian Hellman plunging one yard for the counter.

Following the next kickoff Anna fumbled on the first scrimmage play and Hamric recovered for the Hornets on Anna's 40. A pass, Wylie to Aytes, reached the 29 and three more plays netted only 2 yards, but a fourth down pass, Yosten to Hellman paid off with the second touchdown. Good for 27 yards the heave was the longest and most profitable of the Hornets' exceptional pass record of the game. Out of 6 passes tried they completed the first 5 for a total of 59 yards. Anna's record for distance was better but the percentage not so good. It completed 5 out of 13 for 109 yards and had one intercepted.

Fighting back with a vicious attack after the Hornets' second score Anna advanced almost to the goal but again lost the fruit of its labor on a fumble. Starting from his 30 Lair ruled off ten then flipped to Holland who got to the 19 before being hauled down. Three plays from there bogged down for little gain but the fourth got to the 3 or 4 where Lair fumbled on Hellman's jarring tackle and the ball tumbled across the line where it was recovered by a stack of Hornets. Putting it in play on their 20 the Hornets got back to midfield as the half ended.

The second half opened very much like the first. Anna made 2 first downs then fumbled and Muenster took over on the Coyote 45. All Hornet backs toted in a steady advance to the 3 where a short pass, Wylie to Yosten, fell short by a yard as a Coyote nailed Yosten just as he caught the ball. Wylie finished the job on a sneak.

From then on it was Anna's game as far as gains were concerned. A pass Lair to Holland advanced from the 12 to the 47 but the next play brought another fumble and the Hornets had the ball on their 42.

Then came a bruising play in which Yosten, evading two tacklers collided head-on with another. He gained 22 on the dash but was knocked out on the play and left the game for several minutes.

Three attempts at that point failed to gain and the Hornets kicked, Anna taking the ball on its 20 and starting its longest drive of the game. Five first downs netted 72 yards to the 8, but a determined Hornet stand held the next four tries and the Hornets took over on their 4.

Yosten ran to the 20, and after 3 plays for little gain Hellman kicked to the Coyote 20, Lair returning to the 32. An incomplete pass from that point ended the game.

Hornets-Panthers - - -

into a thriller that will justify all the pomp and ceremony. . . and then some. Besides renewing a traditional keen rivalry the game brings together two evenly matched teams apparently in top season form and scrapping for the higher place in 13B conference standing. The Panthers, now in third place with 1 win, 1 loss and 1 tie, have a chance of sharing second place honors with Alvord High. The Hornets, now in fourth place with 1 win and 2 losses have a chance to swap places with the Panthers.

Another factor to sharpen team spirits is the fact that the Panthers will be striving to continue their perfect record over the Hornets, whereas the Muenster boys will be just as determined to start changing the record. Scores in the three Panther victories of the past are 13-0 in '46, 6-0 in '47 and 19-0 in '48.

If last week's game with the Anna Coyotes is any indication,

Confetti - - -

shots on each side will be less powerful and the individual worker will get more respect from both.

Meanwhile it's high time that some real labor leadership begins to assert itself. We're tired of dictators who measure their worth by their ability to force another raise or concession out of management, who seem to assume that industry is a constant struggle between labor and management. . . and who are concerned more with what a man gets out of his job than with what he puts into it.

Labor leaders ought to be real leaders seeking lasting and far reaching benefits. They should not, for instance insist on raises that lead to inflation and wipe out savings. They should proceed on the theory labor and management are partners sharing in the fruits of industry, not opponents competing for the largest share. They should revive the old standard of integrity in which a union card was regarded as a pledge that the holder was a competent and conscientious worker.

That's the kind of labor organization we want and need in the United States.

this game presents a good chance for the Hornets to break the Panther jinx. With all the boys recovered from earlier injuries and illnesses, the team was at its best as it topped the big visitors by a 3 touchdown margin. Prospects early this week were that all the boys will be equally fit for the Saint Jo tussle.

Junior: "Mom is it true that we came from dust and we'll return to dust?"

Mother: "Yes, dear. That's what the Bible says. Why?"

Junior: "Cause I just looked under my bed and there's somebody there, either goin' or comin'."

Income of Average Family Is \$4750

WASHINGTON, D. C. — The average family in 1940 had an annual income of \$2,440. Now the average is \$4,740. Thus, the National Association of Real Estate Boards says, the total home-mortgage debt of \$39,500,000,000 is as sound as was the \$19,400,000,000 of home-mortgage debt in 1941.
