NUMBER 26

Awards Program Speaker Praises Elm-Red Progress

It has been said many times that a community can be judged by the appearance of its cemetery. If it's neglected you can expect to find neglect on the farms and homes of the area. If it's orderly, improved, and well tended you are likely to find the same conditions prevailing elsewhere in the community.

Whether or not the statement is universally true this column would not venture to state. But it can say, with emphasis, that the statement certainly applies at Muenster. Our good looking cemetery can be properly regarded as a sample of the good looks to be found in the town and country.

That's how the situation stands as of now . . . and how we hope it will stand from now on. At the same time, however, we have to face the fact that the cemetery like the rest of the community needs constant attention if it is to remain an object of local pride. Grass has to be cut regularly and shrubbery has to be trimmed. Grass, shrubbery and flowers all need watering.

To keep pace with these duties is the object of the cemetery collection in the Sacred Heart parish next Sunday. Funds from the last collection are exhausted and more will be needed if the place is to continue getting its quota of water and work.

While we're thinking about this donation let's look back to conditions of a few decades ago in order to realize a little better what a wonderful bargain we have in the present maintenance arrangement. Most of us can recall when families came in once in a while and worked hard for hours trying to get a respectable appearance on the graves of their loved ones. A few exceptionally devoted people came often and carried water to sustain some flowers. Most other just cleared off weeds occasionally to give the graves a temporary look of neatness. Even then the cemetery was a whole never looked good. There was no nice lawn, no trimmed shrubbery. And the effect of tending graves was spoiled by the inevitable neglected graves.

Today we have an incomparably better appearance for a fraction of what we used to pay. That's figuring the work value of present donations against the actual hours people formerly worked in the cemetery. The time some people used to put in by today's wage standard, would be a really sizable donation.

Incidentally, that same method of figuring might be regarded as a good way to determine the size of a donation. Would a person be willing to give an hour's work? or two? or five? He can give the equivalent by donating as many dollars.

If any of us are thinking of passing up the collection basket, here's a thought worth pondering. Every one of us, no matter how much or little we give, share in the pride and praise derived from our nice cemetery. But some of us are cheating on the deal, getting the benefit without helping support it. The thought should make a person feel guilty if he fails to throw in his bit.

Another thought worth considering is that it is the final resting place of our loved ones and will eventually become the resting place for us. As such it deserves our donation. The very minimum anyone should consider giving is the equivalent of an hour of work.

Associated remotely with that subject, insofar as community improvement is concerned, is rural mail box improvement week, which is being observed this week. A neat mail box does something for a farm, just like a neat cemetery does something for the community.

This matter isn't big or important, of course . . . no more so than the individual's personal pride in the item which marks his farm. It's up to him to decide whether he wants a shabby identification, or none at all, rather than a nice identification to convey a good first impression on his farm.

It's more than just a matter of pride, too. The Post Office Department is very much concerned about that box. It contracts, you know, to deliver a man's mail in good condition but reserves the right to suspend service if a box is not kept in good condition. The

(Continued on Page 10)

J. Earl Rudder, state land commissioner extended his personal congratulations and generous praise to cooperators of the Upper Elm-Red District for their achievements in soil conservation at the sixth annual district awards program last Thursday night in the Sacred Heart gym.

The new state official, appointed by Governor Shivers early this year to succeed Bascom Giles, reviewed the district's fine record in conservation during 1954. He mentioned the addition of 331 cooperators, as compared with 273 of the previous year, in spite of a discouraging drought. He also called attention to new waterways and terraces, additional acreage in cover crops, and the over-all fine record of 3,768 district cooperators applying soil and water conservation practices on 861,770 acres of land.

He expressed special satisfaction over progress in the detention reservoir system on Elm creek, saying it will do more than any other measure to spark enthusiasm in the district program. In his home district, he said, conservation momentum picked up wonderfully when people saw what the dams were doing toward preventing floods and saving water.

Sharing credit with cooperating farmers are the business men who encourage cooperation. In that group he included the bankers, editors and radio operators who sponsored the awards program and Elm Watershed Association members who worked hard and long to help secure easements for detention reservoirs.

SCS technicians, the boys with transits, slide rules and "know how," were also praised for their part in conservation progress. He said their job is long and hard, and often up-hill all the way.

The speaker also made a few remarks pledging that the state land program will be set in order. He said the courts will deal with those who have brought discredit

Surplus Food Given To Lunch Room in 54-55 Worth \$3,965

Children participating in the lunch program at Muenster public school received almost \$4,000 worth of free foods during the past year, according to a report this week from the Surplus Commodities district office in Fort Worth.

The report is an itemized list of all the USDA commodities and their wholesale value allocated to the local school during the year. It shows 18 items, the quantity and value of each, and the total value of \$3,965.89.

The items received and their value are listed as follows:

Green beans \$57.60, pinto beans 142.80, beef and gravy 268.80, butter 1,052.80, cotton seed oil 153.10, cranberry sauce 21.60, dry milk 210.24, canned figs 18.75, grapefruit sections 75.60, orange juice 23.80, canned peaches 174.00, peanut butter 94.80, canned peas 31.50, process cheese 1,012.50, rice 32.00, shortening 404.40, canned tomatoes 120.00, tomato paste 61.60.

WITH THE MEN IN SERVICE

Stationed in Virginia

The John Ladds and sons Vernon and Robert have written her mother, Mrs. John Felderhoff, that they are now making their home at Arlington, Va., where he is on duty with the Navy.

Gets Discharge

Charles Pagel is back at home since Sunday morning after receiving his army discharge at Fort Bliss, El Paso, where he took basic training before going to Japan 18 months ago.

Has First Leave

Pvt. Richard Hellinger arrived Sunday to spend his first army leave with homefolks. He took basic training at Camp Carson, Colo., and will go from here to Camp Chaffee, Ark., for further training preparatory to an overseas assignment. He won a medal for sharpshooting when his company shot for the record.

Rain Delays Work On Swimming Pool

This week's rain, which was fine for crops hereabouts, was another headache for the builders of the city's swimming pool. It washed more silt into the lower part of the excavation, requiring another clean-out job before concrete can be poured.

For that project rains have been spaced about right to cause trouble. It takes a few days for dirt to dry so it can be worked, then the next shower comes before concrete can be poured and the job has to be done again.

Extra work is the only problem, however, because the overall project probably is not being delayed. The city has enough cement to finish the floor. After that it will have to wait, possibly 4 or 6 weeks, for cement to build the walls.

Closing Exercises For Sacred Heart Scheduled May 29

Arrangements for closing programs at Sacred Heart school have been completed, the faculty announced this week.

Baccalaureate services for high school seniors will be held in Sacred Heart church Sunday morning at the 8 o'clock mass on the day of their graduation, April 29. Father Christopher will deliver the baccalaureate address.

That night at 7:30 in Sacred Heart church the 14 graduates will receive their diplomas from Father Louis Deuster who will give the commencement address. In the same service 39 eighth grade students will receive their diplomas.

Awards Program To Appear on TV Show Next Week

The soil conservation awards program held here last Thursday night along with several of the outstanding conservation scenes of the district will be seen next week on the Humble Company's TV program, "Texas in Review."

It will appear Monday on KRLD TV, Dallas, at 6:30 p.m. and on KWFT TV, Wichita Falls, at 8:30 p.m.

Other stations and times indicated on Humble's weekly schedule are WOAI TV, San Antonio, Monday 6:30, KVDO TV, Corpus Christi, Monday 9:30, KPRC TV, Houston, Sunday 10:00, KTBC TV, Austin, Tuesday 7:30, and KCBBD TV, Lubbock, Tuesday 9:00.

The local conservation program will share the Humble show with two other features. One is the colorful festival celebrating the Maifest at Brenham, the other is the Carnival of Nations at San Antonio.

NEWS OF SICK AND INJURED

Mrs. Leo Henscheid entered Gainesville Sanitarium Tuesday for medical care.

Dale Hofbauer, young son of the Clem Hofbauers, had his tonsils removed at Gainesville Sanitarium Tuesday.

Gary Dale Dickerson, 9, son of Mr. and Mrs. A. T. Dickerson, was dismissed from Gainesville Sanitarium Monday following surgery.

Mrs. August Lutkenhaus is recovering from surgery performed at Gainesville Sanitarium.

Mrs. Eddie Krahl underwent an emergency appendectomy at M&S Hospital on May 10 and is convalescing at the home of her parents, the Ed Eberharts, for a few days before returning to her home.

Searcys Resign From MHS Faculty

Mr. and Mrs. Bill Searcy this week announced their resignation from the Muenster Public School faculty effective at the end of this school year.

Both have accepted offers to teach next year at Eagle Lake High School. The change amounts to a promotion, Eagle Lake being rated as a Class A school.

Garden Club Will Collect at Church For Cemetery Fund

Next Sunday will be semi-annual cemetery collection day for members of Muenster's Sacred Heart parish. Representatives of the Civic League and Garden Club, which sponsors the cemetery beautification and maintenance program, will be at the church doors accepting donations after all the services next Sunday.

When announcing the collection in last Sunday's services, the pastors especially urged parishioners to respond generously, explaining that the size of the fund will determine the appearance of the cemetery.

Until recent years the club collected only once a year. That was when costs were lower and the single collection financed a year of maintenance. Since rising costs got ahead of parish generosity the other collection has been necessary.

Flood of Comment Praises Pamphlet On Public School

The flood of favorable comment received here during the few weeks since the publication of the Muenster Public School's 12 page pamphlet, "A Look at Your Public School", indicates that the booklet is doing all that was expected of it, and more.

Superintendent Homsley, members of the school board and others of the community have heard compliments galore on the abundance of pertinent information and its precise, artistic presentation in the booklet. In addition Homsley and the board have received 48 letters to date from public officials, schools, banks, publishing houses, chambers of commerce, cities, business firms and others.

Typical of the comments was that written by Congressman Frank Ikard. He thinks it is "a very good, interesting and useful booklet, and an excellent example of good public relations." Vernon Vine of Farm Journal, a national magazine, says "I have never before seen a publication like this issued by a local school district."

(Continued on Page 2)

Bombers Continue Tie With Era for Lead in Softball

With two wins to their record this week, the B-29 Bombers are still in a tie for the lead in the county softball league. In front with them is Era, both teams having a 6-1 record. Lindsay is next best with 4-1, and three other clubs have two losses charged against them.

Wednesday night the Bombers had a fairly easy time beating Schlumberger 5-2. A 3 hit attack aided by an error in the fourth brought in 3. Again in the sixth Schmitz went all the way on an error and two hits added another run.

Schlumberger got its 2 in the seventh on a couple of errors and a hit.

Coffman had a good night on the mound pitching a hitless game until the sixth, allowing only two safe blows for the event.

(Continued on Page 2)

Next Tuesday Is Buddy Poppy Day At Local School

Next Tuesday, May 24, will be Buddy Poppy Day at both local schools, it was announced this week by Mrs. Walter Rawley, poppy chairman in Muenster, and Mrs. John Hosea, chairman of the school program.

Student participation in the sales campaign is a new feature of the drive this year.

As explained by Mrs. Hosea, each class room, from first grade through high school will have a Buddy Poppy Girl who will give a short talk telling about the good work poppy sales money does, then accept contributions from students. The children will be urged to wear their poppies all day, signifying their participation in a program which brings help to disabled war veterans and their families.

Elementary Pupils Of Public School To Graduate May 26

Commencement exercises for the elementary graduates of the public school will be different this year. The graduates themselves will be featured on the program rather than a commencement speaker.

Their performance will consist of a series of short recitations entitled "Pyramid of Life", with each of the nine pupils taking a part.

The program will be in the auditorium next Thursday night, beginning at 8.

Members of the class are Val-edictorian Billy Otto, Salutatorian Carolyn Cain, Ronnie Dickerson, Judy Cain, Ronnie Cannon, Deanna Richey, Jim Myrick, Leonard Vogel and Gilbert Knabe.

Music Pupils Will Appear in Recital

Students of Sacred Heart School of Music will be presented in annual recital next Monday, May 23, by their teacher, Sister Cecilia. The program, open to everyone, will be held in the assembly room of the grade school. Starting time is 8 p.m.

Piano selections, some on two pianos, will dominate the program. There will be a group of accordion selections and Joaline Mollenkopf will present a vocal program.

Father Patrick to Speak Sunday at MHS Baccalaureate

Father Patrick Hannon will be the speaker next Sunday night when Muenster High School's twenty graduates hold their baccalaureate service in the school auditorium.

The program will begin at 8 with Margaret Milner playing the professional as the seniors advance to the stage. Then Rev. D. S. Pettijohn will give the invocation and Mrs. Norbert Walterscheid will follow with a song "Thanks Be To God."

Father Patrick's baccalaureate address appears next on the program, then the benediction, which will be presented in song, "The Lord's Prayer", by Mrs. Ann Searcy. Margaret Milner will play again for the recessional.

MHS commencement exercises will be held the following Friday night, May 27, in the auditorium.

Lions Hear Talk on Public Relations; Install Officers

Practical ideas on public relations as a means of serving the community and installation of new officers were the features of a "ladies' night" meeting of the Lions Club in the public school lunch room Wednesday night.

David Thompson, a fellow Lion and a member of the Texas Education Agency staff at Denton, gave the talk on public relations.

He said that no one should underestimate the amount of help or harm he can do toward his community's welfare. As examples he told about two cases in which towns that were favored for new industries lost their chance because of remarks by a waitress and a station attendant. Another town, not even considered, got an industry because of a garage mechanic's civic spirit.

He said public relations can be simply defined as "what customers think of us," and it applies to employers and employees alike. It contributes to the success of either a firm or a community.

Howard Homsley added to the man's remarks in his message following installation as the club's new president. He said Muenster faces the problem of providing occupation for todays children or seeing them move away, hence it is our job to provide as many opportunities as possible for them. To that end he assigned several committees to assume specific responsibilities in working toward the general welfare of the community.

The new president also expressed his appreciation for the honor of heading the club and pledged to work toward the Lion

(Continued on Page 2)

Corn and Grasses In Fine Condition After Another Rain

The weather situation has changed considerably since Wednesday morning when the following story was written. An all night rain of 2.35 plus a short afternoon shower of .14 made the biggest 24-hour reading here in more than a year, and jumping the month's total so far to 5.25.

It's so much the better for corn, pasture and hay crops, but will delay an overdue harvest in quite a number of grain fields.

Another rain of almost an inch gave another timely boost to corn and grass crops this week. At the same time it caused a slight delay in early grain harvesting without affecting the crop for better or worse.

The reading on Steve Moster's weather bureau gauge for Monday's shower was .84 and Tuesday night's drizzle added .07. Combined with last week's 1.85 this brings the month's total moisture to date to 2.76. The year's total up to now is 10.92.

Corn and pasture are the two crops deriving the most conspicuous benefits from the rain. Both are thriving. Alfalfa is getting some help through its comparatively few topsoil roots but still isn't getting anything through its main root system in the subsoil.

SCS personnel who have done some digging lately say the subsoil is still dry. Recent rains have only maintained a good moisture condition in the topsoil.

Grain is too far along to derive any benefit from this week's rain. On the other hand it received little if any damage. A few early birds, cutting oats for baling, were caught with their hay down but were also favored by good drying weather.

Senior Class Sees Colorado Rockies

Seventeen seniors of Muenster High School spent Wednesday to Sunday of the past week on a memorable excursion to the scenic grandeur of Colorado. The group was accompanied by Mr. and Mrs. Bill Searcy and Mrs. T. S. Myrick. Another couple was Mr. and Mrs. Peckenbaugh of Amarillo, who planned and managed the trip as representatives of the Burlington Railroad.

The students and their chaperones had a package deal beginning and ending at the railroad station in Wichita Falls. Peckenbaugh met them there and his wife joined the party at Amarillo. At Colorado Springs he arranged for hotel accommodations, meals and guided sight-seeing tours, footing all the bills out of the one excursion rate.

Some spots of interest seen by the students are Pike's Peak and Cheyenne Mountain (the "peak to peak trip"), Will Rogers shrine, Broadmoor hotel, Garden of the Gods, Fort Carson, Manitou Springs, the old gold mines of Cripple Creek, Canon City, and Royal Gorge (both top and bottom). Evenings and between trips they went out on their own seeing Colorado Springs.

The youngsters had three full days in the area, arriving Thursday morning and leaving Saturday night. Besides having a swell time they enjoyed being told by the hotel management that they were one of the most orderly and best behaved of the student groups to visit there. Chaperones reported it was a real picnic for them . . . not a problem on the entire trip.

SCHEDULE OF COMING EVENTS

FRIDAY, May 20, Bombers vs Chicks (practice game) here.

THURSDAY, May 26, Bombers vs Callisburg.

SUNDAY, May 22, MHS Baccalaureate Service, 8 p.m. in auditorium.

MONDAY, May 23, Music recital, Sacred Heart school, 8 p.m.

WEDNESDAY, May 25, Soil Conservation Pilgrimage for Garden Clubs beginning 1 p.m. at Leonard Park.

THURSDAY, May 26, Public School elementary graduation, auditorium, 8 p.m.

Pilgrimage Slated For Garden Clubs

Garden club members of this area will be guests next Wednesday, May 25, when banks in Cooke and Montague counties and the Elm Fork Watershed Association sponsor a soil and water conservation pilgrimage.

The group will meet at Leonard Park pavilion at 1 p.m. to hear a discussion on conservation in the district.

The tour to follow will cover stops to observe gully erosion and applied conservation measures. Garden club members will see legume crops used for soil building, pasture and hay crops, waterways, terraces, cover crops and contour farming practices. They will also see wild flowers and native legumes and grasses.

They will visit the detention reservoir on the Alex Lutkenhaus farm and hear a discussion on the flood history and damage of the Elm Fork of the Trinity River and the upstream flood prevention program.

Clubs invited to the pilgrimage are the Muenster Civic League and Garden Club, Saint Jo Garden Club, Valley View Civic and Cultural Club, and the Evening Garden Club, Garden Study Club, Town and County Garden Club, and Iris Garden Club all of Gainesville.

Sponsoring banks are Muenster State, Valley View National, Saint Jo First National, and First State and Gainesville National of Gainesville.

Not Recommended To Raise for Pets

Last week David and Dale Bayer, 10-year-old twin sons of the Martin Bayers, were happy over finding three "cute rabbits"—they thought. They took them home to raise as pets.

Their mother, not at all enthused over more family pets, glanced hurriedly and told them, "Take those puppies back where you found them. We have all the dogs we need on this farm."

Somewhat downhearted the little fellows started back to the field where they found the tiny animals. But their daddy met them and seeing the fuzzy little creatures, told his sons they were baby coyotes.

So together they went to the field and found two more. Mr. Bayer took all five to Gainesville and collected the county's bounty of \$2.50 each.

Three Couples Set Wedding Dates for Last 2 Days of May

Wedding plans have been made by three couples whose nuptial services will be solemnized in Sacred Heart church on the last two days of May.

Sisters, Misses Regina and Alma Henschel, will be married in a double ceremony to Henry J. Pels and Ronnie Herr, respectively, on Tuesday, May 31. The ceremony and nuptial mass will take place at 4 p.m. Mr. and Mrs. Albert Henschel are parents of the young ladies. The prospective bridegrooms are sons of Mr. and Mrs. Henry Pels and Mr. and Mrs. Frank Herr.

Attending Regina and Henry will be her sister and brother, Mrs. Herbert Miller and Ervin Henschel. Best man for Ronnie will be his brother Melvin Herr and Miss Caroline Hesse, Alma's cousin, will be her maid of honor.

On Monday, May 30, a double ring ceremony and nuptial mass will unite Miss Albina Mages, daughter of Joe Mages, and Johnny Schmitz of Thackerville, Okla., son of John Schmitz of Dallas.

Their attendants will be the bride's sisters Misses Pauline and Loretta Mages, and the groom's cousin Arnold Bezner of Lindsay and Eugene Pelzel of Pilot Point.

Lions Meeting - - -

objectives of community service along with pleasant, interesting meetings.

Father Christopher Paladino gave the invocation and Past-President Myrick presided until the installation. M. D. Kaderli, the local club's first president, had charge of the installation.

New officers are President Howard Homsley, First V-P T. S. Myrick, Second V-P John Wieler, Third V-P Ray Otto, Secretary-Treasurer Earl Fisher, Tail Twister J. P. Flusche, Lion Tamer Marty Klement, and Directors Urban Endres, Dick Cain, J. A. Fisher and Jimmy Lehnertz.

Committee chairmen appointed by Homsley are: Roads, J. A. Fisher; Soil Conservation, J. M. Weinzapfel; Civic Planning, Dr. Myrick; Industrial planning, Herbert Meurer; School and Church, M. D. Kaderli; Programs, Urban Endres; Publicity, R. N. Fette; Finance, Jerome Pagel.

Softball - - -

ing. Meanwhile he fanned 10 and walked 2.

The other game was a last inning win over VFW Friday night. Mages scored in the first but VFW evened the count in the second and took a two run lead in the third. An error followed by Owens hit scored Hoedebeck in the sixth and the same combination scored Hartman and tied the count in the seventh. Then Melvin Herr banged out a homer for the winning run. VFW's big inning was the third in which Leslie Cain got a 3 bagger with 2 on.

Coffman and Cecil Cain made it a fairly even contest on the mound. Coffman fanned 7 and gave up 5 hits and 5 walks. Cain fanned 5, allowed 7 hits and 1 walk.

The Bombers next league game will be with Callisburg next Thursday. If weather permits they will have a practice game with the Chicks here Friday, the 20th.

School Pamphlet - -

In his speech at last week's conservation awards banquet State Land Commissioner J. Earl Rudder remarked that he was tremendously impressed by facts on the school district and the community as revealed in the pamphlet.

Another tribute to the general excellence, and originality, of the brochure was implied in the publishing firm's decision to print 600 extra copies to use as samples. The company's representatives will be showing it all over the nation.

Originally the board and Homsley planned the pamphlet for local distribution only. Their purpose was to give every family in the district detailed information on their school system . . . the courses offered and a comparison with larger schools, the sources and disposal of the school dollar, the program of cooperation with Sacred Heart School for special subjects, religious instruction and transportation, along with suggestions on possible future improvements.

As they assembled facts and figures they began to realize that they had an exceptional system worthy to be publicized as an outstanding community asset. Then they decided to add a community promotion page indicating the local resources and the financial stability on which the school is founded.

PUBLIC SCHOOL STUDENTS ENJOY ANNUAL OUTINGS

Freshmen, sophomores and juniors of MHS held their annual end-of-the-year picnic and outing at Lake Murray, Okla., on Friday. Graduates were on their senior trip to Colorado at the time.

For the rest of the classes Tuesday this week was their day to be away from the campus. There were four trips for the grade school students.

Seventh and eighth graders, 21 of them, spent the day at Turner Falls for picnicking, swimming and other outdoor sports. Going with them were Mmes. R. P. and Dick Cain, John Hosea, Herman Richey, L. J. Roberg and T. S. Myrick.

Fifth and sixth graders drove to Dallas where a visit to the Museum of Arts was a highlight. Third and fourth grade pupils went to Fort Worth and visited the Children's Museum. First and second graders got a trip to Gainesville and a tour through the shoe factory.

Each of the groups was accompanied by teachers and parents and each crowd had a picnic lunch and outdoor recreation.

Mrs. William Bergman returned Wednesday from a five-day visit in Pryor, Okla., where she was the guest of her youngest son Barney Bergman and his family.

A man was hauled into a traffic court a while back for making an illegal turn. "I didn't want to turn, Judge," he explained. "I wanted to go straight on, but then I saw a sign, 'NO U TURN', so I did!"

Donald Walterscheid And Evelyn Pelzel Wed at Pilot Point

The wedding of Miss Evelyn Pelzel, daughter of Mr. and Mrs. John Pelzel of Pilot Point, and Donald Walterscheid was solemnized in Pilot Point Saturday morning, May 14, at 9 o'clock. The groom is the son of Mrs. C. M. Walterscheid of Muenster and the late Mr. Walterscheid.

Rev. John Untereiner, pastor, officiated at the nuptial high mass and performed the double ring ceremony before an altar adorned with pink stock and white gladioli. Miss Mae Phalen was organist and members of the church choir sang.

The date and place chosen for the ceremony held special significance for the bride. Twenty-six years earlier on May 14 her parents exchanged their wedding vows in Saint Thomas church there.

Mr. Pelzel escorted his daughter to the altar and gave her in marriage. She wore a frost white wedding gown of lace and nylon tulle over bridal satin accented by a lace bodice with petal point sleeves. A lace peplum fell in points over the bouffant skirt which was worn over hoops and crinolines and extended into a sweep train.

The bride's veil was three-quarter length attached to a lace and tulle pillbox sprinkled with seed pearls and rhinestones. Her flowers were a cascading bouquet of pink carnations and white stock. Carrying out bridal tradition she carried an antique white lace handkerchief and borrowed a blue rosary from her sister Marilyn. Her single strand of pearls was a gift from the groom.

Bridal Attendants

Miss Marilyn Pelzel was maid of honor, Mrs. Harold Marcus of Dallas was matron of honor, and Miss Bernice Walterscheid of Muenster was bridesmaid. They are sisters of the couple. Virginia Pelzel, another sister of the bride, was flower girl, and Miss Margaret Ann Lawson, niece of the groom, was junior bridesmaid. They wore identical dresses of ice blue organdy over taffeta with fitted bodices and wide skirts, and white half hats with rhinestone trim. Their flowers were pink carnations.

Tommy Walterscheid, Muenster, was best man for his brother; Gene Pelzel, brother of the bride and Harold Marcus were groomsmen, Harold Pelzel, another brother of the bride was the junior attendant, and Earl Walterscheid, Muenster, and Johnny Pelzel, brothers of the couple, ushered.

Reception

A reception, with dinner at noon, was held in St. Thomas parish lunch room for about 200 guests who were registered by Miss Polly Magee of Muenster. At night a dance was held in the

Officer Election Features CDA Meet

Election of officers Friday night was the principal business at a regular meeting of the local court Catholic Daughters of America.

Re-elected for another year are Mrs. Herman Fette, grand regent; Mrs. John Mosman, vice regent; Mrs. Ed Cler, historian; Mrs. Charley Hellman, treasurer; Mrs. John Fisher, monitor; Mrs. Ted Gremminger, sentinel; Mrs. Paul Fisher, lecturer.

Muenster VFW Hall

Mrs. Pelzel attended her daughter's wedding in a navy silk shantung dress and Mrs. Walterscheid, mother of the groom, wore a green nylon dress. Mrs. Ed Blumberg of Pilot Point, the bride's grandmother, was attired in navy blue. Each had a white carnation corsage. The groom's grandmother, Mrs. Mike Kleiss, was unable to attend the wedding festivities.

Following a short wedding trip Mr. and Mrs. Walterscheid are living in Muenster in a recently built new home in the southeast part of the city. He attended Sacred Heart school, served in the army with duty in Germany, and is employed as a pumper for Mazel Oil and Gas Co.

Mrs. Walterscheid was graduated from Pilot Point High school with the class of 1953 and had been employed in Dallas at Chance-Vought aircraft factory until her marriage.

The bride's parents who shared honors of the day in observance of their 26th anniversary, have lived at Pilot Point on a farm all of their married life. She is the former Miss Annie Blumberg, daughter of Mrs. Ed Blumberg and the late Mr. Blumberg. Mr. Pelzel's parents were Mr. and Mrs. Frank Pelzel. The couple has nine children, four daughters and five sons.

New officers are Mrs. Ben Seyler, prophetess; Mrs. Steve Moser, financial secretary; Mrs. J. M. Weinzapfel, organist; Mrs. Frank Kathman and Mrs. Ben Hellman, trustees.

Mission Report

Mrs. Joe Swirczynski, mission chairman, reported sending three large boxes of used clothing, including seven men's suits, to St. Vincent's Treasure House at Fort Worth. She sent another box of clothes to Jonesboro, Ark., where her daughter, Sister Helen, will distribute the articles to the needy. Another shipment consisted of two dozen white communion dresses and veils which went to St. Paul's Indian Mission at Belcourt, N. D.

Members voted to send five dollars to NCWC for Korean relief and Mrs. Paul Fisher reported on the NCCW meeting at Lindsay. It was announced that the court is saving Betty Crocker coupons to get a coffee urn.

Observe Feast Day

On May 31 members will attend the six o'clock mass in Sacred

Heart church and receive Communion in a body in honor of the Queenship of Mary, a new feast day on the church calendar.

Mr. and Mrs. Russell Doughty spent the weekend with relatives at Anadarko, Okla.

THE LOWER HOUSE

In what may go down in the record book as the silliest performance in its history, the House of Representatives voted to restore rigid price supports, at 90 percent of parity, for wheat, cotton, corn, rice and peanuts. In so doing, our public servants, repealed, insofar as the House is concerned, the flexible price supports enacted last year, and which have not yet had a chance to function . . . since they would become effective with this year's crops.

Apart from the ridiculousness of killing a law before it can go to work, this latest clowning of our solons could be construed as an endorsement of spending billions for the purchase and storage of artificially induced surpluses.

The best that can be said for the House is that it was a narrow squeak, a four vote victory. But since the Representatives must have known this tawdry effort would never get through the Senate, its supporters may simply have considered it an inexpensive opportunity of playing politics.

Which it was . . . in fact about as cheap as anything we've seen.

A CONCRETE ANT HILL

If ants were provided with a concrete ant hill, what would they do? In all probability they would start building a regular ant hill next to the concrete one. Ants would perish without castles to build.

Socialism is much like the hypothetical concrete ant hill. It shouts Utopia and its sponsors promise a life of security. But it

has in the past torn down the people's accumulated savings. What if socialism could give cradle to the grave security? That alone would leave man as lost as the ant in a concrete hill.

A republic of free men is based on the premise that the individual can build his own castle at his own risk instead of living in a cubicle provided by the state. With incentive as an urge to produce, man pushes himself to the highest standard of living.

The energy of man must find an outlet in building, as much as the ant. The creative spirit cannot be static.

EDITORS DEFEND THE RIGHT TO WORK

The American Press magazine recently polled the editors of weekly newspapers to get their views on a number of current legislative controversies. One concerned the right-to-work laws, forbidding compulsory union membership, which have been passed by 17 states.

Of the 1,050 editors answering the poll, 86.1 per cent favored the laws and only 10.6 per cent were opposed, with the small remainder offering no opinion.

The great majority of editors, like the great majority of other citizens recognize the need for unions and support the legitimate activities of organized labor to better itself. But to force a man to join any organization and pay dues to it before he can earn a living is plain tyranny. Let the unions get their members on the basis of merit.

NO SECRETS

Plans have been made, and have received governmental approval, whereby a group of Russian farmers will be allowed to visit American agricultural areas, starting in Iowa. There is a question whether this tour will actually materialize, for the reason that the Russians are unwilling to accept provisions of American law providing for the fingerprinting of foreign visitors. But whether it does or not, it is plain that Russian officials are extremely keen to learn about American farming. Russia always has a serious food problem, and whole regions of the USSR have been struck by actual famine.

In an editorial discussing the proposed tour, the Opinion-Tribune of Glenwood, Iowa, made this striking observation: "We have no apprehension that the visit to the United States by a group of Russian farmers will reveal any particular U. S. agricultural secrets. In fact, this country has no agricultural secrets—only hard work, progressive farm practices, and individual freedom and initiative."

If the Russians do come, they will see many outstanding evidences of material achievement. Our farmers use more and better tractors and other equipment than do those of any other country. They follow proven land and water conservation techniques. They have the boons of electricity, highly advanced chemical fertilizers, effective insecticides, and many other such tools. But most important by far, they have freedom. All these material benefits are the result of that freedom—and of the political and economic system which prizes individual freedom above all else.

Comfort Pays Off In Brains, Bounce, Even in Beefsteak

Remember when automobiles were known as "pleasure" cars? That was before the day when millions of us depended on them

to get us to work and back, to haul the family groceries—and most everything else we buy—to get the kids to school and to meet a thousand and one family needs and emergencies. It took 30 to 40 years for the family car to evolve from an expensive toy to the essential transport of modern life, but in less than a single decade the miracle of controlled temperature and humidity has moved out of the luxury class into the necessity column.

It was as recently as 1946, for example, that the room air conditioner made its first impression on the American scene. In its early years, the whole nation absorbed only 25,000 to 30,000 of these units a year. In 1952, the first surge of popularity pushed production up to a record-breaking 380,000. The following year topped the million mark, and estimates for 1955 run as high as a million and a half.

As with the automobile, there are compelling reasons for the record-breaking acceptance of this new dimension in living. Today, the equipment itself is efficient, economical and dependable. It protects the family health from the ravages of dust and pollen, and from the increasing man-made dangers and nuisances of fumes and dirt, soot and odors. It has made housekeeping easier by keeping upholstery, drapes, rugs and clothing cleaner. It is right now in the course of revolutionizing the design and construction of homes. And what room air conditioning means to the 11 million Americans who suffer from hay-fever and other pollen caused afflictions can only be appreciated by those who formerly looked forward to weeks of misery every year.

Students who have investigated the effect of climate on humans and other animals point out that people who live near the equator in Central and South America attain less stature, die earlier from infectious disease, and rarely develop the energy,

Prayer Can Bring World Peace

By Rev. James Keller, Director of the Christophers

A YOUNG AMERICAN aviator, mortally wounded during World War II, scrawled these few words of assurance to his parents in New York: "Dear Mom and Pop, I had time to say my prayers. Love, Jack."

It is easy to understand why this letter was a source of deep consolation to Jack's father and mother. The death of a man who dies at peace with God is often hard to bear but it is never tragic. Actually, it is the goal we are all striving for.

PRAYER AND PEACE go together, whether in the individual case, such as that of Jack and his parents or world peace as a whole. Our prayers for peace can make peace on earth a reality rather than a dream.

Atomic warfare, with its threat of death and destruction on an unprecedented scale, should be an incentive to greater effort on our part. We must think beyond our own safety and be concerned with the peace of all men. A handful of men here and in other countries will determine whether atomic energy will become a force of terrible devastation or of tremendous prosperity.

OUR PRAYERS ALONE may

make an important difference in one of their decisions. How important it is that we constantly pray that these men are dominated at all times by a sense of faith, wisdom, justice and prudence.

We can exert an influence for peace by praying for the President of the United States. He needs the help of God that he may have at all times the courage and strength to fulfill his tremendous obligations to all the people in the United States and thus help bring peace to this troubled world of ours.

WE CAN PRAY also for officials, whether local, state or national, who have the responsibility of maintaining the law and order that is the basis of peace. If we really want peace in the whole world, we will not overlook a single opportunity to attain our goal. Prayer is at the top of the list.

God won't force His assistance upon us. He leaves us free to take it or leave it. The decision is squarely up to us. Time and again He has told us through His revealed word that His immeasurable resources for peace are at our disposal. But we must ask for them.

CHRIST HIMSELF said, "Ask and it shall be given you; seek and you shall find; knock and it shall be opened to you." Can we sincerely claim that we want peace, if we fail to ask God's aid to attain it?

Keller

mental or physical, of those who live in cooler climates.

In Illinois, Indiana and Iowa it takes 12 to 14 months to bring a steer up to slaughter weight—about 1,000 pounds. In Louisiana and Florida, it takes two-and-a-half years or more. In Panama, Cuba and Colombia, three-and-a-half to four-and-a-half years are required. And all on the same rations!

Thus, it seems pretty clear by now that comfort pays off—in beefsteaks or in effective living.

You can pay more but you can't buy better

Yes...MIRACLES Happened at Fatima!

You may not agree with the Catholic belief in miracles.

Perhaps you don't believe in miracles at all . . . and especially not in miracles attributed to the prayer of the Blessed Virgin.

But if God does look with special favor upon Mary . . . and does wondrous things at her request . . . is it not of vast importance to you to find out? Is it not worth the few minutes required to examine the evidence?

What, for example, did God's angel mean when he said:

"Hail, full of grace, the Lord is with thee; blessed art thou amongst women . . ."

Was she to be full of grace only temporarily—and "blessed amongst women" only during her life on earth?

This is not reasonable in view of Mary's unique role as the earthly mother of the Son of God. Nor can we discard and forget Mary if we believe Holy Scripture, for there we find Mary's words (Luke 1:48): ". . . henceforth all generations shall call me blessed." Where, excepting among Catholics, does anyone honor Mary as did God Himself?

"But," you may insist, "show me a miracle! And prove that Mary had anything to do with it."

We might, of course, recall that Christ's mother appeared to Bernadette at Lourdes in France, and that scientifically-authenticated cures have been occurring there ever since. Or we might cite similar apparitions to the three children at Fatima, Portugal, and the subsequent awesome spectacle of the sun spinning and dancing on its axis and then seeming to plunge toward the earth . . . a spectacle witnessed by 70,000 persons. And we could mention Mary's prophecies concerning the condi-

tions under which Russia would be converted.

But Catholics don't require earth-shaking supernatural demonstrations to attest Mary's love, nor to prove her influence at the throne of God. It's the little "miracles" that take place in their daily lives when . . . in faith and trust . . . they pray: "Hail, Mary, full of grace, the Lord is with thee . . ."

Catholics pray for one another and ask the saints in Heaven to join them in prayer. "I believe," says the Apostles' creed, "in the communion of saints." And Mary is in Catholic hearts the greatest of the saints. So we ask her to intercede for us with God, Who has often performed miracles in answer to her prayer.

An exciting and authentic pamphlet—describing the miraculous happenings at Fatima and a peace plan from Heaven—will be sent you in a plain wrapper. And nobody will call on you. Write today for Pamphlet No. KC-41.

Can you see, steer, stop safely? . . . Check your car . . . check accidents

Looking for more value from your motor car dollars? Then, look no more. Ford brings you a wealth of fine-car features that even some of the higher-priced cars can't match.

For example, the chart above shows that in feature after feature Ford gives you *everything* you have come to expect in a medium-priced car . . . and more. Yet, a Ford Fairlane Town Sedan costs* you less than the *lowest-priced* comparably equipped 4-door sedan of four popular medium-priced makes.

And, with Ford recognized as the style leader . . . "at home" wherever you may go . . . why pay more?

Feature for feature . . . price for price . . . you can't buy better than Ford.

*Based on manufacturer's suggested list price.

Gainesville

BAUBLE BATH—How not to wear costume jewelry is shown by Maureen Eisenberg, named queen of Costume Jewelry at a recent New York showing. Sprinkle your costume with a few pieces of the inexpensive, dress-up adornments but never drown your ensemble in glitter, is the advice of fashion-wise costumers.

Truck Drivers Give Advice on Safety

DETROIT—Here are five basic rules for good driving compiled

by professional truck drivers which will help a motorist avoid accidents:

1. Whatever the driving conditions, ease off the gas sooner. Try for that easy "pro" touch with a minimum use of your brakes.
2. Approach intersections, traffic lights, and dangerous stops with your foot off the throttle and on the brake. Be ready to hit the brake at once if necessary.
3. Increase the distance in which you follow cars.
4. Yield the right of way to all other vehicles and all pedestrians.
5. Plan your passing. Stay far enough behind to see approaching traffic, without nosing into the oncoming line. Pick up speed before passing.

Sacred Heart High Has Class Night

Sacred Heart High school's annual class night program, is an event of Thursday night, May 19. The parish hall is the scene of activity and everyone is invited to attend.

Along with the usual class night numbers will be a formal initiation of press club members into Quill and Scroll, honorary literary society.

Carl Walterscheid will be master of ceremonies and the Glee Club will sing.

The program will continue as follows:

Salutatory address, Theresa Mae Felderhoff; Class History, Rosina Hess; Class Poem, Georgia Ann Hartman; Class Song with Allan Dale Eberhart accompanist; Stalking the Juniors by Paul Hesse, Daniel Owen and Denis Hofbauer; Parading the Seniors by Carol Voth and Veronica Koelzer; Piano Solo by Allan Dale Eberhart; Can You Imagine by Cecilia Zimmerer and Larry Hennigan; Presentation of Memorial by Sylvan Walterscheid;

Last Will and Testament by Margaret Mary Schad; Class Prophecy by Frances Knabe; Distribution of Gifts; Presentation of Awards; and the Valedictory Address by Clara Streng.

Local News BRIEFS

Mr. and Mrs. Herman Swirczynski and family left early Wednesday for Hensley, Ark., to attend the religious profession of their son, Maxie, who made his vows as a brother, taking the name of Brother Gerald.

Bill Kathman returned to the Farmers Store Friday after a 10-day vacation. On Thursday Mr. and Mrs. Kathman spent the day in Grand Prairie with their daughter and family, the Stan Wylies.

Scores of friends of the Charlie Stelzers stopped to say hello and chat last Thursday when Charlie and Violet were here with Jetton's Catering Service for the annual soil awards banquet. They also explained to local friends about how the catering service operates. Six women and three men took care of the service here. The 600 persons attending were served in 25 minutes.

BIRTHDAY OBSERVANCE

Tuesday, May 17, was an enjoyable day for Mrs. Frances Binz. Her grandchildren and great-grandchildren gathered at the home of her son-in-law and daughter, Mr. and Mrs. Henry Wiesman, to help her celebrate her 78th birthday. They brought gifts, roses and other spring flowers for the honoree and birthday cake and ice cream for refreshments.

CARD OF THANKS

I want everyone to know how much I appreciate the many kindnesses, the prayers, get-well wishes, and visits during my recent illness, with special thanks to Father Louis for his visits. Also many thanks for the shower of birthday greeting cards.
Frank Klement

Sodality Group Has Installation Rite

Members of the Blessed Virgin Sodality of Sacred Heart school held a ceremony Tuesday morning installing recently elected officers.

Georgia Ann Hartman, retiring prefect, presented the gavel to Carol Voth, new prefect, and Theresa Mae Felderhoff, past secretary-treasurer, handed a sheet of stationery and a pen representing the minute book to Nelda Bayer who succeeds her in office. Basil Reiter who was re-elected vice prefect kept the books of sodality rules and constitution.

The services began with a hymn and then Father Christopher explained the duties of officers and the responsibilities connected with their offices.

After the installation the group recited the act of consecration and concluded with hymns to Mary.

S.H. Four-H Clubs Elect New Officers

Election of officers, a demonstration on salad making, a review of the past year's activity and a social hour were highlights of the final meeting of the senior 4-H girls at Sacred Heart High school last Wednesday.

Nelda Bayer was re-elected president replacing Georgia Ann Hartman, Imogene Flusche is secretary-treasurer succeeding LaVerna Hess and Florentine Vogel is reporter by re-election. Norma Jean Walterscheid, Loretta Mages and Ethel Knabe are recreation and song leaders for the next term.

Miss Maurine Kavanaugh met with the girls and made a main dish salad. She distributed recipes, then reviewed the Texas Food Standard chart and discussed balanced meals. A review of table manners and proper table settings followed.

She announced that district camp will be held June 13-16, and that county camp will be held July 13-15.

After business, refreshments of cake and cold drinks were served.

Boys of the intermediate 4-H club at Sacred Heart school held their final meeting of the year recently and elected officers for the next school term. Assistant County Agent Gene Sears met with the group and they also discussed plans for the annual encampment at Lake Trinidad.

Officers for next year are Regie Bayer, president; Werner Becker, Jr., vice president; Eddie Joe Schmitt, secretary; Jimmie Gehrig, reporter.

Junior club girls named Sharon Schumacher president, Alice Wal-

ter vice president, and Charlotte Schilling secretary. Kay Fette is reporter and Patsy Endres, Rita Fisher, Judy Walter and Charlene Otto are song leaders and recreation leaders.

When J. W. Fisher, Mr. and Mrs. Herbert Meurer, Mr. and Mrs. Arthur Endres and Mr. and Mrs. Charley Hellman were in Houston last week at the K of C convention they enjoyed visits with relatives in addition to the convention program. The Meurers visited their daughter and son-in-law, Jeanette and Kenny Wiesman, Mr. Fisher visited his sister, Mrs. Leo Appel and family, and the Endreses visited his sister, Mrs. Ed Mason and family. Ladies at the convention were entertained with a coffee at the Rice Hotel, a luncheon in the Shamrock Hotel, a tea and a style show. They were also shown through the new St. Mary's Seminary. There was also a lawn party and barbecue for the ladies and their husbands.

Jere Friske was back in classes at Sacred Heart High Monday after being a medical patient at M&S Hospital about a week.

THE MAN WHO GOT STARTED

It wasn't an elaborate start—just 23 acres of cropland that had been washing badly. But he realized that if he was to check erosion and hold the valuable soil on his farm to provide him a comfortable living in future years he would have to make a start. In the years following, he built more than 5,000 feet of terraces on his 160-acre farm. He planted improved grasses on his pastures and drained the surplus water into a farm pond.

The surprising thing was that he found his farm would support more dairy cows. Instead of the ten cows he was milking before he started his soil conserving program, he found he could care for and milk 25 cows. Move to town? Of course not. Farming, he says, is a good business.

An account in the bank can give a feeling of satisfaction and security. Start your account today. You will be glad you did.

MAGGIE MCKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all'

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Mollie Montgomery Has 96th Birthday Celebration Sunday

Mrs. Mollie Montgomery, Aunt Mollie to everybody who knows her, had another happy birthday this week. It was her 96th. And as is customary annually on this occasion, there was a celebration.

The observance was held Sunday, though Aunt Mollie's birthday was on Thursday, May 19. Sunday was a better day for folks to come from a wide area and spend the day. One hundred and six relatives and friends gathered at the Montgomery home this year. They brought baskets of food for a picnic dinner and gifts for the honoree, Bulcher's oldest resident and one of the best loved citizens.

After the meal there was gospel singing, Aunt Mollie's favorite songs, and picture taking. And renewing old acquaintances. Some of the folks hadn't seen each other in 45 years. They were there Sunday from a wide area of Texas and Oklahoma and some from Missouri.

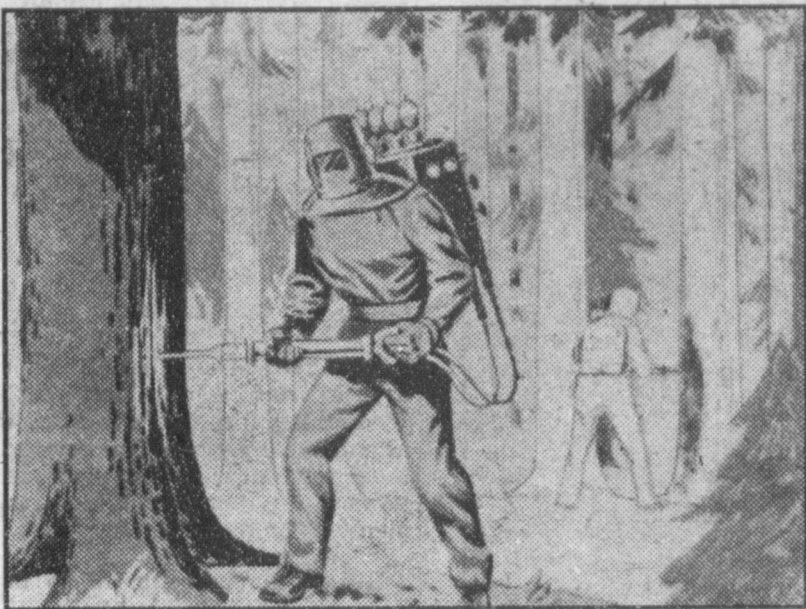

Thursday there was another celebration when members of the Bulcher Home Demonstration club called at her home and gave her a handkerchief shower.

Mrs. Montgomery has lived at her present home "on this old hill" as she jovially remarks, most of her life. She moved there April 7, 1888, and refuses to leave. She got enough of moving when she was little and wants to stay right there. She lives with her son and daughter-in-law the Edd Montgomerys. She has been a widow since February 1908.

Aunt Mollie well remembers, and loves to tell, about the early days in her community. She recalls vividly the meningitis epidemic that took the lives of so many children in the Bulcher community. Though she nursed the sick night and day she was not stricken.

She has seven children, 23 grandchildren, "and so many great-grandchildren, we've lost count," she chuckles.

A native of Kentucky where she was born near Bowling Green, Mollie and her parents, the W. R. Hunts, lived there during the Civil War. They migrated to Texas in a covered wagon with four horses and were on the way nine weeks. She married J. S. Montgomery at Bloomfield in Cooke county on March 19, 1876, and they moved to Bulcher two years later. That was 11 years before Muenster was settled.

FUTURE FORESTRY—Paul Bunyan of the Great North Woods in 1975 will be a helmeted tree specialist such as the one pictured above. Shielded against radioactive products, he'll doctor trees, pre-season the wood, make it fire resistant and stain it a desired shade while tree is growing. Artist's conception is from a trade association slide-film presentation recently viewed by members at annual meeting of U.S. Chamber of Commerce, Washington, D.C.

Bulcher News

By Mrs. R. J. Samples

BULCHER, May 17—Visiting at the bedside of Mrs. J. E. Blakely Sunday were her grandchildren the Huey S. Blakelys of Prineville, Oregon, the Billy W. Blakelys and family of Gainesville, Mrs. Eunice Blakely and two daughters of Gainesville, the Rufus Montgomerys and the John Tubbs family of Lawton, Okla., and Mr. and Mrs. Marvin Yoacum of Saint Jo.

Mrs. C. V. Crabtree, Mrs. J. M. Shields and Mrs. August Hyman attended a coffee at the Curtwood in Gainesville last Wednesday given for representatives of all women's clubs in the county. Plans for a contest with cash

prizes sponsored by Gainesville merchants were discussed. Bulcher Home Demonstration club will participate in the contest.

Mrs. R. J. Samples and daughter Belva Saturday attended a bridal shower honoring Miss Betty Walker, bride-elect of Bob Samples. Scene of the party was the home of Mrs. Paul Shobes at Gainesville.

Guests in the home of Mr. and Mrs. Bill Blakely Sunday were Mr. and Mrs. Bill Grotte and son of Nocona.

Mrs. Gid Prather and Jo Ella are back at home after spending several days with her mother, Mrs. Mattie Jones at Saint Jo. Mrs. Jones who has been ill has gone to Gainesville to spend some time with a son.

Bulcher Progress club met Thursday night, May 12, at the community building and discussed a program of repairs to be made at the building. Calip Cannon, vice president, conducted the meeting. After adjournment cookies and cold drinks were served.

Officers Named by 4-H Club Council

Cooke County 4-H club members attended the county club council's business session featuring the election of officers Saturday morning.

Officers elected are Don Fenley, chairman; Nelda Bayer, co-chairman; Mary Sellers, secretary; Anthony Dresser, reporter.

Announcement was made of coming events of interest to 4-H clubbers. These include county camp at Trinidad June 13-16; district camp at Trinidad July 13-15; the 4-H Roundup at A&M College June 8-10; and the Electric camp at Trinidad June 28-July 1.

Going to A&M will be William Flusche, David Schniederjan, Melvin Kuhn, Don Davis, Don Fenley, Joe Bezner, Frank Sandman, Margaret Elkins and Janice Berry. Attending Electric camp will be Gwen Friske, Mary Block, Don Davis and Ellis Colwell.

Marysville News

By Mrs. Herman Richey

MARYSVILLE, May 17—Mr. and Mrs. J. N. Shaw spent Sunday night in Fort Worth with their grandson, Rev. Gene Hawkins and family and accompanied them to Bovina for a visit this week with the Horace Moody family and attendance at graduation exercises there. Their grandson Alfred Moody, is one of the graduates.

Mr. and Mrs. Joe Snow and family of Alvarado and Mr. and Mrs. H. B. Snow of Gainesville visited Saturday with the Charles and Foster Davidsons.

Mr. and Mrs. Ed Ballinger and grandson Dale Huff of Oklahoma City were guests in the John Richey home Sunday.

The Jim Shifflets had as guests for the weekend Mr. and Mrs. Robert Pourah and Mrs. Ed Mathews and son Gary, all of Dallas.

Frank Mosley of Artesia, N.M., stopped here Friday for a visit with the Marvin Doughtys.

Virginia Kirk visited relatives in Paris during the weekend.

Don Ray Moon spent a few days of the past week with his mother, Mrs. Gordon Rodgers at Guthrie.

MARYSVILLE HD CLUB HAS PROGRAM ON SAFETY

"Playing Safe with Family Happiness" was the program theme for the regular meeting of the Marysville Home Demonstration club Friday afternoon when the group met in the club house with Mrs. John Richey and Mrs. Charles Davidson as hostesses.

Mrs. Herman Richey led the program on safety after members had answered roll call by telling about an accident in the family—an accident that could have been avoided.

Mrs. Lawton Moon led the

recreation hour after business and Mrs. Herman Richey won the game prize. The hostesses served refreshments of punch and cake to eight members and two guests, Mrs. Ollie Morris of Perryton and Mrs. W. H. Tuggle of Gainesville.

Citation By Publication THE STATE OF TEXAS

To: Mary F. Welch
GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 20th day of June, A.D. 1955, at or before 10 o'clock A. M. before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.
Said plaintiff's petition was filed on the 19th day of April, 1955.
The file number of said suit being No. 18787.

The names of the parties in said suit are: Bob J. Welch as Plaintiff, and Mary F. Welch as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce from the bonds of matrimony for the reasons of harsh and cruel treatment on the part of defendant, and for the care and custody of the minor child of plain-

tiff and defendant, Bobby J. Welch, Jr., a boy, age two years and for general and special relief, said cause of action being more fully shown in plaintiff's petition filed herein.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 3rd day of May A.D., 1955.

Given under my hand and seal of said Court, at office in Gainesville, Texas, this the 3rd day of May A.D., 1955.
(SEAL) Woodrow U. Clegg, Clerk District Court, Cooke County, Texas.

Vacation Idea... VISIT FORD ROTUNDA, SHOW PLACE OF THE AUTO INDUSTRY, DEARBORN, MICHIGAN

You pay nothing extra for Ford's Thunderbird styling...
Luxury Lounge interiors... smoother Angle-Poised ride...
nor for Ford's 23-year V-8 experience that brings you
Trigger-Torque power!

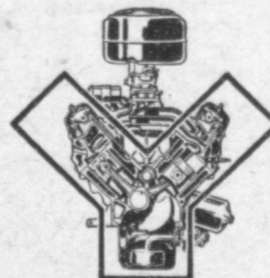

Only Ford offers
Thunderbird Styling

Take a closer look at those long, low, "front-running" lines. From the smart, visored head lights to the tapered tail fins, they're Thunderbird through and through. Step inside. Colorfully fresh new Luxury Lounge interiors make Ford truly your "living room on wheels."

Your new-car dollars buy more today. For example, a first-class ride in a first-class car is yours at Ford's low fare.

You command a Y-block V-8 that responds reassuringly when you need it. You have Ford's smoother Angle-Poised ride cushioning out road shock wherever you go. And you own the style-setter—the car that's styled like its brilliant running-mate, the Thunderbird.

You can expect more when you trade, too... for Fords have been returning more in resale than any other low-priced car. Take a Test Drive and you'll see why!

Only Ford offers
Trigger-Torque power

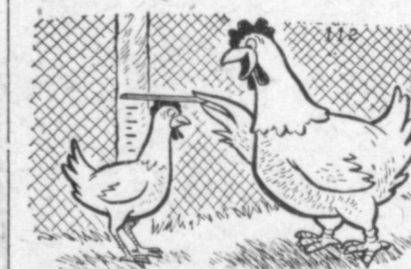

Whether you choose the 162-h.p. Y-block V-8 or 182-h.p. Special V-8, you get split-second "Go" when you want it. With Speed-Trigger Fordomatic, you're even farther out front... automatically.

THE NEW BEST SELLER...
sells more because it's worth more!

Local News BRIEFS

Mr. and Mrs. John Streng and children of Temple are here this week to help his father, John Streng, in the harvest fields. The Strengs got a taste of the recent storm in Temple. Roofs were blown off their garage and barn and the house lost a porch in the wind. However, they feel fortunate, they said because their place was not hit by the heavy hail that did so much damage about a quarter of a mile north of their farm, and also south of Temple.

The Kyle Waggoners and daughter Becky, joined by her mother Mrs. Burl Williams and Mr. and Mrs. Lester Phillips of Saint Jo spent the weekend in Roswell, N.M., with the Jerry Long family. Mrs. Long is Mrs. Williams' daughter. The visitors were taken on a tour of the bottomless lakes.

Mr. and Mrs. Ted Bare and daughters Dixie, Sylvia and Mary Jo left Wednesday to return to their home in Rushville, Neb.,

after a 10-day visit with her parents, the Joe Sturms and other relatives.

Mrs. Joe Voth and Mrs. M. J. Endres drove to Fort Worth Sunday to visit the latter's daughters, Sister Agnes and Sister Irma, at OLV Convent. Also there for a visit were Mrs. Albert Knabe, her daughter, Mrs. Angeline Shumaker and daughters Ruby and Dianne who spent the afternoon with Sister Benedict.

Mrs. Russell Herb and children of Dallas will leave Friday to return home after a week's visit with her parents, the John Tempels.

Mrs. John Felderhoff returned Friday from Bushnell, Ill., where she visited her son-in-law and daughter, the Monte Elliotts, and made the acquaintance of her new granddaughter, Joyce Ann Elliott. She was godmother at the baby's baptism. Merle Griffet was godfather by proxy for Frank Felderhoff. The little girl is the first grandchild for Mr. and Mrs. Guy Elliott of Bardolph, Ill., and the first great-grandchild of Walter Beal, also of that city.

Miss Patsy Nieball of Dallas spent the weekend here visiting her grandparents, the Paul Nieballs.

Mrs. J. M. Weinzapfel spent Friday in Wichita Falls, Windthorst and Scotland visiting relatives. Her brother, Charlie Meurer, who recently had a leg amputation just below the knee is back at his home in Windthorst; her brother-in-law, S. P. Otto, was a patient at Bethania Hospital in Wichita Falls, and she visited at the home of another brother, Dick Meurer at Scotland.

Mr. and Mrs. Cris Jensen and son Troy of Wichita Falls spent Sunday here. They brought her father, W. T. Richter, back home after he had been their guest for 10 days. He was sponsor at Troy's confirmation on May 8.

Children and grandchildren of John Walter helped him celebrate his 79th birthday on May 11 when they gathered at his home with gifts and a decorated cake.

LOCAL STUDENT GETS READER'S DIGEST AWARD

Rita Cain, valedictorian of the graduating class at Muenster High School, has been given the Annual Award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community, it was announced today by Superintendent Homsley.

Miss Cain will receive an honorary subscription to The Reader's Digest for one year and an engraved certificate from the Editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come."

The award to Miss Cain, daughter of Mr. and Mrs. Dick Cain, was made possible through the cooperation of Homsley and his teaching staff. They selected Miss Cain to receive the award, designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

Three Herds Share DHIA Top Honors

With an average of 43 pounds, cows of the Hi-Lo Farm were the champion butterfat producers among DHIA herds for the month of April nudging the Lloyd Roane and Johnny Masten herds out of the top spot by one point.

The Roane herd outdid the Hi-Lo animals in milk production with 1350 pounds against 1160 for the butterfat champs and the Masten bossies were next with 1260 pounds of milk.

Summary of the month, released by Carl Kemplin, supervisor, shows that 21 herds were

tested with 556 cows in milk. Of these 209 produced 40 pounds of BF or over with an average per cow of 34 pounds. Milk per cow averaged 890 pounds.

Top individual butterfat producers during the month were from the herds of Pete Prescher and Richard Frasher, each dairyman having one cow that reached 77 pounds.

Among high producing herds were J. W. Fleitman's with eleven cows producing from 42 to 59

pounds of butterfat; Alfred Bayer, three, 45-60; John Knabe, ten, 42-63; Paul Fisher, nine, 45-64; Joe Fisher, five, 40-48; C. A. Fisher, four, 43-47; Martin Bayer, fourteen, 41-57; Pete Prescher, eleven, 40-77; Ben Sicking, two, 42-52.

Magnificently **alive!**

Alive in looks

Only car in its field with Body by Fisher

You can't get any more life in automobile styling than Chevrolet's "Body by Fisher." These three words say all the nice, reassuring things that can be said about automobile bodies. This year's hood-high ventilation, which means cleaner, fresher air, is an important and exclusive feature.

Alive in power

A new V8 and two new Sixes reach new highs in horsepower and performance

You certainly want life in your engine. And with the choice of power-thrillers that Chevrolet offers you this year, you've got what it takes to carry you into a whole new world of motoring confidence and pleasure. How about trying one of our V8's soon? We warn you—it's a date that leads to love!

Alive in features

Never found on a car of Chevrolet's price before

Anti-dive braking that means heads-up stopping—your Chevrolet doesn't curtsy when you put on the brakes. 12-volt electrical system delivers twice the punch. Ball-Race steering makes steering and parking easier. But try these things for yourself. Let us arrange a demonstration soon.

A&M Recommends Dope for Chiggers

COLLEGE STATION — Chiggers can deal even Texans a lot of misery. Although it wouldn't be practical to control the pests all summer, entomologists say that 50 to 75 cents worth of toxaphene or chlordane will kill the red bugs on the average home lawn for about seven days. Such a scheme is suggested to anyone planning an occasional

picnic, party or other out-of-doors activity. Or apply the insecticides to areas where the family sits or plays in the yard. One pound of five percent dust of either of the insecticides applied to 1,000 square feet of lawn area is recommended by the Texas Agricultural Extension Service. The dusts are available from most feed, drug and grocery stores. Sulfur has long been a popular chigger killer but toxaphene and chlordane are more effective, say entomologists.

1 day's cooking

3 days' eating

Now I can indulge my mood to bake (or cook meals in triplicate) . . . shop for more at a time and save money . . . and serve more delicious meals.

with my electric freezer!

BREAKFAST, any time, can be enlivened with blackberries grown in the garden months before . . . taken from the freezer the night before!

LUNCH, which used to be a dreary meal of left-overs, is a real appetite-perker now that I can choose food from my private storehouse . . . the electric freezer.

DINNER, many times next winter, will cost practically nothing, for I can serve fish caught this summer . . . stored in our electric freezer for future use. See your appliance dealer for an electric food freezer. You'll love the convenience and savings it will bring you.

'55 Annuals Arrive At Muenster High

A lot of kids and two adults got a big surprise Tuesday when Muenster High School's new annual, the "1955 Hornet" was distributed.

The adults were Mr. and Mrs. Bill Stelzer, to whom the students dedicated the book as an affectionate tribute for years of cheerful relations. Mr. Stelzer, as custodian for 15 years, has been an intimate friend to many of the students from their primary to their senior year.

Kids got a surprise in finding a few favorites they had not voted on. Selections had been made by the faculty and slipped to the publisher without permitting the annual staff or any others to find out.

The book, featuring an artistic cover in the school's colors, red and white, also features a sharp departure from customary annual arrangement. The faculty, instead of taking the first pages, is toward the back of the book. That was another faculty scheme "to give the students the prominent spots in their book."

Divisions are the separate classes and the elementary grades, favorites, faculty, organizations, athletics, adult groups assisting the school, and a fine assortment

Furniture Upholstering and Repair Shop We pick up and deliver **Newton F. Stogner** 211 E. Bogness P.O. Box 561 Saint Jo, Texas

of snapshots. Favorites listed are: Rita Cain and Wendell Richey, Senior favorites; Gretchen Hellman and Robert Meurer, Junior favorites; Magdeline Noggler and Hubert Richey, Sophomore favorites; Jean Wieler and Nolan Hammer, Freshman favorites; Wanda Richey, FFA sweetheart; Jerry Klement, FHA sweetheart; Lu Rose Henscheid and Ronald Hallmark, best all-around; Jean Wieler, Hornet beauty; Wendell Richey, handsome Hornet; Gretchen Hellman and Vernon Clayton, most bashful; Clara Fisher and Wayne Schmitt, most likely to succeed; Clara Fisher and Joe Noggler, most energetic; Joyce Wiesman and Jerry Klement, most friendly; Corina Vogel and Donny Whitt, most witty; Joyce Wiesman and Ronald Hallmark, most popular; Peggy Hudspeth and Joe Noggler, most athletic; Marcy Klement and Donny Whitt, cutest couple.

WEDNESDAY WAS PICNIC DAY AT S.H. SCHOOL

Students of Sacred Heart High school spent Wednesday at Lake Murray, Okla., on their annual outing. Teachers and roommates accompanied them.

On the same day grade school children held their annual picnic on the school grounds. Everyone brought food for the noon meal and later played games. There were several concession stands for cold drinks and trinkets. The program was cut short by a shower in the afternoon and students were dismissed early.

Gilbert Kubis Wins Award at Academy

Gilbert Kubis, son of Mr. and Mrs. Albert Kubis, and a senior student at Subiaco Academy, received the school's Dr. Hayes award this year. The honor carries a \$50 cash prize and is annually given to the senior, who in the eyes of the administration has done the most to promote the general happiness of the student body.

Mr. and Mrs. Kubis will attend their son's graduation exercises on May 27 at 9:30 a.m. They will also visit Mr. Kubis' mother and his brother, Rev. Alcuin Kubis. Both live in Scranton, Ark.

Lindsay 4-H Clubs Name New Officers

Mary Jane Block was elected president of the senior section of the Lindsay girls' 4-H club at a recent meeting. Other officers are Alice Voth, vice-president; Marlene Bezner, secretary; Irene Block, treasurer; Dorothy Geray, reporter; Lucy Stoffels, song leader; Wanda Hess and Jane Frances Kubis, recreation leaders.

As a result of the election of officers for the senior boys' club, the roster reads: President Henry Fleitman, Vice-president Michael Fuhrmann, Secretary Frank Sandmann, Reporter Joe Bezner.

Junior boys elected their officers as follows: Jimmy Zimmerer, president; Bernard Kubis, vice-president; David Hundt, secretary; Leonard Zimmerer, song leader; Henry Sandmann, reporter.

Officers of the junior girls' club elected are Dorothy Bengfort, president; Louis Hermes, vice-president; Patty Schmitz, secretary; Patricia Block, song leader; Jolene Zimmerer, reporter.

Programs for the final meetings of the school term were directed by Miss Maurine Kavanaugh and Gene Sears. The boys discussed soil and the girls learned how to make a salad and reviewed table settings.

Both groups discussed district camp meeting in June and county encampment in July.

Graduation Set at Lindsay for May 26

Twelve high school seniors and ten students from grade school are candidates for graduation at Lindsay this year. They will receive their diplomas in solemn commencement exercises in St. Peter's church on Thursday, May 26.

Baccalaureate services for the group will be held on Sunday, May 22, with Rev. Conrad Herda delivering the baccalaureate address.

Peggy Hermes is valedictorian of this year's graduating class and Margaret Mary Hermes, class president, is salutatorian. They are daughters of Messrs. and Mrs. Joe Hermes and Ben Hermes, respectively.

Other high school graduates are Stella Bengfort, Eileen Fuhrmann, La Vern Fuhrmann, Clara Mae Haverkamp, Bernice Hermes, Cecil Hermes, Cyril Hermes, Vera Kuhn, Harold Neu and Rachel Voth.

Those to receive eighth grade diplomas are Rosemary Bezner, Leon Fuhrmann, Alma Louise Haverkamp, Gilbert Hermes, Mark Hermes, Leslie Kuhn, LeRoy Neu, David Lutkenhaus, Judy Schmitz and Kenneth Zimmerer.

Deanery Officers Installed at NCCW Meeting in Lindsay

Highlighting the quarterly meeting of the Sherman deanery National Council of Catholic Women in Lindsay Wednesday, May 11, was formal installation of new deanery officers and an address by Rev. Charles Mulholland of Dallas, diocesan director of Catholic Charities. Women of St. John's parish of Valley View were hostesses for the session.

Assuming office were Mrs. A. J. Korioto of Sherman, president; Mrs. Lawrence Zimmerer of Lindsay, first vice president; Mrs. Joe Bauer of Gainesville, second vice president; Mrs. Paul Fisher of Muenster, third vice president; Mrs. Osa Alexander of Greenville, recording secretary; Mrs. Albert Wangler of Pilot Point, treasurer; Mrs. Robert Rombach of Denton, delegate at large. Father Duesman presided at the installation ceremony.

In his talk Father Mulholland told about diocesan charitable institutions which include homes for children and the aged. He gave his audience an idea of how much it costs to operate the orphanages and home for the aged and explained how the institutions function.

Father Anthony Gajda, pastor of the host parish, as the other speaker on the program, themed his address on the feast of the Queenship of Mary, a new feast observed for the first time this year on May 31.

He also introduced clergy present: Rev. Christopher Paladino of Muenster, Rev. Charles Mulholland of Dallas, Rev. Conrad Herda of Lindsay, Rev. William Lane of Gainesville, Rev. John Untereiner of Pilot Point and Rev. John Duesman of Sherman.

As an entertainment feature students of St. Peter's high school gave a choral recitation, "The Athanasian Creed."

An added feature of the meeting was a demonstration on making altar linens and a display of materials for the purpose. Mrs. J. Pearson was in charge.

The meeting began at 2 p.m. in the Lindsay parish hall and concluded with Benediction of the Blessed Sacrament in church. After adjournment there was a social hour and refreshments.

Confetti - - -

official attitude is that it will not assume its responsibility if the rural patron will not provide an adequate box.

On the other hand Uncle Sam has some mighty definite notions about the importance of a mail box. He doesn't claim ownership but he protects the patron's right of ownership to the limit. The report that a box has been stolen or mutilated, or that mail has been taken from it, will start an official investigation in a hurry. If Uncle Sam thinks that much of it the owner ought to be concerned about its condition.

AUSTIN—Tuesday was the safest day for travel on Texas rural highways in 1954. Saturday was the most dangerous. The number of fatal accidents by day: Sunday—319; Monday—168; Tuesday—147; Wednesday—188; Thursday—174; Friday—218; and Saturday—325. According to these figures, traveling on rural highways on Saturdays or Sundays was more than twice as hazardous as traveling on Tuesday.

Awards Program - -

The awards banquet, prepared and served by Jetton's of Fort Worth, was the biggest and most efficiently managed in the six year history of the program. About 590 persons served themselves in less than 25 minutes. Dinner music for the program was played by Bill Searcy's Blue Notes.

Rudder explained that it will take some time to process the many loan requests that have been lying around the Veterans' Land Office for about a year. "This delay has been unfair to buyers and sellers alike and I promise that so long as I'm in office it will not happen again," he said. He defended the veterans land program as good when properly administered.

Jerry Talley, farm director of Station KGAF, presented awards to the program's honorees and interviewed one of the soil champs, Lawrence Sicking, on his conservation methods and results. Those receiving the customary \$50 cash award are Joe Fleitman of Muenster, Lawrence Sicking of Gainesville, Ben Perryman of Forestburg, Jack Crownover of Nocona and W. R. Childs of Collinsville as zone winners, and G. D. Wilson of Bowie as the district's best comeback farmer and the Meador Group of Sherman as the outstanding conservation group.

A special event, introduced by Talley as the sponsoring group's best kept secret, was the presentation of a plaque to J. W. Hess, chairman of the board of supervisors, for his many years of devoted service to the district.

W. L. Peterson, president of the State National Bank of Denison, was Master of Ceremonies. J. M. Weinzapfel, president of the Muenster State Bank extended a welcome for Muenster and the sponsors, and the Most Rev. Augustine Danglmayr, auxiliary bishop of the Dallas-Fort Worth diocese, gave the invocation. Willard Kemplin of Valley View spoke for supervisors and co-operators in a brief message of acknowledgment.
