## J. F. Brown Dies Suddenly Monday After Long Illness

It's generally agreed that the political race which ends Saturday is at least one of the hottest, if not the very hottest, in Texas history. And that is quite proper, because it also happens to be the most important that has ever confronted the people of Texas. Decisions at the polls will determine whether their state will continue along the way of conservatism and traditional Americanism, or whether it will swing sharply to the left, ushering in an era of New Deal socialism with its side issues of irresponsible spending, radical labor-boss influence, communist infiltrations and racial strife.

An old proverb says that a man may be judged by the company he keeps. In politics that might be amended slightly to read "a candidate may be judged by the type of support he receives." Judged by that standard Ralph Yarborough definitely is not the man for Texas.

For what it means to the future welfare of the state, every voter ought to think seriously on what is involved in every element of the Yarborough support.

There's the big stink about party loyalty. Shivers' opponents cry traitor because he quit the party in 1952 to campaign for Eisenhower. But Texans remember the circumstances. His party was pledged to the tidelands steal and Shivers had to decide whether his loyalty should go to the party or the people he represented. He chose to be loyal to the state, and an overwhelming majority of voters endorsed his choice. Now he's condemned by Yarborough and the rest of his party-first crowd. Yes, the people who think that party welfare comes ahead of state welfare are for Yarborough. Is that the element we want to have in control of our state government?

Another crowd of Yarborough supporters is the CIO-PAC mob of labor racketeers and goons which has been terrorizing Port Arthur for months and is seeking to spread its ugly domination over the rest of the state. Supported by loads of out-of-state money, these modern day carpet baggers are straining every effort to remove Shivers, who has been the principal obstacle to their efforts to take over labor in Texas. Regardless of what might be said for Yarborough personally, the fact is that he is their captive candidate and they can be expected to throw their influence around just as freely as they now throw their money. The issue is clear cut. Shivers favors the type of labor organization we have had, and all of us know that laboring people have done quite well in Texas... certainly a lot better than the northern boss-ridden workers who lose months of pay on strikes they do not want. As a matter of fact this state's better labor relation has attracted a great deal of industry. But Yarborough now gets chummy with the very element that has messed up the north and threatens to mess up Texas. Does that recommend him for our state's top administrative job? On the other hand Shivers has shown that he can and will do something to prevent the spread of labor racketeering.

Communism is another issue. The reds started the labor trouble in Port Arthur, also in San Antonio and El Paso, and they had visions of an organization that would tie up every major industry of the state. One word from Moscow and Texas could have been paralyzed. Shivers and Attorney General Shepperd nipped that scheme in the bud and followed up by asking the Legislature to outlaw the communist party. The Legislature did, with only seven dissenting votes. Now the seven legislators and every lawyer representing the communist controlled unions in their fight with Shivers are all supporting Yarborough. Meanwhile communists are flooding the state with propaganda. Yarborough says it's silly to look under the bed for reds. For him that may be true. They're not under it, they're in it, with him. Is that the kind of guy we'd want to entrust with the state's leadership? He and his supporters may think he's a smart cookie, able to accept the help of reds and brush them off later. Well, fairly recent history tells of a

J. F. (Brownie) Brown, well known Gainesville business man and the father of Mrs. Herman Fette of Muenster, died Monday morning shortly after 7:30 o'clock in a Gainesville hospital. He was 55 years old.

Funeral services were held Wednesday afternoon at 4 o'clock in the George J. Carroll and Son Funeral Home chapel with Rev. W. D. Craig, pastor of Whaley Memorial Methodist church officiating. Burial was in Fairview cemetery.

Bearers were Artie and Carroll Sullivan, Sam Minnis, A. L. Laster, Stoner Proffer and Tommy Berry.

Mr. Brown had been in ill health for several weeks but was responding favorably to treatment and had recovered sufficiently to return to his business to supervise work at the Gainesville Radiator Shop.

Death came suddenly from a stroke while he was resting in a chair in his hospital room. He had entered the hospital during the weekend for a check-up and routine blood transfusions.

With him when he passed away were his two daughters, Mrs. Fette and Mrs. J. Q. Stewart Jr. of Gainesville.

Other survivors are his father and step-mother, Mr. and Mrs. V. H. Brown of Santa Ana, Calif., a brother E. L. Brown of Norfolk, Va., a sister Mrs. R. H. Tullos of Santa Ana, and seven grandchildren.

Mr. Brown was born March 12, 1899 in Valley View, and had lived at 1003 Witherspoon street in Gainesville for many years. His wife died six years ago.

## New Band Members Will Meet Friday

Youngsters from the fifth grade up who are interested in playing with the band are invited to be on hand Friday night in the public school lunch room for a display and demonstration of instruments.

The meeting is intended for prospective beginners, to help them decide whether they wish to join the band, and if so what instruments they prefer to play.

Director Bill Searcy will interview the students and several present band members will be on hand for the demonstrations.

## Thief Breaks into Len Hartman Home

A jewelry box containing about \$100 worth of jewelry and about \$15 in cash was stolen Monday afternoon from the Leonard Hartman home about 4 miles southeast of Muenster.

The burglar, or burglars, entered the house while the Hartmans were away and apparently made off with only the one item. Hartman said Tuesday that they have not missed anything else.

Deputy Bill Morris and other county officers are investigating

## Both Local Schools Start Wednesday, Registrations Monday and Tuesday

### PUBLIC SCHOOL

The 1954-55 scholastic year at the Muenster public school will open Wednesday morning, September 1, with an assembly at 9 a.m. for students, parents and any other visitors who wish to attend.

Announcing the meeting this week, Superintendent H. H. Homsley said he especially urges parents to attend in order to join students in meeting new faculty members as well as to get an idea of the school's program for the year.

Unofficially school will begin two days earlier when high school juniors and seniors report for registration at 2 p.m. Tuesday at 9 a.m. is registration time for freshmen and sophomores. Students are expected to furnish their own transportation on those two days, and lunches will not be served.

Busses and the lunch room will be in operation, however, on Wednesday, the first official school day. Wednesday will also be registration day for elementary students.

## Gainesville Vets Eliminate Muenster In League Play-off

As far as Muenster players are concerned the Cooke County softball league came to a close Friday night when the boys went down 4-1 before the Gainesville VFW team. It was the fourth game in a 3 out of 5 semifinal series to determine contenders in the 4 out of 7 championship series.

The night before the Bezner Chicks had nipped TP&L for the third in a clean sweep of wins, earning the right to enter the champ finals.

Like all the other games Muenster has played with the Gainesville Veterans, Friday night's was close all the way, the Vets pushing over their 4 tallies in as many innings while hotshot Sid Felker put on even more than his usual pressure on the mound. Felker allowed only 2 hits, both in the first. Cain's triple following Reiter's single brought in the only Muenster run. After that only 2 players reached first, on walks.

Coffman's record was also good, however 3 errors combined with the 4 hits and 1 walk he allowed were cashed in by the Vets for 4 runs. Felker also led 10-7 in strikeouts.

The real contest was that of the night before when Muenster nosed out the Veterans 6-5 in a 15 inning endurance contest, the league's longest game of the season. Muenster's 2 run rally in the seventh started the deadlock which stretched another 8 frames before Cain doubled and came in on Becker's single.

Muenster was behind all the way until the seventh inning comeback. VFW started strong with 3 and added 1 each in the second and fourth. Muenster got 3 in the third on 2 hits, 2 errors and a walk.

Coffman and Bob Felker both went the full 15 innings on the mound, and each allowed 7 hits. Coffman fanned 15 and walked 7. Felker fanned 10 and walked 8.

## Heart Attack Takes Mrs. Searcy's Father

Elwood McDaniel, father of Mrs. Bill Searcy, died at his home in the Sycamore community between Slidell and Decatur early Sunday morning after suffering a heart attack. He was 67 years old.

Mr. and Mrs. Searcy attended the funeral service held at Decatur Monday at Christian's Funeral Home Chapel and the burial in the Slidell cemetery. Rev. Robert Roberts, Decatur minister, and Rev. Nations of Slidell conducted the services.

McDaniel was a native of Wise county and had lived on the same place all his life. He was a veteran of world war I.

Survivors are his wife and two daughters, Mrs. Searcy of Muenster and Miss Betty McDaniel at home, and one granddaughter, Tana Searcy of Muenster.

Mrs. J. C. Trachta and Mrs. John Wieler and daughters Juanita and Gene drove to Ardmore Tuesday for a visit

### PAROCHIAL SCHOOL

Classes at Sacred Heart School officially begin on Wednesday, September 1, after registration on the two previous days, Father Christopher Paladino said Wednesday.

Registrations begin Monday morning in both the grade and high school departments, and will be completed on Tuesday in case any students were not able to register the first day. On those two days students will come to school in their own cars.

Busses will be running on Wednesday and, as in former years, will reach school in time for the children to attend mass before their scheduled class time. After the mass students will have a short assembly before reporting to their respective rooms.

Mr. and Mrs. B. G. Lyons of Marysville attended graduation exercises at Denton Tuesday night to see their granddaughter, Shirley Stiles, get her diploma at NTSC.

## Vote! Your Vote May Be Important

As voters we Americans have a sorry record. In practically every other country where people have the privilege of casting a ballot the voting percentage runs much higher than it does in the U.S.A.

Too often a person takes the attitude that one vote more or less will not make a difference. But there are plenty of cases on record in which an election issue has been decided by one vote.

So be sure to vote Saturday. Yours may turn out to be a really big vote. It has happened before. Just look at a few cases in the record of that magic one vote:

A proposed amendment to the Texas Constitution providing state officials with a pay raise will be up before the state's citizens in November. It passed in the Legislature by one vote.

Three presidents—Thomas Jefferson, Rutherford B. Hayes and the second Adams—were elected by one vote.

When Hayes' election was contested, he won by one vote in special electoral commission balloting.

The man who cast the deciding vote for Hayes had been elected to Congress from Indiana by one vote—and that one cast by a man who demanded to be taken from his sick bed to the polls. (Sick Texans can vote absentee.)

A second proposed amendment to the Constitution which voters will pass on in November passed by one vote in the Senate, one in the House.

World War II's draft legislation—with the fate of civilization swinging in the balance—passed the national House by one vote.

Five states—including Texas—gained their statehood by one vote.

Your one vote is the single most powerful instrument for democracy in Texas August 28.

## Former SHHS Star Joins Father Chris As Tigers' Coach

Prospects for the Sacred Heart Tigers this year, though definitely not as bright as they were last year, are far from discouraging, according to Father Christopher Paladino's estimate of the squad after its first two workouts.

Besides eight experienced lettermen to build on and a good crowd of husky kids to build with, Father Christopher will have the help of Julian Walterscheid, former Sacred Heart star who got two more years of valuable knowledge and experience playing with Air Force teams in the Pacific islands. During his last year on Okinawa he played on a championship team with several men who had been famous on large college elevens. As during his school days here, Walterscheid played in the line and his principal job with the Tigers will be training the line.

Lettermen who will form the nucleus of the parochial team are Tommy Herr, Sylvan Walterscheid, Carl Walterscheid, Larry Hennigan, Denis Hofbauer, Frank Fleitman, Rodney Walter and Paul Hesse.

Among the promising recruits who are expected to help them round out a team are Charles Felderhoff, Bernard Haverkamp, Leo Hess, Dan Owens, Allan Eberhart, Melvin Schoech, Virgil Henschel, Claude Walter, Tom-

## WITH THE MEN IN SERVICE

### Two More Soldiers

Henry Weinzapfel and Alvin Noggler left Wednesday morning from Gainesville to enter the army. Henry is the son of Mr. and Mrs. J. M. Weinzapfel and Alvin is the son of Mrs. Susie Noggler. His wife, Patsy, will stay in Gainesville with her parents, the Sid Ottos.

### Is Getting First Leave

Pvt. Gilbert Bindel has let his parents, the Frank Bindels, know that he is scheduled to arrive in Muenster this weekend for his first leave since entering the army. He has finished basic training at Fort Bliss and will be assigned elsewhere for further training.

### Has First Leave

Marine Private Meinrad Yosten has completed ten weeks of basic training at San Diego, Calif., and is at home since Sunday to visit his parents and family, the N. J. Yostens. He will go from here to Camp Pendleton, Calif., for further assignment.

## Nig Wilson Bags Giant Rattlesnake

A rattlesnake which probably rates as the grand-daddy of them all around this area was on display... dead... in the back of "Nig" Wilson's pickup Monday evening. Nig had killed it with a 22 rifle a few hours before on the Danglmayr ranch near Marysville.

The snake was 5 feet 7 inches long and had 13 rattles, the last being broken in a way to indicate that others had been lost. Nig said that of all the rattlers he has killed, and there were lots of them, this is the biggest by far.

In fact, the snake is quite a whopper as rattlers grow anywhere. A man writing in the July issue of Texas Game and Fish says he has been catching rattlers for 30 years and the biggest he has seen was 5 feet 11 inches. He challenges guys who talk about 6 footers by making a standing offer of \$5 per inch for every inch over 6 feet... if the snake is caught alive and sent to him express collect. The only catch around here is that people do not believe in measuring rattlesnakes before they are dead.

## Cooke County Fair Will Open Monday, Continues All Week

While the Cooke County Fair features four super-attractions this year, including Bobby Estes' Lone Star Ranch Rodeo, the WFAA Shindig, Bill H. Hames Shows on the midway, and the State Game and Fish Department's Wild Life show, there are many other things to see at the fair.

Exhibits this year include a big poultry show, beef and dairy cattle, sheep, swine and agricultural products, home demonstration club, 4-H club and women's individual exhibits, and there will be horse and Shetland pony displays as well.

Then there are the permanent features on the fair grounds, including the skating rink, operating outdoors during the fair; the Frank Buck Memorial zoo, the permanent rides, including merry-go-round, airplane swings, and kiddie cars, the many commercial exhibits, a square dance festival Wednesday night, September 1, and additional attractions too numerous to list.

Every community within 40 miles of Gainesville will have a special day at the fair when the visiting delegations will receive a special welcome.

The fair which starts August 30 and runs through September 4 promises to be bigger and better than ever this year and all roads lead to Gainesville during those six days.

## Heavy Balloting Expected Saturday In Run-off Election

Though the ballot for the Democratic run-off election Saturday offers opportunities for only three votes, it stands a chance of drawing one of the largest election turnouts in the history of the community.

Interest is running high in two of the races to be voted on in the North Muenster box, as indicated by a considerably higher number of absentee ballots than were cast in the first primary. They are the Shivers-Yarborough race for governor and the Klement-Robison race for Commissioner of Precinct 4. Another race, for the office of associate justice on the state supreme court is drawing only minor interest.

Signs at this time are that the North Muenster box will poll a considerably larger vote than its July total of less than 500. The number of persons eligible to vote at the box is estimated at about 600.

In the South Muenster box, without a commissioner's race to vote on, interest does not run as high but the stepped up intensity of the Shivers-Yarborough tussle is expected to bring in as many votes as the July election.

The election here will be held at both of the customary places and at the customary time. North Muenster, with Joe Luke as judge, will have its election in the public school from 8 a.m. to 7 p.m. The election for South Muenster, with Paul Fisher as judge, will be held at the elevator, also from 8 to 7.

## John Hosea Named For Head Coach Job At Muenster High

John (Tiger) Hosea, former Little All-American and four year letterman at Texas Wesleyan College in the late thirties and early forties, will direct the Muenster High Hornets in their football endeavors this season.

He was named as head coach of Muenster High in a meeting of the school board Monday night and had his first workout with the Hornets Tuesday night. The first practice session for the team, Monday night, consisted mostly of calisthenics and basic drill under the direction of Glenn Hellman, student of East Texas State College and former member of the Hornet squad.

Hosea comes to Muenster from Mattson High in Haskell County. He has lived here since June but his chance of becoming the Hornet coach did not develop until last week when Troy Stewart resigned to take the coaching job at Munday.

He earned his place on the mythical Little All-American team in 1940, as end on the TWC team during his senior year. Little All-Americans are selected from the smaller colleges which are normally overlooked in the selection.

## Lunch Tickets are Higher in Singles

Meals at the public school lunch room this year will cost 20 cents each provided a student buys at least a week's tickets in advance. Otherwise the price will be 25 cents a meal. Superintendent H. H. Homsley announced this week.

The reason for that arrangement, he explained, is to avoid as much as possible the extra red tape and inconvenience required in accounting for single meals. Encouraged by the better price, he said, students will buy more weekly and monthly tickets and simplify the bookkeeping job.

Kitchen and dining room employees will be Mmes. Isabell Fette, Al Yosten and Lester Harris.

## SCHEDULE OF COMING EVENTS

WEDNESDAY, Sept. 1, Get-Together Club meets in the home of Mrs. John Wieler, 2 p.m.  
WEDNESDAY, Sept. 1, K C meeting.

### 2 Muenster Girls Graduate Nursing School in Dallas

Two Muenster young ladies, Miss Bernice Henscheid and Miss Marianne Luke, received their nurse's diplomas Sunday in annual commencement exercises at Saint Paul's Hospital in Dallas. There were 31 graduates in the class.

The day's program opened with mass in the hospital chapel at 8 a. m., followed by breakfast in the hospital dining room.

At 3:30 in the afternoon in Sacred Heart Cathedral the Most Rev. Bishop Augustine Dangelmayr presented diplomas and Rev. Charles E. Cannon delivered the commencement address.

Among relatives and friends attending the program were Bernice's parents, Mr. and Mrs. Leo Henscheid and Jerry and Carol, her grandmother, Mrs. Anna Trachta, and Mrs. Donald Endres; Marianne's parents, Mr. and Mrs. Ben Luke and Ray Luke, all of Muenster; Dan Luke of Hamlin, Mr. and Mrs. Harold Luke of Dallas, Alfred Kuhn of Fort Worth, Mr. and Mrs. Jake Kuhn and Willard and Alta, and Mrs. Alvin Loerwald of Lindsay, and Mrs. Urban Rohmer of Muenster.

Bernice and Marianne accompanied their families home and will be here until Sept. 9 when they will return to Dallas to take State Board examinations.

On the way to Dallas the Henscheids, Mrs. Trachta and Mrs. Endres stopped in Fort Worth where they were dinner guests of Mr. and Mrs. Roman Trachta and sons.

### Faculty Assigned At Public School

The Muenster public school faculty was completed last Monday night when the school board appointed John Hosea as head coach and his wife, Mrs. Marie Hosea as seventh and eighth grade teacher.

In addition to the Hoseas, four other new teachers are on the local staff this year. They are Mr. and Mrs. H. H. Homsley, Mrs. Gene Nelson and Sylvan Roche. Former teachers they succeed are Weldon Cowan, Troy Stewart, Bob Williams, Franklin Farmer, J. C. Embry and Mrs. Weldon Holland.

The seven former teachers back on the job are L. B. Bruns, Gene Nelson, Mr. and Mrs. Bill Searcy, Weldon Holland, Marie Mosman and Betty Cole.

Assignments as announced this week by Superintendent Homsley, are as follows:

H. H. Homsley: Superintendent, history, girls' basketball coach.

L. B. Bruns: Shop and mechanical drawing.

Bill Searcy: Band and music.

Gene Nelson: Vocational agriculture.

Mrs. Ann Searcy: Homemaking.

John Hosea: Coach and mathematics.

Sylvan Roach: Assistant coach, commercial subjects, and English.

Mrs. Marie Mosman: Science and English.

Mrs. LaVerne Homsley: English.

Mrs. Marie Hosea: Seventh and eighth grades.

Weldon Holland: Fifth and sixth grades.

Mrs. Gene Nelson: Third and fourth grades.

Miss Betty Cole: First and second grades.

### SH Teachers Get Class Assignments

Nineteen faculty members, including fifteen Benedictine sisters, three priests, and one layman will be on the job next Wednesday when Muenster's Sacred Heart School opens its 1954-55 school year.

The three local pastors, Fathers Louis, Christopher, and Patrick will teach religion classes. In addition Father Christopher and Julian Walterscheid will work together in coaching the Tiger football team.

Teacher assignments for the sisters as revealed Wednesday by Sister Carmelita, superior, are as follows:

Sister Grace, first grade.

Sister Alberta, second grade.

Sister Denis, second and third grades.

Sister Christine, third grade.

Sister Anna, fourth grade.

Sister Gebharda, fourth and fifth grades.

Sister Scholastica, fifth grade.

Sister Pauline, sixth grade.

Sister Barbara, sixth and seventh grades.

Sister Gregory, seventh grade.

Sister Carmelita, eighth grade.

Sister Agnes, science, English and journalism.

Sister Aloysia, typing and history.

Sister Michael, mathematics and Latin.

Sister Geraldine, homemaking, commercial and library.

### NEWS OF SICK AND INJURED

Patsy Fette and Joan Klement were dismissed from M&S Hospital Sunday after undergoing dental surgery four days earlier. Both had four embedded wisdom teeth extracted. Family members, the Joe Fettes and the J. A. Klements, cheered the girls with bedside visits during their stay in the hospital.

Jack Biffle was getting around on crutches Monday after being off his feet several days following an accident while baling hay. His foot was caught in the press and was badly bruised but fortunately no bones were broken.

### Two Boys Receive Scout Promotion

Two members of Muenster's Boy Scout troop, Melvin Schoech and Billy Joe Otto, were received into the Order of the Arrow Saturday at Camp Wisdom, near Dallas.

Membership in the order is one of the highest honors a Scout can

receive, and the ceremonials of initiation take place with all the color and ritual of an Indian powwow.

The boys, sons of Mr. and Mrs. Andy Schoech and Mr. and Mrs. Harry Otto, were called to the order in ceremonies conducted at Camp Constantin at Possum Kingdom Lake during the annual encampment earlier this month. They passed the ordeal there to

become eligible for membership. Muenster's two Scouts made the weekend trip to camp with Gainesville Scouts.

Mrs. Houston Miller left Sunday to return to Calgary, Canada, after a week's visit with her father and brother, Mitchell and Bill Moon. She went from here to Pampa to take her young grandson, Terry Trice, home. He had been vacationing with her.

Visiting the Foster and Charles Davidsons Sunday were the Bill Rows and family of Whitesboro, the Arthur Felderhoffs and children of Muenster, Mrs. Myrtle Blount and son Carl of Hood, the H. B. Snows, the Sam Bakers and son and the Robert Bakers and son, all of Gainesville. Reba and Elizabeth Rowe remained to spend a week with their grandparents.

Mr. and Mrs. O. H. Dennis and daughter, Judith of Dallas, spent most of last week here with her father, Sam Richey. They were dinner guests of the John Richeys Thursday.

Wendell and Hubert Richey, Donny Whitt and Ronald Hallmark attended the Oil Bowl game at Wichita Falls Friday.

Mrs. Queenie Bone of Odessa spent Friday night and Saturday in the B. G. Lyons home. She is Mrs. Lyon's sister.

Mr. and Mrs. Max Harrell of Sherman and Mr. and Mrs. Frank Vineyard and children of Gainesville spent Sunday afternoon as guests of Mrs. Harrell's mother and family, the Bill Moons.

### BUILD A BACKFIRE

Americans today must face the following two vital facts: (1) Socialism in one form or another continues to expand its area of control across the earth; and (2) the only really effective backfire that could be built against the encroachment of this dark shadow must be built here in the United States. If we fail to build the backfire and keep it burning ever

brighter through the next few years, civilization may be plunged backward into another Dark Age like the one which followed the collapse of the Roman Empire.

Yes, the situation is just that serious. The answer to this towering problem lies, I feel, in mobilizing a concerted effort among our whole U. S. population toward the building up of two kinds of strength—physical strength and moral strength. They go hand in hand. One cannot be maintained for long without the other.

### Keynote of Service

We can build the moral strength of America in only one way—by each of us dedicating a larger portion of our lives to Christ, by standing firm upon the mighty foundation of Christian principles given to mankind 2,000 years ago by the Son of God; and by developing an inexhaustible faith in the triumph of right over wrong. Each of us should make this his personal objective. Altogether we should make it our common objective at the community, state and national levels. The building of our physical strength can be limited only by how strong we make the productive might of our industries, our mines, forests and farms; and how steadfast we stand on the political and economic principles embedded in our constitutional government—from the grass roots up to Washington. Each citizen of America has as much a part in the building of this collective physical strength as he has in adding his faith and his dedica-

DEEDS NOT PROMISES—Reprinted by permission of the Dallas News.

tion to the moral strength of the nation.

### Good System

We have a system in America that we know is good. It has its faults of operation, but they are being corrected out of our experience as we advance. Our system likewise may be abused because of the earthly temptations that sometimes control imperfect people. But none of the faults can be traced to the fundamental structure of the system itself. The fundamental principles have been proved to be the best combination possible, on the basis of our present knowledge, for everybody's welfare.

With our system we outproduce every other nation in the world by wide margins. In fact we produce almost as much as all the rest of the nations combined. During the last war we did surpass the rest of the entire world in armament production. The living standard of the average American citizen is three times that of his counterpart in Europe, and at least five times that of the average citizen of Asia. American production today is the greatest deterrent to aggression by world Communism. And it serves too as an outright denial of the Socialists' claim that our American capitalism doesn't work for the good of all.

### Government's Help

A healthy productive system must have incentives and an atmosphere stimulating to its growth. In this area government definitely plays a part. Sound government is necessary to the strengthening and growth of American production. Sound government is vital to our over-all national strength. Thus government's soundness and health are vital factors in any problem requiring the full strength of our nation.

Our government can maintain these important qualities only if enough of our citizens sacrifice enough time from more pleasurable pursuits and engage actively in governmental affairs. Our local, state and national governments reflect the sum total of the intelligence and the political action of our citizenry.

And so, our own self-interest and the safety of our national and personal freedom depend upon each of us becoming more active in religious, economic, and public affairs.

### THE PRICE TAG

A bulletin issued by the American Economic Foundation observed that one of America's most important economic inventions (inventor unknown) was the idea of putting a price tag on an article displayed in a store and meaning it.

In most of the rest of the world, this one-price system of conducting retail business doesn't exist. The asking price involves enormous mark-ups, by American standards, and is regarded by the informed as simply a starting point for a bargaining contest. No one will ever know how many millions of dollars unwary American tourists have lost because they assumed the first price asked was the real and final price.

What have been the benefits of our one-price system, with that price printed clearly on a tag? The bulletin described them this way: "American stores with their low 'real' prices sell far more goods.

"Their profits come in 'fast nickels' instead of 'slow dimes.'

"With no time out for haggling over each sale, the store clerks can handle a much larger number of transactions and thus justify better salaries for themselves.

"So at the end of the year, everyone is happy: the customer has gotten better values, the clerk has gotten better pay, and the owners of the store have gotten better earnings."

The price tag is the symbol, repeated billions of times, of a system of mass distribution which makes our living standards possible.

# Even the Stars Lead Us to God

By John Sternig, Science Author and Lecturer in Astronomy

MAN STANDS HALFWAY between the atom and the star. We seldom look out into space or contemplate the atom with anything but confusion and fear.

For most of us, the cares and burdens of our lives keep our thoughts close to the earth from which we draw our livelihood. The earth looks flat and endless. Out in the sky the sun and moon and stars wheel ceaselessly along their paths as they move around the earth. We creep about the earth and it remains for us the center of creation.

HOW CAN WE understand the earth or its place in the plan of the universe if we never raise our eyes beyond our planet? How can we sense the glory of God, who made the universe and all things in it, if we never think of anything but the cares and worries of the day? We should lift up our heads and see the wonder of creation and of God.

The moon is the nearest of celestial bodies, yet 238,000 miles away. The present boundary of the solar system is marked by Pluto, 3½ billion miles away; 5½ hours by light time. The nearest visible star is 26 trillion miles from the earth; its light, speedy

though it is, needs 4½ years to reach us. From this star space goes on and on, so that light requires 100,000 years to cross the galaxy of which our sun and planets are but a part.

BEYOND OUR OWN galaxy lie millions upon millions of other universes, each of them with billions of stars. They are so far apart that light from the nearest takes 1½ billion years to reach us.

And what of us who live upon this tiny earth? Smaller than small are we, so utterly tiny that we seem to crawl within ourselves. Here is insignificance that one can really feel. Here is humility, but not humiliation for man is more than dust.

THE MIND OF MAN can encompass the whole universe even if he understands it only feebly. Here is where man's value lies—in his soul and mind, not in the dust of which his body is composed. And just as the mind of man reaches out across the emptiness of space in search of knowledge, so does the soul lovingly seek the Fountain of it all—God.

If the universe is vast and wonderful, how much more wonderful the God who made it. In truth, "The heavens declare the glory of the Lord." Well did Lincoln say, "I cannot conceive how any man can look into the heavens and say there is no God."

The J. P. Flusche home was the scene Sunday of a reunion of members of the Tony Otto family who gathered there with covered dishes for a six o'clock supper.

The get-together provided the occasion for a farewell tribute honoring Alvin Noggler before his entry in the army, and gave family members an opportunity to visit with Mr. and Mrs. Sid Otto who have returned to Gainesville after living in West Texas near Hamlin.

Present were the Sidney Ottos, the Tommy Ottos and daughter Sandra and the Alvin Noggler, all of Gainesville; Julius Hermes of Lindsay, the Tony Ottos, the John Ottos and children, the Tony Hoenigs and family, the Earle Ottos and Elaine, the Ray Ottos and Douglas, and the J. **Soil Conservation Notes**

Terracing season is rapidly coming to a close as the vetch and grain season moves nearer each day.

Cooperators of the Upper Elm-Red soil conservation district who want to put in terraces this year should contact SCS personnel within the next few days so that the terraces can be built before sowing time.

Among cooperators who have finished terraces lately and are ready for the rains when they come are Walter Becker with 9000 feet, Leonard Hartman, 4200 feet and Leo Mosman on the W. W. Sicking place about 4800 feet of channel type terraces and 1700 feet of diversion terraces.

W. W. Otto has completed about 8000 feet of channel type terraces and Wilfred Sicking has finished a diversion terrace above a cultivated field. Both these diversion terraces will catch runoff hill water and will lead it safely away from cultivated fields.

Cler Brothers are using their own equipment to build terraces on the place they lease from Meador Brothers of Saint Jo. These terraces as well as the other cooperator terraces are the broad easily crossed and easily farmed channel type terraces which empty on safe, grass-protected outlets.

A. V. Freeman, southwest of Forestburg, has sloped an outlet for a diversion terrace which he plans to build when grass becomes established in the outlet.

Vetch planting time is almost here but the one ingredient lacking is moisture—not only to sprout the seed but also to keep the inoculant alive on the seed. As soon as needed moisture comes drills of the Upper Elm-Red district will be ready to swing into action. Several district cooperators harvested vetch seed, so the

supply should be adequate. It's later than you think, is a reminder by personnel of the local SCS office. They urge cooperators to plan now to finish terraces and get part of the ammunition together for planting vetch for soil cover and protection and for soil improvement.

**HOW TO PREVENT BACKACHES**

To prevent backaches, follow these rules:

- (1) Keep your back muscles in shape. This means regular exercise.
- (2) Sleep on a firm, well-made mattress.
- (3) When you lift anything, flatten your back and place your feet so that your hips and legs work.
- (4) Try to remember to keep your body balanced when you push, twist or bend.
- (5) Don't overload your back with work to which it isn't accustomed.

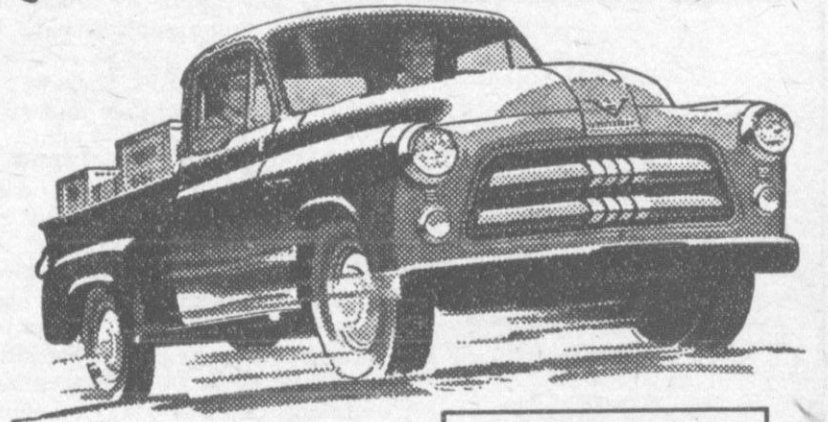

We cannot do everything at once, but we can do something at once.

### A QUIET REVOLUTION

Short of atomic energy, no development in the history of our country has held greater significance than changes in the agricultural scene during recent decades. One farm equipment concern has dramatized the situation in a series of advertisements showing an attractive young housewife in her kitchen surrounded by work saving conveniences of modern living such as the washing machine, deep-freeze, refrigerator, electric range, garbage disposal unit, and other items. These things, the advertisement points out, have been made possible by mechanization on the farm which has steadily reduced manpower requirements in agriculture. The energy of millions has thus been released from food production to the production of the countless necessities and luxuries which make this country a good place to live in.

The July issue of Successful Farming describes a few late developments in cattle feeding, farm machinery, and land management which are typical of the progressive trend in agriculture. For ex-

**TEACHER'S PET**—St. Petersburg, Fla., teacher Adrian Davis holds "Quito," a South American woolly monkey, who will be one of the main attractions in the biology class at St. Petersburg high school. The nine-year-old monkey will be used in connection with anatomy studies.

ample, experiments have revealed that corn stalk silage with proper supplements is excellent for fattening beef. In step with this de-

velopment, another farm equipment manufacturer has announced a new machine that in the words of Successful Farming will "pick the ears, chop the stalk and deliver each to different wagons . . ." Thus the value of the corn crop is doubled, and the cause of more efficient food production has received another boost.

What is the reason for this quiet revolution in American agriculture? It is the old, but fundamental element of profit. The farmer uses improved techniques because they pay. The farm equipment manufacturer strives to meet the requirements of the farmer because that pays. Consumers reap the benefits.

The man who trusts men will make fewer mistakes than he who distrusts them.

 BRIEFS**

Mr. and Mrs. Al Yosten and daughter Judy spent the weekend in Celina with her parents, the Joe Tischlers, and brought their son Bobby back home with them. He had spent the past two weeks with his grandparents.

George Fry, 10, who spent last week with his cousin, Roy Monday, left Friday when his parents, Mr. and Mrs. Bill Fry of Dallas and his brother, Roger, stopped here for him enroute to Mineral Wells where the family spent the weekend fishing.

Miss Edna Mae Hoenig returned Sunday evening from Denton where she spent several days with her sister, Mrs. Carl Pelzel and family. She returned with the group of CYC members after attending the Day of Recollection services.

Mr. and Mrs. Herbert Meurer and son Robert returned Sunday from Lubbock where they were guests of her sister, Mrs. C. W. Ratliff and family. Mrs. Meurer had visited there five days and her husband and son were there for the weekend.

Weekend guests in the home of Sheriff and Mrs. Bill Morris were their children, Mr. and Mrs. Floyd Morris and their youngsters Bobby and Brenda Kay of Wichita Falls, and Mr. and Mrs. Dale Yarbrough of Burkburnett.

Mr. and Mrs. John O'Dowd and son Danny arrived from San Antonio Saturday night to spend a part of their annual vacation with her parents, the John Walters, and other family members. They will go from here to Fort Worth to visit his mother.

Mr. and Mrs. George Mollenkopf and son Howard, joined by Mr. and Mrs. L. V. Henry and son Rick of Gainesville, vacationed at Lake Isabel, Colo., for a week. They returned home Friday.

Mr. and Mrs. George Mollenkopf have as guests since the weekend his brother and wife, Mr. and Mrs. Hans Mollenkopf of Seguin. The visitors are on their way home after vacationing in Chicago and Milwaukee with their daughters.

Mrs. George Letson and children Mike, Dawn and Kay returned from Weatherford Monday after spending the weekend there with her parents, the S. D. Varners, and her husband's parents, the H. E. Letsons.

Frank Trubenbach and his daughter, Mrs. Billy Metzler of Lindsay, are vacationing this week in Kansas and Nebraska where they're visiting relatives and friends.

Mr. and Mrs. Bob Swirczynski and children of Ardmore returned home Tuesday after being here since Sunday to visit family members. Their oldest son, Roy, remained here to attend school the coming year and live on the farm with his grandfather, Frank Trubenbach.

Thursday of last week Mrs. Anna Trachta had a pleasant surprise when her daughter, Sister Berenice and her traveling companion Sister Joan Michele, along with the latter's uncle and a couple, all of Wisconsin, spent the day in her home. The two nuns visited Sister Joan Michele's uncle after they finished summer school at Notre Dame enroute back to San Antonio and he decided to drive them back to Texas. They came to Muenster so Sister Berenice could visit family members.

**1-economy**

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive!

**2-price**

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!

**3-performance**

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any leading low-priced car. Come in for a demonstration ride!

**4-appearance**

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

**WARNING!**

**TEXAS FARMERS - RANCHERS WARNED OF CIO LABOR PLANS**

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen

when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East — specifically those in the CIO and its Political Action Committee — are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking — and voting — for them.

## Lindsay News

Cpl. Julius Hess, son of Mr. and Mrs. Henry Hess, has been transferred from Fort Tilden, N. Y., to Fort Hamilton in that state.

Mrs. Alphonse Herbert of Marro, La., is the guest of her daughter, Mrs. Joe Bezner, Jr., and family. She will visit in Lindsay until about Sept. 8.

Tony Hermes, admitted to Gainesville Sanitarium on Aug. 18, was dismissed on the 20th after responding to treatment following a bite by a Black Widow spider.

Mr. and Mrs. Vincent Zimmerer of Lindsay and Mr. and Mrs. Ray Voth of Muenster have returned from a vacation trip to New Mexico and Arizona. In Douglas, Ariz., they were guests of the ladies' sister, Mrs. Emmet Fette and family.

Pvt. and Mrs. Adam Wolf of Fort Bliss, El Paso, visited relatives here and at Gainesville on a three-day pass. When they returned to camp Sunday they were accompanied by their sisters, Jane Kubis and Joann Wolf who are their guests this week.

Sister Fortunata Zimmerer and Sister Florence Marie Kubis left Sunday to return to San Antonio after a five-day visit with family members. The former is a sister of the Lindsay Zimmerers and the latter, her niece, is the daughter of Mrs. Elizabeth Kubis. While they were here Sister Florence Marie's brother, Rev. Alcuin Kubis of Arkansas came home for a visit, and Sister Dorothy Therese Zimmerer, on the teaching staff at Pilot Point, spent one day with the visiting nuns who are her aunt and cousin.

Mrs. Joe Bezner Sr., who was a medical patient at Gainesville Sanitarium during the weekend, was dismissed Sunday and was advised to stay in bed several days. Cheering her with visits

Sunday were her children, the Bob Bezners and two children, the Leo Cutaias and two daughters, and Mrs. Bob Young and son, all of Dallas, and Hubert Bezner of Tyler. Another guest was Miss Vickie Kuntz of Valley View, Hubert's fiancée.

Al Bezner of Dallas was here Monday to visit his mother, Mrs. Joe Bezner and other members of the family.

PFC Charles Neu, stationed at Fort Knox, Kentucky, arrived late Sunday to spend a three-day pass with his parents, the Joe J. Neus at Lindsay, and his sister Mrs. Wilfred Bindel and family at Muenster.

Mrs. Lena Schmitt is visiting in Fort Worth this week.

### LINDSAY 4-H BOYS HAVE DISCUSSION ON GRASS

Lindsay 4-H Club boys learned about grass Monday night when Gene Sears, assistant county agent, met with them for a regular meeting, and presented a discussion on "How to Know Your Grasses."

Cyril Hermes was in charge of the business session and members decided to have their meeting at night in the future. This will give them more time for other 4-H Club activities, they said.

## Adolph Fuhrmann Hurt Seriously By Post Hole Digger

Adolph Fuhrmann of Lindsay is recovering satisfactorily from leg and body lacerations and skin graft operations at Gainesville Sanitarium where he was taken as a patient last week Wednesday after a freak accident at his farm.

He received the injuries after his overalls became entangled in a power-post hole digger. His son Michael, 8, saved his father from further and probably more serious injury by turning off the tractor to which the digger was attached by a power takeoff, and Fuhrmann managed to walk back to his house, about a quarter of a mile from the place the mishap occurred.

## John Hosea

tion of All-American teams. He also was named on all-conference teams all four of his years in college. Other sports he participated in are baseball and track.

After college he entered professional football at Patterson, N. J., then served three years in the Navy. Since returning to civilian life he has coached at Gary, Bridgeport and Mattson.

Hosea had 32 boys in uniform when he met his team in the first practice session Tuesday night. At this time he is gradually getting acquainted with them and hopes in a few more days to start assigning them to positions, but he intends to reserve for some time a decision on which of the boys will be in his starting lineup. Hosea said he prefers to think of his team as a squad rather than a group of eleven men, also that he believes in giving less experienced players as much time in action as circumstances warrant.

In the event that Hosea's selection for positions is substantially the same as Stewart's he will be able to start the season with a complete experienced backfield but a line that was considerably thinned out by graduation. Nogler, Richey, Whitt and Moon were the starting backs, whereas Fleitman, Klement, Trubenbach and Dougherty are the only regulars left up front. Last year's seniors were Walter, McElreath, Boyles, Pick and Knabe.

However, a wealth of material is coming up in former reserves, both in the line and backfield. Included in the group are Kaderli,

Cain, McCulley, Milner, Harris, Flusche, Mobley, Biffle, Hallmark, Hellman, Wimmer, Fisher, Richey and Wolf. Cain, however, will not be in uniform for several weeks because of an appendicitis operation two weeks ago.

### Confetti

few other cookies who were a darn sight smarter but did not succeed. FDR and HST counted the red vote and wound up with a first class mess of communist infiltration. They thought they could use the reds. Instead they were used. It can happen in Texas too.

Political partnership with the notorious George Parr of Duvall County isn't much of a recommendation either. Granted, Parr could hardly be expected to support Shivers after the court pressure that has been put on him. But this also indicates that Parr obviously thinks his corrupt machine has a better chance of survival under Yarborough's administration. Well, is that what we want? Wouldn't we prefer a governor who is more likely to get rid of Parr and others of his kind?

Personal remarks that have been made about either candidate are very much secondary in this campaign. Political associations are what really count. And in that respect Yarborough measures up about 100 per cent as an undesirable. The question thinking Texans have to answer is whether they can depend on a man who is politically indebted to party-firers, labor racketeers, Communists, and corrupt political bosses.

my Hesse and Kenneth Otto. The principal power of last year's team, graduates whose shoes the two coaches hope to fill this season, are James Mollenkopf, Albert and Gilbert Knabe, Willie Walterscheid, Meinrad Yosten, Jerry Henschel, Ernest Bayer and Gerald Bindel.

To date the Tigers have six games on their schedule, four Academic League contests and two non-conference tussles, and Father Christopher has hopes of adding three or four games before the season closes.

The schedule at this time is as follows:

Sept. 16, Nocona B, here  
Sept. 23, Sherman B, here  
Oct. 8, Lanier, here  
Oct. 22, Boys Ranch, there  
Oct. 29, Texarkana, here

## TEXANS ... Do You Doubt It Now?

### PARR AGAINST GOV. SHIVERS

Staff Special to The News.  
SAN DIEGO, Texas.—George B. Parr, the Duval County political power, said Ralph W. Yarborough would get his vote for Governor.  
Parr interrupted a coffee-cup conference with Roy Harcafe of Austin, secretary-treasurer of the CIO State Council, to say that he was not particularly for Yarborough.  
"It's just that I'm against Allan Shivers," said the political boss.  
Parr said that on Wednesday night he went to Falfurday to hear Yarborough make a campaign speech. Parr said he sat in the bleachers at the school stadium where Yarborough spoke and did not speak personally to the candidate. Some Parr-backed local officials sat on the platform with Yarborough.  
"We haven't talked since before he announced," said Parr.

Here is conclusive proof of the link between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas Morning News on Sunday, August 22, 1954, will convince all TRUE TEXANS that there is a conspiracy by the Parr-Yarborough-CIO Machine to TAKE OVER TEXAS.

Remember the CIO-PARR link has been repeatedly denied by Ralph Yarborough.
