

That old saying "The country is going to the dogs" is more than just an idle remark, according to statistics quoted by a salesman in town a few days ago. He says there are official figures to show that the money spent on dog food in the United States last year is greater than the combined donations to all the country's churches.

He went on to say that dog food has replaced baby food as the best seller in larger grocery stores. He claims grocery men have told him that canned dog food outsells any other single item of canned goods on the shelf. Not so long ago baby food was the fastest seller.

All of which amounts to an interesting though disappointing development in the American way of living. It's interesting in that it indicates a high standard of living. People have to be prosperous to spend millions on special food for their pets when they could save the money by feeding table scraps like their parents used to do. It's disappointing in that it shows a pathetically low standard of American spiritual life. Something is seriously wrong when the average person spends more on the appetite of a pooch than he does for the honor and glory of Almighty God.

This isn't saying that we should begrudge dogs the treatment they get. Most families can afford that extra item on their grocery bills, and the amount is fairly moderate after all. Nor is it implying that church going people generally give that little to the support of religion. But it does emphasize the fact that too few people are going to church and also that two of those who go are contributing what they should.

That's a deplorable situation. We claim to be a Christian nation. Our money bears the inscription "In God We Trust." Our Declaration of Independence and our Constitution proclaim our dependence on the Supreme Being and our laws are based on the principles taught by Christ. Still, as a nation, we show less interest in God than we do in our dogs.

Considering that, should anyone wonder why we have juvenile and adult delinquency, corruption in government, general decline of moral standards and the various other social cancers that are gnawing away the vitality of our nation and threatening its very existence? Is it surprising that the country protested so little when a few of its unworthy and misguided so called leaders consented to have God banished from international affairs? Is it surprising that we have betrayed entire nations? That we have permitted the enemies of God and our country to take an important part in shaping the nation's destiny? That so many individuals are concerned so much with their own selfish desires and so little with their obligations to God and man?

Yes, we have to admit that there are plenty of facts, besides

## Local Boy Scouts In Training Course At Texoma Camp

Eleven representatives from Boy Scout troop 664 attended an Oak Leaf training course Saturday and Sunday at the Circle 10 Scout Camp on Lake Texoma, and several more joined them there Sunday morning for a field mass at 8 o'clock on Cedar Point. Father Patrick Hannon officiated at the mass.

Instructions during the course included axmanship, compass, rope tying, tent pitching and fire building. Father Patrick and Randolph Bayer, adult leaders, and Scouts Clifford Endres, Rodney and David Walter, Melvin Schoech, Robert Meurer, Kenny Fette, Eugene Hartman, Billy Otto and Regi Bayer were present for the entire program. They made the trip in a school bus and enroute home stopped at Perrin AFB for sight-seeing.

Among those joining the scouts for the field mass were Scoutmaster and Mrs. Nick Miller, Mr. and Mrs. Frank Bayer, Sisters Rita, Rose and Pauline, and Miss Marilyn Miller.

## Expansion Program At Cheese Factory Pushed by NTPA

Plans for expansion and orders for additional equipment indicate that the North Texas Producers Association intends to take over the operation of the local cheese factory even though it has not completed its deal with the Farmers Marketing Association.

Returning from a trip to the association's main office Monday, Rudy Hellman said that the NTPA has placed orders for a milk powdering unit and also another condenser which will double the plant's present condensing capacity. The building plan calls for the addition of more than 2000 square feet of floor space which will be used for the milk powdering equipment and a Grade A receiving station.

The installations and the building, he said, are to be ready in time to handle the surplus resulting from the heavy milk production in the spring. During that period the NTPA expects to process as much milk as the plant formerly handled in a full year.

Because of that fact, Hellman added, the association may not be able to accept milk which has been offered by the Central Oklahoma Producers Association. The proposition has been neither accepted nor rejected, but NTPA officials are wondering whether they will have capacity to take on the additional volume during heavy production time.

Legal red tape is holding up the completion of the FMA-NTPA deal. The association's lawyers are still working on their part of the transaction, which consists of checking FMA titles and records and preparing papers for actual purchase of the property. They are expected to finish that job later this month and the NTPA definitely plans to be operating the local plant on Jan. 1, 1954.

## Tigers Lick Micks 40-18 for Perfect Season and Title

Before a wildly cheering homecoming crowd the Sacred Heart Tigers Friday completed a perfect season and wrapped up the district championship of the Southwest Academic League by annihilating the Laneri Micks of Fort Worth 40-18.

The Cowtown fellows never had a chance as the smoothly operating Sacred Heart stalwarts paced by Gil Knabe's magnificent ball totting took over at the opening kickoff and except for a few short intervals, controlled the ball all through the first half. At intermission time the count was 27-0.

For most of the remaining time Father Christopher had his youngsters on the field and the visitors got along considerably better. Besides scoring their three touchdowns they stacked up first downs and yardage records to almost equal those of the hosts.

Before the game started nine of the Sacred Heart players met

## Barbecue Party To Honor Hornets

Members of the Hornets and Pee Wees football squads will be honored guests next Tuesday night at a barbecue party given by Dick Cain at the public school.

Other guests at the event will be the other high school students, the seventh and eighth graders, the faculty, and several others who have helped the football teams this year.

## NEWS OF SICK AND INJURED

Gus Stelzer is resting easier this week after being quite ill during the weekend.

Leo Felderhoff has returned from Lamesa where he was a hospital patient since he broke his right arm in an oil field accident on Nov. 6. The break is between the elbow and wrist and will keep him from work for about two months.

## Cubs Drop 2 Tilts, To St. Thomas 25-7, To Ranchers 34-27

The season's record of the Sacred Heart Cubs took a jolt during the past week as they were outclassed 25-7 by St. Thomas of Fort Worth on the local field and outplayed 34-27 by Boys Ranch youngsters at Bedford.

Father Patrick Hannon got more than he had bargained for when the Cowtown team showed up with several high school freshmen opposing his 7th and 8th graders. The visitors had the advantage in both size and experience and had little trouble rolling up their three touchdown margin.

But before they got going Howard Mollenkopf put on a fancy offensive show which netted a touchdown in the opening minutes and put the Cubs temporarily in front. Of five plays to complete a 67 yard march he passed to C. J. Hellman for 25, rambled for 39 and crossed the line from the 1, then passed to Nogger for an extra point.

St. Thomas bounced back with an equally good drive for 66 yards and a touchdown.

After holding the Cubs to two first downs and swamping the kicker St. Thomas launched a 45

## WITH THE MEN IN SERVICE

### Back Home A Civilian

Julian Walterscheid arrived in Muenster Monday evening with a discharge from the U. S. Air Force received on Nov. 15 at Lake Charles AFB, La., where he served two weeks following his leave after foreign duty. He was released on the new point system. Julian, who held the rating of airman first class, enlisted in the Air Force in January 1951, trained as a welder and spent two years on Okinawa. He is the son of Mr. and Mrs. Adolph Walterscheid.

### Receives Corporal Rating

It's Corporal Hank Walterscheid now! He sewed the second chevron on his uniform in Hokkaido, Japan, where he will be stationed until next May. For the next three weeks he will be taking amphibious training, completing a six-week course, according to a letter home this week.

### Has 15 Day Leave

PFC Henry Grewing is spending a 15-day leave here with his parents and family, the Henry Grewings. He will return to Fort Bliss where he is assigned to the guided missile section in the motor pool.

### On Overseas Leave

Pvt. Carol Lee Webb, son of the F. M. Webbs, route 3, is spending a 30-day overseas leave with his family. He has been stationed at Fort Hood and will go to Alaska for his new assignment.

### Returns To Duty

Airman J. L. Cole left Sunday night to return to Norfolk, Va., after a 30-day leave spent here with his parents, Mr. and Mrs. Earl Cole.

### Airman Gets a Deer

Mike Luke, A1C, writes his parents, the Henry Lukes, about a deer hunt in the New Mexico mountains and the exciting time he had bagging a 10 point buck which weighed 211 pounds dressed. Joining him on the hunt was John Dobias, formerly of Muenster, now of Albuquerque, where Mike is on duty at Kirtland AFB.

### Adds A Chevron In Korea

Melton Ramsey, son of V. M. Ramsey, route 3, was recently promoted to corporal while serving in Korea with the 10th Corps. He is a mechanic with an engineer combat battalion. Ramsey's wife, Melba, lives in Ringgold since he is overseas.

### Spends Weekend Here

Ernest Sicking, A1C, of Carswell AFB, Fort Worth, was here for the homecoming game of his Alma Mater Friday night and remained through the weekend to visit his parents, the Ben Sicking and other relatives.

## Tigers in Play-off To Decide Champs Of Academic Loop

The Sacred Heart High Tigers, Champs of District 3 of the Southwest Academic League enter Bi-District competition Saturday at 2:30 in San Marcos in the opener of a two game play-off to decide the league championship.

Father Christopher Paladino's boys, after a perfect 8 game season, will take on the San Marcos Baptist Academy, winner of the District 2 title with a season record of 7 wins and 3 losses. The winner of that tussle will meet Texas Military Institute of San Antonio for the league trophy. TMI, the District 1 winner, drew the bye when it was decided which team should be idle in the playoff preliminary.

Since the teams have not met a common foe their comparative strength is unknown. The only information Father Christopher has is a grapevine report, for what it is worth, that the Baptists operate from a wing formation, that it has one speedy back and a couple of husky linemen weighing more than 200 each. San Marcos has a considerably better set of notes on the Tigers. It had a scout here for the Laneri game.

The team will leave here for San Marcos Friday and a group of Tiger fans will leave early Saturday. Stay-at-home fans will have an opportunity to follow the game's progress in a broadcast through Station KGAF directly from the game.

## Nogger, Turner Shine as Hornets Beat Eagles 30-19

The Muenster Hornets Thursday night closed their 1953 grid season with a 30-19 win over the Valley View Eagles, but only after they had been given a thorough scare by brilliant Tommy Turner and his crew of inspired associates.

It seemed everybuddy at the game, except the scrappy little green clad visitors, considered the game as safely salted away after the Hornets had marked up an easy 24-0 lead. So Coach Stewart did the generous thing. He sent in his youngsters, partly to ease the pressure on his visitors, partly to let the reserves have some experience.

That changed the game completely. Valley View made it

## First Topping Due This Week End On Pavement Project

If favorable weather prevails Muenster will have five blocks of completed residential paving this weekend. Contractor Sterling Greenwood said that a nice sunny day is all he wants before shooting the topping on two blocks of West Fourth and three blocks of West Sixth. Those are the streets on which surfacing has been delayed about three weeks by wet weather.

Greenwood is anxious to put on the topping and be done with the streets. He has already shaped them several times and had the finish job stopped by wet weather.

Other progress on the paving project now consists of gravel on ten more blocks, which are being graded and packed now, and agreements for paving seven more. Besides, jobs are developing on a number of other blocks and interest continues to increase. City Manager Steve Moster says a total project of 25 blocks is practically assured and there is a fair chance of getting as many as 35.

## Adult Shop Class Will Start Monday

Men of the community who are interested in an adult woodworking class are invited to attend an organizational meeting Monday night in the public school.

L. B. Bruns announced this week that the purpose of the gathering is to enroll and also decide what nights the men will select for their classes.

## Coaches Optimistic In Spite of Opening Basketball Losses

According to the scoreboard Muenster High's two basketball teams took a licking in their double header with Southmayd here Monday night, but considering circumstances both teams made a fair start for the season. That's the opinion of the girls' coach Bob Williams and the boys' coach, Troy Stewart.

Southmayd has no football team, hence it has a three months head start in practice. Local boys, on the other hand, had only a day of practice and the girls, though they have been working out in the gym had no coach until Friday.

Williams said his girls' 35-22 loss resulted mostly from bad passing which permitted the visitors to control the ball most of the game. For the time Muenster was in possession it got a good enough percentage of the total points, so the emphasis on practice sessions now is to avoid giving the ball away.

The boys' loss is explained mostly by lack of practice, lack of stamina and absence of Richey. For three quarters they crowded their visitors steadily but they slowed down in the fourth and Southmayd widened the margin to 52-32. Running steady is different from football, Stewart said, and the boys will need more workouts before they are ready for a full game. Richey, last year's top performer, still has a charley horse he received in the Saint Jo game and isn't likely to be in the lineup for a while.

Better coordination and endurance as a result of practice and Richey back on the floor will help a great deal, according to Stewart.

## Over 400 Attend Formal Opening of School Lunchroom

More than 400 persons, including about 40 visitors from outside the district, made up an overflow crowd which attended the opening dinner at the new public school lunch room Tuesday night. Places had been set for 320 and tables had to be cleared for the additional guests after the first arrivals had finished their meals.

The dinner, featuring turkey and smoked sausage, was sponsored by the PTA as a benefit for the band uniform fund. Mrs. Al Fleitman supervised the preparing and serving.

Entertainment at the event consisted of a 20 minute concert by the Muenster band under direction of Bill Searcy. Mrs. Alice Brooks played at the piano during the dinner.

The new lunch room is a 32 x 100 brick building just north of the bus driveway and northwest of the elementary wing of the school. The color is the same as that of the main building and architectural lines blend with it. A shelter over the sidewalk between the two buildings harmonizes with the two roofs.

Dining room space measures 78 x 32 and serves also as the band practice room. With space reserved for the band Tuesday night there was seating space for 320. If all space is used the room will accommodate about 400 diners. Kitchen space measures 22 x 32.

The first school lunches were served in the new building Wednesday. Since September the school has been serving about 225 lunches in its homemaking department.

## Clothing Drive for Korea in Progress

The parish-sponsored annual Thanksgiving clothing drive now in progress will continue through Sunday, Nov. 29, it was announced Wednesday by Father Louis. This will give donors another weekend to bring their items to town. The parish garage is the collection depot.

Members of the NCCW and CDA organizations, led by Mrs. Joe Swirczynski, will tend to details connected with packing and shipping.

The clothes will be tagged for Korea.

## Chimes Installed, Furnishings Delay Church Completion

To a limited extent at least the new Sacred Heart Church of Muenster is in use now. A recorder and amplifier which will broadcast the tone of bells, chimes, sacred hymns and any other sound was installed Wednesday. At the same time it was set for automatic reproductions of the Angelus toll three times daily and the daily Mass bell.

Other records are also here for manual control of other reproductions such as chimes, hymns and the death bell.

The reproduction mechanism is installed in the church sacristy and four amplifiers, facing each direction are in the church tower. Another installation Wednesday was the church's public address system.

Delay in the arrival of furnishings is the big item in postponing the opening. Pews, altars, confessionals, railing, etc., are not expected for several weeks. According to Pastor Father Louis Deuster's best information there is a good chance that these installations will be complete by Easter, possibly a few weeks earlier.

Unfinished work on the building now consists mostly in varnishing the oak of the ceiling, after which electrical fixtures will be installed. There are a few smaller final touch-up jobs for the inside plus landscaping outside. Most of those things are now in progress and will likely be finished in a few weeks. After that the building will wait for furnishings.

## E. R. Wyatt, Native Of Marysville, Dies Friday at Houston

E. R. Wyatt, 52, native of the Marysville community, passed away Friday night in a Houston hospital after an extended illness.

Funeral services were held Sunday at 3 p.m. at Conroe where he lived for 19 years before moving to Houston in 1952.

Wyatt was employed by the Humble Oil & Refining company. He was married to Lela Miller of Bulcher who survives him. Other survivors are his mother, Mrs. Rilla Wyatt of Marysville; three children; six grandchildren; three sisters, Mrs. John Richey of Marysville, Mrs. Fred Richey of Sivils Bend, and Mrs. Earl Cochran of Athens; and two brothers, Joe Wyatt of Muenster and T. C. Wyatt of Winnsboro.

## 2 Tilts This Week Will Decide Ratings Of Six 10-B Teams

In spite of a sad season record this year the Muenster High Hornets have a cinch for fourth place in the conference standing and could possibly tie for second place. The two 10-B district finals this week will decide where the Hornets fit on the list as well as what team will get the district title.

As things stand now Era is leading with a record of 4-1-0 Sanger is next with 3-1-1. Callisburg is third with 3-2-0. Muenster has a 3-2-1 record. Alvord has 3-3-0, Saint Jo has 2-3-0, and Valley View is in the cellar with 0-6-0.

The headliner in deciding final standings is the Era-Callisburg tussle. By winning Era retains its hold on top spot and bumps Callisburg into the 3-loss group. Callisburg, by winning, can tie with Era in conference standing with 2 losses each, and leave the way clear for Sanger to cap the title

yard push to its second touch-down about midway in the second period.  
The third quarter went scoreless as each team held the other to 2 first downs, but the visitors started clicking in the fourth per-

iod and put over two more touch-downs. One followed a 50 yard push, the other resulted from an intercepted pass and a 46 yard sprint promptly after the kickoff.  
At Boys Ranch Tuesday night the Cubs encountered a team of speedy and smoothly operating little fellows who romped to a 21-0 lead by half time. Against reserves in the second half the Cubs got started and then broke even with Boys Ranch regulars the rest of the way for a final tally of 34-27.

The Boys Ranch kiddies will come to Muenster next Tuesday for a return game with the Cubs. Starting time is 8 p.m.

**Hornets Win - - -**

more one sided than the Hornets made it before. Turner and company used just 6 plays on a 61 yard drive to the goal. When they started another drive Stewart sent the regulars back to calm them down, but they would not be calmed. Turner dodged and sprinted and passed to two more touch-downs before the Hornets got back in control.

Turner was not the only player putting on a spectacular performance, however. Joe Noggler the Hornet speedster came through to give the fans his quota of thrills in the anticipated personal contest between himself and the shifty Eagle star. Noggler accounted for 214 of his team's 385 yards on the ground and passed for an additional 23. Turner toted for 200 of the Eagles 221 in running plays and threw all the passes, which added to 106 yards.

Wendell Richey the regular Hornet quarterback and normally a steady ground gainer, had only a mild taste of the game. Suffering with a charley horse he spent most of his time on the bench.

Muenster lost no time in starting the scoring which was to give them an 18-0 lead at half time. In 8 plays following the kickoff they completed a 67 yard march to the first touch-down. Noggler, substituting for Richey at quarterback circled end on a keeper play for the last 33 yards.

An Eagle fumble promptly started the Hornets on another drive which ended in a fumble on the 8 after a 40 yard gain. Valley View pushed back to the 44 before kicking out of bounds on the Hornet 39, and Muenster got going again. Another 8 plays covered the distance, Moon plunging over from the 4 for the score.

Turner followed the kickoff play by dashing for 11 and then uncorking a long heave intended for Dyer but intercepted by Noggler and returned 30 yards to the Eagle 49 to launch the third touch-down. That required 10 plays and the payoff came as Noggler scooped up McCulley's fumble and dashed around right end for 11 yards.

McElreath's interception again stopped the Eagles early in the second half and the Hornets reeled off 8 plays for 53 yards and their fourth TD. Richey limped in for the drive and pitched the lateral which Noggler carried over from the 15.

Then came the Pee Wees and the change of Valley View fortune. Of 6 plays Turner passed to Haynie for 13, to Dyer for 17 and to Dyer again for the last 29.

Offensively the youngsters looked better except that their gains were nullified by penalties for backfield in motion and they had to kick after short yardage. After Turner and Haynie connected on another pass Stewart sent the Hornet regulars back in. McElreath intercepted but on the next play Haynie intercepted Noggler's long pass on the 12, and the little visitors completely last

respect for the Hornets. Turner passed and toted for 73 of the 82 yards to the goal.

An on side kickoff caught the Hornets flat footed and the Eagles took off again from Muenster's 48. Turner promptly stepped off 22 and a few short gains besides tossing two to Dyer, one for 11, the other for 6 and the score. His pass to Dyer after that TD was the only extra point of the game.

Another attempted on side kickoff failed and the Hornets took off in a fury from the Eagle 47. Noggler carried 3 times for 32 and Whitt went the rest of the way.

The final whistle stopped another drive just after Noggler had advanced 26 on two runs to the visitors 34.

### THE NATURE OF COMMUNISM

No one should be surprised at the U. S. Army's report on the horrible Communist atrocities in Korea. The atrocities are shocking but not surprising. The fact that a great many Americans were surprised shows clearly how little our people know about the true nature of Communism and its diabolical conspiracy to conquer the world. Mass murder is the standard practice of the Communists. And yet many Americans still will not accept this fact. Inhuman torture is a standard tactic of the Communists. And yet the report that 6,113 American GIs died torture deaths in North Korea surprised even a number of Congressmen, according to news reports.

What actually happened in North Korea was a barbarous massacre of tens of thousands of civilians who refused to join with the Communists, and the unspeakable torturing of untold thousands of war prisoners, Americans and South Koreans. I have seen official documentary movie films showing thousands of mutilated civilians and prisoners, hands tied behind their backs, bayoneted through the body and shot through the head.

#### Sickening Facts

Dr. Charles Mayo, reporting to the United Nations, described the brutal physical injuries inflicted upon American prisoners and also the "subtler, more prolonged torture intended to disintegrate the mind of an intelligent victim." The Army's report described the nature of the slaughtering of American prisoners of war as "bestial and sadistic. Atrocities horrifying even to war-hardened soldiers were related.

But the significant thing is not the sickening nature of these evil acts. The significant thing, which all Americans must at least re-

cognize, is that Communists do not distinguish between good and evil. They consider torturing and mass murder as necessary steps in the process of Communist "progress." Thus butchering of innocent people is Communism in its true nature. It is a part of the Communist way of life.

#### Anti-God "Religion"

Anti-God Communism, the Reds contend, is the vehicle of human progress, and anyone who opposes it or refuses to assist it toward the goal of a Communist world is obstructing progress and must be wiped out. In their creed, there is no such thing as morality, justice, or sin. There is no God, no hereafter, no recompense. Killing 6,113 American GIs who refused to "cooperate," even after being given the opportunity through torture, was a necessary act in the minds of the Communists.

Bakunin, one of the first Russians to join with Marx in the founding of Communism, described it as a new "religion." "Brethren," he told the fanatics of the Russian underworld, "I come to announce unto you a new gospel, which must penetrate to the very ends of the world: The old world must be destroyed and replaced with a new one. The Lie must be stamped out and give way to Truth. The first lie is God; the second lie is Right. . . . You must accustom yourself to destroy everything, the good with the bad."

#### Facts Oft Repeated

This fundamental truth about the nature of Communism has been repeatedly confirmed to the American people by leading ex-Communists and FBI agents who have, in disguise, worked their way into the top ranks of the Communist apparatus here. The central theme of Whittaker Chambers' book, WITNESS, was that Communism is a great atheistic world crusade that has become a "religion" to millions. Louis Budenz and Elizabeth Bentley emphasized the same fact. So have FBI counterespies Herbert Philbrick and Matthew Cvetic, both of whom lived nine years within the Communist conspiracy in America.

Simple Arithmetic

Matt Cvetic told me that 20,000,000 Chinese had been murdered since the Reds took over China and that the Red bosses had announced their intention of killing 100,000,000, or 25 per cent of the population. Cvetic said that Red leaders often expressed the belief that it would be necessary to murder one-third of the people of America if they were victorious here—to stamp out all

seeds of opposition. "Mass murder," said Cvetic, "is a standard practice of the Reds."

Clearly recognized the true nature of Communism since I first began to study it, I have always advocated the outlawing of this evil conspiracy in America. We are foolish indeed to give legal protection to these mass murderers who hope to make America their final great victim.

## Juvenile Delinquency Begins At Home

By J. Edgar Hoover, Director, Federal Bureau of Investigation.

ONE EVENING a man, his wife and children returned to their home and noticed that the light was burning in their living room radio. Noises were heard in the rear of the house. The husband went to the back of the house to investigate and was shot and killed by two hoodlums.

Investigation revealed that two juveniles had entered the home and had tuned in to the local police broadcast so that they could be forewarned if a squad car was dispatched to the residence. The youths ransacked the house and stole miscellaneous jewelry, a child's bank, and a .22 caliber rifle.

Mr. Hoover

THE TWO BOYS responsible for this dual crime were 12 to 15 years of age. The failure of their parents to train them as good citizens resulted in ruining their lives and imposed agonizing grief on a law-abiding family.

The twelve-year-old boy came from a home where discipline was unknown and the children were left to their own pursuits. The other lad came from a broken home where

brutality had twisted and warped the minds of the children.

THE PROBLEM of juvenile delinquency is not confined to any particular economic or social level. It exists any place where indifferent and self-centered communities fail to discharge their obligations to the younger generation. A home which fails to reflect proper training, discipline, love, care, and guidance is a source of infection and the children within it are mentally starved.

If the spiritual structure of the home is weak, decay will result to the nation. It is fundamental, therefore, that the moral stamina of our country depends upon our homes.

THE AWFUL GASH which has cut into the surface of our society as a result of crime needs to be cured by a return to fundamentals and an abiding faith in God. No one can substitute for parents in teaching a child the beauties of liberty and freedom as distinguished from license and anarchy.

The lessons a child learns from his parents are absorbed with trust and implicit faith. That is why there can be no suitable substitute for parents; no adequate substitute for the home.

+ Paulist Feature Service, Washington 25, D. C.

An old farmer's wife, calling on an insurance agent to arrange for insurance on her house and furniture, remarked, "We've had no insurance for nigh on to 6 years. All that time we've just depended on Providence but often I've said to my husband, it's terrible risky!"

"In New York there's a company that does nothing but answer telephone calls for other people," announced the wife looking up from the morning paper. "That's nothing," replied the weary father of 3 teen-age daughters, "I've been doing that for years myself."

by defeating Saint Jo.  
 But if Saint Jo should upset Sanger, as it did Alvord last week, . . . and if Callisburg also wins . . . Callisburg is in line for the trophy, for defeating the team which shares first place, and Sanger joins Muenster in a tie for third place.  
 So, of the two games this week four completely different standings are possible. If Era and Sanger win the list is Era, Sanger, Muenster, Callisburg-Alvord tie, and Saint Jo and Valley View. If Era and Saint Jo win the list reads Era, Muenster-Sanger tie, Callisburg-Alvord-Saint Jo tie, and Valley View.  
 If Callisburg and Sanger win it's Sanger, Era-Callisburg tie, Muenster, Alvord, Saint Jo and Valley View.  
 If Callisburg and Saint Jo win it's Callisburg-Era tie with title going to Callisburg, Muenster-Sanger tie, Saint Jo-Alvord tie, and Valley View.  
 A tie in either or both games would result in still more lists of final standing. But we won't go into that here.

the officials and Laneri Captains in midfield for the coin flipping preliminaries. They were Meinrad Yosten, William Walterscheid, Gilbert Bindel, Ernest Bayer, Jerry Henscheid, James Mollenkopf, Albert Zimmerer and Albert and Gilbert Knabe, all seniors playing their last regular season game for the alma mater.  
 As a result of winning the district title the Tigers play again Saturday in the first championship play-off for the Academic League. The opponent is San Marcos Baptist Academy and the winner of that game will play Texas Military Institute for the league trophy.  
 The title-bound Tigers lost little time taking control of their tussle with the Micks. They made a first down after the kickoff and booted on the next series of downs. One play later they recovered a fumble on the Laneri 24 and pushed over in six plays. Mollenkopf scored from the 2 and Henscheid sneaked over for another point.  
 The next TD came faster. After allowing Laneri a first down Sylvan Walterscheid recovered a fumble far behind the scrimmage line to set his teammates up on the 33. After a 2 yard plunge by Mollenkopf Knabe took Henscheid's lateral and heaved to Herr for the pay-off. Mollenkopf hit the line for another point.  
 Exchanges on two fumbles and a kick delayed the next score, which went over early in the second quarter. Yosten recovered a Laneri fumble on the 36 and the Tigers went to the 10 before losing the ball on a fumble. Laneri kicked after failing to gain and Sacred Heart started over from its 47. Four tries reached the Micks' 23 and Knabe hit Herr with another touchdown pass. Walter went over for the extra point.  
 Receiving the kickoff Laneri again kicked on the first series of downs and Knabe returned the kick 65 yards with beautiful interference for the fourth TD.  
 After that reserves were well mixed in the Tiger lineup and the Micks made more headway. Both teams held as the ball exchanged sides several times, then Laneri drove from its own 32 to the Sacred Heart 10 before losing the ball on downs.  
 The opening play of the second half brought the fifth Tiger TD as Mollenkopf intercepted on the Micks' 27 and broke into the open on a scoring gallop.  
 For the rest of that quarter and the early part of the next Laneri was in control. First came a drive in which Witkowski carried on 9 of the 13 plays for the 88 yard touchdown drive. Faust made the score on a quarterback sneak from the 2.  
 The next push started with recovery of a Sacred Heart fumble on the Tiger 42. Witkowski did the heavy toting again and went over from the 6 on the eighth play.  
 Laneri's last marker was on

Cunningham's 71 yard return of a Sacred Heart kick, just a few minutes after the opening of the last quarter.  
 Tiger regulars took the field then but they failed to hit their earlier stride. Henscheid started well, returning the kickoff from the 10 to 46 and eight more plays reached the Mick 24 before the ball went over to the visitors on a fumble. Laneri failed to gain and the kick play was beautiful as Henscheid returned from midfield for a TD. But Tigers were off-side on the play and the score had to be scratched off.  
 A badly smeared play forced Sacred Heart to kick on the next series. However Laneri also had to kick and Henscheid got loose on another futile return to the goal. A clipping penalty brought the ball back to the 23 and four more plays covered the distance. Henscheid passed to Bayer across the line as time ran out and Mollenkopf went over for another point.

**Carrie Ann Gehrig Reigns as Queen at S.H.H. Homecoming**

Amid pomp and ceremony and a record breaking football crowd the 1953 Tiger Homecoming Queen on Friday night, Nov. 13, just before the kick-off of the Sacred Heart-Laneri game by which the Tigers annexed the District Three championship in the Southwest Academic League.

The ceremony started at 7:30 as Her Royal Highness, accompanied by her princesses and duchesses, came on the field from the north end.

As the royal party neared the 50 yard line the high school pep squad entered the field from its own grandstand to form a guard of honor.

Queen Carrie Ann of the house of Gehrig wore a white taffeta formal with a bouffant net overskirt. The rounding neckline was fashioned with net and the skirt and collar were sprinkled with rhinestones. She was escorted by Co-captains James Mollenkopf and Gilbert Knabe.

Preceding Queen Carrie Ann in the procession were Princess Carol Ann Miller, carrying the ball for the game; Princess Caroline Hesse carrying a bouquet of white mums for the queen; and Princess Theresa Mae Felderhoff carrying the queen's crown. They met their escorts on the 50 yard line.

Princess Carol Ann, escorted by Tiger Left End Tommy Herr, was wearing a blue organdy formal. Princess Caroline, escorted by Tiger Center Sylvan Walterscheid, was attired in blue lace over taffeta. Princess Theresa Mae, escorted by Tiger Left Halfback Albert Knabe, wore a coral red organza formal. Each of the princesses had a white mum corsage.

Tiny duchesses Mary Knabe, Mary Jane Knauf, Paulette Endres and Eileen Knauf served as train-bearers for the queen.

Following a series of flash pictures after the group was in position Fullback Mollenkopf crowned the queen and Left Halfback Knabe presented her with the bouquet. After more flash pictures the royal party was escorted to seats of honor for the game.

In a pre-ceremony parade, mem-

bers of the pep squad marched up main street while Her Majesty the Queen and her court followed in automobiles. Cars were made available through the courtesy of J. B. Wilde and Urban Endres.

After the game the annual homecoming dance was held in the VFW Hall.

those pertaining to sales of dog food, which indicate that "The country is going to the dogs". In plain words, we're slipping. Materially we're the most advanced people since the dawn of history. Spiritually we're going backward instead of forward. It's high time to realize that unless the direction of our spiritual trend changes soon something drastic is going to happen, including the breakdown of all our national progress.

Back to that comparison of dog food and baby food: don't get the wrong impression, please. It is no indication that America is more concerned with dogs than babies. Remember, a dog is a dog food customer all its life and a baby is a baby food customer only a few months. It has been said that any mother who has tried baby food will not impose the mushy, tasteless stuff on her child any longer than necessary.
