

Food for thought in this community as well as Gainesville is Morton Smith's Town Topics column in the Gainesville Register commenting on the possibility that the Gainesville public school system may in the not too distant future serve all children of the county.

Taking note of the reduction of public schools in the county during the past 35 years, the article says that the remaining rural schools may be absorbed within the next 35 years, provided adequate roads connect all the areas with Gainesville.

The article continues: "Thirty-five years ago there were 88 public schools in operation outside of Gainesville within the boundaries of the county. Obviously, many were poorly equipped and taught a minimum of grades.

But in 1917, the last year there were so many schools, the first consolidation occurred. Sycamore, Rocky Mound and Mount Gilead were combined with Dexter to form the first consolidated district in the county.

For years, Dexter operated as a consolidated school district, but as the population in that section of the county rapidly declined, the district returned to common school standing and last Friday the county school board consolidated it with the Callisburg district and Dexter is no longer a separate entity in school circles.

There was strong opposition to the school consolidation program in its earliest years and there were only eight additional mergers during the period from 1917 to 1930. The nine consolidations at that time had involved 26 districts.

As another decade passed into history, 19 additional districts had gone into mergers and from 1940 to 1947 there were 36 common districts which passed out of the picture.

At that time, there were nine consolidated common districts and three independent districts outside of Gainesville, a total of 12.

As of now, there are four independent districts and seven common districts operating schools, and one common district which is sending all its students elsewhere.

The consolidation of schools in this county is in keeping with the trend all over the state.

Ten years ago, there were 6-159 school districts in operation in Texas, while this year there are only 2,492, a decrease of 60 per cent.

If the decline continues, before long we will have one independent district in each of the four commissioner precincts, and eventually the Gainesville school system may be county-wide.

A county-wide school district could furnish much better schooling that could otherwise be provided for the students of the county as a whole. But such a possibility must await the building of many miles of roads, including some in sparsely settled sections of the county."

The significant point about all this, as far as Muenster is concerned, is that ours is one of the districts which may possibly be absorbed.

Another point also is worth special attention. The Register article states that Dexter was annexed to Callisburg by action of the county school board, an incident which serves as a reminder that consolidations can be made whether or not the residents of the smaller district favor it.

According to present school regulations a district must maintain an adequate school or it becomes subject to absorption by a district which does maintain an adequate system. Action is initiated by the county board and ratified by a vote of residents in the area concerned. If the majority of votes in both districts are for the merger it carries. Note this is not the old method in which each district had to poll its own majority to

(Continued on Page 10)

## 500 Hear Report At Annual Meeting Of Electric Co-op

About 500 persons, including 208 voting members assembled in the high school auditorium Wednesday night of last week to elect directors of the Cooke County Electric Cooperative and hear a financial report on the past year's business.

Special events adding interest to the meeting were an address by R. G. Galbreath, field representative of the REA management division, drawings for 19 electrical appliances given as attendance prizes and musical selections.

At the election of directors the entire board was re-elected for another year. It consists of Joe Bengfort, J. C. O'Brien, R. M. Felty, T. P. Skinner, Jack Crownover, Al Wiesman and J. A. Klement.

M. D. Kaderli, co-op manager presented the financial report showing that the co-op's revenue in 1951 amounted to \$253,931.42 and operating costs amounted to \$207,270.87, netting the organization a profit of \$46,660.55.

In his address to the group R. B. Galbreath, REA field representative spoke on "Capital Credits" explaining the financial share of each member in the cooperative. He pointed out that when the company accumulates an adequate surplus members will share in its profits through cash payments proportional to their monthly bills of the past. It was not indicated when the co-op will be ready to pay such dividends.

The speaker also praised the organization on its cooperative effort, its efficiency and financial soundness. He said that it is far above the average REA co-op in revenue return per dollar of expense and is also well ahead of schedule in meeting its financial obligations.

Other events on the meeting program were an invocation by Father Louis Deuster, an address of welcome by Mayor John Hoffman, reading of minutes of the last general meeting, and musical selections by Roy Dale Davis. Al Wiesman, co-op president conducted the meeting.

## 29 Ballots Cast In Quiet City Election

Ben Seyler and John Wieler were re-elected to the city council Tuesday in one of the least eventful elections ever held here.

Of the 29 ballots cast Seyler received 28 and lost 1 to write-in candidate Nick Miller. Wieler received the full 29.

I. A. Schoech was election judge. He was assisted by Mrs. Ben Hellman and Mrs. Al Walterscheid.

## News of Sick And Injured

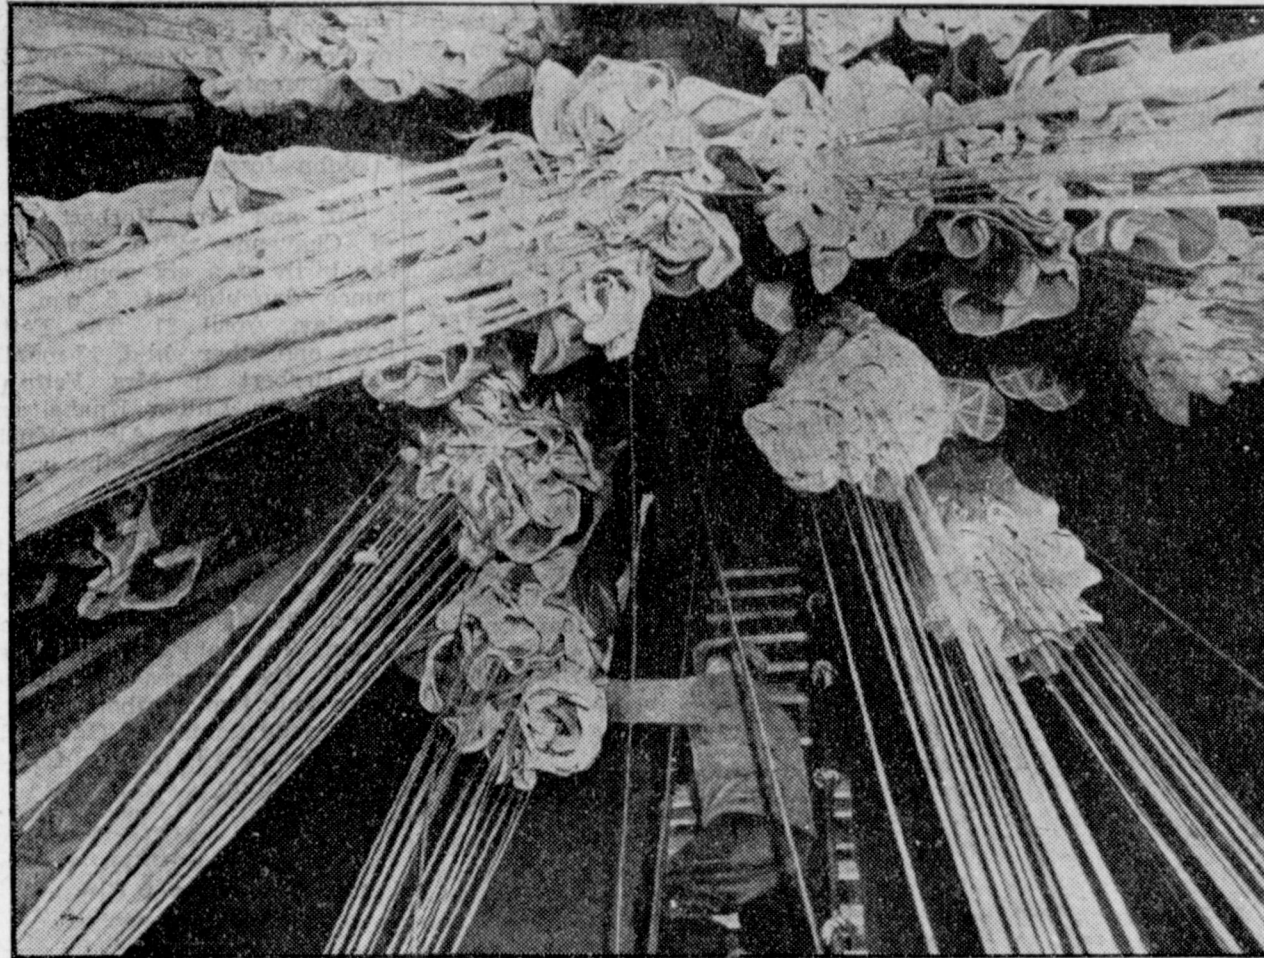

P. J. Rollman was in Dallas last week for a checkup at the veterans hospital.

Mrs. Maggie Schumacher is recovering this week after suffering a heart attack last week. She is now at the home of her daughter, Mrs. Andy O'Connor.

James Eckert was dismissed from the MKT Hospital in Denison Thursday and is convalescing at his home after being seriously ill following an operation for a ruptured appendix.

Mr. and Mrs. W. J. Miller took their little son, Robert, to Fort Worth for a check-up last Wednesday and learned that he is making marked improvement. He is now permitted to be outside and play actively, after being kept off his feet since he became ill from a bone infection in his leg early in February.

Henry Stelzer is still a patient at the MKT hospital in Denison where he has been receiving treatment and underwent an operation on his knee. His wife visited him Tuesday and reported that he was doing fine and will probably be dismissed this weekend.

**KOREAN THEATER OF WAR**—Looking like a stagehand going through his backstage paces, this Korean laborer straightens parachute shrouds at an American maintenance tower in Inchon. This U. S. Army photo shows but one of the many behind-the-scenes tasks performed by the Eighth Army's 79th Ordnance battalion.

## County Dairy Day To Be Held Friday

Cooke county's annual Dairy Classification Day will be held this Friday, April 4, in the rodeo arena at Gainesville Fair Park. Officials of the event announced the new date last Thursday when rain cancelled the program and they re-scheduled the event.

A record-breaking entry list of more than one hundred has been received for the day which is sponsored by the Gainesville Chamber of Commerce. Dairy-men are reminded to have their entries at the rodeo pens by 9 a.m. In the event of rain Friday the program will be held in the dairy barn at the fair grounds.

A highlight of the 1952 Dairy Classification will be a special exhibition of artificially bred heifers. This marks the first year that a show of artificially bred animals has been held in the county. Three age groups will be shown: heifers under six months; those from six to 12 months; and another 12 months and over.

Prizes will be awarded in each of the divisions. The county ABA is donating cash and feed dealers are donating dairy feed as awards.

The show will open at 10 a.m. with the morning program consisting of a series of classification contests under the direction of Floyd Carson of Gainesville and Ralph Maglaughlin of Muenster. These contests are open to club boys and girls as well as both men and women in the adult division. Cash prizes will be awarded to winners.

The classification of dairy cattle will begin at 1 p.m. with judging by A. M. Meekma, dairy husbandman from Texas A&M College, and Prof. Koy Neeley of Texas Tech, Lubbock. Cash prizes totaling \$300 will be awarded in the classification.

County Agent B. T. Haws urges all dairymen to enter their animals in the show and to attend the various events during the day.

## 'Carnival' to Boost Kraft at FMA Store

Plans are in the making this week for a super duper promotional event to be sponsored by the Kraft Cheese company next week Saturday at the FMA Store.

Known as the Kraft Carnival, it is conducted by sales representatives of the Kraft company and employs a carnival spirit to make customers Kraft conscious. There will be ballyhoo, auctions, give aways and free Kraft caramels for the kiddies.

As an added attraction, Gerry the baby elephant from the Gainesville Community Circus will be parked in front of the store.

## Hard Water Causes FMA Boiler Grief

Another unsatisfied customer has voiced a complaint about the hard water coming from the city's No. 2 well. To eliminate scale accumulated in its main boiler the FMA cheese plant is preparing now to begin a tedious and expensive cleaning job.

Rudy Hellman disclosed this week that the plant will have to lease special equipment, at a cost of about \$600, to treat the scale and make it soluble in water. In that way the scale will eventually be dissolved and the boiler's efficiency can be restored to normal.

The scale, Hellman said, was accumulated during the past year while the plant used city water. During previous years, while the plant used water from its own well, it did not have any trouble with scale. The change over to city water was made to provide more pressure in cooling equipment, after which the water was used in the boiler. Hereafter the plant will use its own water in the boiler, unless the city succeeds in eliminating its hard water.

City plans along that line have been under consideration for some time. The present source of hardness, it is believed, is upper level water from the abandoned well being pumped out of the recently drilled well. By plugging the old well city officials plan to shut off the hard water source and draw on the lower soft-water level only.

## Strong Vote Urged For Earl Robison In School Election

The candidacy of Earl Robison for trustee at large on the Cooke County school board is the incentive for a strong vote anticipated in the district school election to be held here Saturday.

Friends of Robison, who filed his name as a candidate for the county board position, are urging residents of the Muenster district to turn out in large numbers and help elect their representative on the county board. The other candidate for the position is the incumbent, Jake Biffle of Myra.

The election of local trustees is causing little if any activity. Only three candidates are on the ballot for the three positions to be filled on the board. They are incumbents Arthur Hellman and Tony Walterscheid, and Norbert Klement for successor to J. H. Bayer.

The election will be held in the public school from 8 a.m. to 7 p.m. Election judges are I. A. Schoech, John Wieler and Earl Fisher.

## WITH THE MEN IN SERVICE

Victor Koelzer is at Camp Roberts Calif., for his basic army training, according to word to his parents, the Pete Koelzers. He reported for induction on March 18.

It's Corporal Allen Hoffman now. He received the promotion at Patrick AFB, Cocoa, Florida, where he is a clerk-typist with the 6550th Supply Squadron. Allen is the son of Mayor and Mrs. John Hoffman.

Warrant Officer and Mrs. Jack Janicki and two daughters stopped here for a visit with her parents, the Jake Pagels, the latter part of last week enroute from San Antonio to Alabama. Janicki was transferred from Fort Sam Houston to Camp Stewart where he is assigned to Quartermaster service. He is a food service specialist.

Word has been received by local relatives that Capt. Bob Mack Cooke has arrived in France for army service. He and his wife left Andrews, Texas, early in October when Bob Mack was recalled to service, and took special training in Washington. Mrs. Cooke, a registered nurse, returned to Odessa when her husband went overseas. He is the grandson of Mrs. J. H. Cooke, and the son of the Joe Cookes who live in Andrews since leaving Muenster.

Kenneth Wiesman has received a promotion and is now a staff sergeant. He is stationed at Turkey Hill, Bellville, Ill., and plans on being here this weekend for a visit with his parents, the Al Wiesmans.

S.Sgt. and Mrs. Jim Stockman spent Friday to Wednesday here with her parents, the R. M. Zippers. Mrs. Stockman, who had been employed in Dallas, quit her work to join her husband at Greenville, S. C. From here the couple went to Tulsa, Okla., to visit members of his family enroute to Greenville.

The H. J. Fuhrmans have a recent letter from their son, Alvin, stationed with the army at Gonsenheim, near Mainz, Germany. Alvin wrote that when he returned from maneuvers recently, Herbie Yosten was there to see him. Herbie is the son of the Nick Yostens of this city. They talked about having a reunion of Cooke county boys in Germany and made plans to get together sometime in April. Alvin and his cousin, Ewald Fuhrman of Lindsay, recently saw Harold Corcoran of Gainesville at Heidelberg. The Gonsenheim Kafemia (barracks) where Alvin is stationed are very old but in good condition. The husband of his mother's cousin was stationed in the same barracks more than 60 years ago.

## District Loses 7 in Scholastic Census; 1952 Total is 576

The 1952 scholastic count of the Muenster Independent School District is 576. The figure, representing a decrease of 7 from last year's recorded total, was announced Tuesday by Superintendent Weldon Cowan.

The drop, Cowan explained, is due to a net loss of 14 school age children through death and transfers. A comparison with last year's report indicates that 30 children moved out of the district and two died while only 18 moved into the district.

On the other hand gains and losses because of age account for a net gain of 7. Six year olds listed for the first time number 45 whereas 18 year olds not carried over from the previous census roll number 38.

By comparison with previous years the 1952 census also shows a sharp decrease in the number of six year olds. A breakdown of numbers according to children's ages indicates that number enrolled for the first time is the smallest since 1946.

Listing according to ages is as follows. 7 years, 67; 8 years, 55; 9 years, 73; 10 years, 45; 11 years, 49; 12 years, 54; 13 years, 35; 14 years, 46; 15 years, 32; 16 years, 37; 17 years, 39.

## A&M Men to Talk At Poultry Meeting

Two poultry specialists from A&M College will be in Muenster next Monday night as principal speakers at a meeting that will be of special interest to poultry raisers.

County Agent B. T. Haws was here Tuesday completing arrangements for the program which will feature F. Z. Beamblossom, poultry marketing specialist, and W. J. Moore, poultry specialist, both of College Station.

They will discuss feeding, culling, diseases of poultry and egg grading.

Haws extended a general invitation to anyone interested to attend and especially urged poultry raisers to be present. The meeting will begin at 8 o'clock in the public school.

## FFA Trio Asked to Appear on TV Show

The local FFA soil testing team will be on television on Saturday, April 19. Appearing on Channel 5, Fort Worth, the Muenster trio will share a 30 minute program with another FFA farm skills team, beginning at 12 noon. It is not known at this time whether the local boys will appear first or second on the program.

Ralph Maglaughlin, chapter adviser, disclosed Wednesday that the program is one of several to be presented by the FFA regional supervisor. His invitation to the local boys was offered and accepted this week.

Members of the team are Wilfred Klement, Eugene Walter and Billy Whitt. Their demonstration will be on testing for plant food in soil. The team sharing the program will test for organic matter in soil.

## SCHEDULE OF COMING EVENTS

THURSDAY, April 3, Catholic Daughters of America meet in the K of C hall at 8 p.m.

FRIDAY, April 4, Movie, "The Life of Christ," High School Auditorium, 8 p.m. No admission charge.

SATURDAY, April 5, First Saturday, special adoration hour for VFW and Auxiliary members, 6 to 7.

MONDAY, April 7, basketball, Sacred Heart Hi vs. Gainesville High, here, 8 p.m.

MONDAY, April 7, VFW Auxiliary meeting, the VFW hall, 8 p.m.

MONDAY, April 7, Poultry meeting in the public school at 8 p.m. All poultrymen invited to hear A&M specialists.

TUESDAY, April 8, Civic League and Garden Club meeting, in the public school, 8 p.m.

John Bayer and Joe Mages, John Arend of Lindsay and Jack Pittner of Gainesville went to Umbarger last week to help Mr. and Mrs. Edgar Mages move back to Gainesville. Since Friday they are located on a farm south of town.

## LOCAL NEWS BRIEFS

### 100 Pounds Clothes Sent to Flood Area

Muenster citizens contributed about 400 pounds of clothing and three large sacks of shoes in the clothing drive sponsored last week by the local court Catholic Daughters of America for flood sufferers in Arkansas. Mrs. Joe Swirczynski released the information Wednesday when she was preparing the items for shipment.

They will be sent to Rev. Robert F. Boyle of Searcy, Ark., who will distribute them to needy persons.

### SHHS to End Cage Season Here Monday

The Red Sox basketball team of Sacred Heart High will close their season next Monday night when they play a double-header with Gainesville High in the local gym.

The visiting sextet will be seeking to avenge a loss suffered to the Red Sox this week Monday when the teams played two games in Gainesville.

Results of Monday night's games were 28-16 for the regulars and 15-11 for the reserves.

### JOHN PAUL ENDRES HAS BIRTHDAY PARTY SUNDAY

John Paul Endres celebrated his birthday Sunday with a party for 15 little friends at the home of his parents, Mr. and Mrs. Paul Endres. He was 6 years old.

Gifts, games, the taking of pictures, Easter basket favors, and refreshments of ice cream and birthday cake made it a jolly affair for the children.

Special guests were the honoree's grandmothers, Mmes. John Walter and W. H. Endres.

### LOCAL GARDEN MEMBERS ATTEND DENTON MEETING

Four members of the Muenster Civic League and Garden Club, Mrs. Steve Mosler, president; Mrs. F. J. Yosten, vice president; Mrs. Joe Luke, secretary, and Mrs. J. M. Weinzapfel, flower show and pilgrimage chairman, attended the District 2 meeting of Texas Garden clubs last Wednesday at Hubbard Hall, TSCW, Denton. Garden clubs of Denton were hosts for the convention. There were 165 women registered from the 30 clubs in the district.

A luncheon at noon followed the morning business session and the afternoon program featured a lecture by Mrs. B. J. Burger of Dallas, national flower show judge and co-author of the book on "Arranging Church Flowers." She displayed an arrangement in connection with her talk on "Flowers for the Church."

Muenster members will hear a detailed account of the convention at their regular meeting next Tuesday, April 8.

Norbert Mages is settled at his new station and has the following address: Sgt. Norbert F. J. Mages, 3416 Field Maint. Sq., Lowery AFB, Denver, Colorado.

Mr. and Mrs. T. J. Hoffman of Wichita Falls spent the weekend here with his parents and family, the John Hoffmans.

Mr. and Mrs. John Hoffman, Miss Gladys Hoffman, Mrs. Earle Otto and daughter, Elaine, spent Tuesday in Wichita Falls.

Mrs. Joe Swirczynski, S.Sgt. George Swirczynski and Buddy Yosten spent Sunday in Fort Worth with relatives. They visited Ed Swirczynski and family, the Stan and Paul Yostens and the Curtis Hollands.

Larry Hennigan and Mrs. Henry Pick are helping part time with work at the Muenster Hatchery. Larry works after school and on Saturdays and Mrs. Pick works on Monday and Tuesday.

J. P. Flusche and sons, Donald and David, and the Henry Henscheids and family were in Pilot Point Saturday to attend open house at Andy Flusche's Farm Store.

Members of the local FFA and FHA chapters held a joint skating party at the Gainesville skating rink Wednesday night.

Mrs. Sarah Janway spent Tuesday in Wichita Falls with her daughter and friends.

Mrs. W. H. Endres returned Saturday from Rockford, Ill., where she visited her daughter and family, the Joe Gormans, and was godmother at the baptism of her new granddaughter, Dana Marie Gorman.

R. M. Zipper spent Saturday, Sunday and Monday in Hereford visiting his mother, his sisters Mrs. Sally Jesko and Mrs. Carrie Ohlig and their families, and the Charlie Berends.

Arthur Hellman and daughters, Jane and Carol escaped injury last Wednesday night when their car hit a cow on the FM road three miles south of Muenster. The cow, owned by C. J. Fette, was killed instantly and the right side of the car was badly smashed. The cow started crossing the road only an instant before the impact. At the time another car was passing and the driver had no chance to avoid the animal.

### Blessed Events

Mr. and Mrs. Frank Felderhoff are the parents of a son born at Gainesville Sanitarium on March 31 at 1:15 a.m. He weighed eight pounds 13 ounces. His mother is the former Eleanor Schad of Gainesville and the grandparents are the Joe Schads of that city and Mrs. John Felderhoff of Muenster. His name is John Joseph.

Sgt. and Mrs. Herbert Fette of Cheyenne, Wyo., announce the birth of a six pound seven ounce daughter at 5 p.m. on Monday, April 31. The Fettes have one other child, 13-month-old Herbert Jr. Mrs. Fette is the former Lillian Knabe, and Messrs. and Mmes. Albert Knabe and Henry Fette are the grandparents.

Mr. and Mrs. Louis Ford of Rosston are the parents of a daughter born at 4:40 p.m., March 29 at Gainesville Sanitarium. The baby weighed seven pounds five ounces. She has a sister and two brothers and is the granddaughter of Gus Sicking. Mrs. Ford is the former Agnes Sicking.

Cecil Cain and Jackie Reiter are working for Wilde Drilling Company in Denver City.

Light travels faster than sound.

Dry ice is solidified carbon dioxide.

### JUNIOR 4-H GIRLS HAVE COOKING DEMONSTRATION

Members of Sacred Heart Junior 4-H girls club enjoyed a cooking demonstration Wednesday afternoon when Miss Bernice Puckett, county agent, prepared hush puppies and later served them to the group.

Miss Puckett told the story about how the little corn cakes received their name as she deep fried them. Later she distributed recipes. She also gave the girls charts to keep on their cooking. The meeting was held in the seventh grade classroom with girls of the fifth, sixth and seventh grades attending.

During the short recreation period after the meeting the members sang songs led by Norma Jean Walterscheid, Loretta Mages, Carolyn Miller and Hazel Lerner.

Visitor: "And how old are you, little man?"  
Little Bobby: "I'm at the awkward age."

Visitor: "Really? Just what do you mean by the awkward age?"  
Little Bobby: "Too old to cry and too young to swear."

Twenty-six members of the Muenster FHA chapter attended a district meeting in Denton Friday and Saturday. Sponsors accompanying them were Mmes. Gladys Ashlock, Al Wiesman, Bernard Wolf and Dick Cain. All the group stayed for the two days except Mrs. Cain who returned home Friday night.

### LOCAL NEWS BRIEFS

Spending Sunday in the Needham home were Mr. and Mrs. T. J. Adamson of Dallas.

The Bill Biffles of Lubbock stopped for a short visit with the Needham families here enroute to their home in Lubbock after a weekend visit with his parents, the Ernest Biffles in Myra.

Mr. and Mrs. Bill Crow of Archer City spent the weekend with her parents, the Bill Derichswillers.

Mrs. John Swirczynski of Oklahoma City visited here during the week with her sister, Mrs. Maggie Schumacher, and other relatives.

Mr. and Mrs. Charles Meurer of Windthorst spent Thursday here with the John Eberharts, Mrs. John Meurer, the Weinzapfels, and other relatives.

Mr. and Mrs. Sidney Huchton and three sons moved Friday to make their home in San Angelo where he is working with an oil well drilling crew.

Mrs. Orlen Edelen and son, Louis, of Ardmore, and her niece Wanda Joy Patrick visiting them from California, spent Saturday in Muenster visiting Mrs. Ray Evans.

Mrs. Steve Fette and children, her parents, the Joe Swinglers, and Mrs. Al Eberhart, left Sunday to visit Mr. and Mrs. Albert Schilling in Lamesa.

Messrs. and Mmes. Clarence Albers and Eddie Jakubec and their families visited here during the weekend with the ladies' father, Fred Herr and family.

The Bob Swirczynskis and children of Ardmore spent Sunday and Monday here visiting their parents, the Frank Trubebachs and the Joe Swirczynskis.

The Eton Edelens and daughter of Graham and the Johnny Fishers of Elmore City, Okla., were guests in the Ray Evans home Saturday.

Sam Dickerson returned to Davis, Okla., Friday after a visit with his sons, C. L. and A. T. Dickerson.

### GIFT PARTY COMPLIMENTS MISS DELLA HERR SUNDAY

A miscellaneous gift party honored Miss Della Herr, bride-elect of Denis Walterscheid, Sunday afternoon in the parish hall. Hostesses for the occasion were Mrs. Jerome Pagel, Mrs. Lawrence Roberg and Miss Carrie Roberg.

A pink and white color scheme was stressed in decorations. The gift table was covered with a white linen cloth and was centered with a doll bride attired in a white satin and lace dress duplicating the gown the bride will wear at her wedding. Pink carnations spelled the bride-elect's name across the table.

Guests wrote advice to a bride, which the honoree read aloud. Advice given by Mrs. Martin Bayer was considered the best and won the prize. Mrs. George Lutkenhaus drew the door prize. Both were presented to the honor guest.

Miss Herr opened her shower gifts assisted by her chosen maid of honor, Miss Ethel Bayer, her mother, Mrs. Frank Herr,

and her fiance's mother, Mrs. Adolph Walterscheid.

The hostesses served refreshments of strawberry ice cream sodas and pink and white cake squares to about 40 guests.

Miss Herr and Mr. Walterscheid will be married in Sacred Heart church on Tuesday, April 15.

Mrs. John Streng spent last week in Wichita Falls visiting her daughters, Misses Frances and Sylvia Streng. Frances, who underwent surgery on March 18 at Wichita Falls General Hospital, was dismissed from the hospital and was resting well at her home.

# THE MÜNSTER ENTERPRISE

PUBLISHED EVERY FRIDAY—MÜNSTER, COOKE COUNTY, TEXAS.  
 R. N. Fette, Editor — Rosa Driever, Assistant Editor  
 Subscription Rates: In Cooke Co., \$1.50; Outside Cooke Co., \$2.00  
 Entered as second-class matter December 11, 1936, at post office at Muenster, Texas, under the Act of March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of the Enterprise will be gladly and fully corrected upon being brought to the attention of the publisher.

### What Stalin Wants

If you were Joe Stalin and wanted to conquer the United States and thus have mastery over all the world, your first primary interest would have to be this nation's industrial production. It would be impossible to defeat America while her full industrial might is in action. Joe Stalin knows this. He and his politburo and the Communist Fifth Column in America are working now in every conceivable way to cripple American industry. There is a direct way — through arraying employees against employers, provoking crippling strikes and destroying cooperation; and an indirect way — through activities designed to cripple our economic or monetary stability.

If the Communist could engineer a general strike tomorrow and keep our major industries closed down for six or 10 or 12 months, the whole power of the Red airforce would swarm down on our nation, the Red army would move out of Germany and Poland for a sweep across Western Europe, and the Red submarine fleet would begin to make bold strikes at our naval units everywhere. All the satellite armies would be unleashed. And the hour of greatest danger to America would have arrived.

#### STRIKE SABOTAGE

Stalin is realistic enough to know, after years of concentrated effort, that his Red infiltrators in this nation cannot hope to control enough labor unions to bring off a general strike. However, they have demonstrated that they control sufficient strategic forces within key unions to badly damage American production.

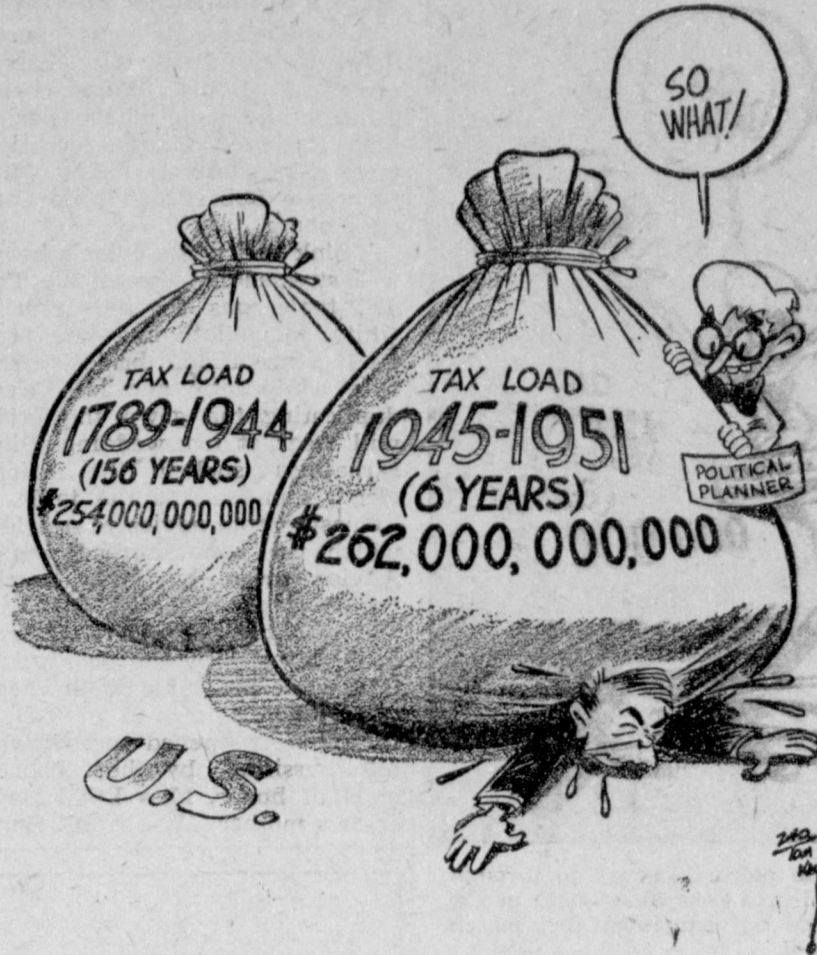

In 1939, during the Stalin-Hitler pact when American arma-

ment production was assisting Britain and France and thus hurting Russian, underground Communist strategists succeeded in closing down certain plants making important war materials through labor disputes and strikes. In his book "Men Without Faces," Louis Budenz, one-time American Communist leader who turned on the Red conspiracy and has been helping our FBI fight it, told how the Communist leadership gave orders for these sabotage strikes.

#### TODAY'S STRATEGY

"Another incident in my memory," Budenz wrote, "is the meeting at the home of Mrs. Meta Berger, in Milwaukee, at which Eugene Dennis ordered Harold Christoffel to strike the men at Allis-Chalmers (Christoffel was president of the Allis-Chalmers UAW-CIO Local 248). It is a matter of record that the strike did take place, that Christoffel and his associates stuffed the ballots for the strike with 2,000 false 'Yes' votes, and that war material of the most valuable kind was tied up for months.

But millions of loyal American industrial workers now have their eyes open and the Communist strike strategy could be only a partial success. So the Communists are putting their greatest effort into indirect sabotage — trying to bring about the collapse of our economic system. Stalin's teacher, Nikolay Lenin, said: "We shall force the United States into bankruptcy." To bring about the downfall of America's financial structure and thus paralyze our industrial production, the 32,000 Red conspirators and their nearly half million fellow-travelers here in America are being instructed to constantly agitate for bigger government spending and ever more hampering governmental interference with industry. If they all could be openly identified they'd no doubt be found to be among the most persuasive talkers in every club or group or organization pressuring our government to expand its spending programs and working for the adoption of fur-

When Will The Bureaucrats Relax The Policy Of SPEND And TAX?

ther socializing measures.

#### PEACE OR WAR

Government spending has already been expanded to a point where billions of borrowed money are being spent and destructive inflation may not be held off even until after this fall's presidential election. Likewise governmental policies have been drastically restrictive on business and industry, hampering normal management practices and giving more and more control into the hands of incompetent politicians and bureaucrats.

Stalin doesn't want a Russian-U. S. A. war at this time. He wants to withhold the full war tide until the U. S. can be more seriously crippled internally. Thus U. S. production is the key to war or peace. If we keep our production going, our business system healthy and expanding normally in private hands; and if we bring common sense into government spending and the handling of our public financial affairs, we will be erecting a long-time blockade against war. Every citizen who loves peace and freedom and is dedicated to the idea of human progress has a stake in seeing that the necessary objectives are achieved.

#### FUNNY PEOPLE

"Some people are funny," mused the man in the bar. "I know a man who hadn't kissed his wife for ten years. Then he goes and shoots a fellow who did."

#### WHAT'S SUCCESS?

"To laugh often and love much, to win the respect of intelligent persons and the affection of children; to earn the approbation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to give one's self; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to have played and sung with exaltation; to know even one life has breathed easier because you have lived—this is to have succeeded."

#### FIFTY-TWO MILLION MOTOR VEHICLES IN '52

An estimated 52 million motor vehicles were on U. S. roads at the beginning of 1952. This includes about 43 million automobiles, and nine million trucks and buses. The 52 million registrations represent an increase of six per cent over the end of 1950. It is now theoretically possible for every man, woman and child in the United States to go riding at the same time.

"Did you lose a half-dollar, Mister?" asked the small boy. "Why, yes, I believe I did," the man answered as he put his hand into his trouser pocket. "Have you found it?" "Oh, no I'm just finding out how many were lost today. Yours is the thirty-fourth so far."

### Error About God Cannot Be A Private Affair

WHAT MEN HAVE believed about God has caused more wars and fiercer wars than any other thing whatever. Rivers of blood have flowed because of what men have believed about God.

And now, suddenly, it has become modern man's own private affair.

Obviously this can only mean that modern men do not believe anything very intensely about God, or, if they do, are not likely to do anything extreme about it.

One remembers the men whose God was Moloch. They believed that he must be placated by casting little children into a furnace, and they placated him.

One remembers the thugs whose god was a goddess, Kali. They believed that she was pleased when they strangled men in her honor, and they did their best to please her.

OBVIOUSLY IF people believe in deities like Moloch and Kali, even the most broadminded will feel that it can hardly be dismissed as their own private affair, for the simple reason that belief in Moloch or Kali would have a considerable effect upon the children to be burned and the men to be strangled.

But belief in the true God has a total effect upon everything! Error about God, therefore, cannot be a private affair. Error about God can only lead to a diminished and distorted life for everyone.

Suppose that a man refuses to believe in the existence of the sun. He will of course be ready with a theory to account for the widely held view that the sun does exist. However ingenious his theory or however excellent his character and intentions, he would be wrong about day and night, about the seasons, about

the moon, the stars, the weather. He would be in danger of sun-stroke.

IF HE PERSUADED large numbers of people that the sun did not exist, his private error would be in a fair way to becoming a public nuisance; and if he were the captain of a ship, passengers' lives would not be safe with him. You could not discuss astronomy with such a man.

Similarly, you cannot discuss the purpose of life with a man who denies the existence of God. You cannot discuss the problem of suffering, or the existence of the world, or man's dignity and

rights, or the moral law, or the sacredness of marriage, or the brotherhood of man. You cannot profoundly collaborate in human affairs, in social problems, or education, with a man who denies the existence of God.

YOU CANNOT simply agree to omit God from the collaboration for the sake of argument, any more than you could agree to omit the sun from navigation. The sun is a fact and essential to navigation.

God is a Fact and essential to everything.—by publisher Frank Sheed.

From where I sit ... by Joe Marsh

### Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked.

Judge explained how his wife had gone on a trip, taken his keys by mistake—and now he couldn't get in the office. So we went fishing.

Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained. "They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

"Great little woman, the wife. You can always count on her. Let's go!"

From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness ... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.

Joe Marsh

**PRESIDENTIAL BATTLEGROUND**—Come July the International Amphitheater in Chicago will be the battleground for delegates to the Republican and Democratic national conventions. To offset the heat, both natural and politically generated, a system of 13 cooling arches is being installed. One of the arches, 200 feet long, can be seen in the background spanning the top of the building.

**NEW ROMAN TORTURE**—A prospective woman driver holds a wheel which regulates a pencil traveling across a twisting "paper road," at Rome's Institute of Technical Psychology. The test is designed to show the aptitude and speed of adjustment of drivers and is given free by the institute.

**MARY JOYCE PELS HAS PARTY ON BIRTHDAY**  
 Little Miss Mary Joyce Pels celebrated her birthday on March 26 with a party for a group of friends at her home. Her mother, Mrs. Ed Pels, directed games, presented Easter favors to the children and served refreshments of birthday cake, ice cream and cold drinks. Mary Joyce was seven years old. Presenting gifts to the honoree and enjoying the afternoon were Martha Sue Meurer, Annet Knauf, Joyce Haverkamp, Bernadette Yosten, Joanie Kaiser, Lillian Owen, Dianne Horn and Eunice Knauf.

Water was first piped into the White House in Washington from a well in 1833. He who keeps his mind on his work, goes ahead; he who keeps his work on his mind goes nuts.

**LOCAL NEWS BRIEFS**

Maynard Williams and Dub Wylie, students at Midwestern University in Wichita Falls, had Monday off from classes, and visited relatives and friends here.

Miss Marianne Luke, a student nurse at St. Paul's Hospital in Dallas, was here for a weekend visit with her parents, the Ben Lukes.

Miss Gladys Hoffman is a new part time employee at the Wilde Chevrolet Garage.

The Al Yostens and children, Bobby and Judy, drove to Celina to visit her parents, the Joe Tischlers, Sunday. The Yostens and Tischlers drove to Pilot Point for dinner with the Joe Pelzels. Other guests in the Pelzel home were the Mike Schillings and Albert Henscheids.

Misses Samantha Wilson and Linda Hatcher of Gainesville spent Sunday as guests of Miss Bernice Walterscheid.

Mr. and Mrs. J. W. Fletcher and her mother Mrs. F. M. Shiflet, 86, spent Sunday in Mineral Wells with the Fletchers' son, Jack and family.

Glenn Hellman, a student at ETSTC in Commerce, spent the weekend with his parents, the Arthur Hellmans.

Miss Therese Herre left Tuesday for a visit with her sister, Mrs. Earl Shepherd and family in Dallas.

**IDENTIFICATION**

President—"Why did you engage that man as cashier? He squints, has a crooked nose and outstanding ears."

Manager—"Of course. He will be so easy to identify if he ever takes off with the till."

**FOURTH DEGREE KC'S HAVE MEETING IN WICHITA FALLS**

The regular quarterly meeting of the Fourth Degree Knights of Columbus, Bishop Dangelmayr Assembly, was held in Wichita Falls Sunday afternoon with J. M. Weinzapfel, faithful navigator of the assembly, conducting the meeting.

Plans were made for an exemplification of the fourth degree on June 1 in Dallas and invitations are now being mailed to eligible third degree members to join at that time.

Twenty-two members of the assembly attended the meeting including Rev. Louis Deuster, Rev. Thomas Weinzapfel, J. C. Trachta, Jos. Fisher, Herbert Meurer, Charley Hellman, J. P. Flusche, J. W. Fisher and J. M. Weinzapfel from here and Adolph Herr of Wilson, Okla.

The next quarterly meeting will be held in Muenster on June 29.

**PROGRESS CLUB ENJOYS PICNIC AT MARYSVILLE**

The Marysville Progress Club enjoyed a picnic supper at the community building Wednesday evening. About 100 persons were present.

After supper a musical program was presented by Clyde Stiles, his daughter Miss Veloria, and Miss Christine Decker and Bud Forester, all of Gainesville.

T. S. Embry and sons of Gainesville showed pictures on progress in livestock feeding.

Mrs. Jack Biffle, Mrs. Marie Stiles of Gainesville and Buford Whitt won door prizes.

Among visitors present were Rev. and Mrs. Joe Funk and children of Denton.

"Tell me what precautions are being taken at this camp to keep the water supply pure," demanded the new Inspection Officer.

"We filter it, boil it and put it in Lister bags, sir, promptly snapped the old Master Sergeant.

"That's fine!"

"We add a double dose of chlorine, too."

"Perfect, perfect!"

"Then, to be on the safe side, we always drink beer."

**LINDA LEE DICKERSON HAS BIRTHDAY PARTY**

Mrs. C. L. Dickerson entertained with a birthday party at her home Friday for her little daughter, Linda Lee, who was nine years old.

Guests presented gifts to the honoree and spent the afternoon playing games after which they enjoyed refreshments of birthday cake, ice cream, punch, Easter candy and gum.

Present were Linda Hammer, Jimmy Ray and Kenny Cain, Mildred Dennis, Sharon McGowan, Patricia West, Roger Fleitman, Billy Owens, Mary and Gary Dickerson, Butch Hammer and the honoree and her brothers, Ronnie, Jimmy and Larry.

The Empire State building in New York has 102 stories and is 1,250 feet high.

**ARCHAEOLOGISTS NEED NOT APPLY**—Closely resembling an archaeologist's dream of a well-preserved ancient building, a new foundation for a 42-foot vertical boring mill lies completed at the General Electric works in Schenectady, N.Y. The base, which weighs about 1100 tons, will support one of the largest known removable rail-type mills ever built. It contains some 100 tons of steel and 560 cubic yards of concrete.

President Truman uses middle initial S., but has no middle name.

"Waltz a little faster, dear, they're playing a rumba."

Local  
**NEWS**  
Briefs

Lt. Rita Voth and her sister, Mrs. Andrew Zimmerer, arrived in San Diego Calif., Saturday

night after an enjoyable car trip that included sight-seeing enroute. Last Thursday they visited in Douglas, Arizona, with the Emmet Fettes, had dinner in their home and joined them on a tour of places of interest including a visit to Old Mexico. Lt. Voth, a navy nurse, is stationed in San Diego. Mrs. Zimmerer will return home after her sister is settled and they see places of interest in and around San Diego.

Mrs. C. J. Fette and daughters Mmes. Tony Trubenbach and Herman Hartman, returned last week from a visit in San Antonio with their daughter and sister, Mrs. Tim Stormer and family and made the acquaintance of the Stormers' new son, David, who joined the family on March 24.

Guests in the M. H. King home Sunday were Mrs. Jewel Trew of Valley View and the Joe Luders and sons of Hood.

Urban Endres and Al Horn made a business trip to Hot Springs, Ark., Monday.

The Doyle Hoods are driving a new Dodge Wayfarer two door sedan.

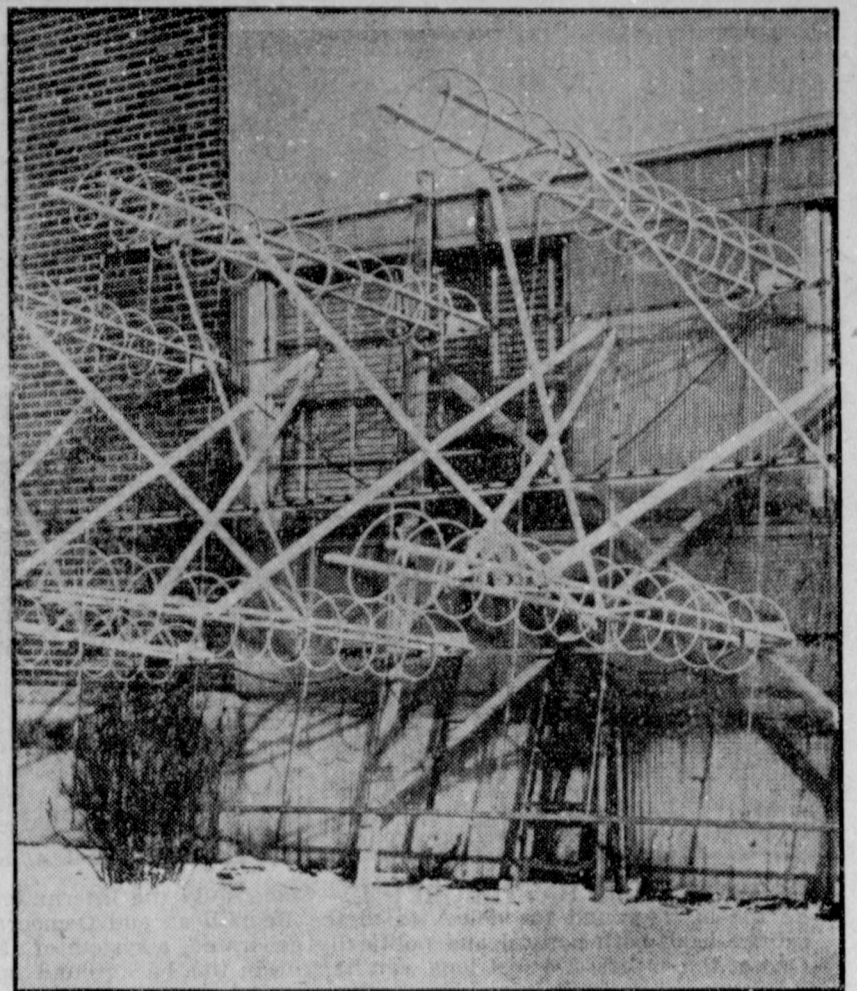

Mr. and Mrs. J. B. Wilde and Jack Reiter returned Tuesday from Denver City where they had been since Friday. J. B. was there in the interest of his drilling rig which was moved from Mineola last week. Jack helped with the moving.

Miss Theresa Luke returned home Monday from a week's visit in Hereford with her sister, Mrs. Mike Koelzer and her brother, Carl Luke and their families. One of the high spots of her visit was an outing at Paloduro Canyon and Buffalo Lake. Miss Luke made the trip to Hereford in company of her niece, Miss Adeline Koelzer who stopped here on March 17, for a visit with her sister, Mrs. John Herr, enroute to her home in Hereford after a trip to Alabama and Pensacola, Fla.

Donald Muller of Fort Worth and his aunt, Mrs. Eva Gottlob of Azle, spent the weekend here with the former's parents, the Matt Mullers. Donald, who is nearing completion of a business course has gone to work in the office of a freight line in Fort Worth and is continuing his business course at night classes.

H. J. Weinzapfel of Windthorst spent the early part of this week here with his son and daughter, J. M. Weinzapfel and Mrs. Tony Gremminger. He came to Muenster Sunday night in company of the Weinzapfels and Mary and Mrs. Gremminger who spent Saturday night and Sunday in Windthorst, Scotland and Wichita Falls.

Misses Rita Hoenig and Therese Herr returned to Muenster last Thursday after completing three-month courses in airline personnel training in Omaha, Neb. Miss Hoenig has accepted a position with Braniff Airways in Dallas as a teletype operator in the communications department and will begin her work on April 16. Miss Herr has been offered a position in Washington, D. C., but has not fully decided to accept it. She is hoping to get work somewhere closer to home. Meanwhile the girls are with their parents, the Joe Hoenigs and John Herrs.

**COLUMBUS LISTENING POST**—The curlicue tubules jutting from the wall are parts of a radio-telescope designed by Dr. John Kraus of Ohio State University at Columbus. Dr. Kraus hopes to pick up radio signals from stars 1,000,000 light years away from the earth. He says the signals produce a "frying sound" on the "space ear."

**TOO LATE, SORRY!**

A man who had been commissioned received a wire from the medical board several days later. "Regret to inform you," it read, "that tests show you have tuberculosis and heart trouble." An hour later another wire came, saying, "Please disregard last wire. Your record confused with that of another candidate." The relieved officer wired back, "Sorry but your correction came too late. I committed suicide forty minutes ago."

**JUST TOO MUCH**

Employee—"I'd like to ask if I may have a day off next week. My wife and I will be married 25 years, and our children are planning a celebration." Manager—"Well, I shall have to consider your request. We don't want to make a habit of this sort of thing. Why, I don't doubt that if I give you the day off this time, you'll want another when you celebrate your 50th anniversary."

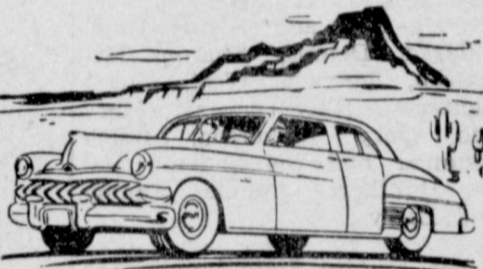

**VERY FRANK**

**YANKEE DOODLING**—Tired of standing while waiting for a bus in St. Petersburg, Fla., vacationing Chicagoan Ralph Loucks erected a bench near his home where he now waits in comfort. City budget officials just smiled at both the bench and Louck's inscription.

Thursday in Dallas attending the Garden of the Americas flower show. Miss Lonia Gieb of Lindsay has joined the army nurses corps. New arrivals: Roger Fleitman, Leona Hacker, Sheldon Lutkenhaus and Kenny Fette.

**5 YEARS AGO**

April 4, 1947  
 Next week set for first performance of Muenster rodeo. Coralee Fuhrman is Muenster duchess for Gainesville Circus Roundup. George Loeffelholz, community pioneer, dies in Norman, Okla. Cheese plant office moves to new upstairs location. Quiet city election okayes 4 unopposed candidates: Mayor J. M. Weinzapfel and Aldermen Andy Hofbauer, J. A. Fisher and Dick Cain. Stamp No. 11 will get 10 pounds of sugar. Parochial pupils honor Father Herman on patron saint's day. Highway Patrolmen Berkley and Banks give safety lecture at PTA meeting. Jimmy Fette is recovering from whooping cough. Aubrey Jones joined the staff at Endres Motor company this week. Mr. and Mrs. Bomar Woods announce the arrival of Don Michael and the Herbie Bezners also announce the birth of a son. Mrs. Herman Luttmer is up and around after being ill since the middle of March.

**MARYSVILLE HD CLUB  
 LEARNS ABOUT PATTERNS**

The Marysville Home Demonstration Club held a regular meeting Friday with Mrs. B. G. Lyons as hostess. Fifteen members and four guests were present to see Miss Bernice Puckett, county home demonstration agent, show the correct way to measure and alter patterns. Mrs. Earl Robison, president, conducted the business session. Representatives of the Gainesville Register and Boyd and Breeding Studio were present to take pictures of the group gathered around the dining table. It was laid with a white linen cloth and was centered with an arrangement of spring flowers. The main discussion centered around cookies prepared from a special recipe by Mrs. Lyons. Sandwiches, salad, ice cream, hot and cold drinks were served along with the cookies after the meeting adjourned. Mrs. Jesse Davidson will be hostess for the next club meeting.  
 Much as we hate to admit it, most men develop into pretty good husbands in spite of the material their wives have to work with.

**Soil Conservation  
 Notes**

Operations Waterway got an assist from the weatherman this week and shifted into high gear. A farm waterway is a natural or constructed water course that has been sodded to permanent grass for the purpose of disposing of run-off water without soil erosion. The sodding or seeding of waterway strips becomes a necessity when fields are to be protected by the construction of terraces that have no pasture outlets. Waterway pasture strips provide that safe outlet for terrace water.

Joe Wilde has just finished sodding a ten acre waterway along a natural drain on his farm near Hays. When established to grass the waterway will offer safe outlets for terracing about 80 acres of sloping farmland. In addition it will offer extra grass for pasture and stop erosion on the drain from damaging the field area. Wilde is also sowing sweet clovers on nearly 200 acres of the farm for grazing and soil protection and improvement. He used the district-owned sprig planter to plant the Bermuda grass roots on the waterway and a district combination grain-fertilizer drill to sow the clover.

Leo and Eddie Schmitt also used the district sprig planter to put Bermuda grass roots on three waterways on their farms northeast of Muenster.

Charles Cler and his sons, Alvin and Ray, have seeded a six acre waterway to King Ranch Bluestem on the farm a mile north of Muenster. This high producing, erosion resistant grass was seeded on a natural water drain and will serve as a safe outlet for terraces that will protect the field area. The grass will be used as a hay meadow when well established. This planting is a fine example of a district cooperator using his land for a crop that it is best suited for and treating the land in accordance with its needs for protection and improvement.

Alfonso Luke has seeded a waterway on his farm to KR Bluestem and has also made a pasture planting of this grass. Herman Zimmerman has sown 10 acres of KR on the farm he operates for the Danglmayr Brothers.

J. W. Hess, Tony Felderhoff and Al Wiesman are some of the other cooperators of the Upper Elm-Red Soil Conservation district who have planted this yellow bluestem grass for pasture and meadow.

**PENSIVE MOOD**—Matching the pose of a pensive statue in the Luxembourg Gardens of Paris, a hard-thinking Sorbonne student applies himself to his studies. A sure sign of the coming of spring are students who take advantage of warmer weather to study outdoors.

## Local NEWS Briefs

Little Butch Cannon of Dallas is visiting his grandparents, Mr. and Mrs. Sam Epps at Myra.

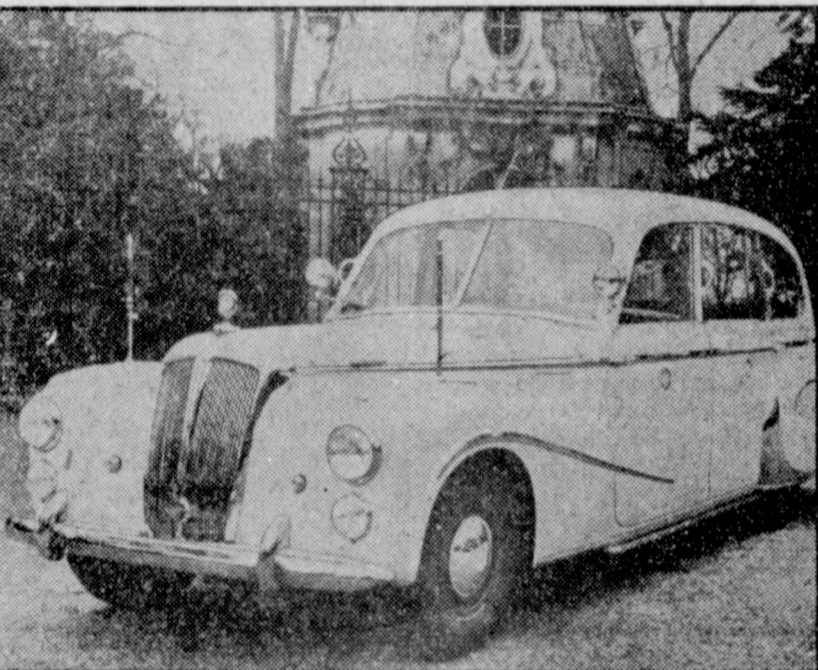

In a recent letter Mrs. Joe Hirschy told her daughter, Mrs. Jimmy Lehnertz, that her aged uncle, Gus Bluntzer, is showing some improvement after being seriously ill with a heart ailment. Mrs. Hirschy has been helping care for him and at the time of her letter wrote that she did not know when she would return to Muenster.

Joe G. Cooke of Andrews, Texas, spent several days of the past week visiting his mother, Mrs. J. H. Cooke, and his brothers, Reeve and Don. Joe was recovering from a back injury received several weeks ago while doing oil field work. He had just been released from the hospital.

Mr. and Mrs. Harold Cooke and children of Fort Worth were here for a weekend visit with his parents, the Don Cookes. They spent Saturday fishing and helped Harold's mother celebrate her birthday Sunday. Gifts, a birthday cake and all the trimmings made it an enjoyable day for the honoree.

JUDSONIA, ARK.—Their homes among more than 2,000 Arkansas and Missouri homes destroyed or damaged by March tornadoes, these men, like thousands of storm victims, turn to the Red Cross for help. After emergency needs for food, clothing, medical care and shelter are met, Red Cross workers will stay on the job until rehabilitation needs of more than 1,600 families registered for help in these two states are determined. Based on need, Red Cross will assist in repairing and rebuilding homes and providing furniture. Of the nearly 500 persons hospitalized by tornado injuries, many will need Red Cross help with medical bills. All this Red Cross help, expected to run into millions, is a gift given by the people through the Red Cross fund campaign.

**FIT FOR A KING**—On its way to King Ibn-Saud of Saudi Arabia is this Saoutchik-Daimler "straight-eight" which was tailored especially for the oil-rich monarch. Special rear springs were needed to bear its 3 1/4-ton weight. The vermilion-covered leather seats can be converted into beds. It has a built-in bar, and for the convenience of guards, it sports sliding running boards and hand grips. The limousine was built in England.

Mrs. L. B. Warner has returned to her home in Myra after spending a month in Fort Worth with her daughter, Mrs. Ray Goodwin and family.

Cleta Sue Cannon and Belva Jean Samples went to Denton Saturday with the FHA chapter from Saint Jo. Cleta Sue was installed as district reporter for the chapters.

The Charles Crabtrees and Corky of Bulcher spent the weekend in Healdton, Okla., making the trip with his brother, Milton, who returned home after a visit in the Crabtree home.

Belva Jean Samples of Bulcher attended a birthday party in the home of Mr. and Mrs. Weldon Cowan at Saint Jo last Wednesday night. The party honored Travis Faye Cowan.

S. W. Cannon of Olton, formerly of Muenster, was back for a weekend visit with his brothers, Claude, Alec, Calip, and Olen, and his sister, Mrs. R. J. Samples.

Mrs. August Hyman, route 3, Muenster, visited her sister, Mrs. Guy Giles and family in Wichita Falls during the weekend.

Mrs. J. M. Shields returned from San Angelo Sunday after a visit with her son, Gene, and family, to make the acquaintance of her new granddaughter.

H. A. Chester and Jack Atteberry of Commanche, Okla., are visiting in the Jimmy Atteberry home at Bulcher this week.

Mr. and Mrs. J. W. Maddy of Brentwood, Calif., visited her cousins, the Jim Sharps, at Bulcher last week.

Guests in the E. Newby home Wednesday were his brothers, V. Newby of Throckmorton and C. A. Newby and wife of Alvord. During the weekend the Newbys had their children, with their families, as guests. Present were the J. W. Newbys of Henrietta, the C. Rowses of Denton, and the B. R. Dennises of Gainesville.

**LEAGUE-GARDEN CLUB TO HAVE MEETING TUESDAY**

Members of the Muenster Civic League and Garden Club are reminded of their regular meeting to be held next Tuesday, instead of the regular meeting date. The date was moved forward so as not to conflict with Easter Monday activity.

The meeting will be held in the vocational agriculture classroom at the public school and will feature a talk by Mrs. Joe Luke on Rose Diseases and their Treatment, an iris discussion by members, and a report on the spring meeting of District 2 Garden Clubs in Denton last week. The time is 8 o'clock.

**MHS Will Compete In Scholastic Meet Friday at Saint Jo**

Though starting second place, students of the Muenster public school will be striving for top honor at the district Inter-scholastic League literary and athletic meet to be held in Saint Jo all day Friday.

Superintendent Cowan said Wednesday that the local school will have entries in practically all events.

Other schools participating are Saint Jo and Callisburg. Forestburg and Prairie Valley, also members of the district, have advised that they will not take part in the meet.

Events in which the local students plan to compete and the classification of children eligible are as follows: (Figures indicate grades, HS indicates high school, Sr. indicates over 15, Jr. indicates under 15.)

Story Telling, 2 & 3; Ready Writers, HS and grades; Spelling 5 & 6, 7 & 8, HS; Number Sense, 7 & 8, HS; Picture Memory, 4 & 5; Debate, HS; Typing HS; Extemporaneous Speech HS; Declamation, Sr. boy, Sr. girl, Jr. boy, Jr. girl.

Softball Sr. boys, Sr. girls, Jr. boys, Jr. girls; Tennis, Senior boys and girls in both singles and doubles; Volleyball Sr. boys and girls.

Track and field events are divided into Junior and Senior divisions. Muenster will enter the following junior events: 50 yard dash, 100 yard dash, 440 relay, high jump and broad jump. Muenster will enter the following senior events: 100 yard, 220 yd., 440 yd., and mile runs; 440 and mile relays; pole vault, high jump, broad jump, shot put and discus throw.

**Flusche Opens New Store in Pilot Point**

Andy's Farm Store at Pilot Point had its formal opening Saturday with an all-day open house celebrating completion of the rebuilt building which replaces the one destroyed by fire last October. Andrew H. Flusche, owner and manager of the business, is formerly of Muenster.

The October 3 fire destroyed nearly all the original wooden part of the buildings and thousands of dollars worth of merchandise. Reconstruction work began about a week after the blaze. With Henry Berend of Pilot Point Planning company as contractor, Andy has constructed larger show rooms and warehouses. He handles "almost everything" — feed and fertilizers, hardware, plumbing supplies, refrigerators, etc., with an accent on his own brand of farm feeds, custom grinding and molasses mixing.

Flusche went to Pilot Point in Dec. 1938 to become associated with his brother, J. P. Flusche, in the feed and grocery business after disposing of his oil field trucks here. The brothers operated the business as a partnership for 18 months. In Dec. 1939 they discontinued the grocery line. The following March Andy purchased his brother's half interest and has been sole owner since.

**PRESERVE PAINT**

Almost every householder has had the experience upon reopening a half-filled can of paint, of finding a film confronting him. To prevent this skin of iodized paint from forming, try this trick next time you store away a partly-used container of paint: Hold the lid almost closed, and blow your breath into the can through the small crack that's left. Then close the can quickly. This will replace oxygen-containing air with carbon-dioxide.

Bats do not lay eggs, but give birth to their young, alive.

Mrs. Ed Schad underwent surgery at Gainesville Sanitarium Friday.

### Lindsay News

Mr. and Mrs. Joe J. Neu and family were in Pilot Point Saturday for the formal opening of Andy Flusche's Farm Store. Andy is Mrs. Neu's brother.

Mr. and Mrs. Albert Hoelker are the parents of a daughter born on March 31 at 12:25 p.m. at M&S Hospital. She weighed eight pounds four ounces. Mrs. C. Hoelker is the paternal grandmother.

Mr. and Mrs. Carl Beyer and daughters, Carol Ann and Pamela, of Fort Worth spent Sunday with his mother, Mrs. Adam Beyer, in whose home other members of the family gathered in the afternoon for a reunion. Carl returned to work Monday morning for the first time in almost a year. Since last May he had been a patient at the veterans hospital in Kerrville where he underwent major surgery. He was dismissed from the hospital last week.

Susan Bengfort, baby daughter of the Leonard Bengforts, is recovering satisfactorily from a mastoid infection that caused serious illness. Her parents took her to Muenster Sunday for a

**OUT FOR A SPIN**—Mrs. Eleanor Roosevelt tries out an Indian "charka" or spinning wheel during her recent visit to the Harijan colony in New Delhi, India.

visit with her grandparents, the John Herrs.

Cooperators of the Upper Elm-Red Soil Conservation district who have recently established grassed waterways include Joe Hacker, John Popp and C. S. Strauss.

The Robert Beyers and twins, Gary Wayne and Mary Jane visited Sunday with her parents, the Joe Vogels and family in Muenster.

Second Lieut. Alfred Kuhn left Monday for Fort Mead, Va., after visiting his parents, the Jake Kuhns, since March 23. He received his gold bars at commissioning exercises for army officers at Fort Riley, Kansas, on March 22. At Fort Mead he will attend Quartermaster school for three months.

Sister Henry Ann of Abilene arrived Sunday and spent until Thursday with her parents, the Mike Fuhrmanns, and her brother, Arnold Fuhrmann at Gainesville Sanitarium. Sister Henry Ann is a nurse at St. Ann's Hospital in Abilene.

Mr. and Mrs. Al Moosberger and daughter, Rose Marie, of Austin are planning to be here for the Easter holidays for a visit with her mother, Mrs. C. Hoelker.

The E. J. Corcoran family, formerly of Los Angeles, Calif., recently moved to Baldwin Park, Calif., where they are at home at 4005 N. Mercedes Ave. Mrs. Corcoran is Mrs. Joe Bezner's daughter.

Mrs. Herman Fleitman of 1511 North Weaver Street, Gainesville, formerly of Muenster, had an operation Saturday at Gainesville Sanitarium.

### Confetti - - -

make the consolidation effective.

Applying that to Muenster's case, it is possible, as the Register article mentions, that our district can be absorbed by Gainesville. Suppose Muenster fails to maintain a school that meets state requirements. The county board then has the power to annex the district to Gainesville. In the vote that follows both districts vote as one unit, for or against consolidation. Naturally Gainesville can outvote Muenster, so it can annex the district whether Muenster likes it or not.

It's something to think about. From where it stands now the Muenster district can deteriorate itself out of existence or it can develop into an outstanding system competing with Gainesville for the annexation of those districts which fall by the wayside. What way it goes depends upon the people of Muenster.

In that connection it might be well to note that local interest is best served by having the best possible representation on the county school board . . . and Muenster now has a chance to improve its representation on the board.

In Saturday's school election Earl Robison is a candidate for trustee at large on the county school board. He is a resident of our district. He is known to all of us for his integrity and ability. He's a man who deserves support not only for his own merits but also for his faithful interest in our district. On every count he is our logical choice for the job.

But let's bear in mind that just preferring him is not enough. No one knows how close the race will be. No one knows how much local support will be needed to elect him.

So let's do the best we can in his behalf, and, incidentally, in our district's behalf. Let's go to the polls in droves and give him a good stout lead in his home district. Who knows, it may take a heavy local vote to elect him. If that's the case, let's

not be caught short. In any event, let's give Earl a big vote of confidence.

### Changes Increase Space at Pagel's

Improvements that will add an estimated 30 to 35 percent of grocery space are now under way in Pagel's Store.

Some space was gained by moving a meat counter nearer the back of the store and moving a refrigerator into the store room. A hole was cut in the wall and the refrigerator front, opening in the store, is flush with a wall. Additional space is being gained by replacing old racks with racks of newer design. Three are finished and three more will be added. Jake and Maurice are building the racks.

### Whitesboro Trims MHS Nine 16 to 0

Muenster High's hopes for the 1952 baseball season took a nose dive last Friday when the local nine was swamped 16 to 0 by Whitesboro's team, which is made up mostly of veterans from last year's bi-district championship team. Muenster players did not have a chance against the superior hitting and fielding of the Whitesboro boys.

Next on the local schedule is a game here with Krum next Monday. Originally set for Friday, it was changed to avoid conflict with the district Interscholastic League meet at Saint Jo.

Texas represents 1/2 of the entire U. S.
