Farmers Return to Field Work After Long Rainy Season

With the return of dry weather, activity on Muenster farms shifted into high gear this week. The color of the countryside is undergoing a rapid change as vegetation is being replaced by fields.

On an average plowing is about 3 months behind schedule. Stubble land that is normally turned under shortly after harvest was mostly untouched until the beginning of this week when many of the farmers started that time. rushing their preparation for the next grain crop. Even the few acres that had been plowed earlier need another treatment to get rid of the weeds and johnson grass which grew profusely all summer.

In many cases the long overdue plowing job is still being delayed by gathering the remnants of what a few months ago was regarded as one of the best corn crops in the history of the community. In that respect, too, the persistent rain has taken its heavy toll. After maturing much team will be minus the help of of the corn sprouted in its husks. Silo filling likewise is behind

Ball Team Closes Successful Season

Baseball suits here were packed away Sunday after the boys handed a 4-0 shutout to the Forestburg-Rosston combination in the third game of a 3-game series.

The contest was mostly a 3 up and 3 down affair except the opening inning when the local boys blasted Bob Felker for 5 hits and 4 tallies before he got settled down. After that he allowed only 3 scattered hits for the rest of the game. Mike Luke and Buck Knabe, dividing the piching chore between them allowed a total of 5 scattered hits for the game.

The previous Sunday at Forestburg Muenster came out second best in a pitching duel between Knabe and Felker. The count was 6 to 5. In the first game of the series the local boys swamped their visitors 15 to 1.

During the season of 16 Sunday games the boys marked up a total of 10 wins, 5 losses and 1 win by forfeit. In the T&O League they took 8 out of 10 to enter the play-off, in which they were eliminated by losing 2 out of 3 to Fleetwood, After the league schedule they won 2 out of 3 from the Forestburg-Rosston team.

We Need A Revolution

Every American should read and be able to repeat in substance that immortal document, The Declaration of Independence, among whose pronouncements we find these words: "...when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them (the people) under absolute despotism, it is their right, it is their duty, to throw off such government and to provide new guards for their future security."

Those words, on July 4, 1776, referred to the abuses and usonies whom he was reducing And, thank God, they took that step to the immeasurable ben-

Our real enemy is not someone bearing force / of arms, threatening us with bombs, tanks and planes. For we have ourselves shared in the movements and growing forces which created those armed minions and invited their attack.

Our real enemy is Mammon an old-fashioned concept now with many of our brilliant selfdeceived leaders in industry, labor, state, school and even church-the materialistic Mammon who comes with a "long train of abuses and usurpations, pursuing invariably the same object,. . .absolute despotism. . . over the people of the world.

We must recognize the genius of Mammon in proselyting for his cause among the very people whom he has set out to destroy. We see him winning leaders who mouth hypocriticies in the name of "welfare" and use the credulous covetousness of the masses to keep themselves in power.

We see cleverly tempting "emancipation for women", to blind them to the dangers of illicit indulgence. Witness the horrible spread of divorce among our people. And liberty is turned into license with promises of the 'more abundant life" at the cost of those whom we envy.

We see education on the verge of prostitution to federal aid ing distorting our conclusions.

The answer is not in economics, nor in politics, but in religion. Nothing less than an organized revolution, with the overthrow of Mammon and the subsequent enthroning of God in the hearts of men, can save mankind from destruction.

Farmers Reaching 65 Urged to Check On Social Security

Farmers, farm hands and farmers' wives should not let that fact keep them from going to the Dallas office of the Bureau of Old-Age and Survivors Insurance when they are 65 to inquire if they can file claims and receive federal retirement in-

Under the new federal insurance law, any farmer or farm hand, or farmer's wife who has worked in covered jobs at any time after 1936 long enough to earn six quarters of coverage is now fully insured. Six quarters of coverage could have been earned in a year and a half. They could have been earned in less time if the work was properly spaced. Also the new law gives credit for military service.

Millions of farmers and farm hands and many of their wives worked in covered work during the war. Many others served in the military. And others have worked at covered jobs at other times since 1936. All of that war work, military service, and other business jobs has earned quarters of coverage. Thus you see how large numbers of farm folk are now fully insured under the new law.

This means that when a farmer, a farm hand, or a farm wife dies or reaches age 65, a contact should be made with a representative of the Bureau of lief, the two sections do not join Old-Age and Survivors Insurance to learn if Old-Age and snake or lizard grows a new tail. Survivors Insurance payments This is common among many are due. It may be that he or she has worked at covered jobs or had military service long enough to be insured under the new law. If they have worked long enough to be insured a lump-sum can be paid and monthly payments, too, might be due.

A representative of the Bureau of Old-Age and Survivors Insurance, Mr. Franklin Thompson will be in Gainesville on October 10. You can meet him at the Post Office from 8:30 a.m. to 11:00 a.m. if you wish to file claim for your federal insurance.

Biggest Fair In State's History To Open Saturday

Ready to open its gates in Dal las Saturday (Oct. 7), unveling it's long-heralded Mid-Century Expositon, the 1950 State Fair of as for OCTOBER, 1950. Texas appears destined to produce the biggest splash in its 65-year history and topple all its own previous world's records for state fair attendance.

More than 2,225,000 visitors are expected to throng the 187-acre, \$35,000,000 showgrounds during the fair's 16-day run, Oct. 7-22.

The strong appeal of this edition, officials point out, is due to the most exciting lineup of special events, entertainment and educational attractions ever offered by a state fair, and to the Mid-Century staging which offers "a nostalgic salute to the first half-century and a fascinating preview of the second."

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B., B., Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

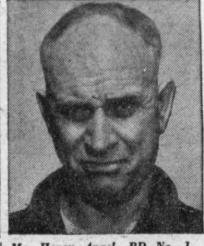

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADA-COL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HAD-ACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gás pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this cies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADA-COL I had aches and pains of COL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deneuritis pains due to such de-ficiencies. HADACOL often brings a wonderful improve-ment within a few days' time.)

Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results . . . she has a much better appetite and a strength of the st tite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great builder-upper for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement is their well being the significant of their statements. provement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neu-ritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart day." (Now there's a smart man! Mr. Angel took HADA-COL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADA-COL a chance to help you? Start taking it today!)

Vitamins B., B., Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50.

@ 1950, The LeBlane Corporation

IMPORTANT: Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptometric relief—because now it's possible to relieve the CAUSE of such eficiency sickness with that wonderful new HADACOL, HADACOL not only supplies deficient systems with extra quantities of

and the ball was kicked again from the 15, and the Warriors started again from the Hornet 43 as the quarter ended.

Wylie's interception of a Warrior pass on the second play of the second quarter momentarily changed the trend but two short gains were lost by a fumble behind the line and the Hornets had to kick.

Starting from the 32 the Warriors appeared to be on another march, but a fumble recovered by Yosten on the Hornet 36 marked the turning point.

A short gain for 3 was followed by a toss Yosten to Aytes for 14. Walterscheid, Hellman and Yosten alternated in stepping off neat yardage for three more first downs and Yosten went over for the touchdown.

For the remainder of the half Valley View kicked after failing to gain, Muenster lost the ball on an interception, Valley View lost it on a fumble and Muenster completed a down as the half ended.

The Hornets came back strong in the second half as Hellman and Yosten romped from their 39 to the Warior 8 in 8 plays but the Warrior defense plus a 5 yard penalty were too much and they lost the ball on downs on the 3. On the next play the Warriors fumbled and the Hornets started again from the 10. Four tries netted the touchdown.

Running the kickoff back to the Hornet 47 Valley View followed with a first down on the 32 and lost by fumbling on the 31. Two palys later, as the last quarter opened, the Warriors recovered a Muenster fumble on the 31 and crossed the line in 4 plays, Batchelor toting the ball

According to a recent editorial in the Gainesville Register, and an explanation by a member of the county draft board, to Arlington, Va., to reside and this column was premature last week in bragging about the community's heavy representation in the first county draft quota.

The Register points out that quite a number of Gainesville young men have volunteered lately and others have been called as reserves, hence that city already has a sizable proportion of its population in the armed services.

The draft board member explained that the recent enlistments and calls to active service have taken a heavy toll of the
