NUMBER 27

## Local Harvesting Delayed by Rain, Grain Still Okay

This week the Soil Conservation Service released an anxiously awaited announcement. Contractors have been asked to submit bids for building the first two of some forty detention dams which will eventually control flood waters on Elm Creek from its source near Saint Jo to its outlet in Lake Dallas.

In relation to the future wealth and welfare of the entire Elm watershed, this is the beginning of a project which ranks second only to a related project which was started about fifteen years ago . . . that of applying soil conservation practices on the field. Like the other, this is an undertaking which has a direct bearing on generations to come. It fits into a comprehensive plan which will result in a coordinated and ever increasing use of soil and water, our most abundant and most precious resources, instead of permitting their coordinated and continued loss.

Most of us are inclined to rejoice when we get a new oil well or a new industry in the area. We like to think of the additional income and the comforts they bring. But further thought reminds us that oil, however plentiful it may seem, will run out some day, and industry, however stable it may seem, is still limited by its source of raw materials. But soil and water are fundamental. Properly used they stay and improve from year to year, bringing forth their yield of food and fiber in ever increasing abundance.

The dams, along with other conservation measures, constitute an effort toward restoration of conditions that prevailed when this was God's country. In those days floods were less frequent and water more plentiful. The soil, conditioned by nature, soaked up more of the rain as it fell, and even that which ran off flowed away slow and clear through the protecting cover of vegetation. Less water reaching the creeks more slowly seldom caused floods. Later the surplus water from saturated land gradually found outlets in springs and kept creeks flowing gently for weeks.

One of the benefits of that condition can be restored immediately by the proposed detention dams. While off-flow from the land still is not under control the reservoirs will hold a great deal of surplus water and release it at a rate that can be handled by the creek channel. As time goes on and conservation practices continue land will be conditioned to hold more of the rain and give up less of its soil to the ravages of erosion. When that day comes nothing short of a cloudburst can cause serious damage either up or down stream.

It's hardly an exaggeration to say that the dams mark the beginning of a new era of prosperity for Cooke County. Many a flood will be prevented. Many a crop will be saved. Many an acre of fertility will be kept and improved for the future.

Even the big city boys, some of whom cannot see farther than the big reservoirs for their own water supply, share in the small dam benefits. Their lakes will last longer because they will get less silt. And cities that depend on wells can expect a better supply of underground water.

The situation existing in Guatemala nowadays causes a person to wonder whether the communist big shots have ugly plans for the United States, especially in view of an appraisal expressed by Secretary of State Dulles. He says that the munitions just sent to that red dominated Central American country could possibly be intended to blow up the Panama Canal, one of the certain and early objectives that can be expected if and when Russia decides to launch its war for world domination.

Regardless of what the red propagandists scream, that act is more than sufficient justification for our rushing arms to some of the other Central American countries. It also offers plenty of reason to warn the Guatemalans that their first hostile act will bring annihilation down on their ugly heads.

In the light of such events, and others that have been going on all over the globe, it seems to be high time for us to consider a resolution introduced to the Sen-

(Continued on page 10)

Rain which is postponing this community's harvest still has not caused any serious damage to crops, but it is beginning to cause nervousness. Hundreds of acres in the area are ready for the combine, and some grain would have been delivered had it not been held up by Monday's and Tuesday's rains, which added to .34 inch. Arthur Felderhoff said he expected his first loads Monday but was still waiting for them Wednesday.

Much of the ready grain has been windrowed and now awaits pickup combines, whereas some is due to be baled. Damage caused by the rain applies almost entirely to the hay that was caught on the ground. Oats and alfalfa have both lost in color and palatability. Grain to be combined, whether in windrows or still standing, is believed to be generally unharmed.

No reports on yields are available at this time but general belief is that the crops will be better than average, though probably not as good as that of last year. The rain measure for May to date is 4.69 inches.

Correction following another .45 inch of rain early Thursday: the moisture record for the month now stands at 5.14 . . . and combining is further delayed.

## VFW Enters Team In Gainesville's Softball League

Muenster will have a softball team this summer playing as one of the ten members of the recently organized Gainesville Softball League.

The local team was organized Tuesday night under the sponsorship of the VFW post with Buck Knabe as manager and Norbert Mages as team captain.

League membership consists of Muenster VFW, Gainesville VFW, National Guard, Callisburg, Sinclair, Schlumberger, Shell Oil, TP&L, Cox and Hannon and Bezner Chicks. Frank Fancher is the league commissioner and Roy Albert is secretary-treasurer.

All games are to be played at Gainesville, five double headers being scheduled for each week. It was further agreed that games will be limited as nearly as possible to an hour and thirty minutes. With starting time scheduled for 6:45 and 8:30, it was agreed that no new inning would be started after 8:15 or 10 o'clock. The leading team when time runs out is the winner.

As a consideration to Muenster players and fans, who would find

(Continued on page 10)

## Faster Than Sound Jets Jar Bulcher

Two loud explosions and tremors that jarred houses north of Muenster in the Bulcher community Friday had residents of that area completely baffled until someone reported hearing a jet plane about that time.

Area residents concluded the commotion was the result of jet planes breaking the sound barrier. There was no damage; only a few frayed nerves.

## WITH THE MEN IN SERVICE

### Doing OK In Africa

S.Sgt. Billy Metzler, writing from Sidi Slimane AFB, French Morocco, North Africa, reports that he is doing fine, keeping busy and would like to hear from folks back home. At the same time he sends regards to everybody. His address is: S.Sgt. William J. Metzler; 1975 AACSSqd., Box 358; APO 117, c-o P.M.; New York, N. Y.

### Gets First Stripe

Alvin Knauf has been promoted to Private First Class in Germany where he is on duty at Munich. He is the son of the Alex Knaufs, former Muenster residents now living in Colorado and the grandson of Mr. and Mrs. Joe Swirczynski.

## Virgil Walter Gets BS Degree at A&M

Virgil Walter, son of Mr. and Mrs. Al Walter, was one of 803 graduates of Texas A&M College receiving a diploma in commencement exercises in G. Rollie White Coliseum Friday night. He received a Bachelor of Science degree in animal husbandry.

Attending the program from here were his parents, his sisters Mrs. Bernard Swirczynski, Jeanette and Sandra Walter, his grandmother Mrs. John Hartman, and his aunts Mrs. Albert Dangler and Miss Dorothy Hartman.

Virgil accompanied them home and will spend about a week here before going to work—he hasn't definitely decided where—until August 19 when he enters the U. S. Army as a second lieutenant. He was a member of the ROTC for four years.

## Water's Different, Have You Noticed?

Water from the city lines may not look nor taste the best but it's OK nevertheless, City Water Superintendent Steve Moster assured this week.

The reason, Moster said, is that old sediment in the pipe may be torn loose by a change of flow of water in the line while the water tower is receiving an inside coat of paint. The little sediment stirred up would probably not be harmful he said, but chlorine is being added as a safety precaution.

The tank painting job is in connection with a deal the city has to prevent rusting. Inspection is made every three years, and the recent inspection indicated that another coat of asphalt paint ought to be applied.

While painting is under way water is kept circulating during the day by the reservoir's booster pump. At night the water flows by gravity from the tank on North Main.

In case of a fire the water pressure will be stronger than usual, Moster said. The booster pump's pressure into the mains is greater than the tank's pressure.

## Graduation at MHS Features Talk on 'Beautiful Failures'

"Beautiful Failures" were enumerated to the fifteen graduates of Muenster High last Thursday night as evidence that failure need not be accepted as a cause for discouragement but should be used rather as a stepping stone to success.

Dr. Kermit Melugin, pastor of the First Baptist church of Gainesville mentioned Edison, Lincoln, Rockefeller, Saint Paul and several others as examples who had the wisdom and courage to see their mistakes and carry on to a successful goal.

He also cautioned against measuring success in money according to worldly standards. Rather he advised the kind of success that is measured in spiritual terms, a life of usefulness in harmony with the Divine plan.

He said that setbacks, when properly accepted, serve to enrich a character whereas constant success is likely to make a barren personality just as all sunshine makes a desert.

The class valedictory was delivered by Mildred Fisher and the salutatory by La Queta Cain.

Other numbers on the program were the invocation by Father Louis Deuster, the benediction by J. B. Klement, presentation of diplomas and awards by Arthur Hellman, trumpet solo by Dan Hamric, vocal solo by Jean Rapp of Denton and the professional and recessional by Mary Trubench.

Members of the graduating class are Billy Ben Boyles, La-Queta Cain, Lorraine Fleitman, Mildred Fisher, Helen Jetzelsberger, Mary Nell Hellman, Patsy Hobbs, Joe Carroll McElreath, Edward Pick, Edna Swirczynski, Eugene Walter, Delbert Walterscheid, Earline Walterscheid, Wilmer Walterscheid and Julia Wolf. Mrs. John Aytes, who completed her course by correspondence, also received a diploma.

## Memorial Service Sunday to Honor Muenster War Dead

This community's war dead will be remembered Sunday in traditional Memorial Day service consisting of both religious and military rites.

Participating in the memorial will be Father Louis Deuster, the Sacred Heart church choir, the VFW post, the VFW Auxiliary and several school children.

According to the program outlined by Steve Moster the service will begin with benediction in church at 3 o'clock. After that a procession will form and march to the cemetery, reciting the rosary on the way.

First stop at the cemetery is the crucifixion group where Father Louis will lead in prayers for all deceased of the community.

Next the procession moves to the service men's graves. The ceremony there will consist of lowering the flag to half mast, placing flowers on the graves, prayers, an address by Father Louis, a hymn by the choir, a three volley salute by the rifle squad and taps.

## Prayer is Key to Happiness, Father Louis Tells Grads

Father Louis Deuster, addressing graduates of Sacred Heart High school in commencement ceremonies in Sacred Heart church Sunday night, urged them to apply the principles they have learned in living a happy, useful life, in service to God, community and country, and to be men and women of prayer, emphasizing that that is the key to true happiness.

He based his talk on the Sunday's appointed gospel from St. Luke: ". . . Ask and you shall receive . . ."

Father Louis also presented the graduates' diplomas.

Services opened with a professional by graduates and pages into church and ended with a recessional after mass and benediction which followed the presentation of diplomas.

At the 8 o'clock high mass Sunday graduates received Communion in a group and heard a baccalaureate address by Father Christopher Paladino.

High school graduates are Alma Henscheid, Jo Ann Starke, Alice Koelzer, Carrie Ann Gehrig, Clara Flusche, Edna Hesse, Mary McGannon, Clarice Schad, Henrietta Mages, Marcella Hess, Bertha Neusch, Marilyn Miller, and Frankie Marie Owen.

William Walterscheid, Jerry Henscheid, James Mollenkopf, Gilbert and Albert Knabe, Thomas Moster, Ernest Bayer, Meinrad Yosten, Gilbert Bindel, and Albert Zimmerer.

## NEWS OF SICK AND INJURED

John Fette continues ill at his home for the third week.

Sister Genevieve entered St. Paul's Hospital in Dallas Monday. She will be a patient about two weeks.

Mrs. Bruno Fleitman is back at home after being a patient at St. Paul's Hospital in Dallas for two weeks. She says many thanks to all who remembered her with get-well wishes and other kindnesses.

Bill Henscheid is improving but is still at home and unable to return to work after a week's illness. His son Arnold, along with his wife and their son, Tommy, returned to their home in Bushland Thursday after spending several days here.

J. F. Brown of Gainesville was admitted to the Sanitarium early Saturday for medical care. His daughter, Mrs. Herman Fette, has been attending his bedside.

William Fisher was in Dallas Monday for dental work and will go back next Monday for dental surgery. His mother, Mrs. Paul Fisher, and J. W. Fisher went to Dallas with him.

## Bernie Luke Unhurt In Carrier Tragedy

The Ben Luke family waited out some anxious hours Wednesday after hearing the first radio bulletin concerning the catastrophe aboard the aircraft carrier Bennington. Bernie Luke was assigned to the Bennington. A happy end to their worries came about 7 that evening in a message from Bernie assuring them he was fine.

## 2 Local Elevators Ready for Harvest

Both of the local elevators will be in business during the coming grain season, Muenster Mill operating the one south of the Katy tracks and Stockmen's Feed Store operating the one north of the tracks.

Another elevator in the area is that operated by Kimbell Milling Co. by Jack Biffle at Myra. It will deal exclusively in wheat.

Stockmen's Feed Store elevator will handle only oats and the Muenster Mill's elevator will accept either wheat or oats. Wheat will be bought or accepted for storage under the government loan program.

Regarding the wheat Arthur Felderhoff of the Muenster Mill warns that government regulations strictly require a moisture test of 13 per cent or less. If any farmer is in doubt about his grain's moisture content he is advised to bring a sample and have it tested before going on with his cutting. Too much rushing may cause a great deal of work and inconvenience later.

Felderhoff said the storage outlook is encouraging but not assured for the full season. He will accept the grain for storage as long as space is available.

## Summer League of Schoolboy Teams Will Open June 6

The proposed schoolboy baseball league for this area was assured Thursday night of last week when representatives of the six participating towns held an organizational meeting in Sanger. The league is officially named the North Texas Summer Baseball League.

Members of the league, according to information released this week by Dick Cain, are Muenster, Gainesville, Sanger, Pilot Point, Krum and Northwest. Cain is manager of the Muenster club and Father Christopher Paladino is the assistant manager.

Games are to be played every Sunday afternoon at 2:30 o'clock unless delayed by rain or some other reason which is mutually accepted as legitimate by the managers concerned. In case of such cancellations the managers will decide on the date for the make-up game at a time not conflicting with a regularly scheduled game.

The season consists of a double round robin schedule beginning June 6 and ending Aug. 8, five games to be played at home and one in each of the other teams' towns. After the regular season closes the two leading teams will play a 2 out of 3 series for a league trophy.

Eligibility to play is restricted to boys who were eligible during

(Continued on Page 10)

## VFW Auxiliary Will Sell Buddy Poppies

People of Muenster will have plenty of opportunity this weekend to do their bit for disabled war veterans and also for the widows and orphans of veterans.

On Buddy Poppy Day, Saturday, members of the VFW Auxiliary will circulate around town selling the flowers. The next day, at each of the masses, they will sell the poppies at Sacred Heart church.

Proceeds from the poppy sales go partly to disabled veterans and partly to the national VFW home for widows and orphans of veterans at Eaton Springs, Mich. Mrs. David Trachta, chairman of the poppy sale committee, said the veterans get their money as wages for making the poppies and the widows' and orphans' home gets the profits realized from sales.

## Bids Requested for Construction of 2 Conservation Dams

The construction of the first flood prevention structures in this area is near. Tom Hickman, President of the Elm Fork Association, and J. W. Hess, Chairman of the Upper Elm-Red Soil Conservation District, have announced that invitations for bids were mailed to one hundred and twenty (120) contractors on May 19th for the construction of Site Nos. 1 and 2 in the Elm Fork Watershed.

Bids resulting from these solicitations will be received in the office of the Soil Conservation Service, First National Bank Building, Temple, Texas, until 1:00 P.M. June 14, 1954. Contracts will be awarded prior to June 30th and it is expected that construction will then start immediately.

Messrs. Hess and Hickman said that these dams will be built on privately owned lands, the landowners having signed easements to the Upper Elm-Red Soil Conservation District for the construction and impoundment of floodwaters. There will be no change in title to the lands effected, and after the construction has been completed the use of all areas will remain vested with the owners. Mr. Hess said that the easements provided the right for a representative of the district to enter upon the privately owned lands after each major rain to see that the outlet works are functioning properly and to inspect the dams for maintenance.

Site No. 1 will contain approximately 112,000 cubic yards of earthfill; and will be built on the Alex Lutkenhaus farm which is located south of Highway 82 on Copeland Creek in Montague County. Site No. 2 will be built on the W. W. Grant Estate in Cooke County on Waller Creek also south of Highway 82 and will have some 126,000 cubic yards of fill.

## Dan Hamric Wins Woodwork Prize at Dallas Arts Fair

Dan Hamric won a first place ribbon on a mahogany whittling of a fox and a second place ribbon on a whittling of a miniature boat in the open division of the Industrial Arts Fair co-sponsored by Ford Motor Company and the Texas Vocational and Industrial Arts Club in Dallas last weekend.

The show was an elimination exhibit to select entries for a national arts show sponsored by Ford in Dearborn, Michigan. Hamric's fox whittling has been entered in the national show.

Three other local entries also won ribbons at the Dallas show. Jerry Sicking, an 8th grader won third place on his coffee table. Charles Hallmark, another 8th grader won fourth place on a planter-lamp. Lawrence Milner, a sophomore, won fourth place on a walnut bed.

Instructor L. B. Bruns said that his entries in the higher division did not have a chance against the other displays, the winners being far more elaborate and expensive than exhibits submitted by his students. Nevertheless he was pleased with his students' record of five ribbons out of 13 entries.

## Ruby Davis Seeks Treasurer Office

Mrs. Ruby Davis of Gainesville authorized the Enterprise this week to announce that she is a candidate for the office of Cooke County treasurer subject to the Democratic primary in July.

Her formal statement to voters will appear in a later issue of the Enterprise.

Mrs. Lula Nieves of Temple visited during the week with her sister, Mrs. Frank Seyler.

## SCHEDULE OF COMING EVENTS

SUNDAY, May 30, Memorial Service at church and cemetery starting at 3.

SUNDAY, May 30, Baseball, Muenster vs Gainesville, 3:30 p.m.

WEDNESDAY, June 2, Get-Together Club meeting in the home of Mrs. Al Walter, 2 p.m.

### Frances Hennigan, Victor Sicking Say Vows Here Tuesday

Miss Frances Ann Hennigan Tuesday became the bride of Victor Sicking during a nuptial high mass in Sacred Heart church.

Rev. Patrick Hannon performed the double ring ceremony and officiated at the mass at 9 a.m.

The bride is the daughter of Mr. and Mrs. Fred Hennigan and the bridegroom is the son of Gus Sicking.

Mr. Hennigan gave his daughter in marriage. She wore a lovely floor length gown of white chantilly lace and nylon net over bridal satin designed with a moulded bodice, stand-up collar and petal point sleeves of the lace and a voluminous skirt fashioned of four tiers of net adorned with lace medallions.

Her double tiered fingertip length veil of nylon illusion fell from a crown of seed pearls and sequins and her flowers, white carnations and stephanotis topped a prayerbook, a gift from the groom. She also carried a crystal and silver rosary, likewise a gift from the groom. Her jewelry, a gold chain and cross, was borrowed from her mother.

Misses Joan Hennigan and Clara Streng, sister and cousin of the bride, were maid of honor and bridesmaid wearing full skirted frocks of net over taffeta identically designed in pastel shades of orchid and green. They wore white flower headpieces and carried colonial bouquets of pink carnations. Their pearl necklaces and matching ear rings were gifts from the bride.

Larry Hennigan the bride's brother, and Lloyd Prescher of Gainesville, the groom's nephew, attended Mr. Sicking and Arnold Wimmer and Victor Koelzer were ushers.

Mrs. Hennigan attended her daughter's wedding in a light blue linen costume with matching hat and other accessories in white and Mrs. Mathilda Wimmer, grandmother of the bride, wore a navy blue ensemble with navy and white accessories. Both had corsages of pink carnations.

Anthony Luke played the wedding marches and remained at the organ to assist the church choir in singing the mass. After the

services he played "On This Day O Beautiful Mother" while the couple went before the Blessed Virgin's shrine where the bride placed a bouquet of orchid dahlias on the altar.

From the church the newlyweds, officiating minister, parents and grandmother and members of the bridal party went to the home of the bride's parents where a wedding breakfast was served. The white cloth covering the table is a hand woven heirloom formerly belonging to the bride's great grandmother who brought it to this country from Germany. It is now the property of Mrs. Mathilda Wimmer. An arrangement of dahlias carrying out the bridal colors formed a centerpiece for the table.

At three o'clock Mr. and Mrs. Hennigan were hosts for a reception followed by a buffet supper in the parish hall. Miss Clara Streng presided at the bride's book registering 175 guests.

The bride's table was covered with an Irish linen cloth and held matching napkins, heirlooms in the Hennigan family and formerly the property of the bride's paternal grandmother, Mrs. T. D. Hennigan. Centerpiece for the table was the three-tier wedding cake flanked by tapers in crystal candelabra and surrounded by greenery and flowers.

A dance in the VFW hall concluded the day's program and preceded Mr. and Mrs. Sicking's departure on a wedding trip. For traveling the bride wore a light blue two piece suit with white and navy accessories. When they return they will make their home here.

Both young people were born and reared in Muenster and attended Sacred Heart school. She is bookkeeper for her father in the H&H Oil Company. Mr. Sicking is a farmer and Grade A dairyman and a partner with Fred Hennigan in the H&S Butane Company.

### "VANISHING" AMERICANS?

There are more than 450,000 American Indians, on reservations or registered with the government, in the U. S. today. Most numerous are the Navajos of Arizona, New Mexico and Utah, with the Hopis, Apaches and Blackfeet next in order.

### 43 Eighth Graders Receive Diplomas At SH Graduation

Forty-three eighth grade graduates of Sacred Heart parochial school received their diplomas in graduation exercises Friday night in Sacred Heart church.

Father Louis Deuster presented diplomas, addressed the gathering and also conducted the rosary and benediction service following graduation.

Looking over the rows of young graduates Father Louis referred to them and all children of scholastic age in the community as "a great mass of blessings." He appealed to adults to work together to make Muenster so attractive that all young people living here will want to continue to do so instead of leaving to seek a better livelihood away from Muenster.

Class roster of the eighth grade consists of Leonard Bayer, Clifford Endres, Johnny Pette, Francis Fisher, Eugene Hartman, Clarence Hellman, Charles Herr, Gerald Hess, Bernard Hesse, Eugene Hoberer, Melvin Kaiser, David Klement, Howard Mollenkopf, Tim Mosman, Gerald Pels, Eugene Schoech, Henry Starke, Giles Truebenbach, Theodore Walterscheid, Cecil Wolf.

Georgia Bayer, Patsy Bayer, Carolyn Cunningham, Dolores Grewing, Jeanette Haverkamp, Wanda Hess, Suzanne Hesse, Charlene Hellman, Sue Hoberer, Betty Hoenig, Ann Luke, Loretta Mages, Agnes Noggler, Margaret Owen, Dolores Reiter, Phyllis Schmitt, Betty Jean Sicking, Vivian Swirczynski, Judy Truebenbach, Florentine Vogel, Patsy Vogel, Margie Walterscheid, Jean Wieler.

### Chalmers Talks at Graduation Service For Eighth Graders

Ten elementary graduates of the Muenster public school received diplomas Friday night in commencement services featuring an address by County Superintendent W. E. Chalmers.

Chalmers stressed the ever growing importance of an education urging the eighth graders to go on through high school and, if possible, also to finish college.

Following a processional by Margaret Milner, the program opened with an invocation by Father Patrick Hannon. Patsy Dennis then recited a salutatory speech and Dan Hamric recited the valedictory, after which a piano selection by Mary Trubebach preceded Superintendent Chalmers' address. Arthur Hellman, president of the school board presented diplomas and Earl Robison closed the program with a prayer of benediction. Margaret Milner played again for the recessional.

Those who graduated are Sammy Biffle, Billy Joe Dennis, Patsy Dennis, Jimmy Doughty, Charles Hallmark, Nolan Hammer, Dan Hamric, Daniel Hudspeth, Jerry Sicking and James Wolf.

The husband and wife were in the midst of a violent quarrel, and hubby was losing his temper.

"Be careful," he said to his wife, "you'll bring out the beast in me."

"So what!" the spouse replied. "Who's afraid of mice?"

### Anselma Felderhoff Gets Nurse's Cap And Scholarship

Miss Anselma Felderhoff, daughter of Mrs. John Felderhoff, received her nurse's cap and a scholarship for scholastic excellence in capping exercises at St. Paul's School of Nursing in Dallas Tuesday night.

The scholarship is awarded by the Women's Auxiliary of St. Paul's to the outstanding student at capping time. There are 35 in the class.

Miss Berfice Henscheid played piano selections during the ceremonies and later those attending the program were guests for a reception and refreshments of punch and cookies.

Attending from Muenster were Mrs. John Felderhoff, Leo Felderhoff, the Vincent Felderhoffs and Mike. They were joined by Miss Rosina Pelzel of Pilot Point. Others present were Mrs. John Ladd and son Vernon and Helen Jennings of Wichita Falls, the Monte Elliotts of Fort Worth, Olive Haverkamp, Rose Holec, Dorothy Rohmer and Morton Wright of Dallas.

### Pantomimes Feature Final PTA Program

The final PTA meeting of the current season featured a program consisting of three pantomimes charmingly done by elementary students.

First and second graders dramatized "Twelve Sillyies" third and fourth graders gave "Little Red Riding Hood" and fifth and sixth graders enacted "Snow White and the Seven Dwarfs".

After the program Mrs. Ervin Hamric, president, in behalf of the organization, presented Superintendent Weldon Cowan two matched pieces of luggage as a parting gift and expressed members' appreciation for his help and cooperation. Mr. Cowan responded with a short farewell address.

### Method of Treating Snakebite Outlined By Health Officer

AUSTIN—A warning about the dangers of snake bite has just been issued by Dr. Henry A. Holle, State Health Officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; however, few of these result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting snake bite. The pain following the injection of the poison is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse, and vomiting.

If one is unfortunate enough to be bitten by a poisonous snake, as the rattlesnake, the following first aid measures should be carried out.

After making proper incisions at the site of the wound, apply suction and continue for at least half an hour.

Apply a tourniquet above the site of the wound, releasing same every ten or fifteen minutes for about 5 seconds at a time.

If the proper antivenom serum is available, apply it according to directions, but most important of

A-MOO-SING—It's udderly unbelievable, but the contraption above is an artificial cow which uses radioisotopes to form milk. Dr. J. C. Shaw, of the University of Maryland's dairy department, demonstrates the mechanical cow at an exhibit in Washington, D. C., showing the uses of atomic material in agriculture.

all is to remove as much of the poison as is possible so as to prevent its absorption.

Secure the services of a physician at the earliest possible moment.

If one is bitten by a poisonous snake DO NOT run or get overheated and DO NOT take any alcoholic stimulants because circulation increased by alcohol or exercise serves to distribute the poison much more rapidly through the body.

DON'T injure the tissues by injecting permanganate of potash, which is known to be of no value as an antidote.

DON'T depend upon home remedies or so-called snake bite cures, for they are of no value.

### J. P. FLUSCHE HOME IS DINNER PARTY SCENE

The J. P. Flusche home was the scene of a dinner party Sunday at noon honoring Miss Clara Flusche on her graduation day. Also honored was her page for the commencement ceremony, little Miss La Verne Otto.

Guests were the honoree's grandparents, Mr. and Mrs. Tony Otto, the John Ottos and family, and the J. P. Flusche family. Joining them in the afternoon were Mrs. Ray Otto and children and the entire group had supper before going to church for the graduation exercises. They were joined by Mr. and Mrs. Sidney Otto of Gainesville for the latter event.

The inscription on the Liberty Bell reads: "Proclaim liberty throughout all the land unto all the inhabitants thereof."

### MEMORIAL DAY

Decoration Day, now generally known as Memorial Day, in effect began in 1863, when women of Columbus, Miss., placed flowers on the graves of both Union and Confederate soldiers.

It was five years later that May 30 became the officially recognized day for decorating the graves of the soldier dead in the North.

Today, all those who gave up their lives in our country's wars are equally and universally honored in memorial services on May 30 and, because on that date the flowers of spring have reached full bloom, the decoration of non-military graves as well is generally observed throughout the nation.

**Gainesville Rite Unites Jeanne Neu And Rupert Hoenig**

—Boyd and Breeding Photo

A double ring ceremony during a nuptial high mass at 6 p.m. Tuesday united in marriage Miss Jeanne Neu of Gainesville and Dallas and S.Sgt. Rupert Hoenig of Muenster and Barksdale AFB, La.

The couple exchanged their vows in St. Mary's church at Gainesville with Rev. Hubert Neu, cousin of the bride, and a second cousin of the groom, officiating. Gladioli and greenery adorned the altar.

The bride is the daughter of Mr. and Mrs. Ted Neu of Gainesville and the groom is the son of Mr. and Mrs. Joe Hoenig of Muenster.

Jeanne, given in marriage by her father, was a pretty picture in a formal gown of white tulle and lace over satin. A scalloped yoke topped the fitted bodice and tiny lace covered buttons extended down the back. The bouffant skirt was floor length.

The bride's veil, misty tiers of illusion, fell from a pearl and rhinestone tiara and she carried a white orchid on top of a white missal which was a gift from the groom.

Attending the bride were her sister, Miss Helen Neu, as maid of honor and the groom's sister, Miss Edna Mae Hoenig as bridesmaid. They wore dresses of ice blue tulle over taffeta identical in design to that of the bride and carried colonial bouquets of red roses. They completed their costumes with picture hats matching their dresses. Little Miss Donna Neu, another sister of the bride, was flower girl. She carried a basket of red roses. Her white dress was a miniature duplicate of those worn by the other attendants.

Raymond Hoenig and Mike Neu, brothers of the couple, were the groom's attendants. Ushers were Raymond Hermes and Carl Pelzel.

The bride's mother wore a light blue dress with black and white accessories and the groom's mother wore navy blue with white accessories. Both had white carnation corsages as did the bride's grandmother, Mrs. Joe Neu Sr.

Miss Anne Gallagher, organist, presented the nuptial music and accompanied the church choir during the mass. Miss Cecilia Boylson of Dallas, a friend of the bride, sang "Ave Maria" and "Panis Angelis" during the mass, and after the services sang "Mother at Your Feet is Kneeling" while the couple placed a bouquet on the Blessed Virgin's altar.

A reception and buffet supper was held in the K of C Hall immediately after the church ceremonies. Miss Patsy Neu and Mrs. Kenneth Cottle were in charge of the bride's book in which 250 guests registered. Miss Dorothy Neu presided at the cake.

When the newlyweds left on their wedding trip in the late evening Mrs. Hoenig was wearing a white linen suit with red accessories and the orchid she carried at the wedding. They will make their home in Shreveport, La.

The bride is a graduate of St. Mary's school of Gainesville and St. Paul's Nursing School of Dallas and since her graduation was employed in surgery at St. Paul's Hospital.

S.Sgt. Hoenig attended Sacred Heart school here and was graduated from Subiaco Academy. He volunteered for service with the Air Force in January 1951, and is now attached to the Air Refueling Squadron at Barksdale AFB, serving aboard a KC-97, the flying filling station.

**FRANK BINDEL HOME IS PARTY SCENE SUNDAY**  
Mr. and Mrs. Frank Bindel entertained Sunday with a dinner honoring their son, Gilbert, on his graduation day. All members of the family were present and in the evening attended commencement exercises.

Spending the day together were the William Koerners and family of Pilot Point, the Leonard Bindels of Dallas, the Wilfred Bindels and children, the Archie Livingstons, the Arnie Wimmers and son Ronnie and the hosts and family members at home.

**ALTAR BOYS TREATED TO ANNUAL OUTING MONDAY**  
Altar boys who serve in Sacred Heart church were treated to their annual outing Monday. This year's event was held at Forest Park in Fort Worth where swimming, carnival attractions, a picnic dinner and a visit to the zoo were program headliners for the day.

Father Patrick, Mrs. Frank Herr and Mrs. Herbert Cunningham accompanied the boys in a school bus. About 30 made the trip.

Mr. and Mrs. Bob Swirczynski spent Saturday night here and left early Sunday on a week's vacation trip to the Rio Grande Valley. Going they stopped in Austin to visit his sister and family, the Townsend Millers and were baptismal sponsors for the couple's new daughter, Melody Elizabeth. Their next stop before reaching the Valley was in Galveston with Bob's brother, Al and his wife.

**Utah Rite Unites S.Sgt. Bobby Wiese, Cathleen Barclay**

From Ogden, Utah, comes news of the marriage of Miss Cathleen Barclay to S.Sgt. Bobby Wiese in a formal double ring ceremony in the chapel of Hill Air Force Base.

The bride is the daughter of Mr. and Mrs. Joseph Barclay of Staten Island, N. Y., and the bridegroom is the son of Mr. and Mrs. F. A. Wiese of Gainesville, and a brother of Francis Wiese of this city.

Major LeRoy Burke, chaplain, read the ceremony and officiated at the nuptial mass.

The bride was given in marriage by her father and was attended by Mrs. Richard Keenan as matron of honor and Misses Maureen and Patty Barclay as bridesmaids.

Richard Keenan was best man. A reception followed the ceremony and the couple left later for a wedding trip to Sun Valley, Idaho. They are at home in Clearfield, Utah. The bride is also in the service, a member of the Women's Air Force, stationed at Hill AFB.

Mr. and Mrs. F. A. Wiese visited their son and his bride in Clearfield when they were enroute to Colorado where they are now vacationing at Idaho Springs. They also stopped in Denver and Salt Lake City for sight-seeing and plan to return to Gainesville in about two weeks.

## Memorial Day Recalls the Basic Need "For Us the Living"

By Thomas F. Stransky, PFS Staff Writer

NO LONGER IS the celebration of Memorial Day confined to the boundaries of the United States. Alaska, Anzio, Africa, France, small Pacific islands, and Korea find groups of Americans who listen quietly to an address, stand at attention while plaintive bugle notes die away, and thoughtfully return home.

Memorial Day is, indeed, a testimony of the past. All over the world lie American dead—unselfish barriers to the spread of militant barbarism. Yet the final purpose of this day is not to glorify the past, but to sanctify the present.

ELOQUENT WORDS of eulogy, flags and flowers, the display of military splendor benefit only the living; for the ears of the dead are stopped and their eyes have closed forever upon the glory of this world.

Therefore, while we remember with just pride the deeds of the past, we think on Memorial Day of the needs of the present.

FOREMOST OF OUR COUNTRY'S needs is the preservation of our freedom: a freedom for something, as well as a freedom

from something. True, we are free because we do not wear the ball and chain of Communist Russia on our feet. But more important, we are free for God.

We love freedom because we can develop our personalities according to God's pattern by our every-day activities and by our relations with others. In this way we repeat Christ's prayer, "Thy Will be done, on earth as it is in heaven." We are free in order to surrender ourselves to God and His loving Rule.

THE EASIEST WAY to lose the freedom America grants us is by indifference to our individual religious lives. The gift of freedom is useless if we ignore its purpose: to help man reach God.

We often talk about the "national guilt of religious indifference" to distract ourselves from our every-day, conscious-pricking sins that contribute to it. The multiplication of homes broken by divorce and weakened by neglected parental control; the frequent separation of morality from government and business; the neglect of private, family, and community prayers—these have led nations to ruin. They also indicate an abuse of freedom.

ON THIS MEMORIAL DAY, it is "for us the living... to be here dedicated to the great task before us": keep and use our freedom for God and Country.

† Paulist Feature Service, Washington 11, D. C.

Mr. Stransky play of military splendor benefit only the living; for the ears of the dead are stopped and their eyes have closed forever upon the glory of this world.

"A depression is a period when people do without the things their parents never had."—Roger King Mozian.

"People who think nothing of borrowing money usually think even less of paying it back."—Maurice Seitter.

## From where I sit... by Joe Marsh

### "High-Priced" Mistake

Maybe you noticed the big "ad" Red Smith's Furniture Store ran in *The Clarion* last week.

One item caused some embarrassment around here. It read: "4-piece Bedroom Suite, regular price \$119.50, bargain price \$149.50." Guess I didn't "proof-read" too well, and when our pressman asked for the go-ahead, I yelled, "Let 'er go."

All kinds of jokes about the mistake. One fellow asked if Smith's was holding the price line so tight it just snapped. Turned out fine in the end—Red

sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a bargain to be more careful in the future.

Joe Marsh

Copyright, 1954, United States Brewers Foundation

## CAN YOU SUPPLY THE ANSWER TO THE QUESTION?

There are two names which are ringing in our ears just now—Oppenheimer and Manion.

The public reaction to these names may be the key to the future of America. Who knows? Anyway, we will give our reaction to the public's reaction to these two names.

Dr. J. Robert Oppenheimer is perhaps the world's leading atomic scientist. Dean Clarence Manion is one of the leading constitutional lawyers in the United States. Both have been dismissed from public service. One, the fission expert has been suspended by the President. The other, authority on the U. S. Constitution, was requested to retire by the President.

Before we discuss the public's reaction to the dismissal of these two men we would like to say a few words about each of them.

Dr. Oppenheimer may not be a Communist. But authoritative reports have it that Dr. Oppenheimer's wife was a Communist; that Mrs. Oppenheimer was the wife of a Communist by a former marriage; that Dr. Oppenheimer's brother Frank, was a Communist, that his brother's wife was a Communist and that one of Dr. Oppenheimer's former associates was convicted last year for conspiring to overthrow the U. S. Government by force. Dr. Oppenheimer admits these associations but denies that he has ever been a Communist. Dr. Oppenheimer has long been an advocate of internationalizing the atom, helped draft a blueprint for world-wide sharing of the atom when the U. S. had atomic monopoly, and he opposed the development of the Hydrogen bomb in 1949 when it was known that Russia had exploded an A-bomb and could proceed with the development of super H-bombs which could be the means of our destruction.

Clarence Manion is recognized as one of the staunch enemies of the Communists. He is a recognized defender of the U. S. Constitution. He is the former dean of the Law School of Notre Dame and in this capacity became nationally known because of his interest in and knowledge of the Constitution. He has held that American freedom can be lost through the nullification of the Constitution and at the same time has reasoned that it is dangerous to permit infiltration of our government with Communists which could destroy us.

Now the important question we ask is this: (1) Why is it that the American people, millions of them, have rushed to the defense of Dr. Oppenheimer and that the President has been seriously criticized for his suspending of him? (2) Why is it that little resentment has been manifested by the American people to the President's request for the resignation of Dean Manion?

This is not an accusing editorial. This is an editorial seeking an answer. Why is it that so little importance is shown in the dismissal of a man who is known to be a friend of the U. S. Constitution and an enemy of Communists and yet a man who has been associated with Communists on every hand has caused a wave

of resentment to be raised in his behalf?

We think that the American people can well afford to dwell upon these questions.

Are we sincere when we oppose Communists? Then, why is so little said when an anti-Communist is dismissed? By the same token why is so much said when a Communist affiliate is dismissed?

Why does this wave of public reaction show so much resentment to one dismissal and so little

resentment to the other?

Two men—Oppenheimer, the atom fission scientist who was living in a bed of Communists, and Clarence Manion, a fighting Irishman who opposed Communists, were given similar treatment.

Now are we to suppose that the reaction to Manion's dismissal would have been resented more had he been able to admit, "My wife is a Communist, her husband by an earlier marriage was a Communist, my brother is a Communist, and a former law

partner of mine was convicted in 1953 for attempting to overthrow the government by force?"

Or are we to suppose that people would have shown less interest in Dr. Oppenheimer had he stood before the microphone and said, "Ladies and gentlemen, I am a defender of the U. S. Constitution. I have never been associated with Communists. All my life I have been a known enemy of the Communists."

McComb (Miss.)  
Enterprise-Journal

# A Time to Remember

I bowed my head reverently with the rest of my classmates during the "moment of silence" in tribute to our soldier-dead, then seeing Old Glory waving from the flag pole on the lawn of our Alma Mater, I stood tiptoe upon a dream and thought, "What a lucky girl you are to be born under that flag, for you can be what you will to be! You are an American."

Then a strange thing happened. The flag seemed to be a living thing with a soul. I heard the silent singing of its stars on its blue of truth, and listening, my soul caught this refrain:

"I am the symbol of America, and America is more than its hills and prairies with their herds and fields of grain; more than its pulsing cities, its mines and its mills... America is you and you and you... and God.

"I am the symbol of the homes, the churches, schools, enterprises, and the kingly commoners of America.

"I represent your heritage from the past. Look at me and hear the tramping of soldier-feet in the immortal march for freedom; feel within your hearts the 'Spirit of 76'; see the footprints in the snow at Valley Forge; the great, gaunt commoner on his knees in prayer, and the crimson stain, spreading, that meant life was ebbing from his great heart; see the crosses above our youth, martyrs to freedom in recent wars. Look again and behold lilies blooming where men gave life for man; listen and hear the joyous dancing footsteps of those yet unborn.

"Behold the Open Gate, before which stand weary pilgrims: children with eyes empty of laughter; youth burdened with the weight of dead dreams; the elder ones their eyes but burned out embers, their bone-lean hands caressing gaunt throats that too long have felt the choking leash of fear. See their eyes relight with hope as they view the green acres of democracy and reverently enter the gate of America."

Suddenly I knew: The flag is an emblem of freedom, protection, justice, honor, sacrifice, opportunity to all and love for country, fellowman and God. It is the symbol, not only of our heritage from the past but of the future. I knew that it is up to me to help America continue to mean to coming generations what it means to me today; that every right has its concomitant duty, that I must train myself to be able to choose leaders wisely and judge their performance with honesty and understanding. I must fight oppression, intolerance, injustice and keep the land free of the footprints of communism. I must guard the rights of others as jealously as I do my own, and recognize in every man a brother.

Again I looked at the flag waving serenely beneath our peaceful country sky and reverently I breathed, "How much you stand for!" Was I dreaming or did I hear, "The earth a great DEMOCRACY OF LOVE!"

"WHAT THE AMERICAN FLAG MEANS TO ME" by Frances Atkinson, 18, Dayton, Idaho. Prize winning essay in a nation-wide competition conducted by the Disabled American Veterans in conjunction with the radio series "I was a Communist for the FBI."

### Summer Session at Gainesville College Opens Next Monday

Gainesville College begins its 1954 summer session of two six-weeks' semesters on Monday, May 31, 1954. Courses to be taught are Freshman Education (six semester hours for twelve weeks of work). English 113-123 . . . Freshman English composition course (six semester hours) and English 213-223 . . . survey course in English Literature (six semester hours).

Registration begins at the col-

lege administration building on the evening of May 31 and will continue through that week. Inquiries may be made during the morning hours also. Classes will be taught on alternate evenings, Monday through Thursday, from 6:30 p.m. until 10:00 p.m.

This announcement should be of particular interest to Korean veterans, according to Dean J. H. Parker, as the delimiting date on Korean veterans is August 20, 1954, or a date two years after the veteran is released from active service.

"This means that Korean veterans in this area who intend to take advantage of the Korean GI Education Bill will have to begin training this summer if they were discharged among the first groups coming out of the service and following the passage of the bill August 20, 1952," Dean Parker states.

### Public Relations Course Offered by Gainesville C of C

"You are the personal representative of your organization and of everything for which it stands. What the public thinks of your organization will depend upon what people think of you as an individual.

"To every person, you are the organization. A moment's carelessness, discourtesy or inattentiveness by any one of us may erase the good will which it has taken years to build."

### P. Prescher Herd Tops County DHIA Record for April

For the third time this year, the Pete Prescher dairy herd has showed the top butterfat production average in the Cooke County Dairy Herd Improvement association.

The Prescher herd won the honor for April with an average of 40 pounds of butterfat per cow. Prescher had 25 cows, mostly Holsteins, in milk during the month.

The herd was also top in milk production during the month with an average of 1,230 pounds of milk per cow.

Prescher also took top honors in the DHIA in January and February.

Other herds in the top 10 during April were those of Paul Fetsch, John Knabe, Hi-Lo farms, Alfred J. Bayer, Martin Bayer, Hoedebeck & Myers, Gainesville State Training school, Richard Frasher and Paul Fisher.

The April averages were announced by Carl Kemplin of Valley View, new supervisor of the Cooke County DHIA. He was named by the board of directors of the organization to fill the vacancy created by the death last month of John J. Hoffman.

Kemplin is a graduate of Texas A&M college with a major in animal husbandry and served as assistant county agent at Graham prior to going into the army.

A total of 24 herds, including 607 cows, were tested during April. Out of that number, 217 cows produced an average of 40 pounds or more of butterfat. The average milk production in the association was 847 pounds and butterfat production averaged 32 pounds.

MAN—A creature who buys football tickets three months in advance and waits until Christmas Eve to do his gift shopping.

The custom of touching glasses together when two people are drinking is believed to have originated from an ancient custom of pouring wine from one glass to another to prove that nobody was being poisoned.

A five-day public relations course featuring lectures by E. A. Willeford of the University of Texas Division of Extension was announced this week by the Gainesville Chamber of Commerce.

The series of lectures, to be presented in the Chamber of Commerce office from 7 p.m. to 9 p.m. Monday, June 14 through Friday, June 18, were arranged by the Educational committee of the Chamber of Commerce.

The registration fee for the course is \$2.50, and anyone interested is invited to attend. Commenting on the course, W. E. Chalmers of the C of C educational committee said it can be especially helpful to people in business but is recommended as a means of improving any person's relationship with others. Professional people, civic leaders, club members, even farmers can benefit from it.

Major topics for discussion are: (1) What Public Relations Mean to Everyone, (2) How to Get Along With People, (3) Memory, (4) Us of the Telephone, (5) Group Relationship and (6) Speech.

The latest teaching methods will be used in presenting the course, and the lectures and class discussions will be supplemented by illustrations and demonstrations by the instructor. Teaching aids will include blackboard illustrations, flip-charts, flannel board presentations, sound films, wire recorder and pass out materials.

Everyone will have a complete record of the course when finished. No examinations will be given, but certificates from the University of Texas, Extension division will be issued upon completion.

A clue to the nature and purpose of the course is indicated in a quotation from Mr. Willeford:

### All-Girl Rodeo to Perform at Nocona

Miss Enid Justin, President of the Nocona Rodeo Association announced this week that all was ready for the opening of the second annual All-girl Rodeo, to be held in Nocona, on Friday and Saturday June 4 & 5th.

Miss Justin also announced that the Rodeo would be a world championship show, under the Girls Rodeo Association regulations and with its approval. There will be six events: the Bareback riding, Calf Roping, Steer riding, Barrel Race, Cutting Horses, and Ribbon Race. The Nocona Rodeo association will add a purse of \$1100.00 to the entry fee, plus a pair of Nocona Boots to the winner of each event.

Faye Kirkwood, trainer and horse-woman, and her internationally famous equine queen, "Crown Jewel" will be among the feature attractions at the All-Girl Rodeo. Crown Jewel is one of the best trained dancing horses in the world and also one of the most beautiful jet black mares.

Jeanette Rye of Arlington, Texas, and her comedy horse will entertain the audience with comedy and fun. Miss Rye is one of the most popular and colorful girl clowns in the rodeo business, and has been featured as a number of All-Girl rodeos.

At 7:30 p.m. on Friday night June 4th a prominent business man will be crowned as "King Nocona" in the coronation to be held in the rodeo arena.

The Rodeo parade will start at 3:00 p.m. and the line of march will be down Nocona's main street. It will consist of Bands, Floats and riding clubs, and riders.

All girl contestants will participate in the parade. Captain Howard Hudgens of Nocona's Chisholm Trail riders will lead his group of 106 riders, carrying 65 flags. This club has been endeavoring to secure a State flag from every state in the United States, and to date has 36 in its collection. When the collection is completed, it will be the only club in the southwest that will display all 48 flags.

To prove that there are still a number of good horses in this country, a professional baseball glove is to be awarded to the person that guesses the nearest to the number of horses that will be in the parade. Everyone is invited to send a card to P. O. Box 57, Nocona, Texas, with his name and address and the number of horses he thinks will be in the parade. Everyone is eligible, but all entries must be postmarked prior to noon on June 4th 1954.

Dixie Boy Jordan and his orchestra will play for the rodeo dance each night after the rodeo.

### Local News BRIEFS

Mr. and Mrs. Ben Knabe spent Sunday in Pilot Point with her parents, Mr. and Mrs. August Sprengel.

Mrs. John Ladd and children and Helen Jennings returned to Wichita Falls Wednesday after being here since Monday morning to visit members of the Felderhoff families and to attend capping exercises at St. Paul's Hospital in Dallas Tuesday night when Anselma Felderhoff received her cap.

Miss Bernice Hencheid of Dallas spent Wednesday and Thursday here with her parents, the Leo Henscheids.

Mrs. Ben Seyler and Mrs. Herbert Meurer took Sisters Genevieve, Scholastica and Grace to Dallas Monday where Sister Genevieve entered St. Paul's Hospital as a patient for two weeks. Sister Scholastica had a check-up on her ear, and Sister Grace inquired about train schedules to Jonesboro, Ark., where local Benedictine Sisters will soon be going for the summer.

Mr. and Mrs. Lester Harris and James spent Tuesday in Irving with his father, R. W. Harris, and also visited his sister, Mrs. Harold Duncan.

Mr. and Mrs. Henry Fangmeyer and son James and her sister Miss Violet McGrath were here for a weekend visit with their aunt, Mrs. Katy Roberg and family and also visited other relatives. The visitors live in Coffeyville, Kansas, and were enroute to San Antonio, Houston and Galveston on a vacation trip.

The H. L. Herrons of Denison were here Tuesday to attend the Hennigan-Sicking wedding.

Mike and Dawn Letson spent this week in Weatherford with their grandparents.

#### MRS. WIESMAN HOSTESS TO FRIENDLY NEIGHBORS

The regular monthly meeting of the Friendly Neighbors Club was held in the home of Mrs. Al Wiesman who served refreshments of strawberry shortcake, ice cream and coffee after a progressive 42 series.

Mrs. Ray Otto won the high score and galloping awards, Mrs. Urban Endres won second high and Mrs. Ray Swirczynski received the consolation prize.

Present were Mes. David and Dick Trachta, M. D. Kaderli, Bill Hunt, L. B. Bruns and J. C. Trachta and Ann Huchton.

### Terry-Neu Nuptial Held Tuesday at St. John's Church

—Boyd and Breeding Photo

Miss Kay Terry and Cecil Neu exchanged marriage vows Tuesday afternoon at 4 o'clock in St. John's church at Valley View during a solemn nuptial high mass.

Rev. Anthony Gadjia, pastor, officiated assisted by Rev. Thomas Weinzapfel of Dallas and Rev. Bill Botik of Waxahachie, both former pastors of St. John's parish.

The bride is the daughter of Mr. and Mrs. William M. Terry and the groom is the son of Mr. and Mrs. Frank Neu, all of Valley View, and a grandson of Frank Trubenbach of Muenster.

Given in marriage by her father, the bride wore a Chantilly lace gown over satin with a stand-up collar, pointed sleeves and full skirt attached to a fitted waist. A tiara of pearls and sequins held her veil and she carried an orchid and stephanotis on top of a white prayerbook. She also carried a pearl rosary, a gift from the groom.

Miss Gretchen Hellman of Muenster was maid of honor in a dress of orchid nylon tulle over taffeta with a matching half hat. Her flowers were orchid gladioli.

Wilfred Neu attended his brother as best man and Marvin Rauschuber and Billy Bierschenk were ushers.

About 250 guests were present for a reception at 5 o'clock in the Community Center building. Mrs. Billy Metzler of Lindsay, aunt of the groom presided at the bride's book.

For her wedding trip Mrs. Neu wore a beige brocaded faille dress and jacket with black accessories and the orchid she carried at the wedding. When they return they will make their home in Valley View.

Both are graduates of Valley View High school with the class of 1952. She is an employee of Sun Oil company at Gainesville. Mr. Neu farms and is employed with the Santa Fe railroad.

#### TU Students Earn Credits in Religion

AUSTIN, Texas—Religion has a place in the lives of almost all University of Texas students.

The latest registrar's report shows more than 91 per cent of the students have definite religious affiliations or preferences.

Methodists are represented by the largest number of students, followed by Baptists, Roman Catholics, Presbyterians and Episcopalians, in that order. In all, 33 denominations are represented.

The University, prohibited by law from teaching religious courses, allows up to 12 hours of academic credit for such studies offered by denominations. Supporting Bible chairs are Methodists, Baptists, Roman Catholics, Presbyterians, Episcopalians, Disciples of Christ, Church of Christ and Lutherans.

NEW ROOTS IN OIL SOIL—Using abandoned articles of war and stripped trunks of trees, South Korean refugees begin rebuilding in Yanggu, north of the 38th parallel. Some 100 families returned to the area, which they left before the Communist push south in June, 1950. While the main concern is constructing homes for their families, Korean men are beginning to till and plant the soil from which land mines have been removed.

### 380 Traffic Deaths Predicted During Memorial Weekend

NEW YORK—Excessive speed and alcohol will be responsible for 210 of the predicted 380 highway accident deaths in the country during the three-day Memorial Day weekend starting tomorrow night, according to the Association of Casualty and Surety Companies.

The Association's figures, released today, indicate that 126 persons will die in speeding accidents and 84 more, both motorists and pedestrians, will die because of excessive use of alcohol.

Other main causes contributing to the 380-victim total are expected to include: failure to keep to the right of the centerline, 38 victims; failure to observe the right-of-way, 27 victims, and

over-fatigue or sleeping at the wheel, 24 victims.

Accidents caused by miscellaneous factors will kill the final 81 of the predicted total.

The predictions are based on "a conservative expansion of the accident rates of three-day Memorial Day holidays in the past," according to the Association's Accident Prevention Department.

Hot news from Detroit!

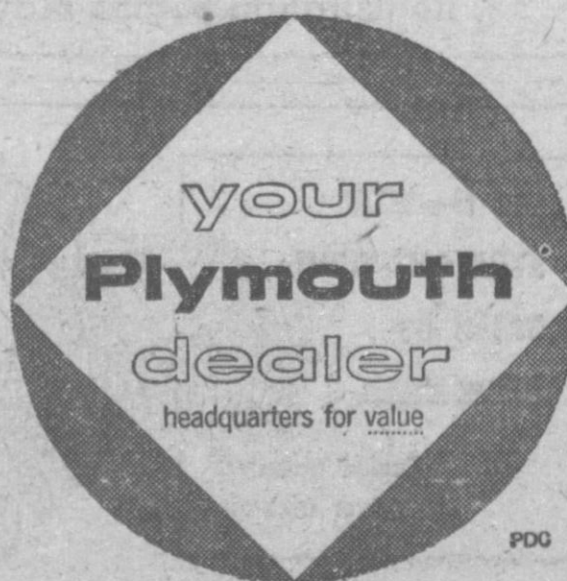

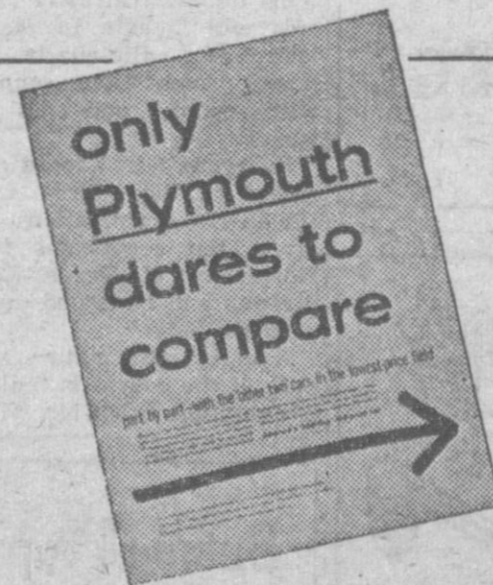

# PLYMOUTH PROVED AMERICA'S BEST-BUY LOW-PRICE CAR IN ACTUAL PART-BY-PART COMPARISON!

Now, for the first time, you can see the results of part-by-part comparison between Plymouth and the other two best-known cars in the lowest-price field. Now you can actually see dozens of the many reasons why Plymouth is your best buy!

In Detroit recently a 1954 Plymouth and stock models of the "other two" were taken apart completely. The parts were placed

side by side and examined. Comparison proved conclusively that Plymouth is America's best-buy low-price car.

You can see this proof in an 8-page illustrated book—a FREE copy is waiting for you now at our showroom. Read it today, then drive a new Plymouth. You'll agree: Plymouth is the best buy in the lowest-price field!

FREE! Get this 8-page book today at our showroom!

It is your buying guide to real BEST-BUY value! Read it before you buy ANY car.

Lambert Bezner Motor Co.  
105 Main Street, Muenster

A mine workers' union demanded and got Feb. 12 as a holiday, in a contract with an eastern utilities company—not because it's Lincoln's birthday, but John L. Lewis!

**Soil Conservation Notes**

Farmers of the Upper Elm-Red SCS around Muenster are in clover.

As we drive through the countryside we see pretty yellow fields and smell the fragrant odor of the many pastures of sweet clover.

Prospects are very good for an abundant seed harvest. Bees are hard at work every hour of the day increasing seed yields by pollinating each flower so that it will make a seed pod. While the bees are hard at work above ground the clover roots and their nodules are hard at work below ground penetrating hard plow pans, adding organic matter and nitrogen and making lots of leafy cover to protect and improve the soil in which the clover is growing. Next year these cooperators will be paid off in higher yields for improving their land while making a good seed crop.

Cooperators with a sharp eye for improving the living conditions of their waterways and first year clover have mowed the small grains on the land and will soon have it in bales. Alfons Koesler has mowed his waterway so that the bermuda can make a healthy growth to protect his terrace outlets. Jack Reeves has put an electric fence around his waterway and is controlling the weeds and grass which would choke out the bermuda by grazing.

Ollie Trubenbach has started mowing the oats off of his first year clover and he made his first rounds down his K. R. waterways so that the seedling grass will have a chance to make the most growth. Ollie has also seeded 15 acres to blue panic grass. The blue panic was fertilized and planted in rows so that weeds can be controlled until the panic seedlings get a start. Ollie intends to use his panic for supplemental pasture.

Jake Seibold has planted six acres of King Ranch Bluestem on his farm 10 miles southwest of Saint Jo. The K. R. was planted with an old 2 row press wheel planter that has been pressed into used to seed chaffy grasses. The K. R. is to be used as permanent pasture to hold soil erosion down.

Cooperators who have recently completed new farm ponds are: J. P. Embry, S. C. Roach, Wayne Thompson and Charles Wilson all of Saint Jo.

As the crops are harvested cooperators are again finding that it pays to farm the conservation way.

"Your daughter has promised to become my wife."

"Well, don't come to me for sympathy. You might know something would happen to you, hanging around here five nights a week."

**Local News BRIEFS**

Mr. and Mrs. Steve Moster spent the weekend in Shreveport, La., as guests of Mr. and Mrs. L. W. Middlebrooks, in whose home two other families, one from Houston and one from Ruston, La., were also guests. It was a reunion for the four men, buddies since their Pacific Theatre fighting days during world war II. After Sunday mass in Shreveport Steve and Mary visited with seniors of Muenster High who attended the same services. They were leaving for New Orleans, the next stop on their class trip.

Mr. and Mrs. Ervin Hamric and Danny left Tuesday morning for El Paso to get Burt Hamric who attended Texas Western College during the past term. It'll be a little vacation with sight-seeing for the four before they return to Muenster Friday night.

Mr. and Mrs. Frank Yosten spent the weekend in Fort Worth visiting the Ferd Yostens. Saturday evening they all went to Eagle Mountain Lake for a picnic supper and outing.

Mr. and Mrs. Robert Linn and daughter Sharon have returned to their home in Norwalk, Calif., after a visit with his parents, the Joe Linn here and her parents in Cleburne.

Mr. and Mrs. J. W. Fletcher drove to Mineral Wells to spend the weekend with their son and family, the Jack Fetters.

Mr. and Mrs. J. A. Sanders of Shawnee, Okla., were here the latter part of the week to visit her sister and husband, Mr. and Mrs. M. A. Slaughter. Thursday they were dinner guests in the Joe Linn home.

Mr. and Mrs. Buddy Yosten returned Thursday from their wedding trip which took them to Colorado and other places of tourist interest along the way.

Students of the first six grades of Muenster public school were guests of their teachers and room-mothers for an outing and picnic dinner at Forest Park in Fort Worth last Wednesday and also enjoyed a visit to the zoo.

Thursday was campus day for the grade school and field day for the high school at Sacred Heart. Elementary students, joined by their pre-school age sisters and brothers, enjoyed games and a picnic lunch on the school grounds and high school students, class sponsors and teachers spent the day at Lake Murray.

Mr. and Mrs. Gene Owen and daughter Paula Ruth of Jackboro spent several days of the past week here with his parents, Mr. and Mrs. Clarence Owen, and her mother, Mrs. Ruth Dodson at Gainesville.

Mr. and Mrs. C. J. Rucker and daughters Darla Jean and Theresa of Fort Worth visited relatives and friends here last Wednesday.

Mr. and Mrs. J. H. Andress and daughter Jimmie of Borger were recent guests in the Frank Needham home.

The Joe Parkers of Fort Worth were Wednesday guests in the home of her brother and family, the Hugh Jacksons.

The Bill Searcys have moved into their new home north of the public school. They left Monday to spend several days visiting his father and family in Bandera. Also visiting there was Bill's brother, Jack, who has just returned from Africa where he spent two years with the Navy.

Ronnie Herr of Texas Tech was home for a weekend visit and was among those attending the Sacred Heart High school commencement exercises Sunday night.

Mr. and Mrs. Joe Hofbauer and daughter Sylvia Ann have returned to Dallas after spending most of the week here visiting his brothers Andy and Clem Hofbauer and his sister, Sister Frances.

Mr. and Mrs. Harry Otto had as guests Sunday her sister and husband, Mr. and Mrs. Eddie Marrs of Dallas. When they returned home in the evening Billy Otto accompanied them to be their guest for a week. Another guest in the Otto home was Mrs. Henry Wolf of Oklahoma City who arrived Sunday for an indefinite visit with her daughter and family.

Mr. and Mrs. Eddie Krahl have moved to Wichita Falls to make their home. He is employed in an automobile body and fender repair shop there.

**FAREWELL PARTY HONORS MRS. ALFONS PAUTLER**

A farewell party honored Mrs. Alfons Pautler Friday afternoon when Mrs. Norbert Hoedebeck and Mrs. A. T. Dickerson entertained in the former's home.

The hostesses served refreshments of coffee, cookies, cheese snacks and salted nuts to Mmes. Clem Reiter, Clarence Owen, Ray Owen, Herb Cunningham, Gene Hoedebeck and the honoree who received a shower of parting gifts from her friends.

Mrs. Pautler and son Roger left Saturday to join Mr. Pautler in Plains, Texas, where they will make their home while he is employed there.

Adolph Herr of Arlington visited friends and relatives here Saturday.

**Bulcher News**

By Mrs. R. J. Samples

Mrs. Gid Prather is in Stillwater, Okla., visiting her daughter and family, the H. J. Terrys, since Mrs. Terry and infant son have been dismissed from the hospital.

Belva Samples and Chessie Bradberry accompanied sophomores of the Saint Jo school on a class trip to Craterville Park, Medicine Park and Mt. Scott, Okla., Saturday.

Mr. and Mrs. F. M. Webb are away from Bulcher on their annual vacation—fishing and visiting in several places.

Mr. and Mrs. Guy Giles and son Jack of Wichita Falls were weekend guests of her sister and husband, the August Hymans, and attended graduation exercises at Saint Jo Friday night. Their niece Earlene Hutson was one of the seniors.

Harley Sewell who is attending TCU was here for a weekend visit with his uncle and aunt, Mr. and Mrs. Sam Williamson.

Mr. and Mrs. R. J. Samples and daughter Belva will spend this weekend at A&M College where their son and brother Bob Samples will join them on a trip to South Carolina to visit relatives. Mr. Samples' annual two-week vacation starts June 1.

Mrs. Albert Fleitman and Mrs. R. J. Samples represented the Bulcher home demonstration club in Gainesville Saturday conducting a bake sale. It was a benefit for the county club council.

Mr. and Mrs. J. M. Shields left early Sunday morning for Austin

after receiving a call that her sister-in-law, Mrs. L. J. Burks, had passed away following a long illness. Funeral services were held Monday.

The regular Thursday night singing on May 20 was an enjoyable event with Rev. Paul Thompson of Bonita and Mr. and Mrs. Ernest O'Neal of Caps Corner as guest singers.

Mr. and Mrs. R. H. Sharp took her mother, Mrs. Mary Stadalman, to Clairmore, Okla., Tuesday. She will spend the summer there with another daughter.

Mrs. Johnie West accompanied the primary grades, teachers and roommothers of Muenster Public school to Fort Worth last Wednesday when the children were treated to a picnic at Forest Park.

**TWO LADIES HONORED BY BULCHER HD CLUB GROUP**

Members of the Bulcher Home Demonstration club honored two ladies of the community when they gave Mrs. Mollie Montgomery a birthday surprise on May 19 and complimented Mrs. Mary Stadalman with a farewell party on May 24.

At the Montgomery home the group enjoyed visiting and picture taking and refreshments. They brought two cakes for the occasion and gifts for the honoree.

Mrs. E. Newby was hostess in her home for the party honoring Mrs. Stadalman, mother of Mrs. R. H. Sharp, who left Tuesday for Clairmore, Okla., to visit another daughter during the summer months.

Guests brought parting gifts for the honoree and had refreshments of strawberry ice cream and cake. Mrs. Stadalman has been a member of the home demonstration club for a number of years and is faithful in attending meetings.

**UPHOLSTERING, PROGRAM FEATURED AT CLUB MEET**

A divan was refinished with new material when the Bulcher Home Demonstration club met on Thursday, May 20, for a regular session with the lesson a demonstration on upholstering. Mrs. Bill Harrel was hostess in her home and all members worked together to recover the divan.

Mrs. Gid Prather presided for a short business session and Mrs. E. Newby recreation chairman carried out an entertaining and mirth provoking program.

Members brought odd wearing apparel gift wrapped and exchanged packages by drawing numbers. They then modeled their garments. Mrs. Johnie West received the prize for being the best model. After this the members auctioned the garments, selling them to the highest bidder and raised almost four dollars for the club fund.

Refreshments of cookies, ice cream, potato chips and olives were served by the hostess to 15 members.

The next regular meeting will be held with Mrs. Charles Crabtree as hostess on the first Thursday in June at the community building.

**TP&L Gets Awards For Nation's Best Record in Safety**

District managers and Distribution supervisors from Texas Power & Light Company's Northern Division convened at Sherman, May 13, to receive framed certificates and medals bearing the insignia of the National Safety Council's first place winner award, won by TP&L in the 1953 contest among the nation's major

electric power companies.

The certificates are for display in TP&L district offices and service centers and the medals are to be distributed to Company employees, according to C. J. Rutland, head of the Company's Insurance, Claims & Safety Department, who made the presentation.

A frequency rate of 1.57 lost time accidents per million man-hours worked last year placed TP&L in first place position in the contest, Mr. Rutland said.

With a total of 5,721,933 man-hours worked during the year, he explained, there were nine lost time accidents, none of which was fatal. The last one occurred on August 19.

In pointing out the factors involved in achieving this record, Mr. Rutland cited the Waco tornado of last May when 30 TP&L crews and many other individual TP&L employees went into the area under the Company's emergency program and worked under extremely adverse conditions without lost time injury to any one of them.

To an Arab, a slap on the back is not a friendly gesture but an insult.

A gossip's a person who will never tell a lie if the truth will do as much damage.

A woman can bear up under anything when she wears a new hat.

**80 ATTEND FISH FRY AT BULCHER COMMUNITY PARK**

A fish fry with more than 80 persons attending and more fried fish than they could eat was held at Bulcher community park Saturday night.

The catfish were furnished by E. Newby, R. V. Daffern, Bill Harrel, Dexter Dennis and Johnie West. Everybody brought other foods to round out the meal. Ladies fried the fish and made coffee on the barbecue furnace.

Among out of town guests were Rev. and Mrs. A. Farley and Joy, the Robert Jetter family, the Dan Boone family, the Frank Carrico family, the Leonard Tuckers, the T. Clinton family, the Billy Phillips, all of Saint Jo, and Mr. and Mrs. Cecil Ice and daughter of Bowie.

Dodge Royal V-8 Club Coupe  
PowerFlite Transmission, Full-Time Power Steering and Full-Power Brakes available at moderate extra cost.

**A Lot More Car for the Money!**

Right now, you can get a big, dependable '54 Dodge for only a few dollars more than you'd expect to pay for a light car in the lowest price field. And when you do, you will have a lot more car in every way.

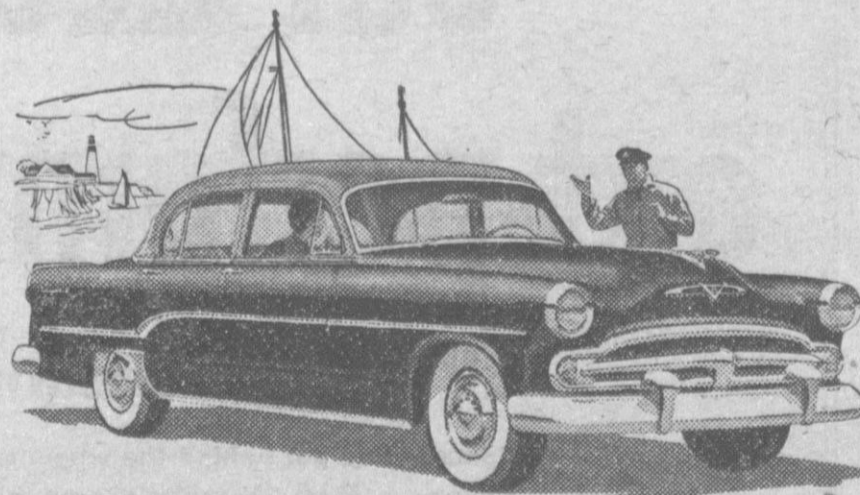

You will have more massive length and flashing style . . . more interior luxury.

You will have more power and performance from the 150-h.p. Red Ram V-8 engine.

You will have more prize-winning economy from the car that has won two straight victories in the famous Mobilgas Economy Run.

You will have more enjoyment from fully-automatic PowerFlite Drive, Full-Time Power Steering, and new Dodge Full-Power Brakes.

And you will get lasting satisfaction from the greatest Dodge car in 40 great years. Discover all that Dodge offers. Come in today!

Beautifully natural . . . naturally beautiful!

Dodge styling is sleek, graceful. Long, low lines and natural beauty prove a car can be big and impressive without being awkward or contrived!

**You Can't Win**

More people ought to know about Circular 506—published by the National Bureau of Standards which tells us that now is the time for all good men to drain their radiators . . . and that "permanent" anti-freeze is about as eternal as a permanent wave.

Until now, in fact, we had thought it was a good idea to leave the stuff in all year, and that the rust-inhibitor in it should keep the cooling system nice and clean. And so, according to a recent survey, do two car-owners out of three!

But no. Those Government scientists tell us we're hung over with horseshoes. Some of us have been lucky, while 700,000 others each year have had to buy new radiators, with still larger numbers investing in water pumps, hoses and thermostats. Circular 506 says: ". . . during use, anti-freeze is subjected to several conditions that cause it to change its properties. Inhibitors are depleted by exhaust gas leaking into the cooling system." This chemical change, it seems, can occur in as short a time as a few months. Acids are formed, also salts. The result is clogging and corrosion.

All of which reminds us that anti-freeze manufacturers have been urging spring drain-out for years. So perhaps we should apologize for the unworthy suspicion of self-interest. It is now evident they wanted to save us expense—as well as highway breakdowns.

Okay, 506, okay. We're telling the man to drain it out—today!

**Marysville News**

By Irene W. Richey

Mr. and Mrs. Buford Whitt and family drove to Arlington Sunday to visit their son Billy Whitt at A&M College.

Reba Rowe of Whitesboro spent Thursday through Saturday with her grandparents, the Foster Davidsons.

Mrs. Charles Davidson spent Monday with her parents, the O. B. Siegmunds at Hood and attended graduation exercises there.

Mr. and Mrs. Bill Moon had as guests Monday afternoon Mr. and Mrs. Max Harrell of Sherman, the Everett Sanfords of Gainesville and their guest, Mrs. Tom Gregory of Long Beach, Calif.

Don Ray Moon, joined by Dickie Cain and Wendell Richey, drove to Guthrie, Okla., Sunday to visit his mother, Mrs. Wilma Moon.

Remodeling is underway at the Marvin Doughty home where a new porch and bathroom are being added and a butane system installed.

Marysville Home Demonstration club will meet this Friday, May 28, with Mrs. Charles Davidson as hostess in her home. Demonstration will be themed "Springtime is Salad Time." Roll call will be answered with a salad dressing recipe.

Mr. and Mrs. Edward Lones and three children of Plainview spent Monday night with her sister, Mrs. Sheldon Doughty and family, and also visited Mr. and Mrs. Herman Richey. Mrs. Lones is Mrs. Richey's niece.

Guests of Miss Mary McGannon Sunday evening and attending her graduation exercises were Misses Gail Wood, Nelva Jo Wells, Jean and June Hancock, Edna Rhe Cordel and Dana Beth Skinner, all of Bowie. Thursday night Mary and her father, Edd McGannon, went to Bowie to attend commencement exercises. Mary was a member of the class until the McGannons moved here at mid-term. There were 68 graduates.

**Signs this week point to  
A Better Market  
For Good Calves**

That's our guess. Now you guess! . . . and bring yours in if you think this is the time.

**And . . . Most Likely  
A BONUS TO BOOT!**

You know, we make a habit of beating the current market.

**TEXO FEEDER DIVIDENDS**

**MEAN REAL MONEY  
IN YOUR POCKET 2 WAYS**

**TEXO FEED Tags Are Worth Real Money. You Save Up to \$2.00 a Ton on Your Feed Bill.**

It's here! The biggest money-saving plan in feeding history — TEXO FEEDER DIVIDENDS! And it's all so simple. Every TEXO FEED tag has a value of from 5c to 10c per 100 lbs. (depending upon the type of feed). When you have saved a minimum of \$1.00 or more in TEXO FEEDER DIVIDEND tags, send the lower half of each tag to the address shown on the tag. Burrus Feed Mills will then issue a check for the total value of the DIVIDENDS you send in, payable jointly to you and the TEXO Dealer you specify and is redeemable at your TEXO Store for additional Burrus Feed Mills products.

Think of it! That's a real, honest-to-goodness saving of \$1.00 to \$2.00 a ton . . . and that ain't hay! But just wait 'til you see the dividend you get in results!

Remember, only TEXO offers you TEXO FEEDER DIVIDENDS . . . dividends in savings . . . dividends in results. Start saving TEXO FEED tags today and start getting more results from every feeding dollar.

**TEXO FEED is Proven by Feeding Results. You Get More Results from Every Feeding Dollar.**

The real pay-off is in results . . . and TEXO tops 'em all in results. Why? Every TEXO FEED is carefully compounded to meet nutritional requirements of livestock and poultry. But this laboratory research is only the beginning. The second step in the development of TEXO FEEDS is practical field research where TEXO is fed under average feeding conditions when the emphasis is placed on performance. Then and only then, is any TEXO FEED placed in your TEXO Store. That's why you know that you can count on TEXO for results. It's proven in the laboratory . . . proven in performance.

Yes, the pay-off is in results . . . results that mean more dollars in your pocket. We invite you to try TEXO. Feed it! Compare it! Then you'll know why thousands of Southwestern feeders are turning to TEXO.

**"You'll be way ahead when they're TEXO fed!"**

**STOCKMEN'S FEED STORE**

Muenster

"Darling, haven't I always given you my salary check the first of ever month?"  
 "Yes, but you never told me you get paid twice a month—you low-down, unprincipled embezzler!"

**Nancy Ann Bashara,  
Joseph D. Hermes  
To Marry June 27**

Mr. and Mrs. Philip J. Bashara of Austin have announced the engagement and approaching marriage of their daughter, Nancy Ann, to Joseph Donald Hermes, son of Mr. and Mrs. Joseph Hermes of Lindsay.

The couple has selected June 27 as the date for the wedding. It will be solemnized in St. Mary's Cathedral, Austin, at 4 p.m. Rev. Andrew J. Mulreany will officiate.

The bride elect attended St. Mary's parochial school and was graduated from Austin High in 1952. For three semesters she was enrolled at Texas University where she was a member of the Newman Club, Texannes, a nominee for the most beautiful freshman of 1953, and placed third in the Posture Contest in 1954. She is employed in Austin by the Texas Employment Commission.

Mr. Hermes is a graduate of Lindsay High school with the class of 1948 and is a veteran of the Korean war. He is a member of the Air Force holding the rank of airman first class and is stationed at Brooks AFB in San Antonio. He plans to enter the University of Texas in 1955 when he gets out of the service.

**Lindsay Graduates  
Hear Fr. Christopher  
At Commencement**

Graduation exercises with Rev. Christopher Paladino of Muenster as commencement speaker on Thursday night, May 20, brought a formal close to the scholastic year at Lindsay school.

Diplomas were presented to twenty boys and girls, seven high school seniors and 13 eighth grade students, along with 82 certificates and awards for honors earned during the year. These included 18 awards for regular attendance, 19 bookkeeping awards and 45 reading certificates for having finished the required number of books for the Texas Readers Club. Twenty readers were in high school and 25 in the elementary grades.

On June 5 teachers of the school will leave for San Antonio where they will attend summer

**Summer League - -**

the past school semester according to the Interscholastic League rule governing age.

Muenster's team will be made up of players from both of the local high schools. Its membership was decided at a special meeting of players with their two managers Wednesday night. There is no limit to the number of players a team may have on its roster, but it is required that the full list be submitted to the league chairman before the first game. After that a new member's name must be submitted 14 days before he is eligible to play.

The official schedule for the Muenster team is as follows:  
 June 6, Sanger, here  
 June 13, Gainesville, there  
 June 20, Pilot Point, there  
 June 27, Krum, here  
 July 4, Northwest, there  
 July 11, Sanger, there  
 July 18, Gainesville, here  
 July 25, Pilot Point, here  
 Aug. 1, Krum, there  
 Aug. 8, Northwest, here

Other games scheduled for the same dates are as follows:  
 June 6, Northwest at Krum, Gainesville at Pilot Point.  
 June 13, Pilot Point at Northwest, Krum at Sanger.  
 June 20, Gainesville at Krum, Sanger at Northwest.  
 June 27, Pilot Point at Sanger, Northwest at Gainesville.  
 July 4, Pilot Point at Krum, Sanger at Gainesville.  
 July 11, Krum at Northwest, Pilot Point at Gainesville.  
 July 18, Sanger at Krum, Northwest at Pilot Point.  
 July 25, Northwest at Sanger, Krum at Gainesville.  
 Aug. 1, Gainesville at Northwest, Sanger at Pilot Point.  
 Aug. 8, Gainesville at Sanger, Krum at Pilot Point.

The local boys' first contest of the season will be a practice game with Gainesville here Sunday afternoon.

**Last Payment Made  
On Band Uniforms**

The Muenster band uniforms are paid for almost exactly a year after they were received, Mrs. M. F. Milner of the Band Parents Club disclosed this week. The uniforms, costing almost \$2100, arrived just before the close of the 1953 school year.

In making her announcement Mrs. Milner expressed special appreciation to the Lions Club, the PTA and all others who participated in any of the several benefit programs or projects for the uniform fund.

sessions, professional meetings and workshops at Our Lady of the Lake College for eight weeks.

**Blessed Events**

Mike and Dawn's baby sister, Carol Lee, arrived at Gainesville Sanitarium on Friday, May 21, at 11:43 a.m. weighing seven pounds nine ounces. Mom and Pop are Loyce and George Letson. The grandparents, all of Weatherford, are Messrs. and Mmes. H. E. Letson and S. D. Varner.

Mr. and Mrs. Johnny Sicking announce the birth of a son, their third boy, at 3:15 a.m. Monday, May 24, at the Muenster Clinic. The nine pound two ounce baby is the grandson of Mr. and Mrs. Leo Rohmer and Mrs. Will Sicking and has a great grandmother, Mrs. John Koelzer in Hereford.

And baby makes two pairs for the Andy Arendts. Jane Frances, weight ten pounds two ounces, arrived at the Muenster Clinic Monday, May 24, at 7:35 a.m. She is the granddaughter of Messrs. and Mmes. Clem Reiter and Paul Arendt and the great granddaughter of the Fred Hoedebecks. Mrs. Arendt and the infant have returned to their home in Lindsay.

Jim and Ernie Stockman of Dallas announce the arrival of David's baby sister, Debra Lynn, weight seven pounds five ounces on Sunday, May 23. Mr. and Mrs. R. M. Zipper visited in Dallas Monday to make the acquaintance of their granddaughter and Mrs. Zipper remained for an extended visit.

Mr. and Mrs. Werner Koelzer of Hereford announce the birth of Tommy, their first child on May 16. He weighed eight pounds four ounces.

**Too Bad! Coyote  
Pups Are Coyotes**

Scratch seven off the coyote population of this area. Joe Lehnertz bagged one female and six pups on the Henry Pick place last Thursday, and feels confident that he put an end to the lamb killing spree that had been going on in the neighborhood for several weeks.

His dog found the coyote den under a rock ledge in a branch with the coyote defiantly guarding her brood. A shot disposed of her and a digging job brought out the pups.

Lehnertz brought the little varmints in alive and disappointed more than a few kids who wanted to have one for a pet. They're as fuzzy and cute as any other pup. But the law says they grow up to be ordinary ornery coyotes, so they've got to be liquidated.

**Softball League - - -**

it inconvenient to report for the first game, the league has agreed to schedule Muenster for the nightcap in every one of its appearances.

Possibly a few of the Muenster games will be played here. Work on the Gainesville field has been delayed by rain and may not be ready for the early games. The season starts June 1, and until the field is ready teams will play on any convenient diamond.

The league schedule will consist of a double round robin in which each team meets each other team twice. Dates of games will be announced later this week.

Members of the Muenster team have not been decided up to this time, and probably no team roster will be named until June 8, when each team is expected to submit its list to the league commissioner. After that eligibility will be restricted to the roster list. However, provisions are made for later official changes on the roster.

Mmes. Ray Evans, J. C. Trachta and Ervin Hamric spent several days of last week in Dallas where Mrs. Evans bought fall merchandise for the Charm Shop.

The man whose ship comes in usually finds most of his relatives at the dock.

**Confetti - - -**

ate lately by Senators Jenner and McCarran . . . to sever diplomatic relations with Russia and its satellites. Under present conditions we're nothing but suckers. For years the red diplomats to our country and the UN have served as master minds for Soviet espionage and dirty work. Meanwhile our diplomats were virtual prisoners over there. Why not put an end to the farce?

While we're at it, why not go a step farther and outlaw the communist party over here, then get down seriously to the business of eliminating the scum from our national life?

It's time to be realistic about this menace. We believe in political freedom, but must we carry it to the extreme of tolerating scoundrels whose "political" objective violates every ideal of Christianity and human dignity? Those people are enemies in every sense of the word. Common sense dictates that they be dealt with accordingly.

Mr. and Mrs. Arnold Knabe have moved from Zipper's garage apartment to the Gus Knabe farm where Ben Knabe formerly lived.

Sister Agnes visited here Saturday afternoon between buses with her mother, Mrs. M. J. Endres. She was enroute from Wichita Falls to Sherman.
