

# MUENSTER ENTERPRISE

VOLUME XVIII

MUENSTER, COOKE, COUNTY, TEXAS,

SEPTEMBER 10, 1954

NUMBER 42

Even though President Eisenhower and the State Department do not agree, Senator William Knowland of California has a lot of sentiment in support of his suggestion that this country break off its diplomatic relations with Russia. America is getting pretty much fed up with the official Soviet insolence that follows each incident of international banditry committed by trigger happy red fighter pilots.

With a good deal of logic Knowland and others maintain that there is no point in maintaining diplomacy with a mob of unscrupulous lying criminals who use the relationship only as a means to heap insult on injury.

Of course, the president has his point too. The presence of representatives behind iron curtain countries can be of at least some value to us in spite of the complete absence of the respect and courtesies to which they are entitled. It could be noted also that an ambassador is usually withdrawn only in case of war, a move which would not be in harmony with our widely professed intention to make every effort at avoiding a conflict. Perhaps the president is right. By continuing this most undesirable one sided relationship we can do our little bit toward preserving world peace.

On the other hand perhaps Knowland is right. It may be high time that we started doing a few things to convince the Kremlin scoundrels that we have no intention of showing them any more of the respect usually accorded to civilized people. If they choose to act like criminals they fully deserve to be ostracized.

There are practical considerations as well. The little we gain, is offset a hundred times in the exchange of diplomats. Our representative is practically a prisoner in every iron curtain embassy. He is constantly spied upon. He has little freedom of movement. The information he gathers is confined almost entirely to the reports his hostile hosts want him to get. And when it comes to his normal diplomatic duties he gets far more obstruction than cooperation. Intelligence sources working with the iron curtain underground are much more valuable to us.

Meanwhile the communist embassies here are allowed every courtesy and freedom consistent with our nation's ideals. A circumstance to which they treacherously respond by making their offices the headquarters for nation wide subversion and espionage. By kicking out every one of the dirty double crossers this country could accomplish the two-fold purpose of breaking the principal channel of espionage as well as the principal channel of subversive influence. Those so called diplomats, more properly identified as criminal henchmen, are only using their offices as a front. Their real job is to export vital information and to import social and political troubles. They are the master minds behind all the spies and all the red rabble rousers operating in this country.

This isn't a claim that booting them out would stop all our communist inspired troubles. But it would eliminate the principal channel through which those troubles flow.

For that matter, there's a lot of merit also in General Clark's recommendation to blast the UN wide open. Red representatives in that outfit are equally active in doing the Moscow dirty work. At the same time they are nothing but obstructionists in the business of managing orderly and peaceful world relations. All countries would be better off if the red representatives to the UN were officially declared the international outlaws that they really are and decent people were reorganized into a harmonious and determined alliance dedicated to the extinction of this menace to mankind.

Official policy of this country says it does not believe in this attitude. It prefers to go on trying to get along with the red countries separately and in the UN while admitting at the same time that it does not expect its confidence to be justified. It tried hard to work out an anti-communist alliance in Europe and was double crossed by France. It is trying now to organize another

(Continued on Page 8)

## SCS Invites Bids For Construction Of No. 5 Reservoir

Construction on the fifth and largest detention reservoir in the Elm creek flood control system is due to be under contract in less than three weeks.

Under date of August 26 the Soil Conservation Service headquarters at Temple sent out invitations for bids on Site No. 5, located on the H. D. Fields farm about 3 miles southeast of Saint Jo. The bids are to be publicly opened and read on Sept. 27.

The Fields reservoir is at the head of Elm creek, drains a watershed of about 8000 acres, and will have a permanent pool of about 80 acres. Sites 1, 2, 3 and 4, which are already under contract, are considerably smaller and are located on tributaries draining into Elm.

According to specifications prepared by the SCS office the major items of work on the No. 5 reservoir include clearing 46 acres, excavating 36,700 cubic yards, placing and rolling 282,000 cubic yards of embankment, placing 18,000 square yards of topsoil on earth spillway, building 55.75 cubic yards of concrete, furnishing and installing 240 feet of reinforced concrete pipe and 80 feet of galvanized metal pipe, and building 5,478 feet of wire fence.

Work is to be finished within 225 days from receipt of notice to proceed.

## Parade, Pep Rally Set for Thursday

A parade and pep rally by members of the band and pep squad Thursday night will usher in the 1954 football season at Muenster High. The event is intended to serve the double purpose of a rehearsal and a pepper upper for the game with Whitesboro at Gainesville Friday night.

Band and pep squad members will begin their parade from school at 7 o'clock. Down town they will give several tunes and yells, then march back to school for practice on their half-time act.

## WITH THE MEN IN SERVICE

### Get Overseas Orders

Marine PFC Jerry Hoenig called his parents, the Joe Hoenigs, Thursday morning from Camp Pendleton, Calif., to tell them that he and Murlin Joe Evans were to board ship Friday and were scheduled to sail on the 14th. They're going to Korea.

### To Virginia After Leave

Pvt. Gilbert Bindel left Wednesday ending a leave after completing eight weeks of basic army training at Fort Bliss, El Paso. His next assignment will take him to Fort Lee, Va., to a supply record school. While here he was visiting his parents, the Frank Bindels and family.

### Complete Leave

M.Sgt. and Mrs. Jack Needham and three children left Tuesday for Lake Charles, La., where he will be stationed with the Air Force, after spending a leave here with his mother, Mrs. Ruth Needham.

### Assigned To Labrador

Cpl. Roy Baumhardt, formerly stationed at San Antonio with the Air Force, is at a port of embarkation in Massachusetts getting ready to go to Labrador where he'll be stationed near the North Pole for the next 18 months. He spent his overseas leave in Wichita, Kansas, with the Lawrence Baumhardts and Ernest Webbs while his mother, Mrs. Callie Baumhardt, was visiting there.

### Two End Overseas Tour

Tommy Knabe and Melvin Schumacher both reached Fort Bliss this week after ending their overseas tours—Tommy in Korea and Melvin on Okinawa. Both called family members Tuesday night to say they expected to be home this weekend.

### Holiday Weekend Leave

Pvt. Larry Walterscheid of Fort Bliss spent the holiday weekend here with family members. He is in the enlisted student detachment studying guided missiles.

## District 10-B Heads Decide Policies for '54 Football Season

Superintendents and coaches of the seven schools included in Interscholastic League District 10-B met in the Muenster High School Wednesday night to decide on uniform mutually agreeable policies during the coming football season.

After a dinner served at 7 o'clock by the Muenster home-making class the group met in the library with Superintendent Virgil Lee Welch of Callisburg presiding as district chairman. Schools represented were Muenster, Saint Jo, Callisburg, Era, Valley View, Sanger and Alvord.

Principal points of agreement reached were as follows:

Each school will grant free admission to the visiting school's pep squad and band members when those members are identified by their sponsors.

Admission prices to all games will be 60 cents for adults and 30 cents for children.

Games prior to Oct. 22 will begin at 8 o'clock. Games on that date and after will begin at 7:30.

In case of a tie the winner will be determined on the basis of penetrations and first downs as kept by the officials. By mutual agreement schools may also keep a yardage record for consideration in case penetrations and first downs are also tied.

Each team will contribute toward three trophies, for the district champ, the runner-up and the most sportsmanlike team. Players of each school will vote their first, second and third choices for sportsmanship and the district meeting will tabulate their votes on a 3-2-1 basis to determine the award.

## Dallas Firm Gets Contract to Build 2 Detention Dams

Vilbig Construction Company of Dallas was the successful bidder for a contract to build the No. 3 and No. 4 detention reservoirs on the Elm Creek watershed, according to an announcement sent out last week by state headquarters of the Soil Conservation Service at Temple.

Site No. 3 is the Grant farm about 5 miles west of Muenster. With a watershed of 2500 acres, it will have a permanent pool of 24 acres and will require 26.5 acres of clearing and 129,000 cubic yards of dirt fill.

Site No. 4 will have its dam on the Deusman farm about 4 miles southwest of Muenster and will back water to the Jap Coursey and Roy Huchton farms. It drains a 1200 acre watershed and its permanent pool will cover about 12 acres. It will require about 10.5 acres of clearing and 81,500 cubic yards of dirt fill.

It has not been announced at this time when work will begin on the two jobs, but the contract requires that both be completed within 190 days from receipt of notice to proceed.

## Weinzapfel Named District Master of 4th Degree Knights

J. M. Weinzapfel has been appointed Master of the Fourth Degree Knights of Columbus District 3 in Texas. He received the appointment during the past weekend in a letter from Supreme Master William J. Mulligan of Hartford, Conn.

The district, which is the same as the Dallas-Fort Worth diocese has assemblies at Muenster, Dallas, Fort Worth, Wichita Falls and Longview.

Weinzapfel joined the Knights of Columbus in 1914 and has been a Fourth Degree member since 1925, serving in some local, district or state office ever since he was a member. He headed the local Fourth Degree assembly as faithful navigator since it was organized ten year ago until this year when J. W. Fisher was elected as his successor.

O. A. Gray of Bowie, who used to be a frequent visitor while his son-in-law, Gene Carter, worked at the Enterprise, was in town Wednesday. He says Gene is keeping busy and doing fine as co-owner of the Baylor County Banner at Seymour.

## Tiger Coach Sees Fair Season But No Title Prospect

The Sacred Heart High Tigers, district champs of the Academic League in 1953, are poor prospects to cop the title again, but they will be playing some good football and probably win a few games.

That's the opinion of Father Christopher Paladino after two weeks of practice, including a couple of scrimmage sessions with the Muenster High Hornets. In both of those tussles the Tigers looked good in spots but they have a long way to go before working out the efficient unit that Father Christopher and his assistant, Julian Walterscheid are working for.

At this time the coaches can name only a few players as cinch members on the team. Herr and Hofbauer are present stalwarts in the backfield and Hennigan and Sylvan Walterscheid are the mainstays up front. Carl Walterscheid, another good prospect for the backfield, is slowed down at least temporarily by an injury.

That leaves lots of open places in the team, and quite a lively contest among the thirty odd youngsters who are competing for the positions.

With more than a week of practice ahead, Father Christopher has hopes of getting his talent well placed and being set for his season opener with Nocona "B" on the 16th.

## Building And Improvement Notes

Progress on three new homes for Mrs. Joe Felderhoff, J. H. Bayer and Albert Rohmer... is running neck and neck this week. All are finishing outside work and about ready to start on inside finishing. The Rohmer and Felderhoff houses are 2-bedroom jobs with attached garages. Bayer's is a 3-bedroom house and attached garage.

J. W. Fleitman is waiting for carpenters to go on with his new home. He has most of the cement work finished.

Meinrad Hesse is well started on a remodeling job that will add one room to his house, enlarge other rooms and make several other interior improvements.

Other improvements are new asbestos siding for the Anna Hellman and Isabell Fette houses, also new siding and an awning at the Muenster Beauty Shop.

Farm buildings under way are barns for Alex Lutkenhaus and E. A. Thompson and a poultry house for Albert Reiter.

## NEWS OF SICK AND INJURED

Word from Sister Anselma this week is that she is improving steadily. This message came from her in a telephone conversation with Sister Carmelita. She said she is making progress toward recovery but will be confined to St. Paul's Hospital for a few more weeks.

Marcia Cler, 6, daughter of the Werner Cler, received medical care at Gainesville Sanitarium this week.

Burt Hamric is nursing a badly crushed left thumb since Saturday morning when he hurt it in an oil field accident. Surgery, to save the thumb, was performed at the Muenster Clinic and Burt was a patient there until Sunday morning.

## Irvin Poff Guest Speaker at Garden Club Open Meeting

Muenster Civic League and Garden Club, resuming meetings Monday, Sept. 13, after being disbanded for the summer, will present Irvin Poff, Soil Conservation Service soil scientist, as guest speaker. His talk will be on local soil problems.

Because the address is of general interest the meeting will be open to the public and club members invite men as well as women to attend. The talk is scheduled for 8 p.m. in the public school lunch room.

## Caution Pays off; Variety Store Fire Confined to Can

Caution paid off for Tony Luke Tuesday. He feels certain that a metal can in which he kept a box of matches prevented a serious fire in his Variety Store.

When he opened the place Tuesday morning he found a haze of smoke and a smoke odor. He spent some anxious minutes looking for the source of fire, thinking it was a blaze just starting, until he found the blackened can with a small heap of ashes inside. Wall paint beside the can was blistered and paper about a foot above was charred. The can was cool by then and the blistered wall was barely warm, indicating that the fire had started some time before.

Luke feels certain that the metal container kept the fire from spreading and very likely saved the store. He has no idea what set off the matches unless it was a nibbling mouse. The can did not have a lid.

## Hornets to Meet Tough Foe Friday In Season Opener

What is very likely to be the toughest assignment of this season awaits the Muenster High Hornets Friday night when they clash with Whitesboro's Bearcats in Leeper Stadium at Gainesville.

As far as team classification is concerned, at least, Whitesboro is definitely the most potent foe on the Hornet schedule. Not only is it a Class A outfit but, if reports reaching here are dependable, it is due to get into a Class AA circuit next year. Furthermore, it is expected to be a strong contender for top honor in its district this season.

Aside from those general facts little is known of the Bearcats around here except that oversize pile-driving Sapp and speedster Winchester, who dished out plenty of grief for the Hornets last year, will be back at their old ball toting assignments. Also that the whole team showed up quite nicely in a scrimmage session with the Gainesville Leopards last week.

In spite of the odds Coach John Hosea isn't selling his Hornets short. He proudly admits that he has a good group of boys... but they have a big job ahead in correcting faults and developing a smoothly coordinated team.

A scrimmage with Father Christopher Paladino's Sacred Heart Tigers last Friday night revealed weaknesses which are receiving attention in an intensive practice program this week. If hard work will bring the solutions Hosea and his charges will be ready to give a creditable first game performance.

The big Hornet problem is to build a strong forward wall almost completely out of last year's reserves, some with very little experience. Trubenbach and Klement had lots of action in '53 but the others had only a limited time of it. The starting line, as reported by Hosea will be Dougherty and Harris, ends; Milner and Klement, tackles; Hallmark and Fisher, guards; and Trubenbach, center.

If that combination clicks, the Hornets should do all right, because the starting backfield is the same quartet that hit its stride at the tail end of last season. That's Noggler, Richey, Whit and Moon. They can be expected to do all right unless their team mates up front have too much trouble with the Bearcats forwards.

One handicap will be shared by the teams. Both coaches are new and haven't had a great deal of time to get acquainted with their men. And even there the Whitesboro skipper has the edge. He's George Regan, at Saint Jo last year, and he knows quite a lot about the Muenster boys. All Hosea knows about the Bearcats is what he has seen in the papers.

## GOOD GRADES PAY OFF

A three year scholarship was the pleasant surprise received by Mildred Fisher August 31 when she entered the school of nursing at St. Joseph's Hospital, Fort Worth. After she had enrolled she was informed that she qualifies for one of the school's scholarships, which are awarded on the basis of scholastic excellence through high school.

## F-M Road North of Muenster to Get 5 Mile Extension

A five mile extension to the F-M road north of Muenster was practically assured Friday of last week when an engineer of the state highway department met with members of the Cooke County commissioners court. Commissioner John B. Klement told about the pavement extension Tuesday at a meeting of the Lions club. All members of the court were present for the meeting and dinner.

County Judge Shelby Fletcher and the commissioners advised that the county is due to get 17 miles of F-M road out of the state's next appropriation, and the pavement is divided into four projects. The North Muenster road will extend to Valley Creek, another will go from Callisburg to Walnut Bend, one will go from Gainesville to the Girls Training School and the fourth will be an extension on the Burns City FM road.

The commissioners also discussed the proposed 30 cent tax raise to provide funds for more extensive road improvements and flood prevention. The proposal, which was defeated in a county election, has been re-submitted on a petition with a sufficient number of names to warrant another election, the date of which will probably be set in the next regular meeting of the commissioners court. If approved it will allow the county to take up a tax which had been dropped by the state in 1951.

The tax is intended to raise funds for F-M road right-of-way, for building lateral roads and for flood control.

Judge Fletcher said the tax, if approved, will provide funds for extensive improvements and it's up to voters to decide whether they want them.

## VFW Auxiliary Has Activity Scheduled

Members of the VFW Auxiliary, meeting Monday night, made plans for coming activity including a style show, initiation of new members and the sponsoring of an essay contest.

Other business consisted of a vote by members to contribute fifty cents each to McKinney V. A. Hospital, and a decision to pay one needy child's lunch bill for a month at each of the local schools.

Date for the style show is Sept. 29. It will be held in the public school auditorium. The essay contest will be open to English students at both local schools and cash prizes will be \$5, \$3 and \$2 for the three best entries. The national prize is one thousand dollars. Mrs. Maurice Pagel accepted chairmanship of the project and is working out details with local English teachers.

The initiation will be a feature of next month's meeting.

## GETS SCHOLARSHIP

When Ella Dell Starke returned to St. Anthony's Hospital School of Nursing in Oklahoma City last week after a month's vacation with her parents, the Joe Starkes, she found a two-year scholarship waiting for her. This will carry her through her training. She received the scholarship for being a deserving student and for her excellent grades during her first year.

## MHS PEP SQUAD ORGANIZES

Muenster High school pep squad has reorganized for the current term and this week named its cheer leaders. They are Joyce Wiesman, senior; Queenie Homsley and Wanda Richey, juniors; and Marcy Klement, sophomore. Mrs. Bill Searcy and Mrs. H. H. Homsley are coaching the squad.

## SCHEDULE OF COMING EVENTS

FRIDAY, Sept. 10, Football, Hornets vs Whitesboro at Gainesville.

FRIDAY, Sept. 10, CDA meeting, in the K of C Hall, 8 p.m.

MONDAY, Sept. 13, Garden Club meeting, open to the public, in the public school lunch room at 8 p.m.

THURSDAY, Sept. 16, SHHS Tigers vs Nocona "B", here.

Mrs. F. M. Shiflet of Pilot Point spent the weekend with her daughter, Mrs. J. W. Fletcher.

R. M. Zipper attended funeral services in Pilot Point Friday for August Michalek. He went with his sister, Mrs. Mary Berend and her daughter, Mrs. Joe Haverkamp of Gainesville.

Mrs. Callie Baumhardt returned Tuesday afternoon from a four-week visit in Amarillo and Wichita, Kansas, with her children. In Amarillo she was the guest of her son Ralph and family, and in Wichita she visited the Lawrence Baumhardts, and Bertie Lou and her husband, the Ernest Webbs. Here Cpl. Roy Baumhardt joined them for a visit before going overseas. He spent his leave time there before reporting to a port of embarkation.

### Local News BRIEFS

Clarence Matula is living at Coleman now. He's working there for T&O Drilling Co.

Gene Schoech, Gerald Pels, Ray Luke and Ray Zimmerer are at Subiaco, Ark., where they are students. They left Sunday in company of Mr. and Mrs. Andrew Schoech who took them to Subiaco and continued from there on a week's vacation trip. Gerald and Gene are off at school for the first year and are freshmen at the Academy. The other two boys are continuing classes.

Phyllis Schmitt, Charlene Hellman, Georgia Ann Bayer and Dolores Reiter entered the junior-ate at Holy Angels Convent this week. Charlene's parents, Mr. and Mrs. Charley Hellman, took the four girls to Jonesboro by car, leaving early Monday morning. They were accompanied by Mrs. Al Eberhart. Phyllis is the daughter of Mr. and Mrs. Eddie Schmitt, Georgia Ann's parents are Mr. and Mrs. George Bayer, and Dolores is the daughter of Mrs. Hilda Reiter.

Miss Floradell Endres of Fort Worth spent the holiday weekend here with her parents, Mr. and Mrs. R. R. Endres and family.

#### RETURN FROM 6000 MILE TOUR OF U. S. AND CANADA

Mr. and Mrs. Lou Wolf and daughters LuRena and Charlotte spent their vacation this year on a car trip through several states and Canada. They drove more than 6000 miles in three weeks.

Their first stop was in El Paso where they visited their son, Pvt. Roger Wolf at Fort Bliss and he joined them on a two-day trip into Old Mexico. From there they drove to California where they were guests of her sister, Mrs. Pauline Harris in Hollywood and did extensive sight-seeing. In Ione, Wash., they visited his brother, Ed Wolf, and then went into Canada, being ferried over with their car. After more sight-seeing they returned to Idaho and visited the Charlie and Leo Schmitts at Bonners Ferry.

They also stopped at Camp Hanford to see Donald Lehnertz and he went with them to several places where Roger and Mitchell Wolf had worked summers in the harvest fields, and visited Quintin Lehnertz at Washtucna.

Returning home they stopped at places of tourist interest in Montana, Wyoming and Colorado. At Las Cruces, N. M., they visited with Junior Crawford and his wife and their three children, two boys and a girl. Junior has a flying school, instructs Korean war veterans, and also grows cotton on irrigated land. He took the Wolf family for airplane rides—so their trip included travel on land, water and by air.

### Blessed Events

Mr. and Mrs. D. C. Jones welcomed the arrival of Cathrine Louise, a sister for Johnny, on Tuesday, Sept. 7, at 1:35 a.m. at Bethania Hospital in Wichita Falls. The little girl weighed in at nine pounds seven ounces. Her daddy is associated with J&L Supply company here.

Mr. and Mrs. Herman Stoffels announce the birth of an eight pound one ounce daughter, their fifth girl, at the Muenster Clinic on Monday, Sept. 6, at 4:20 p.m. The William Sandmanns of Lindsay and Nick Stoffels are the grandparents.

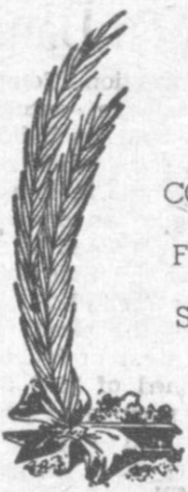

Mr. and Mrs. Leon Krebs are the parents of a son, their first child, born Wednesday night at Gainesville Sanitarium. The nine pound five ounce boy is the grandson of Messrs. and Mmes. Al Fleitman, Muenster, and Frank Krebs, Gainesville.

Mr. and Mrs. Junior Landers of Forestburg announce the birth of a daughter, weight six pounds eight ounces, at the Muenster Clinic on Wednesday, Sept. 8 at 6:15 p.m.

**Ruth Lee Fisher, Max R. Rumelhart Marry Here Sunday**

Miss Ruth Lee Fisher, daughter of Mr. and Mrs. John A. Fisher, and Max Richard Rumelhart, son of Mr. and Mrs. Al Rumelhart of Metaline, Wash., exchanged marriage vows Sunday evening during a nuptial mass at five o'clock in Sacred Heart church. Rev. Edward Devers of Fort Worth performed the double ring ceremony and read the mass.

Given in marriage by her father, the bride wore an original model gown of white chantilly lace and tulle over satin. The bateau neckline was outlined in applied petals of the lace and embroidered with seed pearls; the sleeves were long and tapered. The very bouffant skirt had a lace overskirt, the back interest being rows of tulle ruffles falling to a demi-sweep train. Tiers of tulle dust ruffles extended to carpet length from the lace skirt worn over hoops and crinolines.

Her circular veil of illusion was attached to a seed pearl headdress and her flowers were a cascading bouquet of white roses. Her pearl earrings were a gift from the groom and she carried a crystal rosary. For something old and borrowed she wore her maternal grandmother's, Mrs. Ed Schmitt's engagement ring. It is 52 years old.

**Attendants**  
 Miss Jeanette Fisher of Fort Worth was her sister's maid of honor, Mrs. Clyde Fisher, a sister-in-law, was matron of honor, and Misses Rosemary Fisher and Mary Rumelhart, sisters of the couple, were junior bridesmaids.

They were attired in identical carpet-length princess gowns of royal-rose iridescent taffeta styled with scoop necklines and short sleeves. Their sashes at the natural waistline tied in bows at the back simulating a bustle effect. Their brow veils were attached to corded taffeta headpieces and they wore white gloves. Their flowers were colonial bouquets of pink roses.

Eugene Rumelhart attended his brother as best man and Jack Gilligan of Tacoma, Wash., and Francis Fisher and Paul Rumelhart brothers of the couple, were groomsmen. Clyde and Johnny Fisher ushered.

Traditional nuptial selections were presented by Anthony Luke, organist, who also accompanied

—Gilbert Studio Photo

Mrs. James Behan of Fort Worth, vocal soloist.

Mass servers were Harvey Schmitt, Joey Schmitt and William Fisher.

The altar before which the couple exchanged their vows was adorned with arrangements of pink gladioli and fern. Similar arrangements held vantage spots in the sanctuary space.

Immediately after the double ring ceremony, preceding the mass, the couple went to the Blessed Virgin's shrine where they knelt to recite an act of consecration and the bride placed a basket of white carnations and fern at the feet of the statue.

**Reception and Dinner**

Guests attending the post-nuptial reception in the Fisher home were received by the parents of the bride and groom and the bridal party. Other members of the house party included Misses Mildred and Clara Fisher and Mary and Judy Trubenbach.

Pink and white roses decorated the home. The bride's table, laid with a cut-work linen cloth, held the huge three-tiered wedding cake encircled with rose buds and fern. White tapers burned in crystal holders. Miniature white wedding bells with pink rose buds as clappers, and white satin bows further adorned the board.

A banquet menu was served buffet style on the lighted lawn in a garden setting to 125 guests.

Mrs. Fisher attended her daughter's wedding in a navy blue two-piece suit with powder blue velvet hat and other accessories in

black. Mrs. Rumelhart, mother of the groom, wore a brown ensemble with green velvet hat and other accessories in brown. Both had shoulder corsages of purple-throated orchids. Mrs. Schmitt, grandmother of the bride, wore a dark floral print dress and had a corsage of pink carnations.

Weinzappel of Dallas, Mr. and Mrs. Al Rumelhart and family, Viola Bezner, Anna Grace Fette and Mr. and Mrs. James Behan of Fort Worth, and Mrs. Louise Wilkins of Forney.

**ATTEND FAMILY REUNION**

Mr. and Mrs. Clarence Hudspeth and children Peggy, Butch and Clarence Eugene from here and their daughter and husband, the Johnny Bartholds and son Bobby of Valley View attended an all-day reunion of the McCool and Phillips families Sunday at the Community Center building in Gainesville. Everyone brought covered dishes for the noon meal. Eighty-one family members and ten friends attended the celebration.

## CHALLENGE TO SCHOOLS

Thirty million American boys and girls are entering school this month. They are the luckiest boys and girls on earth. They have the greatest measure of freedom and the greatest degree of economic welfare of any children anywhere. In spite of the many things that need to be corrected or improved in our school system, these millions of young Americans have the best educational facilities in the world, and during the school year they will eat better, be clothed better and will enjoy more childhood pleasures than children anywhere else have enjoyed at any time in human history.

But do our American boys and girls entering school this month really know how lucky they are? My feeling is that only a very small percentage do. One of the major responsibilities of our school system is to see that every child gets well acquainted with the facts about the blessings of American citizenship. And this responsibility must be accepted and carried out not merely by our school administrators and teachers but by the parents too.

### Citizenship Course

For a great many years I have been advocating the development of a course in American citizenship for every school in the nation. This need, it seems to me, is a challenge to the parents and the school people in every school district in the land. Here are some of the educational goals which should be sought in such a course:

1. An understanding by every school child of the Christian origin and foundation of the American way of life. Faith in God gave the American founding fathers the spiritual strength needed to open and develop a primitive new world and to overcome the great obstacles in the building of a new kind of life and a new kind of government for mankind. God's laws were acknowledged as supreme and were made the foundation for our social, economic and political

order.

### A Unique Republic

2. An understanding (by every school child) of the structure of the unique American system of government, and its benefits. The Declaration of Independence was a people's defiance of an autocratic government which denied individual freedom. The United States Constitution welded the freedom philosophy into an instrument of government, the first genuine Republic and the only Republic of its kind on earth. It is important that our children know that true democratic ideals cannot be achieved in a pure "Democracy," but that to survive, they need the basic principles of a Republic.

3. An understanding (by every school child) of the structure of the unique American economic system. Our economic system is called capitalism. It is founded on the right of individual citizens to own property. Youngsters can get an understanding of our system from the story of Plymouth Colony where it was gradually developed out of trial and error. The basic need for private ownership, the wholesome power of the profit motive, the spur of competition in a free market, and the character-building influence of self-reliance—these are the lessons available in the history of Plymouth Colony.

### Our Great Advantages

4. An understanding (by every school child) of the relative social, political and economic advantages of the American system over any other system known. The basic advantages, stated briefly, are: the greatest degree of freedom given any people in the world; the greatest degree of prosperity achieved by any people in the world; the greatest opportunity for economic progress and spiritual happiness enjoyed by any people in the world. These are not abstract generalities; they are relative advantages that can be cited and proved in specific detail and they make fascinating subject matter for classroom study and discussion.

In recent years I have heard parents and teachers all over America express a desire for a course in American citizenship which would include the foregoing substance. Let me urge parents who are reading this column to contact the school people in

The Real "Slave Driver"

their community — NOW! — and work with them this school year on the development of such a future of America.

## Education is for Eternity

By Rev. Francis R. Shea

THAT MOTHER LOOKS FORWARD to September is no secret. For after three months' silence school bells ring again.

Sending the children off to school gives Mother a special feeling. She knows she is doing her duty to see to it that her children are educated. If children were merely little animals, parents could fulfill their duty by taking care of a child's bodily needs. However, since these children have been given the precious gift of a rational mind, parents have a strict obligation to provide for the proper care and development of a child's higher needs — their intellectual necessities.

JUST AS THE BODY CRIES OUT for food, so the mind craves truth, the whole truth and nothing but the truth. No parent, worthy of the name, would let his or her child go hungry and suffer from the mental malnutrition of ignorance.

The school is a real part of the home. Thus, home and school work hand-in-hand, never at cross purposes. For a house divided against itself will fall. Parents should be interested in school projects, should be con-

cerned about the teachers who will feed the minds of their sons and daughters.

EDUCATION, BY PARENT AND TEACHER, is to help people be happy. In the last analysis, what can and does make a person happy, is his attitude toward God. We explain man's presence on earth by saying that he was created by God to fill a special place in His divine plan for the world. Both parent and child need God and knowledge of their place in His plan.

The source of most of the world's unhappiness is uncertainty about God's existence, His purpose in creating man, man's future destiny, what God expects of us. Part of the education of every child must include such fundamental facts as these.

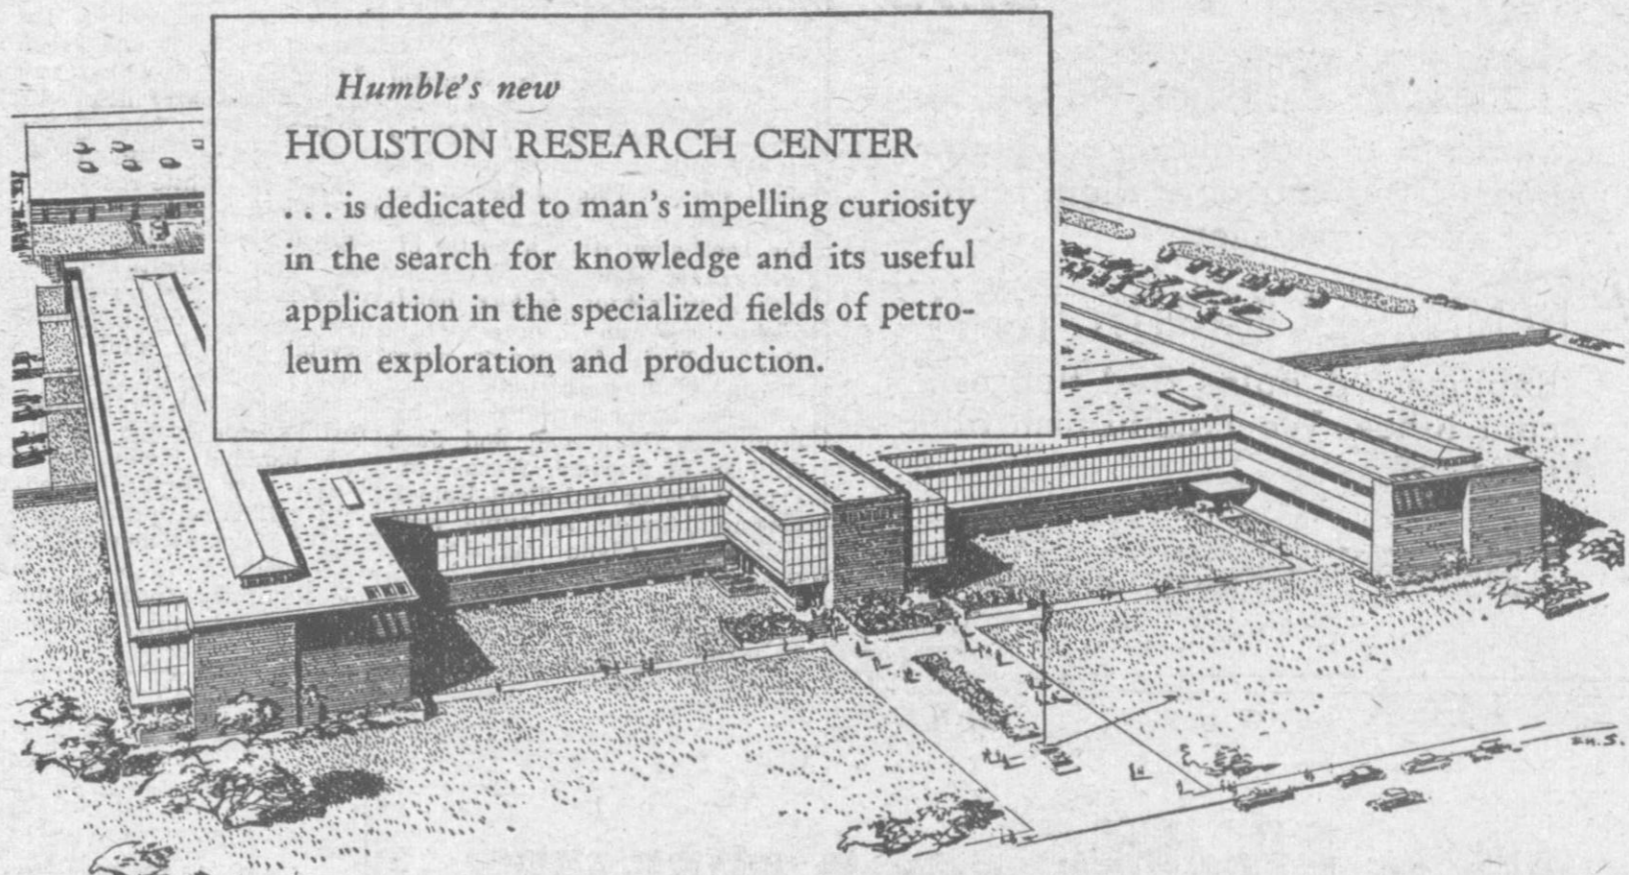

TO ATTEMPT TO ANALYZE man's body to see what chemicals make it up, meanwhile ignoring the vital principle of man's life, his soul, is to be superficial. To make up elaborate systems of laws and to refuse to mention the one valid source of all law and authority is to build a house on sand.

Parents and teachers must send their children off on the journey of life with a road map to happiness. And they can no more teach the child to be happy without God than they can teach them to breathe in a vacuum.

## Humble's new HOUSTON RESEARCH CENTER

... is dedicated to man's impelling curiosity in the search for knowledge and its useful application in the specialized fields of petroleum exploration and production.

# Dedicated to Man's Impelling Curiosity

Most of us interpret the value of research in terms of immediate benefits. Research means that we get a better automobile, an improved gasoline, or an outstanding motor oil.

At Baytown Refinery, the Humble Company maintains one of the finest laboratories in the petroleum industry for that kind of research.

But behind the study that goes into the improvement of the products it sells, Humble for years has fostered basic research related to the discovery and production of oil and natural gas.

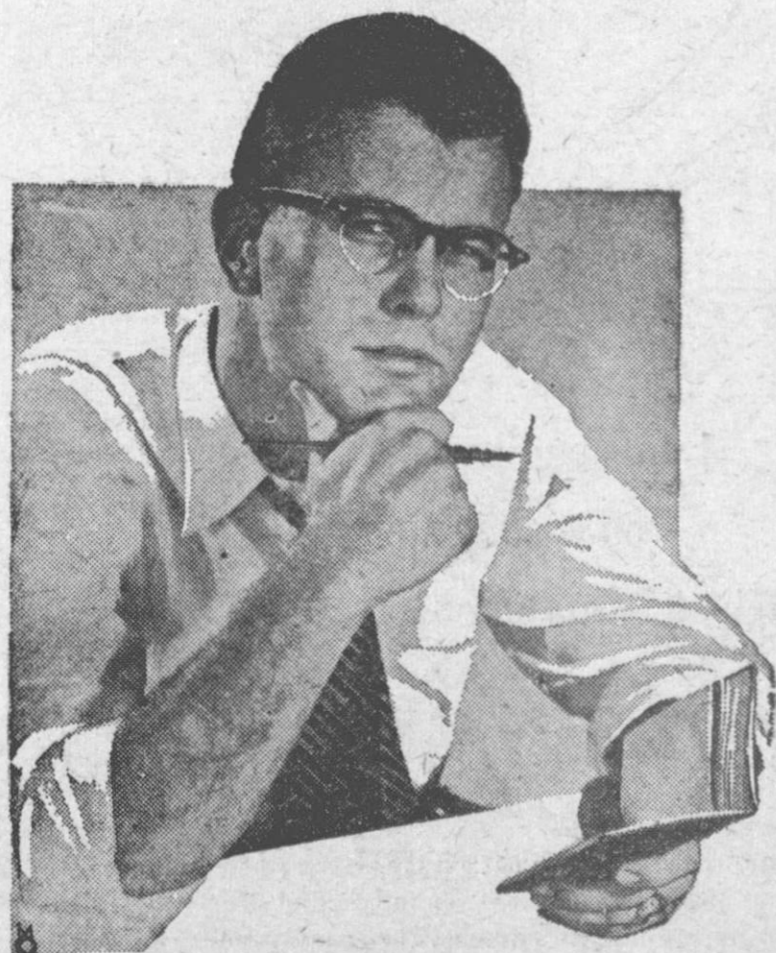

The United States uses so much oil from day to day, and needs so much more to provide for the emergencies of national defense, that studies leading to the discovery of new supplies

and the more efficient management of existing reservoirs are more important than ever before. Consequently, Humble's expenditures on this sort of research are the heaviest in the Company's history and its staff of research scientists is larger than it has ever been.

To house the expansion of these research sections, Humble recently completed its new Research Center at Houston and will formally dedicate it this week end.

Here the scientists of the various departments involved in the discovery and production of oil will utilize common facilities, and here they will have the stimulation of close association with other scientists whose efforts are dedicated to a common end.

- Fluid Mechanics
  - Geophysics
  - Geology
  - Geochemistry
  - Drilling Muds
  - Well Log Interpretation
  - Subsurface Instruments
  - Reservoir Behavior
  - Well Stimulation
  - Well Cementing
- The new Houston Research Center will provide facilities for research in:

## Local News BRIEFS

Mr. and Mrs. Elbert Vance left Monday to return to their home in Hereford after a weekend visit with her sister, Mrs. John Herr and family. Sunday they enjoyed an outing, with fishing, at Lake Texoma. Joining the Herrs and their guests for the day were Mr. and Mrs. Leonard Bengfort of Lindsay and Mr. and Mrs. W. H. Endres. The Vances brought their motor boat with them and the group also enjoyed boat riding.

Anthony Schettler of Pt. Reyes, Calif., spent the latter part of last week with his sister, Mrs. Joe Starke and family. He went from here to Oklahoma City and Sterling, Okla., for visits with other relatives.

Mr. and Mrs. Ed Schmitt had as their guest during the week her niece, Mrs. Louise Wilkins of Forney, who was among guests at the Fisher-Rumelhart wedding Sunday.

The Jim Strengs moved Saturday to make their home in town. They recently bought the Zipper place, opposite the northeast corner of the ball park. Their daughters, Frances of Wichita Falls, and Mrs. Laura Bozzone and her husband, 2nd Lt. Vincent Bozzone, spent the weekend with them. The Bozzones had just returned from a visit in Lincoln, Neb., and left Monday for California where he will be stationed at Sacramento. Frances went with them. The Streng farm has been bought by the Ferd Luttmers who will move there after making a series of repairs and doing some re-decorating.

Mr. and Mrs. J. W. Morrison have returned from Franklin, La., where they visited their son, Alfred and family, and then spent a few days in Dallas with their daughter and family, the H. L. Hursts. Mr. Morrison was on a two-week vacation from his work with Texas Company.

Mrs. Eva Gottlob of Azle spent several days of the week here with her relatives of the Miller families.

Mr. and Mrs. Herbert Fette and children, Herbie and Sandra Kay, spent the weekend here with their parents, the Henry Fettes and Albert Knabes. They left Sunday night to return to their home in Livingston.

Mrs. J. D. Caplinger and three sons of Sherman spent several days of the past week here visiting her parents, the Alfons Koeslers and other relatives.

Miss Joan Roberg returned to Fort Worth Monday after spending the holiday weekend here with family members.

Mr. and Mrs. Francis Wiese spent the weekend and Monday in Dallas attending a gift show. They met Mr. and Mrs. Bill Williams of Snyder there and the two couples spent the three days together. Bill and Francis at-

tended watch repair school in Wichita Falls at the same time and have been good friends since. Bill has a jewelry store in Snyder.

Mr. and Mrs. Roy Barker and sons Jerry and David of Wichita Falls visited here Sunday with his cousin, Rosa Driever.

Ann Ames of Denton was a weekend guest of Mary Weinzapfel. Both girls are students at OLV Academy in Fort Worth.

Since returning from their wedding trip Mr. and Mrs. Ervin Richard Walterscheid are making their home at 212½ East Pecan Street in Gainesville.

The Joe Parkers, Joe Cross and Bill Cole of Fort Worth spent Saturday here as guests of Mrs. Parker's brother and family, the H. L. Jacksons.

Dr. and Mrs. Gene Seale and children left Saturday to return to their home at Lamesa after a week's vacation visit here with her relatives of the Hoenig families. Friday night the Joe Hoenigs entertained in their home with a fish fry honoring the visitors. Other guests were the Alphonse Hoenigs, Tony Hoenigs and children, T. Vogels and family, and Johnny Ottos and children.

The Monte Elliots of Fort Worth and Miss Celine Felderhoff of Dallas spent the Labor Day weekend here with their mother, Mrs. John Felderhoff.

Misses Mary Nell Hellman and Lorene Fleitman returned to business college in Wichita Falls

Tuesday after spending the Labor Day weekend with their families, the Clarence Hellmans and Al Fleitmans.

The Joe Spaeths didn't move to Wyoming after all. They're back in Wichita Falls after being in Wyoming about a week.

Mr. and Mrs. Robert Howell of Fort Worth spent the Labor Day weekend here with her parents, the Tony Gremmings.

Mr. and Mrs. Harold Luke and son of Dallas were guests of his parents, the Ben Lukes, for the holiday weekend.

Mr. and Mrs. Urban Endres and children Elaine and Stephen and Mr. and Mrs. Ralph Breeding and son Bobby of Gainesville have returned from a trip to Yellowstone National Park, Wyo.; Salt Lake City, Utah; Colorado Springs and Denver, Colo.; and places of interest in Old Mexico.

While Paul Luke was on his annual vacation the past two weeks he and his wife visited in New Mexico at Kirtland AFB with his brother, Mike Luke, and with members of the Hennigan families in Albuquerque. They also toured Carlsbad Caverns. Their baby son stayed here with his grandparents, the C. J. Wimmers. Paul returned to work at the Katy depot Tuesday. Replacing him for the vacation period was G. R. Rider of Muskogee.

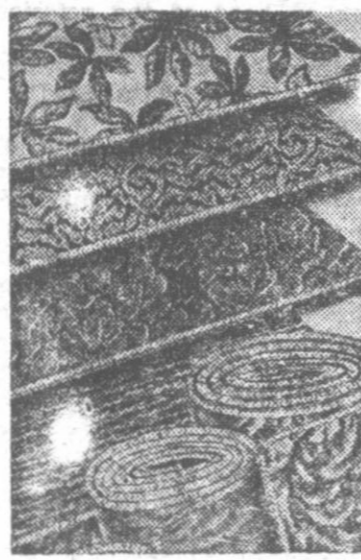

Mr. and Mrs. Alfons Reiter took their son Jerry and Joe Felderhoff to San Antonio Monday. Both boys are resuming their studies at St. John's Seminary.

### Ida Fisher Bride Of Clem Fladung in Colorado Ceremony

Miss Ida Fisher, daughter of Joe Fisher Sr., became the bride of Clem Fladung of Longmont, Colo., during a double ring ceremony read in that city Sunday, Aug. 29, at 12 noon in St. Catherine's church.

Rev. Agathe Fladung, brother of the groom of St. Benedict's College, Atchison, Kansas, di-

rected the exchange of vows and officiated at the nuptial high mass. Traditional music for the service was offered by the church choir and organist, and the groom's sister Agnes, who gave two vocal solos.

The bride's dress of satin was fashioned with a deep V yoke of net embroidered with seed pearls, had petal point sleeves, and fitted bodice with full skirt that terminated in a cathedral length train. In wearing the dress for her marriage she carried out a

tradition in the Longmont family—other brides having worn it at their weddings.

Her veil fell from a tiara of seed pearls and she carried a white orchid and stephanotis. Mr. Fisher gave his daughter in marriage.

Attending the bride were Mrs. Paul Fladung, sister of the groom, matron of honor, Miss Mary Pick of Muenster, niece of the bride, maid of honor, and there were two junior bridesmaids. They wore dresses of lace and net with matching picture hats. Mrs. Fladung's was in pink, Miss Pick's in blue, and the junior attendants' in green.

Harry Fisher, brother of the bride, employed in Washington state, was best man.

After the service, a reception was held at the home of the groom's father, and dinner was served on the lawn in a garden setting.

Following a wedding trip the couple will make their home at Longmont where he farms.

The bride attended Sacred Heart school here and business college in Dallas. She has been employed there and more recently in Englewood, Calif.

Attending the wedding from here were Joe Fisher Sr., Mr. and Mrs. Henry Pick and Mary, Mrs. Paul Fisher, and Mr. and Mrs. Earl Fisher and five children.

Enroute home the Muensterites stopped to spend Sunday night with the Alex Knau family, near Colorado Springs.

Mrs. Herman Luttmner of Muenster and Mr. and Mrs. Albert Mosser of Gainesville are back at home after a two-week visit with relatives in Illinois. Mrs. Joe Nichols, their sister, also of Gainesville, who went with them remained in Teutopolis where she was recovering from an operation for acute appendicitis that afflicted her while she was vacationing. Her husband will go for her in about a week. Meanwhile she is convalescing in the home of an uncle, Clem Buscher.

READY to use... and so easy to use!

You never saw a wall paint so WASHABLE

**Guaranteed\* Washable!**

Now you can have washable walls and woodwork of breathtaking beauty with Super Kem-Tone... as dirt repellent and water repellent as your new plastic shower curtain. It's ready to use... in a complete range of colors! It's marvelously easy to apply! It dries in less than an hour! It's guaranteed washable or your money back!

Dirt just can't get a "foothold" Super Kem-Tone's tight, non-porous surface, a new achievement of paint chemistry, prevents dirt from penetrating.

Even inks wash off easily! Spatter ink on it instead of soaking in as on ordinary flat paints, it remains on the surface and is easily washed off.

**SISTER IRMINA RETURNS**  
 Sister Irmina is back in Muenster as housekeeper for the local Benedictine Sisters after being away several years while she was at St. John's Seminary in Little Rock as head of the refectory. She replaces Sister Anselma who is suffering from a leg ailment and is still a patient at St. Paul's Hospital in Dallas.  
 Sister Irmina arrived Friday night and was met in Gainesville by Mr. and Mrs. Nick Miller. During the past summer she visited family members in Switzerland and went from there to Holland. Four other Benedictine Sisters from Jonesboro made the trip with her. Going, they had an opportunity for sight-seeing in Canada.

**BACK FROM 4000 MILE TRIP**  
 Mr. and Mrs. Roy Atteberry have returned from their vacation trip through eight states, making more than 4000 miles of travel. They were accompanied by Mr. and Mrs. John Laseman of Wichita Falls. They visited relatives in Salt Lake City, Utah, Forsyth, Montana, and Riverton, Wyo., and enjoyed sight-seeing in these areas. Other high spots on the trip included a visit to Hell's Half Acre and Yellowstone National Park, the Mormon Temple and the capitol building in Salt Lake City, and enroute home a stop-over with friends at Clayton, New Mexico.

**Citation By Publication THE STATE OF TEXAS**  
TO: Glenn E. Moritz  
GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18 day of October, A. D., 1954, at or before 10 o'clock A. M. before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.

Said plaintiff's petition was filed on the 28 day of June, 1954.  
The file number of said suit being No. 16594.

The names of the parties in said suit are:  
Joyce Moritz as Plaintiff, and Glenn E. Moritz as Defendant.  
The nature of said suit being substantially as follows, to wit:  
Being a suit for divorce from the bonds of matrimony for reason of harsh, cruel, tyrannical treatment towards this plaintiff, which continued until separation.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.  
Issued this 2nd day of September A. D., 1954.

Given under my hand and seal of said Court, at office in Gainesville, Texas, this 2nd day of September A. D., 1954.

(SEAL) Woodrow U. Clegg, Clerk District Court, Cooke County, Texas.

**ARTHRITIS?**

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.  
Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

Mrs. Lela S. Wier

**FTC NEWS**

As a service to its readers The National Photographer is pleased to conduct the following monthly column containing excerpts taken from the Federal Trade Commission's Official News Summary.

**MISREPRESENTATION COMPLAINT (6211) ON "BUILD-A-BOOK" PHOTOGRAPHIC ALBUMS**

The Federal Trade Commission has issued a complaint charging General Products, of Chicago, with misrepresentation in the sale of photographic albums and certificates for photographs.

According to the complaint, the partners have entered into agreements with a large number of photographic studios throughout the country whereby the studios agree to honor certificates for photographs issued to purchasers of photographic albums known as "Build-A-Book." These certificates provide that the holders are entitled to receive ten 8 x 10 portraits at the rate of two a year at intervals of not less than ninety days. The studio may make a charge of \$1.00 for each sitting if the certificate holder does not order additional photographs. The price of the album, designed to hold 100 photographs, is \$39.95.

The complaint challenges claims made by the firm in advertising, on its certificates and through its sales representatives to the effect that the person solicited was especially selected, was to receive an album free and that the charge made was for the photographs. It also cites as false and misleading the representations that the \$39.95 price for the album-certificate combination was a promotional and reduced price; that the combination had a value of \$114.50; and that the photographs were of natural gold tone finish.

In issuing the complaint, the Commission noted that the challenged practices are in violation of trade practice rules issued last September for the Portrait Photographic Industry. The rules cover, among other things, misrepresentation as to finishing and coloring; misuse of the word "free"; misuse of the term "you have been selected," etc.; and deceptive pricing.

The foregoing Federal Trade Commission report appearing in "The National Photographer" is presented in the public interest by

Bill Neu of Lindsay is building a 3-bedroom house with double garage.

### Hubert Bezner and Vickie Kuntz Say Vows At Lindsay

During a nuptial high mass in St. Peter's church, Lindsay, at 4 p.m. Tuesday Miss Vickie Kuntz and Hubert Bezner were united in marriage with Rev. Conrad Herda, pastor, as officiant.

The double ring ceremony was performed before an altar banked with greenery and chrysanthemums and lighted by tall candles. The bride is a daughter of Al Kuntz of Valley View and the groom is a son of Mrs. Joe Bezner of Lindsay.

Given in marriage by her father, the bride wore a ballerina length gown of white chantilly lace over satin. It was fashioned with a deep neckline and stand-up collar sprinkled with sequins, long petal point sleeves, moulded bodice and bouffant skirt. Her brief hat of lace and satin held her finger-tip length veil and she carried a white orchid on top of a white prayerbook, a gift from the groom.

Miss Rosemary Ferrero, friend of the bride from Alhambra, Calif., was maid of honor wearing a salmon colored ballerina length gown of taffeta with a matching headpiece and net mitts and carried a colonial bouquet of yellow mums.

Miss Verna Kuhn of Lindsay, niece of the bride, was bridesmaid. Her dress in pale yellow taffeta was designed identically to that worn by the maid of honor and her flowers were bronze mums in a colonial bouquet.

Bob Bezner of Dallas was best man for his brother and John Kuntz and Joe Bezner, brothers of the couple, were ushers. Fred

—Boyd and Breeding Photo

Cutaia of Dallas, nephew of the groom, was groomsman. Acolytes at the mass were Eugene Block, Leslie Kuhn and Jimmy Zimmerer.

Mrs. William Schmitz, organist, played the traditional wedding marches and St. Cecilia's choir sang the mass.

Sisters of the groom, Mrs. Robert Young of Dallas and Mrs. Bruno Zimmerer, gave a pre-nuptial vocal duet, "Heart of Jesus Hear." At the offertory they sang "Ave Maria", and after the mass when the bride placed a bouquet of white carnations on the Blessed Virgin's altar they presented "Mother at Your Feet . . ."

A reception in the Lindsay Hall followed the services and a buffet dinner was served to about 250 guests. Mrs. Wayne Plumlee of Gainesville, sister of the bride, presided at the guest book.

Decorations in the hall and on tables stressed the bride's tri-color scheme of white, salmon and yellow. The bride's table held the three-tier wedding cake at which Mrs. Eugene French of Gainesville and Mrs. Frank Kuhn presided.

When Mr. and Mrs. Bezner left on a trip to Florida she was wearing a black and white two-piece taffeta dress with white accessories and the orchid she carried at her wedding. They will make their home in Tyler.

The bride attended Lindsay school and graduated from Valley View High school. She attended business college in Fort Worth and for the past several years has been employed in California in a bank.

Mr. Bezner graduated from Lindsay High school in 1942 and from Texas Tech in Lubbock in 1949. He served five years in the Navy, during world war II and during the Korean conflict. He is a civil engineer for Humble Oil and Refining company in Tyler.

Rehearsal Dinner  
The rehearsal dinner Monday night was given in the home of Mrs. Joe Bezner for 25 guests including the bridal party, out of town relatives and other family members.

### Lindsay News

Viola Bezner and Marian Berend, student nurses in Fort Worth, spent the holiday weekend with family members.

William J. Bezner, president of the Cooké County Farm Bureau, attended a meeting of presidents of District 4 last Wednesday in the Baker Hotel, Dallas, in a policy making forum directed by the district chairman, Hoyt Gaston of Waxahachie.

Cpl. Wilfred Hess of Fort Hood spent the holiday weekend here with his parents, Mr. and Mrs. John Hess.

Mrs. Frank Benenate, the former Elsie Louise Bezner, and four children Joey, Marguerite, Janie and Frankie of Detroit are here for a visit with her mother, Mrs. Joe Bezner and attended the wedding of her brother Hubert to Vickie Kuntz. They came to Texas with her brother Al Bezner of Dallas who spent a part of his vacation in Detroit and will return home when Frank comes for them.

Visiting their mother Mrs. Joe Bezner and here for the wedding of their brother Hubert Bezner to Vickie Kuntz are Mr. and Mrs. J. L. Kelley and Mrs. Isabel Galvan of San Antonio.

Mrs. George Spaeth, her daughters Frances and Theresa Mae of Dallas, and her granddaughters Margie Ann Schoech and Lou Ann Reiter of Muenster, returned Saturday from a vacation tour of seven states, Arkansas, Mississippi, Alabama, Tennessee, Georgia, North Carolina and Louisiana.

Arriving Friday from California to visit Mrs. Joe Bezner and family and attend the Bezner-Kuntz wedding, were her daughter Mrs. Ed Corcoran and daughters Joyce Ann and Kathleen and her son Ronald, his wife and daughter Peggy, all of Los Angeles.

The Paul Arendts have returned from a week's visit in LaFeria where they were guests in the home of their daughter and family, the Albert Bauers.

Members of the Joe Bezner family from here and their guests from Detroit, Los Angeles and San Antonio drove to Dallas Monday to attend the wedding of Leo Cutaia Jr. and Vivian Wangler who were married in St. Cecilia's church. The groom is a grandson of Mrs. Joe Bezner and the bride is the daughter of Mr. and Mrs. George A. Wangler of Pilot Point. Mr. and Mrs. Leo Cutaia of Dallas are the groom's parents.

Mr. and Mrs. Arthur Bauer and sons Kenneth and Chuck returned to their home in LaFeria Wednesday after a week's visit with relatives including the Zimmerer families, Clem Hermes, Peter Rauschuber and Mrs. Lena Arend.

### BAND PLAYS AT NOCONA

The Muenster Band was one of several bands playing in the Chisholm Trail Roundup's parade at Nocona Monday. Members wore western shirts and jeans for the occasion. At noon they were guests of the Nocona Rodeo Association at a barbecue dinner and at night they attended the rodeo. Bill Searcy, band director, and Mrs. Rudy Hellman accompanied them to Nocona.

### Confetti . . .

alliance in Southeast Asia. Both of these efforts amount to an official admission that we do know the score and that before so long we can expect a division of the free and communist dominated countries. We have no choice in that matter. The Kremlin notified us long ago that it intends to take over the world, and its progress in recent years shows abundantly that it wasn't bluffing.

Sooner or later free people will have to call the bluff. And it's a cinch that both President Eisenhower and Senator Knowland are fully aware of it. The big question is who's right at this time. Should we start drawing the line now, as Knowland prefers, or take it easy, as Eisenhower prefers?

Regardless of who is right about this, let's not forget that another circumstance may draw the line a lot sooner than many of us expect. The situation around Formosa is in immediate danger of exploding. And if it does it may set off a chain reaction leading to the long dreaded global conflict.

Red China is getting too loud with its talk about "liberating" Formosa. Meanwhile we insist we will stand by the Nationalist Chinese. There's been some preliminary shooting already. We've got to stand pat. To back down now would practically give all of Asia to the Reds, and critically handicap all the rest of the free world's chance of survival. On the other hand the Chinese have some fanatical ideas about losing face. Will they back down after all their wild talk? Make your

own guess on that. Then make another guess as to whether Russia will jump in if the shooting starts.
