Is an obligation to tell claunch also resigned as a lotter presentations will be bre about the consumer's tee presented of the First State Bank.

Because this issue. It refers to PSC reports that 50 deaths is by carbon monoxide) have sen attributed to unverted as space heaters since Jan.

1973. The agency does not now how many have been at the consumer visited to be considered as space heaters since Jan.

1973. The agency does not now how many have been at the considered as space heaters save been in use calculating the unber of hours these units are been in use since 1973, in finds that the odds in wor of the consumer were ctually astronomical.

By comparison, in 1976, 50 eople were killed parachutage when their chutes failed open. And the public carbon mean the public arises on with hundreds of consumer products that cause greater danger. Such as motor-sycles, cars, skateboards, awm mowers, motor boats, unbs, throw rugs, etc.

LP Gas shows us convincingly that the warning sounded by CPSC is more alarming than factual. The unrented heater really is not beats, unbs, throw rugs, etc.

Next the Gas people talk and the first State bank about consumer alternates if the proposed ban goes into the conservation of hards and or open. And the public arises on with hundreds of conservation changed the program this years of the conservation of hards the planning meeting and the program with the state of the planning most of those the conservation of hards the planning in the proposed ban goes into the conservation in the conservation of hards the program this follows.

Special on the First State tradition of North Texas, was the warming sounded by CPSC is more alarming than factual. The unrented heater really is not the willain it is claimed to be.

Next the Gas people talk and the program this proposed ban goes into the program and a friend of the program will be the master of cremonies.

Gantt Bapism

Stephanie Louise Gantt, infant daughter of Mr. and Mrs.
Doug Gantt of Idaho Falls, and granddaughter of Mr. and Mrs. Ray Voth of Muenster, was baptized Sunday, March 5, during the 9 am. Mass celebrated by Fäther James Sheehan in Holy Family Church, Idaho Falls, Idaho.

Baptismal sponsors were Mr. and Mrs. Danny Voth of Muenster. Mrs. James Strom acted as proxy. The baby wore a christening dress handmade by her mother. Following the church ceremony, the baby's parents hosted a group of friends for brunch.

Mrs. H. Bindel Will Head Local Drive For Mental Health

For Mental Health
Mrs. Harold Bindel of Muenster and Richard Howe of Forestburg will lead Bellringer workers in a house-tohouse drive during May, Mental Health Month.
"Proceeds will benefit the Mental Health Association in Texas," said Shirley K. Camfield, state President of the voluntary citizens' association. As a non-governmental agency the association can and does speak for the consumer — the person who needs, professional help for an emotional disturbance.
"The association is a moving force to get services established where there are non. It also serves as a monitoring agency to see that treatment services are doing what they were set up to do," said Camfield.

On March 17, Adventure Camp Fire girls made plans to observe the 68th birthday of Camp Fire with a party in KC Hall. This will be a covered dish dinner following the 11 a.m. Mass on Sunday, April 2. The girls wrote invitations asking their families to attend and discussed a theme for their share of a 5 minute entertainment. A skit will be prepared by Jean Pagel and Laura Flusche. Each girl will participate. Volunteers will meet in the Butch Fisher home on Saturday, March 25 to prepare an Easter box of goodies to share at Easter with other families. Refreshments for the March 17 meeting were brought by Rose Herr. Reported by Jean Pagel.

Teacher Appreciation Day
Teacher Appreciation Day
will be observed at SHHS on
Wednesday, April 5. Teachers
will be honored during a
special liturgy at the 9:30
Mass. Teachers will be allowed
to wear special clothes and
will enjoy a special meal at
noon, prepared by the cafeteria staff. We, the students,
feel the teachers are highly
qualified at Sacred Heart and
we are very appreciative of
all they do for us. Therefore
on Wednesday the teachers
will not be required to give
Homework, so they won't
have to grade papers!

air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

- 1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several
- Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
- Serviceman.

 3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
- 5. Close draperies and blinds to keep
- out direct sunlight.
- 6. Keep fireplace damper closed.
- 7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L. 8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from cutside compressor, unit Keen it. outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

 Keep windows closed. Open outside doors as little as possible. Window Units Follow above suggestions,

- 11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
- 2. Place unit where it'll get as little direct sun as possible.

 3. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
- Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your

Our Cooke County farmers are selling their products at 1951 prices, while their production costs have gone up 675% since then. Housewives are being beaten to death by prices when they shop for food and clothing for their families. Nobody can believe what it costs for a bill of groceries today.

Are the merchants get-

Are the merchants getting rich? Not on your life. Their profit margin, the thing that keeps them in business, is shrinking every day. All their costs are up, plus they have to wade through a deepening ocean of government red tape.

Does it sound to you like Cooke County may need some help? Does it sound like things may be going our way? But, you say, maybe this is temporary. Maybe it is a passing thing. Maybe it will go away. Stop dreaming, It not only is here to stay, it is going to get worse. Here's why.

The government controls our lives and our businesses. Congress runs the government. That means that congressmen in Washington control Cooke Coun-

That new man had better be a good man. He had better be one who can go into the courtroom of Congress and plead our case well. He had better be an experienced defender who can keep Cooke County citizens from being sentenced to more inflation, more red tape, higher costs, more government control.

For the future of your family, your friends, your neighbors, don't you agree?

Fishing was something special, as all caught 'em by the dozen. One scout got 5 bass on 5 consecutive casts. Boys chose as many as they thought they could eat for supper and returned the rest of them to the lake, the rejects averaging more than a pound each.

Scoutmaster Jim Eaves accompanied the boys on their trip and two parents, Herb Knabe and Gene Hoenig, joined them for the night.

In Monday's troop meeting the boys said they were looking forward to the next campout and also agreed to attend a Ranger baseball game during the summer. Other troop activity of the summer is still in the planning stage.

Mrs. Cain Attends CR Workshop for Nursing Facilities

Nursing Facilities

Mrs. Richard Cain, administratrix of St. Richard's Villa Nursing facility in Muenster, recently participated in a Community Relations Workshop at the Marriot in Dallas. The workshop allowed the participants to share many exciting ideas that will help the public better understand the unique and valuable role long-term care facilities serve in our society.

According to Mrs. Cain, the workshop was sponsored by the Texas Nursing Homes Association, representing nursing homes in the State, frequently offering such programs to nursing home personnel to keep them up-to-date with the latest developments in the health care industry.

The worshop was conducted by James Brennan of Massachusetts. Brennan of Massachusetts. Brennan is a national nursing home consultant, lecturer and past chairman of the Public Relations Committee of the American Health Care Association.

Thank low

I would like to thank everyone who worked and voted for me in the city election. It was a great feeling to hear I had been chosen to represent you for the next two years.

Whether you voted for me or not, I am asking for your help on making the city a better and safer place for all of us.

My intentions are to serve every citizen of Muenster to the best of my knowledge and ability. If you have any problems or hear things that should be taken care of, please bring them before the council or other authorized person. Don't turn them loose on the streets. Some stories have started out the size of a bicycle and grew to freight train size before reaching us.

Thanks again for the privilege of serving you.
