Most Important Minutes.

The minutes or hours between the time an emergency arises and expert medical help arrives can be the most critical in your life, or in the lives of those near to you.

Do you know right now, what you would do if —

You burned your hands — or feet or face — so badly that the flesh was charred?

Your baby swallowed a safety pin and began to choke?

Your husband doubled over with pain in his chest, and began gasping for breath?

You found your wife lying at the foot of the stairs, blood seeping from her nose and ears?

Sooner or later — and without warning — some such emergency or health crisis is likely to confront you.

THINK ON THIS AS YOU PONDER YOUR PART IN THE MUENSTER MEMORIAL HOSPITAL DRIVE.

4 Lanes Planned On Highway 82 Near Gainesville

A four lane road on Highway 82 extending 4.7 miles west from Gainesville has just been listed as a project adopted by the State Highway Department.

Announcement of it was made this week in a letter from District Engineer L. B. Dean of Wichita Falls to County Judge Shelby Fletcher.

Dean said that the Highway Commission has authorized proceeding on a cooperative basis with Cooke County for construction of two additional lanes 4.7 miles west from a point near the west city limit of Gainesville. The highway plans to place the work under contract within the next two years.

Organizing Work Taking Shape in Hospital Drive

Preparations for the Muenster Hospital campaign continued at a steady pace this week with selection of additional key personnel and extensive detail work to get ready for the actual solicitation drive.

Directors of the Muenster Hospital Authority meeting Tuesday night with their campaign supervisor, John Monk of Community Service Bureau, named two additional chairmen to serve with General Chairman J. M. Weinzapfel. Alphonse Felderhoff heads the Advance-Memorial Gifts division and Jerome Pagel heads the Business and Industry division.

The meeting also decided on Saturday or Sunday, November 19 or 20 as the date for a kickoff dinner and meeting starting all workers on their jobs of making contacts. The more suitable of those dates will be decided at the next meeting.

Also invited to the kickoff program will be winners of an essay contest currently sponsored by the campaign. All high school students of the area have been invited to participate, writing on the subject "What Muenster Memorial Hospital Will Mean to Our Community." Essays are to be 200 to 300 words.

Each school will select its first, second and third place winners and the essays will be submitted to campaign headquarters to be judged in an overall contest for grand prize. Local winners will receive prizes of \$5, \$3 and \$2. They and their parents will also be guests of the Hospital Authority at the kick-off.

Current detail work at campaign headquarters includes preparation of direct mail releases for all people of the area and also preparation of cards for the campaign solicitors.

NEWS OF THE SICK

Werner Becker Jr. is a shut-in at home on account of glandular fever. Has to spend about a month "doing nothing" the doctor said. So he had to lay off from his job at the NTPA Plant.

Henry Wiesman was dismissed from Gainesville Sanitarium Wednesday after a week of hospitalization following eye surgery... removal of a cataract from his left eye.

Joe Knauf who had eye surgery for removal of a cataract at Gainesville Sanitarium was dismissed Sunday, four days after the operation on his right eye. He'll have to "take it easy" for about a month.

Mark Charles Hellman, 10, son of Mr. and Mrs. Charley Hellman, has recovered from a tonsillectomy performed at Nocona Hospital Saturday and is back in school since Wednesday.

John Ritchey of Marysville was dismissed from Gainesville Sanitarium Friday after four days of treatment and observation and is convalescing at his home.

Karen Coursey started back to school this week and is getting along fine... without crutches... sort of a dream come true. She had hoped to be back in circulation, getting around without the assistance of crutches by the time she was 13 — November 21. She received a broken leg and other injuries in a highway accident the middle of September when she was struck by a car.

Mrs. Arthur Hellman is back in circulation and recovering slowly from a three weeks siege of pneumonia.

Wayne Trubenbach started back to school Monday after two months' absence following injuries received in a scooter-automobile crash.

Gerald Walterscheid is a patient at Gainesville Sanitarium since Saturday following a relapse of illness from which he thought he had recovered. After two weeks at home with pneumonia and a throat ailment he felt well enough to return to work at the NTPA Plant last week Monday. But by Friday he was seriously sick again and his doctor put him in the hospital. He was some better Wednesday this week but his doctor requested no company. Meanwhile he can enjoy cards and they will let him know his friends are thinking of him. He's in room 301 at the Sanitarium.

Young Gerald Mayer of Fort Worth is marking progress in recovering from electrical burns suffered in an accident Oct. 15 but still has much pain and has a long way to go before full recovery. He had skin graft surgery Friday on his third degree burns and is doing better than doctors expected. He will continue as a patient at Harris Hospital for four or five more weeks. His mother, Mrs. Nick Mayer, advises that the cards and other remembrances sent to cheer Gerald have meant much to him and all the family is grateful for the prayers. Nine-year-old Gerald is in Room 363 at Harris Hospital.

Parish Drive for Old Clothes set November 15 to 17

Muenster's annual Thanksgiving clothing drive is slated for November 15, 16 and 17, according to Mrs. Joe Swirczynski, mission chairman, who issues a reminder this week to community residents to get their contributions together.

At the present time no clothing depot to deposit the articles and to sort and pack them is definite. However, this detail will be under control for an announcement well before the opening day of the drive, the chairman said, and meanwhile she asks that clothing be gathered together and made ready to bring to the collection depot when that designation is announced.

This drive, as in previous years, is for the Holy Father's Storerooms. Thanksgiving donations in America bring Christmas cheer to the unfortunate in foreign lands.

Tigers Look for Even Break with Greenville Team

With their last game coming up the Sacred Heart Tigers and Coaches George Petrus and Adam Wolf still have ideas of breaking into the win column. Undaunted by a dismal season, they will take on Greenhill Friday confident of breaking their long jinx. The game will be played in Dallas, starting at 4 p.m.

Their hopes are founded on a scant bit of information revealing that Greenhill apparently is not any stronger than the Tigers. It's both a novelty and a comfort to the boys to feel that they are going into the game as equals, and they're taking it as an inspiration to come out in front.

Reports reaching here are that Greenhill's losses to Jesuit B and Laneri were as one sided as Sacred Heart's.

The Tigers are also ready physically. They'll feel the loss of Ted Miller who's out with a fractured wrist bone and perhaps also Charles Knabe who has been nursing a bruised shin. But all others are in top condition.

John E. Tompkins Of Ringgold Dies

John Erwin Tompkins, 73, of Ringgold, father of former Muenster resident Keith Tompkins, died Tuesday morning in Nocona Hospital a week after suffering his first heart attack. He subsequently had four more attacks.

Funeral services were held Thursday morning at 10 o'clock at First Christian Church in Ringgold, the Rev. M. E. Frank officiating.

John Tompkins was employed by the Katy Railroad for 48 years, retiring last June. At retirement he was dual agent for Katy and Rock Island Lines in Ringgold. He was a native of Collins County.

Survivors include his widow, two sons, three daughters, seven sisters, seven brothers and a number of grandchildren.

Mr. and Mrs. Keith Tompkins and children of Arlington attended the funeral. During the week the couple had been at his father's bedside several times.

Hornets, Wildcats Present Clash of Speed and Power

The toughest game of the season awaits the Muenster High Hornets in their homecoming feature here Friday night with the Callisburg Wildcats.

That's because two big factors will be bearing down on his boys, says coach Bob Gay. First of all the Wildcats are the huskiest, and possibly the strongest in the district this year. Next reason is that injuries and illness are hitting the Hornets for the first time.

Indications Wednesday were that Larry Wimmer, the old reliable Hornet work-horse, will be severely handicapped by a hip injury sustained at Saint Jo last week. He'll be on limited service at best, says Gay. Besides, several of the boys have been slowed down by colds and flu.

Currently Callisburg is tied with Era for the conference lead, both having three wins and facing two more games. Muenster has three wins and one loss and will be fighting Friday for the second place position... or possibly even a share of the title if the leaders get bumped off. The Hornets hope to even the score with the Wildcats this week. After that they'll just wait to see what happens. Muenster's season ends this week. Era plays Saint Jo this week and Callisburg next week.

As the teams come together it will be a clash of the heaviest and the lightest in District 12-B. That fact, says Coach Gay, will about determine the kind of play to be expected. Callisburg will grind out yardage mostly by brute force. It has a pair of 200 pound backs plus a pair of lightweight speedsters who need watching. Muenster will depend on speed, favoring passes and sweeping runs.

Comparative records so far show the teams as about evenly matched. Both have wins over S&S, Valley View and Saint Jo. Scores were comparable against the first two opponents. Muenster had the more decisive win at Saint Jo.

Ravens of Laneri Crush Tigers 40-6 At Homecoming

Reaching for out of their class in a tussle with Laneri's Ravens last Saturday, Coach George Petrus and his Sacred Heart Tigers assumed they did not have a chance, so they were not badly shaken by a 40-6 loss. On the other hand they got lots of satisfaction from scoring on their toughest opposition for their second touchdown of the season.

The tally came less than a minute before the end of the game as Fuhrmann heaved some 30 yards to Anthony Knabe who was in the clear and went the rest of the way. Total gain on it was 49 yards.

That was the only feature of the game to brighten the Sacred Heart homecoming. Laneri took charge of the situation at the opening kickoff and kept it under complete control for the full game.

The first counter came as a payoff for a 53 yard drive in just seven plays. Aguilera, the (Continued on page 4)

Progress Group Pushes for Signs And New FM Road

Projects to push a pavement extension on Highway 373 south of town and to have more Muenster signs erected on Highway 82 were adopted Tuesday night in a meeting of the Community Progress Association.

Members decided that an extension of FM Road 373 to an intersection with the new Era-Rosston road would be a big asset to Muenster and also to many people in the south part of the county. The road would be about 5 miles long and would provide a greatly improved connection between Muenster and communities to the south. The association's proposal is to be presented to county commissioners at an early date.

The matter of signs on Highway 82 was brought up by members who observed that Muenster is not receiving its fair share of plugs along the road. The group will ask highway officials for a few more signs indicating the number of miles to this town.

Discussion of a community brochure, originally planned for the meeting, was postponed when a technical adviser failed to show up.

Steve Moster and Jerome Pagel were named program co-chairmen until further notice. A motion to change regular meeting date to the last Wednesday of the month was tabled for a vote at the next meeting.

Plans Shaping up For Homecoming At Muenster High

Activity is buzzing at Muenster High in preparation for the annual homecoming program and workers have only the final touches to add before welcoming the homecoming crowd Friday night.

The sixth annual event will be highlighted by the Hornets' game with Callisburg, coronation of the 1960 homecoming queen, a get-together of ex-students and a dinner-dance. The coronation ceremony will take place at half time. Other homecoming attractions will follow the game.

As in previous years, the queen's identity will not be revealed until the crowning ceremony takes place, but one of these will wear the crown: Jeanette Walterscheid, Martha Sue Meurer, Linda Fuller and Pamela Russell.

Inspired Hornets Humble Panthers In 30-12 Classic

An inspired squad of Muenster High Hornets soundly outplayed their ancient rivals, the Saint Jo Panthers, last Friday night and came out of the fray with an impressive 30-12 win. In view of the decisive margin the game rates as a major district upset... it had previously been considered a toss-up.

Starting with the opening kickoff Coach Bob Gay's boys started putting the pressure on their hosts and they did not relax it until the final whistle. There were times when the Hornets were held in insufficient yardage to keep going, but not once when they were thrown for a loss. Saint Jo, on the other hand, was set back frequently.

That difference was all important when the teams got within scoring distance. The Hornets usually finished the job, the Panthers did it only once.

Muenster started its first drive with the opening kickoff. Wimmer returned 20 yards to the 30 and a relentless drive of 20 plays produced the first touchdown. Actually the earned distance was 90 yards. Four 5-yard penalties were overcome along the way. On the second series there were two in a row, requiring 20 yards of gain for a first down. Finally Harris crashed over from the 1 but the score was nullified and the play penalized. (Continued on Page 4)

Strong Turnout Expected Here for Election Tuesday

One of the biggest elections ever in this community is likely next Tuesday as local people flock to the polls to take part in the presidential election.

That estimate is not based on any great show of interest in either candidate but rather on local custom to turn out strong for the big contest.

So election personnel will have a big job cut out for them when they open the two polling boxes here at 8 o'clock. They'll have long tedious hours over the tally books and oversize ballot sheets before turning in their reports.

Presiding judges here will be Joe Luke in the north box and Paul Fisher in the south box.

BOTH VOTING BOXES CHANGE LOCATION

Locations of both voting boxes are changed for this election. North box will be in the building beside the city hall, the former bakery and gift shop location. It was moved from the public school in order to avoid conflict with the regular school schedule.

The south box will be in the small building at the entrance of the city park instead of the grain elevator on South Main just below the railroad tracks. That's on the way to the swimming pool, two blocks west and one block north of the former poll location.

Concerning opening time, Joe Luke stated that local boxes open at 8, and reminded people not to be confused by reports that polls in many places open an hour earlier. He quoted a state law which provides that polls in counties of under 100,000 population are open from 8 to 7. That includes Cooke County. The hours are 7 to 7 only in counties of over 100,000.

Clerks assisting in the two local polls, as appointed by the county commissioners court, are Leo Henschel, Mrs. Joe Luke and Mrs. Al Walterscheid in the north box; and Felix Becker and Clem Hofbauer in the south box. Additional personnel, if needed, are to be named by the presiding judges.

WHERE STATISTICS DELUDE

A good many people in current discussions over the pros and cons of economic growth seem disposed to play down our achievements and to play up those of Russia.

That's easy to do if statistics alone are used without explanation and elaboration. But it's a case where statistics, even though they don't lie, do delude.

Vance Packard makes this

plain in his new book, "The Waste Makers". He points out that "Russia's rate of economic growth . . . is less remarkable than that of Mexico, Japan or West Germany. Compared with that of the United States, its percentage of annual growth of output seems impossibly simple because it is starting from a lower base and because it is an underdeveloped country trying to catch up with an overdeveloped one. Economist W. Allen Wallis, special assistant to the President observed in 1960, 'Even if Russian growth rates continue higher than ours, the absolute gap between us will continue to increase for some time to come. There is no possibility that the Russian econ-

omy will overtake ours at any time in the visible future—certainly not in this century.'"
 In most fields of production, Russia is building from a base which we passed 30, 40 or 50 years ago. Under these circumstances, mere percentage growth figures are almost meaningless. There's nothing to justify selling the U. S. short.

SENSELESS MESS

When the United Nations was established on our shores the people of America lost another freedom. We lost the freedom to exclude from our shores those who would destroy us.

The United Nations has provided a stage for our enemies to abuse, and ridicule us. It provides a masterful propaganda medium whereby unscrupulous men can stand on our own soil and condemn us before the world.

The United Nations also provides a cover up for spies to operate under its protection, and we can do little about it. This is absurd.

It has been absurd from the very beginning to have the United Nations located in one of the leading nations of the world. . . and one of the largest cities in the world.

Serious consideration should be given to moving the United Nations from our shores. Or, if we're to be mixed up constantly in the ONE WORLD cheap political conflict, we might be wise to consider getting out of the crazy, silly, senseless mess altogether.

WHAT AMERICANS GRIPE ABOUT MOST

Addison (N. Y.) Advertiser: "What probably gripes most Americans most is the fact the Russians capture one of our men spying over the Soviet Union, and they make a world spectacle out of his trial. We capture scores of Soviet agents operating in the U. S. A., and most of them are simply sent back to Russia without fanfare. Certainly we cannot afford the propaganda value of letting the rest of the world know America has been preyed upon by a whole swarm of spies for many years.

"It is high time our State Department stopped hushing up the activities of these red agents, and began telling the facts abroad so other countries in the world will know the United States has to practice counter-espionage, if the free world is to stay free."

DO-IT-YOURSELF JOB

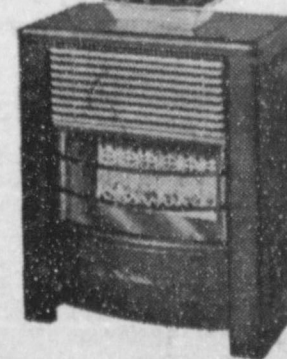

In seeking to alert Americans to the accelerating pace of Communist world conquest, Editor Robert Welch of "American Opinion" says: "From the rape of the Baltic States in 1939 (with the help of Hitler) to the conquest of Cuba (with the help of the US State Dept.) the International Soviet has expanded only by using the diplomatic, economic and/or military power of professedly anti-Communist governments."

That "burying" Khrush promises us may be a do-it-yourself job.

BE A MEMORY EXPERT

The stump-speaking candidate, reaching the climax of his oration, roared: "And now, friends, I want to tax your memory."

"Oh my gosh," one of his listeners moaned. "Are they going to put a tax on that, too?"

This man didn't know, but in a sense government has been taxing memories for many years. At least many tax plans seem to be based on the belief that the public's memory is exceedingly short.

For instance, it's a familiar trick to overcome opposition to a particular tax proposal with the promise that the tax is only a temporary measure, scheduled to expire on a specified date. But by the time that deadline draws near, the promise has faded from people's memories. And so the "temporary" tax is quietly renewed.

The result is that today the phrase "temporary tax" has replaced Methuselah as a symbol of longevity.

This leads up to a reminder that October 1 marked the first anniversary of the temporary one cent per gallon increase in the federal gasoline tax. This temporary tax,

which brought the federal rate up to four cents per gallon, is supposed to terminate on June 30, 1961.

But there may be a move afoot right now to keep the tax on the books, counting on the public's notoriously short memory to have lost all track of that June 30 expiration date.

For their own protection, America's motorists ought to start acting like memory experts right up to the time of the scheduled expiration date of this temporary levy next June.

If the public does remember—and remind Congress—about the promised demise of that added expensive penny, we'll see some history made—with the on-time termination of the temporary tax and the long overdue reversal of the trend toward overtaxation of the nation's motorists.

SO YOU WANT SECURITY!

By Genevieve Blatt, Pennsylvania Secretary of Internal Affairs

Young men and women looking for jobs today are not interested only in salary or in "white collar" jobs. What they all want to know is whether or not they will get automatic promotions, what fringe benefits they can expect, and how much security they will have.

If they are planning marriage, income and even prestige mean relatively little to today's young people. Rather they seek a regular income with insurance benefits to protect them against accidents, illness or any other emergency. They want a college education for their children guaranteed.

Blatt

THE DESIRE for security is perfectly normal and natural, just as the desire for happiness. But to expect security is an unhealthy perversion of a normal and natural desire. The security cult is an unwholesome one and has all too many devotees.

Don't expect security in this world, any more than you expect continuous happiness. Security, like complete happiness, is something you can have only with God in Heaven.

YOU ASK: "What's wrong with a secure job? Why shouldn't we demand automatic raises? Is it wrong to insist on being sure of two cars in every family garage and scholarship money for the kids?"

I ANSWER: "Go ahead. Want these things. But never really expect them. And never forget that, in the long run, they don't really count. Even if you get them they will not fully satisfy you."

What does Christ have to say about this?

HE PROMISED peace and life everlasting to those who followed Him. But never did He promise security in this world even to the holiest and best of his disciples. Search the Gospels from beginning to end. You will never find a single instance in which our Lord guaranteed security for even the most heroic Christian behavior.

If the word of the Master is not enough for us, what does our own reason and experience tell us about it? Have you ever known a completely secure person? Even if it were possible, a completely secure life would be intolerably boring.

PUT YOUR trust in God. Live so that you may truly be secure some day with Him in Heaven. Don't look for security here. Look instead for your mission in life. Ask God to make it clear to you, and to give you the strength to be faithful to it. Do your job. Trust in God.

God strengthens those people who take up their cross and follow Him. They have found true security, security in God. It is not the security which this world prizes, but it is the only security that really counts—the eternal kind that lasts for always.

May God help us all to find it!

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself . . . and you

On September 29, Ford Dealers set an industry trend—were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford soon.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00*) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically for the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

Patsy Endres Is Crowned; Reigns At Homecoming

Patsy Endres, Sacred Heart High junior, was crowned Homecoming Queen at Sacred Heart to highlight the 1960 homecoming celebration Saturday night.

Also presented to the homecoming crowd were princesses of the royal court, Jeanette Muller, senior; Joan Hundt, sophomore; and Rita Noggler, freshman, and the queen's train bearers tiny Peggy Endres, Ann Noggler, Barbara Knabe and Shirley Becker.

Co-captain Tony Knabe placed the crown of ruby sequins and irridescent upon the head of the 1960 queen and Princess Joan presented her with a bouquet of white mums.

The coronation ceremony kicked off the annual homecoming festivities. It took place on the Tiger field before the Tigers went into battle with the Laneri Ravens of Fort Worth. Even the one-sided score with the Tigers on the short end couldn't dull the glitter of homecoming festivities. After the game there was a dance in the Parish Hall to wind up the homecoming program.

Queen Patsy of the House of Endres reigned — beautifully — over the game and dance. She is the pretty, vivacious daughter of Mr. and Mrs. Paul Endres, a brown-eyed golden blonde. She wore a floor length formal of white tulle and net over taffeta, the voluminous skirt a cascade of tiny tulle ruffles and the royal cape and train of brocade satin.

In the race for homecoming queen, Jeanette Muller was runner-up and maid of honor carrying the queen's crown as the royal party entered the field. She wore a light blue ballerina length formal of net over taffeta, the skirt featuring three tiers of ruffles. Co-captain Teddy Miller was her escort.

Princess Rita was in a white ballerina length formal of silver-sprinkled net over taffeta with a matching bolero jacket. She carried the football for the game, presenting it to the queen who, in turn handed it to Co-captain Knabe. Her escort was Claude Bayer, co-captain.

Princess Joan wore a full-length formal of white chiffon over taffeta with a wide cummerbund and laced jacket with three-quarter length sleeves. She was escorted by Charles Knabe.

Princesses wore white mum corsages and so did the cheer leaders of the pep squad. They led the cheering section in spirited yells and the red and white garbed squad presented a pretty picture as they went through some intricate routines.

NOTES FROM CITY LIBRARY

A new book, copyright 1960 "With Love and Laughter" has just arrived as an addition to City Library. Written by Sister Maryanna, O. P., it is the reflections of a Dominican nun.

"With Love and Laughter" reflects a rainbow of memories in the life of an average American girl who became a Dominican — the story of Sister Maryanna, who left behind a family, home, and a possible career to discover an unusual Mother, several hundred Sisters, over a thousand children to call her own — and the amusing avocation of writing.

In the 213 page volume Sister Maryanna gives her reader glimpses, sometimes reverent, sometimes humorous, of her rewarding years in religion; convent life, summer school, her teaching, writing, and travels throughout the United States. She recalls with delight such amusing episodes as the chaos that dogged her students' Christmas pageants, and, with vivid and thoughtful descriptions, the places and people she encountered on her religious and literary pilgrimage to Europe.

Throughout the narrative are scattered intriguing thumbnail sketches of notable persons such as Pius XII and T. S. Eliot, whose lives touched hers.

In her own words, Sister Maryanna's book is her "love letter to the world . . . the reflections of one Sister looking back gratefully over her years in religion with love and laughter."

Get-Together Club Postpones Meeting

Change of date was announced this week for the November meeting of the Get-Together Club which was rescheduled from the first Wednesday to the second Wednesday so as not to conflict with other activity on November 2.

Mrs. C. M. Walterscheid will be hostess for the meeting on November 9, entertaining in the home of her daughter, Mrs. James Mollenkopf.

Charter Received By SH Civics Club

Sacred Heart School Civics Club this week received its official charter from the Commission of American Citizenship in Washington, D. C.

The charter formally recognizes affiliation of the local unit with the National Organization at the Catholic University of America.

Students of the eighth grade comprise the club membership. Officers are Ricky Endres, president; Jerry Taylor, vice president; Rita Trubebach, recording secretary; and Tommy Swirczynski, sergeant at arms.

Sacred Heart Civics Club is one of thousands of Catholic civic clubs in the United States for the express purpose of developing informed and responsible young citizens.

This year's program will center on the theme "Your Citizenship — Know it, cherish it, live it."

Club members will get help in developing this theme from the Young Catholic Messenger national weekly for students of upper elementary grades. Monthly articles in the periodical will point up the fundamentals of good citizenship and suggest practical projects for club members.

Forty-five eighth grade students are enrolled in the club. Sister Carmelita is their teacher.

Copper can be cleaned easily and economically if it is rubbed with a half-lemon dipped in salt then rinsed in hot water and polished with a soft cloth.

Costume Contest Highlights Festivity At Halloween Fete

Ghosts and goblins had their day and story book characters came to life here Sunday at the annual Halloween Carnival sponsored by Sacred Heart grade school roommothers in the Parish Hall.

A costume parade was one of the highlights of the program. Some 80 youngsters appeared on the stage for this event while grownups and children, making up a full hall, watched and applauded.

Judges had a difficult time deciding on winners — there were so many cute and pretty and spooky characters. Mrs. Lou Wolf and Mrs. Kenneth Selby had the task of selection and announced the following winners:

In the youngest group of primary and pre-school children the top award went to Donna Kay Endres, daughter of Mr. and Mrs. Donald Endres, who wore a gay nineties costume.

Karen Vogel, daughter of Mr. and Mrs. Joe Vogel, won in the next group impersonating a tacky old lady . . . costume and acting were outstanding. In the next group, two tied for honors, Doris Trubebach as a fairy princess and Mary Jane Swirczynski as a Chinaman. They are daughters of the Joe Trubebachs and Bernard Swirczynskis.

In another group of dress-ups, Elaine Otto, daughter of the Earle Ottos, was the stand-out in a gay nineties calico dress and a hat with a veil from that era. And in the final division for sixth graders and up, Gloria Reiter won the award as Little Red Riding Hood.

Mrs. Gene Schmitz, Mrs. Johnny Rohmer and Mrs. Joe H. Walterscheid were in charge of the contest.

The carnival from start to finish was loads of fun and food and games and the kids had a thrilling time visiting the Spook House. Grownups seemingly had a big time too and all attractions were jam-packed for the afternoon and night party.

Introducing Hans and Hilda

Watch for the true life story of Hans and Hilda

Hornets Win - - -

Muenster's fumble on the next play gave Saint Jo another chance, and again the Hornet defense was equal to the job. Four tries gained 7 and Muenster took possession on the 14. As the half ended the Hornets were on the move. Starting the next half Berry returned the kickoff to mid-field but a clipping penalty moved the ball back to the 25. Next play Saint Jo fumbled and Muenster had possession on the 18. A pass to Fette plus free yardage on a penalty went to the 5. Three plays later Wiesman made the last yard to pay dirt. Again the Panthers made a strong come-back only to have their drive fizzle. A pass to Pembroke gained 29. Brown made 13 and Berry 11 to reach the Hornet 19. The next four tries lost 16 and the Hornets claimed possession on the 35. For the rest of the period neither team made much progress but early in the fourth a Panther fumble on its 34 provided the spark to get Muenster started again. A penalty helped the Hornets reach the 20 but another penalty stretched the yardage needed in the next series. They made it, however, and passes to Mark Hellman for 3 and 6 gave the fourth TD. An interception moments later set up the Hornets for another score. Wiesman nabbed it on the Panther 32. Seven plays reached the 5. Wolf gained 1. A delay drew a 5 yard penalty. And a double hand-off, Hellman to Wiesman to Wolf made the 9 big steps. With about 2 minutes left the Panthers moved fast for their next TD. Dennis, shifted from line to backfield, took a pass and almost got away. The play was good for 43 before being stopped on the 12. Two more plays gained 6 and a pass to Welch was good for the score.

Milk Drink Made At 4-H Club Meet

"Let's Have a Milk Drink" was the theme of the November meeting for Intermediate 4-H Club girls at Sacred Heart School Wednesday and Jane Hess and Margaret Ann Lawson gave the demonstration. Miss Evelyn Trietsch, assistant agent, told the group about the annual Dairy Foods Show, scheduled for January, and discussed Achievement Day with them. This is the next event on the calendar but no definite date has been set. Debbie Fette, president, presided and Angeline Hess, reporter, counted 39 members present. Meeting adjourned after songs led by Judy Dangelmayr and Candy Fette.

Tigers Lose - - -

bruising fullback made the last yard and Tallas followed over for extra points. Laneri's next push was interrupted by interceptions and fumbles but still moved gradually up the field. Actually an interception by the Tigers set up the next touchdown. It was a long heave from the 37 stolen by Sacred Heart on the 7 and lost by a fumble on the 6. Aguilera went over from there. Again, shortly before the half ended, the Ravens were sparked by a recovered Tiger fumble. Three plays gained 10 and Aguilera plowed through for the last 13. Starting the third quarter Laneri put in its reserves and the Tigers made a better showing. The period went scoreless but near the end Sacred Heart was threatening. Laneri regulars went in and promptly took over. Moments later Coffey passed to Berry for 46 yards and a touchdown. Three plays after that the visitors scored again. Tigers fumbled their second try after kickoff and the Coffey-Berry combination worked again, Berry reaching far out for a one-hand catch. The play was good for 22 yards and the TD. Coffey's run added 2 points. With just over 4 minutes to go the teams exchanged a pair of kicks before the Fuhrmann to Knabe pass put Sacred Heart on the scoreboard. Remaining seconds of the game allowed time for only a kickoff. Coach Petrus sent in his reserves for that one play. At the same time Laneri recalled reserves to give the starters one more chance. The result was what might have been expected. Tallas returned the kickoff 85 yards for a TD.

Hunters Get Deer And Wild Turkey Despite 14" Snow

Cimmeron, N. M., got a return visit this year from a group of deer hunters who made their first trip there in 1954. This time they had good luck again and lockers or deep-freezers are holding venison and wild turkeys.

Included in the group of 11 were Richard and Walter Grewing, Al Felderhoff and Urban Endres from here. Other were from Gainesville, Sanger, Dallas and Borger.

This season's hunt was the roughest of all, they said. They had to brave 14 inches of snow and 24 degree temperature to make their kills but everyone got a buck and wild turkeys. This is the same place the group has been having as hunting headquarters for six years.

SH Tigerettes to Play Lindsay in Basketball Opener

Basketball practice on the Sacred Heart girls' team got into full swing this week as a crowd of eager youngsters started serious work. They will have their first test next Monday night playing A and B squads of Lindsay in a double header on the local court.

Looking over his prospects Coach Adam Wolf expects a good season. Helen Hacker is the only girl lost from last year's starting lineup. That means that the Tigerettes have five regulars back on the job, practically ready to carry on from where they stopped last year. Besides they have a good list of reserves.

Returning regulars from last year are Joyce Hacker, Betty Ann Dangelmayr, Della Hartman, Charlene Otto, and Karen Endres.

The season schedule is not complete at this time.

Forestburg Party Fetes Old Timers

Always an interesting party is the annual get-together of senior citizens of Montague County and this year's event was as fun packed as ever.

It was held in the home of Mr. and Mrs. W. T. Reynolds at Forestburg with Mrs. Reynolds as hostess for the seventh straight year. She entertained with an old-timers party when the couple moved into their new home seven years ago.

The first party just happened to be at Halloween time and so successive parties have been around the same time each year with decorations carrying out the Halloween theme.

Guests were greeted by the hostess, made up as a witch, meeting them on the lawn beside a huge jack-o-lantern. In the background all kinds of ghosts and goblins peeked from the shrubbery and trees.

Mostly the guests "just visited" some of them not having seen each other since last

year's party. But there were games and guessing contests, too.

Emphasis was placed on the oldest guests in attendance. Prizes were awarded to Mr. and Mrs. Eli Steadham of Saint Jo, oldest couple present: He is 88 and she is 86. Mrs. S. E. (Ellen) Orrell, 91, was the oldest lady present and "Uncle" Pete Kuykendall, 93, of Forestburg was the oldest man present.

Mrs. M. A. Gammill of Saint Jo, better known as Texas

Pearl, won a prize for being the champion cotton picker in her day. She related that when she was 13 she picked 536 pounds in a single day.

Only sad note to mar the otherwise joyful occasion was the death of Mrs. Tinnie Orrell, 92, who passed away the morning of the party. She had never missed a party since the annual events started. Mrs. Della Gardner of Forestburg is now the only one who has never missed a party although several have missed only one.

Halloween Party Fetes BTU Group

Members of the Junior Training Union of First Baptist Church were guests for a Halloween party Saturday night with Mrs. Aubrey Tuggle, teacher, and Mrs. Joe Russell sponsor, as hostesses in the Education Building. The party site was decorated in the Halloween theme.

After the group gathered, the boys and girls teamed up on sides for a treasure hunt

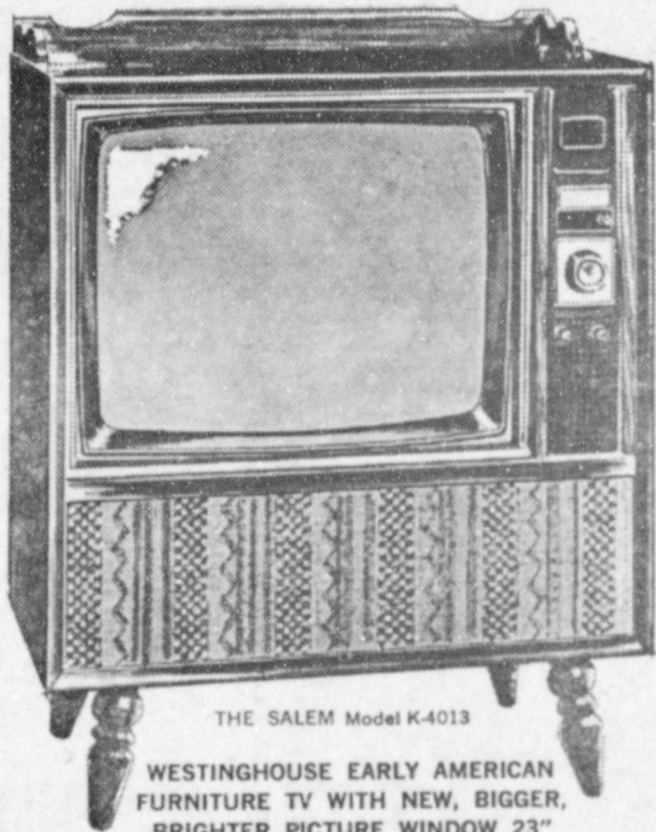

from 7 to 8 o'clock, the girls coming in first for the prize and reporting how kind and helpful everyone was in supplying the items on the list of things to gather up.

Then there were games, including the traditional ones, like bobbing for apples, and then refreshments of pop corn balls, decorated cup cakes and cold drinks for the group of ten young people and the hostesses.

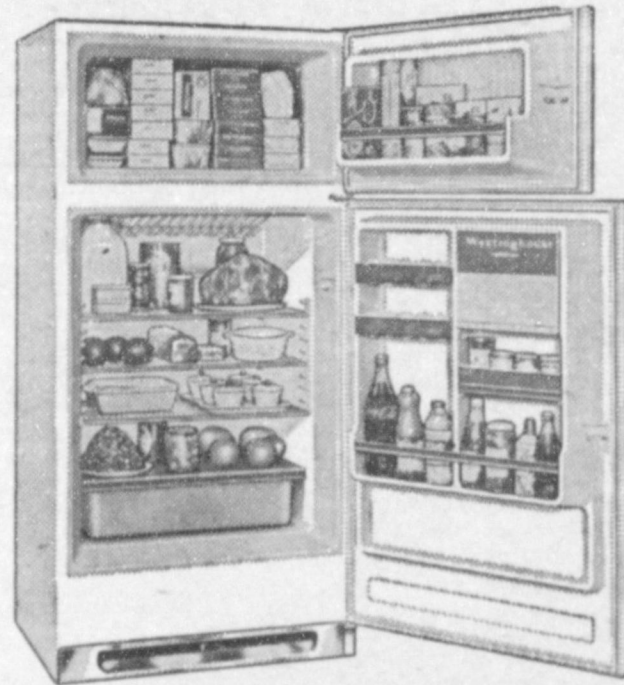

The real essence of work is concentration.

Crack-Down on Illegal Passing Of School Busses

The Texas Department of Public Safety announced an intensified enforcement program against motorists who illegally pass a school bus stopped to take on or discharge children.

Major Guy Smith, Commander of the northeast Texas Region of the DPS, warned motorists that patrolmen would issue arrest citations for this violation.

"The law is very clear as to a driver's responsibility," Smith said. "It requires the driver of any vehicle, upon meeting or overtaking from either direction, any school bus which has stopped on the highway for the purpose of receiving or discharging any school children, to stop the vehicle immediately before passing the school bus. After stopping, the driver may then proceed past the bus at a speed which is prudent and not in excess of 10 miles per hour. Even then the driver must use due caution for the safety of the children." The statutory fine, as prescribed by law violation of this act, is one dollar to two hundred dollars, plus cost of court.

"During the first six months of this year, Texas had six children killed and 107 injured in accidents involving school buses," stated the Major. "This is tragic and useless. School buses are plainly marked and motorists know that they carry only one cargo."

Three-fourths of the earth's surface is water and one-fourth island. It's clear the Good Lord intended a man should spend three times as much time fishing as he does mowing the lawn.

Texas has been the home of many great and courageous men. A few words describing their feats often can imply the magnitude of their character.

Such are the words on a marker on the highway southwest of Llano, in Central Texas, which reads: "Enchanted Rock. From its summit, in the fall of 1841, Captain John C. Hays, while surrounded by Comanche Indians who cut him off from his ranging company, repulsed the whole band and inflicted upon them such heavy losses that they fled."

Red fluorescent tape applied to car keys and flashlights makes them easy to locate.

Readin', Writin' And Homework

Among parents, teachers, and school executives, there are many arguments for and against parents helping with homework.

Educators feel that if you wish to help, you can, but not by doing the work, says successful Farming magazine. Let your child know that homework is his job, but if he wants a lift occasionally, you're willing to give it.

Teachers say that you can help your first or second grader with his reading, but you shouldn't try to teach your child to read or push him ahead of his group. The

child is likely to be confused by any difference in teaching methods.

If your child brings home his reader, have him read a story his class has finished. If he hesitates or stumbles on a word, tell him the word immediately, says the magazine.

Katherine Tarrant, a reading expert at Northwestern University, says it is better to let the child get the gist of the whole story before trying to help him on individual words. Then, after he has finished the complete story, go back and help him figure out the words he didn't know.

To help your child practice words he has already been taught, try games like word-fishing. Print the words on a number of folded cards and fasten each with a paper clip. A string with a magnet is his fishing rod, and the youngster "goes fishing," throwing back the words he can't read and keeping those he can, says the magazine.

To encourage the older student to read, show him how much you enjoy books yourself, and help him obtain books for outside reading. Promote family discussions on everyone's current reading.

By helping your child with his homework, when help is needed, and by showing enthusiasm and encouragement for his projects, your child will look to his studies with renewed vigor.

Lindsay Parent-Teachers Club meeting for the month was marked by a good attendance — 63 couples present — for the business session and the program. A food demonstration was given, a film was shown and food samples were served. Prizes were won by Mrs. Paul Arendt Jr., Carolyn Block, Mrs. Harold Schmitz and Mrs. Bruno Zimmerman. The club earned money for sponsoring and attending the demonstration. Business, conducted by Gregory Hundt, was routine and brief. The 11th and 12th grade room won the attendance prize.

Memorial services and a visit to the cemetery will take place in St. Peter's Parish Sunday afternoon at 3 o'clock.

Mrs. Bill Krebs, 61, died last week in Durant, Okla. She was the former Della Corcoran of Gainesville and the couple was married at Lindsay. Requiem mass was held Saturday at 10 a.m. in St. William's Church at Durant. Survivors include five daughters, three sons, one sister and one brother. One of the sons is stationed in Okinawa and arrived in time to attend the funeral.

Lindsay's little Squires played St. Joseph's Academy of Sherman there Saturday morning making 12 points to their host's 26. Jimmy Eberhart scored in the second quarter and Ronnie Zimmerman went over in the last quarter. Sherman made one touchdown in the first quarter and at half time the score was tied at 6. St. Joseph's quarterback went over each time for his team.

Seventy sixth birthday of Mrs. George Spaeth brought a party at her home Saturday afternoon, the guests bringing gifts and refreshments. Mrs. Fred Luebbert baked and presented the decorated birthday cake. Mostly visiting was enjoyed by the group of ten ladies.

Lindsay Parish Hall was filled to overflowing Sunday night for the annual Halloween Carnival sponsored by the Parent-Teacher Club. Among top attractions were the Spook House and fortune telling and the costume contest. Prizes were won by Martha Gieb for being the last to be recognized and by Ronnie Fuhrmann as best dressed. David Fuhrmann won the door prize and Mrs. Frank Raab won the bride doll. Lots of homemade goodies and other refreshments were food features to combine with games and carnival attractions providing fun for all age groups.

Bruno Zimmerman drove to Subiaco, Ark., Tuesday to take his son Tommy, and Pat Hermes back to school after a visit at home. Joining them on the trip were Dennis Hess and Clifford Pels of Muenster and Tommy Hijowsky of Scotland, also students, who spent the school recess with their families.

Good Citizenship Club Organized by Lindsay Students

Lindsay freshman and sophomore classes have organized a Good Citizenship Club, elected officers, and held their first regular meeting.

Officers elected at the initial session on Oct. 25 are President Patsy Hermes, Vice President Donald Sandmann, Recording Secretary Judy Bezner, Corresponding Secretary Roselee Mosler, Treasurer Ewald Hoelker, and Librarian Elizabeth Aitchison. Sister Mary Ruth presided at the meeting until officers were elected. Robert Fleitman was

appointed sergeant at arms. First regular meeting of the year was held Friday morning Oct. 28, opening with the pledge to the flag. Roll call was answered by members naming their favorite president.

The program, on how to make the lawn and home attractive and neat, was presented by the freshmen. Their talks were illustrated by pictures on the bulletin boards. Sister Ruth gave helpful hints on making an illustrated talk and in her address to the group pointed out that the lawn is to a house what a frame is to a picture.

The sophomore class was divided into two groups to make comparisons on the two presidential candidates and will give their reports on John F. Kennedy and Richard Nixon as the program for the next meeting.

Lindsay Knights Trim Gunter 26-20

The long and discouraging string of losses by Lindsay's Knights was gloriously broken last Thursday night as they tagged Gunter 26-20 in a district clash of the 7-B eight-man loop. It sets the Lindsay season record at 1-5 and the district record at 1-3 in the school's first year of inter-scholastic league football.

And it was a well earned victory, the Knights leading more decisively in statistics than in the score. They had 11 first downs and 255 yards of total gains as compared with Gunter's 7 and 111. One big gain, however, did not show up on Gunter's gains from scrimmage. It was a 90 yard kickoff return which put Lindsay in the hole as the game opened.

But after that the Knights took charge, making two touchdowns in the first quarter. The first was set up by Haverkamp's 40 yard gain to the 3. Sandmann scored on the next play. Later Zimmerman scooted 20 yards to the 5 and Sandmann finished the job again.

The next quarter both teams scored. Lindsay did first on a drive featuring a 25 yard pass to Don Sandmann, a 20 yard run by Haverkamp and a 15 yard gain by Zimmerman. Zimmerman scored from the 2.

Again in the third quarter Lindsay put on a steady drive ending in Zimmerman's 5 yard plunge to pay dirt. That set up comfortable 12 point margin... enough to absorb Gunter's last score.

Donald Bayer New President Sacred Heart Alumni Assn.

Donald Bayer is the new president of Sacred Heart Alumni Association, favored by members for the top post in the annual election. Another new officer is Miss Helen Hess, secretary.

Mrs. Ervin Henschel was held over as treasurer and Sylvan Walterscheid, retiring president, automatically fills the office of vice president.

Major projects for the organization are financing a new refrigerator for the homemaking department, a school projector and reference books for the library. The refrigerator has been installed.

After the election and routine business the group discussed a club for square dancing and invite anyone who is an ex-student of Sacred Heart and interested in square dancing to come to the next meeting in December. Those present at the meeting ended the evening with a dancing period.

A special treat was refreshments prepared and served by homemaking girls and their teacher Sister Carmelita. The attractive meal consisted of Pizza burgers, tossed salad, cake and coffee.

Linda Godwin and Dub Kuhn Wed in St. Mary's Church

After their wedding trip, Mr. and Mrs. M. R. (Dub) Kuhn will be at home in Gainesville at 401 N. Howeth St. The couple was married Saturday in St. Mary's Church at Gainesville.

The bride is the former Miss Linda Godwin, daughter of Mr. and Mrs. L. D. Godwin of Gainesville. The bridegroom's parents are Mr. and Mrs. Henry Kuhn Sr. of Lindsay.

The Rev. E. J. Gerlich officiated at the double ring rites. Given in marriage by her father, the bride wore a floor length white formal gown of peau de soie. Lace appliques embroidered with pearls enhanced the bodice and extra fullness accented the back of the skirt which swept into a train. She carried a white orchid and rosebuds.

Bride's attendants were Mrs. Jimmy Hellman and Miss Linda Kuhn, sister of the groom. They wore street length dresses of sandalwood taffeta and carried melon colored gladioli.

Jimmy Hellman and Joe Bayer were the groom's attendants. Henry Kuhn Jr. and Willard Kuhn ushered.

Reception and supper were held in the Lindsay Parish Hall where Mrs. Everett Neal registered 150 guests.

For traveling the bride chose a royal blue wool dress with matching accessories. She is a graduate of Gainesville High and is employed at National Supply Company. Mr. Kuhn was graduated from Lindsay High and is assistant manager at Tom Thumb.

In a corner of his log cabin, the mountaineer struggled with a pencil and a piece of paper. Suddenly he looked up and exclaimed, "Doggone if I ain't learned to write!"

His wife walked over and peered at the lines scribbled on the paper. She asked, "what do it say, Ezra?"

"I don't know," he answered. "I ain't learned to read yet."

800 at Lindsay Observe Feast of Christ the King

Some 800 people from parishes of the Sherman Deanery gathered at Lindsay Sunday afternoon at 3 o'clock for the annual services celebrating the feast of Christ the King. On account of the high winds the usual outdoor procession was not held and services were moved inside St. Peter's Church.

All parishes in the deanery were represented by attendance of parishioners from Lindsay, Muenster, Gainesville, Valley View, Pilot Point, Denton, Sherman, Denison, McKinney and Greenville.

The Rev. Joseph M. Thomas of Immaculate Conception Church, Denton, gave the sermon, stressing the importance of honoring Christ as the true King of all people.

The Very Rev. John Duesman of St. Mary's Parish in Sherman officiated at the church services assisted by pastors from all the deanery parishes. Fourth Degree Knights in uniform served as honor guard.

Collection Gets \$408 for Cemetery

Members of Sacred Heart Parish in the All-Saints Day special collection Tuesday donated \$408 to the cemetery fund of the Muenster Civic League and Garden Club.

Reporting the total Wednesday Mrs. Tony Gremminger said that, judging by past collections, the figure will probably be slightly increased by late donations.

The collection is a semi-annual event, the other being taken on or near Memorial Day. Money is used for general upkeep of the cemetery including replacement of shrubbery.

unions Kennedy might be asked why he went to such lengths to expose corruption in the Teamsters' Union but did so little to expose the UAW, which had an equally shabby record. Did political affiliation have a bearing on his obvious favoritism? Could Reuther's present strong support be a fore-runner of future influence on labor policies?

Regardless of any good intentions Kennedy may have, it is easy to imagine his future political leanings if he retains his present circle of socialist-labor political associates. Much to be preferred is Nixon with a group of advisers that leans toward traditional and constitutional government.

As mentioned above, we can rule out extreme swings either to the right or left in the next administration. But as we consider the many leftist steps already taken we feel an urgency to call a halt and start drifting back toward the right. That can be best accomplished
