Burns Received in Butane Blaze Are Fatal to Mrs. Biffle

Burns received at her home on December 1 proved fatal to Mrs. Jake G. Biffle Sr., 63, of Myra on Friday. She died at 9 p.m. in a Gainesville hospital.

Mrs. Biffle was burned over her entire body when her clothing caught fire after butane gas escaping from a water pipe became ignited from lighted stoves in the house. The butane gas under pressure from a truck was being forced into the water line to open a clogged pipe.

Funeral services were held Sunday afternoon at 2 o'clock in the Myra Methodist church with the Rev. W. D. Craig, pastor of the Whaley Memorial Methodist church of Gainesville officiating. Burial was in Reed cemetery under direction of George J. Carroll and Son Funeral Home.

Bearers were James Abner Enderby, Charles Randall, Jake Huddleston, Johnny Wilson, Parker Fuchs and Byron Sears.

A native of Fannin county, Mrs. Biffle was born Feb. 11, 1891, and was married to Mr. Biffle May 25, 1910 at Myra. She was Miss Lexa Aldridge before her marriage.

Surviving are her husband; a son, Jake G. Biffle, Jr., of Myra; two daughters, Mrs. Ray Huebner of Fort Worth and Mrs. Bob French of Dallas; six sisters, Mmes. Ed Chadwell of Myra, F. C. Clark of Eunice, N. M., Reynolds Chanslor of Midland, Clea Wilson of North Hollywood, Calif., Maude Sudderth of Bonham and Hattie Sewall of Pine Bluff, Ark., and four grandchildren. She was the sister-in-law of Mayor F. M. Aldridge, Sr. of Gainesville.

Hornets Look Good Losing Opener to Hot Slidell Team

Considering the competition Muenster High boys made a good start in their basketball season Friday night even though they trailed 47-25 at the final whistle. Their opponents were the perennial hot-shots of Slidell who have been in practice since September and have a record of seven one-sided wins prior to the local game. Their game here, the visitors said, was the tightest they have had so far.

Coach Hosea, too, was favorably impressed. Considering the limited practice the boys have had and the caliber of their opposition, he said they did fine. With a few more weeks of practice on shooting and ball handling he expects them to develop into a smooth working scoring machine.

For three periods the Hornets (Continued on Page 10)

FOR SNAKES ONLY — No train on earth could travel roller coaster-like tracks above, and yet dozens every day pass over these apparently wiggly rails in the Kansas City, Kan., freight classification yards. The wiggly isn't in the rails, it's in the "eye" of the camera which took this picture; a telephoto lens which brings distant objects close-up, but gives a foreshortened perspective to foreground of area covered.

500 Pounds More Clothing Shipped

Five hundred pounds more of clothing donated by local residents for the world's needy in the annual Thanksgiving clothing campaign has been sent to home missions, according to Mrs. Joe Swirczynski, local mission chairman.

In her report at St. Anne Society's meeting Sunday afternoon, Mrs. Swirczynski explained that the latest three shipments are in addition to the 2,009 pounds shipped earlier to replenish the Holy Father's store-rooms.

She said 150 pounds went to St. Vincent's Treasure House in Fort Worth, 200 pounds to Dallas Catholic Charities, and 150 pounds with two Christmas gift boxes went to the Indian Mission in Marty, N. D.

This clothing was held back last month because it was lighter in weight, or because it needed mending. And some of it came in after the drive closed, Mrs. Swirczynski said.

WITH THE MEN IN SERVICE

A Civilian Again

Mike Luke is a civilian again. He received his service discharge from the Air Force on Dec. 7 at Kirtland AFB, N. M., after serving four years and holding the rank of staff sergeant. He'll be home for some of the coming holidays, but doesn't know when for sure. Says he and Frank Hennigan are working out a plan whereby both can be with home-folks between Christmas and New Year and still keep Frank's business going.

Discharged Dec. 7

Rupert Hoenig who was in the Air Force since January 1951 received his discharge on Dec. 7 at Barksdale AFB, La., where he served with the Air Refueling Squadron aboard a KC-97, the flying filling station. He spent his overseas tour on Okinawa. Hoenig held the rank of staff sergeant. He and his wife, the former Jeanne Neu, are presently visiting their parents, the Joe Hoenigs and Ted Neus.

A.P. Days Are Over

Teddy Gremminger, a staff sergeant in the Air Force and on duty as an air police at Carswell AFB for three and a half years, is back at home with a service discharge received on Dec. 7. He and his wife and their son Wayne are visiting their parents, the Ted Gremmingers and Victor Hartmans. Teddy took basic at Lackland AFB in Texas and A.P. training at Camp Gordon, Ga.

Returns to Light Duty

S.Sgt. Ernest Sicking completed a two-week leave here with his parents, the Ben Sicking, Sunday and has returned to light duty at Carswell AFB after being hospitalized several weeks at Lackland AFB Hospital in San Antonio for a back injury.

Busy At Fort Bragg

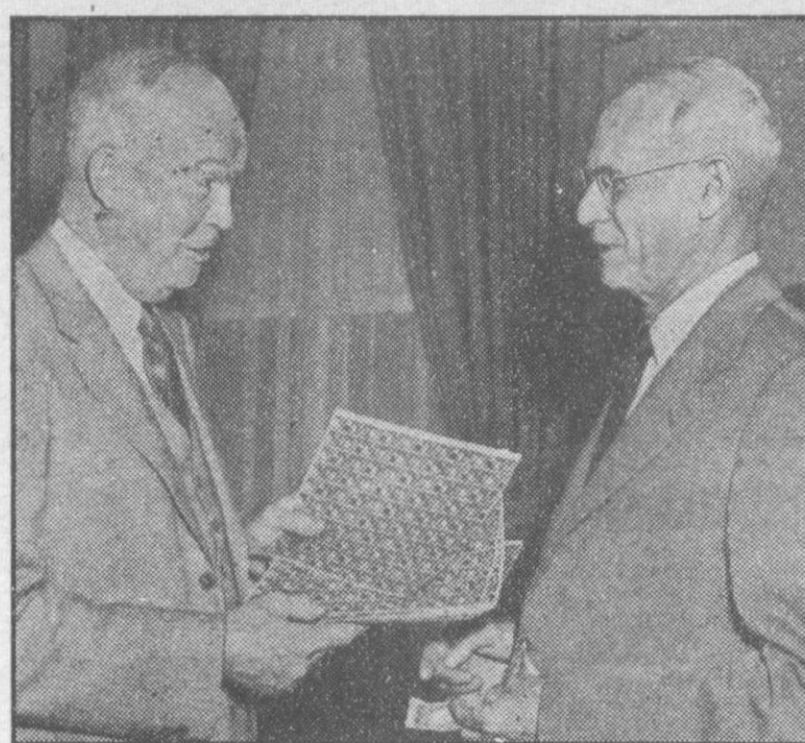

Pvt. Eddie Fette, writing from Fort Bragg, N.C., says he has been assigned to duty as assistant to the chaplain, that he has his own office adjoining the padre's and that he is kept busy typing and doing other office work. On Dec. 4 he was invited over to the Bill Eberharts to help them celebrate their 14th wedding anniversary. Bill is also stationed at Fort Bragg. Eddie adds that he is planning to spend the Christmas holidays in New York with his aunt Lil and family, the Tom Gallerys.

Weekend Guests

PFC Roger Wolf, home for the weekend from Fort Hood, had as his guests three buddies, Joe Holloway, Herman Hollis and Joe Bell.

Pre-Christmas Dinner

M.Sgt. Walter Huchton with only one day off between completion of specialized training at Amarillo AFB and resumption of duty at Orlando, Florida, made a quick trip home Wednesday to get his family and was honor guest at a pre-Christmas dinner party given by his mother, Mrs. O. J. Huchton, for family members. His wife and children had been staying with her parents, the John Bengforts at Lindsay, while he was going to school.

STAMP OF APPROVAL—President Eisenhower purchases a block of Christmas Seals from Dr. Esmond R. Long, director of medical research for the National Tuberculosis Association, who called on the Chief Executive to enlist his support of the annual drive for funds to fight the disease. Dr. Long knows the necessity of unceasing war against tuberculosis from his experiences as a physician, scientific investigator and former patient.

Use 3-Cent Stamp On Greeting Card. Postmaster Urges

Postmaster Arthur Endres believes that with a three-cent stamp your Christmas cards will win more friends and influence more people than if they are mailed with a two-cent stamp.

"First-class postage," he explained, "is the best Yuletide insurance you can get. With it your greetings will be processed and delivered quicker. And they'll be forwarded, or returned, if it becomes necessary."

"This eliminates any worry about whether or not your season's greetings were received. Your own return address on the envelope will help others keep their address books up to date. Then, too, Christmas cards sent with three-cent stamps may carry written messages, a custom everyone enjoys."

None of these postal privileges are authorized at the third-class rates. Moreover, Christmas card envelopes smaller than 2 3/4" x 4" or larger than 9" x 12" require cancellation by hand, and must carry first-class postage.

Postmaster Endres urges everyone to tie their Christmas cards in two separate bundles, with each address facing the same way. Then attach the postal labels marked "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT-OF-TOWN DELIVERY." These helpful tags are available at the Post Office, without cost, and will shorten delivery time greatly.

Parcel post, of course, should be mailed even earlier. The Postmaster recommends December 11 for out-of-state gifts, and December 15 for those with local addresses. But the sooner the better.

Size and weight limitations for parcel post vary according to place of mailing and destination. In some cases, packages cannot exceed 72 inches in length and girth combined, nor 20 pounds in weight. In others, the limits are up to 100 inches combined length and girth, and 70 pounds in weight.

MHS Cagers Will Play in Tourneys At Sanger, Saint Jo

Basketball players of Muenster High will participate in two simultaneous tournaments next weekend, Superintendent Homsley announced this week. The boys will play at Sanger and the girls will send one team to Sanger and another to Saint Jo.

The unusual arrangement developed when one girls team withdrew from the Saint Jo tournament leaving a vacancy on the bracket. Homsley helped out by dividing his girls into two teams, one going to the previously scheduled Sanger tourney and the other going to Saint Jo. The latter team will be officially designated as the Muenster B team.

That sextette will face Saint Jo in their first game Thursday afternoon at 3.

At Sanger the two Muenster teams will meet Pilot Point in their opening games. Girls are scheduled to play at 6 and boys at 7.

NTPA Plant Adds Powdered Milk to List of Products

Another form of milk processing was introduced to this community Monday when the local plant of the North Texas Producers Association sacked up 800 pounds of powdered milk.

The operation, which lasted one hour, was a test run of the recently installed spray dryer, which is one of the only two milk powdering units of its type in Texas. It is a big improvement over the older drum dryer, the type that was first considered for this plant.

Of the two the spray dryer is considered the better because it is less likely to leave a scorched flavor in the product. The difference in quality of product results from the methods of procedure.

The drum dryer is essentially a heated drum on which condensed milk is fed and scraped off a moment later after it has been dried. Rate of feed and heat of the drum must be perfectly coordinated so that milk particles will be dry just before reaching the scraper. Too early and the product is a moist glob. Too late and the product is scorched.

The spray dryer operates almost instantaneously as a spray of condensed milk is fed into a blast of heated air in partial vacuum. Moisture goes with the air and the powder settles to the bottom where a conveyor carries it away. A powder collector traps particles caught in the air stream.

In principle the process is simple, but getting the job done requires a highly complicated machine that cost the NTPA about \$55,000. Filling most of one of the special rooms added to the plant, it consists of a heater, fans, spray nozzles, filters etc. for the vacuumized compartment, traps for the product, a pressurized blower to (Continued on Page 10)

Mission Clothing Hauled for Free To San Francisco

Sacred Heart parish this year won't be paying the freight charges on the shipment of clothing collected here during the annual Thanksgiving clothing campaign for the Holy Father's store-room. It's going all the way to San Francisco by motor freight, free of charge. This means a savings of about \$140 for the parish.

Father Christopher Paladino announced the good news Sunday at a meeting of the St. Anne's Society, then related how it happened.

Somewhere he heard of the possibility of shipping the clothes without cost. So he began inquiring. Several phone calls and visits resulted in his talking with Tilly Guice of Central Freight Lines in Gainesville. There were more visits and more phone calls by both Father Christopher and Mr. Guice. Then the final call from the Freight Line's Gainesville office, "We'll haul it all the way for free."

The shipment, awaiting a railroad freight car here, luckily was still at the MK&T depot when the good word came.

Mr. Guice, through motor freight, had routed the whole 2100 pound shipment all the way to the west coast. It was picked up here Monday by Central and was taken to Wichita Falls where Miller and Miller Freight Lines took over for the rest of the way.

SCHEDULE OF COMING EVENTS

- THURSDAY, Dec. 9, SHHS boys vs St. Mark's, here.
- THURSDAY, Dec. 9, SHHS A girls and freshmen boys vs Slidell, there.
- THURSDAY, Dec. 9, MHS A and B girls vs Nocona, there.
- FRIDAY, Dec. 10, CDA meeting in the K of C Hall, 8 p.m.
- FRIDAY, Dec. 10, MHS boys and girls vs Forestburg, here.
- MONDAY, Dec. 13, Civic League and Garden Club meeting in the home of Mrs. Dick Cain, 8 p.m.
- TUESDAY, Dec. 14, MHS boys and girls vs Alvord, there.

Local News BRIEFS

Mrs. Gus Hellman joined Miss Rita Dingman of Dallas to spend several days of the past week in Tulsa with her son and family, the P. W. Hellmans.

Mrs. David Sturm is back at her home, 1212 Fair Ave., in Gainesville, after being dismissed from Gainesville Sanitarium following eye surgery. She is remembered as the former Evelyn Dulock.

The Jim Cooks spent the weekend in Duncan, Okla., with her son John Lewis and family.

Mr. and Mrs. J. A. Sanders were dinner guests of the Joe Linns Friday. Sanders is doing work on the Linn lease south of town and they are temporarily residing in Gainesville. Formerly of Muenster, they now live in Oklahoma.

Mrs. A. T. Dickerson returned Wednesday from Hennipen, Okla., where she spent five days with her husband's sister and family, the C. F. Washburns, and made the acquaintance of her new niece, Teresa Sue. Mr. Washburn brought Mrs. Dickerson home by car.

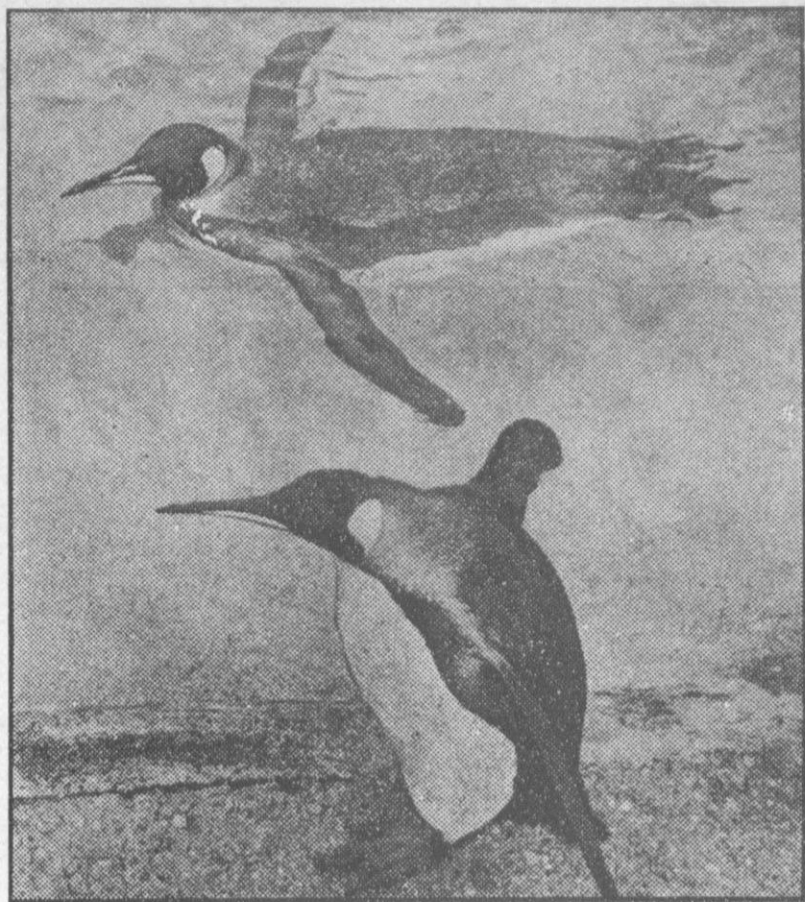

Mr. and Mrs. A. A. Otto returned Friday from Littlefield where Mr. Otto spent several days at the clinic for a checkup.

Local Units to Host Deanery CYC Meet

Muenster's CYC group will be hosts on January 16 to young people of the Sherman deanery Catholic Youth Council, Father Christopher Paladino announced Sunday when he met with members of St. Anne's Society and urged parents to attend the day's program.

An outstanding speaker, secured through the local Knights of Columbus council, will bring the principal address. The name of the man was not known when Father Christopher made his announcement.

Business sessions and addresses will take place in the Muenster High School auditorium. Refreshments followed by a social at night will be at the parish hall.

HERE'S HOW—Swimming instructor at the London Zoo's penguin pool gives a lesson in the fine art of pinfeather propulsion to a dry-land neophyte. Penguin on shore is spoiled by relatively mild climate of England, and doesn't want to get his tuxedo wet.

Walterscheid, Herr Named on League All-State Teams

The Sacred Heart Tiger football team, runnerup in the North Texas district race of the Southwest Academic league has been honored by the selection of two of its players on the league's 1954 all-state team, according to an announcement from the association's headquarters last week.

Sylvan Walterscheid, center and defensive linebacker, and lineman on the Tiger team all season was named on the all-state first string. Tommy Herr, quarterback and high scorer on the team was given the nod for second team honor. Walterscheid is a senior and Herr a junior.

San Marcos, state champs and 20-19 winner over the Laneri Micks, North Texas champs, dominated the all-state selection with five members. Laneri had three. Sacred Heart, Boys Ranch and Texas school for the deaf each had one.

2160 Names Listed In Garden Club's Birthday Calendar

The 1955 birthday calendar, issued by the Civic League and Garden Club, has rolled off the Enterprise presses and is ready for distribution this weekend. It lists the birthdays of 2,160 persons.

Interesting features of the calendar include the following information: January leads all months with 279 birthdays listed; October is second with 216, and March and August almost tied for third place. The former lists 185 names, the latter 183. May shows the smallest number of birthdays, 140.

Thirteen names, the largest number for any one day, appear on Dec. 14, 12 names are listed on four days and 11 names on seven days. There's not one day without a name. Eight sets of twins have their names on the calendar.

By months, the number of names is as follows: Jan. 279; Feb. 177; March 185; April 157; May 140; June 144; July 154; August 183; Sept. 180; Oct. 216; Nov. 171; Dec. 174.

The calendar differs in one way this year from previous calendars, and that variation is only in the way its financing was handled. Formerly persons desiring their birthdays listed donated a dime, and got a calendar free. This year all names from last year's calendar were used and the finished product sells for fifty cents. There are about 350 calendars for sale and Garden Club members said that those wanting calendars can get them at the Muenster State Bank and at the Beauty Shop. When the present supply is gone no more will be available.

The cover this year is gray. It lists the names of 53 Muenster business firms and business men as patrons and shows a gardening scene.

Proceeds from the sale will go into the Civic League and Garden Club treasury for its beautification projects, principally its upkeep of the cemetery.

U. S. Supreme Court for generations imported all its quill pens from England. Recently somebody discovered you could get all the court needed, in New Haven, Conn.

Lions Help Dads in Scout Fund Drive

A new project undertaken by the Lions this week is assisting Scoutmaster Father Patrick Hanon and local dads in a fund raising campaign for the Circle Ten Council of the Boy Scouts.

The kick-off event for the drive was the regular Lions dinner at noon Tuesday, at which Lions and scout dads were guests of James Armstrong, district supervisor for the scouts.

Armstrong explained that the purpose of the organization's annual drive is to support instruction and recreation facilities sponsored by the Circle Ten Council. Scouting is a character building program, he said, coordinated with the training given in home, church and school. He further stated that this community as well as every other in the Circle Ten area shares in the service made possible by the annual fund drive.

Armstrong urged all the workers to make contacts early and if possible finish the local drive by the end of the week.

You Catch a Cold If Resistance Is Weaker Than Germs

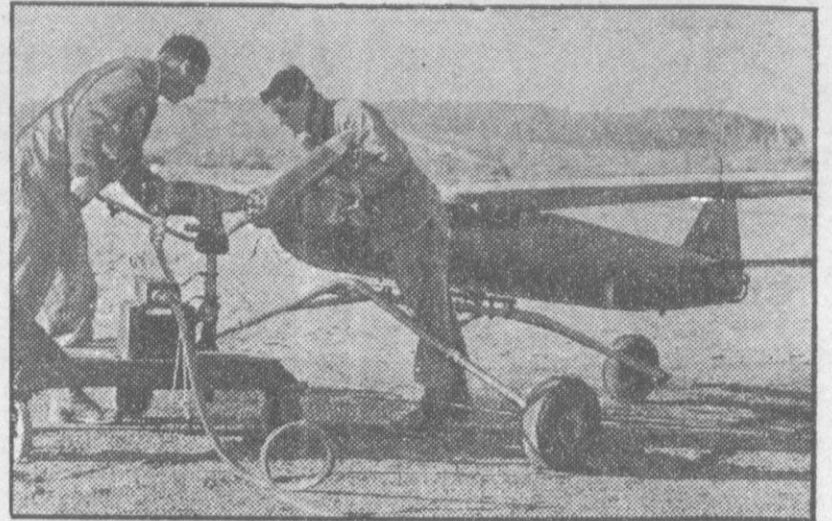

AUSTIN, November 18, 1954—You catch a cold from a person who has a cold when you take in more of his cold germs than your body defenses can destroy. This is apt to happen when you are tired, and somebody is coughing or sneezing around you, says Dr. Henry A. Holle, State Health Officer.

Avoid taking in large masses of the germs by staying away from the person who has a cold; by staying out of crowded places during a cold epidemic; by washing your hands before you eat and after contact with a cold-infected person, or articles he has handled.

Keep our general health high by getting plenty of sleep; by eating regular well-balanced meals and drinking plenty of water; by getting some outdoor exercise every day; and by letting sunshine fresh air into your home, office or factory.

Don't lower our resistance by getting too tired, over-heated or chilled. Avoid sitting in dried out, smoke-, dust-, or chemical-laden air. Dress according to the weather and the temperature in which you must work.

Go to bed if you possibly can at the first sign of a cold. If you can't stay in bed, get as much rest as possible. Protect others by

AIRBORNE "KITTY" HAS NINE LIVES—Mechanics at the U. S. Army's training grounds near Grafenwoehr, Germany, work on an "R-Cat" target plane which is used to tow targets during gunnery practice. Though often shot down, the sturdy craft are often repairable, and are used over and over again.

covering your mouth and nose when you cough or sneeze, and by washing your hands frequently, especially before handling food, cooking utensils or dishes.

Don't try to treat yourself. If your cold symptoms persist or if you develop fever or chest pain, call your doctor and follow his advice.

The Christmas seal, which originated in Denmark in 1904, is now sold in more than 40 countries of the world, and in most of them proceeds from its sale go to combating and spread of tuberculosis.

Club Holds Annual Yule Dinner-Party

Christmas parties are coming into the social spotlight and among the first was the Friendly Neighbors Club's annual Yule dinner-party for which members and their husbands were present.

This year's affair was held in the Blue Room of the Main Cafe where fried chicken head-lined the menu and after dinner entertainment consisted of progressive 42.

Centerpiece for the table was a snowy Christmas scene lighted by candles. Favors for the 20 guests were miniature Christmas trees with tiny glittering balls on the branches.

In the games the galloping award went to Mrs. Urban Endres, the consolation award to J. C. Trachta and the high score award to Mrs. Ray Otto.

Present were: Messrs. and Mmes. Urban Endres, Ray Otto, J. A. Klement, Al Wiesman, Ray Swirczynski, J. C. Trachta, Dick Trachta, Martin Trubenbach, and A. J. Endres and Mrs. Evelyn Stewart and Mrs. M. H. King.

Saint Nick's Here For Annual Visit And Treats Monday

Children of this community Monday welcomed a visit from Saint Nicholas who, much like Santa Claus, brings sweets and other gifts to little boys and girls, but who doesn't in any way take Santa's place or diminish his popularity.

Saint Nick is a fore-runner of Santa. His gifts and in many homes his visits in person are an age-old custom based on a legend centuries old and youngsters in Muenster, from earliest childhood, anxiously await December 6 each year.

In addition to the hanging of stockings for the jolly saint to fill, and if connections are right his special visits in homes, Saint Nicholas annually visits Sacred Heart grade school. He was there as usual this year, in traditional garb, and distributed several hundred bags of sweet snacks—410 to be exact—to students, and some fifty to students' pre-school aged brothers and sisters who were special guests for the occasion.

Sometimes before he leaves, his gifts and his blessing, he asks younger students in the classrooms to recite for him, or perhaps to sing. Or his request may be the answer to a question on anything from religion to history. But always for the child, be the answer right or wrong, there's the thrill of knowing that before he leaves St. Nick will see that everyone is supplied with some special treat.

His visit in the school is arranged by roomothers, headed this year by Mrs. Leo Lawson as president.

The custom of little gifts for the children on Dec. 6 came to Muenster with the first settlers, German immigrants, 65 years ago and is popular with each generation. Newcomers to the community, at first surprised at this "little Christmas", fall right into line and the following year they, too, are waiting for Saint Nicholas and his treats.

Henscheid-Hellman Rites Set, Dec. 26

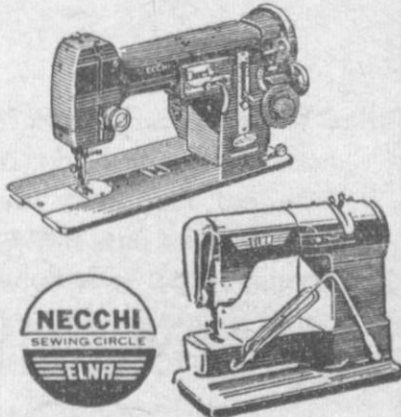

Mr. and Mrs. Leo Henscheid have announced the approaching marriage of their daughter, Bernice, to PFC Damian Hellman and the young couple has set Dec. 26 as the date for the wedding.

The day for the ceremony holds special significance for the prospective groom. On that date his parents, Mr. and Mrs. Rudy Hellman, will observe their 25th wedding anniversary.

Miss Henscheid has chosen as her maid of honor, Miss Gretchen Hellman, sister of the groom, and he will be attended by her brother, Jerry Henscheid as best man. The vows will be exchanged during an afternoon nuptial mass at 5 o'clock.

The bride-to-be is a graduate of Sacred Heart High school with the class of 1951, and of St. Paul's Hospital School of Nursing in Dallas. She is now doing private duty at a Gainesville hospital.

PFC Hellman was graduated from Muenster High school and is entering his second year in the Army. He took basic training at Fort Bliss and is assigned at Camp Hanford, Wash. After their marriage the couple will live in Richland, Wash., near the camp.

St. Anne's Society Plans Yule Cheer For State School

Members of St. Anne's Society, meeting Sunday, made plans to help girls at the State School in Gainesville have a Christmas they'll like to remember.

The women voted unanimously to give a cash donation from the treasury to start the Christmas cheer campaign off with small all-alike gifts, to be bought at wholesale price, and members individually pledged small items—girls like as pretty hankies, scarfs, lipsticks, hand lotion, cookies, and stationery. It's to be a Christmas party for Catholic girls at the school, where Father Christopher Paladino says mass each Sunday afternoon at 4 o'clock.

Everyone, not only society members, who are interested in helping the cause, may do so. Gifts are to be left at the Charm Shop and will be taken from there to the school by Father Christopher for December 25.

Other items needed, according to Father Christopher, are small Bibles, catechisms, and religious articles. These, too, may be left at the Charm Shop. New ones will be gift wrapped for Christmas, used ones along with Catholic magazines and newspapers will be taken over as they accumulate.

Ticking of the alarm clock disturb your sleep? Try putting it on a small square of bath sponge, which is sound absorbent.

Auxiliary Slates Kid's Yule Party For December 20

Plans for their children's annual Christmas party and a gift exchange for members furnished the principal business at Monday's meeting of the Ladies Auxiliary to the VFW Post.

Date for the party was set as December 20. It will be a morning affair beginning at 9:30 and will be for pre-school age children of members.

Volunteering as chairmen of various committees were Mrs. Pat Hennigan, tree and decorations; Mrs. Ray Swirczynski, gifts; Mrs. M. H. King, refreshments; Mrs. L. H. Roberg, Santa's appearance.

Members wanting to participate in the gift exchange will bring a gift and receive a gift. Limit cost was set at one dollar.

Reports revealed that 17 Christmas packages were sent overseas to Muenster young men on foreign soil and that two thank-yous have already been received, one from Cpl. Donald Muller in Germany, the other from PFC Maynard Williams in Korea.

Mrs. Ray Swirczynski conducted the meeting for which 21 members were present.

TWO NEW MEMBERS
Preceding the business session two new members were welcomed, Mrs. Ray Evans and Rosa

Driever. They were received into the organization during an impressive formal ceremony and were presented attractive gold pins as symbols of their membership.

After adjournment refreshments were served with Mrs. Dick Trachta as hostess. Mrs. Steve Moster won the attendance prize.

FLASH-BACK

How would you like to be a kid again . . . and have yet before you the adventure of reading "Black Beauty", "Robinson Crusoe", "Through the Looking Glass", "Heidi", "Huckleberry Finn" and the story of Robin Hood?

Perhaps there's such a youngster in your household, and certainly you know of some. For all we know, you might want to sneak one of these beloved volumes out behind the barn yourself. Just the other evening, for instance, we were looking up a verse in "Through the Looking Glass", and reread the whole darn thing. And it's much funnier now than never-mind-how-many years ago.

We bring this up by way of explaining how you can get these library-size books at surprisingly low prices . . . and at the same time to compliment the makers of Post's Raisin Bran on a constructive premium offer that is decidedly in the public interest in these days of children's horror books.

Like many previous offers, this is a matter of getting a box of

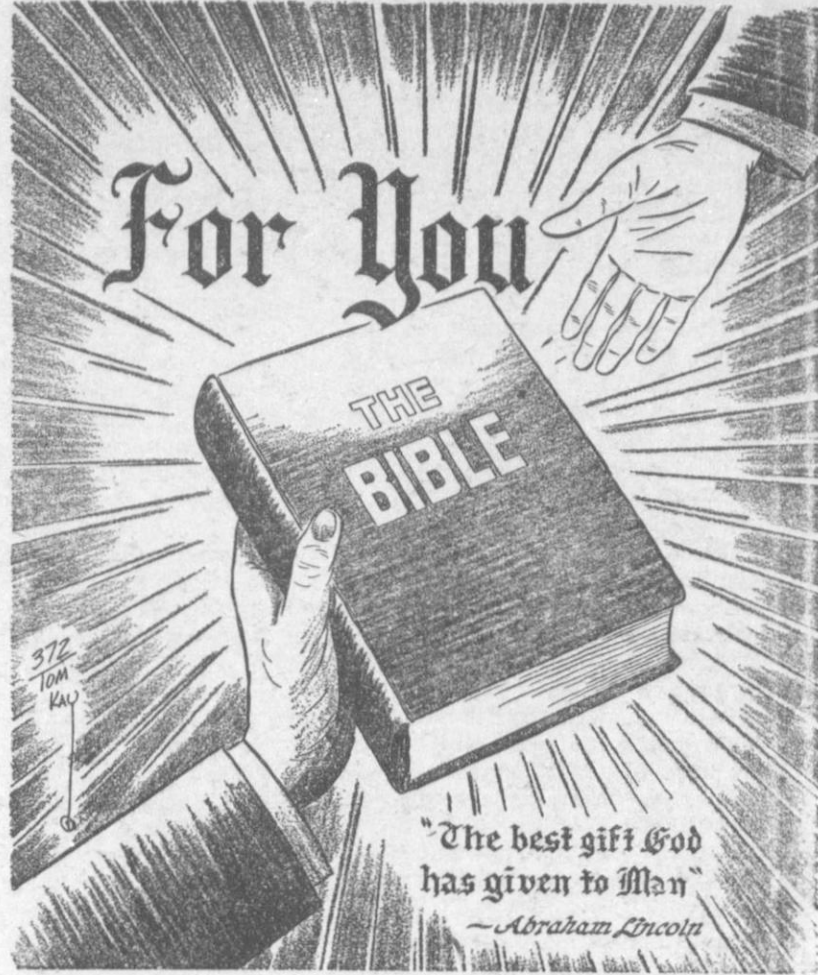

that cereal—which is probably good for everybody too—cutting off the box-top and sending it to Double-day, the publishers, with the appropriate remittance. You can get your choice of two books for a dollar and one box-top, or a single volume for 60 cents. And if you have half a dozen kids in the family and must please them all, you can send three dollars and three box-tops and you will get the whole set of six. The books have full-color paper jackets, hard covers and are printed in big clear type that is easy on young eyes—and old ones too.

Actually, if the kids are excited about those books, you don't need to worry about the raisins or the bran. They'll eat all of it themselves—or most anything else—to get what they want.

SEEING IS BELIEVING

Day before Thanksgiving, the National Capital was treated to a grisly parade. There were no bands, no drum majorettes, Washington's replica of the Liberty Bell, mounted on a truck led the motorcade, tolling through the city for its 1954 traffic dead.

Twenty tow cars followed, each

dragging the remains of a fatal wreck. A sign on each stated the number it had killed. Next came a hearse, and following that rolled three long, flat-bed trailer trucks. Each was loaded with black-draped coffins, 48 in all. Each bore a sign stating that it represented a pedestrian, passenger, or driver and the location of the killing. There were little coffins as well as big ones.

The Police Department's "safety cruiser" broadcast announcements of Safety Day, December 15, over its loud-speaker. A sign on one truck summed it all up: "Don't take a slay ride". Washington, a parade-happy city, stood still—and pondered.

THESE PINE TREES POINT A MORAL

Couple of foresters in Louisiana have a way of fooling pine trees into thinking they are going to die, by tightening a steel band around the trunk. Believing it is facing extinction, the pine tree grows a lot of cones to perpetuate itself; cones then are used for plantings, and the band is removed . . .

Seems to be a moral here for these days. With so many "experts" forecasting hard times—maybe enough of us will get busy and produce!

THE BEAR'S CHOICE

One of the brown bears kept at the Portland, Oregon, Zoo dug his way out of his cage to freedom. He roamed the woods until he was discovered by visitors. His keeper had no trouble rounding him up. An offering of meat and the bear went back in his cage.

In the wilds bears hibernate at this time of the year when food is scarce, and sleep through the winter. But this bear gave up his freedom for a meager hand-out.

Man is often like the Portland bear. He fights his way to freedom from oppression and slavery and then gives up his hard won victory for a few pittance from government. Like the bear he accepts the dole of his keeper and the gate slams behind him with a jarring finality.

THEY SAID IT

The lazier a man is, the more he intends to do tomorrow.

—Elmer G. Leterman

A good secretary laughs at her boss' jokes—not because they are clever, but because SHE is.

—H. C. Diefenbach

It may be true that man does not live by bread alone—but look at the guys getting along on crust!

—Craig (Colo.) Empire-Courier

There's a reason why you can't take it with you. It goes before you do.

Christmas Is More Than Mistletoe

By William J. Sullivan, Director of the Paulist Feature Service

CHRISTMAS DAY is fast becoming the day of plum pudding and Christmas trees, of Santa Claus and mistletoe, of holly branches and scotty dogs. Christmas would not be Christmas without any one of these. But Christmas is more than just these; Christmas is the Birthday of Jesus Christ.

In the last minute search for a tie for Uncle Ed or a dress for Aunt Louise, we often miss the true significance of the day on which God became man. The stable of Bethlehem is lost in wrapping paper and fancy ribbon.

HOW SHALL WE PUT Christmas back into the proper focus? Must Santa Claus be exiled to Siberia? Shall Christmas trees be outlawed? Should we revert to the gloomy Puritan days of early New England?

Only Scrooge would answer "Yes" to any of these questions. The way we Americans celebrate Christmas is not wrong. Perhaps Santa does seem to crowd the Christ Child out of the picture. But Christmas gets its meaning, not from the mythical old gentleman from the North Pole, but from the God who became man in a stable in Bethlehem nineteen hundred years ago.

WHAT GREATER GIFT has the human race received than the gift of the Christ Child? God has given us the first and greatest of gifts, Himself. Christ so loved us that He became a little Babe that He might redeem us. Should we not love Him in return?

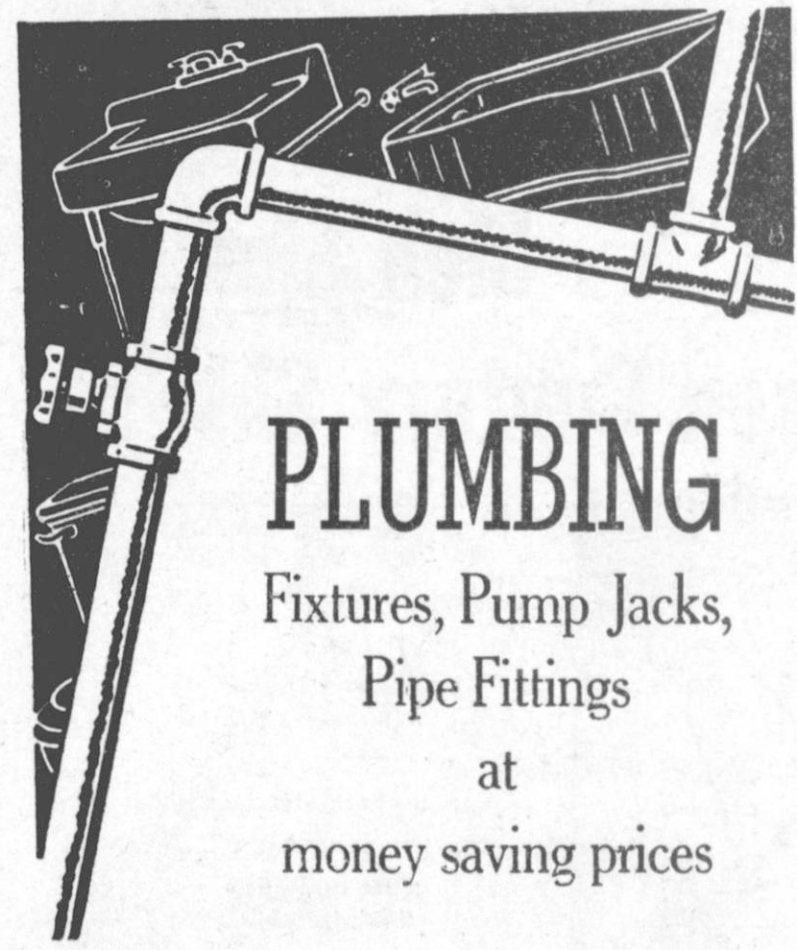

But how can we love God Whom we do not see, when we love not our neighbor whom we do see? The gift we give to warm the heart of one in sorrow, the gift we give to bring a beam of happiness into a child's eye, the gift we give to lighten the load of the poor and needy, is a gift we give to Christ.

CHRIST LOVES the generous giver. His heart warmed when the Kings of the East offered their gifts of gold, frankincense, and myrrh. His eyes shone with delight when the humble shepherds knelt at the manger to welcome God to earth. His hands waved happily at the antics of the clumsy animals which were His first playthings.

In our anxiety to make others glad, we should never forget Whose Birthday we are celebrating. The Christ Child should be the first to receive a gift from us. His gift cannot be bought at the corner department store or at the local bargain basement. The gift He wants costs no money.

THE GIFT Christ asks of us is the gift of ourselves.

Muenster

The father of a certain charming and beautiful girl who lived in a small town in the middle west was known far and wide around the area as being the stingiest man of his era. The girl had been going with a young man for some time and finally the youth called on the father to obtain his permission to marry the girl.

"Huh!" snorted the father. "So you want to marry my daughter, eh?"

"Very much indeed," replied the young man.

"Well, I don't know," said the father. "Do you think you can support her in the style to which she has been accustomed?"

"I can, sir," replied the young man, "but I'm not mean enough to do it!"

SIX MISTAKES

The Roman philosopher and statesman, Cicero, said it 2,000 years ago, and it's still true today. The "six mistakes of man" are:

1. The delusion that individual advancement is made by crushing others;
2. The tendency to worry about things that cannot be changed or corrected;
3. Insisting that a thing is impossible because we cannot accomplish it;
4. Refusing to set aside trivial preferences;
5. Neglecting development and refinement of mind, and not acquiring the habit of reading and study;
6. Attempting to compel other persons to believe and live as we do.

Fertility of the soil is the wealth of our Nation.

SANDS OF TIME COVER ANCIENT ART—Billy Norton, 55, upper left, and Bitsue (no last name), put the finishing touches to prime examples of a fast-vanishing art—Navajo sand painting, during an exhibit of their talents under sponsorship of the Dallas, Tex., Museum of Fine Arts. Varicolored powdered sands, rocks or grasses are sprinkled by hand to produce the paintings, which play a part in Navajo ceremonies traditionally performed to aid in curing the sick, or to seek good fortune for the hale.

Quarterly Report of Parish NCCW Shows Worthwhile Work

A quarterly report of activity of women of Sacred Heart parish reveals a number of worth-while projects for social and charitable welfare, and spiritual development.

Mrs. Paul Fisher, president of the local council NCCW, gave the report Sunday at St. Anne's meeting in connection with her report of the quarterly NCCW meeting held in Pilot Point.

Along social and charitable lines, women of the parish helped with duties connected with chest x-rays when the mobile unit was in Gainesville; helped prepare and serve dinner on dedication day, and Thanksgiving; gave an anniversary party for the pastors' housekeeper; and are now doing the church laundry. They supervised and helped in the sorting and packing of clothes during the annual clothing drive, packed other shipments for home missions and sent 200 pounds of clothing and hospital bandages to War Relief Services.

On the spiritual side, they participated in two Marian Year pilgrimages, and accompanied about twenty young people to a youth meeting in Denison.

Something special during the

past quarter was the sewing of 20 white communion dresses and several slips for needy children of Europe.

CARD OF THANKS

I deeply appreciate the "sympathy" of wise guys at the K C Club and the domino hall while I was nursing two black eyes.

Joe Endres

Mr. and Mrs. Raymond Barnhill have moved to Muenster from Saint Jo and are making their home in the Frank Yosten apartment. She is the former Miss Angeline Grewing.

HERE'S HOW TO WORK A FEW WITH COOK'S Famous

Shadotone
ODORLESS ENAMELS

You can have a totally "flat" or softly glistening satin finish that looks as soft as a kitten's fur . . . that's actually as hard as the finish that protects your car.

- Roll it on . . . brush it on, Shadotone goes on odorless . . . dries odorless to a super wear-resisting finish without lumps, sags, or marks of any kind in just 2 to 4 hours.
- Covers wood, wallboard, metal, wallpaper—any paintable surface—usually with only one coat.
- It's so durable you can actually scrub Shadotone's beauty with a brush without harm.

Most colors of Shadotone flat \$1.40 qt.
Most colors Satin \$1.50 qt.

JOE WALTER LUMBER CO., INC.

Soil Conservation Notes

The dust storm that hit this area Saturday night may be a prelude of coming attractions for this spring. A case of rich valuable top soil that left home.

Lack of enough soil cover from growing crops or from crop remains teamed up with lack of moisture and high winds to move the soil particles from the farms in West Texas and Oklahoma. Conditions that favor the occurrence of dusts are great expanses of bare ground and the breaking loose of soil particles in small enough sizes to be carried and strong, deep, dry air currents.

The air currents cannot be controlled, but the landowners can keep their soil home and prevent blowing or washing by keeping the land covered with living crops or with remains of crops. The soil can be kept in a condition of high organic matter content by the use of cover crops and proper management of crop remains which build up plant and animal life in the soil.

The soil plants and animals provide a special "glue" to hold the soil together into larger and more stable soil particles which have a greater resistance to blowing winds. Dusts or wind erosion could be eliminated by simply maintaining soil COVER, ORGANIC MATTER, and soil STRUCTURE.

Cooperators of the Upper Elm-Red soil conservation district are fighting against another form of

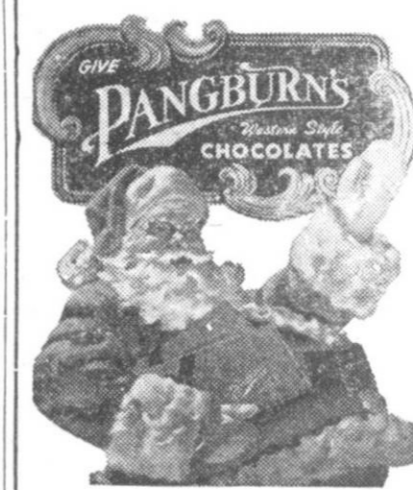

erosion—that of water erosion. The solutions are the same. Cover to protect against beating rains and running water. Organic matter and soil structure to prevent crusting, allow more water to soak into the soil to grow more plants and to return and build up soil fertility.

Continuous cover and soil organic matter is obtained by living crops of vetch, winter peas, alfalfa, sweet clovers and small grains in the winter and early spring months; with sweet clovers, alfalfa and summer grasses performing this duty during summer months. The remains or stubble from these crops when allowed to remain on the soil surface form an effective cover to protect and insulate the soil during "off" seasons when no living cover is present.

The value of keeping plenty of cover on the soil surface pays off in less soil and water losses, more organic matter, higher fertility and better soil structure. If we intend to keep eating we must protect and improve the soils we have. Remember it takes nature 400 to 1000 years to build one inch of top soil.

CONVENIENCE IS IMPORTANT TO A PIG

Hogs make faster and more economical gains when their supplement and mineral mixture feeders, grain feeders, shade, and fresh water troughs are close together. According to Alabama Extension Swine Specialist G. B. Phillips, feed conversion efficiency will be lowered if these facilities are not conveniently located and readily accessible to the pigs in the fattening lot.

Local News BRIEFS

The infant son of Mr. and Mrs. Wally Luttmner has been named Roger Joseph. His christening took place in St. Mary's church with Father Lane officiating and Mrs. Herman Luttmner and J. J. Haverkamp, grandparents of the little boy, serving as sponsors.

Jeanette Walter left Sunday from Dallas for New Orleans where she will spend the next three months at DePaul Hospital for a special course in psychiatry. It's part of her nurses training. Jeanette is a student at St. Paul's

in Dallas. She was at home to visit her parents, the Al Walters before going to Louisiana.

Mr. and Mrs. Norman Melton of Dallas, their son Elmer Melton, his wife and daughter of Altus, Okla., visited in the A. J. Higgins home at Myra Sunday. Melton was a depot agent at Myra for several years before moving to Dallas.

Mrs. Anna Shelton of Denton spent Friday in Muenster with her sister, Mrs. Joe Felderhoff and visited other relatives of the Wieler family.

Ronald Herr of Texas Tech, Lubbock, and Glenn Hellman of ETSC, Commerce, spent the weekend at home with their families, the Frank Herrs and the Arthur Hellmans.

Mr. and Mrs. C. W. Ratliff of Lubbock visited Saturday night and through Monday with her parents, the John Fettes after being in Dallas Saturday afternoon for the SMU-Notre Dame football game.

Mr. and Mrs. Norman Luke of Shreveport, La., visited overnight Saturday and Sunday with his parents, the Joe Lukes, after they attended the SMU-Notre Dame game Saturday afternoon.

Mrs. Annie Needham returned to her home in Waco Monday after a visit with her son and family, the Frank Needhams. She drove as far as Dallas with Mrs. Ray Evans and Mrs. Herman Fette who spent Monday there gift shopping for the Charm Shop.

In All The World

No one is more understanding or more qualified to serve you

GEO. J. **Carroll** & SON

THEY'RE WALKING ON DIMES—Mary Kosloski, 5, March of Dimes Poster Girl for 1955, and Randy Kerr, 8, who was the first of 651,000 children to receive the Salk polio vaccine in field trials which took place last spring, meet in New York City. Mary, who lives in Collierville, Tenn., was stricken with polio at the age of five months. She is able to walk with March-of-Dimes-supplied crutches and braces only because of excellent medical-and-home care. Randy, who proudly wears the badge of "No 1 Polio Pioneer," hails from Falls Church, Va. He may prove to be the leader of a parade of youth into a polio-free childhood, if the National Foundation for Infantile Paralysis-sponsored Salk vaccine tests prove successful.

Harry Fisher is back in Muenster after being away seven months making harvests in California, Washington and Canada. He got in a lot of sight-seeing and some visits with relatives and friends on the side.

Mr. and Mrs. Weldon Holland and sons spent the weekend in Antelope visiting her parents, Mr. and Mrs. W. T. Barrow who formerly lived at Forestburg. Barrow is superintendent of schools at Antelope.

Mrs. W. A. Showers of San Antonio has returned home after a three week visit with her parents, the Joe Bergmans while her father was ill. Mr. Bergman says many thanks to all who remembered him with cards, gifts, and flowers during his illness.

Miss Jeanette Fisher had as guests for the weekend four of her classmates from St. Joseph's Hospital School of Nursing in Fort Worth: Misses Anna Grace Fette, Angeline Tuchon, Harriet Waring and Mary Ann Kelly.

MAKE FLYING PILGRIMAGE
Mr. and Mrs. J. W. Fisher, Joe Fisher, and Mr. and Mrs. J. M. Weinzapfel were among persons making a flying Marian Year pilgrimage honoring Our Lady of Guadalupe in Mexico City. The pilgrimage, arranged by the Fourth Degree Knights of Colum-

bus, ended Dec. 8 and officially closed the Marian Year. Pilgrims left from Carter Field, Fort Worth, Sunday.

Prevention Given Credit for State's Excellent Health

AUSTIN—"A high standard of community health is the best asset that a state can possess," said Dr. Henry A. Holle, State Health Officer, in speaking of the progress made in public health education since the first Thanksgiving Day was observed by our forefathers.

"The State of Texas has much to be thankful for this year," he said, "in the steadily increasing interest and cooperation of the people of the State in matters pertaining to their health.

"The control of the water and milk supplies, sewage disposal, vaccination against smallpox, immunization against diphtheria and whooping cough, food inspection, housing regulations, and many other measures have been spectacularly successful in reducing the killing power of a number of maladies that formerly took a terrific annual toll.

"Responsibility for success and advancement of a public health program lies not only with the health department, but also with the people who support and encourage the community effort put

forth and who apply in their own individual lives the knowledge which they have acquired.

"The individual citizen, to reap the benefits of good health must be more concerned about his own well-being than he is today. His program should involve a conscientious effort to abide by the simple rules of healthful and rational living.

"In short, when the private citizen fully appreciates the im-

portance of good health practice on his part, he will greatly enhance the efforts of medicine, surgery, and public health in his behalf."

Signs of the Times

"Where is the Cape of Good Hope?" the geography teacher asked.

"I don't know," replied Johnny. "I don't think we see it on our television."

Appointment In Samarra

By W. Somerset Maugham
Death Speaks:
There was a merchant in Bagdad who sent his servant to market to buy provisions and in a little while the servant came back, white and trembling, and said, "Master, just now when I was in the market place I was jostled by a woman in the crowd and when I turned I saw it was Death that jostled me. She looked at me and made a threatening gesture; and, lend me your horse and I will ride away from this city and avoid my fate. I will go to Samarra and there Death will not find me."
The merchant lent him his horse, and he dug his spurs in its flanks and as fast as the horse could gallop he went. Then the merchant went down to the market place and he saw me standing in the crowd and he came to me and said, "Why did you make a threatening gesture to my servant when you saw him this morning?"
"That was not a threatening gesture," I said, "it was only a start of surprise. I was astonished to see him in Bagdad, for I have an appointment with him tonight in Samarra."

Sign placed over the office drinking fountain: "Old Faceful."

IT HAPPENED 15 YEARS AGO

December 8, 1939

Burglars lose car and loot in hasty get-away from Shamburger Lumber Company. Christmas turkey program gets off to poor start at FMA. Al Walter has appendicitis operation. The Clem Reiters announce the birth of a son. Scrap iron thieves steal bases from several rural mail boxes in this area. Louis Mosser of Slaton, formerly of Lindsay, dies from injuries received in car accident. Muenster parish ends jubilee year with three-day retreat. City officials crack down on careless use of fireworks. Mr. and Mrs. W. T. Richter retire from farm work and move to town.

10 YEARS AGO

December 8, 1944

Boom activity in oil drilling is anticipated here as two tests begin and oil scouts are busy blocking acreage in the townsite. War ration board says truck tire situation is bad. J. W. Hess attends soil meeting at A&M this week. December comes in wet; rain falls constantly. Walter Becker and Ted Voth meet accidentally in a fox hole in the Philippines. T. P. Frost receives his service discharge from the Navy. Cpl. and Mrs. Paul Yosten of Jackson, Miss., are visiting here. Ferd Yosten is enroute home from India. Justin Hess of Camp Fannin is furloughing here. Looney McGowan tells homefolks that

he participated in the invasion of Palau and was then in Hawaii where he was greeted with 128 letters, five packages and scores of newspapers, representing mail of the past three months.

5 YEARS AGO

December 9, 1949

Early start on new building is goal of church committee. August Friske, 81, dies of heart failure Dec. 2. Tommy Gremminger, 22, dies after coming in contact with a live highline wire. Knights admit 39 candidates Sunday in district degree here. Harriette Otto is back at home after being hospitalized several weeks for polio. Ralph Esker has surgery. Lee Wolf wins 4-H national contest in tractor maintenance. John E. Surratt of Dallas is guest at Civic League and Garden Club meeting and is profuse in his praise for its cemetery beautification. Rev. John Walbe is in a hospital at Boonville, Mo., recovering from illness; while he's away Rev. Andrew Wewers is assisting with parish work. PFC Norbert Mages finishes training at Chanute Field, Ill., and is transferred to Eglin A.F.B. in Florida.

MRS. W. H. ENDRES HOSTESS TO GET-TOGETHER CLUB

The Get-Together Club held its regular meeting for December in the home of Mrs. W. H. Endres where members and two guests, Miss Theresa Luke and Mrs. Val Fuhrmann, enjoyed a progressive 42 series and refreshments of apple crunch pie with whipped cream and coffee.

Game winners were Mrs. Al Walter for high score and Mrs. Jake Pagel, consolation favor.

Mrs. A. J. Endres drew the door prize and Miss Luke received the guest gift.

During a brief business session members made tentative plans for their annual Christmas party and the committee in charge will announce the date and place in advance of the event.

WIESE FAMILIES HAVE REUNION IN GAINESVILLE

Mr. and Mrs. F. A. Wiese of Gainesville entertained their four sons and families at a reunion last week in their home following the arrival of their youngest son, Robert T. (Bobby) Wiese and his wife from Ogden, Utah, where he had been on duty with the Air Force. He has received his service discharge.

Others at the reunion were Messrs. and Mmes. Francis Wiese and children of Muenster, and Paul Wiese and daughter, and Leonard Wiese, all of Gainesville.

Bobby and his wife are making their home at 109 East Davis street. He will resume his work as telegrapher for the MK&T railroad, a position he held before he entered the service four years ago. Mrs. Wiese was a resident of Staten Island, N.Y., before her marriage.

CLUB MEETING MONDAY BASED ON YULE THEME

Members of the Muenster Civic League and Garden Club will meet Monday, Dec. 13, for a monthly business session and program in the home of Mrs. Dick Cain with Mrs. Cain and Mrs. M. J. Endres as co-hostess.

The program, directed by Mrs. J. M. Weinzapfel, will be on community holiday decorations, and members will answer roll call by giving a Christmas wish.

Blessed Events

Mr. and Mrs. Bernard Swirczynski are rejoicing over the arrival of their son, weight eight pounds eight ounces, a brother for Mary Jane. He made his debut at the Muenster Clinic Sunday morning, Dec. 5, at 2 a.m. and is also welcomed by his grandparents, Mr. and Mrs. Joe Swirczynski and Mr. and Mrs. Al Walter, and by his great-grandparents, the John Hartmans and John Walters. He is the Swirczynskis' 45th grandchild.

Mr. and Mrs. Doyle Hood of Bridgeport have announced the birth of a daughter, Oka Jeanette, a sister for Ruth. The baby weighed six pounds six ounces. Her daddy is a former coach of Muenster High school.

AT BIRTHDAY PARTY FOR COUSIN IN GAINESVILLE

Hal, Diane and Don Wiese were among little guests Friday afternoon at a party honoring their cousin, Nick Mosman III, in observance of his birthday.

Nickie was three years old Tuesday, Dec. 7, but his celebration came early while his grandmother, Mrs. Bill Gilmore was visiting in Gainesville.

Mrs. Nick Mosman Jr. entertained for her son at the family home and served birthday cake, ice cream and candy to 22 children and ten adults including Mrs. Clara Mosman, the honoree's other grandmother, and Mrs. Francis Wiese of Muenster. Party favors were toy cowboys.

The exciting new idea behind the motoramic Chevrolet

The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Maybe once in a car-buying lifetime, you come across something that breaks all the old patterns and establishes new ones. This is that kind of car. This is the true story of how Chevrolet and General Motors shaped a new idea in steel.

Like most good ideas, this one is pretty simple. Chevrolet and General Motors set out to build the first low-priced car that would:

- bring you the very freshest and finest styling to be had.
- bring you the most advanced engine design and engineering features.
- bring you the kind of performance and the kind of ride that have never been available before in a low-priced car.
- bring you the highest quality of manufacture and materials.

All this in Chevrolet's price field? That did take some doing! And isn't it logical that only Chevrolet and General Motors have the people, skills, resources and facilities, to carry out this exciting new idea? Here is how this new Chevrolet changes all your ideas about cars!

Real Show-Car Styling!

Your eye tells you the Motoramic Chevrolet is no styling "patch-up" job. A rakish, low profile . . . soft swiftness from its sleek rear fenders to its wide-eyed Sweep-Sight windshield . . . a new outlook for motoring. And that outlook doesn't change when you slip inside . . . exciting fabrics and trim are harmonized with the whole car.

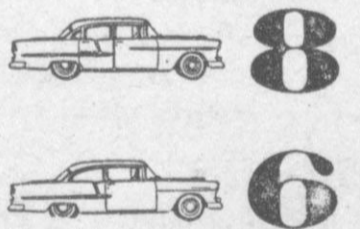

A Sensational Ride!

You live the new idea instantly . . . you glide . . . actually glide because spherical joints "roll with the punch" of the road in Chevrolet's new Glide-Ride front suspension. And outrigger rear springs mean new balance in turns . . . turns made so effortless by new ball-race steering. And when you stop suddenly, new Anti-Dive braking control checks that nosing down in front . . . you get "heads up" stopping. Tubeless tires mean much greater protection against blowouts. And with new high-level ventilation there's fresher air.

Power Beyond Compare!

You also feel the new idea quickly . . . quick power like a panther's paw with the new "Turbo-Fire V8" (162 h.p.) and two new "Blue-Flame" 6's. And sparking this performance is a 12-volt electrical system giving you better ignition, faster starting, greater electrical reserve for any of the power assists you might desire. You have a transmission choice of economical Overdrive and improved, automatic Powerglide (optional at extra cost) or standard shift.

Even Air Conditioning!

And if you desire the convenience of power assists (optional at extra cost) . . . you'll find new power-steering and improved power brakes on all models. Power-controlled windows and powershift seat are available on the Bel Air and "Two-Ten" models, while air conditioning may be added on V8 models.

Won't You Try It?

Marysville News

By Mrs. Herman Richey

Weekend guests in the home of Mr. and Mrs. Jess Davison were the E. W. Youngs and daughters Dixie and Mary Ann of Hereford and the C. E. Leasures and family of Amarillo. Joining this group on Sunday for a visit were the Virgil Youngs and baby, the Sam Duffeys and John Marcus Duffey of Fort Worth and the Owen Almons and Dick Lusters of Gainesville.

The Max Harrels of Sherman and the Bennie Wyatts of Grand Prairie visited in the Bill Moon home Sunday.

Mrs. Foster Davidson underwent surgery at Gainesville Sanitarium Monday.

Rev. and Mrs. Gene Hawkins and daughter Nancy of Fort Worth were guests in the Herman Richey home Sunday.

Boyd Ray Branch of Fort Worth and Thomas Dwaine Binford of Gainesville spent Saturday night with Mr. and Mrs. John Richey.

The Marysville Home Demonstration Club's annual Christmas party will be held Friday in the club building with Mrs. Marvin Doughty as hostess. There will be a gift exchange around a decorated tree.

MARYSVILLE CLUB HAS PROGRAM ON SAFETY

A program on safety entitled "Highway Safety Begins at Home" was the principal feature of the Marysville Home Demonstration Club meeting Friday afternoon. Mrs. Rafe McElreath was in charge.

Each member gave a suggestion for making Christmas decorations and plans were completed for the annual Yule party.

Mrs. Herman Richey directed recreation after business. Refreshments were served to those present.

Anniversary Party Honors Couple in Marysville Sunday

Mr. and Mrs. B. G. Lyons were hosts at an open house Sunday honoring her sister and husband, Mr. and Mrs. W. L. Young of Tyler who were observing their 50th wedding anniversary. The Youngs were residents of Marysville until 1945.

About 125 guests called and out of town persons registered from Muenster, Gainesville, Grand Prairie, Whitesboro, Amarillo, Tyler, Fort Worth, Dallas, Houston and Staton, Texas, Mangum and Duncan, Okla., and Compton, Calif.

Mr. Young is a retired farmer and rural mail carrier. He was born at Rockwell on Sept. 1, 1883, and moved to Marysville with his parents, the T. F. Youngs, when he was 11 years old. His wife, the former Miss Florence Sapp, is a native of Marysville where she was born Oct. 28, 1884, a daughter of D. H. and Millie Sapp.

The couple married on Dec. 4, 1904, at Marysville. They have five living children, two sons having died in infancy, and there are 10 grandchildren and 10 great-grandchildren. The children are E. W. of Hereford, Wayne E. of Tyler, Paul of Chandler, and Raymond E. Young of Houston, and Miss Evelyn Young who lives with her parents.

All of the children, eight of the grandchildren and four of the great-grandchildren were present for the celebration. The honorees received an assortment of lovely gifts from guests and a television set from their children.

GREAT OLD TEXAS

Texas: Where you catch mosquitoes in rat traps, rats in wolf traps, wolves in bear traps and the bears just started to get scared since the atom bomb was discovered. Where nine grapefruit make a dozen and lemons actually grow larger than grapefruit. Where Pecos Bill uses lightning streaks for a lariat, where goats give mohair than sheep, where space is just something to be conquered by speed, where the size of a fish is measured by the distance between its eyes, where everything is either the biggest or the best, usually both, or not mentioned at all, unless it is the worst.

TEXAS, CATTLE EMPIRE

Texas still is the nation's cattle empire. A survey shows Texas has more than 8 and a half million cattle, or approximately one beef animal for every person in the state. The tremendous cattle population accounts for about 40 per cent of total cash receipts for farming in Texas.

THE STATE OF TEXAS
County of Cooke
In the Name and by the Authority of The State of Texas

To: J. W. Brown, whose residence is unknown, the heirs and legal representatives of J. W. Brown, if deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, corporation, and the unknown stockholders of said corporation and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes. YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 16th Judicial District, Cooke County, Texas, wherein State of Texas & County of Cooke are plaintiffs; and J. W. Brown is defendant, by the filing by said plaintiffs of a petition on the 24 day of Nov., 1954 and the file number of said suit being No. 530 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to wit: Lots 7-8-9, Block 30, 100 feet by 150 feet, in the town of Myra, County of Cooke, State of Texas together with

interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon. The amount of taxes due plaintiffs, inclusive of interest, penalties and cost is as follows:

STATE COUNTY TOTAL	\$89.60
	\$95.49
	\$195.09

The names of all taxing units which assess and collect taxes on said property are made party to this suit.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of is-

suance hereof, the same being the 10th day of January, A.D. 1955 (which is the return day of such citation), before the Honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all

interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 24th day of Nov., A.D. 1954.

If this citation is not served within 90 days after its issuance, it shall be returned unserved.

Woodrow U. Clegg
Clerk of the District Court, Cooke County, Texas, 16th Judicial District.

Bulcher News

By Mrs. R. J. Samples

Bulcher citizens have finished painting the floor at the community building where more painting and improvements are expected to be done in the near future.

Patsy Carrico of Saint Jo spent Tuesday night with Jo Ella Prather.

Belva Jean Samples spent Friday night with Maydell Cole at Saint Jo and accompanied the Saint Jo high school chorus to Wichita Falls Saturday.

Mrs. Joe Rich and children of Illinois Bend visited her parents, the O. W. Cannons Sunday.

Mrs. Sam Williamson spent several days of the past week in Pilot Point with her daughter and family, the Hardy Burkes.

Teddy H. Cannon of the U.S. Navy, who was on leave to visit his wife and his parents, the O. W. Cannons, left Sunday for his base at Norfolk, Va.

Jim Dennis of Wichita Falls visited his daughter and family, the Calip Cannons and his brother Bailey and family during the weekend.

Lindsay News

Cpl. Wilfred Hess had a three day pass last week and spent it with his parents, Mr. and Mrs. John Hess.

Joan Friske is back at classes at AMI Academp in Wichita Falls after a weekend visit with her parents, the Martin Friskes.

Lawrence Zimmerer is recovering at home from major surgery performed at Gainesville Sanitarium on Nov. 18. He wishes to thank all who remembered him with visits, cards, flowers and other kindnesses during his illness.

MR. AND MRS. JOHN HESS OBSERVE ANNIVERSARY

Mr. and Mrs. John J. Hess observed their silver wedding anniversary recently with a buffet supper in their home. Their daughter, Mrs. Julius Metzler, and daughter-in-law, Mrs. John Louis Hess, were hostesses to the 30 guests who attended.

Mrs. Metzler gave a musical program on her accordian.

The honorees have six children who were present for the occasion: John Louis Hess of Muenster, Cpl. Wilfred Hess of Fort Hood, Mrs. Metzler, Alfred Hess, Wanda and Dolores Hess.

Mrs. Hess is the former Miss Edna Bischoff of Louisville, Ky., where the couple married on Nov. 27. They lived there about three years then moved to Muenster and were at home there until about a year ago when they moved to Lindsay.

LINDSAY 4-H CLUB GIRLS AND BOYS HAVE MEETINGS

Boys and girls of Lindsay's 4-H clubs held their regular meetings on Dec. 2 with Gene Sears, assistant county agent present at the boys' session and Miss Bernice Puckett, home demonstration agent, in charge of the girls' meeting.

Miss Puckett gave a demonstration on candy making for Christmas and told the girls what attractive gifts homemade candy make. She distributed recipe sheets.

Four-H calendars, given by the Gainesville National Bank, were distributed to both groups.

The girls closed their meeting with a sing song for which Judy Schmitz played the piano accompaniment. Adult leaders, Mmes. Joe Bengfort, Nick Block and Tony Voth were present.

The boys were shown slides on how to select a calf for the fat stock show and discussed this event which will be held sometime in April.

JAWS OF FREEDOM—French sailors help refugees drag their sampan through the gaping jaws of a navy landing craft off Van Ly, in northern Red-held Viet Nam, as thousands of Buddhist and Catholic refugees flee oppressive rule of their Red conquerors in a mass attempt to reach sanctuary in southern Indo-China.

Powdered Milk

move the powder into a soaking machine, and an array of delicate controls for every phase of the operation. Like a drum dryer it will produce a gob if the rate of feed is too fast, but it will not scorch when the rate is too slow. It just loses time.

The capacity of the machine is about 800 pounds of powder per hour, requiring about 3200 pounds of condensed milk which originally required about 8000 pounds of whole milk.

Starting the process at the beginning, milk first goes through a cream separator. Skim milk then goes through a condenser which reduces it to 40 per cent solids. The condensed milk fed through the spray dryer is then reduced to powder.

With two condensers in operation the plant can produce twice as much condensed milk as the spray dryer will handle.

Hence that product is fed into a storage tank from where it is either marketed or powdered. If to be marketed it is run through a cooling unit before going into a delivery tank truck or cans. Otherwise it goes directly into the spray dryer.

Addition of the new unit makes it possible for the plant to market its fifth variety of dairy product. Cheese and cream were produced for years, the cream being that portion removed all along to reduce milk to the proper content of butter fat for making cheese. A few years ago a condenser was added to process whey into a marketable product.

Since NTPA took over the plant a year ago another condenser was installed and the old unit improved for condensing milk. And now the powdering machine.

Next in line is the installation of a large churn, already purchased and delivered, for converting cream into butter. With facilities to make all these products the plant management has hopes of gearing its operations to the most attractive markets. When cheese best it will get preference. The same applies to condensed or powdered milk. Likewise the market will decide whether cream will be sold as such or made into butter.

The powdering unit and churn also solve storage problems for the plant in case of emergency. Powdered milk and butter are easier to keep than condensed milk or cream.

Addition of these products, as well as increasing plant capacity, was an objective of the NTPA since starting its \$350,000 expansion program promptly after buy-

Confetti

ard. Which means that, reluctant or otherwise, the administration will have to cooperate in investigations and let the chips fall where they will.

After all, that's what the millions of Americans really want... to get rid of the reds no matter whom the procedure exposes as a traitor or a sucker.

F. E. Schmitz Quits Dodge Agency, To Be Independent Dealer

F. E. Schmitz, who had previously announced his intention to give up his Dodge-Plymouth agency in Gainesville to become an independent new and used car dealer, announced last week that he has completed arrangements for transfer of the Dodge franchise to Ed Ivey and Jerry Menegay, former Dodge dealers in Harlingen.

The transfer includes an agreement by which the new agency will take over the same location with repair stock and shop equipment.

According to the original agreement with Dodge Motor Company Schmitz was to give up his franchise on Dec. 24. He will remain the dealer until that date as far as the company is concerned, he said, however he has already turned the location over to the new owners.

Since then he has started his new business in his new location in a newly built modernistic office at 304 West California. Signs, lights and improvements to the adjoining car lot will be added soon.

Schmitz said he quit the dealership because too much of his time and attention were being taken up by shop work whereas he prefers the sales end of the car business. Under the new arrangement he intends to sell new cars of all makes along with late model used cars.

Employees of the former organization remaining with him are Jim Baldwin, Kenneth Butts, Albert Kubis, Coy Shaw, Ted Norman and Mrs. Clifford Otto.

Mr. Ivey of the new Dodge dealership has had 20 years of experience with the Dodge line, half of it as a factory representative and half as a dealer. His partner, Mr. Menegay has spent eight years with Ivey at the Harlingen dealership. Others due to move to Gainesville from Harlingen are the service manager, Bob De Curtins and the office manager, Miss Myrtle Goodloe.

MHS Basketball

gave their visitors stout competition for a score of 29-17 at the third quarter, but dropped behind decisively as Slidell put on a sharpshooting splurge in the last frame. Progress of the game by quarters was 8-4, 19-9, 29-17 and 47-25.

Hornet scoring honors were shared almost equally by five players. Richey had 6, Trubench and Hallmark 5 each, and Dougherty and Cain 4 each. Burke of Slidell was top notcher with 14.

Slidell girls are not in a class with their boys and went down in a 54-24 decision before Homsley's Hornettes despite B string competition through much of the tussle. Score by periods was 13-0, 20-4, 33-12 and 54-24.

Rita Cain had a big night for

a total of 27 points, Haverkamp scored 9 and Butler 8.

A premium game following the scheduled double header was a scrimmage session between reserves of the two boys teams. Starters of the previous game went to the showers and the others played a quickie of 6 minute quarters. According to the scoreboard Muenster won 28-20, but there are no scorebook records to substantiate the figure.

Next on schedule for the MHS teams are Forestburg here Friday night, beginning at 7:30, and Alvord there next Tuesday night. Forestburg teams are expected to be in top form and enjoy a slight advantage after practicing since September. Alvord teams, after taking time out for football, will be in a class with Muenster.

Another contest, just scheduled, is a double header for the A and B girls' teams Thursday night at Nocona.
