

More Americans may be killed in Harlem this summer than in Vietnam. That's the opinion of a New York official as he observes the powder-keg tension of racial hatred and violence which continues getting more alarming in the nation's biggest concentration of Negro population.

The trouble is far more than just delinquents robbing for personal gain or attacking to satisfy personal lust or hatred. It is more than outlet of lawlessness to show contempt for authority. It is racial hatred spreading like wildfire, constantly fanned by fanatics whose object is to make the hatred more and more intense until it reaches the breaking point.

Many, including responsible Negro leaders, believe that point has already been reached. They live in constant suspense, fearing that some incident will trigger a riot that will make the streets run red with blood.

It's a tragic and alarming situation. Lawlessness and hatred have already gone so far that the threatened outbreak seems almost inevitable. Of course there's still a hope that an epic tragedy can be avoided. But it will take a near-miracle to do it, especially since it has become next to impossible to stop the rabble rousers in their persistent agitation.

As this condition prevails we can't help wondering why something is not done by the civil rights champions, both colored and white, who claim to be so concerned about the welfare of the Negroes. Surely they must know that colored people as well as whites will die if the hoodlum instigators succeed in starting the blood letting orgy. They should realize also that the race war they are promoting would inevitably end in defeat of the Negroes. They can not take over the country, as their fanatic leaders are saying. They face defeat and terrible tragedy. Their friends of both races should be working hard to convince them.

This calamity of Harlem points up very emphatically the absurdity of proposed civil rights legislation now before the Senate. The bill, its supporters say, isn't really extreme because it doesn't even match existing laws of northern states in guaranteeing the rights of Negroes. If that's the case, one wonders why the Negroes up north are so dissatisfied. One wonders also why the northern states, claiming better methods of dealing with racial issues, are not able to cope with their problem.

Maybe it's time for our country's leaders to take another look at the racial issue, especially the one suggested by FBI Chief J. Edgar Hoover. He says his department has definite evidence showing that communists have a hand in the trouble making. The most radical of its leaders are known to be members of communist and communist front organizations. The methods they follow are known to be recommended by communists. The troubles they cause are known to fit with communist objectives of causing all possible turmoil.

Those facts in themselves suggest a way to tackle our racial problems. First, lower the boom on the reds. Round up all leaders known to have red connections and jail them for keeps, or send them to Khrushchev. That one move (Continued on page 8)

Parish Honors Rev. Harry Fisher At First Mass and Reception

Muenster and Sacred Heart Parish and especially the Fisher family — four generations of them — were hosts Sunday to hundreds of visitors who came to attend the First Solemn Mass of a native son, the Rev. Harry W. Fisher, twelfth member of the parish to be ordained to the priesthood.

The crowd present in Sacred Heart Church for the 10 a.m. service numbered about 800 and those served at dinner afterward numbered in excess of 400. They came from many cities in Texas and from six other states: Oklahoma, Arkansas, California, Kentucky, Colorado and Minnesota. And they witnessed all the colorful pagentry that accompanies a First Solemn Mass.

Proudest person there was the celebrant's 87-year-old father, Joe Fisher Sr. Sharing in the pride was a veteran teacher, Sister Bertha of Jonesboro, Ark., who taught the new priest in the second grade and prepared him for his First Communion.

It was to his parents, his sisters and brothers and his teachers that the new priest paid tribute when he spoke at dinner and again at the reception.

Ceremony began before mass in a procession from the rectory to church. Family members and clergy, and Fourth Degree Knights participated. Also included were a small niece Janice Fisher carrying the chalice on a satin pillow and two great-nieces, Nancie Fisher and Jonann Galloway, carrying baskets of wheat sheaves and grapes, symbolic of the holy sacrifice. Another niece, Miss Virginia Taylor, recited a poem, "The Beautiful Hands of a Priest," just before the procession entered

BIRTHS

Announcing arrival of a daughter are Mr. and Mrs. Raymond Walterscheid. The newcomer checked in at Muenster Hospital 3:29 p.m. Friday, May 29, weighing ten pounds 15 1/2 ounces. She's a sister for Ramona, Glenn and Mel. Her grandparents are Mr. and Mrs. Joe Hermes of Lindsay and Mrs. John Walterscheid. Mrs. Joe F. Neu of Lindsay is great-grandma again.

It's a girl for Mr. and Mrs. Donald Pelzel of Pilot Point. She was born Thursday, May 29, 2:28 a.m. at Gainesville Hospital. She's a granddaughter for the Frank Pelzels of Pilot Point and the John Hackers. Mrs. John Walterscheid is great-grandma again.

Mr. and Mrs. Jim Fisher of Arvada, Colo., have announced the birth of a son, making Mr. and Mrs. J. W. Fisher grandparents for the second time. The new boy, Mark Edward, is a brother for Susan. Mrs. Fisher returned Friday after being with her son and family since the baby arrived May 22. She took Susan with her as far as Plainview where she's spending this week with her maternal grandparents Mr. and Mrs. Albert Daws. They'll take her home and get acquainted with the new baby this weekend.

Assisting Father Fisher at mass was another native son of the parish, Father Eugene Luke of Subiaco, Ark., as subdeacon. The Rev. Edward Devers of Sherman was deacon. The Rev. Thomas O'Connor OSB of St. Maur's Seminary, arch priest, and Seminarian Jerry Taylor of Subiaco, a nephew of the new priest, master of ceremonies. Also in the sacristy were the local pastors Father Alcuin Kubis and Father Bruno Fuhrmann, and the Very Rev. Msgr. Thomas Weinzapfel of Dallas, another of Muenster's native priests. He delivered the sermon.

Msgr. Weinzapfel spoke his sermon with congratulations to the Fisher family, especially the new priest's father, who served as an altar boy shortly after the parish was founded and lived here ever since. He added that Father Harry's ordination seemed very much like a second one for the family. The other is Father Edward Devers, a close friend of the family.

His decision to enter the priesthood came during his unsettled years after World War II and was motivated by love of God, and humanity — a desire to serve God by bringing the graces of His sacraments to His people. Because of his newly acquired nature as an "Alter Christus", with powers greater than the angels he has "the most to give and the grace to give it."

Dinner in the Parish Hall was served by the local court Catholic Daughters of America. Father Alcuin Kubis was master of ceremonies for a short after dinner program. He extended welcome from the parish. Mayor Earl Fisher, a brother of the honoree, speaking as a representative of the family and of the City of Muenster extended welcome to the visitors and congratulations to the new priest. Msgr. Weinzapfel welcomed Father Fisher into the diocese.

At the 2:30 reception program, Father Edward Devers was master of ceremonies and presidents of parish societies presented gifts from their organizations.

Father Fisher's message was one of grateful appreciation (Continued on page 5)

Primary Run-off Election Will Be Held Saturday

If advance comment is an indication, Muenster will have a poor turnout at the election polls Saturday. Very few people are showing an interest. Besides, if harvesting weather is good many farmers will not take the time to vote.

The ticket will be a short one for local people, presenting only a state race for the office of congressman at large and a county race for the office of tax assessor-collector.

Usual procedure will apply in both of Muenster's polling places — same time, same location and same personnel.

Joe Luke is in charge of the North Box at the public school. Paul Fisher is in charge of the South Box at the park entrance. Voting hours are 8 to 7 at both places.

Jerry Pels Gets Degree in Austin

Jerry Pels was graduated with honors from Texas University in the commencement Saturday night, receiving his bachelor's degree in physics.

His parents, Mr. and Mrs. Ed Pels, were in Austin to attend the program and he accompanied them home.

After a week's vacation Jerry will go to Houston where he has a job with the National Aeronautic Space Agency.

Grain Harvesting Delayed by Rain Begins This Week

Muenster's 1964 harvest season, still delayed by moisture, was starting slowly on Wednesday while showing signs of developing into an old time rush by the end of the week — that is, if favorable weather continues.

Last week's rain put harvesters out of business just as first fields were ready for cutting. Weldon Bezner of Lindsay delivered the season's first to Muenster Mill last Wednesday before the rain. It had a test of 56, moisture content of 12.20.

Since then fields matured as ground was drying. Lots of grain was ripe enough by the time combines could operate. But it was still too wet. Farmers who tried Monday and Tuesday gave up and waited for a better moisture test. Arthur Felderhoff and Tony Trubenbach Jr., both buying wheat, were expecting traffic to start slow on Wednesday and pick up the following days.

Trubenbach installed a dryer, which removes moisture by circulating grain through a stream of hot air. It does the job for small quantities but can handle only a small percentage of the rush volume. So both elevators have to insist on acceptable moisture content before they can take a steady flow of grain.

Grain crops this year apparently will not be up to last year's yields. Al Trubenbach, the only one reporting to date on a finished field, said he made about 25 bushels per acre. Others report they are expecting less than last year, when the area's average was about 30.

Rust is named as the principal cause of the drop. Fields look fine and lots of grain is there, but poor test requires much more of it for a bushel's weight. Tests generally range in the mid fifties. Some go as high as 58, some as low as 52.

Apparently little loss resulted from the army worm attack of a few weeks ago. The attacks were scattered and in most cases they were cut short by prompt spraying.

Pre-Harvest Rain Measures 2.72 in.

Four wet days here ending the month of May gave this community's growing crops a wonderful lift and caused no damage to the already matured grain crops. Corn, feeds and pastures are thriving. Grain harvest was delayed little if any.

Readings the last four days on Steve Moser's rain gauge show a total of 2.72 inches, making 4.61 for the month of May. Total measure for the year through May is 15.62 inches.

YOU'RE INCAPABLE OF RUNNING YOUR OWN LIFE

Are you a sovereign human being who plans and lives his own life? Do you believe in a free country, protected from tyrannical government by an ironclad Constitution?

You may be inclined to answer the above questions "yes" — but the bureaucratic mind

in Washington, D. C. sees you merely as a cog in a gigantic machine. This machine is, of course, operated by superior governmental minds who can plan your life better than you can, spend your money better than you can, and who knows more about what you need than you do yourself.

The bureaucratic mind believes you are incapable of running your own life, or spending your own earnings — even incapable of providing for your children's lunch.

Clearcut evidence of this bureaucratic attitude is revealed in a new government document, authored by the Chairman of the U. S. Senate Appropriations Committee, Carl Hayden. Alarmed about the mushrooming growth of the proposed Liberty Amendment (now approved by seven

Time To Put A Stop To It!

state legislatures), the Senator took pen in hand in hopes of heading off this movement. His attempts, however, have backfired totally.

For the Senator's report unwittingly provides the American citizen with proof positive that his government has no faith in his ability to run his own life. Words such as "absurd", "drastic", "extremist", and "shortsighted" are used in the government report. To describe what? — the concept that Americans are capable of running their own lives and that the powers of the Federal Government should be limited to those specified in the Constitution.

It is virtually impossible to read this document without recognizing the need to halt the government's unrestrained growth. The insatiable appetite for power, the disdain for the Constitution, and the scorn for the people stand nakedly, revealed.

As a result, this Senate Document — which was created to head off the Liberty Amendment — is actually a strong argument for the Liberty Amendment. Because the Amendment would put a stop to the very arrogance and tyranny that characterizes the document.

The Liberty Amendment will cut the cost of the Federal Government literally in half — merely by eliminating every Federal economic enterprise that isn't specified in the Constitution. The savings thus realized will be returned to the taxpayer in the form of outright repeal of the personal income tax.

Every American who values his freedom or his pocketbook or his right to run his own affairs, should read this document. Freedom Magazine has reprinted the entire document — word for word — together with comments and additional information on the Liberty Amendment.

The reprint is entitled "The Bureaucratic Mind" and may be obtained for 25 cents from Freedom Magazine, 6415 Franklin Avenue, Los Angeles, 28, California.

STRANGE LOGIC

When Barry Goldwater came in second in the New Hampshire primary, CBS news scribes clamored that Goldwater was all washed up. Lodge, who received a plurality as a "favorite son candidate" was hailed as the great titular. But, when Goldwater won a big majority in the Illinois primary, CBS's Cronkite said Goldwater had suffered another "major defeat" and that Republican leaders were looking with "pangs of doubt and dread" over Goldwater's chances. Earlier in the season CBS commentators were saying, "Let the Republicans put up Goldwater. When he is soundly defeated by the liberal Texas establishment, the conservative, patriotic extremists will be put in their place once and for all." But now that Goldwater is storming the country with grass roots support, despite all the left-wing press can do to smear, misquote, and discredit him, these same commentators are screaming, "He must not get the nomination. He will ruin the Republican Party."

WELFARE PROSPERITY

To obtain a clear picture of how welfare is subject to abuse, listen to the story of Mr. and Mrs. Socorro Ortega of Topeka, Kansas, and their eight children. In 1960, Mrs. Ortega sued her husband for separate maintenance and it was granted. She immediately applied for welfare and obtained aid for dependent children. As soon as the first check from the Welfare Department arrived, Mr. Ortega moved back into the house and has lived with the family ever since. In three years, the welfare payments to this family totaled \$12,631.86, while the mother and father held down three jobs. During this period, the family took a vacation to Mexico, obtained three cars, two telephones, air conditioning, a stereo phonograph and home movie equipment. The Ortegas were living better than 80 per cent of the American people who were made to foot the bill for such abuses.

DO IT BETTER Electrically!

COOK flamelessly!

"Really, Martha, the first time you cook with an electric range you'll wonder why you waited so long to see what it's like!"

This bit of conversation is typical of that you'll hear from the thousands of housewives who have made the change to flameless electric cooking. And, it's easy to understand when you consider that with electric cooking simple controls provide recipe-exact temperatures... top elements are in direct contact with utensils so that very little heat "spills" out into your kitchen... and, with no flame, pots and pans and your entire kitchen stay cleaner.

P.S. to Martha: Before you buy a new range, work up a "Dutch Dinner" evening with a friend or a member of your family who owns an electric range. Try for yourself cooking the flameless electric way. We know you'll like it.

**Local Sisters on
Mission Assignment**

It was a short vacation for three of the local nuns and two others who joined them over the weekend and left Monday to give religious instructions in Decatur, Bridgeport and Jacksboro.

Engaging in this Confraternity of Christian Doctrine work are Sisters Theresina, Frances and Aloysia of Sacred Heart School, Sister Agnes who came from St. Anthony's School in Wiener, Ark., and Sister Patricia from Holy Souls School in Little Rock. Sister Agnes was the weekend guest of her mother, Mrs. Barney Voth.

Two nuns will teach at each place, at Decatur and Bridgeport two weeks and at Jacksboro one week. This is the first time the Benedictine Sisters are serving these parishes. Sisters Theresina and Patricia will continue with a mission assignment in Old Mexico, leaving about the middle of June.

**Walter-Hellman
Rites Set July 11**

Mr. and Mrs. Oscar Walter have announced the approaching wedding of their daughter Alice to C. J. Hellman, son of Mr. and Mrs. Clarence Hellman.

The couple will be married at 4 p.m. nuptial mass on Saturday, July 11, in Sacred Heart Church.

Lightning moves 30,000 times as fast as a bullet.

**Granddaughter of
Yostens Marries
In Chicago Rites**

At home in Chicago after their wedding trip are Mr. and Mrs. Thomas Earl Donovan. She is the former Miss Mary Rose Mayer, daughter of Mr. and Mrs. Nick Mayer of Chicago and a granddaughter of the Frank Yostens of Muenster. The groom's parents are Mr. and Mrs. John J. Donovan, also of Chicago.

The couple married May 9 in a double ring ceremony at nuptial mass in St. Cajetan Church in Chicago.

Given in marriage by her father, the bride wore a formal gown of white Chantilly lace and silk organza, the bouffant skirt with its tiers of back ruffles simulating a bustle. Her veil was fingertip length and her flowers were carnations and lilies of the valley on top of a white pearl missal, a gift from the groom.

Bride's attendants included her sisters, Miss Lorraine Mayer, maid of honor, and Dorothy and Christine, flower girls. The former was in powder blue, the latter two in yellow peau de soie dresses. They wore matching crowns with blushing veils and carried white carnations.

Kenneth Mayer, a brother of the bride, was among ushers and Michael Mayer was among mass servers.

A reception was held in Moose Lodge with some 300 relatives and friends as guests.

Mrs. Donovan is a graduate of Mercy High School and is employed by an insurance company. Her husband is a graduate of Rita High School, attended Fox College and is employed by the Burlington Railroad.

Weekending with the Leon Fleitmans were her parents and sister, the John Reeds and Charlotte, of Houston. They all had dinner together Sunday with the John Fleitmans. The visitors returned home Monday.

Tips From Your Hatchery

Been so busy fighting the "battle of the bugs", didn't get to tell about some of our new products. Green Light Lawn Edger is one of the nicest things that ever happened to a lazy person — or a busy one — who wants to edge a sidewalk or keep Bermuda grass in its own corral. It comes in gallon jugs with its own applicator. One gallon does 800 feet.

And we have Blossom Set in a bomb. You just spray those tomato blossoms and they stay put. Makes better eating tomatoes, too.

Got some more new products on the way to tell you about later.

Muenster is home again for Mrs. Rudy Hellman and son Dolphy Joe. They moved this week from Lubbock where he attended Texas Tech . . . are occupying the former Bernard Swirczynski home.

Mr. and Mrs. Alphonse Vogel and children Gloria, Wayne and Gerald left here Thursday after a visit with his mother, Mrs. Emil Vogel and family, coming especially to attend the first mass of his former classmate, Father Harry Fisher. Two family gatherings with six o'clock dinner honored the visitors. The Ray and Lawrence Vogels were hosts in their homes, entertaining Monday and Tuesday. The visitors went from here to Scotland to visit her family on their way back to Houston.

Sister Irma Endres is in Austin among 150 nuns attending a workshop. Also there is Sister Berenice Trachta of San Antonio. Sister Irma visited her mother Mrs. M. J. Endres overnight Saturday enroute to Arlington to join nuns from Fort Worth on the trip. Also in Muenster was Sister Francesca, visiting her parents the August Walterscheids, Friday night and Saturday. Sister Irma and Sister Francesca left here Sunday morning together.

In Lewisville Sunday to see the Clarence Albers family in their new location were her father Fred Herr, Mrs. Harry Scoggins and children Robert and Vickie and Mr. and Mrs. W. L. Scoggins. Also there were Mrs. E. A. Jakubec and children of Dallas. The Alberses moved from Dallas about three weeks ago. Doyle Albers accompanied the Muenster group home for a week's visit.

The Tony Luke family is spending three days this week on a trip to Carlsbad Caverns. Their plan, when leaving Tuesday morning, was to return Thursday night.

Mrs. Bob Yosten returned home Saturday after a two-week visit in Fort Worth and Cleburne with her children. The Paul Yostens brought her back and spent the weekend.

Mr. and Mrs. Ray Walterscheid have named their new daughter Carol Lee. Her christening was Monday, the first baptism ceremony performed by Fr. Harry Fisher. He officiated in Sacred Heart Church. Mr. and Mrs. Norbert Walterscheid are godparents for their niece.

Mrs. T. S. Myrick visited last week in Weatherford with her mother and other relatives.

Family members of the Lutkenhaus clan surprised Mrs. Al Felderhoff with a party on her birthday Monday. They all gathered at the old homeplace on the farm for ice cream and birthday cake. The group included the honoree's father, Joe Lutkenhaus.

Mrs. Oscar Detten spent last week in Amarillo at her former home and packed the last of her belongings to move to Muenster. She's been in her new home on Main Street about a month. Her brother Harold Lutkenhaus and nephew Ross Felderhoff went to Amarillo by train to help her load over the weekend and returned with her by car Sunday.

Visitors with the R. M. Zippers Friday to Tuesday were their daughter and family, the Jim Stockmans of Oklahoma City. Ronnie and Michael stayed for a longer visit with their grandparents.

Annual reunion of the Gremminger clan was held at Windthorst Sunday with some 60 family members attending. A covered dish dinner at noon in the KC Hall was the feature attraction. Among those present were the Ted Gremmingers, John and Johnny

Knabe and the Gary Hess family of Muenster and the Ben Webers of Gainesville. Others attended from Wichita Falls, Olney, Garland, Arlington, Weatherford and Windthorst.

Mr. and Mrs. Frank Walterscheid arrived Wednesday afternoon from Hereford to be here for the funeral of his uncle, John Hartman.

HAWKS AND CARDS WIN PEE WEE LOOP OPENERS

The Hawks and the Cardinals took the lead Wednesday night as the Pee Wee league had its opening games of the 1964 season. Scores at the double header were Hawks 7, Jays 2 and Cardinals 10, Crows 7.

JCs Praised and Encouraged at Annual Banquet

Members of the Muenster Junior Chamber of Commerce received lavish praise and encouragement at their second annual Awards and Installation Banquet held Saturday night in the Muenster High lunch room.

State officers of the organization congratulated them on their outstanding list of completed projects and urged them to keep up the good work for the benefit of their community as well as the improvement of spirit, ability and leadership in their own club.

Principal speaker was John Kosanke, intra-club director of Wichita Falls and one of the city's outstanding civic leaders. He urged the members to concentrate on the important things and spare no effort in getting them done. He said that the individual or club or town that moves a-

head is the one that reaches goals in spite of difficulties. Joe Galloway, president, listed principal projects completed last year by the Jaycees and mentioned some that are in the plans for this year. He also presented certificates of appreciation to eight clubs and firms that had been especially helpful during the year. They were VFW Club, St. Joseph's Club, KC Club, Colonial Acres Farm, Muen-

ster State Bank, Growing Bros., The Center and Rohmer's Restaurant.

Another award was the Key Man Award to the person voted by the membership as having contributed the most in time and effort for the year. It is the most cherished award of the Jaycees and was received by Henry Weinzapfel.

About 25 members from other North Texas cities and a

good attendance of local supporters were there. The total of those and local Jaycees along with wives was over 200.

Officers installed were Joe Galloway, president; Donald Bayer and Kenneth Selby, vice-presidents; Dan Luke, secretary; Tommy Herr, treasurer; Henry Weinzapfel, intra-club director; Arthur Bayer, William Walterscheid, Jerry Hoenig and Dr. L. O. Laughlin, directors.

to everyone whose prayers and inspiration helped him to reach his goal, and for the gifts he received.

He acquired a small library of his own in gifts of books from St. Joseph's and St. Anne's Societies and the VFW Post. The Fourth Degree Knights presented a gold wrist watch, the CDA court gave a missal and the Third Order of St. Francis presented a spiritual bouquet.

The Rev. Thomas O'Connor of South Union, Ky., where the new priest completed his studies was the principal speaker. And as the Rev. Edward Devers said, "Father Harry Fisher is king for a day." would go a long way toward squelching the hostile attitude. After that pick up known ring leaders every time trouble pops up — until the lawless element is reduced to disorganized punks unable to start any serious trouble.

Many many tragic wrongs have developed, as a result of the civil rights agitation. This noble experiment in legisla-

ing love for one's neighbor has been as foolish as another experiment in legislating temperance.

Racial harmony can be promoted only through a Christian attitude of fairness and mutual respect, and members of both races must be permitted to take their own good time in developing that attitude. Coercion by law or any other forcible method only hampers that

progress.

If the Senate succeeds in passing the civil rights legislation it still will not solve the country's race problem, which, incidentally is much worse now than it was a decade ago. The bitterness and antagonism caused by this misguided effort in compulsory humanitarianism will continue to do more harm than discrimination did before.

Mrs. Louis Wichlacz leaves Friday to return to Craig, Colo., after a week's visit with her father, H. M. Schmitz and other family members.
