

SHIELD FOR THE UNGODLY—Some hapless company of the 803rd Aviation Engineers Battalion, stationed at Essex, England, will be the far from proud possessor of this shield at the end of the Lenten season. To be awarded to the company having the poorest church-attendance record during Lent, orders are that the shield must be displayed in a prominent place for two weeks following presentation. Says Chaplain Theodore J. Kleinhaus: "We want to instill in all our troops the fear of the Lord. Giving them the devil is only incidental."

Florence Growing Elected President Of VFW Auxiliary

In a call meeting to elect officers Friday night, members of the VFW Auxiliary named Mrs. Richard Growing as president of the organization for the ensuing year.

Other members of the executive committee, all new elections, are Mrs. Pat Hennigan, junior vice president; Mrs. Frank Felderhoff, chaplain; Mrs. Earle Otto, conductress; Mrs. Lou Wolf, guard; Mrs. Francis Wiese, three year trustee. There were two re-elections, Vice President Mrs. L. J. Roberg and Treasurer Mrs. Steve Mosler. Trustees carried over are Mrs. Walter Rawley, two years and Mrs. H. M. King, one year.

After the election the new president made appointments for other offices. They are: Mrs. Ray Swirczynski, secretary; Mrs. Maurice Pagel, Mrs. Carl Schilling, Mrs. John Huchton and Mrs. M. H. King, color bearers; Mrs. Paul Sicking, flag bearer; Mrs. Richard Swirczynski, banner bearer; Mrs. Dick Trachta, historian; Mrs. J. C. Trachta, patriotic instructor; Mrs. F. A. Kathman Jr., musician; Mrs. J. M. Weinzapfel, assistant musician.

Delegates to the district meetings were elected as follows: Mmes. Pat Hennigan, F. A. Kathman Jr., M. H. King, Carl Schilling and Maurice Pagel. Their alternates are Mmes. Frank Felderhoff, Ray Evans, Steve Mosler, Arthur Felderhoff and Walter Rawley.

Mrs. Ray Swirczynski, retiring president, conducted the meeting which was followed by a social hour.

Formal installation ceremonies will take place at the next regular meeting on April 4. At that time chairmen to head the organization's 14 committees will be appointed.

ENTERTAINS CLUB

Mrs. Ray Swirczynski was a hostess in her home for the regular monthly meeting of the Friendly Neighbors Club last Wednesday night. After a progressive 42 series she served refreshments to 9 members and three guests, Mrs. John Hosea who won the second high award, Mrs. Paul Endres who secured the galloping prize, and Mrs. Roy Belville who received the consolation award. Mrs. Lawrence Bruns was top winner in the games with high score for the night.

Audience Acclaims Nautical Operetta With All-Boy Cast

The audience cheered, occasionally stopped the show with applause, and asked for more Sunday night when seventh and eighth grade boys of Sacred Heart school presented their operetta, "HMS Pinafore."

From the opening scene to the final curtain the young actors thrilled the more than 300 spectators with their song and dance routine; captured their hearts with their winsome portrayals of feminine roles.

Münster has had student operettas before but never one with an all-boy cast; perhaps never one in which players put so much into their parts; and never one in which solo voices rang truer or group singing was more harmonious.

Starring in feminine roles were Eddie Joe Schmitt as Josephine, the lovely leading lady; John Hosea Jr. as Buttercup, the bewitching gypsy; and Kenny Fette as Hebe, who from the start set her eyes loftily on the head of the British Navy, Sir Joseph.

Solo male roles were sung by Pat Hess, commander of the Pina-

fore, Billy Joe Dangelmayr, an able seaman, John Hoberer, First Lord of the Admiralty, Jim Gehrig, a hunchback seaman, and Roy Swirczynski, boatswain.

Fifteen boys in the cast were "blushing beauties" sisters, cousins and aunts of Sir Joseph, and 19 portrayed the parts of sailors.

The scene was the quarterdeck of the Pinafore, and scenery, designed and made by the students, was realistic to the minutest detail. Feminine costumes depicting a period in the 1870's were eye-catching with their wide, wide skirts and beruffled pantaloons. Mothers spent long hours stitching the dresses and accessories.

Between scene 1 and 2, Eddie Joe Schmitt sang "Apples on the Lilac Tree" and "This Day Is Yours."

The nautical operetta is an original Gilbert and Sullivan production abridged by Norman Grayson. It was directed by Sister Carmelita assisted by Sister Cecilia, pianist. Seventh and eighth grade girls formed the choral background.

Cpl. and Mrs. Dan Haverkamp returned to Fort Hood Monday after being here since Friday to visit family members, the Joe Fettes and Bill Haverkamps.

BENEFIT CAKE SALE

There was the wearing of the green and the eating of the green on March 17 when little girls of Room 3, parochial school, put over a Saint Patty's Day cupcake sale to raise funds for the needy as their part in the Bishop's Relief Drive. The cakes, some in shamrock shape, were all topped with green tinted icing.

WE CAN'T BUY FRIENDS

The taxpayers of America, through the action of their Federal government, have poured \$98 billion into foreign countries since July 1940. That is a tremendous expenditure of tax money. It just about equals the amount paid into the Federal treasury from 1900 until 1940 from all tax sources, for all phases of the U. S. Government. In other words, \$98 billion of tax collections financed the U. S. government from 1900 to 1940. And yet, from 1940 to 1954, our pocketbooks have been hit to the tune of \$98 billion for foreign spending alone.

The purpose of this gigantic expenditure was to strengthen our allies, "make friends and influence people." Taxpayers were told it was a good investment. How well we have strengthened our allies remains to be seen. The long-range economic strength of such nations as England, Italy and France, all operating with a socialistic economic system, certainly is wide-open to question. Our other objectives — making friends and influencing people — would seem to have missed fire on the basis of authentic reports.

From where I sit... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store... she had finally run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good

conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate... before friends start giving us the "busy signal."

God Was A Victim of Love

By William J. Sullivan, Director of the Paulist Feature Service

AMERICA has always honored the brave men who gave their lives in her defence. The Tomb of the Unknown Soldier is a national shrine to all her valiant dead.

Christians honor their fighting men also. We recall with pride the victory of the saints over sin and temptation. During Holy Week we commemorate the death of Christianity's greatest champion. For the death of the God-man, the Founder of Christianity, was the greatest victory this tired earth has ever witnessed. In death Jesus Christ conquered sin and re-opened the gates of Heaven to man.

HIS BATTLE — Sullivan FIELD was a few square miles of the Holy City of Jerusalem. His allies were a scattered handful of brave women and cowardly men. His enemies were the religious and political leaders of Jerusalem.

Like many of our war heroes of today, Jesus Christ underwent both mental and physical torture. During the long Thursday night on which He was taken prisoner, He was submitted to the cruel ordeal of a trial that was not just, before judges who knew no mercy. Friday morning He was made the plaything of Roman mercenaries. Finally on Friday noon He was nailed to

a cross and hung between earth and sky to await His death. IT IS a simple story. Yet, even today, hearts calloused by stories of Communist brutality are moved to sympathy by the awful story of man crucifying God. But the story is not a tragedy; rather it is a love story.

The story of the crucifixion of the God-man is the story of God's love for man. In the style of modern movies, we must flash back to the beginning. Adam and Eve bequeathed to their descendants the terrible legacy of original sin which made them all strangers to Paradise. The disobedience of our first parents left man outside his Father's home wistfully looking in. But God so loved the world that He sent His only begotten Son to welcome man back to Paradise.

THE CURSING MOB ridiculed the possibility that this bloody shadow of a man was more than man, was God Himself. They would have scorned the suggestion that this man was dying that all men might live eternally. Now that He was nailed to a cross, the battle was over and they had won—so they thought. Their angry shouts subsided into murmuring whispers.

They did not know that Jesus Christ was God, that man's nails held Him to a cross only because He was in love with man. His life was not taken from Him. He surrendered His life out of love after speaking His own eulogy. "Father, forgive them for they know not what they do... It is finished... Father, into Thy hands I commend My spirit."

† Paulist Feature Service, Washington 17, D. C.

fiscal 1955 to hand out to "our allies." Its present activities, he says, "symbolize the self-perpetuating persistence of waste." Castle's book is a through-going examination of the failure of

American taxpayers' billions to buy friendship and good will abroad. At stake in this costly effort is not only the taxpayers' economic welfare but the future of our international relations.

But, for the ultimate in driving fun and ease, try a Ford with Ford's optional power assists: new Speed-Trigger Fordomatic, power steering, brakes, windows and seat. Ford's power assists combine to do the most for you automatically... so you get the most out of driving!

Automatic Driving at its Best

Speed-Trigger Fordomatic Drive has a new, automatic low gear which lets you start in low, shift to intermediate and then into high—all automatically—all while the drive selector lever is in drive position. It's the only "automatic" in its field that combines the smoothness of a fluid torque converter with the versatility of three automatic forward gears.

Power to Steer For You

Master-Guide Power Steering does up to 75% of the steering work for you on turns... yet you retain the natural feel of the wheel on straightaways. It's a great help when parking—makes all driving easier and more relaxing.

After adjournment there was a social hour and refreshments. Thirty-one members were present.

Birthday Club Has 'Hard Times' Party

The Dizzy Dozen Birthday Club's regular monthly social was a "Hard Times" party Monday night when Mrs. M. H. King was hostess in her home.

Members came dressed to fit the party theme, looking like characters from Tobacco Road.

Kerosene lamps furnished illumination and a worn red and white checked cloth covered the table. The food featured red beans, onions and corn bread. It was served in iron pots. Plates and silver were antiques.

Birthday honorees for the month, Mrs. Ray Evans and Mrs. Ray Swirczynski, were presented their gifts wrapped in newspaper and tied with string. The door prize, a coal scuttle ash tray, was won by Mrs. Charlie Hellman.

Present were Mmes. L. J. Roberg, F. A. Kathman Jr., David and Dick Trachta, Leonard Yosten, Ray Stewart, Charlie Hellman, J. C. Trachta, Evans, Swirczynski and King.

Juanita Wieler Is New FHA President

Soil Conservation Notes

It took rain, hail, sleet and snow to do it, but grain fields received some much needed moisture this week. The cold snap put a lot of insects and fruit trees out of business, but nobody is complaining about the moisture that will start grain, clover and grasses growing again.

Clover plantings have reached a new high around Muenster as cooperators of the Upper Elm-Red Soil Conservation District increase their acreage of this soil improving legume crop. Sweet clover made a bumper crop of seed last year and many landowners are taking advantage of the plentiful supply of seed to get a crop of clover in their land in order to build up the fertility, increase water intake rates, protect the land from erosion and add valuable nitrogen and organic matter to the soil.

Grass plantings which had slowed down because of dry weather will begin to roll again. Bruno Fleitman and Eddie Fleitman worked together to sod Coastal Bermuda grass on a three acre waterway on the farm operated by Eddie. The waterway is a lane that has been widened to afford a safe outlet for terrace water. Coastal Bermuda is a more vigorous growing and a higher producing grass than common Bermuda and is winning widespread favor wherever it is planted. Coastal will grow anywhere that common Bermuda will grow and will produce much more forage. Roy Kingery is planting five acres of this grass on his farm near Dye Mound.

Another grass that is gaining favor in use and popularity around Muenster is King Ranch Bluestem. It has been grown here for several years and is well liked. It is faster to establish than the native grasses and grows faster, producing two seed crops a year. It is drought resistant and is good grass for controlling erosion.

Cooperators who are making plans to plant K. R. Bluestem for waterways are Andrew Fleitman, Jake Siebold, Opal Christian Berry, and Alfons Koesler. Those who plan to plant this grass for pasture include Bruno Fleitman, Dangelmayr Brothers, Johnny Sicking, George Berry, William Haverkamp, Al Walter and Jimmy Cole.

Mr. and Mrs. Earl Robison had as guests Tuesday her uncle and aunt, Mr. and Mrs. Loan Crow of Lindsay, Okla., and Mrs. L. P. Davison of Gainesville.

Formal opening of new bank building to be held Monday; beautiful structure is monument to 16 years of community service; the open house program will be an all day affair. Joe Horn has bought the Ed Eberhart house in the west part of town; no immediate moves are connected with the buy; the Frank Herts will remain on the place. R. M. Zipper has bought the former Mary Kessler

property. The John Klements Jr. announce the arrival of David.

Two men were sharing a seat in a train. One of them was no less than eighty years old. But his eyes were keen, his laugh sounded young and there was vigor in his every movement. The other man, about middle age, envied the stranger his youth. "What is the secret," he asked, "of your astounding vitality?" The older man laughed with contentment. "I'm living," said he, "on the interest of a well-invested youth!"

**No
Pocket Money..**

Funny (or is it?) the way pockets seem to go bare of cash before the next pay day rolls around! If you want to get ahead financially, better do your saving BEFORE you do your spending. Deposit a fixed amount the day you get paid. Then if your pockets are empty on the morning of next pay day . . . so what? You've still made progress toward your financial goal . . . because you saved IN ADVANCE.

PAUSE FOR REFLECTION

... with James C. Ingebretsen President, Spiritual Mobilization

An African fish has been found, according to a recent news dispatch from London, England, that eats only fish scales.

This species turns up its nose at earthworms, fish powder, and insects in favor of plain fish scales from other living fish.

Scientists say the fish, when it attacks another fish, pushes its mouth against the back of its victim and removes the scales.

Clearly, here is the original collectivist, who, disdaining the ordinary means of livelihood, makes a good living off the backs of the poor fish who tolerate him.

Confetti ...

a man of honor. Agreements to let the Poles form their own government seemed reasonable until we learned how Stalin's mob managed the formation of the puppet government. Likewise, the blunder of agreeing to a veto in the forthcoming UN did not really show up until Russia began using it so ruthlessly.

In the last analysis, it would seem, the blunders at Yalta were more general than specific. The very first was in making a mockery of all sacrifice in the war by violating principles of the Atlantic Charter and agreeing to the barter of other nations in the game of power politics. The next was in giving Stalin credit for honor and decency. Under such circumstances the specific mistakes were inevitable.
