## WITH THE MEN IN SERVICE

### Goes To Labrador

S.Sgt. Teddy Gremminger is in Labrador for about two weeks of special duty. While he is away his wife and infant son, Wayne, are visiting family members here. Sgt. Gremminger is based at Carswell AFB and the family lives in Fort Worth.

### Stationed In England

Pvts. Maurus Rohmer and Raymond Hesse write home of their safe arrival in England where they are stationed at Lakenheath, 80 miles north of London, with an anti-aircraft battalion. They made the trip aboard the General Butler from Camp Kilmer to Southampton in eight days. They are Muenster's first young men stationed in England on army duty since world war II.

### Resumes Regular Duty

Airman First Class Jerry Fette is back on regular duty at Yong Dong Po, Korea, near Seoul, after completing a special assignment at Teague.

### Arrives In Germany

Pvt. Johnny Morris has arrived in Germany for duty with the army. Upon his arrival at Bremerhaven, and before leaving for Zweibrucken some 400 miles distant, he enjoyed a visit with a cousin of his mother, Mrs. R. D. Morris, M.Sgt. Leo Palmer and his family, stationed there. Johnny was still to be permanently assigned when his family heard from him.

### Ends Overseas Tour

Major C. O. Taylor is here on a 30-day leave after completing a tour of duty in Korea with the Fifth Air Force. His next assignment will take him to San Antonio where he will be stationed at Brooks AFB. Mrs. Taylor and the children will move to San Antonio after the school term ends.

### Receives Promotion

It's Corporal Johnny Fisher now. He received the new rating this week at Fort Hood where he is serving with Headquarters, Company of the First Armored Division. Johnny is the son of Mr. and Mrs. John Fisher.

### Marines In Training

Muenster's most recent volunteers for duty with the armed forces, Marines Murlin Joe Evans, Jerry Hoenig, John David Meurer, Herbert Otto, Eugene Luke, and Maynard Williams are busy with boot training at the Marine Corps Recruit Depot in San Diego. They are all together and have the same address: Pfc. 135, 1st Rec. Trng. Bn.; Marine Corps Recruit Depot; San Diego 40, Calif.

### Birth Announcement

Lt. (j.g.) and Mrs. Harold Luke of San Diego, Calif., announced the birth of their first child, a five pound 12 ounce son in that city Tuesday, March 16. Mr. and Mrs. Ben Luke are the paternal grandparents and Mrs. Fred Herr Sr. is the baby's great-grandmother. The maternal grandparents live in LaCanada, Calif. The new arrival is named Timothy Patrick.

### Settled In Germany

Pvt. Donald Muller writes his parents, the Matt Mullers, that he is finally settled in Germany at Goppingen where he is assigned as a stenographer and clerk to a colonel. His complete address is: Pvt. Donald N. Muller, US 54113267; Hq. 28th Inf. Div. C. S. Section; APO 111, c-o P. M., New York, N. Y.

### Changes Address

Gilbert Yosten has a new address and wants his friends to know about it. He's still in Korea but at a different location with a different assignment. Address letters: PFC Gilbert H. Yosten, US 54103287; Co. "C", 2nd Engr. C. Bn.; Second Inf. Div.; APO 238 c-o; New York, N. Y.

### Progressing In Basic

Pvt. Clyde Muller, writing from Fort Bliss, says he's getting along fine in basic and recently enjoyed a visit with some of the Muenster boys stationed there but hasn't located all of them. His address is: Pvt. Clyde Muller, RA 18453914; Btry. D, 9th Trng. Bn.; AAA-RTC (Basic) 4052nd ASU; Fort Bliss, Tex.

## Meat Meals Are OK On St. Joseph's Day

Friday of this week will not be a fish day on Catholic calendars, Father Christopher Paladino announced Tuesday. He said that a letter just received from Bishop Gorman stated that the entire Dallas-Fort Worth diocese has been dispensed from the law of abstinence in commemoration of the feast of Saint Joseph. Since the early days of the community the feast of Saint Joseph is observed as a holy day in the Muenster parish.

## April 21 Set For Rev. Weinzapfel's First Solemn Mass

Father Joseph Weinzapfel will celebrate his first solemn high mass here at 4 p.m. on Wednesday, April 21, and a community dinner in his honor will be served at 6 p.m. in the parish lunch room. The date and time was definitely set Monday in a phone call by J. M. Weinzapfel to his son at San Antonio.

Father Weinzapfel will be ordained on Easter Monday in ceremonies at Sacred Heart Cathedral in Dallas.

At this time, Mrs. Weinzapfel said, it seems likely that the service will be held in the new Sacred Heart Church. Latest reports are that the main altar, pews and confessionals are nearing completion and will be installed in ample time. Though the church still will not be complete, those furnishings will be sufficient for the occasion. Principal items still missing will be two side altars, the communion rail, the pulpit, and the massive crucifix which will dominate the front wall over the main altar.

The Saint Anne's Society has taken charge of preparing and serving the community dinner. Tickets for it will be on sale soon and receipts over expenses will be donated to the new church fund.

## Scouts Get Awards At Court of Honor

Eleven Muenster Boy Scouts received awards at a Court of Honor held Monday night in the K of C Hall.

Eugene Schoech and Gerald Pels attained Star rank, while Billy Joe Dangelmayr, Clifford Pels, Walter Fette and Kenny Fette received Second Class awards.

Tenderfoot badges were presented to Roger Pautler, Jimmy Owen, Herbie Cunningham, Bobby Yosten and Ronnie Kathman.

Father Patrick, scoutmaster, conducted the ceremonies and as each boy received his award he in turn pinned a miniature replica on his mother.

Also a part of the program which began at 8 p.m., was the showing of films made available through the courtesy of F. E. Schmitz. The movies were shown by Albert and Bernard Kubis. The films included one on safety, a travelogue of Utah and two Abbott and Costello comedies. Parents of the Scouts attended the program.

## Chris Muller Opens Radio-TV Service

After an absence of about a year Chris Muller re-opened his radio and TV repair service this week. His shop is located in one of the rooms of the Community Lumber Company Warehouse.

Muller closed his shop last year to accept a job installing radios in airplanes at the Whitcor Corporation near Gainesville and remained with the company until it discontinued business a few months ago. Since then he has worked in the service department of an appliance dealership in Gainesville. During all the time he repaired local radios in his home at night.

Muller will handle all types of electrical repair work... radios, TVs, appliances, and motors.

E. L. Williams, grandfather of Mrs. Kyle Waggoner, is back at his home in Saint Jo after being a patient at Scott and White Hospital in Temple since last November 27.

## City Retains Best Insurance Rate

For the ninth consecutive year Muenster citizens are enjoying the best possible credit on their fire insurance. Earl Fisher of the Weinzapfel Insurance Agency revealed this week that the firm has word from the State Fire Insurance Commissioner advising that the maximum credit of 25 per cent will continue through this year.

The credit means a savings of 25 per cent on every fire insurance premium in Muenster and is actually a reward for good records of the past. It is determined by a five year comparison of fire losses and premiums in the area affected. Because of Muenster's consistently good record its citizens now enjoy a better insurance rate.

In 1940 the city had a 15 per cent credit; 1941 through 1945 it had a 20 per cent credit and since then it has had the 25 per cent credit. There was a time however when the record was much less favorable. In 1927-28 due to heavy losses and inadequate fire fighting equipment the city was considered a poor risk and premiums were penalized 15 per cent.

## Farm Bureau Tries To Get More Space For Wheat Storage

Efforts to overcome a serious shortage in wheat handling and storage facilities were begun Monday night in a meeting of Farm Bureau directors in the community room of the First State Bank of Gainesville.

The next day the bureau's wheat committee, consisting of Tony Walterscheid, Muenster, L. G. Gentle, Era, and R. F. Hassenpflug, Valley View, took up their problem with the Gainesville Chamber of Commerce and received assurance that the organization will make every effort to help change the situation. The group will also meet with major milling companies of this area asking for their help in working out a solution.

The committee reported that available grain storage is very limited now because much of the space is taken up with grain from last year's bumper crop. Unless arrangements are made to provide more space a great deal of this year's crop may be lost.

The group is trying to secure additional handling facilities and 24-hour service during the rush season as well as additional space.

## Tigers Win Third Place in League Meet at Buckner

Considering the small number of events in which they participated, the Sacred Heart Tigers did all right in the Southwest Academic League District 3 track meet at Buckner last Saturday.

The boys won three first places and a third place in the five events they entered, giving their school a total score of 17 and third place in the meet.

Gilbert Knabe took two of the first places, on his 880 yard run and his discus throw for 123.5 feet. William Walterscheid won the other first on his 41.9 shot put. Ernest Bayer took third in the mile run.

An oversight possibly deprived the team of more points. Reminded of the meet about 10 o'clock Saturday morning, Father Christopher hurriedly called together a car full of boys and rushed to Dallas. Had he been there earlier with more contestants his total tally might have been higher, though probably not high enough to beat out Buckner or Lanier.

The Dallas and Fort Worth teams were the hot shots of the meet, and Buckner finally nosed out the Micks 51 to 47. Sacred Heart had 17 points, Catholic High of Texarkana had 14 and Boys Ranch had 8.

Knabe, Walterscheid and Bayer all qualified to compete in the Academic League's state track and field meet, which will be held in Fort Worth on Saturday, March 27.

## Local Schools Name Roundup Candidates

Miss Gretchen Hellman and Miss Edna Hesse will represent Muenster at the annual Circus Roundup in Gainesville this year.

Student groups selected the two girls as queen candidates. In any event they will take part in the coronation ceremonies. The greatest number of votes secured by a contestant will determine the queen. Other contestants will be duchesses in the queen's court.

Miss Hellman is a Sophomore at Muenster High and Miss Hesse is a senior at Sacred Heart High school.

They were among candidates honored Tuesday evening at a dinner in the roof garden of the Turner Hotel. Directors of the Circus Roundup were hosts.

## 1-Act Play Tonight Ends Local Events In District Meet

The District 41-B Interscholastic League literary and athletic meet got under way here this week as tennis matches, started Tuesday and concluding Thursday, will be followed by the one-act play contest Thursday night.

Early Friday the scene of activity shifts from Muenster to Callisburg, the host school of 1954 for the remaining literary events and the softball and volleyball tournaments.

After a week's lull the scene of action shifts again for the final event, which is the track and field meet scheduled for Friday, March 26, on the NTSC field at Denton. Points earned in that will then be added to those earned in all preceding events and the final standings of participating schools will be announced.

Schools entering the meet are Muenster, Saint Jo, Forestburg, Caps Corner, Callisburg, Valley View, Era and Sanger.

Local contestants in the high school junior divisions made a good start Tuesday with three first places, however one will not count because of an oversight in eligibility rules. The limit is 15 years next Sept. 1 rather than the present age. Because of that Jimmy Hellman's clean sweep in boys' singles had to be ruled out. Wins that counted were Dick Cain and Wylie Lewis in doubles and Emma and Helen Fisher in doubles. Competing teams were Muenster, Saint Jo and Callisburg.

However Muenster had no winners in the elementary matches Wednesday. Teams playing then were Muenster, Saint Jo, Callisburg and Forestburg.

The same four schools entered teams in the high school senior matches Thursday. Again Thursday night, at the one act play contest the field includes the same four schools joined by Sanger.

## NEWS OF SICK AND INJURED

Mrs. Felix Becker is recovering normally from surgery performed at Gainesville Sanitarium last Thursday.

J. A. Sanders, field man for Seneca Oil company, broke the middle finger of his right hand Tuesday in an accident on the Linn lease.

Mrs. Al Reiter of Gainesville is recovering from an operation performed at the sanitarium Friday.

Henry Streng received medical care at Gainesville Sanitarium this week.

Charlie Morris of Gainesville, formerly of Muenster, was a patient at Gainesville Sanitarium this week for medical treatment.

Miss Elizabeth Herr and Mr. and Mrs. Alvin Fuhrmann were in Fort Worth Tuesday to join the Herman Youngers in attending the convention of the Texas Telephone Association, an organization of independent phone companies. They attended the closing day of a 3-day program, including talks during the day and a banquet and show at night.

## Buck Owens Dies Suddenly Friday Of Heart Attack

A sudden attack of an old heart ailment was fatal to J. E. (Buck) Owens, 45, here at 11:30 last Friday morning. He slumped over dead in a chair at the Muenster Clinic moments after he arrived, before he had time to receive treatment.

Earlier in the morning he became ill while working on a fence on his farm and came to town with his wife for medical attention.

He had suffered with the ailment for several years but nevertheless continued his farm work and also operated a concession every Saturday at the Muenster Livestock Auction.

Funeral services were held at 2:30 Sunday at the Marysville Baptist Church with Rev. Roy Cooke of Saint Jo officiating and Rev. Lee Morris of Marysville assisting.

Bearers were Calip Cannon, J. M. Shields, T. M. Hammer, Johnnie West, Daryl Wyatt and Linzie Branch.

Burial in the Marysville cemetery consisted of military rites by Muenster VFW members and the final rites of the Masonic Order conducted by brother members of the Fish Creek Lodge. Scott Brothers Funeral Home of Saint Jo was in charge of arrangements. The services were attended by a large crowd of friends from Marysville and Muenster and more distant places.

Born at Marysville on Sept. 9, 1908, Owens lived in the community all his life except the time he spent in the army during World War II, which included duty in Europe. He was a member of the Muenster VFW Post and of the Fish Creek Masonic Lodge. He was married to Miss Lena Adams in Ardmore on Feb. 3, 1935.

Survivors are his wife and a 10 year old son, Billy, and a brother Smyrel, of Dallas.

## OUT OF TOWN RELATIVES ATTEND OWENS FUNERAL

Among out of town relatives at the funeral of J. E. (Buck) Owens Sunday afternoon were Mr. and Mrs. Smyrel Owens and sons, Jerry and Gary, and Mr. and Mrs. W. F. Owens, all of Dallas; Mrs. Lula West of Nocona; Mr. and Mrs. Bud Adams and family and M. L. Smith of Paducah, Ky.; Clarence Adams of Sterling, Colo.; the Vernon Duersons of Turpan, Okla.; and Mrs. R. M. Adams of Seminole, Okla.

Mr. and Mrs. Jack Adams, Davis, Okla., Mrs. Jewel Wheeler and daughter, Janis, and Sid Burrows of Madill, Okla., Mrs. Lee Parkhill of Idalou, the W. F. Smiths of Oklahoma City, Mrs. B. F. Fanning of Byars, Okla., Mr. and Mrs. John Harness and daughter Sandra, the Jeff Formans and sons, Mike and Ronnie, of Dallas, Mr. and Mrs. Bill Grotte and son Pete of Nocona, Mrs. George Watson of Pike City, Okla., and the S. C. Thompsons and Judy, the F. L. Smiths and Lorene of Gladewater.

## Moster, Yosten at Waterworks Classes

Steve Moster, city water superintendent, and Larry Yosten, cheese plant engineer, are currently attending a series of waterworks classes at Bowie. The meetings are part of an extensive program to spread information on maintaining a high standard of purity in water.

Moster said the importance of careful water handling was best emphasized in statistics given in one of the classes. In 1935 U. S. typhoid deaths numbered 700 and in 1950 the number was 7. Up to now 1954 has no recorded typhoid death, he said. Special instructions to water superintendents is given credit for the improved record.

## SCHEDULE OF COMING EVENTS

THURSDAY, Mar. 18, District 1-act play contest, MHS  
FRIDAY, March 19, Literary, softball and volley ball meet at Callisburg.

Turnpike talk in Texas, which is gaining enthusiasm every day, may seem to be very remote to us of Muenster, dealing as it does with the route from Dallas to San Antonio and Houston. But another phase of the subject definitely holds out a very attractive possibility for this area. That's the strong chance of another toll road connecting Dallas and Oklahoma City.

An article in this month's "Nation's Business" is lavish in its praise of the turnpike, saying that it's not only the best yet for driving pleasure and safety but a sound financial venture to boot. Existing pikes have already proved that. Every one that's in use now is well ahead of its payment schedule, proof a plenty that the public is going for it in a big way. This applies in the congested areas up East and it applies also to the comparatively new road between Tulsa and Oklahoma City. There's little room for doubt that the turnpike is the main traffic artery of tomorrow.

One trend mentioned in "Nation's Business" is that every pike seems to help promote its own extension. Popular demand gets so strong that before long somebody is busy stretching the thoroughfare to the next big town. In a few years, they're predicting, there will be few if any gaps in a turnpike drive across the country, north and south or east and west.

The Oklahoma City to Dallas road is already being talked up, months before work is even scheduled to start on the Dallas to San Antonio road. The same applies to a Dallas to Tulsa road. Likewise San Antonio to Houston and Corpus Christi, and Dallas to Fort Worth and Wichita Falls, perhaps even to Lubbock and Amarillo.

Of course no one knows just now what course these routes will take. However, it isn't too far fetched for us at Muenster to do a little wishful thinking on the subject. Most of us can easily imagine, for instance that the proposed road from Oklahoma City will probably drift far enough to the west to make a convenient connection for Fort Worth. For that matter it might reasonably go to Cowtown and connect there with the pike to Big D.

That's where Muenster's possibilities begin to show up. Draw a line on the map from Oklahoma City to Fort Worth and notice how close it comes to Muenster. Could be that we'll wake up some day to learn that we will have a bee-line route to the big towns. Could be also that a toll road will become the long awaited Red River crossing north of here, and Muenster will have its chance to develop business dealings with that fertile Oklahoma area in the bend of the river.

Ideas like this may seem mostly like pipe dreams at this time, still we can be cheered by the fact that possibilities do exist. And should they develop Muenster itself will have fine opportunities. For the turnpikes of tomorrow will be somewhat like the railroads of yesterday. Cities located near them will have the better opportunity to get along, provided, of course, they have the spunk to do something about it.

Whether or not we will be lucky enough to reap direct community benefits from the super highway we will at least share in the over-all benefits to the state. Even the people who don't drive on them will be better off because they will not have to contend with that very considerable volume of through traffic which now clutters the main roads. There'll be less lagging behind heavy loads and slowpokes waiting mile after mile for a chance to pass. There'll be less irritation, less strain, less danger, less lost time.

Of course the real delight is rolling down the toll road itself. There's a reason why the pikes are so tremendously popular in spite of the fact that it costs about a penny a mile to use them. People are convinced they get their money's worth and more. Some claim it is worth the price in actual savings, not considering the elements of time, comfort and safety.

A heavy truck, for instance, (Continued on Page 8)

### Mothers Honored at Annual Banquet of Local FHA Chapter

Forty-three mothers were honored guests of their daughters on Thursday night, March 11, at the annual Mother-Daughter Banquet of the Muenster FHA chapter in the public school lunch room. More than 100 members and guests enjoyed the night club atmosphere of the Skyline Club, theme of this year's party.

An after dinner floor show presented by four guest entertainers from North Texas State College and members of the chapter provided the evening's entertainment.

Night club decoration placed emphasis on a black and white color scheme complemented with floral arrangements of red roses, chapter flower.

Black top hats and canes adorned the tables, covered with white linen cloths. Miniature top hats, filled with nuts and attractive white and black programs with the name of each guest inscribed in block letters marked each plate. Candle light and shaded overhead lighting provided the illumination.

The evening began in the living room of the homemaking department where the girls served cocktails (tomato juice) to their mothers and presented them red month's top individual producer.

### Prescher, Hoedebeck, Fisher Herds Lead DHIA in February

Peter Prescher, Hoedebeck & Myers, and Paul Fisher had the three top producing herds in the Cooke County Dairy Herd Improvement association during February, according to a summary for the month released by Gerald York, county agent, and John Hoffman, technician.

Twenty-five members herds, comprising 670 cows, were tested; 201 produced 40 pounds of butterfat or over while the average pounds of B.F. per cow was 32, and average pounds of milk per cow was 790.

Members with cows producing 40 or more pounds of B.F. include: Alfred Bayer, eight, 40-68; Martin Bayer, ten, 40-54; Paul Fetsch, five, 42-57; C. A. Fisher, three, 41-59; Joe Fisher, five, 40-51; Paul Fisher, twelve, 41-77; J. W. Fleitman, eleven, 40-57; John Knabe, six, 40-78; Toney Nehib, eight, 41-51; Ben Sicking, eight, 40-65; Hoedebeck & Myers, 21, 40-72; Peter Prescher, 18, 43-119.

carnation corsages, then escorted them to the banquet hall.

LaQuita Cain, chapter president, served as toastmistress; Mrs. Henry Pick gave the invocation after the opening ritual; Mildred Fisher extended welcome, and Mrs. Alois Trubenbach responded. Miss Cain introduced guests, advisors, officers and honorary members, and the girls introduced their mothers. Edna Swirczynski gave a report on chapter activities and the benediction.

Entertainment consisted of vocal and piano numbers by Jean Rapp, soloist, and Sandra Fulmer, accompanist; and a skit by Brenda Samelatte and Julia Traeger, all of NTSC, and a saxophone ensemble by Mary Pick, Margaret Milner, LuRena Wolf, Gretchen Hellman, Edna Swirczynski and Earline Walterscheid.

Chapter members prepared the meal. Mrs. Joe Lehnertz and Mrs. Gene Nelson supervised the serving done by FFA chapter boys, assisted by Gene Nelson, Franklin Farmer and Bob Williams.

### Marysville Native Passes at Sanger

Manning E. Wyatt, 77, of Sanger, a native of Marysville and a resident there until 12 years ago, died Sunday at 10:20 in a Denton hospital.

Funeral services were held in the First Baptist Church of Sanger at 2 p.m. Tuesday with the Rev. Ross O. Ward officiating. Burial followed in the Valley View cemetery.

Wyatt was born Oct. 1, 1876 at Marysville and lived there until 12 years ago, when Camp Howze was established. He lived in Gainesville a short time before moving to Sanger.

Survivors are his wife; three sons, Lowell Wyatt of Oklahoma City, Leonard Wyatt of Chicago and Delbert Wyatt of Fort Worth; a daughter, Mrs. Magenta L. Riddle of Dallas; two sisters, Mrs. Inez Ballinger of Pauls Valley, Okla., and Mrs. Grace Ballinger of Sulphur, Okla.; and four brothers, Alden Wyatt of Elgin, Okla., and Floyd, Leonard and John Wyatt, all of Gainesville.

The Pat Hennigans and children returned early Wednesday morning from Albuquerque, N. M., where they visited three days with his parents, the H. P. Hennigans and other relatives. Pat's sister, Sister Mary Martha, was visiting at home for a few days.

The Weldon Hollands were hosts for an all-day reunion in their home Sunday. Forty-eight family members were present.

### OUT OF TOWN RELATIVES ATTEND STELZER FUNERAL

Among out of town relatives at the funeral of Gus Stelzer Friday were the Matt Stelzers, the Julius and Andy Stelzers and their families, all of Post, Aic Maurice Stelzer of Kirtland AFB, N. M., the C. A. Stelzers of Fort Worth, Arnold Stelzer of San Fernando, Calif., Vincent Stelzer of Eugene, Ore., Mr. and Mrs. G. L. Walsh and children of San Antonio, Jim Sharp and Mrs. Frieda Sharp of Tulsa, the Joe Bernauers of Panhandle, Mrs. Violet Kline and Mrs. Katherine Jacobs of Fort Worth, the Leonard Gottlob and Mrs. Eva Gottlob of Azle, Mrs. John Chandler and Mrs. Eddie Hart of Dallas.

Friends attending included Mr. and Mrs. Frank Rose of Post, John Middleton, Dick Morelan, Don Hailey, Charles Curbow, Sam Russell, Willie Jacobs, Paul Kunz, Pvt. B. B. Moorman, Frances Phillips and Joan Klement, all of Denton, classmates of Pat Stelzer at NTSC.

### Soil Conservation Notes

Grasses and legumes for soil protection and improvement are being planted in the Muenster area.

Cooperators of the Upper Elm-Red soil conservation district know the importance of growing deep rooted grasses and legumes for soil improvement and protection from erosion damage and are going forward in installing these conservation practices on their lands.

The legumes also pay off in providing extra grazing at a time when it is badly needed. Second year clover and alfalfa are proving their worth as a grazing plant by providing a lush top growth of high protein forage at this time. Vetch is also making a rapid growth this spring and furnishing greens to many cattle.

H. J. Fuhrman has planted 20 acres of his fields to Madrid sweet clover; Tony Felderhoff has seeded 30 acres of his fields to this clover; J. W. Fleitman has planted 35 acres to Madrid and Joe Vogel has planted 10 acres to Madrid. Clyde Fisher has 20 acres in biennial sweet clover on the farm he operates for Charlie Schmitt, and C. A. Morris of Hood has planted 20 acres of his farm to this legume.

Both Madrid and Biennial White are two-year sweet clovers with strong tap roots. The roots penetrate tough compact plow pans and open them so that water in-soak is much greater following a crop of these plants. Nitrogen in the soil is also increased through the action of root bacteria in nodules on clover roots. This increased moisture intake plus the increase in nitrogen and organic matter content add up an increase in crops that follow on the clover land.

All legume plantings were phosphated to obtain maximum benefits from the clover.

The Danglimayr brothers have just completed the planting of 25 acres of native grass mixture and 15 acres of Side Oats Grama on their north ranch. The mixture included Big and Little Bluestem, Indian grass, and Switch grass. These grasses and Side Oats Grama are native grasses

and make up the best range and meadow grasses in this area.

Grazing will be deferred on the seeded area during the growing season to allow the grasses to become established. Weeds and taller grasses will be mowed to control competition while the grass is becoming established.

So long as you're GREEN you GROW... When you think you're RIPE you begin to GET ROTTEN.

### FIFTY-FIFTY BREAK FOR SMALL BUSINESS

By DeWitt Emery

An amendment to the Taft-Hartley Act, which should be of particular interest to all small business men all over the country, has recently been presented to the Labor Committee of the House.

This amendment, which undoubtedly will be known as the "Small Business Amendment," provides:

When a strike is called and a picket line is set up, all of the pickets must be employees of the company against which the strike is called, and each picket must have his company identification on his person while he is on the picket line—such identification to be shown on request to a police officer, a representative of the Labor Board, or a representative of the company—non-employee pickets and employee pickets who do not have company identification on their person while picketing to be subject to a mandatory fine of \$500 and to imprisonment for not more than six months, or both.

This amendment, of course,

would apply to all companies and while it wouldn't mean much if anything to big companies employing thousands of workers, it would be of the greatest importance to all small companies.

It would prevent the use of professional pickets—goons—and would prevent the union from having twice as many people on the picket line as the company has employees. This happened to many small employers last year. In one case, by actual count, there were 117 pickets, only four of whom were employees of the company. At the time of the strike the company had 57 employees.

This amendment provides a much needed equalizer between big national unions and small employers. The small employer can take care of himself, can fight his own labor battles so long as he has only his own people and their representative to deal with. But in far too many cases, he doesn't have any chance at all when one of the big unions cracks down on him and he is forced to pit his limited resources against the unlimited resources of the union.

This amendment, or something very similar to it, is absolutely essential in order to give small employers the fifty-fifty break they are entitled to in their dealings with labor unions.

I think this amendment is pretty important. I have seen what imported pickets can do to a small company particularly in a small town. I have seen picket lines maintained by outsiders—goons—when more than 90 per cent of the employees of the struck plant wanted to go back to work. I have known such picketing to be kept up month after month until the company was forced into bankruptcy. This doesn't make sense, except that some labor bosses do not want to mess around with small companies. They would rather break the little fellows and help the big companies to get bigger.

It seems to me that every small business man, whether he is a manufacturer, retailer, wholesaler or what have you, should be interested in doing all he can to get Congress to pass this amendment. If a considerable number of these small business men will write to their congressmen and senators, demanding passage of the Small Business Amendment to the Taft-Hartley Act, you may be sure that the amendment will be adopted.

No one has ever been able to find a congressman or senator who wasn't 100 per cent for small business.

## There Are Two Sides to Every Christian

By Reverend Joseph Mantle

**THERE ARE TWO SIDES** to every Christian. One side shows religion at prayer; the other, religion in practice. One is the service of God in the Temple, the other the service of neighbor in town.

We need both but we more easily forget the second. We like a quiet prayerful church, especially at sunset when every stained-glass window blazes like a flower garden. But this is only half of religion—religion under the steeple. The other half is the harder half—religion out among the people. But God made the people. God loves the people. God died for the people. He did not die for any stained-glass window.

Rev. J. Mantle

**YOU WILL FIND PEOPLE** who are very convinced of their love for God, but who never dream of giving any practical help to some of God's children who really need it.

If there is sickness in a home, they never think to drop around to help straighten out the house or stir up a meal. They would never get the idea to maneuver in a tactful and delicate way to send one of the children to summer camp.

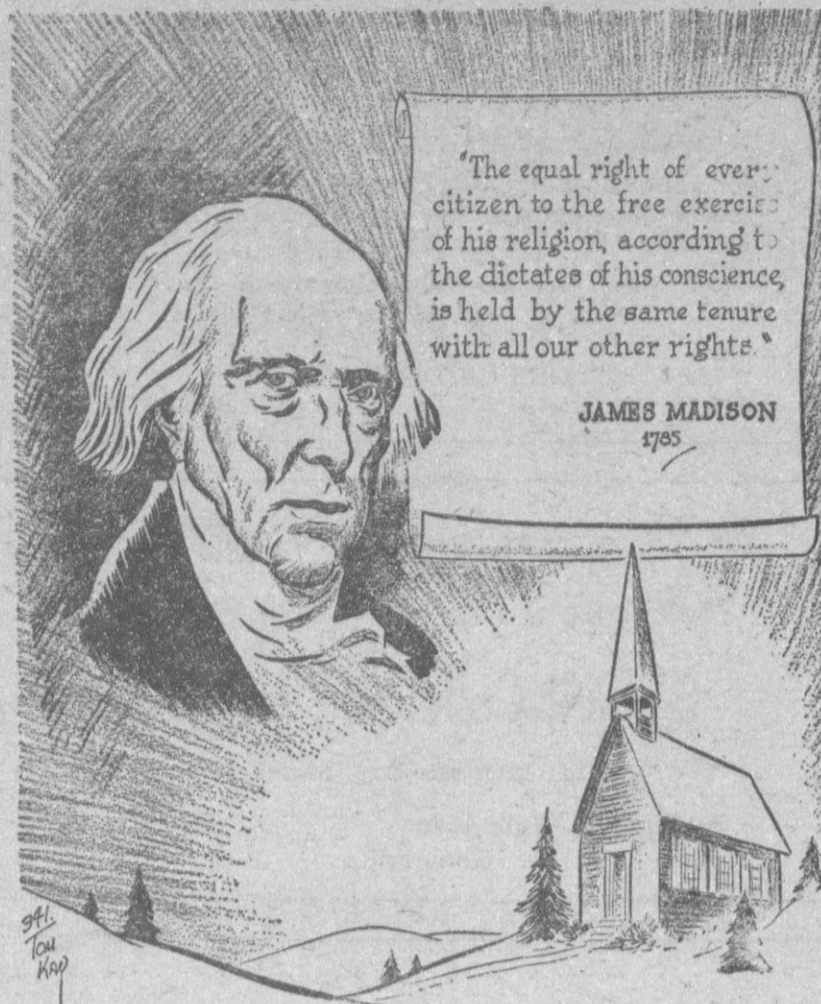

**OUR BLESSED LORD,** Jesus Christ, said, "Whatsoever you do to the least of My brethren, you do to Me." There is the difficulty: to recognize God behind the masks of men. But we have to do it. Because when He appeals to us for help, He will not send a special Star of Bethlehem pointing its finger of fire to the spot where we are to do our bit of good.

Charity for Christ does not need fireworks and a full heavenly choir. No, Our Blessed Lord will always stand in the shadows, and under the guise of some poor creature, even as He hid that Christmas Eve under Mary's ample robe.

**SOMEONE ELSE** always knocks at the door for Him, as at the Inn at Bethlehem. If that door had not slammed and shuddered in His Face, to this day men would have beaten a path to it, the most famous shrine in the world. As it is, it is only the sad symbol of Christ unrecognized, Christ turned away.

**NATURALLY GOD WANTS** us to clasp our hands in prayer. But He also wants us to unclasp them and reach them out to any neighbor in need. Someone has said that God has divided man into men so that they might help one another. The body you help may be anybody's, but the soul you save will be your own.

## Why value-wise buyers are swinging to Ford!

They are finding that Ford brings them everything they might want to meet modern tastes and requirements

You can't buy better! It's the stunning Customline Fordor Sedan.

Ford's the only low-priced car with all these "Worth More" features

#### Recognized leadership in styling

You can pay more but you'll never find a car that's more "at home" wherever you may drive it. For the smart new '54 Ford is as modern as tomorrow with the crisp, commanding lines of today's style leader. And it's just as smart inside! The sparkling new decorator-designed interiors have colorful new upholstery fabrics and harmonizing trim that spell quality wherever you look.

#### Choice of most modern engines

Ford and Ford alone, in the low-price field, offers you a choice of V-8 or Six . . . the brilliant new 130-h.p. Y-block V-8 or the flashing new 115-h.p. I-block Six. Both Ford engines have rigid, extra-deep blocks for smoothest, quietest operation and extra-long life . . . plus

the savings and "GO" of modern, short-stroke, low-friction design.

#### Ball-Joint Front Suspension

For the first time in any low-priced car, you get the smoother riding and easier handling of Ball-Joint Front Suspension—an advance you'd expect to find only in the costliest cars.

#### Choice of 5 power assists . . . including Fordomatic

Only Ford in the low-price field offers power on all four windows . . . a 4-way power seat which adjusts up and down as well as forward and back. Power steering, power brakes and versatile Fordomatic Drive are also available—and they make your fine Ford even more fun to drive.

#### Choice of 28 new models

With fourteen stunning body styles available with either of Ford's new engines, Ford offers the widest selection of models in the entire industry.

#### Top value at resale

Used car prices show that in recent years Ford has consistently returned a higher proportion of its original cost at resale than any other car. And for 1954, with all its advanced new features, Ford is worth even more.

We cordially invite you to Test Drive the 1954

do more work per day... more work per dollar!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading. You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts. You save time on deliveries. With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks. You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy. You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton

models... bigger clutches in light- and heavy-duty models... stronger frames in all models. And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value. Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request thereof, be recovered herein without further citation or notice to any parties herein, and all said parties shall take and order and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 19th day of April, A.D. 1954 (which is the return day of such citation), before the honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day

of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 5th day of March, A.D. 1954.

If this citation is not served within 90 days after its issuance, it shall be returned unserved.

**WHEN YOU FOLLOW THE RED CHAIN FEEDING PROGRAM**

- SAVE MILK RAISING CALVES ON RED CHAIN CALF FEEDS
- MAKE MORE MILK WITH RED CHAIN DAIRY FEEDS

By raising your dairy calves on RED CHAIN Milk-O-Life to save milk and then growing out the heifers on RED CHAIN Calf Developer you have big thrifty heifers. The kind that can consume lots of roughage and make lots of milk. After heifers are bred, feed RED CHAIN Dry-Cow until after freshening. This same feed should be fed to dry cows between lactations. Then they will be in good condition to produce plenty of milk when they freshen.

With RED CHAIN Dairy Feeds available in 16%, 18%, and 24% protein content proper nutritional balance can be obtained no matter what kind of roughage you may have to feed. For good pasture or high quality legume hay the 16% Dairy Feed is most economical. If you have plenty of grains use RED CHAIN 34% PROTEIN DAIRY SUPPLEMENT AS A MIXING BASE FOR A FEED OF ANY DESIRED PROTEIN LEVEL.

## Lindsay News

The Wilfred Bezners have moved into their new home and the Weldon Bezners have moved into the house they vacated.

Mrs. Lena Schmitt visited in Whitesboro in the home of her daughter, Mrs. Charles Tate and family. Little Becky Tate, 6, was a patient in a Fort Worth hospital and her mother stayed there with her.

John Schmitz spent the latter part of last week here with relatives and in Muenster with his daughter and family, the Ray Wildes, returning to Dallas Saturday. His son, Sgt. Johnny Schmitz of Fort Bliss, had a weekend pass and spent it at his father's home.

Mrs. Joe Bezner, recovering from a broken leg sustained in Dallas several weeks ago, is now visiting in the home of her daughter, Mrs. Robert Young, 2911 Clydesdale Drive, after being with another daughter, Mrs. Leo Cutaita, since her injury. Mrs. Bezner says many thanks to all who remembered her with get-well wishes and other kindnesses since her accident.

Viola Flusche spent the weekend in Decatur with her parents, the C. M. Flusches.

Mr. and Mrs. Joe Prescher are new residents in Lindsay, having moved here from Scotland. They built a new home near St. Peter's church. The couple has retired from farm work. Another new resident is Frank Hacker, formerly of Muenster and Valley View. He bought the Al Moosburger house and is building a garage.

The Joe Bezners and children and Miss LaVerna Fuhrmann spent Sunday in Dallas visiting Joe's mother and other relatives.

### LINDSAY CLUBS OBSERVE 4-H WEEK WITH PROGRAM

Lindsay 4-H Club members observed National 4-H Week with an assembly program in St. Peter's parish hall on Thursday, March 11.

The program opened with a hymn and Vera Kuhn served as chairman.

Officers Mary Margaret Hermes and Eugene Block, local club presidents, spoke on 4-H work and 4-H week. Cyril Hermes gave a history of the 4-H movement and Stella Bengfort gave an account of local activity and achievements.

Rachel Voth, spoke on Texas club members' exhibit work and Henry Fleitman explained the meaning of the 4-H emblem and pledge.

Cecil Hermes gave an interesting report on his recent trip to Kansas City, Mo., where he was one of the Texas delegates to the National Poultry Fact Finding conference.

Boys and girls were treated to refreshments of hot dogs and cold drinks by Mrs. Joe Bengfort and Mrs. Ben Hermes, adult leaders.

### Blessed Events

Mr. and Mrs. Paul Luke welcomed their first child, a six pound 12 ounce boy, at 7 p.m. Monday, March 15, at Gainesville Sanitarium. Also welcoming the baby are his grandparents, Mr. and Mrs. Henry Luke, who are grandparents for the first time, and Mr. and Mrs. C. J. Wimmer.

Mr. and Mrs. Robert Bayer are rejoicing over the arrival of their first child, a seven pound 13 ounce boy, born at 3:30 a.m. Monday at Gainesville Sanitarium. The infant's grandparents are Mr. and Mrs. H. J. Fuhrman and Mrs. Joe Bayer; his great-grandparents are Mrs. Joe Walterscheid and John Bayer.

Mr. and Mrs. Gary Hess announced the arrival of their tenth son Tuesday, March 16. The five pound 12 ounce boy was born at the Muenster Clinic at 3:05 a.m. He also has one sister. Mr. and Mrs. John Knabe are the grandparents.

Mr. and Mrs. Gregory Hundt of Lindsay are the parents of a daughter born Tuesday at 10:30 p.m. in Gainesville Sanitarium. They have two other children, a boy and a girl. The baby's grandparents are Messrs. and Mmes. Joe Hundt and Clem Hermes.

### Albert Dulock, 84, Dies at Gainesville

Albert Dulock, Sr., a resident of Cooke county for more than 60 years, passed away at his home in Gainesville Sunday afternoon. He was 84.

Funeral services were held Tuesday morning at 10 o'clock in Saint Mary's church with Rev. Herman Redder officiating and burial followed immediately in the Lindsay cemetery under direction of Vernie Keel Funeral Home.

Bearers were F. E. Schmitz, Fred Hennigan, Ben and Alphonse Luke, Paul Arendt and Walter Pulte.

Mr. Dulock, a retired farmer, was born in Illinois on April 25, 1869, and moved to the Waco area with his parents at the age of six.

Survivors are his wife; four sons, Eddie, Tony and Freddie Dulock, all of Gainesville, and Albert Dulock, Jr., of Fort Worth; five daughters, Mmes. Al Geray, Lawrence Streng and Evelyn Cooke, all of Gainesville, Mrs. Nick Block of Lindsay and Mrs. Henry Krebs of Myra; four half-brothers and three half-sisters.

The Sid Huchtons of Seminole spent several days of the past week here with his mother, Mrs. Katherine Huchton and other relatives. While they were here Mrs. Huchton entertained with a family dinner in their honor at her home.

### Tigerettes to Get Jackets at Dinner

The Sacred Heart High Tigerettes, claimants of the mythical Catholic girls' basketball championship of Texas for 1954, will receive their awards at a banquet concluding their year's activity on May 4. Co-captains Henrietta Mages and Alma Henschel are in charge of the program.

Girls who have been voted lettered jackets are: Carrie Ann Gehrig, Mary McGannon, Henrietta Mages, Alma Henschel, Jo Ann Starke, Marcella Hess, Theresa Mae Felderhoff, Frances Knabe, Alice Koelzer, Edna Mae Hoenig, Edna Hesse, Marilyn Miller, Clara Flusche, Delphine Derichsweiler, Nelda Bayer, La Verna Hess, Patsy Fette, Caroline Hesse, and Georgia Ann Owen. A manager's jacket will be awarded Georgia Ann Hartman. Monograms go to Carol Miller and Della Fette (scorers).

Basketball emblems will be awarded the following reserves: Shirley Hoedebeck, Norma Jean Walterscheid, Ethel Knabe, Imogene Flusche, Charlotte Voth, Joan Hacker, Theresa Haverkamp, Theresa Schad, Hazel Lerner, and Joan Hennigan.

The two Tigerette teams concluded their hoop season with an average of .735. They have a record of .1000 in Catholic competition for three seasons straight.

### Confetti - - -

burns up a lot more gas on the regular route. Steeper grades, stop signs, town traffic and very often highway traffic demand a lot of breaking and shifting, whereas it rolls on and on at a steady clip on the toll road. Savings on gas, wear and tear and driver time add up to a lot more than the toll. The same applies to cars, though to a lesser extent. Expenses are lower when a fellow can breeze along for hours without ever slacking-up for a cross road or stop sign or city traffic . . . without ever lifting a foot off the accelerator. That, considered along with his saving of time makes the toll a bargain to him.

There can be little doubt that the toll road is the answer to today's traffic problem . . . as means of getting people to their destination quickly, safely and cheaply and also as a means of relieving congestion on the other roads, but principally as a solution to the financial problem in road building.

Come to think of it, here's an excellent example of the American free enterprise system doing an essential job that could not be handled any other way. The project is too big to be crowded into state and federal budgets. There's no telling how long we'd have to wait for public money to build those roads. But the American system supplies the answer. We get the roads in a hurry. Private investors get a good earning on their money. We get our money's worth on every mile of use, and when they are paid out the state gets them. A good deal all around.

### EAST EUROPE FEARS NEW STORM OF PERSECUTION

VIENNA — Reports reaching here from Czechoslovakia, Hungary, Poland, and Rumania speak of "deep pessimism" among the people as a result of the failure of the Four-Power Berlin conference.

They fear, the reports say, that the outcome of the Berlin meeting will bring an intensification of the "cold war" which will make it even more difficult for the Church to exercise some spiritual influence.

The present relative calm in the war against religion is feared to be the calm before the storm which, any day, may break loose with greater fury than ever. Some reports say that since early this year plans are in preparation for the "liquidation of the remaining "reactionary" religious leaders and the physical destruction of many Christian middle class families.

This is our "Bring 'em in Special" that you've seen out front of our place with the big tag sign on it. We priced this one so low to draw folks in that we'd really rather not sell it. But if someone had the cash money and just forced us, of course we'd have to part with it.

Fella came in yesterday and asked what was wrong with the tractor. We told him "nothing, except it's priced too cheap" . . . and that's about all, too. We overhauled it and put that special high priced paint on it, and it's really a pretty good tractor. Oh, the right brake isn't too good but that could be fixed.

Come in and see this hot bargain but buy one of the others that we aren't losing quite so much money on.

We've got a '49 Ford with some of the '50 model improvements that's just about perfect for . . .

We're running a little late this week, Folks, so we'll postpone the cleaning stage explanation of our combine for a little while.

Of course, it goes without saying that our adjustable chaffer and sieve working along with our easily controlled fan blast give you the kind of cleaning you need for that real tough stuff like grass seeds, etc. that "etc." is really hard to clean, too.

By the way, we'd like to mention at this time that if you don't intend to pay for your own machine this year by doing your own work when and how you want it done, then we'd appreciate you paying for ours by letting us combine your grain at regular custom rates.

Of course, we may not get to you just at the right time, but, we will be as close as most anybody, and though we won't do as good a job as you would, we will do as good or probably better than anyone else with one of those other kinds of machines.

Say! Has any one got a big old drag plow and a little bit of ground we could plow in with our Big Diesel? We haven't had the old wind sacker out to work and show off in quite a while now. No obligations on anything, we just like to show off good machinery.

Well, you all come.
